

Foxx Threatens Ruth's Home Run Record

SPORTS ON PARADE

By CURTIS BISHOP

The Midland Bulldogs, we are informed, have indicated practice behind locked gates. Coach Barry of the Bulldogs informed the public in a proclamation recently that the effect of fans upon a football practice was very disastrous, and that unless the sports loving public refrained from clustering around his charges as they went through their afternoon workout he would have to take drastic measures.

Coach Bristow is far from worried by the same situation. Four fans have been watching the Steer workouts for the last two days. Two of them were twelve-year-old boys who had a football and paid little or no attention to signals, formations, or the like. The third party was Pat Baker, the Coston third baseman, and Mr. Baker has promised to be as quiet as possible. The fourth was this department in person and we didn't stay long.

Dr. Welford B. Hays, one of the strongest of the Bulls' supporters, is not at all optimistic over this year's campaign. Does cannot see how backfield men the size of Townsend, Schwarzenbach, Kobers, and Morgan can stand up to the big games this fall. One continues that if the Sweetwater roster is not considerably reduced by eligibility rulings that the team will win the district in a walk. He adds that if the Mustangs are crippled that the San Angelo Bulldogs will take the championship. Hays is contending that George Decker will be too big an advantage for the locals to overcome.

Fans at the Casino boxing arena Thursday evening no doubt marveled at the antics of a group of Big Spring barbers when one of the preliminaries was underway. The trio were Frank Merrick, Lois Madison, and Paul Madison.

Their glee was inspired by the showing of one "Bud" Hillard, their boxing protégé. Bud took on Burlee Hull in one of the three round goes, and for his first fight made a fine showing. He hopes to appear on another card soon.

Meanwhile his three followers are arguing over partnership papers.

Criticism of the decision clouded the main event of the Casino go for the second consecutive time. Quite a number of fans grumbled at the referee's decision that gave the fight to Kid Whittington, the Wellington scrapper.

Perhaps the two will come together in another bout soon. Kirkland is a nice fighter, with a clean offensive style that has made him the idol of local boxing fans.

Alabama Cagun, or Winifred Moran, probably ended the rivalry between himself and Monk Prichard by winning a one-sided decision over the local youth in their third meeting. The other two went to Cagun by narrow margins.

Alabama will fight one Rex Adams next Thursday. His challenge was issued from the inside last night.

Shirley Robbins and Obie Bristow, Big Spring golfing stars will be on the bill West Texas tour Sunday when Bob Scott leads the all-star lineup against the San Angelo team for possession of the coveted Merz trophy. Charles Qualls of Post, Earl Fish of Snyder, J. C. Southworth of Sweetwater, Frank Rose of Lamesa, and Jimmy Phillips of Rancier complete Scott's lineup.

It looks like a hard day for the San Angelo native sons.

Jack Paul To Play Here For Crawford Dance

Jack Paul and His Showboat Orchestra will play for a dance at the Crawford Hotel Ballroom Saturday evening, September 24, from 8 to 1. The dance will be a script affair, with a charge of \$1 per couple according to Cal Boykin, manager of the hotel.

This orchestra has played at the Crawford before and every one here knows the brand of musical entertainment this orchestra offers. The public is cordially invited to attend this dance.

VINES DEFEATED

LOS ANGELES (UP)—Elisworth Vines, Jr. world's tennis champion, was defeated by Jiro Satoh, foremost Japanese Davis Cup star, in the Pacific Southwest championships Thursday. The score was 6-4, 6-4.

CARD OF THANKS

We wish to express our gratitude for each and every word of sympathy and each deed of kindness shown us by our dear friends and acquaintances in our recent sorrow of the loss of a dear husband and father.

A WOBBLY BABE COMES BACK

Here are two pictures of Babe Ruth when he started tuning up at Yankee stadium for the world series after his recent illness. A week in bed on a soup diet sapped the Babe's strength. He took a few swings at the ball, fielded a few grounders and then retired to a seat in a dugout, perspiring and trembling with weakness. "I'll be fine for the world series though," he said. (Associated-Press Photo)

Bride Of Kaye Don Whittington Out Points J. Kirkland

The former Eileen Martin, 21, Greenwich, Conn. society girl, recently became the bride of Kaye Don Whittington, British speed boat racer. She will join her husband soon in England. (Copyright The News, New York, from Associated Press.)

