

Ship Schedules Changed To Get More Oil To East

WASHINGTON, June 18. (AP)—In his first positive action to put more oil into the east, threatened by a petroleum famine, Secretary Ickes announced today a rearrangement of a ship tanker service to increase the Atlantic coast supply by 210,000,000 gallons annually.

After conferences with officials of the Sun Oil company and the Standard Oil Company of California, Ickes, who is defense petroleum coordinator, announced he had made recommendations whereby three huge tankers now engaged on routes between California and east coast ports would be switched to runs from Gulf ports to the east coast.

"Many additional steps must be taken," Ickes said, "if a serious east coast shortage is to be averted."

On the intercoastal route, the coordinator said, the tankers involved carried approximately 168,000,000 gallons of gasoline a year, whereas in the Gulf to east coast trade their annual carrying capacity, due to the shorter haul, would be raised to approximately 378,000,000 gallons annually.

Representatives of the petroleum industry have estimated the equivalent of 49 tankers were needed to erase the anticipated eastern oil deficiency. The anticipated shortage was caused by transfer of one-fifth of America's coastwise tanker fleet to British service.

It was estimated the shift of the three tankers from the west coast to the Gulf-east run would relieve the expected shortage by at least 6 per cent.

French Drive British Back In Mid-East

Counter Offensive Advances Almost To Palestine Border

VICHY, Unoccupied France, June 18. (AP)—The French declared tonight their counter-offensive in Syria had driven through the British lines so far they had reached the Palestine frontier.

They said their forces, slashing in behind the British in southern Syria, had reached the Palestine border south of the Syrian town of Merdjayoun and were threatening the entire British communications system on the central front.

All along the southern Syrian front, said military dispatches, assaults by French infantry supported by aircraft were making hazardous the rearward lines of the British columns which had been driving for Damascus and Beirut.

The heaviest French assault was said to have been launched against the coastal road south of Sidon, where the French asserted the Australians who had captured that ancient port had ceased to advance since the British fleet stopped shelling the French positions three days ago.

NEW YORK, June 18. (AP)—A German broadcast heard here said today a stream of air reinforcements of the latest type planes was flowing from Tunisia to Vichy forces in Syria. Some of these planes, it said, already had engaged in successful fighting against the RAF.

VICHY, Unoccupied France, June 18. (AP)—Vice-Premier Admiral Jean Darlan sent a message tonight to soldiers of the Free French force fighting beside the British in Syria offering them full pardon if they cross to the other side and cease fighting "against their brothers."

Fifth Appointee To Liquor Board Is Confirmed

AUSTIN, June 18. (AP)—W. J. Townsend of Lufkin, Governor W. Lee O'Daniel's fifth appointee to the state liquor control board, was confirmed today by the senate.

The governor first nominated Dr. W. D. Bradford of Dallas, who was rejected.

Next appointee was Tom Love of Dallas, who declined to serve.

The senate rejected two more of the governor's appointees, Jeff Davis of Dallas and Mrs. Claude De Van Watts of Austin.

At the same time another group of primary flight students were nearing the final phase of their course of training, and some had completed the work, said Art Winthelster, in charge of instruction.

Six pilots had been assigned here for re-training, a step necessary for placing as instructors in various flying schools carrying on the Civilian Pilot Training program.

June 23, twelve persons are scheduled to begin cross-country flight training, Winthelster said. Although the complete list is not known, Big Spring students include Jack Cook, Vestus Albert Pruitt, Jr., David Prince, Wait, Jr., and John Carroll Hollingsworth.

Those completing primary flight training are Cecil Allen Weaver, Mrs. Norcliffe Myers, Earl Raymond Richardson, Vernon Price Heard, Charles Arthur Kaub, Barney Kip Edgins, Sammie Ray Langford, Raymond O. Plunkett, and Horace Walter Dearing, Jr.

The seven getting into the first phase of their aerial training are Seth James Hoynton, Jr., Quentin Vance Lebkowsky, Wallace Howard Fowler, Emily Virginia Stalcup, Marion John Worthly, Winston Odell Harper, and Herschel Etheridge Fowler.

Winthelster is to go to Fort Worth Friday to receive his five-place Binson cabin job, a ship that carries 245 horse power. He has had around \$1,000 worth of special instruments installed to care for such advanced training for which the local school might be given designation.

He also placed order for a new Waco bi-plane to be used in training work and delivery is expected on June 26.

Axis Claims Overwhelming Victory In Libyan Fight

Intensified British Raids On Germany Continue

By the Associated Press
Germany and Italy reported "complete and overwhelming victory" today in smashing a British counter-offensive after a violent 8-day battle in the desert around Salu, Egypt.

"The enemy, overwhelmed, is retreating," the German high command said.

An Italian war bulletin declared the British had thrown "ponder-

ous masses of tanks supported by the best part of the Middle Eastern air force" into the conflict—only to be crushed by the "overpowering impetus" of axis counter-attacks.

The fascist communique asserted Gen. Sir Archibald P. Wavell's counter-offensive had been "broken," with British troops retreating under heavy fire by axis land and air forces.

The British Middle East command acknowledged that the British advance forces withdrew yesterday to forward positions on the Libyan front, which appeared an encircling movement by German reinforcements because "we had accomplished our objects" of forcing the Germans to disclose their strength.

In Berlin, Hitler's high command said the British attempt to

drive back into Libya had been "frustrated with extremely heavy British losses" and that imperial troops were retreating under axis counter-attack in the Salu area.

The most war bulletin pictured the British offensive as an attempt to rescue the siege-bound British garrison at Tobruk, 80 miles inside Libya, where British troops have been encircled for nearly 10 weeks.

The Germans claimed destruction of more than 100 British tanks since the imperial army of the Nile began its offensive Sunday.

In the war in the air, the London air ministry reported big squadrons of RAF bombers, smashing at western Germany for the seventh night in a row set many fires and inflicted widespread destruction in the industrial cities of Cologne and Dusseldorf.

Reinforced by a stream of American-built planes, the RAF also challenged German air might by sending at least 150 planes flying in "sandwich formation"—with layers of fighters flying above and below the bombers—against the Nazi-held French coast.

RAF overnight attacks centered on the docks at Rotterdam, Ostend, Boulogne and Cherbourg, the British announced Sunday.

In a series of speeches punctuated by boos, cheers, jeers, applause and other displays the governor was also defended by Rep. Pat Dwyer of San Antonio.

"These speeches are just an attempt to mix up the cards for the man we endorsed by resolution as the next United States senator from Texas," shouted Dwyer.

The fireworks started after Rep. James Taylor of Kerens read from a newspaper report quoting the governor as saying the legislature had dilapidated because of the rules of the session were not published until four or five weeks after the lawmakers convened.

Taylor asserted also the governor was quoted as saying his program was delayed by failure to quickly appoint legislative committees and that he (O'Daniel) had an "idea" it was delayed also "just to give the lobbyists an opportunity to get acquainted."

Asserting that he was trying to indict the legislature as a whole, Taylor said the governor could not be talking about the house of representatives.

Taylor asserted the rules were published and mailed to members long before the session began; committees were named as soon if not sooner than ever before and if anyone had tried hard to expedite legislation it was Speaker Homer Leonard McAllen.

"Don't you think he is grateful to make those statements after we passed a resolution so that he could run for the senate?" queried Rep. Margus Smith of Pleasanton.

Taylor replied: "The house passed the resolution (asking the governor to resign and run for the senate) but I don't know its motives. I do know that house bill 8 (the \$22,000,000 omnibus tax bill) was passed by the house on March 10 and sent to the senate on March 12, almost 30 days before O'Daniel ever knew he would have a chance to run."

Liquor Law Test Is Before Court
HUNTSVILLE, June 18. (AP)—A hearing on an injunction restraining the state liquor board from enforcing provisions of the new liquor law started here today before a three-judge court.

The statute limits the sale of prescription whiskey.

Attorneys for the plaintiff, F. V. Ellison of Lubbock, and the state liquor control board argued before the hearing started over points of law and admissibility of certain procedure.

Ellison represents 30 drug stores owners and a dozen doctors licensed to write prescriptions for liquor.

On the bench were Judge Sam M. Rogers of Huntsville, who three weeks ago granted the drug store owners a temporary restraining order against the liquor board's enforcement with liquor sales; Judge L. M. Smith of Texas; and Judge C. G. Dillard of Galveston.

Immigration To Be Brought Under Sharp U. S. Control

German Nationals Prevented From Leaving Country

WASHINGTON, June 18. (AP)—Sharper control over immigration into the United States is to be instituted before July 1, authorities declared today, a few hours after the government had barred the departure "pending further instructions" of any of the 330,000 German nationals now living in this country.

