

## CENTER DEDICATION SCHEDULED SATURDAY

### 'Around the Hub City'

It would appear as though there would be a NO PARKING ON THIS sign in front of some of the churches here in East Lubbock.

You see, it is rather hard for two way traffic to go and come with this type of situation existing.

Would do you think of it?

You know for several days last week the night lights on the 'overpass' were on during the day.

How many of you citizens noticed them? How many of you reminded the City of this?

Why not call Bethel A.M.E. Church Saturday, May 20, for a fried fish dinner. The number is SH4-7552. The order will be delivered at your request.

This special effort is sponsored by Mmes. M.K. Lusk, Bobbie Brown, and Miss J.L. Bonner. It is given to benefit Bethel's rally.

Mr. and Mrs. Dornell Edwards were host and hostess to a dinner last Sunday honoring their mothers, Mrs. Ollie Edwards and Mrs. Coleman. Other members of the family were also present. Mrs. M. Terrell was also present at this affair.

Mrs. H. King is at Waco, Texas at the bedside of her sister, Mrs. Frances Elam, who had surgery last week. Bud Whiteside, a nephew, drove her to Waco.

Mrs. L. B. Wortham is home from the hospital and is recuperating nicely.

Mr. and Mrs. Royce Simmons and son, Shan, spent the weekend at Jacksonville, Texas with their mothers. They returned home Sunday night.

Mr. Fred Cavanaugh of Fort Worth, Texas is visiting his daughter, Mrs. Willie Lusk, and family.

It was learned last week that a former resident of Lubbock and a brother of W.H. Stephens passed in California last week.

The victim, Albert Stephens, passed away Saturday evening in a hospital at Bakersfield, California after a brief illness. Services were pending at the latest report.

Besides the brother here, his survivors include his widow, another brother, Booker T.; four sisters in Arkansas, and others near relatives.

During his residence here, he was a faithful member of Bethel A.M.E. Church.

Good Luck to the three graduates of Mary & Mac Private School. The graduates are Velma Mae Nash, James M. Scruggs, and Julius C. Graves, III.

They will graduate Sunday afternoon, May 26, at 3 p.m. at the South Plains Branch Boys' Club.

Don't forget the dedication ceremony of the lovely modern Mae Simmons Community Center Saturday afternoon.

If there are any SENIORS who are giving some type of an affair in future, then please contact this column, "AROUND THE HUB CITY." We will be more than happy to inform the community of your affair.

You know school will be out shortly, Mom and Dad, so please be a little careful about your driving. The little ones love to play in the streets.

### Loyalty Day Parade Scheduled For Lubbock May 30th, Memorial Day

Something new is on tap for our city. You see, a LOYALTY DAY PARADE--a movement designed to counteract antiwar demonstrations, draft card burnings and other unpatriotic gestures--is scheduled here Memorial Day.

The May 30 event, being sponsored by four Lubbock chapters of American Business Clubs, is open to all organizations and individuals interested in supporting the U.S. serviceman fighting in Vietnam.

"Americanism and patriotism" will be stressed, Ambuc officials said. "Anyone wanting to stand up and be counted as Americans are welcome to join the parade."

Various military organizations, Boy Scouts, Boys' Club members, firemen, city officials, civic, fraternal and other groups already have indicated an interest in the parade. Several area bands also are expected to take part.

"We're urging every participant to proudly display the American flag, especially in view of the recent publicity given to flag

desecration, draft card burnings and assorted peaceniks," spokesmen added.

The parade will form at 34th St. and Avenue Q at 5 p.m.

"We set the time at that hour to enable people who have to work to participate," Ambuc said.

The parade will move north on Avenue Q to Broadway and east on Broadway to the courthouse, where it will disband. No special program is planned at the courthouse, but the possibility of having one was not ruled out.

American Business Club officials said the parade was conceived as a direct result of a recent editorial in the daily newspaper--which proposed that every city in America should have a LOYALTY DAY celebration.

"Because we stress Americanism, brotherhood and character," Ambuc officials said, "we felt the LOYALTY DAY program was a natural for us to sponsor."

Individuals or groups interested in participating are urged to write

# GREED AND CYNICISM

Continued From Last Week

Let us go back a few years and take a case for example and see what happened in one particular case concerning Urban Renewal. "Under a 1945 law providing for housing redevelopment in the District of Columbia. Federal housing agencies selected an area of Southwest Washington for urban renewal. Some property in the area was run-down and over-crowded. Some consisted of small business establishments and modest, but respectable homes. The federal agencies condemned all property, however, because even the clean and respectable places were not as "pretty" as the government officials wanted.

