Holsberry said the four teams who will lead the cheering will arrive June 23 to begin practice and drills for the nationally televised game. Teams from Dunbar and Frenship will lead cheering for the West team, Hooker and Crowell for the East.

Members of the Dunbar High

team to participate are Margaret Gentry, Barbara L. Moore, Barbara A. Moore, Anneice Lawson and Irene Gonzales. Frenship's team will consist of Julie Burgamy, Kitty Talbot, Joni Beaver, Nancy Drake, Donna Hobgood, Beth Burgamy and Sandra Walker.

"Citizens Grievances Commission" Set Up Here by Lubbock City Council

After an hour of deliberation of the people to serve on a newly created Citizen Grievances Commission, which was discussed behind closed doors with members of the black community, twelve citizens were voted upon and accepted by both the City Council and members of the Black Movement Council.

The group, which will consist of four representatives from the black, Mexican-American and white community, will be briefed this week as to the guidelines to be followed during their investigations regarding alleged police brutality. Recommendations from the commission will be brought back to the City Council for their consideration.

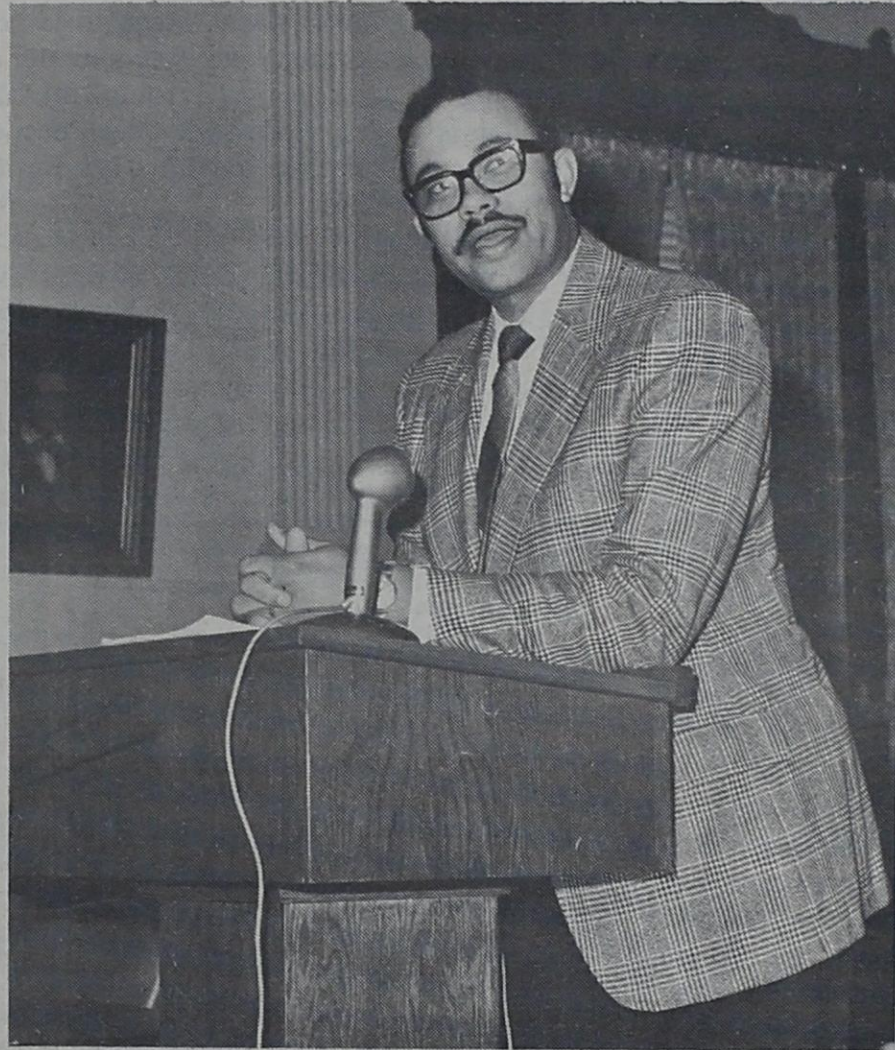

Members of the commission are Oscar Jones, Mrs. Faye Alexander, Alfred Caviel and Virgil Johnson, representing the black community, Vincent Vecchio, Antonio Gonzales, Louis Casaus and Paulus Quiro, of the Mexican-American

community; and representing the white community will be Hardy Clemons, H. W. Shultz, J. Q. Warnick and Doug Boren.

