

FD Orders US Seizure Of Coal Mines

Campaign Closes On Victory Note County Goes Over A Million In War Loan

It could be Victory Day in Howard county. The government's Second War Loan closed Saturday night, and as elsewhere over Texas and the nation it closed in mighty triumph in Howard county.

\$50,000 of its purchases to Howard county; the Firestone Tire & Rubber company similarly recognized its local store with a \$2,000 investment.

Warm thanks for the patriotic response came from Ted O. Groebel, chairman of the War Loan, who issued a formal statement. In turn, high tribute for Groebel's work and he dropped all personal business for the "duration" to direct the drive—came from Ira Thurman and Chester O'Brien, general Victory Loan and War Bond committee chairmen.

to mention—all were responsible in making Howard County Bond Conscientious. To them a well-deserved thank you. And I'm sure every bond purchaser in Howard county, in this Second War Loan, has the same feeling, because, after all, the bond purchaser is the direct beneficiary who provides for himself a feeling of security in the uncertain future.

has, no doubt, been eased considerably, and now that Howard countians realize their dollars have assisted in this accomplishment, they will, no doubt, be more generous in their investment of security in future War Finance Campaigns.

Rail Travel, Electricity Curbs Mapped

Ickes Says Steps Necessary To Conserve Fuel Supply

WASHINGTON, May 1 (AP)—Immediate elimination of all unessential railroad travel for the duration of the coal strike was recommended by Fuels Administrator Ickes tonight.

Troops To Be Used If Necessary To Insure Operation

WASHINGTON, May 1 (AP)—Fuels Administrator Harold L. Ickes today took possession of mines producing 95 per cent of America's coal under orders from President Roosevelt that mining "must and shall continue" in the face of John L. Lewis' refusal to order 500,000 idle men back to work.

Mr. Roosevelt, acting as commander-in-chief of the armed forces, made it clear the government will exert every effort—using troops if necessary—to see that the mines operate normally Monday, and will retain possession of the coal fields until Lewis' United Mine Workers agree to submit their wage dispute to the War Labor Board—whose every recent request Lewis has defied.

Americans Fight With Bayonets To Capture Hills

ALLIED HEADQUARTERS IN NORTH AFRICA, May 1 (AP)—American soldiers in their first large-scale bayonet attack of the Tunisian campaign have stabbed into the fringe of the fan-shaped Axis bridgehead and captured two strategic hills, U.S. headquarters announced today, while Allied airmen celebrated the striking of the war's deadliest blow at Axis shipping in the Mediterranean.

As the artillery-supported infantrymen stormed their way up the stoutly defended heights, the Allied air forces caught a concentration of enemy ships in the straits of Sicily and sank seven of the vessels and hit at least two others.

Even with these successes, the Americans still were unable to look down upon the plain of Tunisia for there are other heights to be taken before they reach sight of the level land.

But long-range American guns already are hurling shells over the mountains into the vital enemy rail junction of Mateur, which lies where the hills disappear and the plain begins between Tunis and Bizerte.

The action by the toughened American troops who slipped into the northern sector after battling the Germans in the Maktassy area was only part of the bitter fighting all along the Tunisian front in which the enemy lunged out with several desperate counter-attacks, virtually all of which were repulsed.

Axis forces gained a little ground against the British First Army east and northeast of Medjes-El-Bab and turned in slight gains against the Eighth Army in the south.

A special announcement telling of the aerial blow against enemy shipping off Cap Bon at the eastern tip of Tunisia said it was known that the Allied fliers sank two destroyers, a motor ferry, a motor launch, a corvette, a large motor, torpedo boat and a tank carrier. Bombs also struck two merchant ships, the announcement said.

Next in importance to the war bond success was the double promise of extended and new oil production in eastern and northeastern Howard county. A Sinclair well two miles east of Oshoma looked like one of the strongest and from a slightly shallower pay level in the East Howard pool. The W. S. Guthrie No. 1 Allen, mile north and east of Vincent, began to look more and more like pool opener in the northeastern area.

Essen Takes New Pounding From RAF

Berlin Reports US Fortresses Over French Harbor

LONDON, May 1 (AP)—Royal Air Force bombers pounded the German industrial city of Essen last night and Berlin said American four-engine heavyweights attacked an undisclosed French harbor across the English Channel in daylight today in a resumption of the pre-invasion aerial offensive.

While the 8th U. S. air force headquarters had made no announcement of the daylight operations several hours after coastal residents in Britain reported seeing American planes roar across the channel, the Berlin radio declared that a formation of U. S. bombers "attempted a raid" on a harbor in western France.

The German broadcast, recorded by the Associated Press, claimed that eight four-engine bombers were downed when they met "strong German fighter defenses and anti-aircraft fire."

The direction the planes were flying when they crossed the coast suggested a new attack on one of the Axis U-boat bases on the Brittany coast.

In last night's heavy raid, the RAF heaped on Essen the distinction of being the most-bombed city in the world.

The German industrial city with a normal population of 654,000, now has been the recipient of more than 10,000 tons of bombs delivered by the RAF on 55 missions, and bomb-wise Londoners had to use but little imagination to realize the destruction wrought by concentrated attacks there.

Thirteen planes were missing from the night attacks on Essen and the neighboring Ruhr district. The RAF spread over targets in a wide area instead of concentrating on one patch such as the great Krupp works, already ripped and rendered idle for long post-bombing periods.

One of the captured nazis died of wounds after being rescued from the water. The remaining 32, including the submarine's commander, were placed under guard in the Icarus' forecastle and were landed at Charleston, S. C.

Home after 15 months in the east Lt. Gen. Joseph "Vinegar" Joe Stillwell, commander of U.S. Army forces in China-Burma-India theatre, tells his wife of his experiences, including his harrowing trek through the jungle on the retreat from Burma, after their reunion at Washington.

'Punishment' For Men In Philippines

By The Associated Press Twenty-five United States army and navy officers and men and seven British sailors have been given "appropriate punishment" because they were said to have posed as ordinary civilians in the Philippines, the Japanese Domei agency said last night in a Tokyo broadcast recorded by the Federal Communications Commission.

The nature of the "punishment" was not stated by Domei which quoted the Tokyo newspaper Mainichi as saying that the men had been "feted" last year because they gave "full credence to misleading Anglo-American propaganda that the Japanese killed all war prisoners."

Civilian Supply Chief Appointed

WASHINGTON, May 1 (AP)—WPA Chairman Donald M. Nelson tonight created a new office of civilian requirements and named its director, Arthur D. Whiteside, with full power to act as spokesman for the civilian population for all consumer goods and services except food, housing and transportation.

The civilian czar who is president of Dun and Bradstreet, Inc., was authorized by the war production board chairman to determine rationing policies and to issue directing telling the office of price administration when, where and how much goods are to be rationed.

CG Cutter Puts Up Real Fight Nazi Sub Destroyed, 33 Of Crew Captured

MIAMI, Fla., May 1 (AP)—Lieut. Comdr. Maurice D. Jester, veteran of 28 years of life-savings with the United States coast guard, told today how the cutter Icarus under his command brought destruction of a marauding German submarine, capture of 33 of its crew and death to others.

The action flamed for 30 swift minutes off the Carolina coast several months ago, with depth charges smashing at the underside, a torpedo streaking at the cutter, and gunfire giving the coup de grace to the German naval craft.

He said he understood "that the Office of Defense Transportation is now studying ways and means of curtailing 25 per cent of the passenger train and locomotive mileage on the railroads of the United States during the period of this emergency."

Reliable but unquotable sources said Ickes already had prepared a letter addressed to Chairman Donald M. Nelson of the War Production Board requesting a nationwide "dim-out" in electric lighting. It was stated the letter might be delivered to Nelson tomorrow, and Nelson was expected to take prompt action.

Presumably the proposed order would call for the extinguishing of all ornamental illumination, theater marquees, show windows of stores and other non-essential lighting.

48-Hour Week For Steelmen

WASHINGTON, May 1 (AP)—Manpower Commissioner McNutt decreed tonight that steel mills working less than 48 hours a week may hire 20 new workers after June 1 without War Manpower Commission approval—thus assuring, McNutt declared, that more than 825,000 steel workers will be on a 48-hour basis by July 1.

McNutt, who acted under President Roosevelt's executive order giving the commission authority to order a 48-hour week wherever it deems necessary, said the steel industry now is averaging only 41.5 hours, with some plants running as low as 37 hours.

The action will be equivalent to adding 50,000 men to the nation's labor forces, McNutt said, asserting all workers released by the steel mills in going to the extended work week can be placed readily in other industries by the United States Employment Service.

Extension of that agreement until midnight last night had been agreed to by Lewis, while the WLB had ordered it extended indefinitely pending determination of the issue.

Even before the midnight deadline set by Lewis, thousands of miners had walked out, and today many more thousands joined them in staying away from the pits. Armed with authority to use troops if necessary in reopening the mines next week, Ickes said: "I pray that the use of soldiers will never become necessary. They will not be called in unless it is absolutely essential."

But the troops remained at Ickes' command if he ruled they were needed. President Roosevelt, who acted as commander-in-chief of the armed forces, gave the administrator full authority to call on the war department for whatever aid he found desirable and necessary.

Jap Vessel Bombed Off New Guinea

ALLIED HEADQUARTERS IN AUSTRALIA, Sunday, May 2 (AP)—A 5,000-ton Japanese ship was bombed yesterday off Dutch New Guinea and left sinking, the high command announced.

In another aerial action over Soembawa Island, Netherlands East Indies, three Japanese fighters were shot down. The Japanese ship, a cargo vessel, was attacked by four-engine Allied bombers off Manokwari.

The vessel was in the harbor. A direct hit and near miss were scored by the raiders. The ship was seen settling by the stern in a spreading oil slick.

The Soembawa action occurred when eight Japanese fighters sought to intercept a big Allied bomber on a reconnaissance mission. The bomber, in shooting down three planes, also sustained some damage but reached its base safely.

In addition to the attack on the ship, Allied bombers over Dutch New Guinea, also attacked the airbases at Timika and Nabire.

Elsewhere in the area northwest of Australia, a medium bomber raided the wharf area of Langgowa on the Kai Islands.

Southwest Miners Ordered To Work

FORT SMITH, Ark., May 1 (AP)—United States mine workers membership in the Arkansas-Oklahoma coal fields have been instructed by their district leaders to return to the pits Monday morning, spokesmen for the union and operators announced tonight. The UMW claims a membership of approximately 8,000 in the area.

Pete Stewart, commissioner for the Arkansas-Oklahoma coal operators association, said that David Fowler, president of EMW's district 21, had instructed his district board members to order a return to work.

Silent—John L. Lewis is pictured as he faced reporters at the close of a United Mine Workers policy committee session at New York. The UMW chief was keeping silent Saturday after President Roosevelt ordered mine operations to continue under government supervision.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

It's great to be wrong. Back in the pre-war days when the average month brought a few thousand dollars invested in what was then "defense" bonds, we timidly expressed the hope that the county might eventually do its part by contributing a million dollars. Last week, a tremendous April campaign was topped by the announcement that \$1,000,975 in bonds had been sold during the month. The goal for the month was \$703,000—and some thought that impossible. Yet, it's great to be wrong.

Recruit Mexicans For Railway Work

WASHINGTON, May 1 (AP)—The war manpower commission announced today that recruiting of 6,000 Mexican track workers for southwestern railroads would begin May 10.

Big Guns In Action Across Channel

LONDON, May 1 (AP)—Big guns engaged in a heavy exchange of fire across the channel tonight. British batteries opened up just before 10:30 o'clock and the Germans replied shortly afterward.

See THE WEEK, Page 13, Col. 6

Tracy, Hepburn Starred Again In Stirring Dramatic Story

Teamed Again—Spencer Tracy and Katharine Hepburn in a dramatic scene from "Keeper of the Flame," a story of mystery and intrigue by I. R. Wylie, which is at the Ritz today and Monday. Tracy and Miss Hepburn were co-starred again as a result of their successful "Woman of the Year."

Teamed again as the result of one of the hits of the current year in "Woman of the Year," Spencer Tracy and Katharine Hepburn figure in tense drama in "Keeper of the Flame," the Ritz theatre's feature for today and Monday.

Adapted from I. A. R. Wylie's best-selling novel, "Keeper of the Flame" gives Tracy the characterization of a war correspondent, returned to America after being courted from several European countries for telling the truth, and assigned to write a life story of a famous American leader, recently killed in an accident.

In his investigation Tracy meets the young and beautiful widow of the dead man, and falls in love with her. Miss Hepburn plays the latter role, and dramatic complications ensue when, because she is not frank with the newspaperman he comes to suspect her of complicity in her husband's death, and is torn between love and conscience. A sensational discovery and crushing dramatic climax, solves the problem.

Tracy's role is sometimes whimsical, sometimes grimly dramatic, and Miss Hepburn rises to emotional heights in the gripping climax. Richard Whorf, newcomer from the Broadway stage, plays a sinister role compellingly, and Margaret Wycherly, Audrey Christie, Horace McNally, Donald Meek, Frank Craven and Darryl Hickman are among the principals.

George Cukor directed with skill that brings out many shadings of delicate human interest, and interesting photography was provided by William Daniels. A vivid musical score by Bronislav Kaper enhances the dramatic moments.

Comic Stars Of Radio In Queen Film

The four comedy stars who last year were the biggest moneymakers of the season for RKO Radio Pictures are united once more in "Here We Go Again," playing today and Monday at the Queen Theatre.

They rate Edgar Bergen and Charlie McCarthy and Fibber McGee and Molly, top ranking luminaries of the radio world, who in 1941 combined their talents for the first time in a motion picture, "Look Who's Laughing."

While Edgar Bergen and Charlie McCarthy already were well known to picture audiences, curiosity ran high regarding the appearance of the Wistful Vista couple. Their air fans found that Fibber and Molly were typical Americans, simple people much like the characters they portray on their radio show, very human in every way.

"Here We Go Again" brings them back again in their same radio characters and provides scenes in the famous mythical town of Wistful Vista, as well as at the site of their honeymoon 20 years ago and at a smart mountain resort lodge. Once more Molly presents her famous characterization of "Sin," the little girl who is heard on their radio program and who, up until the McGees made their film debut, was believed to be a separate personality.

Others in the cast include Harold Peary (The Great Glidersleeve), Bill Thompson, who does "Old Time" and other characters in the McGee air act; Gale Gordon from the same program; Mortimer Snerd, one of Bergen's popular creations, and Ginny Simms, lovely singer.

THE WEEK'S PLAYBILL

SUNDAY-MONDAY
RITZ—"Keeper of the Flame," with Spencer Tracy and Katharine Hepburn.
LYRIC—"Lady Bodyguard," with Eddie Albert and Anne Shirley.
QUEEN—"Here We Go Again," with Edgar Bergen, Charlie McCarthy, Fibber McGee and Molly.

TUESDAY-WEDNESDAY
RITZ—"Dr. Gillespie's New Assistant," with Lionel Barrymore and Van Johnson.

LYRIC—"The Immortal Sergeant," with Henry Fonda, Maureen O'Hara and Thomas Mitchell.
QUEEN—"Murder in Times Square," with Edmund Lowe and Marguerite Chapman.

THURSDAY
RITZ—"Boys' Reformatory," with Frankie Darro; also, "Cinderella Swings It," with Guy Kibbee and Gloria Warren.

LYRIC—"Powers Girl," with Anne Shirley and George Murphy.
QUEEN—"Ape Man," with Bela Lugosi and Wallace Ford.
FRIDAY-SATURDAY
RITZ—"White Cargo," with Hedy Lamarr and Walter Pidgeon.
LYRIC—"Haunted Ranch," with the Range Busters.
QUEEN—"The Avenging Rider," with Tim Holt.

