Economic Outlook For U. S. Equally Divided

NEW YORK, March 10.—Some of the big boys are coming in now with their earnings reports, adding a pleasant sauce to the general business menu. It may be a sweet and sour sauce, because many of the giants in showing high profits are running counter to the general trend within their industries.

The overall outlook seems still fairly evenly divided. Just now the optimists are doing the most talking about it. But there are plenty of disturbing prospects, too. And the first test may come in the weeks just ahead in what course retail trade takes. Look at the mixed fare:

For instance, the jobless now to-

tal more than any time since the war. But, while unemployment rose during February, because more persons entered the labor market, at the same time the number of those holding jobs didn't change much. Employment is just about as high as ever.

Some auto companies report that sales records were set in February. General Motors and Studebaker are among the companies with record profits. Used car dealers say the spring pick-up is already under way.

But, the Chrysler plants are struck. And the union says it is going to ask General Motors raise

Health Tests Can Lengthen Life Span

PHILADELPHIA, (U. S. Individual preventive medicine can prolong life, Dr. William Harvey Perkins says. Dr. Perkins is directing a "positive health maintenance clinic" which has been operated by Jefferson Medical College since September, 1948.

The new philosophy of health examinations, developed by Dr. Perkins, stresses detailed information on a patient's habits, occupation, family history, heredity, environment, emotional stresses and disturbances and similar factors prior to a complete physical examination. The examination is designed to enable the doctor to know those who come to see him as human beings and not merely as patients, and to keep them in good health as well as cure them if necessary.

One of the difficulties, the doctor says, "is to get people to change their habits even after the probable consequences of failure to do so has been brought to their attention."

Our present calendar makes an error of gaining one day in every 3,000 years.

SUNDAY SCHOOL LESSON

Church Elders Weep As Paul Leaves Ephesus

By NEWMAN CAMPBELL
Scripture—Acts 6:14; 20:17
21:8; 1 Corinthians 12; 1 Timothy 3

"Parting is such sweet sorrow." William Shakespeare says of lovers' partings. Partings are far from being always sweet, even when those who are parted expect to meet again. To many million people in the world today it has been and is tragedy and grief.

So many sons, husbands, brothers, sweethearts marched away to war, never to return or came back crippled. Families have been driven from their homes and put to death; or separated never to be reunited. God comfort those who have so suffered!

St. Paul had endeared himself to the disciples at Ephesus. As we were told in our last lesson, he had set his heart on going to Jerusalem for the Pentecost—the great feast time. He knew that he might be arrested and thrown into prison, or even killed, but he felt God wanted him to go.

From Miletus, further down the coast from Ephesus, where he had gone first, Paul sent to Ephesus and called the church elders to him. When they were assembled, he reminded them of his coming to them, and how he had preached to and taught both Jews and Gentiles.

"And now, behold, I go bound in spirit unto Jerusalem, not knowing the things that shall befall me there," he said. "And now, behold, I know that ye all, among whom I have gone preaching the kingdom of God, shall see my face no more."

He warned them that after he had gone "grievous wolves" would enter the church, false teachers who would try to lure the people away from Christ, and some within the church itself who "will fall away from the truth, and draw disciples after them."

The address (too long to repeat here), was dramatic, filled with deep feeling and warnings of what this church should look for and forestall. And then Paul knelt down and prayed with them all, and they fell on his neck and kissed him goodbye.

At Tyre he looked up disciples, and stayed seven days. These disciples told him he should not go to Jerusalem. When he was leaving Tyre all the disciples, with their wives and children, went to the shore to see him sail. All knelt on the beach while Paul prayed, "And we went on board the ship, but they returned home."

This was the close of Paul's third missionary journey. In fact, it was his last missionary journey, because most of the time after this he was in custody—"protective custody," as it is called now, although he did have a brief period of liberty.

The first reference in our lesson concerns the church in Jerusalem.

Expert Predicts 'Super Weeds'

NORTH PLATTE, Neb. (U. S.—Are the new chemical weed killers, such as 2-4-D, in danger of producing a race of "super weeds"? It's a good bet under certain conditions in the opinion of Glenn Vieh-meyer, assistant in horticulture at the University of Nebraska's sub-station here.

Assuming that a dose of 2-4-D doesn't kill all weeds, then those that survive must be presumed to be possessed of some degree of resistance. Offspring of the weeds with resistance should inherit some of this resistant quality. Repeat the process regularly enough and the weeds eventually will "reach the highest degree of tolerance inherent in the race under treatment," says Vieh-meyer.

Three-Year-Old Is Good Tractor Driver

GARDEN GROVE, Calif. (U. S.—Freddy Brugeman is an accomplished tractor driver at the age of three.

A clear-eyed, serious young chap with remarkable mechanical aptitude, he has been solving on his father's tractor in the family orange grove for several months. Freddy began by tinkering with cars and removing the locks from doors—not always to the benefit of these devices.

The boy's father decided to divert this zest for mechanics into useful channels and taught him to plow a furrow through the orange trees.

31 Seeking Jobs As Enumerators In Local Census

A total of 31 applications had been filed for employment as census enumerator for Howard county this morning, first day of recruiting workers for taking the 1950 census.

Applications are still being invited for the positions. Howard has been authorized a total of 26 enumerators and final selection of the force will probably not be completed before Monday, Goldman stated.

Sixteen applicants were given interviews and tests this morning. Testing was to continue at 2 p. m. today, and be resumed at 10 a. m. and 2 p. m. Saturday.

Applicants must have a high school education, and not be more than 65 years of age to be considered. Veterans are given a five point preference on the tests.

Goldman indicated he was anxious to secure enumerators familiar with both urban and rural areas of the county. Nine persons will be selected to make the rural count while 17 will be chosen to cover the urban areas.

Training for the work will begin Mar. 28 and continue for three days. Actual work of taking the census will begin April 1. Goldman is to go to Lubbock, regional census headquarters, for training on March 16. He will return in time to conduct the training course for enumerators here.

Regional directors expect the population count to require about two weeks in Howard county. Several additional weeks will pass before results are compiled and reports made.

Drillstem Test Of Good Outpost Returns Water

Salt water was returned on a drillstem test of southwest outpost to the Good pool Thursday.

Seaboard, et al No. 1 Modesta Simpson, ran a one-hour test from 8,779-806. Recovery was 100 feet of gas cut mud and 944 feet of salt water. Late Friday it appeared a core would be taken. There had been no official word on whether the venture would deepen or abandon.

The Pennsylvanian, which produced the shows, had been topped at roughly 600 feet below the level in which it is found in the Good and Vealmoor pool. No. 1 Simpson is in the northeast quarter of section 10-33-3n, T&P.

Seaboard announced location of a new wildcat test, to be located three and a half miles southeast of the Vealmoor pool. It will be the No. 1 Alkin Simpson, 660 feet out of the northeast corner of section 45-32-3n, T&P. While it is exploring for the Canyon, the wildcat may continue to the Ellenburger of 9,000 feet.

R. P. Rutherford No. 1 T. L. Griffin, 680 feet out of the northwest corner of section 57-25, H&TC, was due to plug and abandon at 8,502 feet in lime and chert, probably Mississippian. This venture, 3 1/4 miles southwest of the Amerasia No. 1 Von Roeder, light Canyon discovery in southeast Borden, developed no shows. It is about the same distance northeast of the discovery Livermore No. 1 Reinecke.

Hyser & Heard No. 1 Holly, an outpost to No. 1 Reinecke, was reported below 5,300 feet.

In other tests, Honolulu No. 1 Good, four miles southeast of the Good pool, was at 8,490 feet in Mississippian lime and chert. Seaboard No. 2-A Clayton was at 8,200 feet as a south-central Borden wildcat.

MAUZEY BOOSTS AMERICANISM Sweetwater Judge Acclaimed For Speech At Colorado City

COLORADO CITY, March 10 (Sp1)—A prolonged ovation of applause and a standing tribute was given Judge A. S. Mauzey, of Sweetwater, after his address on "Americanism" in Colorado City Thursday.

The tall, dark-eyed, snow-haired judge of the 32nd judicial district is a well-known figure in Colorado City as he has been on the bench in this district since 1908.

