'Around the Hub City' OFF TO VIET NAM

"AROUND THE HUB CITY" these days, a lot of talk of doing something is heard, but yet we are unable to get any action toward upgrading our community. We know the problems as well as the brothers across the tracks, but all we are getting are pretty little words.

Our community is filled with many organizations that are merely doing nothing but talking or maybe I should say "gossiping" about what those who are concerned are trying to do. It's always good to criticize when you have something to offer to correct the ill situation, but this is not the case here. We, at least the majority of us, are not doing our part.

The Men Civic Club met last Sunday afternoon, and according to a source, this reporter learned that they have decided to do something constructive for a change. This is definitely needed by this organization who has fallen behind the mark in production of a better community.

This club has a fine record, but looking back several years, it is hard to see if they were really in existence. I am glad that a fire has begun to glow in the hearts of these men. The majority of these members possess great experiences, but it was really going to waste not being used.

The executive community of this organization met Monday night to work out further details about their new project. These citizens can make a constructive contribution if they really want to make one.

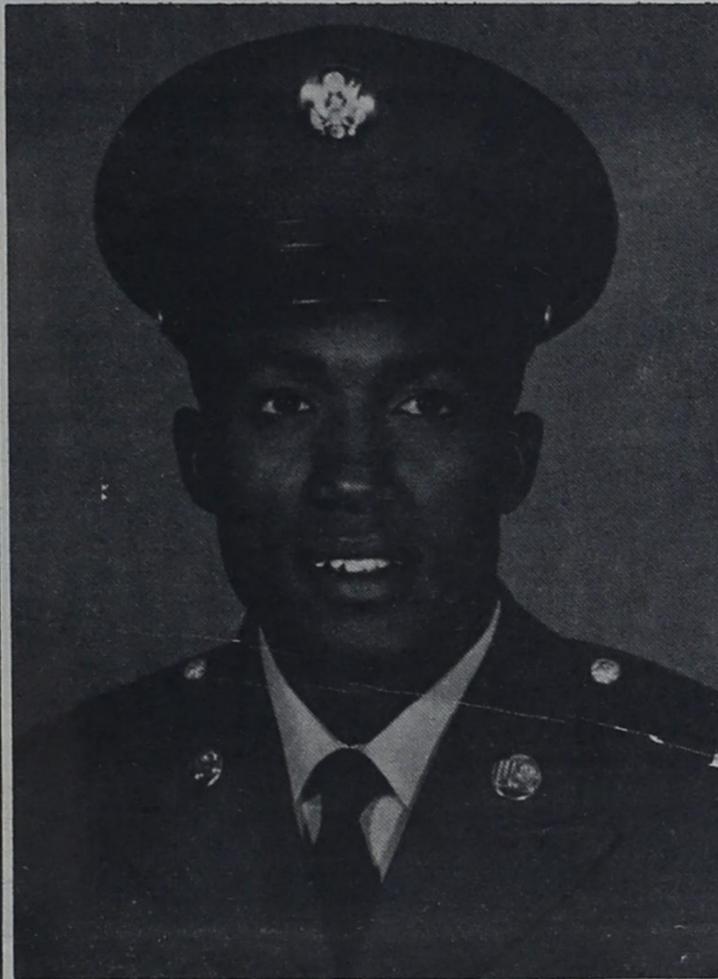

Lubbock needs your help, MEN CIVIC CLUB. Remember that too long you have become indolent. Show us now that you really care about the future of this community. Our young people have heard about what you have done in the past, show them what you can do today in making their future brighter. Quite talking and put your pretty words into action.

AROUND THE HUB CITY will be watching you in the future. We are expecting great things from you, so don't let us down.

Last Friday night, this reporter was able to capture the Lubbock Chapter of Alpha Dappa Alpha Sorority in action. This was the meeting held at Mae Simmons Community Center. The members were engaging in a basket meal when I saw them, but afterwards they settled down for some constructive business.

I hope they were making plans for this year's Debutante Ball which should be given from year to year rather than the every two year bit. Our young ladies need something to motivate them each year. Why not start making

Continued On Page Eleven

SP4 Lee Andrew Terrell, Son of Mr. and Mrs. James A. Terrell Sr., of 3316 E. Broadway of Lubbock, Texas, left for Vietnam by way of San Francisco, California.

Terrell, a 1959 graduate of Dunbar High School has been stationed at Fort Eustis Virginia. He is a member of the twentieth and Birch Church of Christ.

Flats Representatives Attend Guadalupe Meeting

Several members of the newly organized Flats organization attended a meeting of the Guadalupe neighborhood last Thursday evening at the Guadalupe Neighborhood Center.

The group was invited by Frank Carillo, one of several who is responsible for this organization.

Dick Williams, chairman of the Flats organization, explained that the visit was well spent. "We were able to see other groups doing something to benefit their community," he added.

Big Brother Program Slated For Lubbock

"No man ever stands so straight as when he stoops to help a boy."

Many boys in Lubbock do not have the influence of a man in their lives due to death, divorce, or other reasons. Because of this, many good, upright, young boys are swayed from these positions, and many times get into trouble that they probably would not get into if they had the guidance and encouragement from an adult male. To assist in giving these boys the adult male influence they need, a program has been established on a nation-wide basis to encourage adult males to take an interest in boys who do not have fathers or other adult males living in their homes. This program, entitled Big Brothers, is being sponsored in Lubbock by the Youth Services Department of the City of Lubbock. If you are interested in serving as a Big Brother, or if you are

Student Organization SOUL To Present Fashion Show

The recently formed Student Organization for Unity and Leadership Club at Texas Tech is having a Fashion Show on Mother's Day.

One of the main reasons for SOUL being formed was to enable the Negroes at Tech to get in the mainstream of activities on and off campus.

The Fashion Show will be 4 p.m. At the Mae Simmons Community Center. This event sponsored by the organization will mark one of its first functions for the general public.

The theme of the Fashion Show is "Soul Presents College U. S. A." The background will be accentuated with scenery from the Bahamas.

On May 12, the Fashion Show will consist of four different categories of clothes which includes Casual, Dress, Evening, and Unusual wear. The fashions will be worn by mostly the members of Soul and a few guest models.

Most of the members of the club will model some clothes in their own wardrobes. Some of the leading stores in Lubbock will also provide the latest in fashions for the style show.

Tickets will go on sale for \$1.00 for adults and 50¢ for students. There is \$1.25 admission at the door.

a boy who would like to have a Big Brother, please contact Ted Jolly, Youth Services Director, by calling PO 2-6411, Ext. 370, or by writing to Box 2000, Lubbock, Texas, 79408.

Primaries Set Saturday

With the city run-off elections coming up Tuesday, May 14th, thousands of Lubbock residents are expected to go to the County Polls this Saturday to cast their votes in the County, State and National primary. This will consist of three parties in the state of Texas, Democratic, Republican and the new American Party at the conventions.

A record number of people registered before the deadline last January, and for this reason and also due to the fact that absentee balloting has been so high, a record vote is expected in the County and State this year.

Over 50,000 individuals have qualified to vote this year in Lubbock County, with slightly more than 6,000 Negro citizens qualified. It is expected by some, yet rather doubtful to others, that the Negro vote could be the key factor in County races. The Negro vote is expected to play an important role throughout the state, where over 600,000 have qualified themselves to vote.

The primary elections will be conducted in thirty boxes within the city limits of Lubbock, the same boxes that were used for the city elections, while citizens living in the county but outside the city limits will vote at Hurlwood, Woodrow School, Cooper School, Posey, Slaton

YWCA TO SPONSOR COMMUNITY MEETING

The members of the Young Women's Christian Association of Lubbock are making plans in a big way for a community meeting to be held Tuesday evening, May 21, at 7:30 p.m. in the auditorium of E. C. Struggs Junior High School.

T. J. Patterson, assistant director of CAB and reporter of *West Texas Times*, will introduce the speaker of the evening. The main speaker will be Dr. Clark Ellzey, Texas Tech professor in Home and Family Life.

He is also the author of several books and is expected to talk primarily on family life.