To effect the new strict control over movements of aliens, boards of review will be established to pass on all applications for immigrant visas, after each application has been thoroughly investigated.

Applications for the annual quota of 153,774 immigrant visas at present are passed on by field offices of the Immigration bureau after—so Attorney-General Jackson told congress—"a rather haphazard" investigation of the prospective citizens' qualifications and history.

The state, justice, war and navy departments will have one representative on each of the five boards of review to be set up, it was learned, with the possibility that the Federal Bureau of Investigation or a special immigration investigative agency will also be represented.

The army and navy representation on the boards, it was learned, is particularly designed to prevent fifth columnists or subversive agents of other governments from entering the United States in the guise of immigrants.

The order issued yesterday to the customs and immigration services to prevent any German nationals from leaving the United States was characterized as one move in a general plan to tighten control over the 5,000,000 aliens now here, as well as over the entrance of thousands more, many of whom describe themselves as refugees from German-occupied territories.

The immediate objective of the order, it was stated officially, was to make sure no German national attempted to evade the White House proclamation "freezing" European funds in the United States.

Rumanian Air Liner Crashes, Kills 15

NEW YORK, June 18. (AP)—The Berlin radio reported in a Bucharest dispatch that 15 persons were killed today when a Rumanian air liner crashed shortly after taking off from Bucharest for Sofia.

There were no survivors.

Among the victims were Albert Geyer, German consul in Sofia; Werner Voss, press attaché of the German legation in Bucharest; and M. Moosloff, Bulgarian consul general in Dresden.

Clothes Pins Put To Use As Deadly War Instruments

CAMP HUNTER, LIQUETT, Calif., June 18. (AP)—Ordinary domestic clothes pins, the kind with wire hinges, have become instruments of violent destruction in modern warfare.

Fourth army engineers on maneuvers here showed how they use clothes pins as firing mechanisms for anti-personnel mines that spew eight penny nails into unsuspecting enemy troops. These clothes pin mines can be hastily made in the field.

The improved mines are a fine example of what men in the ranks can develop in the way of implements of war.

The unique mechanism was developed by the 18th engineers from the Vancouver, Wash., barracks. All needed for one of the mines is a clothes pin, two flashlight

67 Firms Go 100 Pct. On Defense Bonds, Stamps

The number of Big Spring firms cooperating 100 per cent in the purchase of defense savings bonds and stamps climbed to 67 Wednesday.

But, more help is needed. Teams from the American Business club, sponsor of the drive to enlist operators and employees 100 per cent in the savings program, added 27 concerns to the total Tuesday.

The drive, however, and from J. B. Collins, county chairman for the defense savings program, came an appeal for employers to "lay groundwork" by having their workers lined up.

"We are finding good response when we are able to contact all people in business houses," said Collins, "but to save inconveniencing workers, we are asking that stores mobilize their own forces, and be ready to report 100 per cent. We know that everybody wants to participate, and it's just a matter of getting names on the list."

Teams working on the 100 per cent drive will meet at the chamber of commerce at 8 o'clock Thursday morning to review results and map new lines of action. Tuesday the name of Verda Taylor was carried incorrectly as one of the workers. Verda is one of the most active members in behalf of the sale of bonds and stamps.

A complete list of 100 per cent firms appears on Page 8 of today's Herald.

Will Reject Nazi Protest Dictatorship Seen In Bill

WASHINGTON, June 18. (AP)—A strong German protest on the expulsion of Nazi consuls from the United States was delivered to the state department today, and Sumner Welles, undersecretary of state, indicated it would be flatly rejected.

The note was taken to Welles by Hans Thomsen, German charge d'affaires.

In announcing its receipt, Welles declined to disclose the contents of the note except to say it was a protest against the state department's order Monday that all German consular officials leave the country by July 10, on the grounds they had engaged in activities inimical to the welfare of the United States.

Welles added, however, arrangements were being made for the departure of the consuls.

This was considered tantamount to an announcement that the German note would be rejected outright.

Bund Leader Is Denied A Parole

DANNEMORA, N. Y., June 18. (AP)—Fritz Kuhn, former German American Bund leader now serving a 2 1/2 to 5 year prison term for stealing money from the bund, was "unanimously" refused a parole today by the parole board sitting at Clinton prison.

The decision, announced by Dr. Joseph W. Moore, parole board chairman, took Kuhn "a hazard to the public peace and security" and said "we do not believe his release would be compatible with the welfare of society."

Cosden First Aid Team Demonstrates

Cosden Petroleum Corp.'s first aid team gave demonstrations of its work before the Lions club Wednesday.

Emergency treatment for fractures, shock, failure of respiration, etc., were shown by the team as hypothetical problems were worked. On the team were Stoney Henry, Alex Selkirk, Lew Harris, Jake Morgan, Neal Barnaby and C. S. Edmund.

Weather Forecast

WEST TEXAS—Fair tonight and Thursday; little change in temperature.

EAST TEXAS—Partly cloudy, warmer in northwest portion tonight; Thursday partly cloudy.

LOCAL WEATHER DATA
Highest temp. yesterday, 81.5.
Lowest temp. today, 68.2.
Sunset today, 7:54 p. m.; sunrise Thursday, 5:40 a. m.

Two-Front Fighting — British troops continued on the offensive in North Africa and claimed that a surprise movement "made an initial penetration as far as Fort Capuzzo" (1), just across the Egyptian border in Libya. Fierce fighting, which appeared developing into a major battle, was reported raging around Salu (2), on the Egyptian-Libyan border. Meanwhile, fighting was intensified on all fronts in Syria, with the British striving to push on to Damascus (3). Beirut dispatches to Vichy indicated the French had taken the offensive on all fronts, pushing as far south as the Kuneitra sector and driving the British out of the strategic town of Merdjayoun. Offensive action in the region of Kisseou had been reported earlier by the French. The British acknowledged strong French counter attacks.

Soldiers Are Moving Out Of Plane Plant

By the Associated Press
A further reduction was ordered today in the number of troops on duty at the Los Angeles plant of the North American Aviation Corporation, with production back to 10 warplanes a day after a strike which lost its punch with arrival of several thousand soldiers.

About 2,500 soldiers remained on guard in the wake of the bitter wage dispute.

Wages were the issue in a strike still in progress at another plant factory, the Lock Haven, Pa., plant of the Piper Aircraft corporation, makers of light planes used in government civilian pilot training.

A government mediator was assigned to the dispute, while pickets patrolled the entrances to the plant, turning away production workers although permitting entry of office employees and engineers.

In Washington, heads of the AFL and CIO found common ground: Both issued statements in opposition to the pending Vinson bill which would bar workers from striking within 30 days after disputes were referred to the national defense mediation board. CIO President Philip Murray declared the bill would "force workers to refrain from acting to protect their rights while allowing employers to proceed with attacks on the union."

AFL President William Green said passage of the legislation would "aggravate industrial unrest."

Meanwhile a jurisdictional strike of CIO United Automobile Workers at the Douglas & Lomson company, Detroit, threatened to force the closing of several large truck factories because of a shortage of parts.

Between 200 and 300 civilian workmen struck yesterday on construction jobs at two Hawaiian air fields, but they decided to return to work today pending negotiations for pay adjustments.

AFL longshoremen were ordered to walk out yesterday at Morgan Line piers in Baltimore, Houston and Galveston in protest to federal acquisition of the line's 10 ships. They contended this was reducing employment opportunities for union members.

Harvey W. Brown, president of the AFL International Machinery Union, predicted a strike at 11 San Francisco bay shipyards would end tonight.

Louis Has Weight Edge Of 25 Pounds

NEW YORK, June 18. (AP)—Champion Joe Louis will have a 25 1/2 pound advantage in weight over Billy Conn tonight in the 18th defense of his heavyweight crown. Louis weighed in at 190 1/2 pounds for their match at the Polo Grounds while Conn, former light heavyweight champion, balanced the weights at 174.

The Louis-Conn fight tonight will be broadcast over KBBT, the local station, beginning at 8 o'clock.

TURKS AND NAZIS SIGN TREATY

BERLIN, June 18. (AP)—The German government announced tonight that it had signed a friendship treaty with Turkey at Ankara.

Ambassador Franz von Papen and Turkish Foreign Minister Sukru Saracoglu signed the accord at 8 p. m. (2 p. m. CST), the announcement said.

Pappy, Jerry Here Saturday

Come Saturday, the four major candidates in the U. S. Senate race will have made their appeal for Howard county voters personally.

