**FARM BUREAU WEEK PROCLAIMED**--Bailey County Judge Gordon H. Green, seated, proclaims the week of February 11-15 as Farm Bureau Week in Bailey County. He signed the proclamation in conjunction with Texas Farm Bureau Week at the same time. Looking on are from left, Gene Atkins, FB career agent, Muleshoe; James Lee, Bailey County Farm Bureau manager; Ken Brown, FB adjuster and Morris McKillip, Bailey County Farm Bureau board of director member, and head of the public relations for the Bailey County Farm Bureau.

## Farm Bureau Week Is Proclaimed

On Thursday, Bailey County Judge Gordon H. Green signed a proclamation, designating the week of February 11-15 as "Farm Bureau Week" in Bailey County.

The week is part of a statewide observance during which county Farm Bureaus will make a special effort to enroll new members, according to Sam

Harlan, president of the Bailey County Farm Bureau.

Ronald Scott, of Muleshoe, is chairman of the membership committee which is responsible for membership acquisition and maintenance. Other committee members are: Morris McKillip, public relations; Curby Brantley, national affairs; Gary Hooten, state affairs; Sandy Noble, young farmers and ranchers; J.L. Dale, policy development and Jeff Skipworth, economic services.

Those serving on the commodity committees are Alec Schuster and Jeff Skipworth on cotton; Curby Brantley Jr. and Jim Allison on feed grains.

"With more than 300,000 member families on its membership rolls, the Farm

Bureau is the largest state Farm Bureau in the nation," the proclamation reads.

"The Farm Bureau is a grass-roots organization, and its foundation is the county Farm Bureau. There are 217 organized county Farm Bureaus in the state, including the Bailey County Farm Bureau," continued the proclamation.

Harlan said the local county Farm Bureau has 915 member families and is seeking to exceed that figure in 1985.

He said that the Farm Bureau is a general farm organization that seeks to improve income and living conditions of farm and ranch families. It represents the farmer and rancher at the local county courthouse, in Austin, and in the nation's capitol, Washington, D.C.

## Around Muleshoe

Muleshoe Youth Baseball, Inc. will hold their first meeting for 1985 on Monday, February 11, at 7:30 p.m. in the Muleshoe State Bank community room.

On the agenda will be elections of officers, league policy and moneymaking projects. All interested persons are encouraged to attend.

Sixteen year old Charles Martin, son of Don and Sandra Martin, is still a patient in ICU at Methodist Hospital in Lubbock, where he was taken Tuesday after an accident at school.

He is expected to undergo surgery next week to correct a problem that caused him to black out and fall, causing a fractured skull.

Lt. Wayne Holmes of the Muleshoe Police Department reports that following a citizen complaint of 'bootleggers' selling alcohol to 'kids,' the citizen both agreed to make a "Buy" for the police and to testify in court.

Obtaining a search warrant, Lt. Holmes and other officers raided the premises, and arrested two persons who were charged with illegal possession of alcohol for sale. The officers also filed in illegal possession drug case on one of the two persons arrested.

A man with Actor's Theatre of Louisville, Jim McClure, called both The Journal and the Muleshoe Chamber of Commerce and Agriculture Thursday morning.

He said the Kentucky theatre was planning to produce a play about Muleshoe and was requesting information and pictures from the early days of Muleshoe.

He was mailed information Friday morning from both The Journal and the CofC. Anyone wishing to send information, and/or pictures, may send them to Jim McClure, Actor's Theatre of Louisville, 316 Main Street, Louisville, KY 40202.

McClure said he had driven through Muleshoe several years

## Student Skills Test 'Necessary'

As a result of the passage of House Bill 72 by the Second Called Session of the Sixty-Eighth Legislature, said Muleshoe School Superintendent, H. John Fuller, numerous changes in the student assessment of minimum skills program will take place beginning with the 1985-86 school year.

He said one of the most significant changes occurs with the requirement for exit level testing in mathematics and English language arts. Satisfactory performance on the exit level examination is required for students to receive a high school diploma. Beginning with the date of October, 1985, the test will be administered to eleventh grade students for the first time. Students who do not perform satisfactorily on both the mathematics and English language arts sections of the test will have opportunities in May 1986 and in October and May of their twelfth grade year to pass both sections of the examination.

Beginning in 1987, he added, high school diplomas must be

withheld from these students who have not demonstrated satisfactory performance by the end of their twelfth grade year. Students who have been denied diplomas and who subsequently perform in a satisfactory manner on both sections of the test will be issued a high school diploma at that time.

He also said the State Board of Education rules concerning the student assessment of minimum skills which under-

## School Board Meets Monday

Members of the board of trustees for the Muleshoe Independent School District will meet tomorrow, Monday, at 7 p.m. in the school administration building.

Items of interest on the agenda include informational reports on the computer programs in the MISD and 1984 Texas Assessment of Basic Skills Test Comparison Report.

Under financial reports will be the bank balances in each school fund; expenditures in each function of the school budget and approval of payment of current bills.

Business items include an election order for April 6, for two positions on the local board of trustees; preliminary considerations for judges, clerks, and absentee voting clerk for the April 6 election; appointment of auditors for the 1984-85 school year; a hardship transfer request; approval of "Classroom Grant Program" for 1985-86 school year; a resolution proclaiming the week of February 17 as Patriotic Week and consider appointing a study committee on the Drug Awareness program.

Other items include the tax collection report; personnel considerations and the superintendent's report.

## Schools To Celebrate With Patriotic Week

February 18-21 has been designated as Patriotic Week for Muleshoe Schools. Teachers are being urged to generate interest and enthusiasm for this special week. The following themes have been assigned to each day of the week:

Monday-Symbols of America

Tuesday-Songs of America  
Wednesday-People of America

Thursday-The Flag of America

And Color Day

Each teacher will be incorporating some aspect of patriotism into his/her lesson plans using the listed themes or

something else appropriate to the subject being taught.

Junior high will recognize Patriotic Week in various ways, including:

\*Speech students will present a patriotic reading each morning on the intercom.

\*Student Council members will raise and lower the flag each day.

\*Teachers will decorate their classroom doors with the help of students. Each teacher needs to choose a patriotic American symbol for the subject of their decorations. Doors will be completed by Friday, February 15.

\*Special Education and Migrant classes will decorate the hall bulletin boards by February 15.

\*On Thursday, Color Day, teachers and students are encouraged to wear red, white and blue.

\*Monday, February 18, at 7 p.m. there will be a patriotic program held for the community and all school campuses at the High School auditorium. Junior high school has been designated as hosts for this function. Student Council members will be in charge. Appropriate patriotic projects and assignments may be displayed at this meeting at the teacher's discretion.

\*Social studies teachers will be responsible for discussion of the history and current renovation of the Statue of Liberty and provide students with the opportunity to contribute to this renovation.

## Three Way FFA Chooses Beau And Sweetheart

## Texas Education Agency Gives Promotion Changes

According to a release from the Muleshoe ISD, the Texas Education Agency has released guidelines for promotion and detention of students in all public schools. The rules are a result of the "reform" law passed last summer which states that all students must pass with a grade of 70 and that there is to be no social promotion. The rules will be finalized by the State Board of Education this month.

