Stations Are Established By Red Cross

Campaign For Refugee Relief Funds Gains Momentum... Twenty-eight stations for collecting Red Cross war relief funds have been set up in Big Spring, Shine Phillips, chairman of the Howard - Glasscock county chapter, announced Wednesday.

Workers Needed... However, only seven persons have been secured to operate the stations, he pointed out in urging for more volunteers to assist the drive by manning the collecting points.

Those where workers are not serving are located in the State National bank, the First National bank, the Fashion, R. O. Jones, Robinson Grocery, Collins Drug, Hiles & Long Drugs, and the Ritz theatre.

The need for women to volunteer their services is almost as urgent as the need for money to be used for relieving suffering and starvation in invaded European countries. Phillips described the plight of war refugees as the most tragic situation in history.

Move To Widen Hatch Bill

WASHINGTON, May 29 (AP)—The house judiciary committee today approved the senate-approved Hatch bill to extend to federal-state employes restrictions on political activity now applied to federal employes alone.

The committee which once shelved the legislation then reversed itself and agreed to give it further consideration as reported to have approved it by the vote of 16 to 2.

The Hatch legislation would broaden the so-called Hatch "clean politics" act passed last year for federal workers. It would apply to state workers paid in whole or in part by federal funds the act's restrictions on "pernicious" political activity.

LATE BULLETINS

MOSCOW, May 29 (AP)—The Soviet radio announced tonight the government had informed Great Britain that the sending of Sir Stafford Cripps to Moscow as a special trade envoy was not acceptable to Russia.

LONDON, May 29 (AP)—The air ministry announced today that the Royal Air Force attacked the Germans "continuously yesterday, last night and today." At least 22 enemy aircraft were brought down.

LONDON, May 28 (AP)—The war office announced tonight that King George had sent a message to the commander in chief of the British expeditionary force saying: "The hearts of everyone of us at home are with you and your magnificent troops in this hour of peril."

PARIS, May 29 (AP)—The allied rear guard is fighting German troops in the streets of Lille, the war ministry spokesman said tonight, while the main northern forces retreat toward the channel coast.

Texas Votes Go To Garner, New Deal Gets The Praise

Pledging Of Delegation Winds Up A Stormy Session At Waco

WACO, May 29 (AP)—Texas will be represented at the democratic national convention by a delegation instructed to support the presidential candidacy of Vice President Garner, a native of the state. The state democratic convention, culminating a session in which it first flew, late yesterday ordered Texas' 46 votes cast for Garner, but pledged that Texas democracy would not join in any "anti-Roosevelt" or "stop Roosevelt" moves.

Sam Rayburn, of Bonham, majority leader of the national house of representatives, was named chairman of the delegation, and Rep. Lyndon B. Johnson of Austin vice-chairman. Myron Blacklock of Marshall was elected national committeeman for Texas, in succession to Garner, and Mrs. Clara Driscoll of Corpus Christi was re-elected national committeewoman.

Included in the list of delegates-at-large, including Ellis L. Roosevelt, son of the president and a resident of Texas, were named, together with 19 alternate delegates-at-large, 34 district delegates and 34 district delegates-at-large. Twenty-three presidential electors were elected.

After three hours of riotous confusion at the morning session, the convention finally settled down and was concluded in an atmosphere generally of good humor, although in the last ten minutes another rumour threatened over Mayor Maury Maverick of San Antonio, a storm center.

A motion to have the name of Maverick stricken from the list of delegates at large and that of Carl Wright Johnson of the same city substituted was made by Hal Collins of Mineral Wells, but was defeated on a voice vote. In the committee which passed on the delegates-at-large, Frank Davis of San Antonio had attempted also to successfully substitute a delegate from Bexar county, which did not include Maverick.

Shortly before the convention started, Maverick and Mayor Tom Miller of Austin, keynoter of the convention, had engaged in a brief altercation, but were separated by bystanders.

Maverick was a leader of delegates who professed to be ardent Roosevelt third termers and opposed the "harmony" program approved by leaders of other Garner-Roosevelt third term factions. Miller was one of the first in Texas to advocate re-nomination of Mr. Roosevelt.

During the height of the confusion, there were several fist fights on the floor, a Roosevelt banner was torn up, police intervened repeatedly and business of the convention was virtually stopped.

When young Roosevelt introduced Miller as the keynote speaker, his first mentions of the Austin mayor met a storm of boos. The temporary officials were unable to quiet the assembly, and speaker after speaker was shouted down until former Gov. Pat M. Neff, now president of Baylor university, with good humored words gradually talked it into order.

The source of the uproar seemed to be an element demanding outright instructions for Roosevelt, although the speakers themselves were anti-Roosevelt. They insisted their program had the approval of the president and claimed the fight really was over the distribution of convention honors.

DUBLIN, May 29 (AP)—Ireland called up army reserves today and moved swiftly to put her forces on a war footing in the face of the grave situation confronting her neighbor, Britain. The procedure was strictly along normal lines.

At the same time, volunteers began applying for service at the recruiting stations, but outwardly Dublin went on about its business pretty much as usual. Clerks, shopkeepers, laborers and others in the reserve corps, reported at the Collins barracks and other designated depots for instructions.