The owners of one small department store brought suit in federal court to enjoin the condemnation of their property. They contended that their property was NOT a slum and that it was not residential; that their property was NOT being taken for public use but was being seized for RESALE to private purchasers for private development; and that the Fifth Amendment protected them from such seizure.

The case went to a three-judge Federal District Court, which said;

"We have the problem of the area which is not a slum but which is out-of-date, called by the Government blighted or deteriorated... We are of the opinion that the Congress, in legislating for the District of Columbia, has NO POWER to authorize the seizure by EMINENT DOMAIN of property for the sole purpose of redeveloping the area according to its, or its agents, judgement of what a well balanced neighborhood would be ...

The government says that it has determined that project area B in the area case at bar is an appropriate area for redevelopment, that slums exist in that area, and that therefore it may seize the title to all the land in the area and, having replanned it, sell it to private persons for the building of row houses, apartment houses, commercial establishments, etc., in essence the claim is that IF slums exist the government may seize, redevelop and sell ALL the property in ANY AREA it may select... This amounts to a claim on the part of the authorities for unreviewable power to seize and sell whole sections of the city...

It (project area B) covers about fifteen square city blocks, it lies within a census tract in which slum conditions are said to exist... Its western boundary is an irregular line which runs around lots, encompasses some establishments along a street and excludes others on the same side of the same street... It excludes certain properties, and under it, certain other properties would be sold back to the present owners or be retained by them. The key to the urban renewal plan... is the opinion of the Government authorities that residential neighborhoods should be 'well balanced'... In sum the purpose of the plan... is to create a pleasant neighborhood... The Government is to determine what conditions are pleasant (not you, so why all the furor over open housing?) ... Of course the plan as pictured in the prospectus is attractive but it would be very difficult to think of a village, town or city in the United States which a group of artists, architects and builders could not improve vastly if they could tear down the whole community and rebuild it. But as yet the courts have not come to call such pleasant accomplishments a public purpose which validates Government seizure of private property. The claim of government power for such purposes runs squarely into the right of the individual to own property and to use it as he pleases. Absent impingement upon rights of others, and absent public use of compelling public necessity for the property, the individuals' right is superior to all rights of the government and is impregnable to the efforts of Government to seize it... ONE MAN'S LAND CANNOT BE SEIZED BY THE GOVERNMENT AND SOLD TO ANOTHER MAN MERELY IN ORDER THAT THE PURCHASER MAY BUILD UPON IT A BETTER HOUSE OR A HOUSE WHICH BETTER MEETS THE GOVERNMENT'S IDEA OF WHAT IS APPROPRIATE OR WELL-DESIGNED".

Oh yes!, we will admit that in any civilized society, there will arise occasions when an individual owns property that government needs for a public use that is necessary to the welfare of the whole people. For these purposes we have what is known under the law as EMINENT DOMAIN, which is the power of Government to force individuals, on such occasions, to sell their property, at a fair price, to the government, for the necessary public use. BUT, REMEMBER, THIS IS NOT A CONSTITUTIONALLY GRANTED POWER, but is rather, A POWER IMPLICIT IN THE FORMATION OF GOVERNMENT. Now, in the American system of government, EMINENT DOMAIN should be exercised ONLY BY STATE AND LOCAL GOVERNMENTS, except in time of actual, congressionally declared war.

In a nation where people love freedom; where they consider the rights of individuals as sacred; and where they have the character to fight for the freedom they cherish, for themselves and others... People will habitually resist every act of government that is an encroachment upon the sacred rights of individuals. They will resist so consistently and noisily that, in every instance, government will have to prove its case before violating citizens' rights; Government will have to prove that the "public need" IS SO GREAT AND SELF-EVIDENT that all reasonable men concede the necessity, in this one instance, of sacrificing individual rights for the good of the whole people.

