

KNOW YOUR FLAG

THIS IS YOUR FLAG. No matter what size it is, its proportions are set by law. Taking the width of the flag as 1, the length is 1.8. The width of the union, or blue field, is 7/13 of the width of the flag and the length is .76. Each stripe is 1/13 wide. The diameter of each star is .0616.

PROGRAM AT 8:30

Park Ceremonies Will Honor Flag

Ceremonies at the city park amphitheatre at 8:30 p. m. today will mark the 173rd birthday of the United States flag.

Appointment Is Opposed

WASHINGTON, June 14. (AP)—Sens. Byrd and Robertson today opposed the nomination of Martin A. Hutchinson of Virginia to be a member of the Federal Trade Commission.

Newspaper Hit In Trust Suit

WASHINGTON, June 14. (AP)—Atty. Gen. McGrath today announced he filed a civil anti-trust suit against the Times-Picayune Publishing Co. of New Orleans, charging monopolistic practices.

Pair Make Bond On Marijuana Charges

Rosella Jones, a Negro man, and Chongo Nunez, Latin-American tavern owner, have been released on \$1,000 bond each after they had been charged with the sale of marijuana.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy, with occasional showers. High 84, low 64.

Rent Control Faces A New Filibuster

Taft Would Help Reduce Excise Taxes

WASHINGTON, June 14. (AP)—Sen. Taft (R-O) offered today to help administration leaders speed through the Senate any bill carrying what he regards as a reasonable reduction in excise taxes.

FAMILY BURDEN TOO HEAVY?

HAYES, Eng., June 14. (AP)—Beside the son, turned sadly away from her 10 newborn pigs, her third litter, and ran into a pond and drowned.

War Not Inevitable, Asserts Acheson

DALLAS, June 13. (AP)—War is not inevitable, Secretary of State Dean Acheson says.

M'Donald Will Carry On Fight As Democrat

AUSTIN, June 14. (AP)—J. E. McDonald will fight as a Democrat for a place on the July 22nd primary ballot.

Cotton Acreage Change Draws Mahon Protest

WASHINGTON, June 14. (AP)—Rep. Mahon (D-Texas) protested today that a bill before the House would force his district to take a 255,000-acre cut in its cotton acreage next year.

Lost Boy Found 'Blue' But Safe

COUPON, Pa., June 14. (AP)—A posse of men who had searched dense woods all night for a four-year-old boy found the youngster today "slightly blue" but safe a half mile from home.

More Polio In Texas

AUSTIN, June 14. (AP)—Polio incidence jumped to a new high for 1950 this past week with 61 new cases reported.

PRODUCTION MUST GO UP

Buying Power May Be Doubled; That Is, In The Next 30 Years

WASHINGTON, June 14. (AP)—The Committee for Economic Development said today that prospects are good for a doubling of the real income, or buying power, of the average American worker in the next 30 years.

It is also a matter of keeping people steadily at work. The three-fold increase in the buying power of the average worker since 1900 has been built on a gain in productivity of two and one-half per cent a year.

Measure Brought Back To Senate

WASHINGTON, June 14. (AP)—House passage of a rent control bill bounced back to the Senate today—and the threat of a new filibuster there.

Changes which were voted late yesterday by the House as it passed the bill 202 to 163 make it necessary for the Senate to take another look, and Senator Cain (R-Wash), who led a filibuster last week before the Senate passed the bill, indicated that he wants a good, long look.

He might want to start another filibuster which conceivably could prolong final action beyond June 30, when the present rent control act expires.

Rebel Forgives Yank Uniform

BURBANK, Calif., June 14. (AP)—A Union Cavalry Trooper rushed home from the Civil War yesterday to meet his baby daughter for the first time.

PLENTY TROUBLE YET

Blast Rotor Table From Burning Well

Sweaty, begrimed and virtually exhausted, workers today attempted blasting a rotor table from a defiant, flaming oilwell.

On top of all this, the fire itself appeared to be rising higher and higher and getting hotter all the time.

On top of all this, the fire itself appeared to be rising higher and higher and getting hotter all the time.

Another reservoir for water is being dug adjacent to the present water pit, now full, and closer to the well.

MOOSE FOUNDLING—This baby moose, estimated about two weeks old, was left as a foundling on a Seattle, Wash., doorstep. His name is George, said a note, explaining the animal is an orphan.

PUBLIC AID ASKED

New Violence In Dairy Dispute

PITTSBURGH, June 14. (AP)—Sixty-eight struck milk companies carried their appeal for arbitration to the public today amid new violence in the six-day-old dairy workers strike which has shut off almost all deliveries in a seven-county area.

Wm. N. Irwin, Farmer, Dies Unexpectedly

William Neal Irwin, 75, who had farmed near here for the past three decades, died unexpectedly Tuesday evening.

The greater Pittsburgh Milk Dealers Assn. inserted ads in strike-area newspapers which listed the issues and urged the AFL Dairy Workers Union to accept arbitration.

Negotiations are at a standstill. Union and company met for 10 minutes last night, then recessed. The union is asking a shorter work day and pay improvements.

\$1,900 Robbery At Colorado City

COLORADO CITY, June 14.—Burglar lifted \$1,900 in cash off Snyder produce dealer here last night.

Dallas Firemen Hurt In Fighting Blaze

DALLAS, June 14. (AP)—Several firemen were overcome by smoke today as they fought a stubborn blaze in an over exchange at Harwood and Jackson Sts. here.

TWO COWHANDS LOSE CLOTHES

SALT LAKE CITY, June 14. (AP)—Two cowhands strolled through downtown Salt Lake City yesterday—and passersby stared in amazement.

Tone's Ex-Wife Seeks Annulment From Hubby No. 2

LOS ANGELES, June 14. (AP)—Actress Françoise Tone's ex-wife, Jean Wallace, is suing her second husband for divorce or annulment.

Zoning Changes Are Approved

City commissioners Tuesday voted approval of the zoning commission's recommendations concerning classification changes in three residential areas.

Zoning officials had recommended that lots 1, 2, 11, and 12 in block 3 of the Earle addition be changed from a "B" residential district to an "E" business area. They also recommended that lots 7-18, inclusive, in block 6 of the Highland Park addition be changed from "A" to "E" classifications, and that lots 4, 5, and 6 of block 6, Earle addition, be continued as "E" area.

Amorous Yank Sought In Germany After His Third Break From Jail

By The Associated Press
MUNICH, Germany, June 14. — Homer Cook, husky former GI boxer from Muskogee, Okla., whose love for a fraulein landed him in a U. S. Army jail here, was still at large today after his third break from freedom.

Hundreds of U. S. constabulary military police and more than 1,000 German police manned road blocks and thrashed through Munich throughout the night. They couldn't find the blond 26-year-old former soldier, who was to have gone on trial before an American military court next week on 18 charges.

They include illegal entry into Germany, attempted armed robbery, resisting arrest, escaping jail—twice before—and posing as an American agent.

Anni Storer, the 23-year-old fraulein for whom Cook stowed away in an Army transport so he could get back to Germany, isn't sure about her love for him now.

"Maybe it's true he's a bad man," she said.

Police found him hiding at Anni's home after he escaped from the Munich military stockade at nearby Dachau last April by picking a lock.

They put him back in jail. Several days later, he bent back the bars on his cell window and took American and German police two days to find him, tracking

him down with a police dog to a freight yard in Munich.

Army authorities deny military police have been told to shoot at Cook when—and if—he is spotted. "We want to take him alive if we can," the Army spokesman said.

Cook is not known to be armed and has a record for surrendering peacefully. The Army spokesman said any shooting by Americans would be done only in self-defense.