Further Boost Foreseen For Defense Fund

600 Million May Be Added For Planes And Army Equipment

WASHINGTON, May 29 (AP)—President Roosevelt and war department officials were reported today to be considering a supplemental defense program for army equipment, planes and mechanization which would add more than \$600,000,000 to the preparedness expenditures already projected.

Request From FD... Following a conference, in which Secretaries Morgenthau and Woodring, Louis Johnson, assistant war secretary, and General George C. Marshall, army chief of staff, reviewed army needs with the president, there were indications that Mr. Roosevelt would ask congress for the further expansion of the defense program within a few days.

The amount he may ask, it was said, probably will be less than \$1,000,000,000 but more than \$500,000,000—possibly around \$600,000,000. That would be in addition to the \$1,815,000,000 which Mr. Roosevelt already has requested.

The White House conference met as a congressional committee decided upon procedure for speeding all possible the \$3,000,000,000 tax program laid down yesterday by administration and congressional leaders.

Chairman Doughton (D-NC) of the house ways and means committee, revising the earlier estimate of \$483,000,000, said the administration hoped to raise \$650,000,000 for defense taxes in a new tax bill which he will introduce tomorrow.

On defense financing, congress appeared agreed on a two-fold approach. The first called for an immediate increase in the national debt limit from the present \$45,000,000,000 now almost reached to \$48,010,000,000. This step would permit the flotation of \$3,000,000,000 of "national defense obligations," to be paid off in five years.

The second step involved new taxes earmarked specifically to liquidate the \$3,000,000,000 "national defense loan." The taxes would be effective for the five year period, but their nature immediately stirred wide differences of opinion.

Tentative plans were based on 10 per cent boosts in the income and certain excise taxes. Even heavier increases were under consideration for liquor, cigarette and gasoline levies.

Narvik Finally Taken By Allies

LONDON, May 29 (AP)—A joint admiralty-war office communique announced today that Narvik, far northern Norwegian ore port, had been captured by the Germans.

"Information has been received this morning that Narvik was captured last night by allied forces and Fagernes and Fosnes also are in our hands," the communique said.

Narvik long the goal of allied pressure by land and sea, had been in German hands virtually since the April 9 opening of the German invasion of Norway.

The garrison at one time was said to have numbered 3,000, but in recent days the German high command has told of reinforcing it with mountain chasers and other troops dropped by parachute.

Carriers To Convene Here Tomorrow

Letter carriers for district 4 will convene here Thursday for the annual district meeting, preparatory to the important state session July 4-5 in Waco.

Delegates from 15 cities in the district having city delivery service, will be eligible to attend the meeting. W. T. Sargent, Big Spring, vice-president and who will preside over the convention, said.

Sessions will be held in the First Baptist church basement and will get underway at 10:30 a. m. At noon the local auxiliary will serve a buffet luncheon. Business parleys are slated for the afternoon.

U. S. Planes Prove Value

PARIS, May 29 (AP)—A government spokesman said today American airplanes are now arriving in France "in considerable quantities" and are showing their superiority in action over "anything on the front."

The spokesman said American bombers especially were proving their excellence. Often, he said, these have been able to dive within 30 yards of the ground before cutting loose with bombs and pulling out.

American bombers, the spokesman declared, are much faster than Germany's and easy to maneuver.

A French press dispatch from the front today said: "Magnificent American bombers in which we have placed so much hope have already entered the infernal battle of the north. They have achieved astounding victories over the German lines. All so far have returned to their bases safely."

WITH THE BRITISH AIR FORCE IN FRANCE, May 29 (AP)—Low-flying British bombers are hitting hard and often to ease the fierce German pressure on allied troops fighting a way out of Flanders.

German transport columns, tanks and armored convoy trucks were attacked repeatedly today with bombs and machine gun fire by planes which plunged as low as 500 feet over their targets.

TWO ARE KILLED IN TRAIN MISHAP... CASS LAKE, Minn., May 29 (AP)—Two persons were killed and 45 riders on two passenger trains jolted when one Great Northern passenger train plowed head on into another standing at the depot here early today.

Hans Falkanger, about 60, Grand Forks, N. D., engineer of No. 38, the moving train, was killed when he jumped just before the collision.

An unidentified transient riding between the engine tender and the baggage car of No. 36, was crushed when the tender and the car telescoped.

TRANSPORTS SUNK... LONDON, May 29 (AP)—British naval forces have sunk seven German transports in the last three days in waters near Narvik, far northern Norwegian port held by the Germans, according to a dispatch from Stockholm by the Exchange Telegraph company, British news agency.

SUIT DISMISSED... AUSTIN, May 29 (AP)—Payment of \$16,523.16 in state chain store taxes today brought dismissal of a suit in which the Lone Star Oil Corporation and subsidiaries fought the tax.

HITLER LEGIONS CIRCLING FOR THE 'KILL'; FRANCE ADMITS SITUATION 'VERY CRITICAL'

Line Consolidated By Poilus For An Important Drive From The South

PARIS, May 29 (AP)—On a great consolidated front along the Somme to Aisne rivers, the main French army carried on continuous operations today against the Germans, while the position of the entrenched allied forces of the north was acknowledged to be "very critical."

