Camacho Campaign Is Helped By Cardenas Regime Is Claim MEXICO CITY, July 3 (AP)—General Juan Andreu Almazan, independent presidential candidate, charged today that Mexican administration leaders were trying to create the impression that the United States government had smiled on their candidate in next Sunday's election. Almazan recently asserted that recent Mexican gestures of friendship toward the United States were "politics" designed to help the administration candidate, General Manuel Avila Camacho. In a published statement, Almazan reiterated his declaration that if "the popular will is cheated" in the election, he would feel obligated to prevent a "usurper group" from grabbing the destinies of Mexico. The government published today a list of persons entitled to carry arms—members of the army, police and agents of the interior department and of the attorney general's office. By Mexican custom and law, members of congress also carry pistols but the order did not mention them. The war department announced recently that all licenses to carry arms would be suspended from July 1 through July 15 to "prevent disturbances of public order during the coming elections."

ITS EASY TO STAY YOUNG ELECTRICALLY! No wonder the modern mother stays young... has plenty of time to spend with her children... with friends. Cheap electricity at the flip of a switch does work in a few minutes that took hours of hard effort by women of a generation or two ago. Leisure... freedom from household drudgery... comfort... these are just a few of the advantages you enjoy from the use of your cheap electric service. Plug in an electric cooker and you have hours of leisure while electricity cooks the meals. Your electric food mixer and your electric vacuum cleaner take practically all the arm-work out of food preparation and the back-work out of house-cleaning. Electric Service is one of the smallest items of expense in the home—averaging only a few cents a day! TEXAS ELECTRIC SERVICE COMPANY G. E. BLOMFIELD, Manager

### Chicago Looks For 100,000 At Demo Parley

CHICAGO. (UP) — The convention that nominates the democratic party's presidential candidate will be a \$10,000,000 show which will bring at least 100,000 visitors to the nation's second largest city.

From every state and the territories convention delegates, party officials, semi-official visitors, and sun-seeking tourists will pack the hotels and the Chicago Stadium, where the convention sessions will be held, starting July 15.

Millions more will get their news and thrills through one of the most elaborate press, radio, and picture setups ever devised.

The democrats are meeting this year in the same hall where they nominated Franklin D. Roosevelt for the first time in 1932, under physical conditions almost identical with those eight years ago.

Chicago spent \$157,000 to get the convention—a cash payment of \$125,000 plus the cost of preparing the stadium, printing tickets and similar perquisites.

In return, the Association of Commerce business city merchants will receive \$10,000,000 if the convention runs the five days it is scheduled. The association believes each visitor will spend at least \$20.

There will be 1,094 votes on the presidential roll call, but alternate delegates and split votes in which several men cast fractions of one vote will boost the delegate strength to approximately 3,000.

Oliver A. Quayle, Jr., treasurer of the national committee, predicted that for each delegate there would be nine or 10 semi-official visitors such as state candidates and committee members.

The Stevens hotel is the official convention headquarters. The national committee headed by Postmaster General James A. Farley maintains its office in the hotel, and the important committee meetings and caucuses will be held there. Five thousand persons will be quartered in this hotel alone.

Visitors will be greeted by a multitude of entertainment, features of both daylight and after-dark variety. A committee of 60 citizens has been appointed to play host, and the "welcome" sign will be out 24 hours a day.

Seats For 20,000

Twenty thousand seats are available for sessions at the Stadium, and all of them will be occupied by delegates, the press, and reserve seat ticket holders. Many of the out-of-town visitors never will see a minute of the convention itself but are coming anyway to mill around the hotel lobbies with celebrities, see the bright spots, and watch the parade.

Picturesque Michigan Boulevard overlooking Lake Michigan and the city's skyscraper skyline will be packed with color and noise as cowboy bands, drum and bugle corps and other whoopee-makers parade in front of the hotels. Traffic will be rerouted part of the time.

Uruguay does not have capital punishment.

**Will Admonishes Sons, 'Your Mother Is Boss'**

PHILADELPHIA. (UP)—"Your mother is boss," the sons of Frederick H. Jantzen were admonished in their father's will, probated recently, but the will carried an afterthought: "while she remains a widow."

