## 'Around the Hub City'

It appears as though the month of June, 1966, will bear the title of 'convention month' for the Hub City, for there are two state conventions on tap for Lubbock. The Knights of Pythian will kick-off the month of activities here followed by the Caprock Lodge 1540 of Elks who will be host to the state Elks association.

Besides the two state meetings being held in June, during March another state meeting will be held in our city with Theta Kappa Lambda Chapter of Alpha Phi Alpha Fraternity being the host. This will be the first time in the history of fraternities in our city that a state meeting will be held here.

Caprock Lodge will also be host to the quarterly conference to be held here February 26th and 27th. This meeting will bring Elks from Dallas, Fort Worth, Wichita Falls, and Amarillo.

## UPO ENDORSES CLARK, MORGAN

It was learned last week that the Lubbock chapter of the United Political Organization of Texas will endorse two local candidates for the positions of chairmen of precinct boxes. Jackie Clark and Ben L. Morgan filed just before the deadline Monday before last, February 6th.

The Lubbock chapter is part of a federation of several civic and political organizations or local groups that banded together for promotion of political and civic activities. Through an affiliation of organizations, UPO solicits individual memberships.

In endorsing the above mentioned individuals the chapter feels as though an intelligent choice was made in support of both candidates for these key positions and that its judgement was based upon performance records and acceptance of democratic ideals.

Clark, a native of Dallas, is seeking the position of chairman of precinct box twenty. He has been employed at the Methodist Hospital as a medical technologist

# DEDICATION OF E. C. STRUGGS SCHOOL

The dedication ceremonies of the new modern E.C. Struggs Junior High School was held last night, February 16th, and the outcome of the program was highly successful.

Charles E. Brown, principal of Struggs, presided over the program. Special music was furnished by the E.C. Struggs music department which included the choir and string orchestra. The Reverend A. W. Wilson, pastor of Bethel AME Church, gave the invocation with the Reverend O.D. Hollins, pastor of Lyons Chaple Baptist Church concluding the program with the benediction.

Dr. Ishmeal Hill, assistant superintendent of Lubbock Public Schools, presented the special guests of the evening. The dedication of the seven hundred thousand dollar building was done by Mr. James R. Cochran, a member of the Board of Trustees of the Lubbock Public Schools.

