Mrs. J. C. Sale Complimented With Gift Shower At Stanton

STANTON, May 6.—Complimenting Mrs. J. C. Sale, who was Miss Cula Mae Basham until her marriage on April 24, Mrs. Morgan Hall and Mrs. J. A. Wilson were hostesses at a program shower at the Wilson home Tuesday afternoon.

Clusters of roses and other seasonal blooms were used in room decorations. Arriving guests registered in a bride's book covered in pink with the word "Sale" outlined on the front with tiny blue and pink forget me nots. The volume was tied with streamers of blue and pink decked with the same blossoms.

Punch was served from a cut glass bowl based on a reflector banked with red roses and honey-suckle. Miss Elva Laur Hall served.

Program numbers included: Piano solo, Georgene Bullock. Vocal solo, "Home on the Range," Mrs. W. C. Glazener.

Reading, Mrs. Witt Hines. Vocal solo, "I'm An Old Cowhand," Annie Marie Bullock.

The ranch theme employed in program selections was followed out in presentation of gifts to the honoree and was in reference to the bridegroom's association with the Dickenson ranch.

Costly Jewels, Gorgeous Gowns Seen As Coronation Launched; Abbey Is A Treasure Chest

Fourteen American Debutantes Make Bows Before King And Queen After Presentation By Mrs. Robert Bingham, Ambassador's Wife

LONDON, May 6 (AP)—Millions of dollars worth of jewelry and costly gowns will be worn in the coronation social marathon just launched, and the precious stones promise to turn somber Westminster Abbey into a glittering treasure chest at the crowning of George VI next Wednesday.

The coronation social season opened in the gold-decked ballroom of Buckingham Palace last night when 500 debutantes, including 14 Americans, made their bows before King George and Queen Elizabeth in the first of three royal nights.

Every woman at the abbey ceremony—from the queen down—will wear the most precious jewels she owns; tiaras, necklaces and bracelets.

The famous Kohinoor diamond worn by Queen Mary for 25 years will flash from the queen's new platinum crown.

It is set entirely with diamonds, topped by a jeweled orb and cross mounted on the summit of gem studded bands above the purple velvet cap. Queen Mary will wear jewels estimated to be worth more than a million dollars.

Diamonds and pearls were predominant choices of the distinguished women who will set in Westminster Abbey. These do not clash with the colorful robes. Of course, there will be rubies, emeralds, sapphires and aquamarines.

One countess will wear a necklace and headdress of pearls, another a tiara, necklace and earrings of pearls and diamonds—and so on through a dazzling galaxy.

The coronation debutantes received the thrill of their lives when they curtsied before the king and queen last night. For the Americans, who were presented by Mrs. Robert W. Bingham, wife of the U. S. ambassador, the brilliant ceremony climaxed several weeks of study in deportment and costume assembling.

The court began at 9:30, when the king and queen and other members of the royal family walked in procession from the state dining room to the ballroom with the Lord Chamberlain. Great officers of state walked backward before them.

A hush fell on the throng as a string band of the Scots guards played the national anthem and their majesties ascended their thrones. The Lord Chamberlain announced the name of the first woman to pass the dais and the first court of George VI's reign had started.

The second court will be held tonight when women from Australia, South Africa and Canada will be presented in keeping with the king's desire that dominions take active part in the coronation season. The third court will take place July 1.

The social representation included Rev. and Mrs. C. A. Bickley, Rev. C. N. Morton, Mr. and Mrs. R. L. Warren, Mr. and Mrs. C. E. Thomas, Mrs. C. E. Talbot, Mrs. Fox Stripling, Mrs. J. E. Davis, Mrs. Carl Williams, Mrs. M. L. Musgrove, Mrs. A. C. Bass and Miss Nellie Pickett.