Jantzen's will, disposing of an estate of \$164,000, read: "I desire that my wife, Mary Jantzen, be provided for during her life while she remains a widow. If she marries again she should be supported by her new husband."

**No. 1 Sunshine Town Wants Federal Proof**

LAS VEGAS, Nev. (UP)—The Las Vegas junior chamber of commerce likes to boast that this southern Nevada city enjoys the greatest amount of sunshine of any city in the nation—but wants to prove it.

The civic group adopted a resolution urging the chief of the federal weather bureau to install official sunshine recording instruments in the weather bureau here.

What's there to this rumor—the Regos, Tony and Lucille, have already given up on Odessa as a baseball town, are paying regular visits to Wichita Falls in efforts to interest that city into getting back in pro ball?

Tia said Odessa fans have turned a cold shoulder to a seventh place club and attendance is far worse there than it was while Rego was doing business in Big Spring.

The outlook is very dark throughout the league. Clovis, now in the midst of a bad losing streak, isn't drawing enough to pay the gate keeper, according to all reports, and there is so much dissention in the Midland outfit, they may all agree to disagree.

Snooks Carroll, the likeable Californian who started the baseball season here and who had to call it quits for a while when he suffered a cracked rib after moving on to Midland, is visiting in town, will probably play for the Big Spring semi-pros in their tests this afternoon with the Hamlin General Crude Oilers.

He reports that Leo Jones, former Baron team captain is playing semi-pro ball in northern California.

Has Jodie Tate about given up on Red Hood, his left gardener?

Hood, who led the league three years ago in hitting, has been ill off and on since last summer when he was stricken with malaria while in the Evangeline league. He's been having trouble hitting .300 or better.

## NAAU Water Meet Launched

SANTA BARBARA, Calif., July 4 (AP)—Waters of Coral Casino pool churned and splashed to the accompaniment of exploding fire-crackers today as the country's outstanding aquatic stars launched four days of competition in the

National A. A. U. men's outdoor swimming and diving championships.

Of all the big names in competitive swim, that of Ralph Flanagan, Texas university, alone was missing.

Flanagan, who highlighted the 1939 A. A. U. meet in Detroit has decided against defending his title in the 440, the 880 and mile free style events since his marriage to Ruth Jump, the diver.

Rivalry between Al Patnik of Ohio State, who holds the championship, and Earl Clark, his team mate, holds the interest in the three-meter spring board event. They are not taking too lightly, however, the threats from Occidental college's Sammy Lee and Norman Sper, Jr., and San Antonio's Jack and Roger Tolar, 13 and 11 year old sensations.

Mr. and Mrs. Thomas A. Roberts have returned from Abilene. They were accompanied by their daughters, Polly and Annette, and Annette is visiting there for the remainder of the week. Polly will join her this weekend and will attend an encampment at Leuders.

### Erickson Is Buff Master; Rebels Win

By the Associated Press

When they write the chapter covering the 1940 Texas League season into the records it will deal with a brand of pitching seldom equaled in the minor loops.

The circuit always has been known as a pitchers' league but this year the boys are really doing themselves proud.

Last night was a good example. There was one one-hitter, one three hitter and three of the four hit variety.

The headline twirling duel of the night was at Houston where the leading Buffs dropped a decision to Tulsa 1-0. Paul Erickson held Houston to three hits and Ted Wilks gave up four to Tulsa.

Next came a one-hitter by Charley Fuchs who pitched Oklahoma City to a 2-0 victory over Beaumont. Clay Smith gave up four hits.

Bob Uhle of Dallas and Maurice Newlin of San Antonio hooked up in a duel at San Antonio with Uhle coming through 7-3 in the first game of a double-header. In the nightcap Sheriff Blake held the Missions to four blows while Dallas was winning 3-1.

Fort Worth beat Shreveport 7-4. Ray Starr won his second pitching victory in two nights.

