## Odessa Woman Loses 109 Lbs.

Top Hollywood celebrity Cathy Lee Crosby was almost at a lost for words.

The stunned TV personality just couldn't believe it when Odessa housewife, Linda Guill, \$15,000 winner (in cash and other prizes) of a nationwide diet contest, produced a cardboard display of the way she used to look (see photograph).

For 39 year-old 5'4" Linda, who had weighed in at over 276 lbs, it was the chance of a lifetime to be an inspiration to others who also suffered with obesity.

Linda lost an amazing 109 lbs. and won the title "Micro Dieter of the Year" from a leading weight control company. Says Linda, "This was the first time in seventeen years that I have put on a dress. Losing weight has changed every aspect of my life --- words can't express the way I feel about myself."

Linda was flown from her Odessa home for an all expenses five-night visit to Anaheim, California including a shopping spree, makeover and photo session with Cathy Lee.

Linda was selected not only because of the amount of weight lost but also because of her inspirational testimonial.

In the middle is the way Linda Guill looked at one time. She weighed 276 lbs. She is shown with TV

personality Cathy Lee Crosby. At right, is the real Linda Guill.

Linda used to spend 90% of her waking life slumped in a chair plagued with the continual fear of smothering in her own fat.

Doctor after doctor had warned her that if she did not make some serious changes in her eating habits, there was a good chance she faced an early death.

Linda heeded their advise and today she is a vibrant and healthy person full of energy and life.

### Listening To Coach!!

Pictured above are the first place Dr. Pepper Vikings who are listening to their coach at a recent game in Division I of Youth Football League, Flag.

The Vikings are 6-0, and are vying to be a representative in the upcoming "Super Bowl." At this time, no other team in their division has scored a touchdown, or for that matter, even scored a point against them.

The New Hope Baptist Church is located at 2002 Birch Avenue. This is the church where the people really care. Rev. Billy R. Moton is the proud pastor.

Sunday School began last Sunday morning at 9:30 a. m. with Supt. Swain at his post of duty.

During the morning worship, services began at 10:30 a. m. with the call to worship, a devotional by the

Deacons including prayer and scripture. A selection was offered by the Senior Choir. The Mission & Educational offering was conducted by the Deacons and Ushers.

The Senior Ushers really did look lovely last Sunday morning as well as the Senior Choir in their new robes. Praise the Lord!

The Senior Choir sang "Let Jesus Fix It." Announcements were given

by Ms. Anita Henry, and the welcoming of visitors by Mrs. Margie Thomas.

Pastor Moton gave his pastoral observation. The morning hymn was sung by the congregation.

Pastor Moton preached from the Acts 15:25. His subject was "How To Handle A Midnight Situation." He told the members how to handle it.

It was learned that a longtime resident, Mrs. Mary Jordan, passed away early Sunday morning enroute to the hospital. Services are pending at this time. She is a relative of Mrs. Vera Mitchell.

Mr. Bull Davis is a patient in ICU at St. Mary's Hospital.

Last Sunday morning five came to Christ and three of them were candidates for baptism; the other two by Christian experience.

Mr. James Lynn's funeral services were held in Hobbs, New Mexico.

Let us continue to pray for our sick and shut in as well as those who are bereaved in the city. There are many among us.

The West Texas Baptist District Board meeting will be held in Abilene, Texas at the St. John Baptist Church.

November 17 & 18, 1989.

Wednesday night is teacher's meeting at New Hope as well as prayer meeting night.

Last Sunday afternoon, during the Federation of Choirs monthly meeting at

New Hope, KMAC-TV, Channel 28, was present to tape this monthly services. It seem as though everyone brought the spirit with them. Oh, what a time it was last Sunday afternoon at Federation of Choirs. This filming will be part of a

## EHS Yearbook Needs Help!

As the year roars to a start, Estacado yearbook staffers' purpose is to produce a quality memory book containing all of the school's events.