"There is probably not a man in the state of Texas who lives and speaks Democracy more than my own district judge," said Milton Mabon, district attorney who introduced the judge at a luncheon sponsored by the Chamber of Commerce. The luncheon, with farm ownership borrowers under the FHA program as honor guests, was the fourth in a series presenting speakers for Colorado City's observance of "Democracy Beats Communism" week.

Judge Mauzey observed that, "We read so much about Communism today. Why not more about Americanism? The whole of his speech was delivered with a constructive and a positive approach to his subject."

He spoke, chiefly, of Americanism, the ways of Democracy, not dwelling on the fear and the danger of Communism in this country. The only time he bothered to preach and criticize the Communists was when he made some brief and powerful comparisons between the "Communist way and the American way."

"Washington cannot stop communism," Judge Mauzey said. The only way you can preserve your freedom is to work at preserving the other fellow's freedom, too."

He scolded civic leaders, saying that "In the last election only 29 per cent of the people voted. Jury service is a privilege which should not be taken lightly or held in contempt."

"We cannot sell democracy unless we prove that it is worthy of all our best citizenship, character and best contributions to humanity. The ingredients of democracy are not doctrine but intelligence; not authority, but reason; not cynicism but faith in God and man. Only by fearless pursuit of truth by free men can we keep Americanism—keep a country free from disease of body and mind."

State Sen. Pat Bullock presided at the luncheon and introduced M. A. Stinson, Mitchell county FFA supervisor, who presented farm guests. Stinson and L. A. Chapman, chamber of commerce manager, were co-chairmen for the Thursday program.

School Officials Are Guests At ABC Luncheon Friday

Representatives of the Big Spring High School Physical Education department and R. C. Wilson, superintendent of the Ringgold school were special guests at a luncheon meeting of the American Business club at a meeting held at the Settles hotel Friday.

Guests from the local school were Arsh Phillips and Anna Smith, physical education instructors, Sue Craig and Pat Kiser, members of the A volleyball team, Miss Phillips spoke concerning the annual volleyball tournament which is now in progress and which is sponsored by the ABC club. Wilson also spoke.

Another guest speaker was Joe Pickle, who discussed the American Red Cross Drive, its purpose, need and accomplishments. His address was followed by further discussion of the organization by Roy Reeder and C. Y. Clinkscales.

Mary Jane Hamilton presented three vocal numbers, "I'm Falling In Love With Someone," "Smiling Through" and "Embraceable You." She played her own accompaniment.

John Stanley presided during the meeting.

American Legion District Meet Set April 29-30 Here

Plans for a district convention of the American Legion to be held here April 29-30 were made last night at a meeting in the local post's clubhouse.

Delegations from throughout the 19th Legion district, which embraces the same area as the congressional district of the same number, will be here for the convention.

Joe Spurlock, Fort Worth, commander of the American Legion Department of Texas, will head the group of high Legion officials here for the two-day session.

Sessions for the 40 and 8 and the district Legion Auxiliary also will be held during the convention.

Pete Bridges, Levelland, district commander, and Mrs. Elliott of Colorado City, were here last night to confer with local post officials on plans for the convention.

Special entertainment at Thursday night's meeting featured voice pupils of Mrs. Ann Houser and Mary Jane Hamilton.

City Elk Lodge Officers Will Be Elected Today

Officers for a lodge of the Benevolent Protective Order of Elks in Big Spring are due to be elected at a meeting scheduled for tonight.

There has been no Elk's lodge here for approximately a decade, although a previous lodge was active here for a number of years before the war.

About 100 persons have signed the charter member list, about 60 of which have already been affiliated with the Elks.

The local lodge will be formally instituted on March 17, with E. C. Bunch of Odessa, district deputy grand exalted ruler, officiating at the ceremonies. Other state officers and representatives of lodges throughout Texas are expected here for the institution ceremonies.

Jayhawk Cagers Gun For Upset Tonight

Meet Winner To Nationals

Amarillo's huge fieldhouse is the scene tonight of the Region 5 basketball playoffs that will qualify a team for the National Junior college tournament, to be held later this month in Hutchinson, Kansas.

Entered, along with two of the best Oklahoma Jaycee quintets, Carnegie and Sayre, and Amarillo and Howard County Junior college, Texas' color bearers.

Carnegie and Amarillo rule as co-favorites in the show. Carnegie squares away with Harold Davis' Big Springers in the 7:30 o'clock fourth this evening while Amarillo tries Sayre, winner of the 1949 playoffs, in the 9 o'clock engagement.

The losers play for third place in the meet at 7:30 p. m. Saturday, the winners at 9 o'clock.

A weakened HCJC troupe carries a 19-15 record into the playoffs. The Hawks will be without the services of Frank Dunn, held here by his work, and Harold Berry, ineligible for this type of tournament.

Bill Fletcher, sophomore great, has, of course, long since departed the squad because of a knee injury.

Loss of those three boys is not serious consequence. Starters for the locals tonight will probably be Delmer Turner, who has already established a new scoring record for seasonal play, Louis (Sous) Stallings, Cula Grigaby, Melvin Norris and Leon Biaz.

The Hawks' starting quintet carries plenty of punch but the team is not deep in reserve strength. That weakness will probably tell on the Big Springers before long.

LOOKING 'EM OVER

With Tommy Hart

E. H. Lane of Odem and Houston, who is handling the King Ranch horses entered in the Big Spring Futurity, apparently has another contender in Encantadora, a two-year-old daughter of Depth Charge.

Making her first start of the season at New Orleans recently, the filly easily outclassed the field to win the quarter mile sprint in 23 seconds.

Lane's La Marga and Reticule had previously established themselves as two of the best youngsters in the country. Both are entered here.

J. F. Hamby of Senora had a fine two-year-old entered in the April 23 classic here.

Mis Pair of Roses is currently conditioning at Oak Lawn Park, Arkansas. Pair of Roses has been out once there, running a creditable fifth in a 3/8ths mile venture.

John Ray Dillard's Single Saddle was also an entry in that race.

Fred G. Smith's nominee in the Big Spring Futurity, Little Pair, finished second in a 3/8ths mile gallop at Hot Springs several days ago. It was the first start for the Senora man's horse.

W. C. Gillem, Lampasas thoroughbred breeder who had his Dean Bitten nominated in last year's Futurity, has another fine youngster this year in Anita Bitten. The black filly registered a two length victory over a field of 12 two-year-olds at New Orleans several days ago.

LUKE APPLING DID NOT PERFORM IN LOCAL PARK

Our attention has been called to a recent honor we pulled here. We mentioned that Luke Appling performed in an exhibition game here some years ago between the Philadelphia Athletics and the Pittsburgh Pirates. Appling has spent his entire big league career with the Chicago White Sox.

In reminiscing, we thought first the White Sox and not the Pirates had played the A's here and wrote to that effect. Later, we changed the identity of the team but did not omit Appling's name.

Harry Scherting, the ex-Vernon outfielder, reportedly is showing to advantage with the Dallas Eagles. Quite probably, big Harry will be farmed to a Class B team, however, for further seasoning.

Scherting, by the way, spent the winter working as a brick layer's apprentice in Ohio.

AMARILLO GUILTY OF RIGGING OWN PAIRINGS

Amarillo Junior college coaches, who complained that the pairings in a recent down-state tournament was rigged, did a bit of rigging of their own for the Region 5 playoffs in their town this weekend.

The Badger mentors invariably pit Howard County Junior college against the toughest first round opponent. This time it is Carnegie, Okla., which beat the Badgers once in two exhibition tries.

The Amarilloans, meanwhile, will open with Sayre, Okla., a team that is much weaker than it was a year ago.

LOCALS, LAMESANS TOURNEY WINNERS

There'll be volley ball all hours of the day this evening and Saturday, as play progresses in the fifth annual Big Spring invitational girls' tournament.

Sixteen of the better ten teams in West Texas are competing in the American Business club-sponsored event, which got underway last night.

First round competition is not to be completed until after 10 p. m. Saturday although two second round contests are booked for this evening.

