

RAIL PICKETS—Members of the Brotherhood of Railroad Trainmen are shown setting up a picket line on a 22-mile subsidiary of the Republic Steel Corp., the River Terminal Railway, at Cleveland, Ohio. The steel firm has shut down its local furnaces. This was one of three Midwest "token" strikes which began Aug. 21 in a union dispute with management. (AP Wirephoto)

Fail To End Rail Dispute

WASHINGTON, Aug. 22 (AP)—Another White House attempt to settle the rail strike failed today as more workers left their jobs.

John R. Steelman, assistant to President Truman spent two hours and a half trying to find some way to bring representatives of the striking unions and a committee of railroad officials into a joint conference.

At 11:30 a. m. (CST) he announced that both groups had left the White House without getting together and with no definite plans for further meetings.

President's Secretary Charles G. Ross said they may be called back for further conversations later today.

Railroaders struck today in Pittsburgh and Chicago despite a White House plea to stay on the job.

Union leaders hinted they might extend to a major railroad.

There was some speculation that if a settlement isn't reached soon, either the Pennsylvania, New York Central, Southern Pacific or the Santa Fe might be struck.

Like those called yesterday in Louisville, Cleveland and Minneapolis-St. Paul, these are 5-day token strikes. The idea is to call attention to a wage-hour dispute that has dragged on for 17 months.

All the strikes are comparatively small but they are in such key spots union leaders have estimated they will put 50,000 men out of work.

An attempt to settle the dispute last night dragged on until after midnight—but got nowhere.

Nevertheless, President Truman's top labor negotiator, John R. Steelman, said he would call the unions and railroads together again today for further talks.

There still was no indication that Mr. Truman planned to seize the roads.

Steelman said he had specifically requested the unions to call off their strikes, but that they refused.

Today's strikes went off like clockwork.

The P. & L. E. said the strike would halt its passenger service between Pittsburgh and Youngs-

town, Ohio, as well as its freight service.

Steelman told reporters last night's futile peace talks broke up at 12:30 this morning, Washington time. Spokesmen for the unions and the railroads, meeting in adjoining rooms, could find "no common basis" on which to get together, he said.

He did not indicate whether he would try to get them together around a single conference table when the talks resume.

The unions have demanded repeatedly that the President seize the railroads, a demand which he has refused to make.

They said they would keep their 300,000 railwayman members at work—and send the strikers back to their jobs—if the government takes over.

MONTREAL, Aug. 22 (AP)—Railway workers in Newfoundland walked off their jobs at 6 (3:30 a. m. EST) today, leading the way in a Canada-wide railway strike.

As last-minute negotiations continued throughout the night, a union head early today said no settlement had been reached on the demands of 124,000 workers for a 40-hour week and pay increases.

Throughout the nation, mail, freight and telegraph services were coming to a standstill.

Truck transport was mobilized for 24-hour-a-day service. Industries prepared for layoffs.

Farming communities and large cities expected no immediate food shortages. But many remote sections faced real hardship.

Prime Minister Louis St. Laurent's cabinet held an emergency four-hour meeting last night and earlier the government had decided not to intervene unless new developments made it necessary.

Railway officials said the unions ended direct negotiations Friday. But the special mediator, Dr. W. A. Mackintosh and Deputy Federal Labor Minister Arthur MacNamara continued conferences alternately with the two factions.

At 4:25 a. m. EST today union head A. R. Mosher announced after a union meeting:

"That's all! No settlement!"

Ramsey, Brooks Step Up Pace For Run-Off Vote

By The Associated Press

Ben Ramsey and Pierce Brooks, candidates in Saturday's run-off election for lieutenant governor, have stepped up the pace of the campaign's verbal conflict.

Brooks, from Dallas, said Ramsey's heart isn't in this campaign—Ramsey, from San Augustine, said it is wise not to elect the president of an insurance company.

"Thus far the other candidate has sought refuge in a cloak of secrecy and mystery and he has yet to appear before the public. Why? His heart isn't in this campaign," Brooks said. "He was lured out of political retirement by certain individuals and corpora-

tions to make this race and his friends tell me he isn't too enthusiastic about the whole thing.

Ramsey said, "If my opponent were elected lieutenant governor and Gov. Shivers were to leave the state, he could not act as governor because he is president of a corporation. If that maker of our Constitution thought it wise to prohibit the governor from holding corporate office, then it is similarly wise not to elect the president of an insurance company as our lieutenant governor."

Brooks' statement was issued by his Dallas headquarters. Ramsey was up from his hospital bed and on an air tour of the state. His first stop was Houston. He was due in Waco today.

In Lubbock, Rep. Preston E. Smith, who ran third in the 12-man race for lieutenant governor in July, announced his support yesterday for Ramsey.

Brooks has announced he will make three radio speeches this week, and also that he will make numerous speeches on a tour through East Texas. He will close his campaign Friday night in Tyler, his former hometown.

Headquarters for Fagan Dickson, candidate for Place 1 on the State Supreme Court, announced in Austin yesterday that State Sen. Kyle Vick of Waco has endorsed him for the post.

UN Troops, Tanks Wipe Out Roadblock, Halt Red Moves

Negro Infantry Battles Way Out Of Trap

Return To Units After Receiving Close Air Help

By STAN SWINTON
Associated Press Staff
WITH U. S. 25TH DIVISION ON THE SOUTHWEST KOREAN FRONT, Aug. 21—Delayed—Three hundred North Koreans Sunday caught 25 gallant Negro infantrymen and their white captain in a trap.

Although encircled, the small band of Americans didn't give up. Thirteen hours later, with the help of close aerial support, they battled their way to friendly units.

"They (the enemy) were so close we could just about shake hands," said Sgt. First Class Leonard Ford of Philadelphia.

Their air support was probably the closest of the war. An artillery liaison pilot saw Capt. Lawrence M. Corcoran wave his carbine. Fighter planes were ordered to attack.

They swept in so close that one Negro infantryman was wounded; but it checked the onrushing Reds.

Then four minutes after Corcoran called his men down from the highest peak, American bombers plastered the area with 500 bombs. Loosened stones injured three more Americans.

"I lost my helmet and was holding a borrowed one over my head when one rock smashed into it. That was really a close one," recalled Corcoran.

The company was on Battle Mountain—that's the blood soaked peak about two miles southwest of Haman. It has since been regained and lost again to the Korean Reds.

Lt. William Blackburne of Chicago, phoned to Corcoran that an enemy company had attacked his platoon.

Blackburne's platoon and another were driven off the slope. Concussion from a grenade blew the lieutenant down the slope but he was unharmed.

Later Blackburne guided counter-attacking forces.

Back on the hill, Corcoran recalled, "The Koreans (enemy) were close up and throwing percussion grenades, big black things that flash I counted 25 flanking us. I started up the hill but was driven back. The Gooks had broken our line. All but 25 of my men had been driven back. I gathered them together."

WHERE KOREAN REDS BUILD UP FORCES—Sawtooth lines locate areas along the Korean front (broken line) where Korean Reds are reported building up strength, possibly for a twin fullscale drive on Taegu and Pusan. Arrows locate major activity, with the Allies fighting off North Korean thrusts along most of the front. On the east coast, however, the Allies drove north of Kijye and Pohang for gains that cost the Reds heavily. The Communist build-ups were reported in the Waegwan area of the Naktong front and in the Chinju area in the South. (AP Wirephoto Map)

ABOVE HST REQUEST

Korea Action May Need More Money

By ELTON C. FAY
Associated Press Staff

WASHINGTON, Aug. 22 (AP)—A United Nations decision to push its police action in Korea north of the 38th Parallel may require more U. S. funds than the \$10,500,000,000 which President Truman has asked.

Secretary of Defense Johnson estimates that the Korean fighting may end about February. He predicted that, however, on a campaign to push the Communists back only to their pre-war border.

Whether the UN police action will stop at the 38th Parallel or move on into North Korea is an effort to crush the Communist army presumably has not been determined.

High command planning at least up until late in July was based on an assumption that the war would not be carried north of the 38th Parallel.

These estimates came to light today with release of testimony given by military leaders last month before a House appropriations subcommittee in behalf of the President's request for new funds for military spending.

Johnson's disclosure of the plans was given on July 25, 11 days before President Truman was asked at a news conference if United Nations police action in Korea would end at the 38th Parallel, which divides North and South Korea.

The President replied that decision would be made when it became necessary. Presumably it would be one in which the UN would take part.

The defense secretary was asked by Chairman Mahon (D-Tex.) of the subcommittee how much of the supplemental money would be needed to fight the Korean war, how much for general expansion of the armed forces and rearmament.

Johnson spoke of various unknown factors in making such an estimate, then said:

"The other imponderable is that this money for the Korean operation is based on its running the normal course of what it might take for us to stabilize, (2) to build up the necessary equipment to go forward, and going forward in accordance with the planning of the joint chiefs of staff and Gen. MacArthur, to the 38th Parallel.

"There is more money than we need in Korea if these troops from North Korea should now or at an early moment withdraw to the 38th Parallel. If there should be no chance of an adventure and if the campaign should not move according to the best estimates of Gen. MacArthur and the joint chiefs of staff, we might need more money."

As to the time table, Johnson said, in answer to another question, that:

"The Korean situation, I hope, is a six or eight months' proposition."

EGYPTIAN DOES IT!

Channel Swimming Mark Is Broken

DOVER, Eng., Aug. 22 (AP)—Nine persons, two of them women, swam the English channel today in a dizzying procession of prowess.