These hard-pressed men in the Flanders pocket, fighting desperately against annihilation, were declared to be inflicting heavy losses on the Nazis. The operations to the south, which the French authorities cautiously had called "important," apparently were aimed for the moment at wiping out the last German pickets as part of a general push in an effort to relieve the northern forces.

Whether such an offensive had gone beyond this preliminary stage was not immediately clear. The front stretched across 200 miles on the Somme and Aisne. Three villages on the lower Somme were declared to have been recaptured by the French and this afternoon a military spokesman said also that they had blown up the last bridgeheads previously occupied by the enemy.

Most of Amiens was said now to be in French hands, and a German raid on French positions in the Ardennes sector near the town of Chateau Porcien was thrown back, said a communique, by heavy French fire. The Maginot area to the east remained quiet.

But, however important was this operation of the southern allied wing, it was overshadowed in the great drama to the north. The battle in the Flanders pocket was described by a war ministry spokesman as "murderous," but he gave no indication of the turn it was taking. The French and British were said to be showing "admirable courage."

Along the channel, it was said, Dunkerque itself "is not directly menaced." Calais was also still in French hands at the latest reports last night, the sources added.

Belgian Foreign Minister Paul Henri Spaak said in an interview he was "completely without information" on the present whereabouts of King Leopold III following the Belgian monarch's capitulation.

Wherever he is, Spaak declared, "he no longer has any power." Spaak said King Leopold lost his sovereignty and that if he should conclude a peace treaty with the Germans it would not be valid "because we consider that any act he can accomplish now will be invalid."

The French and British air forces violently attacked fuel ports at the north German ports of Bremen and Hamburg as well as communication centers and armored columns behind the German lines, according to the war ministry.

Fighting in the northern sector was described as "extremely violent" on the Lys river, which runs through the area in which the allied forces have been encircled by the swift German troops and left alone by the surrender of King Leopold's Belgian army.

Along the Rhine the French opened a terrific artillery fire which shattered a railway line and an unidentified station, the spokesman said.

British Force Facing Destruction, Is The Claim From Berlin

BERLIN, May 29 (AP)—The French industrial city of Lille and its Belgian channel port of Ostend have been seized, the British expeditionary force is facing destruction and an important segment of the French line has collapsed, the German high command announced today as its legions circled for the kill in the Flanders-Artois trap.

Germans declared that counterattacks to crack the steel jaws of the trap on allied armies, estimated in Berlin at 700,000 men, had been beaten off "with the bloodiest losses."

With their strategic position improved tremendously by the Tuesday dawn capitulation of the 300,000-man Belgian army on orders from King Leopold III, the Germans were able to report, in addition, the following successes:

Storming of Ypres, Belgian highway center, some 20 miles from the channel coast between Dunkerque and Ostend. Simultaneous attack on Komel, southwest of Ypres. Both Ypres and Komel were machine-guns of World war fighting. Komel is known particularly for the combat on Meuse ridge.

Passing of Bruges and the reaching of Dixmude, both in Belgium, by the swift advance through northern Flanders. Raising of the swastika over Langemarck, scene of fierce combat in 1914. Occupation of Armentieres near Lille. Fracture of a fortified French border position, near Cassel, through a rear-guard attack.

Wide-spread air raids on "retreating columns and all kinds of troop concentrations and tanks." Destruction of 24 Allied planes yesterday as against the loss of three German machines. Destruction of an Allied destroyer by a torpedo-carrying speedboat off the Belgian city of Newport. Heavy damage to three Allied destroyers, two transports and two freighters, bombed off the Belgian and French coast of the English channel, and Sinking of Allied submarine by bomb in the central North sea "probable" destruction of another.

The high command said that "the fate of the French armies in Artois is sealed." The Artois region and the Flanders area—the coastal plains of northern France and southwestern Belgium—form the zone of entrapment for the Allied forces, now bereft of Belgian aid in the Ostend-Bruges area on their left bank.

French resistance south of Lille has "collapsed," said the Germans and the English army which was hemmed together in the region of Binche, Armentieres, Baillou and Bergues, west of Dunkerque, also are facing destruction through our concentrated attack.

Lille was said to have fallen to German attacks from the east and west. This industrial city, which changed hands three times in the first three months of the World war and then was held by the Germans for four years, had a normal population of 300,000. Street fighting reportedly at Dunkerque apparently represented an attack by an advanced German column.

The pocket has been tightened dramatically and swiftly but there was no other indication, save this unofficial report, that the real German line had carried to Dunkerque on the English channel, 40 miles east of Calais.

This view was supported by Nicola Marchitto in a semi-monthly political review entitled, "The Conquest of the Empire." He asserted Italy's "offensive objectives" would be actions by the navy and warplanes in the Mediterranean, land war in Africa to conquer the Suez Canal and eventually in the Balkans to protect Italian interests.

British Withdraw Under Hot Attack

B.E.F. Peril Is Grave As That At Gallipoli

LONDON, May 29 (AP)—Britain's expeditionary force in the Flanders trap was said by reliable sources today to be fighting a "stiff rear-guard action" to cover its withdrawal toward the coast.

The fighting was reported in complete order, without chaos or confusion. Morale of the trapped troops was termed "quite unshaken."

The withdrawing army was said to have established a strong rear line, but it was regarded as "almost certain" that much equipment and material would be abandoned. This, it was said, would be destroyed to keep it from German hands.

