# Reds Fail In Fifth Try To Open Road To Taegu

## Excess Profits Fight May Delay Tax Boost Bill

### George Threatens To Take Measure Back To Committee

WASHINGTON, Aug. 25. (AP)—A fierce Senate battle over a move to attack an excess profits levy on corporations with the outcome in doubt—threatened indefinite delay today for a \$4,508,000,000 taxboosting bill.

Sen. George (D-Ga.) said he would take the big bill—asked by President Truman to help pay for increased military spending—back to the finance committee which he heads if the profits levy is pinned on it. If that is done, George said, his committee will hold hearings which might last four months. That, obviously, would rule out any tax increase this year.

## South Korean Gls Hold A Firm Line

TOKYO, Saturday, Aug. 26. A major battle over a new road to Taegu city broke out Friday in the Korean central warfront mountains.

It was being fought between allied South Koreans and the invading Reds 12 to 25 miles north and east of Taegu. Counter-attacking South Koreans regained ground they lost Friday morning. The first

## Briton Urges Setting Up Of Europe Court

STRASBOURG, France, Aug. 25. — Sir David Maxwell-Fyfe of Britain urged today that a European court be established to prevent a recurrence of the crimes of which Nazi Germany was found guilty.

Sir David was one of the chief prosecutors at the Nuremberg trials which convicted the top Nazi leaders. A somewhat similar proposal was referred back in the assembly by the council's upper house last year.

REDS PROBE FOR OPENING NORTH OF TAEGU—Korean forces (A) are jabbing and poking at American and South Korean defenses north of Taegu, seeking a weak spot through which to launch a 50,000-man attack on the city. The Reds' Naktong River bridgehead (B) is being contained by U. S. troops. In the south (C) Communists shelled American positions as Yanks renew their attack to win positions on a dominating ridge at the outer approaches to Pusan. A new Red division with many vehicles was sighted approaching Masan in three columns and was attacked by planes. Advancing allied units in the Pohang sector (D) are meeting stiffening enemy resistance. (AP Wirephoto Map)

# Rail Seizure Ordered After Cabinet Meet

WASHINGTON, Aug. 25. (AP)—President Truman today ordered seizure of the nation's railroads at 4 p.m. (EST) Sunday.

Acting because of the nationwide strike called for Monday by two railroad unions, Mr. Truman directed that Secretary of the Army Pace take over and operate the roads "in the name of the United States Government."

Mr. Truman told a news conference yesterday that the strike call issued by the Brotherhood of Railroad Trainmen and the Order of Railway Conductors late Wednesday was put out within an hour after he had been assured by both management and unions that there would be no walkout.

attempt unless the workers refused to stay on the job under government operation. While the cabinet was in session, railroad trainmen and conductors sent to the White House a denial that they had broken any pledge when they called a strike for next Monday.

# Public Absent As School Budget Gets OK

With the usual quota of none present, the public hearing on the proposed Big Spring Independent School district budget resulted in its approval Thursday evening.

The figure was a record \$1,722,837. However, approximately \$965,000 of this amount is represented in capital outlay for new buildings and equipment thereof. This would leave, in round figures \$985,000 for the regular budget. That compares with around \$663,000 (considering a \$200,000 construction shakeout) for the previous year.

The new high school in addition to this there is about \$10,000 for recurring capital outlay for year-to-year equipment.

Operation of plant including \$34,000 janitor salaries, would cost \$50,000 for the year. Maintenance would cost \$15,000 including summer repair and renovation expense. Auxiliary services (including transportation and health) would be \$20,000. Fixed charges were pegged at \$3,900. Total for all 1975,000. Debt service requirements would be \$70,500. Estimated cash at end of the fiscal year was set at \$71,000. None but the board administrative and press representatives was at the board meeting.

(Recipe for Starred Dish Follows)

**BLUEBERRY TORTE**

Ingredients: 1/2 cup all-purpose flour (sift to aerate before measuring); 1/4 teaspoon double-acting baking powder; 1/4 teaspoon cinnamon; 1/4 cup butter; 1/2 cup sugar; 1 egg; 1 1/2 cups large firm cultivated blueberries (picked over, washed and drained well).

Method: Put flour, baking powder, and cinnamon into sifter. Cream butter; add sugar and cream thoroughly. If electric mixer is used, beat in egg until mixture becomes very fluffy and pale-colored. If not, beat egg with rotary hand beater until thick and pale and then mix well with butter and sugar. Sift in flour mixture all at once; beat or stir in slowly until well blended. Stir in blueberries lightly. Turn into lightly buttered 7-inch square pan (about 1 1/2 inches deep); bake in slow (225°) oven 45 minutes or until done. Cool slightly; then cut in squares; lift each square carefully from pan with wide spatula, and serve warm with whipped cream. Makes 6 servings.

**Pay-Off Tomorrow In Demo Runoff**

By The Associated Press  
Texas candidates have to convince the voters today or wait until another election year rolls around. Tomorrow comes the pay-off—the Democratic runoff primary.

Pierce Brooks, running hard for the lieutenant governor's job, warmed up for the final round with a radio speech last night. He said big business and a small group of senators have ganged up to beat him.

A supporter of Ben Ramsey, his opponent, said Brooks can't constitutionally be sworn in as lieutenant governor even if he wins the election.

State Sen. G. C. Morris of Greenville charged in a radio talk that Brooks can't be seated because: "The Constitution of Texas prohibits any man who is an officer or director in a corporation to become governor of Texas."

"Mr. Brooks is the president of a gigantic insurance company which operates in Texas and five other states," Brooks declared.

"Big business and a small group of senators who do their bidding... are doing everything in their power to crush and defeat Pierce Brooks." He accused special interests of publishing a scandal sheet and starting "vicious and slanderous whispering campaigns" against him.

Brooks said Ramsey, as a Texas legislator, "voted for and supported a state income tax" in 1933. "Now those interests supporting him are the leading advocates of a sales tax in this state," said Brooks. "Is that why they want him in the office of Lieutenant Governor?"

