Drilling rig collapse kills one

Rig 17 the morning after the derrick collapsed

Sometime after midnight on November 12, A Key Energy drilling rigs derrick collapsed. Details of the accident are very sketchy, but it is known a Key Energy employee was severely hurt when the derrick fell. Bryan R. Meyer, 42, apparently a resident of Big Spring, was tended by EMS pesonnel from Denver City, and later was airlifted to a hospital in Lubbock, where he died from internal injuries. The accident occured about three miles east of Denver City, just off County Road 365.

Cowboys season ends with 33-17 loss to Tahoka

Cowboy defense encircles Bulldog runner

The Cowboys hopes for a bi- ball in their end zone for a night by the Tahoka Bulldogs. They fought their way into the district playoff action, and ended the season with 6 wins, 5 losses, a much better showing than many fans predicted at the start of the season. Despite being outsized by virtually every team they faced, they played extremely tough, and for their efforts they should be graded A-plus.

The Cowboys scared the Bulldogs early - Joseph Rodriguez' kickoff was fumbled and recovered by Armando Ramirez at the 45. Jared Bell passed to Rodriguez for 31 yards, and rushes by Bell moved the ball to the Bulldogs 6, and a pass to Tanner Hamm moved the ball to the 2 on fourth down. The Cowboys could go no further, and on the Bulldogs first play from scrimmage, fumbled the

district title were dashed Friday safety and two point Cowboy lead. Good defensive work stopped a Bulldog drive at the 40. Rodriguez gained 4 yards on the ground, Bell hit Chris Hansen with a 9 yard pass completion, and with good blocking by the Cowboy line, Bell and Moises Gonzales moved the ball to the 35, where Rodriguez broke over left guard for a quick touchdown, then made the the extra point kick for a 9-0 lead.

Tahoka took the kickoff, but couldn't move the ball. They punted on fourth down, and the kick was fumbled to the Bulldogs at the 8 yardline. A pass completion and PAT put them back in the game, 9-7.

Both teams struggled on offense in their next possessions. With some three minutes left in the period, Bulldog quarterback McCord tossed the ball from their 20, which turned into an 80 yard touchdown and 14-9 game. In their next possession, McCord again went to the air, and his second pass produced another quick score to end the first half with the 'Dogs up 21-9

Wet weather slows cotton harvest

These gin stands at New Tex Gin were one of only a few running late last week.

There are very few times a farmer will complain about rain, but one of them is when cotton is ready for harvesting, and the recent rainy, drizzly and foggy conditions throughout the area put harvesting on hold. Another problem facing cotton producers is the lack of a killing freeze. Many fields of cotton have again greened up to the point they cannot be stripped. With current dismal prices for the crop, most producers are reluctant to spend more money to chemically defoliate their cotton. A number of the area gins shut down operations last week for lack of cotton, due to weather conditions and green regrowth.

Help needed in Christmas Assistance Program

The annual Christmas Assistance delivery of food and toys for children of the needy will take place on December 22,

In the meantime, there will be plenty of work for anyone wanting to take part. Food must be received at the courthouse, stored in the basement, and on December 21, the food items must be sorted and placed in delivery boxes.

At least eight to ten volunteers will be needed to sort and store the food items in delivery boxes. To learn more about how you can play Santa Claus, see either Toni Jones, Melba Crutcher or Debbie Rushing.

Work is nearing completion on the installation of a new water pumping station at the City's main storage tank southwest of town. City AdministratorEd Hansen said the old pumps were too ancient to be relied on, and when the new station is in operation the old equipment will be sold. The water passing through this pump station goes directly to the City's watertower on 16th street, and then into the city distribution system.

Share The Warmth kicks off

'Help For the Home Front'

** Editor's note - The following editorial appeared in the October issue of FISCAL NOTES, a publication of the Texas Comptroller office

"As I watched the horrible events of September 11, 2001 unfold, I was at first saddened, then outraged, and now I am resolved. Resolved that we as Americans and Texans must mobilize to respond to this act of war.

So, my staff and I got to work. This month I will be outlining a Texas War Relief Package, with many proposals to be immediately implement to lend aid to our fellow Texans. Complete details will be included in this publication's November issue.

Our nation is embarking on a noble, just, all encompassing battle against terrorism. We owe it to those defending our country to provide the support they need. Texas state government must tackle this historic task.

My plan will concentrate on helping Texas' children, helping families left behind, shoring up our transportation infrastructure, combating the threat of terrorism in the Lone Star State and bringing some peace of mind to the men and women from this great state that may very soon find themselves on the frontline fight against this new enemy.

Sam Houston knew the obligation a government has to protect and defend the freedoms its people enjoy and should never take for granted. Before the Battle of San Jacinto, he said: "We view ourselves on the eve of battle. We are nerved for the contest and U.S. Probation Service a posimust conquer, or perish."

How risky?

number of proposals for reforming Social Security suggest that a portion of workers' payroll taxes be invested in the stock market. Critics say investing in the stock market is too risky.

The Social Security Administration calculates a person's retirement benefits based on the person's 35 years of highest earnings, so researchers at the Private Enterprise Research Center at Texas A&M University looked at the historic returns for the 95 35-year periods between 1906 and 2000 on portfolios holding the Standard & Poor's 500 stocks and bonds to see just how risky investing in the 20th century was.