Fun-Thriller Tops Lyric Program

A dead Eddie Albert is a good Eddie Albert, according to Maude Eburna, Edward Brophy and Raymond Walburn, the terrific trio introduced by Paramount in "Lady Bodyguard," the comedy thriller offered today and Monday at the Lyric Theatre. The lady in the title role—and Eddie's co-star—is blonde Anne Shirley.

Just to get things straight at the beginning, Eddie is a test pilot who gets insured for a cool million dollars as a publicity stunt. He names the unholy three, Eburna, Brophy and Walburn, as beneficiaries. How these ingrates try to make a corpse delict out of Eddie and how the lovely Miss Shirley, as an executive of the insurance company, protects him against all harm (that's where the "bodyguard" comes in) and, of course, falls in love with him, is the two-way fulcrum for this fast, furious and funny picture.

Advanced reports make "Lady Bodyguard" one of the loveliest fun films of the year, with plenty of sequences in which comedy and thrills are so skillfully combined that one doesn't quite know whether to roar with laughter or shiver. One such scene has Eddie Albert fast asleep in an airplane 10,000 feet up while his passengers go wacky trying to find out how to fly the thing. They pull gadgets and the plane stands on its tail. They push a lever and she takes a straight-down dive. All the while anti-aircraft gunners on the ground are blasting away with ack-ack. It's lots of fun.

Thrills and chills aside for the moment, the big business of "Lady Bodyguard" is the romance of Eddie and Anne, with Anne guarding Eddie against disaster but nobody guarding Anne against Eddie. Altogether, the picture is rated tops as fun film, romantic drama and thriller.

Over 2 Million See Educational Films

AUSTIN, May 1 (AP)—Under the Texas war film program, 2,576,000 Texans since Nov. 15, 1942 have attended 14,904 non-theatrical film showings on the war program sponsored by the visual education division of the state department of education, John W. Gunstream, director, said today.

With 1,989 films, the program is the largest war film program in the nation, Gunstream announced.

From 24 centers, films are distributed free to public schools.

War production, inter-American relations, war scenes and other aspects of the war program are portrayed.

In what Gunstream describes as a typical week—the period ending March 27—30,474 persons attended war film programs in Dallas, 14,375 in Wichita Falls, 11,020 in Denton, 11,331 in Abilene, 8,321 in Kilgore, 13,830 in San Antonio, 7,942 in Austin, 6,532 in Houston, 5,962 in Beaumont and 4,880 in Kingsville.

At Lyric—Eddie Albert and Ann Shirley are the happy pair in this scene from "Lady Bodyguard," a rollicking comedy story of a test pilot who learns how tough a woman can be. The picture is the Sunday-Monday feature at the Lyric theatre.

Ladies' Man—Charlie McCarthy, the wooden idol, is the center of a bevy of beauties in his latest comedy, "Here We Go Again," appearing at the Queen today and Monday. Charlie has the support, of course, of Edgar Bergen; and for extra fun there are Fibber McGee and Molly, Harold Peary (the Great Glidersleeve), and Ginny Simms.

Dakar, French West Africa, is almost equidistant from South America and Europe. It is 1,860 miles from Natal, Brazil, and from Gibraltar.

Education—Gary Cooper professor who knows big words, but he doesn't know much about women. Barbara Stanwyck, a gal from the bright lights, proceeds to broaden his education. This is the theme of the hilarious film, "Ball of Fire," which is the featured attraction for today and Monday at the State theatre. It's rated at the top among romances with the background of high comedy.

Baboons And Elephants In Dailey Circus

Thirty giant, ferocious, unmanageable baboons with six huge elephants are coming here Wednesday.

The occasion is the date of the Dailey Bros, three-ring circus, which will play afternoon and night performances at the West 3rd street showgrounds. This circus does not boast of its magnitude but prefers to insist that its performance is far superior and very different from that offered by most shows. The two hour program, including many new features and surprising acts, is produced in three rings, on the hippodrome track and in mid-air, and the same program is presented in the smaller city as in the metropolitan centers.

The Dailey elephants are the only ones ever trained to play baseball and the trainer is a little less not yet twelve years old.

The Dailey circus is the only circus in this country to own and exhibit thirty baboons, the meanest of the ape family. The group were rescued from the Malaya war zone just prior to the fall of Singapore.

The Dailey horse show, features among other beautiful steeds, the famous show stallions, Black Diamond and Major. Miss Hazel King, the patient trainer of the collection of Pinto and palomino horses, is acknowledged to be the queen of all circus horsewomen.

Performances will be given at 2 and 8 p. m., regardless of weather conditions. There will be no street parade.

P. O. Receipts Continue At High Level

Postal receipts continued to set the pace for reports from public agencies, establishing a new record for the year past \$38,000, record level that persisted all this year, a survey of April business showed Saturday.

April receipts amounted to \$8,921.34, which, although down from the booming \$10,100 in March, was well over the \$7,610.04 for April of 1942. It also pushed the total receipts for the year past \$38,000.

As has been the case all along, the receipts do not reflect a true picture of activity at the postoffice, for a tremendous volume of free mail from the Big Spring Bombardier School is not calculated in totals.

Building activities, long held to the bare minimum, were up slightly in April, amounting to \$7,830 under the stimulus of a \$4,500 permit for remodeling of the USO center. This was a gain over the \$5,054 for March but under the \$11,532 for April a year ago.

New passenger car registrations, on a ration basis, numbered four for April, the same as for the preceding month, but up from the single such registration in April of 1943.

Dry Soups Are Taken Off The Ration List

WASHINGTON, May 1 (AP)—Dried or dehydrated soups come off the ration list, most fruit and tomato juices get lower point values and several other changes in processed fruit-vegetable rationing go into effect Sunday morning.

The changes were announced tonight by the Office of Price Administration. Removal of dry soups from the ration list was decided on so late that OPA already had distributed sample charts showing a one point per package value for dry soups in packages up to four ounces. These will have to be corrected by storekeepers.

Authorities acted from alarm over reports that wholesale stocks of dry soups had increased 80 per cent in March, due to a spurt in production, and much of the stock was in danger of spoiling due to warm weather. In the fall, these soups are expected to be rationed again.

The cuts in juice points, also due to slow sales, affect all popular fruit juices and tomato juices, except pineapple juice, which went up from 13 to 17 points on the popular No. 2 1-2 size can. Other can sizes of pineapple juice remained unchanged.

Grape juice came down from 4 to 2 points for a pint and from 8 to 3 for a quart. Grapefruit and other citrus juices were trimmed in the No. 2 size can from 4 to 3 points and in the 46 ounce can from 9 to 4 points. Tomato juice was reduced in the No. 2 can from 12 to 6 points and in the 46 ounce can size from 22 to 11 points. In connection with vegetable juices, OPA removed rationing from all types except tomato juice and vegetable combinations containing 70 per cent or more tomato juice. This freed carrot, sauerkraut, beet and similar juices.

No changes were made in frozen fruits and vegetables, whose values were cut about in half April 23. Baby foods, dry beans and peas also were unaffected.

Among canned fruits, reductions were made on certain can sizes of apples, berries, cherries, peaches, pear plums and prunes. Increases hit certain sizes of canned apricots, fruit cocktail or salad, and pineapple.

Among vegetables, decreases were ordered on certain sizes of catsup, canned carrots, leafy greens, sauerkraut, spinach, but higher points were assigned "vacuum packed corn" (not ordinary canned corn), and tomato paste. Canned corn on the cob was taken off the ration list, and also freed were canned green turtle soup, clam juice, clam broth and clam juice cocktail, all formerly on the canned soup list.

The new values will be applicable to G, H and J blue coupons in ration book No. 2, which are valid until the end of May. Officials said they expect no further revisions in point values until then.

New values for red stamps on meat also go into effect Sunday. They generally increase by a point per pound the coupon cost of round steak and center pork chops, leave most other steaks and roasts unchanged, and make one-point per pound reductions for spareribs, brains, tongues and most other variety meats.

Local Group To Sing Convention

One and possibly two other carloads of Howard county folk will go to Big Lake today for the third annual meeting of the West Texas Singing Convention.

Among representatives from here will be Paul Attaway, vice-president of the regional singers unit which was organized here Oct. 25-26, 1941.

The city of Big Lake is staging a barbecue for the occasion today and singers are expected from over a wide area.

Highlighting the business of the convention will be the election of officers and selection of the next convention city. Officers now include Elias Clark, Abilene, president, Attaway, vice-president, and Glen Haddock, secretary.

Haddock is now in the armed services.

Lend-Lease Expenditures Reach Total Of Ten Billion

Russia Gets Big Percent Of Planes

WASHINGTON, May 1 (AP)—The United States extended \$688,000,000 in lend-lease aid in March, bringing to \$10,818,000,000 the total expenditures since the program began March 11, 1941.

In reporting this tonight, Administrator Edward R. Stettinius, Jr., said goods transferred represented \$8,494,135,000 of the total. Services, such as ship repairs, shipping and production facilities made up the remaining \$1,825,865,000.

Lend-lease shipments in the last three months were divided as follows: United Kingdom, 28 per cent; Russia, 21 per cent; Africa and Middle East, 16 per cent; Far East (including India) 14 per cent; other areas 1 per cent.

Without giving actual figures, Stettinius said more lend-lease planes have been sent to Russia than to any other military theater. Approximately one third of all combat planes produced in this country have been lend-leased, and aircraft make up the largest single category of transfers, totaling \$1,405,744,000 to April 1.

Because of an increasingly acute food shortage in Russia, Stettinius said, as much food will be shipped to that country this year as to Great Britain, which formerly received the bulk of lend-lease food shipments.

Stettinius said reverse lend-lease provided to the United States by the United Nations, as well as aid to each other, as "continued to mount in volume and importance," and "we know that in proportion to the resources they have available this lend-lease aid by our Allies to us and to each other is entirely comparable to our own."

Fund Measure To Conference

AUSTIN, May 1 (AP)—The 48th legislature's last big money bill today went to conference committee as the house voted \$19,897,748 for operating state colleges and universities in 1944-45.

The house bill called for \$94,008 more than the senate bill, necessitating conference action to reconcile differences. The other major appropriations bills are still being processed before being reported back to both houses. Final enactment of the bills remains as must legislation between now and adjournment of the session May 11.

As passed by the house today in its first Saturday meeting of the session, the higher education appropriations bill included an amendment adding \$435,300 to the University of Texas main branch. It also boosted the university's main branch appropriation from \$3,472,010 to \$3,907,315.

The lump reduction for all schools, however, was \$3,026,062 for the biennium as compared with the current appropriation. Speaker of the House Price Daniel urged members to act swiftly on the bill and get it into conference committee.

QUESTION? ANSWER!

Application. The finest quality roofing made, even Flintkote roofing, will not give satisfactory service if it is not applied by men who know their business. You will get better service with second rate roofing than with second rate applicators. We suggest that you

Mrs. H. C. Wolf Dies; Service At 4 Today

Funeral rites are to be held at 4 o'clock this afternoon at the First Methodist church for Mrs. Eliza Hannah Wolf, wife of H. C. Wolf and resident of the Vincent community since 1920. Mrs. Wolf, 75, succumbed at 2:30 Friday afternoon in a local hospital, victim of a heart ailment. She had been ill for two weeks.

Rev. Bryant, Methodist minister of Coahoma, will conduct the rites, and pallbearers will be Carl Griffin, Dewey Shives, Leroy Echols, Jim Hodnett, Ed Carpenter and Turl Shafter. Eberly Funeral home is in charge of arrangements.

Born July 11, 1867, in Tennessee, Mrs. Wolf came to this area with her family 23 years ago, from Silvertown, Texas. Besides her husband, three sisters and one brother, she leaves 112 direct descendants. Six daughters are Mrs. Sally Bell, Santa Paula, Calif.; Mrs. Molly Irby, Artesia, N. M.; Mrs. Fanny Keeter and Mrs. Vera Foster of Quitaque; Mrs. Bessie Wade of Summertown, Ariz., and Mrs. Ola Buchanan of Big Spring. Four sons are John and V. H. Wolf of Vincent, William Wolf of Clovis, N. M., and Bob Wolf of Big Spring. There are 61 grandchildren and 41 great-grandchildren.

Sisters are Mrs. J. R. Bates and Mrs. Jim Rose of Gainesville, and Mrs. Jane Pace of Dilley. The brother is John Emmert of Dilley.

C-C Managers To Convene

Chamber of commerce managers of West Texas, assembled for a study of their wartime responsibilities and problems, will have one of the most complete programs ever before them when the regional managers association meets Thursday at Midland for a three-day conference.

J. H. Green, Big Spring, president of the CCMAWT, Saturday announced the program which includes six major addresses, including talks by Mark McGee, Fort Worth, state OPA administrator, and M. C. Ulmer, Midland, president of the West Texas Chamber of Commerce, and D. A. Bandeen, Abilene, manager of the WTCO.

Magee is to discuss OPA problems with the managers as a highlight of the Friday evening banquet session. Ulmer, a Midland banker, will give his impressions of the business outlook, while Bandeen's address on post-war planning will be the high spot of the Saturday luncheon.

Other talks will be by R. W. Knight, Wichita Falls chamber of commerce manager, who will speak on "Food for Victory;" Joe Cooley, assistant manager of the Amarillo chamber of commerce, on "Keeping Up Membership in Local Chambers;" D. A. Chesworth, managing editor of the San Angelo Standard-Times, on "Wartime Publicity;" and Bill Holden, Fort Worth chamber of commerce manager, on "Chamber of Commerce Goes to War."

Entertainment for the various sessions will be provided by Bill Collyns, manager of the host Midland chamber of commerce.

John Barry was the first commodore of the United States navy.

LEGAL NOTICE

CITATION BY PUBLICATION THE STATE OF TEXAS TO ROBERT K. ROGERS, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of May, A. D., 1943, at or before 10 o'clock A. M., before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas.

Said plaintiff's amended petition was filed on the 10th day of April, 1943. Said suit originally being filed on the 9th day of March, 1943.

The file number of said suit being No. 4733. The names of the parties in said suit are: GLENDELL S. ROGERS as Plaintiff, and ROBERT K. ROGERS as Defendant.

The nature of said suit being substantially as follows, to wit: Alleging plaintiff is a bona fide inhabitant of the state of Texas for a year and a resident of Howard county for six months. That they were married May 16, 1942, and she quit him February 15, 1943, alleging that his course of conduct was of such cruel nature as to render their living together unbearable and insupportable. That no children were born of the marriage, and that she owns as her own right the automobile, but in alternative that in the time of the separation, he took more money with him than the value of the car, and that the car be awarded to her. Plaintiff prays for judgment for property.

Issued this 10th day of April, 1943. Given under my hand and seal of said Court, at office in Big Spring, Texas, this the 10th day of April A. D., 1943.

GEO. C. CHOATE, District Clerk.

Women Have An Opportunity In The Signal Corps

Nine West Texas women will be offered an unusual opportunity, through enlistment in the U. S. Army signal corps, to be given a thorough course for radio operators and mechanics and be paid during their period of training.

Those between the ages of 21 to 45 years will be eligible, provided they have no dependents and have a high school education. Those selected will be given a three months signal corps course as radio mechanics and operators, in regular civil service status, and will receive \$85 a month. Following this, there will be succeeding courses and pay level then will be \$120 a month before being ordered to active duty with the Women's Army Auxiliary Corps. During the signal corps training, cost of lodging and subsistence must be borne by the women. Full information may be had at the army recruiting station in the postoffice basement.

Announcement was made Saturday that Justin Holmes had assumed management of the Shroyer Motor company and will be in complete charge of operations.

Holmes, formerly associated with Lone Star Chevrolet and well known in automotive circles, is replacing A. H. Shroyer, who is giving up business activities upon doctor's orders. He has been suffering from a heart ailment and will take an extended rest. Mrs. Shroyer will continue to work in the office on a part-time basis.