Young Kid Whittington maintained his undefeated status in the Casino boxing arena by outpointing Jack Kirkland, Waco, in a mild dope upset Friday evening despite a fifteen pound weight advantage.

The swarthy Wellington fighter put up one of the prettiest fights of his career to outscore Kirkland with his jab to the body and jaw, and took little punishment during the eight rounds. Referee Ray Simmons awarded the decision to Whittington immediately.

A number of fans protested the verdict, but the cards of both judges checked with Simmons. The Herald scorer gave Whittington four rounds, Kirkland two and called two a draw.

Sammy Gold, labeled the amateur featherweight champion of Arizona, staged a comeback to win over Casey Jones, local battler. Jones took the first two rounds handily, but Gold dropped him for a count of nine in the third, and piled up enough points to win the decision.

Alabama Cagun won his third and most decisive victory over Monk Prichard in a three round preliminary. Cagun took all three rounds, and had Prichard reeling in the third. Pat Adams challenged the winner to a bout next Thursday night.

Kid Comanche, Montana, and Sammy Gold, Arizona, staged a five minute wrestling exhibition. Burlee Hull took a narrow decision over Bud Holland, and Kid Smith defeated Slugger Brown.

The main event round by round Whittington came dancing out of his corner, a strange contrast to the cool, tall Kirkland who kept boxing in resolutely throughout the fight. An exchange of light blows injured neither, and the round ended without either compiling any advantage. A draw.

Kirkland lost the second by overshooting his mark on a right to the jaw and taking two blows to the body and one to the head in rapid succession.

(Continued On Page 7)

Mr. and Mrs. Geo. Barham of Shreveport, La. arrived in town Wednesday for a short stay, visiting friends in town and near Fort San.

Mrs. E. V. Spence returned Friday from several days' visit with friends in San Angelo.

Bicycle will be given away at the Petroleum Pharmacy Saturday afternoon at three o'clock. Cunningham & Phillips—adv.

Hack Wilson's 1927 Record Tied; A's Lose

First Baseman Needs Only Four More Homers To Tie Ruth Mark

SEASON NEAR END

Two Hefty Wallops Come With Bases Crowded

PHILADELPHIA—Jimmie Foxx had a day at bat that resembled some of the great feats of Babe Ruth, whose place as home run king he has usurped, but the Athletics couldn't hold the big lead he gave them and the New York Yankees came from behind to take a ten inning decision, 8-7.

Foxx homered twice, and home runs are odds all in the third inning, and his 58th in the seventh frame with no one aboard. The Yankees gave the A's a 7-3 lead and gave Foxx a tie with Hack Wilson for second place among the major league home run hitters of all time, just four blows behind Ruth's great 1927 record of 60 circuit drives.

Lead Connie's Nine for Year

Larry Mahaffey, who replaced Tony Freitas in the ninth, was the victim of the winning rally.

The Yankees closed their year's work against the A's with 14 victories and eight defeats.

SENATORS 4, RED SOX 2

BOSTON—General Alvin Crawford, ranking righthander of the Washington Senators, won his 25th ball game of the season Thursday, and his 4th in succession, as Washington took the series finale from the Red Sox, 4-2.

The victory gave the visitors a clean sweep of their four-game series, their last here this season. Washington ... 021 000 100-4 9 1 Boston ... 200 000 00x-2 4 2 Crawford and Spencer; Durham, Welch and Jolley.

Dixie Series To Be Resumed In Chattanooga

CHATTANOOGA—Thousands of Chattanooga fans distributed applause equally last night between the Lookouts and their rivals, the Beaumont Exporters, when the two teams arrived from Texas to be in readiness for the third game of the Dixie series Friday.

Chattanooga fans staged a celebration almost as uproarious as that which greeted the return of the Lookouts from Knoxville after winning the Southern Association pennant and included both teams and the large group of Beaumont fans accompanying their representatives in the demonstration.

Ticket sales for the three games certain to be played here progressed rapidly today. Advance sales indicated an attendance of about 15,000, the number of out-of-town purchasers being large.

A slight rain was falling here Thursday night but the weather forecast is clear weather Friday. Manager Stephoff is expected to rely on Southpaw Leon Pettit for pitching duties, while Manager Del Bager of the Exporters is undecided between Luke Hamlin, the right hander who won the last game of the playoff with Dallas, and Schoolboy Rowe, giant 19-year-old right hander. All local games will be called at 2:20 p. m.

