Buckner Dies With A Smile

OKINAWA, June 19 (AP)—Lt. Gen. Simon Bolivar Buckner Jr. died with a smile on his face, reported his aide Maj. Frank R. Hubbard Jr. of Des Moines, Iowa, and Los Angeles, Calif.

Tenth Drives To Avenge Death Of Okinawa Leader

By ROBBIN COONS GUAM, June 19 (AP)—The U. S. Tenth army broke all planned resistance on southern Okinawa and drove today toward imminent, final victory to avenge the death of its commander on the field of battle.

Shortly before he fell mortally wounded from a shell burst yesterday, Lt. Gen. Simon Bolivar Buckner, Jr., declared that with two dry days he could "cut them to pieces" and a field dispatch today reported that task now was accomplished.

Buckner had held back a surprise, the Second marine division, and those veterans of Tarawa and Saipan roared into the Okinawa battle for the first time, crushing in the enemy's west flank.

Only hours before a Japanese shell fragment struck Buckner, the final assault hit its full momentum and while Adm. Chester W. Nimitz did not proclaim the campaign ended he asserted the day of Buckner's death was the day of victory.

The mauled remains of a Japanese garrison that numbered at least 85,000 when the invasion struck 80 days ago have been herded into hardly more than six square miles of the southern tip.

They have been swept from most of Yaeju plateau, bulwark of their last line of defense, and with their backs to the sea held positions three miles wide and no where more than two and a half miles deep.

Nimitz in a message to Gen. George C. Marshall, chief of staff, said Buckner's death came at a time "when the fall of Okinawa is imminent."

Nimitz in effect announced the capture of Okinawa when he messaged the general's troops "x x x all of us take pride in the day of victory on which he gallantly met a soldier's death."

Fully cognizant, however, that some 10,000 Japanese remain to be killed or captured before Okinawa can be declared "secured" from a military standpoint, Nimitz carefully refrained from announcing the end of organized resistance.

Although some Japanese were fleeing in the southwestern sector, thousands of others fought back as savagely as any time in the 80-day old Okinawa campaign.

Prolonged Drouth Is Broken At Laredo

LAREDO, June 19 (AP)—Rain fell officially at the Laredo airport at 1.09 inches yesterday gave this section its first registerable rainfall since April 20, and a break in a severe drouth which has seen temperatures as high as 107 degrees.

The Rio Grande, down to a record low of 1.08 feet at the International bridge, rose somewhat after the rain, but was gauged at 1.23 this morning and was falling. The normal stage is 2.5 feet.

No rain was reported along the course of the Rio Grande just north of Laredo, but conditions appeared favorable for more rain here.

General Of 86th Flies In With Texans At Heels

DALLAS, June 19 (AP)—Maj. Gen. Harris M. Melasky, 51, commander of the 86th (Black Hawk) division, was dozing when his plane landed in Dallas early today to refuel on its flight to Los Angeles.

But the Austin, Tex., native woke and grinned when he heard the question "How's that 86th division doing?"

"Those Texas boys are simply great," he said. He added that the Texans in the division were right on his heels on their way home for 30-day furloughs.

The general was en route to Los Angeles for a furlough which he will spend with his family. He was with the 86th when it trained at Camp Howze, Tex., and led it through three months of combat in Germany.

He and his division, back before redeployment to the Pacific, arrived by sea at New York Sunday. The men were taken to Camp Kilmer, N. J., for processing before being sent to reception centers nearest their homes and thence to furloughs before reassembling at Camp Gruber, Okla., to retrain for Pacific battles.

Yanks Find Nazi Buried Treasure Worth Billions

Securities, Jewelry, Gold Hidden In German Cache

By AUSTIN BEALMEAR PARIS, June 19 (AP)—American troops of the 12th Corps have found securities, gold and jewelry valued at more than \$5,000,000 hidden by the Germans at Regensburg, communications zone headquarters announced today.

Included in the capture in hidden vaults of the Regensburg reichsbank was the national wealth of Bavaria and Austria. The cache was estimated to be more valuable than that found April 7 in the Merken salt mine, which included 200 tons of gold.

The treasure was in gold bullion, stolen jewelry and securities. Some was known to have been taken from victims of Nazi death camps.

Lt. John J. Stack, Jr., of San Francisco, fiscal officer of the 12th Corps, led the party which seized the treasure.

Chinese Fight Off Three Jap Counterattacks

CHUNGKING, June 19 (AP)—Chinese forces, beating off three Japanese counterattacks, are closing on the former American air base city of Luchow from two directions, the Chinese high command announced today.

In a new thrust down the Kweichow-Kwangsi railway, the Chinese captured Samchak, 28 miles west of Luchow, and drove on eastward to within 19 miles of the city, which is on the highway from Yungning.

From the southwest, another Chinese force has plunged past Tatang, 21 miles southwest of Luchow, and is striking toward the city.

Tatang was seized by the Chinese in initial thrusts nearly two weeks ago, but it was regained by the Chinese in a counter-drive. The Chinese subsequently reported that the Japanese were being hurried back.

Other Chinese forces in Kiangsi province, where the Japanese have been conducting operations designed to strengthen south China's anti-invasion defenses and bolster the east flank of the Hongkong-Hankow corridor, attacked the enemy west of Anyuan, an important highway center 165 miles northeast of Canton.

The Japanese retreated in the direction of Lungnan. Following yesterday's announcement of the capture of the port of Wenchow, 220 miles south of Shanghai, Chinese military circles speculated that the enemy might also abandon two other pockets on the China coast — Amoy and Swatow.

Aussies Make Gains In Solomon Islands

MELBOURNE, June 19 (AP)—Two separate drives by the Third Australian division on southern Bougainville in the Solomon Islands have cut the main road, are slicing off huge areas of Japanese gardens and are disrupting enemy defenses east of Bari river, the army department announced today.

In New Guinea the Sixth division inflicted further heavy losses on the Japanese who launched several reckless attempts to harass the perimeter in the Wewak sector. More than 117 Japanese have been killed in two days.

Liquor FINE

A fine of \$200 and costs was imposed against Wes Mays, negro, who entered a plea of guilty in Crockett county court on a charge of selling liquor in a dry territory, according to the district liquor control office here Tuesday.

Big Spring Man Returns

These Texas soldiers of the 86th Division returned to Camp Kilmer, N. J., from overseas. Left to right: Pfc. William R. Bohannon, Big Spring and Pfc. Edward B. Summerhill, Corpus Christi. (AP Wirephoto).

The entire division was to have been headed for reception centers cleared from Camp Kilmer last at Fort Sam Houston, Tex., and night. Some 900 Texans in it Fort Bliss, Tex.

Millions Throng To Welcome Ike

General Leaves Capital Taken By Famous Grin

WASHINGTON, June 19 (AP)—General Dwight D. Eisenhower took off at 7:43 a. m., central war time, today for New York where a roaring welcome, his second in as many days, awaits him.

As his big silver C-54 left the ground, followed after two minute intervals by three similar ships carrying the 53 officers and men who shared his reception here yesterday, an escort of 100 bombers and fighters flew over the field to follow on the trip to New York.

Eisenhower's takeoff was delayed 13 minutes because the five star general forgot a sword which he needed for his welcoming ceremony at West Point.

The sword had been left at his hotel. General Eisenhower took his nation's capital by storm with a devastating grin yesterday.

The sun-tanned general from Kansas and the smiling president from Missouri indulged in an old-fashioned mid-western talkfest last night at a White House dinner climaxing Eisenhower Day in Washington.

Before entering the state dining room for a buffet dinner topped by turkey and dressing, President Truman and his distinguished visitor shook hands with upwards of 125 guests, including G.I.'s and other members of the supreme Allied commander's official party.

Throughout the dinner, the president and the general kept up an animated conversation. At a news conference at the army's Pentagon yesterday the five star general declared "the German general staff must be destroyed—never to rise and make war again."

Germany, he said, must be taught that "crime does not pay." Of Germany's war crimes, the general declared "we must not let a single criminal escape. We must show them that crime does not pay. I will hold this position to the end."

He estimated 15,000 war criminals now are in American and British hands. Eisenhower had a word of advice for all America on how to treat its returning fighting men.

"For God's sake, don't psycho-analyze them. They are normal people. Pat them on the back."

E Bond Sales Inch Forward

Howard county inched forward toward its E bond quota Tuesday with 87.2 of a \$585,000 objective met.

Sales reported to Tuesday amounted to \$3,225, boosting the Seventh War Loan total to \$510,180.50. The over-all sales were up to \$1,147,664.50 on a \$1,475,000 quota.

Sales of nearly \$8,000 per day in E bonds are necessary before the quota can be met. All sales in June count toward the campaign.