In grades 1-5, students must have an overall average of 70 and pass both the language arts and mathematics.

In grades six, the student's final grade in English, reading, math, social studies, science, health, fine arts, and P.E., all averaged together must equal 70 or more, and the student must pass English, reading and math.

This means that the student must meet two requirements:

(a) If his overall average is 70, but he fails any of the courses - English, reading, or math, he fails and must be retained.

(b) If he passes those three courses but his overall average is below 70, he fails and must be retained.

In grades seven and eight, the student's final grade in all courses taken, averaged together, must equal 70 or more, and the student must pass three of the four courses, math, science, English and social studies. Those students required to take reading improvement in addition to the courses listed must pass four of the five courses.

Again note that this means

## Commissioners Agenda Lengthy

A big agenda faces members of the Bailey County commissioners court when they meet in regular session Monday, tomorrow, at 10 a.m. in their meeting room at the courthouse.

Four bids will be considered: bids for a county depository; bids for a car for the sheriff's department; bids for a pickup for the extension office and bids for a motor grader.

Other items include payment of routine bills; review of the treasurer's report for January 1985; departmental reports; meet with the coliseum manager and consider a budget amendment as well as miscellaneous items.

**PLAYER OF WEEK**--Melinda Denham, a junior at Texas Tech University, was named Southwest Conference Player of the Week for Basketball last week. The 5-9 junior is the daughter of Jackie Denham of Earth, and sister of Mrs. Danny (Vickie) May of Muleshoe.

the student has two requirements:

(a) If his overall average is 70, but he fails more than one of the courses listed below, he fails and must be retained.

(b) If he passes the required courses listed above, but his overall average is not at least 70, he fails and must be Cont. Page 6, Col. 2

## Art Competition Will Be Staged By Congressman

U.S. Representative Larry Combest this week launched an art competition for high school students located in the 19th Congressional District. The winning entry will be displayed this coming summer, along with artworks from across the nation, in a corridor of the U.S. Capitol--an area dedicated to the artistic skills of today's young artists.

The competition, to be conducted at no expense to the federal government, is open to any high school student in the 19th District. The counties in the district include: Lubbock, Ector, Andrews, Dawson, Gaines, Yoakum, Terry, Hockley, Cochran, Bailey, Lamb, Hale, Farmer, Castro and Deaf Smith.

According to Congressman Combest, the contest is part of an Artistic Discovery, the fourth annual competition implemented by members of the U.S. House of Representatives to recognize the creative talents of young Americans. Between now and May 15, 1985, members will conduct local competitions for high school students in order to select artwork to be displayed in the national exhibition.

"America's artistic heritage is extremely important to the soul of our country," said Congressman Combest. "This competition allows us to encourage our young artists whose creative energies are so vital to our rich cultural traditions."

Artwork must be two dimensional and no larger than 30"x30" (unframed). Eligible categories are paintings, drawings, collages, and prints.

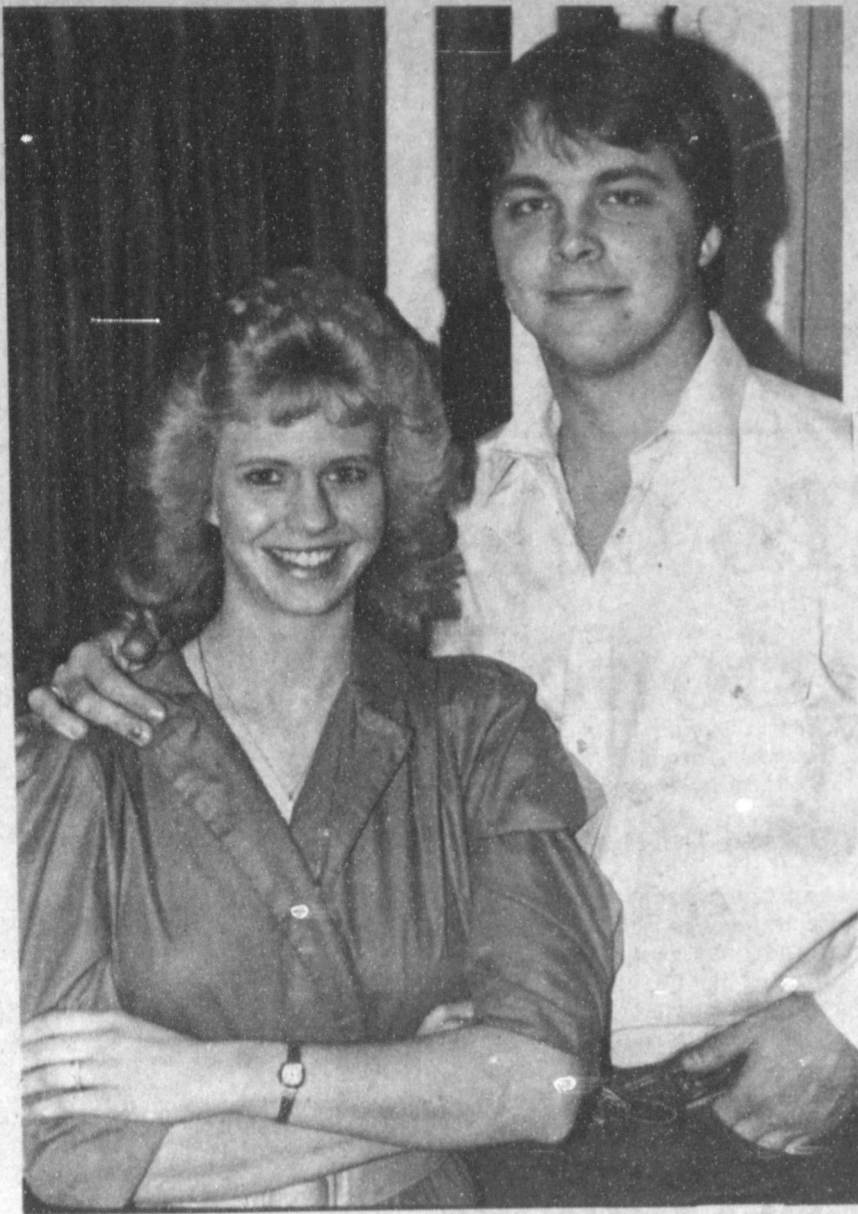

For further information, please contact Competition Coordinator Dr. Terry Morrow at P.O. Box 4720, Texas Tech University, Lubbock, TX 79409.

## TABS Tests Must Be Taken By All Students

H. John Fuller, superintendent of schools, announces that the Texas Assessment of Basic Skills Tests will be given to students in the third, fifth and ninth grades of the Muleshoe ISD on Tuesday, and Wednesday, February 12 and 13.

The TABS tests are an annual assessment of student achievement in mathematics, reading, and writing and measure minimum competencies. All high school students who have not previously taken and passed the TABS will be required to take the exit level test.

Parents can support the schools by encouraging their children in these specific grades to be present on these scheduled dates, reminded the superintendent, and to get plenty of rest before and during this testing period.