An Egyptian shattered the world's record.

A Frenchman also broke the world's record, but lagged 10 minutes behind the Egyptian.

Another Egyptian, a Greek, an Argentine, an Englishman and a Scotsman struggled in after them, along with a 118-pound British school teacher and a Danish lady whose non-swimming occupation is dress designing.

Jennie Kammergaard, the Danish duster, was the latest across.

The decision was reached after an English school teacher made it across in 16 hours, 31 minutes—even close to the woman's record. But she was the first woman to make it in today's race, and for that the London Daily Mail, sponsor of the event, awarded her \$1,000 (\$2,800), the same as went to the Egyptian record-breaker.

Latest to get across were Jason Ziganos of Greece and Antonio Albertondo of Argentina.

Flowing through rain and choppy seas in a mass race sponsored by a London newspaper, Hassan Abd-El Rehim, 41, of Egypt, and Robert Le Morvan, 26, of France, broke the 24-year-old record of 11 hours and five minutes set by another Frenchman, Georges Michel.

Rehim's official time was 10 hours and 53 minutes. Morvan was 10 minutes behind Rehim, finishing the 19-mile course in 11 hours and three minutes. Rehim won 1,000 pounds, \$2,800, from The London Daily Mail.

Third to finish was Mareeh Hassan Hamad, 33, also of Egypt. His time was 12 hours and 16 minutes.

Rehim led the field almost from the moment they jumped in at Cap Gris Nez in the darkness. Twelve of the starters had dropped out from cold and exhaustion before they reached the half-way mark—among them the only American competitor, David Frank, a 27-year-old New York clothing designer.

Rehim, Hamad, Le Morvan and Sweden's Lars-Beril Warle, 30, fought for the lead during the swim.

Defenders Stymie 90,000 Commies

By The Associated Press

TOKYO, Wednesday, Aug. 23—American troops and tanks wiped out a threatening Red Korean roadblock 10 miles north of Taegu Tuesday. Their mates took three commanding hills to block the coastal gateways to Pusan port in the south.

The Reds' behind the lines roadblock near Taegu had choked off all allied supplies for two hours and threatened to trap troops of the U. S. 27th "Wolfhound" Infantry Regiment.

The central front and extreme southern fighting was the most bitter of the 24-hour period ended Tuesday midnight.

Gen. MacArthur's headquarters announced its midnight communique would be omitted as there was no change in the situation.

All along the 120-mile perimeter of the allied beachhead United Nations troops held firm or advanced.

The Reds had shoved 90,000 men—nine divisions—against the allied defense line.

South Korean Marines, in their third landing within a week deep behind enemy lines, moved into Ejak Island, off Inchon, the west coast port of Seoul. No additional details were given.

Other South Korean Marines, aided by allied planes, were mopping up enemy forces attempting to land on Koje Island, south of Chinhae, 21 miles northwest of Pusan.

For the third straight night the North Koreans tried to push elements of three divisions down the same road to Taegu.

Tanks and men stopped them 12 miles north of the city.

The fighting on the south coastal approaches to Pusan, No. 1 allied seaport on the southeast tip of the peninsula, roared for the third successive day.

Three times the men of the U. S. 25th Division infantry beat back the attacking Reds on that bloodstained road.

First, the U. S. 35th Regiment drove a numerically superior North Korean force off a key ridge near Chungnam, 35 miles west of Pusan.

Then Negro troops of the 24th Regiment recaptured nearby "Battle Mountain" for the fifth time in four days. And the 5th Regimental Combat Team from Hawaii fought its way back to commanding.

See UN Page 11, Col. 5

KOREAN WAR AT A GLANCE

By The Associated Press

Southern Front: U. S. infantry retakes all ground lost to sharp Communist attacks, foil breakthrough for Red drive on Pusan.

Air and Sea: Land based Allied planes rip Red positions behind lines, destroying tanks, buildings, boxcars, big gun positions. Other planes smash at targets inside North Korea. U. S. naval units bombard and silence battery on east coast, shell Reds in support of advancing South Koreans.

Hong Kong: Observers see loss of Red momentum bringing about Communist effort to save face in some kind of "peaceful settlement."

Washington: Korean war has built up U. S. Army, Navy and Air Corps. Capital hears more than ten billions will be needed if Reds are to be pushed beyond 38th Parallel.

Lake Success: Security Council prepares to meet again, but no progress is expected against Soviet procedural blockade on Korea question.

Lt. Rice Is Wounded In Korea War

Lt. G. W. Rice, son of Mrs. J. W. Rice of Big Spring, has been wounded in the Korean war, relatives have been notified. Mr. and Mrs. Kidd and a brother of the wounded man, A. D. Rice, live at 905 Main street.

Lt. Rice's wife and small daughter, Beth, are with her parents in Yakima, Wash.

Details of his injuries had not been received, but the notice stated that Lt. Rice had been seriously wounded. He is not in a hospital in Japan.

Lt. Rice is one of four brothers who served in World War II. He fought in the Battle of the Bulge in Europe and subsequently was stationed with the military government in Germany. He remained in the service after World War II and had been a range officer at Fort Riley, Kan., until July 15 of this year when he went to Korea. He was serving with the 24th Division.

Gratitude In Japan Over U. S. Action Against Red Korea

TOKYO, Aug. 22 (AP)—A movement to express gratitude to the United Nations forces fighting the Red Koreans has emerged in Japan.

The sponsoring group is headed by Yaizo Kikuoka, president of the newspaper Nippon Seisai in Tokyo.

The prospectus said the UN action in Korea had wiped out the uneasiness of the Japanese over the eastward advance of the Red tide.

Kikuoka said sponsors plan to get 10 million signatures.

CORPUS DELICTI IS ONLY DUMMY

Highway 80 east of Coahoma has turned up with its third "dead man" but no corpus delicti in the past several months.

Motorists passing through that area Sunday night frantically called local authorities that there was an inert figure lying near the thoroughfare.

Investigation proved the body was a rigged dummy, however, made to look like a maimed pedestrian.

Officers said they believed the pranksters were kids who watched all the fun from nearby underbrush.

MORTON SOBELL

Sobell Will Be Removed To New York

HOUSTON, Aug. 22 (AP)—Morton Sobell, 33, electrical engineer charged with passing defense secrets to Russia, was to be brought to the Harris County Jail late today.

Federal Judge Allen B. Hannay signed an order yesterday for Sobell's removal to New York City.

A deputy United States marshal left immediately for Laredo where Sobell has been held since Mexican officials turned him over to Federal Bureau of Investigation agents at the Mexican border Friday.

U. S. Marshall Clifton C. Carter said Sobell would be brought to Harris County Jail late today and probably taken tomorrow by plane to New York.

Sobell waived a removal hearing last week before U. S. Commissioner Frank Y. Hill at Laredo. Bond was set at \$100,000.

Asst. U. S. Atty. John C. Snodgrass carried the application for a removal order to Hannay. Snodgrass said the complaint filed in New York by the FBI Aug. 3 charges Sobell violated the espionage act by allegedly transmitting to Russian agents certain papers, sketches, documents, and information relating to national defense.

B-29 Superforts Release Loads Near Soviet Border

TOKYO, Aug. 22 (AP)—Seventy B-29s, roaring within 60 miles of Russian territory, slammed nearly 700 tons of bombs at North Korean military and industrial targets today.

The principal target was Chongjin, west coast industrial city on the Sea of Japan. U. S. Far East Air Force headquarters said.

Chongjin is 40 miles from the Manchurian border and less than 60 miles from the Russian maritime provinces.

Targets were the railroads, deep water port and the former Japanese Mitsubishi iron works.

Other B-29s struck at bridges and smaller industrial targets.

B-29s pounded targets near Samchok to Nonsan. They damaged railroads, a bridge and hit "at least 13 troop concentrations," headquarters said.

Lt. James H. Morrow, Sweetwater, Tex., said "we scored direct hits on the yard at Chondu. Fires followed the attack. We then dove bombed railroad tracks in two sectors, scoring direct hits."

Enlistees Should Report First To Local Recruiters

Persons planning to enlist in the US Army or US Air Force should report to the local recruiting station rather than go to Abilene, M-Sgt. Tommy Bunch, recruiter, said this morning.

Declaration of the volunteers to enlist at Abilene simply slows up the paper work which must be done on them. Bunch stated since their records must be verified here.

Abilene Sergeant Wins Bronze Star

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Aug. 22 (AP)—The Eighth Army today announced the award of 25 Bronze Star medals and one Oak Leaf cluster to the Bronze Star to men and officers of the U. S. First Cavalry, 24th and 25th Divisions.

Twenty-fourth Division Bronze Star awards included M-Sgt. William D. Goodlett, Abilene, Tex.

One Person Killed In Plane Mishap

LOS ANGELES, Aug. 22 (AP)—One person was killed and six injured early today when a propeller came off an American Airlines plane over Denver, Colo., and ripped through the passenger compartment, a company spokesman here said.

IN PACT SETUP Seek To Approve European Army

By JOSEPH E. DYNAN
Associated Press Staff
STRASBOURG, France, Aug. 22 — A committee of the European Consultative Assembly meets today to approve steps to fulfill proposed European army inclusion into the overall Atlantic Pact setup.

The assembly's security subcommittee agreed in principle yesterday that the army and defense minister proposed by Winston Churchill must be a pillar, not a rival, of the pact.

Agreement came after the committee's member from the British Labor Party boycotted the session. One labor delegate said his party did not feel the consultative assembly has jurisdiction over such matters.