Added to the announcement that Gerald C. Mann would bring his campaign here at 11:30 a. m. in an address from the courthouse lawn was word that Governor W. Lee O'Daniel would also appear at the same place at 10 a. m. the same morning.

Mann is coming here from Abilene with intermediate stops at Sweetwater and Colorado City. In the afternoon he swings to the west with stops at Stanton, Midland, Odessa, Pecos and Monahan.

The governor, on a swing through West Texas, will come here from San Angelo where he speaks the night before. He plans to make a short stop at Sterling City, and then stops at Lamesa and Tahoka, before making an evening stand at Lubbock.

Lyndon Johnson and Martin Dies, other members of the Big Four in the senate race, previously brought their campaigns to the voters of this area.

AIR SCHOOL DEFEATED

AUSTIN, June 18. (AP)—The house appropriations committee today apparently killed a bill previously passed by the senate to create with federal aid a four-year aeronautical and engineering college near Sherman.

Reservists Given Notice As Navy Drives For More Men

WASHINGTON, June 18. (AP)—The navy disclosed "stand by" orders to the last remaining reservists today and launched an intensive recruiting drive to assure adequate man power for the expanding sea forces.

The reservists not yet called to active duty include 8,564 officers and 14,213 enlisted men.

Secretary Knox last week issued instructions that merchant marine reservists might now be ordered to active duty without their consent.

Solons Jump On O'Daniel Utterances

AUSTIN, June 18. (AP)—Governor W. Lee O'Daniel was taken to task today by house members who objected to some of the executive's stump addresses in his campaign for the United States senate.

In a series of speeches punctuated by boos, cheers, jeers, applause and other displays the governor was also defended by Rep. Pat Dwyer of San Antonio.

"These speeches are just an attempt to mix up the cards for the man we endorsed by resolution as the next United States senator from Texas," shouted Dwyer.

The fireworks started after Rep. James Taylor of Kerens read from a newspaper report quoting the governor as saying the legislature had dilapidated because of the rules of the session were not published until four or five weeks after the lawmakers convened.

Taylor asserted also the governor was quoted as saying his program was delayed by failure to quickly appoint legislative committees and that he (O'Daniel) had an "idea" it was delayed also "just to give the lobbyists an opportunity to get acquainted."

Asserting that he was trying to indict the legislature as a whole, Taylor said the governor could not be talking about the house of representatives.

Taylor asserted the rules were published and mailed to members long before the session began; committees were named as soon if not sooner than ever before and if anyone had tried hard to expedite legislation it was Speaker Homer Leonard McAllen.

"Don't you think he is grateful to make those statements after we passed a resolution so that he could run for the senate?" queried Rep. Margus Smith of Pleasanton.

Taylor replied: "The house passed the resolution (asking the governor to resign and run for the senate) but I don't know its motives. I do know that house bill 8 (the \$22,000,000 omnibus tax bill) was passed by the house on March 10 and sent to the senate on March 12, almost 30 days before O'Daniel ever knew he would have a chance to run."

Reservists Given Notice As Navy Drives For More Men

Prior to June 11 they were ordered out on a voluntary basis.

The new recruiting campaign is being run by 264,798 officers and men and the demand for trained man power has remained urgent as new warships were commissioned, crews increased and auxiliary vessels added to the naval force.

Captain Abel T. Bidwell, assistant chief of the bureau of investigation, told reporters "we think we can get all the men we want" without calling on the selective service for recruits.

Molly O'Daniel To Wed Tyler Man

AUSTIN, June 18 (AP)—Molly O'Daniel, vivacious 19-year-old daughter of Governor and Mrs. W. Lee O'Daniel, today looked forward to her marriage, at an unannounced date, to Jack D. Wreather, Jr., of Tyler.

Mrs. O'Daniel announced the engagement yesterday at the mansion, adding "we are all very happy about it." She said her daughter's romance with the 26-year-old University of Texas graduate started at the university where Molly is a junior.

Sub-Deb Club Meets For Sunrise Breakfast In City Park Wednesday

Seven members of the Sub-Deb club enjoyed a sunrise breakfast in the city park Wednesday morning. Food was brought and cooked in the open. Miss Margaret Jackson, president, held a short business meeting.

Present were Misses Mary Ann Dudley, Leola Francis Walker, Cornelia Franzer, Abbey Hurley, Hope Sisson, Vio Rows and Loyd Read.

Wild Well Finally Shuts Self In

HOUSTON, June 18 (AP)—Gulf Oil corporation's No. R-3 State of Texas, two miles from the Houston ship channel in the Red Fish Reef field of Galveston bay, was dead today after blowing wild for 26 hours.

Gulf officials said the well sanded up and caved in, as had been expected. They said they planned to clean out the hole and continue drilling operations as soon as possible.

PERTAINING TO PEOPLE

Carl S. Hornsfield, Texas Electric Service manager, left by American Airlines Tuesday evening to attend the 25th anniversary of his fraternity, Delta Tau Delta, and his class of the University of Michigan at Ann Arbor. While in that territory, he will visit a sister, Mrs. C. P. Wagner at Chicago, and a brother and sister, H. L. Hornsfield and Mrs. John Rilandor at Detroit, Mich.

Mrs. Minnie Dempsey and sons, Dennis, Tommy and Robert, of North Bend, Ore., are visiting with Mr. and Mrs. L. B. Dempsey and family and other relatives.

Mrs. Pearl Shannon of Snyder is the guest of her sister, Mrs. J. H. Greene, and Mr. Greene. Mrs. Shannon and Mr. and Mrs. Greene are spending Wednesday in Colorado City.

Mrs. Morie Dempsey left Wednesday for Seminole to spend six weeks with Mr. Dempsey stationed there.

Mrs. J. W. Burrell was called to Fort Worth early Wednesday morning by the illness of her father.

Mr. and Mrs. J. L. Miller have had as guests Mr. and Mrs. Frank Anitley and three children, Doris Lynn, Frank K., and Joe of Abilene.

Mr. and Mrs. O. B. Bryant and children, Bass and Bobby, have returned from a brief business trip in Lubbock.

Mr. and Mrs. M. S. Beale and daughter Evelyn have moved to 502 West Ninth street.

Miss Nell Huggins of Houston who visited here briefly with her cousin, Mrs. D. F. Watt, left Wednesday morning to spend the summer in Santa Fe, N. M.

Miss Louise Watt and Miss Sarah Katherine Wooten are spending a few days on the Ned Ferguson ranch near Camp Wood.

Mrs. Shino Phillips is spending a few days in Abilene.

Miss Sara Bedy plans to leave Wednesday evening for the international convention of the Beta Sigma Phi sorority which opens Thursday morning for a four-day gathering of chapter representatives in Kansas City. She will join Miss Grace Gober, president of the Odessa chapter, and Mrs. C. W. Shino, who will be in charge of the Odessa chapter.

Miss Anna Smith, teacher in the county schools, underwent a tonsillectomy in the Hall and Bennett clinic Wednesday morning.

Mr. and Mrs. Curtis Driver have as guests Mrs. Driver's parents, Mr. and Mrs. C. B. Handley of Ponca City, Okla.

Dr. and Mrs. E. O. Beales became the parents of a baby girl born Tuesday in the Malone and Hogan Clinic-Hospital.

Dr. and Mrs. F. W. Malone were due back Wednesday from Bryan where Dr. Malone gave a paper before the medical society of that place Tuesday evening.

Mr. and Mrs. W. B. Younger and daughters, Maxie D. and Billie Jean, and Mr. and Mrs. Roy Cornelison and daughter, Jobby Jean, are in California for a two weeks vacation. They have been the guests of Mr. and Mrs. A. E. Service of Covina, Calif., formerly of this city.

Mrs. E. D. Matthews left Wednesday morning for San Antonio to visit her son, Wilbur L. Matthews and family.

Temp Currie, Jr., is in Dallas and Fort Worth for a few days.

Mrs. E. E. Fabrenkamp and sister, Miss Grace Mann, spent Wednesday in Lubbock.

W. M. S. Circle Meets

Circle Two of the Women's Missionary Society of the First Methodist church met for a covered dish luncheon at the church Monday morning and spent the day sewing for the Red Cross.

Cyprus has been a British colony and base since 1914.

Hairstyle lace forms the bertha on this traditional wedding gown of white satin. The bride wears a matched diamond ensemble—engagement solitaire, wedding band, and the bridegroom's wedding gift, a diamond lace bracelet. The prayer book is decorated with flowers.

June Weddings Will Share In The '41 Sentiment Boom

By AMY PORTER
AP Fashion Editor

The year 1941 will go down in history as, among other things, a time of great sentiment. A boom time for sentimental songs, sentimental clothes, and sentimental weddings.

