Councilman Floyd Price

The purpose of the Town Hall meeting is to unite neighbors young and old in the everyday lives of our children so we can stop the violence that surrounds them.

Councilman Price invites all concerned citizens to join in the discussion along with many special guests including Rabbi Tommy Parker, Juvenile Probation Supervisor Sheila

Harris, Municipal Court Judge Jan Blacklock-Matthews, Lubbock ISD Board Member Vernita Woods-Holmes, and Police Chief Dale Holton.

## FROM THE DESK OF PARSON D. A. SMITH

"Black Males Need To Change Their behaviors!"

As an African American I am appalled at the current behavior of young black males in the city of Lubbock. Senior Citizens and others who lived in East Lubbock were beginning to feel good about their neighborhoods because the reduced number of crimes committed by black males. However, within the past eight weeks are more black sons of the evil One have reopened the stigma that the community has been trying to shake for years. The behavior of these males would lead to decapitation or other forms of death sentences in countries whose legal system carries swift death sentences avoiding costly prisoner housing, food, television watching and medical bills.

We would encourage young black males to control their negative behavior. Young black males and those who PIMP them should understand because the criminal justice system in America might not appear to afflict punishment as fast as it does in other countries new laws are constantly reinforcing old ones that could equal to as much time as FEDERAL TIME!

Adults of all ages should encourage young black males to stay in school and prepare themselves for today's world which is complex and complicated as it relates to the skills needed to survive. It need to be impressed

upon black males if they get their name in the criminal justice system they might as well kiss (you name the part whatever you like) good-bye.

If need to be impressed upon black males by all that we still live in a racist society where there are people of different skin color who believe in the philosophy of the writers of the "Bell Curve." That belief is embedded in the fact African Americans are not equal to white Americans because African Americans evolved from primates such as monkeys and gorillas.

Case in point: An article was posted on the web condemning the GOP leadership for not condemning racist jokes. A former election commissioner from South Carolina who, upon hearing a gorilla had escaped from the local zoo, posted on his Face book site, "I'm sure it's just one of Michelle's ancestors—probably harmless." The second involved the executive assistant to a Republican state senator in Tennessee who circulated a photo of all 44 presidents, with the picture of President Obama being an all black rectangle with two eyes.

Wednesday, June 16, 2009, South Carolina's Home page: "The State.com" reported, flanked by members of the NAACP, Columbia GOP

activist Rusty DePass apologized for the Face book remark that likened first lady Michelle Obama's ancestors to an escaped Riverbanks Zoo gorilla. On Tuesday, Mike Green, an employee with Lexington GOP consulting firm Starboard, Communication apologized for an online joke about President Barack Obama taking aspirin "because it's white and it works."

The report noted that despite the apologies, observers said voters likely will remember the incident as part of a longer history of disputes that includes removing the Confederate battle flag from the State House dome.

"I think it makes a strain to invite Africa-Americans to the Republican Party," said state Rep. Leon Howard, D-Richland. "This kind of behavior does not close that gap very much."

A resolution was offered to express sympathy. However the proposal was stopped by a white woman representative—which leads to the next point:

Black males should hold themselves to a higher esteemed than to break into the house of a woman and rape her (white, Hispanic or black). You are really considered lower than a gorilla when you perform such an act. The animal world waits until the female comes into her

## We Thank God for Jesus

"It's Fatherless Today In The USA"

Written by Evangelist Billy "B.J." Morrison, III - Your brother in Christ Jesus always.

**Ezekiel 22:1-2** -- MORE-OVER the word of the Lord came unto me, saying, now will I judge the bloody city? Yes, you shall show her all of her abominations.

We know the Father is supposed to be the leader of the household. God put him there like Adam in the Garden, we're told.

**Proverb 10:1** -- The proverb of Solomon. A wise son makes a glad father, but a foolish son is the heaviness of his mother.

**\*\*\*\* A WISE SON WILL BECOME A GOOD FATHER! \*\*\*\***

But the Devil lied to the Woman, like in the Garden to Eve. You have your rights, and Women are being deceived!!!

(The Devil's Lying Rights, Women Rights, Children Rights, Fatherless Rights, Run Away Rights, Drugs Selling Rights, Black Rights, White Rights, KKK Rights, Kill The Abortion Doctor Rights, Gay Rights, Kill The Family Rights, Kill The Mother and Grandmother Rights, Shoot Up The Neighborhood Rights, Road rage Rights, Driving and Tex-Messaging Rights, Kill The Policeman Rights, AND MANY MORE OF THE DEVIL'S RIGHTS!!!!)

This country is Fatherless. It's True on a whole. MANY ARE FATHERLESS, NO

LEADERS! AS YOU KNOW!!!

**Proverb 22:28-29** -- The Lord said, remove not the ancient landmark, which your fathers have set. Are you a man diligent in his business? He shall stand before kings; he shall not stand before mean men.