Pirates Take Three Straight From Chicago

CHICAGO—The Pittsburgh Pirates made it three in a row over the champion Cubs Thursday, taking the final game of the series, 7-0. Young Hal Smith, purchased from Kansas City, gave the Brains but six hits as he blanked them. The win gave the Bucs 13 victories against nine losses for the season with Chicago.

Burleigh Grimes and Bob Smith pitched for the Cubs and Grimes was pointed hard.

In the sixth inning Paul Warner doubled to right for his 56th two-base hit of the season, thus tying Chuck Klein's national league record.

Pittsburgh ... 005 011 000-7 12 2 Chicago ... 000 000 00x-0 6 0 Smith and Finney; Padgett, Grimes and Taylor.

Dempsey Picks Max Schmeling To Beat Walker

NEW YORK (UP)—Jack Dempsey picks Max Schmeling to beat Mickey Walker in their 15-round bout Monday night, probably by a knockout.

"I don't see how Schmeling can lose," the manna mauler said last night. "But if he does lose, you can count the German boy right out of the heavyweight picture."

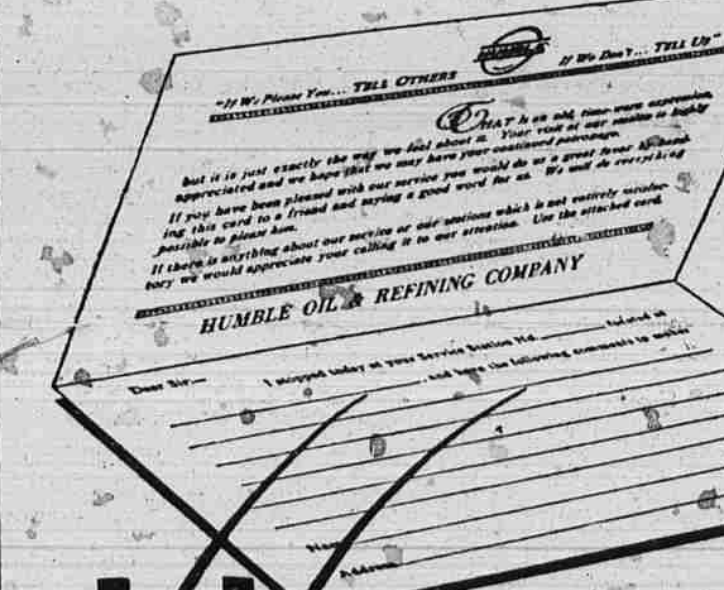

It seemed Dempsey judges the Brumson Bulldog to be just a "toy" bulldog—a little fellow who would be a giant-killer but who possesses no weapons for the task, other than a great fighting heart.

"Walker's a little man," he re-

Check and Double-Check

THE PUBLIC "double-checked" our service by mailing these cards... it checked our check

Help yourself to a sample of Humble's "double-checked" service. And, if you care to comment about it (either way), you'll find a stamped post card in the wash room—or any Humble man will gladly give you one.

Here's the way we built our service. First, we made the products right. Second, we made it convenient and pleasant for you to get them. Third, we check our service constantly. Fourth, we "double-checked" with the public to make sure we were right... and we were right. Find out for yourself. Come in and give us the "double-check."

known as the "Road Bond Assumption Act," leave the people of Howard County would like to know what its provisions are. Consequently, I am going to give you my interpretation of this law as passed by the present session of the Legislature.

In the first place, the act declares that the highways are roads belonging to the State, and the obligations incurred by the various counties for the building of these highways, except the cost of right-of-way, are in reality, obligations of the State and not of the county, and that the obligations incurred by the counties were for the benefit of the State.

It provides for the creation of a board known as the Board of County and District Road Indebtedness, composed of the County Comptroller, and the State Treasurer.

County and District Road Indebtedness, composed of the County Comptroller, and the State Treasurer. It further provides for one-fourth of the gasoline tax to be used to take up the unpaid, existing bonds, the proceeds from the sale of which were used to construct state highways. The one-fourth of the gasoline tax mentioned is to go into a fund known as the County and District Highway Fund. The bonds to be paid off out of this fund must mature subsequent to January 1, 1933.

