### MARYLAND AGREES TO DROP RACIST DRUG PROFILES

BALTIMORE, MD.—The so-called war against drugs became a little less anti-black in the state of Maryland last week. The State Police agreed to prohibit troopers from using racial "drug courier profiles." The profiles were touted as a method for spotting cars which may be driven by drug couriers. But blacks and other minorities have long complained that the profiles unfairly targeted non-whites. The profiles are common in states throughout the nation although most authorities argue that they are not racially based. But several well-publicized cases have suggested that they are. Two of the most notable involved Baseball Hall of Fame member Joe Morgan being detained at the Los Angeles International Airport because he supposedly matched a drug courier profile and Olympic medalist Al Joyner suffered a similar indignity when he was pulled over by Los Angeles police in 1992. The American Civil Liberties Union attorney Deborah Jeon who filed the suit in Maryland said the decision "will help promote the right of minorities to travel free of race-based harassment." The class action suit was brought by a black family of four, which was stopped in western Maryland for apparently no other reason than being black and driving a late model car.

### O.J. SIMPSON WRITES BOOK; I WANT TO TELL YOU

LOS ANGELES, CA.—It is entitled *I Want To Tell You*. It is a book written by O.J. Simpson to answer over three hundred thousand pieces of mail he has received since his arrest last June for the murder of his ex-wife Nicole Simpson and a male companion. The book should be in the book stores next month. The publisher, Little-Brown, says it will print five hundred copies. Simpson is expected to receive over one million dollars for the book. Much of the money, however, is expected to go toward his ever mounting legal fees. Already, however, there is speculation that the prosecutors will seek an early copy of the manuscript and may ask for a delay in the trial until they have had time to review the book. The book has prompted anger in some quarters. A spokesman for Nicole Simpson's family called it "disgusting and outrageous."

### AIDS THREAT TO BLACKS MAY BE OVERSTATED

WASHINGTON, D.C.—Only about 2 per cent of the African-Americans who died last year died from the deadly disease AIDS. According to a just released report from the National Center for Health Statistics, the leading causes of death among blacks (as is true with the rest of the population) are heart disease, cancer and stroke. These three ailments account for over 60 per cent of all deaths. The new figures show that while AIDS is the leading killer of black males between 25 to 44 most of those deaths are occurring among male homosexuals and IV drug users. Outside of those two populations, AIDS has yet to make any significant

# America's Concentration Camps

By Bernice Powell Jackson

I remember when I was a teenager in the 1960's and there was much turmoil in our cities. The whispered rumors were that the government had concentration camps set up around the country and that if the riots continued, black Americans would be rounded up and put in them. What I now know is that those rumors probably were based on the realities of the not-so-distant past and what happened to Japanese Americans during World War II.

I was recently in Los Angeles, where the Japanese American National Museum has opened a year-long exhibit on America's concentration camps. The U.S. government forcibly placed in these camps 120,313 people, two-thirds of whom were U.S. citizens. These Japanese Americans were incarcerated under armed guard, but they were never accused of any crimes and there were never any trials or any convictions. They were simply Japanese or of Japanese ancestry during a time when Japan was at war with the U.S.

This powerful exhibit is done through the eyes of those sent to the camps, some of whom were incarcerated for 3 1/2 years. Many of the camps had only the very basics of life, including communal bathrooms and block mess halls. There were ten War Relocation Authority (WRA) concentration camps and 12 Justice Department internment camps located from California to Arkansas. In most of the Justice Department camps only the men were incarcerated, splitting up families. Some of these men were picked up within hours of the Pearl Harbor attack and most were business and religious leaders with little or no political involvement. In other cases, entire families were moved, including small children. Most were located in remote, unpopulated areas; many were in deserts or other inhospitable climates.

If the person who remarked that to not know your history is to repeat the mistakes of the past is correct, there are several reasons it is important for us all to be aware of this shameful part of American history. First of all, we are a country whose Constitution is at the heart of who we are.

But the lesson of the Japanese American concentration camps is that all Americans must be vigilant protectors of our Constitutional rights if we are to remain a strong democracy. In this case, all three branches of the U.S. government ignored the Bill of Rights and imprisoned innocent people, without the benefit of a trial. Later President Harry Truman and Supreme Court Justice Tom Clark lamented our country's actions.