The winners of the Ringgold-Big Spring B and Water Valley-San Angelo engagements clash at 5 p. m. today, followed at 6 o'clock by an encounter between Lamesa and the winners of the Byers-Denver City encounter.

Consolation round games are booked for 7 and 8 p. m. today.

Championship semi-finals jousts are booked for 9 and 4 p. m. Saturday while the title is down for 9 p. m.

Ringgold is the favorite in upper bracket play while Byers holds fast as the top choice in the lower bracket, although Fort Davis maintains a lot of respect.

Big Spring trampled Fortson, 20-11, last night in advance to the second round. The Steerettes oppose the winner of the Seminole-Sweetwater engagement at 11 a. m. Saturday.

Lamesa qualified for the second round by nudging Garden City, 48-35, in another start.

Mona Lou Walker scored 17 points for Big Spring last night. The Steerettes led at half time, 16-9.

Tyler Beaten By Hinds 5

LAKE CHARLES, La., March 10. (U) — Tyler Junior College's defending national champions last night lost out in the first round of the seventh region Jaycee basketball tournament. The Apaches were eliminated, 76-71, by Hinds Junior College.

Another Texas entry, Allen Academy of Bryan, upset Magnolia (Ark.) A.M., 58-55, to move in the semi-final round tonight against Hinds.

John McNeese of Lake Charles and Northeast Mississippi are others in the semi-finals.

Victoria Lamb Wins

VICTORIA, March 10. (U) — Clyde E. Fisher of Victoria exhibited the champion lamb and Fred Heinholt, Victoria, the champion FFA fat hog at the Victoria Livestock Show yesterday.

CHURCH MEET STARTS

DALLAS, March 10. (U) — The state church basketball tournament opens here today with teams from Dallas, Austin, El Paso, Tyler and Fort Worth entered.

HITS STRIDE — George Kell, who won the American league batting title last year, drove out two extra base hits in a Detroit Tiger intra-squad game Thursday, Kell, a third sacker, clouted .342 last season.

Odessa Tennis Meet Underway

ODESSA, March 10.—Jan Masters, Big Spring high school's entry in the singles division of the Odessa Invitational Tennis tournament, was to have met Colleen Jackson, Poyote ace, in the opening rounds of the tourney here at 8 a. m. today.

Diana Farquhar and Betty McGinnis, Big Spring doubles team, were also to clash with Poyote players in opening play this morning.

Ann Crocker is alternate for the Big Spring players in the meet which includes teams fielded by 15 West Texas schools. Senior teams are to be entered by Big Spring for Saturday's play.

Barbara Greer and Susan Houser will form the Steerette doubles team while Kitty Roberts is to be singles contender. Ann Crocker will again alternate.

Other schools represented in the tournament are San Angelo, Sweetwater, Barstow, Amarillo, Odessa, Monahan, Andrews and Fort Davis.

Relays To Name Mile For Former Steer Standout

AUSTIN, March 10. (U) — Jerry Thompson, one of the University of Texas' greatest tracksters of all time, will have a Texas relays event named in his honor.

Beginning with the 23rd annual relays, scheduled for March 31 and April 1, the Jerry Thompson one mile will become a regular feature of the track show.

Relays Director Clyde Littlefield had hoped Thompson would compete in the inaugural of the special race but the former Olympic runner's business duties prohibited it. A year ago Thompson stepped off the fastest mile ever recorded in the Southwest, touring four laps at Memorial Stadium in 4 minutes, 12.7 seconds.

He was named the outstanding performer in Texas, Kansas and Drake Relays in 1948. He won three NCAA championships and represented the United States in the Olympic games in London.

Official entry blanks in this year's Texas Relays have not yet been received but some outstanding performers expected to participate in the inaugural Jerry Thompson one mile run include J. D. Hampton and Julian Herring of Texas A.M., Bob Karnes, and Pat Bowers of Kansas, Oll Jacobs of Oklahoma, Charles Kohn of George Pepperdine, Norman Alsbrook of Baylor, Tom Hardin and James Brown of Arkansas, Tom Rogers and Dick Brooks of Texas and Javier Montes of Texas Western College.

Family Launches Drills For Swim

DENISON, March 10. (U) — The Mercer family of Fall River, Mass., are due here today to start practice paddling they hope will get them in shape to swim the English Channel next summer.

Seven members of the family will try the channel swim. They are Papa John and Children Lois, Althea, John L., Robbie and twins Faith and Hope. Mrs. Mercer and two other children, Ruth and Carlton, will not attempt the channel crossing.

The Mercers plan to practice at Lake Texoma.

PARKER IN SWAN SONG

Standards Due To Topple In Laredo Track Carnival

LAREDO, March 10. (U) — The Border Olympics, expected to bring an avalanche of new records, swung open today with the junior colleges and high schools getting first crack.

Almost 1,000 athletes from 78 schools over the Southwest will compete in the eighteenth edition of this big outdoor track and field carnival.

The University of Texas tops a field of eight universities that hold preliminaries tomorrow morning and finals tomorrow night, Louisiana State and Oklahoma A.M. furnish the out-of-state interest.

Texas, which last year won the Olympics 58-55 over Texas A.M. is favored to repeat on the strength of a galaxy of sprinters topped by Charles Parker and Perry Samuels.

Twelve colleges, eleven from Texas plus Southeastern State Teachers of Durant, Okla., slash at the records of the college division. They hold prelims tomorrow morning at the same time as the University class.

There are 10 junior colleges and 48 high schools, all from Texas, that go through trials today. These two divisions hold finals tomorrow afternoon.

The Rice mile relay team of Tom Cox, Otha Byrd, Arthur Brown and Jim Hoff, appears most certain of hanging up a new record. This quartet has done the mile in 3:13.8 and the Border Olympics record is 3:17.1, set last year by Texas A.M.

Parker, making his last appearance in this meet, may wipe out his own 220-yard dash record of 21.1. Another potential marksman is J. D. Hampton, the blond Texas Aggie distance star who holds the mile record at 4:18.7 and the two-mile record at 8:36.0 here.

The high jump record could be erased. It is 6 feet 7 1/2 inches. Vern McGrew of Rice, on the U. S. Olympics team in 1948, and Bob Walters of Texas have gone over this mark several times.

Fambro of North Texas State and Mike Marcovado and Arthur Ochoa of East Texas State are considered the best bets for records in the college division. Mercado already is co-holder of the 440-yard dash mark at 50.0 and has been shading close to the half-mile mark of 1:55.6. Ochoa holds the javelin throw record at 180 feet 6 inches. Fambro holds the broad jump record of 23 feet 1/2 inches. Ochoa also is a top broad jumper.

North Texas State is expected to defend its championship in the college division. Brownsville is due to repeat in the junior college class and Corpus Christi in the high school division. Carl Otsuki of Brownsville holds both sprint records — 10.1 in the 100 and 22.8 in the 220 — and is expected to smash each.

Several promising newcomers such as Texas A.M. sophomore Hurdle Stars Paul Leming and Billy Bless will get their first tests in top-flight competition.

Big City Cage Meet Begins

FORT WORTH, March 10. (U) — Big city high schools started play today for their own state high school basketball championship.

The two-day city conference tournament here matches first and second place teams in city races in Houston, Dallas, Fort Worth and San Antonio.

Three divisions of the Texas Inter-scholastic League high school program crowned basketball champions in Austin last week.

The tournament opens at 2:30 o'clock with Crozier Tech, Dallas city champion, meeting Lanier, second place team in the San Antonio district race.

Best mark is boasted by Crozier Tech, 41 victories, one defeat.

Foly won the Fort Worth championship; Thomas Jefferson the San Antonio title and San Houston the Houston crown.

Other teams in the meet are Adamson (Dallas); Milby (Houston), and Paschal (Fort Worth).

Finals Carded

COMMERCE, March 10. (U) — East Texas State and West Texas State tangle tonight for the right to represent Texas in the national NAIB Basketball Tournament at Kansas City next week.

East Texas defeated Abilene Christian, 61-51, to enter the finals of the Texas play-off. West Texas downed Texas Wesleyan, 75-55, to advance.

