# CONCERNING "BLACK POWER"

We have often been asked what we thought of the slogan "Black Power." In a few words, here is our answer

The phrase "Black Power" is a phrase that is very much in the news today, we read of it in the newspapers, and hear of it on TV and radio.

It is a phrase that consists of only two words, and those two words are black and power. They are simple enough words, yes. But we should be more careful in our choice of words.

We agree that these two words are harmless in themselves when standing alone, but words which when standing alone may be harmless, may become baneful when combined with or used along side of another word. Thus for example, the word "white" is in and of itself as innocuous as is the word "supremacy." But when you put them together in the phrase, "white supremacy" look what you have, something quite different. You have a hateful phrase connoting not only racial snobbery and exclusion, but also the rejection and subjugation of all nonwhites. Such a concept has no place what-so-ever in a democratic, pluralistic society such as we have in this wonderful country of ours.

So it is with "Black Power." Perfectly good words alone, or in certain combinations, but loaded with dynamite when joined together in the phrase "Black Power." Like "White Supremacy," it is a polarizing concept, not only setting black against white and vice versa but also black against all nonblacks.

In our society the slogan "Black Power" is just as unacceptable as the slogan "White Supremacy"!

The slogan "Black Power" is, and can be very misleading not only to its followers, but to others as well.

The exponents of this slogan have lately been explaining that they don't really mean "Black Power," which leads sensible people to demand of them what they do mean, if they themselves know.

They say what they seek is "political power, development of economic power, and stimulation of racial pride among Negroes." Admittedly these are all good and worthy goals, but couldn't these same goals be sought under another slogan, one not so antagonistic?

If the present movement continues on the path of violence, the results can only be more racial tension, maybe even race warfare, and everyone will be the loser. This must not happen here! It is a true saying, "A house divided against itself cannot stand." This can also apply to a country or a nation. The enemies of this country would like very much to see us, as Americans, divided. But we must not allow this to happen, we must not be divided.

Let us show our intelligence by doing the following: Not allowing ourselves to accept such a hate filled slogan as our own slogan; Not letting some wild eyed fanatic with flowery words come in from the outside and deceive us. It is the same old story of the "spider and the fly," and you know what happened to the fly after the spider had been allowed to coax him into his web; Not being selfish, remember that you are not the only one who has rights; and By respecting the rights of others; if you don't respect the rights of others, how do you expect them to respect your rights?

Let us not be hypocrites in our quest for civil responsibility.

## THERE'S A LESSON HERE

While reading this Sunday's "Avalanche-Journal," this writer ran across this article, no doubt you read it also, but there is a lesson here, if you will study it—a very good lesson.

"It is incumbent for every white man in these enlightened times to have a Negro friend. But it is very dangerous for a Negro to have a white friend.

"Take my friend, Belsky, if you will. Belsky is in all sorts of trouble, none of it his own doing.

"Belsky complained to me the other day, "You are looking at a man without a country. I am in hot water up to my ears, and I don't know what to do about it."

"How so, Belsky?" I inquired.

"Well, I did everything they told me to do. They said, "Belsky, get an education and you'll be able to throw off the chains of slavery and injustice that your people have suffered for nigh on 300 years! So I went out and got a college education."

"Then they said, 'Belsky, move out of the ghetto into a decent neighborhood so your kids can breathe good air and grow straight and tall'. I moved out of the ghetto and found a nice house in a middle class neighborhood, and everyone seemed happy that I had made it."

"The black people said, 'Look at old Belsky. He broke out of the neighborhood. If he can do it, we can too! And the white neighbors, after they got over the shock of it, said, 'you know, once you get to know Belsky he's just like us.' I almost got the feeling they were proud to have me in the neighborhood."

"For three years everything was going along fine, and then one day a black relative said, 'Belsky's an Uncle Tom.' And another black friend said, "Of course he's an Uncle Tom. If he wasn't he'd be living in the ghetto with us."

"Another one said, 'Belsky has white friends, anyone who has white friends must be Uncle Tomming it all the time.' And still another one said, 'His kids go to a good school. You know he's sold out to

whitey." And so, back in my old neighborhood everyone was saying, burn, Belsky, burn."

"I tried to point out I was only trying to do the right thing by integrating. But they said the only ones that want to integrate are Uncle Toms. Since I was a member of the PTA and had a good job I was up to no good."

"You're in a tough spot." I had to admit.

