

U.N. Shelves Red China's Bid For Seat

By MAX HARRELSON
UNITED NATIONS, N.Y. (AP) —

The U.N. General Assembly quickly organized for its ninth session today and prepared to plunge into its general debate on the world situation.

Secretary of State Dulles formally requested the floor for the opening round tomorrow when he will range over the whole field of international problems.

It was understood, however, he would deal at length with President Eisenhower's proposal for an atomic pool for peaceful purposes.

Soviet Deputy Foreign Minister Andrei Y. Vishinsky has not yet indicated when he will deliver Russia's policy declaration.

The committee chairmen and the vice presidents, together with the Assembly president, Dr. Eelco N. Van Kieffens of the Netherlands, made up the Assembly's steering committee.

Yesterday's opening meeting was devoted to the election of Van Kieffens and to debate on the proposed seating of Red China. The Assembly disposed of this issue by deciding to shelve it for the remainder of this year.

The resolution putting off action on Russia's proposal to seat Red China was proposed yesterday by the United States. The Assembly adopted it 43-11. It was the third straight year the Assembly has taken such action.

Mrs. Vijaya Lakshmi Pandit of India, as outgoing Assembly president, called yesterday's session to order. She noted the end of the Indochina war and said she hoped the ninth Assembly would "promote the cause of peace."

Held By Reds

Pfc. George M. Pisk, 22, of Austin, Tex., above, was one of two U.S. soldiers arrested near the German-Czech border by a Czech patrol. He is the son of Dr. Paul Pisk, professor of musicology at the University of Texas. (AP Wirephoto).

Supreme Court Sets Race Case For December

WASHINGTON (AP)—The Supreme Court announced today that it will hear further arguments Dec. 6 on how to carry out its decision against racial segregation in public schools.

The arguments could extend several days. There will be an allowance of 10 hours for arguments from South Carolina, Virginia, Kansas, Delaware and the District of Columbia—directly involved in the cases which brought the court's antisegregation decision last May 17—and the replies to those arguments.

In addition, the Justice Department also may present one hour of argument, and seven states which were not directly involved in the May decision have notified the court they wish to appear as "friends of the court."

These states, which will file briefs and possibly take part in the oral arguments, are North Carolina, Arkansas, Texas, Florida, Maryland, Tennessee and Oklahoma. If attorneys general of these states wish to argue, they will be allowed one hour each.

Harold Willey, clerk, announced the court's action and said the justices had agreed that briefs may be filed by Nov. 15. Willey said that the week of Dec. 6 was the earliest available date for the arguments. The argument schedules for October and November had previously been filled. The court opens its fall session Oct. 4.

Recall Of Senate Come By Month's End

Benson Denies Politics In Program

Agriculture Secretary Benson points to the deep South on a drought disaster area map in his Washington office as he tells a news conference that he can not be charged with playing politics with the drought situation because emergency aid is being given largely in traditionally Democratic areas. (AP Wirephoto).

Plan Urged In 'Bama To End Schools

By The Associated Press

Threats of violence kept two Delaware schools closed for the third day Wednesday while officials struggled with the problem of integrating Negro students into white classrooms.

Harriman Wins N.Y. Demo Bid

By HENRY LEADER

NEW YORK (AP)—Averill Harriman was nominated for governor of New York by the Democratic party early today and he began immediately to map out plans for a vigorous campaign.

Would Take Up Censure Motion

By EDWIN B. HAAKINSON

WASHINGTON (AP)—There were indications today that leaders expect to call the Senate into session very soon—possibly by the end of this month—to consider the censure charges against Sen. McCarthy.

Senate leaders have promised a five-day notice to the senators in advance of any session. The six-senator special committee which conducted hearings on the censure charges involving McCarthy, scheduled an afternoon session.

The committee of three Republicans and three Democrats, headed by Sen. Watkins (R-Utah), will complete its report by the end of this week or, at the latest, the first of next week.

Insurance Board Chairman Denies Allred's Charges

AUSTIN, Tex. (AP)—State Life Insurance Commissioner Garland Smith says he "is at a loss as to what company" Atty. Gen. Rennie Allred Jr. may have in mind when he says an insolvent firm is operating in Texas.

Nixon Ties Demos To Truman Policies In Michigan Speech

EAST LANSING, Mich. (AP)—Vice President Nixon last night challenged Adlai E. Stevenson to offer "constructive" suggestions rather than "gulps and criticisms" on the Eisenhower administration.

Nixon issued the challenge to the former Democratic presidential nominee in a major address at Michigan State College. It was billed as an administration reply to Stevenson's recent attack on Eisenhower policies.

Two Arrests In Scandal Shake Cabinet In Italy

By RICHARD EHREMAN

ROME (AP)—Italy's pro-Western government was shaken today by detention of a son of the former foreign minister and of a self-styled marquis in the Wilma Montagna death scandal.

Piero Piccioni, 32-year-old jazz pianist whose father, Attilio Piccioni, resigned Saturday as foreign minister to stand by him in his trouble, was arrested last night on a charge of aggravated manslaughter in the death of the shapely party girl, 21, whose nearly nude body was found on a beach at Ostia, near Rome, 17 months ago.

Daughter Of Judge Roy Bean Succumbs

HOUSTON (AP)—The last surviving child of "the law west of the Pecos," Mrs. Laura Bevan Mellor, died at the home of her daughter, Mrs. Donald Cumfer, last night.

Mrs. Mellor was the widow of William J. Mellor, a construction superintendent for the Southern Pacific Railroad.

while Judge W. E. Greenlee is absent due to illness. Cunningham's appointment is effective Oct. 1, though he is already presiding over the court.

For the past several months the judgeship has been held among members of the bar association on a weekly basis. Cunningham, along with other attorneys, served on the bench during this period.

IT HAPPENED

Just A Trial Run
PHILADELPHIA (AP)—Manager Ralph Matter of a middle savings and loan company asked up to teller Hedy Sawczuk yesterday and asked her:
“What would you do in event of a holdup?”
“I’d reach down here and yank this alarm,” she replied, pulling a lever that set off an elaborate system of bells and sirens.
Four police cars, with sirens open, sped to the scene.

Thanks For Memory
BUTTE, Mont. (AP)—Whoever swiped Andrew Brown’s money may have a tough time spending it.
Brown told Mining City police someone took 11 \$100 bills from his wallet.
He said they were of the king-size variety, discontinued back in 1928.

Free Inspection
MUSKOGEE, Okla. (AP)—Judge-elect Andy Wilcoxson returned home yesterday to find a gaping hole in his roof.
His wife explained that the man he sent to inspect the roof hadn’t returned to repair it.
Wilcoxson said he hadn’t ordered an inspection, and now police are looking for the alleged roofer.

Likes To Travel
BALTIMORE (AP)—George Washington Jr.’s old hen is a good mother. She just likes to travel once in a while.
The Rhode Island red got a yen again yesterday and forgot all about her brood. She was picked up here after riding 180 miles from her Sweet Hill, Va. home on the third axle of Washington’s tractor trailer. She did the same thing last week.

Strictly Old Hat
LAWRENCE, Kan. (AP)—City Clerk Harold Fisher was issued a uniform for his role in the “World War I” scene of the Lawrence Centennial Pageant.
The old style campaign hat fitted perfectly. Inside it Fisher found the initials he placed in a hat issued to him by the Army in 1918.
Fisher doesn’t know how the hat got into the costume department of the John B. Rogers Co. that is staging the pageant, but he is sure it is his old hat.

Majorettes Named For Jr. High Band
Four majorettes have been named by the Junior High School Band and will march with the band during its performances this year.
They are Sharon Seals, Charlotte Marstrand, Mary Jane Engstrom and Sandra Havens with Patsy Thornton to be the alternate majorette, relieving any of the others when they are unable to serve.
Drum major for the Junior High Band is Julius Glickman.
The Junior High musicians will play for the Kiwanis Kids’ Day program at the high school stadium Saturday evening and will play at Junior High games, pep rallies and other functions during the year.
The senior band will crown its queen—Betty Earley—Friday evening as a climax to the half-time activities at the Stephenville game.
Roy D. Worley, High School principal, will crown the queen.

Big Trophy Shown By Ben McCullough
A big trophy, emblematic of a first place victory in the Class B hydroplane division of the World Championship Outboard Motor races held in Indianapolis, Ind., last weekend, is being displayed here by Ben McCullough.
The cup was won by Ben’s nephew, Richard McCullough, of Fort Worth. Richard competed in the Labor Day races held on Lake J. B. Thomas.

Only 8 Farms To Be Cleared In Program
Only eight more farms in Howard County remain to be checked for compliance with the current cotton program.
Gabe Hammack, in charge of the county ASC office, said he was hopeful that this phase of the program could be cleared by the end of the week. There are still perhaps a dozen cards pending, some of them for lack of payment of the required inspection fees.

Grain Sorghum Loan Applications Received
Applications for grain sorghum loans continue to trickle into the county Agricultural Stabilization and Conservation office.
So far there have been 111 loans to be processed. Grain is going in to the loan program at \$2.02-04 cwt. The big volume is not expected until possibly mid-October when late feed matures.

Quarterback Club Presses Member Drive
With football interest developing as the Steers’ first home game draws near, the Quarterback Club meeting Tuesday evening drew the largest and most enthusiastic crowd of the season.
Members mobilized to join in the pre-game rally, to be held downtown Friday evening at 6:00 preceding the Steer tilt with the Stephenville Yellow Jackets.
QBC people also will be out in full force at the stadium to form the escort lines as the Steer grid-ers take the field.
Quarterbackers continue to press for additional members to complete the \$3,000 budget set up this year in support of all high school athletics. They still have about \$1,100 to go.
Membership booths will be open at the game Friday night. In addition, special boxes are to be placed in downtown business houses, with the public invited to put in money for membership fees, and receive a membership card. Memberships are available from \$1 up.
Club members also were urged to appear Saturday evening at the Kiwanis Kids Day program, when several elementary school football teams will play.

Commission Orders 40-Acre Spacing In Luther Southeast
The Railroad Commission issued a ruling Tuesday which calls for 40-acre spacing on drilling operations in the Luther Southeast (Siluro-Vionian) field.
The ruling follows by almost two months an Austin hearing in which spacing arguments were heard.
At the hearing, a controversy arose between operating companies holding leases and the royalty owners. Companies operating in the field wanted 80-acre spacing with an 80-acre option. This would mean that one well could be drilled per 160 acres.
Local attorneys George Thomas and Guilford Jones, representing approximately 20 field royalty owners, argued at the hearing for the 40-acre spacing.
Jones received word here Tuesday that the Railroad Commission ruled for the 40-acre spacing after reviewing the record of the hearing.
The attorney said that there has been no indication that an appeal will be made by the companies.
He stated that chances are good that a re-try will not be asked since the royalty owners were granted exactly what they asked.

Warren Cooper Taken To Dallas
Warren Lee Cooper, who was injured last week on a horse fall on him and who has not yet regained consciousness, was taken to a specialist in Dallas in a Nalley ambulance this morning.
He has been confined to a hospital in Lamesa since the accident.
At one time the youth, son of Mr. and Mrs. A. L. Cooper of Big Spring, had a fever of 107 but that has receded. He has developed a rash, however.
His condition is considered very grave but hope is held for his recovery. He reportedly was moving his arms and legs at one time last week.

Mrs. Weathers Will Attend Short Course
STANTON — Mrs. Hilda Weathers, manager of the Martin County Chamber of Commerce, will attend the Third Annual West Texas Chamber of Commerce Short Course, Sept. 24-25, at Abilene, Texas.
Mrs. Weathers served as chairman of the Attendance Committee in this area.

Search For Missing Python Called Off
FORT WORTH (AP)—Pete, the python that left Forest Park Zoo for what has been established as one of the longest weekends in history, is still AWOL.
The official hunt for the 15-foot, 150-pound python was called off yesterday. Park Director Hamilton Hiltson said if any leads as to Pete’s whereabouts are forthcoming, “we’re poised for action.”
Pete was found to be missing from his cage last Saturday.

Grady Staff Named
STANTON — Faculty for the Grady School is listed by Principal B. M. Turner as including Clifford Allen and Mrs. T. Knox, fifth, sixth, seventh and eighth grades; Elbert Galloway, fourth; Mrs. J. M. Payne, third; Clyde Ruth Atkins, second, and Mrs. A. C. Fleming, first grade. Allen also is coach.

33 Pupils Enroll
STANTON — Thirty-three pupils have enrolled in the rhythm band and 14 in the speech class of Mrs. O. B. Bryan. The classes, for pre-school children, are held each Wednesday.

Two \$15 Fines Levied
Running a stop sign and speeding each brought \$15 fines in city court this morning. Two other traffic infractions were assessed, one for making an illegal turn and \$5 for running a red light.

Wrecked Truck And Train

Crowds start to gather at the scene of the wrecked New York Central streamliner a short time after it crashed into a gravel truck, foreground, at Monroe crossing near Mattoon, Ill. The truck driver lost his life and 25 passengers of the wrecked train were injured. (AP Wirephoto).

