

55 Die In TWA Plane Crash Near Cairo

CAIRO, Aug. 31. (AP)—A Trans-World Airline Constellation plane carrying 55 persons, 23 of them Americans, crashed and burned today north of Cairo, killing all aboard.

The airline announced there were no survivors from the 48 passengers and seven crewmen. Reports from the scene said the plane was so badly burned that only a small section of it remained intact.

Texas Rangers Escort Cohen Aboard Plane

FORT WORTH, Aug. 31. (AP)—Texas Rangers escorted Gambler Mickey Cohen onto a California-bound plane today.

The Rangers' chief said the West Coast underworld character had planned to set up a "gambling and racketeering empire" in Texas.

The Rangers arrested the short, dapper gambler early today in Wichita Falls in North Texas. They roused him out of his hotel room and made reservations for his westward flight.

Homer Garrison, Jr., state police director, said at Austin that Rangers arrested and questioned Cohen on reports he came to Texas to set up a "gambling and racketeering empire."

"After the questioning, he apparently decided the Texas atmosphere was not good for him," said Garrison.

"We were acting on definite information that he has planned to come to Texas and set up a gambling and racketeering empire. We didn't want that."

Cohen and his companions came here by car from Wichita Falls. An American Airlines spokesman said the Rangers had booked the party for a plane arriving in El Paso at 12:12 p.m. (MST) and that Cohen was to take an American airliner leaving El Paso at 3:25 p.m. (MST) and arriving in Los Angeles at 5:20 p.m. (PST).

Cohen had said he was in Texas to investigate oil business. Benny Cohen, his brother, said "Mickey deLuzon, who led arresting Rangers to leave the state of Texas by his own free will and accord and by air immediately."

Four Rangers arrested, fingerprinted, mugged and questioned the Californian at the Wichita Falls police station.

Cohen and his party arrived at Odessa by plane from Los Angeles yesterday. Immediately a pickup order was given out by the Texas Rangers, but the group made off and was not heard from until last night when they turned up here.

Urge HS Students Register Before School Opens

High school students who are new residents of Big Spring were urged again today to register promptly at the high school and in advance of school opening on Tuesday.

School authorities also reminded patrons that registration of all elementary school children is set for 1 p.m. Friday in the school of the district in which they reside. Only exceptions are: Bus students go to Central ward as will the seventh grade from South Ward district.

The fifth and sixth grades at South Ward will go to College Heights. Buses will leave here at 12 noon Friday to pick up rural pupils except one leaving from the George White place at 12:15 for town.

At the high school, principal Walter L. Reed said that 60 new students, who had not formerly lived in Big Spring, had enrolled. He said that others should do so promptly and not wait until Tuesday. At that time the staff will be too busy to enroll new students promptly.

High school and eighth grade pupils do not report Friday afternoon. They already are registered.

More British Forces Singapore

SINGAPORE, Aug. 31. (AP)—A small detachment of men from the Royal Army Ordnance units at Singapore and Hong Kong will be added to British forces now fighting in Korea it was announced here today.

Bureau Of Standards Set For Atom Attack

CORONA, Calif., Aug. 31. (AP)—The U. S. Bureau of Standards is preparing for the possibility of an attack on Washington, D. C.

Dr. Edward U. Condon, bureau director, says: "We plan to duplicate here much of the setup at the national capital so that the Norco Facility (a former Navy hospital) could carry on the entire program of the bureau should enemy attack upon Washington incapacitate our establishment here."

If Congress appropriates funds for the laboratory, employing some 200 scientists and several hundred other workers, will be established by the end of this year, Dr. Condon said yesterday.

A SCOTCHMAN GOES TO WAR—What the well-dressed Scot wears when he goes to war is illustrated by this Highlander (center) who arrived at a South Korean airfield with the first contingent of British troops. He carries a submachinegun, side arm, knife (in stocking), bed roll, cane, tam o'shanter and pipe. (AP Wirephoto)

X-Ray Survey Opens Friday

Big Spring's mass chest x-ray survey, being sponsored by the Howard county Tuberculosis Association in an attempt to head off tuberculosis infections before they reach the critical stage, is scheduled to start at 9:30 a.m. tomorrow with mobile x-ray equipment set up in the Taylor Appliance store at 212 E. 3rd street.

A widespread publicity and information campaign has been conducted prior to the start of the survey to encourage all-out participation in the mass examination which is being given free of charge.

Goal of the survey, according to Jack Y. Smith, general chairman, is 100 per cent participation of all Howard county residents 15 years of age or older.

"Every person in the county should take the x-ray examination, even if he thinks that he is free of tuberculosis infection," Smith pointed out. "It is an established fact that hundreds of persons are carriers of the disease. Many others may have tuberculosis in its preliminary stages, and the chest x-ray will show whether or not the body has been able to throw off the infection."

"It will also reveal the absence of the tubercular germs," the general chairman declared. "In cases where persons are found to have the disease, the examination and diagnosis will permit early treatment and cure if started in time."

State Health department technicians will man whole x-rays equipment. No inconvenience will be involved in taking the examination. Persons being x-rayed simply stand before a screen and a picture is made of their lungs, without the necessity of removing clothing.

The mass survey will start this year in the wake of an extensive educational campaign aimed at getting as many as possible to submit to the x-ray. House-to-house canvasses have been conducted by members of the city's PTA units. Latin-American and Negro citizens have had special campaigns to point out the need for the examinations.

Rural school children will be brought in to town aboard school buses to get the x-ray. City schools will also encourage pupils to get the chest examination.

The survey is to be conducted through Sept. 9, but x-rays will not be made Sunday or Monday, Labor Day. Friday will be Latin-American Day, when all Latin-

HURRICANE SWEEPS INLAND Florida Resort Town Appears Hardest Hit By Freak Blow

NEW ORLEANS, Aug. 31. (AP)—The freakish Gulf hurricane that swept inland last night near Mobile, Ala., appeared today to have delivered its heaviest punch at Panama City, Fla.

No loss of life was reported, and the storm apparently caused little damage elsewhere.

Mayor Carl Gray of the coastal resort in extreme Northwest Florida said in a radio broadcast a dock was destroyed by high winds and tides. Several other docks and beach property were damaged. He said 3,500 persons were evacuated from low ground to Red Cross shelters.

A tornado—believed an offshoot of the storm—seriously injured two persons and wrecked a dozen houses at Apalachicola, Fla.

Another hurricane grew in size and intensity in the Far Eastern Caribbean today. The weather bureau at San Juan, Puerto Rico, reported winds of hurricane force extending as much as 75 to 100 miles north and northeast of the new storm center.

The big wind was placed at a point about 210 miles east of Martinique in the West Indies.

A third hurricane showed northward in the Atlantic about 500 miles east of Bermuda. Winds as high as 115 miles-an-hour had been reported by the New Orleans Weather Bureau as the Gulf tropical storm at first advanced toward the Mississippi-Alabama-Northwest Florida coastline.

However the highest wind velocity reported on land was a Coast Guard estimate of 98 miles an hour at Santa Rosa Island, an isolated sand spit with a Coast Guard station about five miles offshore from Pensacola, Fla.

But damage at the island was negligible, the Coast Guardsmen reported.

There was virtually no damage in Pensacola beyond small tree limbs which were snapped off. High tides washed out some beach property and wharves were damaged slightly when waters rose five and a half feet above normal.

Pensacola's power failed for more than eight hours.

At Mobile, 1,050 persons were evacuated from Blakeley Island across Mobile River, and 390 from Bayou la Batre.

Parts of U. S. Highway 90 along the coast were reported under water at times. The Mobile Causeway to the east was shut down because of high water, but it was expected to be opened up momentarily.

To the west of Mobile, high water blocked U. S. 90 near Pascagoula, Miss.

The storm or its weak leftover wind blew into Central Alabama during the early morning hours. Light debris and a litter of torn tree limbs marked its trail.

It threw a gale and drenching rains over South Alabama.

Reds Hit In South With Major Attack

Invaders Strike With 2 Divisions

TOYKO, Friday, Sept. 1.—The Korean Reds threw a major two-division assault against the U. S. 25th Division in extreme South Korea today.

There were fragmentary reports that the Reds also were heavily attacking the U. S. Second Division farther north along the Nakdong River.

AP Correspondent Stan Swinton reported from the southern front just west of Masan that the North Korean invaders struck before dawn at 15 points after a heavy preparatory barrage.

Fighting was raging today all along that front in what might be the start of a new general Red offensive, Swinton reported.

The new Communist onslaught, which had been long expected but had been delayed, followed stalling of Red efforts to crack the United Nations defense lines on the northern and eastern fronts.

The new outbreak came as American and South Korean forces on the east coast anchor of the defenses hurled the Reds back north of the port of Pohang.

The enemy had tried for two days to crack through to Pohang along the east coast road but Gen. MacArthur's post-midnight summary said they had been driven back within 500 yards of their starting point, about four miles north of Pohang.

The Reds were still firing artillery and mortars in the area of ravaged Kigye, nine miles northwest of Pohang.

In the face of light fire, the Americans reopened the road north from the threatened port on the Sea of Japan.

They moved from three to four miles north of the city beyond the spot where an enemy roadblock Thursday had made it impassable.

Army Photographer Ray Turnbull of Miami Beach, Fla., reported the road reopened. He accompanied American tanks and infantrymen north of the port city and returned to Taegu, main allied bastion west of Pohang later in the day.

The Reds had missed their target deadline—last midnight—for driving the United Nations forces out of Korea. It was set by Red Premier Kim Il Sung.

Deep on the south coast at the other end of the 120-mile long battle line, South Korean marines reported the capture of large amounts of enemy material and the killing of 500 Reds in two weeks.

The Pohang action highlighted the Thursday activities on the war front.

The North Koreans were reported losing 1,000 men a day in the drive on Pohang mounted by 26,000 men.

The Air Force estimated it killed 1,200 North Koreans in strafing and bombing attacks on the front lines at Pohang. Seven hundred Red dead were counted in one sector and 500 more in another.

Warships and tank guns added heavily to the enemy losses during Thursday, when the North Korean drive gained only about four blocks on the outskirts of the No. 2 Southeast Korea port.

Members of a veterans vocational agriculture class at Knott have taken the lead in announcing a price for cotton pulling this season.

There was unanimous agreement at a meeting Wednesday evening at Knott that \$1.50 per hundred, delivered at the gin, is the maximum that can be paid.

Several farmers from Martin county, all of them veterans, participated in the meeting at which farm operators discussed the price level for harvesting.

"With tremendously heavy costs already in the crop for repeated replanting, chopping and especially poisoning," said James B. Frazier, instructor of the class, "the veterans felt that \$1.50 at the gin was the absolute maximum that they could afford to pay and have any hopes of coming out on the crop."

Most of them, he added, are renters or share-croppers. Most of them, too, have early cotton as is evidenced by the fact that Aubrey Langford had the first bale at Ackerly, Cecil Gibbs and S. T. Johnson the first bale at two Knott gins. This accounted for their early attention to a harvesting rate, said Frazier.

At the same time, the vets expressed a hope that farmers in the other parts of the country would make similar expressions. They also were in hopes that there would be general agreement on a level and observance of that figure by all producers.

C-C Canvass Starts To Raise Money For Yuletide Decorations

Approximately 30 members of the chamber of commerce decorations committee started a canvass this morning to raise some \$4,000 for purchase of Christmas decorations for downtown streets.

The group plans to complete the drive for funds by Saturday. Gilbert Gibbs, chairman, declared. All retail and wholesale merchants, professional workers, and operators of other service establishments will be contacted. Money raised will be used to purchase 24 strings of street decorations. The committee, formed by the Retail committee at a meeting yesterday, started the drive following an orientation meeting at 9 a.m. today.

15 HURT IN RAIL WRECK

LAMPASAS, Aug. 31. (AP)—At least 15 persons were injured in two train wrecks about 100 miles apart in Central Texas early today.

A Santa Fe passenger train left the rails in pre-dawn darkness near here. At least 11 were hurt, none seriously.

Near Teague, about 100 miles northeast of Lampasas, four men were injured as 47 cars of a fast Rock Island freight derailed.

About 40 persons were aboard the passenger train. A Santa Fe spokesman said "we were awfully lucky no one was killed or critically injured."

The injured in the freight train wreck were reported to be an engineer, fireman and brakeman, all from Fort Worth, and an unidentified Negro. Most of the cars carried wheat, much of which was scattered along the track.

The wreck of the Santa Fe passenger train tore up a long stretch of track.

The diesel-powered train, making its regular run from Los Angeles to Houston, derailed in rolling country about 12 miles west of this Central Texas town about 3 o'clock this morning.

Eleven injured were hospitalized. Several received only first aid treatment.

The injured under treatment at Rolland Brooks Hospital here: Melvin Loreman, Cameron, Negro.

E. Wells, Cameron, Negro. Gracia Cox, Houston, Negro. Fioredda Walters, Houston, Negro.

Miss Rae Shield, 19, Houston. Mrs. Earnest Lykins, 22, Comman.

D. S. Kennedy, 40, Snyder. Arthur Moody, 22, Oakland, Calif.

Taken to the railroad's division headquarters hospital at Temple were: J. P. Butler, Temple, the conductor.

F. W. Wilson, Temple, the brakeman. A news agent also was hospitalized at Temple. His name was not available.

A Santa Fe spokesman said the train, No. 76 due in Houston at 7:14 a.m. (CST), was "making a reasonable rate of speed" at the time of derailment.

He said three sleepers left the rails but did not overturn, and that the chair car, diner, lounge car and "Jim Crow" car (which carries Negro passengers) left the rails and overturned.

The engine, mail car and baggage car did not leave the rails and proceeded to Temple.

There were about 40 passengers on the train, the Santa Fe official said. "So far as I can learn, none suffered more than cuts and bruises."

Several passengers who received first aid at a Lampasas hospital were sent by bus to Temple to be transferred to another train.

Deputy Sheriff Henry Cunningham said the accident occurred in a sort of ravine where the roadbed had been built up at last 15 feet above the ground, at least until the end of the year.

Pfc. Billy Awtrety Killed In Action In Korea Fight

A Big Spring, soldier, whose brother is listed as missing in Korea, has been killed in action.

He is Pfc. Billy Wayne Awtrety. Word to this effect was received here today by Hazel L. Awtrety, 501 W. 8th, brother of the deceased.

Awtrey was enroute to Snyder in an effort to locate the mother, Mrs. Unie (George) Jackson, and inform her of Billy Wayne's death. Date of details concerning his loss were not listed in the telegram from the adjutant general.