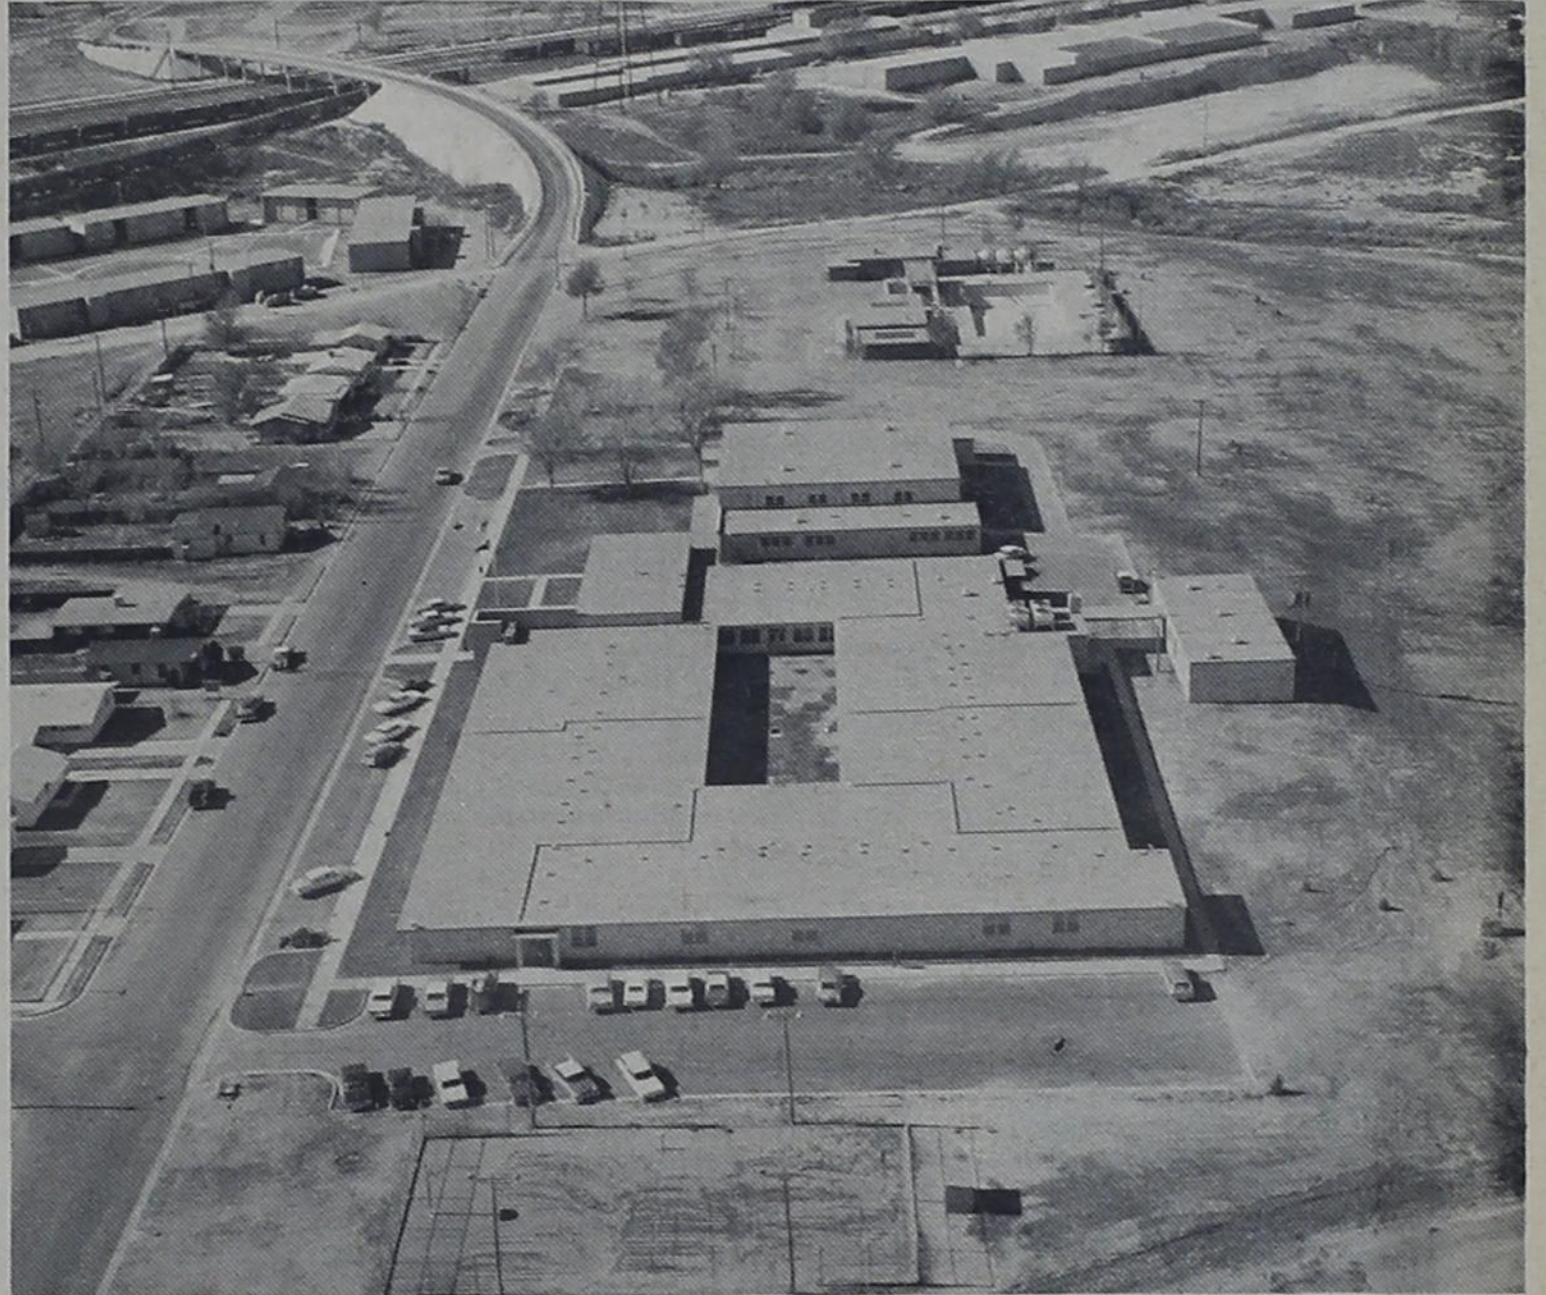

An appreciation speech was given by the president of the E.C. Struggs Parent-Teachers Association, Mr. H. M. Adams.

Parents and patrons are invited to visit the new building. Members of the E.C. Struggs Junior High School Student Council served as guides during open house. Refreshments were served in the cafeteria of the school.

The school is dedicated for Mr. E. C. Struggs who was principal of Dunbar High School for thirty-five years from 1930 to 1965.

E.C. Struggs Junior High School is located on an eight acre tract at the corner of E. 24th Street and Oak Avenue on land that originally was a part of Mae Simmons City Park.

The school was planned for an enrollment of 500 students, grades 6 through 9. It consists of three separate structures which contain administrative offices, fifteen

classrooms, two science laboratories, a library, study hall, home-making laboratory, band facilities along with shop building, cafeteria and gymnasium with physical education and athletic locker rooms. With the addition of classrooms, auditorium, chorus room and science laboratories, the building may be expanded to provide necessary facilities for eight hundred students in grades seven through nine.

The building is of semi-fire-proof construction of concrete and steel. The heating system consists of circulating hot water, and air conditioning is provided for the main academic building. Forced outside air ventilation is provided for all rooms. Fluorescent lighting, flush with acoustical ceilings, is provided in all areas of the building.

An enclosed court, which is accessible from the main corridor

and the library, makes it possible for all rooms to have windows, even the air conditioned ones. Gymnasium and shop facilities are located in separate buildings to isolate noise and are connected to the main building by covered walkways. The buildings are of compact design resulting in an efficient layout of economical construction.

The building, containing 61,363 square feet, was constructed at a cost of \$9.31 per square foot.

Clark feels that with the rapid change of progress being made in recent years, "I feel as though I would like to be a part of it." He went on to add, "We have an obligation to the younger generation due to this rapid change in education and living conditions that will require more in the future. I also feel that in order to build a better community and better citizenship

## Named Personality of the Month At Mary & Mac Private School

The personality of the month at Mary & Mac Private School is Cecille Joyce Graves, daughter of Mr. and Mrs. J.C. Graves of 1834 Manhattan Drive.

Cecille, Mary & Mac's first senior, is looking forward to graduating this May and has made plans for attending the school of veterinarian medicine in one of the colleges in Texas. She recently scored highly in a national examination given to all high school seniors.

Cecille is the president of the student senate, member of the Camp Fire Girls, and is active in many school activities. She is a member of the New Light Baptist Church where she sings in the senior choir.

She acclaims that one of the most wonderful moments of her life is when she said, "I feel as though I should step forward and do my share."

### MUST RUN AS MAN

Morgan, a Lubbock salesman, is seeking the position of chairman of precinct six. He has attended Wiley College at Marshall and Texas Southern University at Houston.

He is happily married to Mrs. Cleo Morgan, a school teacher at Ella Iles Elementary School, and they are the proud parents of two children, Alpha, their daughter, and Benji, a son. They reside at 3407 East 17th Street.

The Morgans are members of Bethel A.M.E. Church.

Morgan told a Times reporter that it is an avenue and that we have an opportunity to take advantage of it. "We are running as a man, other than a race."

Truth as old as the hills is bound up in the Latin proverb, "Necessity is the mother of invention." It is surprising what a man can do when he has to, and how little most men will do when they don't have to.

## 'GETTING THE JOB DONE'

Getting the job done will have to be the main purpose of any candidate seeking a position in our city government. In the past, our community has not had the opportunity to play an important role in our city government.

The filing of the candidates last week for community offices was one of the better incidents to ever happen in our community. This type of move among us should have come about years ago, but due to the many obstacles existing and the lack of competition in democratic leadership, we are just now beginning to awake politically in our community.