In his radio talk, Morris claimed that Brooks' election to the lieutenant governorship would put him "in an excellent position to lobby against any taxes on his insurance company, or against any laws that didn't happen to appeal to him or his millionaire friends."

Judge Meade F. Griffin closed his campaign of the Supreme Court, Place 3 yesterday with a speech from Austin. On the broadcast, Judge Cleo Thompson of Dallas said the Dallas bar had "overwhelmingly endorsed Griffin."

Fagan Dickson is using recorded radio speeches to charge that oil barons and Dixiecrats are opposing his candidacy for the Supreme Court, Place 1.

Scientists say much of the vast 95 degrees.

**Local School Trustees Name Eight Teachers**

Trustees elected eight teachers Thursday evening, closing to within approximately half a dozen the gap between a complete faculty. Barring failure to accept W. C. Blankenship, superintendent, anticipated that the faculty would be rounded out by Spet. 4. Enrollment after Spet. 5 may, however, necessitate the addition of others.

Commendation was voted to the American Business club in its project to sell season football tickets. The club so far has sold about 200, which is still short of its goal of 500. Public support of the club project was urged by the board.

With the exception of some minor items in the Kate Morrison addition the elementary class additions have been completed, said Bill French representing Puckett & French the district's architect-engineers on the \$200,000 project.

Plumbing and heating and the electric contracts were authorized for final payment, and the general contract with exception of a 10 per cent reserve for the final item.

In keeping with a previous policy to expand the playground and physical education program in the grade school level, board members voted \$400 extra per annum to teachers named to put in after-school hours in this particular program.

Sale of the Hartwells teacherage was authorized to R. L. Whitley on a bid of \$1311.25. His was the most substantial of six bids which ranged upwards from \$350.

All insurance agencies which qualify under previous rules (five years in business here among other things) are to share in the agency pool of school insurance, the board ruled.

Merle J. Stewart was named to audit the district's books for the fiscal year ended Aug. 31. Noting that building costs are mounting and may pose problems, the board voted to inform the Midway district that it would always be welcomed into the Big Spring proceed with its own plans.

Elected to the faculty were Oscar Lawrence West, English instructor and (Miss) Avon Wilche, Spanish and English instructor, for high school assignment; and Miss Elalla Mitchell, Mrs. Roy Anderson, Printis B. Sanson, elementary schools; Milton H. Mitchell, principal Kate Morrison school; Claud D. Poe, visiting teacher and attendance officer; Mrs. Valera C. West, eighth grade.

**50,000 More Draftees Expected To Be Next Major Army Step For Men**

WASHINGTON, Aug. 25 (AP)—A call for more than 50,000 draftees in November is expected to be the next major step in the Army's build-up of manpower.

With the end of the Korean conflict not yet in sight and an increase in American troop strength in Germany under consideration, a call of at least such proportions is considered highly likely.

The expected November call, like the current program to give the Army 100,000 inductees by the end of October, would affect men between 18 and 26 picked by local draft boards.

It would follow up an increase of 47,000 announced by the Army yesterday in the number of enlisted Army reservists to be called involuntarily to active duty between now and Nov. 10.

The additional enlisted reservists to be ordered to duty are individuals who are not members of organized reserve corps units. The quota announced yesterday brings to 109,000 the total of such reservists facing a call to duty whether or not they want it.

In addition, the Army has previously announced that 8,432 individual reserve officers of the grade of captain or lower are being ordered to duty. These are officers not assigned in organized units.

The Army buildup also includes an undisclosed number of reserve units smaller than divisions, four National Guard divisions and two National Guard regimental combat teams.

In announcing the new call for individual enlisted reservists, the Army said that age limits will be 19 through 35, except for some specialists in the technical and administrative services.

The enlisted reservists will come from both the volunteer and inactive reserve. Priority will be determined by the number of dependents each has and the need for their military skills.

Of the 62,000 enlisted reservists covered by a previously announced call, 32,000 already have received orders. The total of 77,000 still to be ordered to duty will be called up in four groups, as follows: 31,000 to report for active duty between Sept. 15 and 30; 13,000 to report between Oct. 2 and 15; 29,000 to report between Oct. 10 and 25; 4,000 to report between Nov. 1 and 10. The last group will consist of reservists who have had less than one year of active duty. They will be drawn from throughout the nation.

**Glasscock To Vote On Five State Races**

GARDEN CITY, Aug. 25—Glasscock voters will ballot on five state races and one district race Saturday.

Contrary to earlier rumors Glasscock definitely will hold a run-off Democratic primary.

Perhaps most interest centers on the 16th congressional district race with Paul Moss, Odessa, and Ken Reagan, Midland, as the candidates.

Other races are for lieutenant governor, associate justice of supreme court (places No. 1 and No. 3), judge of court of criminal appeals, and commissioner of agriculture.

**Nehru Shows More Optimism On Korea**

NEW DELHI, India, Aug. 24 (AP)—Prime Minister Nehru told a press conference today he did not believe the Korean conflict would flare into a world war in the immediate future.

At the outset of the Korean conflict, Nehru had said the chances of a world war were 50-50.

Answering questions from left-wing journalists on the bombing of North Koreans, Nehru said his government was concerned for two reasons:

1. Innocent people were being killed and unnecessary damage done.
2. It was likely to create more problems in the future.

## Those Who Vote Are More Alert To Obligation Of Good Citizens

Well, here we are again, jam against another primary election. You don't need us to tell you how important it is that you vote. But you may need a reminder that Saturday is the day and that we have yet to make a choice for three county officials and three county commissioners.

## Rising Prices Are Boosting The Cost Of Our National Defenses

Freedom comes high, but whatever the cost it's worth it. Senator Lyndon B. Johnson of Texas this week pointed out that the cost of military equipment is as much as ten times above World War II levels.