Pfc. Burton Cozell Awtrety, 21, had been listed as missing in action since July 16, as the first Big Spring casualty in the current Korean conflict. He had been stationed in Japan with a company of combat engineers since shortly after his enlistment three years ago. No word has been received of him since July 16.

Billy Wayne had been with him until shortly before the outbreak of the Korean fighting. At that time, however, the two were believed to have been separated.

Another brother, Bascom Awtrety, resides here on U. S. 80 west. The father, W. N. Awtrety, is a resident of Ringling, Okla. Pfc. Awtrety also leaves a wife and young child.

Shave, Haircut Prices Go Up Here Tomorrow

Beginning Friday, it's going to cost more to get fixed up at the barber shop.

Union shops in Big Spring today announced that, effective September 1, the price of a haircut is advancing from 75 cents to 85 cents, and shaves will go up from 50 cents to 65 cents.

Prices on other services are not being changed.

F-51 MUSTANG is 33 feet long, has 37 foot wingspan. Its top speed is 450 m.p.h., ceiling 32,000 feet combat radius, 950 miles. It can carry two 1,000 lb. bombs.

THE WEATHER
BIG SPRING AND VICINITY: Generally fair this afternoon tonight and Friday. Not much change in temperature.

DEMAND HIKES

War "Buys" More Trouble With Labor

By The Associated Press
NEW YORK, Aug. 31.—War-born inflation is fathering still another form of scare buying—labor, restless under the threats of wage controls, appears out to "buy" another round of pay boosts before all-out war could make them scarce.

Rising living costs are stirring up wage hike demands among workers in the steel, rubber, auto and some observers see another wage-price inflation spiral in the making. Just as the Korean outbreak gave a new pattern to prices, it appears to have given a new aspect to the labor picture. This time a year ago the unions had switched from asking higher pay to demanding security in the form of pensions and "fringe benefits."

In recent days, however, the soaring cost of living has brought demands for still another round of wage boosts on top of the four general rounds since 1945. In today's packet of news are these items:

1. Philip Murray, head of the CIO steelworkers union, says it's "a very good assumption" that steel workers would ask for wage increases this fall.

2. An immediate cost of living wage increase was asked of the Ford Motor Co. by some of its tool and die workers.

3. Demands for a wage increase were made on the General Elec-

tric Co. by the head of the CIO International Union of Electrical, Radio and Machine Workers of America.

4. Union and B. F. Goodrich Co. officials confer today on the CIO United Rubber Workers' demand for a 25-cent hourly wage increase. These four industries—steel, auto, electric and rubber—have usually set the wage pattern in the post-war years.

In the auto industry the rising cost of living has already brought wage increases, or promises of them, to many workers. General Motors automatically hikes pay next month because its wage contract is tied to the Bureau of Labor Statistics' cost of living index, which has risen sharply since the Korean war started.

Chrysler last week voluntarily raised wages 10 cents an hour, citing the cost of living rise.

Labor's position now is set forth in a statement today by the CIO's Executive Board: "Labor enters the mobilization period at a decided disadvantage. There is ample room for wage adjustments without disturbing existing price levels."

Management thinks not, and there you have what may be this winter's big industrial controversy.

Record Number Of Deaths Loom For Labor Day

CHICAGO, Aug. 31. (AP)—The National Safety Council said today there may be a record toll of 435 highway traffic deaths over the Labor Day week end.

The council's prediction was for the 78-hour period from 6 o'clock Friday evening until midnight Monday. It was made with the expectation that 36 million cars will jam the nation's streets and high-

ways over the long week end. And, the council said, the usual critical minority of drivers will show unreasonable symptoms of great hurry, gross inattention or helpless confusion.

Traffic fatalities last Labor Day week end totaled 410, eclipsing the previous high of 310 for the Labor Day holiday period in 1937. In all types of accidents last Labor Day, 550 persons were killed, a record for the holiday. Included were 53 drownings and 87 deaths from miscellaneous causes. The previous high was 428 in 1937.

SAN ANGELO HIGHWAY

HOW MUCH IS IT WORTH?

THE TELEPHONE has become so much a part of our business and family life that sometimes we forget how much it means.

Here in Big Spring, people make an average of more than 37,500 local telephone calls every day. The city turns to its telephones for hundreds of different reasons every 24 hours.

We lift the receiver to call a friend, to order from the store, to talk to the doctor. ... Modern business depends upon the telephone. One call may be worth more than the service costs for a whole year!

Few of us would even try to put a price-tag on telephone service.

THE TELEPHONE COMPANY asks only for enough to pay the cost of handling your calls—with enough left over to provide a reasonable return to those whose savings we use to build the telephone system.

Because rates established 22 years ago are too low to pay today's operating costs, we have asked the city commission for a reasonable increase in our prices.

The proposed new rates are:

30 cents a day for a business telephone.

About 14 cents a day for a private-line residence telephone.

About 12 cents a day for a two-party telephone.

An adjustment in the charges for other local services in relation to today's higher costs of furnishing them.

*Plus Federal Tax.

The new rates are necessary to justify installing a new dial system, costing about \$1,997,500, in Big Spring.

It is important to the welfare of Big Spring that the telephone industry be progressive. It cannot be progressive long if it is not financially healthy.

CALLS FOR NEW LEADERSHIP

VFW Wants Truman To Oust Louis Johnson, Dean Acheson

CHICAGO, Aug. 31. (AP) — The Veterans of Foreign Wars, with only a few of their 4,000 delegates dissenting, yesterday urged President Truman to discharge two members of his cabinet — Secretary of Defense Louis Johnson and Secretary of State Dean Acheson.

A resolution calling for "new and competent leadership in the Department of Defense" was adopted by a standing vote by the 4,000 delegates at their 51st national encampment. Only five opposed the measure.

The resolution urging Mr. Truman "seek out and appoint new, patriotic and able persons" in the State Department was adopted with only three delegates opposing.

The resolutions, charging military unpreparedness and diplomatic blundering, did not name Johnson and Acheson specifically. But a dozen delegates who spoke from the convention floor at the Chicago arena preceding the vote named them and called on President Truman to replace them.

"We deplore and condemn the present policy of our Department of State, which is endangering the very existence of our beloved country," the resolution on the State Department said.

It called for the immediate discharge of those "whose ignorance, misfeasance, and nonfeasance have resulted in the failure in the field of diplomatic relations."

The resolution on the ouster of Johnson put the encampment on record condemning "those disastrous and capricious policies and procedures of the Department of Defense which have brought our nation's defense to their present shameful and inadequate condition."

Ninety B-29s Roar Over North Korea, Drop Over 800 Tons Of Bombs In Raid

TOKYO, Aug. 31. (AP) — More than 90 B-29s spewed over 800 tons of bombs on strategic targets in Korea today.

Of the total load, 600 tons were dropped on industrial installations at Chinnampo, port of Pyongyang, North Korean capital. Both cities were targets of raiding planes from carriers yesterday.

The Air Force reported United Nations pilots killed 1,200 North Koreans in two days in the raging battle for Pohang on the east coast.

Four F-51 Mustang fighters were credited with killing 500 Reds yesterday in vicious rocketing and strafing attacks in support of UN ground troops north of Pohang and east of Kigye.

Bodies of 700 other Red infantrymen, killed in fighter sweeps the preceding day, were counted by UN ground troops advancing yesterday west of Kigye. Kigye is nine miles northwest of Pohang, number two allied port on the east coast.

It was the greatest two-day toll claimed by the Air Force in the Korean war. An Air Force release added:

"A constant series of low level strikes in all sectors caused other casualties for which no estimates could be given."

F-80 Shooting Star jets and F-51 Mustangs were out at dawn Thursday to continue the hammering support for allied ground actions.

Night operations included a combined strike by B-29 Superforts, B-26 light bombers and fighter planes at Seoul, former South Korean capital. B-29s bombed pontoon bridges the Reds have been throwing up to replace permanent structures demolished in previous strikes. Then they dropped flares for the smaller

bombers and fighters to make night runs at close range.

"All bridges across the Han River at Seoul are now considered impassable," the Air Force said.

City College of New York's cross-country team has gone through the last three seasons unbeaten in dual meets.

Mrs. John Ackerly of New York City has been the guest of Dr. and Mrs. E. H. Happel.

Senate Group Seen Ready To Okay Foreign Aid Bill

WASHINGTON, Aug. 31. (AP) — A \$4 billion foreign military aid program, mainly for western Europe, appears ticketed for early Senate Appropriations Committee approval.

That was indicated after Secretary of State Acheson and Secretary of Defense Johnson told the committee yesterday that "a forced draft effort" is needed to re-

arm U. S. allies against the threat of Communist aggression.

"The danger we face is clear," Johnson said. "The free world must raise and equip forces sufficient to deter further aggression."

Johnson and Acheson came in for some stiff questioning at the closed door meeting. Reports were that members of the witness as well as of the senators flared.

The hearing concerned the foreign aid portion of the now nearly \$16,900,000,000 supplemental defense-military aid bill asked by President Truman.

Johnson told the committee in a statement made public after the session that \$2 billion of the \$4 billion requested by Mr. Truman will be used for "tanks, artillery and modern aircraft to withstand a mechanized assault."

Just how the weapons are to be distributed was not disclosed.

But Johnson did say that \$3,504,000,000 will be used for rearming North Atlantic treaty countries; \$193 million for Greece, Turkey and Iran, and \$303 million for the ar East and the "general area of China, including the Philippines."

Johnson added that the military assistance — an addition to \$1,222,500,000 previously voted by Congress for this purpose — will be geared directly "to the rate at which the recipient nations raise, organize and train the expanded forces to employ this equipment."

Merrill Benton, Former Sun Oil Employee, Dies

Funeral for Merrill Presley Benton, 70, Rhomb, retired Sun Oil Company employee, will be held at 3:30 p. m. Friday in Jacksboro.

Mr. Benton, who was visiting here with Mr. and Mrs. A. H. Shroyer, died in his sleep on Aug. 29. Death was attributed to heart involvement, said Justice of Peace W. O. Leonard.

A maid became alarmed when she could not arouse Mr. Benton, who was sleeping in a little cottage adjoining the Shroyer home.

Mr. Benton was a veteran Sun employee and had been a lease superintendent at the time of his retirement.

Survivors are one daughter, Mrs. Gladys de Montreuve, Vancouver, B. C., Canada; a stepdaughter, Mrs. B. C. Sheffield, Hartlingen; a sister, who resides at Rhomb; a niece, Mrs. Troy Stockman, Rhomb.

Services will be held at the Church of Christ in Jacksboro and interment will be at Rhomb Nalley Funeral home will be in charge of arrangements.

House Set To Okay GI Allotments

By WILLIAM ARBOGAST Associated Press Staff

WASHINGTON, Aug. 31. — Relieved that it won't have to vote on universal military training this year, the House was ready today to approve a compromise GI allotment bill.

Worked out by a Senate-House committee after the two branches passed separate bills, the measure provides allotments ranging from \$85 to \$165 monthly to families of enlisted servicemen. The figures include deductions ranging from \$40 to \$80 from the serviceman's monthly paycheck, the government putting up the balance.

The bill is a direct outgrowth of the fighting in Korea, being designed to relieve hardship among families of men called into service.

On another phase of the military manpower question, Maj. Gen. Lewis B. Hershey rapped the armed services for being too choosy in selecting manpower. The selective service director said in a speech that nearly 60 per cent of men now being called in the draft are rejected as unfit for service.

"The armed forces are still laboring under the psychoses of the time when they required relatively few men and could pick and choose," Hershey said.

The armed forces made no immediate reply.

The family allowance bill before the House was expected to receive prompt approval there and in the Senate.

The amount of allotments and deductions varies with the number of dependents and the rank of the man involved. In most cases, the government would put up more than the GI does.

Lodge Burglary Charge On 3 Men At Garden City

GARDEN CITY, Aug. 31.—Burglary charges have been lodged against three men in connection with entering of the Houston & Cook Hardware store here early Monday morning.

Bound over for grand jury action was Tim Beard, 38, Hobbs, N. M., driver of a car stopped at a roadblock in Midland about an hour after Mr. and Mrs. Reggie Morgan had sounded an alarm in Garden City. They had been awakened by burglars attempting to enter the hardware store and sounded an alarm.

Two others named were Otis McCreary and Herman S. Whitley, both of whom were being held at Hobbs, N. M. Two men were alleged to have fled as the car neared the roadblock.

Officers continued efforts to link the burglary here with three at Sterling City the same night.

Gulf Waterway Sets Decision Sept. 29

DALLAS, Aug. 31. (AP)—Interested parties will have until Sept. 29 to present their views on investigations of the Gulf intercoastal waterway in Texas.

Col. Louis W. Prentiss, division engineer, announced the extension yesterday. The original date was Aug. 1. The report concerns shore erosion at the west end of Bolivar Peninsula near Port Bolivar in Galveston Bay.

Goodyear Making Largest Blimp

AKRON, O., Aug. 31. (AP)—The Goodyear Aircraft Corp. reported yesterday that it is building the world's largest blimp for the U. S. Navy.

Work on the ship, which will approach zeppelins of World War I in size, is well under way, the company said.

It will cost the Navy about \$5 million and will be used mainly in spotting submarines, Goodyear said. The blimp would be able to hover almost motionless or travel at speeds ranging up to 75 knots.

Carrying a crew of 14 men, the ship will be powered by two seven-cylinder engines. Some 875,000 cubic feet of helium will keep it aloft.

Gilliam Appointed Superintendent Of New Trinity Park

G. E. Gilliam has been appointed superintendent of the new Trinity Memorial park, located on U. S. 87 south of the city.

The appointment was announced today by John Wells, who said that Gilliam would assume his duties Friday morning.

"The superintendent will be at the park each day and he will be prepared to answer inquiries and handle transactions at all times," Wells said.

An office for the superintendent will be erected shortly.

Gilliam, a well known public official, is now completing his second term as a member of the Howard county commissioner's court.

ONCE-A-YEAR Family Shoe Sale

SAVINGS UP TO 20%

TODDLERS' 1.98 BOOTS REDUCED! 1.77

Mothers! This is the lowest price in months for these good quality boots! Soft leather uppers, sturdy leather soles. White, 2 to 8; brown 5 1/2 to 8.

REG. TO 4.75! BETTER QUALITY RED BANDS FOR BOYS AND GIRLS 3.96

Money-saving values, even at regular price! Made to strict quality standards, they have sturdy uppers of select grain leather, solid leather counters and three-sole Goodyear Flex-Sewn construction.