Sales of the yearbook dropped 50% over the last two years; only 130 people, including teachers, bought yearbooks. This was less than one-eighth of the school's population.

Last year's book was only sold to 60 students, a figure that takes all the energy out of the production of a yearbook. In other words, Estacado Publications worked 100% of the time for only 8-10% of the student body.

Those who are not involved in the production of the 160 page history often fail to appreciate the value of their yearbook.

One major problem is that students do not feel they need a yearbook. After all, they know who they go to school with. But if readers could appreciate how a yearbook can be used 5, 10 or 20 years down the line, to remind them of people and memories of the most special time in life, maybe this attitude would change.

Students, however, have valid arguments about the value of owning a yearbook. Mainly they complain about the high price. But did you know that the Estacado High School yearbook is the cheapest out of all the high schools in Lubbock? The regular price of the Matador Yearbook is \$23. It is about \$10-\$13 dollars less expensive than other yearbooks in this city.

The advisor and staff of the yearbook puts The Matador sale for several days for the price of 15 to 17 dollars. However, during sales days, there are very few who take advantage.

Another reason students don't buy the yearbook is because they have to wait for more than a year to receive it. Ever since there has been a yearbook made here at Estacado the student body has always needed to come back the next year to get it.

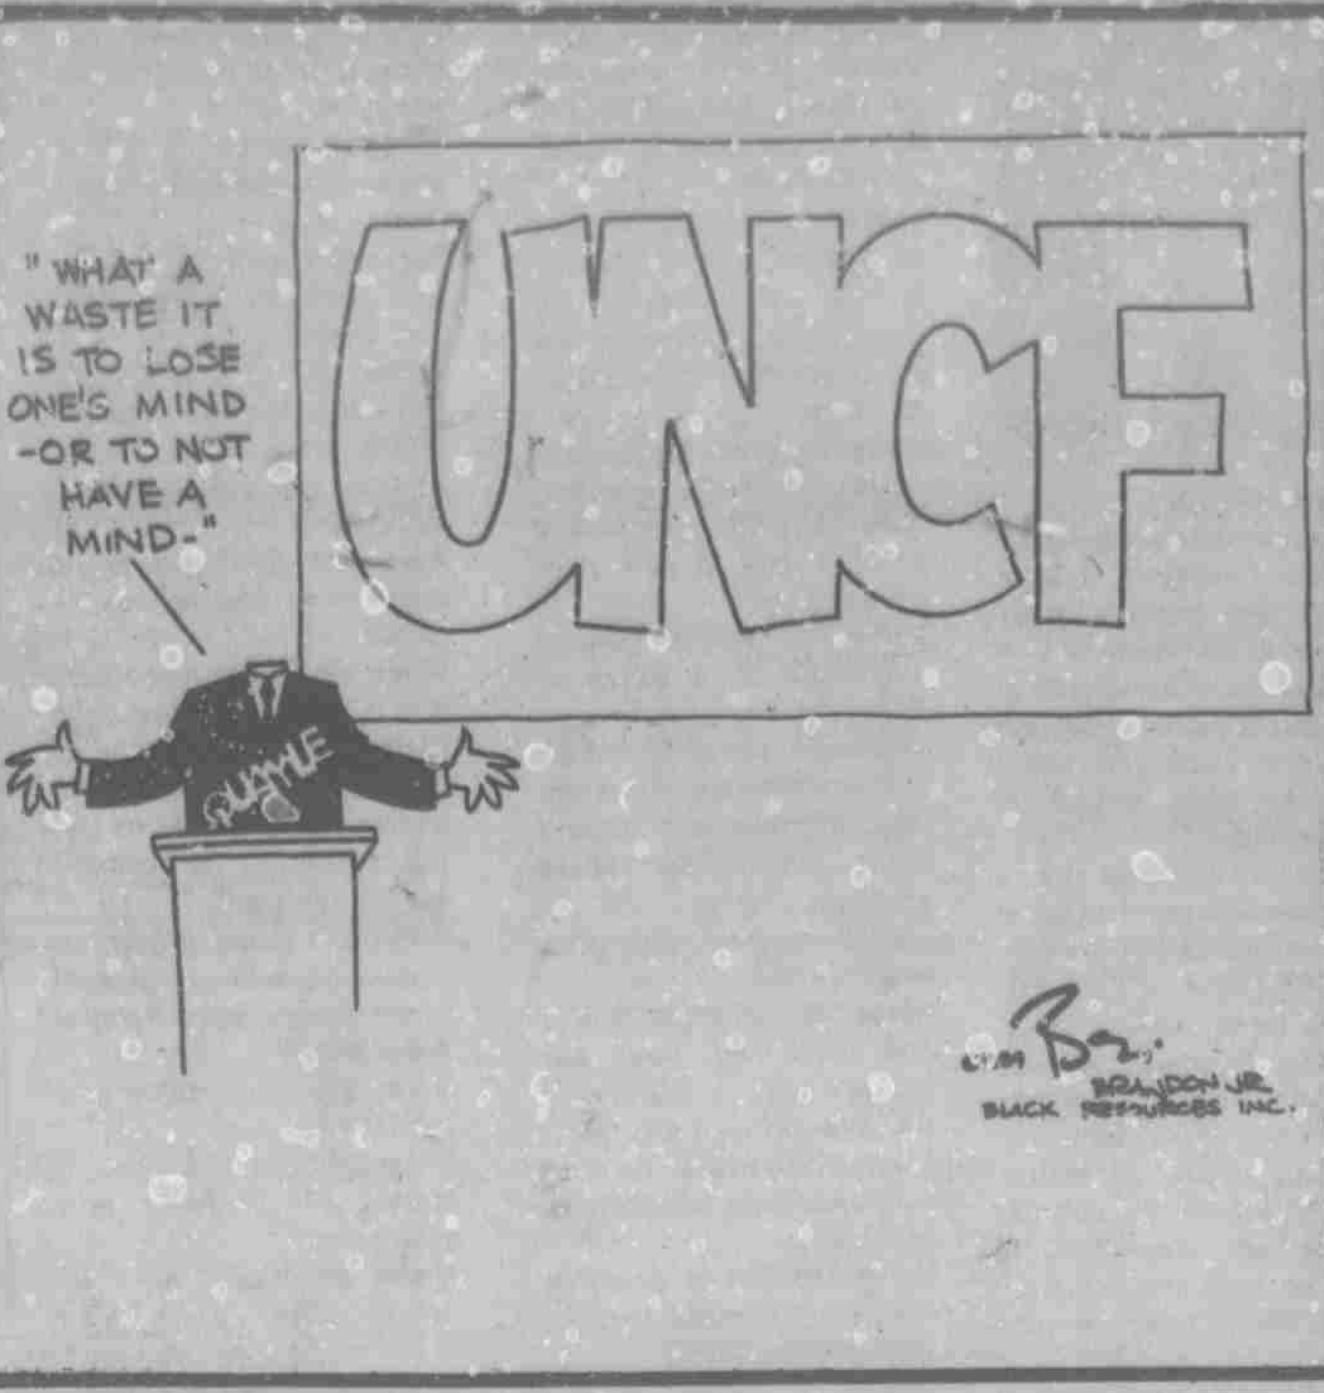

As times have changed so has the publications at Estacado. Starting this year the yearbook will be delivered the same year it is being made. The staff if publications are working overtime to turn in all deadlines to receive The Matador by May of 1990.