Holmes said that more men would be added to the service shop, "and we are organizing so as to be able to maintain full sales and service facilities." Shroyer asked the continued patronage of his friends and customers under the new setup.

The company is local dealer for Oldsmobiles and GMC trucks.

Justin Holmes Will Manage The Shroyer Company

The following officers are new arrivals reporting for duty as pilots at the AAFBS, Big Spring: Second Lieutenant Charles E. Bowling of Ann Arbor, Mich.; William G. Cocking of Iowa City, Iowa; Bernard L. McIntire of Altoona, Pa.; S. Dean Wright of Lincoln, Kas.; Harold W. Wynn of Mansfield, Ohio; Robert H. Zimmerman of Orleans, N. Y.; Donald R. Gruettner of Toledo, Ohio, and Millard G. Worbell of Houston.

The following enlisted men of the 818th Bombardier Training Squadron, are to go to Lowry Field, Colorado, for a course of instruction: Cpl. Delwert S. Glover of Dallas, and Cpl. Glen R. Ehardt of Slayton, Okla.

New Regulations On Canning Sugar

DALLAS, May 1 (AP)—Urging consumers not to apply for more than they need, the Office of Price Administration today announced new simplified regulations for liberalized rationing of sugar for home canning.

The new regulations, which apply only to the Dallas and Atlanta OPA regions because of their climatic conditions and early crops, provide that each consumer may get one pound of sugar per four quarts of finished canned fruit, but that the maximum must not exceed 25 pounds.

States in the Dallas region are Texas, Louisiana, Oklahoma, Kansas, Arkansas and Missouri. San Antonio. Capt. Fred L. McGinn, Jr., of Canon City, Colo., on April 26 was promoted to the rank of major. He is director of ground school. First Lt. Frederick R. Fry, assistant bombight maintenance officer, of Centerville, Mo., is placed on temporary duty for the purpose of taking a course of instruction at Lowry Field, Colo.

Husband Rejected For Army, Woman Gives Up Home For WAAC Service

Mrs. Beesie Wesley, Big Spring, was on her way to a Woman's Army Auxiliary Corps training camp Saturday, determined that "my family shall have at least one member in the armed forces."

band had it all figured out that he would be the one, but "my husband had the misfortune of being turned down by the medical examining board for induction," explained Mrs. Wesley.

Clear Weeds Now, Avoid Hay Fever Later In Year

Perseverance this week might cut down on sneezes this autumn. Hay fever sufferers may find it good insurance to participate vigorously in the Clean Up Week campaign by clearing their own place and surrounding vacant lots of weeds and brush.

"Right after this I made application for the WAAC and was accepted." In civilian life she had been active in church affairs, serving as leader for the young people of the Assembly of God. "Breaking up my home has been the hardest thing I ever did," she explained, "but I feel it is my duty to do this by joining the WAAC and thereby release a man for front-line fighting. We women have got to help by doing our part . . . to speed the day of sure and complete victory."

Scouts To Spread Word Of Cleanup Drive In City

Boy Scouts and Girl Scouts of Big Spring will do their part in the Clean Up campaign by carrying the message to residents. Tuesday afternoon the scouts will make an effort to knock on every door and verbally express the hope of the Clean Up committee that each person will cooperate by seeing that his premises are put in order during the week. Suggestions that adjacent lots might be cleaned also will be made.

Provisions may be made for leaving a small message in doors where people do not respond to knocks.

RETIREES
SAN DIEGO, Calif., May 1 (AP)—William (Big Bill) Palmer, 69, veteran customs service investigator who has apprehended smugglers along the Atlantic and Pacific coasts and along the Mexican border, retired today after 35 years service.

Local Stores Thronged In Stamp Rush

Grocers might have thought Friday was Saturday, to look at the crowds of customers in their stores, but they knew, only too well, that the rush was occasioned by expiring A, B, C and D red stamps and E, E and F blue stamps.

Hoarding the stamps to the last three days is evidently the way housewives have been balancing their budget of points for from Wednesday through Friday the rush of buying was on. Biggest seller was meat and the types of meat ranged from hams and bacon to roasts. Cheese, shortening and canned fish were also on the preference lists while strangely enough butter was not a big seller at all.

In canned goods, canned fruits took up many remaining blue points that housewives had saved up during the month. But after the buying spree of Friday, grocery clerks took a breath this spot on Saturday, usually the big day. Customers were few and far between and were both loath to start handing out their new month's ration points.

Yank Pilots Use Double-Talk As They Shoot Japs

WASHINGTON, May 1 (AP)—Four United States army air forces fighter pilots chatted by radio in double talk as they shot down four bombers out of a flight of 37 Japanese planes over the Russell Islands in the south Pacific recently, the war department disclosed today.

The American pilots on Guadalcanal had nicknamed each other after characters in Damon Runyon's stories of Broadway. "Big Mig," "Harry the Horse," "Guinea Mike," "Handaxe John," "Dancing Dan" and "Sorrowful" were some of the names used by the pilots. They used these names even in ordinary conversation on the ground, so they would be easily recognized as they came crackling in over the radio high in the sky giving directions for a dog fight. These four Alracobras were on patrol over the Russell Islands northwest of Henderson Field, Guadalcanal Island, when they sighted 12 Japanese dive bombers and 25 fighter planes. The Americans waited high in the clouds until the bombers got out far enough in front of their fighter protection. Then down roared the Alracobras piloted by Captain Jerome R. Sawyer of South Pasadena, California; First Lieutenant Wallace R. McClendon, Jr., of 262 Arbor street, Houston, Texas, and First Lieutenant Arnold M. Patterson, Hyde Park, Mass.

Livestock

FORT WORTH, May 1 (AP)—Livestock: Hogs, top, \$14.25. No sheep of consequence were reported and prices here were called nominally steady. Practically no sales were reported on beef steers and yearlings. Odd head of low grade butcher cows brought \$10-11.50; bulls quotable at \$12.50 down. Scattered sales of killing calves were reported at \$11-14 with choice kinds lacking. Culls cashed at \$8-10. No sales of consequence in the stocker and feeder division were reported. Most good and choice 195-300 pound butchering hogs \$14.25; some good 160-pound weights \$13.75-14. Sows \$13.75.

Wall Street

NEW YORK, May 1 (AP)—Stocks generally took the national coal crisis in stride today and market leaders ended a successful week with gains of fractions to around 2 points. The Associated Press average of 60 stocks was up 2 of a point at 49.6, which was only 3 under the peak figure since May, 1940. On the week it was up 7. The utility composite touched a new top since April 7, 1941. Dealings, slack in the first hour, picked up briskly toward the end, and transfers for the two hours amounted to \$43,855 shares compared with \$42,190 last Saturday. It was the largest short session turnover in three weeks.

12 In Mitchell Co. Reclassified 1-A

COLORADO CITY, May 1—The Mitchell county selective service board reclassified this week a large group of draftees including twelve men, Edgar Brown, Edgar Haselwood, Herman Whitley, Marcelo Alvarez, Tamer Underwood, Allen Richburg, William Garliff, Ben Morton, Arm Feaster, Joe Smallwood, Isham Cherry, Weldon Mahon, listed as 1A. Thirteen others were ordered to take physicals. They are Clyde Snow, Luke Givrin, Jr., Russell Hatlock, Edward Starling, Julius Smith, Libero Garcia, Roy Young, Clifford Tamar, Murmon Dawson, Vernon Duvett, John Walker, Jr., William Fielding, Donald Montgomery.

When George Washington became president of the United States, the nation had no navy.

Service Program For Boy Scouts To Be Mapped

Importance of mapping a service program as well as an out-of-doors schedule of activities for the summer by individual Boy Scout troops was stressed by the executive board of the Buffalo Trail council here Friday evening.

War times have accentuated the need for service projects, said Charles Paxton, Sweetwater, president of the council. However, the physical side was not forgotten, for plans for a series of district summer camps were discussed at the meeting. Reports on finances from over the council reflected the best condition on record for this time of the year and T. P. Johnston, Sweetwater, finance chairman, believed there was a good possibility of finishing on the right side of the ledger despite an ambitious expansion program.

From various districts, with minor exceptions, came reports of substantial gains in units, scouts and scouters. Here for the meeting, held at the Settles hotel, were Paxton, Johnston, S. P. Gaskin, area executive, J. D. Holbrook and Dr. C. A.

Hottest April In 15 Years

The old crystal ball will do just as well as the record chart when it comes to predicting the course of weather this spring.

Spring? Well, that's what the calendar says, but at the U. S. Experiment Farm records bear out what many a blistered soul has felt, namely that it's more like summer. In fact, the hottest April weather since 1928 has just gone down in the books. In that good year, the maximum got clear out of hand and blew the lid at 103 degrees at the last of the month. The hottest this year was 98 degrees.

As for prospects of rain, one might as well consult the trusty old corn, the unfurling rheumatic joints or swarming flies, for there's no consistency in the records.

Rosebrough of Sweetwater; Guy Brenneeman and Peck Cunningham of Midland; Roy Davis Coles of Colorado City; Don Betts, field executive, Joe Plover and Tom Pickering of Odessa; James Polk, field executive, of Snyder; W. C. Blankenship, George Melear, Nat Chick, B. Reagan and H. D. Norris, field executive, Big Spring.

About the time a parallel is figured out, up pops something that unparallels it. Nearest recent similarity in weather for the first four months was in 1933, and it's less painful to forget about that. The total that year was only a little over 12 inches and four and a half of that came in one mighty rain late in August.

For those who wish to wager, the safest bet is to lay a bit on the line that this year's rainfall will be under the 19-inch mark. Invariably, two years above normal (the 1941 total was 31.62, greatest on record here, and 1942 was 23.68) rainfall will be followed by one or more under. However you

could lose, for once—although only once—there were three good years in a row. That was 1913-14-15. After that things rapidly declined in to the worst drought on record.

LOS ANGELES, Cal. (UP)—After serving 20 years as a police woman and being retired, Mrs. Lulu Lane did not like it. So she sailed for Alaska to engage in war construction work.

Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exclusively prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. . . it helps keep the skin soft and pliable. . . thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin. . . for the tired back muscles or cramped pains in the legs. Quickly absorbed. Delightful to use.

Mother's Friend Highly praised by users, many doctors and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight.

219 MAIN ST., BIG SPRING, TEXAS

Selectees Go From Mitchell County

COLORADO CITY, May 1 — A group of 24 selectees left Colorado City Friday for Camp Wolters. They are Charles Edward Shelton, Floyd Alford Langley, Olan Brents Lawrence, J. R. Moore, Palmer Ben Hays, Elbert Lee Kidd, Elbert Franklin Sweett, J. Quinton Hambrick, Orville Nolan Thomas, Ol-

lie Martin King, Jimmie Lee Bradley, Jack Goodwin Allbright, Elmer Thomas Vaughan, Visenta Sanchez, Earnest Chaney, Jr., Lloyd Dillard Sawyer, Frank Paredes, J. Dudley Chesney, Joe Edward Richards, Elmo Dale Northcutt, Sidney Merion Jones, James B. Simmons, Thomas Weldon Womack, William Thomas Franklin.

Four other Mitchell county men were accepted for the navy recent-

ly at the Abilene induction center, and will leave shortly for Dallas. Edward Olive Friddy, Roland Tex Farr, Floyd Willard Sawyer, and Hubert Earl Thomas are the navy men.

Floyd Willard Sawyer and Lloyd Dillard Sawyer, twin brothers were drafted and passed physicals at the same time. Floyd chose the navy, Lloyd the army.

Rites Today At 5 P. M. For Mrs. Williams

Final tributes to another of Howard county's pioneers will be paid at 5 p. m. today when Christian Science rites are said for Mrs. W. P. Williams, 77, who died here Wednesday.

Born in 1866, Mrs. Williams came here with her husband, the late "Pink" Williams, 53 years ago from Callahan county, towed by "Red and Rock," a plodding yoke of oxen. They were one of the first three families to settle in the eastern part of the county and after a year in the R-Bar area staked out a section, part of which is the original townsite for Coahoma.

Mrs. Williams had lived on that place until her death. She had been ill during the weekend and was brought here by her son, Ollie. Apparently recovered, she was preparing to return home when she was stricken suddenly.

Survivors include five daughters, Mrs. R. O. Hadden, Tulsa, Okla., Mrs. Otis Baker, Del Rio, and Mrs. Zula Patterson, Mrs. Wilma Walker and Mrs. Ed Jennings, all of Los Angeles, Calif.; two sons, Ollie L. Williams, Big Spring, and Willard Williams, Coahoma. She also leaves three sisters, Mrs. J. J. Bowers, Prairie Hill, Mrs. Ollie Loftland, Mexia, and Mrs. John Stockton of New Jersey; one brother, T. A. Cowan, Lovington, N. M.; 15 grandchildren and 11 great-grandchildren.

Among grandchildren and other relatives were: Mrs. E. J. ... and Mrs. Elgin Reid, Amarillo, Mr. and Mrs. James Patterson, El Paso, Mr. and Mrs. Jimmy Matthews, Eastland, Mrs. Gladys Hart, Childress, Betty and Dwain Williams, Big Spring, and Floyd Williams and son, Charles, Lubbock.

Burial was to be in the Coahoma cemetery beside the grave of Mr. Williams, who died in 1925, and a daughter, Mrs. E. R. Reid. Active pallbearers were to be John Wolcott, Claud Wolf, Oley Cathey and Bruce Frasier of Big Spring, and Bob Marshall and Frank Logan of Coahoma. All friends were considered as honorary pallbearers. Arrangements were in charge of the Eberley Funeral home.

MISSING IN ACTION
COLORADO CITY, May 1—Mrs. George Hunter of Cuthbert, Mitchell county, has been informed through the Red Cross that her son, Pvt. Velton Curry Hampton, missing in action since May 7, 1942, is a prisoner of the Japanese government in the Philippine Islands.

There Are Reasons For Slow Mail To The Men On The Foreign Fronts

One of the 999 questions that Mrs. G. G. Sawtelle, Red Cross chapter secretary answers every day, is one about the all important matter of mail to soldiers overseas.

Men in the armed services write to their friends and families that they haven't had any mail in weeks and civilians here worry and wonder what happens to all those letters they have been writing.

An explanation taken from the

United States News, an independent weekly magazine on national affairs published at Washington, gives the best explanation the Red Cross believes.

In part the article explains, "... mail must compete for cargo space with food and munitions; most mail ships sail only in convoys which sometimes take weeks to assemble; only a few persons use speedier V-mail; more than 10 percent of overseas mail is incorrectly addressed; and it often takes

weeks to match up with men who are moved to new locations before their mail arrives.

"When a man receives a whole batch of letters at once, the reason is that letters his family had been piling up at an embarkation port waiting for a convoy... or the letter may have gone down in a ship sunk by a submarine. To be sure of delivery a letter should carry a man's full name and rank, serial number if known, unit to which he is assigned, and his Army Post Office number. Most important is the APO number.

Every letter leaving this country must be read by a censor, which takes time. Often mail is

held up purposely to conceal from the enemy the whereabouts of certain units. Mail from soldiers abroad to their families at home moves more quickly because more cargo space is available on returning ships."

VICTORY MASS
SAN ANTONIO, May 1 (AP) — More than 30,000 San Antonians, soldiers and cadets will attend the Victory Mass at Kelly Field Sunday at 10:30 a. m. from a specially constructed throne on the Kelly Field golf course. Archbishop Robert E. Lucey will preside over the ceremonies.

NOTICE

Of Change In Management Of The Shroyer Motor Co.

Mr. Justin Holmes, formerly associated with Lone Star Chevrolet and an experienced automobile man, has assumed management and full operation of the Shroyer Motor Co.

