South Plains Food Bank Holds Prayer

On Sunday, May 24 at 2 p.m., the South Plains Food Bank will hold a brief ceremony asking God's blessing on its construction.

Since the food bank serves all denominations and supports all of the area's anti-hunger efforts, and because the food bank has been developed by laymen and civic interest, the dedication will be made by an ecumenical representation of laymen.

Board President Anita Bass will welcome participants, President Emeritus Ray J. Diekemper, Jr. will make the

dedication and then Chairman of the Building Committee Garland Walker will lead all present in a Hands Across America type of group blessing. All will join hands for a silent prayer and group sing.

After the program, refreshments and tours of the construction site will be available.

Canyon Lakes Are Being Stocked!!

6700 hybrid striped were delivered to Canyon Lake 1 and 2 and Leftwich Park (60th and Elgin) Thursday, May 14 as a part of the Urban Fishing Program. These fish were furnished by Texas Parks and Wildlife and were supplied through a fish hatchery in Wichita Falls, Texas.

This is the second of several fish stockings that will take place at park lakes this summer. Five hundred native large mouth bass were delivered to Ribble Park lake (62nd and Temple) and Jennings Park lake (73rd and Winston) on May 7.

More hybrid striped bass,

catfish, and hopefully rainbow trout are other species to be stocked in city park lakes. Approximately 50,000 fish are expected to be stocked in city

park lakes this summer.

The objective of the Urban Fishing Program is to manage the city's lakes for productive fishery. This program is the result of a cooperative effort

between Lubbock Parks and Recreation, Texas Parks and Wildlife, Texas Tech Range and Wildlife Management, and a number of volunteers and civic groups.

Blacks In Modeling!!

(Editor's Note: Since there has become a great interest in the field of modeling among young Black sisters, the Southwest Digest will feature several in upcoming issues. We will begin this week with Gloria Jean Mitchell, a cousin of co-publisher, T. J. Patterson, Sr.)

A native of Wichita Falls, Texas, young Gloria Jean Mitchell has decided to enter the modeling area. "I enjoy people, and being able to feel them in my modeling a great thing," says Mitchell, age 16 and a sophomore at Wichita Falls High School.

A very active member of her community, she has participated in the Mount Pleasant Baptist Church Youth Choir, Youth Usher Board, Youth Bible Class, Intermediate Girls Sunday School Class, E. V. P. Social Aide Club, Pink Darlings volunteer group for Wichita

Falls General Hospital), Black Students Study Club, City Federated Club for Girls, and YMCA.

She has received numerous awards. Among them are: Miss Rosebud, 1986-87; recipient of Scholarship Black Teachers/Parent Association; Best Runway Model Fall 1986; Miss Form; Presentation - Miss Wichita Falls Teen Pageant 1986; Texas Physical Fitness Award; Outstanding Achievement Award National Drill Team Association 1987, and Track - one gold; one bronze and two silver.

Her hobbies include: reading, fashion modeling, dance singing, student government, drama, public speaking, and honors programs.

A few weeks ago, she was elected as sophomore secretary. "I was able to win over two prominent white students, but like I always say,

Gloria Jean Mitchell

money can't buy friends," she said. Continuing: "I was really surprised, because Black girls use to give me a hard time about my modeling and acting, but I held my head up and prayed about it, and the Lord helped me through it."

Daughter of Mr. and Mrs. Clem H. Mitchell, she also serves on the Wichita High School Lone Star Drill Team, volleyball team, and honors program.

"Modeling is a great opportunity for young Black girls, and I would encourage them to become a model. It takes a lot, but it's worth the hard work."

"This is the first time a West Texan has been awarded this high honor, and Chuck richly deserves the recognition," said I. DCR Stan Halter, commander of the Lubbock Naval and Marine Corps Reserve Center.

