

Witnesses Say Hirshberg Was Helper Of Japs

NEW YORK, July 30. (AP)—A witness at the court martial trial of Harold E. Hirshberg, 29-year-old chief signalman, who is accused of maltreating fellow prisoners in Japanese prison camps, testified late yesterday Hirshberg told him he was transferred from a prison job "because the Americans were going to kill him."

The witness was Lt. (j.g.) Arthur Joseph Feher, 28, of Brooklyn, who said he talked to Hirshberg when both were prisoners assigned to the hospital of Bilbid camp in Manila in 1944.

Feher said Hirshberg was "notorious around any camp in the Philippines."

Earlier, other witnesses testified Hirshberg, while assigned as head of a prison work section, had mistreated prisoners and instigated their mistreatment by Japanese guards.

The prosecution announced it may complete its case by late today.

A former member of Hirshberg's work section at Nielson Field, Luzon, Navy Warrant Officer Roy M. Washburn, 26, of Berkeley, Calif., testified that the defendant told him: "give me two weeks more and I'll have every damned man in this camp under my thumb."

Chief Boatswain's Mate Charlie W. Dowdy, now stationed at Norfolk, Va., said Hirshberg told him when the prisoners were being shipped from the Philippines to Japan, that the Japanese commander at Camp Murphy "had given him a letter of commendation to any commanding officer in any camp he would go for his service to the Japanese."

Dowdy said he had not seen the letter.

Newton Still Denies Guilt In Hunt Case

AUSTIN, July 30. (AP)—Dr. W. R. Newton of Cameron reiterated yesterday his declaration of innocence in the pistol assault of Dr. Roy Hunt of Littlefield May 21, 1942, and said he was reporting to the penitentiary "to pay a debt I do not owe."

Newton made public a letter to Gov. Beauford H. Jester containing his statement, declaring he was a victim of mistaken identity.

The Cameron physician faces a term of two years. The board of pardons refused last week to grant him a full pardon, and Monday turned down his request for extension of his 30-day emergency reprieve for another 60 days.

Newton's reprieve ends at midnight.

"I did not shoot Doctor Hunt," he told the Governor in his letter. "I have consistently felt that I was a victim of mistaken identity. I have tried to keep my attorneys from saying anything that might hurt his character or reputation. He was a gentleman in every sense of the word as I knew him—may God rest his soul."

"Before I go, I want you to know that I bear no malice toward Doctor Hunt's family. x x x"

"The penitentiary holds no horrors for me. It can not possibly equal the torture and torment of the past five years."

Le Havre Fears Nitrate Laden Ship

LE HAVRE, France, July 30. (AP)—Reliable informants said today the American freighter Arthur H. Fairfield, which was bound for Antwerp but put in here because of a dock strike there, might be required to leave or else unload the 10,000 bags of ammonium nitrate aboard.

The ship's presence in the harbor has made the population of this war-devastated port panicky since Monday's explosion at Brest.

Charter Is Basis Of Action

Australia Brings Indonesian Situation Before U. N. Council

CANBERRA, July 30. (AP)—Prime Minister J. B. Chifley announced today that Australia had directed her representative in the United Nations security council to draw the council's attention to the Indonesian situation under article 39

of the U. N. charter. Article 39 provides that the security council "shall determine the existence of any threat to the peace, breach of peace or act of aggression, and shall make recommendations or decide what measures shall be taken x x x to maintain or restore international peace and security."

Chifley expressed hope that the council would act swiftly to bring an end to hostilities between the Netherlands and the Indonesian Republic.

In announcing his government's intention to bring the matter before the security council, the Prime Minister said:

"Australia takes this action 10 days after hostilities commenced in Indonesia because in accordance with article 33 of the United Nations charter the parties to any dispute are obliged first of all to seek a solution by negotiation or mediation."

"Sincere attempts have been made in consultation with other governments, particularly the United Kingdom, the United States and India, to bring about a solution in this way. However, it is felt that further delay is not justified because of the loss of life being sustained."

(Vice President Jawaharlal Nehru of the interim Indian government announced several days ago that India would appeal to the United Nations on behalf of the Indonesian Republic. However, dispatches from New Delhi last night said that "certain developments"—the nature of which were not specified—had caused the Indian government to postpone action.)

