Paul Quinn College sues association over accreditation

Paul Quinn College has taken its fight for survival to court.

A day after losing an appeal for accreditation, the southern Dallas school filed suit Tuesday in Atlanta federal court to restore its lifeblood membership in the Southern Association of Colleges and Schools.

The 137-year-old Paul Quinn, North Texas' only historically black college, needs accreditation to award degrees and for its students to receive financial aid.

But in June, the association revoked that endorsement, concluding that the school had failed to meet one educational standard and two financial ones. Paul Quinn appealed, saying the problems had been

corrected and the association's decision was based on inaccurate or incomplete information.

A 12-member appeals committee agreed with the association, a private group that accredits colleges in 11 states.

In suing the association Tuesday, Paul Quinn said the group violated its due process rights and would cause the school "catastrophic and irreparable harm" if its accreditation is not reinstated.

"In fact, and without hyperbole, SACS's improper act could be the college's 'death knell,'" the lawsuit said.

The school also asked the court Tuesday for a temporary restraining order to bar the association from taking steps to withdraw its accreditation or

from interfering with students' attempts to secure financial aid.

"We were hopeful in the appellate process. Here we're not only hopeful but optimistic," said Dallas lawyer William Brewer, whose firm is representing Paul Quinn pro bono.

Belle Wheelan, president of the association's Commission on Colleges, said the group had to consider Paul Quinn's long-term financial health and not just its balance at the end of one year.

"Even if they paid all their bills yesterday, we still have no idea whether they're going to have enough money to run the institution next year," she said.

The lawsuit adds to the uncertainty at Paul Quinn, where classes are scheduled to begin Oct. 5.

Time is also running out on a \$1.5 million fundraising drive for the school by the Texas Legislative Black Caucus. The group planned to end the drive by month's end, but has raised about \$500,000 so far.

"We need to get this resolved quickly," Brewer said.

Sen. Ted Kennedy Dies of Brain Cancer

Kennedy, 77, Was Diagnosed With Brain Cancer in May 2008

Massachusetts Senator Edward Kennedy died late Tuesday night at his home in Hyannis Port, Mass., of brain cancer at age 77.

Kennedy had a malignant glioma, a type of brain cancer. A glioma is a brain tumor that begins in glial cells, which are cells that surround and support nerve cells.

In a statement posted on Kennedy's senate web site, the Kennedy family says, "We've lost the irreplaceable center of our family and joyous light in our lives, but the inspiration of his faith, optimism, and perseverance will live on in our hearts forever. We thank everyone who gave him care and support over this last year, and everyone who stood with him for so many years in his tireless march for progress toward justice, fairness, and opportunity for all. He loved this country and devoted his life to serving it. He always believed that our best days were still ahead."

Semenya, South African, Is Definitely Female, Says Family

FAIRLIE, South Africa — She wore pants instead of a skirt to school, played soccer with the boys and was teased about her masculine looks.

Caster Semenya learned to ignore the taunts. She ran alone across a landscape of high grasses dotted with rocky hills.

She came almost out of nowhere to win the world championship in the 800 meters Wednesday in Berlin, far and away the fastest woman on the track.

Or was she? Her time of 1 minute, 55.45 seconds was more than 2 seconds ahead of the second-place finisher, but now Semenya's gender is the subject of an international investigation.

Even before Berlin, track officials were taking a closer look at the 18-year-old runner, following her performance last month at an international meet where she improved her personal bests in the 800 and 1,500 meters by huge margins.

Her family is outraged at suggestions that Semenya, who has a muscular build and a deep voice, isn't a woman.

"That's how God made her," Semenya's cousin, Evelyn Sekgala, told The Associated Press. "We brought her up in a way that when people start making fun of her, she shouldn't get upset."

In this Monday Aug. 17, 2009 file photo South Africa's Caster Semenya pauses after competing in a Women's 800m semifinal at the World Athletics Championships in Berlin. The IAAF has asked the South African track federation to conduct a gender verification test on 800 meter runner Caster Semenya amid concerns she does not meet the requirements to compete as a woman. The 18-year-old Semenya is a favorite in the 800 meter final later Wednesday Aug. 19, 2009. (AP Photo/Anja Niedringhaus)

African Americans Move For Inclusion

We Thank God for Jesus

Yes, The Leaders Will Rob God!!!

by Billy "B.J." Morrison, III

Written by Evangelist Billy "B.J." Morrison, III - Your brother in Christ Jesus always.

