Gary Graham And The State of Texas

by Louise James

Though the execution of Gary Graham is again on hold, the threat of it still remains. Graham 29, was slated to die August 17, for the alleged 1981 robbery/murder in Houston of Bobby Lambert. Even without arguments on appeal that he'd not been given a fair trial, we can safely conclude he did not get one, as Blacks historically receive no justice in the courts. And Graham fit the main criteria. He is Black! He is money poor! He allegedly killed a white!

Aside from the givens, is the disconcerting revelation that in the state of Texas any new evidence has to be introduced within 30 days of sentencing. The ramifications of such a ruling are enough to raise the hackles on the back of one's neck, as it says in essence that if Texas judicialdom wanted to, it could legally discount anything brought forth past that time, that is appeal related.

Now those of us familiar with the workings of the court, know that they operate at snails pace. Poor Blacks unable to make bail, have been known to spend the amount of time they would get for a misdemeanor, just waiting to come to trial. Under these conditions, giving a defense lawyer a scant 30 days to come up with new evidence in any case is ridiculous! But a murder case???

Add to this a murder case where the death penalty has been handed down, as in the case of Gary Graham, and it takes on a whole new dimension. And there are other factors that must be considered.

court appointed lawyers for example, who don't give a hoot about their Black, money poor clients, and so drag their feet in excess of the 30 days. Lawyers on the other hand, who perhaps have concern for their client, but are without the financial resources to do much about it. And/or lawyers who have other cases besides the murder case where a client got the death penalty. In all instances though, time is of utmost importance!

Knowing all this, for the state of Texas to adopt a 30-day-cap-new-evidence-law is reprehensible! The only redeeming factor is, that it is not strictly enforced. Had it been, Gary Graham in all probability, would have been dead these past 12 years.

As stated so often, there is no balance in this system! And this continues to be reinforced as we see Whites pampered, mollycoddled, treated with deference, by the same system that smacks Blacks around with the rule of double standard! Gary Graham is a blatant example!

Even as this black man sat on death row for the questionable killing of Bobby Lambert, a white man, skinhead William Roberts got 40 years in the same state, for the premeditated drive-by shooting of Donald Thomas, a black man. A crime that allegedly carries an automatic death sentence!

Thomas was shot to death in Arlington, Tx., in 1991. Roberts and a second man Joshua Hendry, pleaded guilty. Roberts, the triggerman, got 40 years, and will be eligible for probation in eight years.

Hendry, who drove the car, received 15 years and will be eligible for probation in four years. A third man Christopher William Brosky, a passenger, was tried, convicted, and given 10 years probation.

This was a hate crime! Cold, calculated, and carried out by 3 white racists, who randomly chose to kill Donald Thomas for no other reason than that he was black!

How is it that Gary Graham is given the death penalty for a crime that it seems more likely he did not commit, than that he did, while these 3, two of whom admittedly, plotted and carried out a vicious, malicious killing, wound up with relatively light sentences?

Conceivably, Texas legal eagles would say that age was a major consideration, that all 3 were 17 years old.

Well Gary Graham was 17 too, at the time of his alleged crime. How come no consideration was given to his age?

Two of these men will more than likely be free in 4 to 8 years respectively. The third never served a day. Yet Graham has been in jail 12 years, though all were charged with murder.

In light of such flagrantly lop-sided behavior, the state of Texas should not only pardon Gary Graham, it should beg his pardon. And then send him home!

Administrative Point of View

(Part 1 of a 2 Part Series by Candida Johnson)

When the decision to convert Dunbar High School into a junior high was finalized, many East Lubbock residents in the Dunbar area wondered what lay ahead for the youth. After all the 1994 class of Dunbar students still had a year of high school until graduation, and the plan would be implemented in the fall of '93.

Some students doubled up on classes, attending summer school and taking correspondence courses so they could receive their diploma's from Dunbar. Others accepted the

inevitable and traded in their maroon and white school colors to march upon a new frontier -- The campus of the Estacado Matadors.

Since the fall of 1967 (the year Estacado opened) East Lubbockites have put on their maroon or blue school colors and attended competitions between the two rival schools.

"It didn't matter if we lost every game of the season as long as we beat Estacado", says one Dunbar fan. There's even the tale of the Estacado mother who wore pants to a formal for Estacado and Dunbar students because the only dress she had was maroon. Twenty-six years of such tales could be erased due to the many welcoming efforts of the EHS student body and teaching staff.

"we decided back this summer that it was not the fault of the Dunbar students that their school was being converted in to a junior high," says Estacado principal Kenneth Wallace. The staff met several times last spring and throughout the summer to come up with innovative ways to make the students feel welcome.