Sentimental June weddings are likely to be a bit more expensive than the casual kind, what with lacy veils and diamond rings and multiple bridesmaids, but nobody seems to mind.

Of the 118,000 girls who get married each month, 84,000, or about 75 per cent, get engagement rings.

The engagement ring isn't necessarily expensive. A survey of jewelers shows that about half of all engagement rings are priced at \$50 or less. Only once in five years to the jewelers find a bridegroom willing and able to buy a \$100,000 ring.

Wedding bands, too, are sentimental once again after about ten years do the jewelers find a bridegroom who is elaborately carved and often set with diamonds. Engagement ring and wedding band often are selected at the same time, in related styles — and usually the bride helps with the selecting.

Wedding bouquet idea, evolved by Emmett Holcombe: If the gift from the bridegroom is a diamond clip, have the clip attached to a separate cluster of flowers in the center of the bride's bouquet. After the wedding the bride pulls out cluster and clip for wear on the lapel of her going-away costume, then tosses the rest of the bouquet to the bridesmaids.

Don't serve spinach at a wedding, because "greens are food for pixies and forest sprites make mischief at weddings."

This is one of many bridal superstitions and stories gathered by Claudia de Lya, who is compiling an encyclopedia of folklore.

Russian Women Being Trained For War Work

MOSCOW (Correspondence of the Associated Press)—Millions of Russian women are being trained for medical work in case of war in a program that is part and parcel of Premier Joseph Stalin's effort to keep Soviet Russia "in a state of constant military preparedness."

Although a majority of the women are training in so-called courses for sanitary preparedness, more than 30,000 are enrolled in special military units preparing to act as nurses on battlefields.

In addition, all women doctors and professional nurses are taking obligatory training every other evening after working hours. Their training is pointed toward action during air or chemical attacks.

"No woman is to be left unprepared for sanitary defense" is the slogan under which every soviet plant, office and collective farm is called upon to train its women members for war.

Simultaneously in plants and factories throughout Russia, women are being trained in skilled trades to be ready to shoulder the jobs of men who may be sent into battle.

The press, theatre and movies are active in a campaign of "mobilizing the soviet woman for the defense of her socialist fatherland."

Synthetic Rubber Development Is Accelerated

As an important contribution toward fortifying the nation's needs, the Goodyear Tire & Rubber company has made increases in its facilities for manufacturing its synthetic rubber, Chemigum, according to Troy Gifford, local Goodyear dealer.

For three and a half years the company developed and produced its own type of chemical rubber in its laboratories, and production began last fall.

First new plant for production of synthetic rubber by any rubber company was completed in May, near Goodyear's tire plants in Akron. This company was one of four named by the Federal Defense Plant Corp. to build factories costing \$1,500,000 each which will have initial production of 2,500 tons yearly, later capable of being stepped up to 10,000 tons output.

Chemigum resulted from the exploration of more than 300 different compounds involving thousands of tests. Cooperating in these experiments which now have produced a highly satisfactory synthetic rubber were a score of skilled chemists, engineers and rubber compounders.

Tested in a rigorous program conducted by Goodyear since 1937, Chemigum tires have given a superior performance to those made of German Buna and equal to those made of natural rubber.

Conn On Verge Of Marriage

PITTSBURGH, June 18 (AP)—Disclosure that Billy Conn and his pretty blonde sweetheart have applied for a marriage license threatened today to break up any plans they might have had to elope soon after his battle tonight in New York with Joe Louis for the heavyweight championship.

Register Walter Evans in the little town of Brookville, about 70 miles northwest of Pittsburgh, said Conn and Mary Louise Smith applied for a license there last week.

Jimmy Smith, former major league baseball player and husky father of the girl, quickly registered his opposition to the union, declaring:

"Champion or no champion, I'll punch hell out of that fellow and he'd probably be the first one to say I could do it. I hope he wins, but I want him to stay away from my family."

Miss Smith disappeared. Her father said she was with him and "there won't be any marriage because she's only 18."

Big Spring Girls Enjoy Activities In Camp Waldemar

HUNT, June 1 (AP)—Three Big Spring girls discarded their new summer play clothes and ran naked the rag bag as hoboes took over Camp Waldemar near Kerrville Friday evening. Dressed in garb ranging from gunny sacks to chain gang stripes and duds in straw hats and loud suits with rope suspenders, hoboes danced to the music of the camp orchestra.

Big Spring girls in camp are Miss Louise Ann Bennett, daughter of Dr. and Mrs. M. H. Bennett, Miss Janet Robb, daughter of Mr. and Mrs. J. Y. Robb, and Miss Beverly Stulting, daughter of Mrs. M. C. Stulting.

Prizes were awarded those who came in the most novel attire and by the most unusual means. Hoboes came by boat, truck, horse, car and donkey. Some were carried on boards mounted on the shoulders of their camp mates, and some were escorted by goats.

King of the hoboes was crowned with a tomato can and awarded a can of potted meat wrapped in a bandana. The king ruled in ragged, dirty barefoot splendor over the dancing, jitterbugging crowd.

The Big Spring girls have enjoyed many novel means of entertainment since their arrival in camp a week ago, including an amateur show, a picnic on the banks of the Guadalupe, and tribal meetings with traditional ceremonies by the Tejas and Comanche tribes.

Conn On Verge Of Marriage

PITTSBURGH, June 18 (AP)—Disclosure that Billy Conn and his pretty blonde sweetheart have applied for a marriage license threatened today to break up any plans they might have had to elope soon after his battle tonight in New York with Joe Louis for the heavyweight championship.

Register Walter Evans in the little town of Brookville, about 70 miles northwest of Pittsburgh, said Conn and Mary Louise Smith applied for a license there last week.

Jimmy Smith, former major league baseball player and husky father of the girl, quickly registered his opposition to the union, declaring:

"Champion or no champion, I'll punch hell out of that fellow and he'd probably be the first one to say I could do it. I hope he wins, but I want him to stay away from my family."

Miss Smith disappeared. Her father said she was with him and "there won't be any marriage because she's only 18."

BEERLINES SHOT DOWN

BERLIN, June 18 (AP)—Germany announced today that 21 British fighter planes were shot down Tuesday over the English channel.

Mrs. Dunagan Entertains Idle Art Bridge Club On Tuesday Evening

Mrs. Hugh Dunagan entertained the Idle Art Bridge club in the home of her mother, Mrs. L. L. Freeman, Tuesday evening. Mrs. May McMahan won high score and Mrs. Jim Beck, second high while Mrs. L. E. Marchbanks binged.

Guests were Mrs. Henry Covart and Mrs. W. L. Henshaw. Members playing were Mrs. Glenn Queen, Mrs. Fletcher Sneed, Mrs. Douglas Newman, Mrs. Kelly Burns and Miss Vera Robinson and Lennah Rose Black. Mrs. Marchbanks will be next hostess.

Rebekah Lodge Elects Officers At Tuesday Evening Meeting

Rebekah lodge No. 294 met in the I. O. O. F. hall Tuesday evening for a business meeting during which Mrs. Margaret Moore was elected corresponding secretary, and Mrs. Della Herring, financial secretary.

The Miriam club announced an all-day quilting party and covered dish luncheon for Thursday.

Present were Mrs. Velma Cain, Mrs. Viola Robinson, Mrs. Eula Pond, Mrs. Elma Crenshaw, Mrs. Ella Lloyd, Mrs. Rosalie Gilliland, Mrs. Verna Hull, Mrs. Margaret Moore, Mrs. Julia Wilkerson, Mrs. Maggie Richardson and Mrs. Ben Miller.

Christian S. S. Class Gathers For Picnic Tuesday Evening

The First Christian Sunday school class enjoyed a picnic in the city park Tuesday evening. Preceding supper guests played tennis.

Those attending were Misses Georgia Griffin, Ann Griffin, Robb Eiden, Katherine Barrett, Katherine Morrison, Mary Lawrence, Patsy Ruth Rosson, Joanne Young, Dorothy Sain, Tommie McCrary and Jack Stiff, Jess Collins, Jimmy Rawliff, J. W. Howard, Howard Wise, Marcus Wood, Charles Poole, George Bishop and Mr. and Mrs. A. V. Karcher.

Knott Baptist Women Plan To Sponsor GA's

KNOTT, June 18 (Sp) — The Women's Missionary Society met Monday afternoon at the Baptist church for the Royal Service program on missionary work in China and Japan, in charge of Mrs. O. R. Smith, program chairman. Each member present gave one topic. A short talk of interest was given by Mrs. T. M. Robinson about the condition of those countries as told by her brother, who was last heard from enroute to Hong Kong, China.

