

Candidate's Radio Talk Followed By An Altercation

His Brother And Local Man In Melee; Heated District Attorney's Race May Contribute To Large Vote

Pre-election interest, centered largely around the race for district attorney, warmed considerably today as the result of an altercation which followed on the heels of a radio address here Thursday evening by Boyd Laughlin, Midland candidate for district attorney.

Radio Rallies Top Off Last Campaign Day

O'Daniel To Join In Broadcasting Festivities Tonight

Candidates for office in the second primary election forgot the weariness of a turbulent campaign today to jam their schedules to a back-breaking point, then promised more fireworks on the airways and at home town rallies tonight.

As usual the radio voice of W. Lee O'Daniel, democratic gubernatorial nominee, will figure strongly in the closing appeal to the voters. O'Daniel, who smashed precedent by endorsing six candidates for state office, will be heard at Marine Park, Fort Worth, tonight, giving a send-off to the men he picked.

O'Daniel and his hillbilly band will be heard from 8 to 8:15 o'clock (Texas Quality Network). Gerald C. Mann, candidate for attorney general, will speak at Dallas tonight but before coming to Dallas he had scheduled talks in Kaufman, Terrell and Rockwall.

His opponent, Walter Woodul, will close his campaign with a radio speech from Houston tonight. During the day he was at Centerville, Madisonville and Navasota for talks.

Pierce Brooks, candidate for lieutenant governor, complaining that the shoulder injury he received in a recent automobile accident was bothering him, canceled his speaking engagements yesterday except for a visit to Rockwall and a radio address at night. He made another radio speech this morning and goes on the air tonight for his final talk.

Truck Runs Out Of Control, Kills Trio

B'ERSFIELD, Calif., Aug. 26 (AP)—Thundering out of control down the Ridge Route grade at a mile-a-minute speed, a big trailer truck killed three men before overturning in a mass of flaming wreckage, state highway patrol officers reported early today.

Driver C. R. Dawson, of Alameda, and his helper, Leroy Woolter, rode the length of the death-dealing ride in the truck, but escaped virtually unhurt.

Two occupants of a light pick-up truck, H. E. Foster and James Marx, fell, of Fellows, were crushed to death when the runaway struck and demolished their machine.

As the runaway zig-zagged wildly downward, it ran over and killed W. A. Miller, of Bakersfield, who had parked his house trailer at the side of the road near Grapevine and was crossing to get a drink.

JAPAN, MEXICO GET U.S. EARNINGS

Plane Attack Draws Stiff Protest

Noncombatants Imperiled By Such Action, Hull's Note Says

WASHINGTON, Aug. 26 (AP)—The United States expressed to Japan today its "emphatic objection" to the attack of a Japanese war plane on a Chinese commercial airliner Wednesday with the reported loss of 14 lives.

Feeling Aroused On instructions from Secretary Hull American Ambassador Joseph C. Grew, Tokyo, presented the Japanese government with a note which declared:

"My government desires to express its emphatic objection to the jeopardizing in this way of the lives of American as well as other non-combatant occupants of unarmed civilian planes engaged in clearly recognized and established commercial services over a regularly scheduled air route."

The pilot of the plane was an American, Hugh L. Wood of Winfield, Kan., who was one of the three survivors.

The American note declared that "not only was the life of an American national directly imperiled but loss was also occasioned to American property interests as the Pan-American Airways has a very substantial interest in the China National Aviation corporation," (the company which owned the airliner).

A Japanese foreign office spokesman suggested today Chinese aviation companies should notify Japanese naval officials of intended passenger flights as a "possible" means of avoiding attack.

He defended Japanese pilots who forced down a Chinese transport near Canton Wednesday.

Walters Sympathizes With G-Men Who Lost Their Prey

DALLAS, Aug. 26 (AP)—"Too bad about them two G-men getting a rap for fumbling me and Floyd the other night—but you gotta take the bad breaks when they come.... look where I am."

The Fed Walters, desperado captured last Sunday, commented today on the reported resignations of Tom Neal and D. B. Davis, federal bureau of investigation agents who let Walters and Floyd Hamilton escape from a trap last week.

The officers had covered Walters with their guns when he walked into a darkened house where they had kept vigil for the fugitive pair. But Walters managed to talk his way out by claiming he was someone else. The G-men didn't recognize him. Hamilton later came to the house but fled when he saw the officers. He received a wound in the ankle but got away.

ALLRED TO DECIDE NEXT MONTH WHEN HE'LL TAKE BENCH

AUSTIN, Aug. 26 (AP)—Governor James V. Allred intends to decide "some time in September" when he will become a federal judge in the South Texas district.

The governor said today that no announcement regarding his plans would be forthcoming until after September 1. He stated he and his family would leave about September 1 for a week's rest "on the golf coast."

Several close friends of Allred believe he will change jobs next month. If he should do so, the lieutenant governor would serve as governor until inauguration of W. Lee O'Daniel January 17.

WAKEFIELD RETAINED ON LABOR BOARD

HYDE PARK, N. Y., Aug. 26 (AP)—President Roosevelt today reappointed Donald Wakefield Smith of Pennsylvania as a member of the National Labor Relations board.

Smith will serve a term of five years. His present term expires August 27.

President William Green of the American Federation of Labor recently discussed the expiration of Smith's term with the president, but said he had lodged no specific objections against Smith. Instead, Green said, he had suggested to the president that members of the NLRB generally should be "more judicially minded."

Coroner Also Says A 'Higher Up' In Philadelphia Prison Involved

PHILADELPHIA, Aug. 26 (AP)—A group of "tough" guards, whose duties Coroner Charles H. Hensch said included punishing unruly convicts, was blamed today for the Philadelphia county prison's deaths in the "kiondike"—a stuffy steam-heated isolation building.

Hines Linked With Schultz

Riding Academy Man Says Two Together At His Place

NEW YORK, Aug. 26 (AP)—Dusley Brothwell, owner of a Fairfield, Conn., riding academy, emerged from a rapid-fire cross-examination in the conspiracy trial of Tammany District Leader James J. Hines today still insisting he saw Hines accompany the notorious gang overlord, Dutch Schultz, on a visit to the stables in August, 1936.

"You saw Mr. Hines there?" asked Defense Counsel Lloyd Paul Stryker.

"Yep," the witness nodded, "I did."

Amid titters in the courtroom, Brothwell described Schultz as an enthusiastic horseman — "one of the best," he said — and "one of the mob leaders and his chief lieutenant," "Lulu" Rosenkrans, cantering peacefully through the cool Connecticut countryside.

"Dutchman," at the time, was a fugitive from justice, sought by the FBI.

WINS A REPRIEVE

HUNTSVILLE, Aug. 26 (AP)—Sam Cash had another reprieve from death in the electric chair today while the board of pardons and paroles renewed its investigation of circumstances surrounding the crime for which the negro was convicted.