Sizes to big 3

CHILD'S COWBOY BOOTS, REG. TO 5.98 4.88

Sizes 5 1/2 to 3

For your young cowhand... two styles, both reduced! In brown-and-burgundy with flat heels and round toes or brown-and-beige with higher heels, square toes.

● Your opportunity to save on your family shoe bill—prices slashed up to 20%

● Every pair from our regular stock, every pair made to Wards strict quality standards!

● Hurry in! Remember, this sale ends Saturday—then these shoes go back to regular price!

SEE HOW YOU SAVE ON 3.98 CASUALS 3.48

Perfect for Fall for almost every occasion... with just about any outfit! And since they're currently on sale, the time to buy is RIGHT NOW! Our wide variety includes suedes, patents and smooth leathers. 4-9.

LOWEST PRICE IN YEARS FOR WING STEP GOOD QUALITY SHOES! 4.78

REG. 5.98 COMFORT SHOES—Sensational values at this sharply cut price! They're made of choice, supple kidskin, with snug heels and comfortable, long-wearing leather soles. Black, sizes 4 to 9.

REG. 5.50 SPORT OXFORDS—You save plenty on these carefree shoes, too! Our wide variety includes all of the season's most popular styles, all made with genuine Goodyear-welted soles. Sizes 4-9.

SAVE NOW! BOYS' OXFORDS, REG. 5.50 4.66

Every pair has Goodyear-welted soles, a quality feature rarely found at this extra low price! It means these shoes retain their shape longer, wear more comfortably, repair easily. Brown, 2 1/2 to 6.

7.50 GRENADIERS CUT FOR BIG SAVINGS 6.66

Men! The same good quality shoes that are so popular, day in and day out, at regular price! Compare them with more expensive shoes for style, construction and rich leathers. 6-11.

GREEN BAND WORK SHOES REDUCED FROM 5.39 4.66

Sizes 6 to 12

Your chance to save! They're Wards good quality, re-tanned for extra strength and to resist soil acids. Black, with long-wearing Wardolite soles.

A Bible Thought For Today—

I the Lord search thy heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings.—Jer. 17:10.

Any Baby Sitters Or Servants? Then You May Be Tax Collector

Well, bureaucracy has finally invaded the great American home, and hereafter the housewife will have to do some book-keeping for the government. That is, she will if she employs a domestic servant even part-time. The new social security law brings such servants into the "covered status," and imposes a double duty on the employer: 1. To deduct the social security levy from the employee's wage, and to add an equal amount to it; and 2. To see that a report of this is made to the "Government," accompanied by the social security tax thus collected. The new law is pretty specific and comprehensive, as James Marlow of the AP points out in his column, the ninth in a series. First, what is a domestic servant as defined by the new law? Any male or female who works for you, full time or part time, at least 24 days out of the calendar quarter (three months), and who collects as much as \$50 in pay. This, Marlow says, includes not only cooks,

but baby-sitters, housemaids, washerwomen and nursemaids. If such person works for three or four other persons part time, and piles up the required number of days in each quarter, each and every employer must make out a report, collect the employee's part of the tax, add his employer's portion, and see that the money goes to the government in proper form. All the responsibility for keeping books and collecting or paying the tax, making out the proper papers, and submitting the same to the appropriate government agency, fall upon the employer. Thus the new law will bring in hundreds of thousands, perhaps millions, of a new type of employer for social security purposes—the employers of domestic servants, with all that this status implies—careful and exact bookkeeping, with an accurate counting of the number of hours or days worked, et cetera, et cetera. We believe social security is a very fine thing, but it sure does involve a lot of bureaucratic thimblin'g.

Highway Between Big Spring And Snyder Will Be Used Increasingly

The cutting of a ribbon across the Colorado river bridge in formal recognition of the competition of state highway 350 connecting Big Spring and Snyder may not be exactly a historic incident. But to the scores of people in each of the two cities who long have pressed for the road, and to the smaller number who have been in the thick of a persistent campaign for it these past 10 years, it was a mighty welcome one. Without oil development, this would have been an important road. With the great and amazing growth that has come to Snyder and its immediate area in the past two years, it is possessing arterial vitality. Harassed highway department officials and contractors could testify as to the degree of traffic which coursed over the

roadway and roadbed while the direct route between the two cities was under construction. It grew to such proportions that plans were altered and the road widened and base increased on the north end before it was topped. Further testimony to this point arose Tuesday when celebrants from Snyder and Big Spring gathered at the bridge and stretched across the ribbon. Aside from the four score cars in the motorcade from the two points, many other cars and trucks began to pile up in the space of just a few minutes. This will be a much used road. If the gracious Snyder people displayed Tuesday toward Big Spring visitors was any criterion of regular hospitality (and it was), we will certainly want to visit our friends on the northeast often.

Affairs Of The World—DeWitt MacKenzie

Aid And Comfort For Possible Enemy Is A Common Practice

WINSTON CHURCHILL'S DISCLOSURE (confirmed by the government) that a British factory is producing for Russia tools suitable for the repair of military tanks, is a disturbing commentary of an inebriated practice. It is common practice by many countries. America supplied Japan with oil and iron the latter needed to launch the attack on Pearl Harbor. Britain helped equip the Kaiser for World War I. And most other nations have pursued or are pursuing similar tactics. However, that doesn't lessen the dangers of the custom. OF COURSE BRITAIN AND RUSSIA aren't at war in the accepted sense of the term. There has been no formal declaration of hostilities, but the so-called "cold war" in which the major powers are engaged is one of the most devastating conflicts of history. Moreover it has developed many hot spots, of which Korea is a prime example. Even now a contingent of Scots Highland troops are beginning to arrive in Korea to join MacArthur's forces. These are the famous soldiers who were called "Ladies from Hell" by the Germans in the first World War because they went into action wearing their kilts and fought like devils to the weird shriek of the bagpipes. The London Daily Mail publishes a message from MacArthur, expressing pride at having these troops in his command and concluding: "May a merciful God be with them in the trying days ahead."

TRYING DAYS INDEED, IN WHICH the Scotties will go up against Russian made tanks, which may have been prepared for action with tools made in England. Moreover, the United States revealed last week that a British firm trans-shiped to Russia 50 tons of American molybdenum—a metal used for hardening steel. Another 150 tons scheduled for shipment from London was stopped. Churchill's revelation has caused a sensation in Britain, and the conservative press has been taking the socialist government to task. There is a strong challenge to the idea of sending Russia materials which will strengthen the Red war potential. MOREOVER, A LOT OF FOLK WANT to know why Britain has to get wheat from Russia when members of the commonwealth, like Canada and Australia, are among the world's great wheat producers. The daily Graphic sums the thing up: "Foodstuffs and similar commodities from Eastern Europe are dearly bought at this price." The reaction in America seems to be strongly against acceptance of the thesis that so long as a deal actually is "legal" it is legitimate. The idea of doing anything which would strengthen Russian striking-power certainly goes against the grain. An indication of the feeling against even ordinary trade with Russia is seen in the refusal of New York longshoremen to unload shipments of Russian crabmeat. In any event the question of what amounts to war-time trade isn't one which automatically solves itself. That, of course, is where government controls come in.

Notebook—Hal Boyle

Men Who Fought In Last War Form Backbone Of Army Now

WITH U. S. 27TH REGIMENT, KOREA, —Combat is a cruel test of endurance, courage, and sanity which no man should be called on to endure more than once in his lifetime—and even that is too much. But many veterans of World War II are facing the test again in Korea. Most of them went into the last war as youths. Somewhere between Pearl Harbor and the end of the war they lost that youth. They were young-old men. When peace came they found they had learned a trade that had no market at home. And so they stayed in the Army. THESE ARE THE MEN WHO FORM the real backbone of the American Army fighting to hold off the North Korean Reds. As examples there are Capt. Earl W. Buchanan of Newport, Va., and Maj. Harry K. Hauge of Lexington, Ky. Buchanan is a lean, thin-faced man. He fought with the 45th Infantry Division in Sicily, through the mountains of Italy and across southern France. Then one day at Strasbourg a piece of shrapnel slapped him on the head. He woke up to find himself a prisoner. The Germans took Buchanan into Russia to a prison camp and then into Poland. He escaped from prison just before Storm Troopers forced one group of Americans to make a winter march. It was a march of death for many of them. HARRY HAUGE IS MORE RUGGEDLY built. But in his face there is that same taut, drawn look of the fighting man. Hauge was known throughout the South as a half-back for the University of Kentucky football team. In '41 he joined the Army and it sent him to Europe to the 78th Division. After the war, Hauge believed that he had done all the fighting that was needed. He looked forward to a comfortable peacetime life with the Army

commander of the Air War College, at Maxwell Air Base, Montgomery, Ala., has been staging a series of lectures in which a preventive war is urged openly. One of the distinguished speakers at the Air War College has been Fr. Edmund Walsh of Georgetown University, a friend of Secretary Matthews, who voiced almost the same preventive war idea as Matthews. Another earlier speaker at the air college was Brig. Gen. S. D. Grubb, former commander at Maxwell, who, in an address before a civilian group in Montgomery during the Berlin blockade, urged an ultimatum to Russia that if the blockade was not lifted in 36 hours, we should declare war. Gen. Maxwell himself, speaking some time ago before the Kiwanis Club at Montgomery, indicated that he favored immediate war with Russia; and there has been concrete evidence that the General follows a deliberate program at the air college aimed to indoctrinate students with the idea of an immediate attack. All these matters have been reported to the White House from time to time; and as a result President Truman is determined that the original concept of military duty laid down by the founding fathers shall be followed, namely that it is the military's job to win wars not declare them. Lecture in London — U. S. Ambassador Douglas has bawled out the British for talking rearmament but doing nothing. Last week he told Foreign Minister Bevin in very plain English that the United States was shocked at failure to call parliament back into session. The ambassador also told Bevin that Britain's current plan for rearmament is completely inadequate; that where the United States is calling up thousands of men, Brit-

Capital Report—Doris Fleeson

Pressman Has A Real Story To Tell -- Communism In Our Trade Unions

WASHINGTON. — When the House Un-American Activities Committee put Lee Pressman on the witness stand they got two things not usual in the pattern of their hearings. One was a brilliant lawyer who understands what evidence is and stuck to it. The other was a genuine mover and shaker of one of the great developments of our changing times, the powerful Congress of Industrial Organizations. Pressman was counsel for the CIO from its birth, when John L. Lewis acted as midwife to its lusty maturity under Philip Murray, who took over when Lewis guessed wrong on the 1940 election. The CIO was and remains a study in controversy, and Pressman, a tough and often arrogant intellectual, was one of its most controversial figures. His niche in CIO history is naturally hotly disputed. His admirers declare he furnished the guts, bone and sinew of those hard years in complement to Murray's idealism and noble spirit. Pressman has testified that nobody in the CIO ever asked him if he were a Communist. The comment of his friends is that nobody did because they were afraid he'd say yes and they were scared of having to fire him.

Pressman detractors assert that his part has been exaggerated, the CIO counsel is not as important as generally supposed, and he isn't so smart anyway. They are on considerably firmer ground when they say that Pressman was much less effective than he could have been if he were not constantly torn between his trade-union aims and Communist sympathies. In any case, the newest repentant Communist remained as Murray's principal legal adviser during all the turbulent prewar, war and postwar years, a fact that speaks for itself. He resigned in 1948 by which time the CIO was glad to see his dear back. Pressman has made overtures recently to Murray and to other influential figures in the CIO suggesting that he would like to come home. It is understood that true repentance, even penance, was suggested by the devout Catholic Murray as indispensable preliminaries to any kind of reconciliation. If true, it might help to explain why Pressman decided to talk. Nothing about him will ever be simple, however. He is not a simple man and his long career in the most competitive and dialectical of all trades, union leadership, is witness to his acumen, his hard intellectual fiber, and his instinct for survival. None of the committee members who cross-examined him is Pressman's intellectual equal, and he had the initial hearings well under control, telling what seemed to him relevant to a skirting all dubious avenues with ease. He coolly told the committee that, while his aims were right, his methods were open to question, a criticism to which they are unfortunately inured. In naming members of the Communist cell to which he belonged in government for a year, he added nothing new to the record. His clearing of Alger Hiss in connection with it has some importance. The story he really has to tell, however, is of Communism in the trade-union movement. That is where, rather than in the slow bureaucratic processes of the government, Pressman exerted the influence of his ideological sympathies with Communism. With the industrial unions of America at their back, the Communists need not worry too much about the politicians. Their plans in that field, their lieutenants there, are a vital concern to America, even though the Democratic administration isn't implicated. Possibly Pressman is frightened enough by world developments to enter that battle; he has not yet done so.

