

'Around the Hub City'

This is really a big week for the students and alumni of Dunbar High School. Many activities are on tap or given thus far, but the climax will be Saturday night at Lowery Field when the Panthers meet Amarillo Carver in an annual homecoming tilt. This particular tilt is expected to draw hundreds of Amarillo fans despite it being homecoming for the Panthers.

Congratulations are in order for Mareta Lange Johnson, "Miss Homecoming of 1966." 'ARHC' wishes you the best of luck as you reign throughout the year. She is a 1958 graduate of Dunbar.

Highlighting National Book Week, being celebrated this week (October 30 through November 5) by libraries, schools, and bookstores everywhere, the Children's Department of Lubbock Public Library is featuring seven showings of a 57 minute color film, "The Lively Art of Picture Books."

This is a program for adults intended to heighten the enjoyment and appreciation of picture books, and to show why they mean so much to children. It is a film for parents, teachers, librarians, and for all who are concerned with children. There is no admission charge. The next showing will be tonight at 7:30 p.m. and Monday, November 7th, at 9:45 a.m., 1:30 p.m., and 7:30 p.m.

Mrs. Norine Paloni and two children, Wayne and J.C., of Denver, Colorado, are visiting with their mother and grandmother, Essie Cooper, 3507 East 15th.

The Mongolia Chapter of the Dramatic Order Knights of Omar of Knights of Pythias met at the Mary & Mac Private School last Sunday afternoon with Grand Mongul Caesar Graves presiding.

"ARHC" learned last week that there will be a change in the barber shop prices beginning on November 8th. It was revealed from one representative of the Eastside Barber Association that the cost of a haircut will jump from a \$1.50 per head to \$1.75 per head beginning on November 8th. Apparently there is another group of barbers in the "Hub City" who refuses to agree with the new price list.

The City Wide Mission met at the home of Mrs. Pearl Baker last week. Prayer service was held by Mrs. Hester English. Mrs. Mary Simmons sang a beautiful number "Precious Memories." Mrs. Leodonia Brown gave prayer on the program. The president of the City Wide Mission, Mrs. C.E. Fair, gave wonderful remarks. A wonderful sermon was delivered by Rev. Butler. His subject was: "The City on The Hill."

James Jackson, a hard running 9.5 half-back for the Sooners of Oklahoma and former star in football and track at Dunbar, scored in the early minutes of the game last Saturday. His gallop total eighty yards. As one spectator claims... the crowd went wild.

Lester Means, editor of the West Texas Times, has received several letters from people throughout these United States in regard to his article on parenthood. Letters have come from people of all walks of life including a police chief in the East; a housewife in the North.

Long Time City Resident Honored Here This Week

Mrs. William Sedberry, a long time resident of Lubbock, was honored last Sunday morning by the Women's Society of Messiah Presbyterian Church, 1616 Avenue B, as the oldest member and missionary worker in the eleven o'clock services.

Mrs. Sedberry and her husband came to Lubbock in 1923. She has done work in the missionary for over 53 years in Lubbock County and at Meridian in Bosque County. She still participates in the organization, but is unable to take an active part.

In talking to Mrs. Sedberry, it was learned that her husband was chief cook at the old Merrell Hotel, an early landmark here, and they lived in the basement of the hotel the first few days here. Mr. Sedberry was also a pastry cook at the Lubbock Hotel, now the Pioneer Hotel. The Sedberys built a cafe and beauty shop at 310 17th Street, and later built a home at 1806 Avenue B.

Mr. Sedberry, who was known as "Papa", was one of the first five Negroes to donate money for land to build a Negro school in Lubbock, which later was called Dunbar. He also helped to organize the Messiah Presbyterian Church, a church which has helped to organize three other churches.

Mr. Sedberry died in February of 1960.

Mrs. Sedberry, who is 94, can recall her mother living to be 115 years of age. She resides with her son, Douglas.

Hersons and daughters include Charles, Sr., 1724 East 24th; Leo, 1605 Avenue C; Almo, 1609 Avenue C; Douglas, 3608 Ute; Mrs. Maude Hamilton, 3519 Teak; and Mrs. Beatrice Barnes of Houston, Texas.

Services for Henry Winn, 63, were held last Friday afternoon at 3:00 p.m. at the New Hope Baptist Church with the Reverend A.L. Dunn, pastor, officiating.

Burial was held in the City of Lubbock Cemetery under the direction of Sedberry Funeral Home.

IT DOES MAKE A DIFFERENCE

With only five more days to go until the polls open on Tuesday, November 8th, it is high time that we take a serious look at the two men seeking the U.S. Senate post.