Secondly, in this case, the government used or misused its power to keep the real truth from the people. Language, for instance, was carefully chosen, with the terms "relocation" or "evacuation" camps being used instead of concentration camps and "nonalien" instead of citizen. This allowed the government to maintain a positive public image and sidetracked legal and constitutional challenges.

Thirdly, in this case, the government caused extreme hardship on its citizens and legal residents. Many families lost businesses and homes since they were given no time to sell or lease them. Many families were separated and forced to live in nearly unbearable circumstances. Many of those who were incarcerated never were able to overcome the shame and hardship of it all.

But the good news is that the U.S. government did finally accept responsibility for its actions. In 1981 the Commission on Wartime Relocation and Internment of Civilians held a series of hearings across the country. Some 750 witnesses testified and in 1988 President Reagan signed into law a bill in which the U.S. government regretted its actions and provided for individual payments of \$20,000 to surviving internees and set up an education fund.

If you're in Los Angeles, visit the Japanese American National Museum and see for yourself these powerful stories of the people in America's concentration camps. They are stories of patriotism, loyalty, personal strength and family values. This is a story every American should know.

## Black Heritage Program Set Here

The Divine Love Baptist Church, located at 3301 Parkway Drive, will be the setting of a Black Heritage program Sunday afternoon, February 4, 1995, beginning at 5:00 p. m.

This will be an original One man Black historical play, and will feature nationally known poet and impressionist Rev. Joseph Joshua Evans, who is also known as "The Voice of Blackness."

Rev. Evans will be presenting a one man play entitled "The History of The Black Man."

This one man play will take you in poetic song, from the slaves seeing the first ship off the shores of the Ivory Coast, through the hard work Black men of yesterday did in the fields, on through the period of the 30's and racial oppression. The work takes a long march with Dr. Martin Luther King, Jr., through the period of the 60's and the freedom shortly felt after his death. Then you will hear of the self-imposed slavery many young Blacks have welcomed with the way Blacks treat each other today.

Also other important material will portray the Black women. The last of this work will be prophetic and astounding!

According to Rev. Evans, everything is satisfaction guaranteed. So all are asked to come early for the seating is limited!

Rev. K. Burns is the host pastor.

## Hunt Elementary Hosts African-American History Bowl

Sixth grade students all over Lubbock are busy preparing for an event that will broaden their knowledge of African-American history and culture. The students are taking part in one of the most exciting events for elementary schools because their school has accepted the challenge to participate in the African-American History Bowl at Hunt Elementary School on February 23-24, 1995. Forty-nine teams have registered to participate this year, representing 13 elementaries (Hunt, Parkway, Marfee, Iles, Wheatley, Brown, Bayless, Bean, Bozeman, Smith, Wheelock, Williams, and Posey).

This is the second year of the Bowl and, if history repeats itself, it will be one of the most challenging activities that the students can choose to become involved. The first African-American History Bowl (1994) created the same excitement and challenge as the competition for Odyssey of the Mind, Spelling Bee, and Science Fair.

The staff at Hunt Elementary School and others have designed the contest, compiled the Study Guide, and organized the African-American History Bowl in a professional format that makes it a worthwhile activity for all schools. The contest is truly an exercise in broadening the cultural knowledge of all sixth grade students who participate in learning about the history of the African-American people. Everyone who involves themselves in the contest benefits from their efforts for learning the material while preparing for the contest.

The contest is designed for teams of 3 sixth grade students to compete against other teams. The winning team's advance according to a tournament bracket. The competition allows for individual answers and group answers that are timed and scored by judges. Each match lasts about 20 minutes.

The final competitions will be held on February 24th with the awards ceremony scheduled for 1:00 pm in the gymnasium of Hunt Elementary School. The public is invited to any of the competitions and the awards ceremony.

## Ruby Jay's Corner

The New Hope Baptist Church, located at 2002 Birch Avenue and Rev. Billy R. Moton is pastor, is the church where the people really care.