Neutral military observers said the desperate situation of the pocketed B. E. F. and French forces could be relieved only by mechanized agencies equal to Germany's.

Refugee Problem Is Under Study

WASHINGTON, May 29 (AP)—Secretary Hull said today active consideration was being given to the possibility of receiving Belgian refugees in the United States.

The state department chief said conversations had been held with representatives of the British and other governments about many phases of the refugee problem as well as with private individuals and groups.

Hull said also there had been no developments concerning diplomatic relations with the Belgium government now in refuge in Paris. The statement was taken to indicate continuance of United States recognition of the present Belgium government.

Italy May Drive On N. Africa

ROME, May 29 (AP)—Italy hovered tonight on the brink of war with many foreign and Italian observers expect Italy to start, possibly within the next few days, but in North Africa and in the Mediterranean rather than against France directly.

This view was supported by Nicola Marchitto in a semi-monthly political review entitled, "The Conquest of the Empire." He asserted Italy's "offensive objectives" would be actions by the navy and warplanes in the Mediterranean, land war in Africa to conquer the Suez Canal and eventually in the Balkans to protect Italian interests.

BRIDGES DEPORTATION GETS RIGHT-OF-WAY

WASHINGTON, May 29 (AP)—The house rules committee voted unanimously today to give legislative right-of-way to a bill directing the secretary of labor to deport Harry Bridges, West coast CIO leader.

The committee acted a short time after Rep. Allen (D-La.), author of the legislation, testified that the house immigration committee had adopted a special resolution urging the rules committee to give the measure preferred status on the calendar.

ROYAL CHILDREN OF BELGIUM IN LISBON

PARIS, May 29 (AP)—The newspaper Paris Soir reported today the Belgian royal children had arrived at Lisbon, where they are expected to remain for the rest of the war. A Lisbon dispatch said they left Cahors, France, by automobile last Sunday.

The children, Princess Josephine Charlotte, 12, Crown Prince Baudouin, 9, and Prince Albert, 7, had been sent to refuge in France while their father, King Leopold, remained with the Belgian army.

Their mother, Queen Astrid, was killed in an automobile accident in Switzerland in 1935.

NEED FOR ADDITIONAL PAVING STRESSED AT BUDGET HEARING

Budget for the city of Big Spring for the current fiscal year—estimated total revenues at \$443,900.50— with proposed expenditures of \$727,790.50—was with members of the commission Wednesday for consideration, with final action due probably at a special meeting next week.

It was put in their hands by City Manager E. V. Spence Tuesday evening, after a lengthy public hearing during which Spence reviewed in detail proposed revenues and expenditures.

The hearing was attended by about 30—probably the largest group ever at such a meeting here

—thanks to representatives of the American Business club and the chamber of commerce. Both organizations have stressed as preferred projects for the year, and it was on the paving question that they took active part in the meeting.

Both A. B. C. and C. of C. representatives called for a speedup of paving operations, pointing out that while they did not wish to hamper other municipal services, they believed Big Spring should put more emphasis on street improvements.

## Walton Hood Plans To Open Campaign Offices In City

District headquarters for Walton D. Hood, who this week formally opened his campaign for the office of state railroad commissioner at an open-air barbecue affair arranged by friends near Houston, likely will be established here, it was reported Wednesday.

Tentative plans are for friends of Hood to open offices in the Crawford to direct his campaign in the Permian Basin and west Central Texas areas.

For the past eight years Hood has been chief law enforcement officer of the commission's motor transportation division, resigning that post to enter the commissioner's race.

He said he was the first seeking the office to support a program proposed by Texas editor and others for conserving natural resources, increasing the truck load limit, and opposing federal control of the oil industry, discriminatory freight rates and interstate trade barriers.

Hood has been a merchant, banker, broker, cotton exporter, railroad man, real estate agent and rancher in addition to his commission experience. He is a native of Burleson county, where he was born 57 years ago, is an ex-service man, is former state commander and vice-commander of the American Legion, is a member of other civic and fraternal organizations, is married and has two sons.

## MISS LANCENOUS NOTES

By Mary Whaley

The thing we like best about graduation day speeches is the ease with which the speakers trot out some lofty thoughts they have been thinking up in their leisure time and so gracefully ignore telling the students a few things they will have to find out the hard way.

Nobody tells the young people how to get a job, which is the thing a large percentage of them are already beginning to worry about now they have finished high school. And nobody tells them some of the obstacles they will encounter in college which is where the other percent may be aiming.

Instead, the speakers pound the rostrum and sing out, "To your hands we throw the torch. Carry on!" and everybody claps and thinks how fine that is. To the students, already a bit bewildered by the thrill of graduation, it sounds o.k., they guess and they wonder how much longer it will be before the overstuffed gentleman will finish and they will get their diplomas.

But the speaker, engulfed in a wave of his own verbosity, is going strong and not much will stop him except lack of breath. He has been known to be so carried away with his thoughts that he clutches his breast and cries, "The youth of today is the citizen of tomorrow and the future of our democracy depends on you." Cheers follow this, too.

But come Monday morning when some hundred or so come asking for a job in his store, factory, office or what have you, he will probably be out somewhere for lunch thinking what a good fellow he is and will be too busy to talk to the graduate on his return and next year he will be asked to make the same speech again somewhere.

