\$~~~~~~ First George Woods Awards Banquet

Dr. Davis Reminds Audience of Woods

With more than 125 persons at the first annual George Woods Awards Banquet, Dr. Emory Davis, former professor at Texas Tech University, reminded the audience of the good things that George Woods had to do to keep up with the changes which would affect his community. "He worked hard against all odds as a Black man," said Dr. Davis.

"You can push us down, but you can't crush or destroy us," said Dr. Davis. "I wish we had more young men and woen today who know what they can do."

"George Woods was not content with the status quo," Dr. Davis said, making note of what Mr. Woods had to go through. "Despite all of the racism and a system that would not allow him to attend Texas Tech. He even served on a Grand Jury, but had to sit in another room."

Climaxing his remarks for the evening, Dr. Davis reminded the audience again of racism and hatred, and as Black race he said: "We will persevere because the spirit of God lives on in .

Miner Teams With Brother Jet

Some brothers fight. Others go into business together.

For half brothers O. T. Thomas and Bobby Humphrey, last summer was a tiem for them to learn how to be defensive backs.

Both were initiated into the world of defensive secondary this fall.

Thomas, who led Estacado High School to a 20, 2, 2 record in two seasons as a starting quarterback, is expected to get his second straight at cornerback for UT El Paso.

Humphrey, a former kick return specialist and split end for New Mexico State, is covering wide receivers for the New York Jets.

"We worked together in Las Cruces last summer," said Thomas. "We would cover each other on pass plays."

Thomas' first collegiate start came the first game in September against Brigham Young. He replaced junior Emilio Pittman, who's Emilo Pittman, who was doubtful to continue much this season.

O. T. Thomas

The redshirt freshman gave up an early touchdown when he missed a tackle. He redeemed himself by forcing a fumble in the closing minutes to give UTEP one last chance.

Thomas, who switched to defensive back because he wanted a chance to knock down runners, turned down a pro baseball contract with the Cincinnati Reds.

It is with a sincere hope that East Lubbook is more interested in voting in November than the candidates are in attracting our vote. The Black vote of Lubbock is crucial in all Citywide elections. Our numbers may be small but it generally corresponds with the winning percentage. In recent elections, most local candidates have won by a 5 to 15% margin and the local Black vote. has generally been 10 to 20% of total voters.

Our numbers, small they may be, still represents power in the political arena. Political Lubbock tends to downplay the significant of the Black vote in local elections and far too many of us tend to accept this concept. However, a mere glance at the voting record published in the AJ will show that Whites normally vote 60 to 40, Hispanics about the same, while Blacks are 85 to 15 in their voting record. Win or lose, the Black preference will be overwhelming one sided. The pros and cons of this can be debated for years, but one thing is certain, the power of our vote in local elections is underplayed.

Except in single member district elections, i. e. City Council, School Board, no candidate promises us anything. No candidate addresses issues directly affecting Blacks as the majority with the problem. Sure, crime, education, and unemployment are our problems, but it is also a problem of Lubbock. But with local candidates, be it State, City or County, who has addressed vitalization projects for East Lubbock, new home additions, beautification, businesses, etc. The answer is simple: Democrats feel confident they will get the East Lubock vote and the Republicans say "what the heck," therefore, we get very little return for our "swing vote."

If we would become more independent voters, maybe one or both parties would become interested in East Lubbook. We do not need to be Democrats or Republicans, we should be Independent voters. Being Independent voters simply means, we will vote for whichever candidate we feel will best serve US. If that means voting for a Democrat as President, a Republican as State Representative, a Democrat for County Commissioner and a Republican for Sheriff, or vice versa, then AMEN. Voting strictly for one Party is not in our best interest as we do not give large sums of money to politicans, few are politically involved in daily politics, nor are there many with political ambitions. When we vote a majority for one Party, what happens when the other Party wins? We are ignored because we had nothing to do with their winning, in short, our vote is unimportant, so why give us anything or be concern with our problems. However, when our vote is closely split as with other ethnic groups, they will be compelled to do something for us or run the risk of losing our vote next time. At the same time, the losing Party will plan to be more respectful of the Black vote. Our past voting habits has gotten us very little, therefore, we must come up wiht a new political stragey.