Semester Rule
May Settle
5-Year Fuss

BY TOM BEASLEY

THE DISTRICT 14 interscholastic league football executive committee may have found the solution to the semester bugaboo that has split the sector the past five years when they passed a rule recently which directs district football champions to those eleven from schools requiring their players to count eight semesters beginning with the eighth grade. It means that Port Arthur boys must start counting their eight participating semesters in the eighth grade instead of the ninth, thus barring seniors, or twelfth grade students, from participating in district football competition.

Beaumont school officials, enjoying their victory to the fullest sent out clippings of a story written by Beaumont scribe, part of which follows:

"The rule also affects Goose Creek, which will go 12 grades in September, but it will be another five years before the full effect is felt because the new grade in Goose Creek is being inserted between the seventh and eighth grades.

"The rule may have ended the long squabble that led to the severance of athletic relations between Port Arthur and Beaumont high, or it may just have started it. Sabine district fans hope that Port Arthur and Beaumont high can now find a way to meet on the gridiron this fall. Beaumont is willing now that the semester inequality, long a thorn in their side, was removed with the committee ruling.

"The district executive committee is all powerful. That, the state executive committee says, and there is no appeal from a district executive decision except in two cases. Tardy certification of the district champion and questions of player eligibility. Otherwise the district executive committee is a law unto its own and settles its own problems without interference from the state executive body, agricultural, semester ruling or anything else.

"Knowing this, the district executive committee took action on the semester question that caused a rift between the Purples and the Jackets and would lead to a similar split with Goose Creek high school this fall. Goose Creek will go 12 grades in September, like Port Arthur. The committee also voted that the new rule would go into effect immediately, which means that Port Arthur senior riders will not be allowed to participate in district football competition this fall. Port Arthur sought to have the enforcement of the rule delayed a year, but it was voted down.

"The new rule brings up a lot of questions. Since District 14 is the only sector that has passed such a semester rule, seniors at Port Arthur in competition outside the district, though not eligible within the district, provided other sectors do not follow District 14's suit. To win the District 14 grid crown, Port Arthur must have all 12-grade players and start their semester eligibility at the eighth grade instead of the ninth, as heretofore. There are a lot of complications and ramifications that can arise from the rule.

Whether Port Arthur will do this remains to be seen. They are sick with their 12-grade athletic setup, which is all right in the eyes of the Texas Interscholastic league, forfeit their right to participate in the state championship race and play a free-lance schedule as the Purples did last year. That's dealing in futures, however. It's a five-year fight and the first decisive victory that Beaumont high, leader in the fight to correct the semester inequality, has scored. It may be permanent and then again it may be only temporary. Sooner or later the Texas Interscholastic league must take a hand, regardless of how much they hate it. Until the state rules are changed, the district ruling will stand. There is no chance to change the rules this year and the eighth-grade eight-semester rule will be in effect during the 1937 campaign."

YANKS ADD RUFFING AND TAKE OVER FIRST PLACE
DIZZY DEAN WINS GAME FROM BEES

By SID FEDER
Associated Press Sports Writer

Even the most veteran viewer - with alarm couldn't find a thing to worry about today for those New York Yankees.

On top of the return of their hitting power and the unusual skill of their supposed question mark pitching staff, the world champions were as full of cheer as a Christmas punch bowl over the red-ruffing their No. 1 hurler of 1936.

Last year, the Yankees showed signs of lagging now and then, when they were tangling with tailenders. But each time they came up against threatening rivals, they went to work like a gang of longshoremen. They haven't changed a bit. They started their first western invasion three days ago in second place, a game back of the Tigers. Given the nut they love best to crack, they walloped the Detroiters twice in a row, turning in a 7-3 win yesterday, with George Selkirk socking two homers and Monte Pearson posting an eight hit, eight strikeout performance. That dropped the Tigers into second place and pulled the swat squad to the top by a full game.