A. H. Shroyer is retiring from management because of his health—but assures his many friends and customers that complete sales and service facilities will be maintained. Mrs. Shroyer will remain in the office part time.

We are enlarging our service department personnel and you can depend on our serving you to the best of our ability, and your continued patronage will be appreciated.

"To The Best Mothers in the World"

A gift from Big Spring that mother is sure to appreciate no matter where she lives...

BIG SPRING

The Casual Biography of a Prairie Town

The book by Shine Philips that produces hearty chuckles as he paints an unvarnished picture of small town life in a past era. Here are some of "the folks" in the book:

- The 'Doc':** A typical medico of the old school—whose frock coat was his insignia (and whose numerous pockets produced wonderful cures... and pills). Doc rode horseback and how he could ride! Many a time it was a neck-n-neck race between him and the stork...
- The Saddlebag Preacher:** The preacher had a hard row to hoe in BIG SPRING because it seemed the really interesting people hung out at the saloon and not the church. The Parson's strait-laced, God-fearing folks, Shine says, "always looked like they was weaned on a pickle." But the summer revival meetings drew out the whole town.
- The Drummer:** Traveling salesmen were the glamour boys in BIG SPRING in the late nineteenth century. The whole town (especially the girls) turned out for their arrival. They generally had a waxed mustache and conversational equipment to sell just about everything.

New Food Price Regulations Explained At OPA Meeting

District OPA men from Lubbock, headed by J. B. Mooney, district price officer, met here with price panels and price clerks of ration boards of several counties Friday afternoon and with wholesale and retail food dealers Friday evening to discuss price ceilings.

Mooney, who conducted both sessions, explained to members of the price panels and price clerks in the afternoon session that price panels of local boards were not in-

tended to act as "snoopers" on grocers but to study regulations and assist the grocery store owners in explaining the rules and regulations to them.

He expressed the belief that grocers will comply with the need of regulations once they understand what is expected of them.

He explained that stabilized prices would prevent the inflation and resulting depression like that after the last war and said that after the purpose of OPA actions were explained on this basis that the grocers would want to comply in keeping economic conditions within sight of everyone.

The plan now is to delegate food regulations to the local price panels and in the future other such authorities would be extended to local boards.

He explained the set-up of OPA with its price division, war production board, and rent control and explained that its purpose was to work with people in making possible equal sharing of all commodities with all of the people.

He cited examples of prices of needed articles kept down by OPA rules which have more than paid for the cost of such an organization as the Office of Price Administration.

A disappointing number of wholesale and retail grocers turned out for the Friday night meeting. Approximately 20 stores out of 92 in the county were represented at the meeting.

Mooney explained that in the past grocers based their calling prices on the highest price charged in March of 1942. In the future, he said, wholesalers and retailers will not have to file their calling prices with the local ration boards but will figure their prices on the basis of amounts given by OPA. Such schedules were distributed to representatives at the meeting.

Each Thursday of the week, grocers will figure their own calling prices from invoices given them by the wholesalers.

Individual problems and questions were discussed and C. E. Stocks, district food rationing officer, answered questions on point rationing.

W. A. Robertson, district price specialist, also attended the meeting. Present at the afternoon meet were four representatives from Dawson county, four from Mitchell, three from Scurry, two from Sterling and 11 from Howard county. Not represented were Irion and Borden county boards.

Seen at the Cosden party Friday evening: Mrs. A. V. Karcher with a most becoming new coiffure. Corporal and Mrs. Barnett Hinds and Private and Mrs. W. E. Ramsey chatting at a table.

Among army guests were Col. and Mrs. R. L. Warren and Lieut. Colonel David Wade.

Wanda McQuain was there with her fiancé, Lieut. Eddie McElhannon, and the RCAF was represented by Johnny Nail, here from Canada on a leave.

Down from Graham were Mr. and Mrs. Marvin Miller.

It looked like old home week with old and new friends visiting and having fun at one of the best parties of the year.

Cosden Chatter—

By TOMMIE MCCRARY

R. L. Tollett returned Thursday morning from a twelve day trip to New York, Philadelphia and Chicago, in time to invest \$150,000 for the company in government securities to help the Howard county quota.

Charles W. Hammack, Walter M. Edwards, Frank Zahn and E. W. Regan, management engineers from George S. May & Company of Chicago, Ill., are in the office on special assignment.

C. T. McLaughlin was in the office Thursday.

Cosden bought a 4-H Club beef last week and donated it to the Boy Scouts so they may barbecue it for their Boy Scout Jamboree May 8.

Speddy Nugent has been in Graham, Fort Worth and Dallas on company business.

L. L. Victor Bales of the field artillery surprised us with a visit Saturday. Lt. Bales received his commission at Ft. Sill, Okla., about two weeks ago, and is to be stationed at Camp Barkeley.

Report on our shut-ins: It seems that our shut-ins, Douglas Orme and C. F. Dyckmans are about to be up and around again. Both are showing rapid improvement.

Velva Glass is managing to keep busy these days. She is teaching first aid to the twenty-five Girl Scouts in Troop 2.

Mr. and Mrs. T. B. Fulkerson visited in the office last week.

Is Farmer Rubie McNew turning out to be a cattleman, too?

Mr. and Mrs. Goldie Corbin and son, David Lyndon, of Fort Worth are visiting with Mr. and Mrs. Paul McCrary.

"Sonny" Fuller will be employed by "Uncle" Sam in the capacity of a naval air cadet in about ten days.

Jesse E. Westley's wife is now a WAAC.

Dr. Smith To Talk Today At Local Church

"Mission Work Among the Canibals" will be the topic of an address given by Dr. Egbert W. Smith, internationally famous Presbyterian missionary and speaker of world affairs, who will speak at 11 o'clock services at the First Presbyterian church today.

He will also address the young people of the church in the intermediate assembly room at 1 o'clock this evening and will speak on "The Most Hated Country, Japan" at 8 o'clock services.

Dr. Smith, author of "Paul's Ways in Christ" and many other outstanding books, is scheduled to speak at the Tuesday luncheon of the Rotary club and on Monday, Tuesday and Wednesday evenings at the Presbyterian church.

The public is invited to attend his lectures which are non-sectarian and just as interesting to one denomination as to another.

Dr. Harold G. Cook, president of McMurry college, Abilene, will be guest speaker at 11 o'clock services scheduled at the First Methodist church, the Rev. H. Clyde Smith, pastor, announced Saturday. The choir will be featured in the hymn, "Send Out Thy Light."

A two week revival campaign at the Church of the Nazarene will open Sunday morning when the pastor, the Rev. Ivy Bohannon, preaches on "Men Wanted" at the 11 o'clock service.

Evening sermon at 8 p. m. will be "The Divine Passport." Special singing will feature each service.

The Rev. I. M. Ellis of Phoenix, Ariz., will arrive Monday to take charge of the revival and will preach each evening at 8 p. m. and each morning Tuesday through Friday at 10 a. m.

The Rev. Ellis has spent 25 years in evangelistic work and ten years as district superintendent. Singing will be conducted by local talent with special singing a feature. The public is cordially invited to attend all the services.

Fathers who did not marry off their children before they were 18 were fined in Canada's early days.

Two Promising Oil Shows In Section To Be Tested

Howard county's revived oil play was at a standstill as the week ended while operators prepared to test promising shows in two areas.

The W. S. Guthrie, et al No. 1 Pauline Allen, C SE SE, 57-30, La-Vaca Navigation, a mile east and a mile north of the Vincent community, was running five and a half inch string to approximately 4,000 feet for a cement job to shut off sulphur water from up the hole.

It continued to carry on undetermined amount of oil on top of fluid column after logging shows at 4,300 feet, 4,012 feet, and then another at 4,323-45 feet in lime, where it was now bottomed pending a test. The test's oil is the first obtained in the area and is below pays in the Sharon Ridge pool, a dozen miles to the north-east in Scurry county, that in the Westbrook area a similar distance east in Mitchell county and in the East Howard pool, 12 1-2 miles to south. Its chances as a discovery well may be tested by mid-week.

The Sinclair No. 1 E. F. Davis, 1,670 feet north of nearest production in the East Howard pool, brought new life to oil hopes in that section by topping pay at 2,320 feet and drilling to 2,537 feet before an oil flow forced at halt. After an estimated 200 barrels had flowed and headed, seven inch string was run and cemented. In the meantime, a motor overhaul was not complete and drilling was held up. Location is 330 feet from the south and 990 from the east lines of section 44-30-12, T&P.

Cosden Petroleum Corp. & W. D. Casebolt No. 1 C. C. Thompson, C NE NE, six miles east of Colorado City, was to resume drilling at 3,008 feet in lime with tool trouble after it had set five and a half inch string at 3,610 feet. Another Mitchell county wildcat, this one in the northwestern part of the county, the W. S. Guthrie No. 1 R. L. Solomon, C SW SE of section 71-07, H&TC, plugged back from 462 feet in blue shale to 440 feet to straighten hole.

Ray Oil Co. No. 1 Louie Hutto, et al, eastern Howard exploration, 330 feet out of the southeast corner of section 46-31-12, T&P, was 1,000 feet in anhydrite and shale. The test is a mile and a half southwest of Cosboma.

Location was staked for Flaming Oil Co., et al No. 2-E D. H. Snyder, 1980 feet from the north and 610 feet from the east lines of section 21-30-14, T&P, on the northern edge of the Snyder pool of southeastern Howard county.

W. S. Guthrie No. 1 H. S. Wren, Scurry county wildcat in section 292-07, H&TC, was underreaming 5 1-4 inch casing at 2,336 feet. Bottom was 4,008 feet in lime.

In Martin county, the M. J. Delaney Co. No. 1 Scharbauer Cattle Co. in C RE SW, 27-25-12, T&P, was reported below 3,340 feet in lime.

Five Bombers for Sullivans

J. L. SEGUNDO, Calif. (UP)—Five new dive bombers were dedicated here to the five Sullivan brothers, sons of Mr. and Mrs. Thomas F. Sullivan of Waterloo, Ia., who went down on the cruiser Junean. The three surviving mem-

bers of the Sullivan family, father, mother and sister Genevieve, who has now joined the WAVES, were present at the ceremonies.

Big Spring, Texas, Sunday, May 2, 1943

This Is Worth Fighting For

America's Future: Here's one reason American boys are fighting in the jungles of New Guinea, the sand dunes of Tunisia, the skies over Germany and on the seven seas. Here's a reason for seven million service stars, for world-shaking cotillions of war, for 75-80 million American fathers and mothers bought 15 billion dollars worth of War Bonds last month—to make the world a better place for babies who smile like this.

Program Tea Given By Junior Music Club In H. G. Keaton Home

Members Of The Senior Club And Parents Are Guests

Proceeding the observance of National and International Music week, which is being observed in Big Spring, May 2-9, the Junior Music Club entertained members of the Senior club and their parents with a program tea in Mrs. H. G. Keaton's home Saturday afternoon, 5 o'clock.

Refreshments were served from a lace laid table centered with a crystal bowl of sunburst roses inlaid. Baskets of pickled radishes and other spring flowers in floor baskets were placed at vantage points about the entertaining rooms.

Program for the afternoon included "I Love Thee," by Grieg sung by Ann Talbot, Jean Ellen Chown, who played "Two Larks," by Leschetzky and Pat Selkirk who played violin selection, "Euterpe," by Ponce and "Lullaby," by Brahms.

The Girl's Ensemble, which includes Eva Jane Darby, Betty Jo Pool, Marilyn Keaton, Helen Blount and Billie Ragsdale, sang "On Wings of Song," by Mendelssohn. A trio from the group sang "Lift Thine Eyes," by Mendelssohn and "Big Brown Bear," by Mann. Mrs. Burton Boyd concluded the program with a piano solo, "Wedding Day at Troldhaugen," by Grieg.

Junior members attending were

Betty Lou McGinnis, Helen Blount, Jean Ellen Chown, Pat Selkirk, Mrs. J. E. Hardesty, Roberta Gay, Mrs. S. H. Gibson, Mrs. J. P. Kenney, Mrs. J. H. Kirkpatrick, Mrs. Bernard Lamun, Mrs. C. W. Norman, Mrs. Omar Pitman, Mrs. R. W. Thompson, Elsie Willis, Mrs. H. G. Williams, Mrs. W. B. Hardy, Mrs. R. V. Middleton, Mrs. Larson Lloyd and Mrs. G. T. Hall.

Club members' parents also attended.

PROGRAM AND SOCIAL HELD AT IOOF HALL

Odd Fellow and Rebekah lodges of Knott, Lamesa and Big Spring participated in the 12th anniversary of the Odd Fellows lodge which was held Friday evening at the IOOF hall.

Mrs. Della Herring and Jim Orenshaw introduced officers of the various lodges who took part in the program. W. A. Prescott was master of ceremonies and introduced the program numbers which included a variety program by members of the Knott lodge.

Refreshments were served following the program and around 100 persons attended.

Employees Have Dance At Settles

Around 200 persons attended a formal dance held in the ballroom of the Settles hotel Friday evening for employees of Cooden Refinery and their guests. Hosts for the evening were Mr. and Mrs. Jack Smith, Mr. and Mrs. Knox Chadd, Mr. and Mrs. Speedy Nugent, Mr. and Mrs. Stoney Henry.

Tables were placed cabaret style on the mezzanine, and music for the entertainment was furnished by Ray Cline and his orchestra from Dallas.

Special services section at the Big Spring Bombardier School presented an entertaining floor show at intermission under the direction of Elouise Haley, post hostess. Included on the program were Mrs. Jean Odie who did a Hawaiian dance, Cpl. Phillip Tucker and Mrs. Odie who presented a comic ballet dance, Marcia Neil who sang "As Time Goes By," and "Brazil." Betty Bob Diltz sang two numbers, "Cow Cow Boogie" and "You Made Me Love You," accompanied by Helen Duley. Cpl. Tucker concluded the program with a comedy song and dance act.

Antique, Hobby Show To Be Held Here Thursday

Everything from spoons made of silver dollars to musical rabbits will be displayed at the Antique and Hobby show which will be held in the T. S. Currie home, 501 Hillside Drive, Thursday evening, May 6. The exhibit, second to be presented in Big Spring, is under the sponsorship of the Presbyterian Business Women's Circle.

Among articles which will be displayed are silver spoons belonging to Mrs. Roland Schwarzenbach which were made for her grandmother 65 years ago by Mrs. Schwarzenbach's grandfather. Mrs. J. O. Tamsitt will contribute to the display with antique jewelry and old fashioned dress and petticoat which belonged to her grandmother.

Many of Mrs. Cecil Westerman's varied collection of 200 pairs of salt and pepper shakers and tea pots will be included in the show along with a sampler owned by Carrie Scholz which is 86 years old. Miss Scholz made the sampler back in 1857 and relates the cloth was woven in school.

Always outstanding at any show is the collection owned by Agnes Currie which includes articles from various countries over the world. Miss Currie stated Saturday that in the Business Women's exhibit she would feature match book and stamp book collections along with her set of Old London view plates and checks from China.

Other items include musical boxes such as the musical cake plate which plays "Happy Birthday," the brown jug music box, musical Christmas tree and musical rabbit which plays "Easter Parade." The play is cordially invited to attend the show which will be held from 6 to 11 p. m. on Thursday evening.

Money realized from the entertainment will be used for carpeting the isles and altar of the First Presbyterian church and committee in charge of the entertainment includes Mrs. Florence McNew, Agnes Currie, Mrs. Roland Schwarzenbach.

Club Entertains With Fine Arts Tea In Colorado

COLORADO CITY, May 1—As the final affair of the club year, members of the Self Culture club in Colorado City entertained fifty guests Friday afternoon with a Fine Arts spring tea at the home of Mrs. Earl Hammond. A May day theme was featured.