"Chuck Mayers is the epitome of the type of sailor who fills the ranks of the Naval Reserve in Lubbock and makes the organization such a viable and important part of our nation's defense," Halter said. "He gives unstintingly of his time and energy not only to the Navy, but to Lubbock as well, serving on the Zoning Board of Adjustments and a number of other civic and community boards and organizations."

"We are extremely proud to have a man of Charles Mayers' caliber serving with the Naval Reserve here," Halter said.

Prior to his selection as top mate for RedCom II, Mayers was selected as Sailor of the Quarter for the Second Quarter of fiscal 1987, and 1986 Sailor of the Year at the Lubbock reserve center. His selection locally came in part because of his efforts to make last year's Navy Ball the success it was, and he is an integral part of the planning team arranging this year's ball, scheduled for October, Halter said.

"We at the Southwest Digest are proud to know this man Chuck Mayers, a friend and concerned citizen of

If It's To Be; It's Up To Me

by
Eddie P. Richardson, Jr.

In order for us to have a strong united community serving our needs, each of us must live by this creed: "If it's to be; it's up to me."

To long, we as a people have sat around and waited for someone else to do for us what we should do for self and community. Waiting on the neighbor, some organization, some one from across town, or the government or anyone but ourselves, is useless.

Each one of us must appoint ourselves as a committee of one to do whatever "I" can do to help self and community. We must start supporting, working with each other, help each other, trusting each other and stop talking about, running down and criticizing each other in a negative matter.

If we are to build and/or rebuild our communities, the initiative and leadership must come from within our own communities. We must first become independent before we reach out to others. We must be independent first. We must start at home. Before we reach out to and for others, we must first get our own thing in order. Once we get our own thing, with our leadership roles working, we can reach out to others who are concerned and sincere about us and our communities. But of most importance is for us not to need others leading us, but, rather, working and cooperating with us. This can be done through planning and charting our own courses and destinies.

We must support the black and other businesses in the community who support and are sensitive to our communities. For those who only take money across town and do not take the same responsibility as if they lived in the community, we must cut off their good thing immediately. We need to stop them from bleeding our communities and send them back where they came from so a black or someone else who cares about the community will take that spot.

With over 40% of our high school graduates functional illiterates, we must do something to help them. If we are going to survive and have a future, we must demand that our youngsters strive for excellence. We must demand it and except nothing less. We are further from equality and equity in 1980 than we were in the 1960's, the hey day of civil rights.

Until we realize that the only one who can help us is us. The only one who can hurt us is us. The only one who can save us from us is. Nuff Sed!! WHY NOT??

The Key to Solving Mexico—U.S. Problems Lies in Working Together

By Governor William P. Clements, Jr.

Sometimes if you are having problems pushing a box, another set of hands can be quite useful, and provide just the needed force.

Well, Mexico has been suffering economic stagnation for decades. Fortunately, that situation is relatively new to Texans living along the Rio Grande Valley.

We in Texas have been trying to solve our economic problems—push that box, if you will—by ourselves in recent years. I think it is about time we called in some help.

We need to get a helping hand from Mexico, and to do that, we must seek the assistance of other American states bordering that nation.

Recently I met in Phoenix with the governors of Arizona, New Mexico and California. The goal was to identify sub-

jects for discussion with our Mexican counterparts next fall.

It was, I am happy to report, a productive meeting.

Let me give you some background. During my first administration, 1979-83, meetings between Mexican and U.S. border governors were frequent.

There has not been such a formal gathering, for whatever reason, since 1934.

That is a shame. We have common problems. We should work together on solutions. I am committed to seeing that happen, and our meeting in Phoenix was a springboard to the renewal of those sessions.

In Phoenix, I had an agenda of topics that I am suggesting we discuss with our Mexican counterparts. I would like to list some broad topics for you, and put

forth some of my ideas.

*Improving the border economies. This is a priority. One solution lies in

the twin-plant concept, which could increase the standard of living on both sides of the border; as it spawns the demand for more workers.

We must also commit to increasing the number of bridges and entry points connecting the two countries. Doing so, in addition to creating construction jobs, will improve the flow of goods between both nations.

