Caught Last Night In Fall Of Chonan

TOKYO, Sunday, July 9. (AP)—An American infantry battalion, cut off during the fighting that preceded the fall of Chonan last night, is still isolated behind Communist lines in Korea.

General MacArthur's communique issued about 1 p. m. Tokyo daylight time (midnight E.S.T.) said the first efforts to relieve the battalion were unsuccessful.

Wounds Pain More During Losing Battle

By Tom Lambert AP STAFF

AN ADVANCED U. S. FIRST AID STATION, Korea, July 8. — Never pleasant, seem to pain more...

For some it was made deeper still by the thought of wounded fellow-Americans whom they had been forced to leave behind...

The Americans troops are convinced the Reds take no prisoners. The pain showed in the tears of an American lieutenant...

"We fired our last round and then got out. I don't know how many we left behind. We left some of those poor kids..."

The pain showed in the voice of Pvt. John Easterling, 19, of Akron, Ohio, a lanky machinegunner who stayed at his gun alone after 14 hours fighting...

Winning as a doctor gently treated a wound in his leg. Easterling said with great weariness, "What could we do? One machinegun and 30 riflemen against a regiment. They just kept coming out of the hills, that's all."

Clutching a cigaret, Easterling raised on his stretcher and pointed to a building 20 yards away. "They were that close, all shooting at us with automatic weapons. But we can lick them if we have the stuff, easy," he said.

The doctor soothed him. "For a man who has walked eight miles with a hole in his leg, you are doing all right," he told Easterling.

Outside, a mud-splashed ambulance lumbered to a halt. Stretcher bearers slid through the door. They laid down a long, blanket-wrapped form. Its feet rolled loosely.

A medical aide began searching the pockets of the dark-haired American corpse for what the Army calls "personal effects."

There is the same old similarity about "personal effects" in this savage little war as in the last big one. Almost always there is a wallet, with pictures of a middle aged or elderly woman, and a girl.

There is a key ring, a knife, a rosary sometimes, a bit of paper, but few letters yet, for mail has been slow catching up.

State Will Pay School Districts \$49.50 Per Capita

AUSTIN, July 8. (AP)—The state will pay school districts a \$49.50 per capita for each scholastic year, the State Board of Education decided Saturday.

There will be an additional \$3 per capita but just how it will be paid depends on an attorney general's ruling. The board asked the attorney general to approve a proposition making it a simple addition to the apportionment.

The per capita payment last school year was \$50. The extra \$2 would come from an anticipated surplus in July and August income for the available school fund.

It was the first Red aircraft report in action in the past two and one half days.

See CAUGHT, Pg. 4, Col. 3

Defense Department Reports 11 Killed In Transport Crash

WASHINGTON, July 8. (AP)—The Defense Department announced Saturday that eleven Army men were killed in the crash of a transport plane en route from Japan to Korea on June 30.

The men previously had been reported missing in flight. The fact that they are now listed as killed in action means that the bodies have been recovered and identified. All were from eastern United States.

THE WEATHER: BIG SPRING AND VICINITY: Partly cloudy Sunday and Monday...

Army Seizes RI Railroad

CHICAGO, July 8. (AP)—A federal judge in Buffalo, N. Y., tonight ordered striking AFL switchmen to end the strike against the Rock Island railroad.

The union's president, Arthur J. Glover, promptly ordered the men back to work. Glover said "we have no choice now—I have ordered the men back to work."

He said the switchmen would start moving trains as soon as possible. The Justice Department announced in Washington that Federal Judge John Knight in Buffalo, N. Y., issued an injunction ordering strikers to resume their jobs.

Failure of the switchmen to heed President Truman's request that they go back to work.

To meet this hurdle, Karl R. Benedict, assistant secretary of the Army in Washington, asked the Justice Department to take legal action under the President's seizure order.

Some high union sources said previously that they would end their strike if the government gets an injunction.

The President directed the Army to take over and run the 8,000-mile Rock Island system at 3 p. m. CST today. He also called on officers of the striking union to "take appropriate action" to keep the switchmen on the job.

But the union, which three times previously turned down formal government requests to end their walk-out, balked again.

Some Washington officials said the government was preparing to obtain an injunction in the federal district court at Buffalo, N. Y., Saturday night or more probably Monday. Buffalo is headquarters of the switchmen's union. Justice Department officials declined comment.

J. D. Farrington, president of the Rock Island, said the Army told him such an injunction already had been obtained. He said he did not know in what city.

"The switchmen all will be back to work within 48 hours," he said. He said Rock Island freight trains already are operating at Silvis, Ill., and in Arkansas and Oklahoma. He said railroad workers who were not switchmen crossed picket lines "without violence" to operate the trains. No switchmen were working on the trains Farrington said were operating.

Government officials in Washington expressed disappointment over reviewing the Big Spring - Week - With Joe Pickle

Holidays may have shortened the work week, but they had no effect on reducing the news. While thousands gathered for man made fireworks, the Pan-American No. 1 Holley blazed its last night Tuesday.

Firefighters blasted out flames, then worked into the night Wednesday to cap the well that had been rampant for 25 days.

Chamber officials were somewhat chagrined over the number of duds which showed up in the fireworks. Some of the smaller pieces which came in the order didn't exactly fit the regular mortar equipment, and some of them just didn't have enough charge to get them into the air where they could be best seen.

Next year the order probably will be placed far enough to see THE WEEK, Pg. 4, Col. 1

Carrier Slips Out Of San Diego Base

SAN DIEGO, Calif., July 8. —The 2,000-ton-aircraft carrier Boxer or unexpectedly slipped out of San Diego harbor Saturday, believed headed for another California port to load planes for the Korean war zone.

Navy officials refused to disclose the vessel's exact destination. The carrier originally was expected to take on planes of the First Marine Air Wing, El Toro, which has been ordered to the Far East.

A sister ship, the Philippine Sea, loaded with Navy combat planes, left San Diego for Pearl Harbor last Tuesday to become the nucleus of a new task force.

County Health Unit Reports Two Polio Cases During Week

Diarrhea and enteritis topped the list of communicable diseases reported by the Big Spring-Howard County Health unit Saturday for the past week.

Higher Import Taxes Asked On Furs, Oil

WASHINGTON, July 8. (AP)—High taxes on imported furs and oil were urged Saturday before senators working on an excise tax slashing bill that may be a casualty of the fighting in Korea.

Spokesmen for the domestic fur and coal industries said imports of furs and oil were menacing their industries.

More than a dozen other witnesses asked the tax-writing Senate Finance Committee to apply deeper cuts than allowed by the House in a long list of commodities now subject to so-called "nuisance taxes" imposed largely during the last war.

Chairman George (D-Ga.) kept the Senate Finance group working for hours Saturday in hopes of having a tax revision bill ready for possible Senate action later this month.

At the same time, city water customers totalled 4,638 at the close of the half-year, a gain of 170 since Jan. 1.

Gas connections also were at an all-time high for this season. Empire Southern Gas Co. reported 5,271 connections, compared to 4,850 at the same time in 1949.

Approximately 400 gas customers, mostly in the business district, have their meters disconnected for the summer, but will require service again in the fall.

Postal receipts were off the pace during the first quarter, but rallied with enough strength during the last three months to surge ahead of the 1949 total.

The figures through June 30 this year amounted to \$71,258.23, compared to \$69,324.10 for the same period last year.

The first half of '50 definitely was the busiest period in history for the local construction industry. Building permits, at \$2,474,605 far exceed those of any previous complete year.

Banking statistics, of course, are cited as indicative of general economic conditions in the area, and once again new records were established. Deposits at Big Spring banks jumped to \$24,227,276.34, a gain of \$7,626,304.01 from June 30 of last year.

Oil livened the economic picture with the biggest play since the boom days of 1926-29. Discovery of the Reinecke pool just across the line in southeast Borden set the pace in February. By mid-year 15 tests had submitted official potentials in the amount of 29,638 barrels. The East Vealmoor discovery

Big Spring Sets Record Half-Year Marks

Factors Spell "Flourishing Fifties" As City Development Hits New High

TABLE OF DEVELOPMENT

Electric Connections; June 30, 5,973; Jan. 1, 5,609; up 364. Gas Connections; June 30, 5,271; Jan. 1, 5,363; June 30, 1949, 4,850.

Water Connections; June 30, 4,808; Jan. 1, 4,638; up 170. Postal Receipts; June 30, \$71,258.23; June 30, 1949, \$69,324.10. Building Permits; June 30, \$2,474,605; June 30, 1949, \$869,680. Bank Deposits; June 30, \$24,227,276.34; June 30, 1949, \$16,600,972.33. (Approximately 400 gas customers have meters disconnected for the summer.)

At the same time, city water customers totalled 4,638 at the close of the half-year, a gain of 170 since Jan. 1.

Gas connections also were at an all-time high for this season. Empire Southern Gas Co. reported 5,271 connections, compared to 4,850 at the same time in 1949.

Approximately 400 gas customers, mostly in the business district, have their meters disconnected for the summer, but will require service again in the fall.

BARBECUE IS HIGHLIGHT

Old Settlers To Meet At Stanton

STANTON, July 8.—Tickets are on sale here for a barbecue, which will highlight the annual old settlers reunion in Stanton Tuesday afternoon.

The reunion will begin at 5 p.m. on the courthouse lawn. In addition to the traditional events, such as the Memorial service and the dedication to old settlers, the program will include a short history of Martin county and other features.

Foul Smell Only Due To Truck, Not Russian Bombing

MOLINE, Ill., July 8, (AP)—A foul smell choked seven towns early Saturday, sending some residents into hysterics and raising fears of a Russian gas bombing.

The culprit apparently was only a passing truck. The noxious odor crept through Moline, East Moline, Silvis and Rock Island, Ill., and then spread across the border into Muscatine, Bettendorf and Davenport, Ia.

SHADES OF LAST WAR

"Scare Buying" Hits Some Areas

NEW YORK, July 8, (AP)—Scare buying is beginning to appear in isolated spots. It is concentrated on items which people remember became scarce in the last shooting war, such as cars, tires, batteries, sugar, coffee. It is fed by rumors.

In many cases, such as tires and batteries, these sought-after goods are now in full and ample supply—in some cases, such as sugar, in surplus supply. In fact, competition to sell is so keen in tires, for example, that some dealers are holding sales at reduced prices.

Convicts Try To Use Governor As Jailbreak Shield

MARQUETTE, Mich., July 8, (AP)—Four hardened convicts tried to use Gov. G. Mennen Williams as a hostage in a daring break from Marquette State Prison but were foiled by quick action of prison officials.

Suicide After Radio Tells Of New Draft

WESTMINSTER, MASS., July 8, (AP)—Nineteen-year-old Joseph L. Gauthier, only four months out of the Air Force, spent Friday night listening to radio reports on the draft, then went to his bedroom and committed suicide with a pistol.

Newton Treated For Shock After Mishap

C. W. Newton, Big Spring, was released from a hospital here Friday night following treatment for shock and a head cut sustained in an auto mishap at 906 Lamesa highway, police reported.

Newton was passenger in a car driven by Jesse Woodriddle, also of Big Spring, officers said. He was injured when the Woodriddle machine was in collision with one driven by Joe A. Franklin, Lamesa about 7:30 p.m. Friday.

Woodriddle was fined \$30 in Corporation court Saturday morning after he pleaded guilty to charges of driving without license. Charges grew out of the accident, police said.

Meat prices appear headed higher. This was expected this summer anyway. But if the military start building up supplies, prices will be given an added boost, the Agriculture Department says. It adds that meat prices should come down in the fall.

The munitions board reports it has more than 70 programs ready to mobilize industry when and if it has plans to put 253 of its war-built plants back into war production quickly, when and if. But the board also insists that this is only a preparedness move—nothing to start worrying about at this time. Just—when and if.

WINGS OVER BIG SPRING

Air Traffic Here Up In First Six Months

Traffic was up substantially during the first half of 1950 with a total of 16,466 landings at Municipal airport during the six months, Jack Cook, port manager, reported Saturday.

The first six months was comparable to the last half of past years, normally the busiest period, Cook said. Landings during June exceeded 3,000, first time any month's total has reached that figure in the last four years.

Local civilian aircraft accounted for more of the first six months landings than any other group this year, the airport manager said. Itinerant craft touched runways here on 5,127 occasions. Local civilian planes were second in number of landings with 3,568.

CAA contract for rental aircraft was awarded to Ben Funk last week. His plane, a Cessna 140-A, is to be equipped with VOR facilities.

The Sunkist Lady, plane which held a flight endurance record briefly two years ago, was refueled at Municipal airport twice last week.

An additional 15,000 feet of electrical cable for runway lighting has been ordered for the Municipal field, the airport manager said. Earlier, 12,000 feet of the lighting cable had been ordered.

A group of Texas Railroad commission officials landed here Friday.

George O'Barr Is Winner At 4-H Field Day

George O'Barr was winner of the slaughter cattle and calf grading contest, adult division, sponsored by the Howard county Farm Bureau in connection with the annual 4-H club field day program Tuesday, County Agent Durward Lewler announced Saturday.

O'Barr led grading contestants with a total of 37 points, Lewler said. Lloyd Robinson and Perry Walker, each with 36 points, tied for top honors in the boys' division of the grading contest.

Other contestants in the boys' division and the number of points each garnered were Weldon Application, 82; Robert Ragan, 82; Wayne White, 79; Charles Ray, 72; Robert Merworth, 69; Bill Hanson, 68; Billy McVain, 66; Darrell Robinson, 65; James Caudle, 59; Sunny Choate, 58; Doyle Lamb, 52; Delbert Davidson, 48; Ronnie Davidson, 47; Donald Den-

ton, 47; Jesse Overton, 43; and Frank Tate, 42.

Adult graders and the number of points received included Nell Fraizer, 82; James Fraizer, 82; Nathan Allen, 80; Guy Hodnett, 80; J. M. Blake, 79; Evva Smith, 79; R. J. Shortes, 78; R. H. Coates, 78; Mrs. O'Barr Smith, 77; Dorthea Griffin, 75; Joe Pickett, 73; Dewey Martin, 74; Ellis Iden, 72; J. C. Robinson, 72; Alton, Mrs. H. D. Cowden, 71; H. R. Caffey, 69; H. D. Cowden, 69; G. Wiswell, 68; Zelma Heckler, 66; Otto Heckler, 66; Walter Grice, 65; Ray Rhodes, 64; Joe York, 60; Agnes Blake, 60; Rexie Caudle, 55; R. V. Fryar, 54; and C. W. Turner, 44.

Air Reserve Unit Completes Organization

Completion of the organization of Flight C, 9816th Volunteer Air Reserve training unit has been announced by Maj. A. W. Dillon, commanding officer.

The unit was formed to permit local Air Reserve personnel to qualify for promotion and accrue time toward retirement, Maj. Dillon said. It meets each Tuesday at 7:30 p.m. at the city court room.

Staff for the local unit, in addition to the commander, includes Capt. Walton S. Morrison, executive officer; Lt. Clair H. Nauman, adjutant; Capt. Paul N. Scherer, plans and training; Maj. William Seabolt, assistant plans and training officer; Lt. A. A. Arcand, personnel; Lt. Charles Kee, assistant personnel officer; and Lt. Raymond D. Reineck, assistant adjutant.

Grant Divorce Today In District Court

Elmer E. Stahl was granted a divorce from Lucille G. Stahl in a case heard by Judge Charlie Sullivan in 118th district court on Saturday.

The maiden name of the defendant, Goodwin, was restored.

South Dakota's Bad Lands are 3,200 square miles in area.

Scouts Rave About Fireworks At Jamboree

VALLEY FORGE, Pa. July 5 (Delayed)—Today is a holiday for us.

All we do today is take a walking tour of the entire camp. The fireworks display last night was something to see. There were both aerial and ground displays. The aerial displays lasted about 25 minutes. The ground displays lasted about 15 minutes.

General Eisenhower presented a very interesting speech based on the 12 scout laws and the present situation in Korea.

All of the boys are ready to leave for home and tell their friends about their trip.

To review some of the points of interest in our trip, here is a brief account: When the train arrived in St. Louis, we ate a box lunch on the park in front of the railroad station. We arrived in Indianapolis that night about 11 o'clock, but we did not stay long. The next morning, we were in Pennsylvania.

We didn't stop in Pittsburgh, but went on to Harrisburg where we turned south to Baltimore. At Baltimore we picked up an electric engine and went to Washington, D. C. where we went on a tour with Rep. George Mahon of our district.

From Washington we travelled up to New York City where we went on another conducted tour through the Long Island district. When we arrived at Valley Forge and set up camp, the boys started trading off their horned toads and other things.

In three more days we will be leaving peaceful Valley Forge for home, and I am sure we will bring memories of many new friends with us. (DON ANDERSON)

ROBERT DAMRON writes: "Yesterday we went to Philadelphia and saw the Liberty Bell. There is a television set here at the trading post. When we were in New York the other day, we went to NBC and saw how they made television. One boy had a horned toad and they put him on television."

That horned toad toured Washington, D. C. and sat in the vice president's seat. He was with us when we toured New York, but when we went up on the Empire State building, the change of altitude killed him. We went up the building at 1,000 feet a minute."

Rodeo Plans Discussed At ABClub Lunch

Rodeo plans were discussed during the business session of the American Business Club, following the regular luncheon at the Settles Hotel Friday. Doug Orme and Arnold Marshall were appointed to head the committee on flag decorations for the city. Jake Morgan, J. W. Pursler, Howard Schwarzenbach and Lee Harris are to direct concession stand activities.

Committee chairmen and members to serve for the coming six months were designated. Chairmen include John Knox, program committee; Howard Schwarzenbach, projects; Dr. T. J. Williamson, membership; Harold Canning, publicity; W. B. Younger, new member welcome; Douglas Orme, attendance; V. A. Whittington, bulletin; Horace Garrett, civic affairs; Dr. H. M. Jarratt, hospital and visitation and O. C. Lewis, food committee.

Eugene Thomas, president, read a telegram from delegates attending the ABClub national convention in Greenville, S. C. The three delegates are J. D. Jones, John Knox and Ted Phillips.

The club unanimously voted to extend a vote of confidence to the city commission on the recent action taken in the city water issue. The resolution included and "urge for action" on the proposed Colorado River Municipal Water District project.

Shop Carefully For Homes, Vets Warned

WASHINGTON, July 8 (AP)—Veterans Administrator Carl R. Gray, Jr. told war veterans Saturday to shop carefully before buying homes.

"Now that the post-war housing shortage is easing off, veterans should make sure they will be satisfied with the quality and condition of the home and its equipment," Gray said.

The advice came in the form of a letter attached to a new pamphlet, "to the home-buying veteran," soon to be made available at VA offices.

A ton may be 2,000 pounds (U.S.), 2,240 pounds (long tons) or 2,304.6 pounds (metric tons).

REBORN, NOW DEAD

Lidice No Longer As Light Dies Out

JOLIET, Ill., July 8. (AP)—Lidice, is dead again! Hitler killed it the first time. President Roosevelt called the martyrdom of Lidice, Czechoslovakia, the murder of a word. Wendell Willkie told the people: "Because a hangman was killed, Lidice lives." He meant Lidice, Ill., the community re-named so...

THE WEEK

ahead for checking.

Industrially, the announcement by General Atlas Carbon company that it was moving its Guymon, Okla. plant here made big news. The four-unit affair will be converted to oil furnaces which do not produce the super-abundance of escaping smoke familiar in most gas combustion units, utilizing residual oils from Cosden's refinery. Some 50 people will be used in construction, about 35, mostly former employes, in operation.

Agreeing voting is now in order. If you have reason to believe you might not be in the county on July 22, you can vote at the clerk's office now. Provided, of course, you bring along your poll tax exemption.

After delaying—and delaying—the agriculture department finally announced last week that the support price of grain sorghum would be \$1.87 per bushel. This is 22 cents off last year's figure. Other grain supports are Oats 71 (up 2 cents), rye \$1.28 (up 1 cent) and Barley \$1.10 (up 1 cent).

Meeting of the Colorado Municipal Water District board here Monday is apt to be a mighty important one. With both Big Spring and Odessa city councils asking for early action the CRMWD might come up with a recommendation to tackle the upper Colorado river reservoir. That being the case, something might be started by the end of the year if the cities accepted such a recommendation.

In some localities, spotted showers last week came to cotton and feed stuff at a most opportune time. Cotton had grown more in the past fortnight than the previous part of the season. Much of it—as was most of the feed—was really ready for a rain.

Bids will be opened Tuesday by the school board on the high school project. It will be interesting to note what, if any effect, the international situation has had. Numerically, bidders are in abundance.

Death of Herman Weinkauff last Monday left the city with its third traffic fatality of the year, a ferry from its record of two years without a fatality until January. These have helped bring the county total to 10, so far, two under the total for all of 1949.

Work is being pressed on the rodeo plan and preparations go forward for the 18th annual show on Aug. 2-5. It's not too early to make your plans or to write your friends. The show will be in a brand new setting—the only rodeo amphitheatre anywhere.

Bank deposits rocketed by \$7,626,000 to gain nearly 45 per cent in reaching \$24,227,000, the bank call showed last week. With the exception of oil-happy Scurry, the percentage gain was just about the best of any point in West Texas.

One of the finest affairs in the area on July 4 was the Farm Bureau field day. It really attracted the farmers, their families, and invited guests—well over 2,600 of them. There was a nice program and a bountiful feed, all at bureau expense.

that Lidice should live forever. "Living forever in the hearts of all who love freedom." "The light that will burn forever in memory of the dead" . . . high-sounding phrases like these rang from the lips of speech-makers and were blazed across the front pages of the newspapers on July 13, 1942, as a federal housing project, Stern Park Gardens, became the answer to Hitler's obligation of Lidice, Czechoslovakia.

But now the light is out. The monument is moved. Prominent citizens who served on the committee for establishment of the monument and perpetual light admit that they were drafted to serve because they represented one organization or another. Where the funds for the light went they don't know. Children swarm over the monument. It is chipped in places.

In one sense the whole thing was a fraud and Hitler's infamy was answered with a lie. Lidice, Ill., never existed. It was never a postoffice, never a village or any other kind of organized municipality, according to Helen Mahoney, secretary of the major in neighboring Joliet.

"The light is out because the monument was moved," reports Adolf Kacer. "The major promised me he'd have the gas connected again, but he hadn't done it. I had to go out and wash the mud off the monument after it was moved."

Kacer has more than ordinary interest in the monument. He was president of the Czech American National Alliance when the memorial was erected, and still holds that job today. He was on the committee which planned the memorial.

The monument was moved in 1943, apparently to make way for housing, so it's been seven years since the light went out. Kacer feels that the neglect of the memorial is because "the people don't like it; most of the Czechs have moved and there are only two or three Bohemian families left; it has become an Italian community."

But Miss Mahoney, the Joliet major's secretary, is more vehement about the whole affair. She named names and said the town has no mayor unless one, of its real estate men has taken that title for himself.

"Lidice is not even a village," says Miss Mahoney. "It never has been. It has never had a postoffice. It has never had any elected officials. Joliet's mail-carriers deliver the mail. Lidice was just a promotion scheme to sell lots. That's how it started. The houses built there are in poor condition and have changed hands many times. It may soon become incorporated as a part of Joliet. The Czech Embassy sent some dolls for children of Lidice, addressing them to that community. No trace of them has ever been found."

Neither has there been any trace of the "light that will burn forever."

Odessa Man Picked State Lawyer Head ODESSA, July 8. (AP)—John Watts, Odessa attorney, has been elected president of the State Association of Claimants Attorneys at the State Bar Convention in San Antonio.

Watts, widely known as a trial lawyer, has been practicing law here since 1946. He served as county judge of Crane county from 1941 until 1946.

A tunnel under Mt. Blanc is being built that will shorten the Rome-Paris route by 107 miles.

The Gulf Intercoastal Waterway has been completed for 1308 miles from Appalachicola, Florida to the Rio Grande.

SOUTH KOREAN AMMUNITION TRAIN BOMBE—These twisted pieces of metal with projectiles and shell casings scattered around were all that remain of a South Korean ammunition train caught by strafing and bombing North Korean planes in the railroad station at Pyongtaek, 20 miles south of Suwon. (AP Wirephoto).

Gotham Census At 7,841,610

NEW YORK, July 8. (AP)—Preliminary census figures released Saturday gave the population of New York City as 7,841,610, a 5.1 per cent increase over the 1940 total of 7,454,995.

The preliminary figures also gave a population count of 15,340,697 for the New York metropolitan area which comprises nine counties in New York and eight in New Jersey.

The official announcement of the final population count will come from the director of the Bureau of the Census in Washington.

CAUGHT

American troops at the front, in light strength, about 60 miles south of Seoul, were setting up "successive delaying positions" an Army spokesman said.

No major unit of the U. S. Army has been thrown into the fight. The spokesman explained a major unit as larger than a battalion (1,000 men).

The renewed Red push forced Americans to fall back rapidly from Chonan, 35 miles north of Taejon.

Headquarters in Tokyo appeared most concerned about two big drives the enemy appears to be shaping up rapidly.

First, the communists' wide, envelopment attempting to cut the main north-south communications line, possibly in the Taejon area.

Second, a push down the isolated east coast toward Pusan, main U.S. supply port.

Troop and tank concentrations in this area (east coast) which has been relatively quiet since the outbreak of the Korean war, (June 25) suggest that preparations are under way for a drive in the direction of Pusan. It may also mean a wide flanking envelopment of the main battle area to sever the important communications junction at Taejon.

About 65 miles southeast of Taejon, the communists said.

The possibility of these two enveloping moves suggested continued caution in committing major American ground and supporting units—including tanks—above the natural barrier of the Kum river.

The Kum cuts about midway between fallen Chonan, and the southern strongpoint at Taejon.

American Air Force and allied naval units were active.

Fighters hammered at Russian-built tanks and trucks with increasing success. Many tanks were destroyed and damaged but the communists announced no totals.

Naval patrols kept a close guard on the east coast, where a second buildup of enemy strength was in progress. They fired at targets spotted by planes.

FACTORS

on the central Howard-Borden line brought three completions by June 30 for 2,314 barrels daily.

A Wolfcamp discovery, first for the zone in the county, was rated only 26.59 barrels daily for Stanolind No. 1. Hutto, eight miles east.

A northeast wildcat followed later with promising shows in the same zone. The Von Roeder pool of southeast Borden had two completions for 2,444 barrels.

The Vealmoor pool, which straddles the northwest Howard-Borden line, had completed a dozen wells for 4,220 barrels potential plus 254 barrels for the one mile south extension.

Another 218 barrel well was completed as the North Vealmoor discovery. Southwest Borden's T. J. Good pool finished 12 wells for 9,286 barrels potential. The Spraberry pool of southeast Dawson rated 4,098 potential reported as of June 30 for the first half.

Everywhere leasing picked up with royalty asking hitting some fancy figures. Central, north and northeast Howard were hot. Interest was shifting to the northwest for some last half wildcatting.

Unheralded, Howard - Glascock pool added a flock of producers during the first half, and no figures were immediately available.

Continued oil development, crop prospects that are well above average and the current construction outlook all point to more development for the last half of the year.

Residential building in Big Spring is continuing at a steady pace, and the new high school project, together with other commercial contracts now in the planning stage, are expected to shoot construction figures upward again.

All factors combined could spell the beginning of the "flourishing fifties."

Dawson Spraberry Area Finals Well

Seaboard No. 8-D A. J. Spraberry has been completed for another producer in the deep Spraberry pool of southeast Dawson county.

It rated 254.34 barrels of 39.2 gravity oil flowing 24 hours through 3/4-inch choke. Casing pressure was 50 pounds, tubing pressure 225 and gas-oil ratio 420-1. Operators shot the pay section from top at 6,467 to bottom at 6,770 with 680 quarts. Oil string was set at 6,457. Location is 660 from the south and 3,068 from the east line of section 37-34-50, T&P.

Seaboard No. 8-D Spraberry, an east offset, drilled to 6,353 feet in lime. Seaboard No. 3-D Stanfield, in the northeast quarter of section 37-34-50, T&P, made trip at 5,278.

Seaboard No. 5-D Shafer, bottomed at 6,808 feet, shot with 737 quarts from 6,520-6,802. It is in the northwest quarter of section 48, No. 6-D Shafer. In the northeast quarter of this section, drilled to 4,900.

Seaboard No. 1-D-A Jeter, the southeast quarter of section 36-34-50, T&P, pumped 160 barrels of fluid in 23 hours. There were no further reports on this venture.

Ackerly Man Escapes Uninjured After His Truck Hits Culvert

Juan Calderon, Ackerly, escaped without injury when a truck he was driving struck a culvert and was demolished 16 miles north of Big Spring on highway 87 last night.

Erratic Showers Sprinkle County, Soak Some Areas

Erratic showers sprinkled most of the county Friday afternoon and soaked some pinpoint areas.

Elbow community again was the favored spot, but this time the heavy part of the rain fell on the east side which was sighted the day before. Up to an inch was reported. While an inch and a quarter fell at the Eberley place east of Lomax, only a tenth of an inch fell at Lomax.

Hartwells, on the central west side, had from an inch and a quarter to two inches. Walter Long reported an inch and a quarter at his place near the old Hiway community. Knot, to the northwest, had none, nor did Soash farther north. Center Point, R-Bar and Luther, in central Howard, got only light showers. South of Cosahoma one strip soaked up a peppering reported at a quarter of an inch or more.

The U. S. Experiment Farm north of Big Spring had 43 of an inch, which brought the total to 79 of an inch for the past three days. The U. S. weather bureau at the airport measured .39 of an inch Friday.

THE WEATHER

Table with columns: CITY, TEMPERATURES, MAX, MIN. Rows include: AMES, BIG SPRING, CHICAGO, DENVER, EL PASO, FORT WORTH, NEW YORK, SAN ANTONIO. Includes a note: Sun sets today at 7:55 p. m., rises Monday at 6:48 a. m. Precipitation Friday 75.

Cash, Contract Cut By Senate Group From SPA

WASHINGTON, July 8. (AP)—The Senate Appropriations Committee cut \$6 million Saturday from the cash and contract authority which the House voted the Southwestern Power Administration for construction.

The appropriations bill approved by the committee Saturday allows the agency \$6,620,000 cash and \$1,730,000 in contract authority. The President recommended and the House voted \$10,350,000 cash \$5 million contract authority.

The committee said its action "is based upon assurances received that the Secretary of the Interior and the private power companies in Oklahoma have agreed upon a means of integrating the hydroelectric power produced at government dams with steam power produced by the private utilities in a manner which will provide for servicing public bodies with government power as contemplated" by Congress in 1944.

The House committee notes that the Senate committee action is in line with a suggestion the House Appropriations Committee made in March when the House had the bill.

The agency then was negotiating contracts with two private utilities in Oklahoma for cooperative utilization of power in the area. It said that if the contracts were approved the agency should return to the Treasury approximately \$6 million of its funds and construction authority.

The SPA is the government agency set up to handle power-generated at federal dams in all or parts of Texas, Oklahoma, Kansas, Oklahoma, Kansas, Kansas.

The Senate committee reported it had inquired into the use of the agency's continuing fund "or the purpose of aiding in the construction and operation of facilities for producing and transmitting power for the use of public bodies and cooperatives."

NAACP Asks Shivers To Stop Bombing Of Homes In Dallas

DALLAS, July 8. (AP)—The National Association for the Advancement of Colored People said Saturday the City of Dallas has shown it cannot stop house bombings and asked Gov. Allan Shivers for help.

NAACP's appeal followed the bombing of a vacant house in a white neighborhood Friday night. The bombing was the sixth in a three-square-mile area since Feb. 8. Police Chief Carl Hanson said. The five houses bombed previously had been sold to Negroes. The house bombed Friday night had been offered for sale but had not been sold.

Hanson said the police don't need state help. Besides its plea to the governor, the NAACP called on the Dallas Interracial Committee on Housing and Dallas' newly created crime commission for help.

SQUIRREL INVADES NEW YORK HOTEL

NEW YORK, July 8. (AP)—A squirrel invaded the fashionable Sherry-Netherlands Hotel Saturday, and kept the main lobby in a turmoil for more than two hours.

The miscreant sent one man to a hospital with a cut lip. The squirrel, apparently from nearby Central Park, withstood the combined efforts of a platoon of bellhops, porters, clerks and hotel housekeepers to oust him.

It took an animal expert to do the job—by throwing a net over it.