The Fathers today all seem to be in PRISON OR IN JAIL!!! Children are left with their Mothers -- MANY ARE ON THEIR WAY TO JAILS!!!

**Deuteronomy 28:28-41** -- The Lord said, you shall get sons and daughters, but you shall not enjoy them, for they shall go into captivity (JAILS AND PRISONS).

The Divorce rates are High. TAKEN THE FATHER OUT OF THE HOME IT'S LIKE THE BIBLE IN AMERICA, THE GUIDANCE IS GONE!!!

**Deuteronomy 6:5-8** -- The Lord said, you shall love the Lord with all your heart, and with all your soul, and with all your might. And these words, which I command you this day, shall be in your heart; and you shall teach them diligently unto your children, and shall talk of them when you walk by the way, and when you lie down, and when you rise up. And you shall bind them for a sign upon your hand, and they shall be as frontlets between your eyes.

The arm of the Fatherless has been broken in many Ways.

Mothers are trying to give their children THINGS SHE'S NOW A SLAVE!!!

O T. a p o c r y p h a Ecclasticus, vii 23: A horse not broken becomes headstrong, and a child left to himself will be willful. Crocker (pamper) your child, and he shall make you afraid; play with him, and he will bring you to heaviness. Laugh not with him, lest you have sorrow with him, and lest he gnash your teeth in the end. Give him no liberty (No Right's) in his y youth, and wink not at his follies. Bow down his neck while he is young, and beat (Spank) him on the sides while he is a child, lest he wax st stubborn, and be disobedient unto you, and bring sorrow to your heart.

MANY BOYS GET BABIES, AND DON'T TAKE ON THE RESPONSIBILITY. THEY TELL THE LIE FROM THE DEVIL. IT'S YOBABY!!!

**Proverb 27:8** -- As a bird that wanders from his nest, so is a man that wanders from his place (NOT CARING FOR HIS YOUTH).

From not being a Man, AND AT HOME WITH HIS MOM, DON'T PAY SUPPORT, BUT WHERE DOES HIS CAR PAYMENT COME FROM???

**Psalm 127:3-4** -- Look, Continue on Page 8

# St. Matthew's Baptist Church News

The St. Matthew Baptist Church, where the proud pastor is Rev. Edward Canady, wants to share this week's Sunday School Lesson.

## Finding Protection (Exodus 14:15-25, 30a)

I am a biblical archaeology and geography enthusiast. When I read this week's text I can't help but think of the multitude of theories that surround the actual location where the cross-

ing of the Red Sea took place. Not only is the location debated, but I recently watched a documentary that scientifically explained how the parting of the Red Sea was possible through natural causes. I find both of these quite entertaining.

The location means little to me because no matter where it took place, God performed a miracle. Either the deep sea was parted for the people of God to

walk through on dry land, or, as some believe, they passed through in a shallow portion and the entire Egyptian Army was drowned in shallow water.

Equally entertaining is the fact that some discount the parting of the sea as a scientific anomaly that may or may not have been brought on by God. If the creator of the earth wants to do something as simple as to separate a body of water, I

believe it is well within his power and prerogative to do so.

The fact is God is sovereign. God has absolute lordship over all he created. Deuteronomy 10:17 tells us, "For the Lord your God is the God of gods and Lord of lords. He is the great God, the mighty and awesome God." Psalm 103:19 says, "The Lord has made the heavens his throne, from there he rules over everything." God created the earth and has the right and

power to control it as he sees fit. **REMEMBERING HIS SOVEREIGNTY**

This was difficult for the people of God to understand. As they saw the entire Egyptian army coming toward them with the intention, they believed, of killing them all, the sovereignty of God was not foremost on their minds. Instead, they gave their typical list of complaints: Moses had brought them out of slavery to die in the desert; slav-

ery in Egypt really wasn't that bad, and death at the hands of the Egyptian army was imminent. This was understandable. The army is on one side and the sea is on the other.

But are we really much different? In the midst of a financial crisis, in the presence of family illness and death, when facing marriage trouble, or whatever the problem of the day happens to be, how often do we cease to trust in the sovereignty of God?

## Outreach Prayer Breakfast

### Thinking Along These Lines!

The members and friends of the Outreach Prayer Breakfast want to advise everyone about "Trapped."

Read Genesis 3 and Luke 4:3-8.

When the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to desired to make one wise. She took of the fruit, therefore, and did eat, and gave to her husband with her and he did eat.

And the Lord called unto Adam, and said unto him, "Where art thou?"

This lesson is demonstrated

by a mouse trap. The cheese looks good, it smells good, and taste good that's the way sin is that's the way the Devil works. He wraps something around sin to trap you, because Adam and Eve were trapped in sin. Death, sickness, pain, heartaches, and suffering.