The special meeting of the Lubbock City Council was to further discuss problems in the black community. Alexander Henderson presented a list of recommendations to the Council which the city fathers respected, with exception of two, which were out of the hands of the City Council due to legal matters.

The black delegation, Black Movement Council, was asked by members of the council last Thursday to come before the City Council with specific recommendations as to what they, (the blacks) would like to see done.

The members of the Black Movement Council presented their report to citizens of the black community yesterday afternoon at Mae Simmons Community Center following the meeting with the City Council.

One of the keynote speakers for the second annual "Week-end of Awareness", sponsored by the United Black Coalition, is House Representative Curtis M. Graves of Houston, Texas. He will speak at noon Saturday, June 19th, at Mae Simmons Park.

Final Stars Sign for All-America Game Scheduled Here Saturday, June 26th

Alabama quarterback Scott Hunter, West Virginia fullback Jim Braxton, and Houston defensive back Charles Ford are the final signees for the Coaches All-America Football Game scheduled June 26 in Texas Tech's Jones Stadium.

Hunter, a 6-2, 205-pounder, is credited with rewriting the record books at Alabama the past three years with his lethal passing arm. He was drafted by the Green Bay Packers in the sixth round of the professional draft.

Braxton, a 6-2, 230-pounder, played for Tech Coach Jim Carlen at West Virginia. He was drafted by the Buffalo Bills in the third

round where he will join such stars as Arizona State's J. D. Hill and O. J. Simpson.

West Virginia coach Bobby Bowden says of Braxton, "You name it and he can do it—running, blocking, passing and kicking." During the 1970 season, Braxton rushed for 347 yards and a 6.8 yard average. He caught 27 passes for 565 yards and eight touchdowns.

Ford, a 6-3, 185-pounder, was a top defender for the Houston Cougars of Coach Bill Yeoman. He was drafted in the second round by the Chicago Bears. Ford has excellent speed and is known for his ability to get to the football.

Hunter and Braxton will play for Coach Charley McClendon's East team and Ford completes the West squad for Coach Bob Devaney.

Sponsored by the American Football Coaches Association, the all-star contest is slated to start at 7:30 p.m. The game features All-Americans from throughout the country.

Tickets are on sale at the Texas Tech ticket office.

Eddie Richardson, UBC president and columnist for the West Texas Times, stated, "This should surpass last year's first annual week-end of Black Awareness program. We're looking forward to a very successful week-end of activities."

New Twist for Boy Scouts

A new twist will begin next week at the Booker T. Washington Park and Mae Simmons Park (E.C. Struggs Junior High School main entrance.)

Our little brothers and sisters, ages 8 through 10, or grades 3 through 5, will have an opportunity to participate with outdoor activity during the summer months.

This special effort, on the part of Bob Hurst, member of the staff of the South Plains Council of Boy Scouts of America, will be directed toward providing supervised recreation for the younger set.

The program will get underway Tuesday morning, 9:30 to 11:00 a.m. at Washington Park, and Wednesday morning at the same time at E. C. Struggs.

This is a new twist as far as the Scouts are concerned in the Lubbock community, come on out and have a good time.

EDITORIALS

Professor E. C. Struggs Came On Strong Thursday

Professor E. C. Struggs, retired educator of the Lubbock Independent School District, came on strong at the Lubbock City Council meeting last Thursday when he told the City Fathers that there are black people in Lubbock who are really concerned about the way their city is being run.

The retired principal of Dunbar High School, who was in the school system for over 40 years, told the city council that unless things change they could buy all black people's homes in East Lubbock.

This came about because of a recent zoning change in the Coronado Urban Renewal area, allowing construction of a warehouse facility across the street from the New Hope Baptist Church and the Twentieth and Birch Streets Church of Christ—along with several nice homes in the area.

Although Prof. Struggs appeal was several weeks late, according to the Mayor of the City, he still made it perfectly clear that black people were tired of being told one thing and having something entirely different materialize. His appeal came along with several other blacks who were concerned about the property, which was changed from a C-3 to a C-4 zoning.

Reverend A.L. Dunn, Brother Waydell Nixon, B. Holmes, Joan Ervin, Chris Griffin and George Woods, along with the retired educator, did a splendid job relating to the City Fathers their feelings of this type of situation in East Lubbock.