Sterling City Bank Shows Big Growth

STERLING CITY, July 8. (Sp.). Growth of the First National Bank of Sterling City and prosperity of the community the last decade are reflected in the \$2,991,423.03 deposits of the bank as shown in the comptroller's call as of June 30.

The June 29, 1940 deposits totaled \$787,447.96. The 10-year increase is \$2,203,975.07.

Loans and discounts in 1940 totaled \$375,008.69 as compared to \$42,590.98 today.

W. L. Foster, president, has retired and J. T. Davis has been president for two years. Other officers are J. S. Cole, executive president; H. M. Knight, cashier, and Sue Nelson, assistant cashier.

Multiple dam projects along lines somewhat similar to the Tennessee Valley Authority have been started or planned in Afghanistan, Australia, Brazil, Ceylon, India, Mexico, Norway, Portugal and Yugoslavia.

First Patient Due At VA Hospital July 17

Fully Equipped Structure Cost Over 6 Million

After two and a half years of actual construction and two more of talking and planning, the Veterans Administration hospital here will receive its first patient a week from Monday.

Who he or she will be no one knows, but Dr. L. B. Andrew, manager, is planning to have the hospital ready by that time.

The hospital was erected at a cost in excess of \$6 million, and has been equipped with the most modern of all facilities. It will be able to offer a service to veterans second to none in the Southwest.

The professional staff will number approximately 180 individuals, including doctors, nurses, dietitians, ward attendants, social service work, registrar, mess attendants, medical technicians and maintenance helpers.

The administrative staff will consist of an additional 125 people, including those in administration, supply and special services.

Fifteen doctors will head up the professional staff, and they will be aided by 57 nurses. In addition, a consultant and attending staff from the surrounding territory will be utilized when necessary.

In addition to medical service, the hospital will offer the facilities of a small community such as chapel, library, recreation hall, where pictures may be projected. Volunteer services will be utilized to create a home-like and congenial atmosphere for patients.

Persons who served in the active military or naval forces during a period of war and when discharged under other than dishonorable conditions are basically eligible for admission to the VA hospital.

This category includes those who had active duty as a member of Women's Army Corps, Women's Corps, and Coast Guard.

Persons having peacetime service and who were discharged or released under other than dishonorable conditions from active duty from active service for disability incurred or aggravated in the line of duty are basically eligible for admission. So are those who are in receipt of compensation for service-connected or service-aggravated disability.

Those who apply for admission should have in their possession their service discharge certificates, which, in most cases, are adequate hospitalization.

In the early stages of operation at the hospital here, admission will be limited, requiring emergency hospitalization or immediate need of treatment. This is because only 50 beds will be available for patients at the outset. As the medical staff is increased, the number of available beds will be increased accordingly.

YANK PLANES SWEET MUSIC

SOMEWHERE IN KOREA, July 8. (AP)—The steady drone of American warplanes brought smiles to the country folk of South Korea today.

One farmer looked up and said: "Myong kok, myong kok. That's Korea for 'sweet music.'"

Candidates Now Battling Over Pension Issue

BY DAVE CHEAVERS AP Staff

The old age pension issue created a mild stir in the governor's race last week in a polite exchange between Gov. Allan Shivers and Cato Marsh.

Shivers indirectly answered Marsh's frequent accusations that he has sought increased pensions, in a release to weekly newspapers saying flatly he favored removal of the welfare ceiling.

Marsh came right back saying he couldn't fine any old age pensioners who would say they will vote for Shivers. Marsh offered \$25 to any old age pensioner who would announce he would support the governor.

With the July 22 primary just two weeks off, most candidates planned to step up their campaigns.

Shivers dropped all activities, however, late in the week to go to Mission where two of his children were seriously ill.

Marsh announced at Marshall that he would campaign by airplane the last week of the race. In a ship furnished by labor organizations at Corpus Christi. That means he will abandon his campaign trailer cottage for a fast windup.

Many candidates for the Supreme Court, Court of Criminal Appeals and for lieutenant governor converged on San Antonio during the past week to make friends among lawyers at the state bar convention. In nearly all races, candidates were seeking to get their names before a maximum number of voters through their friends, by were backing lukewarm interest handshaking or by radios. They were backing lukewarm interest evidenced by slow absentee voting, in many areas.

Leading Bullfighter Seriously Gored, Not Expected To Live

PAMPLONA, Spain, July 8. (AP)—The well-known Spanish bullfighter Rafael Ortega was seriously gored in a bullfight Saturday. He was not expected to live.

A large, fierce bull—the last of six on the program—caught Ortega and threw him into the air. Then he gored the bullfighter again on the ground.

Ortega suffered a bladder injury.

Dozen Doctors Now On Hand Form Nucleus

Staff of the Veterans Administration hospital here is steadily taking shape under direction of Dr. L. B. Andrew, manager.

A dozen doctors, representing the major portion of required physicians, are on hand, or will arrive during the weekend.

Included are Dr. Evert Fausel, chief of surgical service, who came here from Iceland following service with the VA in Dayton and Chillicothe, Ohio; Dr. Houston Zinn, surgical service, formerly at the VA hospital in Wadsworth, Kan.; Dr. Warford B. Johnston, chief of medical service, formerly in private practice at Wichita, Kans.; Dr. Gilbert I. Anderson, orthopedic surgeon, formerly with the VA hospital in Cleveland, Ohio.

Dr. Merlin Jacobson, ologist, formerly in private practice at Amarillo and prior to that with the VA hospitals at Temple and Amarillo; Dr. William F. Blocker, ward physician, formerly in private practice at El Paso; Dr. Edwin Groner, ward physician, formerly with the VA hospital in Louisville, Ky.; Dr. Clifford W. Atherton, chief of pathological service, formerly with VA hospital in Jackson, Miss.; Dr. Chelmer Vinson, admission physician, formerly with St. Luke's in St. Louis; Dr. Calvin Guilliams, chief of dental service, formerly at VA regional office in Lubbock; and Dr. Saul S. Sappson, chief radiological service, formerly with VA hospital in New Orleans, La.

Dr. Andrew is assisted by Charles A. Tosch, Jr., formerly at VA hospital in Wood, Wis. Other key staffers are Gladstone McFriedes, registrar, formerly VA domiciliary home in Biloxi, Miss.; Joseph I. Erwin, assistant registrar, VA regional office, Lubbock; Paul C. Crall, chief engineering division, formerly VA hospital at Amarillo; Frank W. Melson, assistant chief engineer, formerly public health service Kirkwood, Mo.

Luther L. Bean, pharmacist, formerly private practice, San Angelo; Bessie L. Love, chief nurse, formerly VA hospital, Amarillo; Ada M. Lovett, chief dietitian, formerly VA hospital, Topeka, Kan.; Julie Woods, assistant VA hospital, Topeka, Kan.; W. W. Butler, supply officer, formerly VA district office, Richmond, Va.; Milton J. LaLonde, finance officer, formerly VA hospital, Salt Lake City, Utah; W. H. Bacus, personnel officer, formerly VA regional office in Lubbock; John N. Webb, assistant personnel officer, formerly VA hospital, Houston; Carlton L. Carr, chief special services, formerly VA hospital Alexandria, La.; Lola Milstead, chief recreation service, formerly VA hospital Kerrville; Wendell C. Allen, bacteriologist, formerly private practice at Abilene.

Gov. Long Vetoes Bill On Driver Responsibility

BATON ROUGE, La., July 8. (AP)—A bill to require motorists to show financial responsibility was vetoed "with regrets" Friday by Gov. Earl K. Long.

The measure, passed without dissent by both houses of the Legislature, would have given Louisiana a law similar to those of 44 other states. It would have required that motorists prove themselves financially able to meet damage claims resulting from any accident.

"I know and agree that something must be done," the governor said, "but I don't think this is the solution. Many poor farmers and members of the laboring class would have to give up their cars."

He added: "Financially, they would be better off in most cases. However, I don't have time to educate them. With regrets, I can't sign."

Lake City, Utah; W. H. Bacus, personnel officer, formerly VA regional office in Lubbock; John N. Webb, assistant personnel officer, formerly VA hospital, Houston; Carlton L. Carr, chief special services, formerly VA hospital Alexandria, La.; Lola Milstead, chief recreation service, formerly VA hospital Kerrville; Wendell C. Allen, bacteriologist, formerly private practice at Abilene.

Truman Accepts CAB Resignation Of J. J. O'Connell

WASHINGTON, July 8. (AP)—President Truman Saturday accepted the resignation of Joseph J. O'Connell, Jr., as a member and chairman of the Civil Aeronautics Board.

O'Connell's decision to quit the government came without advance public indications, though his letter "reluctantly" seeking resignation was dated June 13.

It said he wished to return to private life and as based on "personal considerations" with which Mr. Truman was familiar.

Cheyenne Rodeo Set For July 25

FORT WORTH, July 8. (AP)—The Cheyenne Frontier Days Rodeo will be held in Cheyenne, Wyo., July 25-29. Earl Lindsey, manager of the Rodeo Cowboys Association, has announced.

Differences between the Cheyenne rodeo and the RCA were settled in a meeting here Thursday, and all RCA members are now eligible to work the rodeo, Lindsey said.

About \$30,000 in prize money for top hands in seven major events is offered. The rodeo is putting up prize money of \$500 in each event for each performance, the highest daily money offered in any rodeo on the association circuit.

States Righter Seeks Post In Tuesday Primary

COLUMBIA, S. C., July 8. (AP)—A State's Rights champion openly snubbed by President Truman will try to unseat Sen. Olin D. Johnston in Tuesday's Democratic primary in South Carolina.

And James F. Byrnes seeks a political comeback in the governor's race. Gov. J. Strom Thurmond, the 1948 State's Rights presidential candidate, vigorously defended his record during the heated county-to-county campaign.

Both candidates spoke from the same platform and charges of "liar" were hurled. Fiats were shaken in each other's face.

Byrnes' three opponents heaped criticism upon the former secretary of state and supreme court justice. He ignored them and ran upon his record. The three are Thomas H. Pope of Newberry, speaker of state house of representatives; Lester L. Bates of Columbia, insurance executive; and Marcus A. Stone of Florence and Dillon, a lumberman.

Party voters in this overwhelmingly Democratic state also will nominate four U. S. Representatives, four state constitutional officers and scores of lesser office holders.

An estimated 500,000 voters are registered about 73,000 of them Negroes. State Democratic Chairman W. P. Baskin predicts 400,000 votes will be cast.

The Johnston-Thurmond scrap was centered by the issues of racial segregation, loyalty to the national Democratic Party, civil rights, federal aid to education and Marshall Plan aid to Europe.

Both shouted that they favor segregation and oppose the President's fair employment practices stand. Johnston claimed that issues should be settled within the party and that he always has been a loyal Democrat.

HOUSTON, PORT NECHES Rubber Plants To Offer 1,000 Jobs

(By The Associated Press) Reopened government-built synthetic rubber plants at Houston and Port Neches will need something like a thousand workers, local plant sources estimated Saturday.

The government, seeking to add 8,000 tons to the United States' synthetic rubber output of 487,000 tons a year, has reopened three plants to active service.

They are the butadiene plant at Houston; an idle unit at the Port Neches plant, and the butyl rubber plant at Baton Rouge, La.

There were estimates it would take 90 days to get the Houston plant in operation; "several weeks" for the Port Neches unit, and operations "by early August" for the Baton Rouge plant.

The Port Neches plant can add 75,000 tons annually to general purpose synthetic, used for tires. The Baton Rouge plant can add 13,000 tons a year to production of butyl special purpose rubber, used in inner tubes.

During the war Sinclair Rubber Co. operated the Houston plant. Firestone Rubber Co. the Port Neches unit which has been inactive, and Esso Standard Oil Co., the Baton Rouge plant.

J. O. Brown, general superintendent of the Houston ship channel plant, said Washington officials advised him early Saturday to reactivate the plant as fast as possible. About 120 stand-by employees work at the plant. Brown said another 400 would be hired. Butadiene is a major component for manufacture of synthetic rubber.

The Houston plant was constructed for a 50,000-ton a year capacity. Brown said its peak war-time production was 130 per cent of capacity. During the war it had 845 employees, but Brown said improvement of the plant.

Goodrich Chemical Co. has operated one twin unit of the big plant since early in the second war. The idle part formerly operated by Firestone—has been on standby basis since 1947, with Goodrich crews in charge of maintenance. The Port Arthur News said the unofficial understanding is that Goodrich will now operate the half which Firestone formerly operated.

The Baton Rouge plant and a Humble Oil Co. plant at Baytown, Tex., are the only ones in the country for butyl rubber.

Cecil Moran, vice president of Esso Standard, said at Baton Rouge negotiations to open the plant there had begun before the Korean crisis developed.

Murder Charge Filed

BONHAM, July 8. (AP)—A charge of murder has been filed against Johnny Rigby in the death of Roy Edge, 49. Edge died after he was injured in a fight at Randolph, Fannin County, Ga. Rigby is free on \$1,000 bond pending grand jury consideration of the charges.

Lawrence Robinson

Will appreciate sincerely your vote for

County Comm. Pct. No. 2

He has a long residence here, much experience in business. He will work hard at the job. (Pol. Adv.)

HOLDS ON TO BELIEFS "Evolution Trial" Figure Still Alive

DAYTON, Tenn., July 8. (AP)—The central figure in the famed "evolution" trial a quarter of a century ago now lives in Shreveport.

He is John Thomas Scopes, 34-year-old high school biology teacher when he decided to test a new Tennessee state law banning the teaching of evolution—that man descended from a lower order of animals.

The trial started 25 years ago on July 10, and this sleepy little town (pop. 5,318 by the 1950 census) never saw anything like it before or since.

There was William Jennings Bryan, silver-tongued defender of fundamentalism, ex-secretary of state and three times the Democratic nominee for president. There was Clarence Darrow, scowling, brilliant, agnostic attorney who lately had made headlines in the Loeb-Leopold trial.

Side issues and technicalities occupied the first 10 days of trial. Two high school students testified Scopes had taught evolution. On the eleventh day Circuit Judge John Raulston moved the trial out to the court house lawn so more people could watch.

A jury of 11 farmers and a clerk quickly convicted Scopes. The judge fined him \$100. Later the Tennessee Supreme Court upheld Raulston in ruling the law constitutional, but Scopes did not have to pay the \$100 fine. The court reversed the conviction on the grounds the trial judge could not assess a fine of more than \$50 in a misdemeanor case.

Bryan died five days after the trial. Darrow died 13 years later. Today John Thomas Scopes lives in Shreveport with his wife and two sons, aged 17 and 14, in a modest residential district. He is a geologist for a gas company. Scopes says he is "very seldom" reminded of the evolution trial.—"My friends who know about it never bring it up in my presence."

"The primary issue at stake," he reminisces, "was could legislation decide what was to be taught in the schools. But it turned out to be a clash of two different lines of thought." Then the geologist reaffirms his stand during those turbulent court days:

"The general public should have no more right to tell a teacher what to do in his line than to tell a priest or anyone trained in the religious field how he should lead his flock and teach the principles of Christ."

Scopes quit teaching after the trial and went to the University Chicago and studied for several years. Then he worked in South America for three years, returning to Chicago for more study.

In Dayton, the drug store table, where Scopes and his friends decided to test the anti-evolution law by having him arrested, is still there, with an inscription noting the event.

the schools. But it turned out to be a clash of two different lines of thought." Then the geologist reaffirms his stand during those turbulent court days:

"The general public should have no more right to tell a teacher what to do in his line than to tell a priest or anyone trained in the religious field how he should lead his flock and teach the principles of Christ."

Scopes quit teaching after the trial and went to the University Chicago and studied for several years. Then he worked in South America for three years, returning to Chicago for more study.

In Dayton, the drug store table, where Scopes and his friends decided to test the anti-evolution law by having him arrested, is still there, with an inscription noting the event.

Armed Services Up Civilian Payrolls 9,357 During May

WASHINGTON, July 8. (AP)—An increase of 9,357 in civilian payrolls of armed services during May was reported today, along with a net decrease of 8,596 for all government agencies.

The Senate-House Committee on Reduction of Nonessential Federal Expenditures reported that regular civilian government workers numbered 2,037,700 at the end of May. Most of the decrease resulted from dropping of 98,722 temporary census takers and workers by the Commerce Department.

Texans Behind In Savings Bond Quota

DALLAS, July 8. (AP)—The Treasury Department said Saturday Texans had bought \$14,545,307.25 in Independence Drive Series E savings bonds through June 30.

The state's quota for the drive is \$24,08,000.

OLDSMOBILE ROCKETS TO VICTORY IN GRUELING MEXICAN ENDURANCE RUN!

The "Rocket 88" proves it's really great! Oldsmobile's spectacular action star sweeps first place honors in one of the longest, most hazardous durability tests on record—2,178 miles over the new Pan-American Highway! Here's undisputed evidence—unmistakable proof—of the peak performance and remarkable endurance built into the "Rocket" Oldsmobile. Try the thrilling "Rocket" ride yourself—make your date with a "Rocket 88" today!

"88" STOCK CAR OUTPERFORMS 131 OTHER CARS IN 2178-MILE PAN-AMERICAN ROAD TEST!

Piloted by Hershel McGriff of Portland, Oregon, the winning Oldsmobile "88" rocketed to victory in one of the most difficult road tests in automotive history. Only 53 of the 132 entrants were able to complete the grueling grind from Texas to Guatemala! But rough terrain couldn't stop this action-packed Oldsmobile "88" as it flashed to first place. In fact, three of the first ten and six of the first twenty were Oldsmobiles—proving again the outstanding dependability of Oldsmobile and the "Rocket" Engine!

TO GET RID OF "BUGS"

Korean War Front May Be Weapons Proving Ground

WASHINGTON, July 8. (AP)—The Korean war front may become a testing ground for new and improved American weapons.

Right now United States forces, locked in a bitter land battle with a surprisingly powerful enemy, are using whatever they had handy when they were rushed into what started as a mere "police action."

As the fighting goes on, additional weapons will be brought in—possibly including many new ones.

On the basis of the type of warfare currently predominating in Korea, speculation at the Pentagon is that ground force weapons likely will be the first to undergo any battle-testing. Such trials under the hard, punishing conditions of actual combat are considered essential to get the "bugs" out of new designs.

However, the possibility was discounted that radically new weapons of mass destruction, like atomic bombs, might be given field trials. For one thing, there are no logical Korean targets for A-bombs, which

of industrial points and cities. But such arms as the new "super bazooka" and the light, accurate are designed for strategic destruction. The light, accurate bazooka might eventually be tried out against the North Koreans' definitely good tanks and artillery positions.

Up to the present, there have been no reports from Korea indicating that United States tanks have entered the field to contest enemy armored columns. Presumably, this is because there hasn't yet been time to ship tanks to the front from Japanese areas.

As for the situation in the air, officials here incline to the view that if the war continues with only North Korean planes and pilots, any testing of new American aviation equipment probably will be limited.

So far as is known, the North Korean air force consists of definitely second-line aircraft—Russian Yak fighters with propeller power, but no jets. However, if new Russian jet designs should appear, the United States might be compelled to meet the challenge with its latest model jet craft.

In addition, at least two new U. S. anti-aircraft designs have gone into production. Delivery to the army of one of these—the "sky-sweeper"—started several months ago. There also have been improved radar gun sights and aircraft detection equipment.

At sea, the Navy may be presumed to be using new and improved models of submarine and aircraft detection devices, in addition to recently improved designs of rockets and bombs launched from carrier-based aircraft.

If Russia openly takes a part in the Korean fight, the whole complexion of the "testing ground" atmosphere can change. Then the situation could become, in miniature, a preview of what might be expected on vast scale should the great powers fall into major war in Europe.

There the need for superiority in weapons would be great. Only by better firepower on the ground and in the air could the western allies hope to contest the might of two or three hundred Russian divisions, supported by hordes of high-quality tanks and artillery.

Western European defense plans contemplate first an effort to hold the western occupation zone of Germany, if possible—and if not, to hold at the Rhine.

But in some quarters there is grave concern whether badly outnumbered western forces could do even this in the opening rush of invasion. Some more gloomy prophets think the area east of the Rhine might be overrun in a matter of days or a few weeks, followed by swift Russian push to the Atlantic Coast.

This puts a high value on the result of showings by American defensive weapons in preliminary battles in Korea. If superior fire-power is to be counted upon to nullify Russia's advantage in manpower, the military may get guidance from lessons learned in the current fighting.

It is estimated that about six tons of coal are used directly or indirectly to manufacture an average motor car.

TO FIGHT TO END

Draft Order Shows U.S. Determination

WASHINGTON, July 8. (AP)—President Truman's decision to enlarge American armed forces furnishes the world new proof that the United States intends to see the Korean fight through to a finish.

While Russia is expected to assail the action as further evidence of American "aggression," there is growing confidence here that the Soviets do not plan to precipitate a world war.

Responsible authorities believe therefore that the draft announcement will not be seized upon by the Kremlin as a "provocative" act by the United States, regardless of what propaganda the Russians make of it.

On the other hand, countries supporting the United Nations stand on Korea are expected to hail the draft move as proof of American determination to make a successful fight for South Korean independence, even at the cost of placing hundreds of thousands more men under arms.

The official announcement yesterday stressed that the decision to use the draft, if necessary, was made as a result of the Korean situation.

In this respect, it was understood that two specific problems of related grand strategy were of primary concern:

1. The course of the fighting in Korea has indicated a need for greater troop strength in actual combat than was originally thought necessary. This strength has to be furnished without stripping American defenses or those of other non-Communist areas outside Korea.

2. From the start of the Korean incident two weeks ago the possibility has existed that it was a diversionary move by the Soviet-Communist bloc, to be followed up by an attack in some other sector

of the East-West conflict. Such a development could require an additional commitment of American Forces.

Having these problems in mind, political and military strategists were reported to feel that the United States could not permit its armed strength to become unbalanced.

The State Department is understood to have recommended in recent days the immediate replacement in this country of any divisions deployed for action on the Korean front, so that total American readiness for action would be maintained.

This recommendation, coinciding with the advice of military leaders, fits into the basic policy that the best way to prevent more serious trouble with Russia is to maintain the strength to deal with any Communist challenge which may arise.

At the same time, Mr. Truman and his advisers are reported anxious to take only those steps considered essential for the job at hand. The President has stated emphatically that he does not consider the United States at war, but rather engaged in a United Nations police action.

His order yesterday, calling for a limited increase in the armed forces rather than a general mobilization, fell short of the order he might have issued to deal with a more widespread crisis.

Another factor in top level government calculations is that the conflict between the Communist and non-Communist nations is expected to continue for many years, barring unforeseen developments.

Leaders are convinced that the United States must therefore conserve its total strength, economic as well as military, for the long pull.

Officials Ask Extension Of Agricultural Program

WASHINGTON, July 8. (AP)—Agriculture Department officials urged today indefinite extension of a National Agriculture Conservation program scheduled to expire next December 31.

The present law calls for replacement of the present program by a system of grants-in-aid to states, which then would carry on their own conservation programs.

H. Laurence Manwaring, deputy assistant administrator for production branch of the Production and Marketing Administration, told a Senate agriculture subcommittee that only 23 states have enacted legislation which would enable

them to participate in the grants-in-aid program.

He said none had submitted a program for the approval of the secretary.

He said the national program has been continued under three extensions and asked that the committee approve the legislation to permit the department to formulate a definite national conservation program.

Senator Gillette (D-Iowa) suggested that the national conservation program be extended for a fixed period to give Congress time to restudy the grants-in-aid program.

Reds Barred By Education Group

ST. LOUIS, July 8. (AP)—The National Education Association, the nation's largest professional organization with some 450,000 members, has decided to bar Communists from membership.

The action was taken at the concluding session of a five-day convention yesterday by "an almost unanimous vote." Officers of the association refused to disclose exact figures on the secret ballot.

In an amendment to its by-laws, the teachers' organization banned Communists or members of "any organization that advocates changing the form of government of the United States by any means not provided in the Constitution of the United States."

The New York Teachers Union, Local 555, earlier withdrew from NEA, protesting the proposed change in by-laws as an attack on academic freedom.

The association also opposed federal aid to parochial schools, adopting a resolution on a voice vote after a minority warned action might endanger legislation for federal aid to education at this session of Congress.

The teachers urged states to adopt uniform school attendance laws requiring children to attend school until they are 18 or until they graduate from high school.

The decision of the United States and the United Nations Security Council to fight aggression in Korea, and in an amendment of by-laws, voted to meet hereafter only in cities which offer a "maximum degree of equality" in housing and feeding its members.

During the convention here, Negro delegates were housed in private homes or Negro hotels. Most St. Louis restaurants do not serve Negroes.

Reservists To N. C.

DALLAS, July 8. (AP)—About 200 U. S. Marine Corps air reservists left Dallas at dawn today for Cherry Point, N. C., and two weeks of intensive training.

NOW SHE RIDES—Smiling winner of a spanking new bicycle is Peggy Crews, 13, of 1811 State street. Peggy was awarded her bike in the Borden products-top contest, as victor in the last week's competition in a six week series. Now she joins five other Big Spring owners as rider of a new bike.

PUBLIC INVITED TODAY

Midland To Hold Open House At New \$1,300,000 Hospital

MIDLAND, July 8. (Sp)—Midland opens its new \$1,300,000 memorial hospital Sunday with an open house offering the general public its first look at the gleaming medical mansion that is the pride and joy of this section of West Texas.

And the people of Midland, and their surrounding trade area, have a right to be proud of their hospital. It's already paid for.

Built under the federal hospital program which pays one third of the costs, the larger portion of the Midland Memorial Hospital was financed by contributions, large

and small, from Midland citizens.

John P. Butler, Midland banker and one of the drive-wheels of the fund collection campaign, said the money came in contributions ranging from \$5 to \$100,000. Small donations predominated.

The hospital they're getting should be well worth the cost and effort. Capable of housing 100 patients at capacity, it is excellently equipped for its size.

There is an X-ray therapy room for the treatment of cancer and other malignant growths, a trained pathologist heads the pathology department for a specialized study of the causes and fundamental nature of diseases. There is a premature and suspect nursery, a rare service for a hospital of Midland's size, and a morgue and autopsy room.

The Midland Memorial even has its own complete laundry service, another luxury that only "big" hospitals are supposedly able to afford.

All these are in addition to the customary hospital services. And the Midland Memorial is not only mechanically well equipped, but excellently staffed as well.

Dr. Charles S. Britt is chief of staff. Dr. Leonard J. Dixon is chief of surgery, and Dr. E. W. McCullough is chief of medicine. Dr. J. S. Roden is chief of obstetrics, Dr. Dorothy Wyvell is chief of pediatrics, and Dr. Tom C. Bobo is chief of general practitioners.

Chief of Pathology is Dr. Donald McGrew, Chief of Radiology is Dr. F. E. Murphy, and Dr. K. F. Campbell is chief of dentistry.

Administrator of the hospital Mr. Eugene Andres, who, with his wife, has worked closely with the hospital project since April of 1948.

Eighteen months have been spent in the actual construction of the building, but that does not include the time spent on the piece-by-piece raising of the necessary capital to start the ground-breaking.

Prior to the new hospital's opening, Midland has been served by the Western Clinic, which was described by Butler as "an excellent hospital, but badly overtaxed."

Andres expressed the belief the new hospital will give Midland medical service of a degree comparable with that in Abilene and San Angelo.

Sterling Gets Wildcat Pair

Two wildcat locations have been staked in Sterling county.

Carter Cragg Oil Company of Palestine staked its No. 1 Rufus Foster as a 3 1/2-mile outpost to the Marvin pool.

Projected depth is 5,500 feet to seek the Wolfcamp in the lower Permian. Location will be 660 from the north and 1,980 from the east lines of section 10-13, SP&R. It is adjacent to two wildcats which failed but had promising shows. Operations will start by Aug. 1. Vickers Petroleum is supporting.

Republic Natural staked No. 1 E. F. McEntire, 330 from the north and west lines of the southwest quarter of section 3-T, T&P, as a 2,200-foot cable tool wildcat. It will be four miles southwest of Sterling City.

Berlin Schools Down

BERLIN, July 8. (AP)—West Berlin authorities closed 32 schools in the American sector borough of Neukoeln today because of a water shortage. East Berlin Communists shut off the mains at the sector borders this week.

CUT YOUR KITCHEN WORK UP TO 1/2

... For Less than \$400 a Week!

MY AMERICAN KITCHEN SAVES ME 2 HOURS WORK EVERY DAY... AND YOU CAN HAVE ONE JUST LIKE IT FOR PENNIES YOU WON'T EVEN MISS!

NO MONEY DOWN - 3 YEARS TO PAY!

- 8 GREAT SINK VALUES FROM ONLY \$62.95
- 12 BIG WALL CABINET BUYS FROM ONLY \$20.95
- 7 MATCHING BASE CABINETS FROM ONLY \$53.90

Free Yourself Forever from Back-Breaking Drudgery with a Great All - New **American KITCHEN**

Believe it or not, but actual studies show that if yours is an average kitchen, you take up to nearly **TWICE AS MUCH TIME**—and **SIX TIMES AS MANY STEPS**—preparing an average meal as you would take if you had a modern **AMERICAN KITCHEN!**

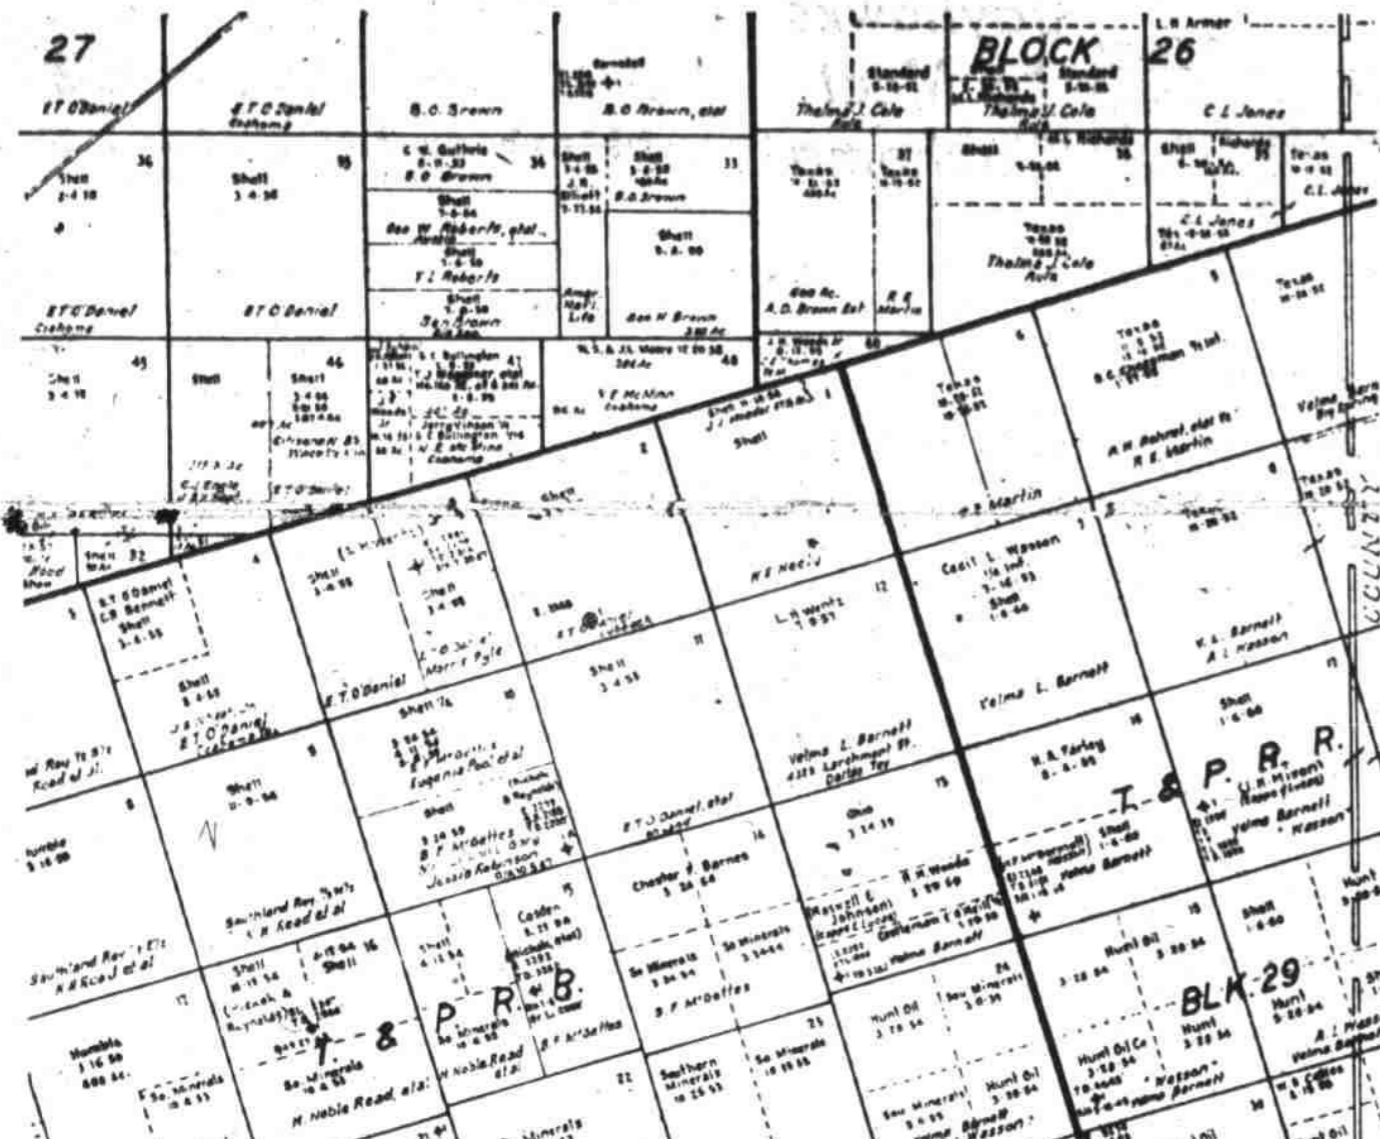

Imagine!—that means a streamlined **AMERICAN KITCHEN** can **CUT YOUR KITCHEN WORK AS MUCH AS HALF**

—and **SAVE YOU UP TO 2 HOURS EVERY DAY!**

So why keep on slaving your youth away when you can have a complete American Kitchen—including all of the big, handsome units shown above—for **NO MONEY DOWN**, and **LESS THAN \$4.00 A WEEK!**

Come and see—and order—YOUR new American Kitchen, and pay for it while you enjoy it—on low, money-saving FHA terms!