**MARCH DATE SET**--Mr. and Mrs. J.R. Johnson announce the engagement and approaching marriage of Keisha Ann Johnson to Jeffrey Blaine Meeks. Miss Johnson is the daughter of J.R. Johnson of Muleshoe and the late Joan Johnson. Meeks is the son of the Rev. and Mrs. J.E. Meeks of Midland, formerly of Muleshoe. The ceremony will take place at the First Baptist Church of Muleshoe on March 30 at 2 p.m. The bride elect is presently employed at Petroplex Savings at Midland. Meeks is employed as a painter. Miss Johnson is a 1984, graduate of Muleshoe High School and Meeks is a 1982, graduate.

**Shelley Sain Named AAUW Girl Of Month**

The February Girl of the Month, as selected by the American Association of University Women, was announced Monday February 4 as being Miss Shelley Sain, daughter of Walter and Rose Sain. Miss Sain is a senior at MHS. Shelley's many activities include school, church and community. During her sophomore year she served as president of the Future Homemakers. She is currently a member of the HERO chapter of HECE; a member of the National Honor Society; and led the Mighty M Band as their Drum Major this year. She has also received recognition in the all region-

band this year by being selected for a first chair position. Shelley has won a place in the all-region band for six years. She is also a member of the Jazz Band. During her sophomore year she also was a member of the Track and Cross Country team.

Miss Sain's leadership ability has also been recognized in 4-H club. She is president of the Muleshoe 4-H Club, a member of the District 2 4-H Council, the vice-president of the County 4-H Council, and was selected as the Gold Star Winner in 1983.

Shelley attends the Trinity Baptist Church where she is a member of Acteens. She plans to attend Wayland Baptist or Texas Tech and major in Home Economics where she can receive the training to become an extension agent.

"AAUW is pleased to recognize and honor Shelley Sain for her many contributions to her school and community," said a spokesman for the group.

**Prevent Falls For Older Adults**

Anyone can fall, but older adults are more likely to take a tumble and suffer injuries as a result.

Most older adults fall at home doing everyday activities at floor level -- not on stairs or from heights. The falls are often caused simply by tripping over low furniture, rugs and clutter on the floor.

"Older adults fall more frequently for several reasons," says Dr. Judith Warren, a gerontologist with the Texas A&M University Agricultural Extension Service home economics program.

"Body changes that occur with aging contribute to falls. Eyesight is not as sharp as it once was, and bifocal or trifocal glasses can give the elderly a momentarily distorted picture when changing fields of vision," she explains.

Coordination and balance also change during the aging process, Warren says. "The body doesn't react as quickly, posture changes and older people don't lift their feet as high, which contributes to tripping and falling."

According to the gerontologist, simple, easy exercises can improve coordination and muscle movement for older adults. And rather than limiting their activities because they fear falling, Warren suggests that older adults take some common sense precautions to prevent mishaps:

Store things so excessive reaching is not necessary. Don't climb on chairs to reach high places. When extended reaching is necessary, use a sturdy step stool with handbars.

Choose well-fitting and com-

fortable clothes, including shoes. Proper fitting shoes give good traction on floors, while walking in slippers or stockings often causes slips on floors and stairs. Clothes with large sleeves and flowing skirts can easily catch on furniture and also cause a fall.

Install grab bars in the bathtub, shower and next to the toilet to aid in body balance when moving. Tubs and showers should also have slip-proof floor surfaces.

Add a low-wattage bedside light so that it is not necessary to walk in the dark. Even when the room is very familiar, the possibility of a fall increases with darkness.

# Miss Gwynn, Sain United In Marriage

Miss Wendy Gwynn became the bride of Timothy Sain Saturday, Dec. 29 at 2:30 p.m. in the First Assembly of God Church of Altus, Okla. The Rev. Carl McCoy, retired pastor of the church performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. James Busby of Altus, Okla. and Mr. and Mrs. Walter Sain of Muleshoe.

Vows were exchanged before a brass arch candelabra holding white lighted tapers and entwined with greenery and accented with a pink satin bow.

Family pews were marked with pink and purple bridal bows.

Woody Stewart and Suzanne Milligan, cousin of the groom, sang "Unfailing Love", as Suzanne Milligan played the piano. They are both of Azle, Ind.

Traditional wedding music

was provided by Mrs. Paula Bryant, organist, of Altus.

Escorted to the altar by her step-father, and given in marriage by her mother and step-father, the bride wore a formal length gown of white Chantilly lace over white wedding crepe. The moulded bodice featured a Queen Anne neckline accented with seed pearls and a yoke with lace ruffles. The fitted Chantilly lace sleeves fell to petal points over the hands and were accented with appliques of Venice lace and edged in Alencon lace.

A full skirt extended from the fitted waist into deep scallops with softly gathered ruffles of lace flowing into the back to form the semi-cathedral train. Silk organza flowers highlighted each scallop.

Completing her ensemble was a fingertip two tiered veil of silk illusion with the lower tier

edged in scalloped organza lace. The veil was attached to a Juliet headpiece of Valpoint lace and seed pearls.

She carried a nosegay bouquet of tiny pink roses, white and orchid silk flowers accented with baby's breath and white satin streamers.

Following tradition, something old, borrowed and blue was a cameo belonging to her mother. Something new was her wedding ensemble. For good luck she wore pennies in her shoe minted in the year of her birth and that of the groom. She also wore a pastel pink lace garter.

Mrs. Sharon Englett of Altus, Okla. served as matron of honor. Bridesmaids were Susan Gwynn, sister of the bride, of Altus; and Shelley Sain of Muleshoe, sister of the groom. Erin Williams of Paducah, niece

of the groom was flower girl.

Joey Carpenter of Dyess Air Force Base, Abilene, served as best man. Groomsmen were Dusty Puckett of Plainview and George Reynolds of Altus. Ring bearer was Victor Garza of Altus, brother of the bride.

Candlelighter was Kimberly Stowe of Altus.

A reception was held in the fellowship hall of the church. Before entering the guests registered in the bride's book.

Servers were Mrs. Debbie Williams of Paducah and Bonnie Sain of Denton, both sisters of the groom, and Mrs. Leslie Milligan of Azle, cousin of the groom.