Cash was scheduled to die in the electric chair early today but yesterday afternoon penitentiary Warden V. W. Wald was apprised of the fact a second 30-day stay had been granted by Gov. James V. Allred, who acted on recommendation of the board.

'We'll Take Those Kiwanians Like Grant Took Richmond' (Words To That Effect) Says Rotary Captain

Thursday's outburst by Dr. W. B. Hardy, president of the Kiwanis club, concerning the soft-ball clash between Rotary and Kiwanis clubs Monday at 8:15 p. m. in Baron Park, was regarded Friday by Bill Tate, captain of the Rotary forces, as "childish prattle."

"We know now," observed Tate, "what has been causing this recent wave of hot air."

"We are interested primarily in raising enough money to finance the high school football training camp, not embroiling ourselves in an argument with the youngsters."

Land Seizure Must Stop, Hull Says

Secretary Renews Demand For Settlement Of Old Claims

WASHINGTON, Aug. 26 (AP)—A sharp note from Secretary Hull served notice today that it must stop seizing American-owned farm lands without proper compensation.

Demands Settlement The state department head demanded for a second time that Mexico make prompt settlement of \$10,000,000 in claims for property already expropriated.

Persistence in a policy of "bald confiscation," he said, "will seriously jeopardize the interests of all peoples throughout the world."

Hull's note, made public last night, asked Mexico to agree either to inter-American arbitration or to make monthly payments in escrow while two representatives—one from each government—determine the value of the confiscated land.

Mexico rejected Hull's first arbitration proposal three weeks ago. Dispatches from Mexico City, said a source close to the government indicated possible acceptance of the alternative of a two-man commission.

Hull's note was characterized by officials here as one of the strongest this government has sent in recent years.

He told Mexico she could not expect the nation's law to be changed "solely in order to assist the country in question to extricate itself from difficulties for which it is itself entirely responsible."

"I do not hesitate to maintain that this is the first occasion in the history of the western hemisphere that such a theory has been seriously advanced," he said.

"If such a policy were to be generally followed, what citizen of one republic making his living in any of the other 20 republics of the western hemisphere could have any assurance from one day to the next that he and his family would not be evicted from their home and benefit of all means of livelihood?"

Hull, by bringing the other nations of the western hemisphere into his argument, was believed enlisting them in support of his position. American citizens have large investments throughout Latin America.

SHIP GOES DOWN

SEATTLE, Aug. 26 (AP)—Capt. Howard J. Payne of the Bullard-Ladlow ferry line reported the Alaska-bound steamship North Coast sank the Canadian steamer Coaster off Point No Point, in Puget Sound. The crew was saved.

The North Coast picked up Capt. A. Borkland and his crew of eight and returned them to Seattle then resumed her voyage. She had sailed at 9 o'clock last night for southeastern Alaska.

Work Relief Rolls At A New Peak

WASHINGTON, Aug. 26 (AP)—Federal work relief rolls, containing 3,038,908 names, are at a new peak.

Harry L. Hopkins, Works Progress administrator, reported last night that 3,038,908 persons were enrolled on work-relief projects August 20, compared with the previous record of 3,036,000 in February, 1936.

He added, however, that in relation to the nation's unemployment, this number was lower than that of two years ago. He did not estimate the number of unemployed.

"In relation to the volume of unemployment," Hopkins said, "the number on WPA is actually lower than it was in 1936 when the previous peak in WPA rolls occurred."

SALES CRUSADE GROUP LEADERS MEET MONDAY

Big Spring's Sales Crusade will begin taking definite shape Monday when chairmen of the various classification groups, chosen to direct organization work by the general steering committee Wednesday afternoon, meet to mobilize their respective forces and fix dates for group meetings.

Following that session, meetings of all classifications—there are more than 20—will be held at a fast rate during next week preparatory to a general informational rally to be called the following week.

The general committee, under chairmanship of Ben Cole, also made arrangements for distribution of large banners to decorate business establishments of all kinds. Bearing the Crusade motto, "Sales Means Jobs" and also the words "We Are Cooperating," these banners are expected to be displayed in profusion during the crusade. Special buttons also were ordered by the committee, and every employer and employee will be urged to display these.

Cole emphasized that through the group classifications will most of the Crusade organization work be done. He stressed the fact that the chairmen listed below to serve at least in an organizational capacity, so that every line of business will be represented in the mobilization of forces for the sales campaign. Here are the group chairmen:

- Dry goods, men's and women's wear—Max Jacobs. Food stores, retail and wholesale—Lawrence Robinson. Real estate, insurance and loans—Bill Tate. Barber and beauty shops—Virgil Smith. General building materials—Arthur Woodall. Theaters and amusements—J. K. Robb. Bottled beverages—Harry Staicup. Gas and oil sales, wholesale—Tom Ashley. Gas and oil sales, retail—V. H. Fiewellen. Auto tires, accessories, etc., wholesale and retail—Charley Creighton. Retail drugs, magazines and news-stands—Charles Frost. Household appliances, gas and electric—Carl Strom. Dairy and ice cream products—H. E. Howe. Auto sales and service, garages—V. A. Merrick. Furniture and houseware—D. D. Douglass. Restaurants—Grover Dunham. Florists and nurseries—Harvie Clay. Cleaners and dyers and laundries—Harvie Clay. Signs and outdoor advertising and newspapers—Joe Galbraith. Farm equipment, wholesale and retail—George Oldham. Transportation—R. H. Jones. Hotels and tourist camps—Cal Boykin. Boot and shoe shops—J. A. Myers. Variety stores—L. B. Dudley. General manufacturers—J. L. LeBlou. Churches—Dr. D. F. McConnell. Job printing and office supplies—T. E. Jordan. Jewelry, music stores and photographs—Omar Pitman. Oil well supplies—M. E. Cooley. Life insurance—W. W. Inkman. Bakeries—Albert Darby.

To finance the Crusade, the committee agreed that employers should be asked to contribute a sum not less than 25 cents per employee. It was felt that by this "assessing" the undertaking could be financed equitably and without a great burden on any firm or individual.

New Terror In PWA Project The Holy Land Is Approved

Rioting Follows Bombing In Which 20 Arabs Killed

JAFFA, Palestine, Aug. 26 (AP)—A deafening bomb explosion in a crowded vegetable market today killed at least 20 Arabs and wounded 74 others, ten of them dangerously, as dawn was breaking in this Biblical city.

The explosion was so terrific that the detonation could be heard clearly within a radius of ten miles.

Police raced to the scene and faced an angry Arab crowd seeking revenge.

It attacked Barclay's bank, the Anglo-Palestine bank, set fire to many shops and stoned, waylaid and shot Jewish pedestrians who were hurrying to the all-Jewish city of Tel Aviv for refuge.