The officers of the club, Mrs. W. D. McClure, Mrs. A. C. Melton, Mrs. L. J. Taylor, Mrs. Luke Thomas, and Mrs. L. B. Elliott, were present. Mrs. Hammond is receiving. Refreshments were served in the reception suite and as refreshment table decorations. The punch service, placed on a mirror reflector, was wreathed with pink and white rose buds. Mrs. J. K. Alford poured punch. Assisting her in serving refreshments were Mrs. Bas Jones and Mrs. J. V. Glover.

Other members of the house party were Mrs. A. B. Erwin, Mrs. A. F. King, and Mrs. Henry Pond. Piano numbers were played by Mrs. James Herrington. The formal program featured original verse read by Mrs. Elliott, two vocal numbers by Mrs. Charles Mooser, accompanied by Mrs. Louise Latham, and a musical reading by Mrs. Arnel B. Smith with Mrs. Bruce Hart at the piano.

The study club will reconvene in September with Mrs. Taylor as president.

Missionary Society To Have Tea Monday

The Woman's Missionary Society of the East Fourth Baptist church will entertain with a May Day tea at the church Monday afternoon at 2 o'clock. Preceding the tea, a Royal Service program will be held in connection with the regular weekly meeting. All members are urged to attend.

Curies At Home Here Following Recent Marriage

Lieut. and Mrs. Pierre Wright Curie are at home at the King Apartments in Big Spring following their marriage in Nagodoches recently. Mrs. Curie is the former Peggy Louise Stone, daughter of Mr. and Mrs. John Edward Stone of Nagodoches. She is also a relative of Dr. C. A. Shaw, superintendent of the Big Spring State hospital.

The ceremony was read at the First Baptist church by the Rev. Bonnie Grimes deBastrop. The bride who was given in marriage by her father, dressed in an ivory slipper satin gown made with sweetheart neckline, long sleeves, and full skirt and train. Her veil of ivory bridal illusion fell from an arrangement of orange blossoms, and she carried a white prayer book adorned with white orchids.

Included among the ushers were Frank Richmond, Lieut. Sam Howe, Lieut. Malcolm Morton, all of Big Spring.

Mrs. Curie was graduated from Baylor University and Lieut. Curie from Iowa State University. Out-of-town guests for the wedding included Mrs. Sam Howe of Big Spring.

Engagement Told At Party Here

Mrs. Phil Walker announced the engagement and approaching marriage of her daughter, Mary Walker, to Sgt. Joe Smink at a party held in the Walker home Thursday evening. The couple will be married in the home of the bride's mother, May 9th.

Refreshments were served and these present were Oneta Chapman, Opal Chapman, Mary Nell Smitherman, Ruth Burnam, Mrs. Wanda Baird, Peggy Buchanan, Louise Holden, Katherine Malby, Edith Wilson.

North Ward Clears \$21 At 42 Party

The North Ward Parent-Teacher association entertained with a benefit 42 party at the school Friday evening and cleared around \$21 which will be used for the annual school picnic. Mrs. Jerome Lusk and Lynn Hognett won high in 42 and Mr. and Mrs. Neal King won low. Refreshments were served to the group which attended.

National Music Week Observance To Begin With Organ, Violin Concert This Afternoon

ELSIE WILLIS
Music Club President

MRS. J. E. HARDESTY
Featured Violinist

ROBERTA GAY
President-elect

Public Invited To Attend Free Programs Here

"Foster American and World Unity Through Music" has been chosen as the keynote of the 1943 National and Inter-National Music Week which is being observed in Big Spring May 2 through 9th, under the sponsorship of the Senior Music Study club, assisted by the Junior club and other organizations.

Mrs. M. A. Nelson, outstanding organist from Eagle Pass, and Mrs. J. E. Hardesty, violinist of Big Spring, will be presented in the opening concert this afternoon, 4 o'clock, at the First Baptist church. First part of the program will include such organ selections as "Caro Mio Ben" by Giordani, "Oh Sacred Head Now Wounded" by Bach, "Gavotte" by Gosses, "Fanfare in G Minor" by Ashford, "Liebestraum," by Liszt, "Madrigal" by Simonetti and "Largo" taken from "New World Symphony" by D'Vorak.

Mrs. Hardesty will play "The Swan" by Saint Saens, "Spanish Dance" by Moszkowski, "Berceuse" taken from the opera "Jocelyn" by Godard.

Mrs. Nelson will conclude the last part of the afternoon concert with "Cavatina" by Roff, "Postlude" by Matthews, and "The Grande March" taken from Verdi's "Aida."

Programs of the Week Mrs. Harry Hurt, president of the committee in charge of the local observance, announced Saturday that a program would be presented over KBST Wednesday afternoon, 5:15 to 5:30 o'clock by members of various music clubs and that the Junior Chorus would be featured Thursday evening at the city auditorium.

Kathryn Malloy, director of the chorus, which is composed of 65 junior high school students, will present a program with special numbers to be given by children of the Kate Morrison school, directed by Emma Cecil Nalley, music teacher.

Friday evening the Big Spring high school band will present their annual spring concert at the city auditorium, under the direction of Van Conley, high school band director.

Members of the Allegro club, youngest music group in Big Spring, will entertain with a program-ten in the home of their sponsor, Mrs. Omar Pitman, honoring their mothers Saturday morning. A program on famous composers studied by the organization will be presented.

Piano Concert Concluding the week of musical presentations, Burton Boyd, sponsored by the Junior Music club, will present a concert at the city auditorium Sunday afternoon, assisted by the Girl's Ensemble which includes Eva Jane Darby, Marilyn Keaton, Betty Jo Pool, Helen Blount and Billie Ragsdale.

Miss Elsie Willis, president of the Senior Music club and Miss Roberta Gay, president-elect, are working with other members of the various clubs to make the 1943 National Music Week the best ever.

The public is invited to attend the free programs and concerts which will be held May 2nd through 9th at the First Baptist church and city auditorium.

Dorothy Hendricks Has Game Party

Dorothy Helen Hendricks entertained a group of her friends with a game party in her home Friday evening with Mollie Chapman as co-hostess.

Games were played and refreshments were served to James Bostick, Jay Boyle, Ladd Smith, Patty McDonald, Aaa D. Couch, Leatrice Ross, Dorothy Day, Billie Jo Webb, Brooksis Nell Phillips, LaVerne Franklin, Clarabel Woods, Wanda Don Reese, Dauphine Reese, Billy Cassey, and the hostesses.

April Showers Dance Given By Sub Deb Club

The Sub Deb club entertained with a April Showers dance at the V. F. W. Home Friday evening and a spring motif was used in room decorations.

Miniature umbrellas were given as favors and music for the entertainment was furnished by nickelodeon.

Around 100 persons attended and their dates included Jerrie Hodges, Pete Cook, Camille Inkman, Stewart Smith, Merline Marwin, Donald Patton, Barbara McEwen, Kenneth Partridge, Joanne Rice, Robert Coffee, Ed McLaren, Ann Talbot, J. C. Mittle, Marijo Thurman, John Urey.

Since the Junior Senior prom will be held May 21, club members voted to postpone the annual spring formal to May 23 at the Settles hotel ballroom. The Sunday morning, May 8, Sub Debs will honor their mothers, grandmothers and guests at a Mother's Day breakfast which is held on May 9 of each year.

Royal Neighbors Purchase Large Number Of Bonds

Additional government bonds in the amount of \$2,500,000 have been purchased by Royal Neighbors of America, giving the society a total of \$5,084,750 invested in United States securities, according to a report received by Mabel Hall, box 1564, Big Spring, recorder of Camp No. 7277 of Big Spring, Texas.

The society's purchase of \$2,500,000 worth of government war bonds at this time serves as a part of two patriotic projects. One is the Royal Neighbor Mother's Day bond campaign and the other is the Second War Loan drive of the treasury department.

In view of the society's campaign to sell war bonds and stamps among its 5,846 camps and 500,000 members, this investment has been designated as "The Royal Neighbor Mother's Day Purchase of Government War Bonds." The amount of the purchase is considered a fitting tribute from the society to mothers of the nation for their sacrifices and contributions to the war effort. The society's campaign opened March 1 and closes May 31, 1943.

One of the first large investors in the Second War Loan drive, set for the month of April by the treasury department. In having a part in this drive the society is practicing patriotic teachings it has fostered since it was chartered as a fraternal benefit organization in 1895.

Champe Phillips And Bobbie Haynes In College Offices

DENTON, May 1—Misses Champe Phillips of Big Spring and Bobbie Haynes of Garden City have been elected to hold club offices at Texas State College for Women for the coming year. Miss Phillips will serve as vice-president of the Journalism Club and Miss Haynes will be vice-president of the Mary Swartz Rose Club. Both organizations are departmental societies, the former for journalism students, and the latter for home economics students.

Miss Phillips, daughter of Mr. and Mrs. Shime Phillips, is a junior student majoring in physical education and journalism. Miss Haynes, daughter of Mr. and Mrs. H. A. Haynes, is a sophomore majoring in home economics education.

CLUB TO HAVE PICNIC SUNDAY

Plans for a picnic which will be held Sunday were discussed when members of the J. F. F. club met with Marlene and Erlene Stewart Friday evening.

A business meeting was held and it was announced that Mollie Kinsey would entertain the club next Friday evening. Refreshments were served and those present were Mollie Kinsey, Bonnie Tubbs, Mollie Newman, Barbara Snyder, Joyce Williams, Billie Joy Horn, Lassie Tibbs and the hostesses.

Music Week Proclamation

WHEREAS, President Franklin Delano Roosevelt and other high officials of the United States have recognized the great value of National and Inter-American Music Week by endorsing its general observance;

WHEREAS, groups of Big Spring citizens, headed by members of the Music Study club, have arranged an outstanding program of special events in connection with our own city's observance of Music Week, each of these programs being free to the public; and

WHEREAS, it is recognized that the cultural growth of any city is synonymous with the enrichment of its community and individual life, and that a better understanding and appreciation of good music is one of the best means of this enrichment; and

WHEREAS, observance of Music Week this year stresses programs where local musicians, the high school band and junior musicians are given due credit for their studies and accomplishments, so that appreciation and enjoyment of music is put on its widest basis.

NOW, THEREFORE, I, as mayor of the City of Big Spring, do hereby set aside and proclaim the week of May 2-9 as MUSIC WEEK in Big Spring, join individuals and organizations in promoting the success of its observance, and call upon all citizens to assist likewise, to the end that the cultural standards of our city may be maintained and improved.

Signed
G. C. DUNHAM
Mayor of Big Spring.

Students To Present Senior Play "Minus A Million" Tuesday Night

Students at Big Spring high school were given a "peek" review of the senior play, "Minus A Million" Friday during assembly when characters were introduced in short sketches.

The senior class will present "Minus A Million," directed by Mrs. Thurman Gentry, Tuesday evening at 8:15 o'clock at the city auditorium. Admission to the three-act comedy by Jean Lee Latham will be 25 cents for students and 40 cents for adults.

Characters in the play are Colleen Slaughter (Mary), Stewart Smith (Don), Ann Talbot (Diane), Dorothy Sue Rows (Pauline), Bobby Boykin (Ricky), Joyce Martin (Bobby), Peppy Blount (Ted), Dell McCombs (Buttons), Jo Ann Switzer (Carmela), Pat Selkirk (Rosaland), and Wesley Deats (Andrew).

The story concerns a young girl who has a summer resort to manage, with the help of her sister. Love complications set in when the resort fills with visitors, mostly lovely girls after one man.

At the beginning of the third act, senior students will carry out the theme of performing before a talent scout staying at the resort. Billie Frances Shaffer will twirl her baton, Merline Marwin will sing, Stewart Smith and Pat Selkirk will sing a duet, Joyce Martin will do some imitations, and Betty Bob Diltz will sing and dance.

Ushers for the play include Maxine Moore, Barbara and Marjorie Laswell, Jonanna Terry, Katherine Burrough, Buna Brummett, Iola Price, Mina Mae Taylor, Winnie Ruth Rogers, Billie Cain, Frances Cundiff and Mary Jane McClendon. They will also be the audience for the talent scout in the third act.

Miss Rita Debenport is in charge of the musical arrangements in between acts.

Mr. and Mrs. E. L. Deason and Mr. and Mrs. B. T. Eason are two families of the town who met the opening of the fishing season by being at Sweetwater lake this weekend.

Dorcas Class Meets In W. R. Creighton Home

Sunday School Class Has Party In Coahoma

COAHOMA, May 1.—The Baptist Intermediate Sunday school class had their monthly social, Thursday night at the home of their teacher, Mrs. J. G. McGee. Games were played and refreshments were served to Teddy Fowler, Martha Jean Wells, Margie Raye Woodson, Bob Addison, Denis Turner, Johnny Nell Henry, Charlie Sullivan, Ray Echols, Jim Owens, Pat Knight, Darlene Tindol, Frances Bartlett, Gloria McGee, Rae Nell Hale, Peggy Jo Perry, Margaret Lessard, Mary Helen Hollis, Helen Lay, Katherine Patterson, Wanda Joyce Smith, Doris Jean Whaley and Berna Dean Satterfield.

Betty Pearl Kidd spent the weekend in Vincoht, with Uia Pearl Reed. Mrs. Paul Woodson and Mrs. Truett De Vaney returned home with Hazel Crocker, to Monahans. Hazel Crocker is the brother to Mrs. Woodson and the nephew to Mrs. De Vaney. Margie Raye Woodson spent the weekend with Betty Jane White. Mrs. E. R. Byrd spent the weekend in Abilene, with her parents, Rev. and Mrs. S. L. Rives.

Mrs. W. M. Gage Directs Afternoon Social & Program

The Dorcas class of the First Baptist church met in Mrs. W. R. Creighton's home Friday afternoon for a variety program and social hour. Mrs. W. M. Gage, vice president of the class, was in charge of the meeting and Mrs. W. B. Buchanan gave the opening prayer. The Rev. Dick O'Brien, pastor of the First Baptist church, read Bible scriptures from the 12th chapter of Matthew, and Mary Bradford gave a piano solo. Others on the program were Mrs. L. G. Bradford who presented a piano solo and Mrs. J. E. Brigham who gave a reading and Mrs. Dick O'Brien who read a poem, "The Old Brush Arbor" by Claude Miller. Mrs. Annie Beasley concluded the program with a prayer.

Refreshments were served and the hostess was assisted in the serving by Mrs. Carr. Those attending were Mr. and Mrs. W. B. Buchanan, Mrs. C. E. Courson, Mrs. Dewey Martin, Mrs. Roy Green, Mrs. Dick O'Brien, Mrs. Nat Shick, Mary Bradford, Mrs. J. E. Brigham, Lina Lewellen, Mrs. Mary Ehlmann, the Rev. Dick O'Brien, Mrs. Annie Beasley, Mrs. D. C. Manupin, Mrs. R. C. Hatch, Mrs. C. W. Norman, Mrs. L. G. Bradford, Mrs. A. T. Lloyd and the hostess.

Engagement Announced

COAHOMA, May 1.—Announcement has been made of the engagement and approaching marriage of Helen McCarroll, daughter of Mrs. Robert Karl Galbraith of Indianapolis, Ind. and Lieut. Calvin Owen, son of the Rev. and Mrs. Calvin Percy Owen of Coahoma. The couple will be married June 12 in the First Presbyterian church at Indianapolis.

Mrs. W. E. McAllen has returned from a three weeks visit to California where she visited with her son, Walter McAllen, stationed with the navy at San Francisco, and other relatives and friends. She also visited with Mr. and Mrs. E. L. McAllen in Portland, Ore., before returning to Big Spring.