When government reaches for more power in order to do things for

the "public good" there are always special interest groups and individuals who stand to profit from the governmental activity, they remind one of the hyiene after the lion has made his kill. They join the politicians in propagandizing the "urgent public need" that is to be served. Their propaganda is reinforced by legions of dreamers who imagine that political and economic power concentrated in the hands of governmental officials can wipe out all human ugliness and create heaven on earth. This combination of forces is frequently powerful enough to make any individual resistance of illegitimate governmental power look like the action of a crackpot or scoundrel, some no doubt will say this about this series of articles. But since the beginning of our national life, therefore, there have been abuses of Eminent Domain, much the same as urban renewal practices today. But for many years, each abuse was an isolated case, which could not be used as a precedent, or "authority", for other abuses. Indeed, public resistance to governmental action which encroached upon individual rights was, for a long time, so wholesomely habitual in the United States that state and local governments generally had extreme difficulty in exercising Eminent Domain even when the public use to be served seemed obviously necessary. In short, America was once a nation where the awesome power of Eminent Domain was held in reasonable check by a people who knew that the right to be secure in ownership and use of private property is essential to the life of a free man; who knew that without the right to own and use property, a man has no means of providing the necessities of life, except as government power permits him—who knows THAT A GOVERNMENT WHICH CAN TAKE YOUR PROPERTY CAN TAKE YOUR LIFE.

Now dear reader, if it was traditionally difficult for city government to seize an occasional piece of property for necessary public use, even when the public need was obvious and urgent, how could Americans ever be led to accept Urban Renewal? When Urban Renewal requires seizures of ALL PRIVATE PROPERTY IN LARGE CITY AREAS, at whatever cost in tax money, and uprooting of entire communities of families and established businesses, at whatever the cost in heartbreak and financial loss for those uprooted regardless of handicap or age, for no public need at all (unless one considers it a public need to tear down and rebuild whole sections of a city in order to please public planning officials who have their eye on a fat bankroll instead of your welfare. These people need to take their Bibles and read LUKE the 12 Chapter, verses 15 through 21, "Take heed, and beware of covetousness; for a man's life consisteth not in the abundance of things which he possesseth... The ground of a certain rich man brought forth plentifully; And he thought within himself, saying, What shall I do, because I have no room where to bestow my fruits. —And he said, This will I do; I will pull down my barns, and build greater; and there will I bestow all my fruits and my goods. —And I will say to my soul, Soul, thou hast much goods laid up for many years; take thine ease, eat, drink, and be merry. —But God said unto him, THOU FOOL, this night thy soul shall be required of thee; then whose shall those things be, which thou hast provided?

There are two ways that pride may be used, it can be used as a Virtue or a Vice, let us take a look at Pride from both sides.

"Pride", said Augustine, "is the greatest of all sins." Webster's New World Dictionary defines Pride as; "an over-high opinion of oneself; exaggerated self-esteem; conceit." Many people use pride in this sense, they have an exaggerated self-esteem, in other words they think that they are so much better than anyone else. This is the wrong way to use pride, it is an evil way, and pride has led men along many paths of evil. For example, do you not know that pride is one of the reasons why there is so much deception in the world today? Pride has been a basic motivation behind some of the great military leaders who have bathed the world in blood. Pride has been a factor in creating nationalism, which in turn, has created tension and hate between races, and let us also remember that pride has brought countless individuals to their downfall. As the writer of Proverbs has so well expressed it; "Pride Goeth Before Destruction, and a Haughty Spirit Before A Fall." Had you ever stopped to think that the man filled with pride is unusually vulnerable, because pride blinds a person to reality, he can no longer reason clearly.

We know there are some who will disagree with this, and that there are some who will not believe it. But there were those who disagreed with Christ, and did not believe Him either, and remember that there were those who did not believe what Noah told them either until the flood came, and then it was too late, and men have not changed much since the days of Noah. The worst thing about pride is that it destroys man's relationship with God as well as with his fellowman. Augustine wrote that when man is proud he replaces God with himself. Man thinks that he no longer needs God. He, himself is all-sufficient. That is why we have men who look down on others and put themselves up as Gods, it is the same old story. One time Satan was an angel in heaven, he thought that he could replace God, his pride caused him to be casted out. And pride affects all men. May we never use or let our pride cause us to destroy ourselves or our country.

On the other hand Webster defines pride as; "a sense of one's own dignity or worth; self-respect." Now when one considers pride in this sense, he realizes that pride may be one of man's greatest assets. It is, in part, the sense of dignity and worth which has driven many people to success, it is a sense of self-respect which may enable people to face the most difficult trials of life. The absence of a sense of one's own dignity may well lead to a life of failure and degradation.

There is nothing wrong with pride in the sense of a healthy self-respect, and respect for our fellowman. The problem is to prevent satisfaction in one's achievements, possessions, etc., from developing into haughtiness, arrogance, and exaggerated self-esteem.

The following are suggestions which may help us to keep things in their proper perspective.