The Y-Teens of Dunbar High School will serve coffee during the meeting.

A Buzz Session will be featured after the speaking and the group will be able to ask questions concerning many issues.

The public is cordially invited to come out and attend this special event. For further information, you may call Mrs. Tim Hatcher at SW9-0514.

TUESDAY WAS LAST DAY TO RENDER PROPERTY

Tuesday was the last day for property owners to declare their property for 1968 ad valorem tax purposes and to file application for residence home-stead exemptions.

The homestead exemption applies to \$3,000 of the homestead valuation for state purposes. The exemption does not apply to county or special district taxes.

The rendition of property for taxation and the application for the homestead exemption must be made each year by the property owner.

This applies to persons who pay their taxes as part of their monthly payments to a loan agency or bank on a mortgage as well as to persons whose homes are clear of debt.

Banks or loan agencies can pay the taxes on a piece of property on which they hold a mortgage and add the taxes to the monthly payments, BUT they cannot render the property for taxation or apply for the homestead exemption.

The present state property tax rate of 47 cents for each \$100 of valuation, a property owner can save up to \$14.10 on the \$3,000 homestead exemption.

Clubhouse, West Ward School in Slaton, East Ward School also at Slaton, Roosevelt, Acuff, Idalou, Becton, New Deal Club House, Abernathy and Shallowater, bringing the total number of boxes in the County to 46.

The Polls will be open for voting from 7:00 a.m. until 7:00 p.m.

Several civic organizations, along with some churches in the area, have set up facilities to help people get to and from the polls all day long Saturday.

FORTY EAGLE SCOUTS HONORED LAST SUNDAY

Forty new Eagle Scouts from troops in all seven Districts of the South Plains Council will be recognized in Council-wide Court of Honor ceremonies Sunday, April 28, at 3:00 p.m. at the First Baptist Church, Lubbock.

Melvin Kunkel, Advancement Chairman, who will preside at the Eagle Court of Honor, stated this is consistent with the all-time record number of Scouts receiving the Eagle in the 1967 ceremonies. Recognition of Eagle Scout achievement is given twice annually in Eagle Courts of Honor in April and October.

Members of the Council Advancement Committee who will participate in the program are: Don Stroud of Levelland, Jack Brock of Plainview, James W. Anderson of Lubbock, Dr. John Brand of Lubbock, and Phil Pendley of Lubbock.

Eagle Scout Richard Scarbrough of the George White District, will present the invocation.

Troop 221, First Baptist Church, Plainview, will serve as ushers and lead the Processional of Troop Flags and Eagle Scouts. Lloyd Woods is Scoutmaster.

Reception for all Eagle Scouts and parents will be held in the Church Fellowship Hall immediately after the ceremonies under direction of Troops 401, 403, and

Continued On Page Eight

TEA SLATED

The Neighborhood Club will sponsor a Mothers Day Silver Tea Sunday, May 12th, at the Multi-Service Center, at Mae Simmons from 3 p.m. until 6 p.m. The public is invited.

Notes From Norm's Notebook

The idea of Dr. Martin Luther King and what he stood for in the form of what S.C.L.C. stands for today is good now, was good before, and will be good for as long as black, yellow, gray and white men attempt to live together on this great and grand world.

The idea that Marlon Brando and many, celebrities of the show business world have conceived, in relation to donating 1% of their annual income to the up-keep and matinance of S.C.L.C. is good, and should have been effected before the unnecessary and stupid death of Dr. King.

But, these ideas, and these attempts to salve a person's conscience are not going to completely put everyone in this world through the pearly gates unless something more concrete and more personal is done.

By doing something more concrete and more personal, reference should be taken toward each and everyone's attitude toward the problem of helping everyone in this country improve their situation. What Mr. Brando and Mr. Carson, as they so avidly proytrayed on the Tonight Show last Friday night nationally, did, should be brought more closer to home everywhere, including Lubbock.

The idea being, Dr. King's feelings should not be forgotten, his feelings toward non-violence must be kept in mind as people the country-wide strive toward better positions for everyone.

Here in Lubbock the time has come for every businessman and professional to consider the idea of allowing some of his efforts, if not another 1% of his income, to be directed toward helping his fellowman—even if he is black! Here in Lubbock the time has come for the many members of the establishment to come around to the idea that now everyone must do something to allow positions to be opened where black and white can gain some degree of self-importance that will allow him or her not only to be gainfully employed, but also to be impressed with their position and to be able to be impressive in their position to others. The time has come that the white community and the black community and the business community and the professional community and the political community must be able to say that no longer are they going to salve their conscience and social standing with certain measures that look good on the surface and will never accomplish anything, but will do some sort of good, and be put into effect.

Lubbock is good, Lubbock is great, and over the last several years we have been able in the Negro community been able to achieve certain things. We have been able to get stop signs installed where they were needed, not because it was a black community but because it would have been needed anywhere in the city, we have been able to do other things, such as mowing weeds, spraying mosquitos, and helping to see that certain areas are cleaned up, but at the same time, certain things are still lacking. These things are slow in coming but at the same time they can and they will be reached!

Without demonstrations, without civil disorder, without any form of property or personal loss, this city has for a number of years gone through a transition period where the Negro people have accepted the idea that "all good things come to those who sit and wait".

The waiting time has just about come to an

EDITORIAL:

YOU TELL US!

YOU TELL US what can be done to tell people how important it is to get out and VOTE this Saturday. This paper, the *West Texas Times*, has done all in its power to inform the people how important it is for them to get out and vote.

There are more than 6,000 qualified Negro Voters in Lubbock, but you just couldn't believe that by the turn-out in the last two elections. It is ridiculous that this lack of interest exist among our citizens. Apparently, NO one cares or gives a DAMN about the welfare of their community, less who is elected to any office. WE are forgetting that WE owe our children something and we can start making a great contribution to their future by getting out and voting this SATURDAY, May 4th.

The less important things seem to get all of our attention. It appears as though we would care more about investing a few minutes Saturday to get out and vote for something constructive. It just doesn't make good sense for us to sit back with this type of an attitude.

People, we are living in a complex society and we must become a part of it. Let's quit saying that our VOTE doesn't count. The letter submitted to this newspaper last week should have opened your eyes. The constructive thinking of this minister, the Rev. Raymond C. Campbell, is to be commended for the stand he has taken.

On the other hand, some of you have sat back and disregarded his effort. Begin THIS WEEK by becoming a part of our government and make a contribution for yourself and, most of all, YOUR CHILDREN.

If each of you would only take the time to remind five people to get out and vote, and in turn tell these people to tell five each, then the word would be out. My dear people, this is definately needed. If you do not have transportation, this can be easily helped.

The POLLS will open from seven a.m. until seven p.m. and won't take over five minutes to vote for the candidate you would like to see elected. Let's stand up and be counted this time! Some say that a HABIT IS LIKE ONES WAIST LINE: EASY TO FORM AND VERY HARD TO LOOSE. Why not start the habit of voting and through the other habit of voting out of the window. It is not needed in this day and time.

You ladies who ride the bus each morning. It is said that you — well, at least the majority of you — are engaged in some idle gossip, why not gossip about voting this Saturday. Some of you catch the bus several steps from the polls, why not take time this Saturday and VOTE.

You Barbers and Beauty operators — you know you are professional people — talk to hundreds of people each day. Why not talk a little politics this week. Go even farther than that, challenge each of your customers, Dare them to go vote. On the other hand, You could even form a car pool to take your customers to the POLLS and vote. It's not that expensive, and you will even help get bigger dividends for our future.

We talk about all of the sororities and fraternities we have in the City Limits, WHY DON'T you people become more involved? You are always soliciting money for people to support a scholarship for some worthy young person — which is a most wonderful chore — but you can also solicit some of your friends to get out and vote.

Let's not forget all the organizations we have in EAST LUBBOCK, and keeping in mind that the majority of them are mostly female, this brings about another thought. I have been taught that there are three types of communication, namely; television, telephone and tell a woman.

end, the time for action is near and several people in this city of ours is aware of this fact. Now, something must be done for the people in this city and in this area that will allow them to realize that it is not necessary to invite Rap Browns, and Stokley Carmicles to come to this city to solve this city's problems.