Services began last Sunday morning with Sunday School at 9:30 a. m., and Sister Thelma Brown, superintendent, presiding. A song,

"Where He Leads Me," was sung. The Senior Class led the devotional period. Sister Margaret Moton is teacher.

All classes marched to their various areas of instruction for 30 minutes, and reassembled.

High points of the lesson were given by by Adult Class No. 1, and Brother E. Swain is teacher. He gave a wonderful thought.

The Secretary's Report: Youth: Intermediate Class won the attendance banner. The Adult Class No. 1 won both banners—attendance and offering. There were three visitors in Sunday School.

Prior to the beginning of the morning worship hour, the 10:45 a. m. devotional period was led by Brother and Sister U. Kelly.

Brother Blocker Brock read the Psalm and Brother James Sterling led the prayer for the hour. Another song, "I'm Glad About It," was sung.

Responsive reading involved the congregation standing. The morning hymn was "Leaning On Jesus."

Pastoral observation was given by Sister Moton in the absence of Pastor Moton. She read his letter he always leaves when he is absent from the pulpit. He was missed. Those who love the Lord came out and had church.

Another song, "God Is Working It Out For You," was sung.

In the absence of Pastor Moton, the morning message was given by Rev. James E. Black of Abernathy, Texas. He brought a wonderful message as he preached on the subject: "Ye Are The Salt." His text was St. Matthew 28:18-20. His son and daughter were with him as was another visitor with them.

There were also other visitors on last Sunday morning.

Remember our sick and shut in list. Sister S. R. Roberts is home from the hospital.

It was good to see Brother Sammy Beaty and Sister Clara Colquitt at

church last Sunday morning. They have been shut-in.

Dorothy Jean Stovell is still shut-in at her home. She is reported to be very sick.

Clarissa Jay had to have her finger lanced last week. She is doing well at this report.

Sister Jessie Evans has missed two Sundays from church. We miss all of our regular members. Just remember God is standing by you. You are never alone!

FROM THE PASTOR'S PEN by Rev. Billy R. Moton  
"WHOM IS HE KIDDING?"

When a man say he can't keep awake through a 70 minute sermon. But will stay at home and read his newspaper at 7:00 a. m. He's got to be kidding.

Or when he says Sunday is his only day to rest; gets up at 6:00 a. m. to go hunting or spend the day on the golf course. He's got to be kidding!

If a man says he doesn't have time for Christ and his church, but spends evenings shopping, bowling, watching television, whom is he kidding?

Certainly NOT GOD!!

### BLACK ASTHMA DEATH CASES ON THE RISE

ATLANTA, GA—According to the latest government figures the number of asthma cases and deaths from asthma have jumped by over 40 per cent since 1982. And the death rate for blacks is consistently higher than that for white and other groups. The report from The Centers for Disease Control and Prevention in Atlanta said approximately five per cent of the nation's population suffers from asthma. That translates into more than 10 million people. According to the CDC figures which were reported in last week's *New England Journal of Medicine*, one of the primary reasons for the increase in asthma cases may be lack of fresh air. The CDC said air pollution, air-tight homes and windowless offices may play a role. Poverty is often cited as a reason for the increase but the exact role poverty plays is unclear.

**WOMAN SAID TO RECENT SEX CHARGES AGAINST REYNOLDS**  
CHICAGO, IL—The young woman who accused black Congressman Mel Reynolds of having sex with her when she was a minor has

reportedly recanted the allegation. However, no one has heard from the woman in question. The alleged recantation came from a man claiming to represent the woman and was presented in a stunned Chicago court room. According to the original indictment Reynolds had a consensual sexual relationship with the woman when she was a 16-year-old volunteer in his 1992 Congressional campaign. The case has grown confusing because the States attorney says the woman has not recanted the allegation to either the police or to his office. Jack O'Malley accused the man who made the recantation, Reginald Turner, of an "an apparent media stunt."

**COMEDIAN MARTIN LAWRENCE MARRIES**  
NORFOLK, VA.—Popular comedian and Washington, D.C. native Martin Lawrence was married last Saturday to former beauty queen Patricia Southhall of Chesapeake, VA. The ceremony took place in Norfolk. Among those attending the wedding were Eddie Murphy, Kid N Play and Tisha Campbell, who co-stars with Lawrence on the Fox television show "Martin." As the bride walked down the aisle in typical

"Martin" fashion Lawrence said, "You look so damn good."