"This is the first time in the history of the council that this article (39) has been invoked," the Australian Prime Minister said, "and it is the hope of the government in taking this action that not only will hostilities cease but that the security council will prove its worth in dealing quickly and effectively with a situation of this kind."

CONFEDERATE VETS REUNION EXPECTS NO OLD SOLDIERS

DRIFTWOOD, Hays County, July 30. (AP)—The 51st annual reunion of Texas Confederate Veterans opened at Camp Ben McCulloch near here today, but no old soldier of the South was expected.

The annual event will be carried on in their memory by their children and grandchildren and great grandchildren, led by the Sons and Daughters of the Confederacy.

Officials of the encampment said they did not think any of the dozen remaining Confederate veterans still living in Texas would be able to attend this year. They hoped at least one could come.

Particular honors will be paid

during this reunion to the late T. F. Harwell of Kyle, who for 40 years was adjutant of the encampment and its sparkplug in arranging its programs. The veteran editor died several months ago.

Many organization of war veterans are joining to keep the encampment alive. They include the Veterans of Foreign Wars, the Spanish War Veterans, the National Army of the Philippines, the American Legion, Disabled American Veterans, and Military Order of the World War.

Adjutant General K. L. Berry brings the principal address today. Gov. Beauford H. Jester speaks Friday.

Master Masons To Meet At Crane

CRANE, July 30. (AP)—Hundreds of Texas master Masons are expected here Saturday for the Crane Masonic Lodge's annual Al Fresco meeting in the hills southeast of the city.

Fourteen West Texas lodges will be hosts to the Rev. R. Bruce Brannon of Commerce, grand master of the Grand Lodge of Texas, and other state officers.

Last year 1200 members from 140 lodges of the United States, Hawaii, Bermuda and Canada attended the meeting.

CRANE HOSPITAL SET
CRANE, July 30. (AP)—Contract for erection of Crane county's new \$130,000 hospital plant will be let at the next meeting of the commissioner's court. The bonds have been sold to Roe and Company of San Antonio.

Used houses account for three-fourths of the annual residential sales in the United States.

King Ranch Buys Thoroughbred

LEXINGTON, Ky., July 30. (AP)—Keeneland's summer sales of thoroughbred yearlings yesterday continued far off last year's record smashing figures, returning an average of slightly better than \$7,000 compared to more than \$10,000 for the entire sales in 1946.

Highlight of yesterday's sales was the \$37,500 paid by King Ranch of Texas for a half brother to Twilight Tear, leading three-year old winner of 1944. The chestnut colt was by Whirlaway-Lady Lark.

45 Boys Plan To Enroll In Farm Course

Indications are that at least 45 Big Spring High school boys will enroll in vocational agriculture courses during the first fall term, Walton Henderson, agriculture instructor, announced Tuesday.

Henderson met with 42 prospective students Monday evening at the school gymnasium, and three others have expressed interest in the courses.

Chief handicap for several of the boys will be agricultural projects, which each student is required to carry out at home. However, Henderson said he was confident that most of the group attending the meeting would be able to make suitable arrangements. Some of the students already have projects lined up, he disclosed.

At the Monday night meeting, various requirements for the courses were discussed, and tentative schedules for the individual students were mapped.

Baylor Wants Houston Station

WASHINGTON, July 30. (AP)—Baylor University has asked the communications commission for permission to build a radio station at Houston to operate on the wave

length and power now assigned to station KWBU at Corpus Christi. Baylor, whose medical school is located at Houston, recently applied for permission to become the sole owner of KWBU. The University now owns 50 per cent of the Corpus Christi station stock.

Concrete Street Markers Installed

New concrete street markers are being installed this week on several north side streets, city officials reported.

The markers are the new type which have been under construction at the city warehouse during the past few weeks. Workmen are making installations now on North Main, North Gregg and North Scurry streets.

Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatism, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 80 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Lions Believe World Peace Must Spring From Common Man

SAN FRANCISCO, July 30. (U.P.)—The Lions international convention today worked on a plan to promote world peace through pipelines from town halls to Washington and Lake Success.

In a dozen forums yesterday the convention of more than 16,000 delegates amplified the theme that solution of world problems must spring from the masses of citizens rather than their diplomats.

After the forums the plan was proposed, to be submitted before the convention, for an international committee to channel community attitudes to Washington and headquarters of the United Nations.