Not only must we insure that strong pro Black candidates win elections, we must also insure we have political clout. Politics is with us daily just like taxes, education, employment, and welfare. When our elected officials speak out for East Lubbocka, the listeners must have a reason to go along with our officials. Politicians listen and act because of money and votes. Since our money is short, we must use our vote to make things happen in our favor. We must show that the East Lubbock Con'l on Page 8

Supreme Court Justices Races

Dear Editor:

The 6 Texas Supreme Court races on the November 8th ballot have been largely ignored. These elections must considered and voted upon as though they were bi partisan, because of the badly needed judicial reform. Normally, only three seats are voted on every two years, but this year is an historic exception. Because of alleged corruption on the Supreme Court, exposed by the Texas Legislation and 60 Minutes (t.v.) concerning the sale of justice in Texas, three of the nine Supreme Court Justices resigned because they no longer wanted to be associated with the Court. These seats were temporarily filled with appointments by Governor Clements, and will be voted upon by the people along with the three seats up for re election this November 8th.

Apparently, the Supreme Justices were accepting huge contributions from trial lawyers who appeared before them. Although the Texas Legislative Judicial Committee reprimanded 2 sitting justices for selling their influence, no other action was taken.

Many Texans, including former Democratic Chief Justice John Hill, are endorsing the reform state. The candidates who favor reforming our judiciary include: Chief Justice Tom Phillips; and Justices Paul Murphy, Nathan Hecht, Raul Gonzales, Barbara Culver. and Eugene Cook, running for the Supreme Court of Texas: and Judge David Barchelman and Tom Rickhoff for the Texas Court of Criminal Appeals. The Texas Court of Criminal Appeals candidates, also running for reform, intend to stop freeing convicted murders and repists on the the current court has done. I would encourage all

voters to consider the judicial candidates. as this Texas Supreme Court will be ruling on fundamental issues in the next few years. The outcome of the election will determine the direction of the Courts: whether reform and retention of Texas' conservative position or continuation in its present direction. The choice is the voter's!

Cuban Crisis Anniversary

The recent climate of good feelings between the United States and the Soviet Union is a departure from the days 26 years ago when our two countries stood at the brink of war over the Soviet Union's placement of nuclear missiles in Cuba.

On the night of Oct. 22, 1962, President John F. Kennedy went on national television and demanded the immediate withdrawal of the Soviet missiles from Cuba under the threat of a nuclear strike. A tense week followed as both countries refused to back down. It was not until Oct. 28 that the Soviets finally complied and announced they were removing the missiles. Id

"Keep Them in School"

We must work harder to keep our children in school. The dropout problem is growing, and the results are showing up in increased unemployment, more burglary, worse crimes and drug addiction. More than 85% of the criminals serving in state prisons are school dropouts. We need more good jobs with decent wages and more people who want their children to learn, stay in school, graduate with good grades and achieve these good jobs.

FROM THE OF

EGOTIST: A cock who thinks

the sun has risen to hear him crow.

Adapted from George Ellot

It was a time of crisis. The future of the Hebrew nation hung in the balance. Solomon had died and his son Rehoboam went to Schechem to be made king over the twelve tribes. However, this coronation was not to be without an incommudious occurrence. Before Solomon died, the Prophet Ahijah has told Jeroboam that he would rule over ten of the tribes of Israel. Solomon heard of the prophecy and sought to kill Jeroboam, but Jeroboam fied to safety in Egypt.

Now that King Solomon was dead, Jeroboam returned from Egypt and became the spokesperson for the tribes of Isreal. With Jeroboam leading the delegation of the twelve tribes they came to the coronation and complained about the heavy demands that had been placed on them by the late King Solomon and demanded that Rehoboam would lighten the load. Rehoboam asked for three days to consider the request. During those three days he asked the advise of older counselors, who advocated good treatment, and the advise of older counselors, who advocated good treatment, and the advise of younger men, who advocated harsher treatment. The ultimate decision must come from Rehoboam's decision, they were shocked at his answer and were terribly upset at his sarcastic language and hostile attitude. He said that he would place more taxation and demand more compulsory public service than his father. And if they displeased him they would be whipped with instruments worse than the normal whips. Rehoboam talked down to the men of Israel as if they were slaves. This made Jeroboam see red!

There are still tyrants such as Rehoboam that exists in our world today. These "ego tripping maniacs" may be in government, the church, the workplace or in a common social setting. They hurt other people because they are midgets trying to be giants, to be continued.

Genesis 2:18: And the Lord God said, it is not good that man should be along; I will make him a help meet for him

Lord, but my preacher says it's OKAY! And so did all my friends. "They say marry him in love and it will last till the end."

