

German Armies Advance Halfway To Red Capital

Panzers Pass Minsk On Way To Moscow

Russians Continue To Hold Front In South, However

By The Associated Press
Germany claimed late today that nazi panzer columns had driven approximately half way to Moscow, following the old Napoleonic road of conquest, and that the deterioration of Russia's Red army defenses had gone so far that there was no longer a proper front.

The drive toward the soviet capital would represent an advance of about 225 miles.

On the northern sector — presumably in the Minsk area — the Germans asserted that they were pursuing the Russians in retreat. The German high command said the sweep of the 9-day-old raid enalught had already captured 2,000, in former Poland, and a Berlin spokesman reported the fall of Minsk, 30 miles inside the old frontier of the U. S. S. R.

The nazi spokesman indicated that Adolf Hitler's invasion forces already were in sight of Smolensk, 200 miles east of Minsk on the highway to Moscow.

Smolensk is about the half-way mark to the soviet capital.

The spokesman said a big pocket was being formed around Russian troops in the Smolensk region, while a special German war bulletin declared that "on the north wing we are in constant pursuit."

Once again the implication was that Russia's resistance was crumbling under the impact of Hitler's lightning tactics, executed by a force which the Russians themselves estimated at more than 2,000,000 troops — presumably including Germany's allies, the Finns, Slovaks, Rumanians and Hungarians.

Hitler's field headquarters made this announcement: "Lwow was taken today. The reich's war flag has been flying from the citadel since 4:20 a. m. (9:20 p. m. E.S.T., Sunday.)"

The city lies 50 miles inside sovietized Poland from the German frontier.

It was in this sector, less than two years ago, that the routed Polish army was forced to capitulate to German forces who later yielded it to Russia when Poland was partitioned.

While the Germans claimed a rapid-fire series of successes, it was apparent that with the exception of the Minsk area, Russia's red armies still were fighting west of the 1939 soviet frontiers.

In addition, a Moscow communique declared that German attempts to knife across the Karelian isthmus from Finland, now fighting at the side of Germany, and to land troops by sea at Vihuri were repulsed.

Vihuri is on the Gulf of Finland, only 14 miles by rail from Leningrad, Russia's second largest city.

The soviet war bulletin also asserted that the red army still was holding against violent attacks ranging from Murmansk, on the Barents Sea, to the vicinity of Minsk and on south through the Luck-Lwow gateway to the great wheatfields of the Ukraine.

In this region, between Luck and Lwow, a flaming battle of 4,000 German and soviet tanks raged into its fifth day with the nazi juggernaut seeking to break through to the Ukraine capital of Kiev, 250 miles eastward.

American Eagles Lead RAF In Forays Against Nazis

LONDON, June 30 (AP)—Informed sources in London said today that the American Eagle squadron has been in the vanguard of recent RAF sweeps over northern France. Declining details, the sources said fighter planes of the squadron had been doing "extremely well" in the thrusts against German bases in the areas across the English channel.

21-Year-Olds Sign Up With U. S. Tuesday

Elections and the army don't have any connection except that every youth who was eligible to have cast his first vote in the Saturday balloting for senator must list his name with Uncle Sam on Tuesday.

That is the day for the second military registration and is for youths who have become 21 years after Oct. 16, 1940 and who have or will become 21 on or before Tuesday.

Selective service headquarters for Howard county, handling the second job, announced the hours would be from 7 a. m. to 9 p. m. and the place will be upstairs in the First National Bank building.

Olyve Chumley, secretary at the selective service headquarters, said that many had responded to the appeal for volunteer service during the day and that more help was available than probably would be needed.

On percentage basis, the number of 21-year-olds to be registered here Tuesday is around 240. However, not a full year has elapsed since the initial registration and the percentage of the first total—3,000—may be high.

Board officials stressed the importance of all who fall within the age group to register Tuesday. Although none wishes to impose them, heavy penalties are prescribed for those who fail to register without an iron-clad, legitimate reason.

Three days ago he became gravely ill and yesterday afternoon he was placed in an oxygen tent, only to breath his last just before midnight.

In keeping with an old Polish tradition requiring the heart of a great artist to be separated from the body after death, the heart of Paderewski will be removed here and ultimately placed somewhere in Poland other than the place of the body's entombment.

Eventual disposition of the body in Poland will depend upon the Polish government now ruling in exile, friends of the great musician said, but after the war his heart probably will be kept in the cathedral at Warsaw where Chopin's heart was placed.

Tentative funeral arrangements called for services at 9 a. m. (EST) at St. Patrick's Cathedral on Thursday.

Paderewski made his first American tour in 1881, and in 19 such tours he never returned home with less than a profit of \$250,000.

It has been estimated that his fingers earned him \$5,000,000 in America.

In 1919 he was made president of Poland but resigned the same year because of political unrest.

Appropriation Bills Signed By Governor

More than half a million dollars of new construction will be started at the Big Spring state hospital during the next 13 months. The final figure for new buildings at the hospital on the eleemosynary appropriations bill signed today by Governor W. Lee O'Daniel is \$570,000.

The figure covers the next two years, but all of the construction is scheduled for the first year of the biennium.

Four ward buildings costing a total of \$230,000 will consume the principal part of the appropriation. An addition to the store-room will cost \$30,000 and a second floor addition to the dining room will cost \$29,000, making a total of \$289,000.

The entire appropriation for the hospital for the two year period is \$1,188,795. This covers operating expenses as well as new buildings.

AUSTIN, June 30. (AP)—Governor W. Lee O'Daniel today signed the eleemosynary, education and rural aid appropriation bills without vetoing any item.

The governor announced his action on the three important money bills in special messages to the legislature, which had just reconvened after a recess of several days.

The bills made appropriations as follows: Eleemosynary, \$15,598,009, an increase of \$2,228,009 over the appropriation for the current year.

Education, \$22,602,069, an increase of \$5,279,069.

Rural aid, \$16,888,380, an increase of \$3,238,380.

With regard to rural aid, the governor said he was "strongly in favor of doing everything we can to increase the educational opportunities for our Texas boys and girls."

He pointed out that the state board of control had recommended about \$2,000,000 more for eleemosynary institutions than the legislature appropriated and said he thought the recommendation not excessive.

Nevertheless, he stated, the appropriation "will possibly enable us to take the insane out of the jails and to make some substantial improvements in all of our eleemosynary institutions."

