With the coming of colder weather, freezing pipes and loss of water can be prevented with a few simple precautions.

City of Lubbock water metering and customer service supervisor Ray Sowder pointed out that steps should be taken to prevent a repeat of two years ago when more than 2000 water meters had to be replaced during

First, Soweder said, is that

people should check to see that the water meter cover is in place. meter can cause it to freeze and in turn, stop the water flow, if the meter cover is missing or troken in two, the public can contact the rity water department at 762-6411, ext 2588 or 2589 for a

replacement cover. Making sure the meter cover is in place is the easiest way to help prevent the meter from freezing

Other steps can be taken, some that require a little time and expense, but far outweigh the inconvenience of not having water wher its wanted If planning an out of town trip,

leave the thermostat on the The do's for keeping the water heater system set so that the flowing are relative simple and interior of the awelling does not the don'ts are even easier to get cold is water pipes, such as underneath sinks, are located on a Sowder said do not attempt to

thaw out the water meter yourself by building a fire in the meter hes. Heat applied to the meter can cause it to crack and leak or even worse, burst. When the meter bursts, it stops the water flow anyway and then it makes the water meter repair even more

Non D. Givens District 83 Rep Speaks On The Water Theme Park

East Lubbock residents, once again west Lubbock is challenging you. Do you realize that our community has none of the conviences that are found abundantly in west Lubbock? The reason is simple, east Lubbock only has what west Lubbock gives as "tokenism" much like the days of slavery. Whenever something is suggested for the eastside, the westside finds sophisticated methods to stop it and the eastside goes about its merry way, complaining only to themselves.

The Water Thems Park which is proposed for the MacKenzie Park area will be dropped unless the eastside residents come together as a total community and vote for it in January, 1986. You can no longer wait for someone else to look out for you. We must stand on our own, face-up to the challenges and win. By bringing the Water Park issue to a city vote, west Lubbock believes the measure will be easily defeated

Half trues are being spread that the partit will cause taxes to go cp. well, in all likelihood, taxes will go up in the next 5 years with or without the park. Therefore, why not have the enjoyment of the park, at least you can see where and why your taxes are being raised.

Another argument presented is, that there is already a Water Park in Lubbock Where is this park? Closer to Brownfield than east Lubbock

plus it only has a water slide. Another argument; the city would be going into partnership with private enterprise. Well, the city is already receiving returns from the concessions at the airport and MacKenzie golf course. To me, that indicates that they are already in partnership with at least two private enterprises, maybe more. Will the city lose money if they invest in the Water Park? As with any investment, there is a risk involved, while there is a chance to make a profit. The same applies to the Water Park, however, there is a 50-50 chance, not like any other expenditure that the city has made well in excess of 2.4 million dollars. What are the chances of the city receiving any return on the man-made lakes, Maxey, Mae Simmons, Guadalupe Parks or any other beautification or recreation expanditures?

The Water Park will provide jobs, recreation, it will bring new businesses such as motels, service stations, restaurants with even more jobs within the east Lubbock area. Something that many have not considered, the Water Park will give us somewhere to take visiting relatives and friends, not to mention somewhere for our youth to go besides street corners on which to "hang out"

East Lubback, wake up. Don't let west Lubback "pull the wool over your eyes." The Water Park can mean the same to our community as Coach Louis Kelly of Estacado being named "Texas Coach of the Year" or having "single member district representation." It means pride and recognition; something we have very little of in the way of tangible

If you want more information, information that is factual, then will give you the pros and cons on the Water Park. As your State Representative, I support the Water Thome Park for MacKenzie Park and I feel that the City of Lubbock should pay whatever to bring this park to reality. It is an investment that will be well spent. To all the voters, I say, "Vote for the Water Thems Park in January, 1986. Be not allow the private interest of a few, away your vote against samething that w''l benefit 'Positively Lubback'."

# "Lock Out Crime"

"Lock Out Crime" is the focus of the expanding City of Lubbock program to provide deadbolt locks for eligible elderly homeowners in the Hub City.

The program has now grown to from 34th to 50th Street between Ave. U and Ave. A.

Other areas that remain eligible for funding include the pilot area from 4th St. to 19th St. between University Ave. and Ave. Q and from 19th St. to 34th St. between University and Ave. A.