The appeal on these people's behalf, did not stop the present construction—although strict enforcement of certain zoning requirements has been promised—but it did start the ball rolling toward reversal of the C-4 zoning on the rest of the land in that particular tract. Returning the remaining vacant land to C-3 will place the Urban Renewal tract back in its originally intended use, that of providing an area in East Lubbock for a shopping center, "As originally promised," according to Professor Struggs.

United Black Coalition Will "Do Their Thing" This Week

There's no question about it, the members of the United Black Coalition are doing their thing right this year in their second annual "Week-end of Black Awareness." Everyone involved is doing all they can to bring something constructive to the Lubbock scene.

This is as it should be, as there needs to be more involvement of all citizens of Lubbock. Yet, not only Lubbock, but our many brothers and sisters in the cities of Midland, Odessa and Amarillo should also become involved in this endeavor.

Eddie P. Richardson, president of the UBC

has said this will be one of the better events in West Texas this year for the black community.

The way things are going, Eddie, it could be exactly as you describe it. People like Sister Clara Luper, Oklahoma Senator E. Melvin Porter and Texas State Representative Curtis Graves will really turn people on in the right direction.

Lubbock citizens, there are people in your community who really care about what is going on. Why not put away what you are doing this week-end and help the cause. It's a really big thing for the total community.

There Must Be Some Type of Black Image in City Hall

There must be a black image in City Hall if our young black men and women are to have something to look forward to in this day and time. This is, perhaps, what the delegation of black men were articulating to the City Fathers last Thursday morning.

Black people can't help but be proud of the way our young black brothers did as they explained the three basic problems which black people feel are pertinent at this time. The problems, police brutality, lack of employment and educational justice, were discussed at length by the group who did their "thing" in a rather unique way.

The City of Lubbock, as mentioned in several

editorials by the West Texas Times, must look at the employment aspect of blacks by the city government. True, as far back as August of 1970, studies will show that approximately 7% of the employees of the City of Lubbock were black. But it must be made known that these figures were a reflection of two summer programs, Neighborhood Youth Corps and Operation Mainstream, which were funded by the federal government and held no permanent employment for the people involved. More recent studies will present an entirely different picture, in our way of thinking. The two previously mentioned program, were merely stop-gap attempts, and did not deal with the problem of permanent employment, any more than it dealt with the ever present problem of showing some distinct changes in employment practices within the city government.

This image, which we are most concerned about, can be corrected if we really study the concern of all people in the City of Lubbock. Let's hope that the City Fathers will implement a program, as they have declared they will, that all in the city can be proud of.

The young black quartet from East Lubbock, young men who graduated from Dunbar High School, possess great talent and we all should be proud of how they do their "thing." We can, also, appreciate the manner in which they exemplified their proposals of the city council.

From The Business Desk

I know of several parents here in the community who owe a great big, "Texas size" Thank You to some others here in town. Last Sunday several people took time out to help the two Boy Scout Troops in East Lubbock get themselves to Camp Post for a week of outdoor experience. Nineteen young men were looking forward to their annual camping trip, and the people who have worked so hard with the Scout program in East Lubbock are certainly due a lot of credit for what they have done. There wouldn't be room here to list everyone who has contributed to the program, but I do think one person in particular who should be mentioned is Raymond Peppers.

If you see Mr. Peppers any time soon, let him know that you appreciate what he has done in the past months, and it might not hurt if some of our readers, who had agreed to give Mr. Peppers a hand with this to come through with their promises.

Speaking of Scouts, Bob Hurst, local Scout official, has begun a program for younger people in the area this week. Bob will work with young boys and girls in the parks each week helping them to work off some of their excess energy. More details on this program are in a news story in the paper this week. Thanks, Bob, you guys are doing a real service to the community.

Things never seem to fall in place, especially when they are supposed to, but I promised a man

at City Hall I would not let this issue go by without pointing out the fact that there is a very important item on next Thursday's City Council agenda. To be discussed the 23rd of June will be the case involving the location of a hide processing plant at 15th Street and Avenue A. The plant has been at that location for some time, and now the city needs to know whether the people of the area want the facility moved, or left where it is. Those of you who live in the East Lubbock community, and are concerned about what is done here had better make a point of going to City Hall next Thursday morning and voicing your opinion about this matter.