Estacado Publications received a new Apple Macintosh which has new designs and techniques to make them exciting yearbooks. The Matador was already in motion before school started. It will contain new features about the student body, not only if classrooms and book work, but if the student's life and how this year's theme: **MORE THAN MEETS THE EYE**, shows how everyone at Estacado is much different than what people think. The discount sales of The Matador Yearbook will run from November 1st to November 3rd. The student body will have a chance to purchase the yearbook for only \$15 or the November 1st or \$17 on the 2nd and 3rd. From November 6th on, the yearbook will go back to its regular price of \$23.

Strong sales after pushes staffers to produce the best product possible.

If there are a good number of sales, the yearbook staffers will work even harder for you, their customers. By providing coverage of people and events The Matador proves that it supports the student body. All we ask is that the student body return the favor.

## Health Editorial:

### Trauma Caused By Toothbrush Abrasion

Dr. Heenan Johnson, III

Abrasion is the wearing away or loss of tooth structure that is not caused by occlusal or incisal wear. The most common cause of abrasion is incorrect use of the toothbrush. The defect produced by incorrect brushing is situated on the buccal (cheek side) and labial (lip side) surfaces. It is most often a sharply defined, wedge-shaped groove which is initially produced at the junction of the crown (enamel) portion of the tooth and the root, called the cement-enamel junction, after having forced the gum toward the root. The extent and size of the defect depend on how long and vigorously the incorrect brushing is continued. This type of abrasion invariably stimulates the formation of secondary dentin produced by the pulp (nerve) when trauma is caused to the tooth. The process of destruction may continue through the secondary dentin, severing the tooth in two and still leaving a vital pulp (nerve) in the root portion. These teeth may be extremely sensitive to cold and heat. While destruction of normal enamel is not readily accomplished by brushing, it is, in some instances, markedly enhanced by the ingestion of solids and liquids that are highly acid and by regurgitation of vomiting of acids from the stomach. If caught early enough these abrasions can be repaired. See your dentist if you suspect your teeth of having these types of abrasion. Your dentist can also instruct you on the proper brushing techniques to avoid further damage to your teeth.

### Public School Selection—Parental Choice?

Joe Nathan, former public school teacher and administrator, is a senior fellow at the University of Minnesota's Humphrey Institute. He recently edited "Public Schools by Choice" (Meyer-Stone Books).

YES

Would parental "choice" of public schools benefit all children?

Yes. More than 60 percent of the public favors expanding choice among public schools. In East Harlem, N.Y., Cambridge, Mass., Prince Georges County, Md., and the entire state of Minnesota, increasing choice among public schools helped stimulate widespread improvements. In the best public school choice plans, students of all abilities do better in school, graduation rates increase, parents are more involved, and educator morale is higher. In each district cited above, public school choice helped produce significant, system-wide test score improvement. Allowing Minnesota high school juniors and seniors to attend colleges or universities full or part time benefitted both youngsters who stayed in high school and those who enrolled in college. Why? High schools statewide improved programs — for example, quadrupling the number of advanced placement courses offered — since they no longer had a "captive audience."

How would this affect integration?

Well-designed public school choice programs helped produce more effective integration programs. While 60 percent of the general public endorses public school choice, support is even higher among racial minorities and low-income parents, who now have the fewest options. The best choice programs include racial balance guidelines, equal access to schools and extensive parent information and counseling programs.

How would choice affect efforts to improve other school programs?

The best choice programs complement other reforms. That's why after initially opposing efforts to expand public school choice in Minnesota, 61 percent of the teachers in the Minnesota Education Association now like the idea. Expanding choice for parents increased opportunities for educators to help create distinctive programs from which families can select. We have learned that there is no one best school for all students, or all educators.

Bella Rosenberg is assistant to the president of the American Federation of Teachers, where she handles policy initiatives. Previously, she was a research associate at the National Institute of Education.

NO

Would parental "choice" of public schools benefit all children?