Governors To Map Tideland Fight

AUSTIN, June 14. (AP)—The tideland committee of the Southern Governor's Conference will plan strategy for the tidelands fight, Gov. Allan Shivers reported yesterday.

As chairman of the committee he called on its members to meet with him at the National Governor's Conference starting Sunday at

White Sulphur Springs, W. Va.

Should the U. S. Supreme Court's decision affirming federal ownership of tidelands become final, "congressional action will be our last resort," Shivers said, adding: "That is why it is important to enlist the interest and help of as many governors as possible, hoping that they in turn can exert some influence upon their delegations in Congress."

He thought it possible the tideland committee of the Southern Governor's Conference might "find a way to present our point of view to the governors of all the states assembled at White Sulphur Springs."

Other members of the committee are Gov. Roy J. Turner of Oklahoma, Gov. Earl K. Long of Louisiana, Gov. James E. Polson of Alabama, and Gov. Herman Talmadge of Georgia.

Atty. Gen. Price Daniel also reported promises of aid from officials of other states in the fight to preserve states' claims to their submerged lands.

Daniel's office said North Carolina's Atty. Gen. Harry McMillen and Gov. W. Scott Kerr were actively supporting congressional legislation to confirm state ownership. Gov. Talmadge and Atty. Gen. Eugene Cook of Georgia also pledged their support.

TO NATIVE LAND AFTER 34 YEARS

LAMESA, June 14.—It's a long time between trips.

R. N. Kaval, owner of the Fair store, left Sunday to go back to his native land. He will visit relatives and friends in Egypt, Palestine, Syria, Iraq, Lebanon and other near Eastern areas.

This will be his first trip home in 34 years. He left his homeland in 1916. Several months will be required for the current junket.

White Sulphur Springs, W. Va.

Should the U. S. Supreme Court's decision affirming federal ownership of tidelands become final, "congressional action will be our last resort," Shivers said, adding: "That is why it is important to enlist the interest and help of as many governors as possible, hoping that they in turn can exert some influence upon their delegations in Congress."

He thought it possible the tideland committee of the Southern Governor's Conference might "find a way to present our point of view to the governors of all the states assembled at White Sulphur Springs."

Other members of the committee are Gov. Roy J. Turner of Oklahoma, Gov. Earl K. Long of Louisiana, Gov. James E. Polson of Alabama, and Gov. Herman Talmadge of Georgia.

Atty. Gen. Price Daniel also reported promises of aid from officials of other states in the fight to preserve states' claims to their submerged lands.

Daniel's office said North Carolina's Atty. Gen. Harry McMillen and Gov. W. Scott Kerr were actively supporting congressional legislation to confirm state ownership. Gov. Talmadge and Atty. Gen. Eugene Cook of Georgia also pledged their support.

Ralph Edwards Show Shifts Networks

HOLLYWOOD, June 14. (AP)—Radio's Ralph Edwards, an NBC star for 10 years, is taking his comedy quiz show "truth or consequences" to CBS.

In a deal reportedly involving \$1 million a year, the Philip Morris Cigarette Co. bought both television and radio rights to the program from the Procter & Gamble Co. Edwards will begin his CBS programs in September.

The quiz-master's other show, "This Is Your Life," already on CBS for Philip Morris, will end June 30 and be sold to another sponsor.

White Sulphur Springs, W. Va.

Should the U. S. Supreme Court's decision affirming federal ownership of tidelands become final, "congressional action will be our last resort," Shivers said, adding: "That is why it is important to enlist the interest and help of as many governors as possible, hoping that they in turn can exert some influence upon their delegations in Congress."

He thought it possible the tideland committee of the Southern Governor's Conference might "find a way to present our point of view to the governors of all the states assembled at White Sulphur Springs."

Other members of the committee are Gov. Roy J. Turner of Oklahoma, Gov. Earl K. Long of Louisiana, Gov. James E. Polson of Alabama, and Gov. Herman Talmadge of Georgia.

Daniel's office said North Carolina's Atty. Gen. Harry McMillen and Gov. W. Scott Kerr were actively supporting congressional legislation to confirm state ownership. Gov. Talmadge and Atty. Gen. Eugene Cook of Georgia also pledged their support.

Tokyo Police Say 50 Die In Rains

TOKYO, June 14. (AP)—Rural police today attributed 50 deaths to torrential rains and landslides in the Tokyo area during the past week.

Thirty one others were injured and 20 are missing.

Landslides caused most of the deaths.

Mechanical Brain May Translate Languages Soon

PASADENA, Calif., June 14. (AP)—A variation of the electronic brain which solves complex mathematical problems in a twinkling may be translating languages by next fall.

Dr. H. D. Huskey, of the National Bureau of Standards, yesterday told of a new calculator at the University of California at Los Angeles.

Instead of numerals, he said in a speech at the convention of the American Institute of Electrical Engineers, foreign words would be imprinted in the machine's memory—a magnetized drum.

A Russian scientific treatise, for example, would be typed out and fed in. The machine would match the words with their English equivalents, also stored in its memory, which would emerge on printed tape.

Softer Peace For Japan Gets British Favor

LONDON, June 14. (AP)—Diplomatic officials say that only formal approval now stands in the way for a British commonwealth soft peace policy for Japan.

The policy is intended to induce Japan not to enter any alliance with Russia and Red China, they say. It was agreed on in detail at a 17-day conference of commonwealth governments here last month. It reverses the harsh punish-Japan policy talked of two years ago at a conference in Australia.

The program favors a peace treaty that would deny Japan an army, a secret police force, or secret blood-bound societies, but it would allow Japanese police to be armed. Japan would be confined to her main four islands, giving up prewar overseas possessions.

Japan would have her sovereignty restored and would not have to pay reparations, under the commonwealth plan.

The commonwealth expects the United States to take the lead in calling for a Japanese peace conference but not until the U. S. has decided whether the Chinese Communists or the Chinese Nationalists should be seated at the conference.

Nationalists Can't Find Valuable Gems

TAIPEI, June 14. (AP)—The Nationalist Control Yuan wants to know what happened to \$5 million worth of pearls, diamonds and other precious jewels supposed to have been transferred from Shanghai to Formosa.

Neither the jewels, seized from the Japanese puppet government, nor the tank landing ship on which they were transported ever reached Formosa, the control Yuan charges.

It wants somebody in the Central Trust Co. of China arrested for graft, but did not name the person suspected.

PENNEY'S

HIS DAY! JUNE 18th

Softer Peace For Japan Gets British Favor

LONDON, June 14. (AP)—Diplomatic officials say that only formal approval now stands in the way for a British commonwealth soft peace policy for Japan.

The policy is intended to induce Japan not to enter any alliance with Russia and Red China, they say. It was agreed on in detail at a 17-day conference of commonwealth governments here last month. It reverses the harsh punish-Japan policy talked of two years ago at a conference in Australia.

The program favors a peace treaty that would deny Japan an army, a secret police force, or secret blood-bound societies, but it would allow Japanese police to be armed. Japan would be confined to her main four islands, giving up prewar overseas possessions.

Japan would have her sovereignty restored and would not have to pay reparations, under the commonwealth plan.

The commonwealth expects the United States to take the lead in calling for a Japanese peace conference but not until the U. S. has decided whether the Chinese Communists or the Chinese Nationalists should be seated at the conference.

Great News for BOYS and GIRLS!

COLLECT Borden's PRODUCT TOPS WIN A BIKE!