BIG SPRING HARDWARE CO.
117 19 MAIN STREET BIG SPRING, TEXAS

DISCOVERY AREA—Shell No. 1 E. T. O'Daniel tapped the prolific Pennsylvanian reef last week, opening a new area in northeast Howard. Location is southeast corner of the southwest quarter of section 2-30-1n, T&P, approximately at center of the map above. Top of the reef was picked at 7,980. On the first test it yielded better than a barrel per hour. The second brought water, but

operators calculated a 35-foot thickness had been established above the water table. Almost at the upper right hand corner of the map is location for L. H. Armer No. 1 C. L. Jones, another important wildcat now drilling below 5,574. (Map courtesy Southwest Mapping Co., Fort Worth 3, Texas).

Moss Completes Vealmoor East Edge Venture

H. S. Moss No. 2 McAdams has completed for an east edge in the Vealmoor pool.

The venture flowed for 12 hours through quarter-inch choke, naturally with no water. It made a calculated 363 barrels of oil. Casing pressure was 1,100 pounds, tubing pressure 500, and gas-oil ratio was 1.140-1. Gravity was 42.6. Top of pay was 7,825 slightly below the No. 1 McAdams immediately to the west. Top of pay is 7,850 and oil string was set at 7,825.

During the week L. H. Armer and Sparian Drilling had staked location for their No. 4 McAdams which will be 870 from the north and 1,800 from the west lines of section 27-32-3n, T&P.

Seaboard No. 13 Zant, 660 from the south and west lines of section 28-32-3n, T&P, drilled to 6,681 on an inside location.

On the southeast edge of the pool, Seaboard No. 1 Ed Love, 560 from the north and west lines of the southwest quarter of section 34-32-3n, T&P, passed 3,240 feet. A mile to the south, Golston No. 1 Simpson, a quarter mile east offset to the Seaboard No. 1 Simpson which jumped the Vealmoor pool a mile south, progressed to 5,734 where cement was run to restore circulation.

EXPLORATION AT FAST TEXAS PACE

AUSTIN, July 8. (AP) — The fast pace of oil exploration is holding up in Texas. Drilling applications to date total 8,571 compared with 6,608 in the same period of 1949. Oil well completions so far in 1950 totalled 5,434 compared with 4,551 last year, the Railroad Commission announced.

Week's Review

Runnels and Howard Play In Spotlight

SAN ANGELO, Tex., July 8.—Prospects of another oil pool for fast-moving Runnels county, oil flow from the Pennsylvanian in a Howard county wildcat and distillate recovery from a Fusselman top honors in the July 4, shortened oil week just passed.

About 7 1/4 miles southwest of Winters in Runnels county, O. W. Killam No. 1 W. W. Early flowed oil at an estimated rate of 10-15 barrels hourly for 22 minutes on a test from 3,978-85 feet in the Gray Sand, topped at 3,977 feet.

In northeastern Howard county Shell No. 1 M. H. O'Daniel, wildcat five miles northeast of the late-Howard Howard (Permian) field topped the reef at 7,990 feet. And flowed 27 barrels of 47.6 gravity oil in 40 minutes on a test from 7,985-810 feet, flowing an additional 5.9 barrels of oil to the separator after tool was closed.

S'west Terry Test Has Strong Shows

Anderson-Prichard No. 1 Bevers, has shown for an important Pennsylvanian discovery in the southwest corner of Terry county.

Previously it has shown for production in the Pennsylvanian. Its latest response has shown interesting possibilities. During the week it tested from 9,697-9,761 feet, flowing 100.8 barrels at 40.8 gravity oil in four hours. Gas was measured at 35,000 cubic feet per day.

Operators drilled to 9,811 feet. Bottom formation was so soft that a drillstem test could not be taken, so 5/4-inch casing was run to that depth. The section from 9,795-9,805, not previously tested, was put on a drillstem test for three hours and 10 minutes.

Gas was to surface in 10 minutes, oil in one hour. After flowing to pits for 10 minutes, oil was cut to tanks. In the first hour, it made 20 barrels of oil with a five per cent shakeout of drilling mud. In the second hour it made 23.24 barrels of oil with a shakeout of four per cent mud. There was no water.

The flow was killed preparatory to perforating the entire section from 9,697-9,795.

Top of the reef was picked at 9,705 (minus 6,428) and the pay started at 9,697. Location is three miles southeast of the Wellman community and 10 miles south.

Drilling, Trouble Spark Good Area

Trouble plus routine drilling marked Good pool operations in southwestern Borden county Saturday.

Seaboard No. 17 Good, & Pan American the high well on the south side but which has failed to develop production, plugged back to 8,249, shot, and then cleaned out to 8,041. It was fishing for tubing at last report. Location is 660 from the north and 1,994 from the west lines of section 48-33-4n, T&P, drilled to 3,135 feet, preparatory to running intermediate 9 5/8-inch string.

Seaboard & Pan-American No. 21 Good in the northeast quarter of section 38-33-4n, T&P, progressed to 7,987 and was nearing the pay horizon.

Seven miles to the north and slightly east, Ameche No. 1 Johnson, 668 from the south and 676 from the west lines of the northwest quarter of section 45-32-5n, T&P, moved in a swabbing unit. Last week it averaged about six barrels of fluid per hour, 52 per cent oil and the balance water, from the Pennsylvanian at 8,250-70.

Shell No. 1 O'Daniel Establishes Water Table, To Deepen

Shell No. 1 E. T. O'Daniel, northeast Howard county Pennsylvanian discovery, encountered salt water in a second drillstem test. Operators ran the test from 8,910-90 feet with the tool open for two hours and 20 minutes. A five-eighths choke was used at bottom of hole and a one-inch opening at top. Gas showed to surface in five minutes.

After flowing to pits for 20 minutes to clean, it was cut to tanks and flowed for one hour and 30 minutes. Recovery for the period was 71.5 barrels of fluid, consisting of oil and salt water. The latter, which predominated, had a chloride content of 140,000 parts per million. Gas volume was gauged at 87,000 cubic feet per day.

Shell geologists calculated they had at least 35 feet of pay above the water table. Earlier in the week a drillstem test had been run from 7,985-8,010 feet with a total recovery of 42.9 barrels in 36 minutes. Oil was 47 gravity.

Location of the Shell No. 1 O'Daniel, which is now deepening, is 660 from the south and 1,980 from the west lines of section 2-30-1n, T&P.

To the northeast, another wildcat, L. H. Armer No. 1 C. L. Jones, 2,014 from the north and 1,968 from the west lines of section 64-26, H&TC, took a two-hour drillstem test from 5,470-5,644. There was a fair blow throughout but no gas. Recovery was 273 feet of salt water with no shows. Operators progressed to 5,674 in an unidentified lime.

Cosden Finals High Well In Reinecke Area

Cosden Petroleum Corp. has completed its No. 1 J. L. McNeill, high well of the Reinecke area, on a calculated potential of 1,920 barrels per day.

The test, run on a six-hour basis Friday when 480 barrels flowed for the period, was not considered to reflect the full potential, but the figure, probably will be let stand. Flow was through half-inch choke, smaller than has been used in previous testing in the area.

Location of the well is 330 from the south and west lines of the northeast quarter of section 52-25, H&TC, two locations east of the pool discovery. Top of pay was 6,888 a datum minus of 4,346 which is highest for the pool. Bottom of hole was 6,835 and the 5 1/2-inch string was set at 6,790 so that only the bottom 45 feet of pay produced.

Cosden was preparing to drill plugs today on its No. 2-A Holly, 660 from the north and west lines of the southeast quarter of section 52-25, H&TC. Reef had been topped at 6,883 in this test, a datum minus of 4,531. Potential is due to be taken Monday.

Magnolia No. 2 Holly 660 feet from the south and east lines of the northwest quarter of section 52-25, H&TC, hit air at 900 feet and the well blew out at 1,030 feet, damaging sprocket and guard. The rig was being repaired to drill ahead. One location west, Magnolia No. 1 Holly drilled at 6,793 in lime. The reef was topped at 6,788 feet, which left it an estimated 224 feet above the water table.

Summer Motorists Wipe Out U. S. Gasoline Reserves

By Max B. SKELTON
HOUSTON, July 8. (AP) — Summer motorists have wiped out a record gasoline stocks peak that caused worry three months ago. Gasoline storage last week totaled 114,139,000 barrels, only 139,000 above the same period last year. This means consumer demand, since April 1, has reduced stocks by 21,447,000 barrels while also burning the approximately 18 million barrels refineries have turned out each week since then.

On April 1 storage reached 135,586,000 barrels, an all-time record high. The old peak record first was broken in mid-February. New records then were recorded on five consecutive weeks. There was fear the market would be flooded. Price wars were predicted.

There also were charges the oil industry was meeting a demand for crude storage cutbacks by refining crude and transferring it into gasoline storage. About all that happened before the heavy summer demand really got under way was a flurry of price adjustments.

By the time the 135 million barrel peak rolled around, oilmen were saying 1950 gasoline demand already was 5 per cent above 1949. That the trend would continue. Demand now is estimated 10 per cent greater than last summer. There is no worry now about the possibility of a surplus being on hand two months from now when the vacation season ends.

The crude oil situation is just as bright. Production last week averaged 5,435,359 barrels daily. Another hike was expected for the week ending today in that new allowable increases became effective July 1 in Texas, Kansas and Louisiana. July increases in these states approximate 80,000 barrels and should push domestic production past the 5,500,000 daily mark.

FAITH PAYS Original Geology Worked By Barnes In Four Nearby Pools

Confidence in this area is paying off in satisfaction and otherwise today for Chester F. Barnes. A decade ago when geologists in general shunned this area as a sort of graveyard, Barnes stuck it out.

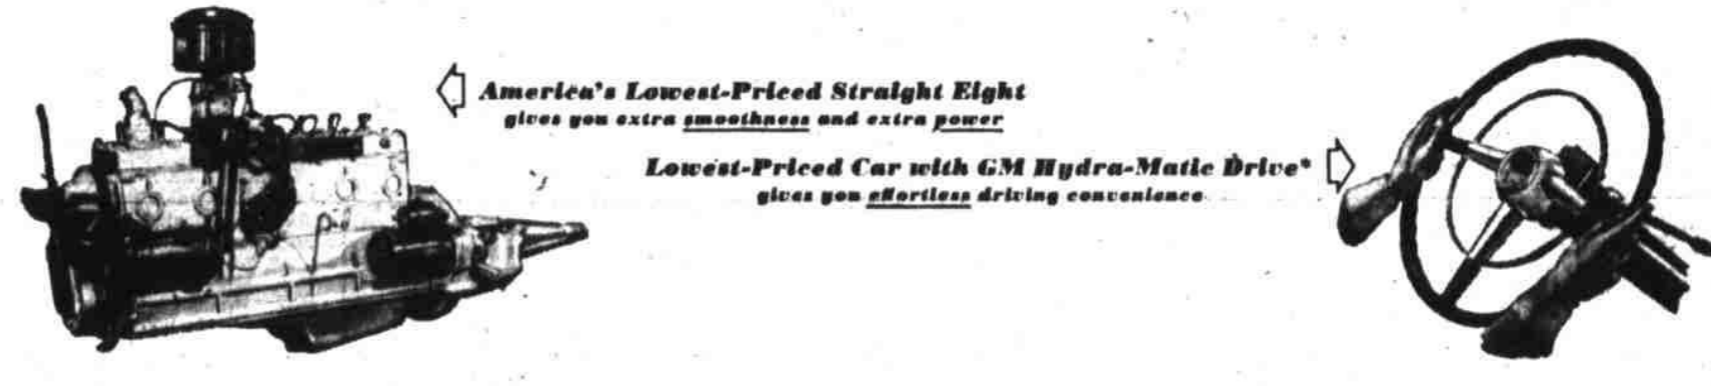

Right in the shadow of the places where the Permian Basin discovery was spawned in 1920, he saw possibilities of still greater production. Today, he can look to four pools that have been established in areas where he worked up the original geology and geophysical datum. One of those, the most recent, he does not claim. It is the sector where last week Shell No. 1 E. T. O'Daniel experienced a good flow in the Pennsylvanian.

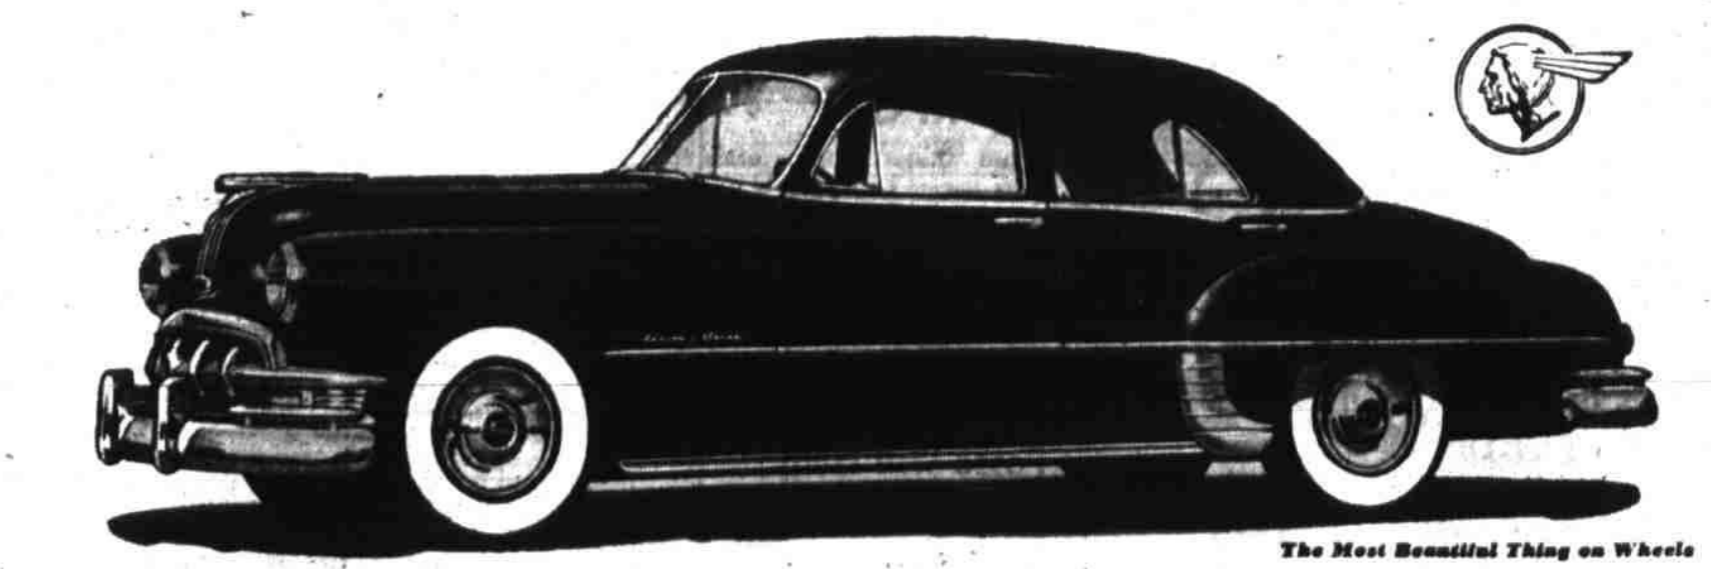

CHESTER F. BARNES (Culver Photo)

This well, located in northwest corner of the southwest quarter of section 64-20, LaVaca, was completed in October of 1949 for a 400 barrel discovery in lower Canyon. Interest in the area flared, then waned. Cosden placed more than 1,000 acres out of its leases in southeastern Borden and succeeded in getting three tests going. Failures had dimmed hopes when, on Feb. 11 of this year, George P. Livermore topped the Canyon reef at 8,754 feet in his No. 1 Reinecke. Eventually, this well, located in the center of the southwest quarter of section 52-25, H&TC, became the largest Canyon producer in the Permian Basin with a rated potential of 5,462 barrels per day.

Thirty-two wells have either been staked, started or completed since then with only one failure in the immediate confines, and two outposts. Barnes went to work for Humble Oil & Refining company when he completed his work at the University of Texas in 1930. After seven years, he returned to this area. In 1942 he became associated with Cosden, resigning to enter private independent practice in 1946. Barnes holds membership in nearly a dozen professional organizations for geologists, geophysicists and petroleum engineers. He is married and he and Mrs. Barnes have two children, Sue and Bobby. They reside at 206 Dixie and he maintains offices in the Petroleum Building.

America's Lowest-Priced Straight Eight gives you extra smoothness and extra power. Lowest-Priced Car with GM Hydra-Matic Drive gives you effortless driving convenience.

There's nothing mysterious about automotive power. When all the conversation is over and done, what you want to know is how your car will perform, with your own foot on the accelerator—in traffic or on the highway, today, tomorrow and next year. Pontiac power plants are deliberately designed and built to give you exactly the kind of power you want, where you want it—power for flashing pick-up, for eager responsiveness in traffic, for effortless ease on the open road. Put these renowned Pontiac Silver Streak engines to work with Hydra-Matic Drive and you have the perfect performance combination. Nothing could be easier to drive, nothing could be more fun! You really ought to drive a new Pontiac yourself—its performance is a very eloquent way of saying, dollar for dollar you can't beat a Pontiac. *Optional on all models at extra cost.

Dollar for Dollar you can't beat a PONTIAC

MARVIN WOOD PONTIAC

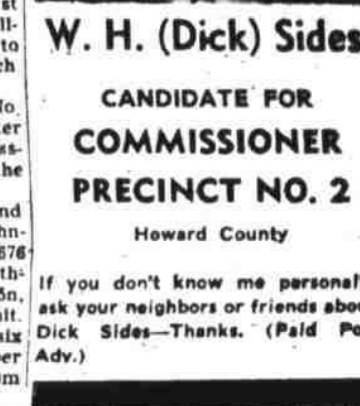

504 E. Third Big Spring, Texas

Martin Wildcats Continue Drilling

Two Martin county wildcats were drilled and a third rigged pump at the end of the week. Guff No. 1 Glass, 1,980 from the north and east lines of section 13-29-1n, T&P, in the southwest part of the county, drilled at 11,170 in further shows since it had gas cut mud in the Pennsylvanian from 10,629-767.

Spartan-Lohman No. 1 Wolcott, 5,864 from the west and 1,471 from the north lines of league 251 Ward CSL, progressed to 12,400 feet in dry Devonian dolomite. Top of the Devonian at 11,940 (minus 9,047) was 150 high to a nearby abandoned wildcat.

Texas No. 1-X State, small Ellinger discovery in northwest Martin and in section 17-7, University, was still rigging unit.

W. H. (Dick) Sides CANDIDATE FOR COMMISSIONER PRECINCT NO. 2 Howard County

If you don't know me personally ask your neighbors or friends about Dick Sides—Thanks. (Paid Pol. Adv.)

VOTE FOR

45 DAYS All Of State Will Respect 1 Duck Season

AUSTIN, July 8.—Migratory bird hunting seasons have been recommended by the Game, Fish and Oyster Commission. Open season on ducks will probably run for 45 days beginning Nov. 10. Dove season in the north zone the southern zone is from Oct. 20 to Dec. 3. The one duck season for the entire state was recommended after Texas game officials made an effort to persuade the federal Fish and Wildlife Service to permit zoning to benefit the bird counties. The commission's action was an attempt to coordinate the state regulation on duck season with the federal regulation to avoid confusion. Final action was withheld pending agreement of the two agencies. Other action included the setting of seasons and bag limits as follows: A nine-day antelope season west of the Pecos Oct. 2-10, on permit only. Number of permits to be issued was not decided. A statewide dove season of 45 days, Oct. 20 to Dec. 3 in the south zone and Sept. 1 to Oct. 15 in the north zone, with daily bag limit of 10 and possession limit of 10. A whitewing dove season Sept. 15, 17 and 19 from 4 p.m. until sunset, bag limit and possession limit of 10 each. No commission action was necessary for statewide deer, turkey and quail seasons set by state law. Deer and turkey may be taken from Nov. 18 through Dec. 31, limit two buck deer and three gobblers. Quail season is from Dec. 1 through Jan. 18, limit of 12 per day and possession limit of 36 per week. Game and fish seasons under the new regulator law for the 28-county Panhandle area also were approved. They call for a deer and turkey season from Nov. 17 to Nov. 26 for all Panhandle counties excepting Armstrong, Randall and Briscoe. Limit will be one buck deer and two gobblers. The three counties were exempted because of recent reforestation activities there. A quail season was set for the area from Dec. 1 to Jan. 16, limit of 10 per day with possession limit of 20. Plans were abandoned for open season in the area on antelope, prairie chicken and pheasants because of insufficient data.

LITTLE SPORT

JAKE MCCLAIN

McClain Tied For Bat Lead

By The Associated Press
The Rio Grande Valley League has the unusual situation of two players tying for the batting lead. Jake McClain, the Harlingen second baseman who leads in almost everything, battled his way back to a tie for the top in hitting with his 385 on 124 hits in 322 times at bat. Lloyd Pearson of Corpus Christi has the same average compiled on 107 hits in 278 trips to the plate. McClain lost his lead in runs scored, this being taken over by Joe Koppe of Corpus Christi with 107, but Jake still tops in hits, home runs with 33, runs batted in with 106 and total bases with 245. Jim Hansen of Corpus Christi leads in triples with nine and Don Petchow of Harlingen paces the league in doubles with 28. In stolen bases, Koppe is tops with 28. Bob Covington of Corpus Christi leads the pitchers with a 12-3 record while Bill Guthrie of Harlingen and Valdez of Laredo are tied for the lead in strike-outs with 91 apiece. Corpus Christi leads in club batting with 310 with Harlingen second at 306. Brownsville has the best fielding average—.948. This is one point better than Corpus Christi.

LOOKING 'EM OVER

With Tommy Hart

Local fans, at least the majority of them, do not realize how fortunate the city is in having operators like Al Aton and Pat Stacey run the local baseball setup. Earlier this year, Sweetwater merchants had to agree to sell around \$4,000 worth of tickets in order that the national pastime be assured there for the remainder of the season. Balling merchants have had to rally behind that club in order to keep it from folding. Over at Paris in East Texas, the business men were informed recently that \$20,000 would have to be raised immediately or that franchise would have to be returned to the league. The people perhaps do not rally behind the local club as they should. There should be an organized ticket drive every spring, guaranteeing a big opening house. The management got off to a poor financial start here this year because bad weather held the turnout to less than 500. The service clubs, perhaps, could boost the team more than they do, for the Broncs are a credit to the town. There have been times in recent months when the team has faced a dark financial future but the combination of Aton and Stacey stuck it out and hoped for better days. Didn't Potato Pascual's feat of pitching 10-2-3 innings of hitless ball against Odessa the other evening set some sort of league record? When Leo Eastham finally did break his spell with that sixth inning, second game hit, the stands broke loose with a mighty roar, which might have caused passersby to think the Ollers had won the ball game. After Felix Gomez made the sensational catch on Bill Carley's long fly in that dramatic sixth frame, team mates ran to greet him and kissed him on the cheek.

Cubans Balk At Big League Chances

The Broncs, by the way, seem to perform much better in a roomy park, like the one at Odessa, than in the band box here. The hurlers appear to toil with vastly more confidence. Stacey deserves his share of credit for keeping Bert Garcia warmed up in the bull pen when Pascual appeared to be tiring in the late stages of that independence Night double bill at Odessa. Sam Harshaney, the ex-San Angelo skipper, is sitting out a 15-day suspension at Harlingen in the Valley league for a rhabdomyolysis with the umpires. The league president also took a \$50 bite out of his paycheck. Monty Stratton, the ex-big leaguer who hurled a game for Greenville a while back, will pitch for the Corpus Christi Aces against Brownsville July 19. Stratton, who signs on "five-day looks" wherever he goes, works for a percentage of the gate. The Valley league recently upped its veteran limit from six to seven and its player limit from 16 to 17, in efforts to improve its caliber of baseball. Gabbe Castenada, the Broncs' rookie short stop, has his worries. Most of his family back in Cuba has yellow fever, according to reports. Conrad Marrero, the Washington Senators' 26-year-old "rookie" pitcher, was never interested in major league offers before this season because he could make more money in Cuba, or rather keep more of what he made. He didn't like the tax taken out of his check by Internal Revenue in this country. Julio Ramos, the ex-Bronc, pulled a Potato Pascual in winning both ends of a double header for Sherman-Denison Independence Day against Waco. Ramos started the first game and appeared in relief in the second.

HSU Cowboys Have Good Home Card

The Ackerly A's of the Tri-County baseball league, who won the district semi-pro tournament at Midland by defeating the Midland Glaziers, 11-9, may recruit some players from other T-C outfits, if they play in the state meet. Bobby Beall, the Knott hurler, was a big factor in the win at Midland. Sweetwater's Swatters now have Bob Rose, the little fellow who played second base for Midland in 1949. Don Zahner, the huge Swatter outfielder, is to be fitted for contact lenses in efforts to improve his hitting, according to Bud Worsham. The NCAA baseball tournament may be held in Austin in 1951. Bobby Fila, the crackjack second sacker who was due to report here in the spring, ball fans will have to travel no further than Abilene to see good college ball this fall. The Hardin-Simmons Cowboys are to play Houston University Oct. 20, West Texas State Nov. 18, and Texas Tech Dec. 2, as well as Trinity Sept. 30 in home games. Some one said the modern baseball is so lively that the fielders are going to have to throw away their gloves and start setting traps.

Thompson Undecided On Lineup For Donkey Ball Game Tuesday

Manager W. L. (Squeaky) Thompson was still trying to figure out who to play where when his Big Spring junior chamber of commerce team plays the Daily Herald's route boys in donkey baseball at Steer park, starting at 8:15 o'clock Tuesday night. Thompson has Jim Harper lined up to pitch against the striplings and 19 other hands to back him up but has made no other progress toward arranging his lineup. Specially trained donkeys are to be brought in from Santa Anna, Tex., for the engagement. One side will get the gentle burros—the other side the temperamental ones for half the game. Then they'll switch. Admission prices have been pegged at 50 and 25 cents, tax included. Proceeds over and above expenses will go toward jaycee promotions.

Davis Resigns Post At Cisco

Cisco Junior college, which meets Howard County Junior college on the football field next fall, is in the market for a new head coach. R. N. (Stormy) Davis, who piloted the Wranglers last fall, has resigned to enter the insurance business at Lubbock. Davis is a graduate from Hardin-Simmons university. He went to Cisco from Paducah.

Posse Will Help Hold Sulky Races

The Big Spring Sheriff's Posse will assist the West Texas Horse club in holding a gaited horse show and sulky races at the Posse grounds west of town sometime in October, it has been announced. Frank Kelley of Colorado City will direct the event, exact date for which has not been set.

Jayhawks To Meet Coahoma

Howard County Junior college's Jayhawks return to action here this afternoon, meeting the Coahoma Bulldogs in a Tri-County baseball league game starting at 3 p.m. Coach Harold Davis of the collegians did not know Saturday whether he would be able to field his regular team. Dennis Carter, herd hitting outfielder, may be missing along with Howard Jones, star hurler. Floyd Martin will probably pitch. For the Hawks tonight, Willie A. Cain is ready for full duty. The Hawks were idle last weekend.

Lamesa Nudges Bombers, 7-5

LAMESA, July 8.—American Legion junior baseball teams from Big Spring and Lamesa will go into their playoff series next week with identical records. The Lamesans evened the count on the Bombers from Big Spring here Saturday afternoon by taking a 5-4 decision in the final game of the double-round robin regular schedule. The same two teams will fight it out for the championship of the eastern half of District No. 6 in a best two-of-three series. First playoff game is set for 4 p.m. Tuesday in Big Spring's Steer park. The Bombers will come to Lamesa Thursday afternoon to finish up the set. A double-header will be played Thursday if necessary. The winner then will challenge the western half champion for the district title. Saturday's game actually had no bearing on the eastern half title, since regulations provide for a playoff between the two top teams and both the Bombers and Lamesa had already clinched playoff spots. They each won five and lost one, while the Big Spring Hawks and Coahoma each won one and lost five. Lamesa scored five runs in the first inning Saturday, getting four of their five hits in that stanza. Washburn came in to Yalleva Sparks on the mound for the Bombers in the second and he held the Lamesans to one hit in finishing the game. Lamesa scored five runs in the first inning Saturday, getting four of their five hits in that stanza. Washburn came in to Yalleva Sparks on the mound for the Bombers in the second and he held the Lamesans to one hit in finishing the game.

WINNER — Budge Patty (above) of Los Angeles, Calif., won the All-England tennis championship by defeating Australia's Frank Sedgman, 6-1, 8-10, 6-2, 6-3, at Wimbledon. Patty is shown here as he beat Vic Seixas in the semi-finals. (AP Wirephoto).

Louise Brough Wins Net Title

WIMBLEDON, July 8.—Louise Brough of Beverly Hills, Calif., won the women's singles of the All-England lawn tennis championships today, defeating Mrs. Margaret Osborne Du Pont of Wilmington, Del. The scores were 6-1, 3-6, 6-1. This is the third straight year that both the women's and men's singles titles have gone to the United States. Budge Patty of Los Angeles defeated Frank Sedgman of Australia yesterday. The list of champions in the All-England lawn tennis tournament: MEN'S SINGLES: Budge Patty, Los Angeles, who defeated Frank Sedgman, Australia, 6-1, 8-10, 6-2, 6-3. WOMEN'S SINGLES: Louise Brough, Beverly Hills, Calif., who defeated Mrs. Margaret Osborne Du Pont, Wilmington, Del., 6-1, 3-6, 6-1. MEN'S DOUBLES: John Bromwich and Adrian Quist, Australia, who defeated Billy Sidwell and Geoff Brown, Australia, 7-5, 3-6, 6-3, 3-6, 6-2. WOMEN'S DOUBLES: Miss Brough and Mrs. Du Pont, who defeated Doris Hart, Jacksonville, Fla., and Shirley Fry, Akron, Ohio, 6-4, 5-7, 6-1. MIXED DOUBLES: Miss Brough and Eric Sturgess, South Africa, who defeated Mrs. Pat Todd, La Jolla, Calif., and Brown, 11-9, 1-6, 6-4.