In getting the job done for our community there are a few things which we must take under consideration, namely; (1) there is a need for new ideas in order for more progress, (2) citizens will have a choice, to be able to select from the candidates presented in at least one race, (3) new leaders must be trained for the time when our present leaders step down (this is done in every other area of the city), and (4) hope that this challenge will be accepted in good faith and fairness to all concerned and that there will be good constructive and progressive platforms by all of the candidates.

We are big enough to take realistic views and accept competition among ourselves rather than being petty and naive with one another. This challenge to the older leadership is to exemplify themselves by sharing fairness and proper acceptance of the challenge of our younger men and to set the example by keeping the campaign clean and fair.

Let us hope that all of the candidates are willing to work, have good platforms, and let the citizens choose by their own choice which candidate they feel is best qualified for the office. Let the ballot box serve as the determinant and may the victor and the loser unite for a progressive and solid program for OUR COMMUNITY.

"Getting the job done" in our community is a great challenge, and lets all hope that the candidates can fill the bill for all concerned.

## WHAT NAIVE SPORTS WE ARE

Some of you so-called Dunbar rooters should be ashamed of your selfish responses given the Panthers after they were defeated last Saturday night by Kirkpatrick, 70-62. Although they lost the district tilt and a bid for the state championship at Prairie View---they are still our boys---and Panthers all.

The are contending 3AAA State Champions of last year, and they should be respected for doing such a tremendous job this year, especially after defeating our rival, Carver High School, at Amarillo... before a crowd that was very partisan.

All of their victories were not mere luck... it took an outstanding job of coaching and a great deal of effort on the boys part. The Panthers had to rely on only a handful of experienced players to carry the task as far as they did, but some of you naive spectators have been so blind as to give them little credit for a job so well done this year.

Let's start now by being behind the Panthers whether they win or lose, after all people... they need our help.

## 'Norm's Notebook'

FROM THE PUBLISHER'S DESK...

Probably the largest crime ever to be perpetrated on the American public today, both white and Negro is the present trend of the widely accepted mass communication coverage of a small group of Negroes. These people who seem to fill all the news space in our TV, newspaper, and radio reports give the public the impression that they represent the whole of the Negro community.

This is not true, as many responsible Negroes know. But the public has taken the attitude that this is the true character of the Negro as a whole and they therefore don't even take the effort to dig deeper into the feelings of the people.

I must agree that the attitude of responsible people, Negro or white, doesn't make good copy nor does it sell newspapers. But I must also say that just the coverage of, and the publication of, statements from only one side of any issue tends to align the public attitude against all peoples supposedly represented. For these reasons, I took the time not long ago to look up some more of the facts concerning the Julian Bond situation down in Georgia. He was, you'll remember, the Negro elected to the state legislature that didn't get his seat. In the course of research I found some very interesting facts.

Even after civil rights leaders had set up a "Citizens Committee for Julian Bond", new facts were coming to light in Georgia, where the now famous Mr. Bond lost his seat. With all the publicity and UN meetings going on in New York for Mr. Bond's benefit, the Atlanta (Georgia) branch of the National Association for the Advancement of Colored People (NAACP) let it be known that they had urged the legislature to bar Bond for defending draft card burners.

The statement, according to Human Events, was released by local NAACP President Charles E. Price:

A man cannot utter two or three sentences without disclosing to intelligent ears precisely where he stands in life and thought, namely, whether in the kingdom of the senses and the understanding, or in that of ideas and imagination, in the realm of intuitions and duty. People seem not to see that their opinion of the world is also a confession of character. —Emerson

"We are urging that action be taken to censure, expel or exclude Rep. -elect Julian Bond from his seat in the Georgia House of Representatives..."

The position taken (by Bond) is un-American and is unbecoming an elected official...

Furthermore, the statement is just another example of the lawlessness of the organization which he represents and it lends support to the suspicion that Julian Bond is immature, irresponsible and does not fully understand our system of government or the role of its elected officials."

Bond's un-American attitudes have not only won his audiences at the UN, with people most absurdly 'un-American', but have also helped Dr. Martin Luther King lose membership in SCLC because of his (King's) position on Bond.

The Rev. J. Lloyd Edwards, president of the Chattanooga, Tenn. branch of Dr. Kings' SCLC Southern Christian Leadership Conference, and the Rev. Robert Richards, a local SCLC official, announced their resignation with this sharp blast at Dr. King. Dr. Edwards declared:

"I must disassociate myself from any and all persons and groups who and which seek to destroy and refuse to defend our country. I hereby refuse to be affiliated with any organization which supports any-

one who does so. Any person who is disloyal to his country is not fit to be a citizen, not to mention holding an office."

So you see, not all Negroes are radical to the point of going along with outspoken people representing themselves as their spokesmen.

The dreadful part of the complete situation is that everytime the news media plays up what some 'spokesman' for the Negro race, both sides are not presented. It doesn't present a fair picture for those that don't go along with the 'spokesmen.'

Remember, six Negro legislatures were seated without any problems what so ever. But, like I said at the start, those didn't make good enough copy to sell newspapers.

The gem cannot be polished without friction, nor man perfected without trials.

—Chinese Proverb.

IT WENT LIKE THIS LAST WEEK...  
She Shoots Husband... Says it

Was Accidental...

A twenty-five year old woman shot her twenty-eight year old husband in the throat last week. She told authorities that it was accidental due to the quick firing of the pistol used.

Her husband, who was shot once in the throat, was taken to the hospital by a neighbor. The wife told police that her husband advised her not to say anything about the incident which was, according to her, an accident.

After talking to the woman at the hospital, the police decided to go check out the report given to them by the wife of the victim. She had admitted that her husband

had been cooking some eggs over the kitchen stove when the gun went off. One thing is for certain, there were no blood stains found in the kitchen, but in the bedroom there was, along with positive signs of a card game having been held there recently.

How does this grab you? Amos William Savage, 1710 Avenue D, told police that moments after he left his residence last weekend two men jumped him as he approached the sidewalk. One of the men hit him in the head and grabbed his wallet.

These unknown men must have really been surprised when they discovered that their booty contained only four dollars.