Merry-Go-Round—Drew Pearson

Administration Was Waiting For A Chance To Crack Down On Military

WASHINGTON. — Inside fact about the White House crack-down on Secretary of the Navy Matthews and General MacArthur is that the administration had been waiting for a chance to knock down the increasing eagerness of the military to encroach on the civilian branches of government. A lot of things have been going on which the public doesn't know about, all pointing toward more and more military rule. One was the quiet attempt by Secretary of Defense Johnson to keep Guam under the military when it was supposed to go under a civilian governor July 1. Another is the Navy's attempt to hold on to the "trust islands" of the Pacific. Another has been General MacArthur's repeated attempts to dictate foreign policy. Another flagrant intervention of the military into foreign policy was when 11 generals secretly went up to Congress and urged a \$100 million loan to Dictator Franco of Spain—despite the fact that their commander-in-chief in the White House had ruled against such a loan. President Truman was icy cool with his secretary of defense when he heard of this. In smiling, he turned to Louey Johnson in cabinet meeting and snapped: "And I don't want any more trips by you or your generals to Congress regarding a loan to Franco." The two public crack-downs were aimed directly at MacArthur, and indirectly at Johnson through his secretary of the Navy. However, the statement by a cabinet officer in favor of a preventive war, it was decided, had to be disavowed publicly, or it played directly into the hands of European propagandists, already partly successful in branding us as warmongers. Another reason for the crack-down was that Gen. Orvil Ander-

son, commander of the Air War College, at Maxwell Air Base, Montgomery, Ala., has been staging a series of lectures in which a preventive war is urged openly. One of the distinguished speakers at the Air War College has been Fr. Edmund Walsh of Georgetown University, a friend of Secretary Matthews, who voiced almost the same preventive war idea as Matthews. Another earlier speaker at the air college was Brig. Gen. S. D. Grubb, former commander at Maxwell, who, in an address before a civilian group in Montgomery during the Berlin blockade, urged an ultimatum to Russia that if the blockade was not lifted in 36 hours, we should declare war. Gen. Maxwell himself, speaking some time ago before the Kiwanis Club at Montgomery, indicated that he favored immediate war with Russia; and there has been concrete evidence that the General follows a deliberate program at the air college aimed to indoctrinate students with the idea of an immediate attack. All these matters have been reported to the White House from time to time; and as a result President Truman is determined that the original concept of military duty laid down by the founding fathers shall be followed, namely that it is the military's job to win wars not declare them. Around The Rim—The Herald Staff

Big Spring's Traffic Problem Parallels Growth Of The City

One does not have to go very far in order to see evidence of the gigantic growth of Big Spring. By leaps and bounds the city has expanded and with it come many problems that have to be faced. Some problems, of course, may be solved easily. Others have to be thought over for a long while and a long range plan devised. One major problem in Big Spring appears to be growing traffic jams in the downtown area. This can be attributed primarily to the growth of the city, but other reasons include more wealth and a modernization of transportation—more and more people feel the need for cars. This problem is one that could be solved relatively easy for the moment, but will require a long range plan of expansion in the end. We are concerned with solving the problem easily and speedily until the long range set-up can be thought out. A major reason for the crawling in heavy downtown traffic is the driving to town by the shopper, people searching for goods of various kinds. To alleviate this condition, we might suggest, first, that the shoppers take advantage of the buses in town. We realize full well that the city lacks the multitude of big city bus routes and an underground subway system. But too often a shopper drives when riding a bus may be easier. Too, we've known persons to drive down

town from their homes, only to park almost equal distance from the stores. Another way to further lessen the jam might be for the shopper to sit home and take advantage of Alexander Graham Bell's wonderful invention—the telephone. Many stores boast pickup and delivery service and a call to these stores will bring your purchase to you without the necessity of driving through a traffic jam. As for the long-range plan, a planning commission ought to be set up solely for this purpose. The situation is serious and can lead to complications and accidents if allowed to continue. One idea that many cities find helpful, is to secure land close enough to the shopping area where the public may park—a lot of some sort, for instance, where parking may be had for an hour at a time. This would allow a rapid turnover of shoppers, giving the later byers a chance to park. And, it would prevent people from "hogging" vital space. Civic organizations all seek to improve the city and through continued mutual cooperation the problem can easily be solved. It is not one to merely say, "Sure, there's a traffic problem," and then proceed not to do anything about it. Like all other things in life that you plan to do, this, too, must be planned. Let's help build a bigger and better Big Spring.—FRED GREENE.

Hollywood—Bob Thomas

Hubby-Insists Jane Russell Abandon Her Short Hair Cut

HOLLYWOOD. (AP)—On her husband's insistence, Jane Russell has abandoned the short hair cut. Nearly every Hollywood star succumbed to the bobbed hair style that swept the female world a year or so ago. Jane was one of them. But when I saw her on the "Macao" set, her tresses were again falling to her shoulders. What about this? "I had mine cut very short," she said, "but my man (Bob Waterfield, the pro football flash) didn't like it. I guess all men hate the short hair cut; it makes their women look like men." And then there's Dorothy Hart, who is starting out a new Warner's contract with a new head of hair. Until this point, she had been a redhead. But now she has returned to her own shade, a golden brown. She tells why:

"The red color was to show up in the color pictures I was in. Now I'm in Black and White in 'Raton Pass' so it doesn't matter." The Motion Picture Producers' Association with amazing candor, issues a regular sheet containing estimates of current films by religious, professional and civic groups. Usually the reviewers take a kindly view of the movies, but sometimes they lash out. For instance, here is their joint estimate of "Kiss Tomorrow Goodbye" in this gangster picture, we see a blue-print of murder; robbery; collusion of police, lice, detectives and crooked lawyers with convicts and criminals. Once again Cagney bites out terse dialogue as a sadistic killer with paranoid tendencies. The horrible violence rampant in this film can serve no useful purpose.

The Nation Today—James Marlow

Three New Groups Now Come Under Social Security Law

WASHINGTON, Aug. 31. (AP)—THE SOCIAL security program has been broadened to let these three large groups of employees —kept out of it until now—come under its protection: 1. Domestic servants. It's compulsory for anyone in this group to be in the program, if he meets the requirements. 2. Employees of non-profit organizations. It's voluntary for them. They and their employers can choose to get in or stay out. 3. Employees of state and local governments if they're not already covered by an old-age pension system. This is voluntary in part unless the state and local governments want these employees under social security, they can't get in. For all three groups Jan. 1, 1951, is the starting date. Who is a domestic servant? It's anyone employed fairly regularly in a home. For example: A cook, butler, housemaid, nursemaid, washerwoman and others.

taxable \$3,600 and was taxed on more than \$3,600. BY ASKING SOCIAL SECURITY, SHE can get a refund on all the tax taken from her above the taxable \$3,600. But the employers, who also paid the tax on her more-than-\$3,600, don't get a refund since each paid a tax on only part of \$3,600 or more. Suppose a cook or a baby sitter worked for you part of two days a week for a whole quarter (three-month period) and earned from you at least \$50. Would she be considered a domestic servant under this new law? Yes. Why? Because those two days a week for three months—eight days a month—came to 24 days in the quarter. Non-profit organizations— Now for the first time employees of non-profit—religious, educational, charitable, scientific, literary—organizations can get under social security. Example: The employees of a society for the prevention of cruelty to children or animals; employees of the Red Cross; employees of a university, such as professors or janitors; employees of a religious organization, such as lay bookkeepers, gardeners and so on. But— Note: Ministers, priests and others who are members—no employees—of religious organizations are still excluded. But the employees of a non-profit outfit don't just automatically get under social security, starting Jan. 1.

HERE'S THE TEST: 1. He or she must have worked for you, full time or part time, on 24 days out of a calendar quarter, a three-month period. 2. And he must have received from you at least \$50 in pay in that quarter. If your servant meets both requirements, then he's covered by the law and he gets credit for one quarter's coverage. When he gets a certain minimum number of quarters' coverage, he can get a pension at 65 or, if he dies, benefits for his survivors. And—if he meets those two tests, a 3 per cent tax must be paid on the first \$3,600 of his yearly pay. Under the law an employer can, but doesn't have to, pay the whole tax herself. Businessmen put up 1 1/2 per cent out of their own pocket and deduct the other 1 1/2 per cent from the worker's pay. For example: Mary Jones works 24 days out of a quarter for you as a cook and earns at least \$50. Since she's then covered, you can deduct 1 1/2 per cent of her \$50 (75 cents), add 75 cents of your own, and turn it into the government. REMEMBER: AN EMPLOYER IS RESPONSIBLE for turning this money into the government. How will the employer of a domestic do it? For such employees the government will issue a special tax return form. It must be turned in, with the tax, at the end of each quarter. The government will announce details on this before the program starts on Jan. 1, 1951. The first return won't have to be made until April, 1951, after the first quarter of 1951. Suppose a cook works 24 days for you and earns \$50 then works 24 days for someone else and earns at least \$50 and then works still another 24 days for a third person and earns \$50, all in one quarter. Who then pays the tax? Each employer must pay the tax on the wages given by him to a domestic who works a least 24 days a quarter for him and earns at least \$50 in that quarter. And unless the employer pays the whole tax himself, in each case the domestic is taxed, too. But suppose such a domestic, working for several people, found at the end of the year she had earned more than the

BEFORE THEY CAN GET IN THESE ARE THE STEPS: 1. The organization itself must be willing—since it's going to have to share the social security tax with them—for them to get under social security. They can't get in if the organization says "no." But if it approves, then— 2. The employees must decide on whether they want to get in. None can get in unless two-thirds say "yes." Then— 3. The two-thirds or more who wanted in, get in and start paying their half of the tax. Those who said "no," still don't have to get in. But anyone hired after the two-thirds' decision must get in. State and local government employees not already under a retirement plan— Many state and local governments have pension systems for their employees. For example: Numerous cities have retirement plans for their policemen, firemen and school teachers. But there are exceptions. And where that happens the employees face old age without any pension. To help them, the new law says they can come under social security but—and it's a big but—only if the state or local government approves, since it's going to have to pay half the tax. In every such case no employee can get in without (1) approval by the state legislature for the plan and (2) an agreement worked out between the state and federal governments.

WMS Presents Program On March Of Missions

Members of the Woman's Missionary Society of the East Fourth Baptist church conducted a March of Missions program at the church Tuesday afternoon. Discussion was based on foreign missionary activities in China, Japan, Europe, and near East and Latin America.

Visits Are Reported In Garden City Area

GARDEN CITY, August 31. (Sp) Mr. and Mrs. Ronnell McDaniel and children were in Temple on business last week.

Mr. and Mrs. Mac O'Bannon and Marion have been visiting his parents at Hamilton. They will visit in Ft. Worth.

Mr. and Mrs. E. F. Pryor and Mr. and Mrs. W. K. Williams attended a Shell picnic at Odessa Saturday afternoon.

Mrs. D. M. Lovelace and Mrs. A. T. Rogers of Big Spring have been visiting Mr. and Mrs. Joe Williams. Other guests in the Williams home were Wint Bailey of California and Nil Bailey of Big Spring.

Mr. and Mrs. Bill Stephens and children spent last weekend in Austin. Mrs. Stephens' father, L. L. Badwell, came back to make his home with them.

Visiting the L. L. Watkins over the weekend were his parents from Meadow.

Miss Sharlet Camfield of Detroit, Michigan has been visiting her nephew, Rev. A. C. Durrant, and his family. Last week the Durrants took their quest to Juarez and Carlsbad Caverns.

were used in keeping with the theme. Mrs. Yates and Mrs. L. E. Taylor were attired in Chinese costumes. They presented the study, "China's Confidence Unbroken," and served refreshments of hot spiced tea and buttered rice.

The second discussion in the March of Missions was under the direction of the Bykota Circle, with Mrs. H. M. Jarratt, Missions chairman, in charge of the program. Japanese music was played and Japanese exhibit was shown. Mrs. Jarratt and Mrs. J. S. Parks were attired in costumes representative of Japan. Talks were given on the mission program in Japan and Hawaii. Refreshments of tea, cookies and pineapple chunks were served.

Pictures of war-torn Europe and the near East were projected in the next discussion of the March of Missions. Members of the Mary Martha Circle were in charge of the program. Parts were given by Mrs. Joe Chapman, Mrs. Elgin Jones, Mrs. Billy Rudd, Mrs. R. M. Stroup and Mrs. Lewis Lancaster. Refreshments were served.

Portuguese Latin America served as the last study in the March of Missions. Hand-made cloths, napkins, scarves and other items were displayed. Members of the Kate Morrison Circle brought the program, with individual parts given by Mrs. O. B. Warren and Mrs. J. C. Lane. Appropriate costumes were worn. Refreshments were served.

Mrs. T. M. Buckner, Missions chairman of the Woman's Missionary Society, brought the devotional from Isaiah 58-62. An offering was accepted for the foreign mission service. Mrs. O. R. Smith pronounced the benediction.

Approximately 70 persons attended the meeting.

RECENT BRIDE—Mrs. Ira Joe Hart, nee Anna Vernelia Moren, is pictured following her marriage at St. John's Methodist church in Lubbock Sunday afternoon. The bride is the daughter of Mr. and Mrs. W. E. Moren of Big Spring. The bridegroom is the son of the Rev. and Mrs. R. I. Hart of Ropesville. The Rev. Hart officiated at the double ring, formal ceremony. Following a short wedding trip, the couple will be at home in Lubbock where Hart is engaged in the farming industry.

Family Reunion Is Held In Home Of Mr. And Mrs. Henry Page At Knott

KNOTT, Aug. 31. (Sp)—A family reunion was held at the home of Mr. and Mrs. Henry Page Sunday. Those present were Mr. and Mrs. J. H. Wagner and son of Colorado City; Mr. and Mrs. Vernon Wagner and family of Lamesa; Mr. and Mrs. John Waddell, Big Spring; Alex Steward, Westbrook; Mr. and Mrs. Claude Crow and children of Iatan; Mr. and Mrs. Fred Wagner and family, Odessa; and Mr. and Mrs. O. B. Nichols.

Mr. and Mrs. Joe Mae Gaskins spent the weekend with Mr. and Mrs. Royce Smith of Haskell.

Mr. and Mrs. Bill Wheeler and Margaret Katherine of Big Spring were Sunday guests of Mr. and Mrs. Herman Jeffcoat.

Mr. and Mrs. Eugene Brown of Seminole spent the weekend with his parents Mr. and Mrs. C. G. Brown.

O. B. Gaskins and Arnold Lloyd made a business trip to Lubbock and Plainview Monday.

Mr. and Mrs. Carl Winton and son of Abilene spent the weekend with her parents, Mr. and Mrs. H. R. Caffey.

Mr. and Mrs. Wayne Matlock and Mr. and Mrs. Clarence Brown of Colorado City; Mrs. Wayland Boyd and children and Mr. and Mrs. A. G. Furlough Jr. and daughter of Loraine were Sunday guests of Rev. and Mrs. Fred Smith.

Recent guests of Mrs. J. H. Airhart were her children Mrs. J. T. McArthur of Spur; Mrs. Elsie Smith, Mrs. Jewell Smith, E. C. and Edgar Airhart, Floyd Barnett of Spur; J. L. Oliver and Mrs. C. E. Taylor of Westbrook.

Mr. and Mrs. Leonard Smith and Helen of Fairview were Sunday guests of Mr. and Mrs. O. B. Gaskins.

Mrs. Joe Mae Gaskins was a Howard Co. delegate to the T.H.D.A. State Convention which met in Big Spring.

Sunday afternoon guests of Mrs. Herschel Smith and Mrs. J. H. Airhart were Mr. and Mrs. J. E. Airhart and family of Big Spring; Mr. and Mrs. Dick Clay and Mrs. Elsie Smith.

Mrs. Earl Bryant, Mrs. F. M. Rutledge, W. R. Newsome and Mrs. A. L. Mitchell have returned from Stephenville where they visited Mrs. J. L. Newsome who is confined to the hospital there.

Recent guests of Mr. and Mrs. O. B. Nichols were Mrs. Gussie Pittman and Lynel of Comanche; Mrs. Elsie Wagner, Mrs. Jim Wagner of Hamilton; Mr. and Mrs. Earl Digsby and family of Lamesa; Lloyd Nichols of Loop, Mr. and Mrs. Allen Mitchell of Oil Center, New Mexico; Mr. and Mrs. Tom Castle, Mrs. Carl Castle, and Lila.