THE WINNER!
Let's see who'll win in Borden's Bike Contest with...
LaRue Coulter
1104 Gregg

BE THE PROUD OWNER OF THIS NEW BIKE

Want this beautiful new bike? Just read the easy rules, then start collecting Borden's bottle stoppers (the inside one, from any bottle), lift tabs from Borden's paper milk cartons, and the tops from Borden's ice cream and cottage cheese cartons—ask everyone you know to use Borden's high quality products and save the needed items for you. Turn them in by 3 P.M. Saturday, and next Wednesday's paper may announce YOU as the winner of a wonderful new bike! It's easy and it's fun. Start collecting NOW!

READ THESE EASY RULES: Here's all you need to do to be eligible to win one of the six new bikes Borden's is giving away.

1. Collect as many Borden's bottle stoppers (the inside one), lift tabs from the paper milk cartons, and Borden's Ice Cream and Cottage Cheese carton tops, as you can from any source.
2. For those items in a milk or other container that can be closed, inside, put a sheet of paper with your name, address and age, plainly written or printed.
3. Tie or fasten top of container tightly.
4. Turn your container in at the Western Auto Store, 200 Main Street, not later than 3 P.M. Saturday of the week ending the contest. Weekly contests end at 3 P.M. Saturday, Mr.
5. 27, June 3, June 10, June 17, June 24 and July 1. Each week is a new contest.
6. Winners will be determined by the count made by the Borden judges. Judge's decision is final.
7. Each week's winner will be announced on the following Wednesday. You cannot win more than one bike.
8. No entry will be accepted.
9. Every boy or girl under the age of 18 is eligible to enter, except members of families of Borden Company employees.

Sammy Kaye Of One Busiest Of Maestros

NEW YORK, N.Y. — In these days where band leaders are vying that everything from television to flying discs has been causing a depression for orchestras, Sammy Kaye is one of the few hit parade maestros who says he is too busy.

That is, too busy to see any depression or to submerge himself in any blues notes of the band business.

"It is amazing to discover how many taxi drivers and bank presidents are good band leaders," he said. He was talking about his second air program, "So you want to lead a band," where people are selected from the audience, handed a baton by Kaye and told to take charge.

"We don't select leaders by those who write in asking to do so," Kaye said the other afternoon at a rehearsal of his other program, "Sunday Serenade."

Instead, he selects people at random on the dance floor.

"Sometimes it is a taxi driver and sometimes it is a corporation president, sometimes it is a college girl and sometimes it is a professor of trigonometry," Kaye said. "It is astounding where you find musical knowledge where you least expect it. A few of those I have called up to lead a band have gone on to become band leaders or members of orchestras. But for the most part they are people who just like to lead a band as a hobby."

Busy man that he is, Kay's program for the immediate future is comparatively restricted. He and his orchestra are opening at the Waldorf Astoria Starlight Roof June 29. This Sunday he and his swing and sways are moving their audience-participation "so you want to lead a band" to NBC video. Sammy has another radio program, "disc jockey discoveries," which presents local disc jockies on a national network program.

He is also continuing his song writing of tuneful numbers to follow his compositions of "Hawaiian Sunset," "Wanderer," and "Until Tomorrow."

With 12 performances a week with his orchestra floor club

show, another on television and two radio programs—Kaye is doing 15 shows a week. In addition, he does innumerable rehearsals for the various shows, and also his executive assignments with two firms where he is an officer; one as an executive of Republic Music Corp. (BMI) and the other with World Music, Inc. (ASCAP).

As a top flight artist for RCA-Victor, he and his orchestra have followed past recording hits with such recent numbers as "Rose," "It Isn't Fair" and "Wandering."

Kaye commented that he thinks "It Isn't Fair" is wonderful, but his favorite still is "Daddy" which he recorded in 1941.

However, Kaye points out that "It Isn't Fair" has passed the 800,000 mark in sales on Victor platters and that this figure is a definite indication that there is no strong basis for recent reports that dance bands are waning in popularity.

Kaye says that when he played strictly dance music in Lincoln, Neb., recently that 2,200 dancers overflowed onto a floor that admitted only 1,600 legally. Kaye had to play quietly while the 600 overflow were asked to come back some other time when Kaye could bake a cake if he knew they were coming.

Other than his music, Kaye is mostly concerned about his golf. For two years he stayed away from the links strictly through spite. He was certain he was a cinch to win the National Amateur Golf Championship—but he lost. Now he is swinging the putter again, along with the old banjo and diverse other instruments.

HOPE FOR RECOVERY

Greeks Get A Kick Out Of USA Mules

(By AP Newsfeatures)

Koula is a long-eared mule with USA branded on her flank. And according to legend, American mule-skinner would fall her a "F---" ("Censored! But not Evangelos Tertingas, a slight, wiry Greek farmer of Xenias near the rich plains of Thessaly. To Evangelos, Koula is more than a mule. She is hope.

This new darling of Tertingas and his brood is between three and nine years old. Reddish-brown

Argentine Official Has No Comment On Financial Activity

HOUSTON, June 14 (AP) — Argentine Ambassador Jeronimo Remorino had no comment yesterday on financial negotiations between the United States and Argentina.

"Our diplomatic and economic problems are running as smooth as silk," Remorino said at the municipal airport, "but I'm happy to say finances are outside the field of diplomatic politics."

Evangelos Tertingas returned to Xenias and to the 62 acres of land which were his largest remaining possession. Before the war he had been well fixed for a Greek farmer. He had owned 70 head of sheep, 20 goats, 10 cows and six horses. Also two mules, two donkeys and about 40 chickens. His house had been among the finest in the village. Only the walls remained. The livestock and farm animals were gone.

Evangelos' supply of money was a two-month allotment of about \$54. The other villagers had as little to tide them over until

they were able to become "productive." The task seemed almost impossible to Evangelos. It could not be done by hand. Machines and farm animals were necessary. The Greek Ministry of Agriculture and the ECA Mission had anticipated these problems. Wherever possible the Ministry machine-plowed two and a half acres for seeding, free of charge. Plans were made to buy and ship 7,500 mules to Greece at a cost of \$200 a head, delivered.

"Happy!" Evangelos cries, when asked how he felt about his mule.

"Without a work-animal I was lost."

Industrial Output Near Record High

WASHINGTON, June 14. (AP)—Industrial production in May climbed within one per cent of the peacetime record set at the height of the 1948 boom, the Federal Reserve Board reported today. It figured that June output should go even higher, if present trends

Dr. W. R. White Will Take Bride June 20

FORT WORTH, June 14. (AP)—Mrs. Tom Tarwater of Memphis, Tenn., says she will marry Dr. W. R. White, president of Baylor University, June 20 in Memphis. Mrs. Tarwater told the Fort Worth Star-Telegram by telephone from Memphis yesterday that the ceremony will be performed by the Rev. R. G. Lee, pastor of the First Baptist Church of Memphis, assisted by Dr. Albert Venting of the Southwestern Baptist Theological Seminary, Fort Worth. Dr. White's home in Waco reported yesterday that the school president was out of the city for two weeks. The spokesman said he did not know where Dr. White could be reached "at the moment."

are sustained, probably equalling the postwar peak of October and November 1948. A preliminary estimate by the board, given to the Senate-Economic Report Committee, showed May production at 182 per cent of (meaning 82 per cent above) the 1935-39 monthly average. That was two points higher than the board anticipated in an initial figure May 27, and it indicated the biggest volume of industrial production since the 195 turnout of October-November, 1918.

The new estimate for May reflected a two per cent rise from April, and a 20 per cent recovery from the low mark (161) of last July, the trough of the 1949 "recession." Gains in May and early June were produced by a further upsurge in production of durable goods, plus a marked recovery in output of such minerals as iron ore and oil. There also was a small gain in production of nondurable goods—textiles, paper, rubber and chemical products. In the durable field, production of steel and of passenger cars was booming at new record heights, while output of building materials, furniture and household appliances was going strong at advanced levels. Further increases in production also were noted for trucks, industrial machinery and other "producer equipment," which covers the making of machines and tools that will be used in turning out more consumer goods.