The American people have made a giant step forward in the inclusion of all Americans regardless of race, creed, or color of skin. However, we as a people have not come this far without suffering, pain and misunderstanding of whose and who we are as human beings. This is true at this very moment in the hypocrisy of many conservatives and blue-dog Democrats as it relates to the leader of the free world being an African American.

To argue my point, let me use the revising of how "health care" is administered as an example. I am sure you have viewed on news casts of all form, talk shows, and town hall meetings the hypocrisy and flat out lies as it relates to health care. The intentional misstated fact about seniors obtaining a "living will" being an effort to eradicate old folks has been

noted as a "flat out lie". There have been guns wearing idiots who have showed up at President Obama's town hall meeting who believe that President Obama will not let them wear their pistol or have a rifle or shotgun at home to protect them. It is alleged that big business and gun associations were behind this stupid act (Perhaps if it were truthful known or believed by most African Americans that President Obama was against the "right to bear arms" he would not have been elected President of the United States and if so he will be a one term president).

One of my intellectual white brothers and I were conversing on the state of America as it relates to race. We looked at the present divide in race relation and made a hypothetical assumption that we as

a people (Americans) are being used by a ruling class of 500 or more white and handful of black male Americans. We based our analysis on indentured slavery and African slavery.

To help you understand our hypothetical analysis let me identify "indentured slavery." Back in the days of the Pilgrims those who wanted to come to the new land (America) had to have the money for fare and enough to sustain them when they arrived. History records very few had the resources to make the journey. So they had to be sponsored. This meant they were obligated to 5 years or longer of servitude. The indentured slaves did the work and kept the sponsors in positions of high income and great power. These Europeans white people had to sign a contract agreeing to

Luke 10:2-3 - Jesus said, the harvest is great, but the laborers are few. Pray you, therefore, the Lord of the harvest that he would send forth laborers into his harvest.

America truly loves their dogs, and we also love our cats. We sometimes call them our children, and that is a fact. We try to feed them the best of food, and send them to obedience school.

Love not the world, neither the things that are in the world. If any man love the world, the love of the father is not in him.

Even when they get sick, we're sick too. When they're unhappy, we seem we can make it through. To us, they seem to be so cuddly sweet and smart. Some love their pets more than they do GOD!!!

Isaiah 1:4a - A sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupt. They

have forsaken the Lord. LUBBOCK'S BUILDING A DOG SHELTER, OVER 3 MILLION DOLLARS IS THE COST. THEN PUT LITTLE DINKIE BARRETS FOR OUR CHILDREN AT LOW COST!!!

Ephesians 6:12 - For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.

These are the same Leaders who let PRAYER be taken out of SCHOOLS. THIRTY YEARS LATER, AND NO LONGER ASK WHO IS THE FOOL!!!

Matthew 19:14 - Jesus said, suffer little children, and forbid them not to come unto me; for of such is the kingdom of heaven.

As we live in Satan's world, he says sin to the Sky. We know the wages of sin is death - TO HELL WHEN

YOU DIE!!!

John 10:10 - Jesus said, the thief comes not, but for to steal, and to kill, and to destroy. I am come that they might have life, and that they might have it more abundantly (richly).

**** YES, THE LEADERS WILL ROB GOD!!! ****

We know liquor was not to be sold within 100 feet from the SCHOOLS. BUT THE LOVE OF OUR CHILDREN OR MONEY, WE CHANGED THE RULES!!!

Isaiah 9:16-17 - The Lord said, for the Leaders of this people cause them to err, and they that are led of them are destroyed. Therefore, the Lord shall have no joy in their young men, neither shall he have mercy on their fatherless and widows, for everyone is a hypocrite and an evildoer, and every mouth speak folly. For all this his anger is not turned

Out Reach Prayer Breakfast

'Let's Pray'

Lord forgive us of our sins. Heal our land. Help America recover her self and restore. Our nation unto you. We join together in prayer for those who govern and serve in our great land.