# Texas GOP's Uninstructed

DALLAS, May 29. (AP)—The Texas republican delegation to the Philadelphia national convention will be uninstructed.

Closing one of the best-attended sessions in years, the party reached the decision yesterday and also passed resolutions condemning the Roosevelt foreign and domestic policies and again announcing faith in a protective tariff.

Permanent officers elected included L. J. Beckenstein, Beaumont, chairman; John W. Philp, Dallas, secretary; and C. W. Beck, Hillsboro, sergeant-at-arms.

Other resolutions passed asked the nation to guard against all propaganda, opposed United States involvement in war, condemned sit-down strikes, invited old-line democrats to unite with republicans, advocated relief fund distribution through recognized local agencies, deplored reduction in cotton acreage and the enforced curtailment of farm products, opposed any government attempt to control the oil industry and declared capital and labor interdependent.

The convention also condemned the administration for allegedly sending office holders over the nation at the expense of the taxpayer to build up a third-term movement.

# 400th Anniversary Of Coronado's Conquest Celebrated In S'west

ALBUQUERQUE, N. M., May 29. (AP)—Four hundred years ago the first white explorer toured the American Southwest, and didn't like it.

Today, the three racial groups which have mingled in the land of the purple sage began a summer-long tribute to the dissatisfied pioneer of 1500, Don Francisco Vasquez de Coronado.

The youthful Spanish captain was looking for the fabled golden cities of Cibola when he brought his conquistadores up the long, hard trail from Mexico. Instead he found the adobe villages of the Zuni and the Rio Grande tribes.

The mud huts had a golden glow when corn on the roofs was touched by the sinking sun, but gold Coronado did not find. He claimed "New Spain" for his king, and returned to Mexico, a disappointed and a discredited man.

The gigantic "birthday party"—formally it is known as the Coronado Cuarto Centennial celebration—opened here today. Backed by the federal government to the extent of \$300,000, the celebration will be carried out this summer in New Mexico, Texas, Arizona and Colorado, and in Oklahoma and Kansas in 1941.

Juan Francisco de Cardenas, Spanish ambassador to the United States, came here today to take part in the observance which celebrates a history that preceded the landing at Plymouth by 80 years.

The Southwest has entered enthusiastically into plans for the celebration, and even the Indians whose ancestors Coronado conquered are joining with the descendants of Spanish and Anglo pioneers in marking the anniversary.

# Hardin-Simmons To Open Summer Term Next Tuesday

Hardin-Simmons university, in Abilene, will begin its annual summer session on Tuesday, June 4, with an curriculum offering work in all major fields, according to an announcement received here by Dr. R. A. Collins, director.

The annual summer session will include two six weeks terms, the second to begin on July 13. The session will end on August 23. Classes will meet five days a week, with a holiday on Saturday, Dr. Collins said.

Feature of the session's first term will be a laboratory school, staffed by experienced teachers, with Miss Fanjane Stovall, principal of the Oaklawn school, as director; H. S. Fetheress, assistant superintendent of the Abilene schools, as supervisor, and W. D. Gullledge, principal of the Central school in Abilene, as principal.

Hardin-Simmons concludes its

forty-eighth annual session on June 4, when bachelor of arts, science, and music degrees will be conferred on a class of 137 seniors. Seven masters degrees will be conferred. Dr. R. L. Hill, book editor of the Sunday school board of the Southern Baptist convention, will deliver the commencement address, and the university will confer on him an honorary degree as Doctor of Humane Letters.

# Texas Votes Give Garner Second Place

WASHINGTON, May 29 (AP)—Texas' big block of 46 votes put Vice President Garner in second place today for pledged delegates to the democratic national convention.

President Roosevelt, however, has the public support of more than a majority of the delegates, and there was speculation here that if he should announce his willingness to run, no other name might be presented to the convention.

With 772 of the 1,094 full-voting delegates now selected, here is the line-up:

Pledged and semi-pledged to President Roosevelt 561 1-2.

Pledged to Vice President Garner 49 1-2.

Pledged to Postmaster General Farley 38 1-2.

Pledged to Speaker Bankhead of Alabama 22.

Pledged to Senator Tydings of Maryland (conditionally) 16.

Pledged to Senator Wheeler of Montana 8.

Pledged to Senator O'Mahoney of Wyoming 5.

Uninstructed and unpledged 70 1-2.

With 501 votes required to nominate for the republicans, their delegate box score stands this way:

Pledged and semi-pledged to Thomas E. Dewey 150.

Pledged to Gov. James of Pennsylvania 71.

Pledged to Senator Taft of Ohio 50.

Pledged to Senator Vandenberg of Michigan 38.

Pledged to Hanford MacNider of Iowa 22.

Pledged to Senator Capper of Kansas 18.

Pledged to Senator McNary of Oregon 10.

Uninstructed and unpledged 625.

Two of the remaining ten republican delegates were being picked in Arkansas' third district today. The other eight will be chosen as at-large delegates by Illinois republicans on June 7.

### OIL CITIES PLEDGE AID ON DEFENSE

WASHINGTON, May 29. (AP)—Colonel Clark Thompson, Galveston business man, has told Assistant Secretary of War Louis Johnson that every city in Texas oil producing areas would cooperate with the war department on any defense program.