Airlines Get Recognition For Safety

CHICAGO, June 14. (AP)—Thirty-six of the nation's air lines were named today as winners of the National Safety Council's 1949 aviation safety awards in recognition of their contribution to safe air transportation. The council said 35 of the 36 domestic, territorial and overseas air carriers, flying scheduled passenger runs a total of nearly 6 billion passenger-miles, went through the year without a passenger or crew fatality. A passenger-mile represents one passenger carried one mile. The American Airlines, although it failed to complete 1949 without a fatal accident, set a new all-time record by flying 4,478,730,000 passenger miles between Dec. 28, 1946, and Nov. 29, 1949, when its record was broken.

Trans-World Airline completed 1949 with the greatest unbroken passenger mile safety record of any U. S. Air Line, the council said. The TWA flew 3,440,872,000 passenger miles without any passenger or crew member fatally injured. The council said four accidents in domestic operations and two in Alaska operations marred the "outstanding" safety record of U. S. carriers last year. These accidents killed 112 persons—87 passengers and 15 crew members. The passenger death rate of 1.3 deaths per 100 million passenger-miles for domestic operations only is one of the best in air line history.

Lamesa Court Assesses Term For Burglary

LAMESA, June 14—Judge Louis B. Reed kept matters moving in district court here Monday. He disposed of seven cases, including one on a plea of guilty to burglary.

Billy Joe Farris, 25, was sentenced approval of the zoning commission for burglary. He had been arrested twice in Lamesa for this offense. Farris was under suspended sentence from Houston. Judge Reed gave credit for 22 days already spent in jail.

Three divorces were granted and one divorce petition dismissed by the court. Also heard were an adoption and an uncontested civil case.

Big Liquor Supply Gathered At Lamesa

LAMESA, June 14—Liquor control board agents made a good haul here Tuesday.

Sheriff Roy King turned over to agents from the Big Spring office an accumulation of alcoholic beverages confiscated in the Lamesa area.

Included were 100 cases of beer, five cases of wine and eight of whiskey.

The liquor control board, under regulations, will offer the confiscated beverages to highest bidder—in a wet territory.

War Vet Will Try Channel

DENNISPORT, Mass., June 14. (AP)—A 44-year-old wounded war veteran who swam his way back to health may be the "Cinderella man" of the 1950 English Channel sweepstakes. George (Scotty) Fraser, a stocky Glasgow native, will sail tomorrow from New York with little money but lots of courage.

The rugged, little Scottish-American is lured by more than the prospect of fame and fortune. He wants to show disabled veterans the restorative powers of swimming.

Santa Clara's 1950 football schedule includes four teams that played in Bowl games last season—California, Rice, Stanford, and San Jose State.

What was the RIGHT thing for this Driver to do ?

Drive RIGHT with Phillips 66

Phillips 66 Gasoline provides the fast, smooth response you want whenever you may be faced with a "ticklish" driving situation. Thanks to improved refining methods, this great motor fuel now gives smoother anti-knock performance, faster acceleration and greater power than it ever did before! It's right for safe, pleasurable driving.

You can get new, improved Phillips 66 Gasoline now, at your Phillips 66 Dealer's. Try it today and feel the difference!

SAFETY RULES:

- Obey speed limits.
- Respect the rights of other motorists.
- Stay in line on the right side of the road when your view ahead is not clear.
- Obey stop signs and signals.
- Use proper care signals.
- If you have an accident, notify police.
- Keep your car in good condition. Use dependable fuel and lubricants.
- When you are at the wheel, devote all your attention to your driving!

BIG SPRING HARDWARE CO

Slavs Protest Red Blockade

BELGRADE, Yugoslavia, June 14, U.S. — Yugoslavia protested to the Soviet Embassy here last night against a Russian blockade of Yugoslav shipping on the Danube. At Geneva, Jozs Vilfan, deputy foreign minister, unsuccessfully tried to get the Economic Commission for Europe (ECE) to investigate the shrinkage of trade relations between Yugoslavia and Russia and her Cominform satellites. Vilfan said the Soviet Union has cut its trade completely with Yugoslavia since Premier Marshal Tito defied Russia in 1948. But other ECE delegates pointed out that Russia has made it clear it won't furnish any trade information and voted down Vilfan's request as useless.

In its formal protest note on the Danube, the Yugoslav Government cited new travel regulations which it said have delayed at least five Yugoslav ships trying to go through Russian-controlled Austria upriver to the American zones of Germany and Austria. A week ago Yugoslavia charged that Russian naval maneuvers in the Danube were blocking commercial shipping.

British Paper Backs Writer In Jap Scrap

TOKYO, June 14, U.S. — The London Times has expressed full confidence in its correspondent, Frank Hawley, whose stories nettled occupation headquarters. Hawley has been told by his newspaper to continue reporting objectively on the situation in Japan. The Times said in a message received here there was no question of Hawley being withdrawn from Japan. Hawley had been told headquarters regarded him as persona non grata—unacceptable—because his reporting was "subjective not objective."

Negro Electrocuted For Slaying Wife

HUNTSVILLE, June 14, U.S. — Porter Henderson, 47-year-old Houston Negro, died in the electric chair at 12:11 o'clock this morning. Henderson was convicted April 5 in Harris County on murder charges in the fatal stabbing and shooting of his wife, Rose Lee Henderson, on Feb. 12, 1949. Previously he had served 16 years of life sentence for the slaying of a previous wife. He was paroled on that count.

HEALTH OFFICIAL REPORTS

City Sets Good Record In Covering Its Garbage Cans

Big Spring has more covered garbage cans than any other city in West Texas, Dr. F. E. Sadler, director of the Midland-Ector-Howard health unit, told city commissioners at their Tuesday meeting. The number of uncovered cans in the city is negligible as far as their being a health hazard is concerned, he declared. The health unit director read a report from the State Health department giving the results of a survey conducted here last week.

Ninety-two per cent of the city's garbage cans have covers—one of the best records in the state, he said. Dr. Sadler had been asked to attend the commission meeting to discuss the city's sanitation problems. He produced the report when questioned about a recent chamber of commerce resolution condemning the practice of sweeping trash and other rubbish into streets, and pointing out that a number of downtown trash containers were not covered.

The Health department representative commended Big Spring on the condition of its garbage disposal, stating that the percentage of covered garbage cans had increased from six per cent in 1947 to 92 per cent at present. Dr. Sadler said it was impossible to make extensive routine inspections for isolated cases of garbage disposal violations. Most of the health unit personnel's time is required to answer complaints, make regular inspections of food and drink dispensing establishments, check schools, and inspect dairies in the area, he said. He pledged cooperation of his organization in the elimination of any health hazard and asked that all complaints be made to the local health unit.

The tri-county health officer appeared at a record five-and-a-half hour session of the commission Tuesday. Dealing with other matters, commissioners turned down a request for a prize for the B&P Bathing revue and contest after City Attorney Walton Morrison pointed out it would be illegal for the city to participate.

Roy Rogan, city electrician, A. B. Blason, Texas Electric Service company, and R. B. Tally and Dwise Gilliland, master electricians, were named to the Board of Electrical Examiners. Two journeymen are to be appointed to the board as soon as they can be examined under the city's new electrical ordinance.

The commission accepted the plat of the Monticello addition east of Washington Place, and took no action on a request for an alley dedication in the north part of the city. A resolution was passed releasing \$8,000 in securities to the State National bank.