"Lock Out Crime" aptly describes the lucks program in its effort to aliminate low income elderly homeowners as targetrs for burglars. Lubback Police Department statistics show that for the first nine months of 1985, a total of 3,732 residential burgicries were reported in the city. The new section of the city being added to the locks program reported 323 burglaries in 1984.

Homes that lack proper locks are easy targets for burglars and low income elderly are expecially vulnerable because they cannot afford the cost of proper locks

and installation expenses. This year, the Lubbock City Council approved the expenditure 6 \$30,000 for the program outr of the Community Development Block Grant Last year's pilot program was funded at \$10,000

Those eligible for the Locks For the Elderly program just own their home, be at least 60 years old and live in the designated areas eligible for the funds.

Interested people should bring proof of age with them such as birth certificate or driver's license, proof of home ownership such as a copy of their tax appraisal form or property deel and they snould bring verification of income such as social security

or pension fund receipts. People interested in the Thursday organizatiocal meeting or in need of more information about the Locks For the Elderly program can contact Ana Rice, Locks Program coordinator for City of Lubbock, 762-6411, ext.

#### Army Wipes Out College Debt, **Stimulates Future Education**

College debt, long a burden for young man and women who mertage their future to improve their education, can be virtually eliminated by the U.S. Loan Repayment Program.

Students in college or those

who have attended an accredited university since October 1, 1975, on a National Direct Student Loan or a Guaranteed Student Loan, can get that loan repaid by the Army. For each year of service in the Army, the Army will reduce the indebtedness by one-third, or three-year enlistment will eliminate any outstanding student loan. The Army's exclusive active-duty enlistment of only two years will wipe out a \$3,600 lean.

By joining the Army Reserve, the Army will eliminate 15 percent, or \$500 (again, whichever if preater) of the loan for each year of enlistment, in seven year a of this part-time survice, any loan -

We have some challenging days ahead of us. If you are not a registered voter, please do so today! Your help is needed for several good

For one, come January 18, 1986, we will have an opportunity to vote for the Water Theme Park in Mackenize Park. This will, co doubt, be a great benefit for the city of Lubbock, especially for East Lubbock and the down town area. This project will mean additional jobs, tourism. family fucreation, and an over all plus for Lubbook.

Another very important issue is the newly created school board election seat. Our own, Mrs. Billie J. Caviel, is our choice. And let's not forget that! She like, T. J. Patterson when he can, will be the first for the position. There's no doubt about it, Billie is the Last person at it is time. She and her husband, Al, have been businesspersons in Lubbock for over 25 years. They are also parents of six children who have or are attending the Lubbock Public Schools. If we would look at their records, we would find that she and bushand, both, have made positive contributions to the

ardices who stay galler this race, and we believe there will be promotine elec, heep in whiled that Billie J. Carriel acads our support for the ubback Independent School board of Trustees, District Two, come this

She will do well, and you will be glad you voted for her for this position. She is our friend, and she will be a great friend for the young people of the Lubbock independent School System. A lady, who cares, and she is willing to become your servant.

How can you help? Well, there are several ways. For example: become a registered voter if you are not. Do it today! Volunteer your services and money. This service also includes being willing to walk from house to house in the district and make sure people know the name of Billie J.

Will you help? If not now, when?? If not us, who??

Why should 've object?" No one alse said anything. So I assumed that the matter was settled. A few days after that, a photographer told me that I could not

sit there. I did not move.

On September 9, when Secretary of State Schultz appeared before the press, some photographers stood in front of me, completely blocking my view. Two were especially nasty, telling me to move in the back because I had no business sitting up front. When the conference was over, I found that some of them had hidden my pocketbook. After looking for ten or more minutes, another lady spotted it behind a staff chair that was farthest from the place where I had placed it. It was so wedged behind the chair that I could not get it. Finally a male reporter got on his knees and retrieved the pocketbook. When I reported the incident to the press office, i was told to take it up with Dale Petrosky, because he took care of "those matters," I complied. I did not know the two photographers' names, so I tried to describe them to him. To make it a formal complaint, I wrote a certified letter to Larry Speakes, with a return receipt required. Later that day, September 10, a photographer gave me the photographers' names and the media for which they work. I contacted their bosses and they very nicely handled the matter. As far as those two are concerned, the case with them is closed. Dale took care of the situation, saying "no one should have to go through what you have gone through." I thanked him and felt that the entire sit ation was settled.