BEFORE CITY COMMISSION

Pro And Con Comment Heard At Hearings On Annexation

Five people who own property just east of the city limits protested in two City Commission hearings Tuesday the proposed annexation of that area.
Three who appeared at the hearings went on record as being for the annexation, and a petition containing 13 names of resident property owners was presented in favor of including the area in the city.
The petition asks annexation of a tract between the east city limits and the center line of Birdwell Lane and between Stanford Park Addition and the south line of Second Street.
Though it is believed that the petition contains the names of more than half the resident property owners, commissioners deferred action until next Tuesday’s meeting so that the petition can be certified by affidavits.
The law states that an annexation ordinance may be drawn after a petition is presented which contains 51 per cent of the names of resident property owners in the area affected. Another method is annexation by public hearing.
If the petition which has been presented to commissioners is certified, the annexation ordinance probably will be read for the first time in next Tuesday night’s session. Three readings are necessary before the ordinance is passed.
Only two resident property owners submitted objections to commissioners yesterday. They were Mrs. Roy Grandstaff and Lloyd Montgomery.
Other objections to annexation came from commercial property owners who do not live in the area. They included John C. Smith, R. G. Burnett, and Fred Coleman.
Smith said he purchased land in the area in the first place because he did not want “any part of the city.” Burnett said he was against annexation because street

Way Cleared To Open East 2nd

Way was cleared last night in City Commission meeting for obtaining the rest of the right-of-way for the opening of East Second Street.
Commissioner Curtis Driver stated that if the territory is annexed, fire insurance rates will drop 37 cents with the filing of the plat. The present credit enjoyed by the city will be added to this, he said, and additional credit will come into the city as an A zone, and a public hearing of the planing and zoning commission will be held to zone off the various sectors.
Names appearing on the petition include J. O. Coyle, Willie Fortenberry, Bob Reagan, P. F. Cobb, Mrs. Miller Russell, V. C. Russell, Echylene Bohanan, H. E. Hooper, E. M. Hooper, M. E. Burnett, E. C. Miller, J. W. Dement, and Chester Kirkland.
The hearings were at 2:30 and 6 p.m.

Workmen Place Forms For Paving In Courthouse Area

Workmen were placing forms in the parking area around the courthouse square today for the pouring of concrete.
City Engineer Clifton Bellamy last night in City Commission meeting announced that concrete should be poured the day after the forms are set. This would probably mean tomorrow.
The entire paving operation should be completed by early next week. Concrete will be poured in alternating squares and left to dry. Then the squares not filled will have concrete poured into them.
Maximum time for pouring was set in the commission session at five days. Two days would be spent on the first pouring operation, and then a day will be set aside for it to dry. The second pouring operation should take another two days.
Concrete will be obtained from West Texas Sand and Gravel at a price of \$11.75 per yard. This was the cheapest price quoted the city by local concrete mixing firms.
Concrete has not been poured during the past week because Cago Brothers Construction Company made the city an offer to pave the area with hotmix for \$17.5 a yard. Commissioners considered the proposal last night but decided to go ahead and pave the area with concrete by city labor.

3 County Men Enlist In Army

Three more county men have joined the U. S. Army. Sgt. W. T. Parks, Army recruiter here, announced today.
Jimmy G. Hammill and Ralph W. Winterred, both of Big Spring, have signed up for the Artillery. James E. Neill of Coahoma has signed up for the West Texas platoon. All three are to get basic training at Ft. Bliss.
Three others who had signed up for the West Texas unit this month are Robert J. Hill and John A. Tindol of Big Spring and Jimmy C. Hale of Coahoma.
Sgt. Parks said there were still a few vacancies left in the West Texas unit but that enlistments would close Saturday anyway. He said that half of a planned Big Spring squad had been enlisted.

Kids' Day Queen Candidates To Meet

A rehearsal for the queen candidates in the Kids’ Day contest has been announced for 5:30 p.m. Thursday at the high school football stadium.
All queen nominees from the various elementary schools together with their escorts, have been asked to meet for the rehearsal, said Dick Clifton, on the club’s Kids’ Day committee. The actual contest starts at 7:30 p.m. Saturday at the stadium.

Mitchell Completion Reported; Moore Field Gets 3 Locations

J. L. Cooper of McCamey today reported the completion of his No. 3 Georgia Tech, well in the South Westbrook field area of Mitchell County. It finished for a 24-hour pumping potential of 111.96 barrels of oil.
Three locations were spotted in the Moore field, and a wildcard was staked in Scurry County.
The new Moore locations are Ray Moore No. 1 Guitter Estate, Holmes and Holmes No. 1A H. H. Wilkinson, and Holmes and Holmes No. 1-B Wilkinson. Union Oil No. 1 M. L. Simmons is the new Scurry wildcard, about 16 miles north-east of Snyder.

Borden
Hanley No. 1 Higginbotham, 660 from north and 293 from east lines, 9-31-2n, T&P survey, picked up only 100 feet of drilling mud and no shows of oil or gas on a 30-minute drillstem test in the Pennsylvania. The test was from 7,930 to 7,964. Total depth is 7,988 feet. This wildcard is about 13 miles southeast of Gail.
Texas Pacific Coal and Oil No. 1 Sell, 805 from north and 560 from west lines, northeast quarter, 30-32-3n, T&P survey, reached 900 feet in red beds.
Sun No. 1 Simpson, 600 from south and east lines, 46-32-2n, T&P survey, got down to 4,410 feet in lime.

Glasscock
Hunt No. 1 A. R. Houston, wildcard about 10 miles northwest of Garden City, has been plugged and abandoned at 3,995 feet. Location is 330 from south and west lines, 23-32-2n, T&P survey.

Howard
Ray Morris Drilling Company of Odessa No. 1 Guitter Estate, 330 from south and east lines, north-west quarter, 2-A Bauer and Cockrell survey, is a new location in the Moore field five miles west of Big Spring. It will be drilled to 3,200 feet, starting at once. Location is on a 320 acre lease.
Holmes and Holmes of Amarillo

CTC Votes Okay On Traffic Drive

A hearty approval of the current crackdown on moving traffic violations was voted by members of the Citizens Traffic Commission Tuesday night.
Traffic problems in school areas were also discussed. Delegation from North Ward, Park Hill, Washington Place, Lakeview and Kate Morrison schools were present.
Much interest was voiced in “mama patrol” type of traffic control. Mrs. Neil Norred, district P-TA president, is to secure information on how this has worked in other cities.
Attention was called to pedestrian safety film, a Pete Smith specialty, to be shown at the Ritz Theatre Oct. 6 and 7.
Five men were voted in as active members, Bart Wilkinson, Jerry Saunders and R. E. Sparks of Barbers local No. 221 and Jack Y. Smith and J. B. Wigginton.
K. H. McGibbon of the juvenile drivers committee announced plans to organize teen-age safety councils in the junior high and senior high schools in the very near future.
Roy Redder, chairman of the safety man committee, reported 311 members taking part in that phase.

Man Is Wounded By Rifle Bullet

Airman Ted Dawes Jr., Webb Air Force Base, apparently wounded himself with a .22 calibre bullet last night, police said.
He was found crumpled up on the floor of his home about 9:30 p.m. and rushed to the base hospital, where his wound was described as minor.
The attending physician said this morning that Dawes is in good condition and that his wound has presented no complications.
Dawes, stationed with the 356th Motor Vehicle Squadron, was found on the floor by his wife and some friends, police were told. He resides in Building 23, Apartment 3, Ellis Homes.
Mrs. Dawes told officers that she went to the movie Tuesday evening with T-Sgt. and Mrs. John S. Thorn and that they heard a shot on returning.
Sgt. Thorn said he and Mrs. Dawes rushed into the house to find Dawes on the floor. A Nalley ambulance was called and then police were notified.
Sgt. C. O. Rogers of the police force heard Dawes say that he shot himself - accidentally while cleaning his rifle.
Investigation showed that Dawes purchased a box of .22 shells from Brown’s Trading Post prior to the incident.

Range Field Day Set In Big Lake

BIG LAKE (SC)—More than 1,500 ranchers, conservationists, county agricultural agents, livestock specialists and others interested in Texas ranges are expected to attend the range field day to be held on the Court House lawn here Thursday.
Tomorrow’s event is being sponsored by a group of West Texas banks including the First National Bank in Big Spring; the First National Bank at Stanton; the Big Lake State Bank; the First National Bank of Eldorado; the First National Bank of Midland; the Ozona National Bank; the Pecos County State Bank of Fort Stockton; the San Angelo National Bank; Angelo; the First National Bank of San Angelo, and the Robert Lee State Bank.
A barbecue will be served at noon. The day speaker will be H. E. Spangler, manager of the Rational Purina Experiment Farms at Gray’s Summit, Mo. Others expected to appear on the program will be Dean W. L. Stangel of the Agriculture Department at Texas Technological College and Dr. W. T. Hardy, superintendent of the Ranch Experiment Station at Sonora. H. B. Rees, president of the Big Lake State Bank will be master of ceremonies. The program includes a color film which includes sequences taken inside the first stomach of a cow. The feeding of sheep and goats, as well as cattle, will be included in the program and discussions.
This is expected to be the biggest range field day ever held in West Texas.

Cotton Bale, Car Motor, Chicken House Catch Fire

A bale of cotton, a car motor, and a chicken house burned Tuesday, according to reports at the Big Spring Fire Department.
The cotton was at the Fairview Gin, and the fire was reported at 7:25 p.m. Firemen said the cause of the fire was unknown, but that damage was limited to the one bale.
The motor of a 1961 GMC pickup burned at Coldiron Garage, 809 E. 2nd, about 3:10 p.m. Tuesday. Firemen said the blaze started when the battery cable came off and burned the gasoline line in two.
James Sullivan reported the fire at 1407 W. 2nd about 5:15 p.m. The fire report shows that the chicken house was burned as a result of children playing with matches.

Conservation Pay Reports Prepared

Applications for conservation practices are being prepared for payment at the county Agricultural Stabilization and Conservation office.
These are for regular practices and are not to be confused with the emergency wind erosion performances which have been paid or are in the process of being paid. The emergency payments so far amount to approximately \$12,000.
As for the regular ACP program, the office urged that any farmer who has an outstanding approval for compliance come by the office and report performance of the practices. When performance is established, the accounts can be certified for payment.
Most of the practices include tilling, terracing, deep breaking of land, strip cropping, and the eradication or control of mesquite and cactus.

French Step Up Evacuation Of Hanoi As Deadline Nears

By FORREST EDWARDS
HANOI, Indochina (AP)—French troops are stepping up their evacuation from Hanoi, writing fits to their 81 years of control over this North Indochina capital—the heart of the rich Tonkin Delta.
Communist-led Vietminh rebels are scheduled to take over the former French capital of Indochina Oct. 10 under terms of the Geneva armistice. The French and Viet Nam government will have the port of Halphong for eight more months.
Hanoi’s European business section is on its deathbed, after weeks of wasting away. All major stores closed either yesterday or today, and smaller shops were in the last weeks.
Civilians have only until Oct. 1 to leave the city. After that, the big bridge crossing the Red River on the road to Halphong will be closed to all but military traffic.
About a third of a million civilians already have fled to South Viet Nam from the areas to be turned over to the Vietminh. French authorities say about 25,000 were Hanoi residents.
The ties between Hanoi and South Viet Nam are being cut one by one. The government’s refugee airlift to Saigon already has ended. Civilian airlines today substituted Hanoi as a scheduled stop, dropping Halphong.
The only planes operating from the big civilian airport are military liaison craft.
The evacuation of French army headquarters is already under way. Gen. Rene Cogy, French commander in North Indochina, said his headquarters will be established in Halphong Thursday, but he and a small staff will remain in Hanoi until Oct. 1.
Cogy said 30 units of French Union troops and support units, a total of about 30,000 men, already have been moved South. Most of these were Vietnamese soldiers. Cogy plans to have all Vietnamese troops and their families out of North Viet Nam by Oct. 30.
He will keep only French, North African and French-foreign Legion troops at Halphong until the deadline next May 30 for evacuating that area.

MARKETS

WALL STREET
NEW YORK — Quiet strength pulled the stock market a little higher today in early trading.
Some stock divisions were ahead, although most gains were small. Some stocks were up around a point at the close.

COTTON
NEW YORK — Noon cotton prices were 29 to 32 cents a bale higher than the previous close, Oct. 21st, Dec. 31st and March 31st.

Every Dog Has Its Day

"Flo," dog research hero of 1954, is shown at the luncheon given in her honor at the Warwick Hotel in Philadelphia by the Pennsylvania Society for Advancing Medical Research. Holding the plate of steak libbits is Dr. Russell E. Teague, Secretary of Health, of Pennsylvania, who presented the award to the canine hero and Charles Williams, a waiter. The annual award, given by the National Society for Medical Research was made to "Flo" for her nine years of work on research projects in pharmaceutical laboratories. (AP Wirephoto).

PACE QUICKENS

Eisenhower Begins Speech Tour Today

By MARVIN L. ARROWSMITH
DENVER (AP)—President Eisenhower, advised the Republicans face "a hard fight" to maintain control of Congress, starts a speaking tour of the far west tonight with the campaign pace quickening.

But presidential aides said privately they doubted the word GOP National Chairman Leonard Hall brought to the summer White House about a tough fight ahead would alter Eisenhower's tactics. Hall himself indicated after a 90-minute conference with the President yesterday that the Chief Executive plans to continue the restrained sort of campaigning he has been doing.

The pattern so far has been a lot of handshaking with Republican candidates wherever he goes but no public plugs for them as individuals. And no brickbats tossed in the direction of the Democrats. Criticism and counter-criticism of the opposition is being left to other Republican leaders. For example, Hall told a news conference here yesterday that former President Truman helps the GOP cause every time he comments in the congressional election campaign.

