Parkway Optimist Club to Recognize Outstanding Young People at Banquet

New Life Mission Co-Director To Attend Convention

Mrs. Ruth E. Tracy, co-director of New-Life Mission will leave Wednesday to attend a Contract-Life-line international convention in Chicago, November 14-16 inclusive. This convention is for the purpose of sharing and training for the directors of telephone ministries throughout the world.

New-Life Mission sponsors such a ministry in Lubbock, known as The Listener. The Lubbock Association of Churches is sponsoring Mrs. Tracy's trip to Chicago and she will give a full report to that group on her return.

The training will deal with the unique nature of telephone minis-

Opening Set For New Club

The Supreme Soul Center, 1720 Avenue E, is set for a grand opening this Saturday evening.

Bob Newton, president and manager of the Teki Kai Club for the past 3 years, will manage the Supreme Soul Center. Bob guarantees the best bands possible for dancing and listening enjoyment. The Center will be open for dancing from 7 p.m. to 2 a.m. 7 days a week.

Bob is a native of Lubbock, and except for 10 years in the Marine Corps, has lived here all of his life. His wife, Jeaneen is from Idaho. The Newtons have 3 daughters, Mary Ann, 16, who attends Monterey High School, Bobby Lynn, 13, and 12-year-old Dottie Lee are both students of Q. L. Slaton Jr. High School.

Bob asked everyone to come out Saturday and take in the Grand Opening celebration at the all new Supreme Soul Center.

South Plains Boys Club Will Open Basketball Season

Registration for basketball will be conducted Tuesday through Friday of this week at the South Plains Boys Club, 1801 East 24th, which include clinic following the registration.

Boys 8 to 10 years old will register at 4 p.m. and boys 11 to 12 years will register at 5 p.m.

The unit director, Theodore Phea, Jr., will be assisted by Physical directors in conducting the clinic.

The boys will receive instruction in fundamentals, shooting, dribbling, passing, screening, pivoting and other aspects of the game.

After registration and four day clinics, the teams will be organized and regular league play will begin November 17. Each team will play approximately two games each week. Regular league play will continue through February 1970. Individual members of winning teams will receive silver basketballs and league winners will receive trophies. In addition, outstanding boys of each league will receive sportsmanship awards.

An all star team will be selected in each age division at the boys club.

tries, areas of need and resources, penetration & trends. Subjects to be dealt with include: training, selection & assessment, aftercare and group therapy, when & how to introduce the Christian resources, the personal resources of counselors, place and importance of public relations, and how to become persons who can be used by God.

The material will be adapted and incorporated into the regular Listener training program here. In addition, Mrs. Tracy plans to use it in assisting a group in Amarillo with whom she will meet on November 25th for the purpose of helping them to establish a similar ministry in that city.

Residents of Lubbock interested in working as volunteers in The Listener Ministry are asked to call P03-3818, Mrs. Nollie Sullins (coordinator of volunteers) Sh4-5337, or Mrs. Iris Rogers SW9-3424, for more information.

Ministerial Alliance Meets Monday

Carter Chapel will host the Ministerial Alliance Monday, November 17 at high noon. All ministers of the city are invited to attend. This is the regular business session of the Alliance.

The Ministerial Alliance annual Thanksgiving service will be held Wednesday, November 26 at Bethel A.M.E. Church. Rev. Adolphus Cleveland, minister of New Jerusalem Baptist Church, is speaker for the occasion. The Federation of Choirs will furnish the music.

Stationed in Viet Nam

U. S. Army Spec 4 Eugene Lawson, Jr., son of Mr. and Mrs. Eugene Lawson, Sr., of 1804 East 27th St., has been assigned to the 52nd Artillery Group near Pleiku, South Vietnam. He will be a supply clerk with the unit.

Spec. 4 Lawson's wife, Ulinda, lives in Lubbock at 2435 East 28th Street.

Final Rites Read At Denton For Lubbockite

Final rites for Mrs. Ida M. Booker, 72, of 1605 Beech Avenue, were held Monday afternoon at 2:30 p.m. in Denton, Texas with burial in Oak Cemetery in Denton under direction of South Plains Funeral Home of Lubbock.

The Parkway Drive Optimist Club will recognize three outstanding young people of the City of Lubbock at a banquet Tuesday night, November 18, at 7:00 p.m. in Furr's Cafeteria, 34th and Avenue H. The speaker for this event will be Mr. Pete Regus, Director of Athletics for the Lubbock Public Schools.

These young people were selected from nominees submitted by interested citizens of Lubbock. They will be presented plaques or pins as a token of appreciation and recognition for their contributions in either the area of heroism or citizenship. They will be accompanied by their families and friends at the banquet.

Approximately seventy five people are expected to attend this banquet, which is held in conjunction with Optimism's "Youth Appreciation Week."

Southwest Optimist Club Sponsors Reece AFB Visit

The Southwest Optimist Club, in conjunction with "Youth Appreciation Week," is sponsoring 21 youngsters today, Thursday, on a tour and involvement session at Reece Air Force Base.

The twenty-one youngsters, selected from the five local high schools will be guests of Reece officials today, and at the same time will participate in various phases of operations at Reece.

Death of Mrs. Gaines Ruled Self-Inflicted

Death by self-inflicted gunshot wound was the ruling given Monday by Justice of the Peace Wayne LeCroy in the death of Mrs. Gloria Woods Gaines, 29, 1515 Avenue C. Apt. 3.

Mrs. Gaines was found lying on a bed with a bullet wound in her head last Sunday and was pronounced dead on arrival at Methodist Hospital. Investigating police officers said a note and a .38 caliber pistol were found near the body.

Mrs. Gaines was discovered by her husband, Autry Gene Gaines of 2929 East Auburn Avenue, and a manager of the apartments, Rosemary Hamilton. According to police, Mrs. Gaines was a Tech student.

She is survived by her husband and several children. Services were pending at Sedberry Funeral Home at this report.

Lubbock Man Shot Here

A Lubbock man was listed in fair condition this week at Methodist Hospital after receiving a bullet wound in his forehead.

The man, O. G. Gleen, 41, of 2224 Redbud Avenue, was apparently shot with a .22 caliber pistol last Saturday morning according to police.

Police said that Glenn admitted that a woman shot him. A lady was questioned by police but no arrest was made.

WAC Stationed in Germany

Lamesa-Miss Freddie Mae Hunter is a graduate of Blackshear High School of Lamesa, Texas, and Tyler Beauty College. She is the daughter of Mr. and Mrs. Red Hunter of Lamesa.

Freddie Mae has been serving as a WAC in Germany for the past year and reports have it that she is "Just crazy about the West Texas Times."