Dis Stars Again
Although pitchers generally came a dime-a-dozen on yesterday's big league program, the great Dizzy Dean and Cy Blanton, along with Pearson, were notable exceptions. Dizzy had little trouble with the Bees, aided by five gas house gang homers, turned in his fourth straight victory, a 13-1 win over the Boston Bees.

Blanton, top flinger on the Pittsburgh Pirates' crack staff, fanned eight and allowed but five hits in pitching the Bees to a 5-1 win over the Brooklyn Dodgers, their fourth straight, to keep the Pittsburghers a game and a half in front in the National League.

The New York Giants pitching in the person of fat Freddy Fitzsimmons and his knuckle ball, was given a thorough going over by Cincinnati's aroused Reds. With Alex Kampouris clubbing two of four Red homers, the roughhouse Reds won their second victory of the season, 8-5, over the National League champions. Also in a hammer-hammer mood were the Cubs, who belted the Phillies, 4-1, to stretch their streak to five straight.

Outside of the Yanks-Tigers to do, the only other American League game was in Chicago where the Athletics staged a six-run rally in the eighth to top the White Sox, 7-4. The Red Sox-Louis Browns and Washington-Cleveland Indians tilts were rained out.

MUD HENS ON BREWERS' HEELS

CHICAGO, May 6 (AP)—Toledo's Mud Hens in the American association were on the heels of the league-leading Milwaukee Brewers today.

Southpaw Alta Cohen hurled a 3 to 1 victory over Minneapolis yesterday, and enabled them to jump past the Millers and Indianapolis into the second spot. The Indians dropped a 6 to 3 decision to Kansas City.

Milwaukee, boosted into the lead by Ted Gullie's homer with the bases loaded in the first inning, defeated Louisville, 5 to 3, for its sixth straight triumph at home.

Columbus made it two straight over St. Paul, 7 to 4, backing up Morton Cooper's effective pitching with timely hitting off Babe Phelps.

Phil Page of Kansas City, out-pitched Vance Page of Indianapolis to give the Blues their victory.

JACK DEMPSEY TO STAY IN MAINE CAMP FOR GOOD REST

By EDDIE BRIEZE

NEW YORK, May 6 (AP)—Jack Dempsey is so worn out from running around the country refereeing wrestling matches, he's going up to Charley Miller's Maine camp for a good rest. Last time Jack was up there he shot three deer. Jesse James (not the guy with the horse) but a wrestler from Texas, has the gas duff with his looks. He gets almost as much mail as Clark Gable. Looks like Lou Ambers will be at least 12 to 5 over Tony Canzoneri tomorrow night. Brooklyn, the hose, like his pals the Dodgers, has passed out of the picture.

Pie Traynor should have got tough a couple of years earlier. He's been what the boys call a hard boiled egg this season and look where those Buccos are roosting. Lee Handley and Johnny Dickshot have supplied the winning punch. If the Dodgers never see Morris Aronovich of the Phillies again it will be soon enough. He got 13 hits off the Flatbush pitchers in six games. When Johnny Marcum of the Red Sox went to fill out his social security blank, he couldn't remember his pop's name. "Seems to me they call him Ben," said Johnny. "Benjamin?" asked his helper. "No," replied

'Tucky Derby Favorite Differ, But Horses Win

LOUISVILLE, Ky., May 6 (AP)—Two horses, having little in common, held the spotlight today as the rapidly increasing Kentucky Derby crowd battled long and feverishly over the probable outcome of the \$50,000 turf classic at Churchill Downs Saturday.

The pair are Samuel Riddie's War Admiral, red hot favorite, and Mrs. Ethel V. Mars' Reaping Reward, still the second choice despite his defeat in the Derby trial. The boys give Louis his due as a game guy. For along the way to the title Lou encountered more than his share of rough spots.

Over at Summit, N. J., where he is training, he looks better than ever. Never a hard puncher, he swarms over his opponent, hitting with both hands. No one is paying much attention to him. It is all Canzoneri, the great one, making what many hope will be his last appearance against Ambers or any fighter.