Operations of the United Nations were reviewed at one sectional meeting, after which W. R. Stewart of Mesa, Ariz., told the group:

"Let's see what we ourselves can do to bring about world peace. . . . In the Lions we have persons of many nationalities. In my own club we have all religions represented. With them we must work to achieve international amity."

In one forum devoted to the problems of parents the movie industry was criticized by various speakers for failing to produce more pictures suitable for children.

Britain May Reduce Her Armed Forces

LONDON, July 30. (U.P.)—Authoritative sources said Great Britain might reduce her armed forces and dip into her 640,000,000-pound (\$2,560,000,000) gold and dollar reserve as emergency measure to meet the prospective winter economic crisis.

Left wing labor party members have been urging the government to cut down the Army, Navy and Air Force, which had 1,297,300 men at the start of the month.

Field Marshal Viscount Montgomery, chief of the British imperial general staff, was to cut short his Far Eastern tour and fly home within a few days to advise the labor government concerning reduction of the armed forces, these informants said.

Whitehall sources said tapping the gold and dollar reserve would be a stopgap between the time when the \$3,750,000,000 loan from the United States is exhausted late this year or early next and the time when the projected Marshall Plan or some other U. S. program of financial aid to Europe became effective.

State Parks May Have One Million Visitors Per Month

AUSTIN, July 30. (U.P.)—A peak monthly attendance of 1,000,000 before summer's end was seen as a distinct possibility for Texas State Parks.

June attendance figures, compiled by the state parks board yesterday, showed a grand total of 694,175 this year, compared with 359,750 the same month a year ago.

Parks in easy driving distance of big centers of population were getting a big play. Possum Kingdom led in net profits, with Tyler, 36th Division, Daingerfield, Meridian, and Cleburne next.

Top park from the standpoint of daily visitors was MacKenzie, at Lubbock, with 477,667 in June.

Jester Calls Cabinet Meet For September

AUSTIN, July 30. (U.P.)—Gov. Beauford H. Jester has called the first meeting of his administrative cabinet for sometime in September.

He wrote 20 state department heads asking them to be members of the cabinet which he said was an experiment designed to expedite administrative work.

Each was asked to prepare a statement on the phases of government under his jurisdiction.

Members will be the adjutant general, the attorney general, state auditor, commissioner of agriculture, banking commissioner, chairman of the board of control, comptroller, executive secretary of the game and fish commission, state health officer, labor commissioner, highway commission chairman, insurance commission chairman, land commissioner, chairman of the railroad commission, secretary of state, state treasurer, state school superintendent, directors of the departments of public safety and of welfare, chairman of the water board, and perhaps others.

Jester Explains Rent Board Plan

AUSTIN, July 30. (U.P.)—Gov. Beauford H. Jester Tuesday explained his plan of asking county judges in the state's 43 defense rental areas to suggest local rental advisory board members.

The governor in turn will send the nominations to the federal housing expediter in Washington who will make the appointments.

"It is extremely important that the rental boards be representative of all interests in the area—the general public, veterans, labor, real estate owners, and others," Jester said in a statement.

Disciples Of Christ Minister Asks Union Of All Protestants

BUFFALO, N. Y., July 30. (U.P.)—The international convention of the Disciples of Christ set its sights today on the promotion of its three-year "Crusade For A Christian World" with a renewed appeal from the session president, Dr. Hampton Adams, for a union of Protestant communions.

The Rev. Travis A. White, pastor of the First Christian Church, Little Rock, Ark., said in a prepared address that "time is running out. It is oblivion or the Kingdom of God."

"The choice before the church," he said, "is whether it shall live as a nonentity in the rubble of decaying culture, ravaged by paganism and hovering in the shadow of momentary final destruction, or become the vanguard of a new spirit and a new life."

In another address prepared for today's session, the Rev. L. N. D. Wells of Dallas, told delegates from all parts of the world that "for many years we have been little more than playing at religion. The hour has struck and we must begin to work at it."

In the opening address last night.

Dr. Adams, pastor of the Union Avenue Christian Church, St. Louis, declared that the "principle of the separation of church and state is being jeopardized by subsidies in bodies, especially to the Roman Catholic Church."

He asked the delegates to adopt a resolution "affirming our adherence to the principle of the separation of church and state and our purpose to contend for the principle."

Although the more than 4,000 delegates registered may express themselves on matters coming before the session, none of the actions will be binding upon any of the 8,870 individual churches. Convention spokesmen explained that each church is self-governing under the congregational form of government.