8:15 p. m.—Fireman's Ladies take homemade candy to post hospital.
7:30 p. m.—Listening hour—Bombas-Poppin'.
8:30 p. m.—Games—General activities.
9:00 p. m.—Square dance class. Jim Winslow, caller.

SATURDAY
V. F. W. Music Study Club and V. S. O. hostesses.
4:00-5:00 p. m.—Secretarial service—Service Men's Wives.
4:00-9:00 p. m.—Canteen open—Free doughnuts and coffee.
6:00-7:00 p. m.—Send a recorded letter home.
8:00-11:00 p. m.—Dance—Girls Service Organization.

All enlisted men of the Big Spring Bombardier School are invited to attend a rodeo and picnic which will be held Friday evening. Trucks will be at the USO, leaving at 8:15 p. m. A picnic at the city park will follow the rodeo entertainment.

Mrs. Charles Frost To Give Review At May Day Tea Here

The Federated Council of Church Women will be entertained with an annual May Day tea by the women of the First Methodist church Thursday afternoon, at which time Mrs. Charles Frost will give a review of "The Robe". New residents of Big Spring are cordially invited to attend the tea and review which is sponsored by various church women of Big Spring.

Spring House Cleaning Tips To The New Bride

Big Spring, Texas
May 1, 1943

Dearest Jean:
Received your letter this morning and needless to say I understood your predicament since you are a new bride with your first spring house cleaning still to be done.

Being a new bride, I can understand, too, why you are bewildered about how to do your cleaning in the most efficient manner. How well I remember the first year your father and I were married and spring in West Texas came around.

trying to tell you how to run your home, but 25 years as a housekeeper has taught me a good many tricks.

Here's something I learned the other day, which, incidentally, never dawned on me before. There's very little need in spending hours waxing your floors this spring unless you do something first about the splintered legs and feet of your living room furniture. Run down to the ten cent store and buy some furniture casters (they're about 10 cents per dozen) and put them on the feet of your divan and living room chairs, after you have waxed the wood. This way they slide easily on the floor.

As for the windows of which you spoke in your last letter, I'd advise you not to give the dingy dirty things a care! Unlike many methods I've tried through the years, using new fangled gadgets that salesmen sold me, I have found that a small bottle of window cleaner, or a small pan of water with a powdered cleanser does the trick just as well as gallons of water, etc. Just clean as you go, dear, finishing each pane as you clean. It's much easier and quicker this way, since cleanser, like dirt and dust, is harder to get off when it stands for a long period and becomes too dry.

Girl Scouts To Have Tea On Anniversary

Entertainment To Be Held At Church, May 10

The Girl Scouts of Big Spring will entertain with a tea in the parish house at St. Mary's Episcopal church Monday afternoon, May 10 from 4 to 7 o'clock honoring the first anniversary of scouting in Big Spring.

Mothers of the scouts, members of the Girl Scout council, troop committee members, sponsoring groups and others interested in the local Girl Scout movement will attend the entertainment.

Since the organization of scouts in Big Spring, nine troops have been organized with a membership of approximately 250 girls. Two of these troops have been organized within the past two weeks. Three of the troops are Brownies, a group for girls which range from seven to 10 years old. The other six troops are intermediates, for girls ranging from 10 to 15 years of age.

The formation of these troops has been made possible through the Girl Scout Council and by such groups as the First Presbyterian church, Kiwanis Club, Rotary Club, ABC and XYZ Club, Lions Club, Beta Sigma Phi and Cosden Refinery.

In a recent survey made, a Girl Scout organization committee learned that 200 other school students expressed the desire to become scouts.

Leaders working with troops in planning for the tea are Mrs. H. H. Rutherford, Mrs. Wayne Pearce, Mrs. C. S. Edmonds, Jr., Mrs. Ruth Burnam, Mrs. John L. Matthews, Mrs. Manley Cook, Mrs. Florence McNew, Mrs. H. B. Cully, Mrs. Eamon Lovelady, Assistant leaders working with the committee in charge of the entertainment are Mrs. Max Johnson, Mrs. Fred Schmidt, Mrs. Albert M. Fisher, Mrs. Van C. Elliott, Mrs. Thelma Price, Mrs. J. R. Herrington, Jr., Mrs. R. E. Dunivan, Mrs. S. M. McCranie, Mrs. George French.

Miss Laneous Notes

MARY WEALEY

Ge, is our face red again. Why don't people tell us these things? Maybe everybody else knew but we didn't until just the other day that letters to men in the armed services from here go under the censor's eye too.

From time to time we have made all manner of nasty cracks about those poor souls who evidently have been going crazy trying to read our handwriting to discover some military secrets. We have often written something to the effect of "isn't there some way you can elude the blankety blank censor and let a fellow know where you are?"

And there he sat, the censor, and read what we wrote and we never knew. Writing a letter that a censor is going to read is like trying to write a letter with somebody reading over our shoulder.

We knew the censors read all the letters coming into the states but then the soldiers knew it too. No doubt that's why they never made any dirty cracks about the guys who read their mail before we do.

But, now we know maybe next time we write to an overseas address, we'll leave off all derogatory remarks about censors. Maybe by way of apology, we could include a paragraph just for him.

Brownie Scout Troop Organized At School

A Brownie Girl Scout troop was organized last week at the East Ward School with Mrs. Ruth Burnam as leader and Mrs. Van C. Elliott as assistant leader.

Following roll call, the Brownie Pledge was taught to new members and the group sang "Two Ducks on a Pond," and party of a story entitled, "The Brownies," was read.

The meeting was closed with songs sung by leaders and Brownies. Girls attending were Patricia Sheppard, Vesta Jean Harrison, Wanda Jean Kinsey, Francine Thompson, Ruby Nell Burns, Patricia Harley, Loretta Robinson, Sue Tomlinson, Joyce Wilmoth, Betty Jo Milam, Delores Speas, Roma Chatwell, Mary Edna, Eileen Kinsey, Joyce Wood, Emma Sneed, Lancela Dumas, Betty Rogers, Glenna Finney, Dona McClanahan.

VISITS AND VISITORS

Pfc. Temp Currie, Jr. has returned to Gowan Field, Idaho, after visiting with his parents, Mr. and Mrs. T. S. Currie in Big Spring.

Mrs. Allie Springer, who recently came to Big Spring from Phoenix, Ariz., is visiting in Sterling City this weekend.

Mrs. E. L. Springer and daughter, Jeannine, left this weekend for their home in Phoenix, Ariz., after visiting friends and relatives here.

Mrs. Kathleen Williams, who has been spending her vacation in Big Spring with friends and relatives, returned to her home in Wichita, Kas.

Mrs. B. G. Bly Has Dinner In Her Home

Mrs. B. G. Bly entertained with a dinner in her home last week honoring her husband on his birthday anniversary and also her daughter and husband, Mr. and Mrs. F. L. Eudy, who are moving to Fort Worth where Eudy has accepted a position with Consolidated Aircraft.

Those attending were Mr. and Mrs. B. G. Bly, Mr. and Mrs. F. L. Eudy and Mr. and Mrs. Buford Bly.

GIVE THEM EXTRA ATTENTION

... You may not be able to replace them!

To conserve vital materials, the War Production Board has ruled that you cannot obtain a new household appliance except under special conditions. That's why you must take extra care of your gas appliances. It may be years before you can replace them.

Call your plumber or dealer to put your appliances in tip-top operating condition so you can conserve gas and aid in the war on waste.

These suggestions will help you

- 1 Adjust burners so cooking flame is blue (not yellow). Clean pilot and burners regularly.
- 2 Drain water from bottom of water heater tank once a month to remove deposits.
- 3 Repair leaky faucets to avoid waste of water and gas. Insulate hot water tank and pipes.
- 4 Defrost refrigerator frequently. Ice on unit acts as insulating blanket.

Useful Gifts for Mother

This Mother's Day be sure to give her something useful. Useful gifts are always appreciated, and are doubly important in these days of saving. We've a marvelous collection of useful, wearable gifts here.

- Costume Jewelry
- Dresses
- Lingerie
- Blouses
- Gowns
- Summer Robes

A real treat for Mother — lovely costume jewelry to perk up her suits, dresses—and her spirits too. We have just received a new shipment of exquisite, whimsical jewelry.

Nothing is more practical than a gift of these lingerie... that speaks of light, airy, summer freshness.

Give her a gown... something she can use and love at the same time. Choose one of our Vanity Fair Gowns.

A lovely summer frock that she can live in and enjoy, is a gift that Mother will appreciate. We have a selection of dresses that you will love to choose from.

Fountain-fresh blouses to set-off her wardrobe... and her spirits. Beauties with long or short sleeves, dressy or tailored, cottons or crepes.

A summer robe to spend the hot mornings in, is a perfect gift. Let us show you one that she will be pleased with.

Scouts Will Gather Here For Round Up

Hundreds of Boy Scouts and their leaders from most of the 16 counties of the Buffalo Trail council will come here this weekend to participate in the annual area Round Up.

Reports from scouters in the various districts indicated no material decline from the attendance of previous years, which varied between 700 and 1,000.

A big "campfire" program Friday evening will formally open the traditional program, and on Saturday morning troops will compete against one another for honors in athletics and scoutcraft events.

At noon they will be feted to a meal made possible by Big Spring and Howard county friends of scouting. Local arrangements are in charge of C. S. Blomshield, district camping chairman, who was designated to take charge of the event by Dr. W. B. Hardy, district chairman.

Laborers Going To The Beet Fields

A substantial slice of Howard county's farm labor is due to migrate to the sugar beet fields.

Approximately 50 have been engaged by a representative of a labor recruiting organization here, according to reports from the United States Employment Service.

Under a rigid state law, only those unemployed may be solicited and thus those engaged during the past week include a large number of those made idle due to the fact that it is now an "off" season in farming here.

Agricultural leaders, predicting a labor shortage later on, have been pleading with farmers to put the unemployed hands to work now.

WARRANT CALL
AUSTIN, May 1. (AP)—The state treasurer today issued a call for payment of \$2,480,742 in general revenue warrants through Aug. 23, 1942.

Coal Strike

Continued from Page 1

of the members of the armed forces. I am confident that they are as patriotic as any other Americans; and that they will promptly answer this call to perform this essential war service.

"I repeat that an investigation of the cost of living is now being made in the mining areas, and that the government will insist that the prices be held in accordance with the directions of my recent executive order, and violations of the law promptly prosecuted.

"Whenever the miners submit their case to the War Labor Board, it will be determined promptly, fairly, and in accordance with the procedure and law applicable to all labor disputes. If any adjustment of wages is made, it will be made retroactive.

"The production of coal must and shall continue.

"I propose to talk over the radio to the miners of the nation on Sunday at 10:00 p. m.

Lewis, who has refused to let the War Labor Board take over consideration of his union's demands for \$2 a day wage increase, a minimum \$8 wage for all employees, and unionization of minor bosses, was attending a New York conference seeking a new contract for the anthracite coal industry, at the time of the president's announcement.

The union chieftains was shown a press dispatch telling of the president's order. He crumpled up the dispatch and declared: "I won't say anything."

Then, stony silent, he walked five blocks to another hotel and went into its barber shop.

Under a rigid state law, only those unemployed may be solicited and thus those engaged during the past week include a large number of those made idle due to the fact that it is now an "off" season in farming here.

OPA Goes After Poultry Violators

WASHINGTON, May 1. (AP)—Poultry ceilings have been violated in 15 states, representing "every important growing area in the nation," Price Administrator Prentiss M. Brown declared today.

In the past 15 days, OPA has begun 88 new court actions against violators—72 in injunctions and 16, criminal prosecutions, he said.

Coahoma Studes Select A Queen In Bond Sales

COAHOMA, May 1 (Sp)—A new way to sell bonds, a "jeep" campaign, came to a successful close at the Coahoma school recently with sale of \$6,023.55 worth of bonds and was topped off with a school favorite contest won by Jo Dell Hale.

JO DELL HALE

Dell Hale of the senior class. The last eight days of the drive, each class selected a candidate for the school favorite contest. Votes were determined by the number of bonds and stamps sold.

Miss Hale was winner of the title "School Jeep Queen," by virtue of the senior class selling \$2,098.10 in bonds and stamps.

Other candidates were Melba Branon, freshman; Gloria McGee, sophomore; Doris Mae Blalock, juniors. Business managers who conducted the campaign were Mary Helen Hollis for the freshmen candidate; Jim Owens, sophomore candidate; Truett Carter, junior candidate, and Douthitt Clay Buchanan, senior candidate.

The school's goal at the beginning of the campaign was to sell enough Series E bonds and stamps to pay for two jeeps. But when the campaign closed, there was enough money for almost seven such vehicles. The high school raised \$4,023.55 and the elementary school, \$1,000. The drive lasted five weeks.

Miss Hale is also president of the senior class, member of the Home-making club, pep leader of the Pep Squad and takes an active part in all high school activities.

'CLEANUP GIRL'—With paint and tools, Kay Crosby poses atop a Los Angeles building as the city's "cleanup girl."

News Notes From The Oil Field COMMUNITIES

Mrs. J. I. McCoslin is visiting her son, Irvin, and Mrs. McCoslin in Borger.

Mr. and Mrs. D. A. Neatherington and family are spending the weekend in Mingo.

Jan Livingston was injured this week while playing on a sea-saw.

Lieut. and Mrs. Hubert Yeaden of San Angelo were recent guests of the J. P. Kubeckas.

Mrs. C. L. West, Aquilla, Mattie and Haroldine attended funeral services for Mrs. Hardy Morgan in Lamesa Thursday.

Mr. and Mrs. Mark Nasworthy were San Angelo visitors Wednesday.

Here 'n There

S/Sgt. Robert Winslow drops us a line from Camp Chaffee, Ark., to say that his tank unit is "really spolling for a scrap. We have been trained well and hard for what is to come, and I might add that I would sure hate to be in any German tank division when this division attacks. Our tank crews work with the precision and timing of an airplane motor. . . . I would like to speak for all the boys here in saying we sure thank all you folks back home for buying bonds so that we can have this wonderful equipment to fight with."

DeAlva McAllister, attending Hardin-Simmons University in Abilene, is the weekend guest of Neil Rhea McCrary.

John Nall, who has been building up his flying hours as an instructor for the RCAF, was in town Saturday for a hurried visit before his furlough, which started nearly a month ago, expires. He has flown practically every type ship the Canadians have.

Mrs. T. J. Dunlap writes from College Station that her husband, former Herald circulation manager, is finding plenty of studying on his training menu as an aviation cadet at Texas A. & M. but that he's liking his work fine.

Friends here have received word from Audrey Phillips, former Big Spring resident, who is now stationed with the WAAC's at Elgin Field, Fla., in the army air corps. Miss Phillips, who formerly taught school here, wrote that she has volunteered for foreign service and hoped to "go across soon."

Albert Edens gave up hope a little too quickly about his stolen car. The automobile, which was stolen off the street on April 15th, was located 10 miles west of San Angelo Friday. But when the sheriff's department contacted him, he had to admit he had given up

The Week

Continued From Page 1

corner of the county. Added to these were rumors of an extensive widening program for this general area.

We still say rationing won't starve us; rather it's going to be our financial undoing trying to keep up in the parade of using all coupons before they expire.

If and when the city can get to it, a special pound and a mounted policeman might not be a bad service this summer. Else there may be some badly bruised bovines, which are allowed to munch at will—even upon the tender tendrils of a Victory Garden.

Among suggestions being made these days is one that an exchange post be set up somewhere where people could trade goods for goods. Somebody might have the idea and the place for such a service which would enable people to get things they otherwise might not be able to secure due to the war.

During the week the chamber of commerce special post-war planning committee held its first session and surprisingly, establishment of a foundation for a youth program monopolized discussion. That's a curious turn—but the more you study it, the more it makes sense. Credit for the idea goes to W. G. Hayden, who incidentally is not a member of the committee. That's a case in point for all of us to give the committee our suggestions.