I Corinthians 6:19 & 20: What? Know ye not that your body is the temple of the Holy Ghost which is in you, which you have of God, and ye are not your own? For you are brought with a price: therefore glorify God in your body, and in your spirit which are God's.

supply all your needs. We need to keep in mind of David, the man after God's own heart. Lust got him into trouble).

Matthew 7:9 thru 11: Jesus said, what man is there of you, whom if his son ask bread, will he give him a stone? Or if he ask fish, will he give him a serpent? If ye then, being evil, know how to give good gifts unto your children. How much more shall your father which is in heaven give good things to them that ask him?

Matthew 7:6: Jesus said, give not that which is Holy unto dogs, neither cast ye your pearls before swire. Lest they trample them under their feet, and turn again and rend you.

Lord, I've back slidden now; I now live in the world of sin. I've walked away from you, and I don't know how my life will end.

The Outreach Prayer Breakfast

Members of the Outeach Prayer Breakfast met at 9 a. m. last Saturday in the home of President Christine Burleson.

The weekly meeting began with singing and praying.

The morning scripture lesson was taught by Sister Burleson. Her text was Luke 5:1 thru 7.

"One day as he was preaching on the shore of Lake Gennesaret, great crowds pressed in on him to listen to the word of God. He noticed two empty boats standing at the water's edge while the fishermen washed their nets. Stepping into one of the boats, Jesus asked Simon, its owner, to push out a little into the water, so that he could sit in the boat and speak to the crowds from there. When he had finished speaking, he said to Simon, now go out where it is deeper and let down your nets and you will catch a lot of fish.

This speaker said: "If the Christians would step out in faith into the difficult situations God will bless our needs. He will be met in so many ways."

President Burleson had a good message. We were helped. We love you!

Thought of the week: "II Chronicles 7:14." Think about it.

Word received that Sister Ruby Johnson would like to have the Outreach Prayer Breakfast to meet in her home on Saturday morning, November 19, 1988.

Prayer went forth for sin that is working in our city. In the young and old, in the streets, in the churches, in our community, and in our homes.

Our bereaved families include: the Winters & Keys families.

Our sick list include: Gary Brooks, a patient a Methodist Hospital; Bonnie Brook, at home; Ruby Johnson, Sister Blevands, and Sister Hattie Henry, who is going to the hospital this week.

We are sure there are others who are ill. All should believe in the word. Isaiah 53:5; James 5:14 thru 16; I Peter 2:24; Mark 6:13; and Mark 11:22 thru 26

DEATH PENALTY AND CAPITAL PUNISHMENT

One of the most important issues in our society today is CRIME and how to solve the problem. Sin is the cause of all crime and therefore the answer to this problem is given in God's word and how to solve it. The reason that the problem of crime is impossible to solve is that our political and law enforcement officials are trying to solve it their own way, rather than solving it by God's way that is given in the Bible. God's Word, the Bible mentions many of the crimes and also tells us that the DEATH PENALTY is to be given as CAPITAL PUNISHMENT for that particular crime. Both Presidential candidates George Bush and Michael Dukakis have opposing beliefs on this issue. Vice President Bush supports the DEATH PENALTY while Governor Dukakis opposes CAPITAL PUNISHMENT.

SINS OF CRIME THAT GOD DEMANDS THE DEATH PENALTY:

1. Murdor which is breaking the 6th. commandment. Genesis 9:5-6 says "And surely your blood of your lives will I require; at the hand of every beast will I require it, and at the hand of man; at the hand of every man's brother will I require the life of man. Whose sheddeth man's blood, by man shall his blood be shed; for in the Image of God made he man." God says In Numbers 35:16-21 that If a person is smiten by enother "with an instrument of Iron, so that he die, he is a murderer: the murderer shall surely be put to death. And If he smite him with throwing a stone, wherewith he may die, and he die, he is a murderer: the murderer shall surely be put to death. Or if he smite him with an hand weapon of wood, wherewith he may die, and he die, he is a murderer: the murderer shall surely be put to death. The revenger of blood himse!f shall slay the murderer: when he mageteth him, he shall alay him. But it he thrust him of hatred, or hurl at him by laying of wait, that he die; Or in enmity smite him with his hand, that he die: he that smote him shall surely be put to death; for he is a murderer: the revenger of blood shall slay the murderer, when he meeteth him." In this same chapter verses 29-31 says "So these things shall be for a statute of Judgment unto you throughout your generations in all your dwellings. Whose killeth any person, the murderer shall be put to death by the mouth of witnesses: but one witness shall not testify against any person to cause him to die. Moreover ye shall take no satisfaction for the life of a murderer, which is guilty of death: but he shall be surely put to death." and verse 33 says "So ye shall not pollute the land wherein ye are: for blood It deflieth the land: and the land cannot be cleansed of the blood that Is shed therein, but by the blood of him that shed it,"

