

Compromise Hinted On Relief Bill

Action Speeded On FDR's Request For Funds WASHINGTON, March 21 (AP)—Spurred by the imminence of a slash in WPA rolls, a house subcommittee talked compromise today as it rushed action on President Roosevelt's \$150,000,000 relief request.

100 Million Enough WPA officials said orders to cut the rolls would have to go out this week unless congress votes sufficient money. A majority of the subcommittee seemed to think \$100,000,000 would be enough.

Even strong economy advocates on the subcommittee conceded WPA had made out a case for more funds. They contended if the agency had been run properly in the past, it could have scraped by on the \$725,000,000 congress provided earlier this year.

Mr. Roosevelt advised congress a week ago that if \$100,000,000 were not provided, WPA would have to drop 400,000 persons the first week in April, 600,000 the first week in May and 200,000 early in June.

David Lasser, president of the Workers Alliance, said last night the organization was prepared to summon 3,000,000 WPA workers to a job march on Washington if relief rolls were slashed.

A meeting of southern relief workers followed the slapping of an Alliance representative yesterday by Rep. Cox (D-Ga.). Witnesses said the Alliance member, a white man whose name was not learned, called Cox from the house chamber and pointed to two negroes with him as constituents of Cox who wanted him to support the WPA fund.

After Cox said he himself would determine how to vote, the Alliance member declared, "that isn't satisfactory and we'll remember it at the next election." Cox slipped the man's face, saying, "remember that, too."

The Alliance issued a statement characterizing the action as "unprovoked."

TALKS OF CUT IN INSURANCE RATES

AUSTIN, Mar. 21 (AP)—Announcing a public hearing on the subject April 17, Fire Insurance Commissioner Marvin Hall today asserted Texas rates soon might be slashed the second time within a year.

"Although the loss ratio figures and experience records are as yet incomplete," Hall said, "the present trend is very encouraging and probably will mean further reduction in fire insurance rates. Our fire prevention program is showing results and bringing us nearer the goal of lower insurance cost to the citizens of Texas."

MOTHER'S RACE WITH DEATH IS IN VAIN

DALLAS, Mar. 21 (AP)—Two-year-old James Robert Howell was left on the front porch to play while Mrs. C. C. Howell bustled about her house work at her farm home three miles east of Mesquite this morning.

A train whistled. Mrs. Howell went to the door to see if the child was safe.

Horror-stricken, she saw James Robert playing between the rails. She raced 200 yards toward the child, but stumbled in the gravel of the right-of-way as the train struck and instantly killed the child.

Jones Renamed Despite Writ

HOUSTON, Mar. 21 (AP)—Clifford B. Jones was president of Texas Technological college of Lubbock for the second time today.

The Tech board of directors re-elected Jones here yesterday in face of an injunction issued by Judge Fountain Kirby at Groesbeck Saturday restraining them from meeting for that purpose.

The first election of Jones was held invalid by Attorney General Gerald Mann after Jones resigned from the board just prior to his election. Mann ruled that technically Jones was still a board member at the time of his election because ample time had not elapsed for his resignation to be received by the governor and for a new appointee to qualify for the position.

A new board member had been appointed and had qualified for the board post Jones vacated before the Tech board re-elected Jones yesterday.

Blistering Denunciation Of O'Daniel Heard In Senate

AUSTIN, Mar. 21 (AP)—Governor W. Lee O'Daniel was denounced on the senate floor today in the most blistering language possibly ever applied to a governor of Texas.

As flames of the pension-tax controversy mounted in senate and house, Senator Joe Hill arose and in a long speech described the governor as an "unscrupulous, designing and subversive politician without character."

Hill's speech came shortly after the house resumed consideration of a proposed constitutional amendment to liberalize old age pensions and finance them with a sales-natural resource tax and the senate engrossed a liberalizing pension bill by Senator Doss Hardin of Waco.

The Henderson senator was opposing efforts to bring up for Senate floor consideration a constitutional resolution to levy sales and service taxes for social security support.

At the outset Hill declared word had gone out that if a member of the legislature doesn't favor the constitutional amendment pending in the house "he's a traitor to the old people."

Then he launched into his denunciation of the governor, who last Sunday by radio asked citizens to deluge their representatives with letters and telegrams demanding they vote for submission of the constitutional amendment.