Harland Family Has Reunion At Park

The C. B. Harland family held their reunion at the City Park Sunday. Those attending were Mr. and Mrs. T. L. Free, Joan, and Billy, Orlan; Mr. and Mrs. W. G. Trout, Harold, Bobby and Paul, Fort Worth; Jean Sarratt, Fort Worth; Mr. and Mrs. G. A. West, Jenice, Douglas, and Garry, Donna, Texas; Mr. and Mrs. R. V. and Orveta, Big Spring; and Mr. and Mrs. Grady Harland of Big Spring.

Others present were Mr. and Mrs. J. W. Fryar Jr., Ida Lou Burnell, Ronald Gene and Donald Dean, Tommy J. and Claude Dalton, Knott; Mr. and Mrs. J. E. Harland and Judy, Big Spring; Mr. and Mrs. Donald Allred and Don Nell, Knott; Mr. and Mrs. L. E. Fuller, Wilson; and Mrs. C. G. Harland and Delbert of Knott.

Mr. and Mrs. W. E. Mann have returned from their vacation. They visited Buchanan Dam, Buckner's Boys Ranch, R. A. Encampment, and returned by way of Temple, Belton and Waco.

Reception For Teachers Is Planned By Members Of Westbrook P.-T.A.

WESTBROOK, August 31. (Sp)—A reception for teachers was planned for Sept. 8 at the P.T.A. meeting. Mrs. Lancaster, Mrs. Eva Hutchins, and Mrs. Charley Parrish were appointed to the entertainment committee, and Mrs. Harris Wilson and Mrs. J. O. McNew will be refreshment hostesses.

Mrs. A. G. Anderson, president, assigned literature to the new officers for 1950-51. Talks on better organization and better cooperation with the teachers were given. Plans were made by Mrs. J. O. McNew to start a membership drive and Mrs. S. A. Walker discussed plans on the study course for the coming year.

Officers are Mrs. Maurine Rees, vice-president, Violet Brown, secretary; and Mrs. Alvin Byrd, treasurer.

Those attending the meeting were Mr. and Mrs. Eva Clawson, Mr. and Mrs. M. A. Webb, Mr. and Mrs. Leroy Gressett, Mr. and Mrs. Bill Hutchins, Mr. and Mrs. Fred Lancaster, Mr. and Mrs. S. A. Walker, Mr. and Mrs. Robert Hutchins, Mr. and Mrs. Charley Parrish, Mr. and Mrs. Melvin Jarrigan, Mr. and Mrs. Tom Coker, Mr. and Mrs. A. A. Raschke, Mr. and Mrs. Harris Wilson, Mr. and Mrs. J. O. McNew, Mrs. Johnnie Johnson, Violet Brown, Mr. and Mrs. A. G. Anderson, Harold Dave Wilkerson, Kenneth Parrish, Donald Taylor, David Ray Anderson, Harry Larry and John Johnson, Evelyn Wilson, Karne and Ronny Walker, Do McNew, Gary Parrish, Mac and Faye Coker, and J. L. Pelton.

New officers were elected at the meeting of the Willing Workers in the home of Mrs. Leslie Bassinger. Mrs. Mary Wilson will be president, Mrs. Melvin Jarrigan, secretary, Mrs. Alita Clemmer, treasurer, and C. E. Taylor, reporter.

Mrs. Charley Parrish presided at the meeting and Ruby Hines gave the devotional. Refreshments were served by Mrs. Eva Clawson, Mrs. Melvin Jarrigan, Mrs. Eva Hutchins, Mrs. Mary Wilson, Mrs. Robert Hutchins, Mrs. Ruby Wilson, Ruby Hines, Mrs. C. E. Taylor, Mrs. Blanche E. Hill, Mrs. Charley Parrish, Mrs. Ed Moren, Mrs. J. O. McNew, Mrs. Johnnie Klans, Mrs. Alita Clemmer, Mrs. Marian Williamson, Mrs. Albright, Mrs. Charles Candler, Mrs. Leslie Bassinger, Mrs. Harry Dockrey.

Mr. and Mrs. Choyce Miller of San Benito visited Mr. and Mrs. S. A. Walker and other friends over the weekend.

Mr. and Mrs. W. C. Hutchins attended the funeral of George Hutchins of Loraine Tuesday.

Ruby Matlock is visiting a few days with Elizabeth Bradberry.

Mr. and Mrs. Veral Matlock of Snyder visited Mr. and Mrs. D. L. Matlock Sunday.

Royce Moore has returned from Virginia where he has been vacationing.

Mary Kent of Crane is visiting Mr. and Mrs. W. E. Rucker this week. The Ruckers attended a family reunion at Clayton Sunday.

Monday visitors of Mrs. Alice Herren and Lila were Mrs. Grady Castle and Mrs. S. C. Gist of Abilene; Mr. and Mrs. Stanley Williams of Big Spring; Mr. and Mrs. Earl Castle and Lila, Mr. and Mrs. Joe Fortson and family of Big Spring; Mrs. John Nichols, and Johnnie Mae, and Velma Blagaves.

Mrs. Herren and Lila have just moved from their new modern farm home.

Sunday dinner guests of Mrs. S. T. Johnson and S. T. Jr. were Mrs. John Bruton, Mrs. Minnie Andrews, and L. N. Sentu of Big Spring.

Mr. and Mrs. Odie Grantham have purchased a new house in Lubbock and have moved it to their farm near West Knott.

The Eager Beavers met with Mrs. Clarence Procter for sewing and handwork Wednesday. The regular business meeting was held.

New officers will be elected at the next meeting and secret pals revealed, it was announced. The next meeting will be with Mrs. M. W. Rupp, 2109 Johnson.

Refreshments were served to Mrs. Roy Spivey and Judy, Bobby Hooper, Mrs. M. W. Rupp, Mrs. R. G. Burnett, Mrs. R. I. Findley, Mrs. J. E. Freeman, and the hostesses.

Miss Big Spring Attends Pageant At San Angelo

Peggy Lamb, daughter of Mr. and Mrs. J. B. Lamb, 511 E. 17th, represented Big Spring in the Fall Fiesta Water Pageant and River Parade at San Angelo Wednesday afternoon.

Miss Lamb was chosen Miss Big Spring of 1950 at the annual bathing revue at the Municipal pool. While in San Angelo, Miss Lamb competed in the queen's contest and was featured on float Eight in the water parade. She was escorted to the queen's ball and coronation by Larry Evans of Big Spring.

During coronation ceremonies Miss Sue Mlencke of Orona was crowned queen of the second annual Fall Fiesta by Miss America, Jacque Mercer of Arizona.

The original "In Our Image," based on the King James version of the Holy Bible, was published on October 6, 1948. It has now gone into a fourth printing. According to present plans, the new edition will appear on the anniversary date in 1950.

The Roman Catholic edition will bear the imprimatur of The Most Reverend Laurence J. Fitzsimon, Bishop of Amarillo, Texas. Bishop Fitzsimon is also writing a preface for the book.

According to Leon McCauley, Manager of the Religious Department of Oxford University Press, the new book is being prepared in response to hundreds of requests from Roman Catholics for an edition based on the Douay version of the Holy Bible. All of the original illustrations will be retained but the text and picture captions will be changed to conform with the Douay version.

The American Legion Roundup Square Dance Club will meet Friday at 8:30 p. m. at the Clubhouse.

MENU FOR TOMORROW

FRIDAY FARE
Creamed Tuna and Mushrooms
Baked Potatoes
Buttered Swiss Chard
Bread and Butter
Dutch Plum Cake
Beverage

(Recipe for Starred Dish Follows)
CREAMED TUNA AND MUSHROOMS

Ingredients: 1 tablespoon butter or margarine, 2 tablespoons flour, 1 three-ounce can sliced broiled mushrooms, milk, 2 tablespoons dried pimiento (1 whole canned pimiento), 1/4 teaspoon salt, freshly-ground pepper, 1 seven-ounce can tuna fish.

Method: Melt butter or margarine in 1-quart saucepan over low heat add flour and blend together with wooden spoon. Remove from heat. Drain liquid from can of mushrooms and add enough milk to make 1 1/2 cups. Add a few table-

spoons of the milk - mushroom liquid and stir until smooth, add remaining milk gradually each time, blending until smooth. Stir to moderate heat and, stirring constantly, cook until thickened and bubbly; let bubble, stirring, for 2 more minutes. Reduce heat. Stir in sliced mushrooms, pimiento, salt and pepper. Now add tuna, stirring carefully so as not to break tuna fish into flakes. It should be in good-sized pieces. Heat thoroughly, stirring a few times. Serve over baked potatoes (but not through skin) and mashed slightly in shells so that they will hold some of tuna mixture. Makes 4 servings.

Mrs. Bishop L. Bailey and children, Bishop, Bill, Linda, and Janet, have returned to their home in El Paso after visiting her parents, Mr. and Mrs. J. B. Pickle.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off excess weight and helping to bring back slurring curves and graceful slenderness. Just get from your drugstore four ounces of liquid Burocristole. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls before a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose belly weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Mrs. Harry Dockrey Is Honored With Shower, Other Westbrook News Notes

WESTBROOK, August 31. (Sp)—Mrs. Harry Dockrey was honored with a pink and blue shower Tuesday sponsored by the Willing Workers Class of the First Baptist Church.

Messimer and Gerald, Mr. and Mrs. Bill Reas, Alberta Ruth and Robert, Mr. and Mrs. Dick Gregory, Mr. and Mrs. Lavel Murphy, and James, and Mr. and Mrs. Roy Hodnett.

Canada Trains Rolling Again

OTTAWA, Aug. 31. (AP)—Canada's nation's history was called off by union leaders last night just 19 minutes after a special government back-to-work bill became law. The first such general tie-up in the nation's history was called off by union leaders last night just 19 minutes after a special government back-to-work bill became law.

Nursemaid Shot By Little Boy

CHESTER, Pa., Aug. 31. (AP)—Police said a nursemaid was shot last night with a pistol she had given to a three-year-old boy, thinking it was a toy. Mrs. Peggy Rose, 34, of Chester, managed to reach the home of a neighbor. She was taken to Chester Hospital, where doctors said she was in serious condition with a back wound. Police said Mrs. Rose told them she gave a .22 calibre pistol to three-year-old David Palmer after finding the weapon on a window sill in the home of her employer—the boy's father, Jackson Palmer.

Bull Is Winner In Long Chase

CINCINNATI, Aug. 31. (AP)—Maybe pursuers have figured out by today what kind of "ball" to use to catch a runaway bull. The bull, a red shorthorn, escaped yesterday from a slaughterhouse killing room and took off down city streets. Police and representatives of the Society for Prevention of Cruelty to Animals took up the pursuit. Once they cornered the bull in a thicket but police said they could not shoot unless it was attacking someone. The bull was very peaceful. Finally an SPCA man peppered it with a shotgun blast and the bull headed for a park. The weary pursuers gave up when it started to rain. They figured the bull probably spent a quiet night somewhere in the park.

1940 Dime Offer Will Expire At End Of Month

After September 30 a dime will be worth only ten cents, according to the grocers in this section, because on that date Mrs. Tucker's offer of a pound of Meadolake Margarine for only a dime, if it's a 1940 dime, passes into history as an outstandingly successful food promotion. The offer which has had folks all over the nation searching for 1940 dimes since July 1, when the federal tax was removed from margarine, expires at midnight, Saturday, September 30, and Mrs. Tucker wants every housewife and consumer to be sure and get the full benefit of these valuable dimes before the end of the month. The offer was made to celebrate the removal of the federal tax and the 10th anniversary of the year Meadolake was first colored yellow.

The results of this amazing offer have been phenomenal and a great tribute to the pulling power of the 97 newspapers used in this campaign, according to Mrs. Tucker, whose Meadolake shipments have been far behind orders since the deal started. Stores all over the country where Meadolake is distributed have sold out offers before new supplies could be obtained. Mrs. Tucker apologizes to all wholesalers, retailers and consumers for not being able to make enough Meadolake, according to her high standards, to satisfy the skyrocketing demand.

Knife Offer Is Featured In New Y-B Campaign

The Fall advertising campaign for DeLuxe Y-B Cigars now appearing in the Big Spring Herald features an interesting merchandising offer. A valuable premium is available to smokers who purchase any of the eight types of DeLuxe Y-B Cigars.

Yocum Brothers, from their headquarters in Reading, Pennsylvania, will supply an attractive, simulated pearl-handled, men's pocket knife—3 1/2" long—engraved with customer's name in block letters or a reproduction of customer's signature. In return for 10 DeLuxe Y-B Cigar bands and 50 cents. If purchased privately, this knife would have a guaranteed retail value of \$1.50.

The company first offered this knife deal on a trial basis in test towns, and met with such success that they have broadened the offer to cover all localities selling DeLuxe Y-B Cigars. Four types of cigars are featured in this advertising: Y-B DeLuxe Esquires, Club House, Invincibles, and Coronas. In addition to featuring a full-size reproduction of one of these Y-B Cigars, each advertisement shows a human interest illustration of father and son—the old and the young—satisfied smoker of Y-B Cigars—at a favorite activity, including pitching horseshoes, on the golf course, fishing, at the race track, bowling, at the fights, playing pool, at the football game, hunting, at the Christmas tree. Each advertisement will carry the special knife offer.

Passenger Plane Makes Landing At High Speed

PHILADELPHIA, Aug. 31. (AP)—An American Airlines twin-engine plane with 23 aboard made a 115-mile-an-hour landing at the International Airport last night after the craft's hydraulic system failed. The pilot, Gordon Pierce, said he noted the hydraulic failure at New York, where fog prevented a landing after a trip from Indianapolis. Without proper hydraulic pressure he was unable to lower the wing flaps to reduce landing speed and the wheels had to be lowered manually. Pierce radioed the Philadelphia airfield and fire engines, police cars and a rescue squad were on hand for his arrival. Pierce brought the plane in smoothly, throwing the propellers into reverse to bring the airliner to a stop.

Former Hitler Soldier Joining U. S. Air Force

NEWARK, N. J., Aug. 31. (AP)—A youth who soldiered for Hitler in World War II has realized his "two wildest hopes"—to be an American citizen and to serve Uncle Sam's Air Force. Karlheinz Waldman, 23, was rushed from a German officer candidate school to the front lines on the Rhine when he was just 18 years old. But during seven weeks as a prisoner of war in the United States he became impressed with the American way of life.

