## Classical Guitarist Juan Mercadal to Perform In Lubbock Symphony Orchestra Concert

Lubbock—The Lubbock Symphony Orchestra presents the second concert of the season Monday, February 22nd, at the Municipal Auditorium adjacent to the Texas Tech University Campus. Conducted by William A. Harrod, the program will feature the magnificent violin artistry of Dona Lee Cherry and Juan Mercadal, master of the classical guitar.

Juan Mercadal was born February 12, 1925 in Guanabacoa, a town four miles from Havana. When he was five years old, he began his guitar studies with his father and later continued with his father's teacher, Dr. Severino Lopez. He showed interest in the guitar at the early age of two when he would stay close beside his father and the teacher, lying on the floor listening to them rather than out playing elsewhere. He was educated at the Escolapios College in Havana. His music education was completed at the Conservatory of Mateu.

His first stage appearance was at the age of six and his first formal recital was at the age of 13. He studied French horn with Manuel Zaeczumaga and played the French horn with the Havana Symphony Orchestra when he was 15 years old. In his native Cuba, he performed extensively for almost all the music clubs and music societies.

Mr. Mercadal has performed recitals and radio concerts in Brazil and was soloist with the Brazilian Symphony Orchestra. One of the most distinguished Brazilian composers, Radames Gnattali, a good friend of Mercadal, composed a concerto for him that was premiered in Rio de Janeiro with the Brazilian Symphony Orchestra in 1953. Composer Terig Tucci also has written several compositions for him.

In Argentina Mr. Mercadal played a series of 17 television concerts—most unusual for commercial television—on Channel 13 in Buenos Aires.

Juan Mercadal has performed with the Miami Philharmonic, with the Jacksonville Philharmonic, and with Fort Meyers and the Florida West Coast Symphony Orchestra, Sarasota, Florida. He has performed with the University of Miami Orchestra, and has performed most chamber music that includes the guitar. Together with Victor Stern, Violist, (Stern-Mercadal Viola-Guitar Duo) he has performed extensively both original and adapted repertoire.

The program February 22nd will be the third in the 1970-71 concert series presented by the Lubbock Symphony.

The ticket prices are \$4.50, \$3.50, \$2.00 and \$1.00. Tickets may be ordered by writing the Symphony Office, 1416 Avenue Q, Lubbock, Texas, 79401 or by calling (806) 762-4707.

Floydada—Election time is not far away for the citizens of our community. A municipal election will be held here Saturday, April 3, to elect a mayor and two city councilmen.

Incumbent mayor Jimmy Seay and Councilmen Boone Adams and Ed Hammond, whose terms expire, have announced for reelection.

In order to vote in this election, citizens must register as soon as possible. There is still enough time to become a bonified voter in this year's city election. Black

brothers and sisters should register, and someone should give careful thought to becoming a candidate for one of the positions.

## High School Basket Fans Involved in Fracas Tuesday

It was learned this week that students of Dunbar and Estacado not only got involved in a basketball game last Tuesday evening but a fracas erupted immediately after the game. Dunbar won their 2nd game of the year 95-72.

The disorder erupted following the game and required use of mace and K-9 units, but no arrests were made and no injuries reported.

## United Black Coalition Discusses Police Items

### Police Examinations Upcoming Here

The City of Lubbock will hold civil service commission examinations for police officers Tuesday, March 16, 1971 at 7:00 p.m. in the training room, room 214, of the Municipal Building, 9th Street and Avenue J.

Beginning pay for police officers has been increased to \$587.60 monthly with a merit raise to \$624.00 monthly available after the probationary period of 6 months service. There is also longevity pay after the first year of service.

The city also now furnishes guns, belts, holsters, handcuffs, air conditioned patrol cars and uniforms. Other unusual, or better than average, fringe benefits are available or furnished by the city such as paid vacation and sick leave.

Applications may be obtained at the Police Station, 9th Street and Avenue J, at the office of the training officer. Minimum age for applicants is twenty-one (21) and the maximum is thirty-five (35) years of age.