But aren't you glad Jesus came and rescued us by giving his life on the cross. Beware of sly people who will trap you out of your life Satan is after the soul of man.

Remember once you yield to what looks good you are trapped.

There's a way out. It is Jesus Christ! He is your deliver!

Thought of the Week:

"Some people are so far out in

left field, they can't see home base!"

"Let's Pray"

"Heavenly Father, who maketh all things new. A new day has dawned and with it a new beginning. Please Father, give us this day a picture of what life may be. If we live it with thee, guide us all in thou path of health. Dear Father, so that each day's close may find us

stronger, braver, wiser, more humble, and yet, more full of health and faith for having shared the road with thee

This I do ask for each of my Sisters and Brothers alike. In the name of Jesus, I pray. AMEN.

Have a prayer? Call it in. We can pray together, Saints!

Our days are identical suitcases—all the same size—but some people can pack more into them than others.

Be very careful, then, how

you live—not as unwise but as wise making the most of every opportunity

Being at peace with yourself is a direct result of finding peace with God.

And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus

## Councilman Klein Supports a Public Hearing for Animal Shelter

District 3 City Councilmember Todd Klein will ask his fellow City Council members to support a public hearing for the new animal shelter.

"Tomorrow, I will ask the other members of the City Council to support a public hearing in the matter of a new animal shelter in order to save taxpayer dollars, as now is not the time to spend money on more court costs and yet another separate matter to litigate.

"I cannot support action which causes further delay of this important project which has already been delayed far too long. Further delays only add to the cost of the project and perpetuate the already unacceptable and abysmal situation in which more than 150 would-be pets are killed each week.

"I welcome a public hearing for a new animal shelter to be located in Mackenzie Park," said Councilman Klein.

## THINK ABOUT IT!

A New Day On The Horizon

by

Eddie Richardson

On June 16, 2009 in Lubbock, a long over due event happened in Lubbock Texas! People that for much too long has been over looked, ignored and taken for granted, dumped on and given what others refused and get upset when they try to refuse or protest it. It came to a screeching halt on this day. The sleeping giant had awoken. They said no more, we are tired, this is America and the land of the free, home of the brave, for the people, by the people, freedom of speech, freedom of expression, tax payers, citizens. Also voters even though we do not vote as we should but, we do still do vote. We have become complacent because in many cases, we fall for the elected officials' trap of they do not vote. Any way, they are going to do what they want to any way and we fall for it but things are going to change since we are awoken. Now we will now vote and we will now go to court. The giant has awoken! We have

discovered our coalition power and realize the power is in numbers.

When you put all the disenfranchised people together blocks, browns, poor whites and all other so called minorities together, when they wake up and realize we are in the same boat together and realize that as far as the elected officials and the system is concerned, we have a cast system as well as a race system and that's the way it really is. The cast system is very much alive and is very much used presently.

A lot of changes are on the horizon. You will be seeing and hearing about them as time goes by. We are approaching a brand new day in Lubbock, Texas. All of these changes will be for the better. For the past has been taken for granted, over looked, denied, dumped and given what others refuse. There are plans for elected officials to be concerned about the total state, county, and city with special

attention paid to the people who put them there with their votes, especially local officials, Districts One and Two, simply because they need more. Because historically, they have been ignored, overlooked and dumped on such as the present situation at Mackenzie Park. If District One and District Two had voted against the dumping of the dog shelter, we would have the problem. We now have when the two people this shelter personally affected them and their Districts. They could have prevented the whole thing.

Hats off to Mayor Tom Martin and Councilman John Leonard for their vote which had nothing to do with District because it was morally right not in a park. Unfortunately, the mayor caved in, but not Councilman Leonard. A lot of respect goes to one who stands by their righteous conviction as time goes by as history defines. Councilman Leonard is an honorable man.

## In Cinque

by Renetta Howard

Howard

clothing, in such a way that you can observe the tattoos.

Some tattoo wearers seemingly attempt to wear tattoos as though they were clothing. This body art may be desirable to have and view, for many, but there are a few people who find it distasteful and vulgar, especially when the complete upper torso is covered with tattoos. A lot of risk is taken when one gets a tattoo, and one needs to be certain that they can live with it for the rest of their lives.

There is the hazard of getting infectious diseases if one gets a tattoo wherein sanitation and sterilized equipment is not used. Cleanliness is definitely next to Godliness when it comes to getting tattoos. Not only can one get an infection, but one can get diseases such as hepatitis B and C as well as HIV and AIDS. One needs to be a masochist in order to be still long enough for

some of the tattoos observed on some people, especially those whom wear them like clothing. God forbid they change their minds and want them removed. Those getting body piercings should be just as careful. We need to get 'in cinque' and think twice or three times before getting those tattoos, especially if there are thoughts of not wanting to wear them for the rest of your life.