*The environment. There are some serious environmental problems shared between the two nations, particularly in terms of water quality.

We must, in some instances, work with the Mexican government to share our anti-pollution technologies and encourage the development of wastewater treatment plants on the Mexican side of the Rio Grande.

*Tourism. We must foster a tourism network enabling not only Mexican and U.S. citizens to visit each other's country in a coordinated fashion, but those from other countries as well.

This could, quite easily, involve better coordination of tourism promotion programs between our two countries.

*Drugs. While our two nations work to solve the drug problem on a federal level, we, at the state level, should foster community programs to discourage drug usage by our youth.

*Agriculture. We should foster technical exchange programs to ensure maximum crop production—and crop variety—on both sides of the border.

The list could go on and on. There are health and communicable disease problems to explore, law enforcement questions to answer and, of course, the immigration issue.

Solving these problems will be hard. It will help to have others pushing in the same—not opposite—direction.

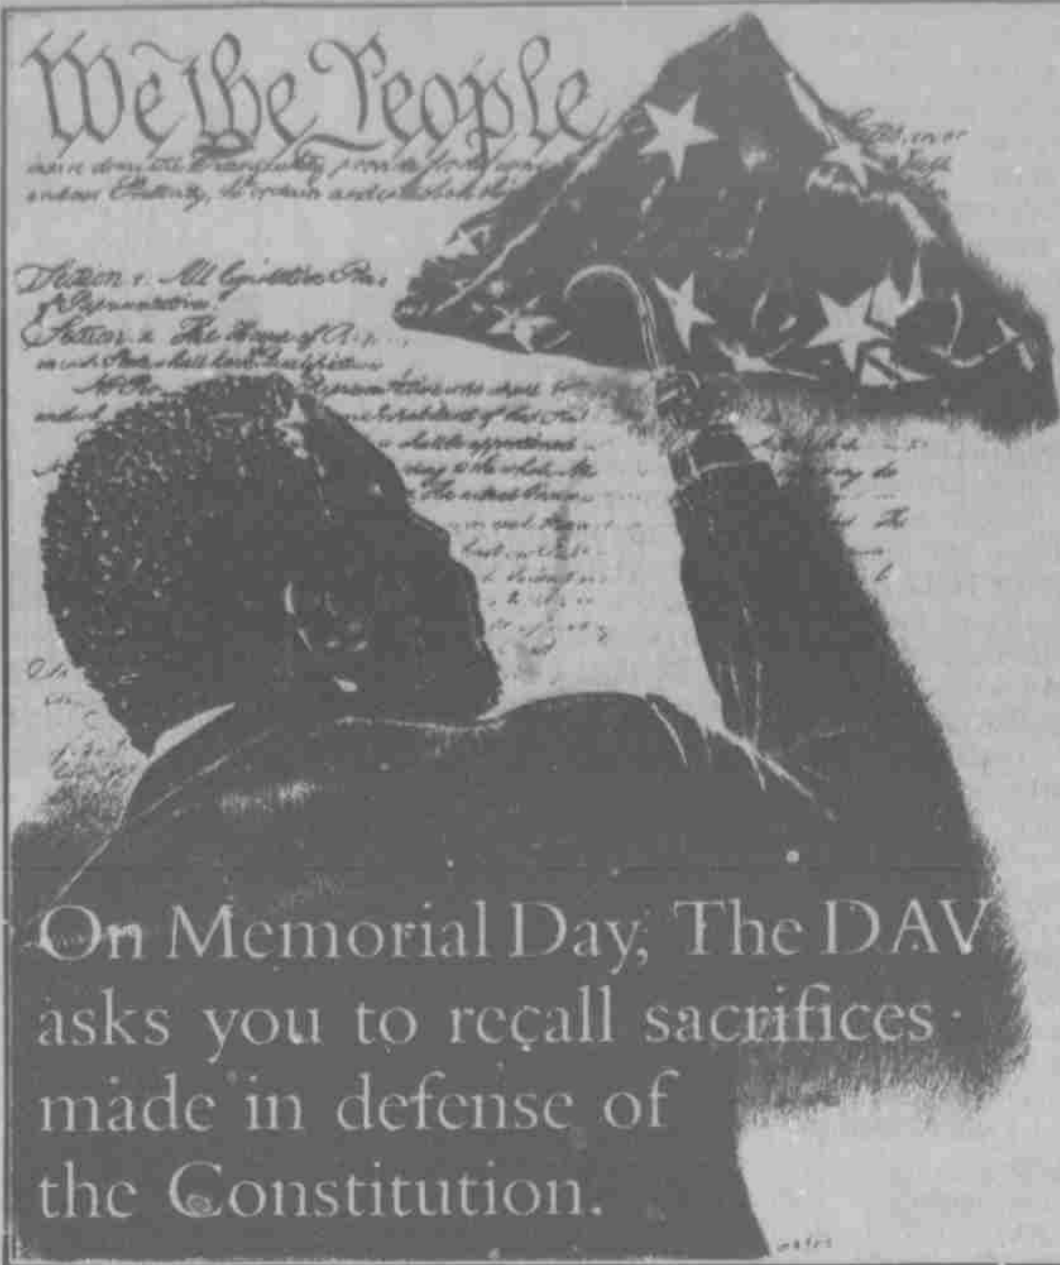

DID YOU KNOW?

Here are four facts to help fill in any gaps there may be in your knowledge about those spaces behind people's faces known as the sinuses.

* There are four major sets of sinuses. Frontal sinuses are over the eyes in the brow area. Maxillary sinuses are inside each cheekbone. Just behind the bridge of the nose are the ethmoidal and behind them in the upper part of the nose are the sphenoidal sinuses.
* Anything that causes

WHY ARGUE? THE FACTS ARE HERE!

In Search Of Leadership Towards The New Direction

Now that the case for our struggle has been taken by us to the United Nations, our next move is to begin to give more meaningful definition to the language we use to define our struggle. When we say liberation, we shouldn't mean simple things such as less police brutality, or safe neighborhoods, or more and better jobs, but we must define the words of our struggle so that they mean the same thing to us as they do to the world community whose attention we seek to capture and hold.