Savage told authorities that one of the men was about 5' 11" tall and that his nickname he could easily remember, because it was used frequently by the other.

**HOUSE BURGLARY...**

Delorse Dickson, of 414 Guava, told police that someone went into her home while she was gone. It was learned that Delorse decided to visit with a friend of her's next door. While she was away for a very short period of time she heard a noise and decided to investigate the matter. Upon entering her home she noticed that her black Admiral table model radio was missing.

**RESTRICTION OF PROPERTY**

The manager of the Tampico Terrace Apartments told police that he rented the apartment located in the 700 block of Avenue D, apartment #8, to Mrs. Emma Bowland who is employed at Porter Clinic.

According to the manager, she broke two windows, tore up the screen, destroyed the door, busted the lock, and ruined the walls in the apartment. The damage amounted to about \$100.00.

**Huston-Tillotson Represented at National UNCF Alumni Conference**

The Twentieth Annual Conference of the National Alumni Council of the United Negro College Fund is being held in Cleveland, Ohio, at the Statler Hilton Hotel from Thursday February 10 through February 12. The theme of the conference was "Increasing the Effectiveness of the Predominately

Negro College in Transition: Why? How?"

Huston-Tillotson College, a member institution of the United Negro College Fund, was represented at the conference by President John T. King; Mrs. Olive D. Brown, College Librarian; Dr. Connie Y. Conner, an alumnae and former president of National Alumni Council of the UNCF; and Miss Charlene Hamilton, student contestant for the title of Miss National UNCF. Many alumni of the college who reside in the greater Cleveland area also attended sessions of the conference.

The highlights of this year's annual meeting were a Keynote Speech by Dr. James A. Colston, Ph.D., President, Knoxville College during the general assembly on February 11; a corporate luncheon speech presented by Dr. Earl I. McGrath, Executive Officer, Institute of Higher Education, Teachers College, Columbia University; Former U.S. Commissioner of Education; and the Coronation of Miss National UNCF with the music furnished by the nationally famous Bishop College Concert Choir.

Saturday, the 12th, Dr. Melton K. Curry, Jr., President, Bishop College, addressed the guests at the National Alumni Recognition Luncheon. The conference closed that evening with entertainment: "UNCF Around the Town Revue."

**THEFT...**

At the Hilton Grocery, 1710 Avenue D, a lady, Ora Hilton, told police that sometime during last week someone had busted the back door of a house she owns at 1709 Avenue D. She told authorities that she had it rented to Janie Flores, but she had recently moved from the house. Hilton said that she had checked the house after Flores had moved and everything was in fine shape.

She believes that some of Flores' friends came back and removed the refrigerator and a small brown heater. She said that she did go to the residence of Flores and talk to her about the articles but Flores refused to let her in.

As far as the refrigerator and little brown heater...well, they are still missing.

**MAN SHOT...NO WITNESSES...**

It was discovered by a patrolman when he followed the ambulance as it carried a gunshot victim to Methodist Hospital Saturday before last. The patrolman learned that Clifton Cleveland aka been shot and was being carried to the hospital for observation.

Cleveland had been shot one time in the right shoulder with the bullet making an exit just under the right collar bone, along with being shot once in the lower side of the chest.

He remained on the critical list as late as Sunday afternoon.

No witnesses could be found at 3607 Zenith Avenue where the incident occurred.

London--It was the economics of the things that made a fashionable hairdresser discontinue sale of a popular tem here--wigs for the hairless-chested male.

The fad, which had been an instant hit, cost \$147 per creation. Hairdresser "Teasy-Weasy" Raymond, originator of the wig, found it cost more than it was worth to run the service. This was in spite of the fact that dozens of women clients had wanted the wig attachment for their males.

## College Talent Scouts

CAMPUS "TALENT SCOUTS" Regular recruiting program on college campuses have become standard practice as companies, large and small, seek to attract the best-qualified graduates in order to fill the gap between the present supply of trained people and the much larger and growing demand in both technical and non-technical fields. With keen

competitino among companies, especially for science and business graduates with the best potential for advancement, formal recruiting now may follow "pre-recruiting" activities, like the sessions three management representatives of Humble Oil & Refining Company recently concluded with the above faculty members and many other officials on the campus of

A&T College, Greensboro, North Carolina. From left to right above is William L. Morris, college placement officer, J. S. Toler, in charge of professional recruiting at Humble Oil's headquarters in Houston; Durward C. Archer of the oil company's Bayway Refinery at Linden, N.J., where he is head of the equipment - engineering group; James S. Avery, manage-

ment representative fo Humble from New York; and Dr. T. Mahaffey, chairman of the A&T College Department of Business. The Humble Oil emissaries also met with Dr. Lewis C. Dowdy, president of the college, and other accomplishments, has been recognized as an authority on both heat transfer and turbo-machinery. The latter is his principal field.

## 'GETTING THE JOB DONE'

Getting the job done will have to be the main purpose of any candidate seeking a position in our city government. In the past, our community has not had the opportunity to play an important role in our city government.

The filing of the candidates last week for community offices was one of the better incidents to ever happen in our community. This type of move among us should have come about years ago, but due to the many obstacles existing and the lack of competition in democratic leadership, we are just now beginning to awake politically in our community.

In getting the job done for our community there are a few things which we must take under consideration, namely; (1) there is a need for new ideas in order for more progress, (2) citizens will have a choice, to be able to select from the candidates presented in at least one race, (3) new leaders must be trained for the time when our present leaders step down (this is done in every other area of the city), and (4) hope that this challenge will be accepted in good faith and fairness to all concerned and that there will be good constructive and progressive platforms by all of the candidates.

We are big enough to take realistic views and accept competition among ourselves rather than being petty and naive with one another. This challenge to the older leadership is to exemplify themselves by sharing fairness and proper acceptance of the challenge of our younger men and to set the example by keeping the campaign clean and fair.

Let us hope that all of the candidates are willing to work, have good platforms, and let the citizens choose by their own choice which candidate they feel is best qualified for the office. Let the ballot box serve as the determinant and may the victor and the loser unite for a progressive and solid program for OUR COMMUNITY.

"Getting the job done" in our community is a great challenge, and lets all hope that the candidates can fill the bill for all concerned.

