

# Roosevelt And MacDonald Open Conference

## Big Spring Speeds W.T.C.C Convention Preparations

### Registration Opens May 1 In Host City

### Committees Getting Good Start On Work For Big Meeting

Besides making an effort to be the perfect host city, Big Spring is planning to take a very active part in the affairs of the West Texas Chamber of Commerce convention here May 11, 12, 13.

Several teams working under the supervision of the local chamber will conduct a drive in Big Spring for registration beginning May 1. Last year Sweetwater, host city, sold more than 1,000 registrations at home prior to the opening of the convention.

Registrations will entitle the purchaser to participate in all official functions of the convention. Admission to at least six dances, two fast moving shows, a golf journey, trap shoot, and a number of other things will be included in the registration fee of \$4 according to C. T. Watson, local chamber manager, and Maury Hopkins, convention manager for the WTCC.

Tuesday the Big Spring chamber directors will convene in a called session to gather up the loose strings of convention plans. A concessions committee will be appointed by the board.

A committee composed of J. H. Kirkpatrick, Elmo Watson, and Max Jacobs will engage shortly in a concerted attempt to sell decorations to 100 per cent of business houses. Those who did not take advantage of the three decoration offer made prior to the American Legion 10th district convention here a week ago will be given decorations for the chamber convention and memorial day for the price of one.

Special trains from Dallas, Fort Worth, Plainview, Wichita Falls, Amarillo and El Paso will be run to this city. Officials in charge will attempt to have price of registration.

### Jailed By Soviet

Leslie C. Thornton, one of six British engineers tried in Moscow on charges of espionage, bribery and sabotage, was sentenced to three years in prison. Of the other defendants, one was sentenced to two years imprisonment, three were ordered expelled from the Soviet Union and one was acquitted. (Associated Press Photo)

### Directors Of WTCC Named In 62 Towns

### Elections Committee Gets Replies At Offices In Big Spring

West Texas Chamber of Commerce directors have been nominated in sixty-two West Texas cities, subject to election at the fifteenth annual convention in Big Spring, May 11, 12, 13.

Every city in West Texas has been given an opportunity to select its director by the elections committee of which D. A. Clark, Sweetwater, is chairman; Paul T. Victoria, Midland, secretary; H. O. Timmins, San Saba; Courtney Hunt, Haskell; J. W. Stevens, Tulsa, and Carroll Black, Comanche, are members. Over one hundred seventy-five are expected to report before the convention.

The sixty-two cities and their directors are as follows: Amberst, E. F. Hunsucker; Anton, J. C. Peeler; Balmore, T. H. Delaney; Barstow, Taylor Black; Brownwood, Chester Harrison; Burk Burnett, H. D. Smith; Claremont, Oduw Caraway; Cleburne, H. C. Custard; Coleman, Leon L. Shield; Colorado, C. C. Thompson; Comanche, Carroll Black; Crowell, T. N. Bell; De Leon, E. H. Boatler; Del Rio, E. K. Fawcett; Denton, L. A. McDonald; Eastland, Milburn McCarly; Eden, M. B. McVay; Farwell, James D. Hamlin; Fallett, F. B. Sumpter; Fort Davis, Marvin Hunter Jr.; Fort Worth, Aron G. Carter; T. B. Yarbrough, and Van Zandt Jarvis; Gainesville, Joe M. Leonard; Gorman, O. P. Newberry; Hamilton, A. G. Livingston; Haskell, Courtney Hunt; Higgins, T. H. Black; Knox City, Roy Smith; Laney, Ed A. Kelly; Matador, G. L. Glenn; Menard, Joe Whaley; Midland, Leon Goodman.

Mineral Wells, R. W. McLeod; Moran, Floyd C. Pool; Moore, S. Durham; Morton, Loyd R. Kennedy; Muleshoe, R. L. Brown; Odessa, John M. Gist; Olton, J. W. Hulsey; Perryton, Dave Shankle; Portales, N. M. G. Carr; Post, A. C. Surman; Quanah, C. Y. Welch; Ralls, P. B. Ralls; Rising Star, W. E. Taylor; Robert Lee, J. S. Craddock; Rotan, L. E. Newton; San Saba, H. O. Timmins; Seymour, J. A. Briant; Slaton, Claud F. Anderson; Snyder, W. J. Ely; Sonora, Geo. H. Neill; Spur, Clifford B. Jones; Stamford, Frank E. Morrow; Stratford, W. T. Martin; Sudan, I. E. State; Texon, Jas. S. Postage; Thurber, Clint Kimbro; Toyah, E. F. Powell; Van Horn, J. F. Provine; Vega, O. H. Loyd; Vernon, R. H. Nichols; and Winters, R. L. Stokes.

The secret on that is private bankers can use the Amos and Andy or sleight of hand bookkeeping method if they choose. No law restricts them as it does other banks and corporations.

'This makes very obvious why only one protest was made against the committee going into their profits. They just gave the committee the books and told the committee examiners to figure it out.'

The investigators have also picked up a hot one on the curb exchange.

They told senators confidentially that they "discovered" an unlisted securities section of the curb. This section is not subject to the New York state legal restrictions as is the open curb, it is practically a private market.

Names of the stocks in the unlisted section sometimes appear in public lists with a star designating them. Only the insiders know what the star means—and some of those don't.

The investigators claim the curb does as large a business in this second market as in the open one. The senators advised their in-

### Five West Texas Counties Infested Heavily By Rabid Wolves, Hundreds Of Sheep Reported Lost After Bites

### Comic Aspect Enters Serious Situation When Mad Jackrabbit Chases Bulldog Through Streets Of Wink

PECOS, (UP)—Texas ranchmen, fearful of the safety of their families and straining under financial losses they are suffering, were waging a determined war against the ravages of mad and rabid coyote as the week closed.

Several persons have been bitten by the crazed beasts which now are far too prevalent in five West Texas counties and in portions of New Mexico.

So far there have been no fatalities among Texans bitten, although four deaths have been reported among residents in the adjoining state.

It is known, however, that nearly 1,000 head of sheep have been lost, along with scores of cattle, particularly calves.

Sheep at present market levels are worth less than the cost of expensive toxin, as a result of which animals bitten by coyotes are simply being allowed to die. Hundreds of cattle have been vaccinated at heavy cost to hard-pressed cowmen.

Working under the direction of E. Ligon of Fort Stockton, attaches of the predatory animal control division of the state and federal governments are now stationed in Reeves, Ward, Loving, Pecos and Crane counties for the express purpose of aiding ranchmen in a concerted extermination drive.

At Barstow in Ward county four men are now undergoing treatment for prevention of rabies as an aftermath of their having been bitten by a mad cow—which, in turn, had previously been the victim of a rabid coyote. They are Juan Navarrete, and Mr. and Mrs. Nepomuceno Vasquez, and their son.

Despite the seriousness of the situation, a comical aspect was afforded when, according to reports, a mad jackrabbit bitten by a coyote, dashed into Wink, county seat of Winkler county and put to flight a large bulldog belonging to Sheriff Will Priest.

Many dogs have contracted the dreaded malady from coyotes and they are responsible for much of their existing danger to human beings.

### South Plains Bankers Hold Lamesa Meet

### Levelland Man Is Named President; Snyder Gets Convention

J. H. Doyle, president of the First National bank of Levelland, was elected president of the South Plains Bankers association succeeding H. Reagan, Big Spring. The association was convened in its annual session at Lamesa Friday.

W. R. McDuffie, cashier of the First National Bank, Brownfield, was named vice-president. Paul Hardwick, cashier of the Citizens National Bank, Lubbock, was elected secretary-treasurer.

Snyder was selected as next meeting place.

In the conference presided over by Mr. Reagan, discussion was confined largely to routine professional matters such as service charges on accounts and casualty insurance for banks.

Although no official action was taken, there was much sentiment expressed against the two-cent federal tax imposed on each check.

Practically all comment favored President Roosevelt's handling of the banking situation and bankers expressed the opinion the chief executive was making an effort to "lead the country out of the mire."

An optimistic note on banking conditions in the South Plains area prevailed at the assembly. Sixty-five out of town bankers were in attendance.

### Men's Class Seeks Record Attendance

Encouraged by phenomenal growth, the Men's Bible class of the First Methodist church will seek to fill its newly enlarged quarters today.

Dr. J. R. Spann, pastor of the church will speak on the "Sin of Selfishness." F. C. Scott will give a saxophone number and Mrs. Seary and Mrs. Anderson will sing a duet.

"Tragedy of the Unemployed" will be the title of the morning message by the pastor. H. G. Keaton's vocal solo and Virginia Peaton's violin number will be presented as special music attractions. "Uncrossed Bridges" will be the subject for the evening sermon. Men's male quartet will appear in the service.

### C. of C. Thanks Those Who Helped With Show

Officials of the Chamber of Commerce Saturday issued an expression of thanks to the scores of local men, women, boys and girls who took part in the amateur show, "Casey's Trial" at the municipal auditorium Thursday and Friday evenings.

E. J. Mary and Carl Blomsheld, co-chairman of local arrangements for the West Texas Chamber of Commerce convention, said that a sum earned in the form of the local chamber's portion of receipts from the show would help them in their work.

Patronage was gratifying, considering the fact that several theatrical performances had been presented a short time before the show of last week.

Misses Zolie Mae and Mary Elizabeth Dodge are in Toyah for the week-end, to attend high school commencement exercises and other functions.

### State Assumes 49.78 Per Cent Of Outstanding Portion Of Bond Issue Voted Here In 1920 For Highways

The state will assume payment of 49.78 per cent of interest due on \$18,000,000 outstanding of the 1920 road bond issue of July 12, 1920.

Howard county commissioners court was informed Friday after the state had examined claims for Highway No. 9 that per cent to be assumed by the state would be raised from 41.6 to the new figure.