City Fathers, City Businessmen, City Professionals, and city citizens must realize now that even with the death of Dr. King, even with the idea that "this couldn't happen here" and even with the work of this newspaper and many others—people and forces are still working to show everyone that it can happen here if something isn't done soon to help prevent it from happening.

Lotsa Noise, Little Action

Here in Lubbock there has been many interracial meetings held. Some have been most fruitful and some was time wasted. Of those that have produced favorable results have been held monthly at the Mae Simmons Community Center, 19th and Oak Avenue, where Negro and white have been able to sit down and discuss the issues which are existing within our city limits.

In the meeting last Monday, some seventy-five citizens from all walks of the community were present and four factors were born which did not help the meeting. They were, namely; (1) the animosity between black and white community; (2) the unnecessary "lip service" by some; (3) the reason why Negroes didn't get out and vote for the lone Negro candidate, Dr. Heenan Johnson, in the school board election, and (4) the possibility of groups springing from this group of citizens who could really help the situation here.

First, the animosity between the groups is of most importance and each feels as though this is not new. Several years ago, perhaps this type of meeting could not be made possible because of existing circumstances, but today we are able to sit down and talk to one another and realizing that we all have great potentialities. Actually, all present know of the problems.

Continued On Page Four

If you use the latter, I am sure, it will prove to be most successful.

YOU TELL US what to do !! We are trying hard to get something started, and it appears as though we are just beating our heads against a stone wall. WE CHALLENGE EACH OF YOU TO GET OUT AND VOTE THIS SATURDAY. Get out and VOTE. Let's start now making our children proud of us.

Quit not giving a DAMN and start building something constructive for our future. Honestly, I believe WE will VOTE.

For your information if your voting box is 20, you will vote at Ella Iles Elementary School and if its 5, you vote at the Central Fire Station. People in Thunderbird or Across Parkway will vote at Alderson.

WE are all Americans, and we have a most sincere job to do Saturday. Take a small part of the time you use to go to the "LINE" to purchase an acholic beverage — which is your business and stop by your VOTING BOX... You can do a HELL of a Lot this Saturday. GET OUT AND VOTE. Speaking of SOUL, you show your SOUL POWER by voting.

Dear Editor:

The Grave Need Of Family Discipline

Recently I took my children for a drive through a number of parts of the city, we noticed that some were very clean with few children on the streets, side walks, or front lawns, while others were noisy, dirty and somewhat degraded, with children running and screaming up and down the side walks and streets, clods of dirt, rocks, sticks of wood, and paper in the yard and streets, windows broken out screens and doors hanging half or completely torn from walls, yards with very little or no grass, holes dug here and there; to add to the ugliness, children fighting and using indecent language, large numbers of young school boys standing huddled talking and chances are, learning bad habits from one another.

Some of these children are destroying the nice neighborhoods they have moved into recently.

What are some of the main reasons some neighborhoods are so neat, clean, and quiet, and others are so dirty, noisy, and ugly?

Neighborhoods are neat because of the great unity of each family and most of all the discipline of their children and of course the effort to keep things in order.

The dirty, noisy and ugly neighborhoods are due to the lack of unity discipline of the children and effort to keep things in order.

It is the children that are doing the dirty work of destroying but they are not altogether responsible for their ac-

tions, therefore it is the fault of the parents.

I have been guilty of letting my children run loose, in doing so I have learned that we as parents who fail to keep our children under close observation at all times, are in truth the cause of the destruction done by our children.

It is not asking too much of parents to keep their children in off the streets and side walks since it is for the benefit of their children and the protection of their neighborhood and their self respect.

John L. Harvey

Dear Editor:

My friends, fellow Lubbockites, interested citizens, voters and blood brothers, consider these things:

1. What man has been mayor of Lubbock for the past two years; that made many promises to Negroes that he has not kept.
2. What mayor for the past two years has ignored the mosquitoes that breed in our area, the odors that originate in our area, and that smoke from the dump ground.
3. What mayor for the past two years has purchased riot guns and riot gas, riot trained dogs and men to shoot Negroes.
4. What mayor is paying some of our money hungry preachers to support him.

Do you want this man to hold office for two more years? Go to the polls and vote - make your voice count. I am not telling you how to vote but I am telling you to vote.

Yours for a new mayor
Alphonso Johnson.

THE POLICE BEAT

by: T. J. Patterson

bad deed. You see, J. W. had his wallet stolen. He said he was drinking and laid down to rest, and when he awoken he discovered his wallet gone.

The bad thing about this theft, J. W. had \$115 in it. He sure would like to know who took advantage of him while he was counting sheep.

VANDALISM

John Allen Jones, 701 Avenue C, reported a window broken out of his cafe. John flagged down a police car to relate the incident. He told police that someone had taken one of salt shakers and threw it through the front glass window. This window completely shattered by the hit.

Police found the shaker outside lying in the sand. It was completely shattered.

HOUSE BURGLARY

Mrs. Willie Deshone, 1016 East 29th Street, reported that someone unknown did break out her window in her door. Once this was done, the unknown person entered and lifted her of a good looking colored television set.

The value of this set was over \$400. She had no idea who could have done such an act.

DAY TIME HOUSE BURGLARY

E. A. Reed, 919 Avenue C, told police that someone hit his front door handle and knocked it off the latch to enter his residence. According to Reed, they reached inside and grabbed a cigar box filled with some valuable papers. He admitted that there was no money inside the box.

If it didn't contain any money,

I am sure Reed will find his valuable papers.

BREAK IN

David Hightower, 3313 East 16th Street, told police that someone broke the lock off his place of business and stole several hundred dollars worth of equipment. He had no idea who could have stolen the tools.

THEFT OF GUN

Ray Travenia, 2431 East 29th Street, reported to the police that someone had come into his place of business, Shell Service Station at Broadway and Avenue A, and took his 38 special pistol. He told police that he believes a man from Plainview had taken the gun.

According to Charles Burrell, manager, he saw the man take the pistol.

SIMPLE ASSAULT

How about this one, a simple assault. A Lubbock housewife told police that her husband twisted her arm and threw her down in the front yard. Because of this, she was taken to Methodist Hospital and treated for severely dislocated elbow.

It may have been described as a simple assault, but this lady is a witness that it was for real. She told police that she would file charges on the man she loves.

THEFT

J. W. Wilson, 1821 Avenue B, reported that someone did him a

On Contributors To Community Health

Communities, like individuals, have a state of health. The Public health field is one of many inter-related fields which make contributions to the community health. Lubbock is an ever-changing dynamic entity; therefore in order to make significant contributions to the community the nurses in Public Health, as well as the people in the related fields, must be just as dynamic and capable of adapting to the changing needs of our growing city. Lubbock's Public Health

You Tell Us . . .

Continued From Page Two

Second, the unnecessary "lip service" is uncalled for. Too long have we just sat back and spoke pretty little words and realizing that nothing is being accomplished. This could cease by putting more emphasis on action.

Too, it was not wise to discuss why Negroes didn't get out and vote during the school board election. It was told quite vividly why it perhaps happened by some.

And finally, it is not necessary for us to diversify our efforts. For the first time, we are able to stand together and began to get down to the roots of the problem as one group. Perhaps in the future we can coordinate our efforts.

We are accomplishing the communication which we started out to do and now it is up to the entire group - not just a handful - to start putting into action what is only right. A lot has been accomplished and it is up to these people concerned to continue with a great effort.

The next meeting of this organization will be held Monday, May 13, at 12:15 p.m. and the entire public - black and white - is cordially invited to come out and become a part of the action. It is wise to bring a "sack lunch". The meeting will be held at the same site. All that has been done in such a short time is good - but the group cannot stop. Spread the work around - that Black and White are sitting down eating together and discussing the real issues.

Nurses are formally educated, well trained, experienced people who have a great personal dedication to their work and to the City of Lubbock. They must be able to combine their know-how with the ability to work with all the varied elements of the city and community, including all the facets of the complete socio-economic spectrum. The Public Health Nurse's efforts are planned to coordinate and augment many programs-both the programs developed by their department and those developed by the professionals in other medical and social fields. What, then, is the nature of the contributions made by the Public Health Nurses of Lubbock?