## WHAT NAIVE SPORTS WE ARE

Some of you so-called Dunbar rooters should be ashamed of your selfish responses given the Panthers after they were defeated last Saturday night by Kirkpatrick, 70-62. Although they lost the district tilt and a bid for the state championship at Prairie View---they are still our boys---and Panthers all.

The are contending 3AAA State Champions of last year, and they should be respected for doing such a tremendous job this year, especially after defeating our rival, Carver High School, at Amarillo... before a crowd that was very partisan.

All of their victories were not mere luck... it took an outstanding job of coaching and a great deal of effort on the boys part. The Panthers had to rely on ohly a handful of experienced players to carry the task as far as they did, but some of you naive spectators have been so blind as to give them little credit for a job so well done this year.

Let's start now by being behind the Panthers whether they win or lose, after all people... they need our help.

## 'Norm's Notebook'

FROM THE PUBLISHER'S DESK...

Probably the largest crime ever to be perpetrated on the American public today, both white and Negro is the present trend of the widely accepted mass communication coverage of a small group of Negroes. These people who seem to fill all the news space in our TV, newspaper, and radio reports give the public the impression that they represent the whole of the Negro community.

This is not true, as many responsible Negroes know. But the public has taken the attitude that this is the true character of the Negro as a whole and they therefore don't even take the effort to dig deeper into the feelings of the people.

I must agree that the attitude of responsible people, Negro or white, doesn't make good copy nor does it sell newspapers. But I must also say that just the coverage of, and the publication of, statements from only one side of any issue tends to align the public attitude against all peoples supposedly represented. For these reasons, I took the time not long ago to look up some more of the facts concerning the Julian Bond situation down in Georgia. He was, you'll remember, the Negro elected to the state legislature that didn't get his seat. In the course of research I found some very interesting facts.

Even after civil rights leaders had set up a "Citizens Committee for Julian Bond", new facts were coming to light in Georgia, where the now famous Mr. Bond lost his seat. With all the publicity and UN meetings going on in New York for Mr. Bond's benefit, the Atlanta (Georgia) branch of the National Association for the Advancement of Colored People (NAACP) let it be known that they had urged the legislature to bar Bond for defending draft card burners.

The statement, according to Human Events, was released by local NAACP President Charles E. Price:

A man cannot utter two or three sentences without disclosing to intelligent ears precisely where he stands in life and thought, namely, whether in the kingdom of the senses and the understanding, or in that of ideas and imagination, in the realm of intuitions and duty. People seem not to see that their opinion of the world is also a confession of character. —Emerson

one who does so. Any person who is disloyal to his country is not fit to be a citizen, not to mention holding an office."

So you see, not all Negroes are radical to the point of going along with outspoken people representing themselves as their spokesmen.

The dreadful part of the complete situation is that everytime the news media plays up what some 'spokesman' for the Negro race, both sides are not presented. It doesn't present a fair picture for those that don't go along with the 'spokesmen.'

Remember, six Negro legislatures were seated without any problems what so ever. But, like I said at the start, those didn't make good enough copy to sell newspapers.

The gem cannot be polished without fiction, nor man perfected without trials.

—Chinese Proverb.

A twenty-five year old woman shot her twenty-eight year old husband in the throat last week. She told authorities that it was accidental due to the quick firing of the pistol used.

Her husband, who was shot once in the throat, was taken to the hospital by a neighbor. The wife told police that her husband advised her not to say anything about the incident which was, according to her, an accident.

After talking to the woman at the hospital, the police decided to go check out the report given to them by the wife of the victim. She had admitted that her husband

had been cooking some eggs over the kitchen stove when the gun went off. One thing is for certain, there were no blood stains found in the kitchen, but in the bedroom there was, along with positive signs of a card game having been held there recently.

\*\*\*\*\*  
How does this grab you? Amos William Savage, 1710 Avenue D, told police that moments after he left his residence last weekend two men jumped him as he approached the sidewalk. One of the men hit him in the head and grabbed his wallet.

These unknown men must have really been surprised when they discovered that their booty contained only four dollars.

Savage told authorities that one of the men was about 5' 11" tall and that his nickname he could easily remember, because it was used frequently by the other.

**HOUSE BURGLARY...**

Delorse Dickson, of 414 Guava, told police that someone went into her home while she was gone. It was learned that Delorse decided to visit with a friend of her's next door. While she was away for a very short period of time she heard a noise and decided to investigate the matter. Upon entering her home she noticed that her black Admiral table model radio was missing.

**DESTRUCTION OF PROPERTY**

The manager of the Tampico Terrace Apartments told police that he rented the apartment located in the 700 block of Avenue D, apartment #8, to Mrs. Emmia Bowland who is employed at Porter Clinic.

According to the manager, she broke two windows, tore up the screen, destroyed the door, busted the lock, and ruined the walls in the apartment. The damage amounted to about \$100.00.

**Huston-Tillotson Represented at National UNCF Alumni Conference**

The Twentieth Annual Conference of the National Alumni Council of the United Negro College Fund is being held in Cleveland, Ohio, at the Statler Hilton Hotel from Thursday February 10 through February 12. The theme of the conference was "Increasing the Effectiveness of the Predominately

Negro College in Transition: Why? How?"

Huston - Tillotson College, a member institution of the United Negro College Fund, was represented at the conference by President John T. King; Mrs. Olive D. Brown, College Librarian; Dr. Connie Y. Conner, an alumnae and former president of National Alumni Council of the UNCF; and Miss Charlene Hamilton, student contestant for the title of Miss National UNCF. Many alumni of the college who reside in the greater Cleveland area also attended sessions of the conference.

The highlights of this year's annual meeting were a Keynote Speech by Dr. James A. Colston, Ph.D., President, Knoxville College during the general assembly on February 11; a corporate luncheon speech presented by Dr. Earl J. McGrath, Executive Officer, Institute of Higher Education, Teachers College, Columbia University; Former U.S. Commissioner of Education; and the Coronation of Miss National UNCF with the music furnished by the nationally famous Bishop College Chert Choir.

Saturday, the 12th, Dr. Melton K. Curry, Jr., President, Bishop College, addressed the guests at the National Alumni Recognition Luncheon. The conference closed that evening with entertainment: "UNCF Around the Town Revue."