Increasing of the percentage means that the state will assume responsibility of paying for 16.28 on the principal.

Ten thousand plus interest is paid yearly on the issue. Seven-teen payments remain after the one of July 10, 1932.

### Many Giving Food To Help Hungry People

### Food Shortage Among Mexican Residents Greatly Relieved

Very gratifying co-operations was reported Saturday by those who have been arranging a plan to relieve food shortage existing among Mexican families of the city.

A large quantity of good food was obtained Friday in the business district from hotels, cafes, and grocery stores.

Saturday the workers took Mexicans to residences where they had called previously and been assured food left over in the homes would be given to deserving Mexicans.

Work had been extended Saturday evening to practically all of the city with the exception of Washington Place, Edwards Heights and Cole and Strayhorn addition. These sections will be worked Sunday afternoon.

Fifteen Mexican families had not been assigned Saturday evening, while 48 families were assigned. Saturday morning to various residential blocks. The business district is feeding seven families.

Anyone who has not been asked to set food out each morning for those people who wish to do so should call Mrs. Charles Eberley at 200 or J. B. Collins, at 1014J.

### DEFENDED BRITON IN RUSSIA

M. Ilya Brauda was defense counsel for Leslie C. Thornton and five other British engineers tried in Moscow on charges of espionage, bribery and sabotage. He is pictured making a plea at a previous trial. As a result of the sensational case Great Britain clamped down an 80 per cent embargo on Soviet goods. It was believed, however, the embargo might be withdrawn if the Russian authorities commuted the prison sentences of two of the defendants. (Associated Press Photo)

### Stabilization Of Money Aim Of Statesmen

### Seek Higher Commodity Prices By Reduction Of Gold Content

WASHINGTON (AP)—World money stabilization, aimed to raise commodity prices by reduction of the amount of gold behind national currency units, took foremost place as President Roosevelt, and Premier MacDonald conferred at the White House Saturday. The meeting included advisors for the first time. Secretary Hull headed President Roosevelt's staff while Ambassador Lindsay headed MacDonald's staff.

War debts were taken into consideration at Saturday's meeting, but it remained to be seen in what respect. Over all was Roosevelt's determination to work for straightening out the money question in the interest of world trade in general.

WASHINGTON (AP)—America's action in going off the gold standard was described Saturday by the State Department in telegrams to London, Berlin, Paris, and Rome embassies. The message contained explanation of the sudden gold embargo, stating its goal was not to obtain a bargaining weapon in international conversations with Premier MacDonald and others, but to raise American prices as a step toward boosting commodity price level the world over.

PARIS (AP)—France declared Saturday for maintenance of gold standard. After first cabinet meeting to consider present monetary situation, Finance Minister Bonnet said the government hopes all countries will return to the gold standard as soon as possible.

### Stocks Take New Spurs

### Metal And Rail Issues Lead Advances Of One To Four Dollars

NEW YORK, (AP)—Stocks pushed upward in fresh outburst of buying Saturday led by metal and rail issues. The market resumed an advance whirl of activity, swiftly converting early losses into gains of larger proportions.

Net advances ranged from dollar to more than four dollars for a wide variety of favorite issues. The sales approximately 2,500,000.

### Ritz Will Give Twin Party At Friday Matinee

Parties may come and go, but you ever heard of a twin party—or party of twins?

Well, the Ritz theatre is arranging a twin party, and those who are fortunate enough to see it as Ritz matinee next Friday afternoon will never forget it. First the Godino Siamese Twins—those two brothers whose nature joined together since birth, are to be the hosts, and not less than one hundred sets of twins are expected at this novel party. Everything has been arranged for this unusual party, and all that is necessary for twins to obtain admission to the party, is for them to come to the Ritz, register their name and address and receive free tickets. If the twins are too small to attend alone, an extra ticket will be given to whoever is in charge of them. Simplexio and Lucio Godino for those are the names of the Siamese Twins, are anxious to meet. All twins in this section, and after the big party a flashlight picture will be taken of the entire group, with the Siamese twins right in the middle. In addition Simplexio and Lucio will present each twin with a beautiful autographed picture of themselves and these souvenirs alone will be cherished as a keepsake for years to come.

Although suggestions have been made from time to time that perhaps the Siamese Twins could be separated, scientists say such an operation or surgical experiment would be hazardous in the extreme. And why should they be separated anyhow? They're as happy as can be and get a great enjoyment out of their work in vaudeville as musicians, dancers and singers. They are mighty talented, too, according to advance reports. But to get back to the party, tickets are ready for distribution, and the party will be held Friday afternoon at Ritz theatre. So come on, Twins, all ages and sizes are welcome to this party.

### Vealmoor To Hold Contest Soon For All Old Fiddlers

An Old Fiddler's contest will be held at Vealmoor school, north of town the evening of Friday, May 5, W. H. Hart, who was in Big Spring Saturday, announced. All fiddlers are invited to enter.

### Tennessee Valley Bill To Be Passed

WASHINGTON, (AP)—Democratic majority adopted rigid rule in the house Saturday to insure passage next week of President Roosevelt's Tennessee Valley program without opposition amendments. It was an indication of overwhelming support for the measure.

### Utilities Bill Killed By Senate

AUSTIN, (AP)—The senate Saturday killed a proposal by Senator Woodruff of Decatur and others to provide for regulation of all public utilities by the railroad commission. The proposal was offered as an amendment to the gas utilities regulation bill by Senator Blackett, Victoria. Blackett opposed it on the ground it would jeopardize passage of bill.

### MOVES OFFICES

Dr. W. L. Simmons has moved his dental office to the Lester Fisher building. It was announced Saturday.

### \$12,000 Delinquent School Taxes Must Be Collected Here To Pay Teachers For Two Final Months

Twelve thousand of the \$62,000 in delinquent taxes on the Big Spring school district rolls for the past three years must be collected by June 1 to make possible payment of teachers' salaries for the last two months of the season.

Heavy reductions in salaries were made a year ago.

The teachers have been paid to April 1. Total of salaries that will be due for the months of April and May will be \$14,321, including all employees of the school district.

It is expected that one dollar per capita of the state appropriation, which will amount to a total of \$52,644, will be received before the end of the school session. That will leave \$11,677 to be paid out of local tax receipts—provided that amount is collected.

If one dollar per capita is received by the end of the session a total of \$21,152 will be due the district on the state appropriation of \$16 per capita for this year.

### Texas Company May Offer Reward On Illegal Crude

NEW YORK (UP)—The Texas Company is ready to spend \$1,000,000 as reward for disclosure of illegal operations in the oil business provided other companies and the states do not join in offering a reward. E. C. Holmes, president, said.

He severely arraigned violators of oil production laws and added: "If we are forced to do so, we will give a substantial reward that will lead to disclosures of illegal activities by whoever may be involved. I do not think, however, that we will be driven to this necessity."

He said he believed congress would pass a law prohibiting transportation of interstate commerce in illegal oil and that the Texas legislature would enact a law severely penalizing those who produce illegally or who transport or buy illegal oil.

Holmes said one of the most hopeful things that could be done for the banks and the general public would be re-establishment of some reasonable percentage of the intrinsic values which are in the securities of the oil industry. He said oil securities listed on the New York Stock Exchange as of March 1, had a value of about \$50,000,000, a decline of \$64,000,000,000 from Jan. 1, 1929. He pointed out this decline was an amount in excess of all the bank deposits of the nation.

### Waldman Orchestra To Play At Settles Dance On May 10

Herman Waldman and his famous 13-piece orchestra, who is now playing an engagement at the Gunter Hotel, San Antonio, has been engaged to play for a dance at the Settles Hotel on the evening of May 10. Paige Rainbow, manager of the Settles, announced Saturday. This dance will be on the evening before official opening of the West Texas Chamber of Commerce convention in this city May 11, 12, and 13.

Waldman and his orchestra are among the most popular dance band organizations in the country, and dance-goers in Big Spring will have an opportunity to see and hear this orchestra at its first appearance at the Settles on the evening of May 10.

### Happenings That Would Make Events Of Recent Weeks Commonplace Seen By Leading American Numerologist

By RAY BLACK  
United Press Staff Correspondent  
CHICAGO, (UP)—A high priestess of the occult glimpsed the future and predicted a series of world significant happenings that make events of recent weeks seem commonplace.

Dr. W. L. Simmons has moved his dental office to the Lester Fisher building. It was announced Saturday.

Eileen Czikin is one of the leading numerologists in America. The comely mystic is counselor to business men and society women all over the country.

These are some of the things that will come to pass, if the numbers that danced from under her evil pencil mean what she believes they mean.

### Men To Leave Chinese Area

NEW AGENCY, HOWEVER, REPORTS FIGHTING IS VERY BLOODY.

TOKYO, (AP)—The war office announced Saturday that Japanese troops had been ordered to come attacks and halt pursuit of Chinese troops south of the great wall. It was said the campaign south of the wall had gained all objectives.

Soon after the announcement, Rengo, (Japanese) News Agency received a dispatch from the Kuipetow correspondent saying sanguinary fighting was going on in southwest Kuyepkow since Friday morning.

### Memory Of Former Member Honored By Local Kiwanis Club

Members of the Kiwanis club of Big Spring adopted the following resolution at their luncheon last week, honoring the memory of a former member, Estlin Smith:

WHEREAS, death has taken from us our beloved member, "Uncle Walt" Smith, a generous, whole souled man, who gave unstintingly of his time and substance to the support of every worthy cause; a man who felt a fatherly interest in every child, and whose devotion to the cause of helping under privileged children brought the glow of health and happiness to hundreds of boys and girls; one whose life exemplified the ideals of Kiwanis.

RESOLVED, THEREFORE, that this the Kiwanis Club of Big Spring, extend our sincere condolences to the bereaved members of his family; that a copy of this resolution be sent to his family; a copy to the press and that it be entered on the minutes of this organization.