Train Kills Man Sitting On Rails

ANGLETON, Tex. (AP)—An itinerant scissors grinder was killed yesterday as he sat on a box in the middle of the Missouri Pacific Railroad tracks here and watched a freight train bear down on him. He was identified as Ellis P. B. McGinnis, about 32, of San Antonio.

Gene Yeamans of Houston, the engineer of the train, said he blew the whistle and applied the brakes as he approached McGinnis, but was unable to stop in time. He said McGinnis was sitting on a metal tool box facing the oncoming train.

Bank Hands Governor Reward Hot Potato

CHARLESTON, S.C. (AP)—The Citizens and Southern National Bank of South Carolina yesterday handed Gov. James F. Byrnes a \$2,500 problem. The bank has a standing offer of a \$2,500 reward for the capture of bank robbers. Recently two robbers were caught but an estimated 150 persons took up the chase soon after the robbery and captured the pair. The distribution of the money is now the state's problem.

Sugar Heir, Divorced Wife Take Same Trip

LOS ANGELES (AP)—Adolph Spreckels II and his sixth wife, from whom he has a divorce decree, left for Mexico City last night aboard the same plane. Both said it was merely a coincidence. Spreckels, 42, member of a wealthy sugar family, obtained a divorce from Judith Powell Spreckels, 22, last March after 34 days of marriage. The decree will not be final for a year.

Private industry spends an estimated 140 million dollars per year for research on agricultural products and machinery. Public expenditures total 107 million.

Joe Glover, district agricultural agent with headquarters at Fort Stockton, was here Monday with Mrs. Vida Holt, also Fort Stockton and district home demonstration agent.

They were attending the district meeting of the Texas Farm Bureau. Joe said he recently had a letter from Ray Hastings, who was Martin County agricultural agent during the time Ralph Jones was in the Army, and that Ray is now county agent of Comanche County. Hastings went to Brown County when he left Stanton, an associate county agent in charge of Extension Service irrigation work there. He didn't stay there too long and then went on to Comanche as county agent in the center of that peanut, watermelon, pecan, fryin' chicken and fruit area.

District Agent Glover said the range situation is very good in the Fort Davis country but that there are surely needed in the Marfa and Alpine areas. Just clip this column and present it at the door. It's good for a free dinner with Hastings the first time you're down Comanche way.

There is a ceiling of 3,550 on the Braceros that can be authorized for the cotton harvest in Howard and Martin counties. But Leon Kinney, manager of the Big Spring office of the Texas Employment Commission, says he is going to have to ask that this ceiling be raised.

He has already certified the need for 3,480 out of this total and says that of the number certified at least 2,700 are already at work in the two counties, with the others expected in shortly. Cotton in the two counties is estimated to be from 40 to 50 per cent open and less than five per cent harvested.

Sunday morning we met Mr. I. W. "Tobe" Ramsey of Westbrook at the corner of Third and Main here in Big Spring. He was just watching the traffic roll along and it was heavy, big trucks and all. "This spot doesn't look much like it did fifty years ago," he said. "It used to be that when we got a good wagon and a good mule we really thought we were on wheels. We didn't know anything about being on wheels then."

He pointed to the spot occupied by Waits Jewelry Store and recalled that 50 years ago it was the location of a blacksmith shop run by one of the Cole boys. In this shop, Mr. Ramsey commented, there was a ditch. The bad broncs that couldn't be shod any other way were thrown and rolled over on their backs into this ditch and the shoes were put on them while their feet were up in the air. Once in that ditch, on their backs, they could not get up or out without

help, and so they just had to be good while they were getting new shoes.

In 1916 the farm population of the United States was 32.5 million or about one-third of the total of all the people in this country. In April of this year the farm population was estimated at 21.9 million or about 13.5 per cent of the total population.

And yet in spite of this decline in the percentage of the population producing food and fiber the farmers have been able to meet the needs of a population of 163 million people, and at the same time they have been able to produce troublesome surpluses.

This greater production ability is due to improved methods and mechanization. During October and November, this year, as a part of the regular farm census which is being made, farmers will be asked to list all their mechanical equipment of all types, including trucks, passenger cars, electric milking machines, tractors, incubators, brooders, all types of plows and all other equipment.

Tractors were first enumerated in 1920 when they totaled 229,332, which meant there were tractors on only 3.6 per cent of all the farms. Thirty years later the census found 46.9 per cent of the farms had a total of 3,609,281 tractors. During the same period horses and mules on farms in the United States declined from more than 25 million to 7.6 million. Farmers will be able to aid the census enumerators greatly if they will start in now and make a list of all their mechanical fixtures and equipment, including refrigerators, shop equipment, welding units, paint sprays and everything else they have in that line, and then have this list already prepared when the enumerator calls on them this fall.

There is an immediate need for more Braceros in the Tarzan Marketing Association area with the harvest of the irrigated cotton just now getting into full swing, says Bill Orson, TMA manager. Bill reports 1,000 Braceros at

CUNNINGHAM & PHILIPS

prescriptions since 1919

PRINTING
T. E. JORDAN & CO.
Dial 4-2311
113 W. 1st St.

work and 1,500 more needed. He describes the need for more harvest hands as "immediate" and reports the dryland crop about 15 per cent harvested and the irrigated crop about two per cent harvested.

"We are getting some mighty good grades on the irrigated cotton," he says. Earlier the area had from 800 to 1,000 native workers. They weren't too satisfactory and now they're gone, moved north into the Lubbock area. This migration appears to have been agreeable with the TMA farmers. Tuesday morning the TMA was 700 workers behind in its orders for pickers. The farmers up that way are anxious to get their good cotton harvested and ginned. The Martin County crop is estimated at 57,000 bales this year.

Communists To Take Part In Berlin Voting

BERLIN (AP)—The Communists notified the West Berlin government officials today they will participate in the city elections Dec. 5. It will be the first time since the 1948 East-West split of the city that the Socialist Unity (Communist) party has named candidates in the Allied sectors. Political observers saw virtually no chance of a Red candidate winning a seat.

Nurses, WACs In Korea Find Their Trousers Problem

PUSAN, Korea (AP)—Winter uniform trousers issued to WACs and nurses in Korea have proved a bit too tight here and there. So the Army decreed today that they may combine "the most desirable of women's and men's uniforms." The straight-faced official announcement added: "A minor problem of slipper location was quickly solved by authorizing girls to move the slippers from the front to the left side, thereby transforming 'boy type' trousers to a more feminine 'girl type'."

Ira Dees Receives Suspended Sentence

Ira Dees received a two-year penitentiary sentence when he pleaded guilty in 118th District

Only Aspirin At Its Best

Court Monday to charges of driving while intoxicated, second offense. Judge Charlie Sullivan ordered the sentence suspended. Dees was charged following his arrest by Highway Patrol officers last Feb. 25.

A Bible Thought For Today

But deeds are mightier than words. Our office, our home is our pulpit. Words may be insincere, but not deeds. "Woe is me if I preach not the gospel." — I Cor. 9:16.

World Series: Thrilling Chapter In U. S. Sports For 51st Year

The 1954 World Series will differ in more ways than a dozen from the first occasion of its kind 51 years ago. The first clash of American and National League representatives in the "world" title was in 1903, between Boston of the Americans and Pittsburgh of the Nationals. Boston won, the series being for five out of nine games. Admission to the first series was \$1 in Boston, 75 cents in Pittsburgh. Women were notable for their absence. Most of the men wore derby hats, a sort of hallmark of "sports" in those days, and a single book held all the newspaper representatives present. Only two umpires were on duty. The makeup of the year's series has now been determined. Cleveland for the Americans, New York for the Nationals. That would mean a New York team for the sixth time in a row would be one of the Series contestants.

But that's only a beginning. Nine of the last twenty World Series have been between New York teams, and 20 of the last 50 world championships have been won by a New York outfit, if Brooklyn doesn't mind being called a part of New York City for baseball purposes. However, Brooklyn is one of the three teams never to have won a world crown, the others being the Philadelphia Phillies, and the present Baltimore Orioles, now St. Louis Browns. However, every one of the 16 teams in the two leagues has won the pennant in its circuit at least once. From sandlot to World Series the first love of Americans in the sports world is baseball. In the rarified atmosphere of the major leagues it is business with a big B. It is fast, clean and exciting, and perhaps the secret of its long popularity comes from the circumstance that almost every American considers himself an expert, and at one time or another was convinced he had the makings of a big league star in his system.

Communists Have To Look Twice In Figuring The Quemoy Situation

Very wisely our State Department has left the Chinese Communists guessing as to the extent to which we would go to prevent their taking the island of Quemoy away from the Nationalist government of Formosa. No other course seems feasible or even possible. If we told Red China an invasion of Quemoy would mean U. S. intervention that would be laying down a specific ultimatum, and ultimatums are inherently dangerous, for the simple reason that they commit a nation to a course of conduct that leaves no alternative. On the other hand, it would be manifestly absurd for the U. S. to announce it would not intervene if Quemoy is invaded; that would be as good as telling the Reds to go ahead and move in. The cold fact of the military situation is this: We are pledged openly to defend Formosa from a Communist attack, at least to this extent: Our 7th Fleet is instructed to fend them off, and if the Reds start for Formosa it is inconceivable that we would order our fleet to get

out and leave the way open. Besides, Formosa is of major strategic importance to us because of the simple fact that it is a vital key in our Pacific defenses. Both Okinawa and the Philippines would be "turned" if Formosa should fall, as President Eisenhower has said. On the other hand, Quemoy is not essential to the defense of Formosa, lying as it does just off the Chinese mainland. It is vital to any Nationalist invasion of the mainland, but not vital to a mainland attack on Formosa. It is important to the Reds and to the Nationalists alike in one respect at least: symbolically. The Reds want it for prestige and for propaganda purposes. Undoubtedly they could take it, if so determined. One thing that would deter them would be uncertainty as to U. S. reaction. Another would be the fact that if they did take it, Quemoy would cease to be an important propaganda gimmick. Finally, an invasion of Quemoy would not help Red China's current campaign for U. N. membership.

The World Today - James Marlow

Mendes-France May Be Gambling With Danger In German Rearming Slowdown

WASHINGTON (AP)—Pierre Mendes-France, the French Premier, Eden scurried around the continent looking for some plan to put guns in German hands again. Dulles flew to Germany and Britain last week. Mendes-France also knew that the Allies, anxious as they were to get Germany rearmed, could hardly afford to lose French support. European defense, with Germany in it but without France would have a big hole in it, too. He may not have been gambling when he let the French Assembly kill EDC without a protest from him. He may have felt that EDC was no good and, if no substitute for it could be found, that was just too bad.

But if he was gambling, it's dangerous business. If Russia should attack before Western defenses are solid, it may be unfortunate for both Germany and France. This week Mendes-France made a speech, outlining the conditions under which he thinks France may approve getting into an alliance with rearmed Germany. He wants British participation "to the greatest degree" in any defense organization that includes Germany. And he wants the members of that organization to set up a council of some kind which will: (A) have power to limit the armaments of all the members and (B) be free to go into the member countries on inspection trips to be sure there's no cheating. If he remains rigid on those terms and the Allies won't accept them, it would seem clear he doesn't want Germany rearmed. But he may be offering them only as a starting point for bargaining and compromise.

Around The Rim - The Herald Staff

Car Dealers Use Sales Gimmicks To Clear Decks For 1955 Models

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

With only a few weeks left to push the sale of 1954 automobiles, dealers all over the country are marching out selling gimmicks to move their stock. The Wall Street Journal reports that a Lincoln-Mercury dealer in Miami Beach will give a free Anglia (British Ford) to anyone purchasing a new Lincoln Capri. Other deals being made about the country don't match the two-cars-for-the-price-of-one, but the bait is still attractive for customers. A number of firms have offered free milk stoles and free outdoor motors to buyers in recent months.

Reason for the generosity is the coming influx of new models. Unveiling of the 1955 editions will be the earliest since World War II, with most new models scheduled for introduction in November. Chevrolet, Pontiac and Studebaker will make their bow in October, the Journal states. Nash and Hudson will make their bow in December, and the Packards will hit the agencies in January. Other cars — Fords, Dodges, Plymouths, Chryslers, etc., will be sold in November.

Some dealers across the country claim that would-be buyers are staying away from the current vintage because they have heard of drastic changes in some 1955 makes. This explains gimmicks to sell the present models.

A Chicago Ford dealer is now offering free radios, heaters and automatic transmission to move his stocks. A Philadelphia Chevrolet dealer is plugging 1954 models by tacking on seven accessories "for one cent each." The accessories include radio, heater, undercoating, power brakes, nylon seat covers, and front and rear fender guards.

A Detroit Packard dealer is selling the larger Packards for \$1,000 off list and the smaller ones from \$600 and \$700 off. The same holds true for a Chrysler-Plymouth dealer in St. Louis.

Most dealers have a man-sized job clearing the way for their 1955 models. At last count in August, there were 552,000 new 1954 cars unsold. And statistics show that new car sales have generally been trailing 1953 figures.

Nevertheless, many car dealers across the country claim they have shaved their stocks sharply. San Francisco dealers of Studebakers, DeSotos and Plymouths claim they can't get enough cars according to the Journal, as do dealers of Buicks in Houston and of Fords in Oregon.

Many dealers have abandoned the "gimmick" to increase sales. Chicago dealers claim that the public wants the lowest prices possible rather than a free radio, etc. Some say that to move their stocks before the 1955 models their cars will be offered at or below cost.