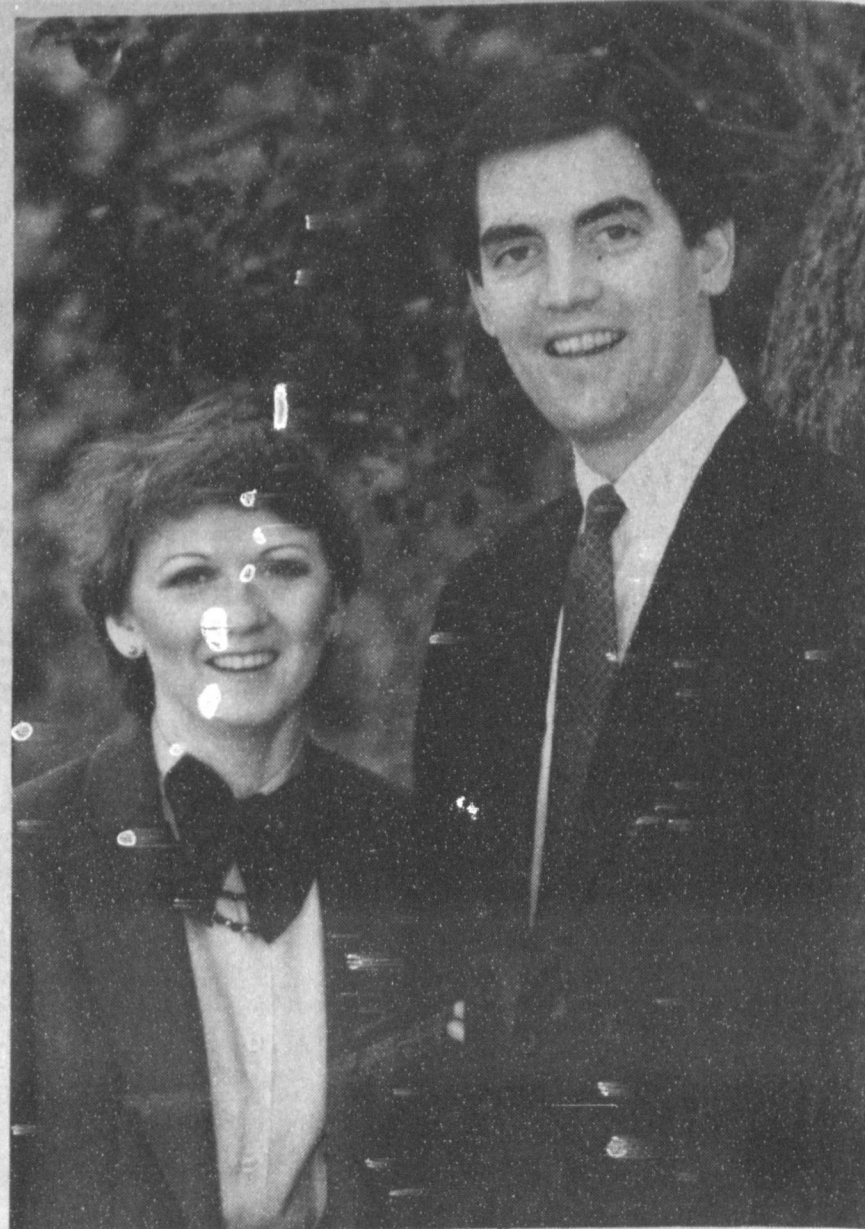

Members of the house party were Mr. and Mrs. Marshall Rawle, Mr. and Mrs. Doyle Sain and Mrs. Dusty Puckett. Rice bags were given out by Erin Williams.

Following a wedding trip, the couple are at home in Altus.

The bride is a senior in Altus High School and will be a spring graduate.

Sain is presently serving in the United States Air Force, stationed at Altus Air Force Base. He is a 1982, graduate of Muleshoe High School.

MR. AND MRS. PHILIP EVERETT DONALDSON  
(nee Elizabeth Ann Wood)

## Double Ring Ceremony Unites Miss Wood, Donaldson

Miss Elizabeth Ann Wood became the bride of Philip Everett Donaldson Dec. 29 in the Third and Dwight Street Church of Christ of Monahans. Everett Donaldson read the double ring vows.

The bride is the daughter of Mr. and Mrs. Dale Wood of Monahans and Donaldson is the son of Everett Donaldson of Mt. Sterling, Kentucky.

The sanctuary was adorned with an archway entwined with greenery and crowned with wedding bells and white doves. Spiraling candelabra flanked the archway and pews were marked with hurricane lamps.

Bonnie Howard and Nathan Wight sang "Wind Beneath My Wings" and Carter Scott sang "Annie's Song". Background choral music was performed by the Church of Christ Wedding Singers.

Given in marriage by her father, the bride was attired in a gown of dotted Swiss and white wedgewood lace. The Victorian v-shaped neckline was fashioned with schiffli embroidery edged with a wide ruffle of wedgewood lace. Satin bows accented the ball gown fell into tiers of wedgewood lace ruffles from a natural waistline and cascaded into a semi-cathedral length train. Her halo headpiece was made by her

grandmother and held a fingertip veil. She carried a cascade of navy and white silk roses interspersed with greenery and clouds of babies breath.

Terri Steen, sister of the bride, served as matron of honor. Bridesmaids were Kris Scott of Lubbock, Alice Wight of Kermit, Ellen Shewmate of Wickett, Kelly Wood and Jamie Carpenter.

Jennifer Robinson and Rebekah Robinson, nieces of the bride, served as flower girls.

Coby Wood, nephew of the bride, served as ringbearer.

Carter Scott of Sweetwater

attended the groom as best man. Groomsmen were Joe Myers of Mt. Sterling, Ky.; Greg Donaldson of Oklahoma City, OK.; Sid Sawyer of Stratford, Billy Dickerson of Nashville, Tenn.; and Wayne Wood.

Following the ceremony, a reception was held in the parlor of the community center. Lori Risser presided at the cake and was assisted by Michelle Hill who poured punch, at the bride's table.

Shawna Scmid and Mrs. L.B. Stevenson presided at the groom's table.

Jennie Lowe of Abilene registered the guests.

Mrs. Donaldson graduated from Monahans High School in 1982, where she was a member of the National Honor Society, 4-H Club and the Big Green Band. She is attending Abilene Christian University where she is majoring in agri-business.

Donaldson graduated from Montgomery County High School in Mt. Sterling, Ky. and from ACU where he majored in general agriculture. He is em-

ployed with the Gibson Land and Cattle Co.

The couple will make their home in Sipe Springs, Tex.

Wedding guests were registered from New Mexico, Kansas, Kentucky, Tennessee, Oklahoma, Stratford, Abilene, Sweetwater, Muleshoe, Kermit, Odessa, Monahans and Rule.

Mr. and Mrs. Bud Wight of Kermit hosted a rehearsal dinner Dec. 28 at K-Bob's Restaurant.

The bride is the granddaughter of Mr. and Mrs. Willis Wood and Mr. and Mrs. Gene Lowe; all of Muleshoe.

## Miss Denise Reeder, Soylular United In Marriage

The Reverend Steve Stephens of Farwell, officiated the double ring ceremony joining Janna Denise Reeder and Hakki Suha Soylular in marriage on New Year's Eve. The family ceremony was held in the home of the bride's parents, Mr. and Mrs. Louis C. Reeder, Muleshoe. The groom is the son of Mrs. Melahat Soylular and the late Suat Soylular of Istanbul, Turkey.

The bride, escorted by her father, was attired in a gown she designed and fashioned by her maternal grandmother. The ankle-length Victorian gown was of candlelight silk trimmed with antique pointed lace. The leg-mutton sleeves were fastened with baby pearl buttons. The bodice was fitted through the hipline and complimented with a wide hip sash tied on the left side. The skirt was finished with two wide ruffles trimmed in the matching lace. The two tier veil of illusion was attached to a small candlelight hat worn by her paternal great aunt over 50 years ago. The bride pinned an antique cameo that belonged to her maternal great, great grandmother, in the neck of the dress. She carried an old fashioned fan adorned with peach colored lillies.