Most of us realize that when Adam and Eve were in the Garden of Eden that they did not wear clothing until after they sinned, and then they had to wear clothes. Somehow, it appears that there are those living today who would rather not wear clothes. Somehow, there seems to be a wave of showing as much of the body as possible, and that part being seen should be decorated. It should look like a work of art of some kind or tell a story.

This body 'art' is called tattooing and it can be expensive and dangerous. There was a time when one would see a young man with a heart with an arrow through it and a female's name or simply the name of a female or some other simple design which held some kind of meaning for the wearer. Sailors and motor bike riders were the young men most likely to have a tattoo. Seldom did one see a young lady with one. Most tattoos were seen on the arms of the wearer or shoulder. That was then, but now tattoos can be seen on the neck, on the face, legs, buttocks, backs, feet and places unmentionable. The individual wearing the tattoo attempts to wear whatever real

### Letter to the Editor

#### 19th of June Picnic

The 19th of June Picnic Committee's slogan - "We will serve no meat, until it is time" - is the reason we did not serve the annual FREE BBQ dinners on Saturday, June 20, 2009. We canceled because the rain prevented us from preparing everything according to our standards. The rain during the night we can handle, however, the steady rain did not stop until after 10:00 a. m., preventing a complete preparation.

All members of the Picnic Committee take pride in preparing the best BBQ and 'o withs' that we are capable of preparing.

Even when it's free, the public deserves the best. Last Saturday, we could not produce our best, therefore, we canceled.

For those that have negatives to say, go ahead, do your thang! For those of you that understand, thank you, and we will be back in the same location next year.

D. Pierce, Secretary

### 19th of June Picnic Committee

Editor's Note: It is good to see the concern and sincerity of the 19th of June Picnic Committee, and all will be looking forward to next year. There is no doubt about it, 'You've proven that no meat will be served until it's time.' Ye Ed.

Photos of Some of Young People Attending Annual Youth Revival Here Last Week

It was a very exciting at the Bethlehem Missionary Baptist Church, 2403 23rd Street, Monday, Tuesday and Wednesday, June 15 thru 17, 2009, when scores of young people were in attendance. Rev. Ray McCoy is pastor. Guest speaker was Minister T. J. Patterson, Jr. of Mansfield. He serves as Manager of

Legislature Affairs Governmental Relations Department for the City of Fort Worth. He is a graduate of Dunbar High School, and North Texas State University at Denton, Texas. He also received his JD degree from the School of Law at Texas Southern University at

Houston. Minister Patterson is a member of Bethlehem Baptist Church of Mansfield, and serves under the leadership of Pastor Michael Evans.

Minister Patterson has been working with young people for years, and this is why he was able to get down to their level. The theme for the revival was "Challenges to be Faced."

The scripture text was II Timothy 3:14-15. The final night, Wednesday, Minister Patterson left some Biblical verses for the young people study "Seek ye first the Kingdom of Heaven and all these things will be added." Also, "Honor thy father and Continue on Page 8

## High School Likely to Be Named After NBA Star Alonzo Mourning

**Alonzo Mourning**

MIAMI (AP) — Former U.S. Attorney General Janet Reno appears to have lost in an unlikely matchup with former NBA star Alonzo Mourning.

A committee charged with deciding what to call a new high school in North Miami was considering naming it after one of the two, and last week chose the athlete and his wife.

The recommendation was forwarded to the Miami-Dade School Board, which will vote Wednesday whether to approve

the Alonzo and Tracy Mourning Senior High School Biscayne Bay Campus as the school's name.

Mourning was a star for the Miami Heat, but it was the work he and his wife have done in local schools, including mentoring, that spurred the nomination. School board member Martin Karp proposed the Mournings after two students suggested them. Reno's and Mourning's names were the last two considered out of about a dozen possi-

bilities.

"They've spent more than a decade contributing directly to Miami-Dade County public schools in various ways," he said. "When you look at what they've done together, it's directly impacted children."

All but one of the other three committee members sided with Karp in naming the school for the Mournings. The former mayor of North Miami, Kevin Burns, opposed it, having proposed Reno.

An e-mail and phone message left with Burns, who is running for the U.S. Senate seat being vacated by Sen. Mel Martinez, was not returned Tuesday.

"I am not questioning that the Mournings deserve the honor, but I think, for this school, it should either be named after Janet or the geographical area," he told The Miami Herald.

Reno was the longtime Miami-Dade state attorney before becoming the country's first

female attorney general. She lives in the Miami suburb of Kendall.

Many in South Florida's large Cuban-American population disagree with her order to return six-year-old Elian Gonzalez to his father in Cuba in 2000. Karp said he recognized the controversy Reno's name could spark.

"I was really hopeful to avoid any kind of a situation that would be divisive in nature, and I certainly don't think she would welcome that kind of response either," he said of Reno.