With the many issues brought up, including several which touch everybody in a personal way, the election should not be, nor is it, a "popularity contest". Furthermore, due to the records of the men themselves, it should not be, nor is it a party affair, the truth is that the two candidates agree fairly well on the big issues: INFLATION, the PROSECUTION OF THE VIET NAM WAR, RIOTING and other forms of violent crime in the streets.

One would be less than honest to argue that the election of either Republican John Tower or Democrat Waggoner Carr would be a "tragedy" that isn't true, no matter how one may look at it, for both the Messrs. Tower and Carr are good men and, as is unusual in politics.

But while both candidates are respected and respectable men, it is not true, as sometimes put: "it doesn't make any difference which one is elected." IT DOES MAKE A DIFFERENCE.

Mr. John Tower is, of course, United States Senator. He wants to keep his job. Mr. Waggoner Carr is the State's Attorney General. He wants Mr. Tower's job, but we see no valid reason why Senator Tower, a young, vigorous man who won his term fairly and served it with distinction, should be shoved aside for another man's ambitions.

Texasans know what John Tower will do as their Senator, because he has already distinguished himself in that office for five hard-fought years.

Senator John Tower became a highly-regarded national Republican leader while battling and voting for what most Texans want, regardless of party affiliation. We believe that the man is more important than the affiliation. We believe strongly that if America is to be a democratic institution it must have a balanced two-party system.

It would be a poor trade to send to a disillusioning hodge-podge of government by deficit and deferment, a party man who would merely blend into the "team" as a freshman member of the chorus, when established leadership and position of Mr. Tower's brand is the only strength holding the line now. We do not find too many people who disagree with Senator Tower's consistent voting record. Few disagree with his suggestion that the best single way to fight inflation, increased cost-of-living, and federal debt is for the U.S. Government to live within its means.

He is a man who thinks. He thinks for himself and speaks his own mind---never a "rubber stamp" for any man or party.

JOHN TOWER'S RECORD SHOWS HE IS WORTHY OF RE-ELECTION

Mrs. Mareto Johnson Named Dunbar's 1966 "Miss Home Coming"

We've all been awaiting for the selection of the 1966 "Miss Homecoming." Well, here she is.... Mrs. Mareto Johnson.

Mrs. Johnson, a former graduate of the Maroon and White of Dunbar, is the daughter of Mr. and Mrs. C.L. Lang, 1822 East 25th Street, where she was very active in the marching band.

In 1963 she became a recipient of a Bachelor of Science degree from Langston University at Langston, Oklahoma where she received a four-year scholarship in the college band.

She is a member of the Manhattan Heights Church of Christ and holds membership in the local chapter of the Young Women's Christian Association and the Lubbock Chapter of Alpha Kappa Alpha Sorority.

"I was real happy and felt as though it is a great honor for any young lady to be chosen for such a worthy cause as this," smiled the newly selected Miss Homecoming.

She is currently employed as a first grade teacher at Walter S. Posey Elementary School.

It is hard each year for the alumni members of the Dunbar High School to do, since there are so many Dunbar grad-

uates who are more than qualified for such an honor.

Congratulations to you Mrs. Mareto Johnson, Dunbar's "Miss Homecoming" for 1966.

Dunbar Principal Extends Welcome

In behalf of the faculty and student body of Dunbar High School, I extend welcome to the Dunbar family. This includes all of those who believe in the value of education, and in the inherent worth of the human personality, as well as those who have sat in our classrooms and been inspired by our teachers.

We assume that the purpose of your attending this "Homecoming Celebration" is three fold: To witness a thrilling athletic contest between two worthy opponents, To greet old friends; and to witness the progress of Dunbar among the several Lubbock Public Schools.

Best wishes for a most pleasant and enjoyable "Homecoming Celebration."

Absentee Balloting

It was learned from the County Clerk, Mrs. Floe Swenson, that absentee balloting in Lubbock County in the November 8 general election this year is running "much lighter" than in the 1964 campaign.

Mrs. Swenson said that since the October 19 opening date only 128 ballots had been cast in the office, while an additional 72 had been returned through the mail for a total of 200 ballots casted through last week end.

Deadline for absentee voting in the office is 5:00 p.m. tomorrow, Friday, and all mailed ballots must be returned through the mails by 1:00 p.m. on election day, November 8.

# YOU MUST VOTE

Said Mr. Brewster, to Mr. Ben, "What happened? I haven't heard you complain in I don't know when."  
Said Mr. Ben to Mr. Brewster, "I don't fail to vote like I useta."