**SUPREME COURT MAY SET BACK RACE PROGRAMS**  
WASHINGTON, D.C.—"This is really an important time for the future of African-Americans and the Civil Rights Movement." Those were the words last week of Wade Henderson, director of the NAACP's Washington office discussing civil rights related cases pending before the Supreme Court. Last week the high Court began its largest review of government programs designed to regress racism in nearly 10 years. The increasingly conservative Court is expected to declare many of these programs unconstitutional. Most likely to fall are programs giving minorities preferential treatment in contracting programs scholarship and in the creation of voting districts. Since the retirement of black Justice Thurgood Marshall, liberal Justice William J. Brennan and Harry A. Blackman, the high court has frequently ruled against programs designed to benefit minorities.

"My Saviour"

I will not worry, Jesus  
Along life's dreary way,  
For though I fear,  
Beside me, day by day,

I will not worry, Jesus  
Though skies turn stormy grey,  
For every care,  
That I must bear,

Though thy cross, I lay,

I will not worry, Jesus  
A daylight fades away,  
Thy guiding light  
Burns pure and bright,  
Thy light gives way to day.

I will not worry, Jesus  
Though death's must pass my way,  
Thy mighty hand  
Will help me stand,  
To see thy judgment day.

## It Has To Be Us!!!

by Eddie P. Richardson

For us to survive we have to put our

resources together for the good and survival of us all. We must unite political not party; political and economic for the good of all of us. We have money and votes, that's what makes the wheel go around, but we must put them together to gain political and economic clout. We must forget about Republican and Ghetto and Democrat and Ghetto and get our act together and concentrate on what's best for us. We need each other and to survive we must have each other. Because instead of Republican and no or less aid, or Democrat with more or less aid, we need to build trade among ourselves.

We need to utilize our talent surplus to enhance our trade deficit. Our talent is needed by us for the good of all of us. Everyone benefits from our talents but us for the good of us. We as a people spend more money in white corporate America than Red China, Russia and Japan and our dollars do not make a full turn in our own communities. We

spend over one hundred forty billion dollars in white corporate America and a dollar does not turn around a full turn in our communities. Talent surplus trade deficit, we as a nation are the 9th largest nation in the world as far as wealth is concerned and retain less than one percent of our Gross National Product. Being the 9th wealthiest nation and having over 30 million votes, we could control our own destiny, make and break presidents and other politicians if we only pooled our resources and united for the survival of us all. With fireside economics, Reaganomics, recession and inflation we need each other more than any time in recent history. With all of our talent, all of our resources, and being the 9th wealthiest nation in the world an over 30 million strong, if we got our act together we would be able to perform miracles. It would be a glorious day if we ever got together and pooled our resources and talents for the common cause of helping all of us. It would be miraculous if we ever became as trade and economic oriented as we are aid oriented. We could forget the donkey and the elephant and do our own thing for ourselves. With trade and white corporate America and others which

would make life better for all concerned. With surplus of talent and deficit of trade, if we ever turn this thing around, we could become major producers instead of major consumers and non-producers. We need to redirect our thinking and start with the leadership and initiative coming from within. We must stop setting around and waiting for the government of some white people to do for us what we must and should be doing for ourselves. Let's work with white institutions, white people who want to help us build and rebuild our communities, but we must work and cooperate with them, with the leadership coming from us, not them. Too long have we set around waiting on the government or someone to do for us what we must do for self.

We must become producers as well as consumers. We must utilize our talents to overcome trade deficits. Talent surplus trade deficit must be turned around and reversed if we are to survive and help save us from us for us. The personal creed of each of us should be, and we should truly live by it: "If it is to be it is up to me." If we would all do it life would soon be better for all of us.

## IN CINQUE

by Renetta W. Howard

The family is the basic social unit in any society. Our communities all over our country have experienced a breakdown in our basic unit, which has had a domino effect on the rest of society. Being progressive as we are, we have changed the definition of "family." Sociologically speaking, this may be good and desirable. In reality, this new sociology has not been all that it is cracked up to be.