**THEFT...**

At the Hilton Grocery, 1710 Avenue D, a lady, Ora Hilton, told police that sometime during last week someone had busted the back door of a house she owns at 1709 Avenue D. She told authorities that she had recently moved from the house. Hilton said that she had checked the house after Flores had moved and everything was in fine shape.

She believes that some of Flores' friends came back and removed the refrigerator and a small brown heater. She said that she did go to the residence of Flores and talk to her about the articles but Flores refused to let her in.

As far as the refrigerator and little brown heater...well, they are still missing.

**MAN SHOT...NO WITNESSES...**

It was discovered by a patrolman when he followed the ambulance as it carried a gunshot victim to Methodist Hospital Saturday before last. The patrolman learned that Clifton Cleveland aha been shot and was being carried to the hospital for observation.

Cleveland had been shot one time in the right shoulder with the bullet making an exit just under the right collar bone, along with being shot once in the lower side of the chest.

He remained on the critical list as late as Sunday afternoon.

No witnesses could be found at 3607 Zenith Avenue where the incident occurred.

It appears as though the month of June, 1966, will bear the title of 'convention month' for the Hub City, for there are two state conventions on tap for Lubbock. The Knights of Pythian will kick-off the month of activities here followed by the Caprock Lodge 1540 of Elks who will be host to the state Elks association.

Besides the two state meetings being held in June, during March another state meeting will be held in our city with Theta Kappa Lambda Chapter of Alpha Phi Alpha Fraternity being the host. This will be the first time in the history of fraternities in our city that a state meeting will be held here.

Caprock Lodge will also be host to the quarterly conference to be held here February 26th and 27th. This meeting will bring Elks from Dallas, Fort Worth, Wichita Falls, and Amarillo.

## UPO ENDORSES CLARK, MORGAN

It was learned last week that the Lubbock chapter of the United Political Organization of Texas will endorse two local candidates for the positions of chairmen of precinct boxes. Jackie Clark and Ben L. Morgan filed just before the deadline Monday before last, February 6th.

The Lubbock chapter is part of a federation of several civic and political organizations or local groups that banded together for promotion of political and civic activities. Through an affiliation of organizations, UPO solicits individual memberships.

In endorsing the above mentioned individuals the chapter feels as though an intelligent choice was made in support of both candidates for these key positions and that it's judgement was based upon performance records and acceptance of democratic ideals.

Clark, a native of Dallas, is seeking the position of chairman of precinct box twenty. He has been employed at the Methodist Hospital as a medical technologist

# DEDICATION OF E. C. STRUGGS SCHOOL

The dedication ceremonies of the new modern E. C. Struggs Junior High School was held last night, February 16th, and the outcome of the program was highly successful.

Charles E. Brown, principal of Struggs, presided over the program. Special music was furnished by the E. C. Struggs music department which included the choir and string orchestra. The Reverend A. W. Wilson, pastor of Bethel AME Church, gave the invocation with the Reverend O.D. Hollins, pastor of Lyons Chaple Baptist Church concluding the program with the benediction.

Dr. Ishmeal Hill, assistant superintendent of Lubbock Public Schools, presented the special guests of the evening. The dedication of the seven hundred thousand dollar building was done by Mr. James R. Cochran, a member of the Board of Trustees of the Lubbock Public Schools.