Longtime Dunbar principal Virgil Johnson and other Dunbar teachers assisted in the transition by making frequent visits to Estacado last spring.

Dunbar students as well as other transfer students were invited to try out for extra-curricular activities such as cheerleading, student council and band.

Many former Dunbar athletes continued to wear their old letter jackets. Wallace says this has not presented a problem because many of the students at Estacado have parents and relatives who attend Dunbar.

"Maroon has always been spotted in our halls even before the students in the Dunbar area joined us," Wallace adds the students are not expected to lose pride in Dunbar, but to gain pride in Estacado.

Booster club members proposed selling shirts with a mixture of blue, white and maroon coming together. Although Wallace felt the idea was good, the staff, student body and parents decided to "back off" and not make an issue of the transition. However, one issue Wallace plans to confront is making sure former Dunbar students are not lost in school rules when it comes to running for such positions as Homecoming queen, Mr. or Ms. EHS or other elected offices.

Some schools have rules that students must have attended the school two to three years before being eligible to run for such positions. Wallace says he is willing to break some rules to make sure all students at Estacado are treated equally.

This decision could be the determining factor in whether former Dunbar students and Estacado students can put aside years of rivalry and become one united East Lubbock school.

Alderson Core Team Hears The Gospel Truth

As a means of improving student academic performance, Alderson Junior High School has academic core teams of teachers who teach the same students every day. These teams monitor student behavior, success and lack of success. Last week, this story was submitted by Mrs. Claynelle Hamill of the "A" Team.

Alderson's 7th grade academic team summoned Taron Lewis to appear before his core teachers. Teasingly, one teacher said, "Taron, you're here because you're in deep, dark trouble." Taron, a well-mannered and cooperative young man, looked both surprised and frightened at the same time. The teachers all laughed and quickly reassured Taron that

he had been called in to receive praise from each of his core teachers for his good grades, excellent behavior, and splendid attitude.

Taron sat quietly for a minute. Then he asked, "You want to know what made this happen?" The teachers assured him that they did indeed want to know.

"Well, I live with my aunt, and she's a Christian. She's been saved, you know, and she teaches me about those things. So, I've been trying to live my life like Jesus, and that's what made this happen."

With lumps in our throats, we quietly thanked Taron for his explanation and sent him back to class. There wasn't a dry eye in the team room.

Roswell Kicks Matadors, 3-0!

Roswell, N.M. -- There's no reason why the Estacado High School Matadors lost this contest last Friday night. Actually, they were kicked 3-0.

For three quarters, it was a scoreless tie - 0-0; but Roswell broke the tie with a fourth quarter field goal for a 3-0 victory, with less than nine minutes remaining in the non-district tilt.

Roswell's Michael Lopez, perhaps the hero of the kicking, kicked a 22 yard field goal, and boasting the Coyotes overall record to 4-1.

could it be that history always repeats itself at a time when it's not in your favor. Actually a 54-yard field goal by Cal Nunnally last year's game and lifted the Coyotes to a 9-7 victory.

The Mats, who are now 3-2, outdistanced the Coyotes with 141 yards, compared to 104 yards. But here we go again, the Mats are not yet immune to penalties as they had 10 for 110 yards. This, no doubt, was the difference in the contest.

Passing was not on the menu as Roswell only had one completion for 6 yards, and the Mats completed only two, with one of them for a minus 6 yards; the other for only 10 yards. Last year's passing attack is no longer with the Mats, it appears.

Anyway, the Mats' Talion Scott had 13 carries for 79 yards, wild full-back Randy Tate added six carries for 32 yards.

Roswell had 7 first down while the Mats had only 5.

The Mats will play Lamesa High School in a district tilt on Friday night, October 8, 1993 at Lowrey Field at 7:30 p.m.

JEREMY HUNTER (77) give chase to runaway Tiger of Frenship. Alderson only scored 8 points while Frenship scored 44 points.

MICHAEL COLEMAN ties up Tiger. Frenship/Alderson 44-8.

BRIGHT SPOT -- Keedrick Johnson's two pointer around end. Frenship-Alderson, 44-8.

St. Mary Hospital to Present Panic Disorder Program Tuesday, October 12, 1993

Lubbock, Texas -- St. Mary of the Plains Hospital's Behavioral Services Department will present "Taking Hold: Dealing With Panic Disorder And Its Effects," Tuesday, Oct. 12, 1993, at 7 p.m. in the hospital's sixth floor Arnett room. The program is free and open to the public; however reservations are advised.

The program will feature NFL Hall of Famer Earl Campbell, a former Houston Oiler. Campbell currently serves as special assistant to the vice president for student affairs at the University of Texas, Austin. During "Taking Hold," Campbell will relate his personal experiences as a patient of panic disorder.