Think about how many people have accomplished MORE than you have. This alone should be a sobering thought for those who have an overblown opinion of themselves.

Think about how many other people... parents, teachers, friends etc... have contributed to your success. Where would you be without them? Where would you be if you were really a self-made man, as some try to make you believe they are? Just where would you be if it were not for your fellowman? Remember, as Paul did, "I am debtor both to Greeks and Barbarians", (Rom. 1;14). I am a debtor to both Black and White races.

Think about the part pure luck has played in your life. William E. Woodward, one of Washington's Biographers, wrote; "In the queer mess of human destiny the determining factor is luck. For every important place in life there are many men of fairly equal capacities. Among them luck decides who shall accomplish the great work... and who shall fall back into obscurity and silence." While this, in the writers' view, is an overstatement, can anyone reasonably deny that luck is an important factor in the lives of all men? Chance plays a more important role than many of us would like to admit.

Think about how ridiculous the manifestations of Pride in your life will appear to more mature and more thoughtful people. Here, in a sense, one's pride should help him to control his pride, if for no other reason than not to appear foolish to others.

Think about the commandments of Jesus; "What Commandment is the first of all? Jesus answered, the first is, Hear, O Israel; The Lord our God, the Lord is ONE; and thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength. The second is this, THOU SHALT LOVE THY NEIGHBOR AS THYSELF. There is no other commandment greater than these (Mark 12;28-31). The proper application of these commandments in our lives would leave for less time for the development of pride.

We realize that it takes courage to live by these commandments all the time, but some effort on each person's part, could very well make life easier for all of us to live.

For the past several years, I have had the opportunity of telling you of some of the incidents which happen in our city limits. But in this column, along with some of the happenings, I would like to inform you about some of the laws which engulf our state.

Of course, I admit, this information is very helpful, and I'm sure you'll agree as you read it.

The information is as follows: "The attorneys of Lubbock County, acting through the Lubbock County Bar Association present portions of the criminal and civil laws of the State of Texas governing juveniles."

Let us look at the word: Child, Juvenile--male or female--Misdemeanor Crime, or Felony Crime.

Each of the following words mean a great deal to anyone who is interested in the welfare of his or her child.

A child is defined as a person under the age of ten (10); a juvenile is a male over age ten (10) and under age seventeen (17). A female may be a juvenile when she is over age ten (10) and under age eighteen (18).

A Misdemeanor Crime is an offense where maximum possible punishment is by fine and/or incarceration in a County jail.

In looking at the definition of a Felony Crime, you will find that a crime of this type is where the possible penalty is incarceration in a State penitentiary.

What is a delinquent child? Well, a delinquent child means any female person over the age of 10 years and under the age of 18 years and any male person over the age of 10 years and under the age of 17 years:

1. Who violates any penal law of this State of the grade of a felony.
2. Or who violates any penal law of this State of the grade of misdemeanor, where the punishment prescribed for such offense may be confinement in jail;
3. Or who habitually violates any penal law of this State of the

grade of misdemeanor where the punishment prescribed for such offense is by fine only;

4. Or who habitually violates any penal ordinance of a political subdivision of the State;

5. Or who habitually violates a compulsory school attendance law of the State;

6. Or who habitually so departs himself as to injure or endanger the morals or health of himself or others;

7. Or who habitually associates with vicious and immoral persons;

Once a male attains the age of 17 or a female attains the age of 18, they are subject to punishment as an adult; however, under certain conditions a person of the age of 16 can be tried as an adult.

Punishment of a juvenile as above defined, is set by the Juvenile Court in accordance with Article 2338-1 Sec. 13.

**THEFT OF BICYCLE**

Bobby Jones, 213 Redbud, reported to the police that someone had stolen from his residence a boy's bicycle.

According to Jones, he had no idea who could have stolen it.

**FIGHT VICTIM**

Quentin Jennings Howard, 2206 East 29th Street, told police that at his residence his nephew, a 14-year-old, walked into the kitchen where he was sitting and hit him on the right side of the head with a bottle.

He told police that he didn't know what kind of bottle it was, but he would definitely file charges.

Howard was taken to the hospital for treatment.

**THEFT OF GASOLINE**

Earl Cox, an employee at a local Walt's Service Station, told police that two men came into the station in which he was working--accompanied by a small boy--left in a green pickup without paying for their gasoline.

The run-off amounted to approximately \$3.11 worth.