Respectfully submitted,  
GEORGE GENTRY  
MERLE J. STEWART  
JAMES LITTLE  
April 20, 1933.

### College Entrance Exams To Be Given Here And Highway

High school college entrance examinations will be given here and at Highway school Wednesday, Thursday and Friday, May 10, 11, 12, and 13.

All students interested in taking any of the examinations need be at either the county superintendent's office or at Highway school.

### "Roosevelt, The Man Of The Hour" Two-Reel Feature Being Shown At R & R Ritz Theater Today, Monday

Highlights of the public life of Franklin Delano Roosevelt, from the time when he first thought of a career in statecraft to first days in the presidency are incorporated in a two-reel motion picture subject released by Metro-Goldwyn-Mayer and produced by International, to be shown at the R&R Ritz theater today and Monday.

The purpose of the new screen release is to present a concise, authentic and dramatic record of the man whose accession to the highest office in the country during one of its most critical economic periods has focused international attention on the Washington White House.

Motion picture sequence showing Mr. Roosevelt as Assistant Secretary of the Navy, as Vice-Presidential candidate in 1920 with James M. Cox, as Governor of New York and as President are linked with scenes from the earlier life of the nation's new chief executive. Family snapshots, domestic scenes and other human interest material will be found in the new film subject, which aims to express the "action" personality of the new president in relation to the various environments and increasing responsibilities against which he has been placed.

Not only does the new release present a novel pictorial and talking picture record of the thirty-second president, but it also shows intimate glimpses of such other public personalities as Alfred E. Smith, Josephus Daniels and the late Theodore Roosevelt.

Producers of the short subject stress the fact that it is a comprehensive yet brief biographical record of Roosevelt's rise to international prominence, with emphasis on factors which appear to have been turning points or motivating forces in bringing him to the White House.

### Luncheon Club Has Meet At Mrs. Rice's

Mrs. Wayne Rice entertained the members of the Thursday Luncheon club this week with a very jolly luncheon and session of bridge. Mrs. H. C. Timmons was a luncheon guest.

Mmes. W. A. Robertson, V. Van Gieson, Tom Davis, W. B. Clark were guests, Mrs. Clark making high.

Mrs. Webb made club high score. Other members playing were: Mmes. L. E. Kuykendall, Fred Peim, Garland Woodward and J. L. Webb.

Mrs. E. V. Spence will be the next hostess.

### At The Ritz This Week

Richard Barthelmess and Sally Eilers, top, are stars in "Central Airport" at the Ritz today and Monday. The picture on the left shows James Dunn and ZaSu Pitts in "Hello, Sister" at the Ritz Thursday of this week. On the right is dainty Miriam Jordan, who plays opposite Warner Baxter in "Dangerously Yours" at the Ritz Tuesday and Wednesday.

### James Dunn And Boots Mallory With Zusa Pitts In Picture At Ritz Entitled "Hello Sister"

### Baxter With Miss Jordan Here Tuesday

### "Dangerously Yours" Built About Intriguing Romance

Warner Baxter, handsome, debonair, socially prominent jewel thief, and Miriam Jordan, one of the newest of screen stars, have the leading roles in the Fox Film production, "Dangerously Yours," coming on Tuesday and Wednesday to the R&R Ritz theatre.

Set in the fashionable saloons of metropolitan society, aboard a luxurious yacht and at a number of sparkling resorts, this picture portrays the romance between a finished jewel thief and the charming operative of an insurance company. The plot revolves around the plans of a woman to arrest a man and ends in an unexpected climax involving infatuation and love.

There are said to be a number of hilarious sequences to which Herbert Mundin, prominent comedian, contributes his rare comic abilities. In support of Baxter, Miss Jordan and Mundin there is a cast of notable proportions that includes such well-known players as Florence Eldridge wife of Fredric March; Florence Roberts, Nella Walker, Arthur Hoyt, Tyrell Davis, Will Davidson and Misha Auer.

Frank Tuttle, producer of dozens of successful pictures, including his recent "The Big Broadcast," is the director. Horace Jackson, who adapted "Paris Bound," "Holiday" and "The Animal Kingdom" for the films, is author of the screen play which is taken from the novel by Paul Harvey Fox.

### Mrs. Elmo Henry Is Made Outer Guard

The Lone Star Lodge, Auxiliary to the Brotherhood of Railway Trainmen, met at the Woodman Hall Friday afternoon for a business session.

Mrs. Elmo Henry was installed as outer guard.

Members attending were: Mmes. Della Hicks, W. V. Crunk Baker, Frank Powell, C. A. Schell, J. P. Meador, Daphne Smith, W. O. Watson, Edna Knowles, Barnett, McCormick, W. E. Clay, Misses Macdell and Willa Mae Henry.

### Soviet Bans English Goods

### Government Issues Retaliatory Order Against British

MOSCOW.—(AP)—The Soviet government Saturday retaliated against a British embargo on Russian goods by ordering a prohibition of any purchases in England and other restrictive measures.

The British government recently decreed an 80 per cent embargo against importation of Russian goods in an attempt to protect British subjects who were tried in Moscow on charges of sabotage, bribery and espionage in electrical construction in the Soviet Union.

Other restrictive measures were: The chartering of cargo vessels flying the British flag was forbidden.

Restrictions were applied to the passage of British goods in transit through Russia.

Utilization of English ports and bases was ordered reduced to a minimum.

Increased duties were ordered on British ships entering Soviet ports.

### Reginald Denny And Tom London Fight While Riding On Crane

Of the many spectacular camera effects in "The Iron Master," to be shown at the Queen theatre Wednesday, one taken in a gigantic traveling crane is probably the most interesting. Landing camera and sound equipment in the crane's care Director Chester M. Franklin secured an unusual panoramic view of the exciting riot that followed the fistle melee between Reginald Denny and Tom London, when hundreds of employees rushed from every corner of the enormous plant to witness the battle.

More than 100 feet above ground level, these shots paint the scenes in vivid detail, yet by the use of telephoto lenses, the principles are brought to the screen in life size, while the rest of the people in the picture appear to be so many swarming ants, and the illusion of high action is wonderfully emphasized.

### Sea Salvage Law Basis Of Ritz Picture

### Halliday, Buggles, Hamilton Appear In Strong Cast

Finders keepers—at sea. This fact was discovered by Paramount writers preparing the script of "Terror Aboard," nautical horror-film, which comes to the Ritz theatre Friday and Saturday with John Halliday, Charlie Ruggles, Neil Hamilton, Shirley Grey, Verree Teasdale and Jack LeRue in leading roles.

When a ship in distress is towed to port by another vessel, the rescuing vessel gets a certain percentage of the value of the crippled boat as salvage expense. The salvage money sometimes runs as high as the full value of the boat towed in.

But on land, the finder of anything from money to diamonds, is assured of no reward by law. He is required to make an earnest effort to locate the owner. If the search is successful, his reward depends on the owner's generosity.

The law of salvage at sea plays an important part in the action of "Terror Aboard," a film centering around a madman's effort to wipe out the entire passenger list and crew of a private yacht, with the exception of the woman he loves whom he intends to take to a desert island with him.

One by one passengers and crew succumb, each death more horrible, more gruesome than the last.

Arrival on the scene of Hamilton, an aviator in love with Miss Grey, brings the film to a dramatic climax.

### Keene Adds To Long List Of Successes

### "Renegades Of The West" Film At Queen Friday And Saturday

Avenge the murderous death of his father by treacherous range desperadoes, and seeking out the merciless culprits who looted the family ranch and demolished a homestead, Tom Keene matches wits and two-gun dexterity for whiz-bang action thrills amid the scenic splendor of the western plains and plateaus in "Renegades of the West," an RKO-Radio picture coming to the Queen theatre Friday and Saturday.

Keene enacts a man-of-action, cattleman who vows dire revenge on the murderers. To secure evidence, he contrives to be sentenced to jail in order to associate with several members of the band who are imprisoned. He learns the ramifications of the gang, and when released, approaches its leader for a job. He furthers his hazardous exploits in the enemy camp, and finally obtains sufficient information to indict the guilty persons.

Tom Keene, as the vengeance-seeker, surmounts his fighting, shooting and riding of previous films. His speed and nerve supply rapid-fire machine-gun action in "Renegades of the West." He manipulates his six-shooters like chain lightning. He fights viciously. His combatants are fierce and his hand-to-hand fistfights are furious. He flashes across the screen when he rides, lashing the wind as his horse smites the sod.

Although Betty Furness, sixteen-year-old RKO starlet, who makes her debut with Keene in "Renegades," is an unknown, she has been awarded a term contract. An RKO executive saw her photograph in the year book of an exclusive Midbrook, N. Y. school, and signed her up.

Rosco Ales supplies the picture's laughs. As a country doctor, he injects each scene in which he appears with voluminous hilarity with his comic stuttering. Others in the cast are Jack Penick, Rock-cliffe Fellows, Carl Miller, James Mason and Max Wagner.

### THIS WEEK ON THE SCREENS

## THE MASTERPIECE OF TIRE CONSTRUCTION

RACE DRIVERS know tires. It is their business to know tires—it means life or death to them. These men know that a tire that holds all world's records on road and track must be a masterpiece of tire construction. They know it must have superior materials, must be scientifically designed, and must be made by master tire builders. That is why Firestone High Speed Tires are First Choice of race drivers and have been on the winning cars for 13 consecutive years in the 500-mile Indianapolis race—the most grueling test for any tire.