Robert L. DuPont, M.D., president of the Institute for Behavior and Health, will lead a panel discussion about panic disorder and methods of treatment. DuPont has been a leading authority on anxiety disorders and substance abuse prevention/treatment for more than 25 years.

The National Institute of Mental Health reports that 3 million men and women will suffer panic disorder at some point during their lives. The disorder typically begins in the late teens or twenties and appears to have a biochemical basis. The Institute also reports that it affects women twice as often as men.

"I estimate there are more than 3,000 people in our community who are affected by panic disorder," said Behavioral Services Director Jeffrey Jones, MD, RN, C. "We're hoping this program will help educate those individuals and their families about the disorder, and let them know that effective treatment is available."

Panic disorder is characterized by repeated attacks of intense fear. Symptoms include chest pain, pounding heart, shortness of breath, dizziness, trembling and sweating. During attacks, sufferers often fear they are dying or losing their minds. Attacks usually last for several minutes or infrequently, several hours.

With proper treatment, as many as 85 percent of people with panic disorder improve significantly. Treatments shown to be effective include various medications and specific therapy. Many patients receive optimum benefit when treated with medication in combination with specific psychotherapy.

For more information about "Taking Hold," and to make reservations, call St. Mary Hospital Guest Services at (806) 796-6889.

The program is supported in part by an educational grant from the Upjohn Co.

NFL Hall of Famer Earl Campbell will relate his personal experiences as a patient of panic disorder during Taking Hold: Dealing with Panic Disorder and its Effects. Sponsored by St. Mary Hospital's Behavioral Services Department, the free program will be held Tuesday, Oct. 12, 1993, at 7 p.m. in the hospital's sixth-floor Arnett Room.

Lubbock, Texas -- St. Mary Hospital's Kids Club and KTXB-TV, Channel 5, will help children of all ages celebrate Sesame Street's 25th anniversary, Sunday, Oct. 10, 1993 at Mexey park (30th and Oxford, Lubbock).

Families are invited to join Kristen, the Kids Club mascot, in welcoming magicians, mimes and clowns for an afternoon of free entertainment. Special events will include a cookie decorating contest which is open to all attendees in the following age categories: 0-5; 6-9; 10-13; 14-17; and 18 and over.

The cookies are to be topped off between 10 a.m. and 1 p.m. in the hospital's Devitt Room (basement). Prizes will be awarded in each age group. All children in attendance will be eligible for a random drawing for his and her bicycles.

"Sesame Street is now a part of our nation's culture," said Kid Club Coordinator Kathryn Abbey. "Parents of today were the first to watch Sesame Street and now they are watching it again with their children."

Kids Club's main objective is to teach kids about health, safety, first aid and a host of other topics. Kid's Club is open to all children free of cost. To join, call the Women and Children Center at St. Mary Hospital, give the child's name, address and birthdate and they're a member. Additionally, as part of its community service, the Kid's Club underwrites Sesame Street program on channel 5 and has been doing so since 1988.

If anyone is interested in anymore information about the celebration or the cookie contest contact Kathryn Abbey at (806) 796-6667.

The World has Changed; So have the Challenges

The Boeing Corporation latest advertisement says "The world has changed; so have the challenges." This advertisement is based on the predicted closing of 500 American military bases and the reducing of troop strength by 450,000 overseas. Boeing says that "diminishing military presence doesn't necessarily mean fewer global responsibilities."

The world is changing at a rapid pace. The morning news headline reads: "Armed hard-liners riot in Moscow." "Protesters considered to be as divided as parliament." "Yeltsin musters forces, issues emergency order." "5 from U.S. are killed in Somalia - Pentagon: 2 helicopters hit in U.N. Operation."

True, the world has changed, but has America changed? The question was asked in the New York

Daily News? "Is Politics based on race? President Clinton said at a \$1,000-a-plate Dinkins (mayor of New York City) fund-raiser, "Many of us are too unwilling to vote for people that are different than we are. This is not as simple as overt racism. It is this deep-seated reluctance we have to reach out across these lines. It's this inability to take that sort of leap of faith, to believe that people who look different than we really are more like us than some people who look just like us but don't share our values or our interests or our conduct." However, the question was raised of the president and race. "Did the President go too far?"

The world is changing, but is America changing? Is it not true that blacks who get elected to office

receive extra scrutiny, if nothing more than to see how they will handle or conduct themselves once power is in their hands. Do this type of scrutiny exist because most white people, liberal and conservative alike, hold the view as Andrew Hacker suggest, "that person with African ancestries are more likely to carry primitive traits in their genes" and "that most individuals of African heritage will lack the intellectual and organizational capacities the modern world requires."