Announcements on commitments on \$62,000 of bonds toward the over-all quota was made Tuesday by bond headquarters. Montgomery Ward & Co. announced that \$50,000 would be allotted against the Howard county quota. Scott-Burr Stores \$6,000, Jones & Laughlin Supply \$1,000, and Shell Pipeline Corp. \$5,000. At the same time, Shell Pipeline pointed with pride to the record of its 1,350 employees in purchasing one and three-quarter million dollars in bonds by 99.3 per cent participation of its workers in the payroll deduction plan.

From Luzon came a letter from T/Sgt. Albert (Brady) Piper asking about "old Howard county." Said Sgt. Piper: "I guess it will go over the top with this war loan drive as it has with all the others. Those of us over here are sure proud of your 'home front' efforts. Keep up the good work. It means a lot to us."

Howard county desperately needs about \$75,000 of that "home front" effort in E bonds in order not to disappoint fellows like Sgt. Piper.

Sgt. Diltz Dies Of Gunshot Wounds

Mrs. Mary Diltz received a letter from the war department today stating that her only son, Sgt. Joseph C. Diltz, died from gunshot wounds in China May 16. She received a telegram last Wednesday.

The letter stated that at this time that was the only information given but that as soon as more information was available she would be notified immediately.

Greatest Crowd In City's History Cheer Greeting

EISENHOWER WAVES A GREETING—Gen. Dwight D. Eisenhower (left) waves a greeting as he leaves National Airport for a triumphal procession to the capitol. With him is Gen. George C. Marshall, army chief of staff. (AP Wirephoto).

NEW YORK, June 19 (AP)—Millions of New Yorkers—the greatest through this city ever has seen—lined curbs, leaned from windows and hung from fences today as they roared a welcome to General of the Army Dwight D. Eisenhower.

Chief Police Inspector John J. O'Connell estimated that 6,000,000 persons greeted the supreme Allied commander in the two hours between his arrival and his appearance at city hall.

They cheered, they whistled, they broke through police lines in some places as a 25-car motorcade, with the general in the position of honor, wheeled through Central park, down Fifth avenue and through "heroes' canyon," lower Broadway.

And Eisenhower, seemingly unweary by the welcome 1,000,000 persons gave him in Washington yesterday, waved, smiled, saluted and clasped hands over his head in acknowledgement.

Smiling broadly, Eisenhower greeted Mayor F. H. La Guardia and high army officers as a service band played four flourishes and "The General's March."

"The admiration of seven and one-half million people is extended to you, Gen. Eisenhower," La Guardia said. Eisenhower leaned over slightly to shake hands and replied, "thank you very much."

Then Eisenhower and the mayor entered an automobile, flying the general's five-star flag, and left the fog-shrouded field on a 35-mile tour of the city.

The cheers that greeted the general and other members of his party, in automobiles to the rear, mounted as the caravan crossed the Triborough bridge, left the borough of Queens and entered Manhattan.

The general was visibly touched as 30,000 school pupils, lining the park drives, cheered and waved little flags. Now and then he stood up in the car to wave and grin.

The procession halted briefly at Eisenhower's request while Harry B. Robbins, former American Legion post commander, breathlessly handed the general a "key" to Brooklyn.

Eisenhower frequently clasped hands above his head and spread his arms in a V.

A dammed-up snowstorm of ticker tape descended on the motorcade as it passed through "heroes' canyon"—lower Broadway, skyscraper-lined center of the financial district. Police said the crowd in that section was the largest in history.

Eisenhower told a vast crowd that overflowed city hall park today: "If we are going to live the years of peace, we must be strong and we must be ready to cooperate in the spirit of true tolerance and forbearance."

Receiving a special city medal and accepting honorary citizenship in New York City, the tanned, balding supreme Allied commander told the throng before city hall: "It isn't enough that we devise every kind of international machinery to keep the peace. We must also be strong ourselves. Weakness cannot cooperate with anything. Only strength can cooperate."

PRAGUE MAYOR ARRESTED PRAGUE, June 19 (AP)—Prof. Hans Pfitzner, who served as mayor of Prague under the German protectorate in Bohemia and Moravia, has been arrested in a refugee camp at Stary Pizence, Czechoslovakia, authorities said today.

Mexico Proposes To Keep Spain Out Of Assembly

By JOHN M. HIGHTOWER SAN FRANCISCO, June 19 (AP)—Mexico came forward today with a proposal that the United Nations permanently bar the Franco government of Spain from membership in their world league.

Luis Quintanilla, former Mexican ambassador to Moscow, planned to put the proposition formally before a public session of one of the United Nations conference commissions.

His proposal invited argument as to whether the conference should attempt to write any specific membership limitations when it is assembling to a world assembly the task of admitting outside nations.

Quintanilla said he would ask the commission today to adopt a declaration stating that no government should be admitted which came to power with the aid of military forces of countries which have fought against the United Nations.

The final session of the conference still is scheduled for next Saturday. But it also is still uncertain whether that date can be kept.

Much depends on possible Russian acceptance of a compromise for limiting the field of subjects which the assembly may debate and on which it may make recommendations to member nations and the security council which would be the peace-enforcing agency.

Chairman of the Big Five delegations were summoned to an unexpected 11:30 a. m. (CWT) conference today. Some delegates thought a break might be imminent in the last major issue confronting them.

Originally a conference committee approved the right of the assembly to discuss any subject bearing on international relations. Last week Soviet Ambassador Andrei Gromyko insisted that the field must be limited to matters affecting the maintenance of peace and security.

Yesterday Gromyko indicated in a meeting of the Big Five that Russia might compromise and leaders hoped for final word today. Unless it is received, they saw little prospects for a windup Saturday. Even with Russian acceptance it was touch-and-go whether all the technical work of drafting and translating can be completed in time.

Hero's Wife Excited To See Him And Son

NEW YORK, June 19 (AP)—A vivacious little Kansas housewife—Mrs. Dwight D. Eisenhower—was the most excited spectator at today's homecoming ceremonies for her hero husband.

She said she so excited she could hardly sleep last night. Whisked from Pennsylvania Station to City Hall Park for the official ceremonies, she peered in vain for the five-star general, who arrived earlier by plane.

Her eyes filled with tears when "Ike," escorted to the speakers' stand, finally saw her. He grinned broadly. Seeing her son, Lt. John Eisenhower, with the general's party, she exclaimed excitedly "there's my child!"

Speaker May Be Next In Line

WASHINGTON, June 19 (AP)—President Truman, embarking on the first of a long series of plane flights, today asked congress to make the speaker of the house his successor if anything untoward should happen to him.

As the house is now organized, this would throw the succession to 63-year-old Sam Rayburn of Texas. Under present procedures, Mr.

Truman would be replaced in the White House by the secretary of state, the post now held by Edward R. Stettinius, Jr., should he be unable to complete his term.

The speaker of the house of representatives, Mr. Truman told congress, is more truly representative of all the people.

In a special message to both houses of congress sent shortly after he took off on a non-stop flight to Olympia, Wash., the president said the question of succession "is of great importance now because there will be no elected vice president for almost four years."

Mr. Truman said the existing succession law, enacted in 1886, provides for members of the cabinet to take over the presidency in the event that neither the elected president nor vice president can serve.

Pointing out that cabinet members are appointed by the president, Mr. Truman said it now lies within his power to nominate his immediate successor "in the event of my own death or inability to act."

"Insofar as possible, the office of the president should be filled by an elective officer." He recommended that the speaker be next in line of succession and that he should serve not longer than until the next congressional election or until a special election call for the purpose of electing a new president and vice president.

The individuals elected at such general or special election should then serve only to fill the unexpired term of the former president and vice president.

He recommended further that the succession pass to the president pro tempore of the senate if there is no qualified speaker or if the speaker fails to qualify. The president pro tempore would hold the office only until a duly qualified speaker is elected.

"If there be neither speaker nor president pro tempore qualified to succeed on the creation of the vacancy, then the succession might pass to the members of the cabinet as now provided, until a duly qualified speaker is elected."

Witnesses Tell Of Polish Fifth Column Activity

Witnesses in the trial of 16 members of the Polish underground government and home army on a charge of fifth column activity told a Soviet court today they had wrecked trains, blown bridges, killed Russian soldiers and on one occasion hanged a Soviet citizen.

Allied Air Forces Continue To Bomb Balikpapan Oil Center Japs Report

By SPENCER DAVIS MANILA, June 19 (AP)—Allied naval and air forces have been bombarding the Balikpapan oil refinery center of western Borneo for days, Japanese broadcasts reported today, but "there are as yet no definite indications that the enemy plans" to invade the area.

Tokyo radio said the naval bombardment began last Friday. There has been no confirmation of any of the Japanese broadcasts which first reported a fleet of more than 20 warships, including three battleships and an aircraft carrier, was moving toward Balikpapan last Thursday.