School Athletic Fund's Balance Is \$1,360.90

Cash balance of the Big Spring Independent School District's athletic department, as of June 30, amounted to \$1,360.90, the school board has been informed. Receipts from the period Sept. 1, 1949, to June 30, 1950, came to \$16,685.96 and disbursements \$15,325.06. Income from home football games came to \$6,141.70 and from out-of-town contests \$4,946.88. Biggest expenditure for the school year amounted to \$4,253.52 and was for new equipment.

Tigers Overtake Gromek, Win, 5-4

DETROIT, July 8.—The Detroit Tigers, held to one hit through six innings by Steve Gromek of the Cleveland Indians, broke loose in a five-run, five-hit seventh inning today to win, 5 to 4, and boost their American League lead to four and a half games.

JORDAN FIRST Rockets Dominate Hitting Honors

The Roswell Rockets again dominate the Longhorn league batting honors as the season passed the half way mark last week. In addition to furnishing the league's leading individual hitter, Tom Jordan, the Rockets also lead the club batting. Jordan, for the second straight week, leads the way with a .401 average on 123 hits in 322 trips for the week ending Wednesday, July 5. Jordan's team mate, Frank Hill, has compiled a .417 average but hasn't been at bat enough times to qualify for bat honors. The Big Spring Broncs are the only other club to top the 300 mark in batting. Their average stands at .306.

In addition to leading in batting, Jordan is setting the pace in home runs with 26, bases hits with 123, runs batted in with 115 and total bases with 242. Ray Drake of Roswell continues to lead the pitchers with a 7-0 record. LONGHORN LEAGUE BATTING (Games through Wednesday, July 5)

East-Tex Loop Picks All-Stars

GLADEWATER, July 8.—Squads that will play the annual East Texas League All-Star Game here Monday night were announced today. Marshall placed seven players on the 18-man nough squad while Kilgore led the south 18-man squad. Here are the squads: With a like number, North-Jack Jones, Johnny Ghiglieri, Harry Young and Johnny Fine. Longview; George Kress, Bob Hobbs, Bob Johnson, John Gates, Harvey Christensen, Billy Hyde and Willie Wielanski. Marshall; Harry Scherting, Bob Cullins, Ray King, Max Molberg and Herb Damico, Gladewater; Stan Batkowski and Pete Colombaro, Paris. South: Stan Goletz, Mel Neundorff, Nic Gregory, Darwin Hobbs and Al Valdez, Tyler; Al Kaiser and Roland Cury, Bryan; Merv Conners, J. W. Jones, Reed Stephens, Marshall Brown, Al Point, Tom Marshall and Claude White, Kil-Bill McCloskey and Joe Pate, Henderson.

Roger Bresnahan batterymate of Christy Mathewson with the New York Giants, was one of the few major league catchers fast enough to be used as a leadoff man.

Dusters Peddle Three Players

The Vernon Dusters have profited to the extent of \$10,000 on the sale of three ball players, all of them to the St. Louis Cardinals. Rookie outfielder Jimmy King went for \$5,000, Pitcher Curt McElhanney for \$4,000 and Catcher Carl Hayes for \$1,000. The three players are to remain with Vernon for the rest of the Longhorn league season.

BUSINESS OUTLOOK

Belief That Russia Will Sit Out Korea, Aids Stock Market

By J. A. Livingston
Sentiment has swung around full circle. If, two or three weeks ago, a group of business men or business analysts got together, the discussion would promptly have centered on the question: How long can the boom last? That's still a pertinent question. But it has been worried aside by Korea. The business boom now is taken for granted.
People are no longer pondering whether demand for automobiles will peter out in the winter. It's assumed that auto makers automatically will sell what they produce. That's a boon, incidentally, to the independent producers, such as Kaiser-Fraser, Packard, and others. They thrive best in a seller's market.

Later on, if defense expenditures pick up, if demand for munitions begins to make a dent in supplies of steel, lumber, and other building materials, the construction industry may be pinched. Delays on the site might send costs soaring—as in 1946 and 1947. Then contractors would hesitate to embark on extensive home construction. But that's not yet. The Korean crisis so far has only increased the use of escalator clauses in construction and other contracts. Builders and manufacturers want protection against rapid price advances.

Today's new economic theory is that we can count on six to nine months of full employment, full profits, and full demand. Business is just about hitting the ceiling. Here are three bits of evidence:
1. Steel operations are scheduled to come back from the fourth of July holiday week to above 100 per cent of capacity.
2. For the electric power industry Christmas has arrived in July. In the week ended July 1, power sales climbed to an all-time high—13 per cent ahead of last year—an unseasonal performance. The peak in power demand normally occurs just before December 25 when days are short and when the stores keep open at night. That results in concentrated demand from both domestic and commercial consumers. Television, which takes more juice than radio has added to the load.
3. Employment in June rose 1,750,000 to 61,482,000 persons, second highest on record. Unemployment, strangely enough, also rose in June, from 3,057,000 to 3,384,000. That was due entirely to the influx of

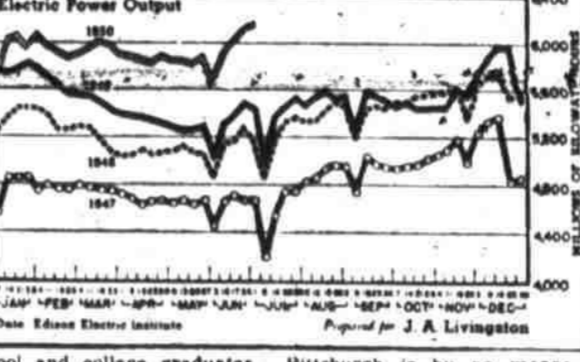

Rural Carriers Join State In Opposing Wage Rate Case
LUBBOCK, July 8 (AP)—An official of the Texas Rural Letter Carriers Association says the group has joined with the State Highway Department in opposing the wage scale case in El Paso.
W. A. Reddell of Tahoka, president of the association, said the decision to join the case came after it was learned that loss of the case by the state would result in a huge increase in construction costs of farm-to-market roads. Hundreds of miles of new roads probably would not be built, he said.
In the case, the El Paso Building and Construction Trades Council brought suit contesting the commission's wage rates as too low. Reddell said that if the case was lost by the state wages on highway construction projects would cease to be set by the Highway Department.

Four Texas Preachers To Leave For Alaska
DALLAS, July 8 (AP)—Four Texas Baptist preachers will leave here Oct. 13 for Alaska to fill pulpits there from Oct. 15 through Oct. 29.
Rev. C. Y. Dossey of Dallas will preach at Fairbanks; Rev. D. B. Jackson of Dallas and Dr. D. D. Sumrall of Palestine at Anchorage, and Dr. J. Ralph Grant, Lubbock, at Ketchikan.

HIGH-POWERED BOOM
Demand for electricity by domestic and industrial consumers climbs to all-time top.

Pittsburgh is by no means as confident about "peace" as Wall Street. Steel scrap prices tumbled even that of a major war ceilings would be imposed on scrap iron. Therefore, dealers unloaded. At the same time, however, Allegheny Ludlum Steel Corp., a leader in stainless steel, followed U. S. Steel in boosting stainless prices 3.5 per cent to 7.4 per cent. The only certainty, so far, is that Americans are becoming increasingly conscious of the wide world they live in. Sales of maps of Korea and the Far East have soared about 300 per cent, according to Rand & McNally GIs, who fought in Japan, Europe, North Africa, and elsewhere, are conscious of foreign places that the doughboys of World War I, whose activities were confined mainly to Europe, never even heard of. And school curricula, to keep students abreast of current headlines, must be expanded to explain the why and wherefore of diplomatic and military urgencies.

Labor Vote Cut By Court Appointment
LONDON, July 8 (AP)—An appointment to Britain's high court has cut the Labor government's House of Commons majority, at least temporarily, to seven votes.
The government now faces a by-election to fill the seat vacated by elevation of Terence N. Donovan, Laborite MP from Leicester, to the bench. Leicester is regarded as a safe Labor district.

Davis dam on the Colorado River is expected to back up water to the foot of Hoover Dam.

BARRED FROM SERVING AGAIN

HOUSTON, July 8 (AP)—Recruiting officers here appreciate the spirit of the World War II veteran who wrote that he would like to serve his country again. They had to decline the offer because of the man's present address: the Texas state penitentiary.

Air National Guard
New Jet Planes

DALLAS, July 8 (AP)—The Texas Air National Guard has received its first jet fighter planes. Four of the F-84 "Thunderjets" were ferried to Hensley Field from Long Island, New York, by regular Air Force pilots. They arrived Friday. The new planes were assigned to the 181st Fighter Squadron, based in Dallas. Officials said more of the jet planes will arrive in the next few days.

Israel Plans New Honor For Truman

TIBERIAS, Israel, (AP)—A new immigrants' settlement in northern Israel is to be named in honor of President Truman. The settlement may be established by the end of 1950. Zionist organization officials said it would be named for the American President in recognition of his friendship and work in behalf of the Jewish state.

Contractor Killed

DUMAS, Tex., July 8 (AP)—Preston Halle, 37-year-old Dumas contractor, was killed near here Friday when his car collided with a plow being pulled by a truck.

Wage Rate Case Now Goes Before Supreme Court

AUSTIN, July 8 (AP)—The Highway Commission's appeal in a wage rate case from El Paso was before the Supreme Court today. Attorney General Price Daniel filed the application for a writ of error, and the state supreme court is the Third Court of Civil Appeals that the El Paso Building and Construction Trades Council had the right to bring the suit.

The Third Court of Civil Appeals had reversed a district court judgment which held the Council without power to sue. In ordering the case back to trial, the appeal court also held that if evidence is substantially the same on further hearing as in the original hearing, the injunction should be granted.

The labor organization claims prevailing minimum wage rate for highway work in El Paso County range from 95 cents to \$2.50 per hour. The Commission says 75 cents to \$1.85 is the true scale. This case is one of first importance not only to the state but to cities, towns, counties and other subdivisions. The attorney general wrote in the Highway Commission's appeal to the Supreme Court.

Russia's Trans-Siberian Railway, 4,000 miles long, is believed to be the longest in the world.

New PLYMOUTH with "Air Pillow Ride"
—the comfort of cars that cost hundreds of dollars more —and luxury no other low-priced car approaches!
packed with value and ready to prove it!
swing round the curves, and see how steady she goes! Diagonally mounted rear shock absorbers control horizontal as well as vertical motion. And increased width of tread in the new Plymouth adds still more road-bugging stability.
start and stop quickly—notice the extra smoothness of Safe-Guard Hydraulic Brakes (they have a total of 4 in the other two leading low-priced cars). And Hotchkiss Drive means cushioned starts and stops.
louge on the seats—they're chair-height for full, natural support. Extra coil springs can be added, if desired, in either front or rear seats to adjust cushion firmness for requirements of individual owners. Airflow rubber seat cushions are available.
Now—more than ever—the car that likes to be compared
Drive the other low-priced cars, then Plymouth, and let the ride decide!
PLYMOUTH Your nearby Plymouth dealer will arrange a demonstration

CLOWNS COMING UP—When the Texas Electric Show of '50 opens the evening of July 19 on the high school campus, clowns will be featured. This year's show develops the circus motif. There will be calliope, a life-size piggy elephant (animated), and big top to develop the atmosphere. Clowns here are Pete Denison (wielding the club) and Ronnie Wade, who learned their trade with the Gainesville community circus. The show continues nightly through July 21.

FOR SUMMER COMFORT... FOR LUXURIOUS TEXTURE

there's nothing like

CLOWNS 'N EVERYTHING

TEC Brings Circus Show Here July 19

Clowns, a calliope and an old-time brass band are all bundled in the entertainment side of the Texas Electric Show of '50.

This traditional summer feature replete with a life-sized piggy elephant that does everything except eat peanuts, opens here on July 19.

The entire show this year will carry out the circus theme, from the "Big Top" to the side-show stands—and even the circus bark-er. The show is, of course, entirely free, said C. S. Blomshield, Texas Electric Service manager, and is presented by TESCO in cooperation with electrical dealers and distributors.

Schedule calls for showing on three days from 6 p.m. to 11 p.m. with the final performance on July 21. The entire production will be on the high school grounds. Electrical appliances for home and farm use will be displayed in a large tent. Smaller tents and canopies will house other attractions.

Among the interesting things to be seen at the Electric Show will be the largest lamp bulb in the world, big as a bushel basket. Beneath it will be the smallest lamp bulb in the world, the size of a grain of wheat. Other interesting displays will include a presentation of mechanized puppets to tell a modern version of the story of "Ten Little Indians", and a model power plant. Much of the electrical equipment will be in operation or be demonstrated at the show. Varied entertainment features will be presented, including musical programs by Red (Asa) Woodward and his "Home Town Dandies", an old-fashioned type band with Gay Nineties costumes. Reddy Kilowatt, more talkative than usual, will greet his little friends. Reddy will appear in his own private circus wagon. Colored movies will be shown on the grounds after dark each evening during the show.

Two giant search lights of 800 million candlepower each will be turned on each night during the show to sweep the skies for a radius of 30 miles. During previous Electric Shows, these lights have been seen as far as 60 miles away.

Morrison Plans To Attend C-C School

H. J. Morrison, assistant manager of the local chamber of commerce, was to have left for Dallas this morning where he will be a student at the Southwestern Chamber of Commerce Institute this week.

Morrison will be an advanced student in the school for chamber of commerce executives which will be held July 9-15. The institute is sponsored by the Southwestern Division of the USCC. It is held annually.

Seven Local Students On WTSC Honor Roll

Seven students from Big Spring are among the record enrollment of the first semester of summer school at West Texas State College in Canyon. The total is 1,196, or 185 more than any previous summer figure.

Attending from Big Spring are Glenn Allen, a graduate student; William Howard Smith, Nita Adams; Mary Evelyn Johnson; Louis A. Manely; Jeta L. Plant, seniors; Lynn Porter, junior.

Fun Time At The Y

Summer, with its leisure time and warm temperatures, finds the YMCA with a recreational program packed with fun. Occupancy of the new Y building at Fifth and Scurry has enabled the organization to offer a varied program of activities to the youngsters of Big Spring. Not only do the young folk have time, but now they have a place to use it.

SPLASH ELIMINATION is being taught by Ann Crocker, instructor, upper left. Ready to become diving experts are Sally Adair, Mickey Denny, Sue Anderson and Sherry Lou Coats.

TUMBLING TACTICS are put in practice in the gym at the Y. Upper right are Billie Carr, Mary Bath Stratton, Bettie Anderson and Jean Robinson. Bonnie Dempsey is class instructor.

BADMINTON holds its own as a summer game for youngsters at the Y. Center left picture shows Barbara Meador and Sara Holderbaum ready for action.

INSTRUCTOR Beverly Stulting is shown in center left photo, holding Jimmy Graham who attempts to put his swimming knowledge into action. Looking on left to right, are Jerry Smith, David Scales and Bill Jones.

READY TO SHOOT in a tense moment of a basketball game is Jimmy Parks in picture at lower left. Others in the game are left, Ronald Wooten and Bobby Bluhm; and right, Billy Bluhm and Sidney Cravens.

PYRAMID FORMATION learned in tumbling class is demonstrated in picture at lower right. Pictured are Bobby Bluhm, Jimmy Parks and Ronald Wooten, bottom row; and Sidney Cravens and Billy Bluhm, upper row. (Photos by Culver)

Wedding Date Set

Mrs. Irene Gibbs Gross announces the engagement and approaching marriage of her daughter, Rubydell Bell, to Capt. Albert L. Beals, son of Mr. and Mrs. Prosser B. Beals of Cleveland and Pompano Beach, Florida. Capt. Beals is now stationed at Walker Air Force Base, Roswell, New Mexico.

The couple will be **explicated** by the chaplain in the Base Chapel at Roswell the evening of July 30 at 5 o'clock. Chaplain Charles Stepek will officiate at the single ring ceremony. A reception will be held in the Bamboo Room of the Officers Club.

Jean Duncan of Big Spring will be the bride's only attendant. Best man will be Capt. Edmund C. Czapski of Detroit, Michigan.

The bride-to-be was graduated from West Texas Demonstration School at Canyon and attended Howard County Junior College and West Texas State College, Canyon. At the present time she is employed by Westex Oil Company.

Capt. Beals attended school in Cleveland, Ohio and entered military service in June, 1941. He was commissioned a 2nd Lt. at Kirkland Air Force Base, Albuquerque, N. M. During World War II he served with the 15th Air Force in the European theater.

Mrs. R. A. Chambers Presides At Meeting

FORSAN, July 8.—Mrs. R. A. Chambers was in charge of the Baptist WMS meeting Monday afternoon. Mrs. Jewell White brought the devotional on Paul's love and letter to the Philippians, and a business meeting followed.

Those attending were Mrs. E. C. McArthur, Mrs. Jesse Overton, Mrs. G. W. Overton, Mrs. Chambers, and Mrs. White.

Plans for a canasta party for members and husbands were made at the Monday meeting of the Home Demonstration Club. The group met in the home of Mrs. H. G. Starr. Mrs. J. M. Craig presided over the business session. The August meeting has been suspended but the next meeting will be July 17 in the home of Mrs. Craig.

The club members will be in charge of the cold drink box at the candidate rally and barbeque July 11.

Jerry Lynn Smith Is Named Honoree

FORSAN, July 8.—Jerry Lynn Smith, son of Mrs. A. J. Smith, was honored with a party celebrating his seventh birthday Monday afternoon.

Outdoor games were played. Balloons were tied to the trees and candy and lollipops given as favors. Mrs. Smith was assisted by Mrs. E. E. Everett.

Those present were Tony and Sharon Starr, Milton Dean, Jerry and Hubert Wayne Bardwell, Billie, Frank Andrews, Tommy Gilmore, Eugene, Melvin, and Dorothy Bryant, Butch Everett, Vicki, Bobby, and Dwayne Batte of Lees, Jimmie Allen and Joyce Batte of Odessa, and Donnie, Jerry, and Sharon Smith.

Mr. and Mrs. A. M. Ripps, 603 Ashford, have just returned from a two-day sightseeing tour around West Texas. They visited Levelland, Ackerly, Brownfield, Lubbock, Lamesa, and Tahoka.

Golf Association Has Luncheon On Friday

Hostesses at the Ladies Golf Association luncheon Friday at the Country Club were Mrs. C. A. Jones, Mrs. Champ Rainwater, Mrs. Dee Davis, and Mrs. Dick Johnson.

The table was decorated with zinnias and red verbena. Canasta bridge, and golf provided entertainment. The door prize was presented to Mrs. C. G. Griffin, Jr. The group voted to discontinue their meetings until October.

Those present were Mrs. Earl Reynolds, Mrs. Harry Whitney, Mrs. J. W. Burrell, Mrs. J. C. Clyde Waitis Jr., Edith Gay, Mrs. Sam Goldman, Mrs. Joe Woodard, Mrs. Obie Bristow, Mrs. J. R. Hatch, Mrs. Raymond L. Tollett, Mrs. Marvin Miller, Mrs. Douglas Orme, Mrs. J. B. Thompson, Mrs. Malt Harrington, Mrs. R. W. Thompson, Mrs. G. F. Dillon, Mrs. Rayford Lile, Mrs. L. B. Baird, Mrs. Wiley Noble, Mrs. Grady Duling, Mrs. O. O. Craig, Mrs. Lindsey Marchbanks, Mrs. George Oldham, Mrs. Hayden Griffith, Mrs. H. W. Smith, Mrs. Otis Graia, Mrs. Jeff A. Hanna, Jean Sawyer, Mrs. Frank Proctor, Mrs. M. K. House Jr., and Mrs. Tommy Hutto.

Birthday Social Honors Royce Acuff

Royce Acuff, son of Mr. and Mrs. Grady Acuff of Coahoma, was honored recently with a surprise party celebrating his sixteenth birthday. Games were played and ice cream and cake served to Martha Denton, Barbara Wilson, Ray Alexander, Tommy Vick, Loyd Hubbard, Sharon Kay Finley, Rose Mary Acuff, Ronny Acuff, Kay Acuff.

Mr. and Mrs. Acuff and family are spending this week in Sheffield where they are attending the Church of Christ Encampment.

Faucetts Have Daughter

Word has been received here of the birth of a daughter, Mary Kay, to Mr. and Mrs. Joe A. Faucett in the Methodist Hospital in Dallas. Faucett is a former resident of Big Spring. Grandparents are Mrs. Joe Faucett, Big Spring and Dr. and Mrs. J. W. Reames of Dallas.

Officers Installed As Local Altrusa Club Holds Its Initiatory Services

Formal initiatory services and installation of officers of the local Altrusa Club were held Saturday night at a dinner in the ballroom of Hotel Settles.

Reuby Rhodes, president of the Lubbock Altrusa Club accepted the local club as a member of District 7 which is composed of clubs in Texas, Louisiana, Arkansas, Oklahoma, Old Mexico, Guatemala and Korea. The Lubbock club president acted in behalf of Willie Walker, district governor, of Texas, Arkansas, who was unable to attend the affair.

Anne Eberley was installed to serve as president of the Big Spring Altrusa Club. Other officers elected and installed were Faye Coltharp, vice president, Marguerite Wooten, recording secretary. Serving as a board of directors will be Dr. Nell Sanders, Velma

Grise, Jessie Nalley and Tot Sullivan.

Grace Wallace, outgoing president of the Midland Altrusa Club and organization worker for the Big Spring club was master of ceremonies and presided at the service of initiation for the 23 charter members and the installation of officers.

Following the theme "patriotism, efficiency and service" the program opened with the dedication by Dr. Hattie Love Rankin of Odessa. Guests, including Mayor G. W. Dabney, Edith Gay of the Chamber of Commerce and presidents of local senior service clubs, were introduced. Altrusans from Lubbock, Midland, Odessa, Lamesa and San Angelo were also introduced.

Stanton Reports Visits, Visitors

STANTON, July 8 (SpI) — Mr. and Mrs. S. Lamar have as their guests their two granddaughters.

Mr. and Mrs. L. C. Stovall had as their guest recently, Mrs. J. G. Swant of Hobbs, New Mexico. Mr. and Mrs. J. T. Caffey of Stamford, Mr. and Mrs. Ted Gross and Karen and Mr. and Mrs. Ervin Currie of Big Spring.

Mrs. Pat Orren, who is completing her masters degree at East Texas State Teachers College in Commerce, visited her family over the weekend.

Mr. and Mrs. Cecil Bridges were hosts recently in their home for a rehearsal dinner. Guests were served buffet style on the lawn.

Mr. and Mrs. Bob Cook visited relatives at Waco during the Fourth.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcetrane, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcetrane is not a vitamin tablet to fortify your weak body while on a starvation diet. You need never know a hungry moment, while reducing with Barcetrane. It contains no harmful drugs, but does contain ingredients to make you feel better.
Barcetrane when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcetrane takes care of your DESIRE. Second, dehydrates and eliminates, so that water is carried away—almost like melting fat. At the same time you feel better, more peppy, more alive, but never starved of hunger.
NO STARVATION DIET
"I have eaten lots of medicine but none compare with Barcetrane. It's tops. Have lost 12 pounds in 2 weeks and no starvation diet." Signed, Mrs. J. E. Blain, Route 1, Box 18, Cleveland, Texas.
LOST 24 POUNDS
"I am writing you just to say I think Barcetrane is a wonderful medicine. I have tried so many other things and all failed. I weighed 152 pounds when I started to take Barcetrane. I now weigh 128." Signed, Maud Morrow, Archer City, Texas.

Robbie Piner And Robert Dixie Kilgore Are United In Marriage Friday Evening

Before a classic altar banked in deep greenery, Robbie Piner and Robert Dixie Kilgore of Lamesa were united in marriage at the First Methodist church Friday evening at 8:30 o'clock.

The marriage ceremony marked the 22nd anniversary of the bride's parents, Mr. and Mrs. Robert T. Piner, 600 Matthews.

Formal vows were repeated by the couple in a candlelight, single ring ceremony read by the Rev. R. Gage Lloyd, pastor of the First Presbyterian church.

Droric columns draped in soft folds of white satin formed the nuptial bower flanked by arrangements of Pin Oak, Woodwardia and Smilax. Focal point of the altar scene featured a myriad arrangement of white gladioli in a Grecian urn. Lighted cathedral tapers in upstanding candelabra interspersed with sunburst arrangements of white gladioli and Marconi daisies completed the altar setting.

Given in marriage by her father, the bride was attired in a gown of princess satin designed with a sheer nylon tulle yoke and full-length sleeves. The bodice of the dress had a deep panel of princess applique lace which was repeated at the hipline and formed panels down the back of the skirt and around the cathedral train.

Her veil was fashioned from imported French illusion and fell in tiers from a softly shirred calot. The top tier formed her face veil for the ceremony.

The bride carried a white prayer book topped with white orchids showered with stephanotis and white satin ribbon. The prayer book belongs to Mrs. F. W. H. Wehner and was carried by the bride's sister, Mrs. Morris Patterson, in her wedding.

The bride carried out the wedding traditions. For something old she wore a lavalier which has been in the family for a number of wedding gowns; the blue was her wedding gown; the blue was her name embroidered inside her gown and something borrowed was the prayer book.

Mrs. Morris Patterson attended her sister as matron of honor. Marijo Thurman was maid of honor and bridesmaids were Roberta Hatch of Waco and Mrs. Raymond Keithly of Hot Springs, N. M. Both bridesmaids are cousins of the bride.

Attendants were identically attired in gowns of white nylon net fashioned with a bare top draped bodice and hand pointed layered skirt that was demi-tasse length. Their shoulders were covered with a brief shoulder jacket. They carried cascade arm bouquets of red Roman Glory roses.

Dick Collins of Lamesa served as best man. Other attendants of the bridegroom were Homer Simpson, cousin of the bridegroom, Paul Morgan, Dr. Jack Alexander and Malcolm Harp, all of Lamesa.

Robert Patterson, nephew of the bride, was ring bearer. Preceding the ceremony Mrs. Omar Pitman, organist, presented a program of pre-nuptial music including selections from Bach.

MRS. ROBERT DIXIE KILGORE

Mendelssohn, Rubenstein, Wagner and Tschalkowski. "Bridal Chorus" from Lohengrin by Wagner and "The Wedding March" from Midsummer Night's Dream by Mendelssohn were played as the processional and recessional by Mrs. Pitman. Mrs. Paul Graham of Abilene, soloist, presented the selections, "Entreat Me Not To Leave Thee" by Gounod and "Through the Years" by Youmans. During the ceremony, Mrs. Pitman softly played "The Wedding Prayer" by Dunlap and Mrs. Graham sang the selection preceding the benediction.

Mrs. Pitman was attired in a gown of white dotted swiss with lace and rhinestone trim. She wore white carnations in her hair. Mrs. Graham wore a white net gown trimmed in rhinestones and had a white gardenia in her hair. For her daughter's wedding, Mrs. Piner chose a dress of aqua blue chiffon and wore a matching hat of maline. Her flowers were deep pink roses. Mrs. Dixie Kilgore, mother of the bridegroom, was attired in a dress of rose petal French eyelet with a match-

ing hat. Her corsage was of blue Agapanthus lilies.

Following the ceremony, a reception was held in the ballroom of the Settles Hotel. Guests were received by Mrs. Dixie Kilgore of Lamesa, mother of the bridegroom, Mrs. R. T. Piner, mother of the bride, the bridal couple and the wedding party.

Arrangements of white flowers, palms and woodwardia formed a floral aisle in the receiving room. Silver wedding bells entwined with Smilax hung from the chandeliers. Covered with floor-length satin scattered with silver lover's knots and overdraped with white maline, the bride's table was centered with a long arrangement of bridal roses, white stock and stephanotis. Lighted white tapers in crystal candelabra tied with silver ribbon and maline, flanked the centerpiece. The two-tiered wedding cake was surrounded by a double maline ruffle and white bride's roses. Appointments were of crystal and silver. Tall trees of gladioli and Hawaiian foliage formed a background for the bride's table.

Members of the house-party were Mrs. Herschel Ezell of Midland, Mrs. Eb Hatch, Mrs. H. H. Hatch, Mrs. Robert Middleton, Vivien Middleton, Mrs. Ira Thurman, Nell Hatch, Mrs. H. B. Robb of Dallas, Mrs. Ova Mae Edwards, Mrs. Harry Hurt, Mrs. Bill Neal, Mrs. Toots Mansfield, Mrs. Larson Lloyd, Patricia Lloyd, Mrs. Yvill Robb, Mrs. T. D. Weaver, Louise Ann Bennett, Mrs. Joe Allbright of Andrews, Marie McDonald, Mrs. A. E. Bowen of Lubbock, Mrs. R. R. McEwen, Mrs. R. R. McEwen, Jr. and Mrs. Carl Strom.

Members of the house-party were in formal attire. The bride is a graduate of Big Spring high school where she was a member of the Sub-Deb sorority. In 1946 she received her degree from Baylor University with a major in Spanish and Psychology. While attending Baylor, she was a member of Delta Alpha Pi.

Kilgore is the son of Mr. and Mrs. Dixie Kilgore of Lamesa. He was graduated from the University of Texas School of Law in 1941. During World War II he served in the Navy for four years as a lieutenant junior grade and spent a portion of that time in the Pacific theater.

For traveling, Mrs. Kilgore wore a suit of chocolate brown silk shantung with brown velvet accessories. Following a wedding trip to points in New Mexico, Mr. and Mrs. Kilgore will be at home in Lamesa where he is engaged in farming.

Out-of-town guests for the wedding included Mr. and Mrs. Roy Hatch of Waco, Marilyn White of Mexia, Mr. and Mrs. A. C. Bowen of Lubbock, Mrs. Water Bolton of Amarillo, Mr. and Mrs. W. H. Peterson of Fort Worth, Mrs. E. A. Tomb of Baton Rouge, La., Mr. and Mrs. Herschel Ezell of Midland, Mr. and Mrs. J. M. Piner of San Angelo and guests from Lamesa.

The Eb Hatch home, 100 Washington, was the scene of a rehearsal dinner for members of the wedding party of the Piner-Kilgore wedding Thursday night. Hosts for the affair were Mr. and Mrs. Eb Hatch, Mr. and Mrs. Ira Thurman and Marijo Thurman.

The dinner table was centered with an arrangement of bright red Roman Glory roses. White tapers in crystal candelabra illuminated the dinner service.

Attending the dinner were: the honored couple, Mr. and Mrs. R. T. Piner, Mr. and Mrs. Dixie Kilgore, Mr. and Mrs. Omar Pitman, Mr. and Mrs. Paul Graham of Abilene, the Rev. and Mrs. R. Gage Lloyd, Marilyn White of Mexia, Mr. and Mrs. Morris Patterson, Roberta Hatch of Waco, Mrs. Raymond Keithly of Hot Springs, N. M., Mr. and Mrs. Dick Collins, Mr. and Mrs. Homer Simpson, Mr. and Mrs. Paul Morgan, Dr. and Mrs. Jack Alexander and Malcolm Harp, all of Lamesa and the hosts.

Mrs. C. L. Guess Is New Member Of Trainmen-Ladies

Mrs. C. L. Guess was accepted as a new member and presented a corsage when the Trainmen Ladies met in regular session at the WOW Hall Friday afternoon.

Hostesses for the afternoon were Mrs. W. C. Moore, Mrs. W. J. Moore and Mrs. H. W. McCanless. Mrs. C. W. Nevins, president, presided at the business session. Attending the meeting were Mrs. J. T. Allen, Mrs. J. C. Burman, Mrs. J. D. Rankin, Jr., Mrs. W. O. Wasson, Mrs. S. V. Jordan, Mrs. Frank Powell, Mrs. Joe Tucker, Mrs. C. Spears, Mrs. H. Voorhees, Mrs. J. C. Hendricks, Mrs. J. C. Lane, Mrs. L. A. Webb, Mrs. Albert Smith, Mrs. C. L. Guess, Mary Alice Christenson, Mr. and Mrs. C. W. Nevins, Mrs. G. H. Briden and the hostesses.

Nazarene Women Honor Mrs. Kiser

WFMS of the Nazarene church honored Mrs. Robert Kiser with a pink and blue shower in the home of Mrs. Curtis Hood Friday evening.

Mrs. Lewis Patterson presided at the guest book and Mrs. Hood poured the punch at the refreshment table.