### Jim Dykes Is No. 1 Jockey In Baseball

CLEVELAND, July 4 (AP)—This is baseball's bench jockey season, bringing up the question: How far may the dugout deriders go?

The answer is, pretty far, if they don't make their remarks personal, and out of the game if they do.

"Jockeying by players on the bench has gradually crept in and now seems to be a part of the game without any special rules and regulations," explains President William Harridge of the American league.

"It is a matter of umpire judgment, however, as to just how far jockeying is permitted on the bench. No player, of course, in the American league is permitted to use any profanity or address any personal remarks from the bench to the players on the field."

The Cleveland Indians found recently, for instance, they couldn't take any verbal liberties with Herb Hash, the Boston Red Sox pitcher, for the umpires ruled mention of his name came under the head of "personal remarks."

Demonstrating that the borderline isn't very closely defined are some words from the sharp tongue of Jimmy Dykes, Chicago White Sox manager who recently predicted Boston's Ted Williams would be ridden out of the league.

"My guys didn't say a word to Williams," Dykes related recently. "Some of the boys simply had read that Ted wanted to be a fireman, so every time he came to bat, they'd beat on the dugout railing and yell, 'Ma! Here comes the fire engines!'"

The Red Sox tried to get Lew Kolla to stop us, but Lew ruled that as long as we didn't mention any names, there was nothing the umpire could do about it. A good umpire, that Kolla."

The rule doesn't prevent managers from making personal remarks about their own players, for when a dozen men on the Cleveland club demanded Oscar Vitt's removal (they rescinded their demand later), they declared Vitt was in the habit of abusing them publicly, even when they were on the ball field.

Dykes has the reputation of being the league's No. 1 bench jockey, but one cautious, impartial observer in a position to hear all that goes on wasn't certain about the merit of Dykes' claim. "That," he declared, "is purely a matter of opinion."

## SPORTS ROUNDUP

**BY EDDIE BRIETZ**  
NEW YORK, July 4 (AP)—The press already is lambasting the Louis-Baer return. Jug McSpaden, for his putting's sake. How come Jimmy Braddock, one of the most popular champs we've ever had, was overlooked Tuesday night when every other pug in the park was introduced.

**PAY-OFF ON EIGHT**  
The official verdict was Baer won in the eighth round. Therefore the fellows who picked Max to win in that round should be paid off. This leaves the guys who picked the "lucky seventh" holding the bag.

Joe Louis referees in Baltimore tonight, then goes to Utica, Mich., to open his new dude ranch July 15. Why not match Baer and Russell Galento? They both licked Tony, didn't they? Golfers in the metropolitan district are giving the Red Cross a percentage of all today's winnings.

## CALIFORNIAN FAVORITE AT HAVERFORD

HAVERFORD, Pa., July 4 (AP)—Despite a series of major upsets leading up to the quarter final round, it appeared today that nothing short of a miracle would prevent top-seeded Robert Carrothers of Coronado, Calif., from winning the national interscholastic tennis title.

The 18-year-old Calif. fan, a 175-pound six-footer, is pitted against Charles Hopper of Hill school, who eliminated seventh-seeded Robert Faught of Hun School, N. J., yesterday.

Faught's fate was shared by Richard Hart of Geau high, Miami Beach, Fla., and Bill Vogt of Penn Charter school, seeded third and eighth, respectively. Hart bowed to Jack Blair of Miami and Vogt lost a two-hour straight set battle to Robert Lovelace, Corpus Christi, Texas.

Blair meets Lovelace today.

## HAMLIN BOUT TO BEGIN AT 3 O'CLOCK

Strengthened with the addition of Snooks Carroll and Walter Butler, outfielder and catcher, respectively, to their roster, the Big Spring Standard Oilers debut before the home folks in a twin bill debate with the Hamlin Oilers today with a glorious chance for victory.

Carroll is a California boy who played with the Big Spring Barons the first month of the season. He managed to hit about .318 while here.

Butler two years ago was on the roster of the Fort Worth Cats of the Texas league, lately has been catching in semi-pro circles in Odessa.

