Letter to Community

"Clearing Up Mistake Published"

Dear Editor:

On Tuesday, July 4, 1989 in your paper (Lubbock Avianche-Journal), appeared a picture of Rev. A. L. Sims and Billie Russell of the Lubbock Emancipation (Juneteenth) Committee, Inc., along with Delores King of Southwestern Bell Telephone Company, presenting a check to Sims and Russell for a "scholarship" that was won by Candida Johnson of Dunbar-Struggs High School. This information and/or statement is "NOT TRUE". Southwestern Bell did present the Juneteenth Committee with a check in the amount of \$1,145.00 which was to defray expenses or underwrite expenses for the "1989 Scholarship Banquet" that was held on Saturday night, June 17, 1989 at the Civic Center.

The thousand dollar scholarship that Candida Johnson received was from Coors Distributing Company, who has annually presented the scholarship to the winner chosen by a committee from contestants of all high schools in Lubbock.

We are most appreciative to Southwestern Bell, along

Police Appeal For Scott Murder Information

by Dorothy Hereford

Mrs. Luella Scott

While it may be hard for local residents to believe, it has been nearly six years since the brutal murder of Luella Scott, the fact that no one has been prosecuted in the grisly slaying is even harder to face.

However, contrary to popular beliefs, the notorious case has not been shelved as an "unsolved murder" by the Lubbock Police Department. As a matter of fact, investigators have launched a new appeal to the local community to help them bring the woman's killer to justice.

"What we really need is as much input from the community as we can get," said homicide detective, George White.

White, and other investigators, who have since retired, have been dogged with vague reports and disclosures about the murder, but have been unable to get anyone to step forward with concrete

information.

"Someone out there knows who did this ... We need someone to come forward and testify," she said.

Scott was killed August 7, 1983 at her home in the 1800 block of East 26th Street.

Her body was found about 10:00 p. m. in a bedroom at her home by relatives, but police say she was apparently assaulted in the backyard and then dragged inside.

George Scott, Jr., married to the slain woman for 29 years, but divorced from her at the time of death, says it is frustrating to know the killer has not been nabbed.

"It is frustrating. The police have not kept me abreast with what's happening in the case and I understand there have been people questioned, and I've been one of them. I just have no idea who could have done such a thing," he said.

Retired police officer

William H. Britt, one of the many lawmen who initially tried to uncover information about the death, and one who, through his own admission, has had to lean heavily on certain well-known residents in his lone investigation, said in another report that his one regret about leaving the police department earlier this year is that the Scott case has not been cleared.

He, too, says that someone has to come forward with information. His appeal goes beyond local residents who may know incriminating information, directly to the murderer.

"I think the person who committed this crime will be so whipped by his own conscience, that he will turn himself in," he said.

However, White is not so optimistic. He wants anyone leaving any kind of information, no matter how

The New Hope Baptist Church, the Church where the people really care, is located at 2002 Birch Avenue. Why not come out and be with us on Sunday morning.

Order of service last Sunday morning was Sunday School at 9:30 a. m. with Supt. Earnest Swain at his post of duty.

During the morning worship hour, Deacons were in charge of the devotional period, led by Deacon Cork and Swain.

The Senior Choir sang a beautiful selection while Sister Linda Polk read the announcements for the morning. A congregational hymn, "I Need Thee Every Hour" was sung. Altar call prayer was offered by Rev. Mims and the hymn of preparation was sung.

Rev. Larry Brooks spoke from Col. 1:9-12. His subject was "Qualified For Heaven." If you are not ready, Rev.

Brooks made it plain last Sunday morning as he talked about what it takes to get to Heaven.

You know, Rev. Brooks brings such good messages. If you haven't heard him, why not give New Hope a visit this Sunday.

Don't forget the Usher's Musical on Sunday, July 16, 1989 at 3 p. m. They are asking for support from the entire Church. Brother Cork is president.

Grace Ann and children from Chicago, Illinois enjoyed being here visiting her parents, The Davises. Of course, Mary Ann came from Dallas to the Dunbar All-Class Reunion. She once attended Dunbar High School.