Attending were Mrs. W. W. Whatley, Mrs. B. Y. Dixon, Mrs. James Horton, Mrs. J. H. Turner, Mrs. David Breman, Verbal Whatley, Mrs. C. E. Kiser, Mrs. Ross Roberts, Mrs. E. E. Holland, Mrs. Lowell Holland, Mrs. Lewis Patterson, the honoree and the hosts.

To Attend Convention

Mrs. Albert Smith, 809 W. 18th, left Saturday for Columbus, Ohio to attend the convention of the L.A.S.B.T. as a delegate of the local auxiliary. The convention session will last two weeks. Mrs. Smith plans also to visit her daughter, Mrs. Wallace Cataldo in New York City. Mrs. Cataldo and children, Julie and Wallace, will return to Big Spring with Mrs. Smith for a visit.

Community Hostess Welcomes 15 New Families During Past Week

Ten families from other parts of West Texas were welcomed to Big Spring this week by Mrs. Jimmie Mason, city hostess. Out-of-staters and other Texans brought the total up to fifteen families.

New residents are Mr. and Mrs. C. T. King, 100 Lincoln, who come from Seminole. Mr. King is production foreman for the Amerasia Petroleum Co. They have two children, Brad 2, and Dick, 10.

Mr. and Mrs. H. L. Holley, 801 27th, from Odessa, have two children, Helen, 19, and Monoh, 15. Mr. Holley is in ranching.

Mr. and Mrs. Warren G. Auld, 205 Edwards Blvd., are from Amarillo. Mr. Auld is a foreman for the Standard Plumbing Co. Also from Amarillo are Mr. and

Mrs. Roy C. Crumley, 106 W. 18th. He will be chief of corrective therapy at the Veteran's Hospital.

Mr. and Mrs. John N. Webb of Houston who live at 107 W. 18th, are with the Veteran's Hospital. Mr. Webb is in the personnel department and Mrs. Webb is transportation clerk.

Mr. and Mrs. Frank Doty, 1610 Lancaster, come from San Angelo and have one son, Robert Lee, 19 months. Mr. Doty is motorman for the Ray and Harris Drilling Co.

Mrs. Bessie Stamps and Mr. Burton live at 900 1/2 Goliad and come here from San Angelo. He is employed as bookkeeper for the Big Spring Tractor Co.

Mr. and Mrs. Carl S. Henry, 416 Main, are from Abilene, and have a daughter Frances Jean, 12, Mr.

Henry will be manager of the Goodyear Service Co.

Mr. and Mrs. Billy Wayne Frasier, 902 Goliad, come from Roscoe and are with the Narrie Construction Co.

Mr. and Mrs. Paul Moyers, Jr., from Lubbock, will live at 1099 Sycamore. He is with the Paul W. Moyers Painting and Interior Decorating Co. They have and Larry Wade, 3.

Mr. and Mrs. L. P. Presley come from Odessa and will live at 1200 1/2 Wood.

Mr. and Mrs. Pete Kiesecker, 710 Main are from Paris, Texas and have one son, Peter Wayne, 5. Mr. Kiesecker is in the Advertising department at the Daily Herald.

Coming from out-of-state are Mr. and Mrs. Felton A. Vise, 107 W. 21st. From Amory, Miss. Mr. Vise is with the Western Tire and Rubber Co. They have two children, Sylvia, 14, and Johnnie Mack, 11.

Another Mississippi family is Mr. and Mrs. John F. Rie and son Eddy, 2. They will live at 1801 Owen. He will be in the finance department at the Veteran's Hospital.

Mr. and Mrs. Gilbert L. Cook, 1005 Stadium, who come from Springfield, Mo., have one son, Kenneth, 3. He is also with the Veteran's Hospital finance division.

Bonnie Jean Gill To Be Married

BONNIE JEAN GILL

Mr. and Mrs. Tomas H. Gill, 106 Madison, have announced the engagement and approaching marriage of their daughter, Bonnie Jean, to George Clayton. He is the son of Mr. and Mrs. Roy Franklin, 1805 Lancaster, - Big Spring.

Cosden Refining Operation Subject Of Magazine Story

Cosden's refining operations continue to attract widespread interest.

Clyde Pryor, staff for Petroleum Refiners' magazine, visited the plant during the past week to take pictures and gather material for an article on the refinery. It is due to be featured in the next issue.

The Taylor Refining company at Corpus Christi is exploring the possibility of constructing a fluid catalytic cracking unit similar to the one which Cosden pioneered. Fred Sewell, superintendent, and Louis Brosse, process engineer, were at the Cosden plant to inspect operations during the week. Accompanying them were Tom Lumley, president, and Harold Bottomley, vice-president, of Refinery Engineering Company, which directed construction of the plant here. Bottomley formerly was with Cosden.

Reapers Class Has Breakfast Friday

Members of the Reapers Class of the East Fourth Baptist church were entertained with a come-as-you-are breakfast in the home of Mrs. Dalton Johnson Friday morning. Mrs. J. D. Kendrick served as co-hostess.

Attending were Mrs. Gerrel Jones, Mrs. A. J. Allen, Mrs. R. H. Harter, Mrs. Rob Mothershead, James S. Parks, Mrs. E. T. White and the hostesses.

Mary Jane Club Meets In Bobby Cathey Home

The Mary Janes met in the home of Mrs. Bobby Cathey, Coahoma, Wednesday. A gift was presented to Rita Anderson who will leave to make her home in Illinois. After canasta games, refreshments were served to Patsy Hays, Cleo Shive, Ruby Helen Turner, Donna Robertson, Nan McKinney, Darnella Darden, and Jo Herd.

The next meeting is to be a business meeting at the home of Darnella Darden on July 19th.

Garden City School Head Returns From Canyon Conference

GARDEN CITY, July 8—J. F. Jones, superintendent of Garden City schools, has returned from a July 5 meeting in Canyon on teacher problems of districts with small enrollments.

Dr. J. W. Edgar, commissioner of education for the state educational agency, conferred with district heads of those in danger of losing teachers because of small enrollments.

Garden City schools will continue to have their regular number of teachers, said Jones, seven for the high school and a like number for the elementary school. The high school is assured definitely of 16 fully accredited units, said Supt. Jones, and it is possible more will be added during the coming year.

HI-TALK

BY KITTY ROBERTS

The summer is nearing the half-gone mark, but the teen-agers are still going strong.

At the show Sunday night were: Barbara Greer, Dalton Olson; Wanda Petty, Jack Ewing; Peggy Lamb, Larry Evans; Jan Masters Bobby Wheeler.

Beverly Stulting had a picnic at her home the past week. A few of the couples attending were: Jo Cole, Bill Mackey; Beverly Stulting, Wendell Strahan; Skooter Terry, Eddie Houser.

Several girls attended the Stamford Road last week. They left on Friday the same week on Sunday. They were: Maxie Younger, Joyce Choate, Judy Lawson, Rita Faye Wright, and Lou Ann Creighton.

The Presbyterian young people held a picnic Saturday night. The YMCA has in the past week kept up its sports program. The modern dance-tumbling classes met as usual. The swim meet was discussed by the directors and either August or the seventh or eighth will be the date. The swimming instructors are to be given a barbecue some time during the near future.

Sue Craig held a Fourth-of-July slumber party at her home Tuesday night. Some of the slumber-party victims were: Marilyn Miller, Wanda Petty, Ann Crocker, Jan Masters, Barbara Greer, Kitty Roberts, and Sue Craig. This same group of girls had a picnic in the park the same day, after which they went swimming and to the hot-rod races.

Speaking of victims, there were quite a few at the Legion dance Tuesday night. The floor was very crowded, but some of the hot, tired, stepped-on dancers seen were: Jeanette Petty, Frank Philley, Kitty Roberts, Jack Little, Deffie Merworth, Amos Jones, Rita Wright, Cheesy Horne, Janelle Beene, Robert Ragan, Maxie Younger, Tom Montgomery, Kelly Lawrence, Billy Satterwhite, Jack Ewing, Carolyn Mills, Doris Brown, Bob Chambers, Chop Van Pelt, John Fort, Grady Dorsey, Melvin Byers, at Chris's the same night were: Wanda Petty, Marilyn Miller, Ann Crocker, Susan Houser, Jerry Houser, Dicky Cloud, Bobby Hohertz, Chop Van Pelt, Jimmy Webb, Chubby Jones, Bobby Wheeler, Jan Masters.

At the show Thursday night were: Thelma Tucker, James Fanning; June Cook, Culin Grigsby; Marilyn Miller, Hal Rosson; Sue Craig, Susan Houser, Frank Philley, Grady Dorsey, John Fort, Bobby Mames, Donald Wren, Ann Curry, Billy Satterwhite, Mary Gerald Robbins, Kelly Lawrence, Virgil Bennett, Bob Chambers, Autry Burke, Ike Robb, Paul Shaffer, Jerry Houser.

Chris's seems to be the popular place lately. Seen there recently were: Sue Wasson, Kimble Guthrie; Curtlaten McCauley, Sam Thurman; Diana Farquhar, Moe Madison.

Monday night Jeanette Petty and Janice Anderson gave a dance up on the scenic pavilion in honor of Lynette Blum, who is visiting here for a while. A good crowd of teen-agers attended. The same night Janice Anderson had a slumber party in her home. The girls present were: Jeanette Petty, Lynette Blum, Judy Douglas, Shirley Burnette, Margie Keaton, Shirley Johnston, Claudette Harper, and Nancy Clark.

News that will interest Rainbow girls is the announcement of Supreme Assembly—to be held in Long Beach, California, July 16-20. This is an international meeting of all Rainbow girls, and we have

Doll Wardrobe

This lovely 18" doll with complete wardrobe for play or travel is easy to make. Pattern No. E-1028 contains complete instructions for making body of doll, skirt, blouse, jacket, hat and bag, pants and shoes.

Patterns Are 20 cents Each. An extra 15 cents will bring you the Needlework Book which shows a wide variety of other designs for knitting crocheting, and embroidery also quilts, dolls, etc. Free patterns are included in book. Send orders, with proper remittance in coin, to Needlework Bureau, Big Spring Herald, Box 229, Madison Square Station, New York, N. Y.

one, possibly two delegates going from Big Spring. Evelyn Wilson, who is visiting in California for the summer, plans to attend the assembly, and possibly Mary

Frances Norman will be able to come we know were there were: so also, Ann Crocker and her parents, Mr. and Mrs. H. V. Crocker, H. V. Jr., Johnny and Melinda are visiting relatives in Lufkin, Texas. Sandra Swartz and her parents, Mr. and Mrs. Adolph Swartz, are vacationing in California.

It is certain that a good number of teen-agers attended the fireworks display Tuesday night, but it was practically impossible to cover so large a territory at once, except by a car-to-car census. But

Shirley Burnette, Johnny Coffee; Janice Anderson, Martin Patterson (Mabel Wells); Kitty Roberts, Jack Little; and oodles of others.

Mrs. J. M. Simmons, 110 N. Nolan and her mother Mrs. Irene O'Brien, visited Mr. and Mrs. J. R. Simmons of El Paso for several days this week. They also visited White Sands, Cloudcroft, and Albuquerque, New Mexico.

New York's Westchester County Gets Big Laugh Out Of Spacemen

By RICHARD KLEINER
NEW ROCHELLE, N. Y. — In an experiment to see if the average American is ready for an interplanetary invasion, two guys who looked like they just parked their saucer down the street paid a surprise call on Westchester County, a New York suburban area.

And what happened? Everybody laughed. Nobody got scared. Nobody called the militia. Even the police thought it was all a big joke.

The two pseudo-spacemen looked the part. They were all dolled up in space suits, complete with the latest electronic gimmicks worn by the boys of Mars, Venus, Saturn and points north.

They wore heavy boots, padded space suits, great spherical helmets. Strapped in front was a panel with a complicated-looking collection of dials and switches. In back they had a couple of oxygen tanks and a radio antenna sticking up a couple of feet.

Their faces were stained a bright red. And, being good actors, they clomped down the streets of Larchmont and New Rochelle with a weird walk, making ugly faces and gesturing belligerently at passers-by. They looked like DP's from the Moon.

But the Westchesterites weren't having any panic. They just laughed. The first man who spied them did a double-take, chuckled and

walked right up to them.

"What are you guys advertising? Oh, I get it—advance men for Alcoholics Anonymous, eh?"

The two hot-saucer pilots stomped over to a super-market and stared through the plate-glass window. The customers turned around, looked interested for a few seconds, then turned back to their heads of lettuce.

The only excitement in Larchmont, the first town invaded, came when a dog in a parked car sighted the strange characters. He began howling. So did some high school girls passing by, but a different kind of howl. They were laughing. It was a big joke.

"If he comes near me," one of them said, "I'll scream."

"They must be mad men from Mars," said another.

Two radio patrol cars passed by. The policemen shrugged and drove on.

The spacemen moved their base of operations three miles to New Rochelle, and began smiling down a busy main street.

"Those guys get around," said a street-corner loiterer. "There are more of them over in Larchmont."

Somebody asked a policeman, directing traffic, to grab the spacemen when they began walking down the middle of the street.

"Aaaaah, they're just having fun," said the cop.

Two little boys walked up to one

visitor and asked him, "What are you?" The kids just laughed when he made an angry grab at them.

"You know something?" one kid said. "They're funny!"

The experiment was just what it sounds like—a press agent stunt. It was to publicize a new movie, "Destination Moon," and a radio program called "Dimension X."

If it proved anything, it was that an interplanetary invasion will be a very funny thing.

There'll be no hysteria or panic. Just a lot of laughs. Apparently, the average American's equilibrium has improved since the days of Orson Welles' Man from Mars broadcast, when people ran from their radios, screaming in the streets.

Who's afraid of the big, bad flying saucer? Nobody.

"Calling all flying saucers! Drop down any time, boys. Everything here is under control."

PARKING TWO, PRICE OF ONE

SANTA MONICA, Calif., July 8. (U.P.)—Motorcycle Officer Bob Clark found two of those pint-size automobiles in one parking-metered space—and scratched his head.

Finally he wrote out two tickets.

Betty Newell and Bob McDonald protested. We had economy in mind when we bought such little cars in the first place," said she.

"If we are short enough to get into one space I can see no reason for paying for two," said she.

City officials decided to make a test case of it and a decision is expected next week.

Hoxha Forms New Albanian Government

PRAGUE, Czechoslovakia, July 8. (U.P.)—Gen. Enver Hoxha has formed a new Albanian government in which he remains as prime minister, the Albanian telegraph agency said in a dispatch published here yesterday.

The Communist general is also foreign minister and minister of national defense. He announced his new government Wednesday night. The old ones resigned after parliament changed the constitution.

Changes were made, the dispatch said, in the number of ministries and in a constitutional clause that read, "Albania is a people's republic." The clause was altered to read, "The Albanian people's republic is a state of workers and working farmers."

Rare Rain In LA

LOS ANGELES, July 8. (U.P.)—For the first time in 14 years, July has brought rain to Los Angeles. The weatherman proudly announced there was measurable precipitation Friday. Exactly .01 of an inch.

CPL. ROBERT BOADLE

Robert Boadle Has Appointment To West Point

Cpl. Robert Boadle, son of Mr. and Mrs. W. T. Boadle, 402 Willis street, has received a principal appointment to the U. S. Military Academy at West Point.

Mr. and Mrs. Boadle were notified by Rep. George Mahon of the honor conferred on their son.

Cpl. Boadle entered the academy on Wednesday.

A graduate of Big Spring high school and of Howard County Junior College, Cpl. Boadle entered the army in September of 1948, shortly after completing junior college work.

His first station was at Fort Ord, Calif., from whence he went to Ft. Lewis, Washington to serve with the Fourth Infantry. In December of 1949, he received a third alternate appointment to the U. S. Military Academy through Rep. Mahon.

In consequence, Robert was sent to USMA preparatory school at Stewart AFB, N. Y. His status was increased to first alternate in March and on June 23 he received his principal appointment.

County Inching Towards Goal In Bond Sale Drive

Howard county has inched past the four-fifths mark in its independence drive for bond sales.

Through June 30, the total amounted to \$96,442.50 in E bonds, which was \$104 per cent of Howard county's \$119,000 quota for the campaign.

Ira Thurman, county bond chairman, said he had received word Friday from Nathan Adams, Dallas, state bond chairman, urging stimulated investment in E bonds in view of the international situation.

Other bond sales and percentages of quota for counties in this area were: Borden none and none; Dawson \$41,137 and 57.1; Ector \$67,798 and 69.3; Glasscock none and none; Lubbock \$124,076 and 44.3; Martin \$1,275 and 10.4; Midland \$68,393 and 36.5; Mitchell \$15,378 and 42.1; Nolan \$24,367 and 62.9; Reagan \$1556 and 19.9; Sterling \$3,131 and 42.8; Taylor \$141,994 and 75.9; Tom Green \$75,078 and 34.1.

British To Withdraw Romanian Official

LONDON, July 8. (U.P.)—The Foreign Office last night denied Romanian charges that a British embassy attaché in Bucharest was a spy.

The Foreign Office said, however, it would withdraw the official, third Secretary R. A. King, as the Romanian government had requested.

HELENE'S HINTS

---Where to shop for what---

I DON'T KNOW... BUT I MUST BE A SCOTSMAN FOR I can't pass a bargain! Can you? Just in case we do spring from the same clan I wish you'd circle this coming week as the best shopping days of 1950. Seems impossible that merchants could make a decent profit... but we have their blessings and also their word that sales coming up (or now in progress) were planned for economy with budget buying in mind. Listen to these buys:

JING (AS AUNT FANNIE SAYS)
I've found the iron and ironing board why that board does everything... but put the clothes away. Hilburn's Appliance company is displaying a super buy in the Sun-beam iron (retail \$12.95) and an all metal board (\$10.95) at \$19.95. The fully-ventilated top of the ironing surface was designed for faster, cooler ironing, and it can be adjusted to six heights from 24 to 36 inches. White rubber caps prevent walking marks and a tricky hidden lever provides fingertip control for lowering or folding. The dandy little iron heats in 30 seconds, is lightweight and can take the depressing business out of pressing with seven accurate ironing speeds. DON'T PASS UP A BARGAIN.

BLESS THE MAN WHO THOUGHT UP THE STUDIO COUCH
and bless Elrod's Furniture store for stocking a beauty of a couch! Is there anything which takes care of extra guests so adequately? The one I'm speaking of sports double pillows, plastic rests on metal arms and a good looking covering with Holograph. There's green, gray, white and brown lined up in pretty stripes and an added touch of beauty in the brown rope fringe which edges the bottom. Simmons makes it... and you'll like it at \$85.50.

FAYE COLTHORP, MANAGER OF FAYE'S FLOWERS is off to the state florists' convention being held in Houston July 11 through the 13th. She makes this annual trek to receive instruction and to get the latest information on trends in displays and arrangements. She plans to do extensive gift buying and her chief marketing will center around tricky merchandise for the coming season. I'll let you in on her shopping spree when she returns from the summer trip.

SEVERAL WEEKS AGO, we shopped Zack's of Margos for slips and I told you of Luxite's Holeproof honey. Remember? Well Luxite's out with a little sister that has the same quality features but a lower price. This nylon tricot froth even has nylon lace trim at the bottom and top, and features the same durability long associated with Holeproof. The luscious colors include honeycomb, white, black, blue and shell pink, and they're available in 32's through 42's at \$8.95.

DON'T PASS UP A DANDY BUY—by not seeing the modern little coffee tables now so popular at THE HOME IMPROVEMENT SERVICE on Gregg. I experimented with these tables at various vantage points over the house and found them convenient companions as side tables with the couch in the living room. The light, sturdy wood finishes beautifully in your chosen colors and at \$5.95... you'll probably want several.

WHEN YOU'RE IN MCCORRY'S this week visit the new plastic department on the north side of the store. There's an attractive back drop of plastic drapes and an interesting counter display of plastic yardage. I'm told McCorry's plan to stock the drapes for living rooms and bedrooms as well as cheery plastic patterns in kitchen curtains. There's a wide assortment of designs and patterns in both the ready-mades and the plastic goods which will be sold by the yard.

A WATERHOUSE WINNER IN THE FAMOUS collection of wallpaper at Thorps Paint Store is the John Wing Stripes. This unique stripe is one of the oldest in the collection and at one time decorated the walls of John Wing's house. An early settler of Sandwich, John Wing, built a little away from the others between two ponds on a narrow strip of land known as Fox Trap Path. His descendants live there today and among their possessions was a little cowhide trunk filled with sheets of wallpaper. Dorothy Waterhouse purchased the trunk and chose this paper for her unique collection. Narrow little stripes of varied design were among the first patterns made by the Dominions, or original wallpaper manufacturers. Small sheets of paper were printed with a black outline by a wooden block and the colors were then hand painted. John Wing stripe is similar in pattern to the very early American wall decoration of hand stenciled designs on plaster.

HAVE YOU DAMAGED YOUR HAIR with home permanents? I've discussed this sad situation with several home permanent givers and find that it's pretty easily done. Operators at the Settles Beauty Shop can remedy the situation in jiffy-quick time, because they're very familiar with such situations. Their Flexa-Waves leave your hair as soft as naturally curly hair... and your fretting over burned locks is banished. Never before has such a permanent as Helene Curtis' Flexa-Wave met with such immediate success and great demand, and never until now has it awakened American women to the superiority of professional beauty service. Try one and you can see the difference for yourself.

THIS SEASON, THE FASHION TREND CONTINUES with your stocking the co-ordinating factor in your costume... the important accessory that completes your costume to perfection, and a little lady with expert know-how in the right hues for hosiery is Mrs. Ljina Fliewellen at Mil-Lady's Accessories. MOJUD supplies her with color cues in costume harmony and up-to-the-minute shades that really compliment your costume. I like Mojuds because of the 'hidden inch' which provides all the give you need for greater comfort and longer wear. The elasticity which assures back-to-back spring for better fit. Mil-Lady's stocks include lace toe and heels; all dark seams; Ultra-Lure with hemstitched heels; and Thigh Molds with two-way stretch tops. In extra shorts, mediums and extra longs, they're priced from \$1.25 to \$1.75.

PLENTY O. K. IS THE PHILCO radio record player now on display at Hester's Supply Company. Did you know that you can listen to five hours of continuous recorded music without changing discs? The phonograph plays three kinds of records including the standard; long playing Columbia; and the RCA's smaller records. You'll be happy to know that the same wonderful record changer is used on all the Philco models whether your choice is the huge cabinet model in bleached or dark mahogany, or the pretty little table model. Hester's has your Philco in stock from \$115 to \$285.

DON'T MISS THE CLEVER GIFT BUY OF THE WEEK at the Big Spring Hardware. It's a beverage set with 18 glasses (in three sizes) and matching crystal ice bucket. Little pink elephants with tippy smiles dance among pink stars all around the various pieces which include water glasses, fruit cups and low-cut glasses for iced drinks. It says \$3.95 on the box.

IF YOUR NEW HARDWOOD FLOORS pose a problem in cleaning, try the new Furr's Food store which handles Bruce Floor Cleaner. The E. L. Bruce Co., world's largest maker of hardwood floors, has come up with a dry cleaner which waxes as it cleans. You'll end soap and water scrubbing because it cleans so easily and doesn't harm wood, linoleum or cork surfaces. Remember that continued use of strong soap solutions can cause linoleum to fade, harden and even crack, so invest 60 cents in a protective measure that shines like nobody's business.

ZALES JEWELRY STORE (which normally rates at the top in quality merchandise at low prices) is now in the midst of one of their finest July clearance sales. The annual event got underway Friday and among the better buys you'll be interested in are watches (valued from \$20 to \$45) going for as little as \$19.95. Check their various departments for wonderful discoveries.

WHAT A WONDERFUL TIME some designer must have had when he stirred up colors for the spun nylon socks at the J & K Shoe Store. Such interesting shades in greens, blues and pinks, and such durability woven into these sturdy soft threads. There's a good variety with socks for the whole family from 25 cents to \$1.00. I was glad to know they stock socks as small as three's in pastel shades for infants or just about as large as you can imagine.

YIPPEE-YI-YAH! It's price bustin' time at Hemphill Wells where their branding iron marks economy... but their brands spell out QUALITY. It's a long established policy of Hemps to not hold many sales... but real ones, and this year's event is scheduled for Monday through Wednesday. You'll find wonderful buys in every department although all merchandise will not be marked with clearance tags. It's always a fun-fest, and I'll bet you my socks you'll meet everyone you ever knew while shopping.

I'VE NO MORE IDEA THAN A SPOOK how they do it, but Lucille's Interior Decorators have a special secret process for backing good scatter rugs so they are slip-proof. Backed with rubber one-eighth of an inch thick, this hug-tight coating will last forever and yet won't harm the weave of fine wool or oriental rugs. An average three by six foot floor covering runs something like \$7 for the permanent finish.

SPORTSMEN AND COLLECTORS alike will be interested in the China plates by Philippe which are featured at the Little Shop. Each piece is handpainted to perfection with birds which range from grouse to turkey. Ideal as plaques for the dining room or breakfast nook, they're elegant with mahogany round or square frames the Little Shop displays them in.

Most Groups Have Filed Applications Under Smith-Doxey

Most organized cotton improvement groups of farmers in this area have filed their applications for cotton classing and market news service they will receive under the Smith-Doxey Act, according to H. J. Matejowsky of the USDA's PMA cotton office in Abilene.

Farmers should make sure that application for their groups are filed at once so they will not miss any of the advantages of the program, Matejowsky reminded.

Deadline for filing applications in this area is Aug. 15. Applications should be mailed to Box 2001, Abilene.

Bayton Snow, 73, Star Route Carrier Hurt In Auto Mishap

COLORADO CITY, July 8.—For several days now, Bayton (Daddy) Snow, 73, will be in a hospital instead of carrying his star route.

Mr. Snow sustained shock, bruises and six broken ribs when a six-wheel trailer truck collided with his car near Dunn at 4 p.m. Friday.

The truck, passing other cars, caught Mr. Snow's car a glancing blow as he turned at an intersection. Impact sent his car into the ditch and him to the hospital. The truck plowed over a concrete culvert abutment and overturned in a pea patch.

Mr. Snow has held star route contracts with the Colorado City post office for the past 10 years. He has never missed a day except for a one-week vacation which he took four years ago. His grandson, Douglas Patton, Brownfield, will carry the mail during the period that Mr. Snow is hospitalized.

Occupants of the truck were unhurt. Highway patrolmen out of Snyder and Postmaster S. A. Palmer and Assistant Ed Moerer of Colorado City.

First HCJC Summer Term Closes Friday

First summer term of Howard County Junior college, which will have extended for six weeks, closes on Friday.

Students will be permitted to register for the second term anytime Friday and Saturday. President E. C. Dodd has announced. Registrations will also be accepted from 7:30 to 10 o'clock Friday night.

Students in night classes can also be registered at that time.

Job Placements Total 58 During The Week

Job placements made through the Texas Employment commission here during the past week totalled 58, the agency reported Saturday.

The TEC made a total of 67 referrals to jobs and received 54 new job orders during the period. Personnel conducted 72 placement interviews and received 478 visitors to the local office. New work applications numbered 32.

Claims action, both initial and continued, totalled 17.

To Leave For Canyon

Mrs. C. W. Norman and daughter, Mary Frances, were to leave for Canyon this morning, where Mrs. Norman's mother is ill.

MENU FOR TOMORROW

SUNDAY NIGHT SUPPER
Chicken and Avocado Salad*
Buttered Whole Wheat Bread
Peach Shortcake with Whipped Cream
Beverage

Recipe for Starred Dish follows)
CHICKEN AND AVOCADO SALAD
Ingredients: 2 large avocados, shredded lettuce; French dressing, 2 cups diced cooked chicken, 1 cup diced celery, salt, mayonnaise, ripe olives, radishes.
Method: Cut each avocado into halves lengthwise and remove seed. Cut each half into three lengthwise slices and remove skin. Place a mound of shredded lettuce on each salad plate. Top with avocado slices and dress with French dressing and salt to taste with sufficient mayonnaise to moisten. Place in mound over avocado. Garnish with ripe olives and radishes. Makes 6 servings.

Connie and Kerney Sue Scudday went to Carlsbad, New Mexico Thursday with their aunt Mrs. M. Hines of Forsan and Ann Spears of Fort Neches. They went through the caverns Friday.

Jimmie King and his boys furnished music for square dancers Wednesday evening in front of W. E. Chaney's filling station. Callers were Mrs. J. B. Calverly, Anita Calverly, Dan Houston, Bryant Harris, Larry Calverly, George Amos of Big Spring, and Ira Lee Watkins.

Mr. and Mrs. Joe T. Underwood, Ada Jo and Underwood Jean, Mr. and Mrs. W. H. Underwood of Midland, and Mr. and Mrs. W. E. Bird and Jimmie of Odessa were guests of Mr. and Mrs. Pete Underwood for the Fourth of July.

Baptist Sunday School Class Has Social, Bible Quiz At Westbrook

WESTBROOK, July 8 (Sp1)—The J.O.Y. Sunday School class met at the Baptist Church for a social Thursday night. Mrs. Hoyt Roberts presided, and the devotional was given by Mrs. Dalton Conaway. Business was attended to and a Bible quiz was given by

Ens. Morgan Starts Advanced Air Training Flights

Ens. William T. Morgan has started his advanced flight training at the Naval Air Advanced Training Command at Corpus Christi.

He recently completed his basic training and now will gain experience in handling service type aircraft, including carrier-type aircraft. Currently he is assigned to flying the AD-1 "Skyraider," a Navy attack plane.

He is the son of Mr. and Mrs. James T. Morgan, 1101 E. 13th, and is a 1945 graduate of Big Spring high school and of Hardin-Simmons University. In 1949 he reported to the Naval Air Station in Pensacola, Fla. to start his training.

Italian Government Pays Pensions

ROME, (U)—The Italian government is paying more than 1,100,000 war pensions from the Second World War and new applications are still coming at a rate of ten thousand a month. The disability payments range from a minimum of \$1 a month up to a maximum of \$100.

Parliament is expected to take up consideration soon of a new proposal to raise the payments on the ground that they are no longer in keeping with Italian living costs. There still are 450,000 applicants for war disability payments whose cases have not yet been settled.

Citrus Trees Offer Chance Of Rewards

HEMET, Calif.—Folks hereabouts are giving every citrus tree they pass the once-over. The Hemet Valley Citrus Pest Control District has offered a \$25 reward to any person reporting a red scale infestation on fruit trees. Citrus shippers reject infected fruit.

But it's doubtful anyone will get rich by looking. Only four cases of red scale were discovered last year.

Bird Is Copy Of
A Sugar Daddy

VAN NUYS, Calif. (U)—"Well, Well, Santa Claus. Give me a kiss sweetheart. Let's take a bath. Oh, boy." This is not Cuddles LeLove greeting her sugar daddy, but a sample of the dialogue dished out by the talking Mynah bird owned by Fred Peck.

Da-O, which means "bird that talks" in the fowl's native India, is apt to repeat anything he overhears. "This can sometimes be disconcerting," says Peck. "Da-O mimics my voice so well I think I'm talking to myself." The mynah, a one-man sound effects department, can also imitate the sound of the doorbell, the telephone, make a knocking sound and say "come in."

Auxiliary To Meet

St. Mary's Auxiliary will meet Monday afternoon at 3 o'clock at 1401 Rannels with Mrs. C. M. Phelan as hostess.

TENSE MOMENT—David Brian holds a gun on Steve Cochran and Joan Crawford in this dramatic scene from "The Damned Don't Cry." The picture is at the Ritz today and Monday, a repeat team-performance for Miss Crawford and Brian, who were together in "Flamingo Road."

JUST TWO HERE—Janis Carter and Robert Young do some romantic shenanigans in this scene from "And Baby Makes Three," a comedy of marital mixups which is at the Ritz theatre Tuesday and Wednesday. Barbara Hale and Billie Burke are also in the cast.

AROUND GOTHAM—Ernest Truex, Dorothy Lamour and George Montgomery are featured players in a comedy romance, "The Girl From Manhattan." This is the featured offering at the Terrace Drive-In tonight and Monday night.

HIGHLIGHTS ON KBST

Top Thrill Show Will Be On ABC

The American Broadcasting Company has purchased exclusive broadcasting rights for Inner Sanctum, top-ranking radio thriller, for presentation over the network beginning next month.

Starting Thursday, July 13, Inner Sanctum will be heard weekly on KBST via ABC from 7:30 p. m. to 8 p. m. for the remainder of the summer.