Miss Bettye Davis, aunt of the bride, of Houston, was the maid of honor. Serving the groom as best man was David G. Reeder, brother of the bride, of Springdale, Arkansas. Little Miss Brittany Ebeling of Georgetown, Texas, presented the wedding rings on an ecru lace and satin pillow.

Nuptial Selections and the traditional wedding marches were provided by Mrs. H.E. Toles of Tuli.

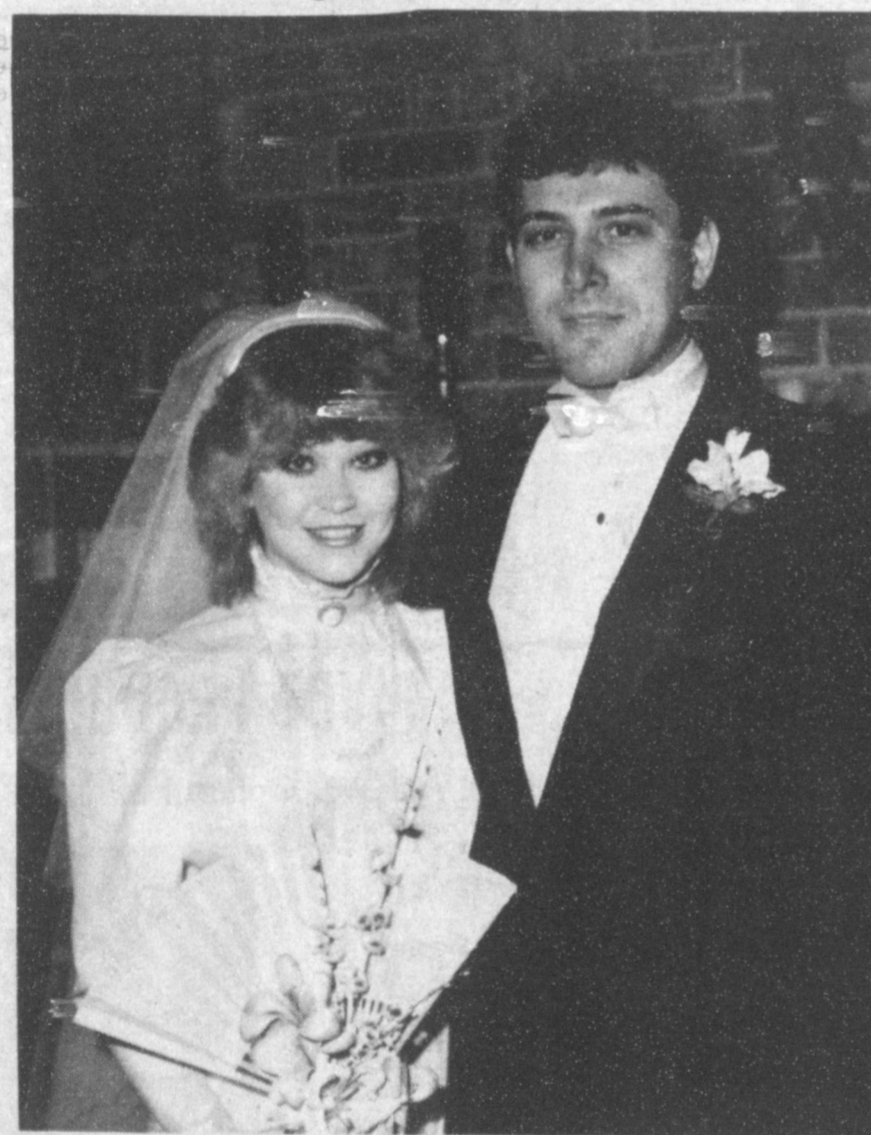

The bride's parents hosted an informal reception following the 3:00 p.m. ceremony.

Relatives coming from out of

town included Mr. and Mrs. H.H. Davis, grandparents of the bride; and Mrs. Beulah Reeder Waters, aunt of the bride, all of Arkadelphia, Arkansas; Randy Reeder, brother of the bride, wife Diana Reeder, and son Jeremy, also were present from Hereford. From Tuli, attending were H.E. Toles and granddaughter Andi Lott.

The bride is a 1976 graduate

of Tulia High School and a 1981 graduate of Henderson State University in Arkadelphia, Arkansas. The groom is a graduate of the University of Istanbul and also the University of Arkansas at Little Rock. After a short wedding trip the couple will be at home in Hot Springs, Arkansas, until fall when they will leave to spend a year in Istanbul, Turkey.

**Special Education Group Holds Discussion Meet**

A meeting was conducted last week by the Special Education Advisory Committee of the Muleshoe Independent School District.

Attending the meeting, conducted under direction of Betty Jennings, director of Special Education, were members Linda Marr, Joy Harris, Imogene Cole, Elizabeth Watson, Fred Mardis, Ben Gramling, Gayla Gear, Matilda Reyna, Sheryl Morris, Dorothy Green, Sue Johnson, Ginger Reedy, Venida Collins and Mrs. Jennings.

Discussed were the entire Special Education Program, including staff, students, and activities. The committee was

given a briefing on the results of the monitoring visit that took place in February, 1984.

Activities of the program for the school year 1984-85 were highlighted. These included: purchase of computers and tables for Special Education resource rooms; Chapter 75 and HB 72; new legislation for schools and S.O.S. (Sharing Our Services) Week sponsored by the Special Education Department in September, 1984.

Projects undertaken and discussed included Special Education Scrapbook, Special Education Handbook, a new brochure entitled Indicators of Special Education Needs; a SERS

(Special Education Resource System) catalog in the 1 process of being developed, new forms approved by Texas Education Agency, a curriculum entitled CLASS currently being used by Resource teachers to aid in writing goals and objectives on the Individual Educational Plan for each student in the program, and the contact hour register being kept this year to aid in determining funding for the school year 1985-86.

Also discussed was the new booklet, Parent and Student Rights to a Special Education in both English and Spanish. The committee was shown a copy of the page on which the student accounting process is kept up-to-date. This is known as SEMS, Special Education Management System. Mrs. Watson discussed the inservice already being planned for 1985-86 school year, and H. John Fuller, superintendent of schools, discussed the contact hour register.

Members were asked to give the names of any handicapped child living in the district who is not receiving educational services, to list additional needs to educate handicapped students, and for input regarding how often the Advisory Committee should meet.

**Red Cross Begins African Relief Drive**

The South Plains Regional Chapter of the American Red Cross has begun a campaign to aid the 185 million Africans currently affected by drought and famine. Funds raised will go to support International Red Cross efforts to buy and transport food, medical supplies and agricultural equipment to the most helpless victims of the famine.

The African drought, called by experts the most widespread in modern history, has affected more than 27 nations. Agricultural production has virtually disappeared in many regions due to the extended lack of rainfall. The resulting famine is killing an estimated 40,000 people every month.