It is sad but true, that far too many citizens of this Country fail to exercise their right as a citizen to vote, then spend their time complaining about how the ones who are elected to public office run things. Some seem to have the mistaken idea that the way to get things done is to stage marches, and riots in the streets, let us not have a riot, but do let us march right up to the polls come November eighth and vote for the candidate of our choice.

Don't be a slacker, for the slacker stays away from the polls with the excuse "oh well, my one vote won't help or hurt, it won't change thins." So he stays home and complains about how bad things are in this country. He doesn't like the way things are run, but he makes no effort to change or improve them. The slacker forgets that "The boy who shot at the moon came closer to hitting it than the boy who did not shoot." Your vote may not change things, but the one who votes comes closer to changing things than the one who doesn't vote. Then who knows, there has been times when one vote did change the whole election, that vote could be yours if you use it.

Let's not be taken for granted by any political party, no matter whether Republican or Democrat, but let us vote for the man who is not only able but also willing to stand up for the rights of every citizen, and not just a selected few. Remember, to get anything done, you must pay the price, and the price you must pay for fair and honest government is your vote. Is that too much to pay?

So get out and vote! Remember, "the world is looking for the man who can DO something, not for the man who can EXPLAIN why he didn't do it."

If we vote, the choice is ours...  
Fail to vote, and the choice is theirs.

## Let's Talk Dollars and Sense

Everyone is crying "no money, I am broke," yet Negro Americans today have an annual income of some \$29 BILLION--more money, as it has often been said, than is earned by all the inhabitants of Canada. This not only seems like, but is, a tremendous sum of money. Take this amount away from the total gross National product of the United States and the Nation's annual income would drop some five per cent. Now just think, if in the face of continued discrimination the Negro can increase his annual income (for it was \$21 billion in 1962). What would happen if, suddenly, all discrimination would be abolished and the Negro would be given an education equal to that of the average white man in the Nation today? A New York University Professor of Economics did just that recently and his conclusions would make one wonder why such a practical, Capitalistic Nation as the United States has let Racial discrimination last as long as it has.

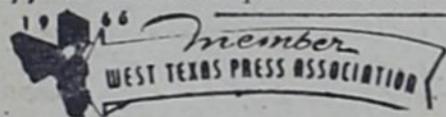

According to Professor Jules Backman, author of more than 100 books and pamphlets in the field of economics, the elimination of discrimination in employment and education would benefit the U.S. economy through: (1) a fifty per cent increase in the average income of Negroes, (2) the greater productivity of better-trained labor force, (3) a reduction in school dropouts, (4) the creation of a million of more jobs, (5) a vast reduction in unemployment, (6) a reduction in community costs for welfare programs, and (7) a higher rate of economic growth.

And this is just what this Country needs, isn't it?

Backman also points out that government agencies have estimated that the end of discrimination in employment and education would increase the personal income of Negroes \$9 to \$13 billion (bringing it above \$32 billion annually), and that the gross National Product could jump \$13 to \$17 billion an increase of some three per cent in the current value of all goods and services produced in this country.

In his discussion of the economic benefits that could come to this country through the abolishing of discrimination in employment and education, Professor Backman speaks of dollars but he makes a good deal of sense.

Since there has been considerable concern among economic experts (both in government and out) about the gradually slowing rate of growth in the U.S. economy, doesn't it seem reasonable that real pressure should be put upon any legitimate method by which this growth could be speeded? God has wonderfully blessed America compared to many other countries, let us not abuse His blessings for God has said in Prov. 1:24-33: "Because I have called, and ye refused; I have stretched out my hand, and no man regarded; but ye have set at naught all my counsel, and would none of reproof; I also will laugh at your calamity; I will mock when your fear cometh as a whirlwind; when distress and anguish cometh upon you. Then shall they call upon me, But I will not answer; They shall seek me early, but they shall not find me; For they hated knowledge, and did not choose the fear of the Lord; They would none of my counsel; They despised my reproof; Therefore shall they eat of the fruit of their own way, and be filled with their own devices. But whosoever hearkeneth unto me shall dwell safely, and shall be quiet from fear of evil."

CLOUDED RECORD  
Patterson, N. J. --(NPI)--Police records show that former top-ranked middleweight boxer Rubin (Hurricane)Carter, who, a long with another man, is being charged with murdering a bartender and two customers in a local tavern once spent time as a youth in reform schools and four years in the Trenton State prison for assault and battery. Carter, at first arrested, questioned and released, was re-arrested after testimony of a witness to the shooting in which the bartender and a male and a female customers were fatally wounded. Police theorized robbery was the motive.