Tragedies Always Bring Results Here

Why is it that it seems necessary for a tragedy to occur before results can be obtained in our community? This newspaper, the West Texas Times, can recall an incident several years ago when a high school girl was killed at the intersection of Redbud Avenue and East 28th Street, partly due to the absence of stop signs in the area. This brought about the making of a four-way stop at that intersection.

It's bad to say, but the death of the girl made it possible for this neighborhood to receive stop signs.

Last week this newspaper, along with many interested people, other newspapers, radio and TV stations stated publicly that the need is past due for a Juvenile Detention and Diagnostic Center for Lubbock County. Once again, this was brought about because of a tragedy. The terrible death of a 15-year-old boy while in custody of authorities in our local facility.

Everyone has been moved, too late unfortunately, to raise a hue and cry for facilities that have been proved needed for a long time. Now, after the fact again, we find everyone rallying to the cause. Let's hope that common sense will prevail in this effort and we can find everyone working together to make this dream a reality.

Rumor has it that if someone, or something, doesn't get started immediately, demonstrations and disorder may follow that quickly to prove to our elected officials that the public means business. This would not only be in very bad taste, but probably detrimental to a good cause.

No public official would be caught dead at the present time standing against the idea of being for a Juvenile Center. However, the elected officials will not have the last say in this matter. The public must vote on, and vote for, the necessary bonds to provide this facility.

We hope our readers will not become a part of any demonstration that will give this cause a "black eye" in the opinion of the public—we need their support, certainly not bad feelings on their part.

Will Lubbock Accept the Goals for the Seventies?

Last Tuesday evening at the annual Chamber of Commerce banquet, goals for the next decade were presented by Committee 70 who was charged with this program of work. It is the hope of the "Times" that the goals presented by this committee will be used in a constructive manner.

Further, it is the hope of this media that the people of the community be involved in deciding the priorities on these goals. For one, the sub-committee on "Involvement and Contribution" has spelled out in detail the necessity of the total community becoming more concerned about the welfare of our city.

Why not make the Goals for the 70's work. After all, it is up to the public to make that decision.

Austin—Prospects of whopping new tax bills may face Texans in 1970, 1973 and 1975 and a critical housing shortage within the next decade is likely.

Texas Research League heard the bad news at its 17th annual meeting here.

James W. McGrew, new Executive Director of the League and one of the state's top fiscal authorities, warned of the coming "decade of tax crises" like that of 1950's.

McGrew sized up the 1971 tax bill at least \$270 million and maybe as much as \$400 million. Furthermore, he predicted, a bigger one will be in two years later and one not quite so big in 1975.

Standby sales tax (now at four and a quarter per cent in many areas) may be near its "political limitation". Implication was clear that new tax trails will have to be blazed.

Gov. Preston Smith said half the state's 2,803,000 housing units are "inadequate or substandard." He requested the League to study the problem and come up with recommendations as to the state's role in the housing field.

Housing shortage may reach "crisis proportions" in two years. Smith told League members, Needs over the next decade he forecast, will demand \$1.5 billion worth of construction a year in Texas. Within the same period, he said, housing will have to be found for 875,000 new Texas families and slums and overcrowding must be eliminated.

Greatest prospect for solving problems of slums, contended the governor, lies in "effective programs of governments to assist slum residents in becoming home owners." Public housing and rent supplements, he maintained, "tend to isolate segregate and spotlight the poor, while providing no long-range changes in their situations."

Smith suggested a statewide building code may be needed and State Housing Authority may be helpful to coordinate efforts of the U. S. Department of Housing and Urban Development with local governmental units.

Appointments—Governor Smith has nearly 1,000 appointments to make to more than 100 State boards, commissions, and study committees.

It is a difficult time-consuming task. In most instances, his trouble is in finding a capable "candor" type of man or woman who will or is allowed to accept an extra job, which is usually a non-paying one.

Here are some of the major, new appointments by the Governor:

Chairman, Board of Mental Health-Mental Retardation: Ward R. Burke, Lufkin attorney.

Texas Air Control Board: Dr. Willie Lee Ulich, Texas Tech Engineering Professor.

Texas Liquor Control Board: Joe W. Burkett Jr., Kerrville Attorney; (reappointment).

Board of directors of the Red River Authority: Joe B. Wolverton, Wichita Falls, and Jim Beeson, Memphis.

Egg Marketing Advisory Board: George J. Laughead of San Antonio and John H. Nash Jr., Austin; Jack M. Dubose, Gonzales; Boyd H. Hilley, Lamesa; Gary H. Pace, Fort Worth, and D. W. Reneau, Seguin, (reappointments).

Private Employment Agency Regulatory Board: Mrs. Carrie Lou Brandon and Miss Jacqueline Virginia Johnson of Dallas, Mrs. Geneva B. Boren of Lubbock, Victor L. Koenig of Houston, Comer Leon Slaton of Fort Worth, Joe Earl Lassiter of Abilene, Berlin Vance of Amarillo, M. David Lowe of Houston and Vard Langdon Miller of Fort Worth.

Texas Southern University Board of Directors: Dr. Raymond D'Hart Douglas of Jefferson, Rev. Marvin Collins Griffin of Austin and Andrew Leon Jefferson Jr. of Houston.

Texas State Board of Licensure for Nursing Home Administrators: Mrs. Wanda Morgan Iltis of Gonzales, James Pascal Baker of Lufkin, Francis Austin Flynn of Austin, Dr. Wilfred George Milington of Nixon, Mrs. Johnnie Marie Benson of Fort Worth, Virgil Newton Maxwell of Houston and Arthur B. Taylor of Vernon.

State Board of Plumbing Examiners: William Howard Williams of Houston.

Ballot Spots Picked—Proposed constitutional amendment to legalize the sale of liquor by the drink will be in the second spot on the Nov. 3, 1970, general election ballot.

Here's how drawings for other ballot places by Secretary of State Martin Dies Jr. came out last week:

No. 1—Provision for removal, censure or retirement of appellate court judges and justices of the peace by a new Judicial Qualifications Commission.

No. 3—Uniform method for assessing farm, ranch and forest lands on a capability to produce basis.

No. 4—Making the State Building Commission a three-member appointive agency.

No. 5—Authorizing counties to issue road bonds up to a fourth of assessed valuation on vote of taxpayers.

No. 6—Increasing value of homesteads exempt from forced sale.

No. 7—Providing for consolidation of local government functions and interagency contracts for performance of governmental services.

Disappointing Lease Sale—School Land Board got disappointing results from its sealed bid oil and gas lease sale on public school lands. High bids averaged only \$36 an acre, lowered by the \$15.52 per acre average of over 16 thousand acres leased in El Paso County where there is no oil or gas production.