Texas seems to be one of the sections in the country hit "softest" by the gimmick idea. The Dallas Ford dealer, Maber Brothers Agency, claims that all the gimmicks have been tried and that there is nothing new to offer.

Wonder what the local situation is? —CLIFTON LAWHORNE

Business Outlook - J. A. Livingston

Late Summer Business Survey Finds No Depression, No Boom

The high level summer lull is still hanging at a high level — into the fall. This is neither alarming nor exhilarating. It's a fact. President Eisenhower and the Republican candidates for Senate and House claim credit for stopping the 1953-54 recession before it accelerated into a downward spiral. "We've killed the recession, now we'll bring on a new boom," would make a GOP campaign slogan. Unfortunately, the new boom doesn't come rushing. Industrial production has held firm at the 123-124 mark in the Federal Reserve Board index since March — a truly astonishing exhibition in stability. But the fall upturn hasn't heard its heralds.

This gives the Democrats, who have chided Eisenhower for a do-nothing economic policy, their campaign argument. Unemployment is 3,345,000. It has only a slight Reserve Board index since March — five out of ever hundred persons wanting work haven't got it. Maybe the country is not feeling a depression, but the unemployed plus 2,500,000 workers on short weeks are.

At this juncture, you can argue that

the recession has only been arrested. The bearish analysis goes like this: The steel industry, always an economic bellwether, has been in a semi-depressed state throughout July and August. Steel big-shots expected a minimum 70-to-75 per cent operating rate by now. Instead, the rate's less than 65 per cent. The automobile industry is entering a protracted changeover period — tooling up for new models. Companies want to give dealers a chance to unload stocks of 1954 models. Pontiac, which in 1953 and 1952 breezed through its changeover hardly laying down a tool, will take four weeks to re-style. Layoffs both at its own plant and at Fisher body are the result. Competition everywhere is tougher, profit margins lower. Business men are finding it harder to make money. This is apt to deter new investment in stores, office buildings, and new plants. Finally, farm prices are still down close to last year's bottom. Farm income is still off from a year ago. Therefore, farmers are not likely to be heavy buyers of machinery or household products. (But housewives are benefiting. They're getting pre-packaged and pre-cooked foods without any great increase in prices.)

POTOMAC FEVER

WASHINGTON — Adlai Stevenson addresses a big Democratic rally. Democrats say they deserve your vote on their record. The budget can't be balanced — and they were the first party to prove it.

Agriculture Secretary Benson attends the National Plowing Contest. Republicans say it was a great success. Benson didn't get plowed under once.

Natives of Tibet rebel against Red China's occupation forces. Tibet is a poor country. Its only weapon against the Reds is the yak. America is much richer. Our State Department uses yak-yak.

Democrats pass the hat in a "dollars for Democrats" drive. They are very fair about this. If you believe the Democratic cries of gloom and doom — you only have to give 50 cents.

Europe is happy again. It's agreed that the U. S. and Britain will re-arm West Germany against Russia, while France will keep the peace by being mad at everybody.

Democratic Congressman Kirwan says he is a "captive of big business." As a matter of fact, big business may be the cause of juvenile delinquency — for years it has been the Democrats' favorite whipping boy.

Russia claims new records in parachute-jumping. For the first time in Soviet history, thanks to the miracles of Communist industry, every jumper pushed out of the plane was equipped with a chute.

One political expert says he's tired out. He's pretty sure that something good happened to the Republican party this year — and he's spent a whole week trying to remember what it was.

GRIN AND BEAR IT

WASHINGTON (AP)—I mustn't forget to drop into the drug store today. Have to pick up some bunion pads for the baby. She learned to walk just four days ago, and at the rate she's going now her feet will be worn off clear up to the ankles by the end of the week.

Ever since Tracy Ann, accompanied by three spare diapers, moved into our house at the age of five weeks I have been looking forward to seeing her take her first step.

But she took her own sweet time about it. When she was a year old, she was still what is known as a "creeper" now—in the old days we called 'em crawlers. She did pull herself upright in her play pen. But after yawning, she sat down again.

I began to get worried. Why didn't she walk? Every parent I ran into seemed to have a baby that walked at 10 months, or 11 months or a year. One guy really drove me crazy. Said he'd heard of a case in which a mother and her baby, two weeks after birth, strolled out of the hospital hand-in-hand.

The United States and Britain, convinced Germany must be re-armed fast and made part of the defense against Russia, thought it could be done in a way that would not permit Germany to become a menace to her neighbors again. This was through a single European army, called the European Defense Community (EDC). In the EDC army soldiers of West Germany, France, Italy, Belgium, The Netherlands and Luxembourg would have served side by side under a unified command chosen from among their own officers.

None of EDC's members would any longer have had their own national army. All would pool their military power in the new, supranational organization.

The French balked. They didn't want to give up their own army. They were afraid of a rearmed Germany without more safeguards than were provided in the EDC plan.

This summer the French Assembly, after stalling for two years voted to shelve EDC. Mendes-France, who might have fought to save it, didn't.

He may have been gambling that the United States, Britain and the other Allies—desperately anxious to get Germany into the defense picture—would start yielding to French terms for rearmed Germany once EDC was killed.

The United States and Britain

Notebook - Hal Boyle

Baby At Last Starts Walking, Won't Stop

WASHINGTON — The returning traveler quickly discovers that Sen. Joe McCarthy's stock is falling on the political-stock market. But the damage McCarthyism has done to America and Americans overseas is still very much a factor in the struggle to hold the line against Communist aggression.

The fear that McCarthy and his allies have inspired induces a kind of supercaution. Americans in overseas jobs have come to feel that the safest course is to keep your head down and take no chances. If you make yourself as inconspicuous as possible, you may survive.

This is an understandable human reaction in view of the beating that the State Department and the Foreign Service have taken. But it does not make for the vigor and positiveness that are essential in meeting the challenge of communism and in coping with the problems of colonialism and anti-colonialism.

Despite all that has happened since McCarthy first went on the loose more than four years ago, this reporter, after a swing through Europe and North Africa, has once again been impressed by how much has survived in both ability and integrity. Particularly in North Africa, where the crossfire of Arab nationalism and French sensitivity is perilous indeed, Americans with keen perspective are doing a difficult job.

Under trying circumstances they are seeking to hold a line that does not compromise America's belief in self-determination and yet at the same time does not directly offend French sensibilities. Both diplomats and top Air Force officers seemed to have an approach that was both realistic and understanding to the problem presented by the presence of nearly 15,000 Americans in French Morocco, where violence and sabotage have been growing over the past two years. In extremes of heat and drought these Americans were accepting, with at least outward cheerfulness, the kind of responsibility that Americans must accept if the free world is to survive.

What it demonstrates, in this observer's opinion, is the basic soundness of the great bulk of the Foreign Service. To have stood up to the wild clamor of charge and counter-charge speaks well for a body of

Austin Recollections - Raymond Brooks

Political Playback

When W. Lee O'Daniel was elected governor in 1938 one of his promises was a big new tax bill to take care of the "common people," and to solve permanently state financial problems.

O'Daniel made a big secret as to what kind of tax it would be. He said he would reveal his plan only in his address to the Legislature, after his inauguration. He held to this.

But I had a surprising and complete preview of the O'Daniel tax plan, only I didn't discover its importance for three full weeks.

Judge J. M. Melson, former representative from Sulphur Springs, an old and respected lobbyist, gave the press folks an egg-nog party at the Driskill Hotel, Dec. 22.

He said to me: "I can tell you what the tax bill is going to be." I assumed he meant what the natural resources people were going to advocate.

He handed me a typewritten slip, which said "A constitutional amendment for a general transaction tax." It added details as to the tax, and said the rate was to be eight-tenths of one per cent.

I wrote a little story that industry lobbyists were passing around the idea of a transaction tax, and pointed out it would be more far-reaching than a sales tax. Also, that the idea of putting it into the Constitution was to prevent the Legislature's ever getting rid of it.

This little story was so unimportant that it finally came out in print on an inside page of the Dec. 26 paper.

I saw what I had missed when the new Governor O'Daniel unveiled his plan. It was the identical transactions tax plan, except he had doubled the rate to 1.6 per cent.

Melson had estimated his rate would bring in \$70 million a year, so the O'Daniel plan called for \$140 million.

The transaction tax would have applied on sale of all raw materials, except first sale of farm products, on the sale of all factory products, again on the resale by jobbers at the higher prices, then again, on the retailer's sale. It would have applied to all sales such as land and buildings, and to professional income, such as doctors' and lawyers' fees, (not to salaries and wages).

Besides the general eight-tenths per cent rate, the proposed constitutional amendment included a 1 per cent tax on "prices" fixed by law, which meant utility bills. The plan did not repeal the oil or other production taxes, but would have cut off any of the subsequent increases which have been imposed.

When the transaction tax plan didn't find favor, O'Daniel compromised on his general sales tax plan, which brought on the fight of the "Immortal Fifty-Six." He and advocates of the sales tax principle were not willing to pass simply a bill that could be repealed by majority vote, but pitched the momentous policy on putting it into the Constitution, where the Legislature couldn't get rid of it.

Along with his plan for a vast new tax, O'Daniel proposed the "pay as you go" constitutional amendment to limit appropriations to money in sight. That was submitted and adopted by the voters. It stands as perhaps the major achievement of the O'Daniel administration.

Washington Calling - Marquis Childs

McCarthy Tactics Have Hurt U.S. Work In Other Nations

WASHINGTON — The returning traveler quickly discovers that Sen. Joe McCarthy's stock is falling on the political-stock market. But the damage McCarthyism has done to America and Americans overseas is still very much a factor in the struggle to hold the line against Communist aggression.

The fear that McCarthy and his allies have inspired induces a kind of supercaution. Americans in overseas jobs have come to feel that the safest course is to keep your head down and take no chances. If you make yourself as inconspicuous as possible, you may survive.

This is an understandable human reaction in view of the beating that the State Department and the Foreign Service have taken. But it does not make for the vigor and positiveness that are essential in meeting the challenge of communism and in coping with the problems of colonialism and anti-colonialism.

Despite all that has happened since McCarthy first went on the loose more than four years ago, this reporter, after a swing through Europe and North Africa, has once again been impressed by how much has survived in both ability and integrity. Particularly in North Africa, where the crossfire of Arab nationalism and French sensitivity is perilous indeed, Americans with keen perspective are doing a difficult job.

*** THE ASSOCIATED PRESS NEWS IN PICTURES ***

REPLACES A-BOMBED CHURCH — Contributions built this World Church of Peace on the site of another Catholic Church demolished in Hiroshima, Japan, nine years ago.

NOT ON CARD FOR AUSSIE STEEPLECHASE — Fans at Cheltenham track, Adelaide, Australia, get an extra thrill seeing Jockey Dave Kelly, up on Slipjack, ride his mount off the rail in spite of severe bump by riderless Lucky Silver.

OIL, UNDER CAPITOL — The State Capitol in Oklahoma City stands in an oil field which contributes to state funds. Well, below foreground derrick, runs under Capitol itself.

DESERT-PET — Rex Spivey, oil exploration crewman from Dallas, Tex., shows his pet Arabian desert fox to Mandy Mathews, daughter of a New York Arabist, at Dhahran, Saudi Arabia.

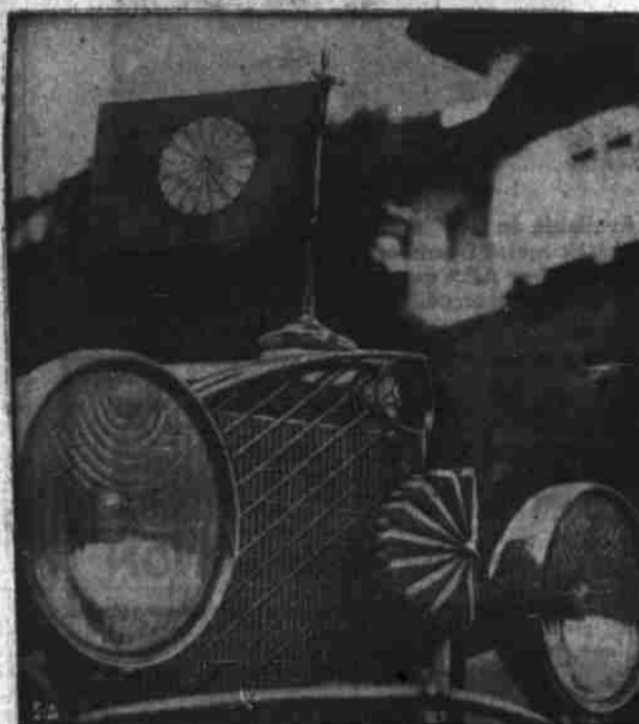

ROYAL BIRTHDAY CAKE — Queen Juliana inspects model of Dutch carrier Karol Doorman atop cake presented to Princess Irene on 15th birthday by the Royal Army and Navy.

U. S. DEFENDER — Gen. Benjamin Wiley Childaw, new head of Continental Air Defense Command, leads combined armed forces group detaching U. S. against air attack.

DISCUSS MUSEUM PLANS — President Eisenhower views Statue of Liberty replica as Anna Lord Straus and Pierre S. du Pont, Jr., of Museum committee, tell of proposal for an Immigration Museum in base of the "famous lady."

BANNED SINCE 1945 — Flag of Japanese Imperial household, with golden chrysanthemum on maroon background, flies again from the hood of Emperor Hirohito's Mercedes-Benz.

WATCHABLE — Harriet Jones is a model both comely and timely — wearing expensive watches in her ring, pin, necklace and brooch at jewelers' convention in N. Y.

CAPT. CARLSEN, FLYER — Capt. Kurt Carlsen, skipper of ill-fated "Flying Enterprise," sits in cockpit of plane in Denmark where he is spending a vacation learning to fly.

LONG VOYAGE — Wolfgang von Schwarzenfeld, 31, of Munich, arrives at Newhaven, England, on 25-foot raft he plans to sail around the world by way of Panama Canal and Australia.

PLANE IN THE MAKING — This long tunnel is fuselage of Boeing 128-foot jet Stratojet, in 350 mph. class, usable either as Air Force air tanker or commercial transport.

GOOD DAY'S FISHING — Capt. Walter Drebocker helps John Nucci, left, of Huntington, N. Y., show his 123 1/2-pound marlin, boated off Montauk Point while fishing for tuna.

LION-HEARTED HARE — Sheep on farm of Mrs. Mary McCabe, Eureka, Cal., aren't pulling wool over eyes of this hare, once pet of San Francisco barkeeper, now a sheepkeeper.

Former Resident Restores Landmark

Of interest to Big Spring friends of Mrs. James Scott, who will be remembered here as Mrs. Bert Head, is an account of plans made by Mr. and Mrs. Scott to remodel and old Gonzales landmark. Mrs. Scott is a farm implement dealer in that city.

The story appeared in "The Gonzales Inquirer" at the time the Scotts purchased the famous home, which was built in 1885 by Dr. John C. Jones, a prominent citizen of the town at that time.

The home had been in a state of disrepair for years, and the Scotts had planned to tear it down. Upon

investigating, however, they found that the house was built of good lumber, and parts of it were in a fair state of preservation.

Wall panels, ceiling work and all carved mantels were kept as they had been in the old home. Much of the work said to have been done by an old German carpenter, who lived for nearly a year with the family, doing all the work by hand, of course. He was the one who made the winding wainscoting staircase, which is a show-piece in the home.

One room, which they planned to keep unchanged, is called the "bishop's room." This was kept from year to year especially for the use of the bishop, and he always stayed there on his annual visits.

Plans were to dispose of the circular staircase which led from the second floor to a small cupola on the roof. The staircase has long since been removed, and the change of the roof-line made the stairway superfluous.

Outside the house, the Scotts left all the trees and did a bit of foundation replanting. At the rear of the house, they removed the small buildings which had been added through the years and used the space for a patio. An old cistern was left to become a decorative piece of this space.

"No one could afford to have all the remodeling done unless he planned to do most of it himself," Mrs. Scott said of the old place—and "Scotty," as his friends call him, has done just that.

Plans were to dispose of the circular staircase which led from the second floor to a small cupola on the roof. The staircase has long since been removed, and the change of the roof-line made the stairway superfluous.

Sheedys Honor Son, Entertain Guests

COAHOMA — Mr. and Mrs. Mike Brandsfield of Falfurrias have been visiting Mr. and Mrs. F. F. Sheedy. The Sheedys recently honored their son, Paul Van, with a barbecue. He has recently returned from Korea where he has served in the Army the past two years. Those attending were, Mrs. J. E. Thompson, Mrs. James Thompson, Linda and Dana, Mrs. Joe E. Carlson, Ronnie and Judy, Mr. and Mrs. Don McKinney, Larry and Molly Mr. and Mrs. Paul Van Sheedy all of Big Spring, and Mr. and Mrs. Brandsfield.

Mr. and Mrs. H. L. Miller spent the weekend in Austin visiting their son and family.

Mr. and Mrs. Fred Salling and family visited over the weekend in Brady with relatives and friends.

Maj. Adams Returns From Far East

COAHOMA—Guests in the home of the John C. Adams family recently were, Mr. and Mrs. Darrel Adams and family of Midland and Major and Mrs. John C. Adams and children who recently returned from the Far East. They will be stationed in Florida following their visit here with his father, Charlie Adams, who is confined to the hospital but is showing improvement at this time.

Suzie Brown is spending a two-week vacation in Skyhook, Okla., visiting her brother and sister-in-law Mr. and Mrs. Ollie Brown. Mr. and Mrs. Frank Edens of Buchanan Dam were here recently visiting her sister and brother-in-law, Mr. and Mrs. Chester Coffman, and other relatives.

Mr. and Mrs. Dudley Arnett spent the weekend in Ozona visiting friends.

Pfc. Fowler Is Guest Of Parents

FORSAN—Pfc. Jerry Fowler of Camp Hood was at home with his parents, Mr. and Mrs. Cliff Fowler, Chiquita and Randle for the weekend. He has been stationed at Ft. Sill, Okla., for several months but was recently transferred to Camp Hood.

Mr. and Mrs. Bob Baker and Debbie of Seminole visited here Tuesday.

Leroy Prescott has been dismissed from the VA Hospital at Big Spring.

Lola Milstead was in Hamlin for the weekend. Pat Edmonds visited in Anson.

He Will Be KNOCKING On Your DOOR SOON!

GERALDINE PATTERSON

Virgil Bennett Jr. To Wed Hereford Girl In October

HEREFORD — Mr. and Mrs. Elmer Patterson have announced the engagement and approaching marriage of their daughter, Geraldine, to Sgt. Virgil Bennett Jr., son of Mr. and Mrs. Virgil Bennett Sr. of Forgan.

The wedding date was revealed at an announcement tea given by the mother of the bride-to-be in the home of Mrs. B. E. Robertson on Tuesday. The refreshment table was laid with a dark green linen cloth and featured a double heart arrangement bearing pictures of the couple in green and gold frames and the wedding date, Oct. 24. Vows will be exchanged at the Hereford Church of Christ with Bob Wear, minister, officiating.

Miss Patterson was graduated from Hereford High School and has attended Abilene Christian College for the past three years. Sgt. Bennett is a graduate of Forgan High School and of Abilene Christian College. He is now stationed at Ft. Bliss, El Paso.

Study Club Honors President-Elect

COAHOMA—Mrs. Charles Read was hostess recently to the 1941 Study Club with a luncheon honoring the president-elect, Mrs. M. M. Edwards. Yellow carnations, the club flower, was used as a centerpiece for the table decorations.

Following the luncheon the group met in the home of Mrs. H. B. Beard for the program with Mrs. John A. Westmoreland giving "The Teacher Revived Our National Heritage." Ten attended.

Bill Read, son of Mr. and Mrs. Charles Read, has enrolled in Texas Tech for this semester. Billy Jo Cramer, son of Mr. and Mrs. Boone Cramer, is at Houston, attending Rice.

Ackerly MYF Host To Signal Mount Sub-District Meet

ACKERLY — The Ackerly Methodist Youth Fellowship was host to the Signal Mount sub-district meeting Monday at the First Methodist Church.

A training session was held for all MYF officers. There was a recreation period and a worship service. Refreshments were served by members of the WSSC.

About 75 were present. Mrs. Travis Russell is counselor for the local group.

The Young People's Sunday School Class of the Baptist Church had a party Monday evening in the home of their teacher, Mrs. Tommy Horton. The class presented Mrs. Horton with a lamp since she will no longer teach the class after Oct. 1. She has been the class teacher for six years.

Games were played and refreshments served to 10 members.

Son From Louisiana Visits Hargraveses

ACKERLY—Ben Hargraves of Lafayette, La., spent the weekend with his parents, Mr. and Mrs. E. A. Hargraves.

Mr. and Mrs. S. C. Applewhite of Boyd spent the weekend with Mr. and Mrs. Tommy Horton and Mr. and Mrs. John Wagner.

Mr. and Mrs. Alvie Hogg were in Muleshoe recently for a visit with Mrs. Bill Langham, who is a patient in the hospital there.

Mr. and Mrs. Joe Bob Reese of Lamesa spent a day with his parents, Mr. and Mrs. J. O. Reese.

New Mexicans Visit Richardson Family

FORSAN—Weekend visitors with Mr. and Mrs. W. M. Richardson and Molly Sue were Mr. and Mrs. W. Freickson of Hobbs, N. M.

Mrs. J. W. Griffith has returned from Dendemeona where she spent the past two weeks with her mother, who is ill.

Mr. and Mrs. Royce Griffith and son of Kermit were here recently with her parents and family, the A. Z. Deans and his brother and sister-in-law, Mr. and Mrs. Bert Griffith and sons.

Rush Week Planned By Mu Zeta

Plans for Rush Week were made by members of the Mu Zeta Chapter of Beta Sigma Phi Sorority when they met in the home of Mrs. Lowell Knoop Monday evening.

The first activity will be a wiener roast and barn dance on Saturday evening. The model meeting will be held on October 4 in the home of Mrs. Elmer Giles. A preferential tea on Oct. 17 will be followed by the installation service on Oct. 28.

The program on "The Spoken Word," was in charge of Mrs. Darel Higley and Mrs. Giles. The latter was appointed reporter and publicity chairman.

Plans were discussed for the Dime-Dance to be held at the Settles Hotel on Nov. 6 for the purpose of making money for the sorority's three projects. These are the aiding of muscular dystrophy clinics, the St. Paul Home for Children and the Gonzales Warm Springs Foundation.

The first two projects are new ones for the group, but they have sponsored the last one for some time. The home for children is for the care of colored children from broken homes.

Refreshments were served to nine members.

Mrs. Faulkner Has Program For Circle

At the meeting of Mollie Harlan Circle of First Baptist Church Tuesday morning, Mrs. B. T. Faulkner was in charge of the program. Mrs. G. J. Couch gave the devotion.

Opening prayer was by Mrs. D. D. Wright. A committee was selected to buy a love gift for a shut-in this month.

Following the closing prayer by Mrs. H. V. Cowan the group was served refreshments, and secret pals were revealed. Among the nine persons attending were two new members, Mrs. R. E. McClure and Mrs. Ervin Daniels. The group met in the church parlor.

P-TA Council Has New Meeting Time

A change in the meeting time of the City Council of the P-TA was announced at the meeting held Tuesday by the executive board of the Council. Instead of an afternoon meeting, the group will meet at 9:30 a.m. on the first Wednesdays of the month.

An announcement was made of the parliamentary course to be held at the First Baptist Church on Sept. 28 beginning at 9:30 a.m. Everyone is to bring her sack lunch and drinks will be served with the food.

Royal Neighbors

The meeting of the Royal Neighbors, scheduled for Thursday afternoon, has been postponed until Sept. 30. The place of meeting will be announced later.

Sylvia Lamun Is Paid Tribute By Namesake Circle

On the first anniversary of the founding of the Sylvia Lamun Circle of the First Methodist Church, the group met in the home of Mrs. Arnold Marshall Tuesday morning.

Mrs. Jordan Grooms gave the opening prayer and Mrs. W. A. Hunt paid a tribute to the late Mrs. Lamun. She also presented flowers and a check sent to the circle by Mr. Lamun in memory of his wife.

The following officers were elected: chairman, Mrs. Don Burk; vice chairman, Mrs. Clyde Denton; secretary, Mrs. Winston Kilpatrick; treasurer, Mrs. Don Newsom; spiritual life chairman, Mrs. Tools Mansfield and study leader, Mrs. W. A. Hunt.

Mrs. Max Lewis gave the devotion on "For Others." Mrs. Hunt discussed "Areas of Urban Living," and Lucille Hester told of the life of a deaconess. Seventeen members attended, with two new members, Mrs. C. R. Virden and Mrs. H. T. Bratcher.

Mrs. Fitzhugh Has Reba Thomas Circle

The Reba Thomas Circle met in the home of Mrs. H. M. Fitzhugh recently, with Mrs. Warren Sparks offering the opening prayer. Mrs. Martin Stagg gave the devotion, and Scriptures were read by Mrs. Seth Lacy and Mrs. L. R. Saunders.

The general study was "In Street, In Shop, In Tenement." Mrs. John Custer talked on "Introduction to the City." Mrs. Charles Pruitt and Mrs. Stagg discussed "Social Problems and City Factors," and Mrs. John Knox gave "The Christian's Response to the City."

Fourteen members attended with three guests, Mrs. Robert Dyer, Mrs. Frank Perry and Mrs. Charles Herring.

Junior Tri-Hi-Y Has Installation

"The Purpose of Tri-Hi-Y" was discussed by several members of Junior Tri-Hi-Y at the first fall meeting of the group recently. The following officers were installed: Valjean La Croix, president; Mary Lane Edwards, vice president; Nita Farquhar, secretary; Lynn McLean, parliamentarian; Sandy Sloan, reporter; Brenda Gordon, chaplain and Sue Arrick, historian.

Miss Gordon gave a devotion about sin.

A guest in the home of Mr. and Mrs. Alton Underwood is Mrs. Underwood's mother, Mrs. L. McDanel of Abilene.

Rebekahs Observe Anniversary

A program commemorating the 102nd anniversary of Rebekah-Odd Fellowship was given Tuesday evening at the meeting of John A. Key Rebekah Lodge by Mr. and Mrs. James Lamar and Mrs. H. F. Jarrett.

Mrs. Alex W. Eubanks was presented with a certificate of perfection for unwritten work and she was also presented with a gift from the noble grand, Mrs. Jarrett.

The lodge plans to hold a rummage sale on Oct. 23 and members are asked to bring articles for the sale to Mrs. Jarrett at 413 Edwards Blvd. or to Mrs. J. F. Fite at 1356 Johnson.

Elected to membership were Mr. and Mrs. Jim Skellick and Mrs. W. J. Shepherd.

Pythian Sisters To Hold Convention

District 12 of the Pythian Sisters will hold a convention Thursday at the Settles Hotel with registration to begin at 11 a.m. The meeting will begin at 3 p.m. with a banquet at 6:30. Following this will be an installation service at 8 p.m. Mrs. Paul Darrow is in charge of the meeting.

Officers expected are Mrs. Zula Champion of Nacogdoches, grand chief, Mrs. Jane Murphy, special deputy, grand manager, Mrs. Russell Hardin, Mrs. Irs Ashley of Lamesa and Mrs. Ina Malley of Pecos.

VIC Plans Party

The Vocational Industrial Club met Tuesday morning to plan the first Diversified Occupation party. They decided to hold it Thursday at 8 p.m. A committee of six planned the event. On the committee are Esther Stuteville, Sue Wilson, Claudia O'Donnell, Bob Rogers, Alvin Moore and Arthur Sandy.

Chaplains Parachute To Safety

Four of the 15 chaplains who parachuted to safety near Newhall, Calif., after the plane in which they were flying caught fire and crashed took the pilot, Capt. Thomas Wilson (right), who kept the plane aloft with one engine gone while they all bailed out. Those above include (from left) chaplains Arthur Atkins, Howard Lane and Clyde Benway, Sgt. Alvin Plew of the plane's crew, and Chaplain Bert Van Norman, who stood at the door and helped the others out before he jumped. (AP Wirephoto).

American Officials Gloomy Over Prospects On German Rearming

By JOHN M. HIGHTOWER
WASHINGTON (U)—Study of new French proposals for solving the German rearmament dilemma has left official Washington in a gloomy mood about the future of European defenses.

The general conclusion is that any satisfactory solution of the German problem will require substantial adjustment of national interests of several countries. In particular, it is said, there must be concessions by France from the plan circulated last weekend by French Premier Mendes-France.

The prospect is that whatever adjustments are made will be slow and painful to work out.

Next week's nine-power conference at London—including the Western European allies, Canada and the United States—is likely to be a kind of preliminary discussion of the whole issue than a conference which will produce final decisions.

Yet top American officials are hopeful that final decisions can be reached fairly soon—even negative ones if they are inescapable. Some are emphatic in saying decisions must be reached soon because of a conviction that West German sovereignty and rearmament can not be held in suspension much longer without fostering a spirit of extreme German nationalism.

Just yesterday, London dispatches said, German Chancellor Adenauer called for a quick declaration to end the occupation and give Germany full sovereignty.

The critical issue presented by the Mendes-France memorandum, as officials here analyze it, is whether the French Premier is really willing to let West Germany rearms without seeking some safeguards which would amount to giving her a kind of second-rate power status.

There is great concern here, for example, that the French plan would mean a definite delay for West German membership in the North Atlantic Treaty Organization (NATO).

The implication of public statements by Mendes-France and the provisions of his still secret memorandum have been taken to mean that he would prefer to stall off an equal role for West Germany in NATO while accepting her in a

Stevenson Blesses Douglas In Race

BLOOMINGTON, Ill. (U)—The election contest for the U.S. Senate in Illinois between Sen. Douglas (D-III) and his Republican opponent, Joseph T. Meek, says Adlai E. Stevenson, is "about the most significant in the nation."

Israel May Return To Armistice Panel

JERUSALEM, Israel Section (U)—Israel is expected to return to the U. N. Jordan-Israel Mixed Armistice Commission following the mid-October departure of its U. S. Naval chairman, Cmdr. Elmo H. Hutchison.

Men Knock Man Down, Save Life

LYNN, Mass. (U)—Two passersby were credited with saving the life of John Vangelist, 23, yesterday after both his arms were amputated in a factory cutting machine accident.

Boy, 5, Credited With Saving Life

BEVERLY, Mass. (U)—Alan Deschenes is only 5 years old, but he was credited today with saving the life of his 4-year-old brother, David.

Emergency Contributions To Polio Fund Total \$2,348.81

The Howard County polio fund received contributions totaling \$2,348.81 during the emergency drive in August and early September, Mrs. W. O. Underwood, chairman, reported today.

Of the total, \$1,404 has been sent to the National Foundation for Infantile Paralysis to assist with the nationwide fight against polio. The balance, or \$930, has gone into the local polio fund, giving it a total balance of \$5,187.20.

Two Air Force Fliers Killed In 3-Jet Accident

OTIS AIR FORCE BASE, MASS. (U)—Two Air Force fliers were killed and three others escaped injury in the crash of three jet airplanes after landing in foul weather last night.

Air Force officials blamed the crashes on a flat tire and a torrential rainfall which shut out visibility and made radio communication between the planes and the control tower so erratic that messages could not be understood.

The first of three F94C Starfire jets were preparing to land when the weather closed in. The pilot's forward visibility neared zero and, to complicate matters, radio communication with the airport control tower became erratic.

The tower cleared that jet—piloted by 1st Lt. Frederick J. Luddy, 25, of Altoona, Pa.—to land. As the plane touched ground it blew a tire, forcing the plane to grind to a halt in the center of the runway.

West Virginia Jail Break Try Failure

HUNTINGTON, W. Va. (U)—A bold attempt to break out of Cabell County Jail was thwarted by police last night in 22 action-packed minutes.

The would-be jail breakers used a heavy steel table leg to pry open an inner cell door on the fifth floor. When Deputy Jailor Lakin Rowsey and a trusty prisoner opened an outer door, they were pounced on and tossed into a cell.

When encountered by the armed Moses, the prisoners shut the elevator door and started up again. Moses ordered another trusty to cut off the electric power and the elevator stopped between the first and second floors.

Using controls in the jail office, Moses brought the elevator back to the first floor and the six stepped out under gunpoint. One tried to run but was subdued with a mace.

Blonde Fan Dancer Leaps Into Famed Fountain In Rome

ROME (U)—A blonde fan dancer from Tacoma, Wash., claiming she had no coins, cheerfully threw herself and a pet monkey into Rome's tourist-lined Trevi fountain today.

Suicide Verdict

BROWNWOOD (U)—A verdict of death by self-inflicted wound has been returned in the death of Mrs. Walter W. Nelson, 44, who was found in her home yesterday, a shotgun wound in her stomach.

How New Trop-Artic Can Double Engine Life

Some motor oils give good protection at low temperatures. Other oils are effective at high temperatures. But TROP-ARTIC All-Weather Oil gives protection at all temperatures from below zero to 180 degrees!

This explains why TROP-ARTIC is so much better than ordinary motor oils at preventing engine wear... so much better that it can even double engine life. TROP-ARTIC lets you start easier... saves you gasoline... saves 15% to 45% on oil consumption... because it resists becoming too thick or too thin.

Phillips 66 TROP-ARTIC is the first all-weather oil which has proved it meets the highest standard ever established for automobile motor oils... the Mil-O-2104 Supplement I test. You can't buy better oil for your car!

Exclusive! Phillips 66 Flite-Fuel

Phillips 66 FLITE-FUEL is the new gasoline—the only gasoline to which is added the super aviation fuel component Di-isopropyl.

FLITE-FUEL gives you increased power, higher anti-knock quality and greater fuel economy. You get all the special benefits of famous controlled volatility plus the clean burning qualities resulting from the use of natural and aviation gasoline components.

FLITE-FUEL and TROP-ARTIC are perfect companion products. They go together for better engine performance.

Nuxhall 'Arrives' After A Long Wait

By BEN PHLEGAR
Associated Press Sports Editor

Roosevelt was president and Leo Durocher was managing Brooklyn when a 15-year-old high school boy from Hamilton, Ohio, took the mound for the Cincinnati Reds one gray afternoon in June, 1944.

The youngster missed the catcher completely with eight of his first nine pitches and finally staggered through one inning with five runs scored against him on five walks and two hits.

Ten years later Joe Nuxhall has made the grade in the big time.

The lefthander, who was the youngest player ever to wear a major league uniform and probably the wildest, has conquered his control problems and has a tidy 13-4 won-lost record for the fourth-place Redlegs.

His 12th victory came yesterday and was the best of the dozen. He gave the Milwaukee Braves only six hits, struck out six and walked but two in winning his third straight complete game and his first shutout, 5-0.

Nuxhall pitched only one other inning in 1944. It was for Birmingham in the Southern Assn. and it was even worse, five walks and six runs. The youngster dropped to

BOB GRIM

Class D in 1945 then quit for a year and went back to high school.

The road back has been a long one — Muncie, Tulsa, Columbia, S.C., Charleston, W.Va., Tulsa again and finally Cincinnati in 1952. In the past two seasons with the Reds he won 10 and lost 15.

In the American League yesterday the New York Yankees set a record and the pennant-winning Cleveland Indians didn't. The Yanks beat Washington, 3-1. For their 101st victory, the most games ever won by a runner-up in the junior circuit. The Indians, needing only one game to tie the all-time mark of 110 victories in the league, lost to Chicago, 9-7.

Bob Grim, a 24-year-old bartender from Brooklyn, became the first Yankee rookie in 34 seasons

to win 20 games. He gave up only four hits, all singles, in running his record to 20-6.

Grim, unlike Nuxhall, made it in one big jump. He was pitching in the Class A Eastern League when he went into the Marines three years ago. He caught the eye of Pitching Coach Jim Turner during spring training and stayed with the Yanks despite his inexperience. He is the club's biggest winner.

In other action yesterday the New York Giants continued their winning ways with a 5-2 triumph at Brooklyn. Chicago took a double-header from the St. Louis Cardinals, 4-3 in 10 innings and 3-2 in 6 1/2. The Boston Red Sox beat the Philadelphia Athletics twice by 4-3 scores. The first game ran 10 innings.

The double loss and a 4-3 Baltimore victory over Detroit consigned the Athletics to the American League cellar.

The Philadelphia Phillies and the Pittsburgh Pirates were rained out.

Bobby Hofman hit a grand-slam homer in the first inning for the Giants and Ruben Gomez and Jim Hearn held the Dodgers to five hits.

Johnson Probably Won't Play Friday Evening

Apparently halfback Brick Johnson will be used sparingly, if at all, in Big Spring's football game with Stephenville here Friday night.

Johnson has been wearing pads in practice this week but has not been allowed to take part in any of the rough stuff.

Ronnie Wooten, moved over from the fullback slot to make room for Lefty Don Reynolds, was running at Brick's position in Tuesday's scrimmage and apparently is a fixture there, for the time being.

Johnson suffered a leg injury in the Steers' season opening game in Andrews Sept. 10 and missed the entire following week of workouts.

Frosty Robison, Big Spring's all-state halfback who was also injured in the Andrews contest, wore a rubber mouthpiece in Tuesday's workout and was having a time getting accustomed to it.

Robison lost three front teeth in a pileup in the Andrews engagement.

The handicap didn't impair Robison's ability to carry the mail. He was ripping off consistently long gains, along with Wooten and Reynolds Tuesday.

The Longhorns, with Tommy McAdams pulling the trigger, may throw a lot more passes Friday

than they did against Andrews. Joe Liberty and John Birdwell, along with the backs, will serve as McAdams' targets.

Liberty was throwing fine blocks consistently in Tuesday's drill.

Tech Raiders Are Ahead Of '53 Pace

LUBBOCK (AP) — Texas Tech's Red Raiders, who led the nation in three statistical departments in 1953, are ahead of last year's pace. No. 1 in scoring with a 38.5 average, Tech scored 41 (to Texas A&M's 9) in its opening game Saturday night.

The nation's leader in extra points last season—44, or four per game—the Red Raiders kicked five against the Aggies.

And, after setting an NCAA record for opponents' fumbles recovered last season (32), the Raiders started 1954 off by falling on five A&M bobbles. If the remainder of Tech's opponents are as generous, that figure could be 50 by the season's close.

Few are daring to assert that Tech will surpass in the most important category of all—the season record of 10-1 but A&M was the only school to defeat the Red Raiders last year.

John Andre Says He Will Retire

SHREVEPORT, La., (AP) — John Andre, voted most valuable pitcher in the Texas League this year, has announced that he will quit baseball to go into his family's shoe business at Brockton, Mass.

Andre had been sold to the Chicago Cubs, and was to report next spring. He won 22 games for the Shreveport Sports this season.

He said yesterday that he is "tired of roaming around six or seven months of the year," and said he feels that he has a better opportunity in the shoe business.

He said he plans on going back to Brockton about the first of the year after spending a few months in Mexico.

Dozier Shines With 646 Set In 2-1 Win

E. B. Dozier Jr., paced the Men's Store to a 2-1 victory over the Big Spring Herald team in Men's Classic Bowling League play this week.

Dozier established new scoring records in singles and series competition. He had a 248-646.

His team also established a new group mark with a 900 aggregate. Ron Leppert achieved a 219 and Pierson Morgan a 208 in the Men's Store charge.

The Men's Store now leads the league with an 8-1 record.

In other matches, Frank Sabatolo Insurance Company turned back Lee Hanson's quintet, 2-1; Cosden took out Westex Oil Company, 2-1; and Conoco nudged Team 7, 2-1, with M. K. Self breezing to a 214 for the winners.

A. A. Marchant, Cosden, posted a 220. E. B. Dozier, Sr., had a 525 series.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline with TCP

Since this announcement was first published just one year ago, more than **8,000,000** motorists have proved the astonishing benefits of TCP in their own cars. Today, the greatest gasoline development in 31 years has become the greatest gasoline success in history!

Boosts power as much as 15%! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

Why you need Conoco Super Gasoline with TCP

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways: First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

*Trademark owned and patent applied for by Shell Oil Company

CROSS SECTION OF TYPICAL SPARK PLUG

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

How TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. It will actually increase

spark-plug life up to 150%. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Yes, a great new era in motoring is here for you. Drive into your Conoco station today and fill your tank with new Conoco Super Gasoline with TCP. You'll feel the difference by the second tankful!

Questions and answers about New Conoco Super Gasoline with TCP

- Q. What is TCP?**
Answer: It is a cresyl compound, originally developed for aviation gasoline and used with great success in both military and commercial aircraft.
- Q. Has TCP been tested?**
Answer: Yes, for millions of miles, in all kinds of cars, under all kinds of driving conditions.
- Q. What does TCP do?**
Answer: It overcomes the power loss caused by deposits on spark plugs and in combustion chambers.
- Q. What does TCP do for new cars?**
Answer: It helps them keep their original power.
- Q. What does it do for older cars?**
Answer: It's like cleaning your spark plugs and getting a motor tune-up. You'll get back much of the power you've now missing.

Now—at your Conoco dealer!

NEW CONOCO Super GASOLINE

EARL B. STOVELL, Agent
Continental Oil Company

Quite A Lineup, Fans Figure

Reports that Fort Stockton, Stanton's Friday football foe, has the best backfield in West Texas schoolboy football circles might leave Stanton supporters cold. Buff backers reason Stanton can field a backfield capable of competing against the best of them. Bobby Carlie, left above, has since been moved into an end position for Stanton but the other three boys pictured will start in the secondary against Stockton. They are Jimmy Henson, front; Fullback Jimmy Butcher, center; and Conrad McCaskie, halfback, right. Reggie Myrick will be the fourth man in the Buff backfield.

Robertson Predicts Tough Test Friday

STANTON, (SC) — Coach Melvin Robertson is expecting one of the season's toughest games when his Stanton Buffaloes take the field here at 8 o'clock Friday night against Fort Stockton. Scouting reports brought back from Fort Stockton indicate that the invaders boast one of the speediest backfields in any classification in the state.

The quarterback is the slowest man in the Fort Stockton secondary, Robertson was told, and he ran a 10.2 hundred in track.

LOOKING 'EM OVER

With Tommy Hart

Quite obviously, the best break the Breckenridge Buckies get this season is that they don't play Breckenridge, if you know what I mean. Judging by their performance against the Wichita Falls Coyotes last weekend, the Greenies may be fielding a better team than they did in 1951 and 1952, and all they did those years was win the state AAA title.

Jack Harley, a scout for Fort Worth Poly, looked in on the Bucs and Wichita Falls last weekend to take notes on the Coyotes, future Poly foes. He had his eyes opened by Joe Kerbell's Bucs, however. He said he was impressed by their terrific speed, absolutely spellbinding by the ball-handling of Bennett Watts, who is up from the Buc B team; and utterly awed by the agility of such boys as Jackie Sandifer, Dick Carpenter and Clyde Harris.

"I believe they're a better moving team than last year's 3A-1 co-champs (meaning Breck itself)," Harley was quoted as saying. "Certainly their quarterbacking is just as good—perhaps a little better—and they're alert and powerful."

Breckenridge has taken the play completely away from Sweetwater, the pre-season favorite which was tied by North Side (Fort Worth) last week, and Big Spring, which has yet to prove itself and which certainly had its troubles in its first test against Andrews Sept. 10.

The Bucs' record (Breckenridge 41, Wichita Falls 13) speaks for itself, could, as a matter of fact, talk itself right out of existence as an AAA team.

The school's critics pointed out that a community of 5,000 persons cannot year in and year out, field teams which dominate its class, as Breckenridge has done, without resorting to unfair recruiting practices.

In a manner of speaking, the school may be on probation right at this time. There are schools within the conference armed with the power to vote the Bucs right out of AAA and into AA (Fort Worth) last week, as those of the opinion that Breckenridge's case, to paraphrase, "nothing would succeed like an occasional failure."

Let it be said that the rumbblings did not originate here, nor do they gain any sympathy of the part of local school officials. Big Spring school men are glad to have the Bucs as part of the family. They reason that ousting the Brecks because they are too good would be admitting failure of their own system and grading the conference downward in the eye of other conferences.

If the Bucs continue to overwhelm the opposition, however, it wouldn't be surprising to see recourse taken against them in such a way that a forward pass or a long run won't counter-balance.

When Fort Worth's Ernie Vossler competed in the Big Spring Invitational Golf Tournament earlier this month, he was quoted as saying (but did not make the remark directly to this writer) he would not compete here again.

If such reports are true, it was probably his way of taking issue with a few in the gallery who saw fit to applaud when Ernie blew a shot. It is one thing to lead a favorite player vocal encouragement. It is something else again to wish his opposition into defeat with tactics that prove disconcerting. There were few such incidents in the semifinal match which saw Vossler go down to defeat but they were all the more conspicuous for that reason.

Recently, Ernie all but wrote himself out of not only the Big Spring meet but other amateur invitations as well. He indicated he would turn pro.

Bisons Send Will Schmidt To Mound Against Atlanta

ATLANTA (AP)—Houston sends 18-game winner Willard Schmidt to the mound tonight in quest of its second straight victory over Atlanta in the Dixie Series.

The Texas League champions opened the best-of-seven set with a 10-4 victory over the Southern Assn. titlists last night.

Cracker starter tonight will be Leo Cristante, whose 24-7 record was the best of the season in the Southern. Schmidt's 18-5 mark wasn't the winningest in the Texas League, but was the best percentage-wise among the league's regulars.

Cristante was one of three Atlanta pitchers who didn't see action last night in trying to stem the Houston attack which netted 10 runs on nine hits and 11 walks.

The Buffs started on Glenn Thompson and kept on going against five other Cracker hurlers. Thompson was the loser.

Included in the Houston onslaught were Fred McAllister's three-run homer and Bob Blasingame's triple.

Luis Arroyo pitched seven-hit ball for the Buffs, giving up three runs in the first three innings and then settling down to hold Atlanta to one run in the final six frames.

A's Sale May Be Completed In Few Hours

PHILADELPHIA (AP)—The current owners of the Philadelphia Athletics called a series of closed door "let's make up our minds" meetings today amid reports the ball club will be sold within a matter of hours.

Almost everyone but the principals involved seemed ready to concede the A's would be sold to Arnold Johnson of Chicago and the franchise moved to Kansas City, now an American Assn. City. The big question appeared to be "when?"

The Chicago Tribune reported last night it had learned from high authority the A's would be sold to Johnson within 24 hours. Johnson declined to comment on that time element but said his previous offer to buy the ball club still stood.

Roy and Earle Mack who own the controlling stock interest in the A's along with their father, Connie Mack Sr., gave indirect credence to the general belief something was afoot by scheduling a series of meetings today.

The whole deal showed every sign of still being in the talking stage but reaching the limit of that phase. A major league rule forbids the transfer of a franchise except between Oct. 1 and Dec. 1. That gives any interested parties slightly over two months to wind things up.

The Associated Press was told authoritatively last night that sale of the Athletics couldn't possibly be completed in a matter of hours. In the first place, Johnson reportedly has made only a verbal offer for the club—a reported \$4,500,000 including Connie Mack Stadium, \$2,500,000 without the park. Nothing has been put in writing yet.

The American League would have to approve the sale and any transfer of the franchise to another city. Those little details would require more than a few hours.

However, there was a feeling that at long last things were really beginning to jell.

Al Rosen Says He'll Be Ready

CLEVELAND (AP)—Brawny-armed Al Rosen, who has made only one pinchhitter appearance for the Cleveland Indians since they clinched the pennant Saturday, says he's "just resting up for the World Series."

"Sure my leg's been bothering me some, and I've had a sore back, but you can bet I'll be in there if the pennant wasn't wrapped up," Rosen said after the Tribe lost to the Chicago White Sox, 9-7, last night.

Rosen got into that game to draw a pinch walk in the seventh and then a runner was sent in for him. In the Indians' last eight games, he has missed three, pinchhit in two and played three.

"With our kind of bench anyone can lay off for a couple of days without being missed," Rosen continued.

"Back in the early part of the season, even my out were solid and I just felt good all over. I still reached that 100 RBI mark, but I'm not happy about the season. That's why I'm anxious to get rested. I'm determined to have a really good series."

His friends have started to worry about him, Rosen said, and he's anxious to allay any exaggerated ideas about his health. He said that recently a friend "who runs one of the Cleveland hospitals called and said all his facilities were available to me—and he wasn't joking, either."

The absence of Rosen's slugging wasn't what hurt the Tribe last night. Outfielder Larry Doby provided plenty of punch with a two-run homer and a three-run double. Doby batted in another run with a foul for a total of six to the Yogi Berra of the New York Yankees for the league lead in runs batted in at 124. With 32 homers, Doby already holds a three-run edge in that department.

The New York Yankees were the "walking" team in the American League in 1953. They led the loop in bases on balls with 636.

Giants Boast Healthier Infield Than Cleveland

NEW YORK (AP)—The New York Giants, with a solid defensive performer at each position, will take a smooth-working and healthier infield than Cleveland into the 51st World Series next week.

With Whitey Lockman, Davey Williams, Alvin Dark and Hank Thompson, the newly-crowned National League champions rate the edge over the Indians' quartet of Vic Wertz, Bobby Avila, George Strickland and Al Rosen. Only at shortstop where Strickland is considered a shade the better infielder than Dark does Cleveland shine.

That's defensively. At the bat, the Giants' infielders cannot match the power of Wertz and Rosen or the consistency of Avila, the American League's leading batter.

Whether Rosen physically will be at his peak is questionable. The latest report has Al's fractured finger of mid-June thoroughly healed. But he's now suffering from multiple ill—a charley horse in his right thigh, calcium deposits in his left foot and muscle spasms in his back. He'll be ready for the opener in the Polo Grounds next Wednesday. But how ready?

Strickland, too, may pose a problem for Manager Al Lopez. Only two weeks recovered from a broken jaw, George has batted .095 since his return to the lineup with only 4 hits in 42 at bats.

At first base, there's little to choose between Lockman and Wertz. Both are converted outfielders, but Whitey made the switch in 1953, the Giants' last pennant-winning campaign and Vic shifted in June of this year, shortly after his acquisition from Baltimore. Wertz is more of a home-run threat. Lockman, New York's leadoff hitter, is more consistent.

Avila, with a .336 batting mark to Williams' .225, is the better hitter by far. Davey's strength lies in his ground-covering and pivot-making abilities, no small favor in the Giants' pennant drive. Avila, too, has improved considerably in the field this season.

Dark, with 186 hits and a .325 batting average, presents a hit-and-run threat in the No. 2 spot in New York's hitting order. Strickland is hitting .215 for the year.

Off his most valuable Player performance of 1953, Rosen has had a disappointing season. His .300 average sprinkled with 24 home runs and 101 runs batted in is nothing to sneeze at. But last year, he hit .336 with 43 circuit blows and 145 RBIs.

Thompson, the Giants' third base man, is a first-rate glove man. He's come on strong the last month and currently shows 28 homers and 84 runs batted in.

Both clubs have versatile infield reserves.

Charges Levelled At Majors By Portsmouth President

PORTSMOUTH, Va., (AP)—Frank D. Lawrence, a minor league club owner for many years, today charged the major leagues with invading minor league territory through radio and television broadcasts and identified himself as the key figure behind a multi-million-dollar damage suit to make them pay for it.

At the same time, Lawrence accused Commissioner Ford Frick of being "a commissioner of the New York big league clubs only—not commissioner of baseball."

Lawrence said he was a member of a nine-man committee set up to study major-minor league relations but Frick had ordered the committee not to discuss radio and television.

Pioneer Conference teams are on the way to their biggest season against outside opposition. They have won six of seven games in nonconference play thus far.

"They'll be back at it this week. Tarleton State leads off Thursday night against Paris at Paris. Friday night Arlington State will play Kilgore at Arlington.

Saturday night Schreiner Institute clashes with Victoria at Victoria, while Ranger meets Cisco at Ranger.

San Angelo, which lost the only game against outside opposition—last night against Tyler Apaches 13-7—will rest this week.

Harold Merrifield of Ranger leads the ball-carriers with 185 yards on 34 carries while Howard Meissner of Arlington State has the top average—.115 yards on 11 runs.

Raymond Glasgow of Arlington State tops in passing with 7 of 15 completions for 151 yards.

The best pass-receiver is Norman Roberts of San Angelo, who has caught three for 74 yards.

In punting, Robert Manglerberger of Schreiner is the leader with a 46.5 yards average.

Bobby Tobin of San Angelo leads in punt returns, taking one back 45 yards.

Ray Gilstrap of Ranger is the scoring leader with 15 points.

'50 FORD Custom club coupe. Radio and heater. Color light green. This is a bargain.

'49 FORD 1/2-ton pickup. A one owner pickup that's extra nice. This one you would want to say is my pickup. Come on in.

'51 FORD Custom 2-door sedan. Radio, heater and overdrive. Beautiful light blue finish. A very nice family car. Priced to sell.

'51 FORD Club Coupe. (Custom). Radio and heater. Beautiful black bottom and light top. A top A-1 special.

'50 FORD 2-ton long wheelbase truck. Stake body, dual rubber that's good. Nice.

Ford

BIG SPRING MOTOR CO.
USED CAR LOT
4th at Johnson Dial 4-7251

DROP THAT GUN LOOIE

We'll give you your price for your car. The tables are turned, you be the "masked man" and steal from us. Here's just a sample of what you can swipe today!