We let one case, similar to this, slip by some time back, and everyone was upset. There is no reason not to be heard—before the fact—this time. Don't forget, next Thursday. "Do Your Thing."

Dear Editor:

I have been a resident of Lubbock for twenty-three years. I came to Lubbock in 1948. At that time, Lubbock was setting flat on its bottom. There wasn't any streets no where, but down town. That was Broadway and it ran from town to Texas Tech. The dump-ground extended from where the swimming pool is clear down to where the ball park is now.

There wasn't but one black school, it was called Dunbar School. Our children didn't have no-where to play, but in the road. I say road, but there was a "pig trail."

We, the black people, are the ones who pulled Lubbock up off its bottom and saved Lubbock on its feet. We, the black people, settled here and bought our homes. They were glad to sell us homes. They knew selling us homes would mean more money for them to build up Lubbock. Our tax money put Lubbock where it is today. I will have more of my experience to tell you about these twenty-three years I have been in Lubbock.

my views

by Eddie P. Richardson

Total Unity is A Must!

Uniting is a must for the black people of America, Lubbock not excluded.

First of all black people must unite behind what they are—black!

Black people must drop their social hang-up very quickly and become one—young and old, middle class and poor—in order to reach our goals, we must become a nation within a nation.

The preachers, unemployed, doctors, garbage men, lawyers, and school teachers along with the down-and-outers, must walk together side by side as brothers if we all are to obtain freedom, justice, equality, dignity and equal opportunity.

And, believe me, all must reach the place where the opportunity exists for each other, or those who have it made, the professionals and white collar workers, will always be held back and dragged down by those who can't make it.

We all will have to forget, "I am big, he is small, and he doesn't matter."

Black men of all walks of life are going to have to unite as one strong constructive force. Stand up and be men, and stop being "boys". And when you have grown too old to be "boys" any longer, don't become an "uncle."

Blacks are going to have to carry themselves in a way as to be respected and in the same way do the same thing for their women.

But if black men are going to demand that their women are respected, then they must make the first step, and show more respect toward black women themselves. And in the same light, black women must begin to realize that a man must always be treated like a man if he is to be sure that he is. You women can't treat your man like a boy at home and then expect him to go out into the public and behave like a man.

Total unity is a must for all black people, along with dynamic and positive ideas, pushing for dignity, up-graded jobs, and in many cases just jobs, period.

The black of Lubbock is on the right road, working within the proper framework, but if we could just be more unified, we would have our work so much easier for us. Total unity is a must, if we are every going to say, "I'm here, at last."

Local Mother, Mrs. Estelle L. Smith, Has "Right to Be Proud of Her Efforts"

Although this story is several weeks past due, it is still appropriate in the black community.

Excitement is the cause for a sudden rise in the blood pressure of one local citizen, a working mother.

Mrs. Estelle L. Smith, of 702 Hub Homes, and mother of five children is the lady we are talking about. Mrs. Smith, who is the daughter of Mr. and Mrs. Isaiah Newman of 1712 East 24th Street, recently graduated from the Adult Learning Center and received two certificates, along with her General Education Development (GED) Certificate.

Mrs. Smith's ability has always been toward furthering her education. She now plans to enter Vocational Nurse's training.

There is something else going for this young lady—her son recently graduated from Estacado High School and has been award-

ed a two-year scholarship at Ranger Junior College.

Lubbock should be proud to have people of Mrs. Smith's caliber.

Those who will not give up, but will continue to make something constructive of their lives deserve a pat on the back. This is what Mrs. Smith is attempting to do, shall we say, "she's doing a beautiful job?"

HUD-FHA Open House Slated for Tomorrow

The Department of Housing and Urban Development has announced an open house for Friday, June 18, from 1:00 to 5:00 p.m., according to Don Earney, HUD-FHA Director of the Lubbock, Texas Insuring Office.

The Lubbock Office recently moved to the 5th floor of the new federal building, located at 1205 Texas Avenue, Lubbock.

All people doing business with HUD-FHA, and others, are invited to visit the new offices and meet or renew acquaintances with the personnel, which now numbers approximately 100 employees. The Lubbock Insuring Office is also celebrating its 18th anniversary, having been established June 1, 1953.

Mr. Don Earney was sworn in as the Director of HUD-FHA on June 1, 1971 by Mr. Richard L. Morgan, Regional Administrator over five states with offices located in Fort Worth, Texas.