Back in Germany, he wrote to an uncle, Joseph Mohler of Belleville, N. J., and asked to live with him. His final citizenship papers were granted July 7. And yesterday he was sworn into the Air Force "with the opportunity to become a pilot—my boyhood dream."

KILLED BY BOLT PHILADELPHIA, Aug. 31. (AP)—Thomas Graham, 16, was killed by lightning yesterday as he played baseball in a schoolyard. Graham was playing ball when a storm came up. There was a blinding flash and he fell to the ground.

BACKS ACHESON, TOO

Johnson Tells Critics To See Truman About His Resigning

By C. YATES McDANIEL Associated Press Staff WASHINGTON, Aug. 31.—Louis Johnson says that from now on anyone who wants him to resign as secretary of defense should take his complaints to President Truman. And that goes for critics of Secretary of State Acheson as well, Johnson told a congressman who had urged him to step out. Releasing his reply to the House member, Rep. Tauriello (D-N.Y.), Johnson broadened the audience for a defense of his stewardship to include "many American people" who have "been misled by misinformation" about the Defense Department.

At about the time he was giving newsmen copies of his letter yesterday, the Veterans of Foreign Wars encampment in Chicago called on Mr. Truman to replace both Johnson and Acheson. Johnson, a veteran of the first world war, is a former national commander of the American Legion. That the secretary should defend

his own regime was not unexpected. He has done so before. But he gave added emphasis to his statement by blanketing in Acheson as a target of what he declared are politically-inspired attacks. The State and Defense Departments have frequently been reported at odds on high policy issues. President Truman recently told a news conference that both Acheson and Johnson will remain in the cabinet as long as he is in office. In his letter to Tauriello, Johnson blamed the coming congressional elections for many of the attacks on him and Acheson. He said he realized such attacks were aimed at "the administration generally" and are "part and parcel of the democratic process."

Tauriello, in a letter dated Aug. 23, had demanded Johnson's immediate resignation because "you have lost your usefulness to the President and to the American people." Other congressmen have made similar complaints. Tauriello charged Johnson with bungling the national defense job, making "brash statements" and of "constantly selling the idea that we could become strong through pinch-penny methods."

Local Mothers Begin School Lunch Planning

With the summer's waning, the saturation point of mother's tolerance is usually reached, and her one wish is to re-submit Junior to the schoolteacher. For many parents, especially the mothers of small children, this poses a daily food problem.

Into school lunches must go nourishment, vitamins, energy, and enough variety to please Junior's palate. The site of the problem depends on the appetite.

Mrs. Marvin Sewell, 407 Washington Blvd., has several grade problems. Last year, eight year old Carolyn, only went to school for half a day, from 1:30 p. m. and needed no lunch. But she carried a mid-afternoon snack to eat just before play period. This usually consisted of a sandwich or fruit. Carolyn preferred cheese with lettuce and tomato or some sort of meat with lettuce and tomatoes. Favorite fruit was apples, grapes, bananas, or just carrot sticks.

Mrs. Jesse T. Thornton, 1904 Wood, got experience in lunch-packing last year when Patricia Ann, attended South Ward, which has no cafeteria. Her usual fare was sandwiches, cookies, and milk. Sandwiches, were made of meat with spread and pickles, or of plain mayonnaise. Mondays netted fried chicken from Sunday dinner usually. When colder weather came, Patricia Ann liked to substitute soup such as tomato consomme in her thermos.

Mrs. Thornton's fried fruit pies were well-received also. She used apples or peaches, since apricots are too tart for children. After boiling the dried fruit, she adds sugar, and simmers to a thickness. Regular pie crust the size of a salad plate is filled with several tablespoons of the fruit, then fried. Patricia Ann will be in the fifth grade at College Heights this year.

"The main thing is to have something and plenty of it," says Mrs. Harry King, 605 E. 13th St. whose eleven-year old daughter, Kay, comes home for lunch, but likes an after-school snack.

Mrs. King keeps an assortment which includes enough for daughter and friends "who all but clean out the kitchen" and still have an unimpaired appetite at dinner-time. She keeps milk, fruit, pimento cheese, and jam along with bottle drinks. And when the home-made cookies which rank tops with hungry school-children are eaten, she has packaged ones to fall back on.

Mrs. Monroe Gafford has two children to be fed. Gwen, who is thirteen will be a high school freshman this year, and Kenny, 8, will be in the third grade at College Heights. Gwen eats a hearty breakfast in the morning, but Kenny skips the meal. Both are hungry, however, when school's out in the afternoon. Mrs. Gafford keeps hot chocolate in the winter and a good peanut butter supply too.

The favorite of both are her chocolate drop cookies. Her recipe: Blend 1/2 cup butter or short-

Lunches Should Be Nutritious

Playtime's over, back to school. Back to regular hours and school activities. A change of pace for mother, too. There are clothes to keep in order, school bells to meet and in many cases, lunch to have on the table ready and waiting at a definite time.

Is your youngster one of the thousands who go home for lunch every day? If so how do the meals you feed him rate nutrition-wise? A good yardstick to judge your meals by is the plan of the Federal School Lunch Program. It is set up so that each child receives a complete, well-rounded lunch. Each lunch includes at least 1/2 pint of milk, 2 teaspoons butter or fortified margarine, two vegetables or 1 vegetable and 1 fruit, meat or fish or eggs or cheese or dry beans or peas or soybeans or peanut butter, 2 slices enriched or whole grain yeast-raised bread, or whole grain, or restored cereal. And a simple dessert if the child wants it.

Do the lunches you prepare come up to the high standard set by the School Lunch Program? Plenty of thought goes into planning school lunches. Pleasing combinations of color, texture and flavor are carefully worked out. Repetition of color is dull and unexciting. So simple, when you think about it, to serve whole wheat bread with potatoes and enriched white bread with colorful vegetables. Texture and consistency is something children don't overlook and you'll get aren't very fond of goosy white sauces - they thoroughly enjoy the soft firm texture of baked custards, and especially bread puddings with a custard sauce. Flavor combinations play tricky games, too. A meal of all mild-flavored foods or strong flavored foods lacks zest and appetite appeal. But a different response. A jumble of more than the flavors is a good idea, too. For instance, don't make a habit of serving the same food the same day every week, or else your grammar graders will lose interest. Vary the way you serve the same foods, too. A simple topping of bread crumbs on vegetables is as good as a new dish.

ening with 6 tablespoons of white sugar and 6 tablespoons of brown sugar, 1 egg beaten whole, 1/2 teaspoon of soda, 1 1/2 cups of biscuit flour, and 1/2 teaspoon of salt. Mix these into a paste with the necessary amount of hot water, and add 1/2 cup of nuts, cocoa, or chocolate chips and 1/2 teaspoon of vanilla. Drop on a greased sheet and bake for 10 to 12 minutes at 375F.

Raisins Are Wholesome Sweets For Snack-Time

RAISIN BREAD AND MILK—make a good after-school snack.

If there are children in your family use raisins with a lavish hand in dishes for everyday meals.

Serve them, too at snacktime to eat "out of hand" because they're such a wholesome sweet; high in natural fruit sugar they also supply iron, other minerals, and B vitamins.

The dishes improved by raisins are legion - cakes, cookies, puddings, and sauces in the dessert category. In the hot bread section they add flavor to muffins and coffee cakes. They're delicious in stuffings for chicken and duck, as old-fashioned recipes for poultry dressings testify.

Youngsters always enjoy raisins in sandwich fillings. Team them with peanut butter and add a little honey or cream or mayonnaise to moisten. Let them give flavor to bland cottage cheese or cream cheese fillings. Put raisins and walnuts through the food chopper and add a little mayonnaise for a most delicious spread—especially when it's put between slices of dark whole-wheat bread. Another suggestion is to add them to grated soft yellow cheese along with a little sweet pickle relish.

In the salad department they go well with slaws—cabbage or carrot—and a sour cream dressing. They're good in Waldorf Salad—that old-time combination of cel-

Fort Worth Pilot Blamed in Airliner Crash At Dallas

WASHINGTON, Aug. 31. (AP)—The Civil Aeronautics Board reports that the probable cause of an American Airlines crash that killed 28 at Dallas last Nov. 29 was the faulty execution of a landing approach with one engine out.

Lawrence Claude, 52, of Fort Worth, a pilot for American Airlines for 18 years, was pilot of the plane.

The report said that Claude "did not comply with the approved operating procedures for an engine-out approach with a DC-6 aircraft."

Cereal Candies Are Not Too Rich

When your small fry come romping in with friends after school there's not much use to tell them they shouldn't have snacks or they'll spoil their dinner. Their appetites are hearty and bounce back much faster than an adult's. You know, too, that it's as much the idea of having a bite to eat as any real hunger need that prompts their asking for food the minute they get in the house. So, plan to give them something that will be nourishing, not too rich, yet sweet enough to appease them.

These cereal candy squares will fill the bill. They're sweet and munchy and they'll stay crisp and fresh for days. Do them once, with the plain marshmallow syrup, vary them with some of the suggestions below for other batches.

Cereal Marshmallow Squares - 1/2 cup butter or margarine, 5 cups oven-popped rice cereal, 1/2 pound marshmallows. Cook butter and marshmallows

over hot water until syrupy. Beat thoroughly. Put cereal in greased large bowl and pour on marshmallow mixture, stirring briskly. Press into greased shallow pan. Cut into squares when cool.

Yield: 24 1/4-inch squares (9 x 13-inch pan).

Variations:
Spice Marshmallow Squares - Stir 1 teaspoon cinnamon or 1/4 teaspoon ginger into marshmallow mixture just before pouring over rice cereal.
Chocolate Bits Marshmallow Squares - Stir in 1 cup chocolate bits just before pressing the mixture into the pan.
Peanut Butter Marshmallow Squares - Stir 2 tablespoons peanut butter into marshmallow mixture just before pouring over rice cereal.

Peppermint Stick Marshmallow Squares - Add 1/2 cup crushed peppermint stick candy to rice cereal before pouring marshmallow mixture over it.

McCarthy Will Speak

HOUSTON, Aug. 31. (AP)—Sen. Joseph R. McCarthy (R-Wis.) is to speak at an American Legion program here Sept. 18.

Leaflets Hint United Nations Troops May Carry The War Into North Korea

By ELTON C. AY
AP Military Affairs Reporter
WASHINGTON, Aug. 31.—The question of whether the United States intends to carry the war into Communist North Korea developed a new and interesting facet today.

From an American agency, the psychological warfare branch of the Far East Command, came a broad hint to the citizens of North Korea that their Communist rulers will be ousted and the 38th Parallel dividing line erased.

The suggestion is conveyed in an air raid warning leaflet being dropped in North Korea. It advises civilians to move away from the cities which have been converted into military targets by "your Communist leaders."

And it tells them they should join others who have left the cities so that "you can help build a strong, free Korea after the Communists have been driven out."

Conceding that this is a psychological maneuver, it still is noteworthy that a United States agency has suggested to a Russian satellite that its Communist government will be ousted out. A "free" Korea would mean that the artificial boundary between north and south would be wiped out.

This would be strong medicine for Moscow to take.

The Russians created the North Korean satellite state, using as a pretext a situation which developed when the World War II allies ac-

cepted the surrender of the Japanese armies. As explained by Secretary of State Acheson, the 38th Parallel was "intended to be purely a military line for the purposes of accepting surrender" of the Japanese by American forces south of the parallel and by Russian forces north of it. But, Acheson recently told a congressional committee, the line "solidified."

Whether it is the intention of the United States to do more than rid South Korea of the invading Red armies or to keep an eventual counteroffensive rolling on across the 38th Parallel and up through North Korea is not clear. Presumably any such decision would require United Nations concurrence.

The latest word from President Truman was that he hadn't made a decision. That information was relayed from Rep. Davies (D-N.Y.) after talking to the President on Aug. 23.

A month earlier, Secretary of Defense Johnson, testifying before a House Committee on Military Requirements, had mentioned "going forward, in accordance with the planning of the joint chiefs of staff and Gen. MacArthur, to the 38th Parallel."

Johnson's comment was interpreted at that time to mean the plans then were to push the ground war only up to the edge of Communist North Korea, stopping there.

SOIL CONSERVATION

Chinese Red Peas On Appleton Farm

F. C. Appleton has 20 acres of Chinese Red peas up to a good stand on his farm in the Vincent soil conservation group. Appleton inoculated the peas, which he planted for a summer cover and soil improving crop, to insure better growth and addition of nitrogen to the soil. He said the Chinese Reds were the best peas he had seen and have made a good thick cover of knee-high growth. Appleton plans to plant 10 acres of Madrid clover this fall. The cover and soil building crops are a part of the coordinated soil and water conservation plan Appleton worked out on his place in cooperation with the Martin-Howard Soil Conservation District.

"Back in June and July it didn't look like my blue panic grass was going to do any good," stated C. H. Hyden, referring to the 16-acre plot of blue panic grass planted for a cover and spring and summer-grazing crop on his farm 3 miles north of Luther. "But now the panic is four to five feet high. I cut some for my livestock and they really went after it," Hyden plans to harvest the seed.

Last spring J. A. Burris chiseled 200 acres of his cropland 12 inches deep on his farm at Vincent to break up the hard pan and open

the soil so it would take more water. Burris said you could tell to the row where he chiseled. The cotton in the chiseled land is 6 to 8 inches higher and producing more bolls than the cotton on land that was not chiseled. After chiseled he didn't lose any water from runoff, he stated. The water stayed where it fell and went into the ground.

Forty-five acres of summer peas are looking good on the Wilson Bros. Ranch in the County Line soil conservation group. Mr. Wilson planted the peas in the blank rows of his feed which he had planted two rows in and two out. He said a fellow would produce more over a ten-year period by planting 2 rows and skipping two, planting peas in the blank rows after the cotton or feed is up to a good stand. By doing this, he stated, a farmer could cover his farm with a soil building crop in three or four years. Wilson is also going to plant 10 acres of Dixie Wonder peas this fall to continue his cover crop and soil improvement program.

L. N. Davis, a cooper with the district on his farm southeast of Coahoma, plans to plant 12 acres of rye for a winter cover crop. The rye will be planted in rows on stubble land.

Davis has deferred two trap pastures this summer. He says that his grass is good and is making a good seed crop this year as a result of the rest from grazing.

M. L. Hamlin, a cooper with the Martin-Howard Soil Conservation District on his place in the Vealmoor Ranch soil conservation group, is plowing wheat stubble with a oneway plow. This type of land preparation leaves the stubble on or near the surface where it is most effective to keep the soil from blowing and to add organic matter to the top soil.