Today's Southwest Pacific commandique told of continued air raids on Balikpapan defense advances on two accomplished invasions of Borneo, and gains in the Philippines, sometimes by troops meeting practically no Japanese except those coming in to surrender.

Greatest progress was registered in Luzon's Carayan valley, where Gen. Douglas MacArthur announced that the U.S. 37th infantry division was pounding rapidly northward down the main highway toward the Cagayan river crossing at Naguilian. The retreating enemy was forced to use ox carts in a frantic effort to save some of his equipment.

The hastily withdrawing Japanese, harassed constantly by the Fifth Air Force, concentrated artillery fire and tanks nipping at their heels, were virtually whipped.

Other troops of Maj. Gen. Innis P. Swift's First corps pressed the north Luzon cleanup campaign elsewhere. The Sixth division gained four miles against stiff resistance and the 33rd division moved east to the road junction of Bokod. Guerrillas operated along the west bank of the Cagayan.

Dispatches from Mindanao indicated a different story, as 24th and 41st division troops pressed inland from Davao Gulf in a bitter fight north of Calinan.

Australian Ninth division troops plunging into Sarawak, reached Tutong, 35 miles from the original Brunei invasion point and 25 miles north of the vital Seria oil fields, which Japanese demolitionists were methodically firing flames from the burning oil wells were visible 60 miles.

Other Aussies who landed on the eastern shores of Brunei Bay at Weston were moving inland with negligible opposition.

Labuan airport on Labuan Island is now in use by transports and fighters, MacArthur's headquarters announced. Airfields, troop concentrations and supply bases on North Borneo were hit and 100 tons of bombs were unloaded on enemy defenses at Balikpapan.

### Rev. James E. Moore Directs Bible Study For Presbyterian Auxiliary Members

Rev. James E. Moore directed the Bible study for the Presbyterian Auxiliary at the church Monday afternoon. The study was taken from the first three verses of the 12th chapter of Genesis. He discussed the three greatest men of the Bible, Abraham, Moses and Paul. The lesson was based on 1) salient facts about Abraham and 2) Abraham's daily life and call to service.

### Bible Study Held By Wesley WSCS

"The Word of His Grace" was studied with Mrs. W. L. Porterfield as teacher at the meeting of the Wesley Methodist Woman's Society of Christian Service Monday afternoon at the church.

Mrs. J. I. Lowe presided for the business session. Mrs. Arthur Pickle and Mrs. Carl Stemple led the opening prayer and Mrs. H. C. Penikett gave the closing prayer. Others attending were Mrs. T. L. Lovelace, Mrs. Mary Edwards, Mrs. J. T. Morgan, Mrs. Cecil Nabors, Mrs. E. R. Cawthron, Mrs. W. W. Coleman and Mrs. W. D. Lovelace.

### Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungrainy weight and helping back-sliding curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate, four ounces grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back. Collins Bros. and all druggists. (adv.)

Mrs. J. B. Mull presided at the session and Mrs. Pat Kenney accompanied the group in singing. Rev. Moore gave the invocation and the closing prayer.

Those present were Mrs. R. T. Piner, Mrs. George Nell, Mrs. Sam L. Baker, Mrs. James E. Moore, Mrs. Dalton Mitchell, Mrs. Cecil Wasson, Mrs. Harry Hurt, Mrs. J. C. Lane, Mrs. D. A. Koons, Mrs. G. A. Barnett, Mrs. T. S. Currie, Mrs. J. G. Potter, Mrs. L. S. McDowell and Mrs. A. A. Porter.

### Mary Willis Circle Has Session In C. T. Clay Home

Mrs. B. Reagan displayed a handmade dresser scarf and pillow cases which were made by students in the Lucille Reagan school in Nigeria, Africa, at the meeting of the Mary Willis circle in the home of Mrs. C. T. Clay Monday afternoon.

The session was opened with the Lord's Prayer and roll call was answered with items of missionary interest. Mrs. L. E. Hutchins led the closing prayer. Bible study was on "Justification" and a short business meeting was held. Others present were Mrs. Della K. Agnell, Mrs. Theo Andrews, Mrs. K. S. Beckett, Mrs. W. B. Buchanan, Mrs. J. L. Haynes, Mrs. Ernest Hock and Barbara Ann, Mrs. T. J. A. Robinson and Mrs. H. H. Squyres.

### Winner For Texas In National Poster Contest

Above is Mary Helen Knight of Wichita Falls, who has just been awarded state championship honors for Texas in a national meat poster contest, by a committee of judges in Chicago. More than 7,500 high school students from every part of the country competed.

The slogan of Miss Knight's poster was, "More Meat for World Peace." It brought out the importance of meat in the diet of this nation and others, especially in the days ahead. This poster contest is sponsored annually by the National Livestock and Meat Board, an educational and research organization of the livestock and meat industry. It is carried on in cooperation with art and home economics high school teachers of every state. The theme of this year's contest, according to the board, was "Building for Peace With Meat." The awards were based on theme, originality, slogan, effectiveness and artistic presentation. The prizes consisted of war bonds and stamps.

### Activities at the USO

**TUESDAY**  
7:30—Music appreciation class instructed by Cpl. Don Hoyt, Mrs. J. R. Farmer in charge.

**WEDNESDAY**  
6:15—Hospital visiting hour at the post with Lillian Jordan, chairman.

8:30—Shellcraft class taught by Mrs. Mary Locke.

**THURSDAY**  
9:00-11:30—Informal dance.

**FRIDAY**  
9:00—Bingo; three minute free telephone call home.

**SATURDAY**  
General activities.

### Cadet Class 555 Will Attend Its Mid-Term Dance

Cadet class 555 will be entertained with its mid-term dance at 8 o'clock tonight until 12 o'clock at the Cadet Club. A newly organized cadet orchestra will furnish music for the dancing. Refreshments will be served during intermission. Transportation will leave the USO at 7:50 p. m. for girls invited.

### Mrs. Carl Madison Hostess To Her Club

Mrs. Carl Madison was hostess to the Kill Kare Klub Monday night in her home when Mrs. Dennis Wall and Mrs. Frank Merrick were guests.

The club presented Mrs. Madison with a gift for her new home. Mrs. Wall binged and Mrs. Roy Lassiter won bridge high. Mrs. Lassiter is also to be next hostess. A salad plate was served and other members present were Mrs. Ollie Anderson, Mrs. Robert Satterwhite, Mrs. Watson Hammond and Mrs. Elvis McCrary.

Bathing suits have been contrived that do not get wet during swimming—they're coated with transparent plastic film.

### THREE CIRCLES GIVE REPORTS

Reports were given of three circles of the First Baptist Woman's Missionary Union which met Monday afternoon.

East Central and Christine Coffee circle held a joint meeting at the church for Bible study. Mrs. R. V. Jones taught the lesson with a topic on "Salvation."

During a short business session, plans were made to furnish a part of the food for the Youth Camp to be held at the city park next week.

Those present were Mrs. D. C. Maupin, Mrs. R. C. Hatch, Mrs. A. L. Hobbs, Minnie Moore, Mrs. George Melear and Mrs. W. J. Alexander.

Mrs. T. A. Nicholson was hostess to the Maybelle Taylor circle for Bible study. Mrs. O. D. Turner, chairman, presided at the business session.

Refreshments were served and those present were Mrs. Milton Whittier, Mrs. Leonard Coker, Mrs. Nicholson and Mrs. Turner.

### Subs Sink Eleven More Enemy Ships

WASHINGTON, June 19 (AP)—United States submarines have sunk 11 more enemy ships, including two light combatant vessels, in Far Eastern waters, the navy announced today.

The combatant ships were medium patrol vessels. Noncombatant vessels claimed in the latest toll were a medium cargo vessel, two medium tankers, a medium merchant vessel, two small cargo vessels, and three small merchant vessels.

The 11 raised to 1133 the total Japanese losses inflicted by United States submarines.

**Mrs. Robbins Better**

B. F. Robbins has written that Mrs. Robbins has been permitted to leave a hospital at Dallas and seems to be definitely improved. They plan to return home in a few days.

### Eight Divisions Chosen For Duty Include Texans

PARIS, June 19 (AP)—Eight battle-hardened U.S. divisions which fought the Germans in bitter campaigns from North Africa to the heart of the Reich have been chosen for permanent duty in the American zone of occupied Germany.

An official announcement last night disclosed that among the outfits which will compose the army of occupation are: the 82nd airborne division, the First and Fourth armored divisions, and the First, Third, Ninth, 29th and 36th (Texas) infantry divisions. The 82nd, now in Neufchateau, France, has been assigned to duty in Berlin and will leave for the German capital within 36 hours, taking over the role originally intended for the Second armored division, which is being deployed elsewhere.