Land Commissioner Jerry Sadler said the indications from Congress that the 27.5 per cent depletion allowance will be cut undoubtedly hampered bidding. Also, sales scheduled for Louisiana and heavy spending on Alaskan leases cut the bids.

Of 770 tracts offered, only 184 drew bids. Total high bids were \$4,113,468.60.

Courts Speak—Supreme Court split six to three in upholding the constitutionality of the Controversial Saturday-Sunday closing laws. Chief Justice Robert W. Calvert wrote the dissenting opinion contending that the statute prohibiting the sale of 46 items on consecutive days of weekends should be knocked out.

High court granted a writ of error and agreed to hear oral arguments on December 10 on Houston landowners' complaints that the YMCA should not be allowed to erect a building in Houston's Post Oak Estates subdivision where lots are a minimum of three acres in size.

Supreme Court rejected the appeal of a Dallas man who claimed part interest in vast holding of oil-businessman J. D. Wrather Jr.

Reversing an intermediate court and affirming a trial court, the state's top civil court held that neither party in a Gregg County auto accident case was entitled to damages.

Dear Editor:

Since our presentation of the nutritional needs of the less fortunate students attending our Lubbock elementary and secondary schools to the Board Members of the Lubbock Independent School District and having received excellent coverage in the *Avalanche-Journal* and on the news media this past week the following statements may help to clarify several matters relating to this program. Since the L. I. S. D. takes part in the National School Lunch Program it received \$364,407 in U. S. D. A. Food Commodities and Cash Reimbursements to help support the School Lunch Program.

The first requirement for participation in the National School Lunch Program to receive these federal contributions is that free or below cost meals be furnished all needy children (Federal Register, Vol. 33, No. 207 - Wednesday, October 23, 1968).

Presently the L. I. S. D. is spending \$70,080 of this federal contribution to feed 1,000 of the 3,078 children whom they have found to meet the criteria for free or below cost meals; the other 2,078 children must go hungry (L. I. S. D. Memo to Principals from Linus Wright, October 1, 1969). The remaining federal contribution \$294,327 supplements \$1,205,705 received in lunch payments from students in order to keep the lunch program on a self-sustaining basis. Not one cent of tax money accrues to it (L. I. S. D. -Lunch-

room Operation Report, June 12, 1969).

According to the L. I. S. D.'s policy a child is eligible for free lunches if the total family income after subtracting the monthly rent or house payment is less than \$20 per month per family member; is eligible for reduced price lunches if income is between \$21 and \$34 per month per family member.

We ask your readers to contact Members of the School Board and attend the next School Board Meeting so that all children enrolled in our schools will be properly nourished in order to attain their potential.

Dear Sir,

Congratulation on your very fine editorial of November 6 reminding your readers of the dire need for a Juvenile Detention and Diagnostic Center.

I trust that you will keep the issue before the public until the talk, the dream, the vision becomes a reality.

Police Beat

Our Children Really Need Our Help

At last we have begun to function with a plan of action to get a detention and diagnostic center in the City of Lubbock. Here is something else we need. We need to really start reaching our young people at an early age.

I couldn't help but gain some fruitful information from Mrs. Norma Austin, 2204 Date Avenue the other day. Mrs. Austin made it perfectly clear that our children really need our help. In our discussion, we got off on the subject of parents not really caring about these young people.

Mrs. Austin, like others in the community, keeps children who really need help. These children are taken care of by the welfare department and people like Mrs. Austin make it possible for these young people to receive some of the motherly love in this day and time.

Yes, our children really need our help. Why not keep this thought with us each week as well as the need of a juvenile detention home and diagnostic center in our area. Believe it or not; it's definitely a true situation.

Theft

Rachel Wilson, 229 Cherry Avenue, reported to the Lubbock Police Department that someone came into her yard one day last week and took a girl's bike.

She has no idea who could have taken the bike. It was valued at \$15.

Pool Hall Fight

A Lubbock man told police last week that he was in a pool hall enjoying a good game of pool and, at the same time, tried to sink his eight ball shot when a 19 year old youth attacked him.

The man told police that he was hit with a pool cue and marks of the cue striking the man was quite obvious.

Theft

Ida Mae Brown, 1601 Avenue D, reported to the Lubbock Police Department that a man—approximately 48 years of age with possible identification—did take her purse which contained \$27 in cash and a wrist watch valued at \$40.

The man apparently fled after the incident.

Theft

Here's one that could happen to anyone. You see, Leo Smith, 702 Avenue D, reported to the Lub-

bock Police Department that three men were visiting with him and another subject. We all know that when friends get together, there's bound to be some interesting discussion.

Interesting discussion it was. It was so interesting for all concerned that when the friends had gone on their merry way, Leo's camera was missing.

Perhaps Leo is not saying that his friends hit him for the camera, but he is saying that it's awful funny it got lost when they did leave. You be the judge of this one.

Police Beat Prayer

Dear Lord, please help us to contribute something to our young people. Let us show our young people that we want to help them; rather than hurt them. AMEN.

Tract 7 Cab Election

Residents of Tract no. 7 in central Lubbock will elect a representative to the Community Action Board Monday at 8 p.m. meeting in the Reddy Room of Southwestern Public Service Company.

Tract 7 is bounded, beginning at Avenue Q and 19th Street, east on 19th to Avenue H; north on Avenue H to 15th Street; east on 15th to Santa Fe Railroad, northwest on the railroad to 4th Street; west on 4th Street to Avenue Q; and south on Avenue Q to the starting point at Avenue Q and 19th Street.

The Community Action Board is a civic agency designed to help coordinate health, welfare and educational services to improve conditions in Lubbock County.

The person elected must be at least 18 years old and a resident of Tract no. 7. He will meet with the CAB the fourth Tuesday of each month.

City Wide Mission Meet

Last week the City Wide Mission meet in the home of Mrs. Mary Sterling, 3207 Teak Avenue. The meeting began with the usual spiritual interest and fervor.

Three members became new members. The next meeting will be held with Mrs. Lillie Mae Parks on Friday, November 17. All members are urged to be present and new members are solicited and visitors are always welcomed.

Let's make this work a big success. We can with full cooperation. President is Sister C. E. Fair; secretary, Sister G. H. Davis; and chaplain is Sister Mary Sterling.

Dunbar Drops Last Game of Season to Colorado City Wolves, 6-3

Depending upon where you sit, or live, Colorado City stands in excellent shape Friday night.

The Wolves, who took advantage of a big third quarter break Saturday night to end Dunbar's season, 6-3, play host to defending state champion Estacado.

Playing host to Estacado Friday night, or any other night, might not seem to be an enviable position. On the otherhand, any slip by the mighty Matadors could be the opportunity for the underdog wolves to stage an upset of major proportions.