GOODMAN, ZARILLA GIVE BOSSOX LIFT

By JACK HANDB AP Staff SARASOTA, Fla., March 10. — Joe McCarthy points to Billy Goodman and Al Zarilla as the men to help his Boston Red Sox get away to a flying start this spring.

"I don't know why we got away so slow last year," said McCarthy.

Hiltopper 5 NIT Favorite

By MILO FARNETT AP Staff NEW YORK, March 10. — Western Kentucky plays the first game in the National Invitation Basketball Tournament Saturday and don't be surprised if the Hiltoppers stick around for the finish.

Coach Ed Diddle is back with a better team than last year's quarter-finalists. That club bowed to Bradley.

The Hiltoppers, Bradley and Kentucky rate as the top three favorites in the 13-team field.

All three operate under the same style—a fast break and heavy firing at the basket.

Bradley and Western both have more experience than Kentucky's sophomore club. Where Western may rate a slight edge is in height. Diddle can send out five men averaging six-foot or five—topped by six-eight Bob Lavoy.

Western (24-5) rates a heavy favorite over Niagara (20-6) in Saturday afternoon's opener. The Hiltoppers also have to get by St. John's (23-4), fourth seeded, to reach the semi-finals and maybe get at Bradley again.

Bradley (22-3), first-seeded, finished first in the final Associated Press poll of the country's top teams.

Unseeded San Francisco (18-6), defending champion, plays CUNY (17-5) in the other afternoon contest. Then Saturday night LaBalle (20-3) meets Arizona (25-4) and Long Island (20-4) takes on Syracuse (17-3).

Bradley, Kentucky (25-4), Duquesne (22-4) and St. John's—seeded in that order—drive first-round byes. They play their first games in the quarter-finals Monday and Tuesday.

Texas AAU Cage Meet Underway

SAN ANTONIO, March 10. (U) — The Texas AAU men's basketball tournament opens here today with Defending Champion Lackland Air Base (San Antonio) leading a field of 11.

Other teams are Vandergiff Motors, Arlington; Ada Oil, Houston; City National Bank, Houston; Randolph Field, San Antonio; Corpus Christi Navy; Meador Construction, San Antonio; Jordan Motors, San Antonio; Dehoyas, Grocers, San Antonio, Marine Reserves, San Antonio, and J. T. Rice, Austin.

Palmer, Harper Miami Leaders

MIAMI BEACH, Fla., March 10. (U) — A pair of soft-spoken southerners, both veterans of many campaigns on the links, shared the lead today as the Miami Beach \$16,000 invitational golf tournament went into the second round.

Chunky Johnny Palmer, professional of Radin, N. C., who earlier this week won the La Gorce Country Club pro-amateur, and Chandler Harper of Portsmouth, Va., each carded three under par 59's yesterday as the first major Miami Beach tournament in 20 years got underway.

Palmer, 10th ranking money winner thus far this year, carded a 32 on the front side of the Bayshore Golf Course for the best nine hole score of the day. But coming back his putter turned sour, a 25-mile an hour wind played havoc with the long shots and he was one over par.

Harper, fourth ranking Ryder cup team candidate with 57 2-3 points and eighth ranking money winner with \$2,700 so far this year, was even par 36 on the front nine and came back in three under par 33.

The southern twosome held a one stroke lead over a bulky field of 230 of the nation's leading amateurs and professionals who played over two courses—Bayshore and Normandy Isle—for the opening round.

The "name players" switch to the 6,676-yard Normandy Isle course today while the lesser lights battle over the 6,440-yard Bayshore layout. Both courses are 36-36—72 for par.

Only one stroke off the pace were Cary Middlecott, the Memphis, Tenn., dentist turned pro golfer and saw playing out of Ormond Beach, Fla.; Walter Burkemo of Franklin, Mich.; and Gene Kunes of Hollywood, Fla.

Tommy Sullivan of Miami and Frank Stranahan of Toledo, Ohio, shared the lead among amateur competitors with one over par 72's.

Modern Service In The Heart Of America

Brownfield Pastor To Open Revival At Wesley Methodist Church Monday

Spring revival services will be launched at the Wesley Methodist church Monday evening, with the Rev. Herschel Thurston of Brownfield presiding in the pulpit. The Rev. C. C. Hardaway will serve as host pastor.

The Rev. Thurston will arrive in Big Spring Monday evening. He is a graduate of McMurry college, Abilene and has held pastorates in the North West Conference. He has served as pastor in Aspermont, Spur, Perryton and for the past two and one half years has lived in Brownfield. He is known for his outstanding work as a pastor in the Methodist church and as a capable evangelist.

Services will be held at 10 a. m. and at 7:30 o'clock. The revival will close Sunday, March 19. Prayer groups will meet at 7 o'clock. These groups will meet in three general sessions, adults, young people and children. The children will meet in the membership training class, taught by the Rev. C. C. Hardaway.

E. M. Brown, choir director of the local church, will have charge of the musical presentations accompanied by Mrs. Robert Odum.

Sunday morning services will be conducted by the Rev. Hardaway. During the morning hour, he will speak on the subject, "And Ye Are Witnesses," from Luke 24:48. "Fit Or Unfit, Which?" will serve as the evening sermon topic. Members of the choir will present the selection "In the Quiet of Prayer," by Susan Thomas prior to the morning sermon.

Dr. P. D. O'Brien will be heard on the subject, "There Is Power In Real Prayer," during morning worship services at the First Baptist church. The sermon will be

Malone Tells DE Club Jobs Require Specific Training

Business and industry seek employees who are trained for specific jobs, Dr. F. W. Malone reminded members of the local Distributive Education club and their guests at a banquet Thursday night in the Settles.

Dr. Malone said Distributive Education had a definite place in the school system today because it helps each pupil learn to do a specific job well.

Roy Rehnatz, district supervisor of Distributive Education explained some objectives of the D. E. program. It helps students combine theory with actual practical experience, he said, with employers helping serve as instructors.

Ida Bell Sundry, member of the D. E. club, presided at the banquet. Guests were welcomed by Lavell Davis and W. B. Morris responded for the guests. W. L. Reed, principal of the High school gave the invocation, and the distributor's creed was given by Melba Jenkins.

Songs by Peggy Lamb and piano selections by Larry Evans were featured on the program. "Forty-five persons, included club members, their employers, and special guests, attended.

Three Plays To Be Sponsored By Local Kiwanians This Fall

The Big Spring Kiwanis club will sponsor three plays here beginning next fall, it was announced Thursday at the club's regular luncheon in the Settles.

Dr. R. B. G. Cowper, club president, said contracts had been signed for casts from New York to present the plays here. The first will be Oct. 10 this year, while others have been scheduled for Jan. 2 and March 20 next year.

Troy Harrell, chairman of the underprivileged children's committee, reported that 28 pupils in elementary schools had been furnished clothing as a result of a drive sponsored by Kiwanis last week.

The Kiwanians also accepted a challenge by the Key club for a donkey basketball game March 16. The Key club is an organization of High school students with objectives similar to those of Kiwanis.

C. M. Burke and Norman Henry were introduced as new members. Visitors at the luncheon were James Bearden, P. V. Thorson, County Judge John Dibrrell, Jr., E. H. McCready, Melvin Pittman, and Harold Reed and Fritz Smith, members of the Key club.

Harry Echols played piano selections during the program, and L. E. Milling and Champ Rainwater both spoke briefly in behalf of the Red Cross drive.

Red Says Russia Is Favorable To Peace

LONDON, March 10. (U. S. — Soviet Deputy Premier Georgi M. Malenkov said in a pre-election speech last night that Russia is ready to take an active part in "all honest plans" to prevent a new war.

Malenkov, whose speech was broadcast by Radio Moscow and monitored here, accused "American aggressors" of blocking a Russian-proposed plan last year for a pact to strengthen the peace among the big five—United States, Russia, Britain, France and China.

Evangelism, from Ezekiel 3:18-19, during the morning worship sermon at the Church of Christ East Fourth and Benton. During the evening service, Minister Love will be heard on the subject, "What Must I Do To Be Saved," from Acts 14:30-31.

Minister Love can be heard over KTXC each Monday through Friday from 9:05 a. m. to 9:20 o'clock. Monday morning, he will speak on "Why Be A Member Of The Church of Christ."