Oscar Peoples and Lefty Courtney were scheduled to be mound opponents in the 3 o'clock opener. Peoples is making a special trip from San Angelo to toe the slab for the locals.

Bill Brown, another former Baron who looked good in workouts at Baron park Wednesday, will go hillward in the aftermath and is expected to be opposed by Ben Ford, who tamed the Standard bunch last week in a game at Hamlin.

Probable starters: Bobby Martin, 3rd. W. D. Berry, 2nd. Carroll, 1st. Alton Bostick, ss. or Lewis Heuvel, ss. Howard Hart, 1b. V. G. Doyle, cf. Bobby Savage, rf. Butler, c. Peoples, p.

Patrons will be taxed but 30 and 15 cents each to look on and a good crowd was anticipated.

Manager Berry said that a game had definitely been arranged with the Abilene Aces, to be played in the local park at 3 o'clock Sunday afternoon.

The Aces boast one of the strongest semi-pro lineups to be found anywhere in this sector.

The team is managed by Howard Green.

## Briggs Stadium, Detroit, The Scene Of Titanic Struggle For The American League Leadership

By JUDSON BAILEY

Associated Press Sports Writer

The nation's baseball parks are going to bulge today from force of habit, but the supreme test may be lying in wait for the griders of Briggs Stadium, Detroit.

The Michigan metropolis generally is known as the best baseball town in the land, and the fans have something to see there today—a doubleheader between the Detroit Tigers and Cleveland Indians that will decide first place in the American league.

The Tigers had the lead for 24 hours ending yesterday, but they couldn't hold it, losing a 12-7 decision to the Chicago White Sox.

The Indians took advantage of this loophole to regain the lead with a 5-2 triumph over the St. Louis Browns, and now the whole question will come up for argument again today. There probably won't be more than 28,000 kibitzers on hand. That's the park's capacity.

Bob Feiler was the fellow who stopped Cleveland's three-game losing streak. He scattered seven hits and fanned 11 in earning his 13th victory of the season.

The Boston Red Sox bunched six runs in the last of the ninth to edge out the Philadelphia Athletics, 12-11.

The Brooklyn Dodgers reinforced their first place position in the

National league by scoring six times in the last inning to beat the New York Giants, 7-3.

The Boston Bees unwound six runs in the ninth to beat the Phillies, 8-3, in what was to be the first game of a doubleheader. The second game was halted by rain after three scoreless innings.

The Chicago Cubs won a see-saw struggle from the Pittsburgh Pirates, 7-5.

Mildred and Myrtle Jones left Wednesday for Dallas to spend two weeks.

## GULF COAST NET MEET UNDERWAY

GALVESTON, July 4 (AP)—Only one defending champion—Grove Cantrell, junior singles entry from Sherman—was on hand today for the start of the ninth annual four-day Gulf Coast tennis tournament.

Tom Nixon of San Antonio was top seeded in the men's singles.

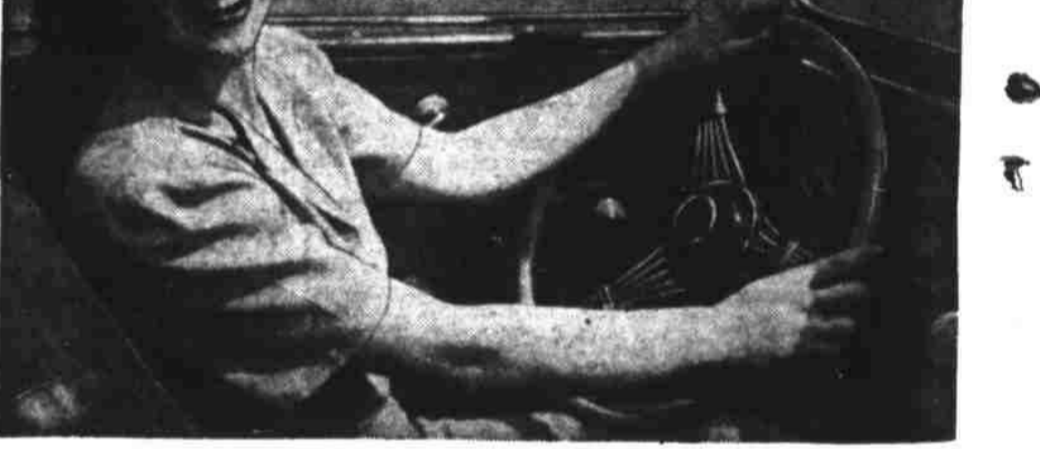

Eula Marie Hatch of Waco is visiting the R. T. Piner family for a few days.