Normally, families consist of parents (a mother and a father, grandparents or aunts and uncles, even cousins and older siblings sometimes) children and in many instances other relatives of the immediate persuasion. Regardless of the denomination, the "parents" set the standards for the family and enforce them as well. The children of the family follow the directions of the parents and as a rule, the children are well behaved and experience success in school and other social organizations. Their concepts of appropriate behavior is much different than that of children who grow up in a re-defined family situation.

Children from one-parent homes, especially those without a father, have the concept that a father is in no way a necessary variable in a family. It is this concept which also gives rise to the birth of babies by teenagers. They have babies by boys who have no interest in family or fatherhood, but in sex. They make naive girls equate sex with love and so the problem grows. Parents, get "in cinque" and pull your family together and put your children on the road to acceptable social behavior.

## Methodist Hospital Seeks Bone Marrow Donors

LUBBOCK—Hodges Cancer Center of Methodist Hospital will host a bone marrow drive 8 a.m.—4 p.m. February 11 (Saturday) in hopes of finding a donor who may be the key to survival for a Plainview teen suffering from leukemia. Plainview Methodist Hospital will host a drive 10 a.m. to 5 p.m. Feb. 12 (Sunday) for 17-year-old Plainview native Natalia Ramirez.

Cook Ft. Worth Children's Hospital personnel will perform the drive, which involves a blood draw that will go through the first stages of testing for a possible match. The drives in Lubbock and Plainview are part of the National Bone Marrow Donor Program, which means all registrants at the drives will be listed as active participants in the national donor/recipient matching network.

Natalia is a patient of Hodges Cancer Center and Methodist Children's Hospital. Natalia has a diagnosis of a rare form of leukemia and is currently under chemotherapy treatment with John Iacuone, M.D. If Natalia relapses, a bone marrow transplant is her key to a healthy tomorrow.

None of Natalia's siblings match her bone marrow type, and at this point in time, the National Marrow Donor Program has been unsuccessful in finding a match.

## from the Desk of Parson D.A. Smith At The Forks

"I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life." John 8:12.

In his autobiography Elton Trueblood heads up his chapter on "Ministers" with a quote from the devotional pen of John Baillie. The quote reads, "The bit of the road which requires most to be illumined is the point where it forks." It is at the point we are required to make a decision. The choice we make may determine the remaining of our life upon planet

earth. So, Trueblood writes, "My philosophical studies convinced me long ago that the uniqueness of human beings lies principally in their capacity as decision-makers.

A very devout woman had recently learned to drive a car always started her trip with prayer: "Lord, guide my hands to steer this car and if the occasion would come that a decision should be made, You take the wheel." One day, she found herself in a terrifying situation: one car speeding up behind her, another passing at her from a road on the left. She didn't know what to do, so she just threw up her hands and cried, "Lord, You take the wheel!"

Jesus lights our entire road. But we are required to make a decision. The greatest choice anyone of us has to make is whether we'll continue plodding through darkness, or accept the light of His presence. Jesus said, "Whosoever believeth on me should not abide in darkness" (John 12:46). It is not really a choice between belief and unbelief, for a person cannot escape believing in something. When Jesus came into the world to bring God's light, "Men loved darkness rather than light, because their deeds were evil." That is one of the saddest commentaries on human behavior. And it is still true of many that they love darkness and even prefer it over light. Nothing better portrays the perverseness of human nature. And nothing is more certain to bring condemnation to man.

## We Thank God for Jesus "Home Improvement!!!"

Proverb 15:6, In the house of the righteous is much TREASURE; but in the house of the WICKED IS

TROUBLE.

Lord, I am very, very UPSET; I've got so much TROUBLE IN MY HOME. As I look back over my life, I can see MANY AREAS, WHERE I WENT WRONG.

Matthew 7:26, 27, JESUS SAID, And everyone that HEARETH these sayings of MINE, AND DOETH THEM NOT, shall be likened unto a FOOLISH MAN, which BUILT his house upon SAND; And the rain descended, and the floods came, and the winds blew, and BEAT upon that house; and it fell: AND GREAT WAS THE FALL OF IT.