Acquisition of Inner Sanctum which for nearly a decade has been considered the pace-setting radio program in its field, follows closely upon the purchase by ABC of The Screen Guild Players.

The format of Inner Sanctum will be unchanged and the program will continue under the supervision of H. Brown, who has been its producer-director since it made its radio debut.

In addition to pacing the field of mystery and psychological radio drama, Inner Sanctum has been the vehicle which has given a first "show-case" opportunity to some of the leading players of

stage today. Among others, it numbers among its "alumni" such top-ranking performers as Richard Widmark, Agnes Moorehead and Mercedes McCambridge, all of whom have appeared frequently on the program since it first broadcast.

Baby Makes Three, Also Makes Laughs

The dilemma in which a bride-to-be finds herself when she learns she is going to have a baby by her divorced husband is presented as the springboard for the hilarious events which occur in "And Baby Makes Three."

This is the featured offering at the Ritz theatre Tuesday and Wednesday, and features Robert Young and Barbara Hale, Janis Carter and Billie Burke.

In the "expecting" picture, Young, who contributed, in no small way, to the laughs in "Sitting Pretty," and Miss Hale, that wonderful girl in "Jolson Sings Again," team up for the biggest howl in town. From the moment that Miss Hale finds she is "that way," the merry action is reported to proceed at a very rapid clip, with laugh piling on laugh.

Young and Miss Hale engage in a fight as to how they're going to share custody of the child, battling each other from pillar to post, figuratively speaking, of course. In order to lay a solid legal claim to the child, Young endures an old romance with Miss Carter, whose former association caused Miss Hale to divorce him in the first place. But twin bombshells fall on Miss Hale in the form of information that she isn't pregnant and that her former spouse is innocent of any misconduct; how she then finds an ingenious way to bring her ex-husband back through a convulsively funny tactic, should make for laughter.

Advance reports indicate that the action goes from one humorous incident to another including a comical fight between Young and Hutton Miss Hale's husband and Hutton Miss Hale's husband. Young's mad search to satisfy Miss Hale's craving for leeches nuts; Young's posturing with a baby and the many moments of drawing room comedy.

Miss Burke plays Hutton's flustered mother in support of the stars. Research shows that the gun's serial number designates its manufacture in December, 1873, and that it was shipped out to a hardware merchant in Jonesboro, Arkansas, who had waited ten months to get one of the original "One in a Thousand." He sold it immediately to a frontiersman named Abner Grady, who put it to good use two months later, as a member of a Sheriff's posse, by killing three men who were members of a group of cattle thieves.

The movie gap was subsequently traced to Tennessee, Pennsylvania, Missouri, and finally to a Rifle Stakes of La Crescenta, California, who turned it over as a loan to Universal-International Studio for use in "Winchester 73."

'THE DAMNED DON'T CRY' Joan Crawford In New Melodrama

Bringing back the same starring team which was introduced in "Flamingo Road," a new screen drama which bears the title of "The Damned Don't Cry," is the Ritz theatre's feature for today and Monday.

The story of Lorna Hansen Forbes, a beautiful woman clever in all save love who rises from middle-class surroundings to become one of the most sought-after glamor women in the country.

How she becomes the confidante of a gambling syndicate chief comprises the first half of the story. David Brian, in the lead male role, repeats the success he scored as Miss Crawford's leading man in "Flamingo Road," his first screen role. Soon he sends her to check on the activities of a henchman whom he suspects of double-dealing. This role is played by Steve Cochran and it is here she finds real love at last.

The complications which arise out of such a situation combine to make "The Damned Don't Cry" one of the leading action dramas of the year, and how much is taken from real life records is something only the author, Gertrud Walker and the scenarists Harold Medford and Jerome Weidman know.

Vincent Sherman directed. Others in the cast include Kent Smith, Hugh Sanders and Selena Royle.

Young Radio Star Is Visiting Here Gilbert (Sonny) Barnett, juvenile radio star, and his mother, Mrs. Wilbur Barnett, are visiting here. They are guests of her parents, Mr. and Mrs. G. C. Ragdsdale, and her mother-in-law, Mrs. G. Barnett.

Winchester 73 Rifle Has Star Role In Film

Shooting honors with James Stewart, Shelley Winters, Dan Duryea, Stephen McNally and others as leading players in "Winchester 73," is a 44-0 rifle with a history that makes engaging reading in its own right.

"Winchester 73" is at the Ritz theatre the last three days of this week. The rifle, from which the western film's title is derived, was one of a number manufactured by the Winchester people in 1873 and 1874 and called "One in a Thousand" because of the Winchester edict that every thousandth rifle on the assembly line be given a special handtooled custom treatment, making that particular gun a lethal weapon with absolute perfection guaranteed.

Research shows that the gun's serial number designates its manufacture in December, 1873, and that it was shipped out to a hardware merchant in Jonesboro, Arkansas, who had waited ten months to get one of the original "One in a Thousand." He sold it immediately to a frontiersman named Abner Grady, who put it to good use two months later, as a member of a Sheriff's posse, by killing three men who were members of a group of cattle thieves.

Public Invited To Opening Of McEwen Motors Monday

CLASSIC SHOWROOM—Here is a partial view of the showroom of the new McEwen Motor company, where open house is being observed Monday. The multiple-pane treatment of the windows is effectively shown, as is the exterior light on the Buicks. At right is a bit of the Cordovan limestone flower box which is partitioned by the glass. Cold cathode tubes may be seen against the light celolex for interior illumination. (Culver Photo).

Functional Design Is A Feature Of Plant Appearance

Visitors at the McEwen Motor company Monday will be impressed with the striking appearance of the plant and with its functional design.

The front is anchored on the one side with the multi-paned display room and on the other by a 29-foot pylon which supports a 22-foot overhang and a cutout Buick sign. An exterior-interior flower bed of Cordovan limestone accentuates the effect at the northwest corner, balancing the impact of the tower at the southwest edge.

Inside the display room, the red quarry tile blends with the redwood and Amerboard wall finish. Potted plants and palms unobtrusively lend decorative effect.

Lights are both cold cathode in the ceiling and incandescent spots, the latter accentuating the automobiles on display. Furniture is of leather and chrome type. Pivot point of the room is the hanging stairway, a unique appointment. To the right of it is the sales office, with clear glass panels, as is the adjoining credit and bookkeeping department. This permits an easy view from the front all the way to the back of the shop, and also to the parts department which is back of the partition and just north of the credit department.

The show is large, with many of its features built in for compactness and convenience. In addition to four hydraulic lifts, there are overhead tracts from the steel

HEAD MAN—R. R. McEwen, Sr. is owner and manager of the McEwen Motor company. He has a background of 23 years in automotive sales and service, 15 of it with the concern which he heads. Out of his long experience, he had ideas which resulted in plans for the new plant which is being shown in open house Monday. (Culver Photo).

RIGHT HAND MAN—Brought up in the automotive sales and service trade, R. R. McEwen, Jr. is the good right hand of his father in operation of the business. Since he was old enough to use a dust cloth in polishing models on display, he has been working in some phase of the trade. Like his father, he has been active in civic and service affairs of the community. (Culver photo).

Modern Plant Is One Of Finest In The Southwest

Open house will be observed at McEwen Motor company, 403 Scurry, Monday from 3 p. m. to 9 p. m., marking the occupancy of one of the most modern automotive sales and service plants in the Southwest.

The hundreds of visitors expected to inspect the outstanding facilities will be greeted by R. R. McEwen, Sr., head of the concern, assisted by R. R. McEwen, Jr., and other staff members. Approximately a score of employees will be on duty.

At regular intervals during the afternoon and evening, Gene Nabors will be at the console of the electric organ and will play music.

Visitors will be shown about the building, having an opportunity to inspect all parts of the plant, including the especially attractive private office of the manager.

Of course, those who call will have an opportunity to see the new Buicks, which will be on display in the lobby. McEwen also is dealer for Cadillac. A tour of the service department will show facilities for every maintenance need from washing and greasing to complete overhaul.

Callers will have a chance to view many of the plus-touches of the building, including the canopied balcony and the over-hung or awning. The latter, incidentally, by reason of an overlap pattern, gives an arched effect on the under side.

der of the plant. A big exhaust fan carries fumes to the alley when painting is underway. The structure is as near dust proof as possible. All the exterior space, on which the used car operations of the

Office Facilities Afford Pleasant Surroundings

Several members of the office and sales staff of the McEwen Motor Co. have been associated with the firm over a period of years. They, along with others in the McEwen organization, have been provided modern office facilities in the new building, affording pleasant surroundings as well as efficient functional service.

For example, the business office, with its multitude of modern

appointments, affords a direct view to all departments on the main floor, and is readily accessible to all parts of the building.

Hollis Webb is the top veteran among the "front" personnel. Now serving the firm as sales manager, he has been associated with the company since 1935, except for a four-year period during the war.

J. E. Settles, the office manager, has been on the staff for four years, while Mrs. Settles has held

the position of bookkeeper for the past six months.

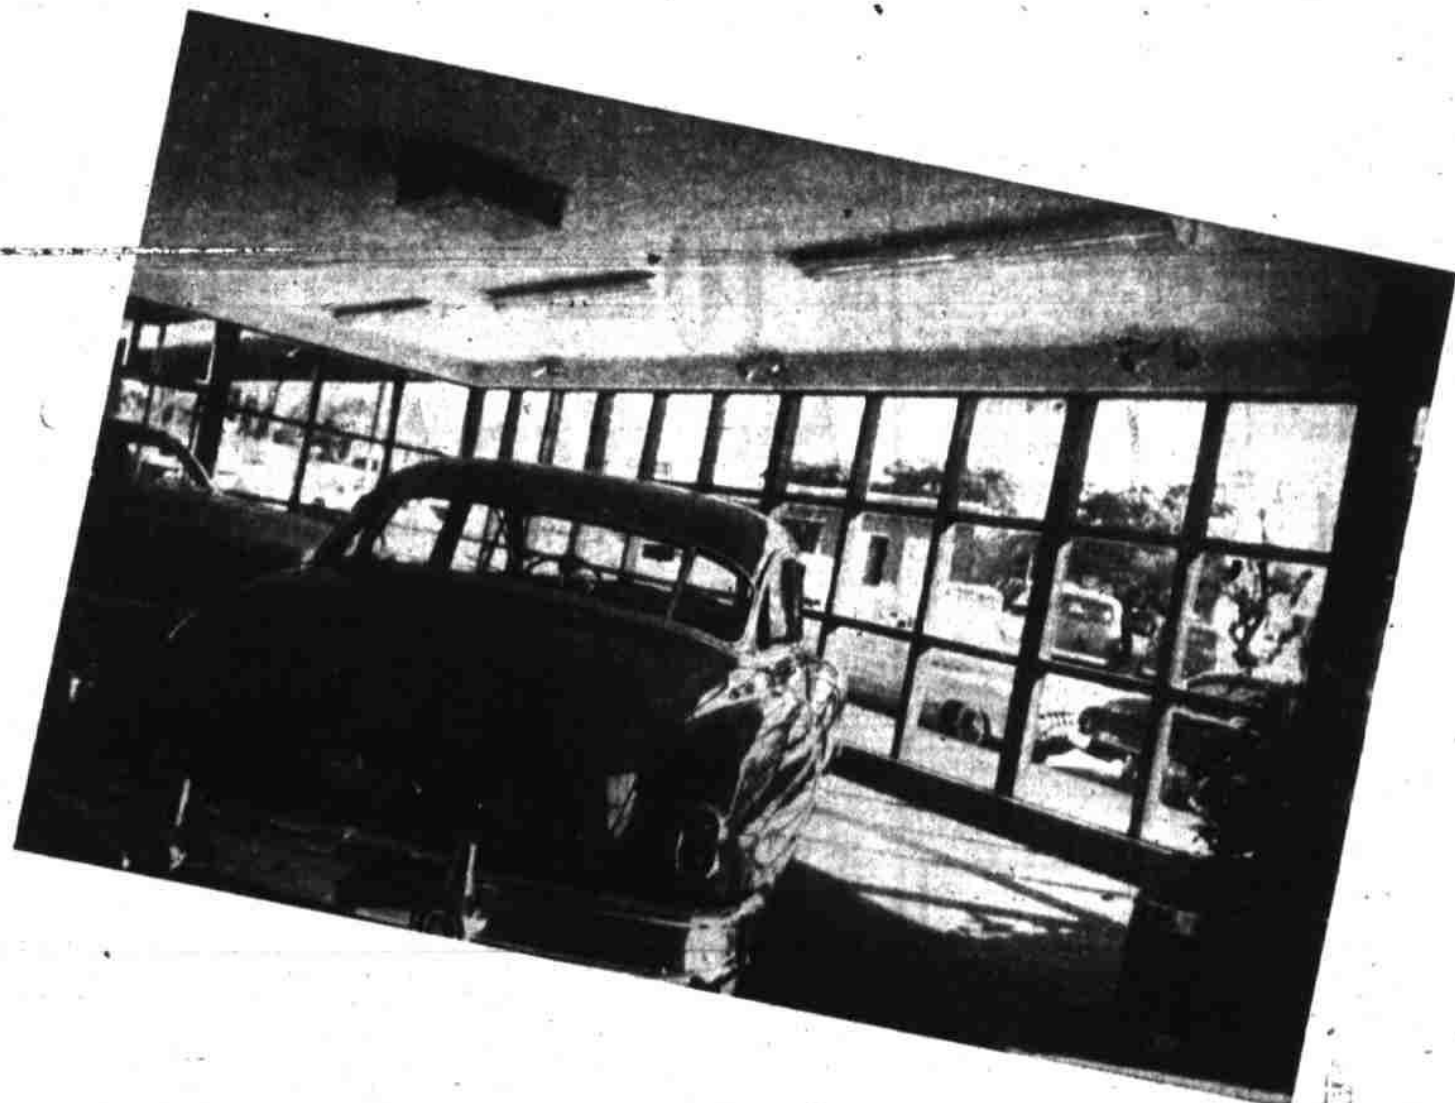

Joe Williamson is the used car sales manager, a position he has held with the company for the past year.

The entire staff, of course, is headed by R. R. McEwen, Sr., the general manager, and R. R. McEwen Jr., assistant general manager, who are both active in the business.

Geisha School Dancers Save Excess Fruit

KYOTO, Japan — A classical Japanese dance school has admitted men for the first time in its five centuries. Several of Japan's top Kabuki dancers are studying at the Inoue Kyo Mai school in Kyoto's famed Gion geisha quarters. Male Kabuki dancers traditionally portray both male and female parts.

You Are Cordially Invited To Attend
Open House
Monday, July 10th

We are indeed proud and happy to announce the completion and formal opening Monday of our modern, new building, 403 Scurry. We cordially invite you to visit our new "home" during open house Monday. We will be happy to have you inspect the spacious, well-appointed display room, see our modern, up-to-date shop, meet our friendly personnel.

This fine new building represents a step forward for McEwen Motor Co., a part of our desire to serve the people of Big Spring even better than in the past. We will be looking forward to your attendance Monday.

Shivers' Two Children Ill

AUSTIN, July 8 (AP)—Serious illness of two of his children today sent Gov. Allan Shivers to Mission by special plane.

The governor cancelled all engagements to be with his children, John Shary, 10, and Allan, Jr., 4, at their Lower Rio Grande Valley home. Mrs. Shivers is at Mission.

The illness has not been diagnosed definitely. Both children have had high temperatures for several days.

Mrs. Shivers said this morning John Shary appears a case of typhoid. The governor had planned to be in San Antonio today for the state bar convention.

IN WORLD WAR I

Air Force Enlistment Brought Russell McEwen To Big Spring

Enlistment in the fledgling air branch of the Army in World War I brought Russell R. McEwen to Texas.

A native Philadelphian, transplanted to New York, might have returned to the East for good, but he had the good fortune to marry a Dallas girl. Sooner or later he was bound to come back to Texas for good—and in the process, to Big Spring.

At the age of seven—when McEwen moved with his family to New York. When World War I came along, he cast his lot with the U. S. Army aviation corps.

He arrived in Waco at Richfield on Thanksgiving Day of 1917 became an instructor. Subsequently he was assigned to the 1st squadron of the Second Provisional Wing.

The following year he married and after the war he and his bride returned east. Soon they were back in Texas, and presently, back in Big Spring.

HANDY HELPERS—One of these four is called in for any manner of job from cleaning griddles to handling washing and greasing at McEwen Motor. Most of them have long records of service at the company. They are, left to right, Charlie Wrightsill, Mozelle Newton, Zepher Anglin, and T. S. Hastings. (Culver Photo).

EARL SHANKS—MECHANIC

Experience Dates To "Cradle Days"

A man whose experience dates back to the cradle days of the automobile heads the service department of McEwen Motor company.

Earl Shank, dean of auto mechanics in West Texas, has been working at his trade for more than 43 years. He's been with the Big Spring Buick agency for 19 of those years, but his experience and qualified in the service of any make or model of auto.

Five Years Work Is Shown In New McEwen Building

Five years ago McEwen bought a 100-foot front in the 400 block on Scurry street and last year added 15 feet to it. That gave him the space needed for a plant he had been dreaming about for a long time.

Not only had he observed the little things which he thought would overcome objections of conventional buildings and plans, but he had been watching automotive plans in general. Besides, while on the road with General Motors, he got to see an imposing number of dealer facilities, noting the good and bad points of each.

The net result is a well controlled set-up from which operations in almost any part of the plant can be observed from the other. The main plant, 50x140, gives a sense of spaciousness far beyond the actual footage.

McEwen has surrounded himself with a number of veteran employees. Of course, his son, R. R. McEwen, Jr., has been in the business all along, starting out as a lad polishing cars, later getting into heavier work around the back shop, then taking a turn at parts and service departments. Today, in addition to being his father's good right hand, he serves as a utility man in the set-up.

Earl Shanks, who was with the company when McEwen came here, is still king pin of the mechanics. Hollis Webb, except for four years out during the war, has been around since 1935 directing sales.

McEwen himself has found time to be active in a number of community endeavors. He has been a director and vice-president of the chamber of commerce, served for years on the Salvation Army advisory board and headed a number of its campaigns, and was for four years commander of the American Legion post. His hobby, as he has had time for it, has been that of horse breeder and fancier.

Now In 3rd Home, McEwen Happily At Home To Stay Now

McEwen Motor company, now in its third home in 17 years, is happily at home to stay.

When R. R. McEwen joined the Keating-Webb Motor company, the plant was located at 422 Runnels about five years. Then it was moved to 211 W. 4th where it operated as McEwen Motor company for 10 years and three months. Now in its new home, precisely designed for its purpose, McEwen has put his roots down to one spot for keeps.

Reds Determined To Gain Formosa Despite America

LAKE SUCCESS, July 8 (AP)—Red China has served notice on the United Nations that it is determined to seize Formosa despite any military measures America may take.

Foreign Minister Chou En-Lai outlined the Peiping regime's position in a cable yesterday to UN Secy. Gen. Trygve Lie. It accused the U. S. of an "act of open aggression" in assigning American naval units to protect the Chinese Nationalist island bastion.

Meanwhile, the Security Council called a session today to take final action on a resolution asking the United States to name Gen. Douglas MacArthur as the first supreme commander of a UN military force in battle. Passage of the measure appeared certain.

Chou En-Lai's message accused the UN of acting as a tool of America by countenancing President Truman's action in sending American naval vessels to guard Formosa. It said:

"By keeping silent on this act of open aggression of the United States Government, the Security Council and the secretary-general of the United Nations have foregone their functions and duties of upholding world peace, and thereby become plant instruments of the policy of the United States Government."

Declaring the U. S. act violates the UN principle "forbidding any member to use force against the territorial integrity or political independence of any other state," the message continued:

Taiwan (Formosa) is an inseparable part of the territory of China. This is not only a historical fact recognized by the entire world, but is also confirmed by the Cairo declaration, the Potsdam declaration and the situation since the surrender of Japan."

The Communist message concluded:

"Despite any military steps of obstruction taken by the United States Government, the Chinese people are irrevocably determined to liberate Taiwan without fail."

Pick Best Drivers

LONDON, (AP)—London cabbies think the best drivers—outside of cabbies—are ambulance men and police. They think that among the worst are women and drivers of postoffice and laundry trucks.

That is how they voted in a poll taken by their magazine, the Green Badge Journal.

FUNCTIONAL

(Continued From Page 1)

company are carried on, is concrete slab. Exterior between the shop and the body shop is connected by a high cyclone wire fence, giving security as well as privacy.

A final twist of handiness is added by the tower. Instead of being entirely walled off, it has a door. Thus its hollow interior may be used for auxiliary storage.

UNUSUAL TREATMENT—Among the unique twists which add a plus architectural quality to the McEwen Motor company is this view. It is looking under the overhang toward the main entrance at left. At right is the office space for sales and finance units. Above is the canopied redwood balcony which opens off the private office of R. R. McEwen, Sr., head of the concern. (Culver Photo).

Material Variety Present In New McEwen Building

It is customary these days for new buildings to possess something unique or unusual, and the McEwen Motor Company's new building has several features that probably could be classed in that category.

For example, the variety of materials used in construction of the building, and the way they are employed, serve to provide contrast and blending where each is desired.

In addition to the regular structural steels, etc., there is structural tile, conventional brick, Cordova cream limestone, quarry red tile, redwood and glass.

A striking feature, readily observed from the street, is the multi-paned glass front, bordered in redwood. Offices on the main floor are finished in Amerwood to a height of several feet above the floor, adding a definite modernistic atmosphere.

A hanging stairway, leading from the main floor to the private office of R. R. McEwen Sr., probably is the only one of its kind in this section. Another unusual feature is the ship-deck styled balcony adjoining McEwen's second-story office, affording a survey of the breezeway and parking area, which might be likened to a court or patio.

At the northwest corner is a flower bed that extends both inside and outside the show room, with glass separating it into two parts at the surface.

Israel To Put Arms In Everyone's Home

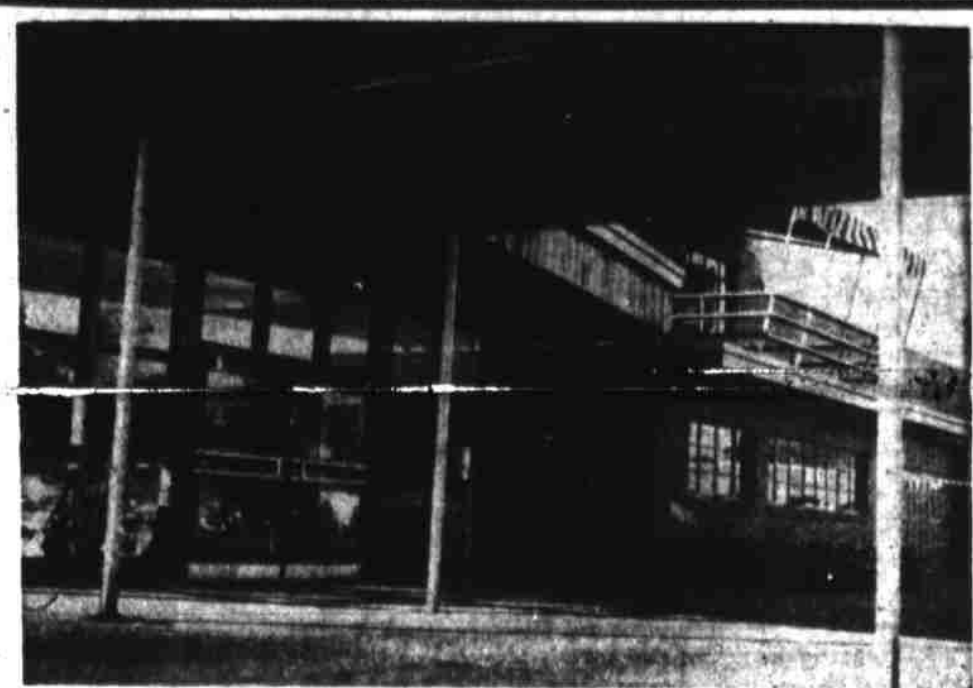

TEL AVIV, Israel — The Israeli army intends to put a rifle in every home in Israel. Colonel Mordecai Makleff, deputy chief of staff, says the army wants everyone to know how to defend himself.

He told a press conference that a new law is being proposed to make it easier for Israelis to obtain small arms and to buy them at lower prices.

Installation Plan To Pay Court Fines

AUSTIN, Texas, (AP) — County Judge Mace Thutman is letting

first offenders in his court pay we think it's better than having their fines on the installment plan. "Where the defendant has a job and is able to pay bit by bit, out their fines at \$3 a day."

New Home of McEwen Motor Co. We're Proud

To have built a building as ageless and beautiful as the new McEwen Motor Company building is . . . To have built a building that is modern throughout and that will last, and last and last.

For tops in construction work employ the best in the field . . . Sanders Construction Company.

Phone 9867

Matching Paints At McEwen Is Not Any Guess Work

Selection of matching paints at McEwen Motor company is not a matter of guess work.

From a control book with hundreds of particular shades, which may be checked until exactly the right one is found, a code is taken. From this the formula for the paint is found quickly and the paint mixed to specifications on precision scales. Then it is automatically mixed and made ready for application.

Special Building Auto Paint, Body Work Department

A special building at the rear of the McEwen Motor company houses auto paint and body work of the concern's service department.

Completely separated from other phases of automotive service, the individual paint and body department assures clean and dust-free paint work as well permits noisy body repair work without distracting workers in other departments.

Virgil Smedley is director of the McEwen body and paint works. He has been with the company for the past four years.

The Mason paint mixer, machine for combining and mixing paints of all kinds to permit matching of all colors, is probably the outstanding piece of equipment in the body department. With the Mason mixer, painters are said to be able to match any color of paint, regardless of age or origin.

The McEwen shop specializes in the application of duco quick-drying enamel on all its work. A complete stock of fenders and side panels for popular models is maintained by the concern, assuring prompt repair.

McEwen Family Took Personal Interest In Construction

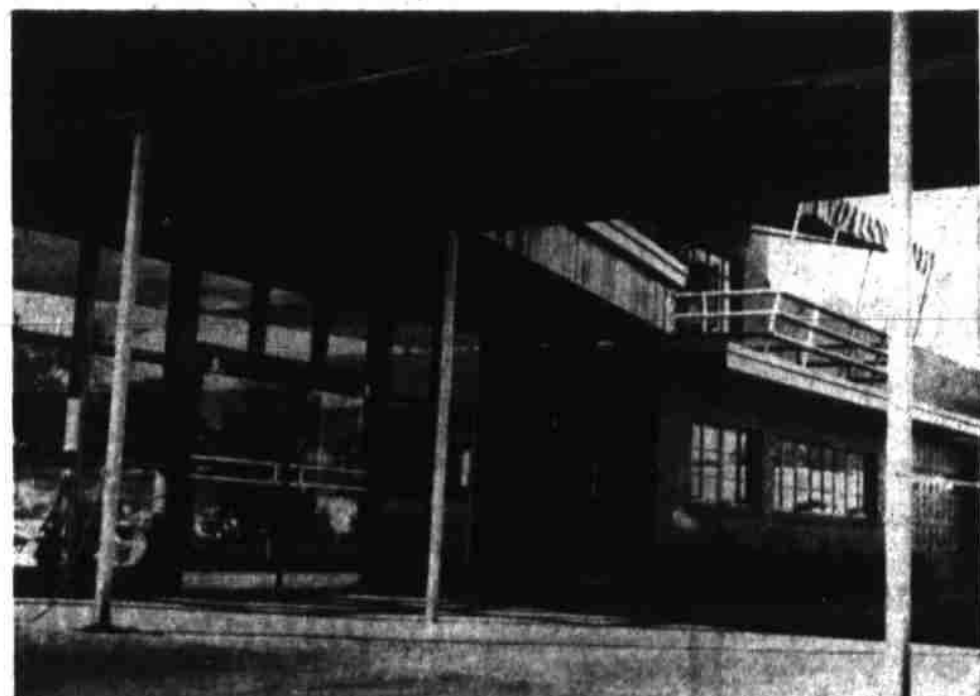

Members of the McEwen Family have taken a personal interest in the construction of the new home for the McEwen Motor company.

When R. R. McEwen called in architects, he had the master plan in mind. In the preliminary stage, his son, R. R. McEwen, Jr., offered suggestions adding to utility and beauty. Mrs. R. R. McEwen, Sr. took over the matter of selection of colors and of the decorative scheme.

IN OUR NEW
SERVICE DEPARTMENT
YOU'LL FIND
Superior Service, Equipment

In our sparkling, new Service Department you'll find the latest in automotive repair equipment. We are equipped to diagnose and cure any ill of your car. Expert wheel alignment, brake relining, motor tune-ups, etc. Although it is a new building with all new facilities, you will still find the same courteous service that you have in the past.

We invite everyone to come in and see our new building. Attend our open house tomorrow, Monday, July 10. Come back in the Service Department and meet the men who are experts in automotive maintenance. They will be glad to show you their part of this business.

Shivers Promises Liberal Pension Plan Backing

AUSTIN, July 8. (AP)—Old-age pensioners had Gov. Allan Shivers' promise of support for a liberalized pension plan if he is returned to the governorship. A prepared release sent to all Texas weeklies quoted the governor as saying he favors removal of the \$35 million constitutional ceiling on welfare grants and opposes a state lien on property of old folks.

The governor said that he has always endeavored, as a public official, to work for a "fair and equitable" old-age assistance program in Texas. As a member of the Senate in 1935, he wrote and sponsored the first old-age pension law that Texas had. He was co-author of the 1941 tax bill which currently provides revenue for the pensions. Shivers is seeking his first elective term as governor.

Drinking water is distilled from the sea at Baku, USSR.

KEY PERSONNEL—Here are members of the administrative staff of the McEwen Motor company. At left is Hollis Debb, sales manager, who has been with the concern with a short exception during the war, since 1936. Next to him is Joe Williamson, used car department manager. To his right is Shelton Jack, service department manager; and I. E. Low, in charge of the parts department. Next to extreme right is J. E. (Ed) Settles, credit manager, and on the right is Mrs. (Polly) Settles, who handles the accounting for the company. (Culver Photo).

Southern States Prefer December As A Marrying Month

N.W. YORK, July 8. (AP)—June is tops for weddings in most states, but the people of Mississippi, South

Carolina, Arkansas and Georgia apparently think December is better. So concluded statisticians of the Metropolitan Life Insurance Company, who reported today that in four southern states, more couples marry in December. Utah—in a class by itself—favors the month of May for matrimony.

Prompt US Aid Boosts Prestige Throughout Asia

By JOHN L. STROMM

President Truman's prompt military steps in the Far East will boost United States prestige throughout Asia and strengthen the hand of anti-Communist forces from Formosa to Ceylon. In every country I visited on my recent 10-week survey of Asiatic hot spots, leaders expressed doubt and fear of U. S. determination to see the battle through in that area.

A leading Chinese businessman of Malaya summed it up: "We never know which way the United States will jump."

Now they know. The masses of Asiatics—and to some extent even their leaders—have no deep convictions regarding them. They want a full rice bowl, a house to sleep in, a water buffalo to pull their plow. The average "man in the rice fields" of India or Siam has no more political education than his buffalo.

His leaders are prone to follow a band wagon policy. They want aboard the biggest and loudest band wagon; they want to side with the winner.

That is why the stiffest fight against Communist guerrillas which I saw in Southeast Asia was being waged under British leadership in Malaya and French leadership in Indo-China.

In the dispatches which I wrote for NEA Service and this newspaper on my return, I stressed the importance of aid to the French in Indo-China. President Truman has now moved to accelerate assistance to fight the Reds on that battle line. Rich resources in food, rubber and oil are thus being protected.

I am sure that a majority of free Asiatic leaders will welcome the American initiative even though it may appear at first look to bring hot war closer. Uncertainty in some cases played the Russian game by sowing doubt.

General Douglas MacArthur made it clear to me when I visited his headquarters in Tokyo that he felt sooner or later it would be necessary to take a stand against Communist aggression—the sooner the better.

I am sure, based on my visit, that the North Korean attack upon South Korea did not take MacArthur's headquarters by surprise. He expected the Russians to prod and push for soft spots. He also believed that they were not prepared to get into war with the United States.

As I see it, these are the country-by-country results of the U. S. action on Korea:

Formosa—Chiang Kai-shek's Nationalists are given a breathing spell behind the shield of the 7th Fleet. They are saved from the menace of amphibious attack and at the same time can strengthen their forces for later eventualities.