On October 11, an elderly photographer with a decided accent informed me that I had to move because they had to take pictures from the place where I was sitting. I didn't move. Later the Oriental photographer, who works for a French press, came in and said to me that I must move—that I reported another photographer to his boss, and, he said, "this is my number." I told him that I did not want his num or and that he had nothing to do with my reporting the other photographer, who works for another media. He then said "you have a rude awakening coming, because the White House press is going to make you move." I said, "I have settled this situation with the press." Mike, the Oriental photographer, went into the press office and came out with Denny Brisley and another girl. Denny very vehemently and nastily said, "Alfreda, get up and move to the back and take that chair back. You've got no business sitting up front." I told her

I started towards Larry's office Helen Thomas, dean of the press corp, said, "We have and met him going to the helicopter. Before I ever said a word, he said, very nastily, "Alfreda, you are not going to move any chairs around here!" I told him that the chair came from the back room. He continued, "You are not going to move any chairs in this building and you are not going to be up front." He disputed the fact that I had written him a letter. When he was told that the letter was certified, he ignored the fact. When I asked Connie, his secretary, about the letter, she responded that the letter was probably given to Dale, because he "takes care of

Denny also told me that I must stand in the door of the back room during the press briefings. It is impossible for me to hear back there. Are they going to pipe the briefings back there and give me a loud speaker so I can ask

questions from there? When I was telling Ed Djerejian, a press staff member. about the incident, Denny came by and said. "Alfreda, stop talking to people about the matter". I said, "I'll not stop." She said, "I'm telling you to stop and I mean it!" Ed told me that he would personally take the matter up with Larry the next morning. Ed did not know where Denny lived before getting this position. When she deales me the freedom to talk about the situation. I wondered if she came from South Africa, because Dr. Allen Boesak, Bishop Tutu and other Blacks are no. allowed to talk about apartheid. American democracy allows free speech. Since Larry backs he, up, being an American, he evidently embraces apartheid more than he does democratic principles.

I certainly hope that Dale, Ed, Connie and the other press staff members don't fall victims of White House apartheid like some Whites who have testified before the Foreign Relations Committee, stating how they had to escape from South Africa because of their denunciation of apartheid.

Since President Reagan has strongly denounced apartheid. I'm sure he would be appalled if he knew it is be-

ing practiced in his press office. Sorry, Denny, readers of 135 newspapers throughout the nation will get the story, as well as many members of Congress, since they read the papers from their states.

It was adherence to this concept which caused me, upon election to Congress, to select the Small Business Committee as one of my major congressional assignments, and has caused me to fight so diligently for se-asides for minority business, culminating in the recent record-setting Defense Department set-asides that I guided through the House of

Representatives. I am, therefore, extremely interested in the acceleration of the entrepreneural spirit among business-oriented Blacks since the reelection of Ronald Reagan. Two new programs come readily to mind.

The most notable is the economic network being established by Nation of Islam leader, Minister Louis Farrakhan. Termed POWER -People Organized and Working for Economic Rebirth — the program has as its cornerstone the launching of cooperative effort among Blackowned firms for selling personal service and household items to Black consumers. The capital accumulated from these efforts would be utilized to launch manufacturing companies.

A similar program was inaugurated recently by Tony Brown, host and producer of the popular television program, Tony Brown's Journal. Names Council for Economic Development of Black America, the RINGING THE BELL

Concerned that older Americans are being forced to give up or limit their phone use because of costs, the American Association for Setired Persons is joining forces with legislators and other consumer groups to push for nationwide lifetine phone service in a recent study, it was revealed that older porsons with incomes less than \$8,000.00 had dramatically reduced phone service while costs for phone service had rison by a whopping 16 percent and rate increases for phone services still in the mills.

Lifelong phone service, modeled on similar programs in the gas and electric industry, would insure telephone service at a reduced rate for low income persons. Currently only four states: California, "Fisconsin.

Although I am heartended by the creation of these programs, one element in their rhetoric disturts me greatly. This is their tunnel vision approach which deciares that all other approaches to elasomic equity and freedura must by abandored for their new-tounded, saif-help

In all fairness, Minister Farrakhan and Tony Brown have not said this. Minister Farrakhan, especially, appears to recognize the limitations of his self-help approach by keeping other options open in case this one does not succeed in ending the growth of the corrosive Black underclass and bringing Blacksinto the economic mainstream of

But far too many other adherents to this approach are not as tolerant. They condemn political efforts and dende government support. as things of the past. Some of them even go so far as to embrace the Renald Reagan trickle down economic philosophy.