This seemed to forecast a bitter fight on the assembly floor when the army-defense minister proposal comes up for public debate. The Swedish and Irish delegates also may oppose it, since neither nation has signed the Atlantic treaty.

One member of the security subcommittee reported what he termed a surprisingly strong feeling in the group that whatever European nations do for defense must rest

Fuch's Friends Turns Services To Red Hungary

LONDON, Aug. 22 (AP) — Prof. Lajos Janosy, a scientific acquaintance of atomic spy, Dr. Klaus Emil Fuchs, has delivered his services and cosmic ray secrets to Communist Hungary, according to the London Daily Mail.

Janosy, 38, was reported to have switched from the institute for advanced sciences in Dublin to Budapest University. Possessing family ties in Budapest, Janosy was quoted by colleagues that Hungarian authorities offered him an attractive contract.

During the war, Janosy engaged in cosmic ray research at Manchester University. University authorities minimized the immediate practical value of Janosy's information, but conceded his knowledge of cosmic radiation eventually might be of great use.

INSPECTS BATTLE PRIZE—Pfc. Hoard Jameson, Granville, N. Y., examines the enemy 51 cal. anti-tank gun which he captured during battle against North Koreans. Behind the tank gun is a Red machine gun, also taken from the invaders. (AP Wirephoto)

Tax Roll Hearings Set For This Week

Public hearings on property valuations for the 1951 tax roll will be held Wednesday, Thursday, and Friday at the city hall.

The City - School Equalization board will hold the hearings from 8 a. m. to 5 p. m. daily. Members of the board are Tom Rossen, Lawrence Robinson, and Omar Jones.

Hi Y Club Members Leave For Officers Training Camp

Six local Hi Y and Tri Hi Y club members left at 4 a. m. today for Possum Kingdom Lake where they will engage in a five-day officers training camp.

Mrs. Manley Cook is in charge of the Big Spring delegation to the statewide camp. She and Lee Milling, YMCA secretary, drove cars to the encampment this morning. Milling is to return today.

The training school is being held at the Grady Spruce YMCA camp at the Possum Kingdom Lake. Enrolled from the Big Spring clubs are June Cook, Jo Ann Smith, Sandra Swartz, Gail Price, Fritz Smith, and Richard Prohm.

TWO PUZZLED BIRDS WORRY

CHICAGO, Aug. 22 (AP) — Mrs. Oma Dovgin has two puzzled pigeons and they have a foster chick.

Because Mrs. Dovgin's pet pigeons, Mama and Papa Buzzy were unsuccessful in hatching their own eggs, she placed a chicken egg in the nest. The pigeons, after some hesitancy, began the job of hatching, papa taking his turn sitting on the nest.

After 19 days, the egg hatched. Now, with a downy chick in their nest, the pigeons, Mrs. Dovgin said, appear more puzzled than ever.

LEG CAUGHT IN ELEVATOR—Despite the pain from his gashed leg, Angelo Vocci, 54-year-old janitor, stoically waits while rescuers saw through the flooring of an elevator in Boston, Mass., in which he was trapped. A priest (left) kneels to comfort Vocci who remained conscious through the hour and one half ordeal. Surgeons at Massachusetts General Hospital said they hoped to save the injured leg. (AP Wirephoto).

EXPECT IN SENATE

More Stringent Curbs On Reds

By OLIVER W. DeWOLF
Associated Press Staff
WASHINGTON, Aug. 22. — Key administration lawmakers conceded today that the Senate is likely to pass a more stringent set of curbs on home front Communists than President Truman has asked for.

Debate probably will begin early next week.

The House un-American Activities Committee meanwhile launched a drive to bring up for debate this week a bill imposing rigid curbs on Communists and subversives. It needs clearance by the rules committee.

It too, would go a lot further than the recommendations made by Mr. Truman in a special message to Congress last Aug. 8.

Mr. Truman asked for (A) registra-

tion of foreign-trained espionage agents and saboteurs; (B) broader authority to protect military bases and defense installations and (C) closer supervision of aliens.

Senate Democrats originally had planned to call up a relatively minor House-approved internal security bill and then move to replace with a bill carrying out Mr. Truman's recommendations.

But a Senate Democratic conference yesterday decided instead to call up the much broader omnibus internal security measure sponsored by Chairman McCarran (D-Nev.) of the Senate Judiciary Committee.

As a sequel to this action, Sens. Mundt (R-SD) and Ferguson (R-Mich.) abandoned their plan to tack their Communist registration bill onto the bill giving Mr. Truman power to impose economic controls.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unwanted weight and helping to bring back alerting curves and graceful slenderness. Just get from your druggist, four ounces of liquid Blaromycin. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If a very fresh bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Boundary Scrap Fatal To Pair

BETHLEHEM, Pa., Aug. 22 (AP)—William Eck, a 45-year-old electrician, went out to cut his lawn last night.

His next door neighbor, Aurus Meinberg, 47, came out of his house

as Eck was mowing the lawn at the boundary of the two properties. Ten minutes later both of them were dead. Michael Fox, captain of detectives, listed the deaths as murder and suicide. He said Meinberg shot Eck with a 12-gauge double-barreled shotgun and then turned the weapon on himself.

Fox said the two had been quar-

reling for more than a year. The argument began, Fox said, when Eck cut branches from a dead tree and littered part of Meinberg's lawn.

Reds Seen Trying To Save Face By 'Peaceful' Korea Settlement

By The Associated Press
HONG KONG, Aug. 22.—Communist China's appeal to the United Nations for a "peaceful settlement" in Korea was seen by some observers today as a Red attempt to save face and make the best of a worsening Korean situation.

Although the appeal by Chinese Red Premier and Foreign Minister Chou En-lai echoed the settlement demands of Soviet Russia in the U.N., observers pointed out.

Chou's message came at a time when private information reaching Hong Kong from Communist China described Red leaders as "losing heart" over the war developments in Korea.

This information is that Chinese Red newspapers have swung away from the enthusiasm that marked the earlier stages of the war when the Korean Communists were scoring rapid advances.

An informant cited an editorial in the Peiping Peoples Daily, an official Chinese Communist mouthpiece which has voiced support of Russia's peace formula for Korea. The informant said:

"Though it didn't say so in so many words, the presumption is that it saw little or no hope of the Koreans pushing United Nations

forces out of Korea and that steps must not be taken to salvage the situation before Korean Communist forces are driven back to where they came from."

TEC Plant At Colorado City To Double Capacity

COLORADO CITY, Aug. 22.—Only recently activated, the steam generating plant of Texas Electric Service Company is to be doubled in capacity.

J. H. Thomas, Fort Worth, president and general manager of TESCO, announced Monday that an order had been placed with General Electric Company for a 40,000 kilowatt generating unit.

It will be constructed alongside the twin 20,000 kilowatt steam-electric generators, which went into operation just a few weeks ago.

This additional unit will make the Colorado City plant one of the largest in Texas and much larger than anything between Fort Worth and El Paso.

Thomas said that construction would start within a few months. He estimated that approximately 20 months would be required for completion. Cost would be approximately one million dollars.

TESCO has constructed its present plant on the east shore of Lake Colorado, which lies four miles southwest of here. Approximately 30 men are now employed. The plant is of the open-air design, a comparatively new development in the southwest.

County Artists Are Invited To Take Part In Fair

Howard county artists have been invited to compete in the art division of the annual Dawson County Fair Sept. 27-30.

Mrs. George Hart, art superintendent, said that entries would be accepted in two groups, student and advance. There will be divisions in oils, water colors, drawings and pastels. There are no subject matter limitations. Entries will be accepted by Mrs. Hart, 1019 N. 1st, Lamesa, until 8 p.m. Sept. 26. Prizes are \$1 for first and ribbons for second, third and fourth.

City Hall Closed Out Of Respect To Haynes A. Howell

The city hall was to be closed at 2:30 p.m. today out of respect to the memory of Haynes A. Howell, 70, City of Big Spring civil engineer, who died Sunday.

This was to permit employees of the city to attend last rites. Mayor G. W. Dabney said that the offices would be closed the remainder of the afternoon. Mr. Howell had been with the city since 1939.

Edna Harcow Rites At Colorado City

COLORADO CITY, Aug. 22.—Rites have been held here for Ruth Edna Harcow, 50, who died Saturday morning at her home in Cooper.

She was born here December 31, 1899 and left Colorado City 29 years ago. Surviving are her husband, S. H. Harcrow, Cooper, a son, L. H. Harcrow, Manhattan, Kans., a sister, Mrs. H. E. McCord, Colorado City. Rites were in charge of Rev. Hudson McNair, Cooper. H. E. Johnston, Colorado City minister of the Church of Christ, and the Rev. James Beutler, vicar of the All Saints Episcopal church, Sweetwater.

LLOYD MABRAY

Red Picture Called Phoney By Ex-Soldier

DALLAS, Aug. 21.—A former first sergeant in the Infantry says that a picture the Communists described as showing American prisoners in Korea was taken in France during World War II.

Lloyd Mabray, who now manages a Dallas hamburger drive-in, said the picture was taken on a pontoon bridge he guarded in 1944 and shows a group of Europeans freed from a German labor camp.

"I guarded it for three day and nights and I sure remember it," Mabray said last night.

Mabray said the picture appeared in the Army newspaper Stars and Stripes and in a London newspaper. "It was the identical shot," he said.