Since many of the affected areas are land-locked, the International Red Cross is finding distribution to be one of the most difficult elements of African relief. In some cases, the cost of delivery can mount to three times the value of the food being distributed. And because of the civil strife in some areas, the Red Cross is sometimes the only agency allowed to conduct relief operations.

Richard Shubert, president of the American Red Cross, notes that the agency has been involved in Africa for more than fifty years. He also notes that it only costs four dollars a month to keep an African famine victim alive. Carl Hill, director of public information for the South Plains Red Cross, has sought to strengthen this image: "For a relatively small amount, say the price of a 'Cabbage Patch Kid,' an American family can keep an Ethiopian or Kenyan mother or child alive for six vital months, perhaps long enough for the drought to break."

All contributions earmarked for African Relief will be used solely for food, medical supplies, transportation and long-range agricultural aid to the affected areas. Persons who wish to contribute to African relief may mail their tax-deductible contribution to the American Red Cross, Box 36, Muleshoe.

**BAKER FARM SUPPLY, INC. CHANGES**--Curtis Carpenter and Jacquie Baker recently joined together at Baker Farm Supply, Inc. after Carpenter purchased stock in the long-established firm in Muleshoe. No major changes are planned in the operation of the company.

**Baker Farm Supply Sells Stock**

Jacquie Baker, who started Baker Farm Supply, Inc. at 1532 West American Blvd. in 1961, has announced that stock in the business has been sold to Curtis Carpenter, an employee of the business for the past several years.

Baker said he and three other local men started the business as a delinting plant, later added fertilizer. In 1979, Baker added a suspension plant, taking dry fertilizer and making it into a 'suspension' fertilizer. He said they also apply the fertilizer, as it is a very thick product, requiring special equipment for applying.

Also added in the interim years were tires, batteries and tillage tools.

They also maintain a large inventory of all agricultural chemicals; and lawn and garden supplies.

Baker and his wife, Wanda, are the parents of four sons, Rand, Craig, Brad and Scott.

Curtis and Shelli Carpenter have one daughter, Jessica eight months of age.

Both men have spent most of their lives in the Muleshoe area, and are graduates of Muleshoe High School.

**New Travel Service Comes To Muleshoe**

"Glenda Dale has been named a travel consultant with Linn Travel Agency of Lubbock", according to Fred Arthur President of the travel company.

This new position will add many new services to Muleshoe including reservations on airlines, hotels, cruises, theatre reservations in New York, as well as a host of other services all coordinated through Muleshoe.

As a travel consultant Glenda will take care of a great deal of the travel details and get back to local customers verifying their reservations.

Linn Travel consultants are backed by the computer reservations system called SABRE. SABRE analyzes over 495 different airlines serving 4500 destinations in a matter of minutes. This computerized reservations system searches for the best possible connection, determines your lowest fares, and prints your ticket, itinerary, and even your boarding pass on selected airlines.

This system along with five specialized service departments at Linn Travel can help insure travel that is as error free as possible. Linn Travel service departments include an accounting, commercial, sales, quality control, and a delivery department.

Glenda is the wife of Gary Dale of 1813 W. Ave. G. They have a son Mike and daughter Monica. Glenda is a former employee for over 20 years at Muleshoe State bank. Her travel background includes London, the Bahamas, Washington D.C., Hawaii, Las Vegas as well as other travel within the United States.

"Glenda will add a new convenience and service to Muleshoe", noted Fred Arthur. He went on to say, "Glenda now has the capabilities to coordinate worldwide travel for groups and individuals in Muleshoe and the surrounding communities."

## Letters To The Editor

(Editor's Note: The following letter was received late last week by Toni Eagle, manager of the Muleshoe Chamber of Commerce and Agriculture, who also acts as chairwoman of the Muleshoe/Bailey County Sesquicentennial Commission.)

Ms. Toni Eagle, Chair  
P.O. Box 356  
Muleshoe, Texas 79347

Dear Ms. Eagle:  
Thank you for submitting your application for Muleshoe/Bailey County 150th Committee's sanction as a Community. The application appears to be complete and well done, and it is evident that much time and effort has been invested by your organization.

The Sesquicentennial Commission will act upon the application at its next meeting. Congratulations on a good and early start, and good luck in your planning efforts!

Every good wish,  
Lee Storey\* Program Officer

Dear Editor,

I would just like to express my feelings about the letter in the Sat. paper.

By the contents of the letter it appeared all they see Muleshoe as is a drug center. Its not, yes, a large percentage of the kids I know have taken drugs, but what about those of us who don't take drugs.

Giving us things to do won't stop the drug problem either.

### Everett Barrett

#### Funeral Services

##### Held At Earth

Funeral services for Everett Barrett, 74, of Albuquerque, N.M. were held at 2 p.m. Friday, Feb. 8 in the First Baptist Church of Earth with the Rev. Mike Stafford, pastor, officiating.

Burial was in Earth Memorial Cemetery under the direction of Parsons-Ellis Funeral Home of Earth. Barrett died Tuesday in Presbyterian Hospital in Albuquerque.

A native of Montague County, Texas, Barrett was born July 16, 1910, and moved to Albuquerque in 1952, from Farmington, N.M. He married Mattie Curl on March 19, 1945, in Big Spring. He was a truck driver.

Survivors include his wife, Mattie; four daughters, Irene Sheek of Mancos, Colo., Betty Collins of Clarksville, and Billie Digby and Pauline Cook, both of Odessa; one step-daughter, Dean Yell of Midland; six sisters, Opal Lowe of Earth, Ruby Presley of Oklahoma City, Okla., Glynas Pillow of Plainview, Ruth Worthen of Burns Flat, Okla., Martha Allen of Canyon, and Betty Brooks of Hereford; one brother, Ben Barrett of Tacoma, Wash.; 16 grandchildren; and 23 great grandchildren.

There will always be those who'd rather go smoke pot, or take a hit of acid.

Why shouldn't kids take drugs? All we ever read in the paper now is how bad we are. Even the people who don't take drugs are looked down on! I just want people to realize there are kids in Muleshoe who don't take drugs, it seems like all people notice is the bad things.

### HOW SERIOUS IS THE DRUG PROBLEM?

By H. John Fuller  
Superintendent  
Muleshoe ISD

The glamorization of drugs and alcohol by the media and our society has made their use a serious problem among children as young as nine according to national statistics. How serious is this problem in Muleshoe? Probably no more serious than any other rural community, but even one youngster becoming involved in the drug market is one too many. I seriously question the manner in which statistical figures have been arrived at in the Muleshoe Community. There has been no systematic study to verify that even a small percentage of our young peoples are regular user of illegal substances. How serious is the problem?

Certainly 90% will be hard to verify! However, even if it is only 10-20%, it is a serious problem and needs to be addressed in a positive manner.

Loss of productivity in the workplace and increased traffic fatalities find some roots in the misuse of drugs and alcohol. Therefore, it is not just a problem for our schools, it is a community problem as well as a societal problem that needs to be addressed.