The researchers found:

The average annual real rate of return for all-stock portfolios was 6.4 percent. The lowest return was 2.7 percent for the 35-year period ending in 1921.

A mixed portfolio, with 60 percent stocks and 40 percent bonds, produced an average annual real return of 5.1 percent. The lowest return was 2 percent for the period ending in 1920.

By comparison, workers entering the labor market today can expect a rate of return on their Social Security taxes of less than 2 percent.

Steamboat reaches Dallas

Dallas- A great new era of water transportation may be at hand for this prairie city on the Trinity. Practically the entire population lined the river banks to see the steam vessel Job Boat #1 complete the journey from Galveston. The sixty foot boat draws three feet of water, and the voyage from Galveston took 369 days, but much of that time was spent clearing the channel. It's believed future trips will be much faster. Story Time At The Yoakum County Library

Seven boys and girls attended the weekly story time activities on Wednesday, November 7, 2001 at 10:00 a.m. Everyone enjoyed Todderobics, followed by the pledges to the United States and Texas flags. We sang "America the Beautiful" and then discussed facts about Texas, such as the state flower, the state tree and the nickname for Texas. The boys and girls enjoyed singing "I'm a Little Teapot," "The Itsy Bitsy Spider," "If You're Happy and You

Know It," and "Five Little Monkeys." We all practiced counting to ten. The group listened to the reading of the book, Snappy Little Numbers and all counted the objects on each page as it was read. The video, Richard Scary's 1, 2, 3's, completed the program. Those attending were Jentry Wall, Peyton McWhirter, Mesa Davis, Amanda Dusek, Nattgew Garcia, Arista and Braedon Davis.

God loves you and so do we! Come in Christ with us!

Recently I received an only semi-fascinating packet of press releases from Texas Woman's Unviversity at Denton. Each release covered a topic concerning the upcoming Holiday Season. One of them caught my eye, begging the question, "When should parents tell children about Santa?" My first thought was, ing Day. Ours (written before 'as soon as the cord is cut', but no, that wouldn't be fair, depriving millions of kids of the shocked!). idea of a fat, red faced man in a red suit, whom I have always suspicioned made it through the night with the help of strong spirits, sitting in a sleigh filled with billions of gifts, and assisted by scores of goofier looking dwarfs than the scores featured in Wizard of Oz, tossing out gifts at every dwelling in the world containing greedy, runny nosed children, circling the globe in hardly the blink of an eye. Pretty good stuff, huh? OK, I admit, I was hooked on Santa Claus when I was a very young lad. I would be up before the cock crowed twice on Christmas morn, tearing open gift packages expressing joy when I discovered something I truly lusted after, muttering mild oaths of disgust when I got something from Aunt Minerval loathed.

It was a great shock when I discovered the guy in red with the great jelly belly sitting in Sears hearing urchins whine in his ear about what they wanted Christmas Day was in fact Seymore Frump, a dog catcher at Maple. It was truly traumatic, and I was still very teary eyed when I took my seat in 9th grade history. My teacher was totally compassionate. He grunted, "Sorry to hear your woe, Dyer. Do you think you could stand hearing the truth about the tooth fairy today?"

One day after our publishing date, 87 million roasted tur-

keys, 49 million hams, 26 million hens, and 13 million legs of lamb will have been cooked, devoured (partially), and on the following day, approxiately 387 million people in the US will be moaning, clutching their gut and groaning, 'Why Did I Do It AGAIN?' Tis the season to be piggish, that's why. I happen to be one of you piglets. Of course, the people frequenting Hobbs Wal Mart cannot qualify for piglets. They have moved up to the HOG class, and are doing well in state and national ratings for Fat City USA.

I don't know what it was like around your house Thanksgivthe event, but if the scenario changes a teeny bit, I will be

We will sleep a bit later, approximately 12 minutes, leap cheerfully out of bed onto the cold floor then mildly curse old man winter, just around the corner. The Bride will be all business - stuff the hapless bird, push him into the oven, then start all the other good things going, whatever women do to make it so good.

We will watch a bit of the tube, have a glass of wine or two, and then, the MOMENT of the DAY! I get to whack away on the bird with a dull knife, year. She will pick remnants from the floor while uttering mild oaths about me. Finally, we will get it together, and then I will offer our thanks to the

as well as to our valiant servicemen and women who have dedicated themselves to the defense of liberty. Closer to home, we pause to give thanks for all of the folks who together make our community a special place to live. A VERY

CSW is currently undergoing the first of three phases of campus construction, with the entire \$6.2 million either pledged or in-hand before groundbreaking even began. CSW is, and will continue to remain, debt free.

Phase One:

- 1) Renovation & expansion of library (completed)
- 2) New academic / science lab building (completed)
- 3) New Student Center (in progress)
- 4) New chapel
- 5) New residence hall
- 6) Renovation & expansion of existing Student Center as new academic building

ndependence of support and governance

Because CSW does not accept federal, state, or local government funds for capital or operational needs, the College remains free of governmental control. Instead, CSW is guided by a dedicated Board of Trustees whose collective experience and business acumen provide invaluable leadership.