Road speeds of today are the racing speeds of yesterday. Yet millions of motorists gamble with their lives by using inferior and thin, worn tires on their cars. Guard the safety of yourself and your family with the strongest, safest non-skid tires—made by master tire builders. Have your car completely equipped with a set of these Extra Value tires with the patented construction features of Gum-Dipping and Two Extra Gum-Dipped Cord Plies Under the Tread, at prices you may never be able to duplicate. Your dealer will give you a liberal allowance for your old tires. Remember—Your Brakes Can Stop Your Wheels But Your Tires Must Stop Your Car!

### INCREASED TIRE MILEAGE with the **New Firestone SEALTYE Leakproof TUBE**

The inside of the tube is coated with a special compound which seals against air loss. Constant air pressure is maintained, which increases tire mileage and safety. The tube has a tapered rubber valve which seals the rim valve hole, keeping out moisture and dirt. The rubber valve base is an integral part of the valve stem, built and vulcanized into the tube.

**MOTORISTS! Save money NOW!** Firestone quality is higher than ever—prices are lower than ever. These tire "war" prices cannot last—equip your car at once and get these great values before prices go up!

There is no reduction in the quality of Firestone Tires. Tremendous savings are made possible by the fact that Firestone owns and controls every step in the building of Firestone Tires and distributes direct to dealers from factories and warehouses—a one-profit, low-expense system.

Firestone Tires are not made by cheap labor—to sell at a price. Every tire is built with the patented Firestone features of Gum-Dipping and Two Extra Gum-Dipped Cord Plies under a Scientifically Designed Safety Tread—to give you Added Safety and Longer Mileage. Only Firestone Has These Extra Values—THEY COST YOU NO MORE.

Take advantage of these great savings—you may never again have such an opportunity. Buy Firestone Tires with the confidence that they are built up to a quality—not down to a price.

## GREATEST TIRE VALUES EVER OFFERED

HERE ARE the lines of tires—each with the name "Firestone" branded on the sidewall—that excel in quality, yet are priced as low as other standard brands or special brand tires made without the manufacturer's name and guarantee and offered for sale by department stores, oil companies and mail-order catalog houses.

### Announcing THE NEW **Firestone** SUPER OLDFIELD TYPE

Equal in quality to standard brand, first line tires. See this new Firestone Tire at your local dealer's store. Note the deep cut, thick, wide tread—the rugged dependability and the striking appearance. Compare its quality with other standard lines. Here's value unequalled at prices that afford real savings.

#### FIRESTONE OLDFIELD TYPE

The tire that is demonstrated superior in quality and construction to the first line, special brand tires sold by mail order houses and others. *The Tire That Taught Thrift to Millions.*

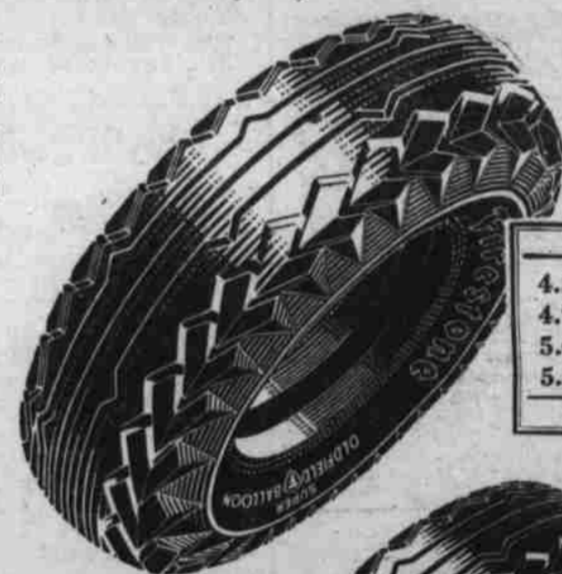

#### FIRESTONE SENTINEL TYPE

A tire demonstrated as better quality, construction and workmanship, than the second line, special brand tires sold by mail order houses and others.

#### FIRESTONE COURIER TYPE

A tire of good quality and workmanship—carries the Firestone name and full guarantee—sold as low as many cheap special brand tires manufactured to a price.

may sound to American ears. Italy  
is in steady earnest about it and no  
doubt will make some sort of  
showing with the program. An  
American president who urged our  
women to eat and grow fat would  
be laughed clear out of the White  
House and into the Potomac, but it  
is different over in sunny Italy. The  
Italians take it Duce very seriously,  
perhaps because Il Duce takes  
himself seriously. There is nothing  
comical, to him, in his ambition to  
create an Italy large both in  
numbers and in physique.  
Anyway, it would be advisable to  
wait ten years before poking any  
fun at Mussolini's ambitious pro-  
gram.  
The man usually has his way.

**Preaches Here Today**

**Dr. N. A. Moore**, above, head of the Simmons university Bible department, will appear twice at the First Baptist church today. Dr. Moore is filling the pulpit while the pastor, Rev. E. E. Day, is away conducting a revival in Greenville. Accompanying him to this city will be the girls quartette from Simmons. It will be presented at the morning service of the First church and in the evening at the East Fourth Baptist church.

**THREE-FOUR CLUB**

The Three-Four bridge club will meet with Mrs. Shirley Robbins Wednesday.  
Mrs. R. L. Minter of Fort Worth, with her children, is visiting during the week-end with her parents, Mr. and Mrs. J. L. Pritchard.  
Mrs. Ed Lane of Kansas City is visiting her brother, J. M. Morgan.

**LYONS, Ind.—(UP)**—Carving of a jewel case only six inches long and containing 1,737 pieces of wood from 40 varieties of Indiana trees has been completed here by Hiram Loox, 70-year-old cabinet-maker. The job required six months.

**DANIELS GUARDED IN MEXICO**

Joseph Daniels, new ambassador to Mexico, is shown upon his arrival in Mexico City, where he was closely guarded by 400 officers led by Gen. Guillermo Palma (left), chief of police. Precautionary measures followed an attempt to derail Daniels' train and protests against his appointment. (Associated Press Photo)

**Regulations Of Oil Given Gov't Study**

**Constitutional Amendment May Be Necessary To Curb Plan**

(Special To The Herald)  
WASHINGTON—The suggestion that amendments to the Constitution may be necessary to control the oil industry if the states fail in their efforts to enact and enforce conservation measures has been made to Congress in a report on pipe lines which has just been submitted by the House Committee on Interstate and Foreign Commerce.  
The committee, which is headed by Representative Sam Rayburn of Bonham, employed as its counsel Dr. Walter W. M. Spahn, former president of the University of Texas. Dr. Spahn and a corps of experts have been working on the matter ever since the study was authorized by the House on January 19, 1932. The resolution pro-

viding for the inquiry stipulated that it should embrace all common carriers engaged in interstate commerce, with the exception of railroads.  
"The study is divided into three parts," Congressman Rayburn explained. "The first covers oil and gas pipe lines; the second, power and gas; and the third, communica-  
tions. When these studies are completed, taken together with those of the Senate through the Federal Trade Commission, Congress will have sufficient information for guidance in legislation regulating public utilities interstate commerce, and properly to regulate public utility holding companies."  
The pipe line study is that which has just been issued. It consists of two big volumes of data on the subject. The power and gas in-  
vestigation is far advanced and the communications inquiry is under way.

May Be Utilized  
In view of the attention paid by Dr. Spahn and his associates to holding companies, it appears probable that the information secured will be utilized by Congress in enacting legislation carrying out the expressed wishes of President Roosevelt with regard to safeguarding the American investor.  
Recommendations made in the pipe line report follow:  
Rules for the movement of pipe-  
line oil in interstate commerce are already under the jurisdiction of the Interstate Commerce Commission. This appears likewise to be true for the storage of oil. It is recommended that the Interstate Commerce Commission give consideration of its powers under the present statutes to regulate the rates for the transportation of oil in connection with its power to require storage at a reasonable rate with a view to determining what, if any, relief is possible to the small operators who do not own transportation or storage facilities.  
"It is recommended that trans-  
portation of gas in interstate commerce be regulated. In drawing a statute providing for such regulation, the congress should consider whether or not a certificate of public convenience and necessity should be required as a condition precedent to the construction of a gas pipe line. Provision should be made for a fair rate for gas delivered to a municipality or to a privately owned corporation distributing to its local customers."  
Striking at the holding compan-  
ies, Dr. Spahn states in the re-

port, "To be effective, any regula-  
tions directed toward an operation  
function performed by a par-  
ticular corporation would have to  
reach the owning or controlling  
corporations."  
Should Be Encouraged  
In its conclusions, the report  
says, "State legislatures should be  
encouraged to give consideration  
to state laws governing private  
property so as to apply the doc-  
trine of 'correlative rights'; and to  
encourage unified or cooperative  
drilling as a measure of conserva-  
tion as well as a protection of prop-  
erty. Each state legislature will  
have to decide whether or not the  
application of the doctrine is neces-  
sary as a conservation measure  
and practicable."  
The problem of conservation of  
oil resources is of great economic  
importance to the people of the  
United States. In the light of the  
facts disclosed in this report it  
seems that Congress might rely,  
for the present, upon the states to  
police the oil fields and regulate the  
production of oil, since states, for  
example, Texas and Oklahoma, are  
enacting rather strict conservation  
laws. Where found necessary,  
States, by forming compacts, could  
cooperate in conservation mea-  
sures. The authority for compacts  
between states is provided for in  
the Constitution. If the states fail  
in their efforts at conservation,  
amendments to the constitution of  
the United States may then become  
necessary to enable the Federal  
Government to supercede the  
states."  
Pipe Lines  
In the report, ownership of the  
pipe line companies is given atten-  
tion and the authors of the docu-  
ment assert that "the ownership of  
the crude oil pipe lines rests largely,  
and that of the gasoline pipe  
lines wholly, with large or med-  
ium sized integrated units of the  
oil industry."  
"There is a further concentration  
of the larger part of the pipe lines  
in the hands of a relatively few of  
such integrated units," the report  
continues. "Only eight important  
pipe lines—the so-called northern  
and southern groups and the Na-  
tional Transit Company—have the  
usual earmarks of common car-  
riers. Their unique status is, how-  
ever, explained by the fact that  
they were separated from produc-  
ing or other units by court excep-  
tion to the well-recognized rule that  
pipe line facilities have developed  
as adjuncts of the oil industry, de-  
signed to serve the individual in-  
terests of the members of that  
industry."  
"Speaking generally, the earn-  
ings of the pipe line companies are  
high at the rates charged."