Man-Eating Shark Taken In Gulf Area

AUSTIN, March 10. (U. S. — A shark of the man-eating variety has been caught recently off the Texas coast, the March issue of the Texas Game, Fish and Oyster Commission's monthly publication reported today.

Classification of the fish was given as "great white shark or man-eater." It is the first of its kind reported taken in the Gulf area.

Reds Told Gubitchev Beinn Sent Home Because Count Collapsed

LONDON, March 10. (U. S. — Russian readers are being told that Valentin A. Gubitchev is being sent home because of the "collapse" of the accusations groundlessly brought against" the Soviet official.

They may be a little mystified, however, since the report sent to them by the New York correspondent of the Soviet news agency Tass did not mention the espionage charges on which the former Soviet member of the United Nations staff was convicted yesterday.

This is the story the Tass reporter sent home: "A court investigation which continued intermittently since last autumn up to now proved the complete groundlessness of the charges against Gubitchev and was based on the testimony of pseudo witnesses—Agents of the American intelligence service who were publicly exposed at the trial.

"Nevertheless the court sentenced Gubitchev to 15 years imprisonment. However, in connection with the collapse of the accusations groundlessly brought against Gubitchev the court offered that he should leave for the USSR within two weeks."

Gubitchev was convicted with Judith Coplon on espionage activities. Both were sentenced to 15 years in prison, but Gubitchev's sentence was suspended on condition he leave for Russia in two weeks "never to return."

The only mention Tass made of Miss Coplon was: "The American citizen Coplon was arraigned for trial together with Gubitchev and was sentenced to 15 years imprisonment."

Faithful Workers Meet On Thursday

Members of the East Fourth Baptist Faithful Workers class met in the home of Wilma Richbourg, 1008 West 2nd, with Mrs. J. T. Richbourg as co-hostess. The session was held Thursday night.

RIBBON RAMBLINGS By Mildred Young

Guess we won our point in Sunday's ramblings concerning reality. At least, we heard directly from our "country cousin" that we had "destroyed him in less than nine seconds flat." He says that "heart throbs" are not essential to a good reporter. He even goes on to say that "nothing is wrong with your Ribbon Ramblings. Nothing is wrong with the paper a which you work. It is far above the average small town daily. And that "Around the Rim" spot on your editorial page is something all of you should be proud of. Because it offers you a certain amount of freedom." He also says that "there is no escape from reality. But figuratively speaking you can ride an image around it for a minute or just ten seconds."

The rest of the letter deals with some phases of the writing business probably not so interesting to people standing outside. For those who have wondered with us about the writer, there's a certain person who tells us that they know exactly who he is. At any rate, the written apology is accepted.

Was having coffee at the counter of one of Big Spring's smaller drug stores the other night. No large we're speaking of doesn't carry a large supply of drugs. A would-be-customer entered, looked the place over with a skeptical eye, and in a voice foreign to this section asked if the place handled dental floss. When the clerk said he was sorry, but they didn't, the woman headed for the door with another skeptical look, inquiring as she left, "What is this drug store?" And the last time, we saw that clerk, he was still wondering if he hadn't been insulted.

Convention Set For Big Spring By Legionnaires

Big Spring will serve as host city to the spring convention, district 19, of the American Legion and Legion Auxiliary April 19 and 20. Announcement was made at the executive meeting of the district officers at the Legion club Thursday evening.

Those attending the meeting were W. T. Bridges of Levelland, district commander; Mrs. L. B. Elliott, Colorado City, district president of the Legion Auxiliary, and Frank Hardesty, local Legion commander. Members of the Legion club auxiliary entertained with a benefit pie supper at the club prior to the executive meeting. Proceeds from the affair will be used to send a girl from the junior class in the local high school to Girl's State in Austin the first part of June.

Tables of bingo provided the entertainment. Mary Jane Hamilton and Ann Gibson Houser presented a varied musical program during the evening, and Ted Groehl projected moving pictures for the children in the Auxiliary room. Approximately 200 persons attended the supper.

College Heights P-TA Has Meeting

Bob Whipkey was the speaker when the College Heights P-TA met Thursday afternoon at the school. His topic was "Teamwork Between Social Agencies." Also featured on the program was a musical quartet from the Howard County Junior college. The group was directed by Dan Conley. During the social hour which followed, guests were served from a refreshment table which was covered with a white linen cloth. Decorations, which carried out the St. Patrick's Day theme, included a white floral arrangement.

To Meet Tonight

Members of the Woodman Circle will meet at the WOW hall tonight at 7:30 o'clock.

Visitor Seeks Get Acquainted Week Information

Mrs. R. B. Abernathy, representing the Ladies Auxiliary of the Fraternal Order of Eagles No. 2937, visited the Herald office this morning, seeking further information on "Get Acquainted Week" activities. She stated that she was interested in helping her organization to sponsor some party or program during the special week which is scheduled for March 19-25. The Ladies Auxiliary of the Eagles is a new organization which is planning to close their charter on March 16. The group now has 70 charter members.

The Herald staff hopes that organizations of all types will plan some sort of program or party during the special week which will enable members to get better acquainted and to receive more complete information concerning the work and background of their organizations. Organizational heads are asked to call plans for special activities to the Herald Society Editor, Mildred Young.

Other officers named were Mrs. Leroy Findley, vice-president; Mrs. Dick Hooper, secretary and treasurer; Mrs. M. W. Rupp, reporter and Mrs. Neal Bryant and Mrs. Elgin Jones, social committee members.

Secret pal names were revealed and new names were drawn. Mrs. Neal Bryant will entertain the club in her home, 102 Madison, at the next meeting. Refreshments were served to Mrs. J. D. Kendrick, Mrs. Richard Grimes, Mrs. V. C. Barber, Mrs. Dick Hooper, Mrs. Lindsey Clayton, Mrs. Ben Jernigan, Mrs. R. I. Findley, Mrs. Leroy Findley, Mrs. Elgin Jones, Mrs. Neal Bryant, Mrs. M. W. Rupp and the hostess, Mrs. Denver Yates.

Youth Fellowship Programs Planned At Hamburger Fry

Members of the First Christian Youth fellowship met at the church Thursday evening for a hamburger fry and program planning session. A series of four programs was planned. First in the series will be held Sunday night with Archie Thompson as the leader. His subject will be "A Good Time For Everybody." On March 19, Jackie Marchant will direct a program based on two playlets and entitled "People I Like To Be With." "My Share In A Twoosome" will be the title of a program to be given by Jocelyn Welch. This program is scheduled for March 26. "You and Your Friends" will be the title of a sound movie to be shown on April 2.

Attending the meeting were Joy Williams, Mary Martin, Jackie Marchant, Jocelyn Welch, Jodie Smith, Archie Thompson, Jimmy Wilcox, Allen Holmes, Jeff Hanna, Jimmy Dimitri, Don Williams, Ray Shaw, Billie Earley, Sam Hall, three guests Gay Richbourg, Jim Hahn and Wanda Lawson, and the sponsor, Mrs. W. D. McNair.

Mrs. G. Simpson Is New President

COLORADO CITY, March 10.—New president for the Colorado City Jaycee-Kites is Mrs. Goodwin Simpson, who will succeed Mrs. Walter B. Grubbs.

Other new officers for the organization are Mrs. John Tom Merritt, vice president, Mrs. J. C. Richmann, secretary, Mrs. Johnny Adams, treasurer, Mrs. Jack Watson, historian-reporter, and Mrs. Jimmy Harrison, parliamentarian.

Three new directors were elected: Mrs. Eldon Mahon, Mrs. Kenn Jennings and Mrs. Dyer Oakley. Mrs. Guy Rogers was named Jaycee-Kite editor for the Jaycee Echo, weekly paper.

LaVerne Kinman Named Honoree At Bridal Shower

LaVerne Kinman, bride-elect of Robert M. Kinzey, Jr., was complimented with a gift tea in the home of Mrs. Floyd V. Kinzey, 709 E. 14th, Thursday evening. Ethel Trotter and Billie Watkins served as co-hostesses at the affair.