But in the main, many factors enter into the cost of equipping and maintaining an army—food, clothing, pay, aid to dependents, and so on indefinitely.

IT WILL CONTINUE UNTIL SOUTH Korea has become a miniature "one world." True, it may become something of a Tower of Babel—but to paraphrase and old saying, the language of comradery needs no words.

## Public Opinion News Service Efforts To Pin Blame On People For Weak US Defenses Seen Unjustified

BY GEORGE GALLUP, Director, American Institute of Public Opinion

PRINCETON, N. J., Aug. 25.—Current talk in Washington seeks to pin the blame for the nation's military weakness on "the people" on two grounds—that the nation failed to recognize in time the true aims of Soviet Russia, and that disintegration of our military power after World War II was due to the complacency of American public opinion.

mate of the world situation was far less optimistic. Fifty-seven per cent of all voters questioned by the Institute the week before the President's statement said they thought a major war was likely within five years and this was the largest proportion saying this since 1945.

of registering ALL Communists as early as 1948. This was one of the provisions of the old Mundt-Nixon bill of 1948 and is incorporated in the present Mundt-Ferguson bill.

These arguments do not happen to be in accord with the facts as revealed in Institute surveys. These surveys show that the majority of American voters caught on to the Russian game of power politics and aggression within nine months after World War II had ended and were overwhelmingly in favor of taking steps to strengthen the nation's defenses.

Here are the pertinent facts as shown in surveys by the American Institute of Public Opinion: The sentiment of the people was consistently in favor of universal military training.

Program for Future... Since the foregoing evidence would rather clearly indicate that the people were ahead of Washington in sizing up the world situation, what sort of program is favored at this time by the majority of Americans?

Had the sentiments of the majority been translated into action in 1945 the United States would today have a trained reserve of some 4,000,000 men from U. M. T. since President Truman came out for U. M. T. in 1947, and last week Defense Secretary Louis Johnson sent a U. M. T. bill to Congress.

## Army Appears Reluctant To Send Any Front-Line Officers To Korea Front

WASHINGTON. — Our boys in Korea are entitled to the Army's best combat officers, whose leadership may mean the difference between life and death. Yet it is common talk in the Pentagon that some key battle posts are manned by second-rate officers.

Back in Japan, the G-2 section is Gen. MacArthur's eyes and ears. Its job is to gather and analyze military intelligence, so vital in time of war. Yet the G-2 chief, in charge of this important listening post, is Maj. Gen. Charles Willoughby, a strutting beak-clicker who has been accused by subordinates of doctoring the intelligence reports to please rather than inform MacArthur.

was given a diplomatic assignment in Latin America and the next in command, Brig. Gen. Edward Craig, went to Korea. The reason was that the Army divisions are commanded by brigadier generals, and the Marines didn't want to embarrass the Army by sending over a major general.

## Truman UN Appointments Are Viewed As Mark Of Confidence

WASHINGTON. — Senator John J. Sparkman, Alabama Democrat, and Henry Cabot Lodge Jr., Massachusetts Republican, have been chosen to represent Congress on the U. S. delegation to the United Nations General Assembly next month.

he doesn't. His brother, Rep. John Lodge is the Republican nominee for governor of Connecticut, a state vital to the Democrats this year as two Democratic senators—Brien McMahon and William Benton—are up.

In the selection of congressional spokesmen the principle was adopted that no one should be named who is running for election this Fall. This automatically ruled out representatives since all the House is up. It is planned that next year two representatives shall be chosen.

The zealous internationalists these may seem petty points, but they are of a kind seldom disregarded in the political clinch.

Furthermore, Korea is the focal issue of the coming campaign and the Republicans are building around it a massive effort to wrench control of Congress away from President Truman. Viewed in this light the best choice of a Republican Senator was a real levy upon the conscience of the President, Chairman Connally of the Senate Foreign Relations Committee and the State Department.

Senator Sparkman is an internationalist and a Fair Dealer except for his conventional corn-pone attitude on civil rights. He is about to be placed in an unconventional situation where the support of that more than half the world which is of another color is vital to the war on the slavery of Communism.

ding so much that I began to feel it was dodging us. And then I remembered that our own plane was unarmed.

American artillerymen use Cub grasshopper planes to circle over the front lines and spot enemy field guns and tanks. And some believed the Reds have somehow managed to obtain a few Cub planes of their own which they paint with American markings and send up to pinpoint allied batteries for their gunners.

WE DREW UP EVEN WITH THE LAST plane but the pilot was looking the other way. Morgan edged grimly nearer and could see the suspicion on his features. Tiny icicles began to gather on my spine. What would we do if the other pilot was a North Korean?

One day by accident I went along on a trip trying to track down one of the enemy aerial false pretenders. I was flying with Lt. Don A. Morgan, 17, of White Sulphur Springs, W. Va., over the Nakdong River battlefield. We were in an unarmed KT-4 "Mosquito" and our mission was to direct speedy fighter planes to enemy tank hideouts.

"All the Cubs up here look like ours. The last one only had one man in it but he is one of our boys—unless the Reds sent a Red with red hair and freckles." "Roger and thanks," replied the ground control officer and disappointedly. "When we landed I asked Morgan what he would have done if he had found one of the planes was a bandit.

**Bridges Due To Be Let Out On Bond Today**

SAN FRANCISCO, Aug. 25. (AP)—Harry Bridges — by order of the ninth U. S. Court of Appeals — is to be released from jail, probably today.

In a two-to-one decision late yesterday, the court ordered that the CIO longshore leader be freed. It reversed an Aug. 5 federal court ruling revoking his \$25,000 bail.

In April, Bridges was convicted of having lied — by swearing that he never was a Communist — to obtain citizenship in 1945. He was born in Australia.

He was freed on bond pending appeal from that conviction.

Three weeks ago, U. S. Prosecutor F. Joseph Donohue demanded that Bridges' bond be revoked and he be jailed as "a threat to the security of the United States." Federal Judge George R. Harris agreed, and sent the union president behind bars.