### Navy Admits Loss Of USS Emmons By Jap Suicide Planes

WASHINGTON, June 19 (AP)—The USS Emmons, which helped escort President Roosevelt en route to the Tehran Big Three conference, has been lost off Okinawa—victim of Japanese suicide planes.

Hit by five kamikazes within a few minutes, the Emmons was so badly damaged she had to be sunk by sister ships 12 hours after the attack last April 6. She suffered 139 casualties, including 59 killed, 78 wounded and two missing.

Formerly a destroyer, the Emmons was converted to adestroyer minesweeper before she joined the Pacific fleet last January. Her fatal engagement was her first in Pacific waters. Attacked by 12 enemy planes, she shot down six, but five bored through the wall of AA fire and crashed the ship.

The attack occurred at the Emmons and another minesweeper were operating in the northern Okinawa area east of Ie Shima. After the fifth hit, a small gunboat came alongside the Emmons to give assistance. As the wounded

### Twenty-two Men Complete Course

Twenty-two men have completed successfully a 72-hour advanced course in basic industrial safety engineering.

The class was taught by Otto Peters, Sr., who has instructed three other safety classes under sponsorship of the Big Spring Safety Council and in cooperation with Texas Technological college.

The course originated on March 15 and covered 24 periods of three hours each. One of the students, Burl Haynie, former highway patrolman, accepted a position as safety inspector with an insurance company as the result of his training.

Qualifying for certificates were W. V. Alvey, W. C. Blankenship, H. V. Crocker, W. W. Edwards, T. H. Gill, R. W. Handy, M. E. Harlan, A. L. Harris, B. Haynie, A. C. Hyatt, R. B. Hood, J. F. Johnson, J. T. Johnson, Clyde McMahon, S. A. McComb, F. H. Moore, E. F. Rankin, E. L. Rogan, R. B. Talley, O. D. Turner, F. E. Waynick and E. H. Wilson.

### Burma Forces Fight For Communications

CALCUTTA, June 19 (AP)—A battle for rear communications was under way in Burma today, with Eastern Air Command planes and Japanese pocket troops each attacking supply lines behind opposing forces.

Ground activity centered on the sealed off areas west of the Mandalay railroad, where Japanese attacked Taikkyi, 42 miles from Rangoon on the Rangoon-Prome rail line. The Japanese withdrew under pressure.

Allied planes attacked rolling stock on a shipping on the Gulf of Siam.

were being transferred, a heavy explosion occurred in one of the handling rooms. After that, the abandon ship order was given.

### New Home Supervisor For FSA Arrives

Mary Watson Jones, for eight years associate county supervisor for Farm Security Administration, has arrived here to assume similar duties in the Big Spring district office.

Her work will deal primarily with home management problems of FSA clients in the six counties embraced in the Big Spring district.

The new supervisor is a graduate of Texas Tech, where she was a home economics major. She is a member of the Presbyterian

church, the Order of Eastern Star and is past president of the Business and Professional Women's club at Plainview.

### PILES? Try this "SPEEDY" Way

Use a fast-acting formula for distress of piles. Same as used by doctors adjacently at noted Thornton & Minor Clinic. Palliative relief of pain, itch, soreness and QUICK users are surprised. Helps nature heal raw parts, shrinks swellings. Get tube of Thornton & Minor's Racial Ointment—or Thornton & Minor's Racial Suppositories. If not delighted with this doctor's way and the astonishing speedy relief, the low cost refunded on request.

# Dodgers Throw Giants Again For Sixth Time

By TED MEIER  
Associated Press Sports Writer

The National league pennant probably would be a cinch for the Brooklyn Dodgers if they could play the Giants at Ebbets Field all the time.

Branch Rickey's "ferocious gen-

tleman" pelted the Giants last night for the sixth straight time at the Brooklyn park. They rallied to tie the score in the ninth and won out, 2 to 1, in the 13th on Howie Schultz' single with the bases loaded.

A crowd of 29,866 saw the

Dodgers tighten their grip on first place. Dixie Walker singled home Goody Rosen with the tying run in the ninth and drew a base on balls in the 13th to help set the stage for Schultz.

The Giants loaded the sacks with one out in the top of the 13th, but muffed their chance when Ernie Lombardi and Napoleon Reyes popped out. The defeat dropped the Ottmen to fourth place.

The Detroit Tigers, American league pace-setters, took it on the chin for the third straight time from the Chicago White Sox, 1 to 0. Bill Dietrich celebrated his return to the mound, after an operation to his elbow, by outpitching Dixie Trout.

A squeeze play bunt by Catcher Mike Tresh won the game for the Sox in the last of the ninth. The ball rolled along the third base line as pinchrunner Joe Oringo scampered home from third to the delight of 18,868 Comiskey park fans.

All the other major league teams had an open date.

# Bible Looking For Track Wizard To Star On 1945 Football Team

AUSTIN, June 19 (AP)—Coach D. K. Bible of the University of Texas is looking for a football player who can run 100 yards in ten seconds.

"Of course, I would settle for boys who could run it in 10.1, 10.2 or 10.3," he says.

Anyway, that will be one of the purposes of five days of informal practice next month when the new term at the university starts and a flock of freshman prospects show up.

The term opens July 5 and immediately Coach Bible will call the boys out for the purpose of "getting acquainted and seeing what we will have in the way of passers and kickers."

Bible said that from all indications he would have a fair nucleus of line material "but we will need some help in the backfield from boys entering in July and September."

Texas already has eight lettermen on hand along with ten 1944 squad members. Among the new material is George Graham, San Angelo high school's great full-back, and Texas also expects to get Byron Gillory, the fleet Marshall high school ball-carrier. Arthur Sweet of Brackenridge (San Antonio) is supposed to come to Texas. Maurice Essery of Amarillo was one of the better boys in spring training but may be lost to the service by fall.

The greatest star to announce he is going to Texas is Dick Harris, Wichita Falls' all-state runner. Texas already has Red Simmons of Temple and Jack Wallace, a navy boy from Edinburg, for center duty.

**San Antonio Trackman Running For AAU Meet**

SAN ANTONIO, June 19 (AP)—Perry Samuels, San Antonio's great schoolboy trackman, is ready for the National AAU at Randall's Island, N. Y., June 29-30. He now is working the 100 meters, the event in which he will participate, and already has turned in a time of 10.5, which equals the winner's mark in last year's AAU. Samuels did the 100 meters twice in under eleven seconds on a water-soaked track.

Charley Parker, also of San Antonio, won the junior 100-meters at the National AAU last year in 11.1. Buddy Young of Illinois University took the senior 100-meters in 10.5.

**BARTON TO EXAMINE BANKS**

AUSTIN, June 19 (AP)—H. W. Barton of Tyler becomes senior state bank examiner effective July 1. His appointment was announced yesterday by State Banking Commissioner H. A. Jamison.

# Col. Warburton Explodes Theory Japs Cannot Produce Good Planes

Dateline: Pacific

By RUSSELL BRINES  
WITH FIFTH AIR FORCE, LUON, (AP)—Col. Ernest K. Warburton, one who should know, thinks the Japanese have produced a number of good combat planes and their latest fighters rank with those of the United States.

The husky, regular army colonel, whose home is at Westboro, Mass., is a test pilot for captured Japanese aircraft. He has flown more than half a dozen types, both bombers and fighters, of Nippon's best planes.

"The old idea that the Japanese couldn't invent anything is all

wrong in aircraft, at least," he said. "In design and thinking they are up to us."

Veteran fighter pilots from several theaters have voiced the same opinion. "One of their planes and an American pilot," said one airman, "could lick most fighters we have now."

Warburton said the two newest Japanese fighters have several developments which increase their maneuverability and technical efficiency. Both are imperial navy planes, euphemistically called the "George" and the "Jack."

The two high-speed fighters are based upon German design, he added. But the Japanese have added their own developments and improvements.

"Japan's biggest trouble is the lack of mechanical safety," Warburton continued. "They sacrifice safety for the decreased weight that will permit greater speed and maneuverability."

The Japanese also are hampered often by the inability of comparatively incompetent factory workers to carry out the well-prepared plans of topnotch designers.

The new fighters represent considerable advance over the old Tojo and Zeke, which used to give American planes trouble.

**Western Golf Tourney Upsetting Precedents**

INDIANAPOLIS, June 19 (AP)—With two precedents already broken, the 16th annual Women's Western open golf tournament today moved into the first of five days of match play leading to the crowning of a champion on Saturday.

By the boards, as a result of yesterday's 12-hour qualifying session, was the tradition that the Western never produces co-medalists. Mrs. Mildred (Babe) Dicks, champion and 1944 medal winner, and Louise Suggs of Atlanta took care of that by firing twin 75's—one under par—as the sixth woman to tackle water-soaked Highland golf and country club course.