Canzoneri, the grand old man of mayhem, is taking most of the bows now, but along cauliflowerer way they're picking Luigi as a man nothing can stop.

Tony Taking Laurels From Lou Ambers

LOUISVILLE, Ky., May 6 (AP)—Lou Ambers, a rough-hewn little giant with the energy of a bumblebee and the persistence of a mosquito, is fighting Tony Canzoneri in defense of his lightweight title Friday night, but unless you read the papers carefully you'll miss his name.

San Antonio, Dallas End Losing Streak

By the Associated Press
Where they play today:
Tulsa at Beaumont,
Oklahoma City at San Antonio (night).
Fort Worth at Galveston (night),
Dallas at Houston (night).

It looked like mutiny yesterday when two clubs climbed out of the staircase long enough to slap down rival upper-deck teams of the Texas league.

A smiling young fellow named Al Baker led the revolt for the Dallas Steers. In a mastery three-hit performance he set Houston's Buffaloes back on their heels, 2 to 0, and thereby applied the brakes to a Steer losing streak that had anchored Dallas firmly in the cellar.

Only in the ninth, when he walked two men, did Baker wobble. He promptly applied the pressure to retire the side.

San Antonio also found the time for ending a four-game losing streak, scalping the Oklahoma City Indians 10 to 4. The pitching on both sides was fair until the seventh inning, when the Missions banged out three hits and combined them with three walks that netted five runs. Jack Brillheart was the pitching victim in this inning, and his successor, Ash Hillin, was worked for two runs in the eighth.

Harry Kimberlin kept the Indian hits down to eight.

Homers Swamp Bucs
Fort Worth rallied on home runs to swamp Galveston 13 to 4. Three were on Benny McCoy caught one of Jakucki's heaves in the opening inning. Six more runs went to the Cats in the next frame, four the result of Carl Fairry's homer with the bases loaded. Manager Homer Peel and Jerry Moore contributed homers a little later.

The two top ranking clubs, Beaumont and Tulsa, battled it out in a mediocre game that finally went to the Texans, 10 to 6. Mark Christman, Shippert shortstop, did his share with a single, double and triple. Tulsa hit 14 times but let 12 men die on base.

Ruffing's Pay Envelope Trimmed For Lost Time

DETROIT, May 6 (AP)—Charley (Red) Ruffing, last major league holdout, donned a New York Yankee uniform again today after signing a 1937 contract in which the baseball club made no concessions.

The big right handed pitcher, who won 10 games for the world champions last season, signed last night for \$15,000 but was docked for lost time.

It was estimated Ruffing lost approximately \$1,500 for reporting late. His salary was increased \$3,000 over last year's, but he lost half the increase by holding out.

Observers said the business office gave in to McCarthy's plea that Ruffing be put on the payroll at once without being penalized further while he is getting into condition.

Teams 'Get Even' In 2nd Day Of Play

Odessa Edges Out Midland, 9-3; Manager Davis Banned From Field

Wednesday was "get even" day in the West Texas-New Mexico baseball league as Roswell trounced Hobbs, 5-1. Odessa edged out Midland, 9-3, and the Monahans Trojans trounced the Wink Spudders in a wild demonstration of scoring, 23-16.

Roswell evaded matters with Hobbs by riding through on the nine pitching of Scott. He allowed only four hits and had Hobbs slugged until the ninth.

Odessa tripped Midland by counting all its nine runs in the first six innings. Midland scored two in the eighth. It was a battle of home runs, with no less than six circuit clouts registered. Manager Joe Davis, Midland, was banished from the field.

Baylor Line To Be Stone Wall Type

'The Good Old Baylor Line' Will Be More Than A Song

(Editor's Note: This is the sixth of a series, developed after spring practice, on football prospects of the Southwest conference.)
WACO, May 6 (AP)—Mathematical rules to the contrary notwithstanding, the shortest distance between two points will be a circuitous route this fall, so far as the "good old Baylor line" is concerned.