In view of increased attendance at schools and the fact that two years ago all appropriations for new buildings and permanent repairs were eliminated, he said, the appropriations for institutions of higher learning also were not excessive.

A higher salary schedule for teachers was needed, he asserted. He vetoed a bill authorizing independent school districts to issue bonds to acquire recreational facilities without an election on grounds it denied the people the right to vote on the issuance of bonds.

IGNACE JAN PADEREWSKI

Death Takes Paderewski

NEW YORK, June 30 (AP)—Ignace Jan Paderewski, 80, who ruled a piano for 60 years and a nation for one, died last night.

Pneumonia struck down the first president of the Polish republic and one of the greatest musicians of all times after a two-day illness.

By his side in the Hotel Buckingham were his sister, Mme. Antonina Wilkonska; his doctor, Dr. Ass L. Lincoln, and his aide, Sylvian Starackack.

The white-haired patriot was stricken with a cold last week and, ignoring his doctor's orders, made one of his many recent public appearances to help raise funds for his starving countrymen.

Three days ago he became gravely ill and yesterday afternoon he was placed in an oxygen tent, only to breath his last just before midnight.

In keeping with an old Polish tradition requiring the heart of a great artist to be separated from the body after death, the heart of Paderewski will be removed here and ultimately placed somewhere in Poland other than the place of the body's entombment.

Eventual disposition of the body in Poland will depend upon the Polish government now ruling in exile, friends of the great musician said, but after the war his heart probably will be kept in the cathedral at Warsaw where Chopin's heart was placed.

29 Arrested As Suspects In Spy Ring

Two Were Working On Army's Famed Secret Bombsight

NEW YORK, June 30 (AP)—Among the 29 persons arrested in the government's spectacular weekend roundup of suspected spies, it was learned authoritatively today, were two technicians described as having been for years closely associated with the manufacture of secret army bombsights.

Government agents declined to comment directly but they showed clearly that they were centering their attention on these two men: Herman Lang, 40, German-born draftsman who was said to have worked since 1934 as a factory inspector of the famous Norden bombsight.

Everett Minister Roeder, 47, New York City native, reliably reported to have been a draftsman since 1927 at the Eperdy Gyroscope plant in Brooklyn where the famed Sperry bombsights are made.

Meanwhile eight federal agents boarded the Moore-McCormick liner Uruguay when it arrived off Sandy Hook this morning and removed a 50-year-old bedroom steward, described as a naturalized citizen of German birth.

The agents refused to say whether there was any connection between his seizure and the roundup of spy suspects.

Lang and Roeder were among the group of 28 men and three women arrested in a swift climax to a two-year investigation of espionage.

Agents of the Federal Bureau of Investigation led by Director J. Edgar Hoover seized 28 in homes and taverns in four states, five others already were in custody on other charges.

Seventeen of the group, which included 22 German natives, were scheduled to be arraigned today before a U. S. commissioner in Brooklyn on specific charges of conspiring to engage in espionage activities in the United States.

U. S. Attorney Harold Kennedy said he would ask for high bail pending presentation of the case to the grand jury tomorrow.

Hoover said the G-men shadowed the suspects for two years and finally "led them into a fly-trap."

Warrants issued here charged the prisoners with transmitting information to foreign nations concerning cargoes on Britain-bound ships, new developments in the United States naval, army and aircraft products—especially the latter—and transportation by courier of samples of latest armaments.

The alleged spy ring used secret inks for couriers traveling across the Atlantic by Clipper planes. Hoover declared a short-wave radio with ocean-spanning range was found in the room of one suspect.

Besides the 18 taken in the metropolitan area and the five already in federal custody, four were arrested in New Jersey and one each in Michigan and Wisconsin.

Hoover said he was confident that the spy ring members would be followed shortly by that of the others, who will be brought to Brooklyn for trial.

Maximum penalty for conviction of espionage or conspiracy to commit espionage under the 1917 federal espionage act is 20 years' imprisonment.

NYA Boys Fare Well In Meet

Big Spring NYA resident center representatives fared well against the Lubbock unit in a weekend meet at Lubbock.

Joe B. Harrison, supervisor and who accompanied approximately a score of NYA boys from here, reported a 14-4 victory over Lubbock in softball. Lowe pitched hitless ball until the sixth.

Lowe and Ragelada won the table tennis tournament, Everett Lockaby the washer pitching tourney, Melvin Flemming drew on the 160-pound boxing division and David Dubbs was unchallenged in the 180-pound event. Lubbock won the track events and took a boxing decision over Wallace Moseley, Big Spring 160-pound lad.

Those on the regular quota are Cresforo S. Trevino, Clyde Leon Butler, J. F. Rutledge, Curtis Fagle, Archie Floyd Ford, and Willis Wayne Green.

Heart Attack Takes Life Of W. J. Sneed

W. J. Sneed, 65, died at 11:30 a. m. this morning at his home, 510 State, following a heart attack.

Funeral will be held Tuesday afternoon at Eberley chapel, but details have not been arranged.

Survivors include the wife, Mrs. Frances Sneed, a son, William, and a daughter, Ramona Joan.

Large Crowd Attends Scurry County Horse Show

Larger crowds than ever before were on hand Sunday for the Diamond M ranch horse show at C. T. McLaughlin's show place in Scurry county. Visitors from all over West Texas and from many major Texas cities were on hand for a fast and entertaining program. Estimates of the crowd ran from 3,000 to 3,500.

London Melody of the Tibbetts and Rogers stables at Fort Worth won the top honor of the day, taking first in the slimming five gaited stake. Bonnie Belle of the Northwood Farms, Fort Worth, was second, and others placed in this order: Anacacho Major, owned by Joe D. Hughes; Black Choice (Hughes), Storm Prince (Ned O. Miller), Melaine Wilkes, (Frank Kelley) and Texas Wave (W. M. Whiteside).

Johnson's Lead Down To 2,552

LEGISLATURE QUILTS

AUSTIN, June 30 (AP)—The legislature agreed today to end its long general session July 3.

The adjournment agreement marked the end of the longest session in the history of the state — 170 days. The 1939 session set the previous record—163 day.

Apparently the agreement to adjourn was made possible by the governor's signing this morning of eleemosynary, rural aid and education appropriation bills. Members of the house had expressed reluctance to adjourn until these matters were finally disposed of.