It becomes my duty as County Judge within thirty days after this act took effect, to furnish to the Board of County and District Road

Indebtedness, a description of the bonds and warrants which have been issued by this county for the purpose of building State highways through this county, and to furnish them proof of the amount which was used upon these State highways, excluding rights-of-way. Understand, these bonds must be still unpaid, which is the case with us. When I shall do this, this board hears evidence pro and con as to the amount expended on the highways in this county and determines how much was really spent and that amount is the amount which they will agree to pay, and whatever they determine to be the amount, is conclusive, the county having no appeal therefrom.

The board, when they shall collect this money, shall place it in the State Treasury and it shall be prorated to the counties according to the amount eligible from each county to be paid off by this board, provided it is sufficient to take up all the bonds which may become due. In the event they shall not have enough money in any one year to take up the amount they agree to pay off during such year, then the county must supply the amount they lack. In other words, they do not obligate themselves to pay off any more than the one-fourth of the gasoline tax will pay, proratedly applied to all the counties of the State. The State Treasurer has to keep an account with each county.

Each year, by the first day of August, this board must notify the Commissioners' Court how much money they will have during the ensuing year to pay the county's tax rate accordingly, to handle what they lack of the amount which will become due during that year. The Legislature must, each two years, make appropriation of these funds to pay these bonds, as the Legislature is prohibited by constitutional provisions, to appropriate money for more than two at a time. It is also a constitutional provision that the State cannot pay a county debt, or lend its credit to the county, and that is the reason the Legislature decreed these bonds to be the obligations of the State, instead of the county.

I see that some counties are only levying a tax sufficient to pay off the principal and interest of their bonds which the State, they think, will not obligate itself to pay. Howard county, through its Commissioners' Court, levied a tax of twenty-three cents to pay off the principal and interest of their \$300,000 bond issue—\$10,000 principal and interest on \$180,000 being due in 1933. Our reason for this is because of the following provisions in this bill, to-wit:

"In this connection, it is declared to be the intent of the Legislature that all contractual duties and obligations which may exist between any county and or district and the owner or holder of the present outstanding indebtedness of any such county and or defined road district, shall not be in any manner disturbed or impaired, and shall remain inviolate. Any tax heretofore provided for to be levied in support of any present outstanding indebtedness affected by the provisions of this Act shall continue to be assessed, levied and collected, as originally provided; however, the collection of said tax may, by order of the Commissioners' Court, be lessened and reduced by the payments made, and to be made, thereon and in behalf of such indebtedness out of the special County and Road District Highway Fund as herein provided, and as succeeding Legislatures shall, by appropriation, make provision therefor."

If the county sees that the State will take up part of these bonds and the interest, the Commissioners' Court will authorize the Tax Collector to collect out of twenty-three cents provided, only that amount which we ascertain will be required to pay our part on the bonds still outstanding. It is our purpose to play the game safely, and if the law should be declared unconstitutional, then we will have already levied our tax and it will

on the books for collection. If the courts do not require the law to be enforced before, the tax collecting period, and after the State has notified us what they will pay off during next year, then the Commissioners' Court will authorize the Tax Collector to collect only sufficient amount to pay off our part of the bonds and interest due in 1933. We cannot understand that we are authorized to not levy the tax according to the provision above quoted, as the act says that we "shall continue to levy, assess and collect this tax."

If any succeeding Legislature shall refuse to appropriate this money for the payment of these bonds, then they will fall back to us for payment and we will be

the county has the privilege of paying its part of the \$180,000 outstanding, proratably with the State, or can choose to pay off its part first and leave the balance for the State, or pay its part last, as it may see fit. It seems better to pay it proratably. I trust that I have made the provisions of the bill plain and that our people will understand the condition of the act. Yours very truly, H. R. DEBENPORT, County Judge.

Two Injured When Bus-Auto Collide On Midland Street

MIDLAND—Charley King, Midland cowboy, sustained a broken leg and a severe gash in his head and Mrs. Buck King suffered a broken arm and minor cuts and bruises when the automobile in

collided with a bus shortly before 2 o'clock Thursday afternoon where Wall and Front streets merge on the Broadway of America. King, driving a Ford ranch car owned by Leon Goodman, was going east on Wall street and met the bus which, bystanders said, was heading west on Front street. The bus, apparently in an effort to miss all oncoming traffic, pulled to the extreme side of the street near the railroad section house, and King kept to the right, resulting in a head-on collision which knocked the light car backward approximately 40 feet, throwing Mrs. Buck King out of the car. The injured woman was taken to one hospital and the man, her brother-in-law, to another for emergency treatment. Both are expected to recover.