In the recent past decades, when Africans demanded "freedom now", they meant that the demand was for independence, territory, sovereignty, and reparations. And we will have no hope of commanding theirs, or anyone else's support to our cause unless and until we mean the same things. Leaders who will accept jobs, law and order, programs, and other intermediary gains as the prize of our struggle, are no longer adequate, and should only accorded the respect due their limited vision. All of these gains are beneficial, and we should take them when we can, but they are not the goal, and must no longer suffice, and any leadership which attempts to appease us or sell out our struggle for such short sighted gains will thereby reveal their betrayal. One other way in which poor quality local leadership reveals itself is in their failure to recognize and respect our national class leaders.

Criticism works best in this regard when it serves to strengthen our week links, and it is my sincere desire that it may serve this end here.

Some of our leaders who are questionable metal may in the end prove quite worthy of the mantle, with the aid of a little encouragement here, or a little discouragement there. So, we perhaps should not be too quick to condemn, but we must never be slow to give constructive criticism, for it is not only our right and duty, but it is a way to encourage their finest qualities. But in the final analysis, our struggle and cause being paramount, the interest of no individual should outweigh the interest of us all, and therefore we have an obligation to seek the very best men and women from our ranks for our champions.

One rule of thumb for this selection is to examine closely the ones who are attacked most vehemently by our enemies, the government and the press. Another rule that is helpful is to observe which philosophy we follow in the time of supreme crisis; what do we do when our backs are to the wall. And a final criteria is which leadership is the most respected by free men and nations. I will not here apply these criteria to anyone in particular, but rather let it be food for thought for the moment. However, we must begin to think along these lines now if we are to know how to channel our support now and in the future. And it is this thought, support, that brings me to my parting suggestion.