Marines, Nurses Were On Lost Ship

WASHINGTON, June 30 (AP)—The navy confirmed today that a foreign flag steamer carrying American marines to London had been torpedoed, but for the present gave out no figures on loss of life.

The navy's statement did not name the ship, but a previous report from an authoritative official said it was a Dutch vessel, the Maarsden, now in British service.

The same source said a marine was lost.

In addition to marines, Sumner Welles, acting secretary of state, said American Red Cross nurses were aboard. Neither Welles nor the Red Cross could say how many or whether they were safe.

Without saying how many marines were aboard—the earlier source had said 10—the navy said eight had been rescued.

Welles added that American nurses were aboard the same vessel with the marines traveling to England to help the expanded services of the American embassy including communications and fire prevention.

Under the neutrality act, Welles explained, the president has the power to make exceptions to permit Americans in certain instances to travel on belligerent ships.

The acting secretary did not mention how many nurses might have been aboard the ship.

Funeral For Wreck Victim Set Tuesday

Funeral for Mrs. Virgie Burton, who was fatally injured in an automobile accident 30 miles south of Big Spring on the San Angelo highway early Sunday morning, will be held from Eberley chapel at 2 o'clock Tuesday afternoon.

The Rev. Walter Deavers, Denver City Baptist minister, will officiate, and burial will follow in the city cemetery.

Mrs. Burton, 33, died en route to a Big Spring hospital in the car of a passenger who picked her up. Five others in the car escaped serious injury. Mrs. Fred Harvey of Ross City received treatment at Cowper clinic and hospital, but her condition was not serious.

Others in the accident were not hospitalized.

The car turned over after hitting soft shoulder in the road, it was reported.

Survivors include three children, Martha Joe, Betty and Dolores; the parents, Mr. and Mrs. E. M. Moody of San Angelo; two brothers, Harshel of McCamey and Sidney of Ft. Bliss; six sisters, Mrs. Geneva Pate of McCamey and Estelle, Onita, Frances, Ola Rae, and Helen Moody, all of San Angelo.

Fallbearers will be O. E. Ray, first of A. L. Grant, George Neely, R. L. Wilson, C. V. Cotten and Mr. Ripto.

Eleven Local Men Drafted

Eleven men will be inducted from here on July 8 for a year's service in the army, seven of them as selectees for the county's share of the state's 19th call.

One man, Nazario Morales Rodriguez, is a volunteer, and with William Edward Pate, will leave as replacements for deficiencies on the 14th call. Emanuel Chastain, who was to have gone on the last June call, will leave with the July group, the board announced.

Harry W. Journey, transferred from Ozona, will leave with the group as will Dr. Cecil Morris Neel, transferred from the board at Memphis, Tenn.

Those on the regular quota are Cresforo S. Trevino, Clyde Leon Butler, J. F. Rutledge, Curtis Fagle, Archie Floyd Ford, and Willis Wayne Green.

Heart attack takes life of W. J. Sneed. W. J. Sneed, 65, died at 11:30 a. m. this morning at his home, 510 State, following a heart attack. Late Counts Show Gains For O'Daniel

Uncertainty Of Outcome Increases With New Total

DALLAS, June 30 (AP)—Gov. W. Lee O'Daniel edged closer to Congressman Lyndon Johnson today in the battle for the United States senate post and with fewer than 15,000 votes out Johnson held a lead of but 2,552.

This represented a gain of 1,535 votes for O'Daniel since the 10:30 a. m. tabulation of the Texas election bureau and a gain of 2,009 since the bureau made its last report last night at 9 o'clock.

At 2 p. m. the vote among the four leading candidates in Saturday's special election stood: 163 out of 254 counties complete —Johnson 169,974; O'Daniel 167,442; Attorney General Gerald C. Mann 137,197; Congressman Martin Dies 78,977.

The 3 p. m. Sunday tabulation gave him a margin of 5,114, and the 9 p. m. Sunday tabulation gave him a lead of 4,581.

The election bureau figures 15,000 to 20,000 votes are still out.

A plurality only is necessary for election. The term will run until Jan 1, 1943, which means that another senatorial race is in prospect for next summer.

Johnson's victory — if it proves to be such — came in a campaign with three veterans who had never before lost a race.

O'Daniel remained quiet today on the election. Johnson, however, issued a cautious statement of thanks for his votes, admitting that "the votes aren't all yet."

Johnson said those who voted for him did so because they believed he was the candidate who would work best with the president, adding:

"My campaign was made on a program of Roosevelt and unity—a program that I sincerely believe in. In these critical times, we so much need unity, x x x"

Meanwhile, reports from many cities revealed that failure to observe the mechanics of voting caused the voiding of many ballots, running as high as 30 per cent of those cast in some boxes.

This situation, if general over the state, would account partly for the lower total vote than the nearly-a-million that some had forecast.

Some of the ballots were thrown out because voters failed to scratch out every candidate on the ballot except the man they wished to vote for.

Charles Carroll, secretary of the Jefferson county democratic committee, said the mutilated ballots in that county ran from 10 to 20 per cent in the 47 boxes.

Reports of ballots thrown out included: 10 per cent of the 5,807 votes cast in Wichita county, 11 per cent of the total in Smith county; 600 out of 18,000 in Tarrant county; 315 were not counted in Galveston county; 6.8 per cent of the total in Travis county.

Work At Airport Continues Slowly

Some additions to equipment have added to the possibilities of progress on the municipal airport WPA project, but over the weekend there was no noticeable increase in dirt moving totals.

Cubic yardage moved daily has fluctuated from 700 to 1,600, it was reported. Besides maintainers, tractors and trucks previously on the job, an elevated grader and some pneumatic rollers were added to the store of machinery.

Instead of concentrating on one runway, the WPA now is spreading to various parts of the field, effecting fills on some runways while excavating others. Around 150 men have been assigned to the job but only around 100 have been reporting.

Court Of Honor For Scouts Set Tuesday

Boy Scouts of the Big Spring district will have their regular monthly Court of Honor at 8 p. m. Tuesday in the district courtroom, Dr. W. B. Hardy, district chairman, announced Monday.