Donohue argued that Bridges' speeches opposing U. S. intervention in the Korean war followed the Communist line.

The majority opinion described Bridges' jailings as "novel and startling."

"There is no showing," said Judge William Healy and William Orr, "that Bridges has in the present position committed any recognizable crime, or that he has himself counseled or advocated sabotage or sought to foment strikes or the establishment of picket lines on the waterfront."

In dissenting, Judge Clifton Matthews cited Trial Judge Harris' statement that the Communist Party is a conspiracy and members of the party "are parties to that conspiracy."

"The danger here suggested is not a fanciful one," Matthews wrote. "The ability of Bridges and his International Longshoremen's and Warehousemen's Union to paralyze Pacific Coast shipping has been demonstrated more than once."

Informed in Washington of the appeals court's ruling, Donohue declared he would resign this morning. He added: "God help America!"

A Department of Justice spokesman said another hearing probably will be sought and the case eventually carried to the U. S. Supreme Court.

**INVASION THREAT Odds Against Chinese Reds Carrying Out Formosa Vow**

By ELTON C. FAY

AP Military affairs reporter

WASHINGTON, Aug. 25. — The odds seem to be against the Chinese Communists carrying out their threat to "liberate" Nationalist-controlled Formosa in an amphibious invasion gamble.

In some quarters here today there was inclination to look upon the outcry of Radio Peiping and Communist Foreign Minister Chou En-lai as designed essentially for propaganda purposes.

But the possibility was not entirely discounted that an attempt might be made as part of broad Communist strategy to divert American attention and military strength from Korea.

The Peiping radio announced yesterday Red intention to liberate the island, last foothold of Generalissimo Chiang Kai-shek's Nationalist government, Chou later sent to the United Nations Security Council a demand that the UN order withdrawal of all American forces from Formosa.

The State Department responded that this government would welcome UN consideration of the Formosa problem, but felt there should be no diversion from study of the Communist attack on South Korea. The United States has no forces as such, based on Formosa. But in the June 27 announcement on American help for South Korea.

President Truman directed that the U. S. 7th Fleet "prevent any attack on Formosa." He also called upon Chiang's government to "cease all sea and air operations against the mainland."

"What about the purely military aspects of a Red invasion attempt?" Good invasion weather is now almost at an end. It is best from May through August. The monsoon season is setting in, with the prevailing wind blowing against the direction sailing junks would use pushing off the mainland for Formosa.

Even more menacing, however, is to be found in the danger of typhoons in the weeks and months ahead. These violent storms could scatter fleets far heavier than the light vessels used by the China Communists.

The naval forces of the United States and its friends in the Korean war now are growing to almost formidable proportions. The American Navy in the Far East now numbers more than 150 craft, including big carriers Britain sent naval help weeks ago, is sending still more. The strait of Formosa is within easy range of American airpower based on Okinawa. Varying from 90 to 220 miles in width, the strait is easy to patrol.

For these reasons and others of more involved diplomatic aspect the United States has no plans now to send troops to the defense of

**To The Voters Of Precinct No. 1 of Howard County**

I would like to again take this opportunity to express to you my appreciation for the support that you gave me in the first primary. It has been a pleasure to serve the people of Precinct No. 1. I appreciate the confidence that you have placed in me. I have at all times tried to render the best service to the people of Precinct No. 1 and Howard County.

It has been my privilege since I have been your Commissioner to cooperate with the other Commissioners and the State of Texas in securing right-of-way for the Snyder and Andrews Highways. Also to enter into the agreement with the State of Texas in securing right-of-way to pave the Vealmoor Road.

I have not been able to contact all of the voters of Precinct No. 1, but will appreciate it if you will consider this as a personal appeal for your vote and influence in the coming election to be held August 26, 1950. I feel that the experience and knowledge gained in the past will enable me to serve the people of Precinct No. 1, and Howard County in a more efficient and courteous manner.

**Band Students Finish School With Concert**

A relatively small crowd of about 150 persons indicated wholehearted approval of the summer band school program Thursday night as young musicians presented a climactic concert at the city park amphitheater.

General opinion was that the concert members acquitted themselves well, especially in view of the fact that many beginning and first-year pupils were included along with a sprinkling of advanced band students.

The program, which lasted for approximately one hour, included a wide variety of selections, ranging from overtures to familiar marches with some popular numbers interspersed.

Directors were Grant Sharron of Dumas, Paul Lovett of Lubbock, both instructors during the summer band school, and J. W. King Jr., director of the Big Spring High school band.

The summer band school closes officially today, and a picnic for students has been planned for 5 p.m.

**British Troops Leave For Korea**

HONG KONG, Aug. 25. (AP)—Some 1,500 British infantrymen marched aboard the Cruiser Ceylon and the Aircraft Unicorn today, bound for the Korean front.

Troops of the Middlesex and Argyll and Sutherland Regiments made up the contingent, which will join the United Nations land forces.

A band of Argyll pipers skirled as the battle-clad troops lugged their rifles and sten guns aboard the vessels.

The warships probably will sail tonight. Whether they are going direct to Korea is a military secret.

Under normal cruising conditions the 1,500 mile trip would take about three days.

The British have announced they will send a total of approximately 5,000 troops to take part in the Korean conflict.

# Shirley France Disowns Family After Return

DIGHTON, Mo., Aug. 25. (AP)—Unsuccessful channel swimmer Shirley France has quit the family home after what she described as "a personality conflict" with her father.

And, she says, she does not intend to return.

The husky 18-year-old girl has taken up residence with her coach, Harry Boudakian, and his wife. She said they are her "best friends."

Her father, J. Walter France, said she walked out with the partying crowd.

Goodbye, Mr. France, have a good time with your neighbors.

Newsmen reached the young woman at the Boudakian home last night—24 hours after she disappeared from her Somerset home.

Shirley May said she decided to break with her family after "an argument with my father over plans for the future—all he was interested in was money."