**Membership Of Troop 4 Is Enlarged**

**Four Boys Added To Roll Following Tests Of Past Week**  
Four new members of Troop No. 5 will be registered during this week as a result of tests given Friday at the regular meeting in the Baptist church basement.  
Wednesday at 4 p. m. the troop will meet again to practice for the jamboree.  
Highlights of the evening were when the tug-of-war team under 110 pounds snapped a double strand of quarter-inch rope twice.  
Brady and Dick Piper, Marvin House, Choc Smith were registered this week.  
Assistant Scoutmaster Allen Stripling aided the scoutmaster in signing the troop for the jamboree.  
Those present were Buck Tyree, Dale Smith, Durwood Riggs, Ed Tyson, John Smith, Tony McCoy, Jack Dabney, Clayton Bettie, James Ogle, Howard McMahon, Carlton Seabourne, Brady and Dick Piper, Marvin House, Charles Ray Sikes.  
—Charles Ray Sikes, scribe.

**VALUES OF HORSES INCREASED**

**PERU, Ind.—(UP)**—Assessed valuation of horses in Miami county jumped to an average of \$8 this year, as compared with \$5 last year, according to the tax assessors. The average automobile dropped in assessed value to \$67 from \$103 last year.

**ANCIENT CANNON DISPLAYED**

**ALBANY, Ore.—(UP)**—An ancient cannon that spent 60 years at the bottom of the Willamette river is being displayed here. The cannon, lost in the wreck of a river steamer, was dredged up recently. The cannon is of the same type that armed the "Constitution."  
**GADGET CAUSED STILL EXPLOSION**  
**RICHMOND, Ind.—(UP)**—Albert Zellinski suffered serious burns when an alleged still exploded in his basement. The blast was reported to have been caused by an electrical gadget which was supposed to "age" the product several years in two hours' time.

**Overton H. D. Club Makes 1933 Report**

**Miss Miller Shows How To Lay Tile For Sub-Irrigation In Garden**

Miss Myrtle Miller, home demonstration agent, gave a tile demonstration in the rose garden of Mrs. Frank Tate this last week when the Overton H. D. club met with five members of the Elbow club as visitors. About 20 ladies were present, in all.  
Following the demonstration Miss Miller gave talks on "Remedies for Clothes Moths, Poultry Insects and Plant Insects." She also told the women good seeds to plant in gardens and gave them a recipe for homemade pimento cheese.  
The members liked her recipe file and filling cabinet. Several of the women plan to have tile laid in their gardens.  
Miss Miller will give another demonstration for the council on May 5 at the federation clubhouse.  
The Overton club held another meeting last week at the lovely home of Mrs. Frank Tate to study gardens. The program committee announced that instead of set programs the club would work with Miss Miller for the next three months.  
After the program refreshments of strawberry shortcake and leed punch were served by the hostesses to the visitors and members: Mrs. Jones, Herbert Gordon, Bill Story, H. W. Bertlet, George Overton, Charles Williamson, Ike Toler, Stephen, Ed Wagner, Jobe Patterson, Jewel White and Johnnie Phillips.  
Mrs. White will be the next hostesses, May 4th.  
The Overton members made a report of what they had accomplished as a club during 1932. Although not all reports have been turned in the following has been accomplished under club supervision:  
Ponds: 1429 quarts canned; 2064 lbs. meat cured; 90 lbs. sausage made; 61 gallons lard made; 260 lbs. cheese made; 260 chickens raised.  
Sewing: 60 dresses made; 80 children's garments made; 26 un-  
finished items; 97 pieces of household linens; 26 quilts pieced; 12 quilts quilted; 26 aprons made; 16 pairs of draperies made; 5 hooked rugs; 2 braided rugs; 2 foot stools.  
Improvement in living conditions: 4 kitchens improved; 18 bedrooms improved; 3 living rooms; 4 bath rooms.  
Miscellaneous: 16 gardens made; 10 flower gardens made; 424 lbs. soap made.  
The Overton women say they are going to beat this during 1933.

**Big Spring Student At Tech Candidate For Yearbook Office**

**LUBBOCK**—Thirteen candidates have entered the political race for 1933-34 student offices at Texas Technological college which will be held May 4 and 5, according to announcement in the Torsador college weekly newspaper.  
Entrants to date are: Rob O'Hair of Lubbock, for president of the student association; Bob Tracy of Houston, Calvin Handlewood of Lubbock and Lloyd Glover of Raymondville, for editor of the Torsador; Joe Harter of Marlin, Gus White of Borger and Malouf Abraham of Canadian, for business managers of the Torsador; Bruce Zorn of Meadow, Byron Farrell of Lubbock and Max Waghorn of Lubbock, for editor of La Ventana; and Marvin Meseremith of Fort Worth, George Long of Big Spring, and Walter Labaj of Granger, for business manager of La Ventana.

**Membership Of Troop 4 Is Enlarged**

**Four Boys Added To Roll Following Tests Of Past Week**

Four new members of Troop No. 5 will be registered during this week as a result of tests given Friday at the regular meeting in the Baptist church basement.  
Wednesday at 4 p. m. the troop will meet again to practice for the jamboree.  
Highlights of the evening were when the tug-of-war team under 110 pounds snapped a double strand of quarter-inch rope twice.

**TO PREACH IN MIDLAND**

The minister and quartet of Saint Mary's Episcopal church will go to Midland to give the people of Trinity Chapel the Easter Service of the Holy Communion this morning. The Rev. William H. Martin will be the Celebrant in this obligatory service, and will deliver the sermon at 11 o'clock.  
Messrs. O. L. Thomas Seth Parsons, Robert C. Utley and Wayne Martin will sing. Miss Elsie Willis will be the organist.

**BOTTLE FLOATED ACROSS PACIFIC**

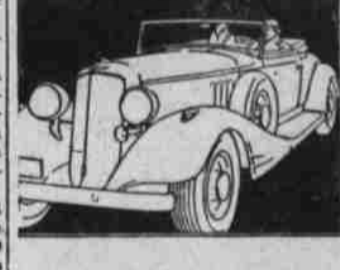

**ASTORIA, Ore.—(UP)**—A bottle that floated across the Pacific ocean was picked up on the beach here by Miss Ila Heitkila. The bottle contained a message written in Japanese, saying that it had been dropped into the sea in May, 1931, from a Japanese steamer. The finder was asked to notify the Japanese bureau of marine products, which was seeking data on ocean currents.

**Postmaster To Be Mail Carrier**

**GLIOSTER, O. (UP)**—Postmaster H. F. Hambl of Gloster, who is serving his third term, will escape loss of employment when Democratic appointments are made. He has been transferred to the position of city mail carrier.

**Free Movies Announced**

**AUSTIN (UP)**—Free movies were announced by local motion picture houses during the bank closing to keep people in good humor.  
Movies: 1429 quarts canned; 2064 lbs. meat cured; 90 lbs. sausage made; 61 gallons lard made; 260 lbs. cheese made; 260 chickens raised.  
Sewing: 60 dresses made; 80 children's garments made; 26 unfinished items; 97 pieces of household linens; 26 quilts pieced; 12 quilts quilted; 26 aprons made; 16 pairs of draperies made; 5 hooked rugs; 2 braided rugs; 2 foot stools.  
Improvement in living conditions: 4 kitchens improved; 18 bedrooms improved; 3 living rooms; 4 bath rooms.  
Miscellaneous: 16 gardens made; 10 flower gardens made; 424 lbs. soap made.  
The Overton women say they are going to beat this during 1933.

**PONTIAC THE ECONOMY STRAIGHT EIGHT**

**\$585 AND UP, F. O. B. PONTIAC**  
... brings qualities that are NEW to the low price field  
Pontiac has brought entirely new standards of economy and performance to the low price field. Here's a car—a big Straight Eight—that does not even resemble the \$585 car of yesterday!

Pontiac is big, and it rides and drives as only a big, well-balanced car can. The wheelbase is 115 inches, the curb weight (4-door Sedan) is 3265 pounds. New bodies by Fisher are roomier, more luxurious; seats are wider and deeper and more comfortable. New Fisher No Draft Ventilation, individually controlled, makes summer driving cool and pleasant.  
Pontiac's modern Straight Eight incorporates the latest development in engine mounting—the five-point rubber cushioning that removes every trace of vibration! 77 horsepower; 78 real miles an hour. Yet Pontiac's modern Straight Eight engine is so efficient that it costs no more to operate than many smaller cars.

Come in for a demonstration. Then you'll agree that Pontiac is the outstanding car in the low price field.

**Mussolini's Program**

The latest undertaking of Mussolini might be referred to as the baby-beef movement.  
He recommends a 17,000,000 increase in population in the next ten years and at the same time urges Italian women to eat hearty and grow fat.  
Falling into line, the cities of Italy are offering prizes an inducement to young people to get married. The city of Brindisi, which Horace satirized and where Vergil died, offers a cash wedding present of \$50 to the first ten couples to get married. Brescia, the cathedral town near Milan, makes the same bid to the first fifty couples. Bari will give a crib and blanket on the arrival of a baby in the first year of marriage.  
It may be a Mussolini scheme to improve Italian agriculture, for if the population is increased by 17,000,000 and the Italian women take his advice and grow fatter, it will take a lot more farm produce to feed the people.  
Fantastic as these twin schemes

### Midland District Meet To Attract Many Local Women For Lectures, Social Events

#### Mrs. Percy V. Penneybacker And Lexie Dean Robertson To Appear in Program; Clubs Send Delegates

Club women of the city are making preparation to motor to Midland tomorrow or Tuesday or Wednesday to take in the district meeting of T.F.W.C. Some are planning to spend Monday night with friends or in the homes of club women of this very hospitable city; others will go just for certain days.