## Ferguson Tax Exemption

The Ferguson platform alone stands for the exemption of the homestead (city and country), from all taxes and from forced sale by foreclosure except for purchase money; and for the loan to small home owners by the government of funds with which to buy small homes on 40 years time at not exceeding three per cent interest. No other candidate for Governor has offered any such relief to the small home owners and tenant farmers of Texas; and their election would mean nothing to the home owners of this state. Be sure and vote for Ferguson.

Candidacy Of Baker Saulsbury Advocated

Candidacy of Baker Saulsbury, Pampa, for the railroad commission was advanced here Wednesday by campaign workers.

BAKER SAULSBURY

the past 20 years, is a native Texan and is seeking public office for the first time.

He is now campaigning in the West Texas area and may visit Big Spring within a few days, it was indicated.

Declaring that the welfare of the petroleum industry is one of vital concern to the general public as well as to those associated with the industry, Saulsbury included in his platform such planks as:

Opposition to federal control of the oil industry, holding production within limits of U. S. bureau of mines estimates, equitable testing of wells, impartial treatment for gas rates, elimination of "politics" from the railroad commission.

Large Attendance Due For Forum

According to responses received from employers of Big Spring, the employers' forum to be conducted at the Crawford Hotel, on Friday night will have a large attendance.

Among the speakers on the program will be Wilbur J. Keith, informational service representative of the social security board; L. Y. Morris of the state unemployment compensation commission; C. B. Werner, representing the state employment service.

Talks will be brief, and consist of an explanation of the program represented by the respective speakers, said Peeler. "The real benefits to be obtained at employer forums are derived from the questions presented by employers, many of whom still have many problems involved on this subject. That's the real purpose of the meeting. The more information employers have regarding their responsibilities under the social security act, the fewer difficulties they will have in complying with the state and federal laws."

All employers in Big Spring and surrounding territory have been invited to be present, said Peeler, who insisted that if the employer himself could not be present he should send a representative.

Fireworks Hazard Pacific Forests

SEATTLE, July 4 (UPI)—Fireworks added to the fire jitters today of the worried guardians of Pacific Northwest "powder barrel" forests.

Scores of fires throughout Oregon, Washington and British Columbia made a smoky Independence Day for three thousand or more fire fighters in timberlands which have been dried like a chip by nearly a month of unbroken hot weather.

Major C. S. Cowan, chief warden of the Washington Forest Fire association, reported last night that more than 70 fires had been started in western Washington by fireworks within a week.

"Weather predictions of warmer weather and low humidity were the worst of all possible news," he declared. "We are sitting astride a powder barrel, and conditions are just right for a disastrous fire like the one which destroyed the town of Bandon, Oregon, in 1936."

Self-Confidence Held Marriage's Best Asset. CHICAGO, (UPI)—Self-confidence is the sole requisite for happiness in marriage, Ernest W. Burgess, University of Chicago sociologist, told students at the Art Institute.

He said research and tests proved that self-confident persons were practical, congenial and sanguine, all they need to be to qualify as good husbands and wives. Burgess advised persons lacking in confidence to choose mates of a dominant type, and vice versa, contending that opposite personalities are more likely to succeed in marriage.