She said her father wanted her to make a personal tour while she is anxious to return to Somerset High School to enter her junior year. Boudakian is athletic coach at the school.

"As far as her mother and I are concerned she can stay away for ever," France said. "We did the very best we could for her."

France said his daughter showed her first "resentment" while training in England this summer for her second channel attempt.

Her attitude, he added, caused him to return home ill.

"It was just excess baggage," he said. "She ignored me completely and didn't want me around. She said she would not train if I came near the boat."

He said his daughter had been "influenced by the wrong people" and "apparently resented my rigid authority which I felt necessary for her welfare."

The trouble reached a climax when the girl arrived in New York from Europe Tuesday, France added.

"Mrs. France met her at the dock, but Shirley absolutely ignored her mother," Mrs. France insisted.

Shirley came home for the reception and party that had been planned for her.

The girl did return—but in the company of friends—and was greeted by about 10,000 persons at the reception. Directly afterward she went to the family home, picked up a few personal effects, and left with the Boudakians.

# Montgomery Beats Harry Jordan In Net Finals

Bill Montgomery, Abilene Christian college's No. 2 netter last season, won the 1950 YMCA Men's Singles tennis title by drubbing the 1949 titleist, Harry Jordan, in the finals here Thursday evening, 6-1.

Montgomery fairly raced in victory, closing out the match in less than 40 minutes.

The slender youth won four straight games in the opening set before Jordan rallied to cop his services. Bill then closed out the set in short order and sacked up three straight games in the second set before Jordan broke through again.

Montgomery defeated Frank Hardesty, Bill Ehl and Joe Elrod on his way to the finals he lost 6-2, 5-7, 6-2 decision.

Jordan moved past Fred Shannon and David Elrod to get the shot at Montgomery.

The new champion will be awarded a cup in a special ceremony at the YMCA next week.

Fred Shannon has defeated Hollis Harper, 6-3, 6-1, in one of the few consolation round matches played to date.

There is still no indication a doubles tournament will be staged here. B. B. Lees of the YMCA staff said.

If enough interest is shown in such a tournament within the next day or two, pairings will be drawn up, however. Those interested can contact Lees or Lee Milling at the YMCA, telephone number 1034.

# Sooners Oppose Texans Tonight

WICHITA FALLS, Aug. 25. (AP)—Texas' squad of schoolboy all-stars is favored to hand Oklahoma its sixth straight licking tonight in the annual Shrine Oil Bowl football game.

Oklahoma's chances were hurt when fleet Jack van Pool, Oklahoma City Capitol Hill quarterback, was hurt.

The Oklahoma squad is coached by John Miskovsky of Oklahoma City and Tex Bartlett of Wynnewood.

Johnny Kitchen of Austin and Hunter Kirkpatrick of Wichita Falls are coaching the Texans.

Both teams will use the T formation. A crowd of 18,000 is expected.

# Al Sokolowski Frosh Of Year

ABILENE, Aug. 25. (AP)—Husky Al Sokolowski, 21-year-old fireballer with the Odessa Oilers, is the Longhorn League's 1950 rookie of the year.

The Polish youngster from Baltimore was the first choice of the circuit's managers and member city sports writers in a poll conducted by the league.

In the preferential balloting, based on eight points for first place, seven for second and so on, Sokolowski had 82 points.

Jimmy King, brilliant Vernon outfielder, was next with 65 points. Next were Fred Haller, Sweetwater shortstop, with 57 points; Red Bell, Ballinger, 52; and Tex Stephenson, Midland, 46.

Sokolowski has won 16 and lost 8 for the league leading Oilers and has been one of the mainstays of the Odessa pitching staff. He got off to an auspicious start in organized ball by whipping the Oklahoma City Indians of the Texas League in one of his first exhibition appearances.

# LOOKING 'EM OVER

With Tommy Hart

Charles Wheelchel, a great hurler for the Big Spring Bombers here in 1941, is now managing the Marysville Peaches of the Class D Far West league, having succeeded Burt Kenmire to that post recently.

Wheelchel, with Bob Kahout and Willard Ramsdell, pitched the 1941 Bombers to the regular season pennant, but hurt his arm some time later. He was retained by the Brooklyn farm system to help coach other hands.

The Marysville club was, at last report, hopelessly out of the running for a place in the spot in the league's Shaughnessy playoffs. The Peaches trailed fourth place Reno by about 15 games.

A brother to Bob Kahout, by the way, has been purchased by the Lamesa Lobos of the WT-NM league. He, too, is a pitcher.

Danny Lynch, the Dallas bonus baby who was a Chicago Cub farm hand for a while, is now with Portsmouth in the Piedmont league and, from all accounts, enjoying a better year than he had in the Class A Western league in 1949.

FERDY NEIMANN GOING GOOD IN THREE

Ferdie Neumann, who played here lots of times as a member of the Dal Rio club back in 1948, is now holding down first base for the Davenport club of the Three-I league.

Ferdie recently hit a four-run homer that torpedoed Cedar Rapids in a game.

SCOUT MUST HAVE OVERLOOKED KING

A baseball scout touring the Longhorn league recently was quoted as saying there are no hitting prospects in this league.

What about Jim King, the Vernon outfielder? The St. Louis Cardinals thought enough of his chances to invest \$4,000 in him and added no clause that they would get a rebate in event he fails to come through.

True, King was hitting only .287 when the latest averages were released but, if he has a weakness, it is not having the patience to wait out pitches. Curve balls don't worry him and he really unloads against a fast pitch.

Another thing in Jim's favor is his age. He's only 18, according to Jittery Joe Berry, his skipper. By the time he's 20, he should be approaching big league caliber.

The promotion of Dom Chiola to the job as manager of the Sweetwater club met with universal approval in Swaterton, according to Sports Writer Bud Worland of the Dallas Morning News.

Dom's predecessor, John Bottarini, wasn't very popular with the fans. It seems he had some difficulty getting along with his players, too, remained aloof and distant when he should have been teaching the lads what he knew about the business.