Ten Jews were taken to hospitals after attacks.

The situation became so threatening the police were forced to fire on the angry crowds and finally restored a semblance of order with the aid of troops.

A strong detachment of soldiers hurried to Jaffa from outlying points and armored cars took positions on the main streets. Machine gun posts were set up on the border line between Jaffa and Tel Aviv.

Immediately after the explosion authorities imposed an indefinite curfew.

Late this afternoon, Jaffa still was seething with excited racial hatred, necessitating the closest guard by combined army and police forces.

The rioting and blast raised the Holy Land's casualties to 1,100— including almost 300 dead—since the outbreak of a blood-charged off the current chapter of bloody terrorism last July 5. This toll exceeds that of any comparable period in the long Palestine strife.

ELECTION RETURNS

The Herald and Radio Station, KRST, will merge facilities again Saturday night to bring prompt and complete reports on all contests in the second democratic primary, including results of state, district and county races.

Tabulations will be made at The Herald office, where KRST, by remote control, will broadcast the returns. First bulletins will be issued as soon as possible after the polls close at 7 p. m. You are invited to tune in, at 10:30, to get full election information.

PLEASE DO NOT CALL THE HERALD OR THE RADIO STATION FOR RETURNS. Telephone calls will keep open for election calls, all staff members will be busy compiling the vote.

The Herald's affiliation with the Texas Election Bureau means that this paper will have full and prompt accounts of all state races; special correspondents will assist in gathering returns on the district contests; and precinct judges in the county are contributing in reporting the local news.

KEEP YOUR RADIO TUNED AT 1560 AFTER 7 O'CLOCK SATURDAY EVENING FOR "HOT" ELECTION FLASHES! SEE YOUR SUNDAY HERALD FOR COMPLETE RETURNS ON ALL RACES.

EASEMENT OBTAINED FOR OIL MILL SPUR

With an easement for a railroad spur right-of-way in hand, the chamber of commerce Friday had discharged its last obligation in the campaign for a cotton oil mill here.

The easement was granted by the state board of control and permits the use of a portion of state hospital lands for a railroad spur and "T" in order that the mill may be sited at its site just north-west of town.

INJURIES FATAL BRENTHAM, Aug. 26 (AP)—James Gilliam, 35, died last night from injuries he received in a truck crash near Prairie View Wednesday. His death occurred a few hours after his twin brother, Ben Allen Gillespie, killed in the same accident, was buried. The truck driver was held for negligent homicide.

Give The Boys A Fine Send Off

It's going to be hard to get along without professional baseball during the winter, now that we've all gotten used to it. Let's all go out tonight and give the Barons, who have supplied plenty of thrills and conversation for local fans this summer, a grand send-off. Some of them will probably never see again for baseball is a peculiar game and a man of the trade is about as stationary as a kiddy fortune teller.

Next year the directors will be planning bigger and better things. These boys have pioneered and contributed a lot toward getting the game started. They've stuck with the town through thick and thin and sometimes the times were mighty thin. They've gained the respect of the townsmen and every one out there tonight will be wishing them luck in the future.

To Charles Barnabe, leader of the crew, do we especially want to pay our respects. He had proved to be capable and an ideal leader.

The WT-NM playoff, with Wink meeting Lubbock and Clovis opposing Midland, will probably get underway Tuesday night although no plans have been made toward a meeting yet.

Millon E. Price, president of the loop, intends to call the managers of the four teams to Lubbock to settle all rules and regulations. Price has been attempting to line up a post season series between the WT-NM champs and the titlists of the Arizona-Texas league.

Only difficulty is that the A-T league schedule does not end until the middle of September.

When Marvin Granly whiffed Frank Jacot in the final inning of the Lubbock-Big Spring game last night it marked the 20th consecutive inning that the Barons have gone scoreless. The string started in the seventh frame of the Midland-Baron encounter Tuesday and was continued by Jerry Blanchard Wednesday.

The battle also marked the third shutout in a row that has been pitched in Baron park. Johnny Soden having started the unusual run Tuesday when he blanked the Cardinals, 6-0.

Cordill To Camp

Ole Cordill, who has been employed here during the summer, has returned to Houston where the Rice Institute football team has begun fall practice. Ole appears "fit as a fiddle" but it will take a week or two to get him back in top shape. He's still expecting trouble from the SMU Mustangs and TCU Frogs this season.

Pat Murphy's boys at the local high school are hefty which is as much as you can say for them at the present time. The Irishman is quickening the training tempo but as he puts it, "they ain't seen nothing yet." The squad leaves Sunday morning for the 10-day training jaunt near Junction.

LUCE MEETS MOORE

SAN ANTONIO, Aug. 26 (AP)—Arthur (Buck) Luce of Austin, seeking his second Texas Junior golf championship, clashed with Joe Moore, Jr., of San Antonio in the final today.

Luce yesterday defeated Simon Alexander of Corpus Christi, 1 up, while Moore took out Iverson Martin of Fort Worth, 3 and 2.

Barons In Last Local Appearance Of Year Tonight

Gramly Shuts Out Locals, 3 To 0

Jacot Is Hard Luck Loser; Decker Gets 68th Steal

Professional baseball will sing its swan song for the year in Big Spring tonight at Baron Park when the Lubbock Hubbers and Charles Barnabe's Barons tangle in a feature beginning at 8:30 p. m. The local ball crew moves to Midland over the weekend for their last two games, closing out against the Cardinals in a single game Sunday afternoon.

Either Clarence, "The Long," Trantham or Pappy Payne will work in the box for the Big Springers this evening while Charley Bryan will probably do the chores for the Lubbockites.

Frankie Jacot lost a tough one to the Hubbers Thursday evening despite a grand performance. The locals were shut out for the second time in a row, 8-0, Marvin Granly taking care of the Baron gunmen.

Jacot gave up but four hits and may have made quite a duel of it had not Joe Saportis misjudged a ball in left field and Bobby Decker dropped an easy pop at second base. Granly, however, had the "Indian sign" over the local hitters and was never in trouble. He surrendered but four hits, three of them by Decker, and struck out a total of 15 men. Fifty per cent of those whiffs were accomplished with the batters letting the third one vanish without taking their bats from their respective shoulders.

Almost Home Run

Decker thought he had given the Big Springers a tally in the fifth when he singled mightily against the right field wall, loping down to second thinking the ball had dropped over the fence but Right Gardner Pete Fleming retrieved the rebounding rock and tossed to Geddis who in turn tossed to Watkins to catch Robb between the sacks.

The Cubs tallied in the first frame when Watkins singled, went to second on Decker's overthrow and came home on Geddis' triple. Jo-Jo came home a moment later when Taylor skied long to Harlow in right.

In the second Gramly reached the initial sack when Decker dropped the pop and immediately was brought home on Watkins' triple into right field.