Martin, Glasscock And Howard Men Named To Board

Complete unofficial returns from the Martin-Howard County soil conservation district supervisory election last Saturday indicated that one man each from Martin, Howard and Glasscock counties has been elected to three-year terms. On the basis of unofficial returns from three boxes in Martin and two in Howard county, M. S. Koonce, Martin county, led the ticket with a total of 70 votes. Gomer Stone, Glasscock county, was second with 50 votes and B. O. Brown, Vincent (Howard county) was third with 56 votes, scarcely ahead of E. T. Daniel, Coahoma, who had 55 votes. Martin county land owners gave Koonce 46 votes, Stone, 48, Brown 27 and O'Daniel 26. Howard county gave Koonce 24, Stone 11, Brown 31, and O'Daniel 26. The three high men will serve with Joe Poindexter, Stanton, and R. N. Adams, Soash, as members of a five man board. # No Blackouts for America

Freedom of religion; freedom of the press; freedom of person under the protection of the habeas corpus; and trial by juries impartially selected—these principles form the bright constellation which has gone before us and guided our steps through an age of revolution and reformation.

—Thomas Jefferson

Not long ago there was a man who set his outer cornfield ablaze to save his farm from a big prairie fire. But he didn't stop to figure that the wind was wrong and in the end his house, barn, corncrib and woodlot went up in smoke. You just know that farmer must have been an American. He could not have been anything else. We Americans are forever doing something that "sounded like a good idea at the time." Emotionally. Without thinking things through.

We are a hair-trigger people; forever going off half cocked. Most always it is on something a trifle funny and generous and lovably absurd. Like taking up a collection to rehabilitate the town drunk and then handing him the money so he can get the D. T.'s. all over again. Or building an eighteen-hole golf course for a whistle-stop town. Occasionally it is something tragic like lynching the wrong man.

But every now and then we really invite trouble. We want to dive off the deep end without bothering to see if there is any water in the pool. Lack of common sense can be funny, all right. But when it hurts it ceases to be funny.

There has been no blackout of common sense in America yet. But issues are commencing to fog up suspiciously and that is a danger sign. Because when people get confused they are forever apt to go on an emotional jag as a way out, simply to end the torment of their own mental perplexity.

America's danger lies not so much in *what* it thinks—but in not bothering to think at all. Too many of us don't want to think; we'd rather talk crazy-talk instead. On the basis of some of the opinions you yourself may have handed out, can you blame your neighbor for seeing a fifth column in every bedpost or a Trojan horse under the bed?

There do happen to be things we all care about: being able to vote, live, earn, travel, read and pray any way we doggone please. The safety of the things we care about doesn't depend so much on any decision this nation may ever take as it does on the fact that there always *be* a decision—made by an informed people—calmly and quietly—on the basis of facts. We can't leave it up to the lads on the lunatic fringe and blame anybody but ourselves afterward.

There must be no blackout of common sense, of clear thinking in America. So the next time a friend of yours bleats: "Emergency! Follow the leader . . . jail the dissenters . . . gag the press . . . throttle the opposition . . ." just tell him you want *all* the facts, not just one side of the case and remind him that well-intentioned folks have been hollering like that ever since Washington's time and then feeling mighty foolish afterward.

**One nice thing about us Americans . . . We have got common sense, if we will only bother to use it.**

Television Needs Its Gadgets, Too, And An Engineer To Build Them

Bill Eddy and Little Joe

By E. C. BUTTERFIELD Associated Press Radio Editor NEW YORK—Introducing the gadget engineer—Bill Eddy—and his latest gadget, "Little Joe."

As a video effect or just as a gadget, Little Joe is a wow. An animated puppet, dressed in full cowboy regalia and full of motors and wheels, Little Joe can smoke, ride a pint-sized horse named Alfred and do about everything but talk.

Later, says Eddy, there will be other Little Joes—a whole troupe of them. Little Joe's primary purpose in life was to appear between acts in the drama, "The Rabbit Falls."

Hours Of Trial "The controlling factor in gadget engineering," he says, "is the necessity for perfect performance within the space of the few minutes allotted to a special video effect.