Rip Rowan, co-captain of the University of Texas football team this fall, is the oldest player on the Longhorn squad. He's 24.

top rookie will be awarded to Sokolowski by League Presy Hal Saylor on Sept. 9.

Runner-up King is an 18-year-old lad from Elkins, Ark. He had played semi-pro ball under Jittery Joe Berry and came to Vernon when the latter was named manager of the club. King was sold for \$5,000 to the St. Louis Cardinals in mid-season and is slated to report to one of the National League club's farm teams next spring.

Caps Sell Hurler

GALVESTON, Aug. 25. (AP)—Robert F. (Bob) Beran, 19-year-old right-hander, has been sold by the Galveston White Caps of the Gulf Coast League to Gainesville of the Big State League.

Beran will report for the Gainesville spring training session in 1951. With Galveston he has won 13 games and lost 17. In a game against Jacksonville he fanned 18 and allowed only one hit.

Boat Races Carded

PARIS, Aug. 25. (AP)—Paris will be the site of the Central Region finals of the American Power Boat Association. The races Sept. 3 at Lake Crook will qualify outboard racers for the National finals in Dallas later in September.

# Dallas Loses 5th In Row

By WILBUR MARTIN Associated Press Staff

Dallas pitcher Charley Grimm plans to pitch his ace, Wayne McLeland, against Beaumont tonight and a spot in the Texas League's first division may hinge on what the big fellow does.

San Antonio climbed into a tie for fourth with Dallas last night on a 10-5 victory over Oklahoma City. Dallas lost its fifth straight, this one by a 6-4 score to Beaumont.

McLeland will be after his 20th victory. If he makes it he'll be the first to hit this year in the Class AA circuit.

Fort Worth nudged Shreveport, 3-2, and Tulsa licked Houston for the third straight time, 6-2.

Tonight these teams wind up three game series—at Tulsa, Oklahoma City, Dallas and Fort Worth.

Joe Lut helped San Antonio win with a home run.

# Vernon Yields To Oiler Nine

By The Associated Press

Big Spring used a 13-2 victory over Ballinger last night to get a little elbow room around third place in the Longhorn League.

The Broncos, in third by one percentage point yesterday, had a full game lead over Vernon today. The Oilers got beat, 3-0, by Odessa last night.

Fourteen hits and seven Ballinger errors helped Big Spring to the easy win, while two Vernon errors started Odessa's scoring. Al Sokolowski limited Vernon to four hits.

Three Midland errors followed Steve Folette's single and as a result San Angelo scored two runs in the tenth inning and took a 9-8 win from Midland.

Rosevelt had less trouble, scoring eight runs the first inning, going on for an easy, 12-1, victory over Sweetwater.

# Steeds Capture Fourth Straight From Ballinger

BALLINGER, Aug. 25. — The Big Spring Broncos go for a clean sweep of their five-night series with the Ballinger Cats tonight before moving on to San Angelo Saturday to begin a crucial series with Jimmy McClure's Colts.

The Steeds routed the Fellows here last night, 13-2, to gain a one-game hold on third place in Longhorn league standings. Vernon, which had occupied the spot for several weeks, lost to Odessa and dropped to fourth.

The Cayuses now lead fifth place Angelo by 6 1/2 games, have 18 contests remaining on their schedule, including tonight's finale with Ballinger. Five of those engagements are with the ambitious Angelo club.

The Broncos had an easy time of it Thursday night scoring five times in the first inning and flooding six runs across the dish in the third.

Every man in the Big Spring lineup collected at least one blow in the 14 hit offensive off Charley Rogers and Howard Davis.

Lefty Tony Iglesias went all the way on the hill for Big Spring setting the Cats down with seven hits.

Gabe Castenada broke a proven hitting slump by getting three hits. Iglesias rapped out two hits, including a triple in the third inning.

Eat Stacey drove in three Big Spring rallies with a double and single.

Clyde Bell and Julian Acosta accounted for the Ballinger runs, one in the fifth and the other in the eighth.

Another Important Deep Well Announced For Howard Co.

Another important north-central Howard deep wildcat was announced today.

It will be the Stanolind No. 1 S. D. Buchanan estate and is projected to 9,400 feet unless pay is found at a higher level. It will be 2 1/2 miles north of Coahoma. Location is to be 600 from the east and 1,900 from the north section of 25-31-1n, T&P.

The test will be drilled on acreage assembled by Walter B. Collins. Midland. Part of the tract include five 80-acre spreads taken

Roundup Services Tonight To End Baptist Encampment

Roundup services at 8:25 p.m. today will conclude the annual Brotherhood encampment for district No. 8 Baptists.

Dr. John L. Hill, lay leader from Nashville, Tenn., is to deliver the final message. His address will signal the close of a series of evangelistic messages, devotionals, testimonials, and fellowship.

Some 210 members of Baptist Brotherhood groups from approximately 50 churches in the district were registered for the encampment which opened Thursday afternoon. The theme of the encampment, called the Brotherhood Roundup, has been "Loyal Men."

The stress has been placed on evangelistic activities by the various lay organizations of the churches.

Following registration at 2 p.m. yesterday, the encampment got underway at 4 p.m. with song services and an address by Dr. Hill. Rev. Bill Arnett, district

missionary, also spoke to the group.

Marshall D. Barnett, Dallas, brought a missionary message in the closing services last night stressing the importance of Christian living in light of the critical world political situation. Doc Mead Ahlens, led in a devotional period prior to the evening service.

Brotherhood members opened the Friday program with reports from the four association presidents. Outlining activities of the past year were Wayne Williams, Big Spring association; Brotherhood president, E. H. Williamson, president of the Mitchell - Scurry group; June Hogue, leader of the Lamesa association; and T. C. Denton, Denver City association leader.

G. G. Morehead, Big Spring, led a testimonial service this morning in which practically every delegate to the encampment was heard.