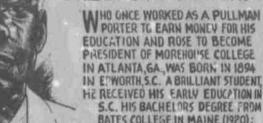

The setf-help theory of Black liberation, of course, is not new. It is as old as our presence in America, reaching its apex in the "let down your bucket where you are" philosophy of Booker T. Washington near the end of the last century and the Negro Factories Corporation concept of Marcus Garvey in the 1920s

According to Dr. Manning Marable of Colgate University, a wellknown columnist syndicated in Black newspapers, these earlier efforts. "were unable to reverse the basic trends of institutional economical oppression, partially because Blacks are denied access to investment capital, and more importantly, because of the inability of small enterprises to compete effectively against large multinational firms."

The same negative conditions exist loday. Additionally, during this period of structural changes in the American and world economy, when high employment industries such as steel mills are giving way to low employment high tech-industries, and competition from other parts of the world is ending America's role as the champion exporter nation, it is immature to think that the critically high unemployment in the Black community can be eliminated by the efforts of Brack business alone.

Undoubtedly, These solf-help programs will create some stable Black Austresses, assist a number of us in finding jobs, raise our spirits,

The Kitchen Beat

Once Humble Pizza Puts On Airs

In today's Black American home, cooking is no longer the responsibility of one person. Because of busy and varied schedules, usually every member of the family at some time or another has to prepare personal meals or meats for other members of the family. The Kitchen Beat is designed to meet some needs of the various cooks in the modern Black family.

Like a peasant in top hat and tails, pizza is putting on airs. This simple foc I has been transformed by pizza makers, using out-of-the-ordinary combinations. Restaurateurs around the country have joined in to introduce their own new-world versions of the classic favorite.

At-home pizza makers are now adapting some of these imaginative pizza variations, too. The interesting new ingredients and shapings lend themselves well to homemade recipes using shortcuts like hot roll mix. The easy yeast dough mix saves time with its simple preparation and quick-acting yeast.

Crab and Cheese Calzone is one of the decidedly highstyle variations of pizza currently popular. The recipe makes six calzone—individual turn ver-shaped pizzas. To form them you simply shape six small balls of dough into circles, then fold the dough over to enclose the filling.

Food fans will call Cheesy Lasagne Pizza a food marriage made in heaven. This easy recipe offers the classic flavor of lasagne, with the authentic crust pizza fans enloy. To highlight the traditional lasagne ingredients used in the filling, a flavoring of dry spaghetti sauce is stirred into the yeast dough.

These recipes are courtesy of The Pillsbury Company. We hope you like them.

Where Ic Bethelhem?

During the Christmas season when I was a pastor in San Aatonio,

with me. Juring the course of the conversation, the young Christian said,

"Pastor, tell me if you will, shout the social and economical conditions

#### Whom The Lord Leveth, He Chastens Lord Josus, My Biving Thanks is Everyday

Psalm 73:14 - All day long, have I been PLAGUED (strickened), and chastened, every morning.

After finishing patting out the deer sausage, I washed my hands and was drying them at the kitchen window looking at the fishing tank. It had been misting rain all morning; now the sun was out and I said, "I came down to fish and didn't; was to see my football games and didn't. I'm self-employed and don't have to go to work tomorrow. I'll stay overnight; so let's go fishing."

They gave me the best spot; where when you throw feed in, you can see the backs of Jishes ten to twelve inches, under the hig tree. This was where my grandfather would sit when he fished. He was Rev. Billy Morrison the first.

I threw my hook in and my dog and my grandfather's dog were fighting. My grandfather died in 1976, and his dog was fighting my dog who was in heat. I looked around and said, "Papa's dog is trying to make some little one, but my dog is putting up a fight." When I said that, I heard a crack. I didn't say it any attention. Then I heard it again, louder. Now I knew it was wood breaking, but I didn't look around and it came again even louder, "c-r-a-c-k!" I then looked around at the middle of the tree, and I didn't see anything breaking, so I looked up into the tree and the.. came a falling branch about 18 feet long and 12 inches round it was coming at me. I hollered, "Look out" Then I jumped back. It fell about 5 feet from me, and it scared us. Mrs. Cohelia spoke. "B. J., you know when you mentioned your papa's nan-e, it happened. I said, "The Lord don't want us fishing on Sunday." Then I recled in my lina.