2. Rape. God says in Deuteronomy 22:25 "But if a man find a betrothed damsel in the field, and the man force her, and lie with her: then the man only that lay with her shall die:"

3. Kidnepping, which would also include holding of hostages. Exodus 21:16 says "And he that steeleth a man, and selleth him, or if he be found in his hand, he shall surely be but to death." Deuteronomy 24:7 says "If a man be found steeling any of the children of israel, and maketh merchandise of him, or selleth him; then that thist shall die; and thou shalt put evil away from among you."

4. Disobedience to parents. King Solomon, the wisest man who ever lived says in Proverbs 22:6 that we are to 'Train up a child in the way he should go; and when he Is old, he will not depent from it." and the Apostle Paul says in Ephesians 6:1-4 "Children, obey your parents In the Lords for this is right. Honour thy tether and mother; (which is the first commandment with promise;) That it may be well with thee, and thou mayout live long on the earth. And, we fathers, provoke not your children to wrath; but bring them up in the nurture and admonition of the Lord." If all perents would do this for the sake of their children, there wouldn't be very many proplets with their children. If our society would do what God says to do with problem children, they could be controlled. Notice what God says in Dauteronomy 21:18-21 "If a man have a stubborn and rebellious con, which will not easy the voice of his father, or the voice of his mother, and that, when they have chastened blu, will not beerken upto them: Then shall his father and his mother lay hold on him, and bring him out unto the elders of his city, and unto the gate of his piece; And they shall say unto the siders of his city, This our son is stubborn and rebellious, he will not obey our voice; he is a giuffon, and a drunkard. And all the men of his city shell stone him with stones, that he die: so shelf thou put avil away from sucag you; and all Israel shell hear, and tear,"

The demands being made of our judicial system are overwhelming. To be effective, a judge not only must have knowledge of the law and experience, he also must have a sense of dedication to the job at hand and a willingness to stay the course until the job is done. I will never turn my back on the serious responsibilities of this judgeship. Working together, we can have a court system of which we can all be proud. I have dedicated my life to this goal, and I ask for your help, your support and your vote on November 8th.

Tom Cannon Judge

His Experience Due to a backlog of cases pending before the jub is done. County Courts, the Lubbock County Commissioners decided it was necessary to form a third County Court. Tom Cannon's impressive legal background made him the commissioners' choice

Prior to his appointment as Judge of the County Court at Law No. 3, Cannon was an attorney in private practice for over nine years with an emphasis in criminal and civil trial work. Cannon was with the Criminal District Attorney's office as Assistant Criminal District Attorney (March 1974-Dec. 1978), Felony Chief (Sept. 1975 - Sept. 1977) and First Assistant District Attorney (Sept. 1977-Dec. 1978).

During his judgeship, Tom Cannon has proven his effectiveness in working with the court system to reduce the backlog of cases facing the Lubbock County Courts. Cannon's opponent once sat on the bench but quit his post as judge to enter private business; now he's asking for the job back. Tom Cannon is dedicated to facing the overwhelming challenges before our County Courts at Law, and he has the integrity to stay the course until the job is

Black vote can put in as well as take out elected officials. We must show that political candidates must come into East Lubbock and actively campaign, not a token appearance or two, at a few churches or Mae Simmons, or placing signs in a few locations. We need candidates to visit our businesses, our home areas, be on street corners so that they can get first hand, in depth views of East Lubbock. How can someone represent you when they know very little about your needs, wants and desires? Too many of our elected officials only know East Lubbock by rumors and news media reports. Our few that carry the word should remember, a picture is worth a thousand words, make the politicans see East Lubbock.

East Lubbock needs to take politics more seriously. demand more, question more. We should not wait until election time to become politically involved, we should be writing, calling and visit our elected officials as often as needed and possible. Like death and taxes, you can't run or hide from politics, it's in the food, the car, the job, the pocketbook, it's everywhere. With something that's so important to your daily existence, don't you feel it wise to become more involved with it? VOTING is good, intelligent VOTING is great, take POLITICS seriously, bring wise in the ways of POLITICS and VOTING that's GOOD, GREAT, and WISE!