Developing an approach that can have a positive impact on a problem of such magnitude requires the participation of many segments of the community:

- \*Parents
- \*Youth
- \*Churches
- \*Schools
- \*Community Organizations
- \*Industry

One group that offers immediate help and that provides an outlet where various groups can pool resources and ideas in combatting the drug abuse problem is Texans' War on Drugs. Texans' War on Drugs offers:

**PARENT PEER GROUPS:** Organizational direction in establishing support groups to help parents cope with possible drug and alcohol problems in their homes and neighborhoods.

**YOUTH GROUPS:** Establishment of youth programs that emphasize drug and alcohol-free behavior.

**SPEAKER BUREAU:** The training of individuals interested in bringing current factual information on drug abuse to groups of any size.

**SCHOOL AWARENESS PROGRAMS:** These programs are designed to provide accurate and current information about drugs and alcohol and the potential health, social, and economic consequences associated with their use by young people.

**DRUGS AND INDUSTRY:** Education/awareness programs directed towards situations in the workplace.

**PARENT ACTION GROUPS:** Often growing out of parent support groups or coalition groups.

**COURT WATCHERS GROUPS:** Provide manuals of procedures for organizing concerned citizens in monitoring court cases involving drugs.

The Muleshoe Independent School District has an ongoing Drug Awareness Program for students in grades K-12, but is currently studying how to best improve this program and to integrate the schools efforts with other community groups. If you are interested in being an active partner in Drug Prevention, please contact the school administration office (272-3389) for additional information about possible programs for the community and the school or contact Beverly Barron (Region B Coordinator) for TEXANS' WAR ON DRUGS (1901 East 37th Street, Suite 209, Odessa, Texas 79762--915-368-5996).

## Sudan Basketball News

By Evelyn Ritchie

Sudan hosted a Junior High basketball tournament last weekend when the hometown girls won the championship and the boys won consolation trophies. Teams were entered from Sudan, Olton, Hale Center, Hart, Antwerp, Anton and Kress.

The girls defeated Olton, 41-21; Hale Center, 42-27; on their way to defeating Anton in the championship game. The boys lost their first game to Olton, defeated Kress and Spade to win consolation medals. The seventh grade Sudan Girls team were also in the tournament and beat Antwerp 28-12 in their first game, then lost close games to Hale Center and Anton.

In the Hornets win over Olton, they lagged one point 8-9 at the end of the first quarter but came back with a big second period with Kirkland scoring 13 points, S. Williams 2 and Newman 2 to give the team 17 quarter points and a halftime lead of 25-13. Sudan scored 15 second half points and although Olton went to the line 16 times, they were only able to put 2 points on the board. Kirkland set all scorers with 20 points, Newman added three FG for 6, S. Williams hit 2 FG and 1 for 1 FG for 5 points, Brotherton had 1 FG for 4, Bartley added 3 points, and Peck 2.

In the Hale Center game, Kirkland was again high point with 14 points after hitting for 8 points in the opening period when Sudan took a 14-5 point lead. They increased this to 26-10 halftime lead, and although Hale Center had a big finish they were unable to overtake the Hornets. Other scorers for Sudan were Newman with 11 points, S. Williams with 9, Brotherton and Tennyson each had 4. Sudan hit 6 of 11 from the line while their opponents hit only 2 of 13. Stats for the championship game were unavailable but the score

was reported to have been 38-17 with the eighth grade girls having little trouble winning the tournament.

Sudan Boys fell behind 11-4 in the opening quarter of their game with Olton but again came back with a big second quarter, scoring 19 points, to take the lead 23-19 before the halftime whistle blew. The local boys had a poor last half, scoring only one point in the third quarter and Olton took the lead and then went on to score 17 points in the final period to win the game 44-31. Maxfield was high point with 13 with Bellar scoring 10 points, Harper hit 3 FG for 6 points and Harrison added 2.

Kress was the underdog from the opening whistle in their game with the Sudan boys as Sudan took a 21-4 first quarter lead behind the scoring of Bellar and Maxfield. Bellar hit for 13 points in the opening period, Sudan added 10 points in the second period for a 31-10 halftime lead. Five Hornets scored in the third period, giving Sudan 12 second half points, as Sudan was scoreless in the last period. Although Kress hit for 11 points in the last quarter, Sudan hung-on for a 43-27 victory. Bellar added 2 points in the second half to lead the Hornets with 15 points. Maxfield hit 5 FG and 3 of 4 FS for 13, Harper had 3 FG for 6, Harrison scored 4 points, Holly and Gonzales each had 2 points, Salinas had 1 FS.

Sudan more than doubled Spade's score as the halftime buzzer blew 19-8 after leading 7-4 at the end of the first quarter. They again outscored Spade 9-4 in the third quarter, leading 28-12 going into the final period. Spade managed 12 points in the last quarter, going to the line 9 times but could not overcome the Sudan lead and the local boys claimed the consolation trophy with a 33-24 win. Bellar scored 12 points, followed by Harrison with 8, Maxfield with 6, Holly had 5,

and Harper 2.

Sudan got back on the winning track this week by defeating Anton and Cotton Center as they began the second half of district competition.

The Hornets took on Anton Friday night on their home court and defeated them 35-15, then came home to down Cotton Center here Tuesday night 59-40. Strategy for the Bulldogs seemed to be to 'hog the ball' in the Anton game, as the slow game allowed the Hornets only 4 points in the first quarter while Anton did not get on the scoreboard. Jeff Kinnie and David Wood each hit a field goal in the opening quarter. In the second quarter five Hornets managed to reach the basket for 12 points while holding Anton to 4 points, thereby giving Sudan a 16-4 halftime lead. The first free shot of the game in the later part of the third quarter as Wood added his seventh point of the game. The Hornets came back and scored another 12 points in the final stanza for a winning score of 35-15. Jerry Dodson hit 5 FG for 10 points to lead the scoring for Sudan, followed by Kinnie with 8 and Wood with 7. Johnny Williams hit one FG and 2 for FS for 4 points and Fisher and Kirkland finished the scoring with a FG each. There were only nine free shots in the entire game as Sudan went to the line six times and Anton three. This was not the case in the girls' game as Anton alone went to the line 19 times as Sudan received 20 violations with three players fouling out forcing Sudan to finish the game with only four players on the court. Sudan, however had no trouble with the scoreboard and won easily 60-18. Behind the scoring of Shawnda Masten and Shermie Powell, they took a big 17-4 first quarter lead and upped this to 30-6 by the half. Shermie Harrison had 6 FG and 4 of 4 shot from the line to lead the Hornets scoring with 16 points. Powell hit 7 FG for 14, Masten and Joann Wooley each had 6 FG and 1 FS for 13. Jeannia Nix added 2 FG for four points. The Hornets hit 6 of 10 FS while Anton sank 8 of 19.