I was standing there looking into the water and the sun was shining on my back and it was warm. I said, "The sun feels good." Now I didn't boow wnether I meant me, the son, or the sun on my body, but I walked over between my father and his wife and said to them, "I hear tell y'all have a problem." They said, "Yes, we do." They kept fishing and I was felling them that even the big nations take time out to talk ove whatever the problem is, and that's what they needed to do.

Wee talked and I was standing there with my rod and reel in my hand when I heard a horn blow near the house sitting across in front of the fishing tank. If anyone was there you could not see them. We all looked up toward the house and the horn blew again. Something icy cold came over me. My Dad said, "That's Preacher's horn. He's going to 3 o'clock service and if no one is home, he'll go on." But I said, "It's Preacher's horn or Gabriel's horn. That's my horn."

"Something just told me to go to Pallas." He said, "You're kidding." I said again, "That's my horn I've got to go." I shook hands and hugged them and said, goodbye. (I remember my school teacher, Mr. George Scott, Jr. of Dunbar High School, telling us, when we'd come into the room just at the sound of the bell, "Don't y'all be late when Gabriel blows His horn.) #### Sadom & Homosexuality

A determined affort to remove the sinfulness of homosexuality is being waged by a comparitively small but vociferous segment of society eday. And the "media" is doing their share to help them to be heard. A feature article in the Sunday Avalanche-Journal on June 13, 1982, p.5-9, is a case in point. Book reviews, movies, and TV interviews of authors of the broks and movies are becoming more and more common. The article in the AJ points out that the Methodist, Catholic, Mormon, Episcopal and "Evangelical Protestant" churches each have "ministeries for homosexuals and most of them have active"chapters" here in Lubbock. The homosexual population of the city of Lubbock is estimated to be 15,000. This only goes to show how sinful Lubbock is getting to be, and how much more like Sodom it is becoming every day!! We will discuss Sodom in a minute.

The article features an interview with Mr. Sam Archer, a minister of Homosexuals for the Episcopal Church Mr. Archer "feels it is just a matter of time" before homosexuals are accepted in the ministry of many churches and homosexuality will be accepted "as not being a sin." All opposition to this sin and churches accepting it "as not being a sin" is blatantly branded as "outragaous discrimination" Mr. Archer brazenly perverts the Scriptures and then accuses all who disagree with him as "misunderstanding the Bible" and proof texting" or "taking verses out of the Bible." Mr. Archer's real attitude toward the Bible is clearly shown when he says that "Paul, in our society is flat wrong" He further tries to dispense with the teaching of the Apostle Paul by denying that he was inspired. He thus repudiates \*\* Divine inspiration of the Bible. So, in one breath, Mr. Archar pretends believe and respect the Bible as the Word of God and in the next : is denying it and asserting his disrespect for it. This typical of all who try to justify sin by the Bible

#### What Does The Bible Say?

First let us note that Sin is Sin no matter how many people or churches decide it is not! And the Bible teaches in language clear and plain that homosexuality is a perversion of sex and is a sin. It does not matter what I think or what you think about it, that is what GOD SAYS ABOUT IT in His inspired book, the Bible.

"SODOMY" Is defined: "Hebrew, Kadesh, a male temple prostitute. A Sodomite was one who practiced that unnatural vice for which Sodom became noted (Gen. 19:5). Though not names as such, it is referred to in Romans 127. God strictly forbade this practice (Deut 23:17). Usually the practice was in connection with heathen worship, and its presence was a sign of departure from the Lord (1 Kings 14:24). Zondervan Bible Dictionary, p. 801). See also, Wycliffe Bible Ency. p. 1604: Peloubet's Bible Dict., p. 640. etc.

#### Homesexuality in Sodom

Let us now consider whether homosexuality was the sin of the men of Sodom in Genesis 19:1-11. Let us simply read some of this passage. But nefore they Lay down, the Man of the city, even the man of Sodom, compassed the house round, both ald and yound; all the people from every quarter: and they called unto Lot, and said unto him, where are the

Men which came in to thee this night? Bring them out unto us. That We May Know Them" (vss. 4-5-. Now in what sense did tiley want to "know" them?) Let's read on, "And Lot went out at the door unto them, and shut the door after him, and said, "I pray you, brethen, do not so wickedly." (Would it be wicked for the men of Sodom to get to know these angels in the sense of getting acquainted with them?) "Behold now. I have two daughters which have not known man; (now we see the sense in which to know is used) let me, I pray you, bring them out unto you, and do ye to them as is good in your eyes: only unto these men do noming (so we see that these men of Sodom wanted to "do" something "unto" the angels, not just get acquainted with them) for therefore came they under the shadow of my roof" (vss. 6-8)

It is obvious to any reasonable person that this is a case of mon seeking sexual gratification with other men - homosexuality -- even to the point of turning down the virgin daughters of Lot. Now, who can read this account and sensibly deny that homosexuality was the sin of Sodom?? It certainly was not the only sin of Sudom, but it was the prevalent one, and the one which brought God's wrath upon it. All of the modern libertines to the contrary not-with-standing!