Colorado City showed a rugged defense in beating Dunbar, which ended its campaign with a 6-3 mark and 2-2 in District 3-AAA's north zone. The Wolves now have a 7-2 ledger with a 2-1 in league play. The few times that Dunbar threatened, the Wolves choked off the attempts and held the explosive Panthers to a field goal.

A disastrous fumble by Earnest Davis, recovered at the Panther 21-yard line, set up the game's lone touchdown. Dunbar held, but on third down, David Garcia sneaked behind the Dunbar defenders, grabbed a pass from Steve Vest and finally was nailed by Skillet Meredith at the one.

That tackle only averted a score temporarily. Skip Maines bulled over on the next play and the game was as good as over, with 20:42 left in the contest.

R. B. Young put Dunbar on the scoreboard in the second period with a 22-yard field goal. That boot capped a drive that had started on the Colorado City 46 and was led by Milton Crittendon. Harold Gentry and Ronald Kinner banged to the seven, but the Wolves tight-

ened, knocked down a pass in the end zone and forced the field goal.

The stern Dunbar defense, aside from the one touchdown, held Colorado City pretty well in check. The Wolves twice were thwarted by the Panthers when apparently on their way to scores and they gained only 83 yards rushing, to Dunbar's 159.

But the Wolves picked up 85 yards passing to only 16 for the Panthers and were short, by only 175 yards to 168, in total offense.

Kinner was the leading rusher for the Panthers with 47 yards on eight attempts, while Garcia led the Wolves with 84 yards on 21 tries. Kinner went over the 600-yard mark in this game.

Youth Attend Tulsa Conference

Twenty community action youth representatives will attend the Heartland White House Conference in Tulsa, Oklahoma, November 11-13, as representatives

designated by Governor Preston Smith.

Representing youth from poverty areas, the 20 were among representatives who met with Governor Smith in October to discuss youth problems and possible state action in solving them. Both conferences-state and regional-are preliminaries to a White House Conference planned by Vice President Spiro Agnew.

Meeting at the Mayo Hotel in Tulsa, the conference will cover such topics as moral values, youth dissent, generation gap, drugs, racial attitudes, youth alienation, sexual attitudes, religious attitudes, student power, and youth's search for identity.

Speakers at the conference will include Dr. Joseph H. Douglass, coordinator of the 1970 White House Conference; Dr. Price M. Cobbs, psychiatrist at the University of California; and Dr. Jacqueline Grennan Waxler, former president of Webster College.

Bits of Afro-American History for busy newspaper readers: The Association for the Study of Negro Life and History, Inc., (non-profit) has joined with Publishers Company, Inc., in presenting a new series of volumes which treat in detail the cultural and historical backgrounds of black Americans. This series is now available in several city and county libraries in the Permian Basin as well as the Midland County Library. This association was founded in Chicago on Sept. 9, 1915, by Dr. Carter G. Woodson, who three years earlier had been awarded the degree of Doctor of Philosophy in American History from Harvard University.

In 1916, Dr. Woodson began publishing the quarterly *Journal of Negro History*. In 1924, *Negro History Week* was launched and since that time it has continued on an annual basis in the month of February, falling between the birth dates of Abraham Lincoln and Frederick Douglass. The *Negro History Bulletin* was first published in 1926 to serve elementary and high schools as well as families by making available to them little-known facts about Negro life and history.

Bellringer Notes: The Thirty-Eighth Session of the District Council (Abilene District-including Midland area) adopted a resolution asking President Nixon to withdraw the nomination of Judge Clement Haynesworth as an associate justice of the U. S. Supreme Court because of expressed views in lower courts on labor and civil rights. The National Black Economic Development Conference has elected Reverend Mr. Calvin Marshall, a pastor of the African Methodist Episcopal Zion Church as its national president. He lives in New York. The National Conference of Black Churchmen is headed by Bishop H. B. Shaw of the same denomination.

Correction—We were quoted as calling the National Association for the Advancement of Colored People "Subversive or Communistic" in some of our releases to various publications of the Southwest last week. The line should have read thusly: "The NAACP (as an organization has

never been called subversive or communistic by any agency of the U. S. Government and the NAACP believes that the courts not the street, are where democratic victories are won". End of quote. We regret the error readers.

S. I. Hayakawa, picturesque acting president of San Francisco State College is reported once blasting rioting students with "Get the hell out of here". Again, he once asked the trustees of the institution to invite Mahalia Jackson to sing in the quad to "sooth wayward souls." That's getting with it Mr. President. Incidentally, Hayakawa served as a columnist for the noted black Chicago Defender Daily Newspaper.

This column has learned that the Houston police department's school launched a year ago or more in which "Interracial Psychology" is taught is quite a success. The purpose of the program is to bring police and community together in psychologically controlled situations where habitual stereotypes can be exposed and demolished. Conversation and confrontation among black, Mexicans and whites is not random, Dr. Melvin P. Sikes points out. Rather it is focused on the most provocative subjects: police beatings, hate name calling, interracial couples, riots, fear by psychologists who encourage both expressions of hostility and subsequent reconciliation.

Houston's Mayor is convinced that the program in the police school is in large part responsible for the city's comparative racial calm over the past months. The entire community-police relations program is formally called: "Houston Cooperative Crime Prevention Program" and is the brain child of Dr. Blair Justice, a Rice University professor. "We do not intend to ever have another TSU incident", he adds.

To Mr. B. N. The 61st convocation of the Churches of God in Christ, elected Bishop J. O. Patterson, Sr. as presiding bishop of the three million member faith. Bishop Patterson lives in Memphis, Tennessee and is the father of Memphis city councilman, J. O. Patterson, Jr.

Great quotes of recent date: "Southern Baptists will have an increasing welcome for the Negro not as a pat on the head to a little boy, but as a peer. We have definitely turned away from racism, segregation and anything that speaks of a separation of the people in the body of Christ. End of quote by Dr. W. A. Criswell, president of the Southern Baptist Convention.

On the Black Ministry By admitting we have a great deal of part time ministry in our churches and commending those who are determined to stick with the level commensurate with their education, we can have a more vibrant church and a more productive ministry. C. R. C. of Aiea, Hawaii.

New Mexico Notes—Recently this column interviewed Lenton Malry, the first Negro to ever be elected to the New Mexico House of Representatives. He was elected in 1968 and will face re-election next year. Malry is principal of one of the Albuquerque municipal schools, an active churchman and civil rights worker who is well liked and respected by most of his co-workers. It was remembered during the course of the interview that this correspondent pioneered for black representation in the lower house of New Mexico some eleven years ago when race relations in the state were much more tense with various ethnic groups than they are today. We allowed our name to be placed on the ballot and then waged an active campaign, receiving more Anglo votes than black ones. Malry cited the fact that Lea County, New Mexico has the largest black population in the state and for some unknown reason, is without black representation to this day. New Mexico has a dominant Spanish speaking population and in many areas, especially in the central and northern parts of "the land of Enchantment" they wield terrific "Brown Power". The present governor is married to a Mexican-American. Can't figure what he is mixed up with. A great guy tho.