The group voted to join county officials in requesting that the State Highway department assume maintenance of N 12th street from the Lamesa highway to the Snyder road.

Acting on a request from the Haliburton Oil Well Cementing company, commissioners voted approval for opening of the railway spur to Municipal airport. Haliburton proposes to construct a warehouse in the airport area, City Manager H. W. Whitney said. Commissioners voted to recommend activation of the spur "as a stimulus to industry."

They heard the first reading of a proposed ordinance prohibiting self-service gasoline stations, and passed as emergency measures and ordinance closing Patton avenue and a paving release for the block of 18th street between Benton and Owens.

Patton avenue has been closed for several years, but no record of the city's approval was made.

FIGHTING OIL FIRE—Work went on today toward extinguishing the blazing Pan-American No. 1 Holly oil well in Borden county. This photo shows men in bulldozers building earthen tanks to hold water in reserve with which to fight the fire.

CITY TAKES STAND

Call For Action On Water District

Dissatisfaction with the delay in development of the Colorado River Municipal Water district, was voiced by city commissioners here Tuesday.

Referring to Midland's hesitancy to make known its position on the proposed water supply project, the group adopted a resolution recommending immediate action by Big Spring and Odessa representatives of the water district. Commissioners took the position after considering proposals from four firms of consulting engineers for making surveys and preparing master plans for long-range water and sewer systems expansion. Status of the CRMWD will influence any study of the city's water system, they pointed out.

Action on proposals for making the survey was deferred until Friday when the commission will meet to make the survey.

Proposals were submitted by Hunter and Studdert of Midland and Dallas; Hasie & Green, Lubbock; Parkhill, Cooper, and Smith, Lubbock; and Fressa & Nichols, Fort Worth. All promised to start immediately and estimated they could complete the survey and planning in less than four months. Fees quoted ranged from \$1,500 to \$6,000. In addition to the water and sewer systems survey, Fressa & Nichols promised they would make a study of the Powell and Moss Creek lake areas to determine if enlargement of these reservoirs would be practical.

Jon Hall, Wife Get Contracts

HOLLYWOOD, June 14, U.S.—The movie careers of Frances Langford and her husband, Jon Hall, are due for a spurt—a producer has signed them both to five-year contracts.

Miss Langford, a wartime favorite with G. I.'s who she entertained on several tours, is slated for 10 films in which she'll play a "typical American girl."

Japanese Grable Here To Learn Art Of Kissing

HOLLYWOOD, June 14, U.S.—The "Betty Grable of the Orient," a pert Japanese lass who came to Hollywood to brush up on love-making techniques, may leave the hospital today. Shirley Yamaguchi, 24, is recovering from minor surgery. She has only been kissed once in 20 Japanese films and hopes Hollywood leading men will teach her the fine points of American style wooing.

The five-foot, 86-pound actress said Japanese girls learned the fundamentals from American G.I.'s in Japan. Kissing has become so popular here that she has learned from the experts.

UNESCO To Talk About Resignation

FLORENCE, Italy, June 14, U.S.—The executive board of the United Nations Educational, Scientific and Cultural Organization (UNESCO) meets today to consider the surprise resignation of Jaime Torres Bodet of Mexico as director-general. Torres Bodet said he would not attend the meeting. He told the UNESCO conference last night that the \$8,500,000 appropriated for next year's budget is not enough to develop its program. In an unexpected press move he asked to be relieved of his job, and said that Deputy Director Walter Laves, a U. S. citizen, take over.

NAPLES, Italy, June 14. (U) — The third shipment of American arms aid to Italy arrived here today aboard the freighter *Robin Trent*. Unloading began immediately.

Rotary Asked To Sponsor Creation Of "Central Park"

A suggestion that the local Rotary club initiate a movement for the creation of "Central Park" in the Birdwell tank area was submitted to the organization at its Tuesday meeting.

The proposal was included in a letter from J. B. Pickle. It was read to the club by Walton Morrison, president. Rotarians put off taking any position concerning the matter.

Program for the luncheon was conducted by Obie Bristow who presented a quiz program. Visiting Rotarians were Homer A. Hunter, Dallas, and W. W. Studdert, Midland. Day Connellson, San Antonio, was a guest.

Police Crush Plot For Commie Meeting

RIO DE JANEIRO, Brazil, June 14. (U) — Air force officers and army personnel were among 60 persons arrested at Recife last night as police crushed a plot for a Communist uprising throughout Brazil.

Police promised further arrests. The port city of Recife was Communist headquarters for Brazil until the party was outlawed in 1947.

Siamese Twins May Soon Join Circus

LOS ANGELES, June 14. (U) — The only Siamese twins joined at the head may become circus attractions next year. They were born a year ago.

The girls have separate brains and are normal in other respects. Doctors have decided that death would almost certainly result if surgical separation were attempted.

THE CHANGING SOUTH (3)

Philosopher Tells Why Dixie Resents Race Issue Meddling

(Third of 12 Articles on The Changing South)
By SEM PRICE
AP Newsfeatures

CHAPEL HILL, N. C. — Nothing baffles the Yankee so much as southern resentment over "meddling" in the race issue. Why?

Dr. Howard W. Odum, a big, friendly and rumped professor at the University of North Carolina, has been giving the matter some thought for the better part of 50 years.

As a result Dr. Odum has come to be recognized generally as the foremost authority on the south and its problems.

Dr. Odum puts it this way: "A Protestant might go to a Catholic and say, 'Look here, you are doing more to hurt Christianity than anyone else.' The Catholic, quite naturally, would be resentful."

"The same thing applies here," Dr. Odum continued. "The Yankee might say to the southerner, 'You are doing more to hurt democracy than anyone else.' Now he might be right, but there would be resentment."

For those extremists, north and south, Dr. Odum has this message:

"It is provincial to argue segregation when the nation outside the south has decided it will not even negotiate on any basis but the elimination of segregation and the south insists the matter isn't even a subject for debate."

"The southern Dixiecrats reflected immaturity when they set up as a standard of voting for a President how you felt about segregation."

"Some of the nation's intellectuals are so immature as to assume that age-old race prejudice and religious folk conflicts have been put on purposefully like a garment—and that a simple edict from Congress will cast off the garment and make the people over."

Many southerners are so naive as to assume the south can continue in an isolation which takes place in its segregation economy in a changing world.

The doctor concluded there were hot-headed folk who retarded progress and that these often were matched by those who, "crying peace and brotherhood," set the stage for class conflict.

It would be best, said Dr. Odum, if these folk would settle down and approach the whole task of finding a solution in a spirit of giving up something.

As for the rest of the picture, "Southern Regions of the United States" explained that back in the decade 1920-30, there was every evidence that the south was being reintegrated into the nation.

But then, he continued, a strange thing happened. There was a revival of the old sectional conflict during the depression and again during World War II. "The revival of the term 'The South' came about in two ways. One was typified in the new

DR. HOWARD ODUM exhibits a prize Jersey bull

noted slogan that the south was the nation's economic problem number one. The south was 'Tobacco Road.' It was again missionary territory.

"In the second place, 'The South' came to be synonymous with conservatism, or reactionary policies due to the opposition of many southern Congressmen and state governors to new deal policies."

These sectional divisions were intensified, Dr. Odum went on, with the coming of war.

"The nation realized suddenly that its 'dream of the American dream' guaranteed to all its citizens equal rights and opportunities. And that, while it had gone to war for global democracy, there was no such democracy practiced in the south."