What do Lubbock's Public Health Nurses Do?

CRIPPLED CHILDREN'S SERVICES: We represent the State Crippled Children's Services. Public Health Nurses complete all applications, arrangements for medical, surgical, hospitalization, and follow-up care for the crippled children in Lubbock. In addition to this, we are the nursing staff at the St. John's Crippled Children's Clinics, contributing our services on off-duty hours to work in this clinic and are not paid for this overtime work. Our work with Crippled Children also includes those children in Lubbock County and outside of Lubbock County, where there are no other crippled children's services.

MATERNAL HEALTH: Public Health Nurses staff the two maternity clinics held at the Health Department each week. Over 500 high risk patients a year are seen and cared for. If maternity clinics were not available to these high risk cases, the infant death rate in Lubbock would soar, because many of these mothers would receive no prenatal care whatsoever, and would have their children at home under high risk conditions. Most maternity case referrals come from the Public Health Nurses who see these patients while home visiting and in the clinic she operates in the low income areas in town. The nurse refers these patients to the maternity clinic for prenatal and postnatal nursing and medical supervision.

SPEECH AND HEARING SERVICES: Deaf children, help obtain hearing aids through the state, referrals made to Texas Tech Speech and Hearing Clinics for care of children with hearing and speech defects. Complete the arrangements to send deaf children to the Schools for the Deaf in other Texas cities.

PLANNED PARENTHOOD SERVICES: Public Health Nurses are in charge of and staff all planned parenthood clinics. 1700 pa-

tients were seen in the clinics last year. The great majority of these women will not be having a baby this year or in the future. No estimate can be made of the city and the state money needed to care for more children, who could be welfare cases, crippled children, and dependent children, etc. All the patients have a cancer test and a blood test, each year. We have discovered approximately 36 positive cancer tests, and these people have received treatment where they otherwise wouldn't have. As a result of the influence of the Planned Parenthood Center, the birth rate in Lubbock has dropped from 26 per thousand to 19 per thousand in the past 5 years. These are referred mainly thru Home Visits and from the Nurses' Clinics.

HOME VISITING: Each nurse has her own area in town which she visits to do the work and referrals which are mentioned here. In addition to this, the nurse also visits all the areas in Lubbock County. These patients include all of the migrant people in Lubbock County.

CHILD HEALTH: In each family nurses see and teach the mother how to care for her infant and children. Many of these mothers do not know anything about caring for a child, as is evidenced by the 10,000 children seen each year by Parkdale Clinic. Many of these children, of course, that are seen at Parkdale, are referred by the Public Health Nurses. If we nurses were not teaching these mothers child care and disease prevention, the infant death rate in Lubbock would climb, to say nothing of the overload the local hospitals would receive in sick, indigent children. In addition, we refer and arrange for children to be admitted to the State Schools for the retarded. We give 1500 immunizations a month in our immunization clinics (listed in this report) free of charge. These include diphtheria, polio, whooping cough, tetanus, measles, smallpox, and typhoid. It would be impossible to estimate the number of diseases and complications from diseases prevented from giving these immunizations.

MENTAL HEALTH AND PHYSICAL ILLNESS: In our nursing home-visits, and in office visits, where patients come, we discover many patients with mental illness, and refer them to the guidance center to be treated. We are constantly referring people to the Presbyterian Center for treatment of acute and chronic illnesses, such as diabetes, heart diseases, etc. Many of these people would go untreated until they were hospitalized, often under welfare, costing the city, county, and the state undetermined amounts of money.

TUBERCULOSIS CONTROL: Public Health Nurses visit the homes of people that have TBC, people that have been exposed to TBC, and people who have ques-

Spotlight on HEALTH

SCHOOL COLDS

The common cold goes to school along with the children of the community.

It awaits at school bus stops, lurks in the halls of the school building, joins the assemblies and attends every class.

As child after child comes home with the sniffles, mothers discover that the three R's are inevitably accompanied by a fourth one - Runny nose.

The common cold is ubiquitous because it is caused by scores of viruses. Sometimes it would seem, when a cold hangs on, that as soon as one virus has run its course through the upper respiratory tract another one takes over.

Colds spread through a school community because children have developed little resistance to respiratory infections and, in the season of equinoctial storms, come home wet and cold, their boots left at school and, possibly, their coats forgotten in some play area.

In the centuries in which man, woman and child have been putting up a losing battle against the common cold, the infection has produced more home remedies than there are cold viruses.

But, even if medical science has not vanquished the common cold, it has devised means of alleviating the discomfort

that accompanies this respiratory infection.

Nonprescription remedies bearing the trade-mark Novahistine, produced by the Pitman-Moore Division of The Dow Chemical Company, are leaders among those relieving cold symptoms.

Medications that relieve the symptoms of colds act to shrink swollen, painful, inflamed nasal mucosa and reduce congestion. This permits normal breathing and allows mucus drainage from the nasal cavity and sinuses, essential for preserving a healthy mucous membrane and normally functioning upper respiratory area.

When the patient can breathe freely, formation of excessive secretions is checked, sneezing and blowing of the nose which often spreads the infection into the middle ear and sinuses are minimized, and mouth breathing which dries and devitalizes the covering of the throat and larynx is prevented.

tionable X-rays on the Mobile Unit, arranging for medical supervision in the Sanatorium or at the Health Department, where they are treated with medication or by their private physician. Every contact of a TBC case is checked with a skin test to prevent spread of the disease. A Public Health Nurse has the TBC X-ray Clinic, which is held every other week in the health department and is staffed by the local physicians. In addition, we have recently started a Live TBC Clinic, which is held every other week, the TBC pa-

tients, suspects, and contacts are seen by the local physicians and treated. The Public Health Nurses staff these clinics, help prepare the patients for examination, prepare the records for the physicians, and follow up the patients with the necessary home visits after the physicians have given the orders. We follow each TBC patient for five years after they are considered inactive cases. Since these patients are often uncooperative, many times the nurse has to make several visits to the home to successfully

Bishop N. S. Curry Speaks On Violence Here Friday

Bishop Norris S. Curry, presiding bishop of the 8th Episcopal District of Texas, was guest speaker for Carter Chapel Christian Methodist Episcopal Church, Friday, April 26; at Furr's Cafeteria.

Bishop Curry was elected to the Episcopacy in 1962 in St. Louis, the thirty first Bishop of the CME Church and served the 4th Episcopal District. He was appointed to serve Texas in 1966 at the General Conference in Miami, Florida. Since then many changes have taken place in the CME Church in Texas.

Bishop Curry was sponsored by the Trustee Board of Carter Chapel. Proceeds will benefit the building program effort of Carter Chapel. The Hub city has been chosen by Bishop Curry to be the center for all meetings of the Northwest Texas Conference as soon as a new building is constructed here. Under the leadership of Rev. Raymond Campbell, the Church is making effort to begin building as soon as possible.

The text of Bishop Curry's message was as follows: "HOW AND WHYS OF RIOTS"

Our presence with you tonight might have been published through the news media of your city. An age of urbanization, transition and change creates for church leaders. the same as for the leaders of other institutions, inescapable responsibilities.

A visit to your city not many weeks ago to discuss with local church officers and pastor of our local congregation their task in compliance with a program of renewal led to a decision to sponsor a Fund-Raising Banquet which might aid the Low-Income Membership in its effort to move to a new location.

Bishop N. S. Curry

The image of the Christian Church in the total population structure of cities, if only because the population shift increasingly will continue to be to the city, must be equally essential to city Fathers when planning for urban dwellers who will occupy residential housing. The Christianly concerned receive support through programs to attract voluntary contributions.

Positionally, as the first servant of our Servant Lord, a Methodist Bishop of my Methodism becomes involved in an effort to involve others on behalf of themselves and their community. Better houses in which to live as families and in which to worship as citizens Democratic and Christian are essential needs of any community which sincerely seeks survival in and deliverance from a crisis culture. civil disorders and civil disobedience.