Those in the reception line included the honoree, Miss Kinman; her mother, Mrs. L. B. Kinman, and the hostesses, Ethel Trotter and Billie Watkins. The bride-elect was attired in a navy blue crepe dress, with white carnation corsage and black accessories. Mrs. Kinman also chose a navy ensemble and white carnation corsage.

The refreshment table was laid with an ivory linen cloth and centered with the white bridal cake, inscribed with "LaVerne and Bob." Crystal and silver appointments completed the table setting. Ethel Trotter attended the tea service. Eileen Kinzey presided at the guest register. Gifts were displayed by Mrs. Kinzey. Approximately 30 persons attended the affair.

Epsilon Sigma Alpha Meets On Thursday

Alpha Chi Chapter of Epsilon Sigma Alpha met Thursday night at the Settles hotel for a program and business session.

Stella Wheat, program chairman, presented Dorothy Day who spoke on "Personal Development." This was the first lesson of a course on "Effective Speaking" now being studied by the group. In her talk Miss Day stated that the ability to speak well is a vital factor in the gaining of success. She demonstrated the correct way to present a speech with the presentation of her own speech. Stella Wheat presided over a question period. The next lesson will be presented by Mary Ann Goodson on "Presenting A Gift."

Gayle Johnson observed her birthday with the presentation of two cakes to the group.

LaVerne Kinman Discusses Patterns At HD Club Meeting

Place emphasis on your best points when selecting patterns, stated Eugenia Butler, home demonstration agent, at a meeting of the Elbow Home Demonstration club held at the school Wednesday afternoon.

In working out materials and colors, use suitable materials for the seasons with brightest colors in small amounts, said the agent. There is some shade of almost every color that anybody can wear, said the speaker, clearer colors for summer and duller for winter.

Refreshments were served by the hostesses, Mable Dunagan and Mrs. Pearl Canible. The next meeting has been scheduled for March 22 at the school.

Others attending were Mrs. Ellis Iden, Mrs. Ray Shortes, Mrs. S. W. McElroy, Mrs. Jack McKinmen, Mrs. T. M. Dunagan, Mrs. G. T. Baum, Mrs. Bob Asbury, Mrs. B. J. Petty, Mrs. Ross Hill and Calle Dunagan.

Vincent Baptists Hear Mission Study

VINCENT, March 10 (Sp)—Members of the Vincent Baptist Women's Missionary society met Tuesday afternoon for a regular meeting.

Territories Have Qualifications For Statehood But Prospects Dim

The House has passed bills conferring statehood on the territories of Hawaii and Alaska. Now the issue is up to the Senate, and the prospects are not too bright for passage. Alaska and Hawaii have been practically to this point before, only to find the Senate giving it the kiss of slow death.

The bureau of internal revenue than any of the 10 smaller states. Alaska has an area twice the size of Texas (which might be grounds for boastful Texans to oppose). It has more gold than California, more coal than Pennsylvania, and more fisheries than the Atlantic seaboard. Its timber and metallic resources are hardly touched.

Employment Questions On Pair Of Fronts Are Now Being Answered

Questions about positions on two fronts are in the process of being answered here. One has to do with taking of the decennial census. Sam Goldman, county supervisor, is receiving applications today and conducting examinations. These continue through Saturday morning, assuming that enough will be on hand to fill 25 places. Of course, the more who apply, the greater the possibility of selections and of maintaining an adequate reserve to insure a good census.

Meanwhile, persons interested would do well to see the civil service clerk at the postoffice for further information—and before March 20 when the deadline for filing falls.

Population Predictions May Be As Idle As Political Forecasts

Census enumerators will count just about everything but the tumble weeds in West Texas this year, and we suspect that some cities will wish that the tumble weeds had been added by the time the totals are announced.

For example, it has been predicted that the country's population will show an increase from below 132-million to about 150-million during the last decade, and that there are more women than men in this country.

BLIND AUSTIN YOUTH IS RIDING BICYCLE

By WILLIAM C. BARNARD
Associated Press Staff
A nine-year-old blind boy at Austin sits around on a bicycle. Burns Taylor has been blind six years. When he was three he was the victim of an "unloaded gun" accident. The accidental discharge of a .22 rifle sent a load of scatter-shot into his eyes.
Burns told at least two Santa Clauses last year that he wanted a bicycle. And Christmas he got it. His parents, Mr. and Mrs. J. B. Taylor, have passed a few laws. Their son has to ride in a "traffic pattern" from his own driveway around the washateria next door. But he rides this pattern with great assurance.
"The small, tangle-headed figure flashing by on the red bike has become an everyday miracle in his neighborhood," Lorraine Barnes of

the Austin American-Statesman said in telling the boy's story.
Burns has to take care of his bicycle and put it away when he's through with it, just like any other boy.
"Maybe it's because we've never treated Burns as handicapped in any way that he lives and plays like any other boy," said his mother. "We never think of him as blind and he doesn't think of himself that way."
"When he got out of bed for the first time after his accident, he didn't want to be led across the room. He wanted to try making it by himself."
Burns learned to ride his small bicycle in less than a week. He had practiced some before on the bicycle belonging to his 12-year-old sister, Gwen.
Mr. and Mrs. Taylor moved to Austin from Orange, so their son could attend the school for the blind. He is now in the fourth grade and a top student. His ambition: To become a lawyer. He's also eagerly awaiting his 19th birthday when he will get a seeing-eye dog.
Burns and another blind boy, Robert Doyle are members of an Austin Cub Scout pack. Dr. Sigman W. Hayes, leader of the pack, said:
"They keep up with the regular run of cub activities and ask no special favors."
Burns takes piano lessons, has unusually keen hearing and a fine memory. And, riding or walking, he seems to "sense" the presence of objects in his path. Often, he stops just short of some barrier such as a wall, building or parked car.

Cotton Official Of Texas Hits Acreage Slashes

HOUSTON, March 10. (AP)—The president of the Texas Cotton Assn. said today "it should be apparent that Texas cotton farmers cannot continue to reduce their cotton acreage."
Such reductions — said A. H. Ormsby of Waco in his report prepared for delivery to the association's 29th annual convention — "means in many instances that the returns are wholly inadequate to maintain a decent standard of living."
"Unlike some other sections of the cotton belt, there is a definite limitation on what can be accomplished on Texas soils through the use of fertilizers," Ormsby said.
"Some other way must be found for helping out farmers to solve their cotton problems. It cannot be done through price guarantees alone. Reasonable production at reasonable prices seems to hold out the best promise under present trade conditions."
Activity in the conference, begun with meetings of the board of directors and committees yesterday, brightened today as first general sessions began.
Ormsby's report was scheduled before the speech by New Mexico's U. S. Sen. Clinton P. Anderson. Programmed before the Ormsby speech were an address of welcome by Houston's Mayor Oscar Holcombe and a response by K. N. Clapp of Lubbock.

Sleep-Learning Poses Grim Threat For U. S. Husbands

By ARTHUR EDSON
AP Staff
WASHINGTON, March 10.—The men of this country, many of whom already are harassed and henpecked by their wives, now face a new and terrible marital threat.
Soon we may not be able even to sleep in peace.
This horrendous fact came out Wednesday at a sleep-learning demonstration.
You've probably heard about sleep-learning by now. Some psychologists think you can learn while you're asleep. With a tiny speaker on your pillow, the phonograph or tape recording machine can grind out lessons while you're snoozing.
It works too, the experts say.
We'll get around to the sleep-learning demonstration in a moment, after a word from Richard C. Darnell, who sells tape recorders which he hopes people will buy to use in their night homework.
"It's amazing what you can do with suggestions to a sleeping person," Darnell told reporters.
"A wife was eager to get her husband to help her with the cat salads. So every night while he was asleep she kept telling him how good cats were."
"Well, about three weeks later, her husband said he thought he'd try a salad. He's been eating them ever since."
"Now a wife that would do this for a salad obviously will soon have other pet projects to work on. And what one wife will do, others will do.
The idea will become commercialized, and wives will be buying phonograph records which will soothe their husbands at night, urging (A) better attendance at ballets and P-TA meetings, (B) a more generous attitude toward washing dishes and (C) more money for the missus.
The possibilities are terrifying.
As for the sleep-learning demonstration, it was held in a front window on busy Connecticut Ave. The sponsor: Educational services, which peddles learn-a-foreign-language phonograph records.
Mary Jane Hayes, a nice brunette item who also answers to the name of "Miss Washington," came in, went to the front window and climbed into bed.
Then while the phonograph muttered a word drill like "mister . . . monsieur" and "good day . . . bon jour," and while the crowd on the sidewalk wondered what goes on here, photographers took pictures of Miss Washington.
This went on for 30 minutes.