The members planned a social for June 23 to invite the young girls of the community and organize a G. A. club for the girls. Mrs. L. D. Yates was elected as sponsor.

Present were one visitor, Mrs. Herschel Johnson, two new members, Mrs. D. L. Knightstep, Mrs. L. D. Yates, and members: Mrs. W. A. Burchell, Mrs. Herschel Smith, Mrs. J. T. Gross, Mrs. O. R. Smith, Mrs. Walter Barbee, Mrs. E. O. Sanderson, Mrs. J. W. Phillips, Mrs. Bud Billings, Mrs. M. O. Jones and Mrs. Robinson.

Mr. and Mrs. L. J. Burrow visited friends and relatives at Westbrook over the weekend. Marjorie Smith left Monday for Alpine where she will enter the summer session of classes at Sul Ross and begin work toward an M. A. degree.

Mr. and Mrs. W. M. Hillburn have moved from the Tom McAdams farm to Big Spring to make their home.

Mrs. J. W. Walker has gone to Comanche, where she will spend several weeks with her sister-in-law and family, Mrs. John Shorter, and her niece, Mrs. Frank Duke.

Mrs. Porter Motley, who is attending Sul Ross at Alpine, spent the weekend with homefolks here.

Mr. and Mrs. John Snoddy of Watsonville, Calif., arrived here to spend the weekend with relatives in Howard county. Together with Mr. and Mrs. Faye Harding and Mr. and Mrs. Yale Crawford they went to Christoval Sunday to visit with a sister-in-law, Mrs. Ella Crawford, who is spending the summer there.

PIKE'S PEAK OR BUST; IT DID!—Enthusiastic shoveling by Mary Haynes (left) and Kay Crane, plus some others, was needed to open the line for this cog road locomotive and its snow plow which got stuck, opening the line on a Pike's Peak, Colorado, cog road. The shovellers blamed the 15-foot drift imprisoning the engine on an unseasonable January-in-June snow—the heaviest summer snowfall in years. On a nearby state highway two snow plows were stuck in deep drifts half way up the mountain.

Bicycle Parade Scheduled Here

Big Spring bicycle owners will have an opportunity to "strut their stuff" in a decoration way when Montgomery Ward sponsors a novel parade made up of the two-wheel vehicles on Friday, June 27. According to M. H. Strong, assistant manager at Wards, any youngster with a bike will be eligible to enter and compete for one of several awards, chief of which will be a handsome trophy. "All an entrant—boy or girl—has to do is decorate the bicycle that will be used in the parade," Strong said. "Prizes will be awarded to the riders of the most attractively decorated bike." Winners will be named at the finish of the parade, and the decision of the judges will be final, he said. Bike owners who plan to enter the parade are urged to register at Wards sporting goods department before June 27.

Civilians Leave Island Of Cyprus

LONDON, June 18 (AP)—Voluntary civilian evacuation of Cyprus, British crown colony in the eastern Mediterranean, has been completed, a Reuters, British news agency, dispatch from Nicosia, said today. The last evacuees to be sent to the mainland were the wives and children of British officials.

COMMUNITIES

Mr. and Mrs. E. C. McArthur have as guests this week Mr. and Mrs. K. G. Mace and son of Livingston, N. C., and Mr. and Mrs. John Plenum of Greensboro, N. C. Mr. and Mrs. A. W. Patterson and son of Wichita Falls were week weekend guests of the Jake Pattersons.

Sylvia and Anita Huret of Freer are guests of their uncle and aunt Mr. and Mrs. H. McCarty of the Humble lease.

Mrs. L. E. Barker, Mrs. C. C. Kent and Jack Barber accompanied Eloise Kent to Abilene Sunday. Scott Doss has gone to Seminole to make his home.

Mr. and Mrs. Jimmie Hagar and daughter were guests of Mrs. Hagar's parents, Mr. and Mrs. S. C. Cowley this week.

Mr. and Mrs. Paul Hobbs of Monahan were weekend guests of Mr. and Mrs. Lloyd Rippey.

G. N. McLeod has gone to Arizona on his vacation.

Harold Pitts of Brownwood was a weekend guest of Mr. and Mrs. Pete Huddleston.

C. L. West was a San Angelo visitor Tuesday.

Pauline McWilliams, Charlene Grissom and Freddie Nell Oglesby left for the Homemakers camp at Fort Stockton Monday.

Police Chief Harrison Anderson said about 50 youngsters leave their bicycles at headquarters daily and someone may have taken the wrong one by mistake. Clyde hopes so.

NEW YORK, June 18 (AP)—The CIO's National Maritime Union, asserting that some steamship companies were refusing to employ negroes, asked President Roosevelt today to extend to the American merchant marine the government ban on racial discrimination in defense industries.

Johnson Gets FD's Support In Senate Race

WASHINGTON, June 18 (AP)—By a strong inference, President Roosevelt gave his endorsement to the candidacy of Representative Lyndon B. Johnson for the senate seat vacated by the death of the late Morris Sheppard. A reporter asked at a press conference whether he had any additional comment on the Texas race now that there were 24 candidates with about 13 claiming administration support. Mr. Roosevelt said he thought he had done a rather good job when he answered that question the first time and that he thought it was very clear what his intention was. He was referring to a press conference several weeks ago in which he spoke of his friendship for Johnson.

PLANNER—On Harry M. Frince, New York war veteran and building expert, has fallen the burden of devising a "master plan" outlining civilian defense strategy for New York whose millions make a prepared plan so necessary.

Nose Broken In Hospital HAVRE, Mont. — W. L. Judkins knows what it is to have had luck haunt him. He was struck by a switch engine in the railroad yards and was taken to a hospital. And while he was convalescing there, he tumbled from his bed and broke his nose.

MONTGOMERY WARD

Bufs Rally To Edge By Oilers, 10-8

Exporters Sink Rebs, Sports Best Cats In Tex. Loop Roundelays

By the Associated Press
 Freddie Martin's bid for his thirteenth consecutive victory, which would have enticed him to establish a Texas league pitching record for freshman hurlers, failed last night, but his fellow Houston Buffs managed to make the most of a bad situation by triumphing over the Tulsa Oilers, 10-8, in a 10-inning contest.

In a scintillating battle on the Oilers' home grounds, the Buffs closed out the heavy-hitting affair with a two-run rally in the final frame. Martin was driven to the showers in the first, preventing him from securing last year's winning streak of his teammate, Howard Follet. The win was credited to Lefty Brazie, fourth of the Buffs' five hurlers.

Beaumont defeated the Rebels at Dallas 4-2, San Antonio nudged out the Indians 7-6 at Oklahoma City, and Shreveport won over the City of Fort Worth.

The only bright spot in the evening for the Dallas followers was Erik Gregory's homer in the seventh, with none on.

The Missions took a four-run lead over Oklahoma City in the fourth and kept it by holding an Indian rally in the seventh to four runs.

Brus Hamner, sent in to relieve Jack Brillheart in the seventh during a Cat rally, pulled the game out of the fire for the Sports. He allowed only three hits in the final six stanzas.

Lookin' em Over

With Jack Douglas

Ten trophies, all to be awarded to the various winners in the recent City golf tournament, arrived yesterday and are on display for the delight of the winners and the envy of the losers at the Mundy golf shop. The championship award has yet to make its appearance, but Fred Harold Akley said he expected it to show up within a few days.

Regarding those marks on victory that are already on hand, they all consist of figures in full swing, mounted on pedestals of varying heights and shapes, some gilded, some in natural metal color.

That the trophies meet with the approval of the ones eligible to put them on their mantles was borne out by the bull-like voice of Obie Bristol exclaiming over the beauty, etc., of the object d'arte that came to him as a reward for copying medalist honors. Akley's Missis said "Hann's the Man" Bristol could be heard throughout the Mundy building.

On a date yet to be definitely decided, winners will be given their awards at a banquet.

Shirley Robbins, formerly head man at the Country Club and who is now dispensing gasoline, etc., is grooming his new place of business, adding a touch of paint, plus lettering.

Carl Williams, manager of the Wichita Falls Spudgers when they were in the Texas league and skipper of the team that sacked up the Dixie Series in 1927, was in town yesterday to watch his son, Stuart Williams, show his stuff under the Borger Gassers' colors. Williams is an old-time crony of Manager Jodie Tate and Prexy Fink Rivers of the Bombers.

Williams, Mrs. Williams and their daughter watched their son under rather trying circumstances, but under circumstances that proved that Stuart is a chip of the old block. The Gasser third-baseman brooked the ire of local fans Monday night when he took it on himself to paste Pete Zmitrovich in a scuffle at the bag.