Thomas Jefferson, the principal author of the Declaration of Independence wrote these words in the in the committal of this nation to human equality: "We hold these truths to be self-evident: that all men are created equal; that they are

endowed by their creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness."

The world is changing but has America changed? In Jim Sleeper's essay, "In Defense of Civic Culture" he acknowledges that the America that counted African Americans slaves as three-fifths of a human being has never been free of ethnic and racial bigotry, and that that bigotry has sometimes achieved the status of law -- even of philosophy and religion.

The challenge for all Americans is the first thoughts and writing of Thomas Jefferson, and not his second thought.

We Thank God for Jesus

Luke 17:28, 29 Jesus said: They did eat, they drink, they married wives, they were given in marriage, until the day that No'e entered into the ark, and the flood came, and destroyed them all.

You can tell we're living in the last days; the coming of the end TIME, But the SINNER MAN is so BUSY, doing his thing: he pays it NO MIND.

Luke 17:29, Jesus said: Likewise also as it was in the days of lot; they did eat, they drink, they sold, they planted, they built; But the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and destroyed them all.

Its beginning to RAIN, fire & brimstone. THEY'RE TROUBLES FROM ABOVE. "They're ALLOWED to the DEVIL; from GOD: TO SHOW ALL HIS LOVE."

John 3:16, Jesus said, For God so loved the world, that he gave his only begotten son, that whosoever believeth in him (JESUS) should not perish, but have everlasting life.

Sinner man: see the troubles everywhere; NOT ONLY IN THE FOREIGN LANDS, "We've got TROUBLES of all kinds; RIGHT HERE IN THE HOMELAND."

2 Timothy 3:1-3, This know also, that in the last days perilous (dangerous) times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good.

"We've got WARS in our streets; from CHILDREN: PLAYING THEIR GAME." "We've got FALSE CHRIST deceiving man; SHAME, SHAME, SHAME."

Matthew 24:5,6a, JESUS said: for many shall come in my name, saying, I am Christ; and shall deceive many, and ye shall here of wars and rumors of wars:

You've seen NATIONS make PEACE TREATYS, only to break the next day, "Man's HEART is not right to LOVE HIS BROTHER; ANT NO WAY!"

Jeremiah 17:9, THE LORD SAID, The heart is deceitful above all things, and desperately wicked: who can know it?

SINNER MAN: you've seen the Famines, Pestilences & earthquakes in the Land, "These are the signs of the END TIMES; A WARNING TO WOMAN & MAN."

MATTHEW 24:17, 18, Jesus said: Let him which is on the housetop not come down to take any thing out of his house: neither let him which is in the field return back to take his clothes.

You've heard it said: AMERICA IS A GOOD AND CHRISTIAN NATION, "BUT SHE IS THAT OF A WOMAN'S MENSTRUOUS RAG; & there is no SEPARATION."

Isaiah 64:6, But we are all as an unclean thing, and all our righteousnesses are as filthy rags (menstruous rags); and we all do fade as a leaf, and our iniquities, like the wind, have taken us away.

"SINNER MAN: change your Ways Today; The Lord May call your Name." "But THIS IS THE DAY OF SALVATION; & ONLY YOU CAN BE THE BLAME." Isaiah 55:6, 7 Seek ye the Lord while he may be found, call ye upon him while he is near: Let the wicked forsake his way, and the righteous man his thoughts; and let him return unto the LORD, and he will have mercy upon him; and to our GOD, for he will abundantly pardon. GOD is not through with us yet, so lets pray for one another always. Directed "Arranged" Produced "Guided" by OUR LORD JESUS CHRIST. Written by Minister Billy B.J. The Outreach Prayer Breakfast

Let us not forget the The Women's Harvest Revival to be held October 7 through October 9, 1993 at Lyons Chapel Baptist Church with Sister Ruth Berrickson as guest evangelist who is Knoxville, Tennessee.

The public is asked to come out each evening for these nights of services. Please come and expect a miracle.

Prayer

Father, we take this time and thank you for all you have done for each of us. We realize that we could not have done anything without you. You are what keeps us going each day we live on this planet, and for that, Father, we are thankful.

We realize our children are not what they are supposed to be, but they are ours, and we can't throw them away, Father. Help these young boys and girls know thee, and that all things are possible with thee.

We are just so thankful of what we have done with the Outreach prayer Breakfast, but we realize where it all came from. It was because of you, Father.

Now Father, as we embark upon this meeting October 7 through October 9, 1993, we ask you to be with us. We know we can't do it by ourselves, but we know that if you are with us, it will be successful.

AMEN

Sister Dorothy Hood, president; Sister Aredella Hardick, vice president.