Coaches of opposing teams had best plan their attack around tactics other than line-answaring, in the opinion of Baylor supporters. Even Morley Jennings, Baylor mentor, will admit the Bears should have a strong forward wall—which is saying a good deal.

"I'm sure that we'll have one of the best lines in the conference next fall," says Jennings. "If I can find a really capable center."
The means of eliminating the conditional clause appeared to be six foot, two inch Hoyt Williams of Olney, now leading the candidates for the pivot position. Williams improved rapidly during the spring drills.

The departure of Lloyd Russell, gazelle of the backfield, leaves a wide gap in that department. Norman Wood, reserve letterman, probably will take the fourth place, joining the veterans Bubba Gernard, Carl Brabell, and young Billy Patterson, sophomore sensation of last year.

Greatest Wing Team
Baylor promises to have the greatest wing team in years in Sam Boyd, who established himself as a superb defense performer despite appearance in only three conference games last fall because of a trick knee, and Cotton Kimbriel, tall pass-crier.

Emmett Krieger, regular guard in '36, will be moved to tackle post, coupled with Hervey Blue, 210 pound senior from Quanah.

Taking care of the guard positions will be Foster Coleman, Billy Foster, Joffre Boles, squadmen last season, and Bobby Taylor.

Jennings hopes that with "the good old Baylor line" again more than a song and Patterson, defense passer, possibly solving offensive problems, the Bears will again carry conference teams.

Lack of reserves may handicap them but the "paper" possibility that they may finish above their third place of last season is not remote.

'LONG TOM' THOMAS IS CALLED BUM

By BILL BONI
NEW YORK, May 6 (AP)—Unrest is seething in Flatbush.

The home of the Brooklyn Dodgers is seething with dissatisfaction and strong language, all aimed at the over-and-unseasoned hirelings who make up the best team Manager Burleigh Grimes has to offer.

The boys who put their cash on the line aren't sore at Burleigh. Their ire is directed at the directors, officers and other high-ups.

"It ain't Burleigh's fault," said one of the few thousand who grumbled their way out of Ebbets field yesterday afternoon after seeing Pittsburgh's Cy Blanton set the Dodgers down with five hits and one run. Brooklyn hitters six times leaving men stranded.

"Now, he ain't to blame. Who could make a team outta them bums? He's only got one ball player, an' that's Mungo," said the response. "Why don't they loosen up and buy some ball players?"

"They aren't loosening up, however. So the fans center their verbal attention on the principal "culprits."

Chief one, at the moment, appears to be John Thomas (Long Tom) Winslett, the gangling, big-wristed American association center who hasn't dented a soap bubble so far this season.

When Long Tom fanned for the first time, the cry was "get that tramp outta there. He can't field and he can't hit."

When he struck out a second time, his return to his left field post was greeted with jeers, sarcasm and a shower of shredded paper and peanut shells.

When Paul Waner hoisted a fly his way in the ninth, the fans roared as one, shouting, "Emme look, Emme look, I wanna see if the bum can catch a ball."

When he singled in the last of the ninth, only to go out as Randy Moore hit into a double play, they acted as if they didn't believe it.

Moore, a converted outfielder now catching, lost a high pop in the run. "That's the Dodgers," wailed the customers.

Couples In A Hurry To Marry Can Generally Be Accommodated In A Neighboring State, If Not In Own

CHICAGO, May 6 (UP)—Couples who just can't wait to wed can find a Gretta Green just across the border of almost any state in the union, a national survey of marriage laws showed today.

In more than half the states the only requisites for marriage are the desire, the spouse and the price, despite recent agitation for stricter marriage laws.

A few states bar inter-racial marriages or require physical examinations. Some refuse licenses to school children without written consent of their parents.