Please give the South African government time to show the world that the population of this territory wants to follow the traditional path towards self-determination. ### Reginald Robinson Of Wichita Falls Signs With Southern Methodist

It was learned this week that the 'Wonder Boy' of track, better associated with the title of "the fastest schoolboy in the world," Reginald Robinson of Washington Wichita Falls, has signed with Southern Methodist University at Dallas.

The 5-11, 180 pounder and flashy halfback ran the 100-yard dash in 9.1, with the wind aiding him, last year.

According to freshman Coach Herman 'Sleepy' Morgan, "He's got great potential. He's strong built and he's tough. He's a lot like Jerry Levias. He'll be hard to cover on passes and hard to catch."

Levias, one of the first Negro athletes signed by SMU, was a key in the school's Southwest Conference football championship last fall.

Robinson scored 28 touchdowns in high school. Last season, he

scored 10 touchdowns and threw 5 more from the halfback position. SMU will have three Negroes this year.

### Texas Boy Wins National Oratorical Championship

For the first time in history a Texas youngster won the Championship in the National Oratorical Finals Contest when Alan L. Keyes, 16, of San Antonio, was adjudged the winner in Lincoln, Nebraska.

A Dunbar high school student of Lubbock was one of the participants who did go to the district meet.

Keyes, a junior student at Robert G. Cole high school, a Negro, is the first person of his race to win the championship.

In winning the American Legion's 30th annual National High School Oratorical Contest Finals, Keyes will be awarded a \$4,000 scholarship to the college of his choice.

Keyes, also state champion of Texas, son of Sgt. Maj. and Mrs. Allison Keyes, outspoke winners from Maryland, Kansas and California.

Keyes advanced to the Regional 6 contest in Amarillo after winning the state contest at Wichita Falls last fall. In Amarillo he won over contestants from Arkansas, Louisiana and Mississippi.

NATIONAL ORATORICAL CHAMPION Alan Lee Keyes is congratulated by Department Commander Jack W. Flynt after winning the Regional 6 contest in Amarillo. Keyes went on to win the National Championship in Lincoln, Nebraska.

### TWO STABBED HERE

Two young ice cream vendors, stabbed in an incident last Thursday night in the 2800 block of Weber Drive, were reported in good condition Friday at West Texas Hospital.

The pair, ages 16 and 22, apparently suffered back and side wounds.

A charge of assault with intent to murder was filed last week against Freddie Ray Carney, 18, 2902 Quirt Avenue. According to officers, the suspect was taken into custody last Friday morning. But when they went with Carney to his apartment to obtain the alleged weapon, a fingernail file, the suspect jumped out of a window and escaped, according to police.

### Marilyn Virginia Parrish Honored

Marilyn Virginia Parrish, a graduating senior of Dunbar High School, was presented three awards Thursday, May 11. These consisted of the following: award of honor for an outstanding record in clerical practice, Student of the Month December '66, and the John Phillip Sousa Band Award---

the latter being the highest award given to a high school student.

Marilyn resides with her parents and sister, Mr. and Mrs. George D. Parrish and Dianne, at 1028 East 29th Street. Mr. Parrish is resident manager of the Coronado Apartments; Mrs. Parrish is employed at Texas Tech as production manager. They are very proud of their daughter's achievements and wish her much in the future. Her major objective after graduation from high school is to attend the Medical Institute of Colorado to pursue a career as a medical secretary.

### Named Outstanding Student Of Grand Prairie Area

Miss Archie Mae Hutchinson who is a relative of Mr. and Mrs. H. S. Hutchinson, 2915 Beech Avenue here, has been chosen as one of the outstanding students of the Grand Prairie area.

She is the daughter of Mrs. Dorothy Hutchinson, 921 Pangburn Street. Miss Hutchinson is a junior at Sam Houston High School in Arlington, Texas where she is an honor student. Being among the top students is nothing new with this young lady.

You see, on graduation from Booker T. Washington Elementary School in Arlington, she was named outstanding student, and received a certificate and gift from the 'Daughters of American Revolution.'

Miss Hutchinson attended I. M. Terrell High School for a year where she was chosen one of the cast in a dramatic play. She transferred to Sam Houston 1965.

We find that the move did not affect her ability. She is presently a member of the volley ball team, an A.D.E. student, and an employee of Sears-Roebuck's Arlington, Grand Prairie store as a sales clerk under the D.E. program.

She is an active member of the Evergreen Baptist Church in Irving, Texas which Rev. E. Stephenson is pastor.