Every federated club in the city is supposed to send at least one delegate and all club women are welcome.

Mrs. Percy V. Penneybacker will be the outstanding speaker of the district meeting of Monday evening. On Tuesday evening Lexie Dean Robertson, of Rising Star, well known West Texas poet will attend and read some of her poems; these two will probably draw more crowds than any other visitors, since they do not often come this way.

Big Spring is sending several booked rugs to enter the rug contest, an innovation in club work.

Among the outstanding local club women who are planning to attend as much of the session as possible are:

Mrs. W. J. McAdams, president of the City Federation; Mrs. J. O. Fisher, past president of the City Federation and a member of the district executive board; Mrs. B. Reagan, member of the district executive board; Mrs. R. T. Piner, president of the Hyperion Club; Mrs. Charles Koberg, parliamentarian of the Big Spring Study Club; Mrs. O. L. Thomas, secretary-elect of the Hyperion Club; Mrs. C. W. Cunningham, member of the executive board of the City Federation; Mrs. J. L. Thomas, acting president of the West Texas Museum association; Mrs. B. T. Cardwell, librarian, and many others

### Mrs. Alfred Collins Hostess To Ace-Hi's Preaches Today

Mrs. Alfred Collins was hostess to the Ace-Hi Bridge club Thursday afternoon for a very pretty party.

Mrs. Tate made high score and Mrs. McKinney second high. Four visitors were present. They were: Mrs. Jimmie Tucker, B. L. Le Fever, P. H. Liberty and Larson Lloyd.

### Tahlequah Club Donates To Poor

Mrs. A. E. Pistole was the hostess Thursday for the regular session of the Tahlequah Bridge club. Many donations were made by members and guests for the poor, this food taking the place of refreshments.

Mrs. Ruth made high score and Mrs. Thomas second. Guests present were: Louis Patine and A. E. Services and Miss Dorothy Ellington. Members were: Miss Portia Davis and Mrs. E. O. Ellington, J. B. Young, R. B. Bliss, J. L. Rush, R. W. Henry, O. L. Thomas and E. J. Mary.

### Big Spring Study Club Gives Two Programs

Mrs. Roy Pearce was hostess to the members of the Big Spring Study club for a make-up meeting held Friday afternoon in the home of Mrs. L. E. Eddy.

Two programs dealing with "Family Friendships" and "American Customs" were given. Mrs. Manion talked on "Nathan Burke and True Friendships" and Mrs. Eddy on "Musical Life."

The members attending were: Mrs. J. P. Dodge, Charles Koberg, J. C. Lane, L. S. McDowell, Faye Harding, L. E. Eddy and Miss Ione McAllister.

### First Methodist Class Has Outing

Steak fry at the city park recently for the Big Brothers class of the First Methodist church was well attended.

Dr. Lee O. Rogers, teacher, and wife were in charge of the evening's festivities.

Boys present were: Gully, Good Graves, Preston Schley, E. P. Driver, Frank McCleskey, Walter Arnold, George E. O'Neal, Lawrence Liberty, John Stripling, John Nail, James Jones, Felton Smith, Joseph Moore, Billy Widmayer, Jimmy Miller, T. F. Collins and Happy Hatch.

### Wesley Memorial WMS Studies -eaconesses

The Wesley Memorial W. M. S. met with Mrs. Crawford Thursday evening. Mrs. Lloyd Montgomery acting as leader. She gave the devotional and talked on "The Deaconess as a Good Neighbor."

Mrs. Albert Hartman talked on "The Wesley Homes and Giving Youth a Chance."

### G. I. A.'s MEET

The G. I. A.'s met in regular session Thursday afternoon at the Woodman Hall. The time was entirely devoted to matters of business.

Those present were: Mmes. M. D. Davis, Max Wiessen, R. Schwarzenbach, Lamar Smith, Charles Vines and A. B. Wade.

### COLORADO MUSIC CLUB TO SING HERE TODAY

The Colorado Music Club will present the following program at the municipal auditorium Sunday afternoon, April 23, at 4 o'clock.

- Vollin solo—Virginia Peden
- Ma Little Sunflower, Goodnight
- Ho! Mr. Piper, Logan

### West Texas Historical Society To Meet Here

#### All-Day Session Scheduled For First Methodist Church Saturday; Program Announced

Final arrangements have been made for the entertainment of visitors and delegates to the West Texas Historical Society to be held in Big Spring all day Saturday.

The one-day session will commence at 10 o'clock at the First Methodist Church and will be devoted to papers read by various members of the society.

The society is meeting in Big Spring for the first time. Hostess organizations are the West Texas Memorial Museum and the City Federation. The women of these organizations are planning a steak barbecue in the City Park at noon to be followed by a visit to the site of the old big spring and a drive around scenic Hill. After this the society will resume its afternoon session.

Wendell Bedelchek, as president of the local chamber of commerce, will extend the welcome to the city in a brief opening address. An other local speaker will be John R. Hutto, who will read a paper on the early history of Stanton.

Outstanding features of the program will be a paper by W. W. Lacey, superintendent of the Midland schools, on "The Growth of a West Texas School System!" a paper by Grace Bitner on "Some Phases of the History of San Angelo country" a talk by Mose Carter on "Old Times in the Sweetswater country!" a talk by Col. H. L. Crimmins of El Paso, noted historian, on "General Shafter's Scouts in West Texas;" and a paper by J. A. Rickard concerning recollections of B. F. Gholson, Texas Ranger, as Mr. Gholson related them to him.

### Church Activities For Coming Week

**MONDAY**  
First Baptist: W. M. U.—Business session at the church, commencing at 2 o'clock to be followed by missionary program.

## CHAPTER XII

Mrs. Curtis shook her head. "You must be mistaken," she exclaimed. "I'm sure it couldn't have been Janet."

"All right. Where was she two nights ago?"

"Why—why, let me see. She was here in this room with me all evening. We were reading—no, I've not that wrong. Last night the Hildways were here and the night before—" Mrs. Curtis' words broke off. "Janet did go out that evening," she continued, "but she told me she was going to the movies, so you see it must have been someone else."

Betty's laugh was answering. "Movies—that's what she'd tell you, of course. But she wasn't at the movies when I saw her!"

"But Betty, I simply can't believe it. Why, that sort of thing isn't at all like her! She's always so quiet and reserved."

Betty's voice flamed with anger. "So you'd believe her against your own daughter, would you?"

"No, no, it's not that, dear. I simply mean you must have been mistaken. I know you think it was Janet you saw but it must have been someone else. It's so easy to make mistakes like that. When she comes back I'll ask her—"

"Don't do that! Betty cut in sharply. "Do you think if she were out with a crowd of hoodlums she'd tell you about it? If you're so sure this precious Janet is a saint I guess that's all there is to it. But if you wake up some morning and find the silverware or your diamonds gone don't blame me! I've done the best I could to warn you."

Mrs. Curtis glanced down at the diamond ring she was wearing. "Oh, dear!" she said. "I suppose now I will worry. But you must remember Janet came to me with the highest recommendations from your uncle. Bruce had known her for a long time and he said she was absolutely reliable."

Betty's lips formed a narrow crimson line. "Well," she said as she arose, "I'm through with the whole affair. I thought I should tell you what I saw and I have!" She walked across the room and paused, frowning. "Why in heaven's name don't you get some new draperies for this room?" she asked. "Those things are positively awful. Nobody's using dark colors any more."

"But I like them," her mother objected. "And they'll be good for a long time yet. With things the way they have been lately I don't like to go to expense that isn't necessary."

"You ought to have the whole room done over at the library. She was thinking of an evening spent in the little room off the li-

heavy would not be particularly cheerful. She would be self-conscious and so would Jeff. It was essential for Mrs. Curtis to ask questions about her personal affairs. Why had she suddenly become so interested?

"I'll ask him," Janet promised, and then to change the subject, asked, "What time will you want Frederick to take you to the club house this afternoon?"

"About three o'clock, I suppose."

"If Mrs. Curtis were going to the club house at three it meant Janet would have the rest of the afternoon to herself. She said, "Will it be all right if I go down town after you're gone? There's some shopping I ought to do."

"Certainly, my dear. Go whenever you like. I won't need you."

Nevertheless Janet's time was taken up until nearly three o'clock. She was dressing when she heard the car in the driveway. That meant that Mrs. Curtis would soon be on her way.

It was 20 minutes past three when Janet left the house and walked to the bus stop. The day was warm and yet there was a hint of fall in the air. Tall cosmos and yellow chrysanthemums nodded their heads in the breeze—the only flowers left where a dozen varieties had bloomed a few weeks before. Another week and September would be gone.

Almost six months had passed since Janet had left the rooming house and moved to Mrs. Curtis' expensive home. "I wonder," she thought, "where I'll be in another six months?"

It was rather exciting. In six months she would be in a different city, doing entirely different things. Janet hadn't quite decided where she was going. That was the chief reason for her trip down town today. She wanted to inquire about fares at the railway station. New York was the favored destination if it didn't cost too much. If it did there were half a dozen others.

During the ride down town she planned eagerly. She had a little over \$200 in the bank. Three weeks' salary added to that and she would have enough. A week from Saturday she would tell Mrs. Curtis that she was going away—

Janet discovered with surprise that the bus had reached Center street. She pressed the button and descended. Marah's was the nearest department store and she went

## Boy Work Is Discussed At Club Meeting

### Rev. Shettlesworth And Maury Hopkins Speak At Friday Luncheon

Success in solving complex problems now facing the people and in eradicating increasing immorality depends on proper consideration given boys by men, Rev. Shettlesworth, pastor of the First Christian Church, told Lions Friday.