The most unscrupulous, designing and subversive politician of them all now lives and basks in the rays of approval, Hill roared, shaking his fists, as senators listened in tense atmosphere.

Shooting Of German By Jew Adds Fuel To Rumanian Fire

Notes On Europe

KAUNAS, Lithuania, Mar. 21 (AP)—Dr. Ernest Neumann, Nazi leader in Memel, announced today he expected Lithuania to surrender the Memel territory in the near future.

The statement came as Lithuanian officials were reliably reported moving their families out of the little Baltic district—which was German before the World War and now is under Lithuanian sovereignty. A widespread belief was held that Memel's return to Germany was imminent.

BUCHAREST, Mar. 21 (AP)—The shooting of a German citizen by a Jew at Brasov caused concern today in the Rumanian capital, where King Carol has taken the lead in a Balkan struggle to escape complete German political and economic domination.

Going To Have A Garden?

Plants Produce Better Blooms If They Are Not 'Coddled' Too Much

Second In A Series Of Six Stories. By The AF Feature Service. Are you a flower coddler? The answer is important. If it's "yes" your flowers won't bloom in the spring...

There's an annual in your seed catalogue for almost everywhere. They come in almost every color and in sizes anywhere from tall sorghum...

Department of Agriculture flower men say these are two of the commonest ailments of flowers that refuse to bloom. If you water too heavily and feed plants too rich soil...

Watch The Shade. A third common trouble is too much shade. But there are some flowers that like a little protection from strong sunlight...

For mid-summer blossoms in most parts of the country you have to depend mainly on annuals, which will bloom when most of the perennials and shrubs are out of season.

Plan Separate Gardens. Annuals for table use should be in a separate garden. Then you won't leave holes in your flowers and shrub arrangement. For early spring and late fall blossoms...

The Sports Parade

By HANK HART

The Texas Valley league, which debuted last season as a six club circuit, may have to function as a four club family the coming season unless the national association cajoles a city across the border to function in place of Refugio, which has folded completely.

So while our little circle is experiencing growing pains what with the addition of Pampa, Lamesa, Abilene and Amarillo, the outlook of the sister Class D loop to the south is none too promising. There are little possibilities for the Valley organization.

It seems Corpus Christi is entirely too large for the other towns to compete with. True enough, Harlingen emerged the champion in last season's Shaughnessy play-off, may have made a little money, but the others didn't do so well.

Corpus drew exceedingly well.

The national association and the Texas league may be working up this territory with the idea in mind of landing a franchise for the Texas league within the not too distant future. Shreveport, it has been proved, will not draw without a winner and the circuit feels that West Texas is very fertile in drawing power. The circuit heads will be looking in Amarillo's direction for response, were favorably impressed with Lubbock's "draw" last season.

After being beaten by Gatesville in a first round game of the state high school girls basketball tournament at Waco last weekend, the Courtney Eagles went on to defeat Ropesville, 37-6, Whitehouse, 45-23, and LaFoyne, 28-13, in winning the consolation honors.

The Meadow aggregation that was defeated by Gatesville in the championship finals is the same one that twice declined the Garner Billie in exhibition games earlier in the season. Jamie Decker, star Meadow forward, joins with the Olsen Red Heads in an exhibition tour next season.

The Oklahoma Sooners, who tonight meet the Oregon University Wolfcreek in the western division finals of the National Collegiate Athletic association basketball tournament in San Francisco, and who defeated Utah State, 50-39, last night, are the same group of boys who split a two-game series with Southern Methodist earlier in the season. Oregon should win.

Tom Driscoll, a former mentor at Bay City, has been elected to succeed Dan Stallworth as head football coach at Greenville, a post which has reportedly been offered to Dewey Maybew, Abilene's tutor, Stallworth, a former Big Spring man, moves on after two years' juggling of the position dropped by Milton "Speedy" Moffitt, another Big Springer, who took it from Henry Franks.

Roy Royall, who trained the Midland fight delegation that appeared in Ray Simmons' Golden Gloves boxing delegation here in January, presents a series of exhibitions in Midland this evening, the feature of which will pit the district feather champ, Jack Childress, against Noah Valdes, San Angelo's overgrown bantam. Childress should get his ears pinned back.

"PUBLIC" DEBUT

SOUTH BEND, Ind., Mar. 21 (AP) Notre Dame football candidates were scheduled to go through their opening paces for newspaper and newsreel photographers today in a "public" opening of spring practice. They began drills with a scrimmage yesterday.