### Local Residents' Relations In Auto Tragedy

Tragedy road the highway early Sunday morning in a hilly area near Childress as an automobile drifted across the center line and eight people lost their lives.

One of victims of the early morning tragedy was Walter Lorenzo Johnson, 23, Wichita Falls, a nephew of Mrs. April Rose Anderson and Mrs. Caesar Graves and a cousin to T. J. Patterson all of Lubbock.

One vehicle had four occupants while the other had eight.

A special treat which wore the title of "Tom Thumb Wedding" was held last Friday evening in the auditorium of the New Hope Baptist Church. The W.M.S. department of the church was responsible for the affair.

#### TWO WOMEN FIGHTING

Two women were in the act of fighting in the 200 block of 17th Street one day last week. Police stopped the fight, but one of the females, age 20, had a broken beer bottle in her hand about to strike the other lady, age 30.

It appeared as though the lady without a weapon did a splendid protecting herself by hitting the lady in the face and stomach with her fist... Cassius Clay style.

#### BURGLARY

Sam Bailey, 1312 East 24th Street, told police that Sam B. Crawford had come to clean up the American Legion Hall in Yellowhouse Canyon one day last week when he discovered that the building had been broken into. It appeared as though someone had broken out a window on the west side of the office to gain entry. According to the police, it had to be a small child to squeeze between the bars which are nailed over the window. After further investigation, it appeared as though the burglar lifted a bar off the front door and opened it to let his partner or partners in. Once inside they did pry open a cigarette machine, taking an undetermined amount of money and cigarettes, also they did attempt to pry open the money box in the juke box, but apparently entry was not gained. It was learned that they did break the screwdriver tip off.

#### STABBING

Charles Earl Jurdin, 1306 East 14th, told police that he was hit with a chair in a cafe and was stabbed after going into the street.

He was cut behind his right ear and on his left shoulder just above the shoulder blade and on his right hand. He also had a large knot above his left eye and on his left temple.

#### THEFT OF TOOLS

Raymond Spencer, 2704 East 9th Street, told police that someone had taken approximately \$50 worth of tools from the backend of his pickup which was parked in carport of his yard. He has no idea who could have done such a thing.

#### ATTEMPTED BURGLARY

In the 1700 block of Avenue B, it was learned that a 25 year old man had attempted to rob a juke box at 1605 Avenue B, the residence of K. B. Eddings. A man who lives in the area of 18th and Avenue says that he could identify the man. Entry to the machine was not gained.

#### HOUSE BURGLARY

Helen Gene Bates, 2717 East 9th Street, told police that someone had broken into her house and stole her blonde wig and a pair of sunglasses. She discovered the items missing after returning to the house. She admits that the doors of her house had been left locked, but she could not understand how the house was looted. The value of the wig was \$50, and the sunglasses \$10.

Two Lubbock men were arrested last Friday morning in connection with the burglary of the Economy Mills, 1413 Avenue B, on Thursday night.

Officers were answering a call on a burglary alarm going off found one of the men outside the building, and the other inside in a storage area.

According to the police, the man inside the building had some burglary tools with him.

The suspects, C. B. Barron and Wilbert Perry Corlbwell, were nabbed by police.

A \$3,500 bond was ordered for Corlbwell and a bond of \$2,500 was set for Barron by Justice of the Peace George H. McCleskey.

## DUNBAR BOASTS OF RECORD GROWTH OVER YEARS

Educational opportunities for the Negro youth in Lubbock was first established in 1922 at a frame building on 17th Street and Ave. C. A more permanent structure was built in 1923 and additions were made in 1928.

Enrollment was small in number requiring the services of only three teachers, who were Mrs. Ella Iles and Mr. and Mrs. W.H. Wilson.

By 1930 enrollment was 272 with four teachers. In this year E.C. Struggs was named principal of the school.

By the spring of 1932, Dunbar held its first commencement as a four-year high school and six students received diplomas. In 1940 there were eleven teachers and enrollment gained momentum to a total of 571, the largest number being in the primary grades.

Relocation of the school was made in 1935 to a site on Date Avenue where Ella Iles Elementary School is now located. The brick structure consisted of seven classrooms, of which three could be converted into an auditorium for assemblies. A library and areas for science and homemaking courses were made available.

In 1937 Dunbar was accredited as a four-year high school by the State Department of Education.

Enlargements to the school plant were made again in 1939, 1944, and 1948. Enrollment had become 873 and there were 21 teachers on the staff.