We pray for **President Barack Obama**, his Cabinet, Congress, and their family members. Give them divine protection and favor with all nations, and the courage of champions to prevail by overcoming evil with good all over America.

Father, we pray for our great state of Texas. Father also, the Governor and the Government Agencies, the staff, news media, fire fighter, policemen, rescue workers, and all their families. Give them the mind of Christ and wisdom to gov-

ern in the days of uncertainty, divine courage and protection.

Father, as a nation, we pray for the families who are victims of unusual circumstances, and those who risk their lives to save others. Comfort them, anoint them with joy and praise to lift their heavy burdens, restore their souls and meet their needs.

We pray for the U. S. Military and the U. S. Allies who join in protecting our country and all other countries. We ask your Heavenly Angels to come about them as a shield, and cause this world to triumph over evil and glorify your name.

We pray for communities, Missionaries and Ministers. Father, unite Believers in the Churches for your name sake. Protect them from every

deadly and evil act of the enemy, and every attempt to commit harm. Confirm your word among the true Christians and show the world that you're the true and living God. Help our Leaders to realize

they have Mission fields sitting in their congregation. Give them divine favor and protection. Forewarn them of any impending dangers, and direct their steps. Allow our servants of God to rule in the midst of

their adversaries for the sake of the Gospel of Jesus Christ. Thank you for Victory. We pray for the enemies of America. Father, give us the Mercy and Grace to give enemies as you forgive us. Vengeance be-

longs to you alone. Lord, unite us to stand and touch the hearts of every evil individual and pour out your Holy Spirit in his world and may she yield a mighty harvest for your glory. AMEN)

Chris Brown Sentenced to Probation, Community Labor

Chris Brown arrives for his sentencing hearing at Los Angeles County Superior Court Tuesday.

LOS ANGELES (AP) — A judge on Tuesday sentenced Chris Brown to five years' probation and six months' community labor for the beating of Rihanna and issued a stern admonition to the R&B singer.

Los Angeles Superior Court Judge Patricia Schnegg told Brown that he could be sent to state prison if he violated any terms of his sentence, including an order to stay away from Rihanna for the next five years.

Brown will serve his sentence in his home state — Virginia — and his community labor will be overseen by the chief of police in Richmond.

The judge said she wanted to ensure that Brown, 20, performs physical labor instead of community service, such as mentoring young people.

Rihanna did not attend Tuesday's sentencing.

At one point, Brown, who was accompanied by his mother, agreed to the terms of the sentence before Schnegg had finished going through them all.

The hearing had been planned for Thursday afternoon, but Brown's lawyer, Mark Geragos, asked to move up the singer's sentencing to Tuesday. A previous attempt to sentence Brown was postponed when Schnegg said she hadn't received adequate assurances that Brown would perform physical labor if allowed to serve probation in Virginia.

The judge said she was satisfied with a letter presented by Geragos that Richmond Police Chief Bryan T. Norwood will directly oversee Brown's labor program.

After Brown pleaded guilty to felony assault in June, Schnegg ordered the pair to stay away from each other and to not contact one another. Her order Tuesday essentially extended that for the next five years.

Brown was arrested Feb. 6, hours after he was accused of beating Rihanna.

THIS 'N' THAT

by T.J. Patterson

FEDERATION OF CHOIRS WAS ON TARGET!! THIS N THAT really did enjoy the **SPRIT** of the **FEDERATION OF CHOIRS** which was held during their monthly meeting at the New Hope Baptist Church last! Sunday afternoon August 23, 3009..... Now if you hadn't like **THIS N THAT** been there for several months Then you had better attend the upcoming meeting in September at Rising Star Baptist Church..... This organization which is more than **54 YEARS OF AGE** is an asset to the Lubbock Community..... as there is so much talented people young and old in the Black Community..... **THIS N THAT** only wish there were more citizens of the **BROWN & WHITE COMMUNITIES** would be in attendance at these meetings on the