SOURCE OF THE CRISIS

Except on Scientific grounds and for intellectual reasons, seldom do we direct causative research and critical analysis to engage in preventive methods by which to reduce and eliminate the roots of social disturbances in human relations.

How many of you in this au-

dience tonight are emotionally and ethically prepared to objectively examine our social fabric, what we define as the Grass Roots Way of Life in the United States, the total individual and collective climate in which we sleep, eat, and work, the social structures which originate in our ideologies of race, class, economics, politics, government, religions, etc.?

Would you agree that on legalistic grounds we have all but rejected the source of law and order? By this I mean an emphasis on law which produces in the community results which are both good and evil. That kind of emphasis which breeds lawfulness and lawlessness. thus brings to the community a blessing to some citizens and a curse to other citizens, and doing this without contributing Justice or Peace. That kind of emphasis that generates disrespect for law. That emphasis which leads to an over-emphasis, when we expect too much of the emphasis and make too little use of other emphasis then we would substitute legal procedures for what God requires of Man and Society; the time when law emphasis has little or nothing to do with Justice and Righteousness; when legal force in action produces the exact opposite intended by such use - more lawlessness and disorder, distraction and insecurity.

To support the logic: It is not accidental that law in local communities too long to the Afro-American has been an instrument of suppression. Law enforcement agencies including courts are unpopular. In the mind of the Negro community and before the bar has too often been against and not for the people.

Long before the Kerner report millions of human beings around the world knew that racism is the number one burden of civilized man.

But how many would dare to postulate that to survive and thrive racism breeds extreme nationalism militarism, legalism, anarchy, political injustice, economic inequities, poverty, ignorance, violence, and all the social forces in human

relations which we in community experience as deviousness and conflicts.

While the prophes of doom enjoy their prophecy and work religiously and fanatically to make their prophecy come true, non-prophets suffer from a kind of apathy.

Citizens who appear to be unimpressed by contemporary events, indifferent to the crisis, non-responsive to the challenge, irresponsible at a time when "a nation is on trial and a people inflicted, when tyranny reigns and freedom cries for help, unaroused by the storms of life and the winds that blow believe, evidently, that they can be saved while neighbors not so far away are being lost.

This was one of the strong points of early Afro-American religion: the proposition that no human mechanism could ultimately prevent the fulfillment of God's purpose in the human situation.

The status-quo people do not want to be disturbed. The Chinese proverb would help them if they would listen to the deep longing of oppressed people everywhere, which says:

"The trees want to be still, but the wind doesn't stop." Peter, Paul and Mary saw the situation and asked the questions: How many roads?...How many seas?... How many times?...How many deaths?... Before we know the answers and make the decisions? Then they remind us in the chorus that whether we are willing to be taught or to do what freedom and justice demand that: "The answer, my friend is blowing in the wind; The answer is blowing in the wind."

The question, "Who controls the wind?", must be answered from within a Christian context.

Just as racism reflects most the human spirit and crisis, so violence is the most widespread expression of racism.

Dr. Robert E. Fitch, a theologian, defines violence 3 ways: (a) as injury to persons and property; (b) as the use of force in excess of, or apart from, the end to be achieved; and (c) violence is anything that obstructs the legiti-

mate functioning of a person.

We have seen during the 1960's the display of law and power and force against the define opposition so disproportionate as to be unreasonably undemocratic and unjust.

Forces serve to: 1. restrict, deny, discriminate, exploit an individual or group. 2. The more subtle injuries under this definition of violence are structured in our approved practices in business, buying and selling, communicated through modern means of communication, forces of advertisement, selling techniques, habit formations to satisfy the market for drugs, tobacco, alcoholic beverages, sexual entertainment, sport-o-mania, youthism, not to mention our technological, industrial, and motorized space age. This is the area in which legalism gets away with murder. It parades under a banner, in writing, contracts, redtape. It loiters around financing, sales, doors, etc.

The third form can be perpetrated without resort to either the first or the second sort of violence.

Then Mr. Fitch goes on to locate violence in all its forms, asking the question: "Where is violence today?"

He talks at some length on what he defines as "systemic" or "implicit" violence. He describes it as violence built in to social structures to deny to any human being his normal rights to function as a human being. He concludes that this "implicit" form of violence is the most widespread, offering the greatest threat to peace, justice, freedom, and security.

I wish time would permit me to develop what this scholar is inferring about certain sources of violence which are so acceptable to us, which are not discussed much by seekers for public office and others in roles of social responsibility to all citizens.

Salvation from our ways and means of self-destruction is an in-

Subject to the May 4 Democratic Primary

Paid Political Advertisement

MELVIN WARD

CANDIDATE FOR SHERIFF of Lubbock County

Your vote for Melvin Ward in the Democratic Primary May 4th will be a vote for good law enforcement. If Melvin Ward is elected sheriff of Lubbock County, he has promised the citizens that all crimes in Lubbock County will be dealt with swiftly and officially by the Sheriff's Department. He will not tolerate the criminal element riding herd over the good citizens of the county.

Melvin Ward wants to go into the sheriff's office backed by the law-abiding citizens, and not by large sums of money or political machinery. He wants to be equally fair to all the citizens. You can help make Lubbock County a safer place to live and raise our children by getting out on May 4th and voting for Melvin Ward for sheriff. Melvin Ward can and will enforce the law in Lubbock County.

(Pol. Adv. Paid for by Citizens for Good Law Enforcement)

Pictured above are some of the interested young people who are concerned about the Voter's Participation in Lubbock. They are working at the Democratic Headquarters here, East 4th and Quirt.

Bishop Curry Speaks.

Continued From Page Five
ward matter. Here we have the credibility gap from which if we are not delivered nothing short of annihilation will be our destiny. The spiritual and moral lag, the need for built-in fortresses against bigotry and hatred, discriminatory practices, leaves all Americans vulnerable to divisive and destructive influences.

I have said little or nothing about organized crime syndicates, their hopes now centered on the decisions we make at the polls this election year, the caliber of men we elect for public office, the role and courage of law enforcement agencies, the determination of politicians to represent all citizens and not merely the power structure and majority who have a visible and invisible record of practicing injustice.

I mention it here only to introduce a brief discussion on a very popular subject in the news media today: "Riots."

I should hasten to say that a riot is one form of violence and that violence in any form is destructive and ought to be repudiated.

Imagine waking up every morning in a country you call your own and yet in which every morning you know the odds are against you, with a strong conviction that it is most difficult to escape from fraud, injustice, organized threats to person and property!

In a statement on the crisis in the nation, a resolution by the NCC says: "riots in the cities of America are the portents of disaster, may be postponed by repres-

sion, but cannot now be prevented without massive social reconstruction."

I do not, and the majority of Afro-Americans do not participate in or have undue sympathy for those among us who would choose forms of violence and bigotry to be heard. The due process of law, freedom and the intelligent use of the ballot, the rights of education and opportunity, and to respect as persons, citizens and neighbors: we believe these to be adequate and basic in civil liberties and human rights.

Help we must have from the more fortunate through much of our history, but no help is sufficient to bring us into the mainstream of the social order. We must participate in and be dedicated to the development of a responsible self.

Violence being structured into our society, in the dogmatic soil of racism, "rioting is a symptom exposing a national situation. Something in society produces riots and other forms of violence.

A basic weakness in community structures established on a segregated pattern is this: Their tendency to repress individuals and groups to the point where repression must end or explosion begin.

Hopelessness and despair feed the flame, Do not attach any political significance to the reference I shall now make to the vice president of the U.S.A. speaking last August to the AFL-CIO Convention in Ft. Worth, when he said, "There can be no freedom in an environment of mob rule or criminal behavior." But he did not overlook those politicians and cri-

tics who see the disgrace of riots and rioters and agitators, but are so blind and insensitive to the causes.

That great majority who recently voted against the Civil Rights Bill saw too much one side of the coin and too little the other side, and really exercise no moral judgment of a personal nature in their decision. They tried to escape individual responsibility as public servants under the banner of representing the will of the majority - said will itself being under judgment before a JUST GOD and other citizens who are equally entitled to representation on Congress.