Judge Joseph Sabath, nationally known as an advocate of uniform marriage and divorce laws, said: "One of the most dangerous threats to American home life today is the gin marriage. Young couples attend a dance, drink too much and then on a dare skip across a state line to be married. When they wake up the next morning they often face years of misery. Such a law would stop this," he said.

"It would work a hardship on no one, for any couple planning marriage certainly could not object to a wait of three or five days."

Several states recently acted to prevent "gin marriages," notably New York, Maryland, Tennessee and West Virginia. Bills aiming at tighter restrictions were pending in Illinois, Florida, Missouri, New Hampshire, Oregon and South Carolina. Measures to repeal present laws are before the legislatures in California and Maryland.

The present session of the Tennessee legislature passed a three-day law after a furor arose because of the marriage of a 10-year-old girl to a man almost three times her age.

California, Oregon and Minnesota are the only states west of the Mississippi that have any restrictions. In Washington anyone from anywhere can marry at a moment's notice. It was in Washington re-

cently that a 14-year-old child married a 39-year-old negro.

Its neighbor, Oregon, requires three days notice before application and a five-day wait for issuance of the license, the longest period demanded by any state, although a bill before the Missouri legislature would ask 10 days notice. Nebraska had a 10-day law in 1923 but it was repealed two years later.

A bill passed by the Illinois senate would require from three to 30 days notice of intention to wed.

Man Charged In Slayings

Texan Kills Wife And Neighbor When Finds Them Together

DECATUR, May 6 (UP)—A second murder complaint was filed today against G. F. Harris, 52, who admitted to officers he shot to death his wife and a neighbor when he found them together yesterday. Assistant County Attorney F. W. Burton prepared the charges, filed before Justice of the Peace Tom McCracken.

Harris was charged with the murder of Ruth Harris, 46, his wife, Ernest Taylor, 45, farmer living near the Harris home, died of head wounds a few hours after the shooting.

Harris said he discovered his wife and the man in a ravine near his home and shot after calling Taylor by name. Mrs. Harris died instantly. Harris walked two miles to a phone, he said, and called officers. He told Burton and Sheriff George Young he had discussed the affair with his wife and Taylor and had agreed to leave her.

When he came home yesterday from his part-time PWA job, he said, he discovered his wife was gone. He borrowed a shotgun and shortly afterward found the pair together.

Radio To Link All Countries To Coronation

Estimated Half-Billion To Listen In On Ceremonies May 12

LONDON, May 6 (UP)—Five hundred million people, it is unofficially estimated, in every country of the world will listen in to the Coronation on May 12.

Commentators from 15 countries will describe the happenings in 14 languages through 58 microphones which necessitate 472 miles of wire connections and 12 tons of other special equipment. Some Eskimos in the Arctic wastes will hear the same things as the natives in Central Africa. The Africans' radios are switched on automatically, leaving them the alternatives of listening or putting a spear through the offending "magic box."

The broadcast will be available to those at sea, in the air and even to a group of cave explorers who will listen to a radio 400 feet below the ground. All these audi-

ences have been made possible by the plans of the British Broadcasting corporation, which is preparing for the most complicated and extensive broadcast yet undertaken by the corporation.

Post Set Up at Palace
The descriptive part of the Coronation Day broadcast will start at 10:15 a. m. (4:15 a. m. E. S. T.), at which time an announcer in a specially constructed observation post overlooking Buckingham Palace will describe the activities there as the procession moves down the Mall. The arrival of peers, commoners, Dominion representatives, foreign royalty and other important personages at Westminster Abbey will be described before King George VI and Queen Elizabeth make their appearance in the palace courtyard at 10:30 a. m. (4:30 a. m. E. S. T.).

An observer inside the precinct of the Palace will announce the entrance of Their Majesties into the ancient, gilded state coach and their departure for the Abbey. Other commentators will pick up the royal party as it passes along the crowded route, while special "effects" microphones will record noises of the streets to add a realistic touch to the narrations. To relay these descriptions, two separate control rooms are being established — one, for the home and empire programs, in a room on the southwest side of the nave of the Abbey, and the other, for foreign commentators at the Mid-dlesex Guildhall nearby.