Indo-China—The French defenders of Viet Nam must be close to physical and financial exhaustion and the acceleration of military aid ordered by President Truman should be real if it is to be effective. The French commander here urged: "One supply ship next week rather than 20 when it is too late." That was in April.

Malaya—Rubber planters will be heartened to continue the fight against Red-led guerrillas. The large Chinese population of Malaya which has been fenced sitting should be deeply impressed.

India, Indonesia and Burma—If the bold American gesture wins, the weak new native governments will be given time to grow up.

Rhee Elated Over Lack Of Sabotage

TAEJON, Korea, July 8. (AP)—President Syngman Rhee said today "despite earlier Communist terrorist activities within the Republic of Korea there has been no single act of sabotage" since outbreak of war.

The South Korean President through a spokesman expressed appreciation of moral and physical support given his invaded nation by the United Nations. He also praised the morale and devotion of the Korean people.

The leadership of the clandestine Communist commandos is undergoing a purge.

Tito Is No. 1 Soviet Target Despite Korea

PARIS, July 8.—Satellite diplomats are convinced that the impending liquidation of Yugoslavia's Tito is Moscow's target No. 1 and that the Korean operation is a distant diversion.

Marshall N. A. Bulganin, a deputy premier of the Soviet Union, was quoted as having recently asserted on a visit to Budapest:

"We shall soon settle accounts with Tito, but before doing that we must clean up a few American bridgeheads, especially in the Far East."

According to my informant, this statement was made by Bulganin to Imre Gyomai, recently resigned minister of the Hungarian embassy in Paris.

Diplomats with reliable information on Russia believe the Korean adventure indicates that a prowar group has attained at least temporary ascendancy in the Soviet politburo—the 12 men who run Russia. This group is believed headed by G. M. Malenkov, Bulganin and M. A. Suslov.

The decisive American action to defend South Korea was seen by these sources as a dash of cold water in the faces of the Soviet hot-heads. They believed U. S. military steps would end the Korean war swiftly.

However, they foresaw the possibility that the Malenkov-Bulganin-Suslov group would attempt to use the American military support of South Korea as justification for aiding Bulgaria, Albania, Hungary and Romania to fall upon Yugoslavia.

War between Russia and the United States was by no means regarded as desirable by these diplomats. But they did say that the pro-war group in the politburo would be willing by 1952 to risk a lot to attain its ends.

They listed these aims as: 1. Eliminate the renegade Tito. 2. Seize Berlin. 3. Overrun Western Europe.

Rumors in Cominform circles in Europe prior to the Korean incident had indicated that the overrunning of western Europe might have an even higher priority.

At a recent secret meeting of Communist commandos in the French town of Avignon, M. Tournemaine, Secretary-General of the French Railway Workers Union and a top Cominform official, told 500 persons that the Red Army would "liberate" France within a year.

"I know that prison awaits us," said Tournemaine. "I know that we shall be persecuted. But this will not last long. Liberation is near. Our Soviet comrades, the glorious Red Army, will soon liberate us."

He urged his followers to spare no effort in sabotaging both the Schuman plan to unify French-German coal and iron production and the unloading of American arms at French ports.

The source of this information saw the possibility that Moscow was merely trying to boost the morale of Communists in western Europe.

Arms have been unloaded without interference and Red fronts have been losing members. The Communist-dominated Confederation of Labor has lost more than 2,000,000 members in two years.

It was reported noteworthy that Tournemaine's promise of "liberation" was received by his audience with stony silence. As result

King Leopold's Wife Expecting A Baby

BRUSSELS, Belgium, July 8. (AP)—The Brussels newspaper La Libre Belgique said yesterday King Leopold's wife, the Princess de Helthy, is expecting a child early next year.

The newspaper said she would be unable to attend the funeral of her mother, Mrs. Henri Basle, who died at Ostend yesterday.

It had already been announced that the Princess would remain in Switzerland for a while if King Leopold is recalled to his throne and returns to Belgium later this month.

Census Head Unhappy With San Antonio And Houston Areas

HOUSTON, July 8. (AP)—Area Census Director James W. Stroud isn't happy over the fact that two of his districts in Texas—Houston and San Antonio—are still open for business.

All other districts have announced preliminary figures on the 1950 census.

"The worst thing about it is they are holding up the announcement of population figures for the state," Stroud said. "I can't see any rea-

son why Houston and San Antonio should be lagging so far behind." Houston District Supervisor George F. Findlay said yesterday he may announce Houston's census by the middle of the week.

Stroud said San Antonio probably will announce a week from today.

Funeral Is Fatal

JUBA, Sudan, (AP)—Charged with homicide, a tribesman was acquitted when investigation showed he was only brandishing his spear too enthusiastically at the funeral of a relative.

Congratulations

McEwen Motor Co.

On the Formal Opening of Your Beautiful New Building.

We are proud to have supplied a part of the materials that went into the construction of this building. We are proud to be serving the West Texas area.

SPACIOUS BACKSHOP—Service department of the McEwen Motor company is amply large. It also is well arranged and equipped. Along the wall at left may be noted enamel cabinets for the mechanics. Three of the four hydraulic lifts may be seen, while above an overhead track runs contrary to the beams. At the rear is another lift, plus special equipment for testing ignition, carburetion, and an area for washing and greasing. (Culver Photo).

SOMETHING TO BE PROUD OF

Auto Service Shop Is One Of Most Modern, Best Equipped

One of the most modern and best equipped auto service shops in West Texas is that of the McEwen Motor company in its new quarters at 4th and Scurry streets. Completely departmentalized throughout, the McEwen Service department occupies a spacious and conveniently arranged shop at the rear of the new sales and show rooms fronting on Scurry. Staffed with top-notch mechanics in every department, McEwen's service covers all phases of automotive operation, regardless of make or model.

Taking advantage of available natural lighting, the new shop structure is finished in comfortable, light-reflecting colors inside and contains nearly a score of large windows which filter glareless daylight into the interior from the north side. Maximum lighting efficiency assures thorough service as well as provides comfort for mechanics.

Probably heading the list of equipment in the new shop are the Sun motor tester, distributor tester, and electrical system analyzer instruments. The Sun instruments are designed to thoroughly test and diagnose the operation of every electrical gadget on any automobile, assuring maximum efficiency of operation.

The McEwen shop is also equipped with Bear static-dynamic wheel balancing instruments, a Bear camber and caster alignment device with bending tools for complete front end alignment, and latest equipment for brake lining and adjustment service.

Engine tune up service, which includes analysis with the Sun all phases of carburetion, timing, testing equipment, also covers

all phases of carburetion, timing, and distributor and spark plug point adjustment.

The McEwen shop is also staffed and equipped to service and repair all types of automatic transmissions, including the Buick Dynaflo and other hydraulic drives.

Other special equipment is the valve grinders, cylinder hones, welding equipment, steam cleaning and undercoating machines, and four twin hoist hydraulic lifts spaced conveniently about the floor for use by the various departments.

Walls of the service room are lined with new tool cabinets with built-in workbenches and special equipment for auto service. They include special racks for all hand and small power tools, and covered containers for cleaning fluids.

All safety precautions are carefully observed in the McEwen shop with power equipment provided with guards and shields to protect eyes, arms and hands of workmen.

Mount Zion Stones

JERUSALEM, (AP)—Stones from ancient Mount Zion are to form part of a new Jewish synagogue to be built in New York City. They are being handed over to a delegation of "Young Israel" representatives from New York.

McEwen Parts Department One Of Texas' Best

The parts department is important to any automobile distributing concern, and the McEwen Motor Co. which recently moved into its new building, new Buicks and all, boasts one of the best in West Texas.

The entire department, of course, is based upon an arrangement recommended to Buick dealers by the manufacturer.

In the case of the McEwen Motor Co., nothing has been overlooked to provide well-organized, efficiently operated parts department.

The parts manager is I. B. Low, who has been with the firm for some two and a half years. The arrangement is such that he can place his hands upon any part within a few seconds after an order is submitted.

Fixtures in the parts department, of course, are the latest type available, as are other facilities in the new McEwen building.

Has Short Trip To Korean Sector

SEATTLE, July 8. (AP)—Richard J. Comiskey, assistant, III, knew his stay in Seoul, Korea, was to be short—but he didn't think it would end so abruptly.

He arrived in Seoul June 24 for the Economic Co-operation Administration. He planned to stay two months. Three days later, when North Korean planes attacked Seoul, he left.

Comiskey arrived in Seattle last night via Northwest air lines, one of the first Korean evacuees to reach the United States.

Congratulations To Our New Neighbor

McEWEN MOTOR CO.

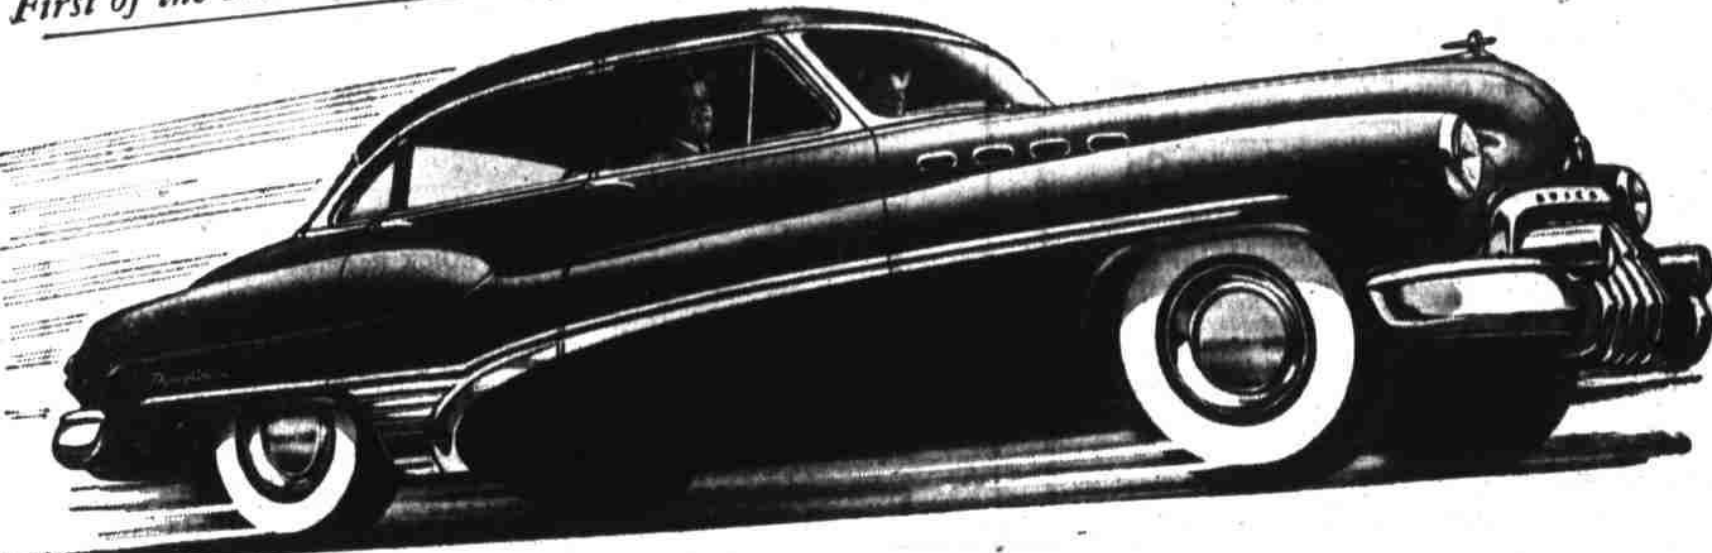

on the formal opening of their new and modern Home July 10th. We Are Proud To Have Had A Part In The Building Of McEwen Motor Co.

First of the Fine Cars in Value

This one Telescopes your Timetable

Of course you recognize it.

Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field?

But have you tried it?

Have you matched this sweet-stepping bonny against the tall hills, and the call of the straightaway?

Ever tooled it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of foot-motion and maximum of timesaving?

Ever known the good feel of a light and easy wheel, swinging almost at a

finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it?

Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on all four wheels, sweetly restful in both front and rear seats?

There's no reason, really, to wait

longer for such satisfying experience.

There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from him by eager buyers—to put you behind a ROADMASTER wheel.

Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

Only Buick has Dynaflo*—and with it goes!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, steep-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Based on ROADMASTER, equipped as shown on SUPER and SPECIAL models.

YOUR KEY TO GREATER VALUE

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

PRIVATE OFFICE—This is the office of the head of the McEwen Motor company. At right a small portion of the drapes on outside windows may be seen. In the rear is a narrow window which overlooks the service department below. At left is a sliding panel door leading to auxiliary office storage. The wainscot is Amerboard, the walls in fabric finish of pale green. Blond furniture and carpet and leather upholstered chairs round out appointments. (Culver Photo).

WEST TEXAS STAND-OUT

Fine Office Vital To McEwen Motors

One of the finest offices in all of West Texas is an unostentatious yet key part of the new McEwen Motor company building.

Located on the second floor, the office is connected with the display room by an unique hanging stairway arrangement set against rosewood panelling.

The office is at once spacious, yet not extravagantly large. Wainscoting, as it is throughout the building, is of amerboard. Walls are in a pastel green fabric board, and one picture has its moulding out of the fabric board, also.

An interior window permits easy view of the service department so that McEwen can note when customers drive in. The exterior window carries the steel residential casement, and a doorway leads to a rustic balcony topped by heavy awning and figured with heavy redwood slab. From this point practically all operations of the concern can be surveyed.

Floral panels blend ideally with surroundings, and potted plants add a fresh and lively touch. The ceiling is in celotex, and illumination is from indirect fluorescent globes. The floor is carpeted, and leather bound easy chairs are for comfort of visitors. The same ducts

which bring cooled air in the summer will furnish warm ventilation in the winter.

Sliding doors open to a spacious closet where old records and other items not in current demand but nevertheless essential may be stored handily.

The desk and bookcase are heavy yet simple, blending easily into the plan. The office gives the impression of being a study or residential living room, yet it is handy and abounding in utility.

British Carrier On Way To Jap Waters

SINGAPORE, July 8. (U.P.)—The British Aircraft Carrier HMS Unicorn will sail for Japanese waters on July 12, a Royal Navy spokesman said yesterday.

The Unicorn arrived here from Hong Kong on June 29 and earlier had been scheduled to remain for some time. She is used mainly as a "floating base" for other carriers.

"There's A Rainbow Round My Shoulder" because there is money in my jeans from selling don't wants, thru want ads.

Kids Whose Fathers Died In War Now Have Over 1,400,000 Substitute Dads

ATHENS, O., June 8. — Bobby, Ray and Brenda Lou Finnearty are three normal youngsters of ten, seven, and five. Normal, except for the fact that their father was killed in the war and now they have more than 1,400,000 substitute "fathers" looking after them.

The Finneartys were the first of 1,286 children being cared for by the Fraternal Order of Eagles' Memorial Foundation. Since their father, William Finnearty, was killed in action in Luxembourg in 1944, two of the children have had operations and all have received dental services.

They receive periodic medical and dental check-ups by their own family doctor, paid for by the Eagles' Foundation. And a Aerie, remembers the youngsters on their birthdays and at Christmas.

Later, when it comes time for them to go to college or vocational school, there'll be financial help from the Foundation. Says their mother: "I don't see

how I could have managed without the Eagles. God bless them and God bless the Foundation."

It was in 1944 that the Eagles set to work. Of the 182,757 members in service, 3,161 were killed in service. Rather than erect a memorial statue, the order decided to provide a "living" memorial—helping the children of those 3,161.

Today, 1,286 children in 745 families are receiving aid. The largest is an Ohio family of eight children. There are three others with six children each.

While the order estimates that the peak in the educational aspect of the Foundation will not be reached until 1962-63—when they figure that 503 of the children will need help—their welfare of the sons and daughters of Eagle fathers who made the supreme sacrifice.

But today far and away the biggest job of the Foundation is medical and dental assistance. As of April 1, 1950, it had paid for 323 tonsillectomies, 196 eye ex-

aminations, 120 pairs of eyeglasses, 49 X-rays, numerous operations.

The Foundation uses the income from a \$3,000,000 fund set up for the purpose. To augment this, it conducts an annual Memorial Foundation seal campaign. Judge G. A. Farabaugh of South Bend, Ind., who has served as chairman of the Foundation since its inception, recalls the reasoning behind the establishment of the Foundation in its present form.

"The question we were all asking," he remembers, "was, 'how can I help?' Our answer was to build a living memorial to fulfill a two-fold purpose that would honor the Eagles who served their country and the sons and daughters of Eagle fathers who made the supreme sacrifice."

Summertime is "open road time" if you want to buy or sell a car - the best place is thru inexpensive want ads.

Best Wishes To McEwen Motor Co. On Formal Opening Monday, July 10th

Red Wedding Is Now Sounding Board For Communist Theories

HONG KONG, (AP)—The Chinese Reds are turning even the ancient wedding ceremony into a sounding board for their theories. The left-list newspaper "Pa Kung Pao" carries an account of a recent Shanghai wedding which it said was "rich in educational meaning." Instead of sending gifts, guests paid the equivalent of 5 cents each at the door for tea and takes. The lavish wedding feast—for which a groom ordinarily will go into debt for years if necessary—was cut out entirely. So was the "drinking, juggling, and juggling." So were the fireworks, the brass band, and the

wedding procession where the bride usually rides through the streets in a closed sedan chair. Instead, there was a discussion which criticized the old style wedding a round-table talk on "how dining, appraised the new, and led to attain the full meaning of marriage."

High Winds Go Fast

LOS ANGELES (AP)—Up and down drafts 30 to 50 miles above the earth may reach 600 miles an hour. This is the conclusion of Dr. William Kellogg of the Institute of Geophysics. He has studied meteor trails, thin clouds which reach that height and rocket records. He says the high winds he has observed may be a hazard to aircraft in the stratosphere.

MECHANICS—These factory-trained men make up the mechanics' force at McEwen Motor company. They are: left to right, Walter Bredemeyer, Virgil Smedley, Mac Mires, Sam Wells, Dave Lynn, and Earl Shank. Smedley is a body man. Shank is perhaps dean of automotive mechanics in West Texas. (Culver Photo).

WISCONSIN IS EXAMPLE

Industry Can Play Vital Role In Conservation Of Forestry

By DION HENDERSON
—AP Staff

The forests are creeping up again all over the country. This growth isn't a thing to surprise you while you're looking the other way, but it's there all the same. And it isn't accidental. It isn't all government or private commercial reforestation work either.

Take Wisconsin, for instance. In 1910, Wisconsin led the nation in lumber production. It was the peak and the finish of the lumber baronies in the state. By 1913, the first state forester was able to read the future to an extent that enabled him to lay down a program for future land use.

After the policies dictated by simple economics had changed the state from an area with too many trees to one with too few, the principal of resource management had an opportunity to evolve and set a national pattern.

In 45 per cent of the state's total land area, the plow didn't follow the ax, but fire did. The result was wasteland. In 1926, the first industrial forest was established. In 1927 the state legislature passed the forest crop law to give tax relief to land used for tree growth. The first fire protection, a national pattern, was set up that same session. In 1929, the first enabling zoning law in the nation was passed. It gave counties authority to keep settlers off land fit only to grow trees. (Today as much as 85 per cent of some counties is zoned for recreational use.)

And today, Wisconsin has 13,000,000 acres in the forest protection district. Of this, 8,500,000 acres are under some form of small ownership. These were the acres that had to be reached for a successful reforestation program. The need gave birth to a non-profit cooperative organization that has grown to be another in the long series of models set up for American foresters in Wisconsin.

Trees For Tomorrow Inc., was founded in 1944 by 11 paper mills and one power company, interested in watershed protection. It set up an in-the-field program in six counties at first to develop a pattern by which a semi-public organization could function effectively.

Its "small owner" program distributes free trees to landowners, surveys the trees the first year, tests soil and makes a survival count. The plan now is spreading

through Wisconsin into Upper Michigan and doubtless will be picked up elsewhere.

But perhaps as important as the millions of seedlings growing where scrub stood a few years ago is the educational program working simultaneously on many levels.

The "Tree For Tomorrow Conservation Camp" operates at Eagle River from April 1 to Nov. 1 each year. Co-operating agencies include the University of Wisconsin, the state Department of Public Instruction, the state teachers colleges and the U. S. Forest Service.

Field institutes and conservation seminars are conducted for educators in the winter. Workshops in the camp are held each summer for students and teachers alike. Forestry scholarships worth \$1,200 each are awarded annually. Thirty school and 10 memorial forests have been established in and for as many communities. Movies and books have been made available to school and interested adult groups summed up for the profession.

As Melvin Taylor, executive director of T for T, said recently:

"Without setting out to determine policies or effecting legislation, Trees for Tomorrow has proved that there is a vital role that industry can play in the field of co-operative forestry and conservation education."

And S. L. Frost, executive director of the American Forestry Association at Washington, recently summed up for the profession: "Progress being made in forestry in Wisconsin is outstanding in the nation from the standpoint of co-ordinated effort by your organization."

Serve Four Years

CHICAGO (AP)—Being governor now is a four year job in most states. New Jersey extended the tenure from three to four years in 1948. Connecticut will lengthen the lease on the office from two to four years next January. By that time, says the Council of State Governments 28 states will have four-year governors. The others have two year terms.

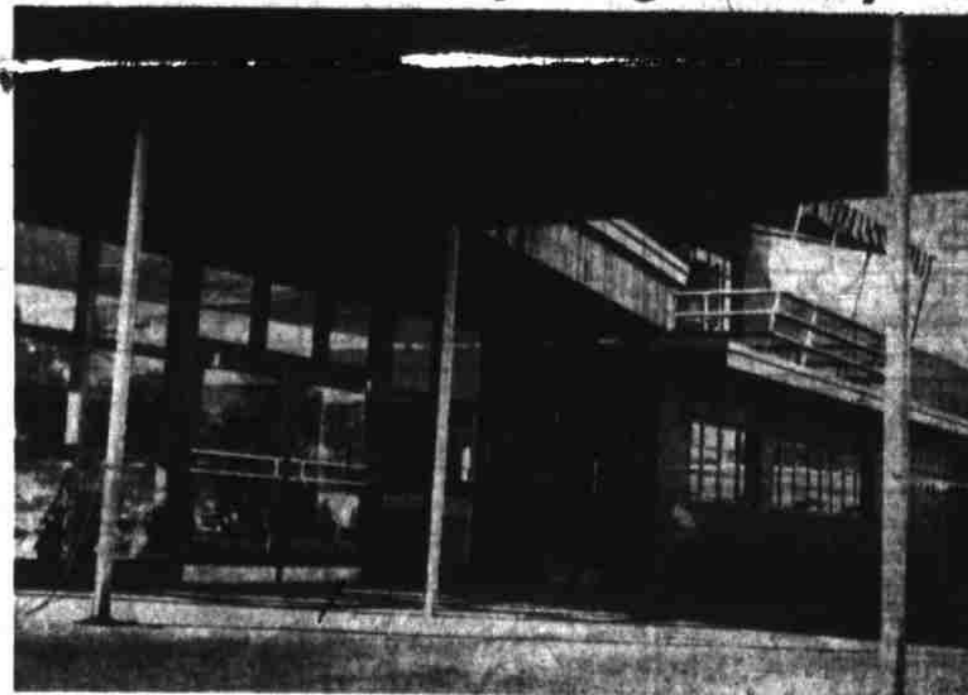

Movie Causes Famine Of Lions In Rome

ROME (AP)—Europe is in for a lion famine this summer. Except for zoos, there'll hardly be a lion

to be seen. Circuses won't have about as many lions as there are in postwar Europe. The film producer leased the whole lot of them.

The reason: the movie "Quo Vadis," being filmed this summer at Cinecitta outside Rome, had to have fifty to sixty lions for its Circus Maximus scenes. And that's justly hunters.

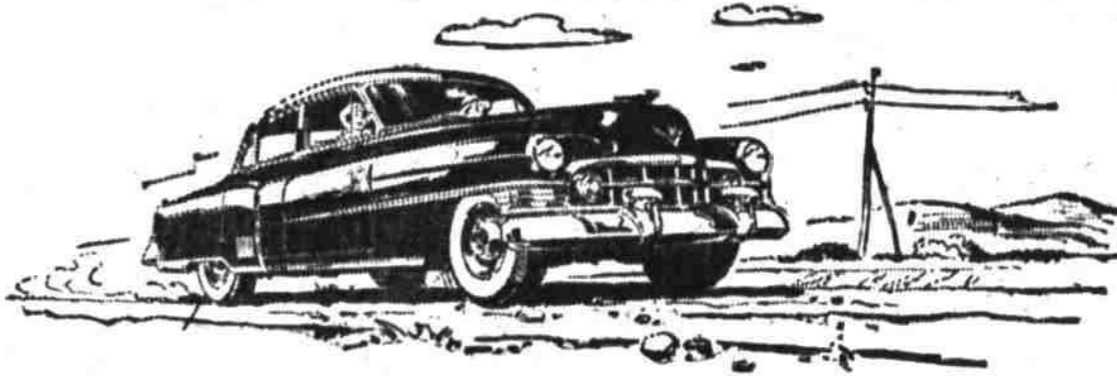

A Hearty Handshake to McEWEN MOTOR CO. On Their Formal Opening Saturday

A hearty hand shake of congratulations to R. R. McEwen and McEwen Motor Co. upon their formal opening Saturday, July 10. We invite you to attend the open house of this fine automotive firm. Uniforms for shop personnel furnished by us.

Today the same as over a century ago Lankford is still combining the very best in workmanship, material, and service to give you uniforms you will be proud to wear.

T. S. LANKFORD & SONS UNIFORMS ABILENE, TEXAS

Next Best Thing to a New Road!

YOU must understand, of course, that nothing in the world can take the place of a beautiful ribbon of improved highway—

—stretching so enticingly out into the open country, and all but beseeching you to come for a ride!

But under the happiest auspices, you will have to do much of your driving, for years to come, down roads and highways that leave something to be desired—

—and how lucky you'll be if you ride them out in a 1950 Cadillac!

In recent years, Cadillac has carried out a tremendous program of research

and improvement to achieve a finer "rough-road" ride. The development work has covered steering, springs, shock absorbers, frame, wheels, tires, shackles—and all the attendant engineering problems involved.

In the 1950 Cadillacs, this program has come to full fruition—and the results are simply a revelation.

First, you get wonderful balance. The car "stays put"—and you have a reassuring feeling of stability, even when the going's uncommonly rough.

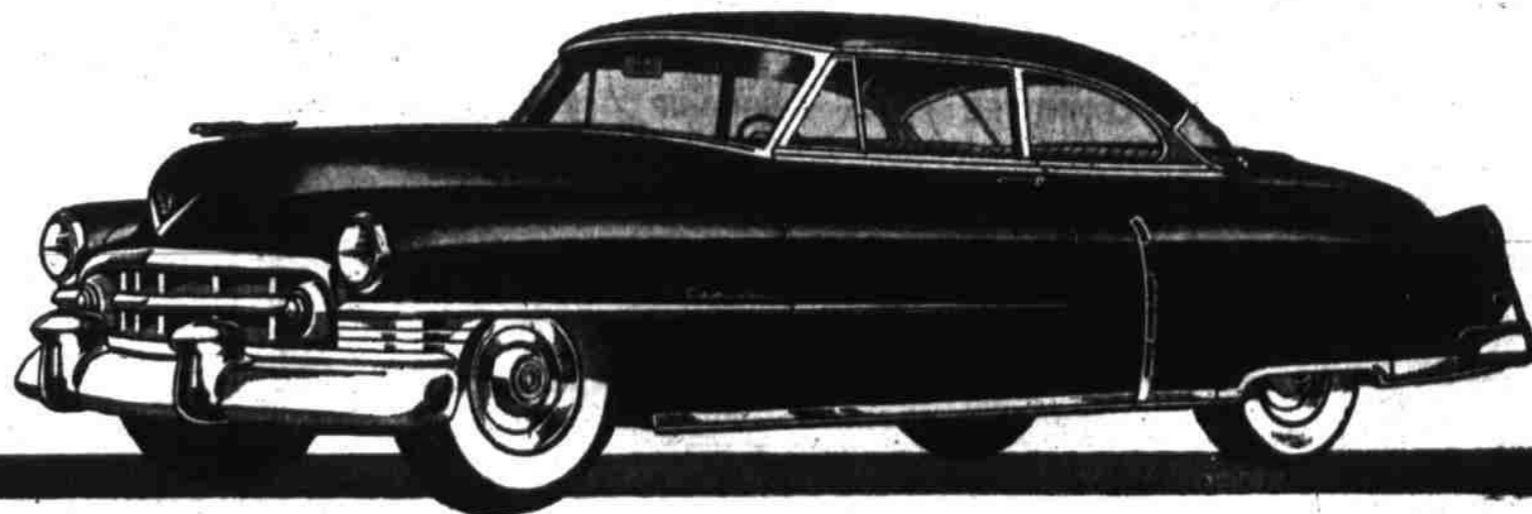

And your ride is amazingly level. You "float" over the bumps and the depres-

sions, ever so gently. Only a road so bad that it deserves condemning can make itself obvious to either the driver or passengers.

And, of course, the remarkable quietness, of both body and chassis, shows up most dramatically on the roughest roads. For quality tells its finest story when the pressure is greatest.

Yes, there can be no question that a 1950 Cadillac is the next best thing to a new road!

Why not come in and get acquainted with this wonderful car? We'd be happy to see you any time.

Pirates Strike At \$5,000 Rubber Cargo

PENANG, (U) — Pirates in the Straits of Malacca struck for the second time this year when they stripped a junk of a \$5,000 rubber cargo 30 miles southwest of Penang. The junk was on its way from Indonesia.

The last piracy took place on January 30 when a sailing junk was stripped of rubber and quinine valued at \$660.

Quonset Huts Can Be Good Cow Cafeterias

NEW YORK, (U) — Quonset huts of proper size can be made into good cow cafeterias. "Steelways" magazine says the cafeterias can cut man hours in feeding cows to a little as four hours a winter. One hut is set up inside another one. Chopped hay is dropped into the space. The hay is held in place by hinged wooden slats with enough space between them for a cow's nose. Movement of the slats when the cows feed dislodges hay from the space above.

Distortion Measured

LOS ANGELES, (U) — The earth is pulled out of shape by gravity of sun and moon, says John T. Pettit, University of California physicist. Using a sensitive instrument known as a gravimeter, he has found that a single point on the earth's surface may vary as much as four feet in its relation to the center of the earth.

Texas Solons Reverse Stand, Support Korea

Texas congressmen are supporting the current effort to stop Communists in Korea. But there was a day when a good many of them voted against administration-backed aid to Korea.

Aid to Korea! These words are now a battle cry with MacArthur and Americans in action under the banner of United Nations.

Though millions are being spent today in lending aid to Korea, by sending planes, ships and men to the attacked region—and billions are in the prospect of being spent—a majority of Texas congressmen opposed aid to Korea in January.

A majority of the Texas delegation voted against the administration-backed measure on Jan. 19 in refusing, 193 to 191, to lend financial aid to Southern Korea.

The Associated Press dispatch from Washington on that date described the bill as one that would have "authorized of \$60 million more to round out a \$120 million program to help Southern Korea keep its economy going in the face of Communist-dominated Korean regime to the North."

Only eight Texas congressmen voted for the aid program at that time. They included Reps. Weirich, Patman of Texarkana, Lindley Beckworth of Gladewater, J. M. Combs of Beaumont, John Lyle of Corpus Christi, George Mahon of Colorado City, Clark Thompson of Galveston, Homer Thornberry of Austin, and Eugene Worley of Shamrock.

Opposing the aid-to-Korea measure on Jan. 19, and being in the majority at that time, were: Reps. Lloyd Bentsen of McAllen, Omar Burleson of Anson, Clark Fish of San Angelo, Ed Gossett of Wichita Falls, Paul Kilday of San Antonio, Wingate Lucas of Grapevine, Tom Pickett of Palestine, W. R. Poage of Waco, Ken Regan of Midland, Olin Teague of College Station, Albert Thomas of Houston, and J. Frank Wilson of Dallas.

Efforts immediately were made to bring the House measure to a vote again. Speaker Sam Rayburn of Texas, heading the administration appeal.