Layman Wren Snyder conducted a memorial period for deceased members of the various Brotherhood units, while Joe Evans, El Paso, gave the final morning talk, entitled the Range Roundup.

An afternoon of relaxation and recreation was on tap for the campers this afternoon. Bill Mead, Big Spring, was scheduled to lead another devotional period at 5 p.m. Following the evening meal, Dr. Hill's "Final Roundup" is to conclude the annual encampment.

All meals have been served at the camp grounds since the opening of the yearly meeting, and most of the Brotherhood members spent the night there. Thursday Encampment grounds, used also by Girls Auxiliary and Royal Ambassador groups of the district have been improved extensively since last occupied by the Brotherhood. Owen C. Taylor is president of the district organization.

By J. C. Williamson, Midland on a farmout from Forest Drilling and Southern Minerals. He was obligated to drill a wildcat somewhere on the leases, so he turned the acreage to Collins and kept an override. Collins secured several hundred acres of leases and turned the entire deal to Stanolind.

Lomax and Zonn No. 1 Anderson, northeast Howard wildcat, C. NW NE section 11-31-1n, T&P, progressed to 8,585 feet in shale. Armer No. 1 Jones, extreme northeast Howard venture, C. SE NW section 34-26, H&TC, had completed a prolonged fishing job and drilled to 7,260 feet in shale.

Brown No. 1-A Bronon, in the Bronon extension of the East Valmor pool, C SW SW section 18-27, H&TC, was at 6,542 feet in lime.

Stanolind No. 1 Burton north west Howard venture in C NE SE, section 27-33-2n, T&P, drilled to 4,780 in lime. Brinkerhoff No. 1 Jones, in the Knoll community, drilled below 6,585 feet in shale.

Southwest Martin's deep wildcat, Gulf No. 1-E-B Glass, C SW NE section 13-39-1n, T&P, prepared for a drillstem test at bottom of 12,815. On a core from 12,803-15 feet, recovery was six feet of fractured white Ellenburger lime with no shows of oil, gas or water.

In southeastern Borden, Vickers No. 1-B Canning drilled below 4,655 feet in lime and shale. Seven miles northwest of Gail the Gulf No. 1 Clayton & Johnson was bottomed at 6,854 with a fishing job.

Manning and Bay No. 1 Huddle, 1 1/2 miles southwest of Lamesa, was at 9,515 feet in lime and shale as a deep central Dawson prospect. Auld & Brill, C I C B Grissom, 800 from the south and east lines of the northeast quarter of section 17-34-4n, T&P, 3 1/2 miles southwest of the Sprahery Pool, drilled below 3,215 feet in anhydrite and gypsum.

Humble No. 1-B Foster, section 16-T, T&P, six miles southwest of Sterling City, progressed to 4,315 feet in lime and shale. C. L. C. Graff No. 1 Foster, C NW NE section 10-13, SPRR, 1 1/2 miles from the Marvin field, drilled to 4,015 feet in lime.

County X-Ray Survey Discussed At Special Meet

Plans for the Howard County Tuberculosis Association's X-ray survey were discussed at a special meeting attended by Pansy Nichols, state executive, Thursday afternoon.

Miss Nichols was here briefly on a field trip.

Other plans for promoting interest in the survey were also announced. Mrs. Eunice Myers and Lorena Brooks met with a group of Negro citizens Thursday night and assisted them in organizing committees to urge widespread participation in that area.

A radio program over KJXC, with Simon Natividad in charge, will be directed to Spanish speaking citizens from 6:20 p.m. to 6:30 p.m. today. Miss Brooks announced Negro citizens will arrange a program for next week.

Attending the Thursday afternoon meeting were Dr. J. M. Woodall, Capt. James Harrison, Mrs. Moore Sawelle, Mrs. C. O. Trantham, Mrs. Martine McDonald, Mary Cantrell, W. C. Blankenship, Lorena Brooks and Miss Nichols.

Six From County Awarded Degrees At North Texas State

DENTON (Sp.) Aug. 25 — Six students from Howard County were presented degrees at exercises held at North Texas State College when the largest graduating class in the history of the college was honored.

The 831 graduates included 494 who received the bachelor's degree and 337 recipients of the master's degree.

President W. J. McConnell presented the bachelor's degree to Darnell Peacock of Foran and to Aulcin Hobertz, Glenn E. Smith and Reba Jean Roberts, all of Big Spring.

Anna Smith and Arac Phillips of Big Spring were presented the master's degree.

ALPINE, Aug. 25 (AP) — Sul Ross State College yesterday graduated its largest class in history, 205 students.

Equalization Board Adjourns After Meet With Property Owners

Board of equalization for the City of Big Spring and the Big Spring Independent School district had adjourned this morning after conferring with 46 property owners concerning tax valuations.

However, the board was prepared to hear any out-of-town property owners who were unable to appear earlier. Some out-of-town owner were notified to be here today.

However, there were few complaints during the hearings this year. This was attributed to the fact that few changes were made in valuations, except in areas where new construction projects have been completed during the past year.

Expect Malik To Discuss Formosa

By STANLEY JOHNSON Associated Press Staff  
LAKE SUCCESS, Aug. 25 — Russia's Jakob A. Malik is expected to throw the explosive Formosa question into security council discussions today.

However, the anti-Communist countries, led by the United States, are determined to keep the council's eye on the Korean ball.

China's Foreign Minister Chou En-Lai gave Malik an opening yesterday by sending cables to him and to UN Secretary Gen. Trygve Lie demanding the ouster of American forces from the island now controlled by the Chinese Nationalists. The cables also announced Communist intentions to "liberate" Formosa from "United States aggressors."

The only American force in that area is the Seventh Fleet, which President Truman sent June 27 to prevent an invasion by Communist forces from the mainland. At the same time Truman appealed to Nationalist Leader Chiang Kai-Shek to cease bombings of the mainland. He said his aim was to neutralize Formosa and prevent the Korean war from spreading.