There comes a time in the life of politicians when they are required to judge between the will of the majority or the minority in support of the constitutional meaning of both. The Declaration of Independence and the Bill of Rights obligate them to uphold the Constitution and represent all The Peoples Rights.

What makes ghettos and slums so repugnant is this: they are prisons where human rights do not easily thrive.

John Adams said many years ago: "Power always thinks it has a great soul and vast views beyond the comprehension of the weak and that it is doing God's will when it is violating all his laws." THE NEGRO RACIST

All through human history the Law Of Retribution has tempted some people to conclude that TWO WRONGS DO MAKE A RIGHT. The Afro-American is the new factor in RACISM today. The overwhelming majority of Afro-Americans do not practice racism and know that Black Supremacy is no better than White Supremacy.

Finally, the Elimination of the cause of division or disunity is the one goal toward which all Americans should be moving.

The passing of the cause will take with it all forms of injustice that plague the nation; prejudice, discrimination, repression and exploitation.

We seek a world in which all men can be free, secure, intelligent, responsible, neighbors, brothers, christian.

Such a world is ours if we desire it and work together for it. It is ours if we yield to God's will for man and society. What it means to be man in community with all men is what God wills for man and society. God in Jesus Christ expressed once and for all what it

The Land Around Us... by THOMPSON

INSECTS PRECEDED MANKIND ON EARTH BY MILLIONS OF YEARS. ONE PEST, WHICH CAN TRACE HIS LINEAGE AS FAR BACK AS THE EARLIEST GEOLOGICAL ERAS, IS THE HARDY COCKROACH -- WHICH HAS REMAINED BASICALLY UNCHANGED SINCE THE DAYS OF THE DINOSAURS!

ONLY ABOUT ONE-FIFTH OF ALL INSECT SPECIES HAVE BEEN DESCRIBED AND CLASSIFIED TO DATE, ACCORDING TO SCIENTIFIC ESTIMATES. MOST REPRODUCE SO RAPIDLY, THAT IF WE DID NOT HAVE EFFECTIVE CONTROLS, INSECTS MIGHT TAKE OVER!

THE BATTLE AGAINST INSECTS IS BEING WAGED TODAY WITH A WIDE VARIETY OF INSECTICIDES, WHICH ENABLE MAN TO PROTECT HIS CROPS AND LIVESTOCK FROM THESE PESTS. INSECTICIDES ARE ALSO USED TO CONTROL THE FLIES, MOSQUITOES AND LICE THAT TRANSMIT DANGEROUS HUMAN DISEASES.

The bravest battle that ever was fought; Shall I tell you where and when?

On the maps of the world you will find it not; It was fought by the mothers of men. Joaquin Miller - The Bravest Battle

means to be man. Man is most like himself when he resembles most God's life make manifest in the life and teachings of Jesus Christ.

The Creator and the Judge of all men makes brothers of us all if we recognize him as Father. He is the source of power, law, and order.

These services will close Sunday, May 12th. The public is cordially invited to attend these meetings. *****

FEDERATION OF CHOIRS'

The Rising Star Baptist Church was host to the Federation of Choirs last Sunday afternoon, April 28th. A few choirs were absent due to other engagements. Vice president Wilson Baldwin presided over the monthly meeting.

Brother Douglas Sedberry represented the Messiah Presbyterian Church choir with a solo and Brother Turner represented the Saint Matthews Choir. Both solos were beautifully rendered with Mrs. Betty Miller accompanist.

Next month, May, the Federation of Choirs will meet on the third Sunday, May 19, due to Baccalaureate Services. Saint Luke Church will host the next meeting.

The Rising Star congregation announced the coming of a new pastor, Rev. Dixon of Amarillo, Texas. Brother Grover C. Colvin

SUNDAY SCHOOL CLASS TOURS EAST LUBBOCK

In a means to strengthen the gap of communication between the communities, the Sunday school class of Asbury Methodist Church, 2005 Avenue T, and their minister, Rev. J. Wald Griffin, toured East Lubbock last Friday evening with T. J. Patterson, assistant director of Community Action Board and reporter of West Texas Times.

Also accompanying them on the special tour was Avis Elise Patterson, daughter of Patterson.

The tour was initiated by Mrs. Hester Moore, local public house nurse of Lubbock.

The tour was centered around Manhattan Heights, Coronado, Green-Fair Manor, Mae Simmons Park, Flats, and Posey.

The group was surprised of the large amount of vacant area which is left undwelled. Although they had heard of the junk yard - which is located between two multi-million dollar apartment complexes, it was rather difficult to understand why it existed in this location.

As a whole, the tour was rather educational for those attending, and it gave them a good idea of some of the needs of the community. They were impressed with the progress being made in Posey neighborhood. While in the Posey area, they had an opportunity of visiting a community meeting consisting of block leaders of the area.

After the tour, a refreshment treat was held at Mae Simmons Community Center for the group.

stated he will arrive here the 15th of June. Rev. Dixon accepted the call since the resignation of Rev. V. Otis several weeks ago.

Quarters Reduced Last Year For Social Security Benefits

The 1967 Amendments have reduced the number of quarters required for those under age 31 who are disabled. Now, if you became disabled between age 24 and 31, you will need credits (quarters) for only half the time between age 21 and the time you became unable to work. If you filed before January 19 and were disallowed due to lack of quarters, check with your Social Security Representative, at 3428 Ave. H, Lubbock, Texas.

Medicare benefits have been significantly improved with the 1967 Amendments. For those who have failed to enroll at their first opportunity, a general enrollment period is provided each year during the first 3 months. However, you must enroll within 3 years of your first opportunity. The next period will be January, February, and March 1969.

For more information or a detailed explanation, see your Social Security Representative, at 3428 Avenue H, Lubbock, Texas.

Before the 1967 Amendments, many children were disallowed social security benefits because their deceased mother did not have enough recent work to her credit. The old law required that she had worked at least 1½ years out of

City Streets, Curbs Being Repainted This Week

The City of Lubbock Traffic Department is in the process of repainting curbs, where necessary, to conform to State and Uniform Standards. All curbs where parking is not authorized, will be painted yellow. There will be no more red painted curbs in Lubbock. Yellow curbs signifies no parking.

Loading Zones curbs will not be painted, but will be marked by signs at the beginning and end of the Loading Zone area.

The process of repainting will take about two weeks from the date of this release.

PAT'S SPORT BEAT

by T. J. Patterson

The track season is ringing big on the South Plains and we really have something to offer to district in the State. Our boys are the finest in the State and they will show their ability as time goes by.

For an eye opener, Estacado's James Lester will be competing Saturday in the 100 and 220 in Class AAAA State meet. Lester finished second in both sprints in the regional at Odessa last

Church; Gary W. Conway and Mike R. Lumsden, Troop 637, Littlefield First Methodist Church.

From Quanah Parker District - Ken Hamilton and Martin E. Parham, Troop 708, Lamesa Kiwanis Club; John Powell, Troop 722, Lamesa American Legion Post 330; John Hedrick, Troop 743 and Greg S. Chapman, Post 743; Brownfield First United Presbyterian Church; and Robert W. Baumgardner, Troop 774, Brownfield American Legion Post 269.

week. His best time in the 220 is 21.7.

PANTHERS DOING GOOD

Coach Prentis Williams' regular foursome—Sidney Hall, Charles Sims, Roy Davis and Wayne Davis changed their speed Saturday at Estacado High School from 41.8 to a splendid 41.6. Because of good hand-off's, this made the difference for the Panthers who will be one of the favorites for State Championships in Austin Saturday.