In addition to the presentation of awards, recognition will be given to troop No. 19, recently chartered by Costen Petroleum Corp. with J. T. Morgan as scoutmaster, C. T. Henry, J. W. Denton, Jr. and J. C. Tonn as assistants, and Otto Peters, Sr., R. L. Tollett, J. A. Selkirk, Herschel Summerlin, and C. A. Tonn as committeemen. Members are Harold Cockerell, Glenn Johnston, Trustee Loudamy, Paul McCrary, Bobby Patterson, C. A. Tonn, Jr., Earl Tonn, Shirley Tonn and Billy Bob Whittington.

Airway Light On Mountain Is Smashed

Whoever smashed the airway blinker atop scenic Mountain during the weekend may find out they were playing with fire.

W. H. Scott, American Airlines terminal manager, reported to police that the blinker, which warns aircraft of the mountain top near the airport, had been broken by rocks and that part of the mechanism had been smashed.

Lookin' 'em Over

With Jack Douglas

Big Spring's doubleheader victory over Wichita Falls yesterday just about put the kibosh on any hope the Spudders might have had to come out of the doldrums before it was too late. In an effort to bolster the fast-slipping club, Business Manager Neal Rabe Sunday night announced the release of Glen Jacob, infielder, Bob Barracks, catcher and Manager Sammy Hale.

Rabe will assume the management of the club when they go on the road Monday and do part of the catching. Other talent will be added to revamp the infield and add punch to the Spudder bats in the next few days.

Hale, a former star of the majors, played his farewell game in the first tussle with Big Spring yesterday, playing bang-up ball in the field with several brilliant plays to his credit, then left the club in the hands of outfielder Stanley Bolton for the nightcap.

Old Man Ted Lyons, the gentleman who first put Baylor University on the map, added his 240th victory yesterday as the Chicago White Sox beat the Cleveland Indians, 9 to 3. Just to show that years mean nothing to him, and he's been in a Chicago uniform since 1923, Ted held the Tribe to five hits—meaning that when a baseballer like Lyons gets in the groove he can't be stopped by any amount of time.

Who said the Yanks were out for the season? Yesterday Tommy Henrich walloped out the ball for a homer in the first of a doubleheader with the Washington Senators and Joe Gordon and Charley Keller duffed in the nightcap to keep the Yanks' home run streak clear over a 25-straight-game stretch. And, that isn't all—Joe DiMaggio blitzed George Sisler's 19-year hit record in a likely manner. Incidentally the New Yorkers also patted the Nats in both ends of the bill, 9 to 4 and 7 to 5.

And they said the Yankees were through!

Prexy Tink Riviere declares his boys are in good shape and ready for a dash down the line so far as the West Texas-New Mexico league baseball picture is concerned. Although minor ailments have beset the Big Spingers, they are slated to open their home series tonight with 100 percent turnout of material.

The Cities' Service Oilers are getting primed for a brace of international softball tournaments. One is scheduled to come off in Abilene, July 17-18-19, and the other is slated for July 30-31 in San Angelo.

Saturday, the Oilers split a doubleheader with the West Texas Utility club of Abilene. In the first engagement, the Big Spingers were abjectly, 4 to 3, but they came back to take the nightcap, 8 to 4. L. D. Cunningham went the route for the Oilers in the opener, giving up three hits on the way, while Bobby Savage and Cunningham were bopped for the same amount in the curtain dropper.

Tonight, at City Park, the Major-Minor city softball wars feature NYA and the Herald in a 7:15 opener and Phillips' Firemen and the Oilers in a 9 o'clock curtain dropper.

Shippers' Bombers Puts Up Game Fight With Buffs

The seventh-place Beaumont Exporters thrilled their home-town fans last night by defeating the Texas league-leading Buffs from Houston, 6 to 4, in the first game of a doubleheader, and introducing a new pitcher who held the Buffs to four hits in the nightcap, only to lose 2 to 1.

The Exporters scored four runs in the ninth inning to tie the first game and put over the winning tally in the 12th on two singles and an infield out.

Leonal (Lefty) Bumpers, former Texas A. and M. hurling ace making his first start in the Texas league, pitched fine ball and had the Buffs scoreless up to the fifth inning of the second game. But Bill Norman's home run with a mate aboard was enough for a Buff victory.

In other doubleheaders yesterday, Dallas took the first from Oklahoma City 6 to 4, but lost the second, 4 to 3; Tulsa's Oilers dropped both ends to the Fort Worth Cats, 7 to 3 and 3 to 1; and Shreveport's Sports defeated the San Antonio Missions twice, 4 to 3 with a 2-run rally in the ninth, and 11 to 7.

Welter Champ Zivic Has Rags-To-Riches History

NEW YORK, June 30 (AP)—So much sub-thumping has been going on to prove to the breathless public that Bummy Davis really is a little gentleman now, you'd think the Brooklyn Fauntery was going to be in the Polo Grounds ring all by himself tomorrow night.

Well, don't believe it. In Fritzie Zivic, he not only tangles with the welterweight champion of the world and a fair country kind of clouter at that, but a fellow, who was turned up with the best rag-to-riches story of the ring since Jim Braddock came off the docks to play Cinderella to Max Baer's Princes Charming.

Fritzie had been kicking around the ham and egg circuit for the better part of 10 years. He'd nitch-hiked to some matches, even driven a peannut-peddling truck to keep one date. The most he'd ever made at any time was \$2,500.

Then, late last August, he got a shot at Sammy Angott, the swarthy Louisville larriper recognized by the National Boxing Association as world lightweight champion. With Braddock, the stepping stone was Tuffy Griffith. Sammy was good enough for Fritzie. He did a pretty fair job on Samuel, and, first thing you know Mike Jacobs picked him as the next offering to be carved on Henry Armstrong's chopping block.

Everyone knew Zivic was going to get a going over that night in October. Only Fritzie hadn't read this script. He punched both of the great little buzz-saw eyes shut and took his welterweight crown. That meant only about \$5,000 to him, but it gave Fritzie the general idea. He decided he was going to get a going over that night in October. Only Fritzie hadn't read this script. He punched both of the great little buzz-saw eyes shut and took his welterweight crown.

Yanks Continue Hitting Show; Rap Nats Twice

From today on it is Joe DiMaggio who must sit and watch nervously as one slugging youngster after another comes up to challenge his modern big-league record for hitting in consecutive games.