Midland-Odessa Spots—Permian Basin residents are making big preparations to observe the Thanksgiving holidays. If you are a bellringer and will be going out of the area, drop me a line and I'll let the readers know about it. Box 1204 Midland or in New Mexico, Hobbs at P. O. Box 1224.

Some thirteen persons (mostly black) have met violent deaths in the Midland area alone this year, according to news reports. Latest victim is Alfred James, 51, killed Wednesday, November 5. James lived at 405 S. Jackson St. in the Tall City. He was employed by a Janitorial Service Co. He is the son of Mr. and Mrs. D. James of 1104 East Industrial St. Funeral was held at Jackson Funeral Home on South Luke.

New Location for Hanging Gardens Salon of Beauty

Mrs. Dub Rogers cut the gold ribbon at 10:00 a.m. Wednesday, November 5, officially opening the doors of the Hanging Gardens Salon of Beauty at their new location in Modern Manor Shopping Center.

Beth Caffey, manager, ably assisted by the other four operators, Ruth Ann Stewart, Carol Snapp, Jeannie Gribbs and Anna Kay Foerster, served refreshments of punch, coffee, cake and cookies. Vaudaline Thomas, owner, greeted the guests and made everyone welcome.

Numerous floral gifts conveying best wishes for a successful future were sent by customers, neighboring merchants and friends. A Figurette girdle, free hair styling of a wig piece, a free manicure and gift certificates for Luzier Cosmetics were presented to lucky ticket holders.

Hanging Gardens Salon of Beauty is located in Modern Manor Shopping Center, 4222 Boston Avenue.

Smith stated: "For 17 years, the Lions Camp for Crippled Children at Kerrville has provided two weeks of summer fun without any cost whatsoever—to more than 11,000 blind, deaf, mute and crippled children of Texas.

"In recent years, through its Rehabilitation Program for the adult blind, the Camp has helped more than 700 Texans to return to the sighted world as productive citizens.

"The Camp for children operates during the three summer months and the balance of the year is devoted to the adult training program.

"Lions is an international organization whose motto is, "We Serve," and the efforts of Texas Lions in behalf of crippled children, the deaf, the mute and the blind have contributed much to the welfare of these disadvantaged citizens of Texas.

"All citizens of Texas take great pride in this worthwhile project sponsored by the Lions Clubs of Texas."

Astronomy—Astrology is Program Topic for November at Museum

"Astronomy vs. Astrology" is the topic for the November Planetarium lecture-demonstration at The Museum on the campus of Texas Tech University each Sunday at 3 p.m.

Astronomy, the science of the position, motion, constitution, history, and destiny of celestial bodies, has been explored for as long as man has been conscious of himself and the universe he inhabits.

According to astrologers, the ancient science of astrology is based on the fact that the stars, the planets, the sun, the moon and the earth are all inter-related and part of a great cosmic plan. The earth and the heavenly bodies, in exerting the magnetic and potential forces peculiar to each, influence one another, and thus play their respective parts in the fulfillment of the great plan of creation and evolution.

Astrologers believe that the destiny of races, of nations and of individuals cannot escape the in-

fluence of these mighty cosmic forces.

Among the very earliest records of ancient Egypt are found evidences of the knowledge and practices of astrology.

Widely accepted until the 17th Century, it flourished in Europe during the 14th Century. The zodiac and its mysteries have become a popular topic during the current "Age of Aquarius."

A brief introduction to how horoscopes are read will be given. A horoscope is based on the position of the sun at the time of birth, which governs the sign of the zodiac under which a person is born.

Admission to the Planetarium is 50 cents for adults, 25 cents for children, and free to members of the West Texas Museum Assn.

Funds Released for Manpower Program Last Week

Governor Preston Smith announced last week his approval of a community action grant authorizing transfer of funds to the Community Action Board in Lubbock County, Inc. from its Summer

Head Start program account to a Manpower Program in the amount of \$5,428.00.

This transfer of funds will establish a new program account with the Manpower Program that will extend through February 28, 1970, the end of Lubbock's program year.

With these funds, granted under Title II of the Economic Opportunity Act, the Lubbock County community action agency will be able to hire a manpower specialist who can provide the community with technical assistance in developing better outreach and intake services in manpower and better liaison with the local industry.

Trojan Graduate Visits Snyder

Snyder-Few Negroes had the chance to graduate from Lincoln "Trojan" High School, an all Negro school in Snyder, Texas, which closed in 1963 in order to be in accord with integration plans.

Johnny Ray Garcia, a graduate of Lincoln High School visited his parents, Mr. and Mrs. Garcia of Snyder, this week.

While here Mr. Garcia visited Snyder's High School journalism class and told of his career. Johnny has appeared on the popular teen show Mod Squad and the well known Dating Game TV series.

Snyder's "Souls" were proud to be able to visit with their soul brother.

Scouts Gather at Camp Haynes

One hundred Scouts, Explorers, and leaders who are members of the Order of the Arrow in the Nakona Lodge in the South Plains Boy Scout Council, gathered at Camp Haynes near Silverton on November 7 and 8th for a Pow Wow and election of officers.

Elected to lead the lodge in 1970 were Pat Pond, lodge chief; Larry Moss and Fritz Struve, lodge vice-chiefs; Rhonnie Crawford, secretary and Steve McMurtry, treasurer-historian.

from my scratch pad

By George Parrish

Amarillo—As I set down to write "from my scratch pad" this week I just happen to have my TV on and one of the very things I wrote about a few weeks ago came on the news. Dope and drinks.

It went something like this: A young man was rushed to one of the local hospitals under the influence of strong drinks, but the worst part of the whole affair was that he seemed to have lost his mind as a result of the drink.

Parents, have you heard the cigarette commercial that says, where will it all end? Has it ever crossed your mind were will or when will the end be for some of our young people if they don't change?

This writer had the privilege to speak to a group of young people at New Hope Baptist Church last Tuesday night. This was a youth Round-Up, with the theme being; "Youth This Is Your Day." I used as my subject, "What Time Is It?", with my thoughts taken from the 3rd Chapter of Ecclesiastes. It is my sincere hope that none of the youngsters there took the theme wrong, as it seems that some of our youth really seem to think this is their day and also their world. What I would like for us to think about is this; What Time Is It With All of Us? Is it time for us to band together and put a stop to some of this corruption that is going on in our communities or is it time for us to stand by and watch everything that we and others have done and are doing go down the drain?