Chas. Bowser Is Named To Pitt Football Post

PITTSBURGH, Mar. 21 (AP)—The mantle of two men who for two decades made the University of Pittsburgh's football team a power on the nation's collegiate gridiron—Glenn E. (Pop) Warner and Dr. John Hale (Jack) Sutherland—fell today to a student of both, Charles W. Bowser.

Bowser was named last night by the board of trustees that at the same session appointed a committee of seven to investigate "all phases" of the stormy situation at Pitt.

The new head coach entered Pitt in 1919 and played guard, tackle, quarterback and center under Warner.

Graduated in 1923, he went to Grove City, Pa., college, later becoming head coach, served three seasons as an assistant under Sutherland at Pitt, then went to Bowdoin as head coach. He gave up football after the 1924 season to devote full time to his insurance business there, but returned to the Pitt staff in 1935. He resigned as first assistant to Sutherland after the 1937 season, remaining out of the game last year.

In naming the committee, the board acceded to a request of Chancellor John G. Bowman of the university and Mayor C. D. Seely, himself a trustee, who in an open letter asked that the board try to remove "any cause of criticism."

Sutherland resigned because, he said, "the system of athletic administration had resulted in conditions which, for me, are intolerable."

Bowser was given a three-year contract at a reported salary of \$7,500.

TRAINING CAMP, BRIEFS—

RED RUFFING'S SHOWING HIGHLIGHTS YANKS' SPRING BASEBALL DRILLS

By the Associated Press
SESHING, Fla.—The New York Yankees may not be so hot afield at this stage of training, but there's some consolation in knowing that big Charley Ruffing is "right." For the Red hasn't given up an earned run this spring in exhibition games.

VETERAN ROGELL TAKES TIME TO TREAT KIDS
LAKELAND, Fla.—Bill Rogell, veteran Detroit shortstop who is fighting to keep his job, takes time off from baseball today to play host at a party for orphan children. Bill met a group of kids on the street and stopped to chat. Thus the party—for children of the Keller Orphan's Home in Lakeland.

MEDWICK HOLDOUT IS CAUSING MUCH CONCERN
ST. PETERSBURG, Fla.—Slugging Joe Medwick's protracted

RED RUFFING

holdout is bringing frowns to the faces of the St. Louis Cardinals. Joe is a great spring hitter and every day he stays outside the ranks hampers the Cards' chances of getting a flying start.

DEBBINGER SAYS HE IS READY TO TAKE MOUND
BRADENTON, Fla.—Paul Derringer today informed Manager Bill McKechnie that he's ready to take his turn on the mound for Cincinnati in exhibition games. The veteran right-hander has been laid up with an attack of influenza.

ROOKIE'S SHOWING IS HINT CUBS MAY TRADE COLLENS
LOS ANGELES—Rookie Glen Russell's fine showing at first base has given rise to unconfirmed reports the Chicago Cubs will trade Ripper Collins. Phil Cavarretta apparently is set as regular first sacker with Russell a likely spare.

JOHNNY ALLEN MAY BE READY WITHIN WEEK
NEW ORLEANS—Oscar Vitt, Cleveland manager, said today Johnny Allen, his ace right-hander who underwent an arm operation last winter, would be ready to hurl in an exhibition game in a week or ten days. Allen has been taking light warmups daily and reports he's feeling fine.

DEMAREE SHINES IN GIANT WORKOUTS
RATON BOUGE, La.—Bill Terry of the New York Giants is very well satisfied with the three-for-three trade that brought him Ken O'Dea, Bill Jurges and

Frank Demaree from Chicago last winter. All three are showing fine form and Demaree, especially, had made great strides in his hitting since Bill made a few changes in his batting stance.

FRANK DEMAREE

DE WEESE MAY WORK WITH MARTIN, ARNOVIC
AUSTIN—Norman De Weese, rookie outfielder from Montgomery, Ala., has slugged his way into the Phillies lineup at left field for today's game with the St. Louis Browns. If he sticks there, the rest of the Phils' outfield probably will be Herchel Martin in center and either Morris Arnovich or Legrant Miles in right.