I raised my children, THE FIVE of them; THE BEST THAT I COULD. But if I had to do it all over AGAIN; USING YOUR WORDS AS A GUIDE; I WOULD.

Proverb 22:6, TRAIN UP A CHILD in the way he should GO; and when he is OLD, he will not DEPART (TURN AWAY) FROM IT.

LORD, My husband died when they was small; and I was all alone. But I got PLENTY OF SPOILING HELP; FROM MY MOM AND GRANDMOTHER'S HOME.

Psalms 127:3, 4, LO, CHILDREN are an HERITAGE (PROPERTY) OF THE LORD; and the FRUIT of the WOMB IS HIS REWARD. As arrows are in the hand of a mighty man, so are CHILDREN OF THE YOUTH.

♦♦♦♦♦ WILL MOTHERS & FATHERS & GRANDPARENTS ROB GOD???

Even when I wanted to SPANK; FOR THREE & FOUR TIMES DOING WRONG, THERE WAS MY GRANDMOTHER & MOM TO DEFEND THEM; SAYING: LEAVE THEM ALONE.

Proverb 25:19, Confidence in an unfaithful man in TIME OF TROUBLE is like a broken tooth, and a foot out of joint.

♦♦♦♦♦ HOME IMPROVEMENT!!!

Proverb 26:3, A WHIP for the house, a BRIDLE for the ass, and A ROD (SPANKING) FOR THE FOOL'S BACK.

WE would ALL GIVE THEM THINGS, even: things WE KNOW THEY DIDN'T NEED, WE TRIED TO SATISFY THEIR EVERY WANT; THINKING LOVE WAS TO PLEASE.

Proverb 8:10-11, RECEIVE MY INSTRUCTION,

and not SILVER; and KNOWLEDGE rather than CHOICE GOLD. For WISDOM IS BETTER THAN RUBIES (PEARLS); and all the things that may be DESIRED ARE NOT TO BE COMPARED TO IT.

LORD, Now four of my children are GROWN; and moved out on their own, I'M NOW LIVING WITH MY 14-year-OLD SON, AND HE'S ALREADY GROWN.

Proverb 22:15, FOOLISHNESS is bound in the HEART OF A CHILD; but THE ROD OF CORRECTION SHALL DRIVE IT FAR FROM HIM.

HE don't want to go at any TIME; TO ANYBODY'S SCHOOL, I'VE HAD TO MOVE HIM THREE TIMES ALREADY; HE'S JUST A FOOL.

Ephesians 6:1-3, CHILDREN, obey your PARENTS IN THE LORD: for this is right, HONOUR THY FATHER AND MOTHER; WHICH IS THE FIRST COMMANDMENT WITH PROMISE; That it may be well with THEE, and thou mayest LIVE LONG ON THE EARTH.

And THEN he wants to tell ME; ALL ABOUT HIS SO-CALLED RIGHTS, BUT WHEN TRY TO ENFORCE, THE RULES OF THE HOUSE; WE ALMOST FIGHT.

O.T. Apocrypha: Ecclesiasticus 30:8-12, An horse not broken becometh headstrong; and a child left to himself will be willful. Cocker (PAMPER) thy child, and he shall make thee afraid; play with him, and he will bring thee to heaviness, Laugh not with him, lest thou have sorrow with him, and lest thou grash (CRUSH) thy teeth in the end. Give him NO LIBERTY IN HIS YOUTH, and wink not at his follies. Bow down his neck WHILE HE IS YOUNG, and BEAT HIM ON THE SIDES (HIPS) WHILE HE IS A CHILD, lest he wax STUBBORN, AND BE DISOBEDIENT UNTO THEE, and so bring SORROW TO THINE HEART.

LORD, NOW MY SON IS TRYING; TO BECOME A CAR THIEF, WHEN I GET HOME FROM WORK, TAKE A NAP; HE STEALS MY CAR FROM ME.

Matthew 11:28, JESUS SAID, COME unto ME, all ye that labour and are heavy laden, AND I WILL GIVE YOU REST.