The long watch ended yesterday for George Sisler, the 33-year-old, less first baseman of the St. Louis Browns, as he saw his record of hitting in 41 straight contests shattered after 19 years by the New York Yankee star in an exhibition that thrilled 21,000 fans in the nation's capital.

Jolting Joe, the new king, slammed a double in the first contest against the senators to tie Sisler's record and then came through with a wildly-applauded single in the seventh inning of the nightcap to stamp his name in the record book. Since May 15 DiMaggio has not been blanked, and in that period he has blazed away at a 377 clip to help drive the Yankees into leadership of the American league.

Perhaps inspired by DiMaggio's clouting, the Yankees are in the midst of one of the greatest streaks of sustained hitting ever recorded. In scoring yesterday's twin killing of the Senators 9 to 4 and 7 to 5, they ran the number of consecutive contests in which they had hit at least one home run to 25. Today they held a game and a half lead over the Cleveland Indians, who were thrashed by veteran Ted Lyons of the Chicago White Sox, 9 to 1.

The Boston Red Sox divided a double bill with the Athletics. Manager Joe Cronin hit a home run with the bags filled to spark a 13 to 1 victory in the opener, but Jack Knott stopped them in the nightcap, 3 to 2, on seven hits.

Metroit broke a four-game losing streak when the young Hal Newhouse led the St. Louis Browns down on four hits, 3 to 1.

The two National league batters, St. Louis and Brooklyn, fought to a draw as each divided a double-header, the Cardinals retaining their one-game lead.

Bucky Walters of Cincinnati outpitched Lon Warneke and yet other St. Louis flingers to win yesterday's first encounter, 6 to 2, but the Cards came roaring back to slug out a 14 to 4 win over five assorted Red throwers in the second.

Brooklyn gained a split with the Boston Braves, winning 5 to 2 and then losing 6 to 2 in the nightcap.

Frankie Frisch's Pittsburgh Pirates thumped the Chicago Cubs twice, 8 to 2 and 3 to 2.

The Giants tightened their hold on the third run by baffling the unfortunate Phillies, 10 to 7.

Loboes Split Doubleheader With Hubbers

LAMESA, June 30.—Sam Sealing's Lamesa Loboes and the Lubbock Hubbers shared a pair of one-run margin victories here Sunday.

The Loboes got in the saddle for a 4 to 3 decision over their visitors in the initial round, then fell off a point as the Hubbers took the last fling with an 8 to 7 win.

Today, the Lamesans journey Big Springward, where they will cooperate with the Bombers in three days of baseball.

Locals Rap Spuds In Twin Bill Sun.

Big Spring's Bombers, returning to their own bailiwick from a tour through the hinterlands that netted them eight wins and three losses, tangle with Lamesa's Loboes here tonight at 8:30 as a three-day engagement is opened with Sam Sealing's lads.

Monday morning, Tink Riviere said Buck Schulze or Willard Ramsdell would take over the mound assignment against the Lamesa sluggers.

This evening's show is dedicated to the gentler sex. As part of Riviere's and Jodie Tate's season playbill, tonight's game will be free, with the exception of the payment of the required tax, for any and all women. In other words—Prexy Tink and Uncle Jodie are expecting a full house for ladies night.

Yesterday, the Bombers brought their tour of the bushes to a grand finale, whipping the Wichita Falls Spudders over the doubleheader route. In the day's opener, Bob Kohout held the Spuds to four hits while leading his club to a 5 to 0 victory over the hosts. Then, Charlie Wheelchel got with everything in the book to hold the Wichita Falls unfortunates to a sick pair of hits as Big Spring socked up the night decision, 9 to 1.

Big Spring's hitting strength jumped skyhigh Sunday. Hayden "Chubby" Greer, Bomber shortstop, marked up a brace of homers for a spectacular afternoon's performance. He hit the jackpot in both games, but in the initial tussle he led the pack with three wallops off Spudder Pruitt. Big Spring's hit record in the opener showed ten licks, while the number two game displayed a fat fourteen.

Skelly Due To North In Texas All-Star Game

DALLAS, June 28 (AP)—There can be little question what shortstop will represent the North in Texas league's sixth annual all-star game at Beaumont, July 26 as Bill Skelly of Fort Worth is a stand-out at the position this year.

Skelly leads the field in batting, fielding average, total chances and double plays, and has played consistently without relief at his post until a recent minor injury laid him up. His hurt hand will not keep him out long enough to interfere with the all star game.

It adds to Skelly's standing that he is starring in a field of capable shortstops. Leslie Floyd of Dallas is a fine defensive player and a good hitter. Millard (Dixie) Howell of Tulsa is a good shortfielder. If Herman (Flea) Chilton, late comer at Oklahoma City, is anywhere up to the form he flashed when a rookie with Beaumont nine years back, he is a great defensive player though a bit light with the stick.

Western Meet Opens Tuesday

COLORADO SPRINGS, June 30 (AP)—A fine-edged putting touch was valued higher than gold nuggets today as the mountain battleground of the 42nd annual Western Amateur golf tournament, which opens its six-day run tomorrow.

The champion, it seems certain, will be the man whose putter licks the deceitfully-dipping, slick greens of Broadmoor, tucked close to the mountains bordering Pikes Peak.

Harry Todd, brawny Dallas veteran who won the Western two years ago, has been on the premises for a week and should be a threat.

Mary Jane Sweetman, Midland, returned to her home Sunday following major surgery several days ago.

Mrs. J. T. Morgan and infant son, 808 Gollad, returned home Sunday.

Vacations Are Chief Topics Of Talk Among Big Spring Folks

Vacations being the sole topic of conversation these days, either from those just back or those planning to leave, here's a bird's eye view of what the folks in town are doing.

Sweetie Hair returned Sunday night from Abilene where she has spent the past three weeks with her grandfather, J. R. Grims, and Mr. and Mrs. W. H. Dugan and son, Jackie, have returned after visiting in Fort Worth and attending the state VFW meeting.

Mr. and Mrs. Fred Williams and daughters, Mary Ruth and Dorothy Jean, of Waco spent the weekend visiting Mrs. Williams' brother, Marvin H. Morris.

Mrs. John Wilson and son, H. H. of Brownwood are visiting here with her husband, John Wilson.

WPA Nursery School Has Game Party

Parents and friends of the WPA nursery school met Friday night for a program of games and music. Mrs. Bertha Owen, parent-education leader and Mrs. Amelia Warren were in charge.