fourth Sundays of each month..... The **FEDERATION OF CHOIRS** is a group Black Churches actually 11 Churches who come together each month just to **PRAISE THE LORD!** As it was last Sunday afternoon there was some praising..... So if you get an opportunity make plans to attend..... **NEED TO VISIT OUR LUBBOCK PUBLIC SCHOOLS! THIS N THAT** is hoping since the school bells have rung more of us from the **BLACK COMMUNITY**..... Would take an interest and just go by and encourage our young people..... **NEED TO ENCOURAGE THOSE IN ESTACADO ATTENDANCE ZONE TO ATTEND ESTACADO! THIS N THAT** would love to see more of us who live in the **ESTACADO HIGH SCHOOL ZONE**

would encourage those who live in this area to attend this high school..... If this would happen then this high school could become a **4-A HIGH SCHOOL** as it has past years..... It only takes a commitment from a few to get some things started..... Just start some kind of a movement to help this high school..... So if there are some young people who live in this zone and are not attending **ESTACADO HIGH SCHOOL** then ask their parents why aren't they doing so?..... Yes these young people have a right to make a decision but why not advise them that **STRONG EDUCATION INSTITUTIONS** make strong neighborhoods and this leads to enhancing the economic posture of the neighborhood..... So Let's pray for a change in the enrollment of **ESTACADO HIGH SCHOOL!! WILL YOU HELP??**

THINK ABOUT IT!

Lubbock Do Not Need This Kind Of Action!

by Eddie P. Richardson

This past Friday on the County Courthouse lawn, history was made when black, brown, and others assembled to show their disapproval of the posting of offensive racial offensive literature on the county bulletin board. There were people from many walks of life and different social, economic, religious, and cultural backgrounds for the sole purpose of showing their rejection to the posted material. One thing that was missing was local elected officials to let people know where they stood on the issue. The citizens wanted to know where they would have been able to let the people know and let them know where they stood on the issue, either pro or con. There were people on both sides against the postings and supporters of Judge Tom Head. Both sides were peaceful but, the

protesters were forceful and to the point we did not approve in any way of what happened and they meant it. No way will we tolerate this in 2009. In observing the crowd present and the mumbling and grumbling before the assembly the crowd was not any thing like one would have expected it to be. Even though there was a good crowd it did not match the pre-protest complaining. This writer observed five

Black preachers and one passed through the crowd going in to the court house. No Black teachers, no elected officials, but yet and still the rally was successful. Point made and prayerfully put to rest. At the close of the gathering, both sides joined together and prayed for peace and understanding. Hopefully, it was sincere. It was, no doubt, one of high lights of the afternoon.

KEEPING OUR HEADS UP WHILE PLANNING AHEAD

by donnell (ASKARI) hooper

It appears that the long drawn out process of providing health care coverage for everyone would have been more easily done by just putting everyone without care on Medicaid. The working individuals pay for those who do receive it. Giving health care benefits without the Social Security Supplemental Income check would not add nearly as much to the national budget deficit, because non-citizens receive medical care whether they are employed or unemployed under other provisions of the government. In this country of undisputed wealth, there are many more indigent people than we care to acknowledge, not to mention those of us who exist without causing a stir; it is time for us to get 'in cinque' and lighten the burden of health care for everyone.

While some people are talking about what would, coulda, & shoulda happen with the rally at the courthouse concerning Judge Tom Head, we are Planning ahead. We do thank and greatly appreciate all of those people who had the courage to support the move we did make, and we respect them and thank God that cowardness does not course the blood in their veins. The youngest to the oldest of our supporters represented the raw and true bravery of those people that lived and died so that the so-called moral and civil representatives have no excuse for not being there with us! I will repeat the **GREAT DR. MARTIN LUTHER KING** in addressing the absence leaders of our many churches. "Whenever the church consciously or unconsciously caters to one class (just your own a%*) it loses the spiritual force of the revealed message (whosoever will, let him come" doctrine and is in danger of becoming no more than