DEEP IN STUDY—As curious Washingtonians peer through a downtown store window, Mary Jane Hayes feigns sleep while demonstrating a "sleep learning" gadget. A nice brunette item who also answers to "Miss Washington," Mary Jane listened to some basic French lessons from phonograph to small speaker on her pillow while photographers exploded flash bulbs for 30 minutes and the crowd outside grew bigger and bigger. Miss Washington said she hadn't learned much French which seemed probable under conditions. Oh, yes, she wore a strapless nightgown! (AP Wire-photo).

Dellview Has Death Of Municipal Worries

DELLVIEW, N. C. (AP)—Dellview is as free from municipal problems as any town you'll find. There's no slums. The budget is balanced.
Dellview has a population of six. There are two houses. Mr. and Mrs. J. H. Dellinger and their daughter, Gladys, live in one house. In the other live Mr. and Mrs. A. T. Dellinger and their son, Robert. Mrs. J. H. Dellinger is mayor, and her sister-in-law is treasurer. A. T. Dellinger is chief of police.
The town this year will celebrate its 25th anniversary. The legislature in 1925 incorporated Dellview. The main reason for its incorporation was to give police powers to residents who wanted authority to deal with stray dogs which were molesting chickens. The Dellingers say that their town is the smallest incorporated municipality in the United States.

Whereupon the photographers said they had enough pictures. Miss W. said she hadn't learned any French, which seemed probable under the conditions, and a reporter said:
"Frankly, I'd rather spend my nights thinking about Miss Washington than about a French noun."
Everybody laughed, except me. Just wasn't in the laughing mood. I guess. I couldn't get my mind off salads.

Correct Observance of the ritualistic requirements of every religious faith.

Last Of Escaped Conyicts Captured

LOS ANGELES, March 10. (AP)—Police early today arrested two men who said they were the last of the seven convicts who tunneled out of the Huntsville jail last Dec. 26.

Police identified them as Cullen Monroe Merahon, 35, and Walter Charles Thorpe, 30.
Detectives arrested Thorpe in a bar shortly after the holdup of two nearby liquor stores. A few minutes later Merahon also was picked up in a bar.

Cortes' Mexico Had Large Population

BERKELEY, Calif., (AP)—Two University of California professors think Mexico had a big population in the time of Cortes. Their estimate is 11 million people. That compares with 13 or 14 million today. Most historians think it was under five million.

The two are Dr. Lesley Byrd Simpson and Dr. Sherburne F. Cook. They think the 1519 population of Mexico was about the same as modern Michigan, Indiana or Missouri — 60 to 70 people per square mile. They worked with several historical sources to get their figures.

Gets Lazy At 101

MELBOURNE, (AP)—William Heard, of East Brighton, Melbourne, marked his 101st birthday with the observation he may now give up gardening. "I'm thinking about it because I'm beginning to get old and lazy," he said to a reporter.

Israel Recognized

TEL AVIV, Israel, March 10. (AP)—Israel has gained full diplomatic recognition from Turkey, a predominantly Moslem country, it was officially announced last night. Turkey did not join the Arab Middle East nations warring against Israel in 1948.

14 PRISONERS DIE—A flash fire of unknown origin swept this barracks-type prison at Sandia Special Weapons Base, near Albuquerque, N. M., killing 14 trapped prisoners and critically injuring two others. Two guards and five other men were overcome by smoke. The prisoners, locked in three of four cellblocks, were members of the armed forces serving varying terms for various offenses. (AP Wirephoto).

\$275,537 ALREADY RAISED

Local Church Passes Building Fund Goal In Startling Rally

The First Methodist church Friday had underwritten a quarter million dollars in a remarkable rallying to a building program. In less than two weeks of solicitation, a total of \$275,537 had been raised and pledged—111 per cent of the original objective—and the campaign was not complete.

"This appeal," said Cecil McDonald, general chairman, will not end until every member has been given an opportunity to share in it. It was estimated that there were outstanding some 50 prospects who had not been reached because of illness, change of address, absence from town and other reasons. A final report meeting is scheduled Monday in hopes these will have been contacted.

News of the amazing victory—which had been based upon an active prayer covenant within the church—was broken Thursday evening at a meeting of workers. Of the total, the big gifts division, headed by H. G. Keaton, accounted for \$148,020 or more than 50 per cent of its quota. The special gifts unit, directed by K. H. McGibbon, raised \$72,532 or 126 per cent.

Other members, reached through workers headed by Mrs. W. D. McDonald, had raised \$54,885, or 122 per cent of the division's quota. The breakdown on this division showed that the A unit, headed by W. C. Carr, \$17,056 (112 per cent); C unit, headed by B. M. Keese, \$21,446 (143 per cent). The percentages are approximate.

In all, there were 182 persons involved in the campaign, and around 125 who went into the field as active solicitors for the building appeal. Now, with success assured, the building committee, headed by Lorin McDowell, is taking steps to expedite the work which will provide a new sanctuary, convert the existing building into an educational plant and join it to the new auditorium with more educational and utility space. The committee met Thursday evening to take initial action.

Heading the drive has been Cecil D. McDonald, general chairman, and Dr. G. H. Wood, building fund committee chairman. Actually, the effort consumed less than two weeks. A general loyalty dinner was held Feb. 23, and first solicitation started on Feb. 26. But back of that lay a season of prayer, starting in December, more than

300 (mostly representing family groups); signed prayer covenants, agreeing to pray daily for success of the building campaign. Numerically, most of the gifts were made on a three-year basis

City School Trustees Advertise Bond Bids

Bids for sale of a \$950,000 bond issue, to finance a new high school plant, have been advertised for March 23.

Members of the Big Spring Independent School district board of trustees Thursday evening set this date after making official canvass of returns. Time for opening bids was set at 7:30 p. m.

There were on hand five representatives from various bonding companies, most of them willing to have closed trades Thursday. The board, however, elected to advertise for bids so all concerns might have an opportunity.

Results were unchanged from the unofficial announcement. The board declared that 1,378 had voted for the bonds and 33 against in Tuesday balloting. Total vote had 1,434. Twenty-three ballots had been mutilated.

The board agreed to a special meeting Monday evening to consider details of building plans. With the exception of the gymnasium and exact location of the buildings on the site, plans and specifications are complete.

In other actions, the board called the annual trustee election for April 1. W. C. Blankenship was named as census trustee for the district. First tabulation of the census is due this weekend, said Supt. Blankenship. The superintendent also gave a report on the national conference of school administrators which met recently in Atlantic City, N. J.

Dates affecting holidays and the close of school were announced. A holiday will be observed March 17 in order that teachers may attend the West Texas Teachers association meeting in Midland, April 7 (Good Friday) will be observed as a holiday at Easter, but school will resume the morning of April 10. Baccalaureate will be held May 21 and the commencement on May 25.

To save more than \$900 in interest, the board voted to pay paving obligations in full as they be-

come due. Pat Murphy reported the cafeteria was breaking even since prices were increased to 35 cents (including drink and desert), about 10 per cent.

Carl Coleman, athlete director (including drink and dessert), was authorized to continue negotiations with the city, the YMCA and any individuals interested in helping or supporting a summer recreational program. Persons interested were asked to get in touch with Coleman.

\$100,000 Building Project Launched By Grain Firm Here

A \$100,000 construction project has been started here by the Tucker & McKinley Grain company.

The concern was issued a building permit Thursday for erecting 14 steel circular storage tanks at 1st and Lancaster streets. Foundation for the grain storage bins have been started and actual erection of the 48-foot high tanks is to begin next week.