The convention reported a total membership of 1,889,066 last July 1 when it launched its "crusade for 900,000 new members by 1950."

SNARES BICYCLE

SPRINGFIELD, Mass. (U.P.)—Roland Goulet was having such a hard time landing the "catch" on the end of his fishing line that he

called for police assistance. Goulet finally hauled a bicycle out of the Connecticut River and police returned it to Gloria Gilvert, who had reported it stolen.

THESE ARE THE DAYS WHEN MY ELECTRIC REFRIGERATOR PROVES ITS WORTH

When you plan to build, remodel or add new appliances, consult your electrical contractor-dealer about Adequate Wiring...

These are the days when the reserve power that is built into every electric refrigerator really proves its worth. When temperatures stay around a normal figure, your electric refrigerator practically coasts along, maintaining proper box temperatures easily. When hot days like we've been having come along, there is ample reserve power available in your electric refrigerator to cope with the situation automatically. All that happens is that its motor runs more often and a little longer at a time. Your electric refrigerator, by keeping perishable foods fresh and wholesome for long periods of time, has been a money-saver for you from the very first day you owned it. To make sure that you continue to benefit from this saving, take good care of it—it's an investment that pays real dividends.

TEXAS ELECTRIC SERVICE COMPANY

C. S. BLOMSHIELD, Manager

Sweetwater Adopts New City Charter

SWEETWATER, July 30.—(AP)—Voters of this city Tuesday adopted a new city charter, proposed by a charter commission to modernize the 1927 fundamental law for the municipality, by a 281-52 county.

Under the revised charter, the city will undergo no change in form of government (it is council-manager), nor will it affect its appropriations to the Board of City Development, the municipal band and other items authorized in the past. Unless ordinances are specifically contrary to the spirit of the new charter, it will not change any of the orders passed in the past 20 years.

Included in the major changes are provisions for residents outside the city initiating annexation proceedings; absentee voting permitted; salary of the city manager placed in the hands of the commission; home rule legislation as the rule for street improvement plans.

Atrocity Victim Dies In Kansas

WICHITA, Kas., July 30.—(AP)—Robert C. Elliott of Dalhart, who died here as the result of a beating at the hands of German civilians in 1943, was to be buried today.

The former Texas A. and M. student parachuted over Schweinfurt, Germany, after his B-17, of which he was a crew member, was hit. He was a staff sergeant.

When he landed he was attacked and beaten by German men and boys and later collapsed in a prisoner of war camp at Krem, Austria.

Elliott, who began his rehabilitation with physical therapy in veterans' hospitals, could not read, write or walk. He enrolled last spring in the Wichita Institute of Logopedics, where he was believed to have been recovering. He died of a brain tumor.

Good News For Folks Who Suffer From

- STOMACH GAS
- SOOR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent acid-vital ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood; in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-ness of soda and other alkalis so counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Halsey Says British Given Unimportant Role In Pacific

NEW YORK, July 30.—(AP)—Fleet Adm. William F. Halsey says that British naval units were given unimportant objectives in the final phase of the Pacific war to prevent any post-war claim that Brit-

ain had taken part in the climatic blow against the Japanese fleet. In the eighth of a series of articles in the Saturday Evening Post, the former commander of the mid-called American carrier strikes in

Lions Choose Texan As Cotton Queen

SAN FRANCISCO, July 30.—(AP)—Hulda Cannon of Vernon, last night was chosen 1947 international cotton queen at the Lions' cotton states jubilee in the civic auditorium.

Miss Cannon charmed her way past ten other contestants for the title, all sponsored by Lions clubs in the cotton belt. The event is sponsored by the national cotton council and he cotton textile institute.

VA Distributes 200,000 U. S. Flags

WASHINGTON, July 30.—(AP)—The Veterans Administration said today it has distributed about 200,000 American flags for funeral purposes to the next of kin of deceased war veterans, servicemen and ex-servicemen.

The agency began providing the burial flags, which cost about \$4.50 each, to next-of-kin without charge in 1943. After the funeral, each flag becomes the property of the relative to whom it was presented.

Shrimp Boat Safe

GALVESTON, July 30.—(AP)—The search for the shrimp boat Mildred L. and two fishermen aboard her was at an end today with the report they were "safe at Matagorda."

The boat and the two men, one of them William J. La Roche, 35, of Freeport, had been "overdue" since July 25.

J. W. O'Berry of Freeport, owner of the craft, told Lt. Wayne Galveston coast guard station, that the shrimp and the men were in Matagorda.

The Navy made a search for the boat and boats had been pressed in the search.

Possum Kingdom To Remain Park

AUSTIN, July 30.—(AP)—The Texas state parks board still retained claim to Possum Kingdom State Park today.

The board refused yesterday to relinquish the 6,969-acre park near Mineral Wells to the Brazos River conservation and reclamation district.

Commenting after the board had rejected the district's request for the area, Chairman J. V. Ash of Bastrop said: "To do so would be betrayal of the public interest and would damage the public's investment of approximately \$250,000 already made in the park."

More than half the acreage has been inundated by the lake, and the park board now holds less than 10 per cent of the 319-mile lake shoreline for the use and benefit of the general public, Ash said.

Geologists Study Possible Meteorite

AUSTIN, July 30.—(AP)—University of Texas geologists today were studying a piece of metal that smashed through the windshield of a car Monday afternoon near Bertram.

Miss Arlee Rylander, homemaker teacher at Burnet, said she was driving south toward Austin when the irregular object struck the windshield of her car, breaking the glass and landing at her feet.

She described it as a rusty-colored piece of metal weighing about a half pound.

Arthur H. Deen, chairman of the university geology department, said he did not think the object was a meteorite, but that it would be given further study.

The American people spent about \$4 billion for medical services in 1940.

Housing Head Backs Cut In His Own Pay

WASHINGTON, July 30.—(AP)—Raymond M. Foley, top federal housing official, indirectly and successfully championed a \$2,000 cut in his own pay by the 80th Congress.

Foley, as national housing administrator at \$12,000 a year, strongly supported President Truman's plan to reorganize the government's housing agencies under a single boss. As submitted, the plan fixed salaries for the six top officials at \$10,000 a year, the limit set by the Reorganization Act of 1945, under which the regrouping was proposed.

The Senate approved the plan, making it effective even though the House had disapproved. But neither house passed a companion measure which would have set the salary of the chief official of the new housing and home finance agency (HHFA) at \$15,000 annually, and those of five other top officials at \$12,000 a year.

As a result, when Foley became acting temporary chief of HHFA Monday, pending recess appointments of the top officials by the president, his pay automatically dropped from \$12,000 to \$10,000 a

year, federal housing officials told a reporter day. Foley is expected to continue in the post under the recess appointment.

when Congress reconvenes in January.

NEW RECORDS SET FILLING YOUR ORDERS

HALF A BILLION IN HALF A YEAR..

Deliveries of \$537,757,070 worth of everything from giant steam turbines that light cities to millions of home appliances were made and shipped by General Electric during the first six months of 1947—every item important in raising the standard of living of people. We shipped nearly one-third more in six months than we did in any previous full year of peacetime production.

4 times as many small electric motors

12 times as many dishwashers

3 times as many electric clocks

IN MANY LINES WE PRODUCED MUCH MORE

THAN IN THE FIRST HALF OF OUR BIG PEACETIME YEAR OF 1937. FOR INSTANCE, CLOCKS, IRONS, DISHWASHERS, RADIOS, SHOWED BIG GAINS. GAINS IN SMALL MOTORS ARE IMPORTANT BECAUSE THEY ARE USED IN MANY HOME APPLIANCES AS WELL AS IN THE TOOLS OF BUSINESS AND INDUSTRY.

PAY WINDOW

NOW \$55
1937 \$34

EMPLOYEE AVERAGE WEEKLY EARNINGS UP 62% OVER 1937

PRICES GENERAL ELECTRIC BELIEVES IN KEEPING PRICES AS LOW AS LABOR AND MATERIAL COSTS AND QUALITY MANUFACTURE WILL PERMIT. DURING THE FIRST 6 MONTHS OF 1947, G-E PRICES ON THE AVERAGE WERE ONLY 23% OVER 1937.

EARNINGS GENERAL ELECTRIC'S EARNINGS FOR THE FIRST SIX MONTHS OF 1947 WERE 7.1¢ PER DOLLAR OF SALES COMPARED TO 15.4¢ PER DOLLAR OF SALES IN THE SAME PERIOD OF 1937.

MORE THAN TWICE AS MANY JOBS

IN THE LAST SIX MONTHS, WORKERS EMPLOYED AVERAGED 162,000 AS COMPARED WITH AN AVERAGE 10 YEARS AGO OF 74,000.

Cayuses Increase Circuit Lead By Splitting Pair With Odessa

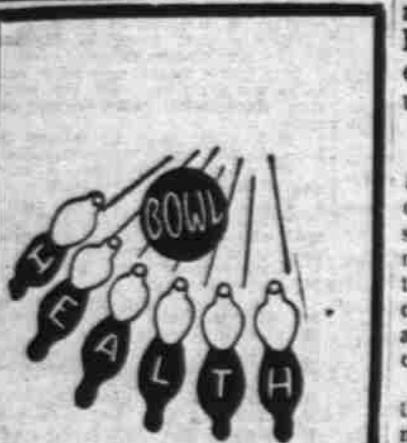

Lubbock Edges Amarillo, 7-6

Lubbock gave its largest crowd of the season—an estimated 5,200—seven runs for its money, one more than Amarillo could match last night.

The 7-6 decision stretched Lubbock lead to one game and one-half over Amarillo in the West Texas-New Mexico league with another meeting due tonight.

Girls Softballers Resume Action

The Big Spring girls softball team is scheduled to clash with a contingent from Colorado City on the Mundy park diamond tonight.

Teen agers who are hep to fun and physical fitness are making a standing date at our alleys to bowl in groups.

LOOKING 'EM OVER

Genial Dory Detton, the Amarillo wrestling czar who visits here every now and then and who always has a good word for the village because Patrick O'Dowdy has sold him on its virtues, minces no words when it comes to measuring individuals who would besmirch the good name of wrestling.

"The bookmakers have cluttered up the horse racing business for years and have given it a black eye," says Dory. "They've moved in on the fight game in recent years and are jaunt to Europe, Asia and Africa he made in 1937-38. Dory went first to England, where he met and defeated the heavy-weight king of that country, then crossed over to France and set up headquarters in Paris, France, in order to work both the French and English rings.

Detton, who serves as a sort of traffic cop for the endless stream of grapplers heading into the southwest, points out that in matches, such as are seen here, there is no reason for "doping" the contests because there is nothing at stake, as far as titles are concerned.

Some of the boys try harder than others. Some of them are much better showmen and for that reason are paid more. Their very existence depends upon their gate lure, or the lack of it.

Although he is but 35 years of age, Dory has had a long and illustrious career in the ring. He came out of college in Utah to enter the professional game and since has piled his trade throughout the world.

Moreno, McClain Add To Streaks

ODESSA, July 30. — Five gift runs dished up by erratic enemy fielding enabled the Big Spring Bronces to salvage the final game of a double header by a 13-8 score after the Odessa Oilers had won the opening contest, 5-4.

Moose Womack, Oiler first sacker, connected for a hit in the last inning of the first bout to drive in the winning run. One man had been retired when Womack produced his game winning blow.

Felines Employ Breaks To Win Over Bisons

Fort Worth added humiliation to defeat in edging Houston, 3-2, last night.

The score was close enough, but the Buffs used three of their top pitchers in trying to nip Fort Worth two straight, finally lost through loose play.

Mazar put the Buffs in a jam in the tenth by walking the lead-off batter, threw the ball away at first to put him on second and wild-pitched him to third.

Beaumont snapped Tulsa's five game winning streak, building a big margin with a four-run outburst in the eighth inning.

Local Golfers To Plainview

Big Spring will be represented at the Pro-Amateur golf tournament in Plainview Thursday by Shirley Robbins, country club professional.

Tillinghast, who departed Tuesday, indicated he would also compete in the invitational tournament there this weekend.

Forsan, Conoco Score Triumphs

FORSAN, July 30. — Forsan and Conoco turned in victories in Forsan community softball league play here Tuesday night.

The Grocers played the Forsan team on even terms until the third inning when the club broke loose for six runs to sew up a 14-8 decision.

Conoco fought all the way down to the wire to nose out Ross City, 15-13. The Ross gang almost turned defeat into victory by chasing six tallies across the dish in the seventh.

Dorothy Edwards Wins Tournament Dorothy Raye Edwards won the Women's putting tournament staged at the country club Tuesday night.

A Statement To Our Customers About Resale PRICES of PRODUCTS

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold.

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

Funeral Is Set For J. B. Parker

Funeral services for John B. Parker, 65, who died at about 11 a. m. today, will be conducted at 4 p. m. Wednesday in the Nalley chapel.

The Rev. Homer Sheats of Lubbock will officiate at the service. A native of Willsboro, Mr. Parker came to Big Spring 18 years ago. He was a carpenter by trade, and was a member of both the IOOF and Masonic lodges.

Survivors include the wife, three sons, L. M. Parker, J. L. Parker, C. D. Parker, all of Big Spring; one daughter, Mrs. Jo Ellen Cox, Big Spring; two grandsons, Johnny Kay Parker and Lioren Wesley Johnson, Big Spring; two stepsons, Melvin Logan, with the occupation forces in Germany, J. S. Logan, Red Wood City, Calif.; one step-daughter, Mrs. Marie Goudal, Red Wood City.

600 Head Handled In Auction Ring

Brisk bidding marked the weekly sale at West Texas Livestock Auction company Tuesday when 600 head of cattle and 35 of hogs went through the ring.

B. J. Petty topped the bull market at 16.10 with a 1,615 pound behemoth that grossed \$260.02. Lubbock Packing company, Swift & Co., paid 18.30 for the top on fat cows. O. H. McAllister, Big Spring, consigned a mixed load of 2-year-old fat stocker heifers and fat cows, the latter going up to 18.30.

M. D. Rhodes, Lamesa, and J. B. Wheat, Jr., Coahoma, each drew from 17.00 to 17.40 on stocker heifers. G. W. Felton brought in a load of stocker cows from New Mexico, selling at 15.80, and Tom Good, Big Spring, paid top of 21.60 for stocker steers.

Hereford cows and mixed calves ranged from \$145-\$167; calves and calves \$100-\$135; fat cows 15.00-18.30; fat yearlings 20.00-23.00; fat calves 18.00-25.50; stocker cows 12.00-15.80; stocker calves 18.00-21.00; canners and cutters 8.00-14.00; bulls 16.10. Hogs drew up to 27.20.

78 Qualify For Knot Hole Gang

Seventy-eight boys qualified for membership in the Big Spring professional baseball club's "knot hole gang" at organizational meetings Tuesday afternoon, H. D. Norris, supervisor, reported this morning.

Those who joined at the initial session were issued membership cards, which entitle them to admission to the Broncs' home games, except three contests with Midland, the ball club management, announced.

During the organizational meetings, 58 were accepted for membership at a session on the east courthouse lawn, while 20 Latin-American youths qualified at a session held at the Kate Morrison school. Organizational proceedings also were underway at the Lakeview school for Negro boys, but final results had not been tabulated this morning.

Merchandise Taken From Drive-In Is Recovered

A quantity of merchandise reported missing from Ray's Drive Inn after a weekend burglary has been recovered and warrants for the arrest of two men probably will be issued, the police department reported this morning.

Three cases of beer, four boxes of cigars, six cartons of cigarettes and a quantity of candy.

Chief of Police W. D. Green said clues uncovered were sufficient to issue warrants. Investigations also were continuing on other recent burglaries here, and local officers indicated that they would question a suspect who has been detained in San Angelo.

Mrs. Collins Gets Glimpse Of Meteor

One of the persons privileged to see the meteor which flashed across Texas skies last Saturday night and supposedly broke up somewhere near Red River was Mrs. Ida Collins.

Mrs. Collins was sitting in the front yard of a relative's house in Brownfield when the astronomical display occurred.

The meteor disappeared from flight so quickly, she said she did not have time to direct the attention of others sitting near her to it.

Mahon

(Continued From Page One)

without going into bankruptcy.

"We are going to look into the Marshall Plan for cooperative effort to rehabilitate Western Europe. Our prosperity at home is chiefly linked with the development overseas."

This is by no means the first time Rep. Mahon has been sent abroad by Congress. Soon after he became a member of the Congress, he was chosen in his first year to be a member of a congressional group which made a tour of the Far East. During the war practically all of the personal investigation by the appropriations sub-committee on military appropriations fell to Mahon, who was member of the important committee with ranking seniority. These travels took him practically around the globe. He made another junket to the Far East, including a study of unhappy China. He also covered the states and made a hop to Alaska to inspect installations.

Jesse Jones

(Continued From Page One)

engineers and capital for a venture he would direct, the witness said.

Senator O'Connor (D-MD) asked what Kaiser proposed to contribute.

Martin said that if five companies agreed to share in the venture, Kaiser said he would furnish one-sixth of the men needed and one-sixth of the capital.

"He said he could get the order for the ships and I probably could not get the order," Martin continued. "He didn't explain how. He said such an order wasn't within my reach or that of the other airplane manufacturers, but he could get the order."

Ferguson said it appeared that Kaiser had been proposing to take over completely the planning of war plane production—"To take it away from the Army and Navy and do it himself."

Martin observed that Kaiser believed "there was a great deal of overlapping" in the existing planning program and that he could improve upon it if he could get a look at the schedule.

Ferguson wanted to know whether Kaiser's proposal seemed "fantastic" to Martin, and the latter said it did. Martin said he didn't see how it could be done, but that Kaiser's comeback was that neither had the shipbuilders when he proposed to set up production in that field.

Race Discrimination In Copenhagen Hit

COPENHAGEN, July 30.—"It is unworthy to treat the city's guests like that," Lord Mayor H. P. Soerensen said on the Copenhagen radio last night in commenting on reports that hotels and private homes here had refused to house negro delegates to a World Baptist Congress.

"We cannot in decency classify human beings according to color," declared the Lord Mayor in a broadcast statement. The Seventh Congress of the Baptist World Alliance began yesterday.

"We had hoped that racial discrimination died with Hitler," he said. "The persecution of Danish Jews should be remembered. Negroes ought to have equal rights with other American citizens, but we in Denmark in any case ought not to (show) prejudice against them."

Six Local Scouts

Six Boy Scouts from the Big Spring district will attend the Buffalo Trail Council's annual encampment beginning Aug. 4 at Camp-Louis Farr, near Merton, H. D. Norris, local Scout field executive, reported Tuesday.

Those registered include Bobo Hardy, who will be director of water front activities at the camp, Charles Seydler, B. B. Lees, Corley McDonald, Pat McKinney, Fritz Smith.

Arnold Seydler and George Melear will represent local adult leaders at the camp.

Divorces Granted

E. L. Jones was awarded a divorce from Mary G. Jones in 70th district court proceedings this morning and agreed to turn to surrender custody of minor children and pay \$54 monthly maintenance to the defendant.

In another case brought before Judge Cecil C. Collins, A. L. Woods was granted marital freedom from Katherine Woods.

Sentence Suspended In 'Slavery' Case

SAN DIEGO, Calif., July 30.—A federal judge's mercy spared Mrs. Alfred Wesley Ingalls going to prison today but the 62-year-old clubwoman must pay \$6,000 to her former Negro maid, Dora Jones, for nearly 40 years' enslavement.

Sobbing, Mrs. Ingalls listened with bowed head yesterday as Judge Jacob Weinberger suspended a three-year prison sentence.

"The defendant is no hardened criminal," he said. "She has been subjected to national disgrace because of the publicity and attention given the trial. She is ill. She is past middle age. Further incarceration might lead to serious results and might hasten her death."

Seven Are Seeking Thomason's Post

EL PASO, July 30.—At least seven candidates today were in the race for U. S. representative in the 16th congressional district to succeed Ewing Thomason, who resigned to become federal judge.

Deadline for the Aug. 23 election is 8 p. m. Friday. Candidates include the following: Kenneth M. (Ken) Regan, Midland oil man; James W. Metcalfe, Odessa reproduction firm head; Pat Hargrove, El Paso veteran of both wars; Victor B. Gilbert, El Paso county judge; Ord Gary, El Paso county commissioner; Louis A. Fall, El Paso railroad conductor, and Woodrow Wilson Bean, El Paso, state representative.

Dallas Votes For School Separation

DALLAS, July 30.—Dallas public schools, previously operated by the city, today were independent.

The vote county in an election here was 8,327 to 3,671, a margin of almost two and a half to one for the separation.

FIRE SWEEPS RANGE

LAWTON, Okla., July 30.—Guards were on the alert today to halt any new outbreak of a fire that swept an estimated 2,000 acres of Fort Sills' western range.

44 ways

To get "Something for Nothing"

The railroads have received 44 "rules" demands from the leaders of the operating unions... representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"—Sheer Waste

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the present basic day for passenger conductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

You Can't Afford This Waste

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost a BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employees, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.
