France Faces A New Crisis In Cabinet

Two Ministers Resign As Premier Moves To Drop 49-Hour Week

PARIS, Aug. 22—(AP— Two of Premier Edouard Da-

Both new ministers belong to the same party as those who resigned, the small socialist union group, more conservative than but closely allied with the larger socialist party, chiefly re-sponsible for enactment of the 40-hour law in 1936.

Although the premier must face a determined assault from the ex-treme leftist parties when parlia-ment reconvenes in November his quick success in replacing Fressard and Ramadier seemed to remove any immediate danger of his fall. Presence in the cabinet of De Monzie and Pomaret, whose names Daladier submitted to President

Albert Lebrun—a move equivalent to confirmation-assured the pre mier of the same delicate ball of parties which has held his minstry firm since it was formed. There was no official explanaion of the resignations, but Ramadier's friends said he had reproached Daladier because the