GOD is not through with us yet. SO LET'S PRAY FOR ONE ANOTHER ALWAYS. Directed\*Arranged\*Produced\*Guided By OUR LORD JESUS CHRIST Written By Evangelist Billy B.J. Morrison, III Your Brother In CHRIST JESUS ALWAYS!!!

## The Outreach Prayer Breakfast

We met with the Parkway Center Saturday at 10:00 a.m. —great meeting! Sis. Burleson & Sis. Crawford were in charge of the devotion. Songs of praise went forward. Testimonies & remarks by Sis. Burleson, Sis. Nash and Sis. Crawford.

Rev. Stephens brought a dynamic scripture lesson on James 3:13, subject: Meekness of Wisdom.

James 3:13: If you're wise, live a life of steady goodness, so that only good deeds will pour forth. And if you don't brag about them, then you will be truly wise!

Have you ever known anyone who claimed to be wise but acted foolishly?? True wisdom can be measured by the depth of one's character. As you can identify a tree by the type of fruit it produces, you can evaluate your wisdom by the way you act. "Foolishness leads to disorder, but wisdom leads to peace and goodness," this teacher continues to say.

Wisdom is good knowledge based on being wise.

Meekness means strength under control.

Look to God for our medical selves.

Where there is strife, there is confusion. Let us

have faith and wisdom. Meekness is the strength to back down from a fight that you know you can win.

Thanks, Rev., we love you. How precious are the feet of those who preach the real Gospel. You're one of them to lay. Thanks again.

Thought:

"Wake up, men of God, you are at ease." Look around you! (Think about it)

Those who are ill in our fair city and beyond. Bro. Nelson, Sis. Cora Williams, Bro. B.J. Hood, Sis. Betty Miller, Sis. Bonnie Brooks, Gary Brooks, Sis. Giddings, all others not known at this time. Let your faith activate your guardian angel. Please read II Chron. 7:14, Mark 11:22-26, go by the rules in the Scripture. They work real good.

See you next week. You keep that smile on your face, regardless of the problem. We all have them, don't worry, be happy. Join us. We meet every first Saturday of the month, and every third Saturday go to Parkway Center. Dues are five dollars a month. Try it, you might like it.

**STUDY SHOWS ALMOST ANYONE CAN LOSE THE EXCESS WEIGHT**

BRING IN THIS ARTICLE FOR A FREE CONSULTATION!

Almost anyone can lose weight today. That's what physicians and patients are saying at THE DOCTOR'S CLINIC. Dr. Gerald Parker and Dr. John Taylor, owners of the clinic, did a survey and found approximately 93% of their patients lost weight under their program. They actually thought the results would have been higher if more of those who didn't lose would have come back and discussed the problem with them.

We have visited with Dr. Parker and Dr. Taylor and some of their patients at THE DOCTOR'S CLINIC at 4714 So. Western Drive in Amarillo. Dr. Parker said he "was amazed at the results they are getting."

"If anyone would have told me five years ago, or even six months ago, we could do this well, I would have thought they were nuts", Parker related. "The new studies that have come out in the past year alone are amazing. I'm sure most people read the articles in the news last Summer. They took a group of men, aged 60 to 80, and increased their lean body mass. This group lost enough fat to make them look and feel 20 years younger."

He continued, "there are studies that have shown the body contains two kinds of fat - called brown fat and

white fat. The brown fat acts like the good guy and helps rid the body of the dangerous white fat, usually found around the waist area and upper body. There are also co-factors that make insulin more efficient in metabolizing fat, proteins and carbohydrates so the body needs less insulin and burns fat more efficiently."

Dr. Taylor mentioned the fact that studies on ATP, also known as adenosine - tri-phosphate which is part of the energy equation, led to treatment for chronic fatigue syndrome. They also found overweight people had 20 to 30 percent less ATP in their cells. Now it is proven - what was long suspected - people are different. It's not just what they eat.

But studies also proved that calories are not the same and that plain old calorie counting was not the answer. As we age, our bodies tend to increase in fat content and muscle weight lessens.

Dr. Parker mentioned that their efforts are not just focused on weight loss, but also on decreasing the ratio of fat to lean body mass. This helped the men in the 60 to 80 age group look younger and feel better.