Also in the discard was the Western's reputation for producing upsets in the qualifying round. Virtually all of the outstanding favorites were numbered among the select 32 who fired the 91 or better necessary to enter today's initial round of match play.

**Holmes, Cuccinello Still Hitting Stars**

NEW YORK, June 19 (AP)—The stars of the major league hitting parade remain the same this week with Tommy Holmes of Boston the hero for the National league and Tony Cuccinello of Chicago for the American league.

Using games through Sunday as their script, Holmes and Cuccinello retained their league leadership.

Holmes dropped a lone point to 385, still the best aggregate in the majors. Cuccinello skidded two points to 347 for the best in American league.

**Puebla Students End Opposition To Texans**

PUEBLA, Mexico, June 19 (AP)—Students at the University of Puebla, who went on strike a week ago, have agreed to cease all opposition to Texas students here for summer classes.

However, the 2,000 Mexican students voted yesterday to continue their strike against university authorities.

The Texans are members of a group sponsored by the Sam Houston State Teachers College, Huntsville, Tex.

The local collegians had agreed Sunday to return to classes but voted at assembly yesterday to continue the strike. Their most important demand is for revision of the organic law of the university to equalize the student vote with that of the professors, the rector to have a deciding vote in case of a tie.

**DICKENS TO COACH STATE COLLEGE, Tenn., June 19 (AP)—**Phil Dickens, former University of Tennessee backfield star, will become assistant to Coach Allyn McKeen of the Mississippi State College Maroons in September. Dickens carried the ball for Vol eleven from 1934 through 1936, winning all-conference honors his second year.

**DOUBLE EMERGENCY PORTLAND, Ore., June 19 (AP)—**Patrolman Frank Pratt answered an emergency call and then made one. He phoned his wife for instructions while helping deliver a baby boy.

**PROMOTED**—A dispatch from S/Sgt. Harold A. Beard, Marine Corps combat correspondent, tells of the promotion of Hollis D. Sandridge, 20, route 1, Big Spring, to the rank of pharmacist's mate first class with the Third Marine Division. Overseas seven months, Sandridge participated in the seizure of Iwo Jima and was under heavy artillery, rocket and mortar fire throughout most of the battle. He enlisted in the navy Dec. 15, 1942 and received initial training at the naval hospital corps school at San Diego, Calif. He shipped from Camp Pendleton, Ore. to join the Third Marines in the field as a navy medical corpsman. Sandridge, son of Mr. and Mrs. W. L. Sandridge, is a 1942 graduate of Coahoma high school.

# Washington Housing Shortage Is More Acute Than Before VE Day

By JAMES MARLOW  
WASHINGTON, June 19 (AP)—The war in Europe's over but housing in Washington is more jammed than at any time since war started. The War Housing Center—which tries to find living quarters for newcomers—is receiving about 275 applications a day for rooms.

It places about 190 of them. The agency is asking homeowners who have rooms—but never had roomers—to take them in now. A number of government workers have quit and left Washington. But the war agencies—and some of the old, regular government departments—have to go outside Washington and recruit new workers.

Take the OPA, for example. In March it had 3,713 employees. By the end of May it had 3,724, a net gain of 11. During that period the OPA lost people, recruited new people, and ended up with 11 more than it had in March.

The census bureau is bringing in about 1,200 people to do clerical work on the farm census. This is in addition to the regular staff.

The FBI is bringing in about 700 people to help catch-up on the

**When Mr. Brown Retires**

**He's Going to Stay on the Farm**

In a few more years, Mr. Brown will be 65, and he's going to quit farming then. But he isn't going to quit the farm. He's going to stay right there, and let Jim take over. It will be Jim's farm from there on, and Mr. Brown is just going to sit back and take it easy. And he won't have to ask Jim for money, either, because the check he'll get each month from Southwestern Life Insurance Company will be ample to take care of his needs—as long as he lives.

You can do exactly what Mr. Brown did, and when you think about it, you'll realize, just as Mr. Brown, that it's the reasonable thing to do. Mr. Brown had everything on his farm insured—the house, barns, livestock, implements—everything, except the most important asset on that farm—himself!

And when he realized that, he started investigating, and he found out he could do a dual job with Southwestern Life Insurance: protect his family in event of his death, or quit and let Jim take over, with an independent income for himself at a retirement age of his choice.

The cost of such a plan is so reasonable it will please you. It pleased Mr. Brown. Get the figures today and see for yourself.

# New Redistricting Voice

West and Southwest Texas have been carrying the ball for redistricting for legislative purposes for the past two decades. One of the most forceful and practical comments on the failure of the legislature to fulfill its redistricting obligation and of a means to force this action is contained in an editorial from the Marshall News-Messenger, deep in the heart of East Texas. We quote:

One of the principal gubernatorial submissions to the recent legislative session was the question of redistricting the state for judicial, senatorial and representative purposes.

The constitution says this shall be done after each decennial census. It does not say "may," which would leave it to the discretion of the legislature; it says "shall," which makes it mandatory.

Nevertheless, each successive legislature for the last 23 years has refused to redistrict for senatorial and representative purposes. At the last session it did abolish one district court, but Governor Stevenson asserts his belief that at least 20 such courts should be abolished.

The legislature's refusal to redistrict so as to bring its membership into focus with population changes is an outrageous disregard of the rights of the people, as well as a violation of constitutional mandate.

We would like to see some of the over-populated districts bring civil action to force legislative action. It would not be difficult to prove that such districts are paying taxes without due and proper representation in the legislature. This was the method Governor Arnall of Georgia employed to bring discriminatory freight rates into open and force ICC revision. The effect on the ICC was indirect, but none the less patent and precipitate.

Redistricting should be handled by a commission serving without pay, and divorced from all political responsibility; but to get it would require a constitutional amendment, and the same legislature which refuses to redistrict can also refuse to submit an amendment.

It should be possible to enjoy the payment of per diem and fees to members of a legislature not set up according to constitutional rules. From this standpoint every session since 1922 has been illegal and all its acts void.

## Stay Close To Home Base

If you want to do a commendable thing to help out, just stay close to home base this summer. If ever there was a strain on the transportation sys-

# June 'teenth As Celebration Day Not Clearly Defined By History

June 'teenth might as well be on half a dozen other days.

At least that's what the history books indicate. All these years people down south take it for granted that June 19th, the day traditionally observed by the negro population as Emancipation Day, marked the day that slaves were freed formally.

But histories chronicle no spontaneous or simultaneous liberation of slaves, and as emancipation unfolded it was accomplished by a wartime decree by President Abraham Lincoln as commander-in-chief of the army and navy and not as a deliberate legislative accomplishment of the young Republican party.

Actually, the emancipation proclamation took shape after a series of reluctant maneuvers in congress. In all, it was a rather ticklish situation.

When the Civil war came on, the Republican party was placed in a peculiar position on the slavery issue. To assail it would have been to belie the professions of the party and to alienate a sufficient amount of northern support to assure failure of the party. As a matter of fact, the Republican party, so history said, had no thought of emancipation but merely that of resisting the spread of slavery to new territory.

On the other hand, some of the most avid supporters of the Union war efforts demanded abolition. Moreover, to maintain slavery in the North while abolishing it by decree or law in the South would have branded the Union's war effort as one purely for dominion and thus have attracted foreign support to the South as a section fighting to preserve its liberty.

The first step toward emancipation was taken on Aug. 9, 1861, in a decree which enjoined masters using slaves against the government from further claim to them.

The notion persisted that the Union was a haven for slaves, and desertions and runaways became rather commonplace. For a time, civil and military authorities returned them to their masters, but both tired of being placed in the position of slave catchers.

So it was that on March 13, 1862, all army and civil authorities were forbidden to return fugitive slaves and on June 17, 1862, all captive, deserted or fugitive slaves of owners in the rebellion were ordered freed.

The main body of slaves could not be left untouched, as one historian puts it, "as the core of a fresh abcess."

Lincoln wished to follow a policy of compensated emancipation and from this came a resolution on April 10 of the same year that the United States ought to cooperate

# The War Today

By J. M. ROBERTS JR. (Substituting for Dewitt Mackenzie)

Reports from Chungking this morning attribute the Japanese withdrawal northward along the China coast, and particularly their evacuation of Wenchow, to their fears that Russia will enter the war.

At the same time reports recur that Amoy and Swatow are being left to their fate, while the enemy concentrates on holding from Hangchow and Shanghai north, plus a narrow connection with Indo-China and the Malay peninsula inland and to the south. Japanese reinforcements have been reported landing at Bias Bay, which lies near Hong Kong, Kowloon and the apex of an important highway system.