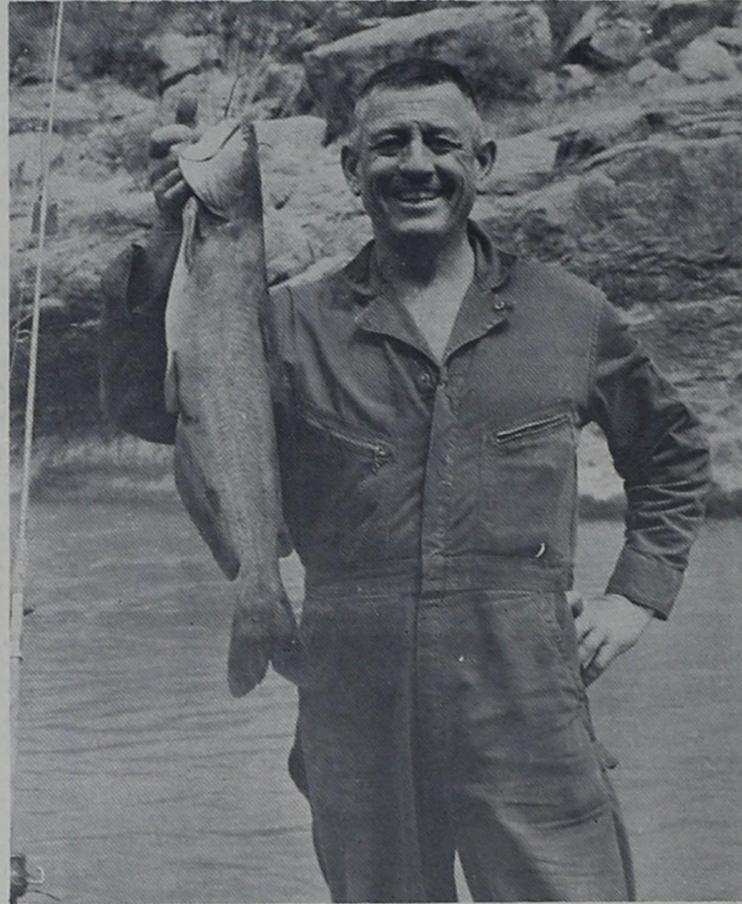

This quartet of speedsters will be out and running Saturday in the 440 and their talent should prove to be quite interesting.

Wayne Davis skipped his speciality in the 330 yard hurdles, to run the 220, and he easily straked to a 21.8 clocking, edging Estacado's James Lester by a step. Wayne contributed his winning to coming off the curve. Both Lester and Davis finished ahead of the pack of hustling

Progressive Club Practice Social Appearance Traits

Club meeting was called to order by acting President, Miss Gloria Roberson. Miss Patricia Roberson, Chaplin, honored the club with prayer.

Current events were presented to the club by Miss Patricia Jenkins, Membership Chairman, and Miss Lois Wilkins, Secretary. Miss Jenkin's current event was entitled, "High Court Speeds Rule On Insanity." Miss Lois Wilkins' event was entitled, "Charm Class Slated For Slum Girls."

The purpose of the current events was to widen the young club members interest in reading the newspaper, keeping up with what's happening in our community, and most important to check the ability of the young ladies to listen and show the proper respect to the readers of the events.

One of our counselors, Mrs. D. C. Fair, asked many of the young ladies questions about the current events, and gave important pointers on proper listening habits.

We then discussed the varied arts of facial make-up, and proper dress for travel, church, or a night out on the town. For example, for plane travel in the evening, Miss Ruth Taulton, stated that she would wear a comfortable coat-dress, a small hat with matching gloves, handbag and shoes. For church affairs never wear low neck dresses. Low neck dresses are semi-formal, and should be worn to semi-formal affairs. These are just a few of the many subjects discussed in the meeting about proper dressing.

The art of make-up is one of the most important parts of good grooming to most young ladies. Mrs. Fair and the other counselors answered many of the normal questions asked by young ladies interested in attaining a beautiful facial appearance.

Mrs. Week, a wonderful grooming specialist, was scheduled to speak to the club members on Sunday afternoon, April 28. However, Mrs. Week was not present to speak to the club members. We hope, however, that she will be

TWO APPOINTED TO EXECUTIVE BOARD OF SOUTH PLAINS SCOUTS

Two men have been named to the executive staff of the South Plains Boy Scout Council, according to H. W. Oehler, Lubbock, Scout Executive of the organization.

Warren S. Green, McAlester, Oklahoma, has been appointed Program Director for the 20 county area. In this position, which has been vacant since September, 1967, Green will be responsible for the program support activities in the council. This includes overall supervision of the camping program, advancement, leadership training, activities, and public relations areas of the Scout Council.

A veteran of 23 years in career Scouting, Green has been Scout Executive of the Choctaw Area Council with headquarters at McAlester, Oklahoma since 1955.

Walter B. Neibert, Waukegan, Illinois, will become District Scout Executive for the Mackenzie Trail District. As such, he will work with Scouting leaders in the southeast

TIME OUT - Shirley MacLaine and Sammy Davis, Jr., take time from their starring roles in Universal's "Sweet Charity" to share a joke. Sammy sings and dances one of the movie's biggest numbers titled "The Rhythm of Life."

part of Lubbock as well as Slaton, Woodrow, and Roosevelt.

Neidert retired from the U. S. Air Force in 1965, and has been serving as District Scout Executive in the Waukegan area since his retirement. He is a native of San Antonio, and was stationed at Reese Air Force Base in 1952 and 1953. He replaces David Adkisson who left Scouting to enter private business.

Oehler pointed out that the addition of these two men will bring the executive staff of the South Plains Council to its full complement of 10 qualified men. These men work with more than 3200 adult volunteer leaders throughout the 20 counties of the council. At the end of December, 1967, almost 9500 Cub Scouts, Boy Scouts, and Explorers were registered in Scouting in the South Plains Council.

turned out at Estacado's new stadium last Friday to witness the Lubbock Junior High Track Meet.

Dunbar won the ninth grade division with 103 points and about a 20-point cushion. This was the largest margin, as Atkins and E.C. Struggs shared the seventh grade title and a single point separated the first three eighth grade teams.

Alderson wound up with the championship and 116 points, and Evans and Struggs tied for second with 115 points.

Estacado won the 440 yard dash while Dunbar who was the winner was disqualified. Jack Crawford won the 70 yard hurdles with a 8.5; Marcos Rodriguez won the 440 yard dash with a 53.0. The 100 yard dash was won by Dunbar's Ronnie Lawson with a 10.2; George Thomas, another Dunbar speedster, won the 220 yard dash with a 23.6. All of these fellows were in the ninth grade bracket.

able to speak to the members on a future date.

Care for some dessert Y.A.P.C. members? All Y.A.P.C. members are summoned to a dessert party at Furr's Cafeteria, at 2:00 p.m., Sunday, May 5th, 1968. All club members are to meet at the Garden at 1:45 p.m. Sunday. Miss Ruth Taulton, Miss Carolyn Johnson, Mrs. D. C. Fair, Mrs. Owens, and Mr. R. L. Livingston will provide the necessary transportation to the cafeteria.

The club members were happy to have found Mr. Britt, Sergeant-at-arms, at the meeting, but they are still looking for Mr. Price and all the other absent club members.

C. H. "Choc" BLANCHARD

C. H. "Choc" BLANCHARD for Sheriff LUBBOCK COUNTY

For More Efficient Law Enforcement

The present Sheriff of Lubbock County has been in the office 23 years. He is now 72 years old, well past retirement age. He is running for another four year term. I believe it is time for you to have a young, experienced and aggressive man take over. Good law enforcement in our County demands it.

I am 41 years old, married with 3 sons. I have lived here the past 17 years. I have 15 years of active law enforcement experience, 11 of those in your Sheriff's Department. I know how to meet the growing demands of the office I seek.

Our people have the right to expect this office to be a vital and active law enforcement agency. You have the opportunity on May 4th to make it what it ought to be. After examining all my qualifications, I believe you will select C. H. "Choc" BLANCHARD as your Sheriff.

**OLE' SOULFINGER!
It's Numero Uno In Spain**

"Soulfinger", a Volt recording by the Bar-Kays, has become the number one best selling record in Spain, according to the international charts published in the March 30th issue of Cashbox magazine, the music trade journal.

The record was first released in the United States in May of 1967, and was listed among the top ten best selling records in the national charts the following month.