The Russell Brothers on the E. H. Hatch place are plowing rye stubble with a one-way plow. This leaves the stubble on or near the surface as a measure to prevent wind and water erosion. The deep sandy soil on the farm, which is located in the Fairview soil conservation group, will be sowed to Abruzzi rye again in September as a winter cover crop. The mulch of rye stubble will help prevent blowing until the rye cover crop can get started.

Colorado City Youth Back In States After Injuries In Korea

COLORADO CITY, Aug. 31.—Mr and Mrs. Fred McDowell of Colorado City received a telegram from the adjutant general Friday of the Army stating that their son, Pfc. Len McDowell had been slightly wounded Aug. 3 in the fighting in Korea.

The McDowells had received two letters from their son since his injury, the latest from an Army Hospital in El Paso, notifying them of his arrival there and complimenting the "good show."

The first letter, dated August 18th, was from a hospital in Japan. In it he told them of his injury, which was, according to him, a "compound fracture of the 2nd, 3rd and 4th fingers of the right hand." He was wearing a large horseshoe ring, which had been worn by his brother Jack, a Marine killed in an automobile accident in 1947. The ring deflected the bullet which otherwise would have smashed his hand.

"They call me 'lucky,'" he says. "During the same action the stock of his carbine and his helmet were holed by bullets. 'But,'" he says, "I had 60 or more of them piled in front of my machine gun—and what makes me sore—" he continues, "I lost the ring!"

Beaumont Rice Mills Obtain New Stock

BEAUMONT, Aug. 31. (AP)—Comet Rice Mills of Beaumont has acquired all capital stock of the Mouton Rice Milling Co. of Harrisburg, Ark.

Harvey W. Steinhagen, Comet president, said yesterday the company would be enlarged and operated as a subsidiary.

Man Luckily Escapes From Plane Crash

SAN DIMAS, Calif., Aug. 31 (AP)—The old man with the scythe was looking the other way today when Paul Spencer, 45, flew his light plane into a power line near here.

The plane was wrecked and the transmission line severed, but Spencer, suffered only a gash on the forehead. The crashup in an isolated foothill area was seen by a motorist, who notified authorities.

TRY TO MAKE IT LOOK NICE

NEW YORK, Aug. 31. (AP)—The Mutual Life Insurance Co. has a red face — all because its new electric weather star turned green instead of a flashing orange.

The company lit its star for the first time last night, 40 stories above Broadway and 55th Street.

The indicator was built to reflect weather bureau forecasts: Green for sunny weather, orange for clouds, flashing orange for rain, and flashing white for snow.

It was raining last night and the star was all wet—it beamed a beautiful green.

Australians Arrive In Japanese Sector

TOKYO, Aug. 31. (AP)—Australian infantrymen on their way to join United Nations forces in Korea, flew into Japan today.

They are the first contingent of the Australian expeditionary force. Their number was not reported.

A spokesman for the British Commonwealth occupation forces declined to comment on when they would go to the battlefield.

YMCA Open House Slated For Today

Open house will be observed today by the YMCA, affording the public a special opportunity to see the institution's new plant and to glimpse its program.

While the public is welcome at all times at the YMCA, people in Big Spring and area are being urged especially to look in on the operations at 5th and Scurry from 7 p.m. to 9:30 p.m. today.

The Y is now hitting its stride in program after moving into the quarters formerly occupied by the First Christian church. The property was acquired at a cost of \$35,000 from the First Christian church by popular subscription. Of this amount, \$24,000 has been paid and the remaining \$11,000 is covered by pledge.

There is to be no formal program, but a number of boys and girls will give demonstrations in the gymnasium during the 2½-hour period.

Three girl groups will stage athletic demonstrations in the gym from 7:30 to 8 p.m. At that time boys will take over to stage some special activities, including basketball, for the next hour. Then at 9 p.m. the girls will return to repeat the acts they have prepared.

While this is going on two displays will be in progress. In one room, movies will be projected constantly during the open house party for the youngsters. In another, model airplane display will be presented by the Y's Airplane club composed of young boys.

Dr. G. H. Wood, president, noted that the building may not seem in perfect repair to some visitors. This is due to a policy of making repairs and renovations on a pay-as-you-go basis, he said. These improvements will be made as rapidly as funds will permit.

MacArthur, Staff To Get New Plane

BURBANK, Calif., Aug. 31. (AP)—A four-engine plane named "Scap" heads for Tokyo tonight for use of Gen. MacArthur and his staff.

The name of the Lockheed Constellation, specially equipped with radar, comes from the general's title — supreme commander, allied powers.

The general's chief pilot, Lt. Col. Anthony E. Story, and a crew of seven are scheduled to leave Hamilton Field, San Francisco, tonight for Tokyo.

FURR'S FOR A COMPLETE STOCK OF SCHOOL SUPPLIES

Prize Aggregate For Junior Rodeo Sept. 7-9 Hits \$1,500

Prizes, either cash or merchandise, totalling \$1,500 will go to winners of the eight events in the Junior Boys' and Girls' World Championship rodeo to be held here Sept. 7-9.

Both day and average money will be awarded winners. Three performances of the rodeo will be un-

reeled in the new rodeo bowl starting at 8 p.m. daily.

Two divisions of calf roping are scheduled, one for junior cowboys under 15 years of age and the other for those under 20. All other events will be open to cowboys and cowgirls 20 and less.

These include bull riding, both boys and girls ribbon races, clover leaf race for girls, hat race for girls, bareback bronc riding, and wild cow milking. Entries in the events will be taken through next Tuesday, Sept. 5.

The Junior rodeo is being sponsored by the local Jaycees, and all proceeds are to go to the furtherance of 4-H club work in the county.

A Howard county 4-H club rodeo association has been set up with Perry Walker as president. Other officers are Wayne White, vice president; Rosemary Rice, secretary; Lowie Rice, treasurer; Mart Fryar, director; Tommy Montgomery director; and Bennett Moore director.

Lions Hear Discussion Of Proposed Telephone Rates

Case of the Southwestern Bell Telephone company in asking for a rate increase in connection with a projected dial installation was explained to the Lions club Wednesday.

John B. Moore, manager in Big Spring for the telephone company, told the club that he felt that the company could fulfill its commitment of a dial system within two years of the effective date of a rate adjustment.

John Barnes, 20-year-old West Texas Negro student at Howard University, favored with two piano selection. Then, with Mrs. George O'Brien accompanying, he sang, "Without a Song."

Elbert Boulliquin announced that the Mexican Tigers would play a benefit baseball game at Steer park the afternoon of Sept. 10. One hundred per cent of the proceeds will go to the Boy Scout (troop No. 7) sponsored by the club, he said.

Moore responded to a number of questions raised after his preliminary remarks arising out of the telephone request.

Would it not be better if the company asked a moderate increase now and a higher one when the dial system was activated? Moore thought that the difference in operational cost would be such that higher rates would have to be asked now with prospect of downward adjustment then. The proposed rate represents a levelling off over a long period, he said.

What about the war situation? At the outset of World War II, the company made good on its outstanding commitments. It is in better shape today. In all likelihood it would make good on its pledge, said Moore.

Would the institution of dial system reduce the local payroll? Operators for information, intercepting long distance are necessary with dial system. Moreover, lower maintenance and prospect of sharp increase in the number of phones would probably mean little or no reduction in total workers.

Will proceeds of the proposed raise go to financing improvements? No, said Moore. They go

to meet operational losses, which he said amounted to \$54,000 here last year, and expenses. Only proceeds from capital investments (stock sales) are used for capital outlay. Policy is to pay reasonable dividends to stockholders and not to accumulate excess profits which might be subject to confiscatory taxes. Hence, he said, rates would be low as possible commensurate with safe return on investment.

How do rates compare with other cities in the area? Moore recited some, hedged on others. It is, he said, a difficult question to answer for 26 rates cases are being negotiated in Texas.

Gilbert Gibbs, president, said that club members had voted 2-1 to utilize their own talent in direction of the minstrel next year. Program for the day was in charge of G. J. Jones.

Lamesa Slashes Clovis Troupe By 17-4 Count

LAMESA, Aug. 31—Lamesa's free wheeling Lobos notched their fifth victory in a row last night as they routed the Clovis Pioneers, 17-4, behind the six-hit pitching of diminutive Israel Ten and the booming bats of his teammates who scratched three Pampa hurlers for 14 safeties.

The rout last night ran the Lobos' scoring total for three games to 61 tallies. It was the eighth victory for Ten, who also contributed a three-bagger and a homerun to Lamesa's hitting attack. His four-master came with one on in the seventh.

Pat Randall, starter for the Pioneers, was credited with the loss, his seventh of the season. In five innings, he was scratched for 11 hits and 10 runs. Ed Garrett was in to give up three safeties and seven runs before giving way to Ernie Aiken in the eighth. The latter pitched scoreless ball.

The Lamesans clouted five success runs, the second night in succession in which they performed such a feat. Hammering the ball for circuit trips were Eddie Beeler, two, Glen Selbo, Bob Dempsey, and Israel Ten.

It will be "Seminole Night" at Lobo Park tonight. The Gaines Sheriff's posse and a large delegation of Seminole fans are due to be on hand for the contest with Clovis. Bill Rosin is likely to start pitching for the visitors. Lefty Vern Kohout will probably be the Lobo starter.

EARTH SHAKERS AT WORK AROUND SECOND—Th sequence camera shows a collision between Cleveland shortstop Ray Boone (18) and New York Yankee third baseman Billy Johnson during a double-header at Yankee Stadium, New York. Play started when double-header a Yankee Stadium, New York. Play started when and tossed to Boone. Umpire is Bill Simmers. (AP Wirephoto)

LOOKING 'EM OVER

With Tommy Hart

The names of Bill (Red) Roden, Eddie Morgan, Doug Jones and Charley Qualis stand out in the history of the Big Spring invitational golf tournament because they've been the only players to capture more than one of the titles.

Roden has won no less than three times. He wrapped up his first title back in 1942, won again in 1947 and repeated in 1948.

Morgan, who now resides in California, copped the crown in 1935 and again in '36. Jones earned the blue ribbon in 1938 and again in '43. Qualis won the first tournament back in 1931 and repeated the following season.

Roden might or might not return here for this year's meet, which begins tomorrow at the Big Spring country club. No one around the club seemed to know earlier in the week. The other three will definitely not into the swim.

The out-and-out favorite, no matter how you look at it, is Billy Maxwell of Our Town and Odessa, who seems to be enjoying the best season in his brilliant career. Billy has never succeeded in winning here but that doesn't mean the local layout is a jinx course for him. He simply ran into some fellows with hot putters in the previous meets.

Here's a list of the previous champions of the meet: 1931—Charley Qualis, Post; 1932—Qualis; 1933—Shirley Robbins, Big Spring; 1934—J. J. Neal, Hobbs, N. M.; 1935—Eddie Morgan, Big Spring; 1936—Morgan; 1937—Dick Snider, Dublin; 1938—Doug Jones, Big Spring; 1939—Elton Dozier, Midland; 1940—Bobby Davidson, Sweetwater; 1941—E. C. Nix, Seminole; 1942—Bill Roden, Big Spring; 1943—Lt. Al Escalante, Big Spring Army Air Field; 1944—No tournament; 1945—Doug Jones, Abilene; 1946—Raymond Marshall, Lubbock; 1947—Bill Roden, Big Spring; 1948—Roden; 1949—Jack Williams, Plainview.

Those close to the baseball situation down at Sherman-Denison aren't counting too much on the remarks by Papa Joe Cambria that the Washington Senators will take over that Big State league club and rump it.

According to John Cliff, the Denison sports writer, Cambria offered \$140,000 for the Beaumont franchise earlier this year, with the idea in mind of moving it to Havana.

Cambria added he wants a good hush league affiliation (i. e., Sherman-Denison) if Havana gets into the Texas league.

MASHBURN RETIRES AS MIDLAND COACH

Midland high school gets a new high school basketball coach next season.

Jack Mashburn, the Midland mentor the past few seasons, will assume a job as dean of students in the Midland schools next month and won't have time for basketball.

HURRICANES WILL BE DOUBLE-TOUGH ON GRID

Look for Tulsa university to have an easier time with McMurry in its opening football game this season than it did in 1949.

Ballinger Surprises Vernon Nine Behind Clarence Tinkler, 6 to 4

By The Associated Press Big Spring jumped into third place in the Longhorn League last night on a 12-6 win over Sweetwater. Vernon dropped back to fourth when it lost to Ballinger, 6-4, ters.

Swatters End Tenure Tonite

The Big Spring Broncos complete a two-game series with the Sweetwater Swatters in a contest scheduled to start at 8 p. m. at Bronc Park.

Cayuses Pilfer Eight Hassocks In 12 to 6 Win

The Big Spring Broncos returned to third place in Longhorn league standings and clung tenaciously to their five-game bulge over the fifth place San Angelo Colts by defeating the Sweetwater Swatters, 12-6, here Wednesday night.

Pat Stacey's brigade crowded seven big runs across the platter in the third frame, bombing Lee Zamora to cover in the process, but had some uneasy moments until it went out and picked up three more tallies in the sixth.

The Swatters were always threatening, it seemed. They picked up one in the second to match a Big Spring tally made in the first. They added another in the fourth and three of the guests pounded across the dish in the sixth when Bob Rose caught the Bronc outfield napping and doubled against the left field wall.

Earl Finley, the Sweetwater backstop, was invited to leave the game by Umpire Bruce Averill in the sixth after he had thrown his bat in anger for swinging futilely at a third strike wheeled in by Lefty Iglesias.

That development hardly cost the Swatters. The Cayuses proceeded to steal every thing but the shoes off Finley's successor, Tom Guinn. They wound up with eight pilfered hassocks.

Manny Junco paced the 11-hit Big Spring offense with a double and two singles while Bill Hassey of Sweetwater collected "three for three."

SHAVINGS—The eight base thefts set a new team record for the Broncos. Only Ballinger has fewer stolen sacks for the season than the Big Spring club.

Lefty Iglesias, Big Spring's starting and winning hurler, pitched well until he began to lose his control in the middle innings. Lee Zamora, who was seeking his 11th win for Sweetwater, accented his 14th reversal, instead, Bobby Rose went after Bert Baez's swinging bat in the first inning and fell across third base. Junco's first hit, coming in the initial frame dropped into right field after Manny had swung late on the ball. Danny Concepcion caught Fred Haller out of position in the third and singled through the opening. Finley had a rough night. He was struck on the arm by a foul ball of Junco's bat in the fourth and grimaced in pain.