"There is another factor. There may be no new south, nor

Americans Safe After Plane Crash, Are Isolated In African Jungle

ADDIS ABABA, Ethiopia, June 14. (U) — Six Americans, including one woman and a child, escaped death Sunday when their plane crashed in the steaming lion-infested jungle near the Somaliland border, according to weak radio signals for help.

Names of the passengers are unknown but a radio message from the downed plane yesterday said that all were alive.

Rescue parties in high-powered cars are fighting their way slowly through the raly, roadless jungle in the wild lion and leopard country to try to reach them. Capt. Donald C. Collins of Los Angeles, Ethiopian Airlines pilot, has dropped medicine and food at a spot where he believes he sighted plane wreckage.

The plane was piloted by K. L. Horton who managed to get the radio working after the crash.

The plane was a single-engine Norseman type chartered by the Rogers Ray Co., an American firm which transports supplies and personnel to the camp of the Sinclair Petroleum Co. in distant Ogaden Desert.

The plane left Mogadiscio, Somaliland, Sunday morning. Nothing was heard from it until faint garbled radio messages were picked up by the camp, which relayed them to Addis Ababa, capital of this country.

The plane went down about 25 miles northeast of Belet Un, a town near the border.

There is an airstrip at Belet Un. Ethiopian Airlines has a plane there to fly the survivors to Addis Ababa when they are brought out of the jungle.

new north, but there is a new Negro of great force and vitality. "The Negro has changed tremendously. It is not only that he has developed an important upper and middle class; it is not only that he has developed a magnificent leadership and thousands have received higher educational opportunities.

"It is not only that the Negro youth, sensing change, is minded to experiment with every type of equal opportunity. It is all this and more.

"It is as if some universal message has come through to the great mass of Negroes, urging them to dream new dreams and to protest against the old order.

"The net result is a new Negro facing the old White man and joining with the 'north' against the 'south.' (Tomorrow: The Dixiecrat)

There is an airstrip at Belet Un. Ethiopian Airlines has a plane there to fly the survivors to Addis Ababa when they are brought out of the jungle.

Muehlbach or Harry Mitchell BEER \$3.00 Case of 24 Cans

Wayne Stidham Ice Station 1801 Gregg

The plane was piloted by K. L. Horton who managed to get the radio working after the crash.

The plane was a single-engine Norseman type chartered by the Rogers Ray Co., an American firm which transports supplies and personnel to the camp of the Sinclair Petroleum Co. in distant Ogaden Desert.

The plane left Mogadiscio, Somaliland, Sunday morning. Nothing was heard from it until faint garbled radio messages were picked up by the camp, which relayed them to Addis Ababa, capital of this country.

The plane went down about 25 miles northeast of Belet Un, a town near the border.

Colorado Citizen To Speak At Next Jaycee Luncheon

Frank Kelley, Colorado City, is to be speaker at the Jaycee luncheon next Tuesday it was announced at the organization's meeting this week.

The Colorado City is to discuss "Americanism."

President W. L. Thompson commended Jaycees Tuesday for their work in raising some \$400 which was given by the club to help defray part of the traveling expenses of Durward Lewter, county agent, on 4-H club trips. Thompson also expressed appreciation to local merchants who contributed to the fund.

Dick Clifton was named chairman of a committee to arrange for a donkey baseball game between another Big Spring group. Jaycees also received an invitation to attend the Temple Jaycee golf tourney to be held July 15-16.

Tuesday guests were Gene Bratton and Gerald Jones.

A Bible Thought For Today -

One fixed fact of which we are certain beyond doubt is a foundation on which we can base our philosophy of life. "One thing I know, that whereas I was blind, now I see." John 9:25.

Flag Day Ceremonies Good Time For Renewing Faith In Republic

June 14 is Flag Day because on that date in 1777 Congress decreed that "the flag of the United States be 13 stripes, alternate red and white; that the union be 13 stars, white on a blue field, representing a constellation." The flag has undergone a rearrangement of stripes and stars several times since then. If Hawaii and Alaska are admitted, the stars will have to be rearranged again.

Old Glory flying over our city, and not just on Flag Day and other occasions. We would like to see them flying every day, as a reminder to Americans to be proud of and loyal to their country. The flag was bought and paid for with the blood of patriots, not simply on the occasion of its creation, but almost constantly down through the nation's history, in successive national crises. The men who lost their lives in the Berlin Airlift, the men who were shot down over Yugoslavia shortly after the war, and the Navy crewmen who went down in the Baltic a few weeks ago have new meaning to the red of courage in her stripes, and to the white of loyalty and faith as well.

Exodus From Farms Of Country Worrying, Potentially Costly

Oklahoma is seriously alarmed over the poor showing the state is making in the 1950 census. It expects to lose not less than a quarter of a million population, plus one and maybe two congressmen. The census in Oklahoma underscores the effect farming practices are having not only on rural areas, but on entire states. In The Grapes of Wrath, the Oaks were "traced out." That was back in the 1930s, when mechanization was just beginning.

a cause for the drift away from the farm is poor rural roads, and another is poor rural schools. Texas has not escaped this drift away from the farm. Many agricultural counties have lost heavily in population, and undoubtedly the lack of farm-to-market roads has played a part in this drama. Texas is relatively better off than Oklahoma in this respect, but much remains to be done. Texas has also made progress in improving rural schools, but only a beginning has been made.

Notebook-Hal Boyle

Owning Place Of His Own Is One Of Man's Oldest Dreams

NEW YORK, N. Y. — THE GREATEST home-lovers are those who never bought a house. Or so it seems to them. Owning a place of his own is one of man's oldest dreams, and nothing proves more surely that, to this extent at least, he is a capitalist by nature.

After he gets a job and marries, he starts dreaming again of a place really his own. Whether he actually does buy a home or stays a renter the rest of his life, he never forgets the thrill of that first, jungle lean-to in his parent's living room, the cave, tree house and shanty in the backyard.

Affairs Of The World-DeWitt MacKenzie

Russian Boycotts Of UN Are A Reason For Atlantic Pact

RUSSIA AND HER SATELLITES Monday boycotted another United Nations organ (the important conference on technical assistance to backward areas) in the Soviet drive to force the peace organization to out the Chinese Nationalists and give their seat to the new Chinese Communist government.

tered the Soviet tactics of obstruction in the peace organization. THIS DEVELOPMENT, OF COURSE, further widens the division of the peace organization into two camps—the Reds and the democrats. That operation, if continued, can only mean the ultimate separation of the blocs into two distinct organizations. We must face such a contingency squarely.

"Well, Now We Can Worry About The Heat Again"

Merry-Go-Round-Drew Peasor

Snooping G O P Senators Had Hughes' Hotel Room And Telephone "Tapped"

WASHINGTON — A sensational report on wire-tapping in the nation's capital is now in the hands of the Justice Department, but for some strange reason so far has been suppressed. The report, prepared by the metropolitan police, indicates that Washington, D. C., has been going in for the same police-state methods we are opposing in Europe. Two of the worst offenders are leading Republican senators, Owen Brewster of Maine and Homer Ferguson of Michigan.

CAIN'S HEALTH Washington's real estate senator, Harry Cain, was attending a dinner in honor of Chief Justice Fred Vinson shortly before his filibuster. Under Washington, D. C., protocol, which is strictly followed when anyone as high-ranking as the chief justice is present, no one leaves a dinner until after the guest of honor. When he departs, any other guest is free to leave also.

Patteson nodded. "This is the only place in the world," continued the elderly man, "where a governor and an immigrant could sit side by side in a steam bath. I come from Russia. In my village, the mayor would not dream of associating with the common people. He would be afraid of someone shooting him or stabbing him while the steam filled the room. Are you not afraid?"