Secretary of State Dean Acheson appeared before the House Foreign Affairs Committee (in which no Texas congressmen serve), asking that the Korean aid bill be reconsidered. He said Korea could resist Communist pressure if it had the extra money. The bill provided that aid would stop if "one or more Communists" were allowed in the Korean government.

The House on Feb. 9, reversed its action of Jan. 19, and voted the aid to Korea, though eight Texas congressmen refused to change their vote and opposed the bill, in which aid to Formosa, also, had been included.

On the final vote, 198 Democrats, including 11 Texans, and 42 Republicans favored the aid-to-Korea bill; and 91 Republicans, 42 Democrats, including eight from Texas, and one American-Laborite opposed it.

The eight Texans opposing the aid included Reps. Bentsen, Fisher, Lucas, Pickett, Poage, Regan, Thomas, and Wilson.

Rep. Patman, who had voted for the aid in January, was not present for the second vote, being in Texas at the bedside of ill relatives.

Texas who changed their vote to support the aid, after voting against it the previous month, included Reps. Burleson, Gossett, Kilday, and Teague. (Speaker Rayburn is not recorded in the voting, having that privilege only in case of a tie).

Majority Leader McCormack, leading support for the bill, said that "adverse and far-reaching effects throughout the world" would result from failure to aid Korea and Formosa. Rep. John W. Key (D-W. Va.), supporting McCormack, declared that aid would preserve Korea from anything but "a major, widespread invasion" which is "not anticipated."

From the Republican side of the House, Rep. William Lamke (North Dakota) criticized the State Department's "niggardly" attitude toward Far Eastern assistance, and urged Korean aid because "if the Communists move into South Korea—then World War III is on."

Opposition to the bill was summarized by Rep. Lawrence H. Smith (R-Wis.) in saying "the risk we are taking is too great." Aid building up Korea, he added, would make it a "plum" for a Soviet grab.

Still Seek Tombs Of Alexander, Cleopatra

ALEXANDRIA, Egypt (U)—Where are the tombs of Alexander the Great and Cleopatra? Both are believed hidden under the historic city of Alexandria, founded by the Macedonian conqueror in 332 B.C., nine years before his death.

Repeated searches for their burial places have proved fruitless. But archaeologists haven't given up hope. One story has it that Cleopatra's contains a solid gold bath.

Archaeologists, on the basis of previous discoveries, believe that Alexander, conqueror of the known world of his time, lies buried somewhere beneath the streets of Alexandria's present Gabbari district—now a cotton business center.

Inks Out Hobby

BLOOMINGTON, Ill. — Ten years ago a friend gave Mrs. Loren Lewis an inkwell—and as a hobby. Mrs. Lewis began to collect them. Now she has three shelves filled with inkwells made of brass, copper, iron, wood, porcelain, china, silver, ebony and glass.

Chart Shows American Aircraft Superiority Over Russian-Made Yak Fighters In Korea

The superiority of U. S. aircraft was demonstrated early in the Korean crisis. American transport planes were helping to evacuate 2,000 persons, including members of the United Nations Commission on Korea, American civilians and military dependents, when they were attacked by enemy planes. U. S. fighter planes went into action and were reported to have shot down several Russian-made North Korean Yak fighters without a loss to Americans. A reason for this quick success may be found in the adjoining comparison of the outstanding differences between American and Russian fighters; at least those used by the North Koreans in the early fighting.

THE RUSSIAN Yak fighter used by North Korean Reds has these specifications:
 Gross Weight 7,500 pounds
 Wing Span 32 feet, 10 inches
 Length 27 feet, 10 inches
 Top Speed 440 miles per hour
 Maximum Range 850 miles
 Maximum Ceiling 36,000 feet
 Armament 20 mm. Nose Gun Plus Two 12.7 mm. Guns or 37 mm. Nose Gun and One 12.7 mm. Liquid-Cooled Piston Engine with 1,310 Horsepower

THE SHOOTING STAR F-80, American jet fighter meets these specifications:
 Gross Weight 9,600 pounds
 Wing Span 34 feet, 39 inches
 Length 34 feet, 8 inches
 Top Speed 600 miles per hour
 Maximum Range 1,200 miles
 Maximum Ceiling 45,000 feet
 Armament Six .50 Caliber Guns Plus Two 1,000-pound Bombs or Ten Rockets, Turbojet J-33 with 4,600 pounds Thrust

French Radio Hits Iron Curtain Nations

PARIS. — The Voice of France is sounding louder, clearer and further every day in its role as a cold war weapon. For some 150

hours every week, multiple transmitters of Radio Diffusion Francaise—which means simply "French Radio Broadcasting"—hammer at the iron curtain with broadcasts of news, music and culture. And the men who run the government-controlled radio are now

blueprinting even more. Russian-language broadcasts are to be added to those already going out in Czechoslovakian, Polish and Hungarian. In addition, French Radio broadcasts shortwave programs daily in English, Spanish, Italian, Arabic, and Dutch, as part of a general effort to tell the world about France and its problems. From 1938 through 1944, Dartmouth won the Ivy League basketball championship every season.

Imagine! 12 Cubic Feet of COLD SPACE IN THE FLOOR SPACE OF A PRE-WAR "6"!

... AT A NEW LOW PRICE!

EXTRA HIGH BOTTLE SPACE

42 1/2 lb. FROZEN FOOD CHEST

**White House Repairs
Expected To Last
Over 300 Years**

WASHINGTON, (AP)—Three centuries without major repairs are hoped for in the renovation of the White House. Lorenzo S. Winslow, architect in charge of the project, for which Congress appropriated \$5,400,000, says:
"We are rebuilding the White House with materials which we expect will give a satisfactory performance of service without costly repairs for 300 or more years."
"The building will be repointed with slate and copper flashings a much of the red metal on the roof will, of course, be resued. Cooper will also be used for gutters, leaders and downspouts. All hot and cold water lines will be red brass, while the heating, vent and waste lines will be copper tube. The hardware fixtures will be solid brass and bronze."

GIANT CARRIER LEAVES — Its flight deck jammed with combat planes, 27,000-ton carrier Philipine Sea is shown at the San Diego, Calif., Naval Air Station dock shortly before departure for Pearl Harbor to become the nucleus of new Task Force York, comprising cruisers, destroyers and other craft. The flat-top and escorting destroyers were to rendezvous at sea with the cruiser Toledo and Helena, based at Long Beach, Cal. (AP Wirephoto).

MEDICAL ARTS CLINIC-HOSPITAL

Announces The

Association Of

A. T. GILLESPIE, M. D.

Specializing In The Practice Of

Obstetrics, Gynecology and Pediatrics

**Michigan Governor
Apologetic Because
Of Fast Auto Ride**

TRENTON, Mich., July 8, (AP)—Gov. G. Mennen Williams is apologetic about that fast Fourth of July auto ride through this village.

But he's not too sure that he and his state police escort were doing 70 miles an hour.

Answering a rebuking letter from the village president, Dr. Gordon L. Strohm, the governor said his escort declared it was only 40.

But he added that he "sincerely" regretted any difficulties. Dr. Strohm had said it was "reckless."

Dividend In Vipers

BUFFALO, N. Y., (AP)—Two vipers were shipped from Siam to the Buffalo zoo. The box arrived containing mama viper, papa viper and 28 offspring. Zoo officials regarded the viperettes as a \$1,400 dividend.

**TWO ROBINS
GREAT PETS**

NEWTON, Mass., July 8, (AP)—When three-year-old Betty Jean Lebrun wants a playmate all she has to do is call: "Here birdies, here birdies."

And out of a tree in her yard flutter two young robins. They perch on her shoulder.

The child and the birds have been fast friends since she nursed one of them back to health after it fell from a nest.

Women Help Out

BELGRADE, (AP)—Women now help to shape the future of Yugoslavia from high seats in the government's councils. In the recent elections here, for example, 32 of the new assembly—Yugoslavia's counterpart of Congress in the United States—are women. There are 620 members of the new assembly.

**Given Death Penalty
In Rape Of Girl**

HILLSBORO, July 8, (AP)—Isaac Clemons, 44-year-old Negro ex-convict, was given the death penalty here yesterday for the death of a 12-year-old Negro girl.

The all white jury deliberated 15 minutes.

Clemons confessed raping the girl and crushing her skull with a rock before dragging her into an abandoned storm sewer on May 22.

Sudanese Hunters Off

KHARTOUM, (AP)—People just aren't interested in hunting giraffe as they used to be. Sudan tribesmen are given quotas of giraffe they can kill from horseback. The official Sudan record reports one tribe with a quota of 75 killed only 49. Another tribe didn't bother to kill any of its quota of 20.

The giraffe population is growing, despite some poaching by Arabs.

RUSTY RILEY by FRANK GODWIN

HERE'S THE 'MEDICINE', TAFFY... JUST SPRINKLE IT IN THE FEED... IT'LL FIX THE HORSE, ALL RIGHT!

OKAY, OKAY... NOW GET GOING!

MEDICINE! GOLLY! MR. ALLERDYCE'S HORSE MUST BE SICK!

SINCE THAT KID RUSTY FEEDS BLAZE, HE'LL GET THE BLAME WHEN THE HORSE GETS SICK... IF I KNOW UNCLE QUENTIN, THE KID WON'T BE AROUND HERE LONG!

OH, I DON'T THINK THAT'S NECESSARY, RUSTY... YOU CAN MIX BLAZE'S FEED IN HILLBILLY'S PAIL.

SAY, TEX, SINCE BLAZE IS OVER IN THE OTHER BARN AND HILLBILLY IS IN BLAZE'S STALL, SHOULD I CHANGE THEIR FEED PAILS, TOO?

I SEE YOU'RE FIXING THE FEED FOR THE HORSES - SAY... I WONDER IF YOU'D GET MY SADDLE FROM THE TACK ROOM... THE HUNT CLUB IS ARRIVING.

SURE, MR. ALLERDYCE.

STILL LATER

AH! THERE YOU ARE, TAFFY... JUDGE ADAMS, THIS IS MY NEPHEW, TAFFY ALLERDYCE.

NOT JUDGE ADAMS, THE OWNER OF CEDAR POINT TRACK? WELL, I AM DELIGHTED.

HOWDY, SON.

HM-M! - SO THAT FELLOW IS MILES' NEPHEW... IF I'M NOT MISTAKEN, I'VE SEEN HIM WITH THAT MAN, MCCORKLE, THAT WE BARRED FROM CEDAR POINT TRACK.

GOLLY! MR. ALLERDYCE'S HORSE DOESN'T ACT VERY SICK! I'M GOING TO ASK TEX ABOUT IT!

TO BE CONTINUED

SORRY, LASSE - YOU CAN'T TELL THEM ANYTHING -

I DON'T WANNA SEE YOU HAVE TROUBLE, JUST CAUSE YOU'RE NICE TO ME - I WOULD FEEL JUST AWFUL - I'LL TELL 'EM THE TRUTH -

THE INVESTIGATORS WILL LEARN YOU ARE A HOMELESS ORPHAN, AND AS A REWARD FOR YOUR LOYALTY TO ME YOU'LL BE SEPARATED FROM ZERO AND TAKEN TO THE COUNTY HOME FOR - - -

GEE, I NEVER THOUGHT OF THAT!

YOU'LL SOON BE IN ANOTHER COUNTY, AS FREE AN HAPPY AS YOU WERE THE LUCKY DAY I MET YOU - - -

OPEN THIS LETTER WHEN YOU REACH THE TOWN - KEEP SMILING, LASSE - IT'S A NEW COUNTY AND A NEW SUNNY DAY - GOOD-BYE NOW, AND ALWAYS KEEP YOUR CHIN UP -

GLORYOSKY, ZERO - A TEN-DOLLAR BILL AN' THIS LOVELY LETTER FROM MR. MC BLITHE! LISTEN TO WHAT HE SEZ IN THE LETTER - - -

"HERE IS THE ONLY PIECE OF PAPER YOU FORGOT TO PICK UP ON THE PICNIC GROUNDS - GOOD-BYE, GOOD LUCK - GOD BLESS YOU - EVER YOUR FRIEND, JOCK MC BLITHE"

IT'S MOODER... YA RATS... HIS GLOVES IS LOADED!

SHUT UP!

SLUGGY'S GLOVES ARE LOADED? THE BANDAGES SOAKED IN PLASTER OF PARIS DO MORE DAMAGE WITH ONE PUNCH THAN TEN LEGAL ONES...

UGH!!

UGH!! SMASH!

OPEN UP YOURSELF, JOEY, SON - NO ADVICE, YA... DON'T GET HIT... KEEP COVERED -

HEY, IT'S WENT OVER THREE MINUTES... TH' ROUN'S OVER... RING THE BELL?

AN'RIGHT... I'LL RING IT MESELF!

BONG! BONG! BONG! DROP THAT... DON'T PAY NO ATTENTION - SHUH, SLUGGY... STOP 'EM!

JOE CATCHES SLUGGY WITH A HARD RIGHT... AND QUICKLY FOLLOWS HIS ADVANTAGE

GRASH

RING D'BELL!

TIME! ROUN'S OVER!

KEEP PUNCHIN; JOEY... THEY DON'T OBSERVE NO RULES!

SHAME DAT BELL??

YA...

BONG! BONG! BONG! STAY BACK... IF YA DON'T WANNA GET MOBILIZED... I'M REPERSE HERE!

Captain Easy

THE TIME ARRIVES FOR DEAD EYE AND BIG THUMB TO SET THEIR TRAP FOR DEPUTY MARSHAL EASY.

HERE'S THE PLAN! YOU HOMBRES START FIGHTIN'! BIG THUMB CALLS EASY TO STOP IT, AND I'LL START SHOOTIN' JUST AS EASY COMES IN!

OKAY, DEAD EYE, BUT MAKE IT LOOK LIKE YOU'RE SHOOTIN' INSTEAD OF TRYIN' TO PLUG EASY!

A FEW MOMENTS LATER--

I DON'T WANNA GET MIXED UP IN THAT FIGHT!

A FREE-FOR-ALL AT THE GOLDEN EAGLE, EASY! YOU'VE GOT TO STOP IT!

I'LL RUN RIGHT OVER, CARPER!

HE'S ON HIS WAY, DEAD EYE!

I'M READY! GET OUTA THE DOORWAY!

DON'T HIT SO HARD-- JUST MAKE IT LOOK GOOD!

I CAME THE BACK WAY, DEAD EYE! I SORTA FIGURED THE FRONT DOOR MIGHT BE RISKY!

HUH?

YOU BOYS OUGHT TO MIX IT MORE CONVINCINGLY-- LIKE THIS!

LOOKS LIKE YOU PLANNED TO LET SOMEBODY COLLECT A STRAY BULLET WHEN HE CAME IN THE FRONT DOOR, DEAD EYE! COME ALONG TO JAIL AND EXPLAIN!

AS MY DISTRIBUTOR'S MAIL AT SADDLE HORNE'S STORE--

THIS IMPORTANT LOOKING LETTER'S ADDRESSED TO 'CITY MARSHAL BAGNELL'--

EASY?! WILL YOU TAKE IT TO HIM, MARSHAL BAGNELL?

ANY MAIL ADDRESSED TO THE CITY MARSHAL IS MINE! EASY'S ONLY A DEPUTY, MISSUS! I'LL OPEN IT!

Yow

IN 'ANCIENT BRITAIN, 55 B.C...

GRATEFUL FOR THEIR AID IN BEATING OFF AN ATTACK ON ONE OF THEIR OUTPOSTS BY THE FIERCE BRITONS, THE HARD-PRESSED LEGIONNAIRES OF CAESAR TAKE IN OUR TIME-TRAVELERS AS FRIENDS AND COMRADES-IN-ARMS.

By V.T. HAMLIN

WE WELCOME YOU AS BROTHERS!

EVERY GOOD, STRONG BACK COUNTS HERE IN THIS DANK, HOSTILE LAND!

BUT FOR YOUR OWN PROTECTION, YOU SHOULD WEAR THE TRAPPINGS OF THE LEGION!

UM... WELL, I GUESS IT'S THE THING TO DO.

OKAY BY ME-- WHAT SAY, DOC?

HEY SARGE THIS STUFF'S ALL TOO SMALL. AIN'T WE GOT NOTHIN' BIGGER?

AFRAID NOT! ANYHOW, TH ONLY ARMOR WE HAD THAT'D FIT HIM WAS BIG TONYS.

AND THEY KNOCKED HIM OFF LAST WEEK!

OH! THEN SOME BIG BRITONS WEARING IT NOW!

SORRY, BIG BUT THAT'S HOW IT IS!

LOOKS LIKE TH' ONLY WAY YOU CAN GET AN OUTFIT IS TO TAKE IT OFF N SOME OVERSIZED, HAIRY-FACED BARBARIAN!

WELL, IN THAT CASE I GUESS I'D BETTER GET AT IT!

HEY, NOW WAIT-- WE WERE ONLY KIDDING!

Y'KNOW, MEBBE TH' GUY'S GOT SLEPPIN'!

NEVER MIND, I'LL GET BY OKAY-- AND IT WON'T BE ON MY LOOKS NEITHER!

HE LOOKS ENOUGH UNLIKE US ROMANS TO GET INTO THE BRITONS' LINE'S EASILY!

YOU SLEGGED ME!

I DID NOT... BUT IT'S A GOOD IDEA! I SHOULD'VE DONE IT LONG AGO!

CLANG BOV! BAM!

HAH! THAT OUGHTA BE ENOUGH FUSS TO COVER MY MOVEMENTS!

REG. U. S. PAT. OFF.

OUR BOARDING HOUSE

With Major Hoople

THAT STUFF IS AGED IN THE OAK! ONE DROP ON YOUR TELEVISION SET WILL BRING IN EGYPT!

ER--AH--WELL, I BELIEVE I DO HAVE A COLD COMING ON-- KAFF-KAFF!-- A BIT OF THIS AND A LITTLE REST AT HOOPLE MANOR WILL NIP IT IN THE BUD.

SAY, BUSTER, I HAVE TO GO UPSTATE FOR A FEW DAYS! HOW ABOUT YOU TAKING CARE OF A FEW PET ALLIGATORS MY GREAT AUNT SENT ME FROM THE EVERGLADES?

THAT'S A PRETTY DAFFY ORDER, BUT OKAY! WE'VE HAD A LOT OF STRANGE GUESTS WHERE I BOARD-- BUT THE PLACE CAN STILL STAND VARIETY!

UM--SMACK--SMACK--BY JOVE, I FEEL BETTER ALREADY!

SMIFF--SMIFF-- IF MY NOSE DOESN'T FAIL ME, THAT'S THE BREATH OF A SATURDAY NIGHT!

LISTEN, POPS-- I DON'T MEAN TO BE COOLING YOUR SOUP WITH MY THUMB, BUT IF YOU DON'T LAY OFF SWIGGIN' THAT JAGUAR SWEAT, YOU'LL CURL UP LIKE AN ANCHOVY ONE OF THESE DAYS!

FAW! DON'T BE RIDICULOUS!

COME TO THINK OF IT, MAYBE ACTIONS DO SPEAK LOUDER THAN WORDS

EEE--GAD! A YOUNG BUCKAROO TRYING TO GIVE ADVICE TO AN OLD BATTLE-SCARRED VETERAN OF LIFE LIKE ME! SILLY BOY!

EE--EE--YEEK!

TOOTS & CASPER

TOOTS, DID YOU MAKE THE RESERVATIONS FOR OUR TWO-WEEKS' VACATION AT THE BEACH?

YES, EVERYTHING IS ALL SET.

I HOPE YOU WON'T BE ANGRY, CASPER. I TOOK A ROOM AT THE RITZEE MANOR. IT'S THE CHEAPEST ROOM IN THE HOTEL, BUT STILL IT'S AWFULLY EXPENSIVE!

IT'S A VERY TINY ROOM AND IT FACES AWAY FROM THE OCEAN.

IT'S ALL RIGHT, TOOTS. I DON'T MIND---AT LEAST WE'LL BE ABLE TO SAY WE STOPPED AT A SWANKY HOTEL.

CASPER, I HAVE TO ATTEND A BOARD MEETING. I WANT YOU TO CALL UP THE RITZEE MANOR AND RESERVE A LARGE OCEAN-FRONT SUITE FOR THE NEXT TWO WEEKS.

ER--GULP--GEE, BOSS--WELL, ALL RIGHT--O.K.

TOOTS, OUR VACATION IS OFF. THE BOSS SUDDENLY DECIDED HE'S GOING TO THE RITZEE MANOR FOR THE NEXT TWO WEEKS, HIMSELF!

OH, HOW COULD HE? HE KNEW YOU WERE PLANNING TO GO AWAY--AND HE WOULD PICK THE RITZEE MANOR!

CASPER, I THINK YOUR BOSS IS THE MEANEST MAN IN THE WORLD! AND I'D LIKE TO TELL HIM SO!

I DON'T BLAME YOU! AND THIS MAY BE YOUR CHANCE--HE SAID HE'D CALL ME LATER.

HELLO, TOOTS! THIS IS MR. PLUNKER. I DIDN'T GET A CHANCE TO TELL CASPER THAT THE RESERVATION AT THE RITZEE MANOR WAS FOR YOU AND HIM. HE'S BEEN WORKING HARD AND DESERVES A REST!

HAVE A GOOD TIME AND CHARGE THE BILL TO ME!

DID YOU TELL HIM OFF, TOOTS?--I DON'T CARE IF HE FIRES ME!

OH, CASPER-- I FEEL SO GUILTY! THOSE RESERVATIONS MR. PLUNKER HAD YOU MAKE AT THE RITZEE MANOR WERE FOR US--AT HIS EXPENSE!

WHAT?! WELL, LET'S START PACKING. WE DON'T WANT TO WASTE A MINUTES TIME!

ISN'T MR. PLUNKER WONDERFUL, CASPER? I THINK HE'S THE SWEETEST MAN IN THE WORLD!

THE LONE RANGER

By **FRAN STRIKER**

WE'VE GOT TO GET THOSE MEN! IF THE DRIVER OF THE PAY WAGON LIVES, HE CAN IDENTIFY US AS THE PAY ROLL THIEVES.

WAIT! MY COLT'S NO GOOD AT THAT DISTANCE AND THE RIFLES ARE SINGLE SHOT.

THAT'S RIGHT IF WE MISSED 'EM, THEY'D BE ON US BEFORE WE CAN RELOAD.

SOLDIER BADLY WOUNDED.

HE HAS A SLIGHT CHANCE TO LIVE IF WE CAN GET HIM TO A DOCTOR.

THEY'RE HEADIN' TOWARD TOWN!

WE'LL KEEP 'EM IN SIGHT AND WATCH FOR A CHANCE TO GET THEM.

HE'S MASKED!

I FOUND THIS MAN SERIOUSLY WOUNDED!

BRING HIM IN!

A BULLET WOUND! THE SHERIFF MUST KNOW THIS. HE'LL ALSO WANT TO KNOW ABOUT YOU AND WHY YOU WEAR THAT MASK!

I'LL GO GET THE SHERIFF!

WE SAW THE WHOLE THING! YOU AND YOUR PARTNER SHOT THOSE SOLDIERS ON THE PAY WAGON!

THAT NOT TRUE!

WE WANT THAT MASKED MAN!

BRING OUT THAT MASKED MAN!

NOBODY GO INSIDE!

WHEN WE GET A MOB STIRRED UP WE'LL BUST IN AND MAKE SURE THE SOLDIER DOESN'T TALK!

Prince Valiant

IN THE DAYS OF
KING ARTHUR

BY HAROLD R. FOSTER

Synopsis: HAP-ATLA CALLS HIS CAPTAINS TOGETHER FOR FINAL INSTRUCTIONS; THIS ATTACK MUST SUCCEED! WITH THE DAWN COMES THE HUGE RAM FROM ITS HIDING PLACE AMONG THE TREES. STRAIGHT FOR THE MAIN GATE IT GOES, LURCHING AND RUMBLING!

SLOWLY IT MOVES, ITS CREW SHOUTING LOUDLY TO KEEP UP THEIR COURAGE, FOR THE SILENCE OF THE CASTLE IS MORE OMINOUS THAN A THREAT.

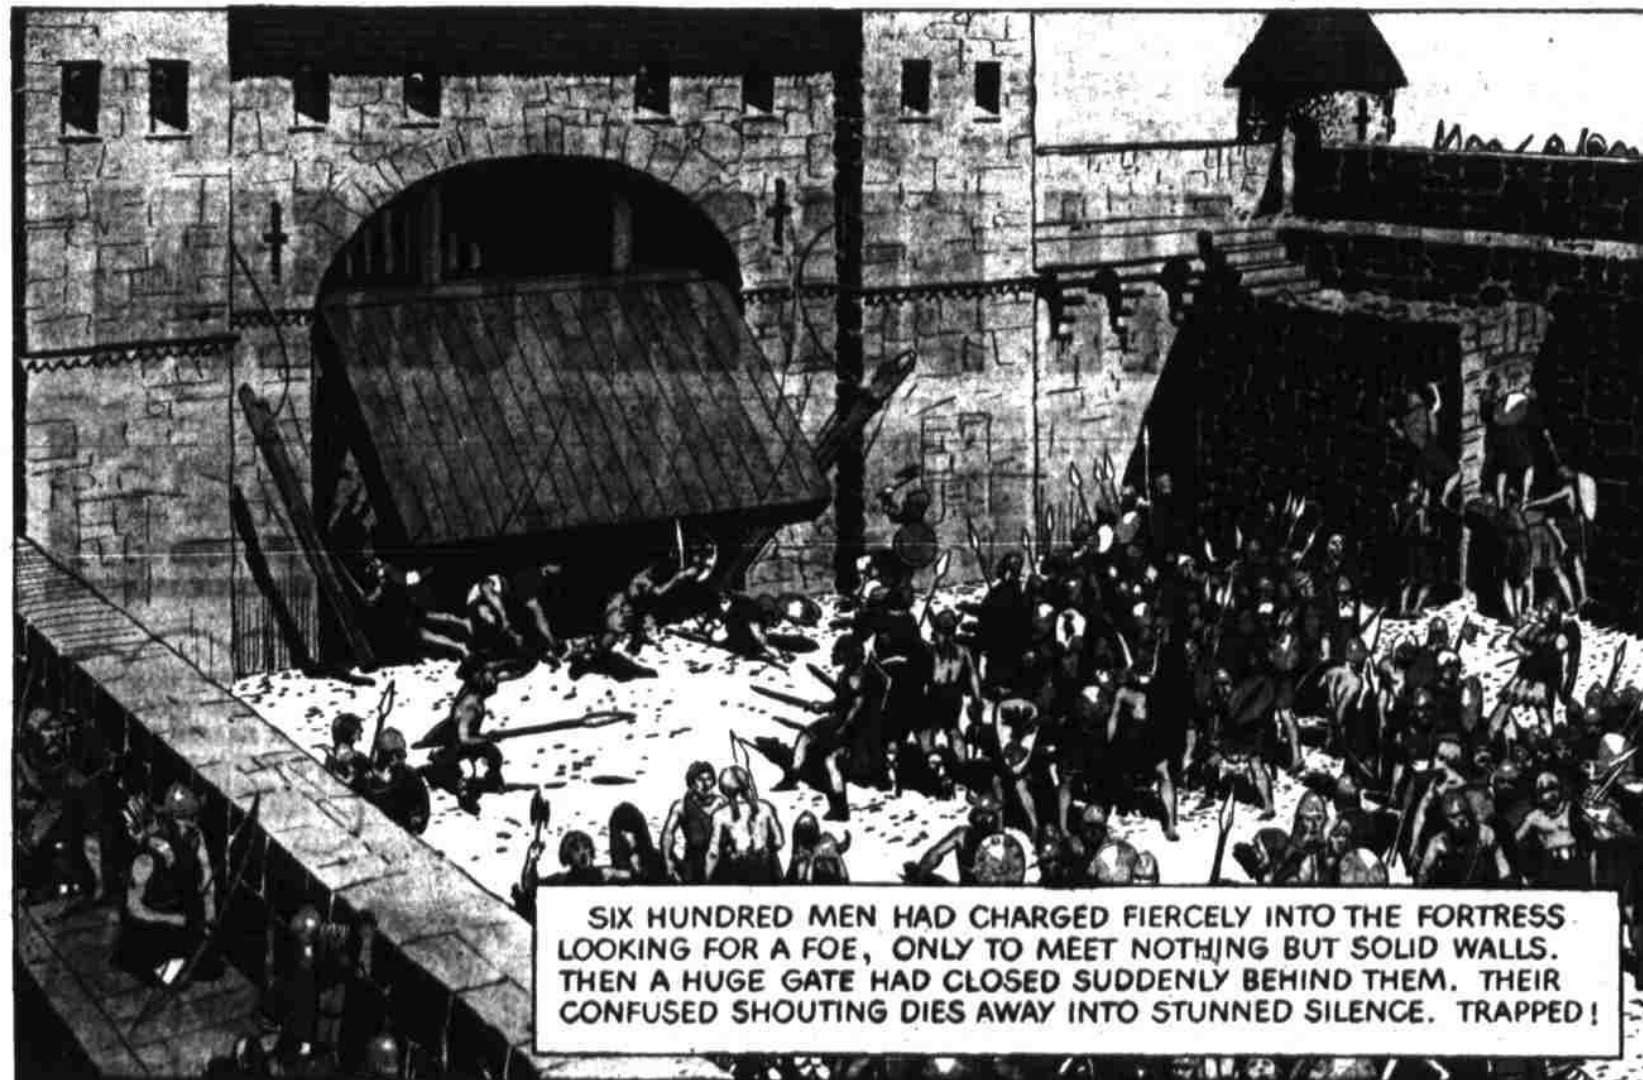

FOR A FULL HOUR THE GREAT RAM SWINGS AGAINST THE GATES. THEN A SPLINTERING CRASH, A YELL OF TRIUMPH AND HAP-ATLA SENDS THREE HUNDRED WARRIORS AT THE BREACH.

THE RAM IS PULLED BACK, THE ATTACKERS RUSH IN. NO SOUND OF CONFLICT IS HEARD BUT HAP-ATLA TAKES NO CHANCES. THREE HUNDRED MORE OF HIS BEST RACE FORWARD.

HE IS ABOUT TO ORDER THE FINAL ASSAULT WHEN A HORRIBLE THING HAPPENS . . . BEYOND THE SHATTERED GATES A DOOR CLOSES AND THE CASTLE SEEMS TO CROUCH GRIM AND SILENT LIKE A MONSTER THAT HAS SWALLOWED SIX HUNDRED MEN!

SIX HUNDRED MEN HAD CHARGED FIERCELY INTO THE FORTRESS LOOKING FOR A FOE, ONLY TO MEET NOTHING BUT SOLID WALLS. THEN A HUGE GATE HAD CLOSED SUDDENLY BEHIND THEM. THEIR CONFUSED SHOUTING DIES AWAY INTO STUNNED SILENCE. TRAPPED!

FROM HIGH IN THE WALL A PLEASANT VOICE SPEAKS:— "BASKETS WILL BE LOWERED, PLACE YOUR WEAPONS IN THEM. OUR ARCHERS WILL SLAY ANYONE WHO REMAINS ARMED!"

NEXT WEEK - Bad News.

OUT OUR WAY

NOW! Tests Published in Authoritative Dental Literature Show that Brushing Teeth Right After Eating with

COLGATE DENTAL CREAM STOPS TOOTH DECAY BEST

Better Than Any Other Way Of Preventing Tooth Decay According To Published Reports!

2 YEARS' RESEARCH AT 5 GREAT UNIVERSITIES—case histories of hundreds of people who used Colgate Dental Cream right after eating—shows the Colgate way stops tooth decay best! Better than any other home method of oral hygiene known! Yes, in exhaustive tests, both clinical and X-ray examinations showed the Colgate way stopped more decay for more people—than ever before reported in all dentifrice history on tooth decay! Even more important, over 1 out of 3 had no new cavities whatever!

NOT EVEN ONE NEW CAVITY IN 2 FULL YEARS for more than 1 out of 3 who used Colgate Dental Cream correctly! No other dentifrice has proof of such results—the best results ever reported in authoritative dental literature for a dentifrice of any type! So start your family on Colgate Dental Cream today. No dentifrice can stop all tooth decay, or help cavities already started. But brushing teeth right after eating with Colgate Dental Cream is the most effective way yet known to help your dentist prevent decay.

THE COLGATE WAY STOPS TOOTH DECAY BEST!