"There can be no legitimate passing of the buck when we come to face the responsibility of rearing our boys," he declared. When one stops to consider that there are more young men now in prisons than in universities and at the rate we are now going one of every ten young men will be criminals in ten years, it is possible to gain a conception of tremendous responsibility facing each man, Shettlesworth asserted.

Too many men, he said, are concerned more with making a living than a life. He urged that more attention be given the training of boys even if such be done from a selfish point of view.

Maury Hopkins, assistant manager of the WTC and convention manager of that body, touched on the highlights of the convention program here May 31, 32 and 33. He paid tribute to Big Spring as an ideal convention city, reminding club members that impressions of Big Spring will be carried away by visitors commensurate with courtesies extended them while here.

Erre and Mrs. Jacks entertained with two whirling numbers. Jacks, accompanied by his wife, formed his sounds by cupping his hands. E. W. Potter was in charge of the program. Dr. W. B. Hardy presided in the absence of Lion President E. T. Cardwell.

Bedrooms 42: WANTED—Room, board and garage, by young man. Must be nice and reasonably priced. Write Box 26-A, care of Herald.

AUTOMOTIVE

Used Cars To Sell 53: BARGAIN in almost new 5-passenger Graham Sedan; run 5,000 miles; trade for cheaper car; real bargain. Cardwell's Service Station, 901 East 3rd St. Used Cars Wanted 54: WANTED—One second hand Chevrolet or Ford sedan or coupe. Write or apply Route 1, Box 145, Big Spring.

HAPPENINGS

President Roosevelt will be granted powers equivalent to those of a dictator. He will serve two terms in the White House and will see the United States fighting a defensive war during the second year of his presidency. It will encompass the nation in 1934, and that year will decline.

WHIRLIGIG

Continued from page 11: Investigators to turn this curb data over to the New York state attorney general. He is now conducting his own inquiry on the basis of information furnished.

Morgan

A certain senator had dug up quietly some interesting Morgan data. He will use it in forthcoming war debt discussions. The evidence comes from the "Life and Letters of Walter Hines Page" by Burton J. Hendrick. Page was ambassador to England. One of his personal letters written a month before we entered the world war discloses the Morgans could not finance England any further. Page advised that we get into the war so we could save the allies with our credit.

Liberties

Everyone here swears privately collapse of the liberty retrenching program was strictly on the up and up. Rumors that certain New York banks had put a crimp in the plan appear to be made out of whole cloth. The real reason the finance was delayed was to protect the public works bond issue. The best minds of the administration agreed that interest rates could not be cut until the new issue is floated.

Rails

Mr. Roosevelt took his first licking on the railroad legislation without anyone hearing anything about it. The rail executive and unions hooked away at his idea backstage until they had whittled it down to what he thought was almost nothing. The administration was ready to concede privately early in the week that hopes for its original strong real program had been abandoned.

W.T.C.C.

Continued from page 11: tration included in the train fare to the convention. One of the colorful features of the convention will be the mass band concert in which some fifteen or twenty units will participate. Those directing convention plans boldly predict that the Big Spring affair will be the most widely attended of its kind in the past five years. They declare more registrations will be received than in several preceding years.

Conferences

Beider a galaxy of well known speakers and personalities, other features of the convention will likely attract a larger number of people than usual. The group conferences of all R. F. C. committees functioning in the 12 West Texas counties participating in the federal relief work loans will be called during the gathering here. Lawrence Westbrook, state relief director, has notified the personnel of all committees he expects them to attend.

Notes

The arms embargo bill was in Mr. Stimson's language (not Mr. Hoover's) as finally passed by the house. The new administration leaned to the Stimson version which was strongly opposed by the munitions people because it gives the president free power to order an arms embargo any time he sees fit.

30 To Enter Contest

Twenty cities have already declared they would be represented in the My Home Town Speaking contest which opens the first evening of the convention. Those to be represented are Anton, Ballinger, Breckenridge, Coahoma, Childress, Colorado, De Leon, Electra, Gorman, Haskell, Mineral Wells, Moran, Rising Star, Santa Anna, Slaton, Spur, Vernon, and Wichita Falls. C. M. Caldwell is of the contest committee.

Tendency of host city delegates

to refrain from participating in the convention proper will be rigorously combated this year. Leaders in the convention will make every effort to have registered delegates from Big Spring take part in all important meetings. With time for the local registration drive a week away, chamber officials are pleading for cooperation that the largest possible number be sold. The registration fee will provide for eight dollars worth of entertainment alone, they

WHIRLIGIG

running behind capacity. The leading districts here and across Texas this Easter than last year.

Inflation

All this inflation talk has New York by the ears. Here we have the various proposals to achieve it are reviewed locally. 1. Currency expansion: Business and financial elements are largely against it. 2. Devaluation of the dollar: Commodity speculators favor it enthusiastically. The stock exchange contingent is less keen but is willing to be shown. Some insurance interests advocate it privately. Bankers and bond men are extremely hostile, business men generally so.

Churches

St. Paul's Lutheran: Sunday school will be held at 10 a. m. There will be no preaching service, due to absence of the pastor, Rev. W. G. Buchsacher, who is attending a church conference in Riesel, Texas. Church of Christ: George F. Mickey, Lockney minister, will fill the pulpit morning and evening in place of the local minister, Melvin J. Wise, who is conducting a revival meeting at Lockney.

Man Stabbed At Vernon

VERNON (SP)—Clint Oneal, about 30, oil field worker at Rock Crossing, southeast of here, was stabbed and seriously wounded in altercation on a highway four miles from the city Saturday. Officers sought two men as suspects, the absence of the minister. This will be an interesting and instructive service, with a vested choir and good singing. Mrs. O. L. Thomas will be the organist.

Investigation

Several of the big private bankers who have been feeling pretty clamor over the coming investigation of their business are no longer as worried as they were a week ago. These lads say that the administration has its hands so full with the growing opposition on Capitol Hill that the chances are that the investigation will fade out of the picture. Any rumors you hear of that kind are the bunk. Neither have there been any secret agreements been complete and it's just a case to go easy. The research job has been playing 'possum until the senate's infatigation excitement calms down.

Germany

Vice-chancellor von Papen and minister without portfolio Goerring did not bring home the bacon when they returned from Rome. Hitler and his cabinet colleagues are not hiding their disappointment over the unsuccessful Easter pilgrimage of the two emissaries. Papen's alibi for not getting any concessions from the Vatican was that the German Catholics who read him out of the party last year had the inside track with His Holiness and queered the works. Goerring reported that Mussolini was very eager to improve traffic on the German-Italian air line. Political co-operation was "out" unless the Germans solemnly renounced the Anschluss.

Infant Girl Buried

Saturday Afternoon: Dorothy Joan, the infant daughter of Mr. and Mrs. Joe E. Tucker, 308 North Third street, was buried Saturday following funeral services at 4 p. m. at the family home with Rev. J. Richard Spann officiating. Arrangements were in charge of the Eberly Funeral Home. The child died at 10:30 p. m. Friday. Among relatives surviving are J. W. Tucker, Gall, grandfather; Mrs. Opal McIntosh, Big Spring; an aunt; Mrs. Emory Frasier, Big Spring; an aunt, and Mr. and Mrs. William Lamb, Big Spring, cousins.

Probate Court Gets

Three Applications: Three applications to admit wills to probate have been made. W. L. Wilson, executor, asked that the will of the late George Y. Wilson be admitted to probate. Sallie J. Eddins, as executrix, made a similar request on behalf of the I. D. Eddins estate. Weldon M. Bennett, for the Jennie M. Covert estate, was the third to make application.

BIRTH NOTICE

Mr. and Mrs. L. L. Jones, 204 W. 19th street, are the parents of a seven pound boy born Thursday 4 p. m. The boy has been christened Carleton Watson Jones. Mrs. Jones and son are doing well.

Directs Show

MRS. LEE WEATHERS, above, well-known stage director and instructor in Speech, of Sweetwater and Big Spring, arrived Friday evening to begin preparations for the West Texas Revue, to be presented evenings during the West Texas Chamber of Commerce convention in the municipal auditorium. Mrs. Weathers directed the Gypsy Revue at the WTCC meeting in Sweetwater last year and achieved unusual success. Her plans for this year's show call for one of the richest arrays of talent ever gathered in West Texas for a single show.

Pipe Line Mishap

Has Aftermath In \$25,000 Damage Suit: Tom H. McDowell filed a suit in the 32nd district court Saturday asking \$25,000 damages for injuries suffered while working on a pipe line in Reagan county in 1930. Defendants were named as L. S. Harrison, T. G. Holland and J. A. Finlayson. McDowell asks \$15,000 for mental and physical anguish suffered from injuries and \$10,000 in loss of earning capacity. He charges negligence of employees of the company which hired him caused him to suffer spinal injuries which makes it impossible for him ever to again pursue his occupation. McDowell was injured when a 700 pound pipe fell on him.

Morris School

Ends Year's Work: Morris school will end its school year Friday. The scheduled seven months term will have been completed by that time. Miss Elsie Loggans, the teacher, has been selected to serve another year in her capacity at the school.

Scenic Drive Repair

Work Is Completed: Repairing of the Scenic Drive roadway was finished Saturday afternoon, said B. F. Robbins, who directed the work. Twenty-five to 28 men, paid out of federal employment relief funds, worked three days, using two trucks. Mr. Robbins called special attention to work done on the two hills leading down from the mountain into Edwards Heights.