Primary grades were separated from the elementary and high

school sections in 1949. For another decade Dunbar remained on Date Avenue while growing in enrollment and number of courses offered and in 1954 the graduating class numbered 45.

To accommodate enlarged school enrollments, Dunbar moved in 1959 to the present building at 28th Street and Teak Avenue. The building and equipment are among the finest in the school system.

Enrollment this year exceeds 600 and the curriculum includes such vocational courses as cosmetology and auto mechanics and such electives as courses in book-keeping, shorthand, typing, publications, choir, physics, and remedial reading. There is a staff of 44 certified teachers, three clerks and 13 non-certified personnel. A sports physical fitness program is available to all students.

Retired last year, Principal Struggs, who for 35 years guided and promoted Dunbar's growth, may be rightly proud of the school's achievements, but he is no prouder than are the past and present members of the Board of Trustees, the Superintendent and his staff, the student body and the citizenry of Lubbock.

In looking at the growth of this fine school, Dunbar will celebrate another homecoming on Saturday, including the many activities being held this week.

Dunbar, who holds a noticeable 3-1 record in league play, is tied for second with Amarillo Carver, whom they will play on Saturday in a homecoming and district tilt.

Amarillo, who lost to defending champions, Wichita Falls Washington, last Saturday at Amarillo by a score of 14-6, will be all charged up for the Panthers come Saturday.

Wichita Falls, along with their 9.1 running back, is still on top with a 4-0 record.

Looking at the statistics, Hamilton Park had eleven first downs to Dunbar's seven and outtrushed the Panthers, 163-131. Hamil-

Dried beans baked with ham are always good. Add wine and cheese and they are superb. The wine should be a dry red one, such as a California Burgundy or Claret. The cheese may be sharp or mild.

Cubes of it poked into the beans toward the end of the cooking period will melt into creamy pools to make a mouth-watering topping. Serve glasses of the same red wine for a very pleasant dinner. (NPI)

with salt and pepper, and other seasonings—just like professional chefs do. It's a quick, economical seasoning that accents and enriches the natural food flavors—adding fun and flair to any dish.

All wine types are used regularly for cooking. In most homes where wine is served with dinner or as refreshments, the leftover wine is used later in the kitchen. And here's a good point to remember: The entire family can enjoy many wine-cooked dishes, because alcohol (just as in vanilla) cooks away fast when it reaches the low simmering stage. Only the delicious flavor remains and a subtle new goodness that wins you compliments.

Even prepared mixes and other convenience foods take on individuality when cooked with wine. For example, use California white dinner wine or Sherry instead of half the liquid needed in a cake, cookies, pudding or pie filling mixes. Flavor gelatin deserts or salads by substituting wine for half the water in the recipe. Choose red or white wine, depending on the color of the gelatin.

Improve dry spaghetti sauce mix or dry salad dressing mix by substituting red or white wine for half the water specified on the package. You'll enjoy these advantages in wine cookery. And, to make your good living complete, adopt another pleasant custom: Serve leftover wine with meals or when entertaining.

### OLD FAVORITE

Almost any day now is good weather for a baked bean supper, see photo above. Here's a brand new version of the old favorite, special enough for a party and easy enough for an everyday meal. Burgundy wine is the newsworthy ingredient.

Burgunday Baked Beans follow the traditional recipe up to the point where the wine is added as part of the liquid. Another departure is the addition of cubes of cheese poked into the hot beans shortly before they are taken from

the oven. The flavor combination is unbeatable. It can be complimented more by pouring glasses of red wine used in the recipe as the mealtime beverage.

- 1 pound dry beans
- 1 tbs dry mustard
- 2 medium onions, peeled and quartered
- 1/4 cup light molasses
- 1 cup California Burgundy or other red dinner wine
- Munster or Cheddar Cheese
- 4 1/2 cups water
- 1 tbs seasoned salt
- 2 tbs wine vinegar
- 1/8 teaspoon ground cloves
- 1/4 cup brown sugar (packed)
- 1 cup devilled ham or cooked ham pieces

Pick over and wash beans. Place in saucepan with three cups water and soak overnight. Add remaining water, mustard, salt, onions, vinegar, cloves, molasses and sugar; stir to blend. Cover and boil slowly 1 to 1 1/2 hours.

Turn beans into a casserole or small bean pot. Cover tightly and bake in a slow oven (300 degrees F.), until beans are almost tender, about four hours. Stir in wine and ham.

Continue baking until tender, about one hour longer. Uncover casserole the last half hour of baking. Poke generous cubes of cheese into beans. Heat just long enough to melt cheese. The remainder of the wine should be served with the meal.