The picture shows a column of men marching over a pontoon bridge past stone archways. The Russian-controlled German News Agency ADN distributed it with a caption saying it shows American prisoners of the North Korean Reds crossing a Han River bridge near Seoul.

Mabray said the river is really the Moselle in France and the men looked like Americans because the Red Cross had given them some old discarded American uniforms.

When Mabray was shown an enlargement of the picture he pointed out that portions of the bridge appeared snow-covered.

"It was winter and snow was on the bridge when I was there," he said. "I haven't heard of any snow in Korea this time of year."

The picture under discussion appeared on Page 1 of the Herald on Monday.

Sally Rand Weds Her Manager In Toledo, Ohio

TOLEDO, O., Aug. 22.—Sally Rand, the shapely, veteran fan dancer, is honeymooning today with her manager, Harry Finkelstein.

They were married yesterday by a justice of the peace, Miss Rand, appearing with an outdoor show, listed her age as 45.

Finkelstein said he is 40 and has owned three New York night clubs, the 21 Club, the Mardi Gras and the Ringside Club. He has been married twice before.

The dancer gave Helen Gould Beck as her real name and said she was born in Hickory County, Mo. She listed one previous marriage, to Thurkel Greenough, described as a Montana bronco buster.

Ninth No-Progress Session Expected In UN Under Tenure Of Jakob Malik

By A. J. GOLDBERG
Associated Press Staff

LAKE SUCCESS, Aug. 22.—The Security Council meets again today for what appears certain to be its ninth no-progress session of Russian Jakob A. Malik's tenure as president.

Despite his own failure earlier in the month to oust the Chinese Nationalists and seat Communist China, Malik was expected to present a similar demand made this week by Red China's Foreign Minister Chou En-lai. Chou, like Russia, also seeks participation of North Korean representatives in the council debates on the Korean war.

Other council members were certain to greet Chou's demand as coldly as they earlier rejected Malik's.

Nor was there any progress in the procedural deadlock which has stalled decisive council action.

The council met informally in closed session yesterday. Malik, whose one-month tenure as the group's president expires Aug. 31, proposed again that the North Koreans be invited to the public meetings. Other council members—who want only South Korea represented

—refused again. The meeting broke up without agreement.

"It was the same old stuff on the same old question," one delegate said.

Malik had two other communications, from Czechoslovakia's Foreign Minister Vilam Siroky. Siroky called on the council to adopt Malik's "peace plan" for an immediate cease-fire in Korea and withdrawal of foreign troops.

South Plains Fair Plans Big Spectacle

LUBBOCK, Aug. 22.—Highlighting the 23rd annual Panhandle South Plains Fair October 2 through 7 will be a giant spectacle, fair officials have announced.

The spectacle is entitled "Panorama of the Plains" and will be presented nightly in front of the grandstand during the fair. Over 1,000 people will make up the cast and the production will be presented on a 300 foot stage. The spectacle will be arranged and directed by the John B. Rogers Producing Company of Fostoria, Ohio.

Patrons who see the spectacle will witness the living history of the colorful past of the South Plains. All of the beauty and grandeur of West Texas is to be portrayed with perfected lighting, costuming and scenery.

delegates on the general outlines of its proposal to have the Korean question taken over by the "little six" elected nations on the council. An Indian spokesman said the proposal, still in only the most general terms, may not even be presented formally. The delegation, he said, will not submit a formal resolution covering it until after other delegates hear from their home governments and all possible amendments are considered. That may take a week.

Like an earlier cable from Poland, the Czech messages also demanded that the council condemn U. S. Air Force bombings in the war zone.

India's delegation yesterday kept up private consultations with other

Rudy Vallee's Wife Loses Expected Baby

HOLLYWOOD, Aug. 22.—Rudy Vallee's wife has lost her expected baby.

Mrs. Vallee, the former Eleanor Norris, 22, became ill on a train while she and the singer were returning from New York and she was rushed to a hospital on arrival here yesterday. The baby, which would have been Vallee's first, could not be saved, however.

Vallee, 48, and Miss Norris were married last year in Oakland.

A Bible Thought For Today—

Ye did run well; who did hinder you that ye should not obey the truth?—Gal. 5:7.

Geography Is Not Sole Reason Why Griffin Earns Consideration

Geography is no reason for preferential treatment of a candidate within itself. However, it is a helpful contribution to familiarity. This works two ways. Frequently, we know a person better having lived in a general vicinity or region. We read, hear and see more of him. At the same time, a person's residence in a given area can give him a closer understanding of the problems of that area.

Reversal On Phase Of Dependency Legislation Is Point Well Taken

Quite sensibly, the Senate Armed Services committee has reversed itself on one feature of the enlisted personnel dependency bill, in this way: It had decreed that the armed services should discharge all enlisted personnel with more than three dependents. It reversed itself by changing the legislation to "make it the sense of Congress" that men with more than three dependents should not be inducted under the draft act if they can show their dependent families might suffer hardship.

Public Opinion News Service

Half Of Public Sees Nation Now Actually In World War

BY GEORGE GALLUP, Director, American Institute of Public Opinion. PRINCETON, N. J., Aug. 18.—More than half the voters questioned in a national opinion survey say they think the United States is now actually in World War III. The rest either think the present fighting in Korea will stop short of a major war or are undecided about the matter.

This Time, Before—

Capital Report—Doris Fleeson

Dem Governor Nominee Valuable Due To Upcoming Gotham Mayoralty Vote

WASHINGTON.—The Democratic nomination for governor of New York is suddenly much more valuable since Mayor O'Dwyer's decision to relax into a pleasant diplomatic berth insures a mayoralty election also which will bring out a big city vote preponderantly Democratic. The acute cases of mouth watering around here in the vicinity of some hitherto rather quiescent candidates are no spectacle for the tender-hearted since, of course, they can't all win, unless their enthusiasm waxes, their appeal wanes since the bosses of the five boroughs will need big names and financial resources less than before.

Merry-Go-Round—Drew Pearson

Panama Canal Defense Dangerously Neglected; Subs Reported Near By

By TOM McNAMARA and FRED BLUMETHAL. WASHINGTON.—Though mysterious subs have been reported in Panamanian waters since the Korean fighting, our vital Panama Canal defenses have been dangerously neglected. It is no secret in Panama, for example, that we don't have a single fighter plane in the area. When an unidentified sub was reported lurking off the Canal Zone recently, the Navy was caught without even a scout plane and had to appeal to the Air Force for help. All the Air Force could get into the air was one SB-17, which scouted the waters but found nothing.

Around The Rim—The Herald Staff

During Labor Day Weekend, Try And Stay Off Highways

With Labor Day and another "long weekend" only a few days away it might be wise to take stock of what can and usually does happen to hundreds of people who take to the roads and elsewhere to make the most of the holiday. Last year they set a new record in violence, with 499 meeting accidental death. Hundreds more were injured, some maimed for the rest of their lives. The death toll should be alarming, even if the rest could be discounted. If a comparison can be made, the total might not exceed the number of Americans killed in a month of the Korean war. Some 600 GIs were fatally injured during the first five weeks of the fighting, according to a Defense Department casualty announcement. That's not many more than the 499 that died violently—in three days—last Labor Day.

Affairs Of The World—DeWitt MacKenzie

Nehru Note On Tibet Shows Desire For Asia Leadership

INDIA'S REPRESENTATION TO THE Chinese Communist regime, in hope of preserving the political independence of Tibet, invites interested speculation. When we speak of the government of India we instinctively think of Prime Minister Nehru, one of the great new figures of our time. And that gives rise to the question of what special interest he can have in this state which perches among the towering mountains of the "Roof of the World," like an eagle in its aerie. Tibet is an anachronism—a relic of the past. Of course Tibet is an isolated northern neighbor of India and there is a tradition of "friendship" between the two. However, they have never been close, except in the geographical sense. Moreover from the military standpoint even the projected Communist occupation of Tibet wouldn't create for India any threat which doesn't already exist.

The Nation Today—James Marlow

New Social Security Program Seeks To Assist More People

WASHINGTON, Aug. 18.—CONGRESS NOW has made more changes and improvements in the social security program than at any time since it became law 15 years ago this month, Aug. 14, 1935. The program is in four main parts: Old-age and survivors' insurance; public assistance; services for children; and unemployment insurance. Here are the four programs—the main changes noted in parentheses—with fuller details in later stories.

EFFECT OF COMMIE LOSSES

Russia Must Decide On Entry Into Korea War Or Bide Time

By ELTON FAY AP Military Affairs Reporter WASHINGTON, Aug. 21.—What will Russia do when her North Korean satellite begins to lose the war? Reverses for the Red Korean army will force a decision by the Soviets on whether to move openly into the Asiatic war or bide their time for another day when the stakes could be greater and the odds better. The time for Moscow's decision apparently is coming nearer. The swift and long advance of the North Korean army has ground down to at least a temporary halt. The build-up of strength by American forces, with more help from other United Nations members in the offing, is under way. An offensive to destroy the Korean Red military force is in prospect for the months just ahead. And it is then Russia will have to decide. She will have to weigh the possible effect on other nations within the Soviet sphere of defeat of her Korean Communist state against

the risks of taking a direct hand in war with the United States and United Nations. Russia, for reasons of her own may conclude the time to move isn't now but later when her military strength is even greater, meanwhile using the Korean situation as material for her peculiar propaganda technique. Some officials at high level in Washington incline to the belief that Russia doesn't want to provoke a world war until later, when she is fully prepared. The timetable they use in these guesses varies considerably—from two to five years. The Soviets have an immense army—some estimates range around 4 million—which is equipped with superior tanks and excellent artillery. They have a large tactical air force for support of the ground army. But the Russians may want more time to improve and augment weapons in the highly technical category. Another two or three years may be needed for them to stockpile a larger number of atomic bombs.