Sudan Hornets took another victory Tuesday night over the Cotton Elks 59-40, in a somewhat closer game than their previous meeting. It was a slow starting game according to the scoreboard but not to the play of the score as it was a fast paced game with lids on both baskets. The Hornets managed three FG with Jerry Dodson hitting a turn-around shot in the first minute, Kinnie tied the game at 4-4 midway the quarter after Anton had hit 4 of 6 times at the line. Kirkland put in a rebound show with 2:30 left. Sudan tried to work the ball in for a good shot for some two minutes but turned the ball over on a pass as the buzzer sounded, leaving the score 6-4. Cotton Center tied the game beginning the second quarter and the score was close the remaining of the half with the lead changing hands rapidly. However, CC went to the locker with a 17-14 lead at halftime.

The determined Hornets got their act together and came out and hit a big 22 points in the third quarter with Kinnie beginning the scoring after fighting for a rebound. Jerry hit from underneath and Kinnie added a jumper to give Sudan a 20-19 lead before CC came back and recaptured it on FS. However, Sudan took the lead mid-way of the quarter as Fisher put in a rebound shot and Lee Bartley sank one from mid-lane, and never lost the lead as they ran up a 36-25 margin before the final eight minutes began when they again pounded the baskets with 23 points as Fisher sank a shot from the post position in the final minute. Dodson led the scoring with 22 points with 9 FG and 4 of 5 from the line. Kinnie had 5 FG for 10; Bartley had 3 FG and 3 of 4 for 9 points; Fisher, Kirkland and Williams all finished with 6 points each.

The Sudan Hornets hit for 20 points in the first quarter but fell short of the 100 mark by one point as they shellacked the CC team 99-12, as all five starters for Sudan sank shots in the first four minutes of play to give Sudan a 14-0 lead before CC got on the board with a FS. Wooley had 8 points during the first 8 minutes as she hit from underneath with less than a minute to go and CC added

their only FG in the last 30 seconds to give Sudan a 20-4 first quarter lead. The second quarter was about the same with Sudan scoring 27 points behind the scoring of six Hornets with Jeannia Nix sinking 9 points on outside shots, steals and fast breaks. Harrison added eight points on four under-the-basket shots. CC added their only score of the quarter mid-way as they got the ball in the backcourt and scored 39-6. The score was 70-10 going into the final period and Sudan continued to roll up the points as Coach Kirkland emptied the bench. Masten scored the 99th point as time ran out. Jeannia Nix led the scoring with a big 30 points, followed by Harrison with 25. Masten had 11 points; Wooley, 14; Keitha Scott, 8; Powell, 6; Melissa Nix, 4; Cindy Brotherton, 1.

The Junior Varsity Boys took a 34-30 victory over the Anton boys after leading 25-15 at the half. Sudan had a tremendous second quarter, scoring 17 points while holding Anton to 4. D. Williams scored 12 points for Sudan, followed by A. Williams with 5; Boyles was second with 8 points; Conley, Bartley, and Giggles, each scored 2 points and Donnell added three points.

The team did not fare as well Tuesday night against a powerful LCHS junior varsity team who took a big 14-8 first quarter lead; and although Sudan came back in the second quarter to score 11 points, they trailed 27-17 at the half. LCHS went on to win 50-39. Gardner and Bartley led the scoring for Sudan with 12 points each with Bartley hitting 5 FG and 2 of 3 FS. Gardner hit 4 FG and 4 of 7 from the line. Williams and Donnell, each scored 5 points, Boyles had 4 and Gunn 1.

The Junior Varsity Girls lost their game to Anton 23-22 after they led 14-10 at the half. They trailed by 2 points after the first quarter but hit 9 of 10 shots from the line during the second quarter to add 11 points in that period. They could manage only 5 FG during the game but hit 12 of 14 FS. Providence hit for 8 points; Crowson had 7; Powell added 3 and Brotherton and Peck each had 2.

**Soil Management Becomes Critical For Dryland Crop**

Because drought during the growing season is the biggest cause of reduced crop yields in Texas, water conservation through soil management is critical.

"Efficient storage of rainfall and its use by plants are dependent on an understanding of the role of soil and climatic conditions, and on soil and crop management practices," says Dr. Ed Colburn. Colburn is an agronomist in soil management with the Texas Agricultural Extension Service, Texas A&M University System.

Soil management affects how quickly the soil can take in water and how well it holds the water for later use, factors which are especially important for areas that receive little rain during the hot summer months except for intense but short thunderstorms.

"Continuous production of crops such as cotton depletes the soil of organic matter, causing it to become hard and dense and often forming a nearly impenetrable crust," says Colburn. "Organic matter aids the soil in holding water, it decreases runoff, it improves aeration--especially on fine-textured or clay soils and it improves soil tilth by binding individual soil particles into small granules."

Crop selection is also an important factor in use of available water in low rainfall areas, notes the agronomist.

Crops such as cotton, grain sorghum and wheat may produce an economic yield in dry regions where others such as corn, soybeans or commercial vegetables would not because of their higher water requirements.

"Maintaining adequate crop residue on the soil surface after harvest minimizes runoff and evaporation losses and enhances water infiltration and storage," Colburn says.

Conservation tillage systems have received considerable attention in recent years because of their potential for conserving soil and water. Research has shown that conservation tillage may increase crop yields, Colburn says.

Tillage operations which break up compacted soil, leave large amounts of surface residue and a rough surface help to improve soil moisture conditions and can even allow double-cropping," Colburn says. "Wheat has been successfully double-cropped with soybeans, grain sorghum, sunflower and guar in Texas."

Soil compaction can be alleviated in some soils by deep tillage, particularly subsoiling and chiseling, he says. Subsoilers and chisels are used to break through and shatter compacted soils, loosening the soil without inverting it.

"Chiseling and rebedding over chisel marks on row crops may help store additional mois-

ture and permit increased root penetration," adds Colburn. "But to be effective a deep tillage operation should be completed before significant periods of rainfall so the soil can store water."

Furrow diking--mechanically placing mounds of soil at intervals across furrows to form small basins--has also been shown to increase water absorption and therefore significantly increase crop yields, Colburn says.

"Contour farming is one of the easiest and most widely accepted water conservation practices," adds the agronomist. Its main advantage is that it helps hold and conserve rainfall on the land--particularly important in low rainfall areas. However, Colburn adds that contour farming should be used in combination with crop rotation, a sound fertilization program and good residue management.

It is much better to be envied than pitied.

**WHY DOES THIS 4450 COST \$6,816 LESS THAN THE LAST ONE WE SOLD?**

It's simple. This tractor is equipped to keep initial cost low, but still deliver John Deere efficiency and productivity.

Quad-Range... now the standard transmission for 4050, 4250 and 4450 Tractors equipped with exclusive Caster/Action mechanical front-wheel drive... costs less.

Ordering standard gauges and an analog (dial) tachometer

also saves money. Specifying the standard seat suspension system saves still more. And ordering offset cast rear wheels with 6-ply-rated tires on 96-inch axles cuts

cost even further. In addition, this tractor was ordered without the popular, but optional, front fenders and dual electric horns.

That's the sum total of differences, but the differences total \$6,816... a tidy sum. See us for more details on the right way to order a new 100-hp 4050, 120-hp 4250 or 140-hp 4450. You can still get the best... but for less.