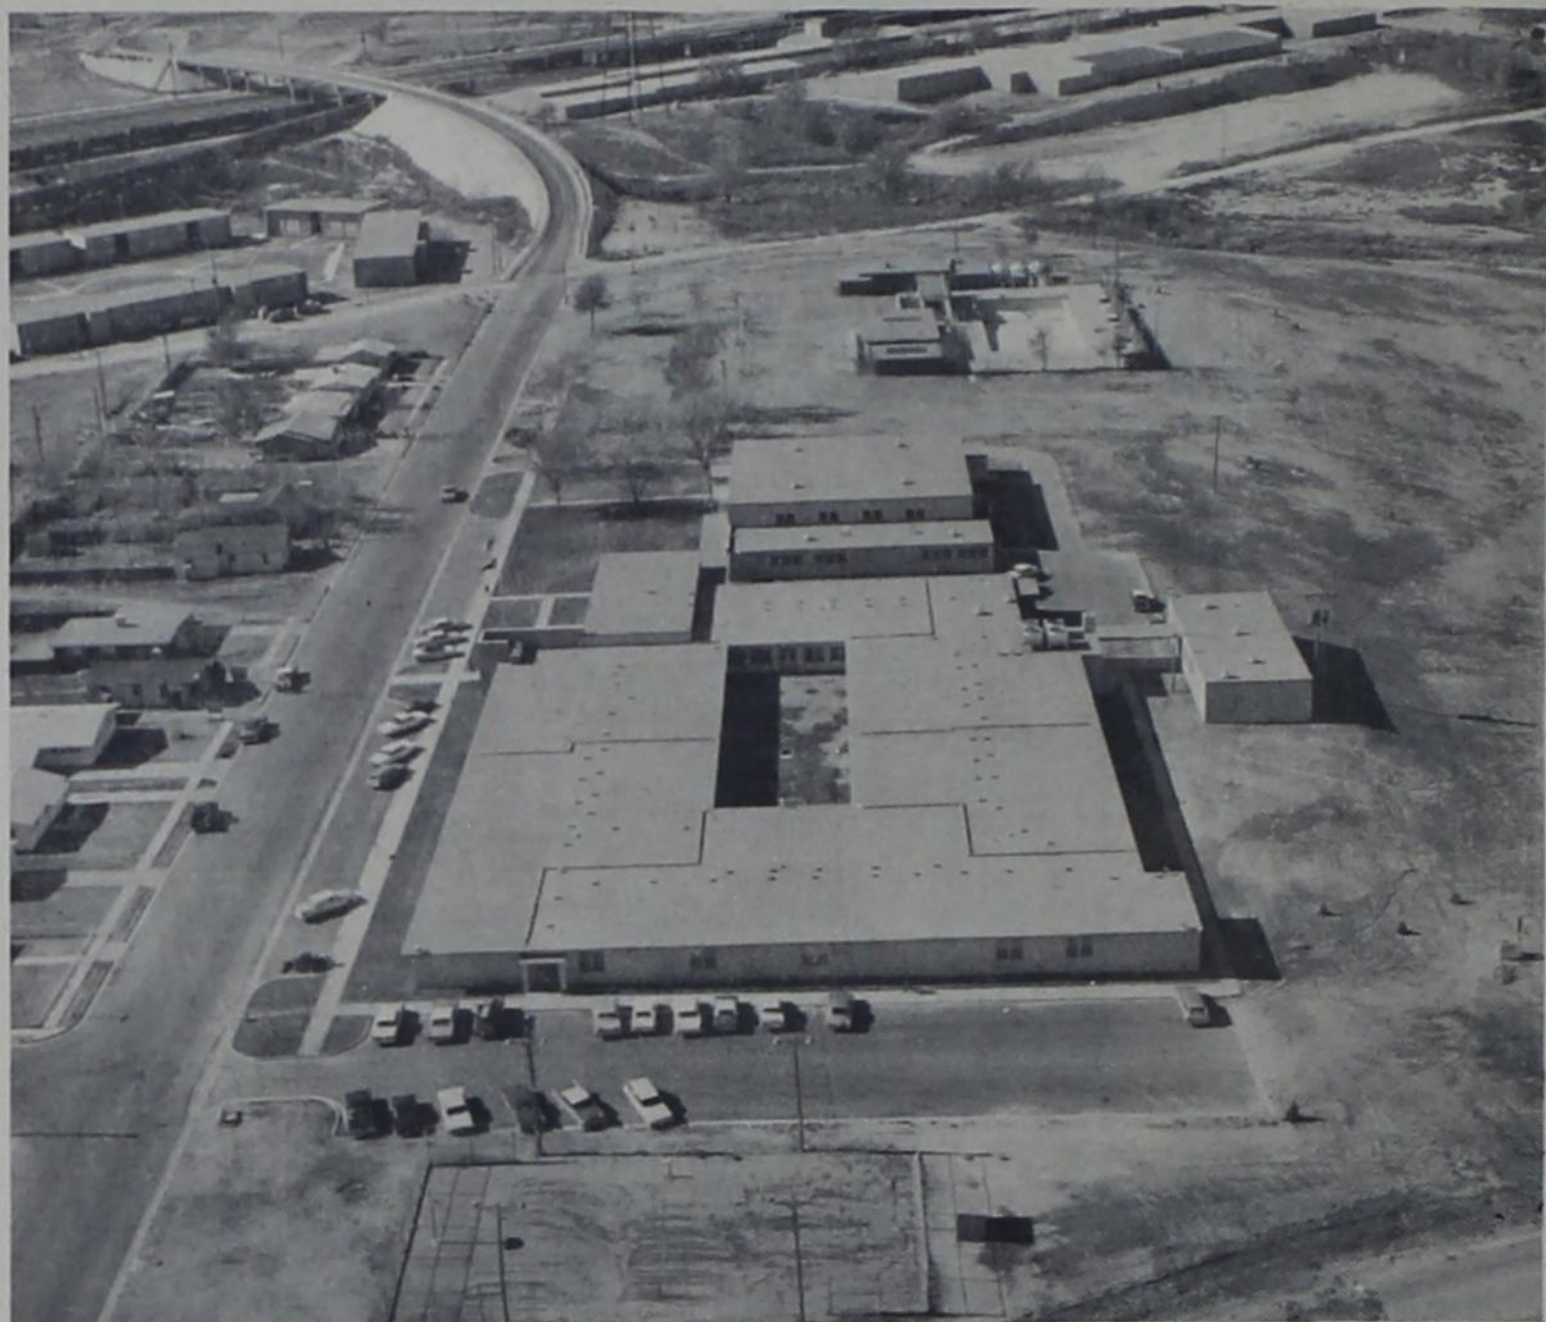

An appreciation speech was given by the president of the E. C. Struggs Parent-Teachers Association, Mr. H. M. Adams.

Parents and patrons are invited to visit the new building. Members of the E. C. Struggs Junior High School Student Council served as guides during open house. Refreshments were served in the cafeteria of the school.

The school is dedicated for Mr. E. C. Struggs who was principal of Dunbar High School for thirty-five years from 1930 to 1965.

E. C. Struggs Junior High School is located on an eight acre tract at the corner of E. 24th Street and Oak Avenue on land that originally was a part of Mae Simmons City Park.

The school was planned for an enrollment of 500 students, grades 6 through 9. It consists of three separate structures which contain administrative offices, fifteen

classrooms, two science laboratories, a library, study hall, home-making laboratory, band facilities along with shop building, cafeteria and gymnasium with physical education and athletic locker rooms. With the addition of classrooms, auditorium, chorus room and science laboratories, the building may be expanded to provide necessary facilities for eight hundred students in grades seven through nine.

The building is of semi-fire-proof construction of concrete and steel. The heating system consists of circulating hot water, and air conditioning is provided for the main academic building. Forced outside air ventilation is provided for all rooms. Fluorescent lighting, flush with acoustical ceilings, is provided in all areas of the building.

An enclosed court, which is accessible from the main corridor

and the library, makes it possible for all rooms to have windows, even the air conditioned ones. Gymnasium and shop facilities are located in separate buildings to isolate noise and are connected to the main building by covered walkways. The buildings are of compact design resulting in an efficient layout of economical construction.

The building, containing 61,363 square feet, was constructed at a cost of \$9.31 per square foot.

**MUST RUN AS MAN**  
Morgan, a Lubbock salesman, is seeking the position of chairman of precinct six. He has attended Wiley College at Marshall and Texas Southern University at Houston.

He is happily married to Mrs. Cleo Morgan, a school teacher at Ella Iles Elementary School, and they are the proud parents of two children, Alpha, their daughter, and Benjy, a son. They reside at 3407 East 17th Street.

The Morgans are members of Bethel A.M.E. Church.

Morgan told a Times reporter that it is an avenue and that we have an opportunity to take advantage of it. "We are running as a man, other than a race."

## Thank You Tea Given By Gilbert Memorial C.M.E.

We, the members of Gilbert Memorial C.M.E. Church, nominate Rev. and Mrs. G.R. Patterson the host and hostess of the year. We were honored with both an appreciation and fellowship togetherness tea given by Rev. and Mrs. Patterson for a successful budget drive from the members and friends for eleven consecutive years.