Some of the general requirements are that the applicant have high school education or equivalent, and that the applicant be able

to read a lengthy letter from City Manager Bill Blackwell, answering the recommendations made by the Coalition at their last meeting.

Police officers present at the meeting were Major L. B. Blakley, Capt. Stewart, Lt. Wayne Love, Capt. Jack Thomas and Lt. Raymond Long.

Major Blakley responded to one of the items in the letter which dealt with the need for a citizen's review board. He addressed himself to the fact that this type of board would "create more problems than it would solve." He went on to say that it would also "create quite a moral problem."

The major told the group of UBC members that in order to file a grievance, the following steps should be taken:

+Be willing to put the complaint on paper.  
+Specify complaint and be willing to sign it.  
+And, be willing to appear before a Civil Rights board.

The group of officers present advised the UBC to bring their committee to city hall and talk to those people who could answer their questions. Dr. F. L. Loving's committee was asked to continue in their efforts in solving the problems relating to city government matters. His committee consists of Majorie Thomas, Joan Ervin, Maurice Richard and J. Montgomery.

There were three members added to the UBC Board of Directors. They were J. Montgomery, Harold Chatman and Charles Brown.

Rev. A. L. Davis, president of Minority Progressive Corporation, appeared before the group and asked for their help in putting black people into business. He explained the concern of the organization he represents.

Gus Guzman, member of Chicano Coalition and LaRaza Unidos, spoke to the group in regard to getting together (Black and Brown) and doing something constructive. He also showed the group a selection of publications which are being printed all over the State of Texas urging combination of the Brown and Black movements.

## Community Ambassador Applications Now Being Accepted at Lubbock CofC

Applications for those interested in becoming Lubbock's 1971 Community Ambassador are now being taken by the Community Ambassador Committee of the Chamber of Commerce.

This year's ambassador, to be selected in late March, will be traveling to Australia for a six weeks stay beginning in June.

To qualify the applicant must be at least a Freshman in college and the applicants parents must be legal residents of Lubbock County. Maximum age is 23. Anyone wishing to make application for the community ambassador may pick up applications at the Chamber office, 902 Texas Avenue. All applications must be post-marked no later than midnight March 15.

This marks the 19th year that Lubbock has sent a young person abroad. The Community Ambassador is sponsored through contributions from Lubbock's social and civic clubs and organizations. The program is coordinated by the Chamber of Commerce and "The Experiment In International Living" of Putney, Vermont. During their stay the ambassador will live with a host family of the country, travel throughout Australia to the interesting and historical sites of the country.

After all applications have been received each applicant will be screened and four finalists will be named. The finalists will be presented at a city-wide meeting of representatives from the social and civic organizations and they will make the selection of the 1971 Community Ambassador.

During the past such countries as Japan, Switzerland, Poland and

Russia have been visited by Lubbock's representative. Last year's ambassador, Suzanne Rutledge, visited the isle of Greece.

The ambassador program gives a young person from Lubbock a chance to live abroad and increase their awareness of themselves and of another part of the world, plus they take with them the story of the American way of life. Upon return home to Lubbock the ambassador is then available to share their experiences through speaking engagements to the clubs and organizations that sponsor the trip each year. Each year the ambassador speaks to over 100 organizations in the city.

## Coalition Members Disappointment Justified

by T. J. Patterson

There is great justification in the disappointment expressed by members of the United Black Coalition last Thursday night following their regular meeting at Mae Simmons Multi-Service Center. Many of the members who turned out were there because they had been informed that City Manager Bill Blackwell had expressed concern for the Coalition's ideas and recommendations and had offered to meet with the Coalition. According to the group's president, Eddie P. Richardson, Mr. Blackwell's office had confirmed earlier in the week that he would be available for the meeting.

Instead of the city's top administrator attending the monthly meeting, several members of the Lubbock Police Department were present to express their concern for citizen participation with their department. But, they had to make it clear that they could not answer any questions which should be directed to the City Manager—since they were only charged with "enforcing the laws of the city." Everyone present should appreciate these gentlemen's concern, and the effort on the city police department to communicate with the Coalition, but most of the input given by these gentlemen had been heard before by a majority of the citizens present.