Coincident with Chou's cable to Lake Success, a Chinese government spokesman in Canton, China, accused Britain's armed forces in Hong Kong of carrying out a "de-liberate" plan to "encroach upon Chinese sovereignty."

British forces were charged with five violations of Chinese air, territory and territorial waters since July 6. All the incidents were minor but the charges were considered significant inasmuch as Britain is negotiating with the Peiping regime for opening of diplomatic relations.

Diplomats here believe Malik will use Chou's appeal as his ace card in Russia's month-long struggle to split the United Nations' solid front on the Korean issue, to pin an "aggressor" label on the United States and to link the question of Korea with that of China.

It's Saucer All Right, But Won't Fly

READING, Pa., Aug. 25 (AP) — The telephone jangled at Reading police headquarters.

The desk sergeant picked up the receiver and heard an excited voice tell him: "It's a flying saucer."

The sergeant promptly dispatched a patrol car to the spot. With sirens blaring, the patrol car reached the scene and found the saucer on a lawn.

Beside it sat two youngsters — the saucer's inventors.

"It's a genuine hand-painted, made-in-Reading saucer," John Feick, 15, told the policemen last night.

"Guaranteed not to fly," added Paul Fisher, 14.

They explained they made the weird contraption from these ingredients: The top of a barrel, an insecticide bomb, a busen burner, part of a car heater, the reflector from an auto headlight, a section of metal pipe, two pieces of wire, a round box and electric switch.

It's Time For Brooks BECAUSE

The next Lt. Governor of Texas should be above any internal friction, beyond all cross currents of politics, and completely judicial when clashes of personalities arise among members of the Senate. He must be in a position to treat them all alike, to be fair to each, and also to be true to his obligations to the people. Pierce Brooks meet these tests.

Pierce Brooks is the only candidate completely free from the entangling alliances, political obligations, cliques, clans and groups which grow up when men stay in office too long.

Scripture — Luke 1:46-55; 2:7-19; 40-52; Mark 3:31-35; John 2:1-12; 19:25-27; Acts 1:13-4.  
By **NEWMAN CAMPBELL**  
Mary, mother of Jesus, is the subject of today's lesson. We do not know very much about her a word or two here and there in the gospels. But what little we do know makes us love her.  
She is introduced to us quite casually by St. Luke who tells the story of the angel appearing to this young girl and telling her the marvelous news that she was to be the mother of the Christ. At once Mary went to her cousin Elizabeth and imparted the wonderful message to her, and Elizabeth shared her joy so thoroughly that she sang a song of joy to Mary, beginning, "Blessed art thou among women."

brief account, to the time Jesus was taken for the first time to Jerusalem for dedication when he was 12 years old. On the return journey to the home at Nazareth, Jesus was missing after a whole day's journey.  
Mary had thought the lad was with others of the company, but when she and the father could not find Him they went back to Jerusalem. Three days they searched, finally discovering Him in the temple, holding conversation with the teachers there, asking them questions and listening to what they told him.  
In spite of her natural terror at losing her child, Mary asked Him gently: "we are sure, 'Son, why hast thou dealt thus with us? behold, thy father and I sought thee sorrowing."  
His answer, "How is it that ye sought me? wist ye not that I must be about My Father's business?" seemed natural to Him but Mary pondered it as her heart with other things about this wonderful Child.  
Obediently Jesus returned with His parents to Nazareth, and "was subject unto them; but His mother kept all these sayings in her heart." She alone knew that her son was not like others. That He had a divine mission.  
Another little episode in Mary's relation to her son is told us by St. Mark. Jesus was sitting in a house surrounded by friends. Mary and Jesus' brothers came and someone called Jesus and told Him His mother and brothers were without.  
Answering, He said something that might have let His gentle mother, "Who is My mother and My brethren?" then answered Himself, looking around on those who were with Him, "Behold, My mother and My brethren."  
Mary undoubtedly understood. He no longer belonged to her and His brothers and sister, but to the whole world!  
St. John gives us another instance of this same seemingly unkind attitude of Jesus toward His mother, and her understanding that no unkindness was meant. Mary and Jesus attended a wedding in Cana. Mary found the host had wine, and told Jesus. He said, "Woman, what have I to do with thee? mine hour is not yet come."  
Mary simply said to the servants, "Whatever He saith unto you, do it." The form of address, "Woman," which would be considered an insult by any modern woman, was a correct form of address in those far-off days.  
That Jesus did, indeed, love His mother and thought of her welfare is illustrated when He was

**Florida Trial For Officials In Graft Probe**

TALLAHASSEE, Fla., Aug. 25. — The sheriff of Polk County and two of his deputies face trial next month on charges of taking \$200 a week to protect gamblers.  
Gov. Fuller Warren suspended Sheriff Frank M. Williams yesterday after a grand jury charged him with accepting graft charged with the sheriff were Deputies Paul Jennings and Fern Roquemore.  
Williams posted \$5,000 bond apiece for their appearance at the trial, set tentatively for Sept. 1 in criminal court here.  
After posting bond, the sheriff sent Warren a telegram stating he was innocent and expressing confidence he would be acquitted.  
The sheriff's suspension came after two grand juries returned 25 indictments Wednesday night in the state's drive against gambling.  
While a Polk County (Bartow) grand jury was bringing charges against Williams and his deputies, a Broward County (Fort Lauderdale) grand jury indicted 22 men on various gambling charges.  
Some of the biggest names in Broward County's gambling circles were turned up by the grand jury's action. Two of those indicted were mentioned in testimony before the Kefauver Senate Crim Committee as hirlings of big time gamblers Frank Costello and Frank Erickson.  
Samuel Bratt and Vincent Alo, alias Joe Doto, who reportedly had Erickson and Costello connections, were among those indicted.  
The grand jury that indicted them was the same one that returned indictments against Sheriff Walter Clark, his brother and chief deputies, Robert and Gordon L. Williams last month. Clark was subsequently suspended by the governor.