SAYS NEITHER VEHICLE WAS MAKING FAST TIME. Miss Mary Helena Price, daughter of Mr. and Mrs. E. Price of

Stanton public school, boarded the bus. She was going to the Vickers dance and expression studio to continue study in a course for which she recently had signed. She said she believed neither the bus nor the car was making fast time though she said she did not actually see the collision. No one in the bus was shaken much, though several women were much frightened, she said. The bus was well filled with passengers, Miss Price said.

WHEN YOU TASTE HILLS BROS COFFEE, YOU'LL REALIZE THE IMPORTANCE OF PERFECT ROASTING

Hills Bros' patented process insures a perfect flavor for every pound, by preventing under-roasting and over-roasting

"A little at a time" - Instead of in bulk - is the secret

As the accuracy of the hour-glass depends upon an even, continuous flow... a little at a time... so the uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting—the patented process that roasts evenly, continuously... "a little at a time."

If coffee is under-roasted or over-roasted, much of its charm is lost. Taste Hills Bros. Coffee, and you'll know what perfect roasting does. For Hills Bros. is always roasted to the degree that develops the finest flavor! Instead of the ordinary, bulk method, Hills Bros. use their patented Controlled Roasting process. The coffee flows through the roasters in an even, continuous stream... a little at a time. Batches of several hundred pounds naturally make accurate roasting difficult. But a little at a time, continuously—removes all

chances of error! The coffee-berries are brought to the state of perfection! Hills Bros. Coffee is packed in vacuum cans, and can't go stale. The vacuum process of packing coffee is the only method that fully preserves coffee freshness—the air is removed from the can and kept out. It was originated by Hills Bros. over thirty years ago. There is no magic about a vacuum can—it will not make poor coffee good, but it will keep good coffee fresh. Order Hills Bros. Coffee by name, and look for the Arab trade-mark on the can.

A Depression-Proof Nation

In a recent address Henry Ives, special counsel of the Association of Casualty and Surety Executives, developed the interesting thought that insurance is one of the best antidotes for depression.

He pointed out that insurance of all kinds has maintained its stability and solvency better than most governments or private enterprises in the face of depression. It has paid all legitimate claims promptly. Flaws have been negligible when other businesses were going under at a terrifying rate. It has distributed billions of dollars and saved an army of people from financial disaster. Its value has been unchanged by chaotic stock-market

TODAY and TOMORROW

By **WALTER LIPPMANN**
Relief in the Fourth Winter

However hopeful one may be as to the likelihood of definite improvement in business, it is none the less certain that in the coming winter human need will be greater than at any time within our memories. It is a conservative estimate of the prospect to say that the number of those who need help will be at least as large as it was last winter. That the intensity of their need will be many times more acute and that the normally available resources of public and private charities will be seriously reduced. At the same time it is no less evident that even at this point in the depression there exists the wealth to provide for the needy if only the method of tapping it economically and of distributing it efficiently can be improvised quickly enough.

The utmost that any one dare hope for from business recovery is that by the beginning of the winter industry will have reabsorbed about as many men as have lost their jobs since last winter. If by January the volume of unemployment is no larger than it was last January, all that can fairly be expected is that the number of those who are unemployed will be about as many as last year. In 1921, all classes of insurance carriers paid to maintain the giant life-insurance fund of \$3,500,000,000—a fund which has since been increased to \$5,000,000,000. This fund has been used for relief appropriations and for the Reconstruction Finance Corporation. This insurance money, in addition, was not dragged out of unwilling pockets by taxation. Every dollar of it represented voluntary contributions. It was emblematic of the characteristics of thrift and foresight. And, according to Mr. Ives, practically all the money paid went to relieve distress of some sort. As he points out, if the insurance distribution had been three times as great as now, the nation would have been three times better off.

One of Mr. Ives' sentences would bear memorizing: "An adequately insured nation would be an almost depression-proof nation." Every insurance policy purchased, whether for fire, life, casualty or what not, builds for America's future. It means a stabler, more prosperous, more progressive people. At this time insurance sales are holding out extremely high levels, in relation to the change in our purchasing power—and that fact alone is good reason for our having faith in America during the years to come.

in state taxes and in Federal taxes. The relief is based on a denial that such a situation is a chronic one. The fact that the system cannot be changed this winter, it is not too early to recognize that insurance funds should be accumulated in the good times and a machinery set up for distributing them.