It is interesting to note the possibilities of sea routes to China which would increase the hope that, with the fall of the home islands, the Japanese effort in North China would collapse. In the south the situation can be left to the bottom.

From Foochow to Wenchow, an area already in Chinese hands, and on to Hangchow, there are real possibilities.

This area is within the range of fighter cover from Okinawa, offers air bases for all sorts of duty, and provides numerous lesser ports such as Sjang-shan, Samnen and Taichow.

Wenchow is on an important coastal highway about halfway between Hangchow and Foochow, and on another which leads inland to Japanese territory.

Thus the Chinese hold a coastal strip about 350 miles long directly across from Okinawa, from which our planes and ships could cover any desired movement.

This route for the delivery of war material might enable the Chinese, aided by Japan's fear, if nothing more, of Russia in the north, to make it unnecessary for us to undertake a real invasion, as we came to understand the word in Europe.

Prospects are that each returning ship will bring more men and material to be transported. Needless to say, these should and must have priority. So don't get in the way with a pleasure trip.

# Mirrors Of Austin— STATE FISCAL PICTURE INDICATES CASH BALANCE FOR NEXT TWO YEARS

Figuring the state's fiscal picture is one of the trickiest subjects anybody can dabble in. With that qualification, here are some looks at the state's fiscal picture for the next two years.

Guess No. One: Using the most conservative figures, Texas will have a cash balance at the end of the coming biennium—ending Sept. 1, 1947—in excess of \$1,250,000.

Guess No. Two: If the state's production of oil stays at anywhere near its present level, even during the first year of the biennium, the cash balance will be several millions more than that.

Guess No. Three: School people over Texas can figure on a per capita apportionment (state aid for each child of scholastic aid) amount to \$30.50. The current per capita is \$25.

Possibly in terms of the people affected, the third guess is the more important. The State Board of Education will meet here the first week in July to fix the per capita. As some read the new law, the board has no alternative than to fix it at a maximum of around \$36 provided by the Joe Humphrey law which the 49th legislature passed. The board has to follow a formula depending

# Texans In Washington— Lone Star Flies With Old Glory

WASHINGTON, June 19 (AP)—Rep. Gene Worley, just back from a two-month tour of Europe, Palestine and North Africa, proudly tells of a little ingenuity on the part of a few Texans to raise the Lone Star flag over a captured Nazi airfield at Bad Soden, Germany.

Dark clouds were overhead as the army plane carrying Worley landed at the newly captured airfield. As he stepped from the plane the first thing he noticed was a Texas flag whipping in the wind over the nearly demolished administration building.

"I said to the pilot there must be a lot of good Texas boys around," recalled Worley, "and sure enough it wasn't long before I found several."

The commanding officer was Col. W. P. McBride of Realtors, and his executive officer Major R. T. Shell of Houston. Soon I was with them and heard how Texans in the fighter-bomber outfit based there did a bit of contriving when they couldn't find a ready-made Texas flag on hand.

"They patched it up from some blue-jack blackout curtains, a Russian flag, and a white mattress cover."

There was some debate as to whether it should fly alone or with the Stars and Stripes, said Worley, adding that in deference to the fellows from the other states the Texas boys finally agreed to run Old Glory up to the top of the mast, then the Lone Star flag. Worley went to Europe as a subcommittee to study postwar maritime problems. He planned to incorporate his views in a formal report to the Colmer postwar planning committee of the house.

He believes this country should be on the alert to retain a good income, the Comptroller was ultra-conservative on the income from the oil tax. It was figured at \$30 million for the 1945-46 fiscal year; \$27 million for the 1946-47 year, or a total of \$57 millions.

Almost beyond doubt, income from the oil tax for this fiscal year will amount to \$38,900,000. If production were maintained at the present rate for the coming biennium, this tax would bring in \$77 millions instead of \$57 millions, or \$20 millions more than the comptroller estimated. While it's reasonable to suppose that production is going to have to drop off, it seems reasonable to guess that the rate should be maintained high enough to get at least \$5 to \$7 of that \$20 millions.

Another much more certain figure: the comptroller's estimate of income from the natural gas tax has already proved a half-million dollars low on the current fiscal year. There's no reason to suppose that gas production will drop, or gas prices decline. The opposite is more likely. So at least a million dollars additional natural gas taxes may be added to the total prospective cash balance.

## Life's Darkest Moment

## With The AEF: 442nd Plans To Take Care Of Jap-American Soldiers

By SID FEDER (Substituting for Hal Boyle) LAKE GARDA, Italy, (AP)—Officers of the U. S. 442nd infantry regiment have organized their own replacement plan for the Japanese-American soldiers returning home after gallant fighting with the regiment in Italy and France.

Through arrangements of every Nisei soldier heading home takes with him the names of men already contacted in America who will help him locate in the place and in the industry or profession he wants.

Along with that he will have letters of reference from his company, battalion and regimental commanders attesting to his membership in one of the most decorated outfits in the army.

The plan was originated by Lt. William Wolf, Evanston, Ill., who serves on the committee.

The system was arranged specifically for soldier victims of exclusion tactics on the Pacific coast—formerly like T/A Sagie Nishioka, Hood River, Ore.

The other day Sagie received a note from his mother, who is in a Wyoming relocation camp with his 16-year-old brother and a sister.

Her note began, "I suppose you've heard your name has been taken off the soldier rolls at Hood River x x x."

(The Hood River post No. 22 of the American Legion restored the names of 15 Nisei, including Sagie Nishioka, to its honor roll.)

Sagie is not doing so well just now. He's had 15 blood transfusions and five operations in the last few weeks. A Jerry mortar shell did it to him when he and the rest of the 442nd spearheaded a drive upon the Ligurian coast.

Sagie has been in the army more than three years. Before that for 10 years—after his father's death—Sagie had been the sole support of his mother, sister and brother on their little farm at Hood River.

Even if he regains his strength, the outlook is not too bright for him.

A Hood River friend wrote Sagie not long ago telling him things were too tense and advising him not to come back immediately.

## One Yank Converted!

AUSTIN, June 19 (AP)—A Massachusetts soldier, stationed in Germany, was turned into a thoroughgoing Texan after recruitment by the 38th division.

In a letter to Gov. Coke Stevenson, Pfc. M. C. Conchiglia said: "Speaking for myself and the other aliens to the state of Texas who now comprise the 38th division, I can assure you it has been an honor to have been a part of America's most famous division."

His admiration for the Texans with their "incessant yells when attacking" is immense. Fighting beside "old Texas men," he says, "was a tonic."

## Washington Merry-Go-Round—

# Two Month Term Guages Truman

By DREW PEARSON

WASHINGTON—Harry Truman has been president of the United States for a little over two months—two of the most historic months in the nation's history. These two months are sufficient to get a fairly accurate gauge of how the new president is going to function for the rest of his term.

On the surface there is a new atmosphere in the White House when you walk into it these days. If, for instance, you drop in on White House Secretary Charlie Ross, he is cordial, courteous, and brief. There is no invitation or inclination to sit down and gossip. This businesslike atmosphere prevails throughout the entire White House staff.

If you go on in to see Rose's boss, you get in on time. There are few waits. And the little man on the other side of the big broad shiny desk listens intently. He wants to hear what his visitors have to say. These are two definite innovations.

Gone are the days when big shots calling on Roosevelt would fret and fume during an hour's wait, then, after spending half an hour with him, go out and brag that they had spent an hour and a half "at the White House." With Truman you are allotted a certain number of minutes, and he holds to that schedule.

Moreover, you can make the most of your allotted time. Truman is anxious to listen. Roosevelt on the other hand, did most of the talking himself. Visitors had to interrupt forcefully to put across their ideas.

Good Domestic Administrator Truman gives the impression of having a firm grasp on all domestic problems. He knows them thoroughly—undoubtedly better than Franklin Roosevelt during his latter years, when he was devoting all his time to the war.

One of Truman's frequent replies to callers when they urge sanction on some special idea is: "I realize that. But it takes time to do all these things, and seldom have so many important things confronted us all at one time. I'll get around to that just as soon as I can."

One thing that worries him most is our foreign affairs. The new president frankly realizes it is his main weakness. He does not have Roosevelt's international background, therefore has to rely almost wholly on his diplomats.

Truman's method of running the government is that of picking good men and giving them free rein. This is a good system, and we could have had more of it in the past. But it breaks down when the president is not sure he can rely on the men picked to perform the most important job we now face—building up the peace after the war. Truman told Stettinius, for

instance, that he was to be his own boss at San Francisco. But he found that Stettinius called him on the phone once or twice a day to get his approval of almost every decision.