The spectators got a laugh in the sixth when Earl Eller, the first base umpire, staged a foot race with First Sacker Warren Slier out along the light pole in right field and took a tumble. Eller was there to measure a pop foul which fell out of Slier's reach.

The Broncos now have but 13 games to play.

Big Test

If Louis Has 'It', Ezzard May Get 'It'

By MURRAY ROSE NEW YORK, Aug. 31—If Joe Louis still has the old "it" look for the Brown Bomber to do another cleanup job on the heavyweights.

This time there won't be any pieces around for anybody to pick up. It's a big "if" though.

"If I win and fight again," said Joe as he arrived to set up training quarters at Pompton Lakes, N. J. "I want to do it quick. In December, or January at the latest."

The "unretired" heavyweight champion's first and biggest test comes against Ezzard Charles, the NBA heavyweight boss, in Yankee Stadium Sept. 27.

If, and here we go again, Joe can get by Charles, then he can get past anybody in the heavyweight league today.

That would bring him up against Lee Savold, the Englewood, N. J., veteran who is recognized in Britain and Europe as the king of them all, the Rocky Marciano, the Roland La Starza, the Cesar Brions, and you name 'em.

Joe is in hook for around \$200,000 to Uncle Sam for income tax. A single fight with Charles wouldn't take him out of the financial woods.

So it would be logical for Louis to start another one of those "bum of the month" campaigns that kept him active and prosperous in '40 and '41. That would be fine for Joe. But the heavyweight situation would be in a worse mess than ever.

It was Louis' own optimistic words that started the boys speculating about another cleanup job.

LITTLE SPORT

Redskins, Sam Baugh Defeat Lions, 28-24

By HAROLD V. RATLIFF DALLAS, Aug. 31—It was homecoming for a flock of football players last night in the Cotton Bowl and those Texans didn't fall to put on a show.

Lone Star stagers sparked brightest in a wide-open offensive struggle which the Washington Redskins won over the Detroit Lions, 28-24, as a crowd of 50,000 looked on.

Bobby Layne, the great passer of the University of Texas who had his greatest day in football in the Cotton Bowl in 1946 against Missouri, was up to his old tricks last night. He completed 14 passes out of 15 for 208 yards and three of his throws brought touchdowns as he kept Detroit in the lead most of the time.

Blond Bobby had to leave the game with an injured knee early in the third quarter or there's no telling what he would have accomplished. He surprised the home folks with some neat ball carrying, too. He looked much faster than when he played for Texas.

Doak Walker, Southern Methodist's famed All-America, also had a big night, taking six passes for 123 yards and dazzling the Redskins with his sleek running.

And Cloyce Box of West Texas State caught two of Layne's touch-down throws.

But it was that greatest passer of football history—that indistinguishable Slingin' Sammy Baugh—who came through when the chips were down and when Washington sorely needed help.

Young Harry Gilmer of Alabama had done a good job, completing six passes out of ten for 168 yards and two touchdowns. But it was Baugh who pulled the Redskins together for a great 80-yard drive with four minutes to go. Passes from Baugh worked the ball down to the one-yard line where, on fourth down with one foot to go, Bob Goode, of Texas A&M rammed over for the winning touchdown.

Sam completed eight passes for 103 yards while he was making periodic visits to the lineup. Baugh is getting a little old, you know; he's been playing pro football now for 13 years. The old boy doesn't want to put out too heavily unless it's absolutely needed—especially in this exhibition football. Wait'll the games start counting something.

Pete Stout, the old Texas Christian fullback, was another bright star for Washington. He took three passes for 72 yards and was great smacking the line when a few yards were needed.

The game's leading ball-carrier was Bill Dudley of Virginia, who played football in Texas with Randolph Field during the war. He got 57 yards totting the pigskin. He also caught two passes for 46 yards.

Walker kicked a 15-yard field goal and three points after touchdown for Detroit. He also gave the crowd a thrill with some quick thinking in the clinches. Back to run and trapped near his goal line, the Doaker stopped suddenly and kicked the ball far down the field. It carried to the Washington 34.

There was one tight ending during the game with Paul Lipscomb, Washington tackle, and Howard Brown, Detroit guard, taking socks at each other and rolling around on the ground in full view of the crowd. Officials and players separated them and both were thumbed out of the game.

Shortly afterward a fight broke out in the crowd. It didn't amount to much, however.

The game was put on by Dallas Salesmanship Club and was for the benefit of its boys' camp.

Stengel's Hunches Pay Off As Yanks Win Two

By JOE REICHLER AP Sports Writer

If Casey Stengel fell into a city sewer he would probably come up owning an oil well.

The pucky pilot of the New York Yankees, who incidentally owns several oil wells, is one of the canniest managers in the business. He also is a great guy for hunches.

Hunches that clicked helped the Yankees sweep a doubleheader from Cleveland yesterday and boost them to the top in the seething American League race.

The Yankees needed some clutch hitting by Johnny Mize, Phil Rizard and Tommy Henrich. The fine pitching of Tom Ferrick and Ed Lopat also played a large part in their one-game lead over the Detroit Tigers.

Until an hour before play began, Stengel wasn't sure whether he was going to play Mize at first base. Then Stengel recalled that Mize had hit a couple of homers off Bob Feller, who was due to pitch for Cleveland in the opener.

All the former Giant slugger did was slam a pair of homers, one in each game. He also collected two singles and drew the walk in the eighth inning that eventually turned out to be the winning run.

Hunch No. 2 came in the eighth inning of the first game. Eddie Ford, the little lefthander, was shaken up in a collision with Cleveland's Luke Easter.

Stengel thought Ford was favoring his right side. He promptly replaced Ford with Tom Ferrick. The veteran reliever proceeded to stop the Indians cold the rest of the way as the Yankees broke a 3-3 tie in their half of the eighth.

Hunch No. 3 came in the same bottom half of the eighth. Mize had walked. Stengel sent in Joe Collins as a pinch runner. After Hank Bauer flied out, Collins stole second. That necessitated an intentional pass to set up a possible double play. Casey sent in Henrich as a pinch hitter, and he singled to score Collins with the winning run. The Yanks one game margin was accomplished when Washington's Senators held the slumping Tigers to a split in their doubleheader. The Senators won the opener in 11 innings, 3-2, when Sam Dentle singled off Fred Hutchinson to score Sam Mele. The Tigers had to tally three runs in the ninth to come from behind and win the second game, 10-8. Successive hits by Johnny Groh, Johnny Lipon, Gerry Priddy and Don Kolloway produced the runs.

New Titlist Assured In Golf Tournament

Williams Will Not Be Here

A new champion will be crowned in the 19th annual Big Spring invitational golf tournament, which gets underway at the Big Spring country club Friday and continues through Labor Day.

That fact was assured yesterday when it was learned Jack Williams of Plainview, who copped the crown by defeating Marion Pfeuger in the 1949 finals, would not be able to compete here. Williams was a runner-up in 1948.

Pfeuger, a University of Texas ex who now plays out of Midland, will probably assume the role of co-favorites along with Big Spring's Billy Maxwell, now that Williams has stepped out of the picture.

Maxwell has never won here but he is currently playing the best golf of his career and there is no reason why he shouldn't burn up the local course.

A total of 91 entries are now in the entry and more are registering every hour. Last year's record of 192 entries may be bettered.

Only those who qualify Friday will be eligible for the medalist's prize. Maxwell will be a favorite to grab that premium.

The Hall and Bennett trophy matches will be played Friday, starting at 1 p. m. Bill White of Lamesa, captain of the visiting team, will try to take the big mug away from Big Spring.

Van Ligon of Midland led a visiting team in 1949 that captured the trophy by a count of 4 and 3.

"Jake Morgan, the local captain, has lined up a formidable team but it may be outgunned by the class visitors.

Making up White's team are Frank Freer, Lamesa; E. C. Nix, Hobbs, N. M.; Raymond Marshall, Lubbock; Bill Breedon, Odessa, Billy Maxwell, who is registering out of Odessa, Red Covington, San Angelo; James Pritchett, Colorado City; and Bob French, Odessa.

Morgan's team will be composed of Oble Bristow, Sam Hefer, Bobby Maxwell, Bill (Red) Roden, J. R. Farmer, Earl Reynolds and Bill Crook.

The championship flight will consist of 32 players. Match play will get underway Saturday. Championship finals will be over 36 holes, finals in all other flights over 18.

A barbecue for entries and wives will be staged at the country club starting at 7:30 p. m. Friday. The calcutta pool will begin 90 minutes later.

A long driving contest will be held at 6 p. m. Friday. Other entertainment includes a dance Saturday night, with Jack Free and his orchestra providing the music, and a putting contest at 2 p. m. Saturday.

Among those who have completed qualifying rounds and their scores are (Players from Big Spring unless otherwise designated):

Rip Smith 88, Bill Phillips 86, Ray Phillips 83, J. D. Allison, Lamesa, 84; Virgil A'ason, Lamesa, 93; Grady Duling 96, Carl Smith, 85; A. P. Spence, Lubbock, 93; John Autva, Colorado City, 84; Tommy Hutto 73, C. L. Schmidt, Lamesa, 79; Gene Reynolds, 87; J. P. Withers, Midland, 85; J. R. Crosswell, Midland, 80; M. F. Underwood, Cisco, 85; Don Hoover, 89; Poe Woodward, 83; Paul Sharver, 91; Owen Walker, 96; and Marvin Miller, 88.

STOP THAT SHIMMY AT S & S

Beaumont blasted Tulsa for 20 hits, including two singles, a double and a triple by Gil McDougal. The Roughnecks salted the game away with an eight-run fourth inning.

Jerry Witte doubled home three runs in the third inning to start Houston off to its easy win.

Two walks and a pair of singles helped Shreveport to its game-winning runs in the tenth.

BUSINESS OUTLOOK

Rail Worker, Once Tops In Pay, Strikes At Caste Loss

BY J. A. LIVINGSTON
You have to search far, far below the economic surface to understand the performance of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors. They're on the job today as usual. But they're not working for Messrs. Ernest E. Norris, president of the Southern Railway, Gustav Metzman, president of the New York

Central, Roy B. White, president of the Baltimore & Ohio, and so on. No sir, they report to Col. Norris, Metzman, White, and so on. They're in the army now.

Why you wonder, do sensible men who for years have been the most stable, most mature group among organized American workers, go in for such hypocrisy—in its literal meaning. Not this once, but four times in the last seven years!

The reason, it seems to me, is that the railroad industry has not kept pace with automobile, oil, television, chemical industries, with the nation. That fact is made clear by a tabulation of the Bureau of Transport Economics and Statistics of the Interstate Commerce Commission. The railroad's share of the national income has declined steadily in the last 30 years, as follows:

Year	Share of Income
1920	6.57 pct.
1929	5.30
1939	3.87

1944	3.03
1949	2.59

Those statistics explain why railroad workers, as a class, no longer are the patricians of the American labor movement. The railroads cannot afford to match wage rises with faster growing industries. Result: Today the railroad worker ranks seventh in weekly pay—behind the workers in oil, construction, printing, automobile, bituminous coal, and metal-mining industries. Yet, in 1939 only three classes of workers outranked him, autos, oil and printing. And in the early twenties, my guess would be that the average railroader was tops in pay, although the statistics back that far are not sufficiently complete to warrant a sweeping conclusion.

Railroad securities have likewise suffered. But the investor and speculator can sell out. That accounts for the 69 per cent decline in railroad common stocks since 1929 in contrast with the drop of

only 6 per cent in industrial shares. But a job, a calling, is not like a stock certificate—to be disposed of by telephoning your broker. The switchman, or brakeman, or conductor is trapped in his job, even as you and I.

A psychiatrist might suggest that the railroad worker, frustrated by economic forces beyond his control, is hitting out blindly. Union leaders demand higher wages, but railroad executives balk. Then Presidential Emergency Boards, studying the financial plight of the railroads, refuse to go along with full union demands.

Then the worker, seeing how other groups have gained, is resentful. He feels, perhaps, that his leaders are ineffectual. Try to tell a yardman that he ought to get only 45 hours pay for 40 hours when another Presidential Emergency Board wanted the nonoperating unions 48 hours pay for a 40-hour week, when 40 hours and even less constitute the usual work week throughout the country.

Therefore, W. P. Kennedy, head of the Trainmen, and R. O. Hughes, head of the Conductors, themselves frustrated, call a strike. They know that the government will take the railroads over that their men, like artificial soldiers, will work.

Yet, there may be method in this Gilbert & Sullivan madness. Perhaps through constant seizure the unions hope to turn fiction into fact and have the government take the railroads over permanently. Thereby railroad workers might remain economic caste. If revenues from freight and passenger trafficments, perhaps the government will don't warrant upward pay adjustment—the difference out of tax receipts. Hasn't that happened in New York and Boston, once city governments took over the subway and elevated railroads?

Perhaps, therefore, it isn't enough to say that recent labor-management ructions have caused the break down of the Railway Labor Act. It's more to the point to say that the decline in railroad economics caused the ructions.

Final Rites Held For Mrs. Davenport At Colorado City

COLORADO CITY, Aug. 31.—Funeral service were held at 10 a. m. today in the Ira Baptist Church for Mrs. T. C. Davenport, 68, who died here Tuesday afternoon.

Mrs. Davenport had lived in the Ira area for the past 27 years. Born in Erath county on Jan. 9, 1882, she was married to T. C. Davenport, Ira, in 1900.

Rev. C. J. Smith, pastor of the First Baptist Church, Dunn, is to officiate at funeral services. Interment is to be in the Ira cemetery.

In addition to her husband, she is survived by three children, Silas Davenport and Mrs. Clella Flournoy, Snyder, and Mrs. Ophelia Roddy, Ira; three brothers, Bob Wright, Rotan, W. A. Wright, Lamesa, and Troy Wright, Brownfield; five sisters, Mrs. Bill Long, Fort Worth, Mrs. H. P. Rogers, Snyder, Mrs. Mabel Parks, Sweetwater, Mrs. Mary Love, Lamesa, and Mrs. Bill Noles, Rotan.

Pair Plead Guilty, Fined \$100 Each

Alvino Ortega and Manuel Renteria, charged with creating a disturbance and displaying a deadly weapon, entered a plea of guilty in justice court yesterday and each was fined \$100 and cost by Justice of Peace W. O. Leonard.

The two were taken into custody by members of the sheriff's force on Monday in the northwest part of the city.

Louisville, Ky., was named for Louis XVI of France.