Capital Report-Doris Fleeson

Various Signs Point To Peace Fight With Weapons Of Spirit

WASHINGTON, — A citizens' committee of 100 is being formed to mobilize public opinion behind the proposals of seven senators and four congressmen for a moral offensive to end the cold war. Four Republicans joined with several Democrats last week to press demands for a new search for a solution which will mean neither retreat nor war but offer a rational basis for ending the present impasse.

Linda Darnell Likes A Man In The House

HOLLYWOOD, — It's so nice to have a man around the house, agrees Linda Darnell, but that doesn't go for glamor. "I agree with Ingrid Bergman," said Linda; "a star has a right to a life of her own." Miss Darnell was speaking about glamor in the home. She's against it.

Reporting The Oil Well Fire Involves Awful Lot Of Work

Covering a big story is a newspaperman's dish, but it's not all peaches and cream. Take the current oilwell fire, for example. It all started with a series of inquiries. People saw a glow in the north-west and one woman—bless her heart—was persistent in her inquiries. A quick hurried drive out the pike for a short distance confirmed it was an oil fire. Because press time was right at hand, cross checking with other papers and sources revealed it was the Pan-American No. 1 Holley. Loss of equipment was confirmed.

at the T just south of the flaming well. Stories were a dime a dozen. Gradually, the pieces began to fit and a coherent account of what happened took shape. There was the smoldering pick up truck from whence the first ball of fire had whooshed in a twinkling to envelop the vicinity—and the spewing well. There were smoking and burning fence posts. Mesquite trees and grass took on ghostly palar where flashing gas had heated them. Worst of it followed the low contours. The next day called for more checking—and filling with the news services. Pictures, taken the night before, were turned out. More were taken in daylight. Afterwards, the routine called for morning and afternoon files to the Associated Press on latest developments; shooting in more pictures as subject matter warranted. Always, someone wanted a new lead—something to dress up the story.

Today And Tomorrow-Walter Lippmann

If We Abandon Japan, Should We Set Up Bases In Far East

As the time draws near for making a Japanese peace treaty it is necessary to make big decisions about the American strategic position in the Pacific. If we are leaving Japan, where can we and should we establish the bases of our power in the Far East? This question has not been answered when we say that our defensive line in the Pacific runs from Japan through Okinawa to the Philippines. It is one thing to say that we shall regard a hostile act against this line as an act of war against the United States. It does not follow at all that we should or that we could fortify and garrison this whole line, and that we must defend Japan as we do Alaska, or Okinawa as we do Hawaii.

far from the American homeland—are indeed unsinkable aircraft carriers without engines and without rudders anchored just where they can most easily be made unusable and uninhabitable. The best military opinion now is that these off-shore islands are worse than useless as American bases, that they are in fact not bases at all but traps, and that the right way to deal with these off-shore islands is to "deny" them to the enemy in case of war. At best this can be done by neutralization, guaranteed by the powers and enforced by the re-arming of Japan, and at worst, if their neutrality is violated, by raiding tactics. As compared with Japan and Okinawa bases in the Philippines are not too near the centers of military power on the Asiatic mainland—that is to say, not too near to Soviet Siberia and to North China. The Philippine Islands are also widely spread out, which in the air age is a great insurance against the one surprise knockout blow.

Joke Causes Crash

CALAIS, France.—An excursionist's "joke" caused 25 people to be injured in a bus smash near here, six buses were returning from a day's outing, when someone in the leading vehicle had the bright idea of waking his sleeping companions with a shout of "Fire!" The driver, alarmed, braked suddenly and the second bus of the line crashed into the "fire" of the first. Twenty-five of the 21 passengers were taken to hospital.

RECENT BRIDE—Pictured is Mrs. Eddie McClain, the former Melba Hobbs, who was married in Livingston, N. M. She is the daughter of Mr. and Mrs. W. R. Hobbs of Lees and McClain is the son of R. C. McClain of Odessa. The couple is now living in Big Spring but plan to move to Garden City soon.

Over 5,000 Business-Professional Women To Attend National Meeting

NEW YORK, New York, June 14—More than 5,000 business and professional women, from each of the 48 states as well as the territories of Alaska and Hawaii, will go to San Francisco to attend the tenth biennial convention of the National Federation of Business and Professional Women's Clubs, Inc., July 2-7, at the Civic Auditorium in San Francisco, according to an announcement made by Dr. K. Frances Scott of Northampton, Mass., President of the National Federation.

Dr. Scott said that the 1500 delegates would be welcomed by Governor Earl Warren of California on Sunday evening, July 2nd at the San Francisco Opera House. "The convention theme will be the role of women in a changing world and the part we can play in our democracy," Dr. Scott said. "Recognizing that bigness is a characteristic of a country at large as ours," she continued, "Our Monday evening meeting on July 3rd will feature 'Bigness in a Democracy—a Danger or a Help?'"

Rebeka Lodge Meeting Held On Tuesday Night

Evelyn Roger, Noble Grand, presided at the regular Tuesday night meeting of the Big Spring Rebekah Lodge 264 held in the IOOF and Rebekah hall. Announcement was made concerning the initiation of Louise Williams to be held at the next meeting. Applications for initiation were read for Merritt Jordan, Olan Gilliland, Lala Merrick and Ardna Wood.

Ruth Class Convenes For Monthly Meeting

Ruth Class of the First Baptist church met Tuesday at the church for their monthly business and social meeting. Mrs. W. B. Younger opened the meeting with a prayer. Mrs. Dewey Young was in charge of the program.

MENU FOR TOMORROW
Chili Con Carne
Salad Bowl
Crispy Rolls
Cottage Pudding
Fruit Sauce*
Beverage
(Recipe for Starred Dish Follows)
FRUIT SAUCE
Ingredients: 1 egg white, 1-2 cup sugar, 3 tablespoons syrup from canned fruit cocktail, dash of salt, 1 ripe banana, 1 tablespoon lemon juice, 1 cup well-drained canned fruit cocktail.
Method: Mix egg white, sugar, fruit syrup and salt in top of double boiler. Place over boiling water and beat with rotary beater until mixture stands in peaks. Remove from heat and cool. Peel and mash banana and mix with lemon juice. Just before serving fold in cooled mixture with fruit cocktail. Makes about 2 cups.

RIBBON RAMBLINGS By Mildred Young

Vacation season is now in full swing! There's any number of Big Springers who are planning vacations, but most of the plans, we know nothing about. If you're planning a vacation within the next month or so, we'd like a call from you sometime this week. Especially if you are taking an extended vacation or going out of state or the nation.

We would also like a call from all club reporters during the coming week. We would like to have a call whether or not your club is in session this summer. For several reasons, this is important! Several times within the last week or so, we have had requests to publish pictures along with certain stories. In most of these cases, the story had already taken place, but there was no engraving of the picture. Because of the fact that engraving work is not done in this office, it takes a little notice for arrangements to be made for pictures. So please give us a little time.

Speaking of pictures, we heard a photographer say that he couldn't get much madder if his studio burned than he did when someone said "Oh, don't take my picture, I'll break the camera." Spending a good percent of our time arranging for pictures, it seems to us that nearly every person we contact says something like this: "Oh, I just hate to have my picture made. I always look so terrible." Funny, but we all seem to feel that way about it. What's funnier, in spite of that feeling, we all seem to like to have our pictures made. Anyway, we do have ours made when there seems no way out of doing so.