Remember our sick and shut in citizens.

Among them are Mrs. Jesse Johnson and Mr. Almo Sedberry who has been hospitalized in the hospital.

Word comes to Lubbock in the passing of Mr. Henry Wright in Denver, Colorado. He was once a member of the New Hope Baptist Church when he lived here. He was a Christian man who was loved by all. His family was in Lubbock enjoying the Dunbar All-Class Reunion when they received the word of his passing.

To all our bereaved families, our prayers go out to you. We ask for strength that He will help you.

Freddy Simmons missed his reunion. His wife is in the hospital in Chicago, Illinois. We wish her a speedy recovery.

The Fifth Sunday will be

Missionary Day at New Hope, and a program will be presented by the Beth Dunn Circle on that day. Sister Joan Y. Ervin is president.

Prominent Black Females Meet in New Orleans

The National Political Congress of Black Women (NPCBW), an independent bi-partisan political organization founded in 1984 by The Honorable Shirley Chisholm, and other Black women active in national politics, will hold its Third Biennial National Convention at the Fairmont Hotel in New Orleans, La., August 10-13, 1989.

Approximately 2,000 black women from across the country will come together to chart strategies for advancing the political empowerment shared by black women nationally, and to address the diminishing basic human rights, being abandoned by recent United States Supreme Court rulings. The major thrust is to serve as a reminder that through the political process changes can be provoked, and it must!

"No law is as essential as the law that protects basic human rights. We are appalled at the direction America is going," exclaimed Shirley Chisholm, NPCBW President.

In addition to dealing with these most pressing issues, the Convention will focus on equality, education, health, employment, training and economic independence. "When you directly abandon human rights, you indirectly abandon all of these basic values all Americans deem as sacred," Chisholm concluded.

Other attendees at the Convention include: Honorable Shirley Chisholm, former Congresswoman, New York; Honorable C.

Delores Tucker, former Secretary of State, Commonwealth of Pennsylvania, and National Vice-Chair of NPCBW; Portia Dempsey, Executive Director, NPCBW; Susan B. Taylor, Editor of Essence Magazine; Dr. Gloria Toots, Esq., former Secretary of the Department of Housing and Urban Development; Lottie

It Needs To Be Said

SUCCESS is the word to describe the all class Dunbar Reunion. The task undertaken by the planners of that event proved that what looks impossible can be made possible with work and determination. Not only did this event bring together many, many Panther graduates, it also increased revenue for our City, received adequate coverage from the news media and showed that there remains a large number of Blacks that care about Dunbar.

From conversations, it is apparent that those attending the reunion will have many stories to carry with them, wherever they go. There were some that expressed sincere concern regarding the future of both Dunbar and East Lubbock and vowed to give serious thoughts to the role they can play, even though they no longer live in Lubbock. Events of this nature can always generate concern by non-residents, which is an intangible benefit that can not be incorporated into the planning. The all class reunion not only aided in upgrading the Black image locally, it also provided additional resources outside Lubbock that we can call upon.

The number of attendees should have easily doubled, especially among local residents, although close to 200 attended one or more of the functions. We need not berate the non-attendees, they are the ones who missed out on the major accomplishment of Black Lubbock, and all their reasons for not attending will not allow them to recapture one minute of the enjoyment shared among the attendees.

What did Black Lubbock gain from the all class reunion? For one, we gained the experience of climbing the impossible ladder and emerging successfully. We gained the support of our fellow Panthers who have ventured across the country. We gained knowledge, wisdom and insight that our local problems are not unique, that our fellow Panthers are experiencing identical problems in Colorado, California, South Texas and across the land. This event should also give us confidence that we, Black Lubbock, need not fear challenges, that we can successfully accomplish difficult projects without outside help. This event should also renew our financial faith in one another, that there are Blacks within our community in which we can entrust large sums of money and they will account for that money accurately and to our satisfaction.