#### Others Passages

Lev. 1822 - "Thou shalt not !!a with mankind, as with womankind, it is abomination."

Lev. 20:13 - "If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination they shall surely be put to death; their blood shall be upon them."

This was God's law in the Old Testament, and if any seek refuge in the fact that this is found in the Old Testament, let us notice what is said in the New.

Romans 1:26-32 - "For this cause God gave them up unto vile affections; for even their women did change the natural use into that which is against nature; and likewise the men, leaving the natural use of the woman, burned in their lust one toward another, men with men working that which is unseemly, and receiving in themselves that recompence of their reward which was meet ... who knowing the judgement of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them."

Notice the words that God uses to describe the sin of homosexuality; "Vile affections" Vile means "dishonor, despicable, degrading," and "affections" means desire or lusts. Both the "desires" and the "act" are thus described by God, and includes all such unnatural sexual acts regardless of the sex of the parties involved. Notice further, "against nature" and against the "natural use" of sex. And more: "curning lust," unseemly," "error," "reprobate mind," "not convenient," or "disfigured," and "not convenient" means "not fit" and "unrighteous" means "not

Read also: 1 Cor. 6.9 and Jude 7, etc.

So, let the libertines keep up their evil works; let the human churches keep up their condonation of sexual perversion; let the Scripture perverters continue to pervert the Scriptures and soft peddle this abomination. The judgement lietherhead, and whether you believe it or not, God will not have changed His mind about this matter. His Word "liveth and abideth forever" (1 Pet. 1:23), and shall live beyond the destruction of the earth (Matt. 24:35, 2 Pet 3:10-12). In fact, it will read at the judgment just like it reads now (John 12:48).

# Alds--Symptons And Transmission

A forty-eight year old black man, let's call him Mr. Smith, came to the Emergency Room one night with a cough. He'd been fighting what he thought was the flu for weeks but his cough had gotten worse and not even Formula 44 was helping. When I went in to exercine him he was coughing away but what really got my attention was this large ulcer on the right side of his face. He said it'd been getting larger for about a month with no sign of healing no matter what he did.

Then I soticed his mouth was infected with thrush, screading over the tongue. As you may know thrush in babies is common, but extensive thrush in the mouth of an adult should start bells to ringing. When you put that together with a progressive hacking cough, weight loss, and proformd weakness over many months, you've got to think of AIDS.

Mr. Smith was immediately hospitalized with a diagnosis of pnoumonia and nossible immune deficiency. A history of homosexuality made the diagnosis more likely and AIDS was later confirmed with the blood test for HTLV-IIi antibody

But having a positive HTLV—III antihody test alone does not mean

that one has AIDS. In fact there may be 2 million Americans today who test positive for HTLV-III who are apparently well. A positive test, however, does mean that you have a five to ten percent chance, estimated by the experts, of coming down with the disease at a later time. Approximately 60 per cent of homo: xuals, the largest group at risk, are serum positive but are apparently healthy. But their long-term outlook remains unknown.

What is known is that sexual exposure to a carrier of this virus encourages the passage of the HTLV-III virus from one person to another. The intravenous drug abuser who shares his needle with a carrier also fosters transmission.

Consequently, forgoing intimate exposure to people with known risk factors would seem prudent. This means avoiding homosexuality and Smiting heteror exual contact. It means not using shared needles when shooting drugs or better still, avoiding IV drug abuse altogether. More than 80 per cent of black patients with AIDS tall into one of these -

wrap and towel: let rest 5 minutes while preparing fill-

ing. Heat oven to 400°F.