Capacity of the 14 units will total 258,168 bushels, E. T. Tucker indicated. They are being constructed on T&P property at the north end of Lancaster street. Plans designate six of the storage tanks as 32 feet in diameter. Six others are 15 feet in diameter, while two have diameters of 21 feet. All are to be 48 feet high.

Wheeler and Self, Big Spring, are general contractors in charge of the work. The project will require about 90 days to complete. The Tucker & McKinley permit brought the month's building total to \$180,110. F. W. Bettle, city building inspector, said. Total for the year now stands at \$640,210.

Deadline on entries is 12 noon Monday, March 20. If you are a Howard county, and know a resident of the county who exemplifies to you the real Good Neighbor, please submit your letter in the contest. People everywhere will be interested in knowing the "best" Good Neighbors.

Horse Meat Sent From Chicago, Says Official

Investigation Is Pressed By Federal, State Authorities

BY THE ASSOCIATED PRESS Chicago was indicated today as a center for investigation of horse meat shipments to Texas.

G. F. Reed, State Health Department agent, said in Dallas that shipments of horse meat—labeled as beef tenderloin—originated in that city.

"The transportation company that handled the shipments to Dallas," said Reed, "brought it from Chicago. I don't know that the slaughtering took place in Chicago, but Chicago was the place the shipments originated."

Federal and local authorities also are pressing investigations.

It previously had been announced a Kansas City meat commission firm had arranged the shipments to Dallas through a Dallas food broker. On arrival in Dallas, the meat was turned over to a Dallas meat packing firm and later some of it was distributed to Houston and Fort Worth.

This week in Dallas, 5,600 pounds of horse meat, labeled as beef tenderloin, was seized. In Fort Worth 2,600 pounds were confiscated and in Houston, 1,911.

Agents checking into the horse meat affair established that Houston consumers had eaten more than 3,000 pounds of horse meat and in Fort Worth and Dallas, also, horse meat had been sold for public consumption.

The operator of the Kansas City commission firm said he bought the meat from a Chicago broker and was under the impression it was fine Canadian beef. The Dallas food broker and meat packer said they had paid beef tenderloin prices for the meat and had no inkling it was horse meat.

\$1 Billion Tax Hike Abandoned

WASHINGTON, March 10. (AP)—Democratically tax law writers today apparently abandoned any idea of \$1 billion net increase in taxes, as proposed by President Truman.

Instead, it looks as though they may approve a tax bill:

1. Slashing excise levies by about \$1 billion. Mr. Truman has proposed that such a cut be held to \$655 million.
2. Picking up about \$1 billion by increased collections in other directions. The President proposed that a \$655 million excise cut be offset—and that an additional \$1 billion be collected—through plugging of tax law loopholes and by new levies on big corporations, inheritances and large gifts.

The new tax bill is not expected to make any changes in individual income tax rates. Mr. Truman has given advance warning that he will veto any tax bill that cuts excises without picking up the lost revenue elsewhere. It appears now that House Democrats may try to cover the excise loss, and forget about picking up an extra \$1 billion.

Anderson Asks New Trading Corporation

HOUSTON, March 10. (AP)—U. S. Sen. Clinton P. Anderson told the Texas Cotton Assn. today "we had better think about setting up a new trading corporation to handle export sales on a barter basis."

The New Mexico senator said in his speech prepared for the association's annual convention, "let us remember that this vehicle would take us safely past the rocks and shoals of soft currencies, sterling areas, and dollar shortages."

Anderson said the new corporation would be set up to handle export sales on a barter basis.

Acheson Says U. S. Must Stop Russia

'Total Diplomacy' War Cry Sounded

WASHINGTON, March 10. (AP)—A new cold war battle cry—"total diplomacy"—was raised for Americans today by Secretary of State Acheson.

Its meaning: An all-out effort, short of shooting, to curb Russian expansion.

Declaring that the nation must do far more than it is now doing to halt Soviet plans for "world domination," Acheson said:

"We clearly are not focusing our resources in the winning of that struggle."

What's needed, he said, is a single-minded, "voluntary" campaign by all elements of the nation—Congress, the executive departments of the government, and the people. He mentioned particularly such institutions as business, agriculture, the press and the radio.

Acheson sketched his new outline of national support for United States foreign policy three weeks ago, in an informal White House talk before leaders in the advertising field.

Officials said the talk was kept secret, in the expectation Acheson might use the same ideas in a public address when this did not materialize a reconstructed version of his speech was made public last night.

In it, he declared that the United States must follow two closely related lines of foreign policy. The first, he said, is "to meet wherever possible all thrusts of the Soviet Union"—as has been done in Greece and Turkey.

The second policy line, he said, "must be to create those economic, political, social and psychological conditions that strengthen and create confidence in the democratic way of life."

In this connection, he cited the European recovery program and American aid in bringing independence to Indonesia.

"One of the things that we must do is to enable other countries to buy with their own products the raw materials that they need to feed and clothe and employ their own people. This means that we must buy their goods and their services to a greater extent than at present."

"It is a matter of judgment as to what the level of our trade with the rest of the world should be," Acheson said. "But probably it should be somewhere not very far from present levels."

"We must take that kind of action even though it requires adjustments here at home—and it will require some adjustments. Make no mistake about it."

Banner Dairies Cuts Price Of Milk Here

Price reductions on processed milk in Big Spring were announced today by Banner Dairies.

The reductions were as follows: regular and homogenized milk, one cent a quart and three cents a half-gallon; buttermilk, once cent a quart; chocolate milk, one cent a quart; double cream, one cent a half-pint and single cream seven and one-half cents a quart. The new prices apply to bottle milk.

Pointing out that milk producers in turn will be paid less, a company statement said "while we are happy that the consumer can enjoy a reduction in milk cost, we regret that this added burden has been added to our already hard pressed milk producers."

The statement said: "This price reduction has come at a most inopportune time for our local producers. Presently they are faced with a milk surplus which has reduced their income. Now Banner has been forced to meet competitively prices of interests in other sections of the state. This works a double hardship on the producer. First he is faced with a surplus of milk brought on partly by an influx of out-of-area milk, and now is faced with a forced reduction in prices."

Milk price reductions also were announced for this area Friday by the Borden company. That concern's Midland office posted the following price cuts:

- All milk, one cent a quart; buttermilk, one cent a quart; chocolate milk, one cent a quart; whipping cream, one cent a half-pint; cream, six cents a pint.

VICTORY HANDSHAKE—Dr. Hermann N. Sander (left) shakes the hand of his chief attorney, Louis E. ACQUITTED OF MURDER

Sander Comes Back To Loyal Patients

CANDIA, N. H., March 10. (AP)—Dr. Hermann N. Sander—quickly acquitted of a murder charge in the "mercy" death of a cancer patient, came home today to the people's welcome by him.

Dr. Sander and his wife returned to their big white colonial farmhouse this morning to settle down to the quiet family life they had enjoyed with their three daughters before the trial.

The Sander family posed for news photographers a real family picture in front of the red-brick fireplace in their hilltop home. And the photographers themselves got into the act as the doctor came out of the house hatless despite the intense cold to pose with them in a group picture taken on the steps.

Dr. Sander gave no interviews on the advice of Atty. Louis C. Wyman, son of the chief defense counsel at the trial.

A fairly busy spot was Dr. Sander's office on Elm St. Miss Helen Macleod, his secretary, said many patients delinquent in their bills had paid them since the trial started.

"Most of them felt that is the only way they could help," she said. "And of course some donated to the fund being raised for the doctor."

She said many patients had called, too, in an attempt to learn when the doctor would be back in his office.

The 41-year-old country doctor too ka "night off" after a Hillsboro county jury returned a verdict in little more than an hour late yesterday.

With his pretty, smiling wife on his arm, he pushed his way through a cheering crowd outside the county court in Manchester, 12 miles from here, shortly before 5 o'clock.

They stepped into an automobile and were whisked, into brief seclusion. But the word got around the Sanders will be home today.

Louis E. Wyman, 71-year-old defense counsel, after embracing Dr. Sander in a touching courtroom scene, declared that he felt "the evidence in the case justified the verdict." It was his first murder case in half a century of practice.