Mr. Earney and staff are looking forward to seeing all their friends and business associates at the open house.

Congressional Black Caucus Announces Fund Raising Dinner for June 18th

Washington, D.C.—The Congressional Black Caucus, consisting of the 13 Black U.S. Congressmen, recently announced the sponsorship of a National Freedom Fund Banquet in Washington on June 18th.

Funds from the \$100 per plate banquet will be used by the Caucus to finance a permanent, independent staff to conduct in-depth analysis of issues and policies relevant to Black and poor America.

In a formal statement, the Caucus said: "Rumors, news reports, editorials and other media statements are appearing frequently, implying sponsorship of this affair is related to secret plans in support of a black member of Congress for the presidency in the 1972 elections. The Congressional Black Caucus categorically denies that any money raised by us at this affair will go to support anyone, white or black, Democrat, Republican, 3rd party of 4th party who is a candidate for the presidency."

The Congressional Black Caucus has set a goal of \$250,000 to be raised principally at the dinner.

In its statement, the Caucus said, in stressing the urgency and the need for a full-time staff, "Capable staff must be employed, important issues must be responded to and pertinent information must be disseminated throughout the nation to further undergird the Caucus as a viable, dynamic leadership force.

"After the fund-raising dinner, the Caucus will sift through the numerous applications it has on file and solicit others to determine

who will be hired for the positions of Executive Director, Director of Research, Director of Interns and the other necessary administrative and clerical services."

According to Congressman Chales Diggs, Jr., chairman of the Caucus, "Many persons throughout the country have expressed their general support of the objectives of the Caucus and their specific support of the dinner. We want this event to bring together Black people from every part of the nation to dramatize and demonstrate their support for our common cause of freedom and justice. This is what the Caucus is all about."

Rep. William Clay, chairman of all fund-raising activities for the Caucus, said all persons interested in participating in the dinner or supporting it through contributions or other assistance may contact the Congressional Black Caucus Dinner Committee office at:

1025 Connecticut Avenue, NW, Suite 612, Washington, D.C. 20036. Telephone (202) 659-4540.

Here's a new wrinkle on how to look great when you get where you're going: Unpack the clothes you expect to wear first and hang them on the shower curtain rod over the bathtub. Then turn on the hot water and let the steam rise. Wrinkles will fall out after a half hour and natural fabrics will dry quickly and smoothly.

OUTDOORS IN TEXAS

BY VERN SANFORD

In this era of booming outdoors adventures, newspapers—weeklies as well as dailies—seek good photographs of their readers and their outstanding catches. Editors are just as anxious as the hunters or fishermen to see these pictures printed.

Unfortunately, a goodly number of such photos, often taken of truly outstanding fish or game, are rejected. In most instances rejection was due to the poor quality of the pictures.

Most newspapers prefer photos taken by their own staff photographers. But fishing and hunting are sports of unusual hours, to say the least, so staff photos are impractical. Outdoorsmen, proud of their trophy fish and game, usually have a buddy take a pix of them or have a commercial photographer do the job.

Problem with many commercial photographers is that they usually don't have prints ready for a week, perhaps even longer, unless a premium fee is paid. Unfortunately, the news value of a picture lessens with the passage of each day.

The buddy-snapped photo, rushed to the corner drug store, can be back in your hands in 24 to 36 hours. This is not enough time loss to kill the news value of the picture. Even so, the photo may still be rejected.

Usually the reason for rejection is the matter of a photo lacking contrast, being out of focus, or being taken from too great a distance.

If you have a buddy take the picture, keep the following points in mind:

1. Have him move in close so that you and your trophy fill the view finder on the camera. Too much background and extraneous scenery only detract.
2. Have him focus the camera sharply. If the camera is a fixed-focus model, step off a distance of about nine or 10 feet and you will be in reasonable good focus.
3. Avoid cluttered backgrounds. Preferably use a cloudy sky or water.
4. Trophy catches and kills usually come once in a lifetime. Treat the occasion as such by keeping in mind that film is inexpensive. To be sure, shoot up the whole roll of film at different exposures. Better still, make it two rolls. . . at different distances, with different exposures (both lens openings and shutter speeds).
5. When you take the picture to the newspaper office, take the negatives, too. A good newspaper photographer often can do some "doctoring" in the darkroom and come up with a print that's excellent for publication.