MAKE IT LAST FOREVER

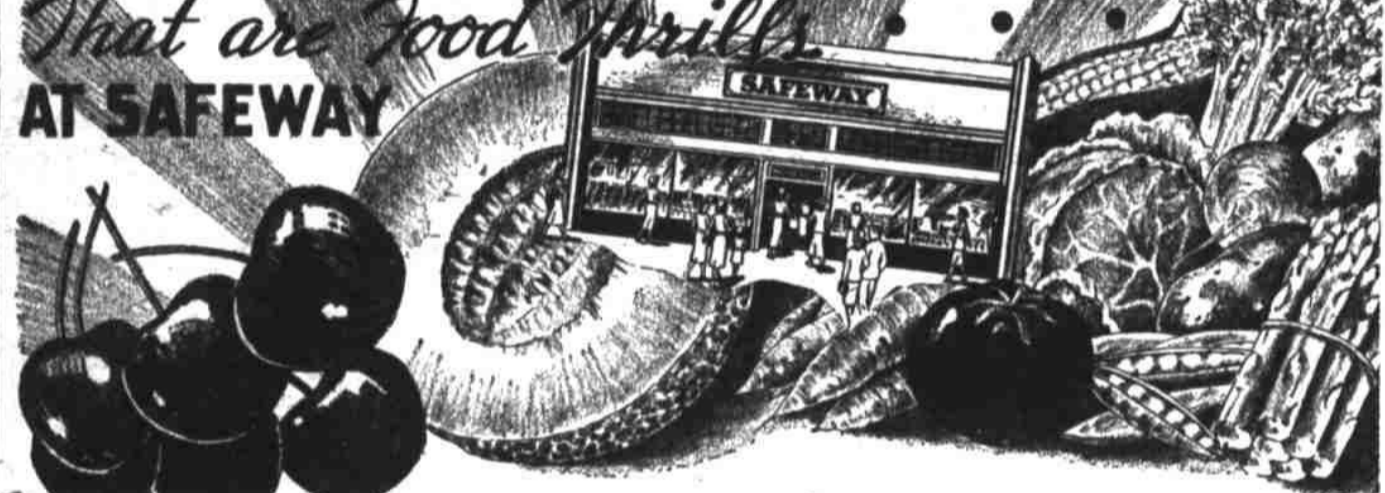

LIBERTY IS THE blood stream of America. It is what makes this country young, virile, progressive. It builds in people initiative, ingenuity, resourcefulness.

YET LIBERTY IS fragile as a flower. It needs constant cultivation, pampered care and the constant pruning off of those few malcontents who consistently take liberties without taking Liberty to their hearts.

Editorial

Our greatest weakness in 1917-18 was a shortage of officer personnel to train and lead the four million men called to arms. That weakness does not exist today, as is pointed out in the second of four articles on the state of our armed forces, appearing at the bottom of this page.

such a nucleus a great army can be assembled and made ready for combat service in short order. How could we get these trained reserves? By instituting some form of drill in the CCC, by developing ROTC units in all high schools and most colleges.

President Roosevelt's dream of 50,000 war-planes is called fantastic by many competent observers. They say it would require 75,000 active pilots, and since there must be ten ground men for every pilot that means 750,000 men in the air corps. Ten thousand army and 10,000 navy war-planes would be nearer the mark, plus the manufacturing facilities to turn out planes in huge quantities in emergencies, plus 100,000 qualified pilots, plus several hundred thousand trained men to man the ground crews when needed.

It can be figured very simply. Say that Brian Abernethy, for an example at random, earns approximately \$200,000 a year making movies. He cuts from that about 20 per cent, or \$40,000, for U. S. income taxes, another slice for state taxes, and then 30 per cent of the remainder, or some \$40,000, goes to British income taxes. That sum goes pretty far toward paying for a bomber, more urgently needed by Britain now than men.

### Revival To Be Held At Moore

MOORE, July 4—Plans are going forward for the summer revival which will open at the school building on Sunday, July 14, at 11 a. m. and will continue through the following Sunday. The Rev. Van Morrison of Plum, Tex., in Hood county will do the preaching. Several here who know Rev. Morrison highly recommend him as a sincere gospel minister. He has been an active minister for the past 20 years. Although he is affiliated with the Methodist church the meeting is designed to be a union one and all are urged to attend.