Aged Mexican Resident

Buried Here Saturday: Dusebio Sosa, 71, native of Mexico, who died at his home on the M. M. Edwards farm southwest of town, was buried in the Catholic cemetery here Saturday afternoon with Rev. Theo Francis officiating. Three sons, residing on the Edwards ranch, survive him. They are Tiny, Ed and S. M. Sosa.

Oil In Storage Not

Affected By Orders: KILGORE (SP)—Captain E. N. Stanley, in charge of the railroad commission field office here, said Saturday the shutdown of East Texas oil field to take potential well tests did not affect movement of oil in storage or that produced as a result of such test.

Boy May Have Hanged Self

SALLISAW, Okla. (SP)—County Attorney Green, heading investigation into mysterious hanging of Buck Brannon, 11, in a remote bushy mountain section announced upon returning here Saturday, that there was a possibility that the boy hanged himself.

Linck's FOOD STORES 1405 Scurry, 2nd & Gregg MONDAY Special On Our Bargain Table 1-4 lb. Pkg. W. P. Orange Peaches TEA 9c

Cowboys Play Coahoma

Akerly To Play Twice: Barring bad weather, the Big Spring Cowboys will venture to Coahoma this afternoon in an effort to muzzie the Bulldogs, vicious Coahoma baseball team. Akerly will be loaded up this afternoon with a double header, taking on the Mexican Tigers and the Forsan Oilers.

PUBLIC RECORDS

Marriage License: W. F. Dewvall and Miss Trade Beard of Big Spring. In the 32nd District Court: Tom E. Ellis vs. Lena Ellis, suit for divorce. Tom R. McDowell vs. Fenalyson and Holland, et al, suit for damages.

LOMAX TRUSTEE RESIGNS

C. M. Woods Saturday resigned his position as a member of the Lomax board of trustees. Mrs. Pauline C. Brigham, county superintendent, will appoint a successor. To Erect Unique Monument: AMESBURY, Mass. (UP)—An unusual monument is being designed here to be placed on the firemen's plot in Union cemetery. It is a block of granite, nearly eight feet high, on the face of which are carved designs of fire-fighting implements.

**Flock Dot Voile \$1.95**

**MISS ELIZABETH MARTIN**  
Nelly Don's personal representative will be here to assist you... Answer your fashion problems. Ask to meet her!

**YOU ARE INVITED**  
to see these new fashions, revealing Nelly Don's nicety of fit, meticulous tailoring and dressmaker details!  
They will be presented in a style show at our store on Monday and Tuesday afternoons at Three-Thirty—under the direction of Miss Elizabeth Martin.

The army posts in approximately three weeks.

The first project to receive consideration in Reeves County is in the Balmorhea territory, including the irrigation district, which is on account of the extensive flood damage to the irrigation system during the past year. This work will consist of levy work to prevent over-flow, repairs to the intake dam and canal, the reconstruction of the intake canal to prevent further flood damage, the improvement of a spill-way in the dam section of the reservoir, increasing the strength of the reservoir, and numerous improvements to repair flood damage throughout the system, also to open the old channel of San Dia Creek with the hope of renewing and increasing the flood of that stream as a drainage system, and the use of the water for irrigation.

The plans for the Balmorhea work have been prepared by the board of directors of the district, and complete plans and specifications have been prepared by Vernon L. Sullivan as the engineer of this project, and are in shape to be correctly presented to the Washington authorities for quick action.

**Pecos May Share**  
It has been proposed that Pecos undertake to secure advantage of this work in the construction of a drainage canal from the Southeast section of the city to the Pecos river, in order to relieve to some extent a serious condition of underground water in the city. This condition of a continual rising of the under ground water is more serious than generally recognized, and unless relieved may cause serious damage. Also it is important from a health standpoint, and other considerations. It is very necessary that such drainage be provided within the near future, and this may offer an opportunity to secure same at small cost. The construction of this main drainage ditch would not be in itself sufficient to drain the town, but it would be of great help, and would provide an outlet for lateral drain ditches and a drain to be opened into it. The surplus water that is causing this trouble is coming from a large number of wells which are running open, and from others in which the casing is in bad condition.

The plans for this work have not been drawn but tentative plans are being prepared by Mr. Sullivan and will be forwarded to Mr. Dunlap to reach him prior to his departure for Washington. If this project is indicated as one that may be approved it will be necessary to draw definite plans and specifications for the work.

If this camp is established at Pecos it is possible that when this work is completed the force of men may be employed on other projects in this vicinity. Such applications will be made for the Grandfalls irrigation project near Mentone in Loving County.

The effort to secure the approval for the Pecos work is being handled by H. P. Davis, secretary of the Chamber of Commerce, and was considered and offered for the city council and county judge and county commissioners at a joint meeting at the city hall Tuesday evening.

## House Passes Graduated Tax On Crude Production

### House Educational Appropriations Bill Several Hundred Thousand Dollars Under Senate Measure; Texas A & M Feels Knife

AUSTIN—Passage of a bill to levy a graduated tax on the production of crude petroleum was effected Friday in the house of the Texas legislature. The vote was 67 to 47. The proposal still had to be considered in the senate.

The house also passed finally the educational appropriation bill, the last of the four main budget proposals pending in either branch of the legislature. The house bill, however, was several hundred thousand dollars under the senate bill on the same subject and a conference will be needed to adjust the differences.

The senate engrossed a house bill to reduce the production allowances of marginal oil wells. The vote was 17 to 4. Proponents did not seek to place the bill on final passage.

Sponsors of the bill were anxious to pass it as soon as possible in order that the railroad commission might take it into consideration. In the preparation of a new oil production order for East Texas. The bill would reduce the allowances of most of the East Texas marginal wells from 40 to 20 barrels daily. Under the proposed new law, the allowances would vary from 19 to 25 barrels, according to the depth of the well.

**Mortgage Bill Into Law**  
Governor Miriam A. Ferguson signed a bill designed to grant relief to property owners whose holdings have been sold at foreclosure proceedings from deficiency judgments. Under existing law, if mortgage property does not bring enough at forced sale to satisfy the obligation, the creditor can obtain a deficiency judgment against the debtor for the difference between the sale price and the amount of the debt.

The new law would permit the debtor to plead as a defense against a suit for deficiency judgment that the forced sale of his property did not bring its actual market value. A jury would determine the real value of the property and the difference between the real value and the sale price would be deducted from the deficiency judgment.

**Graduated Tax**  
Under the graduated oil tax, the first ten barrels produced from a single well in one day would be levied on at the rate of one cent per barrel; production from 10 to 150 barrels would be taxed two cents per barrel; production between 150 and 250, five cents per barrel and excess of 250 barrels per

day the tax would be hiked to 20 cents per barrel. The bill was amended to provide that only flat tax of two cents per barrel would apply to production from wells having a depth in excess of 5,000 feet or two wells whose sub-surface conditions were such that to limit production to 150 barrels or less would injure or impair the well.

Before the house could pass the appropriation bill, it was necessary to adjourn for two minutes. The bill was engrossed but the motion to suspend the rules and finally pass it failed, making it necessary to adjourn before it could be placed on final passage. It was accorded final passage by only seven votes. Several amendments were warded off when the house ordered debate cut off and forced a vote over protest of the economy bloc. One amendment would have reduced the salary of all deans at the University of Texas to \$4,000 annually. Only two items had been reached in the university's appropriation when a vote was forced. The salary of the president had been cut from \$10,000 to \$6,000 and the salary of the dean of the graduate school cut to \$4,000.

Texas Agricultural and Mechanical college, the first school in the bill, suffered severely from the pruning knife, the salaries of the deans and the head departments being cut approximately 85 per cent.

As passed by the house, the bill was approximately 35 per cent under the appropriation for the current biennium. The senate reduction was about 25 per cent.

### San Jacinto Party Given Bridge Club

Mrs. Jimmie Mason entertained the members of the Congenial Bridge club Friday afternoon at her home with a very attractive party featuring San Jacinto day. Colors of red, white and blue were used in all the accessories.

Mrs. Sanford was the highest scorer. Mrs. L. R. Kuykendall was the only guest. Refreshments of strawberry shortcake and whipped cream were served to the guest and following members: Mmes. C. C. Carter, W. H. Romele, D. C. Hamilton, Raymond Winn, Alton E. Underwood, L. S. Sawford. Mrs. Hamilton will be the next hostess.

## Government Reforestation Camp Goes To Reeves County

### First Contingent Enlisted Will Be Single Men 18 To 25 Years Of Age; Balmorhea Irrigation District To Be Scene Of Work

PECOS—Reeves county is to get one of the federal government's reforestation camps, probably at Balmorhea. Two hundred men will be employed there on various projects, it was learned this week.

Advices from the state board of water engineers and the state reclamation water engineer at Austin are that the reforestation plans of the federal government has been enlarged to provide that 12,000 men will be employed in Texas, divided into sixty camps of approximately 200 men each.

The work has been enlarged in Texas to include public works of different character, including storm control and flood prevention. The exact limitations and details of which are not known at this time. It is understood that A. H. Dunlap of the State Board of Water Engineers will go from Austin to Washington within the next few days to present definite plans of work for approval. And it is expected that other such plans will be later considered, the statement having been made that the allotment of 12,000 men to the state of Texas may be increased to twice that number.

**Plan of Organization**  
The plan of organization so far announced is that the first contingent enlisted will be single men between the ages of 18 and 25 years, who are assisting in the support of others dependent upon them. That these men will be enlisted for a definite period of service, and will be concentrated at army posts for examination and

conditioning during a period of two weeks prior to being placed in the camps where work will be done. The exact conditions under which such men will be enlisted have not yet been announced, but it is expected that same will be made public within a few days, and that the first contingent ready for the work camps will be sent out from

White Ewe Has Black Lambs HOLYOKE, Mass. (UP)—Twin lambs, as black as coal, were born to a snow-white ewe and ram on George Gill's farm.