Attending were Mrs. J. V. Murphy and children, Gladie Mae Miller, Mrs. Mamie Acuff, Mrs. Tigus, Mrs. E. H. Wood, Alma Jean Hart, Mr. and Mrs. Jerry Cottongame and son, Mr. and Mrs. J. W. Tucker and children, Martha Hunt, Mrs. F. B. Dimmons and Mable and Thelma, Mrs. Dave Snyder, Mrs. Jewel Tucker, Mrs. Cleo Fuller and Bob, Dave Robinson, John Plum, Mrs. H. F. Neal and Patsy Ann, Dixie Lee and Bonny.

Homemaking Instructor In Forsan To Take Hudspeth County Post

FORSAN, June 30. (Sp.)—Miss Pauline McWilliams, homemaking instructor, resigned this week to accept a position as home demonstration agent for Hudspeth county. She will begin her work there July 1st. The position pays \$2100 yearly and \$800 expense allowance yearly.

Chesterfield Ads Hail U.S. Services

"Chesterfield Navy Week" and "Chesterfield Army Week" are announced for the weeks beginning July 7th and July 21st in twin advertisements of the new Chesterfield cigarette campaign released nationally by Liggett & Myers Tobacco company.

During these weeks the army and navy can call for their favorite musical numbers on Fred Waring's "Chesterfield Pleasure Time" program, broadcast every evening from Monday through Friday over National Broadcasting company stations. Each number played will be dedicated to an individual camp.

Chesterfield cigarettes have for many years been among the sales leaders in both services and take pride in this long association. Chesterfield's Glenn Miller "Moonlight Serenade" programs, broadcast over Columbia Broadcasting System on Tuesday, Wednesday, Thursday evenings, also dedicate one number nightly to the boys in camp.

The new advertisements are unusual in their direct tie-up of newspaper and radio advertising.

The War Today—

Communiques Indicate Reds Present Furious Offensive-Defense In War

By FRED VANDERSCHMIDT
Herald Special News Service

One of the most interesting points in the battle of communiques which began in full force over the weekend on the Russo-German conflict is Nazi acknowledgment of a type of offensive-defense on an extremely powerful scale, something the new German army has not before faced.

But the most ominous note for the red army, now that the Germans have made their claims in a sudden stream of delayed communiques, is the alleged German encirclement of two soviet armies, of perhaps 400,000 men, near Bialystok.

Astronomical figures for airplanes destroyed, given by both sides, must not now be taken too seriously. If this war has proved anything at all, it is the consistent unreliability of estimates of one opponent's aerial losses by the other, especially when they are based on the reports of pilots engaged in a large-scale battle.

It can now be seen that on last Wednesday the red army, having absorbed the initial shock of the German assault, was able to attempt a major counter-attack on the Polish front. This, the Germans confess, was an encircling movement involving "countless armored cars" and was designed to cut off the advanced Nazi panzer spearheads from the mass of following infantry.

The German communique acknowledges that a considerable effort by both fighter planes and anti-aircraft guns was required to combat this tactic, thus showing that the red army's counter-attack was well supported from the air. But, in a communique dealing with the action two days before, the Germans claimed they already had destroyed 2,582 planes, which would certainly have been a considerable part of the red air force's first-line strength.

German figures for armored vehicles destroyed—a total of 2,283 up to Sunday—betray the fury of the soviet counter-blow, which must have carried the red army tank units well behind the advanced German lines. These figures are much more likely to be accurate than those on airplanes.

The success of the soviet counter-attacks is yet problematical. Moscow insists that the panzer divisions which have knifed into the Minsk area, on the Napoleonic road to Moscow, are left without support and in a desperate position. On the other hand, the German claim of entrapment of the two soviet armies, southwest of Minsk, receives some support in London.

Highway 66 Group Meets In Tucumcari

TUCUMCARI, N. M., June 30 (SP) Delegates from eight states met today for the annual meeting of the U. S. 66 Will Rogers Highway association and a rousing tribute to the cowboy-humorist for whom the route was named.

As the vanguard of 300 expected delegates arrived, Amarillo, Tex., and Williams, Ariz., began efforts to get next year's convention.

Italian General's Surrender Told

CAIRO, Egypt, June 30 (AP)—General Bertello, who until recently commanded Italian forces holding British Somaliland, has surrendered to the British, the Middle East command announced today.

British Somaliland, which was yielded to the Italians last summer, has been reconquered by the British.

Women Active In National Defense Savings Program

WASHINGTON, D. C., June 30. Representative women throughout the United States are accepting their share of the responsibility in the national defense program. Mrs. Franklin D. Roosevelt headed a roundtable discussion of the defense savings bonds and stamps program over a coast-to-coast network recently. Taking part in the discussion were Edna Ferber, well-known novelist; Dorothy J. Bl- lance, vice-president of the Amalgamated Clothing Workers of America; Louise B. Morley, secretary of the International Student Service; Anne O'Hare McCormack, well-known writer on foreign affairs and Helen Hayes, distinguished American actress.

Mrs. Eve Curie and Mrs. Elan Schiaparelli have both appealed to the American people to be warned by the downfall of France and buy defense bonds and stamps in order that the army and navy may be properly equipped.

Other well-known American women who have contributed their time in behalf of the defense savings program are Mrs. Henry Morgenthau, Jr., Ilika Chase, Adelaide Hawley, Helen Mencken, Mary Margaret McBride, Ida Bailey Allen, Nancy Craig, Alma Kitchell, Kathleen Norris and Kate Smith. A large number of Hollywood stars will appear on radio programs in the near future in behalf of the defense program.

Women's names appear again and again along with other prominent citizens who are taking part in the state and local organizations set up to promote Defense Savings Bonds and Stamps.

Among the women who have been named to serve on the committees named to date are: Mrs. J. W. Walker of Plainview, Miss Clara Driscoll, Corpus Christi; Mrs. Harold C. Peck, Midland; Mrs. Fannie Campbell Womack, Palestine; Mrs. O. H. Carlisle, Houston; all of Texas; Miss Marie Young, Wenatchee, President of Washington Business and Professional Women's Clubs and Mrs. Pearl Wanamaker of Olympia, superintendent of Public Education for the State of Washington.