LEE MILES A'S ONLY HOLDOUT, PARMELEE SIGNS
LAKE CHARLES, La.—With Pitcher Leroy Parmelee finally signed, Connie Mack today endeavored to bring into the fold the

Athletes' only remaining holdout, Outfielder Les Miles. "I've wired Miles asking exactly what his trouble is," explained Mack, who hasn't heard from Miles since camp opened.

KRESS AND HEFFNER ARE UNHEARD FROM

AUSTIN—Manager Fred Haney today opted that his St. Louis Browns were getting along very nicely without the holdout infielders, Ralph Kress and Don Heffner. General Manager Bill De Witt added he had not heard from either and didn't know where they were.

Patty Berg Low At Southern Pines

SOUTHERN PINES, N. C., Mar. 21 (AP)—The Mid-South women's 54-hole medal play golf tournament seemed today to have turned into a duel between Patty Berg, national champion, and Mrs. Estelle Lawson Page, of Chapel Hill, N. C., champion in 1937.

Miss Berg, cracking long drives through chilly winds, registered a 75—eight under women's par and a record for the Southern Pines Country club course—in the first 18 holes of competition yesterday. Mrs. Page was but two strokes behind, with 77.

These two players were well ahead of the rest of the field of two score competitors.

American women will spend 200 million dollars for a hundred million hats this year, it is estimated.

It's Still A Big Puzzle How Most Golf Pros Live

PENEHURST, N. C., Mar. 21 (AP)—A lot of folks wonder why some of golf's professionals can wander to all corners of the United States—a rather expensive bit of wandering—without collecting much of the dough put up as prizes.

The answer can't be found easily. It seems they just manage to get by, some way or another. No names could be mentioned, but some of the older fellows in the game recalled today instances where some of the touring pros had actually gone without meals.

Big Vic Gheml, of Deal, N. J., on hand hopeful of walking off with top prize in the \$4,000 North and South Open as he did here a year ago, gave an idea of how expensive this golf traveling really is.

Vic joined the professionals on the winter tour in Texas. He is a pretty fair golfer as they come and he figured his efforts this far had cost him \$600 despite winnings of small amounts in four tournaments.

Gene Sarazen, farmer-golfer of Brookfield Center, Conn., thinks there are too many tournaments.

"Spots could be picked out where cities would put up large purses, say \$15,000 or \$20,000," he said. "It would not be too expensive to play in a half dozen events and with large purses there would be opportunity for a wider distribution of the cash."

The professional brigade, nearing the end of the winter trail, squared off today in the first 18-hole round of North-South.

TATE IS LAMESA PILOT

LAMESA, Mar. 21 (Sp)—Jodie Tate, general manager of the Wink WT-NM baseball league club during 1937-38, was named pilot of the Lamesa loop entry in a meeting of fans Monday evening.

In assuming the managerial reins, Tate releases his rights to the franchise, which was transferred from Wink during the February meet of league directors at Lubbock.

Construction of the Lamesa baseball park will begin Wednesday morning, Johnny Lane, business manager, said today.

Tate made plans to begin spring training April 5.

Directors who will assist with club affairs during the season are S. P. Collins, president; C. C. Pitterson, vice-president; Dr. S. Z. Frazier, Dan Y. Davis, C. E. Martin, Olin Wiese, Jess Paulk and W. W. White and Lane.

KRIST MAY BE LOST FOR YEAR

HOUSTON, Mar. 21 (AP)—Howard Krist, big right-hand pitcher optioned to the Houston Buffs by the St. Louis Cardinals, was feared today to the club for the season today when examination revealed a growth on the elbow of his pitching arm.

Krist, awaiting orders from Cardinal headquarters, said his physician suggested an operation to remove the growth.

Three Clubs Look Stronger Than Tribe

El Chico Test Amazes Brady

NEW YORK, Mar. 21 (AP)—It's getting so even Trainer Matt Brady and the stablehands are becoming more and more amazed everytime El Chico has a workout.

The little three-year-old redhead preparing for the Kentucky derby was undefeated as a two-year-old and is winter book favorite for the Blue Grass classic. The chestnut son of John P. Grier-La Chica was asked for his first show of speed in the last couple of days, and he turned in a time that made the Williams Zigler stable clockers look twice at their watches.

It was learned El Chico did three-eighths of a mile in 35 seconds a day or so ago, and he did it as easily as if he were out for a canter in Central park.