They have the beginning of a long range bomber force for delivery of the bombs, but may need considerably more long range bombardment aviation. They have begun a huge expansion of their submarine fleet. Although the Russian undersea fleet may number as many as 300 submarines, only a small portion of that fleet is believed to be of the modern high speed type equipped with snorkels for long underwater cruises. These estimates and hopes that Russia may not be ready for war now are predicated on "evaluations" made by the military-political intelligence system. The danger is that the intelligence may be faulty, as it has been on some past occasions. Being meshed with activities of other government units like the State Department—all under general direction of the Central Intelligence Agency. One high official privately rates American intelligence as improving but not yet good. However, it is to be assumed that considerable intelligence services of other North Atlantic nations is pooled with ours. On the other hand, the already efficient operations of Russian counter-intelligence behind the Iron Curtain appear to have been greatly increased during the last few years of East-West tension. There are reasons to believe the Soviets are locating and liquidating more and more sources of intelligence within Russia and the satellite nations, thinning the already slim trickle of information from those countries. The outstanding misjudgment of Russian capabilities, of course, was the matter of the atomic bomb. The Soviets produced an atomic explosion at least two years earlier than was thought probable by western military and scientific intelligence experts. Russian ability to produce aircraft, especially the complex, jet fighter versions, also proved to be far better than estimated. In some aircraft categories it now is estimated that Russian production is more than 90 per cent ahead of American production.

Farouk's Romance Causes Confusion

DEAUVILLE, France, Aug. 22 (AP)—Everybody in Egyptian King Farouk's entourage except, perhaps, his official spokesman apparently was enjoying himself here today. While the rest of the party was being entertained variously by ballet, bacarrat, or a specially-imported dancer, Karim Thabet Pasha—Cairo newspaper editor who doubles as the royal public relations adviser—concentrated on getting off the spot. Last Friday, with the portly Farouk nearby in their hotel lobby, Thabet Pasha assured newsmen there would be a royal wedding in the spring. This was in response to inquiries whether Narriman Sadek, sultry-eyed 16-year-old Egyptian girl, was on her way here from Switzerland to be married to the king. There is no question of a wedding in France at this time, said Thabet Pasha, who then went on to add expansively that the king would be married to Miss Sadek in Egypt next spring. Yesterday, the royal spokesman held court to back-track. "Narriman Sadek is not coming to Deauville," he told newsmen. "I don't know where she is. I know of no plans for the king to be married. If there are any plans, they are known to the king alone. "His majesty is here to relax. This is his first visit outside Egypt in 11 years, except for a three-day trip to Cyprus two years ago. He is trying to have some fun." Last night the fun-seeking monarch attended the ballet at the Deauville Casino's Theater.

Another of Farouk's favorite entertainers, Samia Gamal, 26-year-old expert in the Egyptian hootchy-kootchy, said she had not yet had an opportunity to perform here privately for his majesty. The king had Miss Gamal break off her engagement in Monte Carlo to come here at his expense. In addition to Farouk bestowed a Paris-created gold lame evening gown on the dancer. Samia danced for the king—but publicly—Sunday night at a gala party in his honor at the Deauville Casino. So far during his stay here, the king has not escorted a feminine companion in public.

FINES SHOULD IMPRESS HIM

COLUMBUS, Miss., Aug. 22 (AP)—This desk sergeant couldn't believe it when the man came in to pay off a traffic ticket yesterday. The ticket was for parking too close to a fire plug. The defendant—Asst. Fire Chief Rowan Dashiell.

VOTING TODAY

Primaries Slated In Three States

By The Associated Press Primary elections in New York, Wyoming and Mississippi today pick candidates to square off in the November elections for 53 House seats. Delaware Democrats gathered in convention to name an opponent for Rep. J. Caleb Boggs, Republican aspirant for re-election. Of the 54 House of Representatives seats for which a wide field of hopefuls is fighting, 45 are in New York. Party conventions Sept. 6 and 7 will name New York's candidates for governor and U. S. senator. Only five New York members of Congress faced opposition for re-nomination in today's balloting. They are W. Sterling Cole, Edwin A. Hall, and Clarence E. Kilborn, Republicans, and Joseph L. Pfeiffer and Louis B. Heller, Democrats. Rep. Vito Marcantonio, the only American Laborite in Congress, has no opposition for re-nomination. But the Democrats, Republicans and Liberty Party are backing former Democratic State Sen. James G. Donovan as a coalition candidate to unseat him in the November election. Wyoming's primary is spiced by hot races for the Republican and Democratic gubernatorial nominations. Rep. Frank A. Barrett, Republican, who is the state's only

member of the House, sought the GOP nomination for governor over three challengers. They are State Sen. Leeland U. Grieve, Cheyenne Grocer Samuel L. Asher and C. D. Williamson, chairman of the Wyoming Commerce and Industry Commission. Seeking the Democratic nomination for governor are former Rep. John J. McIntyre, State Sen. Rudolph Anselmi and Cheyenne Accountant Carl Johnson. Three Republicans and three Democrats seek the nomination for Barrett's House seat. Reps. Arthur Winstead and John Bell Williams face opposition for re-nomination to the House in Mississippi's Democratic primary. Democratic nomination is equivalent to election in that state. A third member of the House from Mississippi, Rep. William M. Whittington, is retiring. Three Democratic aspirants seek to succeed him. Four Mississippi House members are unopposed.

Timber Blaze In California Burns Homes

SAN FRANCISCO, Aug. 22 (AP)—Some 35 northern Californias are homeless today, their houses destroyed by fire that blackened nearly 3,000 acres of rich redwood timber in Humboldt County. Elsewhere in the state, flames that had charred more than 100,000 acres of "underbrush" brush and forest land seemed to be slackening. Red Cross aid was sent to 12 homeless families about 55 miles south of Eureka. They are being housed at the tiny Eel Rock Church. More than 200 state fire fighters are battling the blaze, most of which is on private lumbering land. Another uncontrolled fire a few miles to the south burned almost 4,000 acres of scattered brush and timber. —Flames that blackened 60,000 acres of lush woods in the Cleveland National Forest and in Cuyamaca State Park near San Diego appeared to be nearing control.

Retired President Of Phillips Co. 'Slightly Improved'

ATLANTIC CITY, N. J., Aug. 22 (AP)—Frank Phillips, 76-year-old retired president of a \$350 million oil empire, was reported "slightly improved" today at the Atlantic City hospital. A company spokesman said he was operated on last night for an abdominal condition and a heart weakness had caused complications. Phillips, whose home is near Bartlesville, Okla., is chairman of the board of the Phillips Petroleum Co., one of the largest independent oil companies in the world.

Advise Children Be Vaccinated Early Before School Opens

Parents of children starting to school this fall should have them vaccinated and given physical examinations early. Dr. F. E. Sadler, director of the city county health unit, advised. Physical defects that are discovered now may be corrected prior to the beginning of school, thus avoiding a ny unnecessary absences. Also, some inoculations might cause the child to be temporarily upset and consequently should be given before a school opens, Dr. Sadler stated.

AGED WOMAN DIES AT 108

DETROIT, Aug. 22 (AP)—Mrs. Patricia Vitale, Sicilian immigrant who was said to be 108 years old, is dead. Her age was vouched for at the Little Sisters of the Poor Charity home. Survivors include 25 great grandchildren and three great, great grandchildren.

The Farrar Pre-School Children ages 3-6 are being accepted for separate Kindergarten and Nursery School Divisions. Your choice of morning or afternoon classes. 1200 Runnels Phone 1134

It's Time For Brooks BECAUSE

Something must be done now about the runaway cost of our State Government—a cost which had increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period. With the State plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

Pierce Brooks FOR Lt. Governor

Aussies Swarm Over U. S. Net Team Finals

BROOKLINE, Mass., Aug. 22 (AP)—Students of tennis agreed today that the U. S. Davis Cup team's grip on that international trophy was dangerously loose after analyzing the national doubles final match.

The consensus was that Jack Bromwich and Frank Sedgman, the backbone of Australia's challenging forces, had a comparatively easy time defeating Gardner Mulloy and Bill Talbert, 7-5, 6-6, 3-6, 6-1, yesterday at Longwood.

At 36 and 32 respectively, Mulloy and Talbert, virtually certain to play Davis Cup doubles at Forest Hills, N. Y., late this week, have won the national doubles four times since 1942.

But it was obvious they have slowed down considerably during the past year or so. Conversely, Bromwich, who shared the national team titles with Australian teammates Billy Sidwell and Adrian Quist last year and in 1939, seldom appeared in better form.

Young Sedgman, holder of his nation's singles championship in 1941 and verging on world-wide stardom and is expected to be outstanding in Davis Cup singles competition.

The Australian victors displayed almost every department of their games equally well while humbling Mulloy and Talbert. The former succeeded in dominating the play in all but one of the four sets and their attacking tactics were exceptionally sound.

The American veterans reached their peak during the third set, when they succeeded in gaining command at the net. But then they wilted without warning and were blasted off the court.

Tabbies Seek Upset Tonight

The Big Spring Bronces will try to make it two in a row in an 8:15 o'clock game here tonight with the nearby Cats of Ballinger.