Gramly struck out the last four men to face him to insure his blanking.

Decker swiped his 68th base of the year in the first frame after singling but an attempt at third base in the third frame was unsuccessful, Melito tossing to Taylor for the putout.

Magicians Stengel, Wilson NL Problems

Bees Back Up Pitching To Trim Reds Twice; Bucs Lose To Phils

By SID FEDER, Associated Press Sports Writer

When all the returns are in from this year's business, you're going to find that your old pal, Jimmy Wilson and Casey Stengel, have pulled the biggest rabbits out of the hat again.

Reading from left to right, you have Jimmy and his side-kick, Gerry Nugent, pulling their yearly fast one on the open trading market, and Casey riding herd on a bunch of Bees who may yet land in the first division, although they haven't any more kick than a bottle of sarsaparilla.

Wilson and Nugent have been the two smartest buyers and sellers of ivory for the past five years or so. Whatever they get rid of promptly falls apart in new surroundings. (Remember, Chuck Klein?) and whatever they buy up for next to nothing as promptly turns to gold.

In the latest example of their hoo-trading, Wilson came up a few weeks ago with Max Butcher, a big fellow out of Man (W. Va.), who had been fiddling around with the Dodgers and getting nowhere for some three years. The Phils sent chinky Lefty Lammeter to Brooklyn for him.

Max reported to Wilson that his previous manager had tried to change his pitching, tell him this and that until he didn't know who was which and was up, "Why, Max, if that's the case, you just go ahead and throw 'em the way you want to," Jimmy told him.

Butcher Comes Back

So Max did, and in less than two weeks he's gone the route four times, whipped the Giants neatly twice, lost a tough shutout to Boston, and yesterday he stopped the Pirates, 2-1, with seven hits in one end of a doubleheader, both sides of which the Phils took from the league-leaders.

In the other half, wild Bill Hallahan turned in with his first win of the year, a five-inning, for another 2-1 decision, Jersey sacking the Bucs first-place margin in the National League race to 4 1/2 games.

Getting along to Stengel, you recall that when he succeeded assistant Man will McKee as manager this season every one predicted he'd be lucky to wind up somewhere between sixth place and eighth. But Casey, whose clownish ways cover a multitude of neat baseball tricks, has those still strings Bees with a 3 1/2 game lead on fifth place right this minute, and, from the way they tore into Cincinnati's rude Reds in both ends of a twin bill yesterday, 6-1 (in 12 innings) and 2-1, it would appear they have serious designs on a money spot.

Cubs To Third

The Reds' double defeat, coupled with the Cubs' twin win over the Dodgers, 3-2 and 5-4, boosted the Cubs into a third-place tie with Cincinnati. The second-place Giants outdistanced the Cardinals for an 8-7 edge in 11 frames, to pick up a game-and-a-half on the Pirates.

Over in the American League, the Yankees rolled merrily along to a twin win over the Indians, making 16 hits good for 26 runs in 5-2 and 15-3. The Red Sox stayed 12 games back in second place by whipping the White Sox twice, Jack Wilson taking the opener, 1-0, and Joe Heving the nightcap, 2-5.

The Senators tightened their hold on fourth place with an 8-2 margin over Detroit, and the Athletics hung onto seventh place by splitting with the Browns, losing the opener 2-5, and taking the nightcap, 4-1.

SAYS ASSAULTS ON UMPIRES MUST STOP

DURHAM, N. C., Aug. 26 (AP)—President W. G. Braham of the National Association of Professional Baseball Leagues said today numerous umpire assaults which have occurred within the past month have brought suspensions and that there will be no let-up in his effort to stamp out such indignities.

Ninety days is the minimum for such assaults and Braham said he was determined to investigate fully every case and mete out the punishment when charges were sustained.

Among suspensions announced by Braham was one of 90 days against Manager Guy Sturdy of the Marshall club of the East Texas league. Sturdy was charged with assaulting Umpire Steve Dobos at a game Aug. 12, Braham said.

WEISS HAS ALL FARM TEAMS IN RUNNING

Newark Outfit Would Be Big Show Threat

By GAYLE TALBOT

NEW YORK, Aug. 26 (AP)—What the owners of 14 clubs in the American and International leagues should do is get together and form a defensive union and picket George Weiss, the overseer of Col. Jacob Ruppert's player plantations.

It is becoming commonly agreed that the 43-year-old Weiss, whose official title is vice president of the Newark club of the International league, is the slickest in the woodpile, the bouncer, who is responsible primarily for disrupting the baseball status quo.

The Yankees, who ultimately thrive on the player talent produced by "Farmer-in-the-Dell" Weiss, are a dozen games in front of the American league procession and are headed for their third straight world championship.

The Newark Bears, the finishing school in the Weiss system, are approximately the same distance ahead in the International league. Birmingham is expected to win in the Eastern league, and Kansas City is up in the fight in the American Association.

Joe Gordon Example

Weiss is responsible—Weiss and the bankroll supplied by his indulgent boss, Colonel Ruppert. There might be some doubt whether Manager Joe McCarthy of the Yankees is the greatest manager in the world, as his record would indicate, but there is no question that Weiss is doing the best job in the business of supplying replacements.

As proof, it is necessary to look no further than Joe Gordon, who stepped from Newark into the second base spot for the Yankees this season and has played the position better than had Tony Lazzeri for four or five previous campaigns.

There's no end in sight. The great Newark club that overwhelmed all opposition last year was torn apart. Even its manager, Oscar Vitt, got a bigger job with Cleveland. Yet Weiss calmly reached out here and there and put together another team, and many observers think the present Newark line-up could finish well up in either big league race.

Capps, Watkins Tie In 100-Yard Dash

Diving into the tape as he neared the finish line, Big Spring's Billy Capps managed to cross the finish line in a dead heat with Lubbock's Watty Watkins in a special 100-yard dash event preceding the Big Spring Lubbock baseball game at Baron park last night.

No more than a foot separated the four contestants at the finish line and Willard Rasmussen, Big Spring, and Al Carr, Lubbock, finished stride for stride for their position in a thrilling, grueling stretch run.

Capps gained the jump to be overlooked by Watkins at the halfway point. Time for the winners was 11 seconds flat.

The \$5 in prize money was split between the two winners.

Tate Has Troubles With His All-Stars

Some Have Taken Sick, Others Wish They Had Taken Sick; Lineup Given

Two days of practice are bringing troubles to Bill Tate's plans for the Rotarians-Kiwanis softball encounter Monday night at Baron Park. Manager William T. named his first lineup two days ago and appeared to be definitely set for the expected mild change of the Kiwanis but the two afternoons of drilling have played havoc to his first team and when they went into retirement temporarily to patch their bruises and wounds Bill has had to reshuffle.