In medium bowl, beat ricotta cheese and cream cheese until smooth. Add remaining filling ingredients: blend well. Uncover dough. On lightly floured surface, roll each ball of dough into 8-inch round. Spoon about ½ cup filling onto half of each round, spreading to within 1 inch of edge. Brush edge with water. Fold dough in half over filling; press edges to seal. Flute edge of each decoratively. Place on prepared cookie sheets. Brush each with beaten egg; sprinkle with Parmesan cheese. Cut 3 steam vents in top of each with tip of knife.

Bake at 400°F, for 25 to 30 minutes or until deep golden brown. Switch pans on oven racks halfway through baking time. (If crusts become too brown, cover with foil during last 10 minutes of baking.) Serve with cocktail sauce, if desired. (Makes 6 sandwiches.)

#### Cheesy Lasagne Pizza

#### Crust:

- pkg. hot roll mix
- 5-oz. pkg. spaghetti sauce mix
- 1 4 cups hot water (110 to 120°F.)
  2 Tablespoons oil

#### Topping:

- l lt. ground beef
- up water
- 1 8-oz. can tomato sauce 1 12 oz. canon (1½ cups) creamed cottage cheese
- 4 cup grated Parmesan cheese
- 4 oz. (1 cup) shredded mozzarella cheese

Generously grease 14-inch pizza pan or 15 x 10-inch jelly roll pan. In large bowl, combine flour mixture, yeast from foil packet and 1 Tablespoon of the spaghetti sauce mix; mix well. Stir in 14 cups hot water and oil until well combined. Turn dough out onto lightly floured surface. With greased or floured hands, shape dough into a ball. Knead dough for 2 to 3 minutes until no longer sticky. With greased hands, pat dough into prepared pan forming rim around edges. Generously prick dough with fork. Cover dough with plastic wrap and towel. Let rise on countertop for 15 minutes. Place oven rack at lowest position. Heat oven to 425°F.

Meanwhile, in large skillet brown ground beef; drain. Stir in ¼ cup vater, tomato sauce and remaining spaghetti sauce mix; simmer 5 minutes. Uncover dough. Spread cottage cheese over dough' spoon meat mixture over cottage cheese. Sprinkle with Parmesan cheese. Pake at 425°F on lowest oven rack for 25 to 35 minutes or until crust is deep golden brown. Sprinkle with mozzarella cheese. Bake an additional 2 to 3 minutes or until cheese is melted. Let stand 5 minutes before serving. (Makes 8

servings.)

AIDS Continued from Page 6

As of November 25, 1985, eighteen per cent of black AIDS patients (including Haitians) had no known risk factors. If Haitians were excluded than seven per cent of American blacks had no known risk factor. Forty-seven per cent of black AIDS patients were homosexuals and 37 per cent were noted to be IV drug abusers.

Contrast thase figures with the white AIDS patients. In that group only 3 per cent had no known risk factor. Six per cent were intravenous drug abusers and 93 per cent were gays.

#### PLEASANT NOME NEWS —East 14th And Sorth Ave. F.

Holy Greetings from the church where the motto is: "The church where everybody is somebody." I'm still living for our Lord and Master to forever be a Christian, led to be what God would have me

Thank God, we are here again to enjuy the days he has made for

The lesson this past Sunday was: "The Birth of Jesus." The scripture was taken from Matthew 1:18-25 and Luke 2:1-7. The key verse was "And thou shalt call his name Jesus: for he shall

save his people from their sins.

Matthew 1:21.

The attendance was great and everyone was at their place of duty. The morning devotion was led by Deacon and Sister Burleson along with Sister Wynne, who read Matthew 24:1-6.

A'tar call was prayed highly by Pastor Kelly. The choir sang great praises to our Lord.

God is still here in His Holy Temple. The morning message was delivered by our Pastor. He preached from the Book of St. Mark, 10:46-52. His subject — "Do It For Me Lord." He really preached as usual. It was a very spiritual sermon.

We had five beautiful visitors from Lubbock; the Queenan family. Please visit anytime. You are always welcome at Pleasant Home. You truly made our day.

Let us continue to pray for our sick and shut-ins in our church and surrounding community. They are: Brother! E. Smith is in his mother's home in Post. Sister Iona Smith is in her home. Others in their homes are Sisters Della Smith, Elizabeth Iles, Emma Griffin and Annie M. Taylor. Sister Lela Patterson is in Twin Cedars Nursing Home. In Golden Plains Care Certer is Sister Lizzie Milo, Sirlona Steel and Brothers Harry Trueblood and Mathaniel Wilson. Please continue in prayer for their speedy recovery.