Speaking of a youth program, that reminds us that exactly nothing (so far as we have been able to learn) has been done about our juvenile problem. Frankly, we don't know what the solution is, but we do know that you don't stick your head in the sand like an ostrich and come up with the \$64 answer.

If you weren't shocked by the 81 per cent rate of incidence of venereal disease among a group of women tested by police last week, then nothing will awaken you to the need of combating this menace here. Even worse than that, we understand unofficially that contact reports among negro soldiers have indicated a 33 per cent infection generally. And VD doesn't recognize color or race.

Are you wondering what to do with all the stickers you must paste on the windshield and windows of your car these days? The National Safety Council recommends the arrangement shown above as a practical way of displaying essential stickers while still leaving enough driver vision for safe driving. The Federal Vehicle Use stamp goes on the blind spot on the windshield created by the rear-view mirror. The identification stamp for army bases, navy yards and war plants goes up beside it. State automobile registration, city automobile registration and official inspection stickers should be pasted on the lower right hand corner of the windshield. The mileage ration stamp should be placed on the lower rear corner of the left rear window. Do not display any sticker that is not essential.

City Stages Its Annual Clean-Up Campaign This Week

City Trucks Will Collect Trash During Cleanup Week

cludes this, but until further notice the collection of trash resulting from the clean-up campaign will be made systematically and free of charge to residents of the city.

In order that householders may have an idea about the timing of collections, J. D. Stembidge, speaking for the city, said that trucks would gather the refuse on a schedule approximately that by garbage trucks.

"If people are familiar with the days and hours at which the garbage truck usually comes," said Stembidge, "they may have a good idea about when trash trucks will be in their neighborhood."

He added that it could be possible that the volume of collected trash will be so large as to pre-

clude the collection will be based on the garbage truck schedule.

Those having trash to be hauled are urged to cooperate by observing these simple rules, said Stembidge:

1. Place all trash on the curb or property line since the city cannot go on to private property for it.
2. Have papers bundled and securely tied and weighted down unless large enough to resist blowing.
3. So far as possible, sack or box loose trash.
4. Reduce trees and brush to sizes which can be easily handled; if possible, bundle for compactness.

Make The Weeds A Clean-Up Casualty

Weeds in the Victory Garden ought to be a Clean Up Week casualty.

Not only can this be a contribution to the annual campaign to clean up the city, but it can be a real contribution to the thriftiness of the garden.

Every week permitted to grow in or near garden spaces saps just that much moisture which would have gone to garden plants. Moreover, weeds permitted to grow in gardens often flourish rapidly and spread more effectively so that their propagation is increased.

"And," added Stembidge, "accept thanks of the city for helping."

Long Arm of Coincidence
SISKIYOU, Calif. (UP)—Several coincidences in the already short lives of two babies born within three days of each other make General Hospital authorities here wonder if they will both become miners. Although the parents of the two did not know each other, they gave the name of Dale to each infant. Also, it developed that the first name of each father was Earle. Finally, both of the fathers are miners. Will the coincidence continue in the babies' choice of a life career, the hospital would like to know?

Fire, Health Hazards To Be Erased

There is more to joining in a Clean Up campaign, like the drive that begins here Monday under auspices of the city and Chamber of Commerce, than just helping the looks of the town. It is also just common sense that a cleaned up premises is not as likely to be a fire or health hazard.

Piles of trash behind a building can easily become ignited from a carelessly dropped match and in these days of no replacements for building materials, the resulting fire is more a loss than ever before.

Removing boxes, loose boards, and piled up junk from steps and entrances is doing more than just improving the appearance of a building. It's like buying insurance for safety as a slip or a fall over the objects might result in losing many working hours from the organization in times when every business is working with short help.

Another factor to consider is a health angle for germs and diseases breed in uncleaned buildings and unsanitary living and working quarters. War time is no time for workers to be idle due to illnesses that could have been prevented.

Sure, a clean office building or home makes a better appearance but the need goes deeper than that. A clean building results in better health, and fewer hazards from fire and unsafe conditions.

Club Groups Assisting In The Program

Big Spring this week swings into its annual spring Clean Up Week, seeking to knock the rough edges off and rid the city of much of its unsightly unwholesome refuse.

Promoted by the chamber of commerce beautification committee, the campaign is also dependent upon support of the general public, the service clubs, the city and others for successful operation.

The city, as has been the custom, has promised free collection of trash resulting from the clean-up drive and announced it would be patterned on the garbage collection schedule.

Emphasis first of all goes on the tidying of residential and business property by occupants, of cutting weeds and excess brush, or raking trash accumulations, of otherwise cleaning up the place. More than this, residents are urged to do something about adjacent vacant lots if the owner refuses to have it cleaned up.

Leaders for the special effort also suggest a paint up and fix up drive coincident with the clean up effort, for they pointed out it is doubly important to protect property now and make sure it lasts for the duration.

The campaign is being widely publicized, and Boy and Girl Scouts are making sure that none can say that he or she did not know about it. Monday they are to start a door knocking campaign to carry the message to every nook and cranny of the town. Service clubs are pledged to take part in the campaign also, having agreed to supervise the promotion of the special week in given areas.

Dr. Lee Rogers, chairman of the chamber's beautification committee, expressed the hope that the current Clean Up Week would produce the most satisfactory results to date.

"For the sake of health and the sake of appearance, we urge everyone to make this his crusade," he said.

Sorry, No Help; You'll Have To Do The Clean-Up Work Yourself

Manpower shortage might just be an academic problem to the average housewife but when she tries this week to find someone to work for her during the Clean Up Week campaign, it will no longer be just a matter for discussion.

A check of the United States Employment Service and the Howard county welfare office showed that only one person was available from the welfare office and none from the employment service for yard work.

In times past, there have been many men and women on the county's rolls and listed with the employment service asking for such employment. But white, black and Mexican, and men and women are now all working at high wages doing construction, farm and war work.

The employment service manager, O. R. Rodden pointed out that this is the first year that the service has not been able to furnish such help.

But people who always used to ride now walk, and women changed from bridge playing to handage rolling, so it won't be hard to imagine that the average housewife will buy herself a pair of cotton gloves, tie up her head, and go to work on the cleaning up job herself.

Just as women found they could do without other things, so they are getting used to the idea of going without help. With Clean Up Week urging all housewives to clean up the premises of their homes, lack of help probably will slow the job but not deter the women from that spring house cleaning, both inside and outside.

Clubs To Work In Specified Areas Of City

Whenever the city and Chamber of Commerce take on a big job, they often turn to the service clubs for necessary help in putting the thing over. Clean-Up Week is no exception to the rule and this week service clubs will play their part in making the week a success.

According to plans of other years, each club has been given a territory to "work." This "working" of a certain area consists of service club men visiting the places assigned to them and in glaring cases of uncooperation to the drive in contacting owners and urging them to clean up the premises.

A busy business man or store keeper might neglect to clear his yard of empty boxes or crates piled in view of the street, but a friendly reminder from one of his townspeople usually sets him into action.

The areas this year of the service clubs include: Kiwanis, north side; Rotary, west of Scurry and south of 6th street; ABC club, east of Scurry and south of 6th; Lions club between the tracks and 6th.

It's smart to have your house painted now, not only from the customary standpoint of protection and long life of the structure, but also because the supply of quality paints, while plentiful enough at local dealers, is due to be dwindling steadily.

Good paint, too, has gone to war, and the shortages may be catching up with us before long.

There's no better way of starting "Clean-Up" Week, than by repainting that garage, house or fence which has been needing a good paint job for sometime. At the same time, it's the logical time to take advantage of the present supply of paints which were manufactured before the amount of linseed oil was decreased because of its use in war work. Since last year, linseed oil shipped to local dealers has been cut 50 percent.

To assure yourself that the paint is of a standard high quality, an insurance policy, just as fire insurance can be bought which offers coverage for cracking and peeling paints.

Paints like other items were placed under a ceiling price in order that the present supply would not be hiked to a higher level because of better quality.

Wallpaper, another item which has been hard hit by the war, since paper factories are now engaging in war production, but a check-up around town revealed that plenty of colorful patterns and designs are still available to give the inside of your house that special cleaned-up appearance.

Your Property Comes First In The Clean-Up

Clean-ups, likely charity and ever else you want to add, begins at home—but this year Dr. Lee Rogers and his chamber of commerce civic and beautification committee are urging that it not stop there.

"Certainly the initial responsibility is with the property owner," said the chairman, "and we naturally appeal to folks to make sure that their own front and back yards are cleaned up."

"But we are placing special stress, too, on the cleaning of vacant lots this spring.

"All owners of vacant lots are solicited to accept their responsibility in seeing that their property is cleaned up—that weeds and brush are cut and cleared away.

"Naturally, we know that not nearly all will respond to this plea so we hope we can enlist the support of those who reside adjacent to these lots in seeing that they are cleaned. Even so, we believe that this will pay dividends in improving health by reducing breeding places for mosquitoes, etc., and in reducing fire hazards by cutting down on the possibility of fires spreading to fences, sheds and other outhouses."

A large part of the November catch of tuna fish is marketed in the United States.

Don't Overlook That Strip Beyond Curb

Don't shy away from "no man's land" during Clean Up Week.

"No Man's Land" really belongs to the city, but it often becomes a "neutral" territory so far as clean ups are concerned.

Reference is to the space between your curb or property line and the street. Obviously, the city couldn't provide enough help or funds to send men all over town with rakes and hoses to attend to this chore, but property owners with pride can dispense with it with little extra energy.

Don't shy away from the strip, for to do so would be like washing a shirt and ignoring the cuffs.

Lures Oscar With Carrots
SAN FRANCISCO, Calif. (UP)—Oscar, ringleader of a band of deer who, with two of his companions, escaped from their corral in Golden Gate park, sold the freedom of all three for a mess of potatoes. When Police Officer Charles Murray discovered them at 3 in the morning, he first raided a victory garden for a handful of carrots. Then, playing his searchlight on the carrots, he held them out to Oscar and skillfully led all three of the deer back into confinement.

There's Dual Argument For Painting Now

There's no better way of starting "Clean-Up" Week, than by repainting that garage, house or fence which has been needing a good paint job for sometime. At the same time, it's the logical time to take advantage of the present supply of paints which were manufactured before the amount of linseed oil was decreased because of its use in war work. Since last year, linseed oil shipped to local dealers has been cut 50 percent.

To assure yourself that the paint is of a standard high quality, an insurance policy, just as fire insurance can be bought which offers coverage for cracking and peeling paints.

Paints like other items were placed under a ceiling price in order that the present supply would not be hiked to a higher level because of better quality.

Wallpaper, another item which has been hard hit by the war, since paper factories are now engaging in war production, but a check-up around town revealed that plenty of colorful patterns and designs are still available to give the inside of your house that special cleaned-up appearance.

TEXAS ELECTRIC SERVICE COMPANY
C. S. BLOSSFIELD, Manager

Being Ready For The Next 'M-Day'

It may be regarded as one of those "trial balloons" to determine public reaction, but President Roosevelt's suggestion—made upon his return to the capital after a national tour—for a post-war "year of service" for American youth also must be taken as the opening wedge toward a program of military-industrial training.

As such, it probably will be followed up, although perhaps not immediately, with plans for maintaining an efficient military and industrial machine to meet any threat which may occur to this nation's peace in the future.

Mr. Roosevelt objected to the term "compulsory military service," but the nation might as well

accept that policy, in principle if not in name. After the last war, the pacific policies dominated to such an extent that we refused to follow any type of preparedness program. The result was Pearl Harbor and many months of defeats following that attack. The president himself reports that our military machine is just now in high gear, nearly a year and a half after the start of the war.

We had to build from scratch an army, navy, airforce, munitions plants and all. We ought not to let it happen again.

The chief executive seems to be envisioning a broader program than "simply" compulsory military service, and this is as it should be. While we are sending some of our youths into the army for a year of training and hardening, we ought also to be sending others into munitions plants and plane factories, training them for any production record that might have to be attained in case war ever comes again. And we ought to be giving some of them the foundations of a technical training, so that no field of wartime development would be overlooked. In other words, we ought to be prepared—if, and when, another "mobilization day" ever comes—to set in motion almost overnight the entire system of war activity.

We will have the army camps, the air fields and the naval bases

Film Will Tell Story Of U. S. Industrial Power

By ROBBIN COONS
HOLLYWOOD — Short takes from around the lots:

Production has started on "America," King Vidor's story of American industrial power. Which is interesting because the female lead will be Ann Richards, a young Australian. . . . Republic plans to spend more than a million on "Gay Blades," first starring vehicle for Vera Hruba, Czechoslovakian figure-skating champion. Miss Hruba is the girl who received 100,000 marriage proposals because, when she first came to this country, she was in danger of deportation. . . .

Lloyd C. Douglas' best-seller, "The Robe," will be filmed in technicolor by RKO Radio, after six months of preparatory work. . . . United Artists is ready to produce a screen version of the radio serial, "One Man's Family," now that Carlton Morse, who directs and writes the serial, has finished the first draft. . . . Martha Scott, who did a play on Broadway earlier this season, will be in the cast of "Hi Diddle Diddle," a U. A. epic about burlesque. Also cast are Constance Bennett, Adolphe Menjou, Pola Negri, Denza O'Keefe, Billie Burke and Walter Kingsford. . . .

Columbia has signed Jerome Kern and Ira Gershwin to write music and lyrics for a technicolor musical, "Cover Girl," which will star Rita Hayworth and do right by Jinx Falkenburg. . . . Jacques Tourneur will direct "This Is Russia" for RKO. . . . Elaine Shepard, New York "Queen of models," debuts in "The Falcon in Danger," also RKO. . . . Samuel Goldwyn has in mind a return to the days of the Goldwyn Girls as he looks for "the 16 most beautiful girls in the world" for his new musical, "Up In Arms." Among those who got screen breaks as Goldwyn Girls were Pauline Goddard, Virginia Bruce, Betty Grable and Lucille Ball. . . . Columbia is working on a film to be titled "Officers' Candidate School," which certainly shouldn't mislead anybody. . . . The Edward G. Robinson picture, "Destroyer," went back into production for some up-to-the-minute stuff on the U-boat situation. . . .

Washington Daybook—U-Boat Problem Will Get Worse

By JACK STINNETT
WASHINGTON — Capital military observers are positive that in spite of military secrecy, we are going to hear plenty about the Nazi U-boat menace in coming months.

Military officials have admitted that the sinkings in the Atlantic are again on the upgrade. One observer, not connected with the government, recently described the situation to me as the equivalent of a major defeat for the Allies. It does amount to that. If we can't get men and material to Africa, Russia, and Great Britain in sufficient quantities, offensive action is held to a standstill. The losses in equipment and shipping

are just as crippling as losses in battle would be.

How far out of gear our offensive time-table has been thrown by our losses in the Battle of the Atlantic probably won't be known until after the war, but that there has been some disruption has already been openly conceded.

Why greater progress hasn't been made in whipping the U-boat menace is no secret.

The Nazis, having no great surface fleet at the outset, put all their faith in submarines. They started early. It is estimated now that they have nearly 500 U-boats, with perhaps 150 of these operating in the Atlantic at a time.

By the time Great Britain had built up her bomber force to the point that they could blast the sub works in Germany and along the channel coast, those works had been put under layers of concrete. In spite of the blastings of those bases recently, the Germans still may be turning out around 20 subs a month.

Then, too, our own destroyer escort program was started too late. Speedy little DE's are now rolling off the ways in good order, but the chances are there won't be enough of them to make a dent in the subs this summer.

There is a gap of about 700 miles in the mid-Atlantic that can't be adequately patrolled by land-based planes. That gap is the submarine's happy hunting ground.