"Well, that's just the half of it. I thought about it for sometime and decided there was no sense moving back to the old neighborhood, and if the price of giving my kids a decent break was being called an Uncle Tom I could live with it."

"But I hadn't reckoned with the effect the Black Power scare would have on the white people, lately my neighbors have become very nervous.

"One neighbor said, 'Belsky, I'm wise to you and your Black Power, and I want you to know I've bought a gun.'"

This makes one wonder, who is segregating whom? You can see the position that Mr. Belsky is in. And the people of a community make up the community, and when we talk about a decent community then we are talking about the people who live in that community. You can never make a better community by moving away from it, unless you think that you yourself are one of the bad influences in that community then naturally if you move the community becomes a better community to that extent.

We cannot be purer than our thoughts, higher than our ideals, nor greater than our dreams. Therefore, we must learn to think correctly, foster noble ideals, and rise on the wings of imagination to the highest things of truth and experience.

### Rites Pending

Services are pending at South Plains Funeral Home for Mr. Sydney Diamond, of 2008 Elm Street, who passed away early Saturday morning at St. Mary's Hospital, after suffering a severe asthma attack. He is survived by his widow Mrs. Mamie Diamond, and a stepson of Dallas, Texas.

An initial meeting of the Bishop College Alumni Club will be held on Sunday, October 9th, at 3:00 p.m. in the auditorium of the Mary & Mac Private School.

All alumni or interested persons are cordially invited to attend this meeting. It is time that such an organization be formed for such a deserving institution as Bishop.

No wonder the men have taken over from the women when it comes to spilling secrets—secrets about the new, revolutionary hair-relaxing product that has put sparkle and new life to milady's crowning glory. The luxurious-looking, coiffed hair styling depicted is the result of an Epic permanent—but for the man in her life, only she and her beautician would know.

**SH-H-H, GOT A SECRET**

There's a new twist to that old saying: If you want a secret well kept, don't tell it to a woman.

And, there's a new, revolutionary hair relaxing product that has caused a unique "about face" in the secret-telling department.

According to research, it's the man who's spreading the news about his favorite female's crowning glory in normal man-to-man conversation—after she's had an Epic permanent.

Today's woman doesn't tell, especially if she wears the new Epic cool, curl relaxer, the permanent that leaves her hair smooth and elegantly "coiffed." Of course, her beauty salon operator knows—but that's as far as the secret goes on her side.

It's another story with the man in her life, however. He's proud—one might say amazed—and he is

Sam Mitchell, an employee of Southwestern Public Service Company for a quarter of a century, was interviewed by a reporter of the West Texas Times this week.

Mitchell, who can remember his early days with the company and recall his weekly paycheck of \$12.50, said he would like to inform the youth of today as well as caution them of a trying tomorrow.

He said, "Education and dependability are two factors which are necessary for any job. Speaking from twentyfive years of experience with the company for which I am employed, Southwestern Public Service Company, please bear in mind the value of salary in a job and remembering that is not quite as important as the opportunity that (the) job may offer for you one day. It is important that you prepare yourself today; for tomorrow your chance will come."

Washington--NPI--Congressman Adam Clayton Powell of New York last week announced at 169 delegates of civil rights, nationalists and other Negro organizations will converge on Washington, D. C., Oct. 15-16, for a National Conference on "Black Power" to map plans for the pol-

thoughtless enough to want everybody to know the secret.

"Yep," he brags, "she finally found the relaxer for her curls—and, I mean curls—that really works, come heat, gusty winds, rain, snow or humidity".

But, why is she keeping the reason for her chemically-straightened hair to herself? Because her hair problems vanished when her beautician introduced her to the Epic answer to a super-curly problem hair.

Why not tell other women? Simply because it's too good a discovery.

You'd better believe the woman with the Epic, buoyed by the knowledge that her hair is "delightful to look at" for three months at a stretch is happy, but she may not shout it from the housetops.

Her hairdresser won't tell, but when a man is told—that's it! So, if you want the secret to remain a secret, keep mum.

# Panthers Top Marlin 21-8

In a game that proved to be quite interesting the first quarter, despite the fumbling of both teams and the lack of tallies, the Dunbar Panthers pushed across two tallies in the second stanza and one in the third to defeat the Marlin Wildcats, 21-8.

The two touchdowns in the second period were secured by the Panthers when two swift tailbacks, Sidney Hall and Lafayette Lyles, ground out 230 yards on the ground and 51 in the air, while Marlin could only manage 78 by way of their ground attack and only 43 yards in the air.