He said he offered cooperation specifically on behalf of Galveston, Houston, Texas City, Beaumont and Port Arthur.

Thompson, a former congressman, suggested that an army air field be located in the area, and asked that a national guard anti-aircraft unit be created in the Southwest Texas coastal region.

From 1928 to 1939 inclusive there were 42,370 persons killed or injured by autos in California.

# 'Bargain Night' At The Park Tonight, Sox Close Series

## LOCALS TAMED BY RED LYNN, 5 TO 1

By HANK HART  
Repelling a serious Big Spring threat in the ninth inning when Manager Tony Rego used four pinch hitters in an effort to turn the tide of battle, Red Lynn hurled the Amarillo Gold Sox to a 5-2 triumph here Tuesday evening.

For eight and two-third innings Lynn was well nigh invincible. The Barons were able to get runners on but were stymied when the right-hander bore down. The locals suddenly decided to get back into the ball game while there was still time, however.

Bob Wittig singled to delay the grand windup. Then the parade of pinch hitters started. Irv Pellegrini, a left-handed swinger, appeared in place of Don Wolin and promptly dropped a single back of Bill Altenberg at shortstop. Then Buck Schuler, another leftie, faced Lynn in place of Eldon Muratore and was passed, populating the cushions. Next came Warren Kanagy, yet another leftie. In place of Wittig automatically scored. Finally Skipper Rego inserted himself into the lineup, replacing Eddie Laurel in a pinch hitter's role. He waited out a couple of balls, then a strike and finally swung on an outside pitch that took its time in rolling to Joe D'Antonio at second base. Joe picked it up and tossed to first base in time to nip Rego by a full step.

Ramsdell went the distance on the mound for the Big Springers and was as potent as ever but his argument was hopeless. His mates refused to hustle behind him. His worst inning was the third when the Sox put together three bingles with an error by Carl Cox to account for three runs.

Emmett Fullenwider clouted out his sixteenth home run for the invaders, the wallop coming in the ninth round with the sacks deserted.

A three-base wallop by Woody Lundberg and an error by Bill Altenberg on Bill Garbe's ground ball accounted for the initial Barons run in the leadoff inning.

Lundberg coupled a third-inning single with his first round blow to lead the Barons hit parade. His feats failed to match those of Fullenwider, however. The Sox gardener collected two doubles in addition to his late round tripper.

#### Stasey Doing Fair, He Writes; He's Hitting At A 422 Clip

From the mailbox:  
"Dear Hank:  
"How is everything in good old Big Spring?  
"I like this country just fine. Cold up here nearly every night but they play baseball just the same.  
"I'm sending you the Three-I averages.  
"Capps is doing fine in the W. A. (Western Association).

"I don't think there is much difference in Class B and D ball. Class B is a little better—better parks, more money and a little better pitching. Hit and run a lot more up here.  
"I hit third in the (Moline) lineup.  
"(Jodie) Marek is going o.k. here, has won two and lost one. The one he lost, he shut the opposition out for seven innings, then got knocked out of the box in the eighth.  
"Tell everybody hello for me. I miss that southern hospitality up here.

"Your friend,  
PAT STASEY  
"Moline Baseball Club  
"Moline, Ill."

"Dear Hank:  
"I am sorry I didn't write sooner but have been too lazy.  
"I'm not doing so hot. Have won two and lost one. Will improve as the season goes along, I hope. This is rather a fast league. Some pretty good hitters here. I will win my share of them and try to go up. Stasey is doing all right except sometimes he gets in a daze and watches too many strikes. We both have hopes of going higher in a few years.

"Very truly,  
"JODIE MAREK  
"Moline Baseball Club  
"Moline, Ill."

"Burl Cramer, one of Big Spring's most familiar sports figures and a resident of Howard county for the past 29 years, is being transferred by his employers out of this vicinity the first of the month.

Burl at one time was one of this sector's better baseball players, was equally as well known as a pitcher as an outfielder. Lately he has taken up softball, has been occupied this season with managing the Forsan Oilers, one of the Major-City league's teams.  
Doyle Vaughn, local baker, will probably take over the management of his team and compete in second-half M-C play.

#### Burl Cramer, Familiar Sports Figure, Moving From Vicinity

Latest Three-I league averages reveal that Stasey, who hit .345 here last year, is clouting the pellet at a .422 clip, leading the regular Moline players and is second among the league's hitters, bested only by Clinton's Bradford who boasts a mark of .473.  
Patrick has gone batward 45 official times, collected 19 hits, scored 11 runs.  
Marek has pitched 25 innings given up 25 runs, surrendered but two bases on balls, struck out 11 men.

Yankees Are Rolling, Take Pair Of Games To Hop Into 4th Place

By JUDSON BAILEY  
Associated Press Sports Writer  
Without fanfare or fireworks the New York Yankees have arrived back in the first division of the American League and apparently have finally found the trail that can lead to their coveted fifth consecutive world championship.

The Yanks humbled the Washington Senators 12-4 and 3-1 in a doubleheader yesterday to attain six victories in their last seven games—in fact, nine victories in 12 games—since that demoralizing eight-game losing streak.  
Today New York is only 6 1-2 games out of first place and easily can be riding the crest before the Fourth of July.