On the other hand, the United Nations aren't taking all this lying down. They have developed new tactics, mostly secret, which may include hunting the sub packs with destroyer packs and patrolling the subs' happy hunting grounds with carrier-based helicopters. It is believed too that great strides are being made in sub-detector devices.

The effectiveness of our coastal patrol in driving the subs from the off-shore traffic lanes has proved the efficacy of fighting the sub with planes and before another summer the entire Atlantic routes may be covered with a canopy of aircraft.

The top vertebra in the human body is called the atlas, because it supports the skull as the mythological Atlas supported the earth.

HORSE PRAIRIE BY CLEM COLT

Chapter 19
Horse Prairie in the morning lay shimmering in its dust and heart, rimmed and girded by its cliffs and canyons, out and slashed by trails and gullies with the great cloud-shadows sweeping its floor and dappling sun's gold with cobalt. Horse Prairie, whose tawny bosom had echoed the wild tremolos of a thousand tribes, whose canyons had damned the harsh crescendos of bandit guns and owlbout laughter—whose creeks had run with mean's hot blood, and were like to do so again by the sign.

On the railed veranda Sam Holeman had built sat Tubac Jones with his hat pulled over his eyes, a limp cigarette in his mouth corner. He was thinking—very briefly of Potter, and of how last night it had taken him brimming buckets of horse-trough water to bring the man out of his vapors. And of how, when brought to the Stampedee foreman's teeth had chattered as he promised, if allowed to sleep, his shadow never should darken Horse Prairie again. On that understanding Jones had let him go.

"An' good riddance!" he muttered, scowling. Then suddenly bent forward, Tubac peered across the wind-ward grasses. "Hmmm! Now who is that comin'? Get rid o' one an' git stuck with another. Sure ain't Blackwater—don't ride like him nor ain't built the same. Hmmm. Comin' from town, but it ain't the Shallet—don't look like Jinx Mueller, neither. Now who in Tophat. . . Could it be McGillis? Don't seem like he'd be passin' out here; an' yet— Well, Judas Priest!"

Jones jumped from the rocks with a startled curse, ducked into the house and came tearing out with an extra sixgun and a .50-70 rifle. There was no mistaking that gaunt figure now. He knew that loose-shanked rider like he knew the palm of his hand. Yonder rider was Augustine Chacon!

"Ah, Ah!" cried Chacon, reining up with a grin. "Did you remember me then, amigo, or were you looking for somebody else to ride by?"

With his rifle held ready in the crook of his arm Tubac scowled up at him bitterly. "The Great Chacon!" he said with a display of his teeth; but the Mexican was not offended. In his great Chihuahuas hat and crossed cartridge belts he made an impressive figure as he lounged in the saddle smilingly twirling a corr husk cigarro. He guffawed jovially at Tubac's black scowl. "A-a-ah! You have the face of the mad dog, compadre. Is it that you bemoan those cabaleros you sold me?"

"It's the broncs you stole I'm thinkin' about an' that wad of bum money you handed me—a fine trick to play on a poor man! I thought you robbed only hidalgos?"

"That is true," Chacon nodded, and puffed a few smoke rings through which he eyed Tubac amusedly. "Only the rich and the arrogant—that the poor may have food for their bellies."

"Do I look like a rico?" snarled Tubac; and the Mexican roared with laughter.

"O-ho!" he chuckled. "Do I look like a captain of Kurales?"

"No!" Tubac flared, eyes spat in the dust. "You look like that lobo, Augustine Chacon, who would steal the pennies of a dead man's eyes and pay his just debts with fake money!"

"Enough!" grated Chacon, every hair of his mustachio bristling. "Do you call me a—"

"You bet your boots! A thief an' a swivel-eyed liar!"

"For less than that I have killed men, Gringo! Have a cart with your wares lest I—"

"Bah!" Tubac sneered. "You sure layed down your character when you passed me that bum money. Don't blow your chest up at me! You're nothin' but a rag-tail robber—a thiev'n' ladrone—a two-bit bandido who would sell his best friend down the river in the dust. You look with anger, peeled back his lips and, swelling up like a chuckawalla, grabbed out his sixgun and cocked it; but Tubac laughed in his face.

"Go ahead!" he jeered. "You

(Continued On Back Page)

Capital Comment--Texans Try To Clear Up The OPA Muddle

By GEORGE STIMPSON
Herald Washington Correspondent

I want to take this opportunity to apologize publicly to the Press club cat, whom I criticized for not performing her proper function, thereby implying that she was too lazy to catch mice; and right with my own eyes I saw her catch a mouse.

Frank Stevens, of William Cameron Company at Waco, has been named a member of WPB's plywood distributors industry advisory committee.

The Texas delegation in Congress asked its chairman, R. Ewing Thomson, of El Paso, to appoint a committee composed of himself and two other members to join Senator Tom Connally in trying to straighten out the Texas OPA tangle. Ewing appointed Wright Patman of Texas, and Ed Gossett of Wichita Falls, members of the committee. They want to find out whether Mark McGee, head of the Dallas office, is OPA administrator for all Texas, part of it, or for a region embracing Texas and other states. The showdown was delayed because Administrator Prentiss Brown was under the weather.

"If one more gets on I'll scream," complains elderly lady hanging to a Washington streetcar strap.

It's funny how the names of some Congressmen undergo transformation. Years ago when first came here, a Florida member's name was Robert Alexis Green; now it is Lex Green.

The recess of Congress serves one good purpose; it gives Washington correspondents a chance to catch up on their Congressional Record reading.

Congressman Wright Patman, chairman of the small business committee, after including hearings on proposal to increase price of oil 35 cents a barrel immediately, reports we are using our oil five times as fast as we are discovering new fields; necessary to discover at least one major field each week, which we are not doing; to insure ample oil supply; "if something is not done, we are likely to find ourselves in the position within the next one year or two years of having plenty of tires but no gasoline for essential civilian uses"; "The testimony," adds Wright, "is undepicted that unless something is done to prevent it, a few major oil companies will soon own the oil business in the United States; the United States has one-half of the oil reserves of the world, so these few companies would own one-half of the oil business of the entire world."

Tom C. Clark, the former Dallas lawyer who stepped into Thurman Arnold's shoes as head of the anti-trust division, says anti-trust has gone to war to see to it, through prosecution of war frauds, that our men get the best equipment when they meet the enemy, that Uncle Sam isn't cheated by war chisters, and that priorities, rationing allocations are enforced. American businessmen by and large are honest, but there are some predatory men who put their profits above patriotism; "They would steal from Uncle Sam either by delivering bad material, overcharging, or by using some other trick to secure an additional dollar; while we call these men war frauds, in time of war they are very little short of treason; we are ferreting out such offenders as quickly as possible, and I am glad to report that quite a number have been caught"; but, says Tom: "This does not mean that American industry is in for an indiscriminate kicking around. Today when the bulk of our big industry has gone over to production for war, the responsibility of the administrator of this nation's anti-trust law is, as I see it, somewhat comparable to the job I had in the last war, that of a top sergeant of infantry; American business is now wearing the uniform; my job is not to interfere but to help see to it that these industrial soldiers keep in step, follow the rules laid down by the laws of the United States, and try

Story

(Continued from Page 6)

got the drop—that you waitin' on? Go on an' shoot, you peledo! Before matters could be carried any further a rattle of hoofs came pounding the ground and a wild-eyed, quilt-slinging rider came tearing around the harness shed corner and pulled up his horse in a cloud of red dust. It was Winch Face, trail-arseared and dripping with sweat, and he shouted: "By God—I've found Blackwater!"

for job if I'm know it? Carajo! I weel cut that gringo's heart out an' stuff hees damn toes in hees gullet!"

"Go along an' do it then," grunted Tubac indifferently; and suddenly let loose of the trunk strap he'd been jerking, to whirl and eye the steeple-hatted outlaw, intently. "Here—just a minute," he muttered. "Did you say a gringo gave you that money?" and Chacon ducked his head pronto. "What gringo?" "That Deckerman—" "Deckerman!" Tubac cried; and Augustine Chacon bared his teeth in an ugly smile.

To Be Continued.

Green wood gives off less heat than seasoned wood.

Meet The Bombardiers— Sports Leaders Numerous In Newest Class Of Cadets

Young men of athletic ability, many of them holders of laurels in various sports events, are numerous in the newest class of cadets at the Big Spring Bombardier school. Meet some more of the men who are in training here, listed by states:

MISSISSIPPI James Edwin Lewis hails from the interesting little hamlet of Sartatia which is located in the heart of Yazoo county. Jimmy attended the University of Mississippi for several years, and left school to enlist in the army in Jackson. His hobbies are playing the guitar, collecting Indian relics, taking candid camera shots of unsuspecting subjects, and reading the Yazoo City Herald. When this war is over he wants to be a cotton ginner and cotton buyer. Jimmy's brother, Giles, is a sergeant in the army.

MISSOURI Bill Garrett is from Ferguson. In civilian life he worked as a printer for Ely-Walker in St. Louis. He enlisted in the army last January, and was previously stationed at Ellington field. Our next cadet is from St. Louis, and his name is Robert Clifton Hermann. After graduating from Central high school in June 1935, Robert got himself a job as a payroll clerk for the St. Louis Post-Dispatch. His sports are football, rowing and swimming, and his favorite hobby is music. Bob can really tickle those ivories, and has played the piano in a small band for quite some time. His ambition is to be an advertising solicitor. So help me—that's his ambition!

Merle Stanley Newell is another St. Louis lad. During his high school days at Normandy, Merle was the wrestling champ, a variety baseballer and a first class speed skater. He's been in the army almost a year now, and has a brother who is a buck private stationed at Atlantic City. And from Kirkwood Road in Kirkwood comes Robert Burtiran Patterson. Bob left his studies at Monmouth college, and entered the army in March 1941. He's a Phi Kappa Pi, and his hobby is dancing.

NEBRASKA Don Phillips is a clerk for the Western Newspaper Union in Lincoln. During his years at Lincoln high school, he starred in both swimming and boxing. Don has three brothers in the armed forces. Lieut. C. E. is an infantryman stationed in North Africa. Lieut. Thomas is a navigator in the army air forces, and Midshipman Howard is somewhere at sea with the navy. Don's ambition is to "graduate from this school with as few punishment tours as possible." In other words, if he's a bad boy, he fervently hopes that the C. O. won't find out about it. It's not what you do that counts, it's what you're caught doing.

NEW JERSEY John Joseph Petrowsky is a Wallington boy who graduated from East Rutherford high school in June of 1939. Until last May when he enlisted at Fort Dix, N. J., John worked as a laborer for the U. S. Rubber company. He has a brother, Edward, in the armored divisions. Marvin Tobias Greenberg, a native of Clifton, was a merchandiser for Sears Roebuck & Co., before entering the army in March 1941. Marvin spent several years at the University of Wisconsin in Madison. His sports are tennis, baseball, swimming and boating. Franklin C. Matthews, a Lakewood lad, graduated from Lakewood high school in 1934, attended Penn State college for awhile, and later studied at the Wharton School in Philadelphia. Franklin was a real estate and insurance agent in civilian life. His sports are track, swimming, tennis, golf and dancing. He's been in the army for over two years now.

Charles Edward Martin is the last lad from Jersey. He's a native of Jersey City, and a Lambda Chi Alpha from Rutgers University at Edinwick. Basketball and dancing are his main pastimes, and woodworking is his special hobby. Charlie has a brother who is a corporal in the medical corps, and his (Charlie's) ambition is to be a horse doctor.

KENTUCKY The only boy from this state is Charles Morris Helmsley, a native of Alcock, and a graduate of Lees junior college in Jackson. He was a letter man in basketball both in high school and college, and until recently has been earning his living as a coal miner and a mill worker. His current goal is to get into combat just as soon as they'll turn him loose.

LOUISIANA Perry Eimo Futrell, Jr., a native of Jena, was a clerk for the Hunt Oil company in civilian life. He has studied both at Louisiana State University and Louisiana State Normal college, and his sports are basketball, baseball and volleyball. Perry was the deacon of his church back home. Roy John Mehring has come all the way from Baton Rouge to train here. And he went even farther to get an education. He's been studying at the Rensselaer Polytechnic Institute in Troy, N. Y., and his favorite sports are baseball, basketball, fencing, bowling, hunting and fishing. Roy is an Alpha Tau Omega, and his ambition is to become a great writer—like us for instance. Yeah! A great writer like us, he repeated to reassure himself.

Clay Joseph Plinner is from that quaint old city of New Orleans. He was a mail order clerk in civilian life, and although he's only 19 years old, he's been in the army for over a year now. Clay graduated from Warren Easton Boys High in January of 1940, and ever

since that time it has been his ambition to be a pilot.

MARYLAND Guy Howard Goodman, Jr., is a native of Takoma Park. Guy interrupted his studies at Maryland University to enter the army in January, 1942. While at college he starred in baseball and golf, and was an outstanding member of the rifle team as well. Guy's hobby is nature photography, and he's a first class trumpet player. Played two years with a dance band. He has three cousins in the armed forces. One is in the army air forces, one in the navy and the third is in the coast guard. The other lad from this state is Harry Polansky from Baltimore. He graduated from Baltimore City college in '39, and from Baltimore College of Commerce in '42. In civilian life, Harry was a junior accountant for the city of Baltimore. His sports are baseball, football and tennis, and his hobby is chess. He has a brother, Jack, who is a private first class stationed at Camp Meade, Maryland.

MASSACHUSETTS Francis Xavier Gannon, a native of Dorchester, is a bachelor of science from Boston College. After graduating in June of '42, he immediately entered the army. Francis played varsity baseball at school. He's a member of the Von Pastor Historical Society, and he's got a brother, Dick, who's a radio-cadet in the navy. Our next cadet is Charles Gerstein, a native of Brighton, and a graduate of the Bentley School of Accounting. Charles' occupation in civilian life was that of jewelry buyer, office manager and sales manager for E. Jaffe & Sons of Boston. Charlie is a man of many jobs. His sports are track, skiing and golf, and his hobby is photography. Charlie's brother, Mike, is a lieutenant in the infantry.

NORTH CAROLINA Clyde Dudley Newman comes from Lexington. In civilian life he was a commercial artist, and did most of his work for the North Carolina Theatres Inc. Clyde has been in the army since August, 1941.

Pittsfield boy, graduated from high school in '37 and then went to work for the Berkshire museum in his hometown. He developed into a first class designer and interior decorator. His hobbies are music, volleyball and ping pong, and his ambition in life is to be a free lance artist of design.

MINNESOTA Clayton Chester Pflueger is next on our list. He took his B.S. in 1940 at South Dakota State college, and in 1942 he took his M.S. at Washington State college. He was engaged in research work for dairy firms until May of '42 when he joined the army. Clayton is a native of Ortonville. And from Cologne we have William John Meuwissen, famed footballer, basketball, softball and volleyball from Central high school in Norwood. Before he joined the army in April of '42, Bill worked as an aircraft worker for the Lockheed people in Burbank, Cal.

Harold Burton Nelson hails from Minneapolis. After graduating from South high school in 1937, Harold went to work for a sales firm as a truck driver and handler. He likes all sports. James Anthony Graham comes from St. Cloud. He finished St. Cloud Technical high school back in '38, and went to work for the Great Northern Railway as a railway brakeman. Jimmy is an expert ice skater, volleyballer, hunter and fisherman. The last lad from this state is from Minneapolis. Eugene Edward Pierson is the name, and after graduating from West Minneapolis high school in January of '41, he immediately enlisted in the army. Eugene's hobby is art, his sport is art, and his talent is art. In fact, if it's artistic, he's for it, and it's for him.

Jan Francis Gonet, a Holyoke boy, was a mechanic and stock clerk before joining the army in December of 1940. His ambition in life is to own his own garage after the war. Stewart B. Green, a
