While the Tyrannosaurs battled in PENNSYLVANIA

NOTHING but one-hundred-million-year-old Bradford-Allegany crude is used in the manufacture of Sinclair Pennsylvania Motor Oil. To say that, is to say Sinclair Pennsylvania is made 100% from the richest, most expensive raw materials ever put into a Pennsylvania grade motor oil.

For Bradford-Allegany trude oil is a product of the Devonian Age-that wonderful age in earth's long history when heat and pressure were most perfect for the forming of crude oil. Other ages have left oil deposits in Pennsylvania, but none of them have left crude of such sheer lubricating qualitywitness the fact that every barrel of Bradford-Allegany crude commands an extra price!

But even Nature needs aid sometimes. In process of manufacture, Sinclair Pennsylvania is not only de-waxed-it is also freed from non-lubricating petroleum jelly, a process which requires chilling the oil down to as low as 60° F. below zero.

Convince yourself-try a crankcaseful of Sinclair Pennsylvania. Observe how it stands up-how, at draining time, it comes out of your crankcase almost as good as it went in -positive, visible proof of protection for the last mile as well as the first!

Note: For those who prefer a Mid-continent oil we also sell Sinclair Opaline, blended from the oldest Mid-continent crudes, de-waxed and also freed from petroleum jelly.

THE CONTINUED OPERATION OF THE MODERN COSDEN REFINERY

We repeat, has gone a long way toward making it possible for Hig Spring and Howard County people to carry on as well as we have thus far.

Their announced \$300,000,00 new expansion program indicates they are going to carry on. This should be gratifying to every Big Spring citizen. Will the efforts of our largest industrial institution enjoy your support, or will they be forced to go forward in spite of it, is a ques-tion we should ask ourselves.

FÉEWELLEN'S SERVICE, Distributors We will have prosperity when we want it

. and the Herald delivers your 'store news' to 3,091 HOMES like these".

It is in these homes that the vast majority of Big Spring's "buying decisions" are made, whether the purchase be one directly concerning every member of the family or an individual purchase by an individual member of that family.

You as a merchant should therefore, be sure that your "store news" is being placed in the hands of ALL of these potential buyers BEFORE these family "buying decisions" have been reached . . . To do so economically