This time such capable replacements as W. C. Blankenship, J. B. Collins, Ray Simmons and Clyde Tingle have been placed in the lineup but with the game still three nights away there is little telling who will go down with a fever or be called to a grandmother's funeral before that time. It seems that Bill set a killing training pace. Not that Bill enters into the rigid warmup drills himself. William T. is the brainy kind of baseball. In other words he thinks at times and prepares his maneuvers beforehand and saves his energy which may account for that pillow he carries around in front of him all the time.

His latest contribution has been surrendered with Blankenship and Collins as the battery, Harold Homan at first, Ray Simmons at right short, Earl Phillips at second, M. N. Thorp at left short, Byron Housewright at third, G. H. Wood in left field, Clyde Tingle in center field, and Ira Driver at right tackle—or rather right field.

Duets for the affair are selling for a half dollar and cheaper if you buy them by the hundred.

Thomas Wins To Increase Advantage

Turns Back Buffs; Dallas Steers Take Game From Santone

Max Thomas, Tulsa's ace left-hander, put a kink in Houston's ambitions of gaining a Shaughnessy playoff berth and became the first Texas League pitcher to win 21 games as he turned back the Buffs, 5-1, last night.

Houston had taken three straight from the Oilers and was going to Tulsa quite a scare when Thomas stepped into the breach and pitched a six-hitter that set the Buffs back on their heels. The ace left-hander dropped Houston four and a half games from the fourth-place Oilers.

Meanwhile the leading Beaumont Exporters were splitting a doubleheader with the Fort Worth Cats who ended their losing streak of nine straight games by taking the after-piece, 10-3, after the Shippers had won the opener, 4-2. Schoolboy Rowe, ex-big leaguer, got his tenth straight victory in the former.

Shreveport sandwiched eleven hits with Indian errors to beat Oklahoma City, 7-2. Joe Vittor of the Sports and Elias Monace of the Indians got chased for protesting decisions.

The Dallas Steers halted the San Antonio Missions, who had won eight straight, with a 10-2 pummeling with Bob Uble hurling stellar ball.

Damage Suit Filed In Crash Death

DALLAS, Aug. 26 (AP)—Suit for damages of \$250,000 for the death of A. F. Bowen, killed in a plane crash near Corpus Christi March 4 with two other men, is on file in 14th district court here.

The suit was brought yesterday by Bowen's widow, Mrs. Nina W. Bowen of Dallas against Booth-Henning, Inc., which rented a chartered plane, piloted by P. F. Hitchkins of Fort Worth, to Dudley S. Golding for a pleasure trip to Matagorda island where Bowen, Golding and William Irish, all three Dallas oilmen, had a clubhouse.

Bowen, Golding and Hitchkins were killed in the crash of the plane which struck a high-tension wire while making a forced landing on a highway.

DEVIL'S RETURN HOME BY EASY STAGES

ST. LOUIS, Aug. 26—The Big Spring, Tex., Devil softball team, which was eliminated in the national junior tournament in Columbus, Ohio, Wednesday evening by New Orleans, is returning home by easy stages, was not due to arrive in Big Spring until late Sunday evening or early Monday.

The team along with Manager Ben Daniel stopped in St. Louis Thursday.

Irving Berlin Tunes Featured In Special KBST Broadcast

An air preview to the motion picture, "Alexander's Ragtime Band," will be heard on KBST Saturday evening at 7 o'clock, further honoring the name of one of America's greatest composers, Irving Berlin. The picture, hailed as an outstanding musical, plays at the Ritz theatre here Saturday midnight, Sunday and Monday.

The KBST presentation, 45 minutes in length, will present some of the nation's greatest dance bands and singers, and will offer such memory-stirring melodies as "Alexander's Ragtime Band," "Remember," "This Is the Life," "Every Body Step," "All Alone," "Blue Skies," "Easter Parade," "Check One, Two, Three," and many others. Also offered will be two new Berlin tunes introduced in the picture, "Now I Can Be Told," and "My Walking Stick."

Music offered ranges from sentimental ballads to swing tunes, a number of them compositions of Berlin. The program promises to be a "stand-out" on the KBST log.

Taro Defeats Dallasite At Cleveland

To Meet WPA Employe Today; 2 Portland Players Win

CLEVELAND, Aug. 26 (AP)—The far West Coast had a "triple threat" bid in today for the National Public Links championship. Three West Coast players were in the semi-finals test of 36 holes. They were Bart Taro, 16-year-old newsboy from Seattle, and two entries from Portland, Ore., Eddie Beck and Louis G. Cyr. The fourth contestant still in the running was Al Leach, Cleveland WPA time-keeper. Taro, who yesterday eliminated Lloyd Nordstrom of Davenport, Ia., and Dennis Lavender of Dallas, Texas, was paired with Leach,

whose third round and quarter-finals victims were Andrew Gessner of Pittsburgh and Tommy Holt of Shreveport, La.

Portland was assured of sending one of its representatives after the title won by Bruce McCormick of Los Angeles in 1937. Cyr, a railroad worker, who was the 64th qualifier and won a match play berth in a playoff, was paired with Beck, 25-year-old hardware salesman.

GOVERNOR EARLE IN BROWNSVILLE

BROWNSVILLE, Aug. 26 (AP)—Gov. George H. Earle of Pennsylvania today awaited the arrival of his wife before continuing his trip home after a vacation in Mexico. He arrived here in his state-owned plane yesterday after a rough flight from Vera Cruz. Mrs. Earle, now in Guatemala City, will come by commercial plane but hurricane conditions will probably delay her arrival, the governor said. He left Mrs. Earle in the Central American city when it appeared he would have to fly through weather influenced by the Caribbean disturbance, he explained.

MEXICAN TIGERS OPPOSE SAN ANGELO TEAM HERE SUNDAY

Julian Vega will send his Mexican Tigers out against the San Angelo Panthers Sunday afternoon at Baron park in what may be the last game of the season for the local nine. Sleepy Martinez is expected to toe the slab for the Tiger outfit. The Big Spring team has defeated the Angelenos in their only other meeting of the season. The game gets underway at 3:30 p. m.

Patty Strong Favorite In Semifinals

CHICAGO, Aug. 26 (AP)—Patty Berg, Minneapolis youngster who took up golf at 14 to show up her older brother, is making a one-gallop show of 1938 tournaments for female shooters. Victorious in eight out of 11 tournaments this year, Miss Berg, at the age of 26, today was within reach of the Women's Western championship, which she regards, at the moment, the important triumph of her life. Still, there's the Women's National championship to be decided here next month and the Minneapolis miss is casting longing eyes at that title, too. The freckled-face red head, with a sensational sub-par game behind her, engages Shirley Ann Johnson, Chicago, in the 18-hole semi-finals today, with Mrs. Burt Well, Cincinnati, opposing Edith Estabrook, Dubuque, La., in the other match. The winners meet in a 36-hole championship final tomorrow, playing 18 holes both morning and afternoon.