Johnnie Holland Is Elected Guard

Johnnie Holland was elected to serve as guard when the Sterling Temple 43 of the Pythian Sisters met at the Knights of Pythias Hall Monday. She will replace Ellen Loftis who presented her resignation because she is moving to Wellington. Maurine Chrans presented a report on the Grand Temple. Refreshments were served by the hostesses of the evening, Janis Hufstetler and Bonnie Bennett to Ann Darrow, Katherine DeGraffenreid, Billa Medlin, Dorsine Park, Wilda Orr, Evelyn Johnson, Annabelle Huddleston, Ellen Loftis, Janet Lilly and Johnnie Holland.

Auxiliary To Meet

American Legion Auxiliary will convene for a regular meeting Thursday night at 8 o'clock at the American Legion Hall.

Lamesa Couple Return From Trip

LAMESA, June 14—Mr. and Mrs. Bill Norris have returned from a wedding trip to Ruidoso, N. M. They are at home at 906 1/2 S. First street. Mrs. Norris is the former Lucille Carter, daughter of Mr. and Mrs. S. C. Carter of Munder. Norris is the son of Mr. and Mrs. C. B. Norris, Lamesa. Vows were exchanged in Lovington, N. M. last Friday with the Rev. Hardcastle solemnizing the double ring ceremonies. The bride was attended by Virginia Frederick and Vernon Bruner served as best man. The bride wore a white eyelet embroidered dress with white accessories and white carnations. Mrs. Norris is a graduate of Union high school and is employed as a nurse's aid at the Lamesa General hospital. The bridegroom is a graduate of Lamesa high school, a former serviceman with two years in the Navy. Currently he is employed in the oilfield.

Fannie Stripling Circle Has Meeting

The Fannie Stripling Circle of the W.S.C.S. of the First Methodist church held the organizational meeting for 1950-51 in the home of Mrs. C. E. Johnson, 810 Bell Street. Mrs. Albert Smith was elected to serve as circle chairman during the business session. Other officers elected were Mrs. Roy McMillan, co-chairman, Mrs. C. E. Talbot, local treasurer, Mrs. M. A. Talbot, connectional treasurer and secretary, Mrs. Frank Wilson, local chairman, Mrs. M. E. Ooley, study leader, Mrs. Frank Powell, spiritual life leader, Mrs. Lewis Muddock, publicity chairman, Mrs. H. J. Whittington, Christian Social Relations chairman and telephone committee, Mrs. A. C. Hart and Mrs. C. E. Johnson.

Others present were Mrs. B. H. Settles and Mrs. D. F. Bigony and Dorothy Bigony. The next meeting will be in the home of Mrs. C. E. Talbot, 409 Washington Blvd.

Approximately 150,000 people are employed to supply ice for the U. S. every summer.

A PERSONAL LETTER TO DAD:
Big Spring, Texas
June 14, 1950
Has little Johnny been pleading with you lately to buy him a bicycle? He could enjoy with you lately to buy school's out. And, too, with a bike, he might be able to earn a little extra money running errands, helping mother, etc.
Now, you're the judge whether he's grown-up enough to handle one properly—if you think he is, here's a way to help him get a brand new 1950 model, fully equipped bike, and it won't cost you a cent.
Each Monday, Wednesday and Friday, for the rest of this month, this newspaper will bring you a Borden Company advertisement to give you complete information on how you can help your son get a beautiful new bicycle without spending one cent. (Girl's bikes are available too, in case little Mary has been pleading for one.) Watch for those Borden Company ads, won't you?... that way you can help your children help themselves!

Shotgun Battle Ends In Death

GONZALES, June 14. (AP)—One man was killed, and another critically wounded in a shotgun battle said Walter Knabel, about 50, and I. W. (Dutch) Hutcherson, about 60 argued briefly, got shotguns and blazed away from about 30 feet last night.

Knabel died a short time later. Buchanan said Knabel apparently fired twice. Then, wounded in the right leg and the right side of his stomach, Hutcherson opened fire. His shotgun pellets riddled Knabel's left arm and the left side of his upper body.

Contempt Charges Against Editor Dropped By Louisiana Senators

BATON ROUGE, La. June 14. (AP)—The Louisiana Senate dropped contempt proceedings last night against an editor and publisher whose newspaper likened some senators to "trained seals" and "Lackeys" of Gov. Earl Long.

Under the state constitution the Senate had the power to imprison Publisher David Stern and Editor Clayton Fritchey up to 10 days for contempt if they were found guilty. Immediately upon acceptance of the committee report, the Senate waived its rules to allow introduction of a bill to impose a \$3,000 fine and 90 days imprisonment for failure of a newspaper to publish a reply to criticism of any person.

Gosser Cleared By CIO Union's Top Officials

By The Associated Press
DETROIT, June 14. (AP)—CIO United Auto Workers Vice President Richard T. Gosser, center of an internal storm in Toledo labor politics, was given a clean bill of health yesterday by the union's top leadership.

At the same time the union charged that an "employer-organized and employer-financed" campaign against the UAW was involved in the Toledo dispute.

Previously, the UAW had ousted one Gosser subordinate at Toledo and had ordered a group of striking UAW office employees to return to work.

More Potshots Taken At Noble

DALLAS, June 14. (AP)—Herbert Noble, former Dallas gambler, said another attack, at least the eighth, was made against his life yesterday.

Noble drove his bullet-proofed 1950 model coupe to Sheriff Bill Decker's office for an inspection, and to lodge his complaint, shortly before noon.

Nocona Citizens Protest Supreme Court Decisions
NOCONA, June 14. (AP)—About 150 persons met last night to protest recent U. S. Supreme Court rulings taking the tidelands from Texas and opening the University of Texas to Negroes.

Infants wear for Summer

Flag Day Ceremonies

WEDNESDAY, JUNE 14, 8:30 P.M.
CITY AMPHITHEATER
Public Invited

This celebration and patriotic rally is nation-wide. June 14 is the birthday of our flag, and is the period when those who seek to destroy our form of government hold their rallies, and we feel that an order like ours, founded upon charity and love of mankind, should accept the challenge and assume our simple task of insisting on truth where others are intent on furthering falsehood, and endeavoring to establish order where others are spreading confusion. Our Order can, and will, with your support, play a vital part in stemming the tide of opposition to our American way of life, and we confidently feel that conducting a national program such as listed below, will do much to awaken America in this hour of need.

PROGRAM

Music: Star Spangled Banner	Mr. Gene Nabors
Introductory exercises	Exalted Ruler and Officers
Prayer	Bro. Rev. Bill Boyd
Song: Columbia, Gem of the Ocean	Miss Jane Stripling
Song: Auld Lang Syne	Members and Assembly
Music	Mr. Gene Nabors
Altar services	Officers and Esquire
Song: America	Entire assembly
Closing	E. R. Carl H. Gross
Pledge of Allegiance	Entire assembly

New Effort Cited On Budget-Balance

By The Associated Press
WASHINGTON, June 14.—Fresh fears of inflation prompted bipartisan proposals today that Congress get busy on the job of balancing the budget.

Sen. Douglas (D-Ill.) told a reporter he regards the threat of inflation caused by rises in wholesale prices as serious, but possibly not dangerous.

"It strengthens the case for reducing expenditures and balancing the cash budget—that's the best inflation brake," said Douglas, who agrees with the Truman administration on about everything but its monetary policies.

Sen. Taft of Ohio, chairman of the DOP Policy Committee, said in a separate interview that a vigorous drive is going to be made in the Senate to cut appropriations

back to the point of government revenue.

"We are adding steadily to the inflationary trend with a deficit that is running about half a billion dollars a month," he said.

Douglas suggested that the federal reserve board wait a month or two to see how the price trend progresses. If prices still are going up then, he said the board ought to sell securities in the open market to force government bonds down slightly.

"I would hope that the treasury

on the other hand, wouldn't insist on supporting bond prices and would let them fall slightly," he said.