Each and every one of us should belong to an organization. Freely choose the organization which best suits your consciousness, but join some organization and support it with your time, energy, ambition, and money. In this way, you will be sharing the burden of our struggle, and will assist and assure the ultimate victory of our cause. In truth, it is we the people who are the leadership of our struggle, and those at our forefront are but symbols of our own qualities and purpose.

In conclusion, the real search for leadership towards the new direction begins with introspection, a look within ourselves. We must summon from our hearts and minds the vision, resolve, and courage necessary to win.

West Texas Legal Services

When "Child Welfare" (Children's Protective Services) Steps In!

It is a common experience for "child welfare" (Children's Protective Services) to step in and take the children of many parents who would frequently qualify for representation by West Texas Legal Services. If and when this happens to you as a parent, there are several factors to bear in mind in addition to the primary one which is simply "Don't Panic." The primary goal of CPS is not take the child away for life (termination), but rather it is to restore the child to his/her natural parent(s). We turn now to consider several factors which experience has proved will help in having your child returned within the shortest possible time.

1. You, the parent(s), hold the key and, indeed, are the key for the return of the child. The recognition and acceptance of this fact is crucial. However, understandable, displays of anger and hostility toward CPS hinders rather than furthers the goal of getting the child back in the home. Likewise, denial of any needed change in you and your home for the benefit of the children is not productive. The bottom line here is simply that you must engage in an honest self-appraisal as a parent and pinpoint the changes that need to be made and determine how you are going to go about making these changes; this requires not only genuine cooperation with CPS but determination to embark upon the very difficult road of self-improvement and rehabilitation.

2. Based on the assumption that knowledge diffuses confusion and its attendant anxiety, the general and routine scenario of a typical CPS may be helpful. First, CPS is charged with the duty of protecting the best interest and welfare of all children in the State of Texas. This is not only a vast responsibility it is also, an experience has proved, an extremely necessary one. Child abuse is rampant. Second, when a child is taken under emergency conditions, there is a hearing within twenty-four (24) hours of the taking and then a ten (10) day hearing is set. Ordinarily, CPS at the 10-day hearing will seek a court order giving CPS custody of the child for six months. This is routinely asked for but it does not mean that the child cannot be released to the home before six months return of the child. These hearings involve custody only and termination is not involved. The wisdom of agreeing to the period of custody or contesting it has to be made on a case by case basis.

3. The parent(s) need to begin immediately on a personal rehabilitation program which generally involves the introduction of a higher degree of stability in the parent(s) life. Achieving this stability and self-improvement touch upon a wide range of endeavors: Counseling (both parents and psychological); Education (GED for example); Securing and Maintaining Employment; Housing; and, Social and Personal Relationships. This is a process that takes time to accomplish. Circumstances often limit the potential but it is important that a real effort be made to make some progress in the inadequate areas.

4. Visitation is very important. It is important for

Greeting The Morning

Morning is a time of fresh breezes, a day's new possibilities and smiles as bright as a sunrise. In the kitchen, where everyone's day begins, a good cook can capture those feelings. It's luxurious to dawdle over a delightful, endless brunch, but a snack on-the-run, prepared with special care, can say "good morning" in the same way.

This week, we begin a four-part series of exciting breakfast and brunch recipes. You'll discover new ideas for old favorites and surprises that quickly will become new favorites. Try one recipe or a whole menu. The idea is to start every morning on the top.

SPANISH SCRAMBLED EGGS

- Vegetable cooking spray
- 1/4 cup chopped green pepper
- 1/4 cup finely chopped green onions with tops
- 6 eggs
- 1/4 cup skim milk
- 1/8 teaspoon pepper
- 1/4 cup Frito-Lay's® brand Picante Sauce
- 1/4 cup (1 oz.) grated extra sharp cheddar cheese

Coat skillet with cooking spray; place over medium-low heat until hot. Add green pepper and onions; cook until vegetables are tender, stirring occasionally. Remove vegetables from skillet and set aside. Combine eggs, milk, pepper, and picante sauce; beat well, and pour into skillet. Cook over low heat, stirring gently to allow uncooked egg to flow underneath cooked egg. Cook until eggs are set, but moist. Stir in vegetables and continue to cook until all is thoroughly heated. Sprinkle mixture with cheese.