Changes Will Be Possible
Installation of equipment was carried out in such a way that last-minute changes in the observers' positions and require-

ments could be met without serious dislocation. In these two control rooms are panels on which will terminate all lines from the abbey itself and along the route of the procession.

Amplifiers will magnify the weak currents from the microphones to make it suitable for feeding to the connecting control rooms of broadcasting stations. The program will also be fed to each observation post so as to assist the announcers in maintaining continuity.

The foreign panel will be connected with telephone and cable lines, linking them to their respective countries. In addition to the descriptions in English for American stations, the program will be announced in Czech, Danish, Dutch, Finnish, Flemish, French, German, Hungarian, Japanese, Norwegian, Spanish, Swedish and Yugoslavian.

Of the 58 microphones, 29 will be in the Abbey. This large number is necessitated as there will be considerable movement and it is also hoped that this number will enable the listeners to hear the King's voice as the service progresses.

Service May Be Heard
The description of the actual ceremony will be made as well as of the entry and exit of the procession to and from the Abbey. It will be the first time that a radio audience has heard the service. The return from the Abbey to Buckingham Palace will be broadcast in a similar manner as the trip to the Coronation. The final part of the broadcast will be between 3:30 and 4 p. m., when the appearance of Their Majesties on

the balcony of the Palace will be described. To insure against a possible breakdown, a large number of the many circuits will be duplicated. The installation and maintenance of this equipment is being accomplished by a corps of B.B.C. engineers who also are responsible for the loudspeakers which will be along the route to keep the millions of spectators informed as to happenings on other parts of the route.

COUNTY COURT IN SESSION AT STANTON

STANTON, May 6.—First session of county court to be heard since the induction of Judge C. E. Storey was held here Tuesday with a light docket reported.

One case was appealed from the justice court and waived jury trial. Several cases were held over to another session.

Next session will be heard Monday, Aug. 2.

ASSESSED 20 YEARS ON SLAYING CHARGE

FORT WORTH, May 6 (UP)—Raymond Cameron, 21, was under 20-year sentence today for the blackjacking slaying last October of Clyde L. Johnston.

In a previous trial of the case Cameron and Leroy Wells were given 25 years but the court allowed a new trial on the grounds of jury misconduct. Wells will be tried later.

Methodists Vote Over A Million For Missionary Work

NASHVILLE, Tenn., May 6 (UP)—Members of the board of missions, Methodist Episcopal church, South, dispersed today after the close of the board's 81st session which voted to send \$1,069,537 in missionary work during the coming year.

A total of \$794,292 was set aside for "general appropriations" while \$795,145 was designated for use in the "women's section" of missionary endeavor.

The appropriations are approximately the same as for 1937, the board said, although the financial condition is improved because of the recent bishop's crusade, which yielded nearly \$400,000 from free will offerings to missions.

This sum, Bishop Arthur J. Moore, who directed this phase of the crusade, said, is to be used to retire a debt the board acquired during the depression years.

Bishop Moore reported that every active missionary is doing the work of from three to five persons and added that recent cuts in appropriations resulted in a decline in church membership in Europe and put the younger churches under a financial strain.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day of about 3 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, numbness, loss of eye and ear energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

It's Strawberry Jelly Time But Carelessness May Cause Weeping

There are still some very good cooks around the country who ask the same question every year—"Why does my jelly weep?" Weeping jellies are every bit as bad as weeping babies, and no woman waits either one of them in a well-organized household.

A tear or two never harmed a perfect jelly—the separation of a small amount of syrup is quite normal. The tears in themselves are nothing to worry about—unless yeast and mold start growing on the seepage. To prevent this, do not fill the glasses too full; cover well, and store in a cool, dry place, free from dust and mildew.