Hall led the charge for the Panthers with 79 yards in 11 carries and Lyles churned for 61 yards in nine tries.

Harrison Ford led the Wildcat's efforts with 52 yards in an even dozen attempts.

The only score made by the Wildcats came with less than five minutes in the game when Dee Stuart went 20 yards around right end and a pass from Robert Moore to Marion Bell added two points.

The Panthers, who have a three win-no defeat record for the season, racked up 230 yards rushing with 12 first downs. On the other side of the ledger, the Marlin crew could only maintain seven first downs and 78 yards rushing.

Dunbar traveled to Wichita Falls today where they will take on the defending state champions tonight.

**SPEEDY DUO**—Ex-Panther James Ray Jackson, left, and team mate Ron Shotts are two of the swiftest Sooner backs. Jackson, a sprinter on OU's track team during the spring, has churned the 100 yard dash in 9.5 while Shotts turned in a 9.8 clock-

ing for the 100 in high school. Both men run from the tailback slot, and it has been learned from reliable sources that Jackson expects to see action in the Texas University-Oklahoma University game scheduled in the Cotton Bowl next Saturday.

## Mom - Dads Club Meets

The regular scheduled meeting of the Dunbar Panther Mom and Dad Club met Monday evening, the 3rd, at 8:00 p.m. in the cafeteria of the Dunbar High School with Mrs. Frankie Davis presiding. Invocation was led by Earnest Davis.

Many compliments were given about the appearance of the new blazers which the Panthers wore to several churches in the city last Sunday morning.

Coach James Hillyer discussed the triumph of the Marlin Wildcats and showed the supporters the film of the entire game.

Approximately twenty-seven members of the club were on hand to hear the appreciative remarks of the coaches in regard to the support they have received thus far.

The team, along with the Dunbar marching band, are in Wichita Falls this week, and hopes are up high for their first district win.

Mrs. Toins, Mrs. Moore, and Mrs. Lawson, three charming hostesses, prepared a splendid treat for the Panther supporters.

## Sophs Lose 20-13

Despite the defeat handed to the varsity team of Amarillo several weeks ago, the Amarillo Carver sophomores defeated the Dunbar sophs here last Saturday afternoon, 20-13, scoring all their points in the final half of play.

Dunbar scored first as Maurice Toines passed 47 yards to Edward Johnson and Clifton Johnson added the point after. Gilbert Griggs narrowed the gap to one later in the period as he raced 65 yards for a Carver tally.

Willie Bolton put the visitors in the lead with a two yard run and Mike Butler attained another six pointer before Dunbar ended the scoring on a 45 yard pass from Toins to Johnson.

Farmer, playing his first game as a split end, caught five passes for a total of 69 yards, longest of which was a 34 yarder, and Burrell hauled in four for 26 yards.

In this contest, the Howard Payne Yellowjackets defeated the Angelo State Rams, 19-0.

## Burrell - Farmer Shine at ASC

Don Burrell and Roy Farmer, two of Lubbock High's top football players last year, are doing a splendid job for Angelo State College this year, despite losing three games in a row.

The pair from the "Hub City" was the best part of the show last Saturday as they sparked their squad with nine passes for a total of 95 yards of ASC's 168 yard total managed in the air.

Farmer, playing his first game as a split end, caught five passes for a total of 69 yards, longest of which was a 34 yarder, and Burrell hauled in four for 26 yards.

In this contest, the Howard Payne Yellowjackets defeated the Angelo State Rams, 19-0.

**Marion Downs Appears Here**

Mrs. Marion Downs, lyric soprano who has sung before both United States and European audiences, appeared at a special Dunbar assembly last Friday after-

noon. She entertained the student body and faculty with several of her favorite songs and spoke briefly of some of the experiences she has encountered during her life as a singer.

Aside from appearing at Dunbar, she gave a second of two unique performances, which included creative group singing, last Sunday afternoon at the Oakwood Methodist Church, 2215 58th St.

Interpreting her race, Negro, through the medium of folk songs and spirituals has developed into a career for Mrs. Downs after the death of her husband, Dr. Karl Downs, a minister who at the time of his death was president of Samuel Huston College at Austin, now Huston-Tillotson College.

Mrs. Downs sang before a small but appreciative audience of about 175 persons last Thursday night.