During the last two days, Big Springs have seen a brand of ball that should please the most exacting. In two days time, fans witnessed all the high spots of baseball—spectacular hurling by Lefty Garland of Borger, lead-singles rallies, heart-breaking errors and run-crazy innings. If those things don't make old hide tight, the fans had better go in for bull-fighting or some such gory pastime.

Rich Crowd On Hand For Louis, Conn Battle

NEW YORK, June 18. (AP)—The biggest, richest prize-fight crowd since the second Louis-Schmeling battle three summers ago will surge into the Polo Grounds tonight to watch Joe Louis defend his heavyweight championship against clever Billy Conn of Pittsburgh.

The big negro's 18th defense of his title promised to draw more than 40,000 and to gross approximately \$400,000, as compared with the \$1,000,000 that flowed into Promoter Mike Jacobs' treasury the night Louis crushed Max Schmeling, the man he hated, in less than a round.

The most popular opinion was that something very much like that was due to happen tonight to Conn, though the 23-year-old challenger had plenty of supporters. The odds against the former light-heavyweight king were lengthening steadily in the roadway marts. Last night it was possible to get odds of 7 to 3 against his winning, and one commission man estimated he would be offering a solid 4-to-1 against Billy by nightfall.

Five special trains from Pittsburgh and a half-dozen others from scattered cities poured fans into town this morning. Etonian fans were known to have chartered 20 planes.

Joe and Billy—the big, dead-end, punching brown man and the slim, handsome young gamecock—will square off for their 15-rounder at about 8 p. m. (C.S.T.). In the outside view of rals they will put it off until tomorrow night. The best information is that the referee will not be Arthur Donovan. A good guess is that Billy Cavanagh, West Point boxing instructor, will be the third man.

This will be the first heavyweight title fight at the Polo Grounds since the famous rough-house between Jack Dempsey and Louis Angel Firpo back in the "golden age" of boxing.

The official weigh-in was expected to show Louis packing an advantage of about 35 pounds but Billy was in the peak of condition and confident of winning.

Like everything else that could be said about Conn, however, this also could be said for Louis. The bomber has been on edge for several days, anxious to get at the boy he thinks "talks too much." He expects to stop Billy in two or three rounds. This observer, being conservative, favors the latter figure.

Where the Conn adherents point out that Billy is fast as a streak and a great boxer, the same may be said about Louis. The negro is fully as speedy as his challenger and, in the opinion of many, a more finished boxer. Where they differ most is that Louis hits with shocking force, whereas Conn is an average puncher. Louis can win by a knockout any time he connects right; Conn must base his hopes on winning the decision.

AMARILLO, June 18 (AP)—Thirty Texas golf pros inspected the Amarillo Country Club course here and pronounced it ready for the Texas PGA tourney, which begins tomorrow.

A four-under-par 66 was fired by Henry Hanson, Glen Garden club professional from Fort Worth, in a practice round yesterday.

The pro-amateur round will be played tomorrow, and the Texas Open starts Friday, with the pros qualifying for five places in the National PGA tourney next month at Denver.

Oilers Scuttle Ward, 19-1, In Major Tilt

Lamesa Slips By Pampa In 7-6 March

LAMESA, June 18.—The Boston Lobos got the breaks last night and won another game, beating the Pampa Oilers, 7 to 6. LaFever pitched seven-hit ball but covered, coupled with his own wildness, proved his undoing.

The Oiler hurler retired the first two men to face him in the ninth, but Carmichael got a blooper over shortstop and Marshall Brown lined a single to right, Carmichael pulling up at third.

Manager Prather of Pampa then called in Glab to finish the game. The Oiler southpaw faced Sam Scolding but he played it safe, giving the Lobos a free pass. Eddie Guyne was next. Lamesa at the plate, taking a pair of balls from Glab, who was jerked out in favor of Montgomery, the latter getting a strike on Guyne and then serving two more balls to force in the winning run.

The box score:

Errors Give Bombers 7-6 Win Over Borger's Gassers; Pampa Oilers To Show Wares Here In 3-Day Match

Big Spring's Bombers evened the series count, one-all, and wound up with a three-game league lead here last night as errors marked the way for a Bomber victory over Borger's Gassers, 7 to 6. Big Spring called on the services of three hurlers to stop the Gasser attack in a contest that just about reached the tops in super-super scrambling.

With the game in a deadlock in the ninth inning and with a pair of Bombers down, Jack Lindsey, new second-baseman, took complete advantage of a brace of errors, one by Willingham, second base, and Catcher Monroe, to cross the plate with the winning run of the game.

Tonight the Bombers take on Pampa's Oilers at Roberts Field, hostilities to get underway at 8:30. Bob Kohout will take over the Bomber hurling job, Skipper Jodie Tate said last night.

For seven innings of last night's fracas, the Gassers seemed doomed to take a first-class walloping at the hands of a revenge-minded Bomber crew. Charlie Wheelchel shot the book at the visitors, and had them wallowing along with an anemic one-run count as against the 4-run mark of the Bombers. But, in the eighth frame, the Gassers hit their stride, took advantage of Wheelchel's breakdown, and stacked up five tallies before anything could be done by the locals.

With seven wallows for four runs against him, Wheelchel gave up the post to Willard Ramsdell. The thing was too far gone then, and the Borger hot shots added two runs to fill out the score, 6-4.

Big Spring knotted the score, six-all, in their share of the eighth as Al Zigelman connected with the first ball pitched to him for a two-baser, scoring Pete Zmitrovich, on base with a walk. Hank Poltras had landed on the bag with a single, moved up to the number three bag on Zigelman's blast, then ripped across for the tying run on a wild pitch by Borger's Bond. With Jack Lindsey out on a fly to Webster, one run in, another on the way, Mel Reeves, pinchhitting for Ramsdell took a stroll, but the effort was stopped when J. L. Haney and Hayden Greer struck out to retire the side.

In the ninth frame, Andy Mohrlock took the hill for Big Spring's Bond. With Jack Lindsey out on a fly to Webster, one run in, another on the way, Mel Reeves, pinchhitting for Ramsdell took a stroll, but the effort was stopped when J. L. Haney and Hayden Greer struck out to retire the side.

The Boston Red Sox and Detroit Tigers divided a doubleheader. The Red Sox scored eight runs in the seventh to take the first game, 14-6, and Detroit retaliated with two four-run frames in the ninth to win, 8-5. Rudy York honored with the bases loaded in the first encounter and with one on in the nightcap.

Mort Cooper regained his winning stride with a six-hit performance as the St. Louis Cardinals pummeled the Phillies, 11-3, thus maintaining the Redbirds' firm hold on the National league lead despite a 7-6 10-inning victory by the Brooklyn Dodgers over the Chicago Cubs.

The Dodger triumph came on a three-run homer by Jim Wade in the first of the tenth.

Carl Hubbell coasted to a 6-3 victory over the Pittsburgh Pirates when the wildness of Rip Sewall helped the New York Giants pile up a five-run lead in the first three innings.

The Cincinnati Reds hopped on Art Johnson for four runs in the first inning and gave Paul Derringer easy sailing to a 5-3 verdict over the Boston Braves.

Indians Open Easy Road Trip Eastward

Won't Have To Meet Tough Yanks, Tricky Red Sox In Succession

Associated Press Sports Writer
 This is the only eastern trip all season in which the Cleveland Indians do not have to tackle the dangerous New York Yankees and Boston Red Sox in succession.

Senate Race Shows Turn To Healthy Free-For-All

By The Associated Press

Although the Texas senatorial contest is taking place in unusual times and in many respects has departed from the conventional pattern, it retains one familiar aspect as election day nears—that of a free-for-all.

The major candidates vie with one another in endorsing national defense and old-age pensions, but during the heat of the campaign they have struck at each other impartially, like a group of blindfolded pugilists in a ring.

Experienced political observers say they're glad of it—it's a healthy sign. It is, they assert, a good indication that the democratic process can function even in a national emergency.

In an address at Sulphur Springs last night Congressman Martin Dies assailed what he described as medicine show tactics in Texas politics, and declared that the chief attorney for the CIO—which he has denounced because of what he said was its communist tendencies—was in the state in behalf of one senatorial candidate. He asked that all candidates repudiate such support.

"Can you see," said Dies before an audience in the courthouse square, "the United States senate in session and a new senator from Texas coming in with a hillbilly hand?"

At Memphis Attorney General Mann denied what he said was a charge that he was a professional politician and cited 45 rulings he

had made as attorney general at the request of Gov. W. Lee O'Daniel, another senatorial aspirant.