West Texas Negro Citizens; From Early Days to Present Times

(Editor's Note: Following is a column which will appear from time to time in the West Texas Times featuring memories of older citizens in West Texas relating the early history of Negro citizens in the area.)

Amarillo—I came to Amarillo in 1926 to marry Professor S.C. Patton. He was the second Negro Teacher here, Mrs. Fowler was the first. Professor taught in a one room school on second and Jackson, known as Fred Douglass School.

There were not many Negro children here in 1926.

Later, more rooms were added to the school, making it a four room school. Families with children started to come and more teachers were needed, so Professor Barnes and Mrs. C.E. Graves and other teachers were hired.

In 1928 the North Heights School was opened and later they moved the old school from the Summit Addition to 18th and Hughes and named it Patton High. The Negro families had not started to move to the Heights then.

Professor Patton bought and sold homes to families that had children to help keep the school in North Heights.

The new school had four rooms and a cafeteria. The first cafeteria was started on 55¢. I cooked two pies and told two of the students, Cloteal Jones and Margret Watley, to sell them. They did and brought me the 55¢.

The next day I cooked red beans and put meat in them and corn bread. You know, at that time, you could buy something for your money. One day, before we started the cafeteria, one of the students, Jasper Barnes, brought

a soup bone to school and I made soup for all the children and served it free.

Professor Barnes was left at Fred Douglass and Professor Patton came to Patton High. More teachers were needed and Mrs. Roselle Calhoun was hired. She and Professor Patton carried the school on from 1928 to 1934.

More families began to move to the Heights and they added more teachers, one woman and three men, including J.W. Turner.

Professor Patton was also a minister and he organized Johnson Chapel A.M.E. Church in the home of Mrs. Willie Owens. At that time she lived in the rear of the Marton Hotel.

The first church was a small building that was an annex from the Presbyterian Church on 10th and Taylor.

In Patton High Mrs. Alice Cortez and I were the cooks. We worked in the cafeteria until 1940 and then retired.

May I add, "I found a little remedy

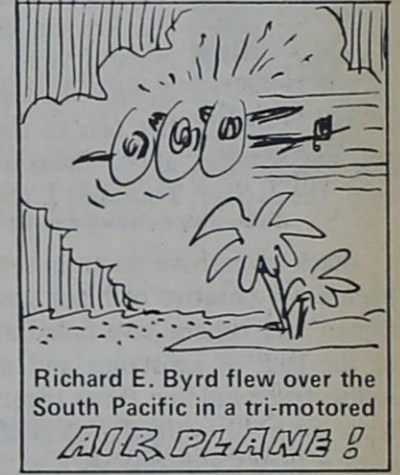

To ease the life we live
And make each day a happier one

It is the word 'Forgive',"
By Mrs. S.C. Patton

If any old timers in the Lubbock, Midland, or Amarillo areas

of West Texas, would like to add their thoughts to this column, please drop us a line to the West Texas Times, we'll arrange a meeting and be glad to print your story.

Black History Notes From Phillips: "You think me a fanatic, for you read history not with your eyes, but with your prejudices. But fifty years hence, when Truth gets a hearing, The Muse of History will put Phocion for the Greeks and Brutus for the Romans, Hampden for England, Fayette for the French, choose Washington as the bright consummate flower of our earlier civilization, and John Brown the ripe fruit of our noonday, then dipping her pen in the sunlight, will write in the clear blue, above them all, the name of the soldier, the statesman, the martyr, Toussaint L'Ouverture." Wendell Phillips.

Black towns have arisen in several parts of the United States and have been representative of black government experiments. Some have continued and others have faded away from the American scene, because of the lack of assistance and migration, but their blackness was a cohesive force holding them together. Oklahoma, as noted here recently, leads with 14, with Texas in second place at 7, followed by Alabama with 6 then California with 4.

According to Chamber of Commerce figures from Boley, Oklahoma, the recent rodeo and homecoming celebration registered more visitors from Wichita, Kansas, (out of state) than any other place. Next came West Texas and New Mexico. Tulsa and Oklahoma City took over for the state homefolks.

The Oklahoma National Guard's formation of helicopters during the parade was most impressive as well as the Indian Sun Dancers. Maurice Lee, chamber president and Sam Wilcots, mayor of Boley as well as many others did a tremendous job. Thanks for the keys brothers, we shall cherish them too.