The all class reunion also showed that Black Lubbock is not dead or full of dead beat criminals. Black Lubbock is joining mainstream America. It's just taking us longer to realize the great benefits and personal pleasures mainstream America enjoys. The names involved in planning the reunion were not the normal movers and shakers of Black Lubbock, yet they planned, organized and directed THE most successful event for Black Lubbock in a long time. There are many others that have the ability, talent and knowledge to excel if given the opportunity. Now, who will generate our next major idea to promote Black Lubbock?

One idea could be the expanding of Juneteenth. The Senior Citizen Picnic is on the right track, the parade and religious ceremonies are celebration type events. On Juneteenth, the entire park should be filled with people participating in fun filled activities, not spending money. If money is needed, it should be raised prior to Juneteenth or donations. We fret and pinch money all year, let's make our one day to celebrate, a day where we

"BECAUSE OF OUR LACK OF FAITH AND CONFIDENCE IN OURSELVES, WE HAVE CAUSED OTHERS CREATED IN LIKE IMAGES TO TAKE ADVANTAGE OF US FOR HUNDREDS OF YEARS."

-MARCUS GARVEY

can enjoy ourselves without money being a detriment to our enjoyment. There are many things that can be accomplished if the right group gets together and plan. Come on Black Lubbock, let's look around and continue to keep Black Lubbock in the main stream of America.

Health Editorial:
Why You Should Say No To "Crack"
In the mid-1980's, snorting and cocaine

injection were becoming less common in the U. S., while freebase smoking was undergoing a dramatic surge in popularity. Dealers in many areas of the country switched from selling cocaine powder to selling a

more potent ready to smoke freebase form known as "Crack". Dealers prefer crack to cocaine powder, because of its high addiction potential, low unit cost, ease of handling and safety of making crack. Smoking crack is more rapidly absorbed than cocaine powder. The rush caused by crack last less than cocaine. To maintain the high, even occasional users repeat the

administration process and until the supply is depleted. A prolonged smoking binge or episode may extend for two or three days during which the user may consume large amounts of crack. The accumulating levels of cocaine in the blood, caused by repeated use to prolong the high, lead to rapid development of toxicity. Cocaine causes a fight of flight response to stress which can lead to violence. Some of the other effects caused by cocaine intoxication, physically and mentally, includes: loss of appetite, hyperactivity, paranoia, hallucinations, aggressiveness and feelings of grandeur. Physiological signs of cocaine intoxication include cardiovascular arousal, dilated pupils in arousal, dilated pupils in the eyes, heavy sweating and elevated temperatures. Cocaine use can also cause heart palpitations, angina (severe chest pain), irregular heart beat, and heart attack.

Contrary to popular belief, users can overdose by any route of administration, including injecting or snorting cocaine. Since cocaine consumers rarely know their lethal dose of the percentage of pure cocaine present in any given purchase, the potential for overdose is always present. Cocaine overdose is a medical emergency. Physical manifestations may be life threatening and rapidly progress to death from cardiovascular and respira-

AN EDUCATOR'S OPINION

Education and the Economy

Three weeks ago, I participated in a seminar on "Education and the Economy" sponsored by NEA. Present were 15 noted business people, researchers, economists, and educators. I've attended hundreds of seminars over the years, but this one was unique.

The seminar generated a riveting discussion on the link between education and America's economic future. Opinions, predictions, and hard-nosed thinking permeated the discussion.

What particularly struck me was that, for the first time in over 25 years as an educator, I saw finger-pointing and blame-fixing thrown aside. I saw self-serving swords turned into a common plowshare. I heard high-ranking members of the business community, renowned economists, and education leaders all share a common perspective on education and the economy.

That may not sound like much, but it means a great deal for America's future.

There was unanimity on the key issue: education cannot continue doing business as usual. The reason is both clear and compelling. As Harvard economist Robert Reich put it: "With intensifying global economic competition and a national economy increasingly oriented toward services and information, the work force will have to possess higher-order thinking skills and be able to work cooperatively, in addition to being

both literate and numerate."