"You know and I know," he added, "that the governor would not have accepted those rulings had he thought I was a professional politician."

Governor O'Daniel, in a talk at Fort Arthur, declared "My two opponents already in congress are shedding crocodile tears over the old people, but they haven't done anything for them. Pensions make a good political platform, but my board believes every person over 65, not half of them, should get checks."

Earlier at Jasper O'Daniel told an audience he was "not campaigning for senator; we are just stopping on our way up to Washington to give a report of progress."

Congressman Lyndon Johnson in an address at Corpus Christi read a letter from Secretary of the Navy Frank Knox which referred to Johnson as "one of the farsighted members of congress who have been alert to the nation's defense."

The letter, addressed to "Dear Lyndon," expressed the secretary's appreciation of Johnson's part in establishing the naval air station at Corpus Christi and "for the cooperation you have given me on all naval matters."

IN THE 'GLOAMING' ARE HARNESS STAKE HOPES—Down in Lexington, Ky., two Hambletonian stake hopefuls are tuning up for the first two consecutive weeks of harness racing ever scheduled for Goshen, N. Y. Gloaming (left) is a daughter of Spencer, 1928 winner of the \$40,000 sulky derby. Baron (right) is driven by Tommy Berry, who won the Goshen classic in 1935. Both colts have a good chance at the Hambletonian Aug. 6 as well as its dress rehearsal at Historic track, in Goshen, a year earlier.

Legislative Knots Show Signs Of Untangling

AUSTIN, June 18 (AP)—The 47th legislature, clearing its desks of practically all major matters today moved rapidly toward conclusion of the overtime general session.

Mounting sentiment indicated a quitting date was not far off and there were predictions the senate, for weeks at loggerheads with the house on the issue, would accept the lower chamber's proposal to recess June 20 to July 15 and adjourn finally July 15.

The procedure would enable the lawmakers to override possible vetoes of Governor W. Lee O'Daniel on important appropriations for governmental operation the next two years.

The lawmakers yesterday sent O'Daniel a \$20,270,754 biennial departmental appropriation bill, \$5,000,000 higher than current governmental expenditures, leaving only the rural school aid bill among big money-spending measures to be finally acted upon.

Climaxing long wrangles, the legislators also approved bills making permanent the state's oil proration law and altering the statutes to provide allowable production on a statewide instead of a pool basis. The latter, proponents claimed, would eliminate asserted selective buying of crude.

The lower legislative branch also adopted a second conference committee report on a \$15,598,000 elementary appropriation bill on which senate acceptance was necessary. The senate had accepted the original conference report which the house turned down.

New items included in the department appropriation measure included \$1,200,000 for purchase of acreage to establish the Big Bend park in West Texas, \$465,000 for repairs to the half-century old capitol and \$923,216 to

finance national guard armory construction.

Ninety-one additional highway patrolmen were provided. O'Daniel two years ago heavily blue-printed items for the state police and other departments.

WAKE UP YOUR LIVER BILE

Without Colman—And You'll Jump Out of Bed in the Morning!

The liver should pour 2 pints of bile into your bowels every day. If this bile is not flowing freely, your food may not digest, it may stay in the bowels, thus gas builds up your stomach. You get constipated. You feel sour, weak and the world looks black.

It takes three good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Amazing in making this few Crows, just for Carter's Little Liver Pills, 10¢ and 25¢.

WOODS AND IRON—Clutching one of his favorite irons, Craig Wood of Mamaronock, N. Y., who took 284 to win the national open at Fort Worth, Tex., poses with Mrs. Wood, the golf championship trophy, and "Hexe," the Woods' tiny pet dog.

Statistics gathered by an airline for a period of months indicate only about three out of every 1,000 plane passengers become air-sick.

NYA Resident Center To Hold Open House Soon

Sixth anniversary of the National Youth Administration will be observed here Thursday, June 26, when the NYA resident center operating south of the city will hold open house.

Ray Ogden, chairman of the local NYA advisory committee, and Ben Jackson, San Angelo, area director, urged all who can to take advantage of the open house and learn first hand what NYA is doing to help the youth of this area.

The center here has been open since Feb. 3 with 50 youths from a 30-county area. Location is two miles south of Big Spring on U. S. highway 87. Besides furnishings turned out in other shops, the boys have effected considerable improvements to the old community center barracks furnished by the center so that they are now much more livable. More furnishings, turned in the unit's own shops, have been added.

Youths assigned to the Big Spring center are not accepted for less than three months. They must spend part time on work projects and part time on related study and work experience, learning to plan and carry through on a job.

Three hours classroom instruction in electric and oxy-acetylene welding is furnished through arrangements with the schools and the trades and industries division of the state department of education. This department also furnished instructors for evening classes in hobby wood work and radio.

The youths operate their center on a self-government basis, electing a mayor and city council. They attend to most of the details of operating a model community for 50 youths.

Joe E. Harrison, supervisor of the center, said that open house would be from 6 to 8 p. m., followed by a brief program. The occasion is the anniversary of an executive order issued by President Roosevelt on June 26, 1935, setting up the agency to help young people.

There are more than 300 lakes in Sequoia national park.

Cotton Congress Speakers Listed

WACO, June 17—An imposing list of speakers will address the second annual Cotton Research Congress, to be held in Waco, June 25-28, Dr. A. B. Conner of College Station, director of the Texas Agricultural Experiment station and chairman of the program committee for the congress, announced today.

Included among the speakers will be Dr. Claudius T. Murchison, New York, N. Y., president of the Cotton Textile Institute; Dr. Henry G. Knight, Washington, chief of the Bureau of Agricultural Chemistry and Engineering; Victor H. Schöffelmayer, agricultural editor, Dallas Morning News; Carl C. Farrington, Washington, vice president of the Commodity Credit corporation; Peter Molyneux, Dallas, eminent economist and editor of the Texas Digest; M. E. Campbell, Washington, senior cotton technologist of the United States department of agriculture; and J. B. Wyckoff, Washington, marketing division of the Surplus Marketing Administration.

As a prelude to the opening of the congress, Secretary of Agriculture Claude A. Wickard will speak in Waco Wednesday afternoon, June 26, Burris C. Jackson of Hillsboro, chairman of the State-wide Cotton Committee of Texas, has announced.

Clean Shirt Means Vote In '36

NEW ORLEANS — If a man got his shirt washed in Lafourche parish back in 1852, he could vote.

The Works Progress Administration has uncovered the minutes of the Lafourche parish police jury, dated June 8, 1852, stating that a man's domicile was where he had his washing done.

Novikoff May Head Bushward

CHICAGO, June 12 (AP)—A minor league star, a major league "bust"—this, in brief, is the case history to date of Lou Novikoff, the sad Russian.

The word has gone around that the 25-year-old terror of the bushes is headed for another trip to the minors.

Some of baseball's keenest judges of talent denied in April that Novikoff's major assets consisted solely of playing the harmonica and singing "Abe's Irish Rose." They insisted he would murder National league pitching.

But they were wrong. Novikoff has been given every opportunity to make the grade by Manager Jimmy Wilson of the Cubs, but he has been a pitcher's delight ever since his debut.

Left has played in 46 of the Cubs' 56 games so far, collected 37 hits in 154 times at bat and scored 14 runs. He has batted in 20 runs, and hit five doubles, one triple and four home runs. His batting average is an anemic .240.

Differential Wool Prices Are Asked

WASHINGTON, June 12 (AP)—American wool growers, seeking to meet competition of imported clips, have asked government officials to grant contract differentials to domestic mills filling orders for the army and navy if they used wool shorn in the United States.

Representatives of national and state wool growers associations conferred yesterday with Donald M. Nelson, director of purchases in the office of production management; Major Edmund B. Gregory, quartermaster general; and federal price-control officials.

Ford Marshall of Salt Lake City, Utah, secretary of the National Wool Growers Association, said the domestic producers were apprehensive that unless the government granted differentials, American mills would use foreign wools to save about 10 cents a pound. He asserted the British government fixed the price of fine imported wool in Boston at 90 cents to 95 cents a pound, while the domestic clip brought \$1.05 a pound.

The wool growers asked that in the letting of contracts for all government supplies of woolen goods in the fiscal year beginning July 1, federal officials should grant the mills differentials in amounts equal to the margin between the domestic and foreign clips if the former were used.

The OPM recently announced that government orders for 1942 would consume about 229,000,000 pounds of wool.