Miss Arach Phillips attended a directors meeting of the REA at the courthouse in Big Spring Saturday afternoon and thinks it is probable the project will get underway soon.

Mr. and Mrs. J. W. Phillips, Sr. of this community were called to Stephenville Sunday by the death of his sister, Mrs. A. V. Sporer. Roy Phillips accompanied them.

Visitors in the home of Mr. and Mrs. R. M. Wheeler Saturday evening were Mrs. M. A. Thomas and children, Lloyd and Louise, Rev. and Mrs. H. C. Goodman and children, Horace, Jimmie and Joy, of Oklahoma City.

Ordis Burns and D. Froman of Brown were visitors in this community Sunday.

Bill Lomax of the Lomax community visited in this community Thursday afternoon.

### 75 Knitted Garments Completed By Group Here For War Refugees

A group of women and girls from the ages of 12 to 80 are knitting for the war refugees each Tuesday and Thursday mornings in room 3 of the Settles hotel.

They are members of the knitting class of the Howard County Red Cross under the direction of Mrs. G. G. Sawtelle, chairman of knitting production. Approximately 100 women have attended the class at different times, but since summer came, not as many are coming regularly.

Seventy-five garments have been finished and will be displayed some time this week in the city before they are sent off. A local cleaning shop is blocking all of the products of the class free.

The class is knitting scarfs, socks, sweaters for men and women, and caps. The younger girls favor the caps, while most of the women are very enthusiastic about a new type of sock called the Swedish spiral. It is made in one piece without having to set in a heel.

The local Red Cross chapter is furnishing the knitting materials, which are not the dull drab colors of the last war, but are bright green, navy blue, maroon, and grey.

Fifty enthusiastic women attended the first meeting of a class in Coahoma last Thursday and plan to meet each week under the direction of Mrs. Sawtelle.

"We wish that more women would come to our class since we have a lot to do and really have a good time," Mrs. Sawtelle said.

PHILADELPHIA (UP) — The age of chivalry lives again. When Mrs. Margaret Craig was transferring her \$300 diamond-ring from her finger to her handbag, the ring slipped from her hand and rolled down a sewer.

Frantic, she called on street cleaners for assistance. All one night and most of the next day, a crew of four combed through muck in the sewer.

They recovered the ring, returned it to Mrs. Craig and gallantly refused her proffered reward.

### Big Crowd To Hear Allred

Two hundred and fifty men are due to throng the First Methodist church basement Monday evening when brotherhoods of three churches hold a joint session to hear an address by Judge James V. Allred, former governor.

Judge Allred, who was reported to have visited with his parents-in-law, Mr. and Mrs. Claude Miller, here this week, will arrive here Saturday evening and is to speak before the Fellowship class at the First Methodist church Sunday morning.

In Houston, from which points he serves as a federal judge, Judge Allred regularly teaches the Men's Bible class of the First Christian church, and that class of the First Christian church here has been invited to hear him Sunday morning.

At the Monday evening meeting, he will be featured at the dinner in which the men of the brotherhood organizations of the First Baptist, First Christian and First Methodist churches will join. All but a few of the 250 tickets for the occasion have been sold, it was announced.

NEW BRITAIN, Conn. (UP) — Mr. and Mrs. Salvatore Cefalu were married 27 years ago. But Cefalu couldn't prove it when he sought citizenship papers.

The justice of the peace who performed the ceremony failed to file a record of the marriage in the town clerk's office.

There was only one thing to do. Cefalu married his wife all over again.

URGES INCREASE  
WASHINGTON, July 3 (AP) — Major General Claude V. Birkhead of San Antonio, commandant of the Texas national guard, urged

the war department yesterday to permit an increase in the guard strength of that state.

He told Louis Johnson, acting secretary of war, that 92 Texas municipalities had applied for national guard units, a number sufficient to create an entire new division.

Newlyweds on Racing Cycles  
PASADENA, Cal. (UP) — Chester Heavner, Detroit bus driver, deigned that means of locomotion when it came to his honeymoon trip. He and his bride of six months started theirs from here on light racing bicycles, expecting to make the 2,900-mile trip.