If the City of Lubbock expects black citizens to do their share in helping make Lubbock a better place in which to live, it must be fully understood by the City Manager's office and others that those same black citizens are here to make constructive contributions. The United Black Coalition has expressed great concern about the welfare of their community and has said it is willing to do all it can to help in a constructive manner reach the city's goals.

Since no member of the City Manager's office saw fit to attend a meeting of the Coalition, which the office had earlier agreed to do, there is no wonder that the members of the Coalition were disappointed. Mr. Blackwell had earlier addressed himself to the list of recommendations and proposals sent to him by the Coalition, and for that he did his job. But at the same time, he left some questions concerning some of his answers, and it required his presence—since no one else can answer for him.

Misunderstandings of this sort are what often lead to frustrations on the part of city tax-payers, and often lead to a complete breakdown in communication between different sections of a city and the city government. Let's hope that the whole affair can be straightened out and that the matter of improving and building communication between City Hall and East Lubbock can continue in the same good spirit that it was originally designed.

## How Long Does It Take?

by T. J. Patterson

A burglary of an automobile—belonging to one of the participants of last Thursday evenings' United Black Coalition, happened during the time of the meeting. In the meeting were several members of the Lubbock Police Department, including the assistant police chief, two captains and a lieutenant.

Of course, burglary of a tape deck from an automobile in East Lubbock is nothing new, but what makes this particular case significant is that it took twenty-eight minutes for a patrol car to answer a call made by a citizen in regard to the incident. Prior to the discovery of the burglary, it had been made clear to the coalition members in the meeting by the police officers present that all calls to the police department would be handled immediately. It has been pointed out that the city has recently been divided into three districts by the police department in order to improve the service provided the public.

Having been assured that all calls would be handled promptly by the police present at the meeting, members of the coalition had time—between 10:55 p.m. when the first call was placed to the Police Department and 11:23 p.m. when a patrol car finally arrived—to wonder out loud, "How long does it really take for a patrol car to answer an incident?"

## Black Media Must Reach Black People

by T. J. Patterson

The West Texas Times, as well as any other black media in this country, must help improve the position of all black people. We must help find a way to resolve the conflict between black separatism and racial integration now racking the black community.

It is a must that the black press keep the black community better informed of their problems and

how and by whom these problems can best be solved through the normal political process. Unless this is done, our people, who are the most misrepresented and under-represented segment of the population today, will go on being poorer and hungrier and more jobless than any other group.

During the past several week, Times staff members have made a great effort to reach into rural communities in order to hlep inform more of the blacks on the South Plains. We are quite concerned about the many shortcomings our people are getting in this complex time.

Realizing that we have a great responsibility to the black people of West Texas, we ask for everyone's help and concern. We know that our job cannot be done overnight, in a week, month or even six months. But we will continue to work hard each week in one of the many communities of West Texas in order to reach more and more people.

Our subscription drive is well underway. Our goal is to see to it that every black citizen's mailbox in West Texas and Eastern New Mexico gets the "word" each week. Unless we can reach everyone, we are adding to the crippling effect now in force across this area.

If you are not a subscriber to the West Texas Times and would like to be better informed, then please get behind our cause. Get behind our cause so that we can establish a means of communications which will help all black people in West Texas this decade and in the many years to come. It's absolutely true, unless we are all tuned in on the same frequency, we're all in for a hell of a time.

We have a mighty important job to do for you, the nearly 65,000 black people from Midland-Odessa, Abilene to Amarillo and Eastern New Mexico, and our job will not be done until we have contacted each of you, weekly through the pages of this paper. With everyone's help we can continue to be "dedicated to informing the black citizens of West Texas." — Right On !!

### Its Been Going On Too Long!

I had a hell of an experience last weekend at the fourth annual West Texas Negro History and Tea. The affair was booked in Odessa, Texas, at the Sands Motel in their banquet room. Tickets had been sold for several months, along with radio and newspaper publicity. But low and behold, at the last minute, for some strange reason there was no reservation for the affair and everyone who tried to find out what the problem was got a different story.