All children, no — not until our poorer public schools get the resources and help they need to make parents want to choose them. Lots of choice plans assume that if parents could switch schools, "bad" schools would shape up or empty out. But that assumes "good" schools have lots of empty places and are willing to take in kids from failing schools. There's little evidence of that. Generally, choice plans enable a few kids — the most talented or those with the most motivated parents — to switch into a better school. That's great for them, but it further destroys the quality of education for the majority of kids left behind in schools that have lost their resources and their role-model students.

How would this affect integration?

Some choice plans have helped integration; many others have not. It depends on the type of plan. The most difficult integration problem we face is not so much racial as economic class. Choice plans may benefit middle-class minorities, but few have helped poorer children. Their parents often don't have the information to make choices — and wealthier public schools, like private schools, aren't very eager to admit these kids. Let's face it: Until poorer schools are improved, middle-class parents of all races aren't going to choose them.

How would choice affect efforts to improve other school programs?

If choice is part of an overall improvement strategy, it could lead to distinctive, quality programs that meet the needs of diverse students. Unfortunately, many choice proponents act as if choice by itself will lead to improvement.

It won't. It would be like rearranging a few seats on the Titanic: a few people might get a better view, but the ship — public education — will sink. **tl**

Sunday School opened last Sunday morning at 10:00 a.m. with the assistant superintendent, Sister L'ella Harris, presiding. The teachers took charge of their classes. The lesson was well received.

Morning services were rewarding. Pastor R. S. Stanley brought an inspiring sermon. His subject was "I've Suffered Too Long To Turn Back." His scripture was Hebrew 5:7.

During the evening services, which began at 6 p.m., Rev. Jackson brought the message. His subject was "Touch By God." His scripture was Acts 9:11-12.

November 1 thru 5, 1989, there will be a revival at the church, and will be conducted by Rev. Sister L. E. Moore of Dallas, Texas. Members will appreciate your presence and prayers. Sister Moore is a wonderful speaker.

Last Tuesday night, the Brothers of St. Matthew Baptist Church met in the home of Brother Isaac. He enjoyed the fellowship.

On October 31, 1989, the members will be having a Halloween party for the kids. Parents, bring your kids.

Let's all pray for the bereaved families, sick and shut-ins of the community.

## The Outreach Prayer Breakfast

The members of the Outreach Prayer Breakfast met last Saturday morning with their Brothers and Sisters at the Parkway Nursing Center at 10:00 a. m. The meeting was very uplifting for all.

The meeting opened with songs and a scripture, Psalm 1; also fervent prayers, the ones which really make a difference.

The morning scripture lesson was taught by Rev. W. H. Stephens. His subject was "Patience." His scripture was James 5:7-11.

Be patient, therefore, Brethren, unto the coming of the Lord: behold, the husbandmen waiteth for the precious fruits of the earth and hath long patience for it, until he receive the early and latter rain. Be ye also patient; stablish your hearts; for the coming of the Lord draweth nigh.

The Rev. Stephens said: "There is some patience in all of us. God's love always acts and works in the right place and time. Job had patience, because of it's his blessings was doubted. To all, especially Christians, be

patient, be patient, be patient. God will provide.

Thank you, Rev., you are very dear to this group. We love you, and you are continually in our prayers! Thought for all: "Forgiveness is not a feeling, it's a fact."

We are living in prisons. Most of us and we are the prisoners, living behind bars on our doors and windows. This world system has created a monster that will destroy humanity, unless there's a turning. II Chronicles 7:14.

People are rebelling against right all over the world. Some fighting to have a right to kill babies. Some fighting to legalize drugs. Homosexuals are fighting for their rights. Evil king pins are demanding their rights to continue to do wrong. Christians where do we fit in?? The school system having many problems. Why?? The judges can't do their job. Police forces can't solve it. Prisons won't solve it. Lawyers can't solve it. The world is dodging the real issue. AIDS are claiming many lives, without an

answer. The doctors won't solve this one, people!