Christmas was everywhere, red and white Christmas flowers, candles in glittering white and gold bells tied with gold ribbons, and dotted with twinkling lights.

The serving table looked festive in a red and white centerpiece with candles, glittering new and

ruffles. The menu consisted of hot Russian tea, coffee, cookies and light snacks. Serving the refreshments were Mrs. G.M. James and Mrs. Mamie Tatum.

Members of the various auxiliaries assisted Rev. and Mrs. G.R. Patterson in greeting and serving the guests and members.

The decorations and refreshments were all arranged by Rev. and Mrs. Patterson.

WASHINGTON—(Special)—Dr. Martin Luther King, Jr., has scratched Harlem off his list of Northern city visits in the interest of civil rights and de facto school segregation, due in particular to the not too subtle advice of Rep. Adam Clayton Powell to "keep out of Harlem."

Dr. King visited Rep. Powell's office to consult with him before launching his northern drive. He was reportedly told to stick to "cities where they had no real leadership like Chicago, Cleveland and Washington. But", the congressman continued, "I told him he'd better keep out of Harlem."

Powell, chairman of the influential House Education and Labor Committee, was clear in his belief that his hearings into de facto segregation in Chicago's schools have a "far better long-range chance" than Dr. King's talks for "doing some real good" for Negroes in cities like Chicago.

Powell said he warned Dr. King that "the stuff you use in

## HISTORY OF ST. VALENTINE'S DAY

Did you know that the idea of giving candy to the girls and cigars to the men traces back some 2,000 years?

If the ancient Roman "Feast of Lupercalia" hadn't undergone a radical change through the years, we'd now be readying a February 14th celebration that the young men of this nation might welcome.

On Lupercalia Day every unmarried woman placed her name in a container and at the height of the celebration, the young Roman men drew the girls' names. The name selected by each man became his sweetheart for the next year and gifts and tender messages were exchanged.

The messages...our Valentine cards...are all that's left of Lupercalia Day for the man. Valentine's Day has become a one-sided occasion with the gals cleaning up on the heart-shaped boxes of candy, flowers, and more often than not--much costlier items. The men all but have been forgotten.

Today's Valentine's observation began when the Romans became Christianized. Lupercalia was 'a little too wild for them', so when the two St. Valentines were martyred on February 14th, the February 15th celebration of Lupercalia was moved up a day, and has come down to us in that form.

Somewhere along the line the women took over Valentine's Day. It would be nice to get this holiday back on the track with a return gift of something masculine and fashionable like a box of cigars, a necktie, or even a monogrammed shoehorn. What do you think about that fellows?

There also were conflicting reports on what went on in the meeting between the controversial congressman and the pacifist inclined civil rights worker.

Some observers termed it "an agreement" while others were more of the opinion that it was "a controversy."

Whatever the issue, Dr. King bypassed Harlem on his northern

civil rights itinerary which included Cleveland, Philadelphia and Washington.

## HOUSE PASSES GI BILL 381-0

The House of Representatives passed this last week the GI Bill, by a vote of 384-0, leaving only a vote in the Senate some time in the near future which is expected to also pass the bill unanimously.

Permanent education and loan benefits for men and women who serve in the Armed Forces of the United States would be provided under this bill.

This particular bill would affect nearly 3.5 million veterans, covering servicemen who were in uniform since early in 1955, when the previous Korean War GI benefits program ended.

The Senate last year passed an even more costly version, estimated at \$400 million in its first year.

The House Bill's major provisions are;

1. All servicemen who were on duty for at least 180 days after January 31, 1955 would be entitled to one month of education or training for each month spent in uniform, with a maximum of 36 months. Payments for full-time students would be \$100 monthly for men without dependents, \$125 per month for those with one dependent, and \$150 per month for those with more than one. The scale in the Senate Bill is \$10 a month in each category. Unlike the program in effect in the WWII GI Bill, tuition would not be paid.

2. The education benefits would become effective on June 1 and would have to be completed within eight years of the date of discharge. In case of men already discharged, the time limit would be eight years from June 1.

3. The Veterans Administration would guarantee private home and farm purchase loans up to a maximum guarantee of \$7,500 and could make direct loans up to \$17,500 if private financing is not available.

4. The loan benefits would become effective upon enactment of the bill. The House committee revised the bill's language to make it clear that persons volunteering to serve on active duty for only six months and then go into the reserves will not be eligible for benefits.

He that falls in love with himself, will have no rivals.

Rev. M. L. Williams of Bryant, Texas, is the Evangelist. Reverend Williams is a great preacher along with being a very good gospel singer. If you hear him one time you will sure come back again. ## HOUSE PASSES GI BILL 381-0

The House of Representatives passed this last week the GI Bill, by a vote of 384-0, leaving only a vote in the Senate some time in the near future which is expected to also pass the bill unanimously.

Permanent education and loan benefits for men and women who serve in the Armed Forces of the United States would be provided under this bill.

This particular bill would affect nearly 3.5 million veterans, covering servicemen who were in uniform since early in 1955, when the previous Korean War GI benefits program ended.

The Senate last year passed an even more costly version, estimated at \$400 million in its first year.

The House Bill's major provisions are;

1. All servicemen who were on duty for at least 180 days after January 31, 1955 would be entitled to one month of education or training for each month spent in uniform, with a maximum of 36 months. Payments for full-time students would be \$100 monthly for men without dependents, \$125 per month for those with one dependent, and \$150 per month for those with more than one. The scale in the Senate Bill is \$10 a month in each category. Unlike the program in effect in the WWII GI Bill, tuition would not be paid.

2. The education benefits would become effective on June 1 and would have to be completed within eight years of the date of discharge. In case of men already discharged, the time limit would be eight years from June 1.

3. The Veterans Administration would guarantee private home and farm purchase loans up to a maximum guarantee of \$7,500 and could make direct loans up to \$17,500 if private financing is not available.

4. The loan benefits would become effective upon enactment of the bill. The House committee revised the bill's language to make it clear that persons volunteering to serve on active duty off only six months and then go into the reserves will not be eligible for benefits.

He that falls in love with himself, will have no rivals.