Unlike Roosevelt, Truman does not hesitate to fire a man who doesn't produce. He let Leonard Reinsch go back to his radio job in Atlanta the day after he handled himself badly in a press conference. He transferred Edward McKim, his administrative assistant, after it became known that the genial and likeable McKim seemed too engrossed in Mrs. "Hope Diamond" McLean's dinner parties and the social whirl of Washington.

Politics on Capitol Hill credit Truman with one political error so far—his letter to the house rules committee asking it to vote out the fair employment practices bill, bitterly opposed by southern legislators. Writing a letter of this kind to a congressional committee went further than most Roosevelt attempts to influence congress, and members of the rules committee resented it.

However, if Truman erred politically, he did not err when it came to carrying out party pledges. He put himself squarely behind promise he made during the campaign, while republican congressional leaders, having made a similar pledge, wretched.

Final impression you get of Truman during this trial heat is that he has been working under tremendous pressure, is tired and needs the rest he will now enjoy with his old friend, Governor Mon Wallgren, in Washington State. All of which makes it even more miraculous that Franklin Roosevelt held out physically as long and well as he did.

Senators Ruled Norway Less than three weeks ago, young Senator Hugh Mitchell of Washington had the unique distinction of being the highest civil authority in Norway. "Opposition leader" of Norway was Michigan's Republican Senator Homer Ferguson.

The two senators, arriving in Norway to investigate surplus property for the Mead committee, drove from their dock to Oslo's famed Hotel Bristol. All along the way they were astonished to see fully armed Nazi soldiers strolling about freely. Several hundred thousand armed Nazis they discovered, were still in Norway with no one to accept their surrender.

The Norwegian government was due to return shortly, and until their arrival, Senator Mitchell—as a democratic senator of a government to which Germany had surrendered—was the highest civil official there.

Since Norwegian party lines are not yet fully redrawn, Ferguson, a republican, was entitled to be called the "opposition leader."

The proprietor of the hotel told the senators that the entire hotel had been occupied by Nazi officers until two days earlier. On May 28, an American Colonel Wilson had arrived with 12 officers—the first American staff men to reach Norway.

**Belgian King Reports He Will Not Abdicate**

SALZBERG, Austria, June 19 (AP) — King Leopold of Belgium declared today that he had reassumed his full constitutional per-

rogatives and that there was no question of his abdication, despite the resignation of Premier Achille Van Acher's government.  
The king's statement was issued through an official spokesman. Dispatches from Brussels said strikes in protest against the

king's return to Belgium had spread to numerous coal mines in the Liege district.

Colorado City Monday afternoon at 2 o'clock. Mrs. Scudday, a resident of the McKenzie community where she held farming interests, had lived in Coke county for the past 31 years. An adopted son, R. C. Scudday, survives.

**Locker Checks Won't Affect Producers**

Recent announcements by OPA that checks of food lockers in Texas are under consideration have created an air of unnecessary confusion among agricultural producers here.  
The OPA announcement did not make clear that the check is primarily to ascertain if persons unentitled to hold large supplies of meat have them cached in boxes.  
Any person previously entitled to have meat supplies processed for his locker box is in no way affected by the announcement.  
The law pertaining to slaughter of meat has not changed materially, and under it the producer is not restricted on the amount of livestock which may be slaughtered for use of those who eat at his own table.  
In the same connection, the person who owns and cares for livestock for 60 days, or since its birth, or until it gains one-third of its weight is considered a producer.  
Only those have been entitled to kill without surrendering meat points all along, and they have signed statements to this effect. Thus, there should be nothing in OPA announcements to confuse or disturb them for their status is unchanged... check or no check.

**Truman Flying To West Coast Visit, Conference Talk**

By ERNEST B. VACCARO  
WASHINGTON, June 19. (AP) — President Truman left by plane at 8:20 a. m. eastern war time, today for a west coast visit he will climax by attending the San Francisco United Nations Security Conference.  
The president planned an 11-hour non-stop flight to Olympia, Wash., where he will pay a "social visit" to Gov. Mon. C. Wallgren before going to San Francisco to address the closing session of the Security Conference.  
The president was given a cheery sendoff by General Dwight D. Eisenhower, America's returned hero, whose plane, the "Sunflower" rested just behind the president's special C-54 waiting to take the general to a big New York welcoming.  
The president paused at the top of the ramp leading to his plane to wave to photographers. He asked them what do you want me to say, "fiddle sticks" recalling the remarks of his 92-year-old mother as she alighted from a plane from Kansas City, Mo., a few weeks ago.  
The president's plane is the same one which brought Eisenhower here yesterday from across the Atlantic.  
MAN DIES FROM BEEF STEAK  
SAN ANGELO, June 19 (AP) — Adam B. Ratliff, 52, a Miles farmer, died en route to a hospital when a piece of beef steak became lodged in his throat at a cafe near here last night. Physicians said death resulted from asphyxiation.  
DECLARED PRESIDENT  
DUBLIN, June 19 (AP) — Sean O'Kelly, deputy prime minister, was officially declared the new president of Eire last night after tabulation of second choice ballots gave him a clear majority.

sons were killed and Russian workers were fired upon.

Stanislav Koloneda, another witness, said he was instructed 20 days on blowing up bridges, wrecking roads and communications. He said 100 were in his armed detachment.

"We got orders to derail all Red army trains which were supposed to be sent into action against the Germans," he said. "I remember blowing up tracks near Nieman as a sort of protest against the Russians being in that area."

Another witness, France Urbanowicz, told of a Russian civilian being captured and hanged. Three of the principal defendants and six of 22 witnesses in the trial were heard yesterday, indicating that the trial still has some time to run.

**Cox Named To Cotton Policy Committee**

AUSTIN, June 19 (AP)—Dr. A. B. Cox, University of Texas professor of cotton marketing and economic adviser to the American Cotton association, said today he has accepted appointment as a member of the United States cotton policy committee.

Dr. Cox spent last week in Washington with a committee from the ACA conferring with state officials and congressmen on the possibility of opening an export market for cotton and formulating a trade agreement program on domestic policies.

**CAPACITY CROWD ATTENDS FIRST PERFORMANCE OF CADET SHOW**

A capacity crowd attended the first performance of "Minstrel Days," a real old time minstrel show written and directed by A/C Jimmy Lynch of New York City and presented by cadets of Class 125 Monday evening in the post theatre. The second show will begin at 8:30 p. m. today. Despite the lack of time for extensive rehearsals the cadets gave a finished performance.

Costumes, secured through Paramount Pictures, Inc. in Hollywood and used in the picture, "Dixie," added to the gaiety of the minstrel show.

"Irish" Jimmy Lynch, talented singer and dancer, is the producer of the first all-cadet show which never lacked for laughs from the time the blackened-up ushers came on the scene until the last song was sung. Ushers who kept the audience in good spirits were Gus Enman, Erwin Fuhrman, Jerry Casten and Matty Chamberlain.

Bob Hinkin acted as inter-locutor and sang several well-received songs. End men, dressed in zoot suits, many times, stretched their jokes out to the last laugh. They were Leon Block, Howie Enchelmann, Dick Collins and Lynch. Leslie Livingston was the admiral.

Herb Lobell gave a "knocked out" imitation of Frank Sinatra which kept the audience asking for more. The "Fat Mamas," Dalton L. Luth, Dixie Dungan, Billie R. McElroy, Al Bassett, Willie Dietrich and Red Brown, brought the loudest laughs. Abraham R. Greenbaum received a round ovation following his song, "A Little Bit of Heaven."

The program included old time favorite songs and a few new ones, old and new jokes, dancing, novelty numbers and a clever PT routine, along with an abundance of ad libbing.

Chorus members were George O. Thatcher, R. H. George, Elmer A. Kiehl, Leo F. Gilligan, Cliff Coleman, Dick Collins, Buddy Proctor, Dean Manos, John Devine, J. D. Coleman, G. A. Scharp, Dave Crabtree, Buddy Budro, S. J. Borucki, Joey Denatale, Mouse Dye, Mike Cvengros, Jack Simpkins, Charles Adams, Knobby Contompassis, Bob Dressler, Charles Stahl, H. E. Messler, Elmo J. Pappas, Frankie Padula, E. J. Ross, Bill Sobelman, Bama Sherrin, Jack Diddle, Charles Adamson, Walter Couch, John Cosgrove, Con Baker, E. F. Lealand, III, Nick LaRocco, Bob Libersher, John Hale, Chap Penney, Jimmy Brannigan, Buzz Fulks; Jack Funk, Tom Huffstetler, Dick Logan and R. R. Lowry.

Cadets aiding in production were Norman G. Fugate, Glenn T. Foster, Frank D. George, J. R. Gulbranson, Vincent Bane, Cal Gardner, Joe Foster, Tom O'Connell, Skiz Smith and Cliff Jewell.

The show was dedicated to the class tactical officer, Lt. Marion Denny.—B.B.D.