Prayer Warriors, let's get out of the barnyard and realize we are not chickens. We are eagles. In Jesus, our Saviour, our deliverance. He's the Prince of Peace, the Creator of all mankind. He's a Rock in a weary land; a bridge over trouble water. He's alpha and omega; the first and the last; the beginning and the end. He says in the scripture, every knee must bow; every tongue confess that Jesus Christ is Lord. Do it today before pressure is put on. If we don't, this world is in for lots of trouble. Live right; he will fight your battle. Jesus will, oh, yes. He will!

This group truly needs your prayers and support. Call 762-3347 or write P. O. Box 1223, Lubbock, Texas 79408. We would be happy to hear from you.

Can any good come out of Nazareth. Come and see at

2132 East 30th Street on Saturday morning in the home of Delbert and Dorothy Hood, and keep smiling and praying that a change will come. If loving Jesus is Wrong, then I don't want to be right!

Our sick and shut in includes: Brother Baldwin, Sr., a patient at Lubbock Health Science Center, room 324, and all others who are ill. God is the answer.

Our bereaved families include the Baldwin and Jordan families, and all others who have lost loved ones. God specializes in your sorrow.

## We Thank God For Jesus

"Lord, Man Sees Your Signs, But Pays Them No Mind!!"

Revelation 2:17a -- Jesus said, he that hath an ear, let him hear what the spirit saith unto the churches.

II Timothy 3:1, 2, 3 & 5 -- These know also that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, truce breakers, false accusers, incontinent, fierce, despisers of those that are good, having a form of godliness, but denying the power thereof: from such turn away.

Lord, even when you give us warnings of your coming and the end time, we see the signs all around us, "but pay them no mind."

We even see the trusting of our "government" is a no, no. You said: know the tree by its fruits and the U. S. A. is on a dishonest roll.

Micah 7:2-3 -- The good man is perished out of the earth, and there is none upright among men; they all lie in wait for blood; they hunt every man his brother with a net. That they may do evil with both hands earnestly, the Prince asketh, and the judge asketh for a reward; and the Great man, he uttereth his mischievous desire; so they wrap it up.

Lord, it happened when we stepped out of your will, to do things our way. You've blessed this prosperous land; but look at it today.

Revelation 2:29 -- Jesus said, he that hath an ear let him hear what the spirit saith unto the churches.

Psalms 2:1-3 -- Why do the heathen rage, and the people imagine a vain thing? The kings of the earth set themselves, and the rulers take counsel together, against the Lord, and against his anointed, saying, let us break their bands asunder, and cast away their cards from us.

Lord, it started by one woman, allowed to take "prayer out of school," and now the streets are full of "blood," I ask who's he fool?

Revelation 3:6 -- Jesus said, he that hath an ear, let him hear what the spirit saith unto the churches.

Romans 1:21-22 -- Because that, when they know God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened. Professing themselves to be wise, they became fools.

Lord, we even have the mockers, seeing "Mary" and robbing in your name. This is nothing but "blaspheme", shame, shame, sham!!!

Revelations 3:13 -- Jesus said, he that hath an ear, let him hear what the spirit saith unto the churches.

Galatians 1:8 -- But though we or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed.

God is not through with us yet. So let's pray for one another always.

FROM THE OF  
PARSON D. A. SMITH

Is there a crisis in your life? Is each day of your life filled with such baggage that weights you down and will not allow you to rise to higher heights, achieve goals, and limit that to which you are capable of obtaining. Are you entrapped in such environs that would sap life's energy from you? Are you dissatisfied and discontented with the experience that life is giving you? If so, it would do you good to read Isaiah 40:31: "They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk and not faint."

The saints of God who have met life's unpleasant experiences can testify that this beautiful sentence describes one of the greatest experiences that can happen to you. It is called spiritual experience. This experience comes by completely surrendering yourself to God, and experiencing His presence in your life. There will be those days of crises and such times, those person who think they are strong enough to shoulder the burden themselves, will utterly fail. But the saint of God knows that when these days come, God will provide the necessary strength that makes it possible for him to carry on. The saint knows that God will give of His grace so that he can mount up with the wings of eagles and soar as he meets the challenge of the task.