Anglers Keep Eye On Weather
Approach of a tropical hurricane into Gulf of Mexico waters put very much of a question mark on prospects for fishing along the Texas coast Friday. While there was no indication definitely where the disturbance would strike, or whether it would move eastward, most anglers kept their eyes on the weather and were awaiting developments. The report by areas: Fort Arthur—Weekend predictions doubtful in face of Gulf disturbance, although other indications fair. Plenty of kings and bluefish striking plugs and spoons at Sabine Light. Mackerel hitting off East Jetty, trout in lake. Galveston—Water in excellent condition and fish being caught in all spots. Port Isabel-Boca Chica—Weather and water conditions still good Thursday. Two sailfish and four tarpon and numerous kings, pompanos, kings and dolphins reported. Corpus Christi-Port Aransas—Tarpon, mackerel and trout caught in larger numbers past week than at any time this season at Port Aransas and many drum and reds taken from Corpus Christi bay.

Aussies Play In S'finals

Quist And Bromwich Should Advance Into Final Round

BROOKLINE, Mass., Aug. 26 (AP)—After traveling together halfway around the world, two sets of Australian doubles players, Adrian Quist and Jack Bromwich and Hopman and Leonard Schwartz, today found themselves paired for a semi-finals battle in the National tournament at Longwood. The failures of six foreign teams to survive in the upper half of the draw resulted in its second-half contest being an all-American clash between two former championship teams, Don Budge and Gene Mako, the Davis cup ace, and Wilmer Allison and Johnny Van Ryn, the Austin, Texas, veterans. Last week at Newport, Budge and Mako defeated the Texans in straight sets and they were expected to repeat that triumph here. Alice Marble and Mrs. Sarah Palfrey Fabyan, defending champions in the women's division, became finalists yesterday and today two foreign teams, Nancy Wynne and Jodwiga Jedzejowska of Poland, were slated to contest for the other title bracket. Miss Wynne and Quist, top-seeded foreign entry in the mixed doubles, were a bracket ahead of their field, in the semi-final round. Miss Wynne and Bromwich were favored to gain the other bracket in their half at the expense of Mrs. Van Ryn and Allison. In the other mixed quarter-finals, Miss Marble and Budge were paired against Virginia Wolfenden of Los Angeles and Frank Kovacs of Oakland, Calif., and Dorothy Workman of Los Angeles, and Sydney Wood of New York, against Mr. and Mrs. Harry Hopman of Australia.

Report A Pickup In Retail Buying

NEW YORK, Aug. 26 (AP)—Retail buying, aided by better shipping conditions, picked up this week, and for the country as a whole sales were only two to nine per cent under a year ago, Dun & Bradstreet reported today. Last week volume was eight to 15 per cent under the comparative 1937 week. Wholesale trade also stepped ahead, with volume running only eight to 15 per cent under last year, contrasted with a lag of 10 to 22 per cent behind 1937 in the preceding week. "Profiting from the slow buying of the two previous weeks, trade managed to chalk up imposing sales totals in several important lines," the credit agency said. "Improved weather conditions made retailers more active in advertising fall merchandise and stimulated buyers' interest in coat and other apparel items."

Miriam Club Names Officers At Meeting In McDaniel's Home

Officers for the Miriam club were elected at the meeting Thursday afternoon in the home of Mrs. C. H. McDaniel. Mrs. Dorothy Pike will serve as president, Mrs. Maggie Richardson, vice president; Mrs. Cozie Rawling, secretary-treasurer; and Mrs. Maxine Cook, reporter. At the conclusion of the business discussion the members joined in sewing and visiting. Mrs. J. H. Tompkins and Miss Jocile Tompkins, guests, assisted the hostess in serving refreshments to the 11 members present. The club will meet on September 8 with Mrs. McCary.

WOULD PROHIBIT FUND SOLICITING FROM RELIEFERS

WASHINGTON, Aug. 26 (AP)—Chairman Sheppard (D-Tex) of the senate campaign expenditures committee advocated today a law forbidding any person from soliciting money from WPA workers for political purposes. Clarification of present statutes, he said, is needed to cover such instances as the disclosure that the Workers Alliance, an organization of relief workers, wanted to raise a \$50,000 political campaign fund. Sheppard explained that there was no federal prohibition against the collection of money from WPA clients by the Alliance. He insisted, however, that it would be "conniving at violation of the law" if it used the money to benefit any candidate for the senate or house. Dr. and Mrs. Will C. House are vacationing in Pine Bluff, Ark.

Land Of Varied Peoples, Russia Is Also A Country Of Vast Resources; Communism Brings New Views

By HOUSTON HARTÉ LENINGRAD, U.S.S.R. (By Mail)

Russia is the biggest and richest nation in the world. The British Empire, if you count its dominions, has more people, and a slightly larger territory. But Russia occupies one seventh of the earth's landed area, has 168 million people, is between three and four times as big as the United States and extends from the Arctic circle to the tropics. Although it is known as the great Slav nation, it is in reality many nations. Stalin, for instance, is an Oriental—part Tartar, part Mongolian, part Caucasian, swarthy, black haired and with the ebony black eyes of the Georgians. There are 138 different languages spoken in Russia and many of them are not kindred tongues, but so distinctive that they do not have the same alphabet.

Land Of Varied Peoples

There are 150-odd separate nationalities in the U.S.S.R. There are scores of different religions that follow the whole gamut of creeds from Buddha to the Greek Catholic. In one of the museums is a painting of a "Holy Roller Meeting" which appears to show that years ago this sect was known to the northern part of Russia.

Russia has one fourth of the standing forests of the world. It has 500 million acres of land subject to cultivation and upon which bountiful crops can be raised. It is first in iron reserves and its oil deposits are untold. It is the principal world source of manganese and lead and coal. It can raise cotton and wheat, oranges and grapefruit. Its shores are washed by the Atlantic and the Pacific oceans, by the Arctic and the Caspian seas—it has a system of canals and locks that bring the waters of the Volga and the Moscow river together in the new industrial district of Moscow and opens up river transportation back and forth across the fruitful part of Russia that had never been dreamed of a few years ago.

all faith in God and all fear of God. The very idea or concept of God has no place in his consciousness.