**Grand Jury To Study Charges**

LUBBOCK, June 19 (AP)—Judge G. V. Pardue today entered an order for reassembly of the 99th district court grand jury to investigate the fatal shooting of Lubbock filling station operator W. T. Lamb.

He called the jury to assembly at 10 a. m. Thursday saying that "since two murder charges have been filed against defendants held without bail it is deemed advisable to investigate immediately."

Lamb, operator of an all night filling station, was shot fatally early Sunday. Officers yesterday filed charges of murder with malice against A. J. Wright, 21, of Abilene, Tex., and Winnie McKeever, 18, of Deming, N. M.

The man and woman were arrested in southwest Lubbock county yesterday near the Slide community after an intensive search by officers.

Judge Pardue's order set aside one entered June 5 dismissing the grand jury.

**County Cash Still Past \$100,000**

Howard county had a \$109,788 cash balance as of the end of May, monthly financial statement of County Auditor Chester O'Brien showed Tuesday.

This represented a decline of little less than \$9,000 for the month since disbursements totaled \$22,869 against receipts of \$14,317.

Heaviest expenditures occurred in the road and bridge fund for \$11,019, including a \$2,250 transfer to the officers salary fund and payments for parts and operations. General fund obligations likewise were up to reach \$6,039, including \$5,000 transferred to the officers salary fund, which had an expenditure of \$3,208.

Balances at the end of the month by funds were: Jury \$2,025; road and bridge \$80,310; general \$26,832; permanent improvement \$568; officers salary \$8,129; road refunding \$830; special road bond \$5,075; road and bridge \$15,106; courthouse and jail warrant \$178; aduact warrant \$723.

**Liquor Board Gives May District Totals**

The Odessa district of the Texas Liquor Control Board showed a total of two cases filed during May, according to the statistical summary released by Bert Ford, liquor administrator.

There were two convictions for fines and there was one dismissal of a previously filed case. Fine collections for the month amounted to \$322. The El Paso district with one case filed and \$122 in fines alone ranked under the Odessa district.

Over the state revenues for May amounted to \$1,016,206, a gain of \$41,000 for the month. Liquor stamps accounted for \$701,872 and beer stamps for \$225,000 of the amount.

**Capt. O. C. Hart Back In States**

Capt. O. C. Hart, once a prisoner of the Nazis, is on his way home.

He called his wife Sunday after putting into New York, presumably with the landing of the "Black Hawk" division, the first major unit of troops to arrive from the European theater.

He is to arrive at Fort Sam Houston Friday and will visit with his wife and child and come here for a visit with his parents, Mr. and Mrs. A. C. Hart.

Capt. Hart was in the original group of volunteers from Howard county, being mustered in September of 1940 with the national guard company organized here. That was before selective service went into effect and the young men who were mustered in had to hire a truck to take them to Santa Anna, Tex., where they maintained a makeshift bivouac until Camp Bowie was made ready for occupancy. Capt. Hart had been in France only a short time when he was captured.

**Gooch Visits Here**

Here for a brief visit with friends while he is attending to some business matters is Tom Gooch, Long Beach, Calif. Mr. Gooch is a pioneer business man in Big Spring, having operated food stores here for around three decades before going to California, where he has been in a similar business.

**MILK SURVEY TAKEN**

City Sanitarian E. R. Nichols said Tuesday that a check is being made of milk producers for ascertaining the amount of milk being produced in the Big Spring area. The results of the survey will be compared with the quantity available in 1942, and reasons for the decrease or increase will be studied.

One woman went to the rapid treatment center at Mineral Wells Tuesday.

**George Boswell Resigns Coahoma School Position**

George Boswell, superintendent of Coahoma public schools for the past 11 years, has resigned his post effective Sept. 1.

He will become associated with the National Educators Life Ins. Co., as a district agent with headquarters in San Angelo.

Coahoma trustees are now considering applicants for the position of the second largest independent school district in the county.

Boswell came to Coahoma 11 years ago from Carrollton, near Dallas, where he had been head of the science department. He had 10 years of administrative work prior to that and took the Carrollton position in order to do graduate work at SMU.

During his tenure as superintendent of the Coahoma schools, the district has greatly expanded its facilities, erecting a new high school and auditorium, and elementary school. It has set up a system of buses that has enabled it to serve scholastics in the R-Bar, Green Valley, Vincent districts of Howard county and Willow Valley district of Borden county.

**Piner Cites Aims For Development**

Community and area development to the end that returning servicemen will come back to a better place than they left is the long range objective of the chamber of commerce, Robert T. Piner, president, told the Rotary club Tuesday.

The organization, he continued, has many definite objectives, many of which may be years in materializing. However, among projects on which work is being done this year are:

Utilizing local cattle and feeds in finishing livestock for market; encouraging 4-H club work; intensifying dairying production; junior college; roads; working toward presenting the local case for a veterans hospital.

Projects place emphasis on utilization of local products and local labor, he said. Piner invited all people to attend directors and other meetings, and not to consider them in any wise closed affairs.

Guests for the day included Mr. Sgt. Arthur P. Kasch, Pvt. Gene Rush, Capt. Gene Fievelten, Cpl. Jack Greaves, Lt. Paul Kasch, Lt. Bill Boswell.

**Continental Swabs Settles Deep Test**

Continental No. 1-D Settles, Howard-Glasscock deep test, swabbed 143 barrels of fluid in 24 hours ending Monday morning, 80 per cent of it 33 gravity oil and 20 per cent drilling fluid and residue from washing of 2,000 gallons of acid.

The test was through perforations between 8,950-9,080 feet. Previously production had been developed from the Pennsylvanian from 9,100-20 feet where 42 gravity oil was returned. It is section 133-29, W&NW.

**CAR STOLEN**

Sgt. Walter E. Buchner of For-san reported to Big Spring police Monday night that his car, a black 1937 Ford, was stolen from 1805 Lancaster at about 11 p. m.

**Supreme Justices Approve Lower Court Ruling Changing AP By-Laws**

By EDWARD H. HIGGS

WASHINGTON, June 19 (AP)—A federal district court order requiring the Associated Press to relax its by-laws on admission of members bore supreme court approval today.

Over a minority protest that the news gathering cooperative is being treated as a public utility and being put under "court tutelage," the high tribunal late yesterday ruled, 5 to 3, that the by-laws restrain trade and therefore violate the Sherman anti-trust act.

The decision came near the close of a daylong session winding up the court term. The court recessed until October 1.

The action backed up in full the 2 to 1 summary judgment of a special district court in New York that the AP membership laws must be amended to prevent AP members from considering the

**AAA To Handle Beef Payments**

Cattle feeders of Howard county may now apply to the county AAA office for beef cattle production payments under the new program designed to increase production of meat.

Object of the program is to encourage producers to feed more animals to good and choice grades. Methods of payment are similar to the dairy program also handled through the AAA office, according to L. H. Thomas, chairman.

Beef cattle production payment amounts to 50 cents per cwt. on good or choice cattle weighing 800 pounds or more and selling for at least the minimum stabilization price of \$13.50 cwt. in this county.

To be eligible a feeder must certify on his application 1) that he owned the cattle at 1:30 p. m. 30 days before their sale, 2) that the cattle weighed at least 800 pounds when sold, 3) that the cattle brought not less than the minimum price for good grade, and 4) that the cattle were sold for slaughter to an authorized slaughterer, which is one operating under federal inspection or an OPA permit.

A feeder-purchaser is eligible to receive payment provided payment has not previously been made on his cattle. He also may receive payment on cattle he raises, provided they are eligible under the program.

A feeder other than a feeder-slaughterer must present sales receipts, invoices, scale tickets, or other written evidence from the buyer to verify the date of sale, name of buyer, point of sale, number of head, total liveweight, price received and name of legal slaughterer. If he did not raise the cattle, he must show condition of cattle at time of and from whom purchased, and date.

**Attendance Increases At Well Child Clinic**

Attendance at the well child clinic for Latin American children continued to increase, when 149 children were treated last week as compared with 138 the previous week.

One hundred and forty-two typhoid shots were given, and 10 were given whooping cough serums. Thirty-four received diphtheria injections and seven were vaccinated for smallpox.

**ONE FINED IN COURT**

One person was fined \$20 in city court Tuesday morning for dangerous driving. Six vagrants were picked up and five drunks appeared in court.

**FLUSH KIDNEY URINE**

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night". A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many people say have a marvelous effect.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to: Department A, Kilmer & Co., Inc., Box 1258, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

**Treasured Guest**

Even though trains are jammed with military personnel, the dislocation of families in wartime may mean that a child's trip is as essential as an adult's.

To the men who run the Wabash every day... secure in the protection and comfort of the world's safest transportation.