Why not give yourself to Jesus today! He will help you to soar through the storms of life.

### Congressman Hawkins Writes Investing In The Health Of Our Nation

U. S. Rep. Gargissa Collins (D-III) (left), chairwoman of the Subcommittee on Government Activities and Transportation; Deborah Dillon, president, Dillon Telecommunications, Inc.; and William Lindsay, manager, Purchasing Materials Management, US Sprint take part in an historic

videoconference which brought together more than 300 minority and female suppliers in 15 cities with US Sprint and United Telecom's purchasing decision makers. The meeting was held to discuss how minority- and female-owned businesses can become suppliers to the two telecommunications companies.

According to the U. S. Bureau of the Census the gap between the rich and poor in our nation has increased over the last decade. This inequity is further manifested by persons who live in substandard and violent living environments; have inadequate access to health care; and poor educational or employment skills to break out of their despair. The tragedy is that this human neglect continues worldwide, in both developed and developing countries.

In the global community,

The requirements for the program are that everyone have something to read, and even the faculty is assigned to read. "In years past homeroom reading was a big success," said Sgt. Al Hastings, Junior ROTC Instructor. "During that time, everyone stopped what they were doing and began reading. This program improved reading scores."

social welfare has been neglected at the expense of weapons as world military expenditures continue to grow at record levels. An interesting and probing entitled "World Military and Social Expenditures," by Ruth Sivard, provides an eye-opening account of how many nations neglect the welfare of their citizens. As we review our own budgetary priorities in this nation—the worldwide data from this book should help all of us reflect and consider what our commitment to social welfare should be at home. For example:

\* The chances of dying from social neglect (malnutrition and preventable disease) are 33 times greater than the chances of dying in war.

\* The U. S. and U. S. S. R., first in the world in military power, rank 17th and 45th among all nations in their infant mortality rates.

\* Six times as much public research money goes for research on weapons as for research on health protection.

\* Every minute 15 children in the world die for want of essential food and inexpensive vaccines, and every minute the world's military machine takes another \$1,900,000 from the public treasury.

Everyone recognizes the need for a sound national defense. But we must keep things in proper perspective. Perhaps President Eisenhower, a military professional, said it best when he stated, "The problem in defense is how far you can go without destroying from within what you are trying to defend from without." Destroying from within. These are haunting words to

think about. However, this is precisely what our nation is doing when we fail to invest in programs which improve educational opportunity for poor children, or provide affordable health care and decent housing. In past news columns, I have harped on the issue about the need to invest in the Women, Infant and Children (WIC) program, Head Start and other cost effective programs. We need to invest to the level where every woman and child who are eligible for these programs receive these vital services.

I am tired hearing about individuals who play politics with children, profess to be on the vanguard for their well-being, and then don't follow through by not supporting funding increases in good programs with proven track records. It is simply hypocrisy in the extreme. During his candidacy, President Bush spoke proudly of his support for Head Start. He went on to get dubbed as the "Education President." But where is the follow through? The President's budget for

education does not adequately address our national needs. His recent education summit was simply a trumped up public relations event, rather than a substantive examination and commitment to school improvement. The President's Secretary of Education, Lauro F. Cavazos, is currently arranging regional conferences across the nation to promote an educational scheme called "CHOICE" which has absolutely nothing to do with his responsibility of promoting federal education programs.

Not only are we at educational risk, but our citizen's health is at risk. We sometimes forget that there are 37 million Americans who have no health insurance. Infant mortality, AIDS, and other health problems are plaguing our communities. The health of our nation requires a greater focus and priority in our national budget. We have enough "guns." What we now need is a lot more "butter" in order to prevent further social neglect of America's citizens.