The Red Sox tightened their hold on first place at least temporarily by beating the Philadelphia Athletics 4-1 in a night game after the second place Cleveland Indians had lost to Detroit 8-5.

The Yankees' leap from sixth to fourth place was made possible by the Chicago White Sox dropping both ends of a doubleheader to the St. Louis Browns, 10-9 and 7-5. Both games were free-hitting affairs with the two teams rolling up 50 hits, including seven home runs.

The Cincinnati Reds dropped a 5-2 decision to Pittsburgh, their first loss to the Pirates this year, and slumped substantially into second place in the National League. The Chicago Cubs were shut out by the St. Louis Cardinals 5-0 on the four-hit hurling of Max Lanier.

The Brooklyn Dodgers cut down the Phillies 4-2 for their fifth consecutive victory and Freddy Fitzsimmons' fourth without defeat.

## 2 PERSONS TO BE ADMITTED FOR PRICE OF 1

In an effort to bolster attendance, which has not been up to expectations since the season opened, Manager Tony Rego has announced that tonight is to be "bargain night" at the Big Spring baseball park, two persons being admitted for the price of one for the final game with the Amarillo Gold Sox.

Attendance figures here are far below what they were in 1939 and Rego said he was at a loss to explain the lack of interest.

Cold weather plus the fact that the Barons have been consistent losers on their home grounds may be a contributing factor.  
At any rate the fan who attends the bout this evening may bring along a friend without charge.  
Hubba Jonard, Amarillo pilot, is expected to rely either on J. Hill or Rus Crider for mound duty. Crider is the sensational youngster who has won six games for the league leaders to date.

Irv Pellegrini is slated to be Rego's choice.  
The game will get underway promptly at 8:30.  
A switch in the WT-NM league schedule will bring the Clovis Pitchers, who open a two game series here Thursday evening, back to Big Spring June 5, 6 and 7. Mrs. Lucille Rego, business manager, announced Tuesday.

The June 29-30, July 1 series, originally scheduled to be played here, will be moved to Clovis, Mrs. Rego said.  
Clovis officials requested that the change be made due to conflict with a civic program.

There aren't as many "big name" drivers as usual this year, but the machines as a group seem more powerful and far more ready to run than they have been in past pre-race workouts.

## Drivers Ready For New Time On Speedway

By ED SAINSBURY  
United Press Staff Correspondent

INDIANAPOLIS, Ind., May 29 (UP)—The fans are promised more speed than ever at the Indianapolis Motor Speedway's 28th annual 500-mile Memorial Day race this year. That's the general opinion of nearly every driver and mechanic at the track—and if anyone should know what it's going to take to come home in front, it's the men who get the cars ready for action and those who handle the wheels for the required 200 laps.

Most of those willing to venture an opinion say that the winning numbers will be about 121 or 122 miles an hour for the 500-mile grind.

That means a new record—and nearly everybody connected with the track in any capacity whatsoever is certain that unless something happens to slow the field down, a mark will be set well over the present record of 117,200 hung up by Floyd Roberts in 1938.

Have in 1939 showed. The posters say that a new record would have been set last year by Wilbur Shaw but for the three car crash that brought death to Roberts, the defending champion. Until that accident the field was running at better than 119 miles an hour and the race was about half run.

Then, however, the yellow flag was out for approximately 20 minutes, holding the field to about 90 miles an hour—and wrecking all hope for a new mark.  
Rex Mays, daredevil coast speedster, has rolled out a new unofficial record of 132.40 miles an hour and he's certain to try for a new mark. Others regarded as leading contenders are Bob Swanson in a Sampson special which contains the Frank Lockhart 16-cylinder motor, rated as one of the most powerful in the world; Wilbur Shaw in the Maserati in which he won last year, and Paul Riganti, stellar Argentinian whose new Maserati is rated to be one of the fastest cars in the race.

## IT'S PAPA SEABISCUIT NOW

AP Feature Service

Seabiscuit, 7 years old and with most of his life before him, has settled down on his owner's ranch in California to the business of being a proud papa. Winner of \$437,730, the turf record, his greatest feat, perhaps, was his \$88,000 Santa Anita victory after recovering from a torn foreleg ligament. Owner Charles S. Howard hopes his prize may pass down some of his great racing qualities to sons and daughters. The big money-winner already is the father of seven colts sired during the year of track inactivity caused by his injury. Youngest of his get is shown at top with its mother, Fair Knightess.

## WRONG FEW

YORK, Pa., May 29 (AP)—A woman at a meeting of the county democratic committee called the chairman's attention to the fact her name was omitted from the roll call.

A checkup sent her hurrying from the room—red faced.

She was a member of the county republican committee, which was meeting at the same time in another part of the building.

## Forsan Golf Meet Dates Are Set

FORSAN, May 29—The third annual Forsan invitational golf tournament will be staged Sunday, June 23. It was decided at a meeting of the club's directors Tuesday evening.

Players who intend to compete may qualify on any West Texas course and should have their qualifying scores posted with Wilbur Dunn, Forsan, by Wednesday, June 20. Entry fee is \$2. All entries will be offered a free lunch on the day of the tournament.

The course is being improved and will be in good shape for the meeting. Blacky Hines, one of the directors, said.

Medalist will be decided in the first round of match play. Guy Hainey is the defending champion. A field of 82 players competed for the laurels last year. A larger number of entries is anticipated this year.