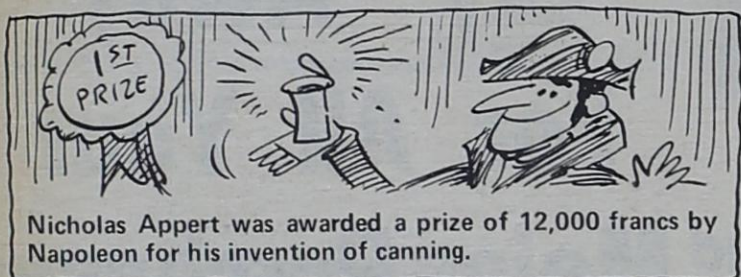

For Whom the Bells Toll: Friends and relatives laid to rest Mrs. Connie Mitchell of 1301 1/2 S. Akron Street, Lamesa, Texas, a few days ago. She was a devoted community worker and civic leader and spent a greater portion of her lifetime encouraging young blacks to stay in school and "be somebody," as she often stated. Mrs. Mitchell believed in black people doing something for themselves and was operator of a small business for many years in Lamesa. Connie felt that more should be done for the bad housing conditions in Lamesa (one of the worst in West Texas) but felt that there were not enough people who cared. Someone will pick up the mantel we know, and such a loyal, dedicated and loving spirit of this noble black soul shall never die.

As her pastor said: "We shall miss her indeed." Rev. J.D. Polk of Mt. Olive Baptist Church.

In the Permian Basin, people are reading the paper-back edition of "To Kill a Black Man" by Louis E. Lomax. Black is the color of death if you have the guts to seek it. It is the story of the lives of two men—one an apostle of hate, the other of love. Check your local library or favorite newsstand. Watch for a review here soon.

Tribute paid recently to Miss Cecil Ligon of 105 N. Madison Street in Midland, Texas, was well deserved. She is indeed a champion Cub Scout den mother.

Doing Well in Air Force

Mr. and Mrs. Howard C. Gibbs, of 1508 East 25th Street, received word from the Department of the Air Force, Headquarters Lackland Military Training Center (ATC) from Major General John S. Samuel, commander, of the good work their son, Howard Gibbs, Jr., is doing.

Howard is a 1968 graduate of Dunbar High School and a member of the Manhattan Heights Church of Christ. He has twelve sisters and brothers.

The letter from Commander Samuel said in part: "We are proud that your son has become a new member of the Air Force team. I am sure that you, too, will enjoy a like feeling of pride in him and will encourage him in his endeavors."

Lubbock Man Shot Here Wednesday

Kenneth Ray Ward, 38, was shot early Wednesday morning at the Thunderbird Lounge, East 23rd Street and Fir Avenue, according to Lubbock Police.

At this report he was listed in serious condition at Methodist Hospital.

The Lubbock man, who suffered approximately four wounds, was allegedly shot by a 32-year-old woman who was arrested in an automobile a few blocks from the scene of the incident.

According to police, two pistols were recovered from a purse in the car. One of the weapons contained five hulls and one live round, while the other pistol was loaded with six live rounds.

The other occupants in the car at the time of the lady's arrest, were taken into custody for investigation of carrying prohibited weapons.

Veterans Hit High Of 28.2 Million

The number of American veterans hit a high of 28.2 million this month, the Veterans Administration announced today. The VA said the number of living veterans is likely to continue to increase in the foreseeable future since the military discharge rate has been running over 80,000 a month and older veterans have been dying at a

rate of about 26,000 a month. Of VA's 28.2 million veterans, some 25.1 million served during a wartime period and an additional 3.1 million served after the Korean conflict and before the Vietnam Era—Feb. 1, 1955 to Aug. 4, 1964 inclusive. Most of the million veterans

now in training under the post-Korean G.I. Bill served during the Vietnam Era (after Aug. 4, 1964) and this group also makes up the large bulk of those now applying for G.I. loans.

In contrast, these young Vietnam Era veterans compose only 15 percent of the patients in VA hospitals, and about 10 percent of those on the disability compensation rolls.

Veterans who served after Jan. 31, 1955, are eligible for all VA benefits. While time has run out for World War II and Korean conflict veterans for G.I. Bill education benefits, unused portions of home loan guaranty benefits have been restored.

Veterans interested in VA benefits' information should contact their local VA office or veterans organization service officer.