Think about it.

+++++

Did You Know That...

Some of our young people from this area are doing real good in college? Had this report from Mrs. James Turner of 1302 N.W. 11th on their son, Kenneth D. Turner, who is a junior at Meharry Medical College, School of Dentistry, Nashville, Tenn.

On October 6th of this year, at the opening convocation, Kenneth was presented the L. D. Caulk award for excellence in Silicate Porcelain Technique.

He was also one of five junior students to receive the American Academy of Periodontology Award, having shown the greatest interest and ability in the field of Periodontology. (And last but not least he was the lone receiver of the Periodontics Award, showing the greatest promise in the field of Periodontics.

Mr. and Mrs. Turner should be real proud of Kenneth. He will be a senior next semester.

From The Business Desk . . .

Welcome back, to you Seminole readers who we have missed lately. Seems we had a breakdown in communications with our agent, the fine Mr. Walter Woods, in your area, and some of you have missed several issues. Sorry about that, hope we have been able to straighten things out, and that you are not getting your issue of the West Texas Times.

Interesting isn't it, when only about a year ago, the name Spiro Agnew was a name to evoke laughter and mirth among the loyal opposition, and most but not all Democrats in Washington, just because it wasn't a house-hold name.

Just a short time later, as far as I'm concerned, the loyal opposition has decided that Mr. Agnew, the un-known vice-president is making so much noise with his unhaultered mouth that he may become a threat to them and a prime target for the many self appointed important Democrats that reside in Washington by the grace of their manner of not being for anything and the voter's indifference where they came from.

Funny isn't it, when a man has something to say, and is not afraid to say it, he can always find someone to listen, someone to disagree and of course, someone to criticize him for saying it.

An afterthought on this subject—if you can possibly get a copy of this week's U. S. News and World Report, do so, the Mr. Agnew has some very interesting things to say on that issue. Seems like to me he's talking like an American—which is very rare indeed—considering he's in Washington, D. C.

This thing on the juvenile detention center is bad, but something we must live with (the death of a youngster). My only concern at the present time is that our city and its citizens can go about correcting the problem in an orderly and sensible fashion, rather than going off half-cocked after some bad guy. After all, as we pointed out last week in our editorial, everyone of us is a bad guy in this case, we have all been lax and dis-interested in a problem that suddenly was thrown upon us in a most untasteful and regrettable manner. There are no bad guys in this case, we're all to blame.

And if that last statement sounds like a defense for any local politician, real or imagined, it may be—but it comes on my part with a great deal of pain.

Please excuse our mistake of last week. Seems that when we were working on the paper, we moved page five and page seven—forgot we had done so—and I feel sure everyone suffered, but not like I did. We, or I, employed a new typesetter, a new printing firm and then sat back and worried about how everyone new was going to get the job done. Well, to make a long story short—everyone new did real fine, I'm the only person to louse things up. Hope to do better in the future.

Got several interesting notes to let you readers in on next week, but we're a little swamped this week, what with twelve pages and etc. Do me, Pat, and several other people a favor though, trade with the people advertising in the paper this week—maybe if you don't show up at the regular places, they will call and want an ad. If we had more pages, I might be able to print this trivia each week—if our readers so desire.

she is doing fine in college. She admits that it is quite different from high school days. She is a freshman and has the determination to stick with it.

Alderson Junior High Student Council Works for Detention Center

The Alderson Junior High Student Council has been helping the campaign for a Juvenile Detention Hall in Lubbock. This activity, promoted after the tragic death of a Lubbock youth, is part of a bigger movement sponsored by others. David Hallum, Student Council President, has taken part in nightly meetings regarding this project. The student body was asked to fill in printed forms stating their support for the new Hall.

A number of special award were given to several Alderson students recently. David King was voted Teen-of-the-Month for November; and Gerene Wallace was chosen as Librarian-of-the Month. Marion Heathington and Myra Jones were honored with the titles Mr. and Miss Junior Citizenship for the

seventh grade; while David Hallum and Rita Castlebury were selected from the eighth grade. These four students will attend a city-wide event which is sponsored by the Monterrey Optimist Club.

Alderson's new 1969-70 directories have gone on sale and were a great hit. The cover design was done by Ramona Olivia, an eighth grader, and was chosen as winner in the contest for the best design. There were 35 other students competing for best design.

Alderson's eighth grade art class has a new project. They have been making ceramic pots recently, and plan to offer them for sale this week.

The art classes are ready to begin a course in leathercraft. Student originality will shine here; because the students must design and assembly their own project—no pre-embossed or pre-fixed leather kits will be available.

In last week's pep rally the students saw a most unusual skit. There was staged a "football game"

ployment of women in all of the economy has been steadily and rapidly increasing. In the past year alone the number of women in labor market has increased by better than ten percent. One out of three adult workers today is female.

These four lovely young ladies, are about to become a part of that ten per cent. They are from left to right Sonja Wallace, Nettie Campbell, Goldie Johnson, and Eleanor Moak. The first of many meetings was held Saturday in the home of Sonja Wallace. These ladies will be called Watkins Personal Shoppers.

Eleanor Moak has been showing these products, and during the showing of the gifts, she emphasized the necessity of more and more personal shoppers. The area manager also stressed her mission of employing new faces, in the

HOW TO FILL A HOLE IN ONE

The doughnut is said to be the modern version of the Dutch fried cake—the olykolk. Early settlers from Holland introduced this Dutch treat to the New World where it made food history. The little fried cake became so popular and the demand for it so great that doughnut and coffee shops sprang up in the colonies.

From that day to this, doughnuts and coffee have remained a tip-top snack team, and now clever homemakers fancy the plain doughnut because filling a hole in one—or more—can rate family smiles galore.

Warm doughnuts recapture the enticing just-out-of-the-kettle flavor, a homey quality enjoyed in cooler weather. To reheat, use plain doughnuts and place in a covered casserole. Heat in a hot oven (400 F.) for five minutes. Reheated doughnuts will have a crusty outside coating. They can be rolled in a mixture of sugar and cinnamon for added taste appeal and variety.

BUTTERSCOTCH-CREAM DOUGHNUTS

- 1/2 package butterscotch pudding, 2 ounces, approximately
- 3/4 cup milk
- 1/4 cup heavy cream, whipped
- 4 Tip-Top doughnuts, plain
- 4 teaspoons shredded toasted almonds

Prepare butterscotch pudding by combining it with 3/4 cup milk and cooking according to directions on package. Chill and then fold in whipped cream. Slice doughnuts in half, horizontally. Spread 2 tablespoons butterscotch mixture between halves of each doughnut. Top each doughnut with 2 tablespoons butterscotch mixture and 1 teaspoon almonds. Chill before serving. Yield: 4 Butterscotch-Cream Doughnuts.