Parker noted that athletes are now using some of this research to build muscle mass safely without steroids.

He also noted that some are taking other things besides steroids through the black market that could be just as dangerous as steroids. "People need to lose weight or build body muscle with the help of a physician", Dr. Taylor stated. "It's much safer and a lot more effective."

"There are two secrets to weight control", he stressed. "Communication and Maintenance". "If the patient will discuss with us any problems, we can almost always find the answer for them. And if they will go on a maintenance program for a period of time, they can usually keep the weight off."

And now, thanks to the new information, weight loss patients can even cheat to a limited extent and get away with it. Dr. Parker and Dr. Taylor conducted an informal survey of patients starting the diet over the Christmas holidays which is usually the most difficult time to diet. The amazing result was 92.3% of the patients lost weight!

If you have a stubborn weight problem, THE DOCTOR'S CLINIC may have an answer. Visit them at 4714 So. Western in Amarillo or call them at 355-8263.

# JUST THINKING

By Maurice A. Dawkins  
 "Blackness" Our Bottom Line with the GOP Contract

Montevideo, Uruguay was the site of the "Summit of Black People," the same weekend that the Summit of the Americas was held in Miami. Blacks came from Central America, South America, and Canada. Blacks from the United States learned that these too are entitled to call themselves African-Americans. The common denominator is the "blackness." The numerator designates the national connection.

I was just thinking what we must do to get U.S. American blacks to wake up to the fact that a black Agenda involves making "blackness" the determinative element in the power equation in two party politics in The United States of America.— Not GOP-ness or DEMOCRAT-ness

The late Congressman Adam Clayton Powell of Harlem used to say "Think Big! Think black! Think like a child of God! He played the power game to win political gains for black folks when the Republicans had the most power from 1952 to 1960.

So why can't political gains be made by black folks with Republicans in power in the

Congress in 1993 and 1996. Jesse Jackson has dubbed the GOP Promises: "A Contract On America," stating that like A Maha Hit Man it is an agreement to wipe us out!

Well let's examine the FACTS. Wiping out welfarism can only help black folks who have become the primary victims of a dependency syndrome; babies having babies, guns in the schools, drugs in the neighborhood and an ever growing increase in murders rapes and robberies, committed by blacks on blacks.

Wiping out the disincentives to traditional families, returning to the parents the power to determine the moral values and ethical standards of their children sounds good to black mothers and fathers.

Wiping out the class warfare mentality and recognizing the merits of an opportunity in society where blacks can make progress out of economic powerlessness by means of economic empowerment policies is at least worth trying.

Wiping out the "Big Daddy" Government spending on big bureaucracies and letting individual Americans control more of their

own money, and giving more power to the states and local governments in a new form of federalism has got to be better than the failed policies of the past.

Those blacks who are afraid of states rights because of the racist history of segregation in the states need to listen to Marion Barry and "Get over it!" 1993 is not 1955. Some 40 years have passed since the 1954 supreme court decision. Martin Luther King Jr. has to be given some credit for having brought about changes in the southern states. Willie Brown, the powerful speaker of the legislature in California and the 500 or more black state legislators chairing committees and getting elected to statewide office indicate that giving more power to the people at the local level is working to the advantage of black folks.

The Rev. Adam Powell Jr. used to say "Black people are not conservative because they have nothing to conserve. This was true in his day. However this is a new day and we need a new way. We want to conserve our God fearing, brotherhood-of-man faith. We want to conserve our independence and freedom to

determine our own destiny. We want to conserve our right to live in a safe community and raise our children free from the fear of crime and criminals. We want to conserve the economic opportunities that a free market system provides and a level playing field on which to play the game. We want to conserve the right to work on a good paying job and or start our own small business. We want to have one tenth of the millionaires and one tenth of the elected offices if we have one tenth of the population. If that is what the GOP 'Contract With America' can provide for black folks it may be that the party of Lincoln is at last about to become worthy of his name.

Rev. Maurice Dawkins was GOP candidate for the U.S. Senate nominated by the Virginia Republican Party in 1988. He is director of the National Republican Civil Rights Task Force. Phone 305-485-3886.