BUY MEAD'S Mity-Nice Bread
MILK MADE AND ITS FRESH

Excessive separation—the condition known as "weeping"—is due purely to carelessness in making. Perfect jelly is the easiest thing in the world—if you follow the recipe exactly. Always choose fully ripe fruit to start with—strawberries, naturally, at this time of year. If you measure by cup, try counting aloud—to be sure you get the exact amount of juice and sugar. Set the scale correctly if you weigh the ingredients. Always time your boil by the clock—don't guess. Inaccuracy today causes the fermentation of tomorrow.

Don't Make That Angel Food Cake Belie Its Name---Moist, Tender Texture Is Easily Attained

Angel Food cake is so delightful named that a picture of the finished product arises before our eyes at the very thought of it. To be true to its name, angel food should be light as a feather, delicately tender, snowy-white and mildly flavored. How many times the cake belies the name! Yet of all cakes, an angel food is the quickest and easiest to make. Some may prefer a pin point fixture, but for my part, a moist tender cake is the goal.

In our family, we have a division of opinions on whether white or chocolate angel food wins first place. This time of the year, when splendid fresh eggs are so reasonable in price, we can satisfy the entire family by alternating our recipes. The chocolate angel food is usually more tender and the yield will be slightly less than when the cocoa is omitted. During the berry season, angel food may be used in many different combinations with the seasonal berries. Angel food slices, strawberries and whipped cream is a heavenly shortcake. A "different" touch can be given to the tea table by pulling pieces of cake, about two inches large, from the cake by use of a fork. Toast these irregular-shaped pieces under the broiling flame until delicately browned. Serve hot with strawberry preserves, mellowed cheese, and fragrant tea.

Perhaps the novice at cake baking could best improve her technique by learning a few of the reasons for success. First, select fresh eggs because the whites are more easily separated from the yolks. This separating process is more easily accomplished when the eggs are cold. Leave the whites at room temperature for 30 minutes or more because they beat up lighter at that temperature. The flour and sugar should be sifted three or four times to avoid any lumps and separate the particles thoroughly. Cream of tartar acts as a bleach to whiten the cake and also helps to make the cake light. The egg whites may be beaten with a whisk or rotary beater, but avoid overbeating. The whites should be stiff but not dry. The sugar may be beaten into the stiff whites but the flour must be folded in carefully or the cake will be tough.

An important factor in the making of angel food is the baking. A moderate or low heat gives the best results. 325 degrees F. for 60 minutes is satisfactory for a cake made with 1 1/4 cups of whites. Some cooks use a higher temperature for a shorter period, but the beginner will have better success with the lower temperature. When the cake begins to pull away from the pan and springs back when touched at the top, the cake is done. Another test is to touch the bottom of the pan with a moist finger. If the pan sizzles, the bottom of the cake is done. Invert the pan on a rack until cold.

Angel Food
 1-1/4 cups egg whites
 1-4 teaspoon salt
 3-4 teaspoon cream of tartar
 1-1/4 cups sugar
 1 cup cake flour
 1 teaspoon flavoring

Chocolate Angel Food
 1-1/4 cups egg whites
 1-4 teaspoon salt
 1 teaspoon cream of tartar
 1-1/4 cups sugar
 1-4 cup cocoa
 3-4 cup cake flour
 1 teaspoon-flavoring

Sift the cocoa with the flour and half the sugar. Mix as for angel food.

LONDON BUS TIEUP LOOMS AS A THREAT LONDON, May 6 (UP)—Complete stoppage of London's buses until after the coronation of King George VI next Wednesday grows more probable today when a court of inquiry failed to decide upon the justice of the 25,000 strikers' demands. The court said evidence placed before it by the busmen to show they needed a seven and a half hour work day for health reasons was "inconclusive," but warranted further investigation. If an inquiry shows their health is being affected, the board said, "immediate steps should be taken to remedy the situation."