Russia boasts of the fact the nation is free from prostitution. In the English books which you can get very cheap or for the asking in the Intourist offices, one of the great moral virtues lauded by the new regime is the fact that it has cured prostitution in Russia. But like everything else there are two sides even to this. One of these books contains the following paragraphs: Along the banks of any river on any bright day in summer one can see thousands of men and women basking in the sun with no clothes at all or in scanty bathing suits—which incidentally are always required in the official bathing pavilions. In like manner if a girl student should give birth to a child as a result of a casual relationship, whether with a fellow student or some one on the outside, her standing is not impaired. Neither students nor faculty will reprimand her. In their estimation she has committed no moral wrong. Besides, they will regard it as her personal affair. . . . Thus the new man in Russia has lost all fear of sex. He is taught to preserve an attitude of earnestness toward the function of sex. But he cherishes none of the taboos and fetishes which in the western world so often make a sex problem and a torment. If he is disturbed by a sex problem the cause invariably is physiological and not social or emotional.

The bolsheviks say that later on the family will exist again in Russia, but that now the people have so much to do that they cannot take time off from their work to create it. The revolutionary-minded Russian regards the family not as a sanctuary or an idea, but as a geographic and social convenience. The new man in Russia has lost all fear of paternal authority, of family opinion, of family position and of other fears with which in the old days the institution of the family was surrounded. He accepts the biological and emotional functions of the family as natural and indispensable to human happiness.

He welcomes love. He welcomes children. But he is conscious of none of the compulsions and fears of the old family life. (The Great Offender).

The bolsheviks have many a boast about the accomplishments of the revolution—and they have accomplished many things—so good as far as the physical welfare of the country is concerned that had by a very considerable. But as to the mental accomplishments, the bolsheviks make this doubtful claim for virtue:

For good or for evil through the revolution the new man has lost faith in God and all fear of God. He has lost all fear of sex. He has lost all fear of money. He has lost his old fears of the family. He has lost the old fears of insecurity. And, one might add—he possesses one fear, which none of us in the U.S.A. need to worry about, and which the New Russian and the New German and the New Roman all have on their minds much of the time; and that is that when we hear a knock at the door the war we can expect is a bill collector. In the dictatorship countries the insecurity of the present makes everything insecure—both present and future.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. Most people pass about 2 pints a day or about 3 pounds of waste. Frequent or empty passages with stinging and burning shows there may be something wrong with your kidneys or bladder. If 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. This waste matter starts nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up night, swelling, puffiness under the eye, headache and dizziness. Don't wait. Ask your druggist for Deane's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Deane's Pills. A-37.

THE 'ELEMENTARY' THINGS IN CRIME

Sherlock Holmes was an ingenious fellow and if he had "lived" during the automobile age he doubtless would have perceived quickly the need for a file of automobile tire-tread prints.

The present file of tire-tread prints in the FBI totals 2,779 and includes every model made in the United States and Canada and the products of tire rebuilders.

Man About Manhattan

NEW ORLEANS—This is ghost night in New Orleans. All the old shades are here. If you listen carefully you can hear their footsteps echo in the pátios.

Who are they? That half-starved beggar over there in Lafcadio Hearn. What a strange capacity for ecstasy his imagination has.

And yonder is Pope Lullia, with his sword and his thin, sensitive face. He is a grande and a duelist. He has been in more than 30 affairs of honor.

Now comes Oscar Wilde, with his flowing hair and trailing mustache. He is a confidence man. He has a shade too witty, he, and some say New Orleans for awhile.

THE LESSER OF TWO EVILS

PARIS, Aug. 26—What with the German-Czech problem in front of them and the Italo-Spanish problem in their rear, the French can ill afford a serious domestic quarrel about the bonus which should be paid for working more than 40 hours a week.

The risk he chose to run was that of losing the support of the socialists and thus precipitating another cabinet crisis now or in November, when the chamber of deputies meets again.

On the other hand, M. Daladier must have felt that if he did not act now, he would in a short time be confronted not only with a cabinet crisis but with a financial, monetary and social crisis as well.

Another devaluation, particularly if it came after a demonstration that the government was unable to take measures to avoid it, would be very dangerous politically.

So far as an outside observer has any right to judge a matter of this sort, it seems to me that M. Daladier is justified in thinking that the French working class is far more deeply concerned with the external danger than with the rigid application of the 40-hour law.

The greatest risk of all is that the Nazis, failing to understand how democracies work, will think the French are more deeply divided than they really are.

Jenny Lind, the Swedish nightingale; Louis Duclot, refugee printer from Santo Domingo, who established the first newspaper in New Orleans and who became the first of those editors who were "equally at home with pen, sword, and pistol"; the Baroness Pomfalva, founder of the first apartment houses in America.

As a matter of fact, the army is the most popular institution in France, and what nonresistant pacifism there is, and there is not much, is to be found today among the conservatives.

It is one of the imponderable factors that statesmen have to take into account.

Chapter 15 THE BIG SWINDLE He held her as he would a child, patting her shoulder with a clumsy tenderness.

Hugo shrugged, his face a dusky red; but before he could answer, Ada provided a diversion. She had been standing staring from one to another of us, her eyes round and started; but now she caught her brother's arm.

"Hugo," she said, in an all too audible whisper, "who is this girl? She's like—"

"See here now, Ottilie," Dunning was saying. "Look things in the face, like a good girl, and show your grit. You're not helping Miss Ottilie Willis. She has come here to have tea with us, but she has just received some rather disturbing news, and I think she would like to cry herself sick."

"If you haven't drunk it in one minute," said Hugo, "I'll force it down your throat."

A sudden flash of anger sparkled through the tears, but she drank it at a gulp.

Hugo sighed and dropped into the nearest chair like a man suddenly tired. "If you feel able," he suggested, "we might begin our discussion."

The girl disengaged herself and crossed to an old, gilt-framed mirror, exclaiming at sight of her tear-stained face. Whether as a result of the brandy or her sudden flare of anger, she was completely restored to self-control, and she even achieved a wry sideways smile at me as she passed.

"Sure, sure," he soothed her. "But how much do you wish we should tell them?"

"I suddenly realized with dismay that the weapon we had proposed to use for bargaining was at that moment lying, presumably, in the big man's pocket; and that, as he had unquestionably read it, its market value was now precisely nil.

The camera booths are gone. A single camera is used on the majority of sets. Its gradually decreasing "grind" was encased in "blimp" coverings, bulky at first but through the years receding into the compact trimness of a mere camera case.

In the early days "sound effects" were put into a scene on the set, using various mechanical devices to stimulate different sounds.

TEN YEARS OF TALKIES

LAST IN A SERIES By ROBBIN COONS

HOLLYWOOD—Science has brought the mountain to the movie Mohamets.

Ten years ago, a film actor, sweating through his first talkie, had to sneak up to the microphone and deposit his voice. Today, the "mike" chases him all over the set and grabs his lines from almost any angle.

The "mike" itself has undergone changes in size and shape. The first cumbersome instruments, in which the slightest swish sounded like a landslide, have been replaced. Some of the new microphones are no larger than a telephone receiver.

The camera booths are gone. A single camera is used on the majority of sets. Its gradually decreasing "grind" was encased in "blimp" coverings, bulky at first but through the years receding into the compact trimness of a mere camera case.