"That's what is amazing everybody here," said the informant. "He's so ambitious and natural about it that we wonder just what his limit is. He took that workout so easily, and then was clocked in 1:08 for five-eighths with no effort, that the handlers are pretty near convinced he's better than last year."

And you may recall that El Chico took seven straight races in his '38 campaigning for total money winnings of \$84,100.

OVER 13,000 MAY BE TAKEN OFF WPA ROLLS IN TEXAS

SAN ANTONIO, Mar. 21 (AP)—Possibility 13,500 persons would be dropped from WPA projects by April 8 was mentioned yesterday by State Administrator H. P. Drought.

Drought said he was advised by Federal Administrator F. C. Harrington that 400,000 persons must be discharged throughout the country unless congress appropriates additional funds for WPA projects.

There are some 164,000 persons employed on Texas projects.

Hurling Staff Is Crumbling, Allen Ailing

Averill Swap For Don Heffner Still Is Being Talked

By GAYLE TALBOT
NEW ORLEANS, Mar. 21 (AP)—A two-day study of the Cleveland Indians has convinced me they will need plenty of luck to finish as high in the coming American league race as they did in the last, when they wound up third.

I'm pretty certain I saw three clubs in Florida—New York, Boston and Detroit—that will take the Indians' measure. Their once great pitching staff is beginning to fall apart, and they still are inadequate at second and shortstop.

The Indians for the past several seasons have been able to count upon Mel Harder, Johnny Allen and Bob Feller to give them brilliant pitching on about three days out of four. But now it looks to me like they've lost Allen, and that's a blow they can't survive.

Allen, you might recall, hurt his arm pitching in the last all-star game at Cincinnati after having set a phenomenal record for the first half of the season. He was worth a cent to the club after that.

Even if by some miracle the wing finally comes back completely, Allen won't be ready to pitch before the first of May, and then only in relief roles for a while.

Harder still is a great pitcher, and I think the coming season will be the one in which the "kid," Bobby Feller, finally establishes himself alongside the Johnson's, the Alexanders and the Mathewsons. But it takes more than two pitchers to keep a club up there now-days.

"I've finally got Feller using a change of pace," said Manager Oscar Vitt. "That was the last thing he needed to make him a complete pitcher."

The team's veteran shortstop, Lyn Lary, a holdout, finally pulled into camp yesterday and signed his 1939 contract, but his position seems to be occupied by Jimmy "Skeeter" Webb, of Meridian, Miss.

Indian officials professed indifference to whereabouts of their hold-out outfielder, Earl Averill. They only deny most emphatically that they are trying to trade him to the St. Louis Browns for Don Heffner, though I don't see why, for they certainly could use Heffner at second base. As it is, they must depend upon Odell Hale again.

With five outfielders in camp such as Jeff Heath, Ben Chapman, Bruce Campbell, Julius Gotter and Roy Satherly, the Indians can struggle along very nicely without Averill, even though he hit .330 last year.

GRADER AT WORK IN BARON BALL PARK

A grader was put to work leveling the 125 yards of dirt hauled into Baron baseball park Monday. The completion of the work will see the elimination of a rock bedded infield, last year the family's most infamous "ash-heap."

Directors were hopeful of an early rain which would serve to settle and harden the dirt, enable workers to employ a roller. The gut-lyers brought into being in the infield by last year's flowing rains have been built up. The playing field will constitute an entirely different picture to the players.

Cooperation has been given by a back of the right field wall. Flood waters, which all but washed away the city in rerouting the ditches the park last year, will be more easily diverted, it is believed.

The screen of the grandstand, which proved to be inadequate last season, is being replaced by a stronger material.

It has been suggested that both the dugouts, now located too near the bleachers should be moved and enlarged.

The work is expected to be well on the way toward completion by the time Tony Rego, newly appointed general manager, arrives in town later in the week.

CALL MEETING TO DISCUSS VOLLEY BALL CIRCUIT

A meeting of volley ball enthusiasts will be held at the Moore school house Wednesday evening, 7:30 o'clock, when formation of a league similar to the one operated last year will be discussed.

Teams have already been formed in Moore and Garner and at least four teams of Big Spring are expected to be represented.

A junior league is also being planned by H. F. Malone, recreation director of Big Spring.

Bufs Begin Grid Drills Next Week

FORAN, Mar. 21—Candidates for the 1939 Foran high school football team will get down to serious training in their spring drills next week, Coach Brady Nix said today.