The Bar-Kays number was decimated by the crash of Otis Reeding's private airplane into Lake Monona, Wisconsin on December 10, 1967. Four members of the Bar-Kays who are heard on "Soulfinger," their first recording, perished with Reeding in the tragedy. The two surviving members of the group, Ben Cauley and James Alexander, have reformed the Bar-Kays retaining the original name. The new group is comprised of,

THE NEIGHBORHOOD CLUB NEWS

The Neighborhood Club honored Mrs. Newson, Mrs. Loud and Mrs. Lang with a birthday party Saturday at 7:30 p.m. in the home of Mrs. Newson, 3308 E. 17 Street.

The guest were Mrs. Lacelton, Mrs. Jordon, Mrs. Austin, and Mrs. Baryd. Members present were Mrs. Sims, Scott, Mitchell, Glaspie, Glaspie Jr., Tanner, Danials, Gryton, Baylock, Whitfield, Williams, Lang, Loud, and Newson. Refreshments were served. It was a very delightful evening and was enjoyed by all.

in addition to Cauley on trumpet and Alexander on bass; Ronnie Gorden on organ, Harvey Henderson on tenor sax, Michael Toles on guitar, and Roy Cunningham; the brother of the original group's drummer Carl; on drums.

The new Bar-Kays made their debut in Memphis last month at a gala benefit show for the Goodwill Boys Club, at which many popular recording artists, including Booker T. and The M. G.'s, Carla Thomas, Eddie Floyd, William Bell, Sam the Sham, and the Gentrys donated their talents.

The benefit was also the occasion for the presentation by Stax/Volt President Jim Stewart of Otis Reeding's posthumous Gold Record for "Sitting On The Dock Of The Bay" to his widow, Mrs. Zelma Reeding. The record topped all of the national charts last month, and an album titled after the single is listed among Cashbox's current best sellers.

The Bar-Kays are presently represented on the music charts by their Volt recording of "A Hard Days Night", a tune first popularized by the Beatles, and written by Beatle members John Lennon and Paul McCartney.

Around the Hub City...

them proud each day instead of rehearsing on a two year basis.

Actually, I cannot wait until this year's performance, since you lovely ladies do such a good job in planning for the occasion. Good Luck Ladies, You appear to be concerned about action.

Mrs. Ernestine Childress has returned from Hot Springs, Arkansas where she spent a few days enjoying the rejuvenating baths and seeing some of the sights. She reports a very lovely trip.

Mrs. Sug Johnson visited a friend, Mrs. Hester Hill, at Midland, Texas, last Sunday. She was accompanied by Mme. Jessie Thompson, Desaline Hunter Loyd

Bradley and daughter, Patrica, and Ardest Twine, Jr. Mrs. Hill who suffered a stroke several months ago is doing nicely. The group returned home Sunday.

The Mary and Mac Flames, a one time great female softball team, will be back in action this year according to their manager, J.C. Graves. At one time they were a real hot club. Let's hope this will continue this year.

The Annual King and Queen Coronation, which is sponsored by the Mary and Mac P.T.A., will be held Friday evening, May 10th, at the Booker T. Washington American Legion Building in Yellowhouse Canyon.

Have you gotten use to the Daylight Savings Time? Well, those Williamson Brothers have. You see, they went fishing again. This time they did bring back a hand full of Perch. How about that, readers. Why don't you try your luck and tell AROUND THE HUB CITY what you caught. . .

Give me a lever long enough
And a prop strong enough, I can
single-handed move the world.

get the patient into the health department for his X-ray. We also do TBC skin tests on all people requesting it, and on all TBC contacts. We read the skin tests done in the TBC testing school programs each year and do all the necessary follow-up of these children found positive, including testing all members of the family and finding the active cases.

VENEREAL DISEASE CONTROL: The nurses in the immunization clinic in the health department examine all women patients referred by our venereal disease investigator and administers the treatment medication. Many mothers-to-be with syphilis are suc-

cessfully treated before the baby can be born with syphilis and its complications.

DENTAL CLINIC: Public Health Nurses staff the dental clinic at the health department. In 10 1/2 months, 1748 patients were seen in the dental clinic. The great majority of these patients are indigent school children who would never have the opportunity so see the dentist otherwise.

POSEY NEIGHBORHOOD: It would be impossible to list all of the services that each nurse provides to her clinics and areas. In an attempt to briefly describe the contributions of all the Public Health Nurses to the Lubbock Health Demonstration Program and the Posey Neighborhood Project,

we have attached the minutes for the last community improvement council meeting. The Community Improvement Council, in which two Public Health Nurses hold offices, is the consultant group to the Posey Neighborhood Improvement Council. As the result of a job well done in the Posey Neighborhood, the United States Public Health Service is filming a national movie of the neighborhood, which will give Lubbock a tremendous amount of national recognition. The filming will begin April 5th. Two Public Health Nurses visit the people in the Posey Neighborhood, and head the TBC and other nursing programs there.

MEDICARE HOME HEALTH SERVICES: All Medicare Home Health Services are supervised by a Public Health Nurse.

Doctors, churches, social agencies such as Juvenile Police, Child Welfare, Salvation Army, United Fund, etc., and allied health services such as Well Baby Clinic, Parkdale Sick Baby Clinic, Presbyterian Adult Medical Center, local Crippled Children, Tuberculosis Society, Family Planning, schools and school nurses, use the services of the Public Health Nurse - some of these more often than others. Some are closely associated that they are almost interdependent.

City Starts New Law Suits

The City of Lubbock reached a new high yeaterday in its fight to eliminate blight and sub-standard housing within the city limits. A judgment from 140th District Court, issued as a result of a petition by the City of Lubbock Housing Standards Department, declared taht a building located at 4004 Avenue A "Constituted a Public Nuisance" and ordered that the City could enter the premises and demolish the structure. This is the first judgment to be issued against sub-standard housing and the demolition began on April 22, 1968.

Three more sub-standard dwellings are already on the court docket and should be filed this week. It is hoped that 3 cases a week can be filed.

Court cost anf cost of demolition will be placed as a lien against the property and the City can foreclose on the property.

Polished brass will pass upon more people than rough gold. Chesterfield

Secrets OF THE GREAT CHEFS!

by Millicent Townly
Home Economist

JAMES BEARD SHARES KRAUT SECRETS

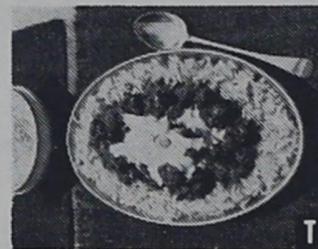

James Beard is sharing his personal favorites - sauerkraut recipes from all over the world! Here's just one of

the recipes from his new cookbook, "Confessions of a Kraut Lover."

BIGOS

- 1 1 lb. 11 oz. can Silver Floss Sauerkraut
 - 1/4 lb. bacon, cut in small pieces
 - 1 large onion, well chopped
 - 1/2 lb. each boneless pork shoulder, veal, beef and lamb cut in 1 1/2 inch cubes
 - 1/2 lb. venison, cubed (if available)
 - 1 cup white wine, bouillon or water
 - 1/2 lb. Polish sausage, cut in small pieces.
 - 1/2 lb. mushrooms, sliced
 - Salt and pepper
 - Sour Cream (optional)
 - Steamed Potatoes
- Steam sauerkraut in covered saucepan 15 minutes. In large skillet over medium heat, saute bacon till limp, add chopped onion and fresh meats. Toss and cook

till lightly browned. Add wine, bouillon or water, cover and cook very slowly till meat is tender. Add Polish sausage and sauerkraut, cover and cook slowly 20-30 minutes to blend flavors. Sprinkle mushrooms on top the last 10 minutes of cooking. Correct seasoning. Serve with sour cream if you wish. Bigos reheats well, in fact, many think it's better each time it's reheated. Steamed potatoes are a good accompaniment. A small dish of Bigos tossed with sour cream can be served as an hors d'oeuvre.

This wonderful little book is delightfully illustrated in full color and is a fine addition to your kitchen library. For your copy, just send 25¢ to cover postage and mailing to James Beard Kraut Book, Box 215. Phelps. N. Y.

The discovery of what is true and the practice of that which is good are the two most important objects of philosophy.