Vet, 104, Collects \$30,000 on \$10,000 Policy—So Far

A veteran who took out a

\$10,000 life insurance policy about 50 years ago has already collected more than \$30,000 on it, the Veterans Administration said.

According to VA, the policyholder was 104 years old last month, and is still collecting monthly checks.

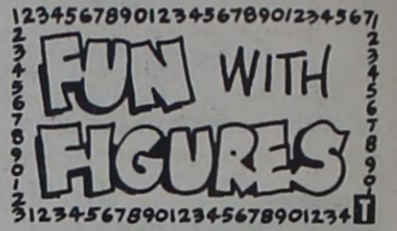

The veteran had a short military career during World War I after entering service in June 1918 at the age of 51. In December the same year, he was discharged with the rank of captain in the Army Medical Corps.

In July 1921, he took out an Ordinary Life insurance policy. When VA rated him totally and permanently disabled in 1927 as a result of service-connected injuries, VA, under terms of his policy, started paying him \$57.50 monthly. He still draws that amount.

Then, in October 1927, VA also began paying the veteran monthly compensation, based on his disability. Compensation rates have been increased through the years, and he now draws \$450 a month.

VA said the agency will continue to pay insurance benefits to the veteran as long as he re-

mains totally and permanently disabled.

The Prayer Corner

by Sister Berta L. Dixon

In the last days, the mountains of the Lord's house shall be established on the top of the mountains above the hills and nations shall flow unto it. He shall judge among nations, rebuke many people and they shall beat their swords into the plowshares; spears into pruning hooks and nations shall not lift up swords against nations and neighbors.

Every battle with confused noise, garments rolled in blood out this shall be with burning fuel of fire. . . His government and peace shall be no end. Judgement and justice will be performed.

For unto us a child is born unto us and a son is given the government. Upon His shoulder, His

name is Wonderful, the Mighty God, the everlasting Father, the Prince of Peace.

Dear Father in Heaven, teach me good judgement, knowledge for I have believed they commandments. If anybody qualified to teach us, "God does."

**THE MESSAGE IS THE MEDIUM
AS WOMEN "SPEAK OUT" IN METAL**

New York—Are you a member of the silent minority—the one woman in three who still hasn't begun to speak out on the issues of the day?

If so, you may be particularly interested in a chic and enormously popular medium for expressing your views. The medium is symbolic jewelry.

Although "message jewelry" has been around for centuries, it has usually been limited to a few sacred symbols—each one popular in a particular corner of the world and relatively unknown in all others. But today, there is a strong trend toward broadening the use of the symbol as both ornament and statement. This trend started with peace symbols and quickened with symbols reflecting the reawakening of religious faith.

The latest and most dramatic entry in the field of symbolic jewelry is the Symbologies™ medallion, a "pure-thought" medium that is virtually sweeping the country. Symbologies

medallions express the way the wearer feels about female identification, environmental protection, love, brotherhood, peace and female equality.

The subtle designs are hand wrought in steel wire, in a choice of raw metal or gold finish, and each comes with a matching thirty-inch chain. These sophisticated medallions, introduced only several weeks ago, already are showing up at the most elegant soirees as well as at the haunts of "street people" in large metropolitan centers across the country.

Symbologies, Inc. was organized by two suburban New York housewives tired of the "kaffeeklatsch" routine. So novel and successful was their experience that a book about them is currently being written.

Symbologies medallions are now being sold at jewelry counters and in boutiques and head shops all over the country. They are priced at \$3.00 in raw metal and \$5.00 in gold finish.

Shiloh Baptist Church

Amarillo—Sunday School opened at 9:30 a.m. with Superintendent E.J. Masters in charge. Miss Gloria Reed, home from college, furnished the music.

At the 11 a.m. worship hour, Ronnie Sherwood and a combined choir, furnished the music. The deacons were in charge of devotional service.

The pastor, Rev. J.W. Hackett, brought a very inspiring message from the 147th Psalms, subject: "Praise Ye The Lord."

The Sunday School and Baptist Training Union Congress was held with the Shiloh Baptist Church June 7 through 11th. Everyone

had the congress spirit and everyone put forth a special effort to make this session one of the best ever to be held.

Tuesday night was Amarillo's night and we thank each of you for the gloriest time we had in the Lord.

Lyons Chapel Baptist Church