Rape-Slaying Probe Pushed

WASHINGTON, June 12 (AP)—The capital's most vicious crime in more than a decade, the brutal rape-slaying of pretty 23-year-old Jessie Elizabeth Strieff, spurred police today into a manhunt extending through the entire city.

Capt. Ira Keck, acting detective chief, ordered a roundup of men previously arrested in connection with sex crimes, while a reinforced homicide squad of 14 crack detectives ran down scores of tips and rumors.

Authorities admitted, however, that they still were without worthwhile clues to the slayer of the war department stenographer, who disappeared Sunday afternoon. Her nude body was found Monday morning in a private garage several blocks from her home.

She had been raped and strangled, a coroner's report said. Missing were the blue raincoat and play suit Miss Strieff was wearing when she left home to go to a nearby store, and police squads combed sewers, trash heaps and garbage collections in an effort to locate them.

Tank Pounder Gets Little Attention

ATLANTA, June 12 (AP)—A one-legged man who had climbed an 80-foot water tower at the federal penitentiary, stripped down to his shorts, yanked off his wooden leg and pounded the metal tank finally came down when his antics drew scant attention from prison officials.

Jay Turner Falls To Abe Simon

NEW YORK, June 12 (AP)—Abe Simon, 25, of New York stopped James D. Turner, 24 1/2, of Sweetwater, in six rounds of fighting here last night.

Turner won the state Golden Gloves heavyweight title this spring at Fort Worth.

Leaves swept from the streets of Lexington, Ky., are baled to trim hauling coals.

Markets At A Glance

NEW YORK, June 12 (AP)—A sudden downward movement in the last few minutes ruined a strong stock market today, turning many erstwhile gains into losses.

Most leaders ended the day ahead by major fractions or more, although the best prices were not maintained to the close, some issues running into selling resistance at their peaks and, thereafter, slipping. Sales totaled about 600,000 shares.

Leaders on the rising side most of the day included Bethlehem, Youngstown, J. I. Case, Douglas Aircraft, Western Union, American Smelting, Air Reduction, American Can, Westinghouse, Du Pont, General Electric, Eastman, Southern Pacific, Loft and Commonwealth & Southern preferred. The last two established new 1941 highs.

Cotton

NEW YORK, June 12 (AP)—Cotton futures closed 15 lower.

Wool Market

BOSTON, June 12 (AP)—(USDA) A very moderate amount of business was transacted today in medium fleeces wools. Most sales of combing three-eighths and one-quarter blood bright fleeces were at prices in the range 46-47 cents in the grease delivered to mills, when buyers would take both grades of an accumulation. An occasional buyer that wanted only one of these grades paid 47-48 cents in the grease. Fine territory wools in original bags containing short to good French combing lengths were quoted at \$13.05 scored basis but sales were very slow.

Grain

CHICAGO, June 12 (AP)—After holding steady most of the session, wheat prices slumped more than a cent in the final hour today to the lowest levels in almost two weeks. July contracts fell below 89 cents at one stage.

Wheat closed 1-1/8 to 1-1/2 lower than yesterday, July 98 7-8-99, September \$1.00 1-2 to 5-8; corn unchanged to 1-4 higher, July 72 1-4 to 1-4, September 75 1-4; Oats 1-4 to 1-2 lower.

Livestock

FORT WORTH, June 12 (AP)—U.S. Dept. Agr.)—Cattle, salable 2,400; calves, salable 1,400; common and medium beef steers and yearlings 7.00-9.00; good to strictly choice fed steers and yearlings 9.25-11.25; beef cows 6.00-7.75; fat calves 7.25-10.75; weaners up to 11.00; good stocker steer calves 9.25-11.25.

Hogs, salable 1,500; top 9.90; good and choice 100-200 lb. 9.75-9.85; good and choice 100-175 lb. 9.60-9.75; packing sows 8.75-9.25.

Sheep, salable 5,500; spring lambs 8.00-9.50; clipped lambs mostly 7.25-8.50; wethers of mixed ages 4.75-5.75; medium grade aged wethers 4.50; spring feeder lambs up to 7.75, clipped feeder lambs mostly 6.50 down.

Mr. and Mrs. Joe Taylor and children, Joe, Dorothy and Wanda, and Mr. and Mrs. Neal Bumgarner of Denver City are on a two weeks trip to points in Arizona and California. Before their departure Wanda Taylor had spent a week with the Bumgarners in Denver City.

Pensions May Be Larger

A cut of \$9 in the size of old age pension checks for June will likely be avoided, the Big Spring area office of the state department of public welfare has been informed by the state headquarters.

Checks for June will average \$18.50 per person, provided federal funds are obtained for matching state funds. The state legislature has voted an appropriation to prevent pension cuts during June, July and August, and after that time receipts from the new tax law will be such as to bolster the level.

State welfare officials have already filed application with the federal government for funds to match the recent Texas appropriation, and it is expected that these matching funds will be received within a few days.

Meantime, the checks are being held up a few days past the usual mailing date to make possible inclusion of this new money. The \$18.50 average would be the highest since pensions were first introduced.

Machinists Are Needed

Several requests for machinists and machine tool operators have been received by the Big Spring office of the Texas State Employment Service, and the office has been unable to fill them, according to G. R. Rodden, local manager.

These requests came from employers having national defense contracts and are located in various sections of the country, said Rodden.

Some of the openings are for all around machinists, and others are for operators of turret lathes, milling machines, boring mill, etc. Welders, die makers, sheet metal workers and riveters also are needed.

Not only is the TSES interested in men who are well qualified in this line of work, but also those who are only partially qualified due to length of recentness of experience.

Information relative to present employment opportunities and re-fresher courses which are being offered in the metal working trades is available at the TSES. Rodden urged all interested to make inquiry.

Airport Project Equipment Due To Arrive Thursday

Equipment to be used in runway excavations for the Big Spring municipal airport is due to start arriving here Thursday morning.

By Saturday most of the tractors, maintainers, blades, rollers, fuses and trucks needed likely will be on hand, city officials said that they were informed Wednesday.

Currently 145 WPA workers are assigned to the project and the operators of equipment will be personnel in addition to the WPA workers.

Big-Spring Hospital Notes

A daughter, weighing eight pounds, nine ounces, was born at the hospital today to Mr. and Mrs. C. S. Hamilton.

Birth of a son is announced by Mr. and Mrs. J. T. Morgan, 908 Goliad. The baby weighed four pounds, six ounces.

Mrs. C. W. Ledebur of Midland was dismissed from the hospital Tuesday after undergoing minor surgery.

Clinton Pruitt, 404 Lancaster, was to leave the hospital today after undergoing a tonsillectomy.

California To Put Woman To Death

SACRAMENTO, Calif., June 12 (AP)—Mrs. Juanita (the Duchess) Spinell, formerly of Detroit, was denied executive clemency by Governor C. L. Olson today and will be put to death in San Quentin's gas chamber Friday—the first woman ever to be legally executed in California.

The governor, however, granted one week reprieves to the woman's two companions, Gordon Hawkins and Mike Simons, "in view of the fact that the lethal gas chamber can hold but two occupants at one time and it takes 24 hours for the fumes to clear out."

Mrs. Spinell, the black-haired, 53-year-old mother of three, her common-law husband, Simons, 32 and Hawkins, 21, were condemned to death for drowning 19-year-old Robert Sherrard, a member of their gang who assertedly "knew too much" about a previous San Francisco killing.

Cowper Clinic And Hospital Notes

Mr. and Mrs. R. R. Bumgarner, 904 Runnels, are the parents of a son, born Tuesday night at the Cowper Clinic.

Miss Wanda Horn, daughter of Mrs. Lois Rose, was dismissed from the Clinic today. She had been a major surgical patient.

BARROW'S "Quality Furniture for Those Who Care"

Parley Tonight On Stamp Program

The trade extension subcommittee of the Howard county cotton industries committee will meet at 8 o'clock tonight in the county farm agent's office to plan a campaign of store displays in connection with the surplus cotton stamp program.

C. W. Norman, J. C. Penney store manager, is chairman of the subcommittee.

The AAA is to distribute, probably beginning within the next month, cotton stamps to farmers who have made certain reductions in their cotton acreage. These stamps may be traded for manufactured cotton goods through local stores.

Fights One Fine, Pays Another

BATON ROUGE, La., June 12 (AP)—George M. Wallace, an executive counsel to several former Louisiana governors and author of many state laws, is the attorney representing Mrs. Donald Schlig in her appeal from a \$1 fine for overtime parking. He has contended in a brief that the city council is without authority to regulate traffic except for vehicles for hire.

Yesterday Wallace was fined \$3 on charges of running a stop light. He paid up.

There are about 4,000 nurses serving the U. S. army.