FLASHES OF LIFE

By the Associated Press

PONTIAC, Mich.—Add unusual accidents: Anne Auernik, 21, was kicked by a wooden horse.

The horse was on a merry-go-round and Miss Auernik stood too close to it while it was whirling.

ST. LOUIS—Police answered a disturbance call to a fashionable West Side residence and found two boys, both under 12 years, strutting on the sidewalk.

The youngsters' football had plunked into a flower bed and "Blonde's" mother had refused to return it.

PORTLAND, Ore.—Cowboys heretofore have gone mechanical. Tired of prodding cattle up chutes into railroad cars, they invented an electric pole powered by tiny batteries.

Now they sit at ease on coral fences while the "hot" sticks do the heavy work.

Political Fireworks SALT LAKE CITY—It was a quiet political rally until a staunch republican found a fiery-voiced invitation to a communist meeting in his song folder.

He hotly demanded an explanation. Other delegates joined in the clamor.

Texas Mrs. Clarence B. Openshaw, county republican chairman, calmly explained she had brought the invitation to refer to in an address, misplaced it.

Elliott's Column... Each Friday

Daniel Burnham, the city planner, said, "Make no little plans. They have no power to stir men's imagination."

All constructive achievements first existed in some one's mind as an idea or plan.

To have the right plan is essential to success. Big plans, big achievement—little plans, little achievement. No one ever achieved a bigger thing than he envisioned, and one who plans little things often fails of them because they are not worth working for.

Even though big plans fall short of full achievement, the final result is greater, because they call forth the best in us.

Sharp Battle In China Area Japs In Determined Thrust To Reach Air Base SHANGHAI, Aug. 26 (AP)—Intense fighting raged on the west shore of Poyang lake today with both Chinese and Japanese suffering heavy losses but nevertheless continuing to throw contingent after contingent of reinforcements into battle. Against the furious Chinese opposition, the Japanese were reported to be combining infantry, air and naval forces in a determined thrust to break through to Nanchang, Chinese air base. Immediate objective in the Japanese drive toward Nanchang, 100 miles away. Chinese reports said large Japanese landing parties met virtual "annihilation" at the hands of the entrenched Chinese fighters who estimated the invaders lost 500 men at each of several sectors. Heavy losses were admitted by the Chinese. INSURGENTS ATTACK HENDAYE, France (At the Spanish Frontier) Aug. 26 (AP)—Government dispatches reported today that insurgent troops were attacking in force north and south of Gandesa in an effort to bite out the heart of the Ebro river front in eastern Spain. The bulletins acknowledged that the government lines were giving slightly near Corbera, where the insurgents were directing their main attack north of Gandesa. Corbera lies on the highway between Gandesa and Mora de Ebro near the Scot, where government lines were established a month ago in a sudden offensive across the Ebro.

Dr. Mayfield Of Tyler Succumbs TYLER, Aug. 26 (AP)—Dr. Horace M. Mayfield, 31, son of former U. S. Senator Earle B. Mayfield, died last night 15 minutes after he was stung by an insect. A Dallas pathologist was making a test to determine the specific cause of his death. The kind of insect which inflicted the fatal bite was not identified. Mayfield was a twin brother of Earle Mayfield, Jr., national committeeman for the Young Democrats. He was prominent in social and medical circles.

Thieves Won't Scare MOUNTAIN VIEW, Calif. (UP) Charles Shannon rigged up a dummy camp in his cherry orchard, thinking it would work like a scarecrow, and keep away thieves who had been stripping his trees. Instead, the thieves stole the tent, too.

PERSONIFICATION OF MELODY Three of the brightest young stars of Hollywood add their own charm to one of the most brilliant musical productions ever to come from the film capital—Alexander's Ragtime Band which is at the Elks Saturday midnight, Sunday and Monday. The story is that of the rise to fame of a bandmaster and the girl singer in his orchestra. It is told in moving fashion by means of the popular songs of Irving Berlin, a full 28 of them, dating from 1911 to the present, and including all the great tunes and ballads of each period. These three—Tyrene Power, Alice Faye and Don Ameche—become the personification of Berlin melodies.

CHRISTIAN SCIENCE SERVICES Room 1, Settles Hotel "Christ Jesus" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientists, on Sunday, August 28. The Golden Text is: "Thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting" (Micah 5:2). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "These twelve Jesus sent forth, and commanded them, saying, . . . Behold, I send you forth as sheep in the midst of wolves: he you therefore wise as serpents, and harmless as doves" (Matthew 10:16). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is possible,—yes, it is the duty and privilege of every child, man, and woman,—to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness" (page 87).

Government To Buy Wheat Grain To Go For Relief And Into Export Channels WASHINGTON, Aug. 26 (AP)—The agriculture department announced today it will purchase American wheat this week and Monday for export and domestic relief purposes. Officials said it was undetermined yet how much of the bread grain the government intended to buy. The department asked grain dealers in telegraphic messages today to submit offers. The purchases will be the first step in a program designed to place 100,000,000 bushels of the surplus grain into foreign markets through a subsidy. Officials said details of the subsidy program would be announced later. They would not say whether the government would attempt to find foreign markets itself, or act through regular exporting channels.

Rallies (Continued From Page 1) was undecided over where he would make a radio speech tonight but his headquarters said he probably would go to San Antonio for his last day of campaigning. Bascom Giles, seeking the land commissioner's office, will be heard in a radio speech at Dallas tonight and Land Commissioner William H. McDonald will be in San Antonio for his last day of campaigning and will speak over the radio tonight. James A. Stephens, candidate for judge of the court of criminal appeals, left for his home at Benjamin yesterday after spending several days in the Dallas area. He was campaigning along the way to Benjamin today. His opponent, Judge Harry N. Graves, predicted "a successful outcome Saturday" in a speech at Houston. C. V. Terrell, candidate for reelection as railroad commissioner, will speak from the same platform as O'Daniel at Fort Worth tonight. Terrell's opponent, Jerry Sadler, was at Longview last night.

VOTE FOR CARL MERCER FOR CONSTABLE In making this my last appeal for the vote and support of the voters of Howard county in my race for Constable, I wish to emphasize the fact that I am making the race on my own past record. I have been a resident of West Texas all my life, and a citizen of Big Spring the past five years, and have at all times endeavored to make a good citizen as I have planned to make this my permanent home. I am married and have a daughter aged 9 years; have my life before me and am ambitious to work to a higher position if the good people will elect me to the office of Constable as a stepping stone to advancement. My experience as a law enforcement officer here well qualifies me to perform all the duties of constable in an efficient and satisfactory manner. I deeply appreciate the goodwill and support of the voters for putting me in the lead in the first primary and urge their loyal support on next Saturday. Be sure to vote.