Surplus Food List For July Is Announced

The list of foods available during July for purchase with blue stamps by families taking part in the food stamp plan in Big Spring and Howard county was announced today by Robert M. Moss, local stamp representative. These foods are obtainable in local stores throughout the month of July.

Fresh peaches and fresh vegetables (includes potatoes, all fresh vegetables, except those processed, frozen, canned, dried, or pickled, but does not include melons) have been added to the list of food which will be available nationally during July, while fresh grapefruit and fresh apples obtainable during June in all areas are not included in the July list.

With these revisions the complete list of "blue stamp foods" for the period July 1 through July 31 in all stamp plan areas is as follows: fresh oranges, fresh peaches, fresh vegetables (includes potatoes, all fresh vegetables, except those processed, frozen, canned, dried, or pickled, but does not include melons) pork or lard, all pork (except that cooked or packed in metal or glass containers), corn meal, shell eggs, dried prunes, hominy (corn) grits, dry edible beans, wheat flour and whole wheat (gramham) flour, and raisins.

Kimble County People Try To Promote Coke

JUNCTION, June 30. (AP)—The folks of Kimble county did their best but they couldn't break the jinx that has clutched Lieutenant governors of Texas since 1917. Coke Stevenson is from Kimble and he is Lieutenant governor. If Gov. W. Lee O'Daniel had been elected—and the latest figures of the Texas election bureau indicate he would—Stevenson would have advanced to the governor's chair. The folks of Kimble county gave nearly half of their vote to O'Daniel but Stevenson apparently is still lieutenant governor. The vote was O'Daniel 415, Johnson 278, Mann 101, Dies 83.

Not since William P. Hobby rose from that position to governor when James E. Ferguson was impeached in 1917 has a lieutenant governor advanced politically in Texas.

In 1924 T. Whit Davidson, then lieutenant governor, and Lynch Davidson, his predecessor, ran for governor. Mrs. Miriam A. Ferguson beat them both.

Barry Miller in 1930 ran sixth in a field of 11 for governor. Edgar Witt of Waco lost the same race in 1934. Walter Woodul later tried to become attorney general but he failed too.

Aged Pensioner Returns \$250
TULSA, Okla. — A 70-year-old woman who had been on the Oklahoma pension rolls for some time walked into the office of the department of public welfare here and paid back all the money the state had given her—an estimated \$250. She told the pension officials that "I don't want a pension any more."

A Stickup? Well, Hardly
SALT LAKE CITY, Utah — The thug who jumped on the running board of Mrs. Natalia Lewis' car and ordered her to "move over—this is a stickup," reckoned without her quick temperament. "I just smacked him in the face with my fist and gunned the car and he hit the road with a thud," she told police in reporting the thwarted robbery.

Dry Weather Spell Can Make Texas Crop Prospects Good

By LEDGERWOOD SLOAN
Associated Press Staff

A few weeks of dry weather probably would enable Texas farmers to obtain fair incomes from their wheat and cotton despite the unseasonable rains which have reduced greatly what promised earlier in the season to be bumper yields.

Panhandle wheat is standing in muddy fields where combines should be running. The cotton crop is late and planters are preparing to fight an expected unprecedented insect infestation.

Wheat, however, is worth around a dollar a bushel for the first time in years while prospects for 15-cent cotton are considered bright.

In contrast to the harassed farmer, the ranchman faces the brightest prospects in decades with tanks overflowing, livestock fat on excellent ranges and prices for cattle, wool and sheep firm.

The Panhandle wheat estimate of 38,000,000 bushels a few weeks ago has been lowered by the U. S. crop reporting service to 31,000,000 compared with the record crop of 51,000,000 in 1931.

On the south plains prospects are the wheat yield will be slightly higher than mid-June estimates of 7,500,000 to 9,000,000 but lower than the 16,000,000 bushels forecast on June 1. The first wheat tested at Lubbock showed up to 17 per cent moisture and most graded No. 2.

In Northeast Texas, County Agent A. L. Adlamston of Lamar says oats and wheat are 75 per cent loss while around Sherman a 50 per cent crop is predicted by Grayson County Agent V. O. Teddlie.

Corn is spotted. Some fields are doing well on uplands, but in other sections the crop was drowned out in lowlands.

Cotton is in poor condition from the blacklands of the northeast to the lower Rio Grande Valley. Flea hoppers and boll weevils are prevalent with grasshopper and lead worm infestation threatening.

Wool trading was renewed in the ranch county this week and some contracting of lambs and calves is reported.

Lambs for fall delivery are bringing 8 to 9 cents a pound in the San Angelo area. Calves are selling at 10 1-2 cents for heifers and 11 1-2 cents a pound for steers. Yearling mutton are worth 7 1-2 cents a pound with yearling ewes at \$7.50 and \$8 a hundred.

The wool market livened with the sale of a million pounds of 8 months at prices ranging up to 42 cents a pound in sales at Uvalde, Kerrville, Bandera, Fredericksburg, Del Rio and Blanco. At San Angelo and Brady 270,000 pounds of 12 months brought 40 to 44 cents with one choice lot of 25,000 pounds of rambouillet wool going at Brady for 45 1-2 cents a pound.

The demand on the Fort Worth market continues strong and active for stocker and feeder cattle with steer calves at \$13 a hundred and heifers up to \$11.

Coconut Shells In Gas Masks

SYDNEY, Australia — Erection of a factory in New South Wales to produce activated carbon from coconut shells is hailed as an example of wartime resourcefulness. Activated carbon is an essential component of gas masks.

Grain

CHICAGO, June 30 (AP) — Moderate mill buying, possibly associated with government flour purchases, together with short covering and reinvestment operations helped to rally wheat prices as much as 1 5-8 cents today but the advance was checked by selling in connection with increased new wheat movement and weakness of soybeans and lard.

Reports of German progress in Russia and of the sinking of a ship in the Atlantic with a detachment of U. S. Marines on board served to unsettle the market.

Wheat closed 1 to 1 1-2 cents higher than Saturday, July \$1.04 3-8 to 1-4, September \$1.05 7-8 to 3-4; iron unchanged to 3-8 up, July 73 5-8, September 73 1-4; oats 73 to 1 1-8 higher.