I was told Saturday afternoon that the reservation had not been confirmed, another person was told that there was only one booking for Sunday at the Sands and it was not for the Tea.

The chairman of the program was notified and he checked on it and was told the banquet room was all booked up for Sunday, even though he had confirmed his reservation earlier in the week. He asked to speak to the manager and believe it or not, the manager was out of town and would not be back in time to straighten things out. A very convenient time to be out of town!

The meeting was held at another location, but with a lot more meaning than before. In 1971 with all the civil rights laws and legislation, the same problems still exist as did in 1871. The only difference between now and then is the blacks of that day knew better than to ask for the Sands in the first place. Today it is an "around-the-world game" with still the same ending. Its been going on too long; these problems existing and show-case Uncle Tom niggers saying, "We are doing fine. We do not have any problems. We have a fine town."

The people at the meeting, especially the ones from Midland, made it crystal clear that we still have problems and they are completely fed up with the old time "jive time" nigger preachers saying, "we are doing fine, we have a fine town with no problems." My answer to them is organize your community. Get all of your groups, organizations and clubs together and form a united community organization, with representation from

every group in town. This will cut out the leaders, both downtown and self-appointed, when you have a strong community organization. Let the community appoint a spokesman for different issues. That way when someone speaks for the community he will be authorized to speak as the black citizens of the community feel, not as he thinks they feel.

Expose the Uncle Toms and so-called leaders that are picked and paid for by people outside of your community. Organize your community and all the toms that don't want to be a part of your group—if they can't run the show—will surface and show themselves for what they are.

Stop setting around complaining that the preachers are hand-picked leaders, hand-picked by the white man. Instead, get up off it and start doing what you can to help yourself and build a better community for everyone.

The preachers and leaders and so-called leaders that are not toms will join you and work hard with you. The ones that are toms and money seekers, power grabbers and popularity chasers will refuse to help.

To hell with them anyway! Leave them alone and let the community roll on and work toward freeing ourselves from this mental jail.

In 1971 we are still slaves. 20th Century modern day slaves. In a sense we are worse off than our shackled fore-fathers. At least they knew where they stood.

But today we are still enslaved in our minds. Its been going on too long! Let's get together and build our own Sands!

## What Others Are Saying . . .

The average American, reports Behavior Today, thinks about religion twice as often as he thinks about sex during a day. At least, that's what University of Louisville psychologist Paul Cameron found in a survey of consciousness covering 3,416 people in five cities.

A different approach was reported by Mel Hocker, operator of a nudist camp in Southern California. "The sexual revolution is killing us," he said. Complaining of a drop in membership from 600 to 200 couples, Hocker said "The new libertine movies, the topless-bottomless bars, the whole sexual syndrome—that's what's making nudism passe."

### Veterans Benefits Generally Exempt From Taxation

Veteran benefits are generally exempt from taxation and need not be reported as income on income tax returns, the Veterans Administration announced last week.

The VA said the only reportable item is interest earned on GI insurance dividends left on deposit or credit with the VA since this is considered earned income and not a veteran's benefit.

GI insurance dividends themselves are not taxable, VA said, nor are proceeds from GI insurance policies.

Other major tax exempt benefits are compensation and pension, GI Bill and other educational assistance, subsistence payments to vocational rehabilitation trainees, and grants for homes or autos to severely disabled veterans.

Austin, Texas—Legislators have cleared major emergency finance hurdles and are moving to other fronts to hold down the size of the tax bill.

A \$34.9 million appropriation bill to avert reduction in aid to needy families with dependent children passed both houses and went to Comptroller Robert S. Calvert for certification.

Before he would accept the bill, Calvert advised passage of another which would re-align priorities in the state's massive omnibus tax clearance fund. In effect, this would permit turning over to welfare some \$35 million that normally would go to the teacher retirement fund between April and August.

Teachers association and retirement fund leaders had no formal objection to the latter, although it would cost the retirement fund an estimated \$100,000 to \$600,000 in short-term interest. However, the fund will be repaid in full when the ultimate new tax bill goes into effect on September 1.