Several have been taking light practice drills the past week. During 1938, their first season in the six-man game, the Blsons won all ten of their starts.

The population of the United States increased 33 per cent between 1910 and 1938.

The Good Earth Is Waiting

To get out and dig in the garden is one of the most satisfying of pleasures. And it's nearly time again . . . thank goodness! Soon you can put in that border of hilliput zinnias and dwarf marigolds you've been planning all winter long.

The seed books are bursting with new flowers. How about your tools? Need a new rake this year? A hoe? And while you're checking up . . . do the porch chairs need repairing? Should you get any new screens?

Now is the time to buy. The advertisements in this newspaper are filled with suggestions for spring purchases. Study them carefully. They'll help you weed out waste, both in your time and your money.

baseball centennial oddities

EDITOR'S NOTE: Strange plays and strange decisions have been recorded in a century of baseball. The one hundredth birthday of America's game, which is being celebrated from majors to sandlots this year, brings to mind some of the game's odd angles. From day to day, we will give you a few of them. Cartoons by the well-known illustrator, Hal Adams.

THE UMPIRE'S RIGHT!

It doesn't pay to argue with an umpire. Ollie O'Mara playing with the Brooklyn Dodgers some 25 years ago found that out. The Dodgers were playing against the New York Giants and My Myers was on second and Jack Coombs on first when Ollie came to bat. He had orders from Manager Wilbert Robinson to advance the runners with a sacrifice bunt.

Ollie followed instructions to the letter—he bunted. Red Doon, the Giant catcher, pounced on the ball and threw it third base. O'Mara was half way down to first when he saw the direction of the throw.

Figuring that Coombs, a slow man, would be a sure out, O'Mara decided to claim his bunt was foul. So he pulled up short and came back to the plate protesting vehemently to Umpire Hank O'Day. O'Mara didn't notice that Doon's throw to third had been as wild as a trapped tiger, and the ball was bounding around in the deep outfield. Coombs panted across the home plate with a run. Ollie continued to argue. Presently Myers came in, scoring another. And O'Mara still claimed: "It was a foul, ump!"

Hobbles and the whole Dodge bench finally convinced O'Mara it was time to run, and disgustedly he scampered for first base. He was too late, though. George Burns relay from the outfield nipped him for the out.

O'Mara had scored two runs with a bunt only to be thrown out because he hadn't learned never to argue with an umpire!

THINGS WERE LOOKING UP for the photographer who made this wide-angle view of Rockefeller Center in New York. The camera was pointed straight up, taking in 120 degrees. Reading clockwise from statue Prometheus and the RCA building behind it, are: Time and Life buildings, Le Matson Francaise, British Emvire buidlnr, International building and Associated Press building.

MAKING GOOD IN A SMALL WAY, this tiny olive skikin puts on a bell-ringing act for the benefit of its St. Louis owners, Mr. and Mrs. Arthur M. Donnelly. The bell is scaled down to the bird's size, which put it well into the junior class; the skikin is smaller than a canary, has a touch of temperament and is a native of Mexico.

KEEP AN EYE on Joseph "Grec" Rice, Notre Dame track star shown keeping an eye on a chalk-talk by Coach John F. Nicholson. With a fine past record, Rice is expected to give a good account of himself this season. Now a senior at Notre Dame, Rice went there from Missoula, Mont., where he was a good high school miler.

HOMELESS now, Charles M. Schwab, 77, Bethlehem Steel chairman, grieves so for his wife that he has closed the chateau-like New York home where her funeral was held in January, as well as two other estates. "Now I have no home," he says.

IT'S LOVE AT FIRST SIGHT between Billy Cowley of the Boston Bruins, National Hockey League champion, and the stick with which he smacked enough goals to become his team's leading scorer. And if endearing words help, that stick will help the Bruins beat the New York Rangers in the Stanley Cup play-off series between the league's two leading teams.

BANQUO'S GHOST didn't come to haunt Elizabeth when Britain's queen who once lived in Glamis castle (Banquo's happy haunting ground) visited a London fair. Shrouded figure greeting the king is Abdel Hadji, a Moroccan merchant.

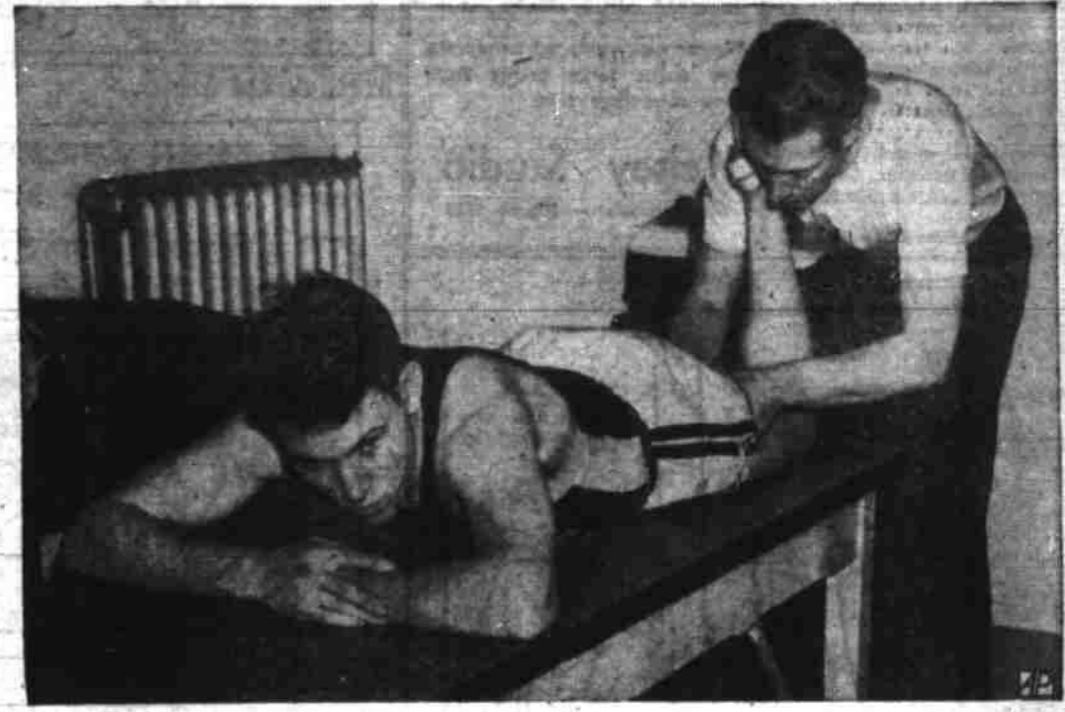

POPE'S CHOICE of a successor to Patrick Cardinal Hayes may fall to Bishop Stephen Donahue (above), administrator of N. Y. archdiocese, some Catholics believe.

EVANGELINE SLEEPS, legend says, in this little Catholic churchyard at St. Martinville, La., where is buried Emmeline LeBlanc. Present-day Louisiana say she was the heroine of Longfellow's famous poem telling of the Acadians.

HE DIDN'T KNOW his own strength, and so Lennie Merullo, one-time shortstop at Villanova college in Pennsylvania, clubbed a mighty one and broke the bat. This was during his practice with the Cubs on Catalina Island, California.

A TWO-MILER'S TWO REASONS for track superiority get a going-over at Notre Dame gym by Assistant Trainer Hugh Burns, who's massaging the legs of Joseph "Grec" Rice, ace track man. Rice, who stands 5 feet 4 1/2 inches and who weighs 137 pounds, is track captain at Notre Dame. This winter when he defeated Don Lash in 9:07.6, he ran the season's second fastest two miles.

LIFE LINGERS for 27-year-old Fossom, one of nine army mules reprieved from death, to the relief of Private George Bellina at Fort Dix, N. J. Legislation is sought amending army rule providing death for mules no longer useful.

FIRST YEAR in the big leagues finds "Doc" Frothro, Phillies manager, training the boys at New Braunfels, Tex.

HITLER'S HEIR has been chosen but no names are announced, said Capt. Fritz Wechsungen (above) soon after arrival in San Francisco where he's new staff sergeant general.

TULIP TIME in Manhattan doesn't hold much charm for Bobby Heister, who had to play succumb to two rare plants at the International flower show in New York's Grand Central. The tulips were grown by John Schaeffer of New York.

TO THIS CHURCH in St. Martinville, La., where Emmeline LeBlanc is buried, some tourists eager to see the grave of a girl identified as the Evangeline of Longfellow's poem. Death ended her search for her long-lost love.