Business representatives at the seminar strongly contended that just as they had to restructure by making hard decisions about collaboration between workers and managers and slicing off layers of middle management, so must America's schools restructure.

These same business people, researchers, and economists all felt strongly that our nation's economic survival depends on how we educate young people who traditionally experience great difficulty getting a quality education. They argued that it would be calamitous for this country to turn away from "at risk" students. It is of monumental importance, they agreed, that these young people be assimilated into America's future work force and become productive, participating citizens.

All this agreement at the NEA seminar among groups traditionally wary of each other is very significant. Even historic. We need to continue this dialogue and work in concert to restructure American education. History will not look kindly on those who fumble this opportunity. For our part, NEA is ready.

As this school year progresses, I'll use this column to discuss some creative NEA ventures specifically designed to restructure schools in cooperation with legislators, governors, business leaders, and local communities.

RIDICULOUS BUT TRUE!

A lot of people think many of the elderly are wealthy retirees who can easily afford to give up a cost of living adjustment (COLA) and other Social Security benefits.

The fact is, most older Americans are not well-to-do. According to the National Committee to Preserve Social Security and Medicare, 83 percent of all seniors depend on it for half or more of their income! Without this inflation adjustment, the value of Social Security benefits would be cut in half in just twenty years.

Your Absence from Church is A Vote To Close its Doors

FROM THE  OF
PARSON D. A. SMITH

I saim 34:7-8 read: "The angel of the Lord encampeth round about them that fear him, and delivereth them. O' taste and see that the Lord is good: blessed is the man that trusteth him." These are the words of a man who knew from experience the benevolent and wondrous grace of God. David had been forced to flee from Israel in a hurry for King Saul sought his life. He had cried in the midst of trouble and had been heard by him whom ear is open to the appeal of his children. He had taste and found that God is good. This was not something that someone had told him about. He knew this for a fact because God had been constantly watching over him. He knew that it had to be the Lord who delivered him after his escape from Saul to the land of Gath. The wise Philistine king, Achish, could see through his theatrical act of madness, but the hand of God moved upon the king's heart and delivered him from his grip. So David exhorted others to taste of God's goodness and to find satisfaction where he had fed his own soul. David did not claim freedom from trouble. On the contrary he knew from experience and observation that the righteous have many afflictions in this

We Thank God For Jesus

"Jesus is The Answer For This U. S. A. Today!"

Part 2

Isalah 1:4a -- Ah sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupters: they have forsaken the Lord.

Lord, this USA usted to be a land; that was full of love. But the leaders are the ones who let it become "a land of blood."

Sin is everywhere no matter where you may look. It started with a litter that wasn't handled, that's all it took.

She is setting so proud, and trying to run other countries over the world. "While Mothers & Fathers are crying; over the death of their Boys & Girls."

I Corinthians 5:6 -- Your glorying is not good. Know ye not that a little leaven (sin) leaveneth the whole lump?

Lord, even when they let prayer be taken out of the schools, Your ten commandments on the walls is no. On and they're the rules."

But even in school, we teach on thing and then do another. "The hate that we ye have; we've forgotten we're Sisters & Brothers."

Matthew 19:19b -- Jesus said, thou shalt love thy neighbor as thyself.

Even the creating in schools is a thing of the pass. Everyone is trying to get over on the other, or you want last.

Everyone has been put into the children in everyway. "Creating is going on in every high place, each and every day."

Proverbs 22:6 -- Train up a child in the way he should go, and when he is old, he will not depart from it.

Mark 7:20-23 -- Jesus said, that which cometh out of the man, that defileth the man for from within, out of the heart of men proceed evil thoughts, Adultries, fornications, murders, thefts, covetousness, wickedness, deceit, lasciviousness, an evil eye, blasphemy, pride, foolishness -- all of these evil things come from within, and defile the man.

Lord, even little creations, like parking down town. "When the tire is marked, the driver rolls the mark to the ground."

Psalms 34:14-15a -- Depart from evil, and do good; seek peace, and pursue it. The eyes of the Lord are on the righteous.