'53 PONTIAC 2-door V sedan. Dark blue. We feel that this is one of your best bets. A really fine car too dog gone cheap.

'52 PACKARD '400' 4-door sedan. The best independent on the road. Luxury in the password. Comfort is the thing. Price miserably low. Look in on this.

CHRYSLER New Yorker Newport. Man alive. We'll guarantee that no one could have traded for this beauty on anything but a BUICK CENTURY. A real doll. A slick chick—and a V-8 too.

'53 BUICK 4-door Super Dynaflo with all the trimmings. Now we could "parade" you as to what a terrific car this is but we don't want to risk any misprints. If saving \$1,000 on a new Buick cost excites you, this will convert you.

'51 PONTIAC Convertible V. Hydraulic, et al. to the ignorant and uninformed this may not appear to be a real buy, but to the "genius like shopper" (namely you) it is a sterling value.

Six Key States Seen In Senate Campaign

By JOE HALL
WASHINGTON (AP) — Republican and Democratic campaign strategists apparently regard six states as crucial battlegrounds in the struggle for control of the Senate in the 84th Congress.

A check of rival Senate campaign committees disclosed today a heavy concentration of effort in Delaware, Illinois and Ohio—where Republicans rate their chances of unseating Democratic senators best—and in Kentucky, New Jersey and Wyoming—where Democratic hopes of gaining Senate seats are highest.

Thirty-six Senate seats are at stake in the elections Nov. 2. Maine voters last week gave Sen. Margaret Chase Smith, a Republican, a second six-year term.

The present Senate lineup is 48 Republicans, 47 Democrats and Sen. Morse of Oregon, an Independent.

A former Republican who bolted during the 1952 presidential election, Morse has announced he will vote with Democrats in organizing the Senate next January.

Kentucky is Alben W. Barkley who served in the Senate for 22 years, part of the time as majority leader, before he resigned when elected vice-president in 1948. Democratic strategists concede Barkley faces a strong Republican challenger in Sen. John Sherman Cooper.

In New Jersey, Democrats are counting on a split in Republican ranks to put over their Senate candidate, Rep. Charles R. Howell. The Republican nominee, former Rep. Clifford P. Case, is opposed by some GOP elements in the state.

Democratic veteran Joseph C. O'Mahoney is trying for a comeback in Wyoming. Defeated two years ago after 13 years in the Senate, O'Mahoney is opposed by Republican Rep. William H. Harrison.

Republicans say they are confident of unseating Democratic Sen. Allen Frear in Delaware. The Republican candidate is Rep. Herbert B. Warburton.

In Illinois, the Republican candidate for the seat now held by Democratic Sen. Paul Douglas is Joseph T. Meek, until his nomination head of the Illinois Federation of Retail Assn.

In Ohio, Republican Rep. George H. Bender is seeking to oust Democratic Sen. Thomas A. Burke, who was appointed to the Senate last year after the death of Sen. Robert A. Taft. They are competing for the right to serve out the last two years of Taft's six-year term.

UNCLE RAY'S CORNER

Playing deck tennis on an ocean liner.

ON THE OCEAN—It has been suggested that I answer this question, "How do passengers amuse themselves during ocean voyages?" A proper answer to that question has many angles, but I may start with walking on the deck. Anyone who is seated in a deck chair may see a dozen persons go by in a minute or two. The passengers walk singly or in pairs, or in groups of three or four. They seem to enjoy breathing the salt air.

On this vessel (which I now call the J.V.O. for short) there are playrooms for the younger children. Older boys and girls, as well as adults, take part in several forms of sport, including pingpong.

Tomorrow: Continental Checkers.

pingpong, I have found that a slight rolling of the boat takes away from the skill of a player. It is the same, however, for both sides.

Winning less than a majority of my pingpong games, I was ready to accept a challenge to play a game similar to quoits. Since I do fairly well in pitching horseshoes, I expected to toss the rope ring with success. As it turned out, the rope ring kept sliding away from the peg, instead of staying, where it landed. I won about half the contests, but only because my opponents also lacked experience in this game.

I did a little better when we played deck tennis. In deck tennis a higher net is used than in regular tennis. The court is small, and a rope ring (instead of a ball) is employed. Instead of being struck with a racket, the ring is tossed by hand over the net.

It is a good thing that the players in deck tennis toss rings. If they struck tennis balls, the old ocean would take too many of the balls! The J.V.O. has a place to play shuffleboard, also a swimming pool. The pool is a very popular place.

DATE DATA

Date Tips For Girls, Straight From A Boy

Today I've got some inside tips on dating, and these, my friends, are straight from the horse's mouth.

Do you know how to make a hit with that new boy friend? Jimmy Westcott, an eligible seventeen-year-old boy lays it out in black and white with no punches pulled in this month's issue of Seventeen Magazine.

Jimmy lists nine points that no girl should overlook.

1. When accepting a date, be honest and direct; not coy or

over eager.

2. Don't ever, ever, ask a boy for a date unless it is a party planned that way, and then ask only a boy you have dated more than twice.

3. Be there on the welcoming committee when your date arrives, thus sparing him the anguish of making conversation with your folks.

4. Nix on heavy make-up or revolutionary new dresses that are "different" and call attention.

5. Turn you back on gossip. Boys hate it.

6. Pay more attention to your date than to the other boys, and never flirt over his shoulder while you're dancing. Even if you get away with it on one occasion, your tattlers will get nosed around and pretty soon unpopularity will be staring you in the face.

7. Whether you kiss him good-night or not is up to you, but don't embarrass him by making a Big Deal of it. Tell him "no" softly, squeeze his hand and skip inside, or kiss him, and vanish.

8. The fellow has probably spent some hard-to-come-by money on you. Let him know you appreciate the evening. Just a few words with a sincere ring to them is enough. Gushing exuberance is too much.

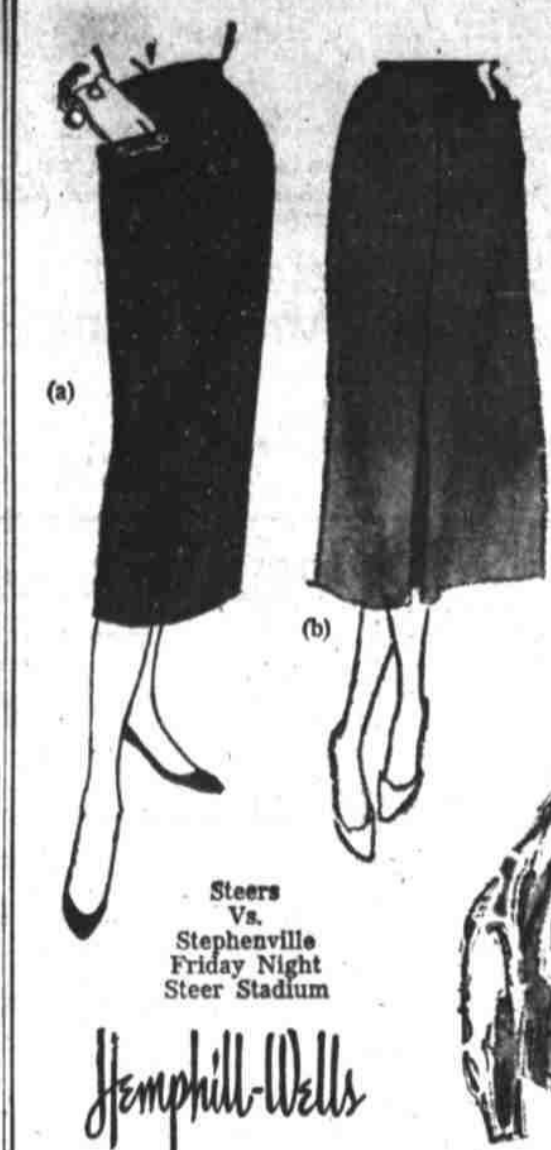

9. The last tip from this boy in-the-know is a word of wisdom that should be stuck in the corner of the mirror above every girl's dressing table. "The more a girl pushes a boy, the harder he pulls away."

(Do you fellows have anything to add? Then write me at the Big Spring Herald.)

Jean Simmons Plans Movie Musical Leap

HOLLYWOOD (AP)—Actress Jean Simmons, who gained critical acclaim for her role of Ophelia to Sir Laurence Olivier's Hamlet, is going to try her hand at a movie musical.

Pig Show Set For Tomorrow

Swine for the annual Howard County 4-H and FFA show at the County Fair Association Barn, near the Rodeo Bowl, are being brought in today for the judging and sale which will take place tomorrow.

The judging is scheduled to start at 8:30 a.m. Thursday and the sale at 7:30 p.m. The show and sale are being sponsored by the Big Spring Junior Chamber of Commerce.

Also to be judged tomorrow is the Howard-Martin Sears Foundation pig show in which the best boar and best gilts awarded Martin County 4-H members will be shown against those won by Howard County 4-H members.

Of the 50 animals to be entered in the show from Howard County approximately 40 will be 4-H Club shown by members of the Howard County FFA chapters. The Martin County boys are expected to bring about eight pigs to the Sears Foundation section of the show.

Oliver Cofer, president of the Jaycees, said it is expected that about 30 of the animals will go through the sale ring tomorrow night. A Jaycee committee composed of Cofer, Durward Lewter, Bill Cox, Jack Buchanan, Wayne White, R. L. Helth, Ray Rhodes, George Weeks, Vance Lebkowsky and Floyd White, has been named to call on prospective buyers of the animals through the auction.

In the show there will be classes for heavy and light market-type pigs; a class for boy's breeding gilts, as well as the Sears Foundation classes.

To Purchase Grader

County commissioners have voted to purchase a new motor grader and bids on furnishing the machine will be accepted until 10 a.m. Oct. 6. Specifications may be inspected in the county judge's office.

Widower Charged As Is Bride, 14

HAGERSTOWN, Md. (AP)—Alvey G. Whitmer, 38-year-old widower with six children and his 14-year-old bride face charges today, she of being a delinquent; he of contributing to her delinquency by marrying her.

Whitmer has six children who range in age from 7 to 13—a year older than his bride, the former Mattie Pearl Herrin.

Deputy Sheriff Lester Isangole said Whitmer acknowledged marrying the girl in Arlington, Va., last Monday.

Authorities released him on \$500 bail but held his bride while they considered her plight.

Wool Growers To Confer With Benson On New Act

By L. T. EASLEY
WASHINGTON (AP)—Representatives of the nation's wool growers were called to the Agriculture Department today in connection with an incentive payment program on next year's clip.

Under the congressionally authorized program the Secretary of Agriculture, after conferring with wool industry leaders, determines an incentive payment level calculated to encourage an annual domestic production of 300 million pounds of wool.

Officials of the National Wool Growers Assn., headed by Ray Willoughby of San Angelo, Tex., plan to sit down for informal talks with department executives and submit data for use in determination of the incentive payment figure.

The new wool act goes into effect on the 1955 clip. It provides that growers sell their output on the free market. Then, after the close of the season, the average price paid for various grades shall be determined. Individuals shall be paid by the government an amount based on the percentage of the difference between the average prices and the incentive level—which is limited to a maximum 110 per cent of parity.

Parity is a formula used to assure growers a fair return in relation to their costs.

Such information as the cost of labor and materials required in maintaining flocks for wool production, and the prices which farm wools bring laid down at mills in this country, is expected to be reviewed in detail.

Congress in authorizing the new program, which takes the place of the price support loans now in effect, declared wool is a strategic material vital to the national defense and that the domestic industry should be maintained as an insurance against times of war.

Rep. Clark Fisher (D-Tex), himself a sheep raiser, is optimistic the new program will get the desired results.

He disagrees with those who have called the incentive plan a mere revision of that advocated by Charles Brannan, Secretary of Agriculture in the Truman administration.

"A major difference," he declared in an interview, "is that the new program will provide incentive payments under a percentage arrangement which will encourage better quality as well as greater quantity of wool in this country."

He said the Brannan plan would have paid the grower an amount equal to the difference between what he received on sale of his wool on the free markets and the incentive payment figure.

The new program going into effect pays the individual grower an amount based on the percentage average prices received, he added. "Illustrating the point," Fisher continued, "assumes the incentive payment level is set at 60 cents a pound for (raw) grease wool and the actual market price averaged 50 cents."

"That would make the incentive payment equal to 20 per cent. Thus, a man who had sold his wool at 42 cents would not receive nearly as much incentive payment as the man who had produced high grade wool and sold the same amount at a much higher price."

Expected here from Texas with Willoughby to take part in the talks, said Fisher, are Walter Pflugger of Eden, president of the Texas Sheep and Wool Growers Assn., and Clayton Puckett of Fort Stockton, a past president of the organization.

Sooner Football Card Players Really Lose

OKLAHOMA CITY (AP)—Oklahoma City football parlay card players who lost, lost, and those who won, also lost.

Syndicate kingpins who hold the local franchise flew the coop over Sunday, leaving bookies with an estimated \$75,000 debt to card winners. Some bookies closed shop rather than face enraged parlayers who were trying to collect.

Handicappers said the syndicate took a beating on last week's games.

Ladies Not Invited

KANSAS CITY (AP)—The nation's cigar makers would be just as happy if you ladies leave the cigars alone.

Bernard Slesar, assistant to the president of the Cigar Institute of America, told a meeting yesterday the cigar business is doing good in strictly a man's field and added: "We consider cigar smoking one of the few male prerogatives left."