Serves 6.

CHILLED FRUIT MEDLEY

- 1 small banana, peeled and sliced
- 1 medium apple, cored and sliced (leave peeling on)
- 1/4 cup unsweetened orange juice
- 6 fresh strawberries, hulled and quartered
- 2 medium oranges, peeled, seeded and sectioned
- 1 grapefruit, peeled, seeded and sectioned

Combine first three ingredients in a medium bowl; toss gently. Add remaining fruits; cover and chill. To serve, arrange fruit on individual plates.

Serves 6.

WHOLE WHEAT BISCUITS

- 1 1/2 cups all-purpose flour
- 3/4 cup whole wheat flour
- 1 tablespoon sugar
- 1 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/4 teaspoon salt
- 3 tablespoons butter or margarine, softened
- 1 package dry yeast
- 1/4 cup warm water (105°F to 115°F)
- 2/3 cup buttermilk

Combine first six ingredients in a medium bowl; cut in butter or margarine using a pastry blender until mixture resembles coarse meal. Dissolve yeast in warm water. Combine yeast mixture in buttermilk. Add to flour mixture, stirring gently. Turn dough out onto a lightly floured surface and knead one minute. Roll dough to 1/2-inch thickness; cut into biscuits with a 2-inch biscuit cutter. Place each on a greased baking sheet. Bake at 425°F for 12 minutes or until golden. Makes 18 biscuits.

NOTE: Biscuit dough may be stored in refrigerator for 3 to 4 days.

Why We Should Pray

On Sunday, May 17, 1987, Ms Gertrude Hawkins intoned the Hammond organ and it breathed sweet melodious sonance through it upper and lower lesies. The baby grand piano strings mellowed in harmony as it ivory was tickled by Sudall Nathan. The occasion was the opening bars to the sermonic hymn. The Director, Mrs. Sarah Blocker, gave her signal and Mrs. Erma Smith began singing, "What A Friend We Have In Jesus..." Mrs. Smith changed the musical tempo and the sermon title. This moment of spiritual ecstasy came about because the saints of God at Bethel sought God in prayer.

Prayer is our God-given right of appeal to the throne of God. We ought to cultivate faith in prayer and we should pray more than we do. We should believe in prayer, because Jesus believed so firmly in it; practiced it daily himself and taught his disciples to believe in prayer and urged it upon them. We ought to believe in prayer because experience proves that God answers prayer. We should feel the need of prayer for we are dependent upon Him who gives us life, breath and all things. We should be thankful for the blessing we receive from God in our prayers. If we have high aims in life, and seek to reach them, we will feel our need of divine help and rejoice in the privilege of prayer. There are many things which we can do only with the help of the Lord, and this comes to us through prayer.

The Outreach Prayer Breakfast

The Outreach Prayer Breakfast did not meet on Saturday. The scheduled nursing home visit was cancelled because of reasons unknown at the home. We will be there on the 3rd Saturday in June, the 20th.

Some of this group attended the workshop at the Lyons Chapel Church, Annual Women's Day. What a beautiful program.

We will meet you Saturday, May 23rd in the home of Sis. Mary Ward at 823 Vanda Street. Come make your day and ours.

We would like to share a scripture with you. I Cor.: 3:16

17: Don't you realize that all of you together, are the House of God, and that the spirit of God lives among you in his house? If anyone defiles and spoils God's home, God will destroy him, for God's home is Holy and clean and you are that home.

Watch your conversation, think before you speak. Watch your attitude, your well being depends on it. Are you destroying yourself??? "Think" What did you do today that may have defiled your home, your body??? A spoiled body will decay; Love will keep you together. These bodies were made to function perfectly on love. Love your enemy, those

who do your wrong--those who hate you. Pray for them Let your body work; you look like Jesus. He made you just like himself, image and likeness; the whole works. Remember when you set up to destroy someone else, it doesn't work that way. It work on you. What comes out defiles your body, breaks it down, weakens it. The Spirit of God cannot live there anymore, so the enemy moves in to steal, kill and destroy. Look like Jesus. Walk like Jesus. Live like Jesus. Love like Jesus. "Have a good day."

We love you. Write to us: Outreach Prayer Breakfast, P. O. Box 1223, Lubbock, Texas 79408.

The Memorial Building Fund needs your support in whatever way you can afford. We will continue to walk by faith and not by sight.

Let Us Pray:

To all the ill and hurting; In the quietness of the evening we come to thee, Dear Father, and join our voices in thanking Thee for the blessings of this day. We ask that we who are suffering for any reason might rest this night without worry--without pain, bring blessed health and healing. Give each of us strength and wisdom for tomorrow. In Jesus' name we pray. Amen.

President - Christine Burleson, Vice-President, Ruby Henderson; Secretary, Annie Johnson; Building Fund Secretary, Linda McClain; and Reporter, Dorothy Hood.

"MISSIONS"

I. WHY WE BELIEVE IN MISSIONS!

1. Because the Great Commission commands it. Matt. 28: 18-20; Mark 16:15; Luke 24:46,47; Acts 1:8
2. Because all men are lost without Jesus Christ. Acts 4:12
3. Because Christ is the only way of salvation. John 5:24,25; Rom. 10:13-15
4. Because of the destiny of the unsaved. John 3:18,36; Rev. 20:15; Luke 16:19-23
5. Because missions bring glory to God.
 - a. It displays His saving power.
 - b. It displays His mercy and grace.
 - c. Saved people praise and worship Him.

II. WHAT IS COMMANDED IN THE GREAT COMMISSION?

1. That the gospel be taught and preached to all nations. Matt. 28:19; Mark 16:15
2. Those who believe the gospel are to be scripturally baptized. Matt. 28:19; Acts 2:41
3. Churches must be organized so that they can carry out the great commission. NOTE: Churches on the mission field should be indigenous. To be truly "indigenous" there must be three things: (1) They must be self supporting. (Not dependent on mission dollars for building, pastor or expenses). (2) They must be selfgoverning. (Not run or controlled by missionaries or any other authority, except that of God). (3) They must be self propogating. (That is that they are reproducing themselves and carrying out the great commission).
4. The converts are to be taught the "all things" of God. Matt. 28:20

You cannot omit any one of the above and be obedient to the great commission. The social gospel as practiced by institutional missions, is not really missions. Those who merely educate, practice medicine, raise the living standard, etc., are not doing Scriptural mission work.

III. WHO IS COMMANDED TO CARRY OUT THE GREAT COMMISSION?

1. It was not given to the apostles. They had no successors, therefore if it was given to them, when they died, it died.
2. It was not given to a convention, association or mission board, for none of them existed at that time.
3. It was not given to individuals. It should be evident to anyone that while all may carry the gospel, they would not be qualified to baptize and teach all things.
4. It was given to the local Church (the only kind there is). The apostles of Matt. 28:16 were first in the Church. I Cor. 12:28
 - a. Jesus promised the Church perpetuity, so she will be on earth as long as there is a need. Matt. 16:18
 - b. The local Church has the authority to baptize.
 - c. The local Church has the means of "teaching all things."
 - d. We have the example of Acts 13:1-4 to guide us.

IV. HOW ARE MISSIONARIES CALLED AND SENT?

1. They are chosen by the Holy Spirit out of a Scriptural Bible teaching Church. Acts 13:1-4
2. They are sent forth by the Holy Spirit and the Church. Acts 13:3,4
3. They are supported by the home Church and other churches who desire to take part in this ministry. Phil. 4:10-17
4. The missionary reports back to the local Church. Acts 14:27

V. WHERE DOES THE INDIVIDUAL CHRISTIAN FIT IN TO MISSIONS?

1. By being a faithful member of a Scriptural missionary minded Church. Every Christian should be a part of one.
2. By witnessing daily for Christ. Remember the field is the world.
3. By going in person as a missionary, if God calls.
4. By going in prayer for missionaries and their needs.
5. By going in purse, and thus give regularly, systematically, and sacrificially to missions!

The command to give the gospel to the world is clear and unmistakable and this Commission was given to the churches.

Matt. 28:18-20. "And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world. Amen."

Mark 16:15. "And he said unto them, Go ye into all the world, and preach the gospel to every creature."

John 20:21. "As my Father hath sent me, even so send I you."

Acts 1:8. "But ye shall receive power after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth."

Acts 13:1-4. "Now there were in the church that was at Antioch certain prophets and teachers... As they ministered to the Lord, and fasted, the Holy Ghost said, Separate me Barnabas and Saul for the work whereunto I have called them. And when they had fasted and prayed, and laid their hands on them, they sent them away. So they, being sent forth by the Holy Ghost, departed..."

Rom. 10:13-15. "For whosoever shall call upon the name of the Lord shall be saved. How then shall they call on him in whom they have not believed? and how shall they believe in him of whom they have not heard? and how shall they hear without a preacher? And how shall they preach, except they be sent? as it is written, How beautiful are the feet of them that preach the gospel of peace, and bring glad tidings of good things."

We Thank God For Jesus

"Lord, They've Ears To Hear!! But Won't"

Revelations 2:29 -- Jesus said, he that hath ears, let him hear what the spirit saith unto the churches.

Deuteronomy 6:10-12 -- When the Lord, thy God, shall have brought thee into the land which he sware unto thy fathers, to give thee great and goodly cities, which thou buildest not, and houses full of all good things, which thou filledst not, and wells digged which thou diggedst not, vineyards and olive trees, which thou plantedst not; when thou shalt have eaten and be full; then beware lest thou forget the Lord.

Lord, thanks for keeping your promise You made to our fathers, but we, as a whole in the U. S. A., keeping ours, we didn't bothered.

Lord, we came to this land. We were all considered slaves. We started out worshipping You; then things man hand made.

Lord, we're like the prodigal son, everyone having a good time -- losing all respect of you; saying this life is mine.

Lord, we lift you and went after other gods. We've turned away from you "The Only True God."

Galatians 6:7-8 -- Be not deceived, God is not mocked; for whatsoever a man soweth, that shall he also reap. For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the spirit shall of the spirit reap life everlasting.

Lord, we're so corrupt, this U. S. A., as a whole. We love the other gods; and they're so cold.

(Gods of today are named after men, i. e. Ford's, Nissan's, Lincoln's, and Mercury's. -- Gods after birds, i. e. Thunderbird's, Firebird's, Falcon's -- gods after four footed beast -- i. e. Cougar's, Mustang's, Pinto's, Ribble's -- gods after creeping things -- Cobra's and Stingray's.)

Romans 1:21-23; 25 -- Because that when they know God, they glorified Him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened. Changed the glory of the uncorruptible god into an image made like to corruptible men, and birds, and four footed beats, and creeping things.

Lord, we run out and buy our children these god cars, and when they total them out; their lives offered to the fire god.

Hosea 4:6 -- The Lord said, my people are destroyed for lack of knowledge; because thou has rejected knowledge. I will also reject them, that thou hast forgotten the law of thy God. I will also forget thy children.

Luke 13:34 -- Jesus said, O' Jerusalem, Jerusalem, which killeth the prophets, and stonest them that are sent unto thee; how often would I have gathered thy children together, as a hen gather her brood (little ones) under her wings, and ye would not.

God is not through with us yet. Let's pray for one another always. AMEN