20 YEARS OF ILL HEALTH

Then Mrs. Duke Discovered Kellogg's ALL-BRAN

Of her own accord, Mrs. Duke sat down and wrote us a glowing tribute to Kellogg's ALL-BRAN. "I have been constipated all my life, which has been about 20 years. I started on ALL-BRAN since I have been eating it, people tell me I am looking better than I ever did. I feel a great deal better." — Mrs. L. W. Duke, 210 Hardin Ave., College Park, Ga.

Constipation is usually caused by lack of two things in the diet: "Bulk" to exercise the intestines; Vitamin B to help give them tone. Kellogg's ALL-BRAN provides both of these dietary necessities, as well as iron for the blood.

Within the body, the "Bulk" in ALL-BRAN forms a soft mass which gently clears the intestines of wastes.

How much more natural it is to enjoy this delicious cereal than to risk taking pills and drugs—so often harmful.

Just get two tablespoons daily—serious cases with every meal—for most types of constipation. ALL-BRAN is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

Sold in the red-and-green package. Made by Kellogg in Battle Creek.

Now

Kirk's Coco Castile at lowest price in a lifetime . . .

Never has any standard toilet soap been priced so low

Ounce for ounce . . . quality for quality . . . KIRK'S offers the greatest value in any bath and toilet soap

It's 100% Pure Coco Castile!

Men who have been in the soap business all their lives say that never in their memory have they seen such a value. Think of it—a big-lathering soap cake half again larger than any of the other three leading toilet soaps . . . and now many more cakes for the same money!

Why take chances with offensive body odor when here is a marvelous bath and toilet soap for only a few pennies a cake—a soap that makes oceans of lather even in hard, cold water . . . that leaves skin and scalp as fresh and clean-smelling as a woodland breeze!

Kirk's Coco Castile is 100% pure cocoanut oil soap. That's why it's so quick and efficient in correcting body odor. It gives a fuller, more penetrating lather than ordinary soaps, goes deep into the pores, removes every trace of dirty, oily film, then rinses off in a flash. Best of all, it's unscented; leaves no telltale hospital smell.

Try it—for hands, for bath, for a wonderful shampoo. You'll be amazed at the difference. Go to your nearest dealer today . . . buy for the entire family . . . and save as you never saved before!

Kirk's Coco Castile Ends Body Odor

Minneapolis Rob

Looted; Bandits Kidnap Cashiers

REDWOOD FALLS, Minn. (AP) Six bandits kidnaped the cashier and assistant cashier of the State Bank and Trust company here Thursday and fled with about \$35,000 of the bank's funds.

Moonshiners Ambush Federal Pro Agents

MEMPHIS, Tenn. (UP) — Edmund A. Larkin, head of the West Tennessee Prohibition enforcement bureau and Paul Sullivan, federal agent, were ambushed and shot by moonshiners near here Thursday.

Larkin was shot above the heart and in the abdomen and Sullivan was shot in the arm. A negro, Ora Edwards, was shot and critically wounded when the officers returned the fire of the ambushers.

The agents were ambushed after capturing a liquor plant near here. A negro arrested at the same time during the exchange of shots.

MASS MEETING ANNOUNCED

The mass meeting announced for Tuesday evening at the new city auditorium will be held at 7 o'clock in order to allow citizens to attend the lecture at the high school auditorium by J. Frank Doble, which will be given on the same evening at 8 o'clock.

DISTRESS AFTER MEALS Relieved by Black-Draught

"I had sour stomach and gas," writes Mr. Jess Higgins, of Duncansville, Ga., "and often I would have bilious spells. I read about Theodor's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headaches and to keep the system in good order. Try it! Get a package at the store. Try it! Now you can get Black-Draught in the form of a SURET for children."

WHY SPEND 50¢ of your TIRE DOLLAR for smooth miles? SURE, you can buy a 1915 style, out-of-date tire for almost nothing today. But you get a tire with comparatively little anti-skid—a tire that becomes dangerous at the halfway mark. Here is the only tire THAT NEVER WEARS SMOOTH. It's patented—it delivers safe anti-skid miles at about half the cost of even the lowest priced tire. Patented air-cooling, two anti-skid treads instead of one eliminate the smooth mile waste that you get in all other tires. That's why it's worth the little more—that's why it's the best tire buy you can buy. SEIBERLING Air Cooled TIRES