Merchandise prizes will be awarded to winners and runners-up in all fights.

### Budget

(Continued From Page 1)

\$39,940.50 outlay on the WPA street project, with an estimated revenue from property owners' payments of \$30,687. Those at the hearing suggested that some shifts be made in items to permit larger expenditure by the city this year. Discussed in detail were such problems as maintaining adequate WPA personnel, the signing up of property owners for participation in the paving, and the maintenance of a revolving fund to carry on the paving.

Commissioners indicated, along with Spence, that additional funds could be provided for paving operations, and that work could be speeded up with purchase of another piece of machinery, a mixer. The city manager was authorized to take steps toward this purchase.

Actual number of blocks to be completed during the year, the manager said, depends on both WPA policies and the property sign-up, but it was the general opinion that work could be kept space with the sign-ups.

### Belgians To Decide Fate Of Leopold

PARIS, May 29 (AP)—The legal fate of Leopold III as king of the Belgians will be decided Friday by the Belgian parliament.

The refugee parliament, in emergency session in a Paris dance hall, already has approved the action of Leopold's cabinet yesterday. In "dismantling" him as sovereign because of his surrender to Germany.

A dispatch from the Belgian frontier reported that Leopold had been returned to the Brussels palace by the German army.

Besides taking up formal action on the king, new statutes for the government of the fugitive peoples of invaded Belgium will be mapped.

### Alien Restrictions In Britain Affect Americans There

LONDON, May 29 (AP)—Americans were placed under alien restrictions in England today for the first time since the outbreak of war.

They were included, with all other neutrals as well as nationals of countries allied with Britain, under a curfew and activity limitation to become effective June 3.

The order provides that unless aliens have police permits they must stay at home from midnight to 6 a. m. in London and from 10:30 p. m. to 6 a. m. elsewhere in the United Kingdom.

They are forbidden to own or "control" a bicycle, motor vehicle, seagoing craft or aircraft.

### 'Dollar Day' Plan Is Commended

Enthusiastic reports on the benefits of a "dollar day" from a merchandising point of view were heard by an investigative committee, headed by Darrell Douglass, chamber of commerce trade extension chairman, on a tour of towns north of here Tuesday.

Almost without exception, committee members were told that the promotion of the weekly event had stimulated trade to a great degree.

The committee had been assigned to the task of investigating the possibility of a dollar day or similar event for Big Spring. A report and possible recommendations will be made to the chamber directors at the next meeting, June 10.

### Hospital Notes

**Big Spring Hospital**  
Birth of a daughter, at the Big Spring hospital Wednesday morning, is announced by Mr. and Mrs. Dayton Chisholm of Stanton. The child weighed six pounds, 11 ounces.

Mr. and Mrs. Vance Davis are the parents of a son, born Tuesday afternoon at the hospital.

Among those dismissed from the hospital Wednesday was T. J. Williams of Big Spring, who has been under treatment for several months for a leg fracture. D. W. Watson of Buckeye, N. M., and Mrs. H. L. Silverman of Lubbock also were dismissed.

### GERMANS OPEN NEW ATTACK ON SHIPPING

VIGO, Spain, May 29 (AP)—The German submarine offensive on allied shipping was resumed today with an attack on two ships five miles from Salavora Island, off Spain's northwestern coast.

A French merchantman, the Marie Jose, about 5,000 tons, was torpedoed and sunk. The British tanker Telena, of 7,400 tons, was battered by shellfire but remained afloat and was being towed into Vigo.

**ACTRESS DIES**  
LONDON, May 29 (AP)—Mary Anderson De Navarro, 80-year-old American-born actress, ill several years, died in Worcestershire today.

### MARKETS Wall Street

NEW YORK, May 29 (AP)—Stocks worked a point or so higher in a war-burdened market today and bonds and commodities followed the upward lead.

Traders moved hesitantly, avoiding heavy commitments prior to the Memorial Day closing, and only about 650,000 shares were exchanged. Some of the longer gains were pared near the close.

### Deeds Filed On Army Home Site

The erecting of a Salvation Army building was a step nearer Wednesday with the filing of deeds for two lots at the corner of 4th and Douglas streets.

H. Clay Reed conveyed the property to the army for the consideration of \$750 for each of the two 50-foot front lots and the stipulation that the purchaser assume paving obligations, according to the instruments. The lots are five and six out of block D, Earle addition.

The deed carried the stipulation that a \$10,000 building should be erected in accordance with Salvation Army plans. Mrs. Dora Roberts previously had posted a \$5,000 donation toward the building on the contingent that an equal amount be raised to finance construction of the building.

### Petition Asks For Draining, Fencing Of Birdwell Tank

City commissioners Tuesday evening studied a petition signed by 32 members of the South Ward Parent-Teachers association asking that Birdwell tank, in eastern Big Spring, either be drained or fenced.

The petition was prompted by the drowning of two small children, Kermit and Eloise Sharp, Sunday, according to the message to the commission.

No immediate action was taken, but since the use of the tank and its dam has been included in the master flood control plan for Big Spring for retention purposes, the city manager was instructed to open negotiations for the property on which the tank is located. Under the flood control outline, the water in the tank would be drained slowly, thus cutting down on damage from excessive run-off.