After the Ballinger series, the Bronces hit the road for six games, playing in Ballinger, San Angelo and Odessa before returning here with Sweetwater on Aug. 30. Anything less than an even break on the road would put a serious blight on the Bronces' pennant hopes.

Manager Pat Stasey hasn't announced his mound choice but it could be Bert Baer, who shut out the Vernon Dusters last time out. Red Bell, the Ballinger skipper, could counter with Orville Jacobs, always tough for the locals to beat.

Vasquez Shines As Big Spring Edges Felines

As 2,200 patrons—biggest local turnout since 1947—looked on, Big Spring scrambled past the Ballinger Cats by a 6-3 count here Monday night to retain their 5th lead over San Angelo in the scrap for fourth place in Longhorn league standings.

Pat Jimenez, rookie left-hander fresh from Cuba, had some uneasy moments but went all the way on the mound to achieve his first success of the season. He was touched for six hits, one of them Julian Acosta's fourth homer of the season.

The Steeds broke impressively, gathering two runs in the first round and another in the second, but the Cats fought back with tallies in the third, fourth and sixth to deadlock matters and give the onlookers, not to mention Manager Pat Stasey, some uneasy moments.

A walk to Felix Gomez, a single by Ray Vasquez and Danny Conception's one baser in the sixth put the Cayuses ahead to stay, however, though it took an eighth inning double play to discourage the Felines.

In Big Spring's half of the eighth, Vasquez ambled to the plate and bashed his second homer of the season and his third hit of the game to give Jimenez more working margin.

The round tripper came with Jimenez himself on the base paths.

Walter Wallendorf and his flutter ball—or, perhaps, it was his tricky windup—kept the Steeds off balance most of the night. They got to him for 11 hits but with a little more offensive support he would have steamed in ahead.

SHAVINGS—When Vasquez crossed the plate with his eighth inning homer, it represented Big Spring's 80th round tripper of the season. The 1949 Bronces got only 77 all year. Though he hit into one double play and almost banged into another, Stasey collected three hits and drove in two runs in another concerted effort to snap his mace slump. Danny Conception made the first five putouts for Big Spring. Gabe Castenada made a grand stop of Johnny Warren's sizzler down the third base line in the sixth and recovered in time to toss out the runner at first. The crowd was so big, some of the late comers had to stand up along the foul line in left and right fields.

LOOKING 'EM OVER

With Tommy Hart

Curtis Bishop of Austin, who at one time handled sports over this desk, has written another book which The Steck Company is publishing shortly.

Entitled THE LOST ELEVEN, the tome deals with a football team of destiny, a club apparently headed for the Number 1 spot in the nation. Then something goes amiss. Every man on the varsity has an explanation—and a remedy—for the failure of the team. Only the coach knows the trouble and he sets about to correct the faults. Two years later, when most of the boys are seniors, the team achieves greatness.

Bishop's story is written as fiction but it is undoubtedly based on fact. He probably got his inspiration for such a story from the University of Texas team of several years ago that finally came into its own.

THE LOST ELEVEN is Bishop's eighth book, most of which have had western themes. Although he gave up sports writing in 1942 to devote his time to books and short stories, as well as a syndicated column for newspapers, he is still very interested in sports, writes an annual story for one of the football magazines which appear about this time every year.

Forty UT Players Are of Draft Age

Forty members of this year's University of Texas football team are draftable, by the way. Their number includes Byron Townsend, the Odessa star, who is due to have a great season with the Longhorns.

Three of the Longhorns—McLindley Odell, a guard from Watauga, Okla.; Charley Genthner, a tackle from Dallas; and Glen Price, a linebacker from Electra—are out of draft age.

George Gentry, once of Our Town and now an end on the UT team, and Joe Arnold, a guard, are in ROTC work at the school. Gene Fleming, another guard, is in the National Guard. World War II veterans on the squad include Dick Rowan, Bubba Shands and Ben Procter, Gene Fleming, a guard is in the National Guard.

Bill Henderson, who used to be quite a boxer around Lubbock, will teach school in Snyder this fall.

BRONCS STILL HAVE RUGGED JOB AHEAD

There is a growing suspicion that the Big Spring Bronces will get little help from the Longhorn league's other first division clubs in their drive to make the playoffs.

The Steeds lead San Angelo at this stage but most of the other teams had rather see the Colts among the first four teams, for financial reasons.

Mind you, there'll be no under-the-table deals. The other clubs will just try harder to beat the Steeds. That's baseball, and has been going on as long as the game has existed.

The Hosses have their work cut out for them.

STINGERS AIMING FOR A FEW UPSETS

Aulton (Bull) Durham, football coach of Patti Welder high school, Victoria, has had his grid hopefuls out and running for the past week and indications are the Stingers may surprise more than one team on the 1950 schedule.

The Stings will come north to play Big Spring high the night of Sept. 22 and are counting on taking a victory home. Victoria has good grid equipment for 165 boys and expects to have 100 high school hopefuls out by the time school starts.

The Victoria team will be dressed in new uniforms of neutral colored satin, two-way stretch briches with orange and black trim and a white, dureen satin jersey with black numerals and orange and black shoulder and arm stripes.

The Victoria team is due to average about 154 pounds this fall. The line will tip at about 155 and the backs at about 145.

Roy Parker Wins 25th Decision As Pampa Turns Back Lamesans

PAMPA, Aug. 22.—Pampa moved four games ahead in the WT-NM league race by turning back the Lamesa Lobos, 7-2, behind the expert hurling of Roy Parker here Monday night.

The win was Parker's 24th of the season. He set the Lobos down with only four hits, striking out five and walking none.

Vince Speranza went all the way on the mound for the Lobos and was touched for 12 safeties. One of the blows was a round tripper by Virgil Richardson's 30th of the campaign.

The Lobos ganged up on Parker for all their hits in the first innings but he escaped by surrendering only one run.

The Ollers came right back for four runs in their half of the frame. Two Lamesa misplays, by Hank Robinson and Jodie Beeler, allowed the Ollers to count three of their tallies. Robinson threw wild to first in an attempted pick-up and Beeler tossed completely over the third sacker's head in trying to flag Parker at third base.

Parker lost his control in the ninth, walking three batters. That, combined with two wild pitches, gave the Lobos another run.

The two clubs play the second of their three games series this evening.

Women's AAU Meet To Open Saturday

FREEMPT, Aug. 22 (AP)—Olympic Champion Alice Coachman heads the entry in the Women's National AAU Track and Field Meet scheduled here Saturday night.

Miss Coachman of Tuskegee, Ala., was 1948 Olympics high jump queen and has won the national title for nine years.

Another entry is Stella Walsh, veteran of more than 20 years of track campaigning, whose "retirement" lasted just a year. Last year at Odessa, Tex., she announced she was retiring from competition with that meet. But she's back for another try.

Dallas Clings To Fourth Spot

No club ever ran into such a scarcity of base hits as has Dallas in its fight for a spot in the Texas League playoffs. If the Eagles got six solid blows in one game they'd think they were mixed in a slugfest.

In the last five games Dallas has amassed a grand total of 13 hits. They won only one game—that was the night they pounded four safe ones.

The only thing that's keeping the Eagles in fourth place in the league standings is the fact that San Antonio obligingly loses each time Dallas does.

Last night the Eagles took a 2-0 trimming from Tulsa and managed for only three hits off the slants of Jim Avrea.

San Antonio was losing to Houston 12-5, so the Missions stayed a game and a half back of Dallas. Leading Fort Worth licked Oklahoma City 6-4 and second-place Beaumont trimmed Shreveport 3-1.

Any night now Shreveport can be expected to fall into the league cellar. Today the hapless Sports are only a half game out of the dark depths occupied all season by Houston.

Fort Worth won its fifth straight game with 9.817 in the stands. A quadruple wedding contributed materially to the crowd. Don Hoek, Russ Rose, Joe Torpey and John Rutherford of the Cats all were married in pre-game ceremonies. Torpey delighted the missus by getting two hits and batting in a run.

Harry Donahedian drove in both runs in Tulsa's triumph over Dallas.

Charlie Kress slugged two homers and two singles and drove in three runs in pacing the Houston 15-hit attack.

Art Deidoro gave Shreveport only three hits in ribbing Beaumont to its victory. The Roughnecks got nine hits and put on a three-run splurge in the third.

Fort Worth visits Dallas tonight with Tulsa at Oklahoma City and Beaumont at Shreveport while Houston winds up its stand at San Antonio.

THREE GAMES

By The Associated Press

Detroit's pennant-hungry Tigers and New York's defending champions faced one of the big moments of the season today, as they clashed in the opener of an all-important three-game series at Yankee Stadium.

With the pennant possibly riding on each pitch, both managers—Red Rolfe of the Tigers and Casey Stengel of the Yankees—are shooting with the best available.

Stengel nominated Allie Reynolds (10-11) his clutch pitcher. In an effort to get off in front, Rolfe countered with Hal White (4-4) who shut out the Bombers the last time he faced them.

Vic Raschi and Tommy Byrne will follow Reynolds on the hill in subsequent games. If any help is needed, Tom Ferrick and Joe Page will be in the bullpen, well rested and ready for the call.

Rolfe intends to use Art Houtteman, his ace, in the second game. Houtteman already has beaten the Yankees four times. The red-tatched pilot was undecided on his third pitcher, but it is expected he will give Fred Hutchinson the call. Marlin Stutz and Hank Borowy will be available in the fireman's role. Virgil Trucks and Ted Gray are sidelined by arm injuries.