a social club. Dr. King is also quoted as saying that, "We must learn that to expect God to do everything (**FOR US**) while we do nothing in not faith but Superstition". Any one person that is true to faith in God must also be concerned with our social conditions and our social condition will not improve unless we address not just the condition we live in but also the mental conditions of the people who have the power to improve or destroy our living condition. If any of the readers of this article want the writer to explain what I am talking about in more detail then come to our next rally. Our next rally is inspired by the lost of a life, at the **PARKWAY CAR WASH. READ THE SOUTHWEST DIGEST FOR THE DATE PLACE AND TIME OF THIS VERY IMPORTANT RALLY! YOU CAN ALSO CALL 806-762-3612 FOR MORE INFORMATION. MAY GOD'S PEACE BE!**

If times are not hard enough, there is the rumored news that Social Security benefits will be cut in the future. The focus of the cut is related to senior citizens who are the recipients of Medicare benefits. The news states that there will be no increase in benefits due to the cost of living because there is no inflation. That is the grabber! They state that there is no inflation, but every person who shops for

anything can tell you that stores are packaging items smaller even if the price remains the same and in some instances, the prices have increased along with the smaller package. If there is a better name for inflation, we need to know it. The other thing is, even though there will be no increase in benefits, those persons paying for Medicare benefits will pay more for those benefits whether they pay direct or have the deductions taken from their entitlements. If an individual receives \$1,000 per month in benefits and \$98.00 is deducted for Medicare, his net benefit is \$902.00 per month. If his entitlement is not increased,

but the Medicare cost increases by \$5.00, the monthly benefit has been reduced and therefore reduces the monthly benefit to \$897.00 which will represent a cut in benefits. Each year, the Medicare deductible increases, meaning that you must pay more out of pocket for your initial annual medical needs. This, too, takes a bite out of your income. You pay more for the benefit and then you pay more to activate the benefit. All of this comes on top of the Health Care Reform Bill, which, if and when it is passed, will need to be explained in details to individuals who receive Medicare and Medicaid benefits.

the terms of the sponsor. My intellectual friend and I agreed most white Americans today do not realize they have allowed themselves through ignorance and hatred of African Americans and other races to become slaves to a hidden master. These foolish thinking people are in the same boat as the original indentured European whites were hundreds of years ago.

Why are these white people in the same boat as their forefathers in the 21st century? The farmers have allowed themselves to rely on financial Ag subsidies. The small businesspersons rely on tax breaks, the workers rely on free housing, and the list goes on. These new masters who are lying politicians promise their new indentured slaves everything he or she wants as long as they vote for him or her every two years to keep their master in power.

The health insurance of the Master is government finance and the best in the world. His or her family is medically fixed while those of their new "indentured slave" is up in the air are subsidized by homeowners taxes. I wish my conservative friends who do not realize they have allowed themselves to return to slavery would wake up and join the chorus of those who fight for freedom of all humanity.

away, but his hand is stretched out still. Our Jails are already FULL, with CHILDREN UNLOVED. THE LEADERS MISLED THEM INTO SIN. WHERE IS THE LOVE.

Deuteronomy 28:41 - The lord said, you shall get sons and daughters, but you shall not enjoy them for they shall go into captivity.

America will go down, and take care of a child with a fly at the corner of his mouth. While sin is killing our children here AND WE'RE NOT REACHING OUT!!!

John 12:31 - Jesus said, now is the judgment of this world. Now shall the prince of this world be cast out. And if I be lifted up from the earth, I will draw all men unto me.

Let continue to **THANK GOD FOR JESUS** as He is always with us, no matter what others may say!

Think About It

Continued from Page 5

It was at the end of the protest was when one of Judge Hend's supporters, his son came to the platform and asked to pray with the protesters and introduced himself as JudgeHend's son and said something to this effect: "No matter where we stand on this issue, quoted some scripture and said we all are God's children." Something happened Sunday that this writer has not seen since the days of the civil rights movement pastor Johnnie Perez devoted part of his sermon to the cause of the rally racism, segregation, and prayed for an end to it at the county, city, school, and all-governments. He then had an altar call and prayed for repentance beginning with churches and everyone else following through. Then the blessings to the problems would be immediate remember it all starts with repentance