While these measures were moving methodically through the House and Senate, the House passed a bill to establish a \$185 million bond plan to finance construction of eight new college campuses. Bonds would be repaid from tuitions, and would cost taxpayers little. Final approval of the plan in the Senate would relieve the tax bill of a heavy load in order to build new institutions already authorized by the 1969 Legislature.

Still another potentially-important money bill won quick Senate approval. It would require all cities and counties, population 10,000 and above, to report to the state all welfare spending for the medically needy. If federal officials will agree, Lt. Gov. Ben Barnes proposes subsequent legislation to require all these local funds be routed through the state treasury, where hopefully they would attract an extra \$100 million in two-to-one matching federal aid.

**"People's Lobby" Forms**—A new liberal group—including representatives of labor, ethnic and environmental interests—has organized an "Issues-oriented" people's lobby.

About 300 attended the organizational meeting. Former U.S. Sen. Ralph Yarborough and former U.S. Atty. Gen. Ramsey Clark were the main speakers.

Congressman Bob Eckhardt of Houston was named temporary chairman and State Sens. Barbara Jordan of Houston and Joe Bernal of San Antonio, temporary vice-chairmen. Twelve steering committee members were chosen to work with them.

By a divided vote, the group decided to steer clear of candidate endorsements (although there was plenty of speculation at the meeting that Yarborough may run for governor in 1971) and concentrate on specific legislative goals.

**Courts Speak**—Houston's Kirkwood Civic Club, which insures enforcement of deed restrictions and sponsors lawn-beautification contests, is not exempt from the state franchise tax, says the State Supreme Court.

A letter terming a woman an "undesirable" renter (filed with an apartment association) was a privileged communication and not libelous, High Court ruled in another Harris County case.

Supreme Court dismissed for want of jurisdiction a San Antonio-Bexar County dispute over a cancelled incorporation election for "Hills and Dales Community" along Interstate 10.

Brownsville lawyer ordered disbarred by a district judge lost his appeal to the Supreme Court.

In a Cherokee County deed-interpretation case, High Court concluded that iron ore which can be produced only by surface-destroying strip-mining is not a mineral.

Third Court of Civil Appeals held that Humble Oil and Refining Company is entitled to get back \$92,000 in taxes paid the state, plus interest, on oil and gas leases at Corpus Christi Naval Air Station.

**Important PTA Meet  
 Set at Dunbar High**

The regular meeting of the Dunbar PTA will be held Tuesday evening, February 23, at 8 p.m. All members and parents are asked to please be present.

If you are interested in the school children and some of their problems, then please be present. It is the responsibility of parents and teachers to work together. It is the duty of the parent to take time and listen to the children. They are looking for someone to understand their problems. Instead of, "Go ahead and take it, you will be out of school soon," please stop and find out what they are having to "take." There is a lack of interest in our school that we must overcome.

 Program Underway  
 At Planetarium**

More people than ever before are interested today in outer space and the countless worlds that inhabit it.

Each Sunday this month, the Moody Planetarium lecture-demonstration will introduce "A City of Stars" at 2 p.m. and 3 p.m. for the public.

The sun has its own little family of planets. In the lecture it is likened to a man who lives in the city with his family. The sun does not have any neighbors.

Mrs. Perry had been at his bedside for several weeks.

dent of the Usher's Board of St. James Church.

In 1944, she was married to Thomas Campbell of Dallas. Her health began to wane several months ago and she was in and out of the hospital several times.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. Three members shall be appointed by the Chief Justice of the Supreme Court of Texas with the advice and consent of the Associate Justices serving on the Court, three members shall be appointed by the Presiding Judge of the Court of Criminal Appeals of Texas with the advice and consent of the other Judges serving on the Court, and three members shall be appointed by the Chairman of the State Judicial Qualifications Commission with the advice and consent of the other members of the commission, of each group of three appointees no more than two shall be attorneys engaged in the active practice of law. In addition thereto there shall be two ex officio members, one from the House of Representatives and one from the Senate to be elected on the first day of each Regular Session of the Legislature by a majority of the membership of each House for a term ending on the first day of the next Regular Session.