The two rivals met two weeks ago in Detroit in a virtual first place tie. The Tigers proceeded to whip the Yankees three straight games and have been enjoying a lead ranging from two-and-a-half to four-and-a-half games ever since. They own a 9-7 season's edge over the champions.

Detroit picked up a half game on the rest of the field yesterday when they slugged the St. Louis Browns, 7-1, in the only activity in the junior circuit. Dizzy Trout, the "comeback kid," posted his seventh straight triumph with a four-hitter. Al Widmar was the loser.

Vic Weritz and Hoot Evers provided more than enough for Trout to rack up his 11th victory against two defeats. Each slammed a three-run homer. They were No. 25 for Weritz and No. 19 for Evers.

Philadelphia's furious Phillies protected their five-and-a-half game lead in the National League, vanquishing the New York Giants, 4-0. Curt Simmons, brilliant 21-year-old left-hander, pitched the shutout. He allowed only four singles, none solid. Three were hit to the opposite field. The other was an in-

Darkness Halts Torrid Montgomery-Elrod Duel

David Elrod trounced B. B. Lee, 6-1, 6-2, in advance to the semifinals of the YMCA Tennis tournament Monday evening at the City Park courts.

Bill Montgomery and Joe Elrod battled to a draw in a semifinal match, winning a set each before quitting because of darkness. They are to play the tie off at 8 p.m. today. Montgomery won the first set, 6-1 but Elrod came back to take the second, 7-5, last night.

In another match scheduled for tonight, Harry Jordan, defending champion, meets David Elrod in the semifinals. Their match also starts at 8 p.m.

Bobo Hardy, director of the annual YMCA Tennis meet, announced this morning that a doubles tourney will be arranged if sufficient interest is shown. Anyone who wishes to play in a doubles meet is invited to call Hardy at the Y.

Locally Owned Horse Edged In Raton Race

RATON, N. M., Aug. 22.—In one of the closest and most thrilling finishes ever seen at the Raton race track, Sonny Toots, a Kansas entry, nosed out Equichall, owned by J. T. Dillard of Big Spring, Texas, over a muddy mile in the Raton Derby trials here Sunday afternoon.

The winner, backed down to 2-5 in the betting, and the Big Spring filly had it all to themselves in covering the distance in 1:42, they finished a dozen lengths ahead of Lin Crofter, back in third place.

Both Sonny Toots and Equichall became eligible to race in the \$7,500 Raton Derby, which takes place here next Sunday afternoon. Sonny Toots is being shipped to the Denver track this week, where Saturday he will compete in a \$15,000 derby run. He will be brought back to Raton, 200 miles distant, Saturday night.

In the trial run Sunday, Equichall was dead last at the quarter, then cut to the rail and took the lead at the turn. In the back stretch, she lagged to third but at the finish pole she came back into contention and raced Sonny Toots all the way down to the pole.

Equichall surprisingly paid more to show than she did to lose, \$240 to \$20.

Both horses are rated as superior mudders. It was Equichall's first race at that distance.

GAMES TODAY

Tuesday's Schedule

Midland at San Angelo
 Ballinger in Big Spring
 Sweetwater in Roswell
 Vernon in Odessa

TEXAS LEAGUE
 Fort Worth at Dallas
 Tulsa at Oklahoma City
 Houston at San Antonio
 Beaumont at Shreveport

Locally Owned Horse Edged In Raton Race

RATON, N. M., Aug. 22.—In one of the closest and most thrilling finishes ever seen at the Raton race track, Sonny Toots, a Kansas entry, nosed out Equichall, owned by J. T. Dillard of Big Spring, Texas, over a muddy mile in the Raton Derby trials here Sunday afternoon.

The winner, backed down to 2-5 in the betting, and the Big Spring filly had it all to themselves in covering the distance in 1:42, they finished a dozen lengths ahead of Lin Crofter, back in third place.

Both Sonny Toots and Equichall became eligible to race in the \$7,500 Raton Derby, which takes place here next Sunday afternoon. Sonny Toots is being shipped to the Denver track this week, where Saturday he will compete in a \$15,000 derby run. He will be brought back to Raton, 200 miles distant, Saturday night.

In the trial run Sunday, Equichall was dead last at the quarter, then cut to the rail and took the lead at the turn. In the back stretch, she lagged to third but at the finish pole she came back into contention and raced Sonny Toots all the way down to the pole.

Equichall surprisingly paid more to show than she did to lose, \$240 to \$20.

Both horses are rated as superior mudders. It was Equichall's first race at that distance.

Vernon Falls To Odessans

By The Associated Press

A sandstorm lost Roswell a half-game last night in the fight for the lead in the Longhorn League.

The sandstorm halted Roswell's game with Sweetwater in the first inning with Sweetwater leading 2-0. Meanwhile, Odessa, the front-running club, widened its lead to six games over Roswell by downing Vernon 9-4. The Ollers got eight runs in the seventh inning on four hits and four walks. Les Palmer hit a homer with the bases full.

San Angelo beat Midland 4-2 with Wayne Wallace singing in the winning rally in the sixth. It was the first time in five games that San Angelo didn't have to go extra innings.

"I spent 5 minutes and saved \$1000"

Says Walter Boyd, Los Angeles, Calif.

Come in... see how you could pay \$1,000 more and still not get all Dodge extra room... ease of handling... famous dependability

You can surely spare 5 minutes—especially when that's all it takes to see exactly how you could pay \$1,000 more without getting everything Dodge gives you!

Yes, in just 5 minutes behind the wheel, you'll discover roominess that cars costing much more don't give you... driving ease you've never experienced before... ruggedness and dependability to save you money mile after mile. These are things that belong to Dodge... and only in Dodge do you get them all!

Come in today, see how easy it is to own the new Dodge of your choice.

NEW BIGGER VALUE DODGE Just a few dollars more than the lowest-priced cars!

30 Cars Still Needed For HD Transportation

Some 30 cars are still needed to help transport delegates to the State Home Demonstration convention to city park Wednesday evening for a barbecue and program.

A total of 33 cars and the school athletic bus have already been pledged to take JID women to the affair, Greene said. The delegation is scheduled to leave the city at 7 p.m. The barbecue is to be held at 7:30 p.m. and the entertainment is due to be completed by 9:30.

Persons who are willing to furnish cars or other transportation are being urged to contact the chamber office, phone No. 4, this afternoon or early Wednesday.

Those who have already agreed to assist are Bob Kountr, C. L. Rowe, Henry Smith, Harold Homan, Ira Thurman, J. H. Greene, W. C. Blankenship, J. H. Morrison, R. B. Reeder, Douglas Orme, Pat Murphy, Joe Pickle, Worth Peck, J. D. Jones, Roy Brown, J. B. Nathan's Showing Of Jewelry Valued At Nearly \$75,000

A special showing of outstanding jewelry just received from New York has been announced for Wednesday by Nathan's Jewelry store in Big Spring.

Featured in the display will be approximately \$75,000. All different 17 diamond bracelets valued at approximately \$10,000 are represented in the collection. The stones are set in platinum and all are hand engraved.

Six different diamond houses in New York were contacted to furnish items for the display, according to Les Kornfeld, Nathan's manager.

"We believe this will be the largest display of diamonds ever to be shown in Big Spring," Kornfeld said. "It represents New York's finest jewelry."

Local Methodists Attend Youth Meet

Members of local Methodist churches attended the sub-district Youth Meeting at the First Methodist Church, Lamesa, Monday night. The host church served supper and was in charge of recreation and worship.

John Van Huskirk of Midland was in charge of the business meeting. He is president of the organization. Madelyn Guess of Big Spring is secretary of the sub-district.

Churches represented were First, Park, and Wesley of Big Spring; Akeley, Andrews, Coahoma, Lamesa First and Lamesa Clark, Midland, First and Midland Asbury, Patricia, Sparenberg and Stanton. Those attending from First Methodist were Patricia Dillon, Martha Hughes, Bill Moran, Woody Wood, Billy Bob Watson, Wendell Walker, Betty Alexander, Nancy Henson, Sonny Crocker, Madelyn Guess, Joan Gay, Rev. J. R. Ramsey, and Lucille Heister.

Two Divorces Granted Today In District Court

Two divorces were granted by Judge Charlie Sullivan in 118th district court proceedings here this morning.

Sulmona D. Pineda won a decree from Manuel B. Pineda. One minor child was awarded the plaintiff, another the defendant.

C. B. Richardson was awarded a divorce from Doris Richardson in another case removed from the docket.

In another case reviewed by Judge Sullivan, styled Corum W. Neal vs Texas Employers' Insurance Association, ordered judgement favoring the plaintiff in the amount of \$1,000 was made.

The suit was the outgrowth of an accident which allegedly happened to the plaintiff while he was at work on a radio tower in the city park Aug. 2, 1949. While working 132 feet in the air, the plaintiff said he was struck and injured by a pulley on a ginpole and would have fallen had it not been for his safety belt.

Air Reservists To Hear Weekly Talks

A series of 12 weekly lectures will start tonight for members of the Big Spring Air Force Reserve Training unit.

Fritz Wehner will start the series with a discussion on "The Soviet Union." Lectures are prepared from material supplied by the training and information office of the USAFR.

The Volunteer Air Reserve Training unit meets each Tuesday at 7:30 p.m. in the Corporation Courtroom. Members of the unit as well as all members of the inactive Air Force Reserve, both may receive retirement points by attending the meetings.

In addition to regular training programs, material for studying public speaking will also be available.