Estacado Matadors Face Only One More Hurdle, Colorado City, Before Ending Season

Colorado City is the only thing that stands between the powerladen Estacado Matadors and a chance for revenge against the Snyder Tigers after the defending state champions wiped out San Angelo Lake View last Thursday, 69-12.

Coach Jimmy Keeling's Matadors hardly worked up a practice sweat in sweeping past Lake View. The victory assured the champions a tie for the north zone crown in District 3-AAA. In case any football aficionado didn't know it, this was the 23rd straight triumph for the Matadors.

So lopsided was the contest that Keeling gave his regulars half the afternoon off to rest. The Matadors warmed up slowly, then stormed in for 27 second quarter points and a 34-0 halftime lead.

The reserves were not to be outdone and welcomed the chance to display their wares with the same zeal shown by a clothing salesman. Indeed, the reserves posted one more point than the first team, but gave up the solo touchdowns in the last two quarters.

By the time the last quarter opened at Lowrey Field, only the final score was in doubt. Daniel Johnson and his mates had opened a 62-6 gap.

Johnson, who has had to bask in the shadow of Kenneth Wallace, Estacado's starting quarterback, came into his own. Both quarterbacks scored a pair of touchdowns, as did Larry Miller and Jesse Lethridge.

Miller, in fact, almost took scoring honors on extra point kicks alone, booting nine, but missing one to anap a 37 straight streak. Still, it was a 21-point

game for the star and sent his point total for the year to 117.

Marvin Turner and Benjy Morgan, almost overlooked in the touchdown inundation, posted single markers for the Matadors.

Estacado rolled up 471 yards rushing, added a mere 44 passing for an awesome 515 yards in total offense. Lake View tried only one pass, had it intercepted and gained 181 tough yards. The Chiefs were held to only 65 yards the first half and three first downs.

So awesome was the Estacado attack that the Matadors didn't have to punt once in the game.

Johnson was the top carrier for the Matadors with 102 yards on only four tries. Miller had 72 yards, Turner had 65 and Morgan had 58.

Struggs Marks American Education Week

Struggs commemorated American Education Week with an event ranging from an assembly to open house Monday through Friday.

Today was Open House at Struggs. A prize of a school party will be awarded to the room which had the most visiting parents.

Tomorrow the special program will be held outside by the flag pole. Mr. Joe Snell will give a flag raising ceremony. The student body, led by the Struggs' choir will sing "The Star Spangled Banner."

On Monday Struggs forty-member choir under the direction of Mrs. Lona Cavaness, sang "America", "The Happy Wanderer," and "Oh! How Lovely is the Evening." Mrs. Doris Brasher's eighth grade English class presented a skit spelling out the words American Educa-

tion Week and explaining the meaning. Students involved included Hazel Robison, Earline Gambles, Sandra Howard, Harry Wigfall, Bennie Jordan, Darlene Sweat, Gayle Foster, Sandra Adams, and Sharon Alsbrook. The skit was introduced by Gary Williams. Mr. Brown concluded the assembly by explaining the meaning of American Education.

Mr. Harry Stokely, Jr., father of eighth grader Ramona Stokley, was the featured speaker on Veteran's Day. Mr. Stokely was introduced by seventh grader La Wanda Johnson. The choir also sang "This Land Is Your Land," "America the Beautiful," and led the student body in singing "The Battle Hymn of the Republic."

On Wednesday, Nov. 12, original poems and essays were read by their student authors over the intercom after Morning Watch. The Intercom Program was sponsored by Mrs. Mary Newton.

The weeks activities for American Education Week have been planned by Mrs. Doris Brasher and Mrs. Suzanne Murphy.

Seventh grade social studies students have begun to take their trips to the museum. The students will go either this week or next week out to the West Texas Museum.

Seventh grade social studies students have been building missions in Mrs. Vickye Hughes class. The best missions were placed in the front display case.

Members of the Library Club will attend a library assistants meeting on Saturday, Nov. 15, at Monterey High School. Ila Kay Hill, president, will be the voting delegate. Sandra Henry, vice-president will wear the money corsage, for the scholarship fund. Peggy

Avery, secretary, Barabara Howard and Lola Shelby will also attend the meeting.

The Y Teens are selling Christmas paper in order to increase the club's treasury. Patsy Deshone, Janice Nickerson and Vivian Lenord attended a World Fellowship tea at the YWCA last Sunday.

The Student Council is planning a student directory that will sell for fifteen cents. The directory is planned to be ready at the end of November. The Student Council is also selling candy for a dollar.

Kavin Gatewood, Algie Currie and Henry Fisher ran for a touchdown in the game last Thursday against Matthews. Tommy Lee Collins made two extra points. The score was 22-0. Today Struggs plays Wilson.

The seventh grade team, the Trojans also won their game against Atkins 6-0.

between women faculty members. Four representing the Wilson Junior High team and three on Alderson's team. Player's representing the Wilson team were "Hopping" Hollingsworth, 'Jolly-Green Giant' Green, "Royine" Rogers, and "Big Bad" Burney. Representing Alderson's mighty Hornets were "Ding-a-ling" Williams, "Whirlwind" Wood, and "Flash" Ellison. Refrees were Becky Dycus, Judy Keeling, and Elaine Lambert. Managers were Dale Keeling, Jimmy McCann, and

Mark Souder. "Wilson's" team had a bad injury; "Royine" Rogers was carried off the floor on a stretcher. The so-called game ended in a 60-0 score, naturally in Alderson's favor. The "Spirit-Stick" was awarded to the eighth grade. All of this enthusiasm was to boost the Hornets in their battle with Smiley Wilson that afternoon. It must have worked—the Hornets won 54-0. This afternoon Alderson plays Thompson and ends their regular season.

Jehovah's Witnesses

Members of the Lubbock Congregation of Jehovah's Witnesses resumed their regular schedule of meetings here this week after having spent three days in Plainview where they attended a Circuit assembly in the Plainview High School Auditorium.

According to Mr. Horace Dove, presiding minister for the local congregation, many were on hand to hear the main public Bible lecture on the subject, "True Worship Versus False," which was given by the principal speaker, L.M. Dugan, district minister from New York.

"Many centuries ago a religious confrontation took place which is of great and vital interest to us today," Dugan told the audience, "The issue was not apparent at the time; but as the Bible shows, it was one of Godship—which God to worship, the true God or the false. The confrontation was between Elijah, a prophet of the true God and worshippers of a false God called Baal. The followers of Baal were destroyed because of their failure to worship the true God."

Updating his subject, Dugan went on to indicate that on the modern scene of today, we observe a similiar spirit, a liberal religious

spirit—believe what you want, worship as you like or not at all.

"People today believe it is narrow-mindedness to believe yours is the only true religion, yet the Bible proves, as in Elijah's example, there is only one right religion—only one, true, Almighty God." Dugan added, "This same issue, 'Which God will I worship,' is the dominating question each one of us must face today in 1969. 'What must I do to prove I worship the true God?' 'Will I be weak and passive about my worship, or will I be strong and vigorous?'"

According to Dugan, "One organization today strongly upholds the worship of the true God. They are his Witnesses, Jehovah's Witnesses. Since the late 1800's Jehovah's day is near. Each human must get on his side or be destroyed."

Local Witnesses are intensifying their efforts to contact people in this area with an invitation to study the Bible.

Rotary Club of Lubbock, Texas Seeking Candidates for Scholarships

The Rotary Club of Lubbock, Texas is seeking young people in this area to apply for an award to study abroad for a year under a grant from The Rotary Foundation of Rotary International according to Dr. Floyd Boze president of the club.

Those interested may secure application forms and information by writing the Rotary Club Office at Pioneer Hotel, P. O. Box 1051 Lubbock.

The Rotary Foundation's educational awards program has been in effect since 1947 and was created for the purpose of furthering international understanding.

Since 1947, more than 4,000 students, craftsmen, and young business and professional men have received these awards, supported by voluntary contributions of Ro-

tarians and other interested people throughout the world. To date, these study grants have totaled more than \$9,000,000.

This year, according to President Boze, the Foundation is providing \$1,190,000 to 571 young men and women.

There are three types of educational awards offered by The Rotary Foundation: Graduate Fellowships, for students who have a Bachelor's Degree or equivalent; Undergraduate Scholarships, for students doing university-level work who have not yet attained a degree; and Technical Training awards, for young artisans or craftsmen with at least two years' experience in their chosen field. In addition, grants are made to teams of six young business and professional men to spend two months

abroad studying the financial, industrial, rural and cultural traditions of another country in a district sponsored program.

Each year each of the nearly 300 districts of Rotary International is entitled to submit a candidate for whichever one of the three awards it wishes and may apply for a Group Study Exchange grant. The Rotary Club of Lubbock, Texas is in Rotary district 573 which this year is seeking a candidate for Under Graduate Scholarship.

Expenses covered by the award include tuition and fees, living expenses, round-trip transportation intensive language training when necessary and educational travel in the country. Awardees are expected to act as ambassadors of goodwill for their country through informal contacts and through appearances to address Rotary clubs and other civic and educational groups

Deadline for application is 15 March, 1970

Rotary International is an organization of 13,874 clubs with a total membership of 657,600 Rotarians in 147 countries and geographical regions. The Rotary Foundation is a non-profit educational and charitable organization supported by voluntary contributions of Rotarians.

New Life Mission's Need Increase

New-Life Mission Director, Rev. Robert C. Tracy, says that since the Mission's relocation to 4200 Avenue H, there has proven a greater need than ever for the Mission's services among the needy. This has created a real shortage both in clothing and feeding programs.

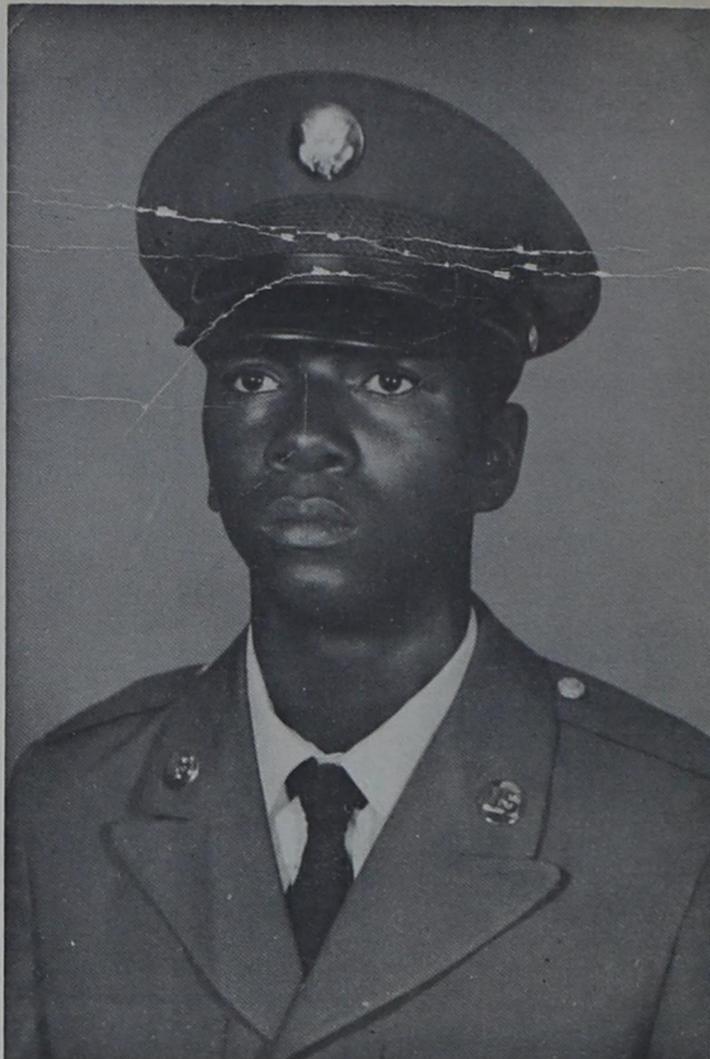

You are requested by the Mission to assist by your contributions of clothing, especially is a quantity of children's clothing needed, together with blankets; and with canned, fresh, frozen foods of all kinds. Home canned products are gratefully received; as is wild game which is used to prepare meals for upwards of 3,000 monthly.

Pick-up can be arranged by calling the Mission at P03-3818, or contributions may be brought to the location at 4200 Avenue H.

is being provided by the Ski-Skeller, 1901 University.

"The accent will be on clothes for all occasions of the up-and-coming ski season," said Mrs. Donald Tankersley, chairman. She added, "We think that the skiing enthusiasts can get some good gift ideas for Christmas as well."

In addition to the colorful attire, which will be introduced and commented upon by Mayor W. D. "Dub" Rogers, interludes will feature a well-known local music group, "The Heartbeats." Music for the show itself will be the province of Inez Farrell, and free refreshments will be served.

Tickets to the show have been priced at \$2.00, of which \$1.50 is deductible as a contribution to the March of Dimes' fight against birth defects. The show is being sponsored by the Metro-Lubbock Chapter of The National Foundation-March of Dimes. For tickets contact: the Ski-Skeller, 1901 University, 747-5748 or the March of Dimes office, 747-4411.