Livestock

FORT WORTH, June 30 (AP) — (US Dept. Agr.) — Cattle 3,600; calves 1,100; steers slow, other classes of cattle and calves generally steady, common and medium beef steers and yearlings 7.00-9.15; good and choice yearlings 9.50-11.35; beef cows largely 6.00-7.50, bulls 5.50-7.75; good and choice killing calves 9.50-11.00, common and medium 7.50-9.25, good and choice stocker steer calves 10.50-12.00.

Hogs 1,600; mostly 10c lower, some sales 20c lower than Friday's average; top 10.50, most good and choice 18.00-30.00; packing sows steady to weak, 9.25-50; stocker and butcher pigs 9.00-50, or steady.

Sheep 11,900; market slow; most offerings spring lambs unsold with bids 25c or more lower; good carlot spring lambs held above 10.00, few yearlings steady to weak at 7.50-8.00; bucks mostly 4.50, or strong to 25c higher; few spring feeder lambs 7.75 down, or steady.

Effective June 30, lambs born in the spring of 1940 classified as yearlings.

New Registrants To Supply Half Of Army's Coming Needs

WASHINGTON, June 30 (AP) — The army probably will call up about 50,000 selective service trainees a month during the last half of this year, and a big percentage of them will come from the ranks of the 750,000 men of 21 who must register tomorrow.

Selective service headquarters, it was learned today, has worked out a system of interspersing the newest registrants in the list of those who enrolled last October.

The effect will be to make many of tomorrow's young registrants quickly available for military service—a welcome result to the army high command which regards men just turned 21 as ideal soldiering material.

As final arrangements were completed for the second selective service registration, selectees already in training received a good official indication that their tour of service would not be extended beyond the year fixed by law.

The temporary White House at Hyde Park, N. Y., released an executive order by President Roosevelt yesterday, which fixed 900,000 as the number of trainees to be inducted into the land forces in the fiscal year which starts tomorrow. The number is the statutory maximum.

William D. Hassett, the president's secretary, said that the army would call on the selective service manpower pool for new trainees as those now in service finished their year's duty.

Asked whether this was "absolute evidence" that men now serving would be released when they finish their year, Hassett replied with an unqualified "yes." Afterward he added he was not a military lawyer.

Texas Index Of Business Shows Gain

AUSTIN, June 30 (AP) — All factors in the Texas business index continued to climb and the chart for May reflected increases over last year and the preceding months of 1941.

The University of Texas Bureau of Business Research reported the May composite index was 111.6 an increase of .8 point above April and well above the May, 1940, index of 100.8.

Employment, payrolls, department store sales, electric power consumption, freight carloadings and crude oil runs to stills inched upward.

Other factors, not considered in the composite index, showed gains over May. Postal receipts, building permits and automobile sales showed respective hikes of 8.4 per cent, 43.9 per cent and 44.8 per cent.

Production and shipment of southern lumber held about even with April but unfilled orders continued to stack up.

Farm cash income mounted. Sales of productions during January-May aggregated \$122,000,000, a 233 per cent increase over the comparable period of 1940.

Here 'n There

Small damage resulted from a blaze around the blue of the boiler room at No-D-Lay Cleaners at 207 1-2 Main street Saturday night, firemen reported Monday.

Mrs. Grady Madry was hurt slightly in an automobile collision at 3rd and Benton streets Sunday, officers said. The car in which she and her husband were driving east on 3rd was in collision with one driven south on Benton by the Rev. H. H. Hollowell, Ackerly.

RAIL PASSENGERS GAIN

NEW YORK, June 30 (AP) — Railroad circles estimated today that at the present rate passenger revenues for 1941 should top \$500,000,000 for the first time since 1931, when the total was \$551,000,000.

Mrs. Bishop Bailey and daughter, Linda, have arrived here from El Paso to visit with her parents, Mr. and Mrs. J. B. Pickle. Her sons, Bubba and Billy Bailey, already were here.

sat down on the bare space between the living quarters and the dig where men were working.

"People came running from all directions. Two white women darted out from the big mess hut in the center of the camp which was laid out like a circular village of reed huts interspersed with Mongolian felt yurts surrounding the courtyard with a few cottonwood trees in the center.

"The women were dressed alike in khaki field clothing.

"One's mother," thought Anne with lifting heart, "and the other must be Beth Huff. But Diana Martaine should at least be standing in the doorway looking bored and beautiful."

Except for Phillip Oliver, Anne had never met the members of her father's staff in this present venture. She knew Dr. Martaine and Larry Huff and their young wives only through her mother's letters and the snapshot pictures that had been sent her. She had looked forward to meeting Beth Huff, the fiery little girl who fit into the life so perfectly according to report, and she was frankly curious about Diana Martaine. Diana was the daughter of the wealthy man who financed the expedition.

"Why she should push her husband and herself into this Expedition is a mystery to me," Mrs. Willard wrote. "She's a confirmed flirt and belongs on the stage, rather than in an archaeologist's dig. She makes passes at all the men including your father. But young Larry Huff seems to be taking her seriously. However, his wife's red-headed so I know it will turn out all right."

Phillip Oliver came forward and caught Anne's hands and kissed her quickly—the first kiss he had ever given her. Their courtship was a letter affair.

To Anne's surprise one of the women in khaki proved to be Beth, the other Diana. Nor had her father appeared with the men.

"Where are father and mother?" "With the Nagaras," answered Phillip. "Didn't you know that?"

Anne's heart sank. She told them of the note she had received from her father. "Are they held prisoners?" She remembered Sherwood had hinted at such a thing.

"In a way," Phillip admitted. "They're held until you bring the dagger," Larry Huff explained. He was a blond young man with a dimple in his chin and twinkling blue eyes. "I don't think it's anything to worry about."

"Will they be brought home now?" she persisted.

"The tribesman will come and take you to them, as we understand it."

Phillip interrupted, "Where have you been all this time, Anne?"

Phillip interrupted, "Where have you been all this time, Anne?"

"We had a wreck," said Anne. "This is the same pilot though we come in an enemy plane." She introduced Pete Mackay and was introduced to the others.

WORLD CHAMPION

MISS MARGARET HAMMA, operating an IBM Electromatic Typewriter, established a new professional world's record of 149 words per minute for one hour.

The first half-hour of this performance won for her the amateur championship. These records were made in competition with 8 other professional contestants and 44 other amateur contestants from various parts of the United States and Canada. The competition was held under the auspices of the Ninth Annual International Commercial Schools Contest in Chicago, on June 19 and 20, 1941.