AREA OIL NEWS

Completion Officially Noted Extending Pool In Vealmoor

A completion was noted officially for the Vealmoor area today, extending the pool on the southeast corner.

Seaboard and others No. 1 E. W. Love flowed for 24 hours returning 452.6 barrels of 46.5 gravity oil. The gas-oil ratio was 9601. Flow was through a quarter inch choke and there was no water. Casing pressure was 1025 and tubing pressure 1000 pounds. Top of pay was 7,865 and total depth was 7,893, and the 5 1/2-inch oil string was set at 7,870.

Top of the pay was slightly higher than those immediately to the north and west, ranging from 18 to 23 feet higher.

Location is 560 from the north and west lines of the southwest quarter of section 34-32-30, T.4P. Seaboard and others No. 1 E. D. Shafer completed in the southeast Dawson Spraberry field for 334.32

Ultraviolet Light Helps Boost Production Of Eggs

WASHINGTON, Aug. 22 (AP) - Hens exposed to ultraviolet light lay 10 to 19 per cent more eggs, the Department of Agriculture said today.

It reported this after five years of tests in a specially built underground poultry house at the agricultural research center at Beltsville, Md., under the direction of H. G. Barrett, L. G. Schoenleber and L. W. Campbell, department scientists.

They said the tests were started in 1945 as a result of a chance discovery that the very short rays of invisible light frequently used to kill bacteria also increased the egg output of hens compared to those without the light.

Education Head Urges Worldwide Ideas Exchange

DETROIT, Aug. 22 (AP) - The president of the American Federation of Teachers (AFT) advocates a worldwide exchange of teaching knowledge and skills.

John M. Ecklund of Denver, head of the AFT, says this would be a step toward ending "schism, prejudice and fear" in the world.

Ecklund addressed the federation's national convention here yesterday. The organization claims 65,000 teacher members.

The Denver schoolman proposed a mass exchange of teachers among peoples of varying cultures and the establishment of an "international university."

Ecklund opposed any teachers' wage freeze at present levels as an emergency measure. He said it would cause an "exodus" of teachers to better paying jobs.

Dr. George S. Counts of Columbia University attacked Soviet Russia's educational policies.

"Stalin," he said, "has defined education as a weapon, the effect of which depends on the person holding it and the one at whom it is pointed."

"The idea is fantastic and terrifying to people of our way of life," Dr. Counts said. American youth should study Soviet Russia and communism in high school. He said it was "scandalous" that teacher training institutions "teach nothing about Soviet Russia."

City Development To Be Discussed At Dinner Meet

Future development of Big Spring will be up for discussion Friday when chamber of commerce members and other civic leaders hold a dinner meeting at the Settles Hotel.

High on the agenda will be the possibility of raising funds for a new office building. Chamber President Adolph Swartz announced this morning. A representative of the Wells Organization of Texas, a fund-raising agency, will be on hand to lead the talks.

The session is to begin at 7 p.m. in room No. 1 at the Settles. Anyone interested is invited to attend, but is urged to make reservations at the chamber of commerce by noon Wednesday.

MAYOR DRAWS APPLAUSE
C-C Notes Pressing Need For Rental Housing In Big Spring

Housing—rental housing—raised its head as one of the most pressing needs of the hour at a chamber of commerce directors meeting Monday.

It bobbed up during a discussion of the long-considered office building project. While directors kept a foot in the door on this project there appeared a consensus that the most pressing need of all in Big Spring at the moment was for more adequate housing, and particularly of rental units.

Without obligation, board members will hear Friday evening a representative from the Wells organization discuss mechanics of securing financial support of the office proposal.

At the roundtable started by A. Swartz, chamber president, most agreed there needed to be a firming of demand for extensive office space. On the other hand, there was a feeling that the door shouldn't be closed and that perhaps something might be started or attempted.

Rising costs in the building trade, uncertainty of material supplies were considered.

Mayor G. W. Dahney drew applause when he snarled over "the very idea of sitting in the midst of a county with \$40 million values and in several oilfields and having to tell people that there is no place for them to go."

A proposal to solve the water situation is due to be made shortly, he said. "If the people approve (revenue) bonds for it we can tackle some of these problems. If they don't, we can quit worrying about some of them."

Several speakers scored the practice by some individuals of blocking building progress through failure or refusal to sell desirable areas.

In another matter brought on for consideration, authority to act was granted the agricultural committee and a special committee.

New Midway School Bids To Be Taken Until September 2

Bids will be taken until 2 p.m. Sept. 12, on a new six-room school building for the Midway Common school district, C. A. Denton, trustee president, has announced.

Bids for construction of the new plant will be opened at the county superintendent's office in oilfield county courthouse, Denton said.

Exterior finish of the building is to be of brick with redwood panels. Interior will be largely of amerwood. It will be heated by forced air and gas—steam radiation, Puckett & Fren said.

Copies of plans will be available at the architect's offices in the Petroleum building Tuesday. They will also be shown at the chamber of commerce plan room in the Settles.

"STARS IN MY CROWN"

STARRING **ELLEN DREW**
JOEL McCREA DEAN STOCKWELL

ALAN HALE - LEWIS STONE - JAMES MITCHELL - JUANO BERMANDEZ - CHARLES KEMPER

Screen Play by Margaret Fitty - Based on the Novel and Adaptation by Joe David Brown
Directed by JACQUES TOURNEUR - Produced by WILLIAM B. WRIGHT - A M-G-M Production - West Point

ARROW
Back-To-School FASHIONS

Come in, choose your back-to-school wardrobe from our all-American collection of Arrow college stars.

For dress-it's Arrow French Cuff shirts and other Arrow Shirts in white, solid colors and stripes. For leisure Arrow Sport Shirts in a choice of fabrics and colors.

There's a wonderful line-up of Arrow Ties, shorts, undershirts, handkerchiefs and Tux-shirts too... in fact there's every thing you need for going back-to-school.

Arrow shirts \$3.65 up
Arrow sport shirts .. \$5.00 up
Arrow Ties \$1. up
Arrow handkerchiefs . 35c up

Hemphill-Webb Co.

IN TRUCKS, PICKING SACKS
Cotton Producers Warned To Guard Against Infested Crop

Though it is still too early to predict the extent of pink bollworm infestation in Howard county, cotton producers have been warned to guard against the importation of infested cotton in the trucks and picking sacks of harvest workers.

G. W. Chowns, in charge of the local office of the Agriculture Department's Division of Pink Bollworm Control, this morning advised that "an alarming increase in the pink bollworm infestation" has been found in South Texas and pointed out that pickers from that area might move the worms into West Texas in cotton sacks and aboard vehicles.

Road patrols have been organized in the heavily infested areas to intercept harvest workers in order to have them clean trucks and picking sacks, Chowns said. However, some may get by patrols and infested material should be removed and burned before South Texas pickers move into fields here, he suggested.

Cotton bloom inspections so far this year have revealed pink bollworm infestations in Midland, Glasscock, and Dawson counties, Chowns stated. Extent of the infestation will probably not be known until gin trash inspections are conducted this fall.

In moth emergence tests performed at the Agriculture Experiment Station here this year, a total of 20 pink bollworm moths have emerged from cotton trash in experimental cages. This is only about half of the number—38—which emerged in similar tests last year, but is not a reliable indication of the extent of infestation, Chowns declared. In 1948, only one moth was seen to emerge, but the county had a fairly heavy infestation of pink bollworms.

One of the moths emerged on July 28 this year, latest that the insect has ever appeared in moth form here, according to the entomologist.

Inspection of gin trash will be started as soon as cotton harvest gets underway locally, Chowns said. The spot checks will be conducted throughout the fall as extent of the 1950 pink bollworm infestation is measured.

In extreme South Texas, the insect has caused losses in some fields of up to 30 and 40 per cent of the total production. Considerable spread of the worms may have taken place, but the check of picking sacks and vehicles is urged to hold the infestation down. Stalks in the southern sector have already been cut so that sun and high soil surface temperatures may kill the worms.

Special Days Set For Chest X-Ray

Special "Days" have been set for Latin-American and Negro residents in the mass chest x-ray program Sept. 19. Jack V. Smith, general chairman for the anti-tuberculosis survey, has announced.

Latin-American Day will be Sept. 2 and all Latin American citizens are urged to go by the x-ray unit at Taylor Appliance store, 212 E. 3rd, on that date if it is convenient. Other persons may also be x-rayed on the same day, Smith pointed out and advised that Latin-Americans who were unable to submit to the examination on that day should come at any time convenient to them.

Colored citizens will have their special-day on Sept. 9, but do not necessarily have to get their chest x-rays on that date. They too can get the examination at any time during the nine-day survey period, being sponsored by the Howard county Tuberculosis association and the State Health department. X-ray equipment will be furnished by the Health department. A goal of 100 per cent participation has been set for the anti-tuberculosis check this year.

The x-ray examination will only take a few minutes and will involve no inconvenience. No charge will be made. It is designed to locate so-called hidden tuberculosis infections so that treatment can be started early, assuring a cure. Everyone is being urged to take the x-ray if they haven't had an examination within the last two or three months.

Announcing...

Fiveash Plumbing Co.
(Formerly Runyan Plumbing & Heating Co.)

Has Moved To Their
New Location
West Highway 80
Ellis Homes Addition

To our Friends and customers who have been acquainted with us at our old location, formerly (Runyan plumbing & heating co.) We wish to state that due to conditions beyond our control, we must move.

May we ask for your continued patronage and good will at our location on west highway 80.

Thank you.