"(2) With the exception of the initial appointees, each member shall hold office for a term of six (6) years and until his successor is appointed and has qualified. In making the initial appointments, each appointing officer shall designate one (1) appointee to serve a term of two (2) years, one (1) appointee to serve a term of four (4) years, and one (1) appointee to serve a term of six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. The membership shall designate one of its members to serve as chairman for a period of two (2) years.

"(3) The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

"(4) The commission shall recommend the compensation, per diem, and mileage allowance of members of the Legislature, and may recommend the salary of the Speaker of the House of Representatives and the Lieutenant Governor

at an amount higher than that of other members notwithstanding any provisions to the contrary of Article IV, Section 17, of the Texas Constitution.

"(5) The commission shall promulgate rules of ethics to govern the conduct of all legislators, legislative officers and all officeholders, appointive or elective, of any office, department, district agency, commission, board or any governmental unit or branch established by or under the authority of the constitution and laws of the State of Texas and all persons who shall use any privilege of the floor in either House of the Legislature. The Texas State Ethics Commission shall further promulgate rules providing that each member of the Legislature and each of the hereinabove named officeholders upon election and any appointee to any of these offices shall file with the State Ethics Commission a statement under oath setting out a complete financial statement in detail within 10 days after being elected or receiving an appointment. This information shall be privileged information to the State Ethics Commission to be used only by them to determine if there exists a conflict of interests or if there is or has been a violation of any of the rules of ethics promulgated by the Texas State Ethics Commission or any laws of the State of Texas. The Legislature shall enact statutes dealing with unauthorized disclosure or misuse of said privileged information.

"(6) The commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet in Austin at least once each year to review existing rules of ethics, Legislative compensation rates, mileage allowances and per diem rates, and to make any changes deemed necessary.

"(7) All rules of ethics, compensation rates, mileage allowances or per diem rates currently in force, as well as all changes and recommendations by the State Ethics Commission shall be promulgated before the convening of any session of the Legislature by filing a certified copy of the proclamation with the Secretary of State.

(a) Each rule of ethics or change thereof made by the commission shall take effect on the 15th day of the legislative session following the proclamation unless disap-

proved before that day by resolution of either House of the Legislature.

(b) All rates of compensation, mileage allowances or per diem rates and all changes and recommendations made by the commission thereof shall not take effect until approved section by section by resolution of both Houses of the Legislature.

"All votes on these resolutions or parts thereof shall show the individual votes in the respective journals of both Houses.

"(8) The commission shall investigate any alleged violation of any rule of ethics promulgated by it and report its findings to the appropriate State agency, official, legislative body, grand jury or district attorney.

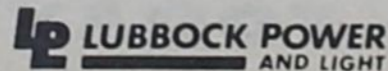

"(9) Until otherwise provided by the commission, each member of the Legislature shall receive from the public treasury an annual salary of Four Thousand, Eight Hundred Dollars (\$4,800) per year and per diem not exceeding Twelve Dollars (\$12) per day for the first 120 days only of each Regular Session and for 30 days of each Special Session of the Legislature. No Regular Session shall be of longer duration than 140 days. In addition to the per diem, the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and fifty cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter established; no member to be entitled to mileage for any extra session that may be called within one day after adjournment of the Regular or Called session.

"(10) The commission is further authorized to recommend to each Legislature changes which will update, improve, and effect economy in the legislative process."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the 18th day of May, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to create a State Ethics Commission empowered to set rules of ethics for members of the Legislature, State officers and legislative officers, to investigate violations thereof, and to recommend compensation for members of the Legislature and the Lieutenant Governor and recommend improvements and economy in the legislative process."

**Humility Before God**

Dear readers, humility is the real you. Help me with this reading. Our Heavenly Father, which art in heaven. Prayer is a good thing. Humility before God makes a better person. Ask yourself if you are willing to make a change.

One of the strongest to any man is pride. Knowledge and wisdom goes before destruction. A haughty spirit before a fall (James 4:6). God doesn't like for His children to draw away from Him. Let us all purify our hearts. Let us be humble. God listens to the humble of heart. We must all obey the authority of God. Let us continue to obey Him with real grace. Amen