(I had a case in Lubbock Courts where a boy shot my dog while he and my two grandsons were in the fenced backyard. We heard the shot, and saw the boy running into his house.) I told the grandsons we'll take this to court, and let the law take care of it. I told the judge what happened, and then he asked the boy what happened. And the boy said: "He shot the dog because he was afraid of him." So he went into the house and got his pellet pumped gun and came back and shot the dog through the fence. He won the case! The judge didn't know what "premeditated" means or took a bribe. The grandsons had to see that kind of justice. Even Congressman Jim Wright is wrong.

Micah 7:2-3a -- The good man is perished out of the earth; and there is none upright among men; they all lie in earth; and there is none upright among men; they all lie and wait for blood; they hunt every man and his brother with a net. That they may do evil with both hands earnestly. The prince asketh, and the judge asketh for a reward.

"Brothers and Sisters, it's praying time. Let's go to II Chronicles 7:14. The Lord is waiting!"

God not through with us yet!!! Let's pray for one another always.

The Outreach Prayer Breakfast

Members and friends of the Outreach Prayer Breakfast traveled to Earnest Butler Park on last Sunday evening at 7 p.m. They were engaged in honest prayer for our community, city, homes and schools against every evil that's running rampant. It was a spirit filled gathering. We are going back into the homes in our communities and continue to pray for the target areas where there are evil activities going on. We have encountered false religious spirits in full bloom. Idolatry is displayed from the highest mountain. This religious spirit parades itself as Christians, but it is a crude mixture of Biblical terminology, human traditions and heathen superstitious. This has held multitudes in vain religion, poverty and sickness. Still there are thousands who are repenting of their sins and embracing Jesus Christ as Saviour and Lord.

Satan's kingdom is not divided. What about ours

"Christians???" In order to fight against the strong man, we will have to first bind him. False religion, witchcraft,

occultism, spirit of division, unforgiving spirits, and many, many more are here. God has an Army, and a mighty Army of Prayer: Warriors who are equipped for spiritual warfare and they are coming forth all over this world. We thank God for that!! We are so grateful for the ministers who joined us on the park. They include: Rev. Albert L. Dunn, Rev. Larry Brooks, and others not known.

We thank you from the depths of our hearts. After your services, you met us there. We thank you, and we love you and all of God's people, repented or not. God loves you and so do we.

Keep this group in your prayers. Having problems in your community? Don't just talk about it. Take some action according to the scripture. You have the power and authority to go for it.

The Memorial Prayer Tower Building Fund needs your support. Write Outreach Prayer Breakfast, P. O. Box 1223, Lubbock, Texas 79408. Or you may call us: 762-3347.

Thought of the week: "Promote Bible study and

Prayer in every home where there is not any." Think about it!

We will be going to the Parkway Nursing Home on Saturday morning at 10 a.m. It is located at 114 Cherry Avenue. Hope we'll see you

there!

St. Matthew Baptist Church News

The members of the St. Matthew Baptist Church enjoyed a beautiful message last Sunday morning delivered by their pastor, Rev. R. S. Stanley.

His subject was "I've Been Blessed." His text was Roman 12:14; Job 10:1.

We ask each of you to pray for our church, and the sick and shut-in of the city.

Also, pray for the Johnny "Uncle Skinny" Mackey family.

If there are others who have suffered the loss of a loved one, let's pray for them also.

Risks of intravenous use include hepatitis, skin infections, tetanus, and AIDS (from unsanitary needles). Freebasing is extremely hazardous, carrying risks for both accident and toxic reaction. Volatile solvents used to prepare the smokeable base form, in combination with the matches or lighters used in smoking, constitute a potential for fire or explosion.

Drug addiction is a chronic, relapsing, incurable disease. Once a person has become dependent, he or she must be on guard for lifetime. New treatments will be tested and success rates will increase. However, prevention is the only truly successful treatment. For this reason alone, parents sit your kids down and talk with them about the harm crack can do. If you or your children have a drug problem, seek help. There are agencies and drug help programs which can help you. For example:
