

Floods, Plague Follow War Devastation In The Far East

Japs, Chinese Work To Halt High Waters

Thousands In India Die As Cholera Epidemic Grows

Nature, as though in imitation of man-made destruction and death in Spain and China, today was putting 500,000 Chinese peasants to flight with map - changing flood and spreading a cholera plague in India.

Half-naked Japanese engineers, confronted by a new foe, struggled desperately alongside Chinese coolies, trying to mend broken dykes, but the river was cutting a new channel.

Japanese staff officers held little hope the flood could be bridled until next fall or winter brought a lowering of the water.

This is the worst thing that ever happened to China—the combination of war and flood, said John Earl Baker, head of International Red Cross relief work at Shanghai.

The flood brushed aside the Japanese drive on Chengchow and shifted virtually all military pressure to the Yangtze valley.

A Japanese column attacked a town 85 miles northeast of Kiangling, expecting to flank that river port where the Chinese have formidable brooms protecting Hankow from approach by gunboat and transport.

Combat Cholera The government of the United Provinces, a British subdivision of India, ordered 11,000,000 doses of anti-cholera vaccine today and at the same time reported 14,500 persons had died in a seven-week epidemic affecting 44 of the province's 48 districts.

The epidemic was reported to be spreading over a vast area of Northwestern India, reaching into Afghanistan, beyond the northwest frontier, and into India's central provinces.

Sanitation and ignorance which causes orthodox Hindus to throw their dead into the Ganges river and also to bathe in its waters gave contagious impetus to the cholera scourge. Nearly 50,000,000 people live in the United Provinces.

The war in Spain, which will be two years old in another month, was marked by stiffened government resistance along the Mijares river, about 35 miles north of Valencia, and a slowing up of the insurgent win-the-war push toward that seaport.

Sales Well Under Last Year's Level NEW YORK, June 17 (AP)—Retail sales at leading centers of distribution this week averaged 1 to 3 per cent above last week for the country as a whole, but fell 13 to 22 per cent under the like week of 1937.

Wholesale buying failed to improve, and ran 10 to 20 per cent under a year ago.

What Is Your News I. Q.?

Each question counts 50; each part of a two-part question, 10. A score of 60 is fair; 80, good. Answers on editorial page.

1. Eamon de Valera (above) is (a) president of Ireland; (b) prime minister of Ireland; (c) boss of the majority party in the Irish parliament?

2. Why did the National Labor Board want to withdraw its cases against certain employers charged with anti-union activity?

3. Despite U. S. refusal to sell helium to her, Germany says she is going ahead with work on a seppelin to replace the burned Hindenburg. True or false?

I KNEW HE WAS DEAD

Franklin Pierce McCall is shown on the witness stand in Miami, Fla., where he told how he kidnaped James Bailey Cash, Jr., placed a handkerchief over his face and carried him to the McCall home, where he was unable to rouse the boy. "I knew he was dead," said McCall, who was given death for the kidnaping. H. F. Atkinson is the judge on the bench.

Red Cross Leads In Storm Rehabilitation

Field Representative To Be Here For Two Weeks

Rehabilitation in the storm stricken areas of Howard county was underway Friday under the direction of the American Red Cross.

Anne McMahan, field representative of the national Red Cross, was supervising the task of assisting victims of the wind squalls of Saturday evening to replace property and personal effects damaged and destroyed by the wind and flood waters.

In a meeting Thursday at 4 p. m. on the Settles mezzanine, Miss McMahan told directors and members of the local Red Cross chapter, that the national organization would provide for food, shelter, clothing, household furniture, medical supplies and hospitalization of victims who needed aid of the organization in rehabilitation.

Among the first cases to be dealt with by the Red Cross was that of the R. M. Wheeler family, north of Moore school. All members of the family, including a brother, D. J. Wheeler, were injured and a daughter, Roberta, 13, was critically hurt when wind demolished their home.

Red Cross will replace the property, household effects and is caring for hospitalization. Furniture of T. C. Patterson, hit by the same wind, was being furnished by Red Cross. Several families in the West Side area of Big Spring applied for aid in securing mattresses and similar materials ruined when high water coursed through their homes.

One family was moved to a tourist camp and food was being supplied. Several people in the Brown area were to be helped. Miss McMahan, who comes here from the temporary branch office

Motion Pictures Shown To Doctors Physicians of the Six County Medical Society held their regular monthly meeting here Thursday evening, viewing motion pictures shown by Dr. J. T. Kreuger of Lubbock.

The pictures projected by Dr. Kreuger were on surgical technique. Dr. Hutchinson of Lubbock gave an informal talk.

Attending were Dr. Tompkins, Dr. Waldo Leggett and Dr. Whitehouse of Midland, Dr. Frank Boyle, Dr. F. W. Malone, Dr. R. B. G. Cowper, Dr. Preston R. Sanders and Dr. J. E. Hogan of Big Spring. Dr. Cowper, head of the society, said the next meeting would be in Midland July 21.

ROOSEVELTS MOVE TO WEDDING SCENE NAHANT, Mass., June 17 (AP)—The entire Roosevelt family, headed by the president and first lady, took up temporary residence in or not far from Nahant to attend tomorrow's wedding of the family's youngest son, John, and in so doing gave this old town something of the air of a national capital.

The chief executive rested aboard the government yacht Potomac, not far from Nahant, after concluding an all-night trip from Washington by debarking at Salem shortly before 4:30 a. m.

The mother of the prospective bridegroom, who will marry Anne Lindsay Clark at noon tomorrow, meanwhile reached Boston by train.

Push Hunt For Four Victims Of Floods

Heavy Rains Continue Near Okla. Border, In Central Texas

The Texas storm area had shifted from the eastern Texas Panhandle to Oklahoma today but the search went on for bodies of four persons believed to have perished in swirling stream waters.

One Body Recovered The body of C. E. Burton, fireman on a Fort Worth & Denver freight train which plunged 60 feet into the Salt Fork of the Red river near Wellington, had been recovered, but that of M. V. Griggs, the engineer, had not been found as rescue workers pushed their search along the usually dry stream.

Neither had the bodies of a family of three, identified as Mr. and Mrs. Bert Freeman and their small son of Wichita Falls, who apparently were swept to their death from a bridge over East Lela Lake creek near Clarendon. Their automobile was found.

Highway bridges were washed out, rail lines swept aside and roads damaged in torrential rains along the Texas-Oklahoma border.

Burton's body was found late yesterday on a sand bar in Salt Fork, 13 miles northeast of Hollis, Okla.

It was at first feared three automobiles, reported seen going in the direction of a washed out bridge between Wellington and Shamrock had plunged through but highway department workers and volunteers later said they believed the occupants of the machines had driven to safety.

Dick Brown, brakeman on the wrecked train, managed to swim to safety, and H. L. McKenzie, another brakeman, and Joe Harper, conductor, escaped injury.

Rain At Waco Rain totalling 5.16 inches had fallen at Waco up to noon, blocking one highway for a time and sending the Brazos river to the 27-foot stage.

The river was still several feet short of flood danger stage, and rain stopped falling before noon. The Dallas highway was covered with water near Lacey, but traffic had been resumed. Merida had 4.14 inches.

Rains of more than moderate intensity fell also at Kaufman, Dallas, Muleshoe, Sherman, Waxahatchie and Lubbock. Amarillo also had rain last night.

300 HOMES FLOODED PARSONS, Kas., June 17 (AP)—Residents of Parsons' low-lying sections washed mud out of approximately 300 homes today as Labette creek returned to its banks after a record flood. The crest struck in the southern half of the county early today and caused widespread farm damage.

W. H. Martin, Labette county Red Cross chairman, telegraphed National Red Cross officials advising them to send a representative here to aid in the rehabilitation of at least 100 families. Martin said the flood emergency had been "cared for locally."

15 KILLED IN NEW RAID ON ALICANTE MADRID, June 17 (AP)—Fifteen persons were killed and 35 injured today in a pre-dawn insurgent raid on Alicante, Valencia also was raided in late afternoon and reported several casualties.

Anti-aircraft batteries held Alicante's attackers back from the center of the Mediterranean port city but the six tri-motored bombers dropped about 50 bombs on the outskirts.

F. Chapman, prison superintendent, said the condemned kidnaper, who insisted he did not kill the five-year-old child intentionally, appeared "stunned" during the 15 minutes required for his booking.

County Delegations To Appear Before Hwy. Commission AUSTIN, June 17 (AP)—Delegations from nearly 60 counties will appear before the highway commission here Monday to request state highway improvements or designations.

Among counties listed for hearings are Concho, Menard, Mason and Nolan.

IS CONVICTED BELTON, June 17 (AP)—A district court jury today convicted E. O. Wilson, 60, on a charge in connection with the death of Lon Garner, and gave Wilson two years in the penitentiary.

SPEND-LEND PROGRAM DUE TO PROVIDE FOUR MILLION JOBS WASHINGTON, June 17 (AP)—The \$3,750,000,000 which congress provided for relief and "pump-priming" will bring to approximately \$18,000,000,000 the government's expenditures since 1933 for unemployment aid and emergency public works.

Only a presidential pen stroke was required to place the \$3,750,000,000 bill on the statute books. Congress approved it shortly before adjourning last night.

The money will be added to the \$14,500,000,000 which a special senate unemployment committee calculated as the cost of relief and public works programs from 1933 through 1937.

The house appropriations committee estimated the new fund would put at least 4,000,000 persons to work for varying periods.

The C.I.O. in a statement termed the bill "a real victory for labor," said it would fill organized labor's request for 2,500,000 jobs.

Congressmen Quit Work, Go Home To Seek Reelection

HE WASTES NO TIME—Garner Quits Capital For Uvalde And Summer Of 'Taking It Easy'

WASHINGTON, June 17 (AP)—John Nance Garner, with a happy sigh of relief, dropped all the duties and dignity of being vice president today to return to the region where he is plain "Cactus Jack."

"I'm going straight home," the No. 2 man of the government announced late yesterday. And he did—two hours before congress adjourned.

"Home" is the small city of Uvalde, Texas, where Mrs. Garner, the vice president's wife and official secretary, has been busy for

several days getting things in shape for a period of plain living, fishing, hunting, and "taking it easy."

Garner's blue eyes twinkled beneath his shaggy-cotton eyebrows as he said he did not expect to return to the capital until January, just before the next congress, "unless there is important official business." He has been coming to sessions for 35 years.

At Uvalde he can "get away from" jamming important legislation through a fighting senate;

from accounts of differences with President Roosevelt (later denied at the White House) over administration policies; and from reports that a bloc of senators already is booming him for the presidential nomination in 1940.

Garner is silent on all these matters. "Since I became vice president I've given out nothing for direct quotation," he said as his eyes snapped. "At the same time I've

U. S. In New Demand On Austria Debt

Formal Note Tells Germany She Is Expected To Pay

WASHINGTON, June 17 (AP)—The United States demanded emphatically today for the second time that Germany assure Austria's debts to this country and American citizens.

Hugh Wilson, the American ambassador in Berlin, delivered a formal note to the German government, on instructions from Secretary Hull.

The United States declared its "dissent from the indicated position of the German government as to its legal responsibilities."

(Germany, through Finance Minister Walther Funk, has stated it was not liable for Austria's obligations.)

The United States has also "expressed the hope that Germany may yet undertake the payments incumbent on it both under international law and under equity."

The note declared that under international law, the state taking over another country "assumes the debts and obligations of the absorbed state, and takes the burdens with the benefits."

Austria's debt to this government totals \$24,055,708. American subscribed loans floated by Austrian municipalities, utilities and development projects aggregate even more.

Austria's total debt to the United States, both public and private, is slightly over \$60,000,000. Most of this has been purchased back in recent years by Austrian citizens who now became the real victims of Germany's disinclination to pay.

SINGERS TO BE ON COLORADO PROGRAM The West Texans, trio composed of Mrs. Alma Blount, Mrs. Ruby Read and Ruby Bell, will represent Big Spring at the Colorado amateur night program Friday evening.

They will be boosting the fifth annual Big Spring Cowboy Reunion and Rodeo celebration July 2-3-4.

Among those going to Colorado will be Mr. and Mrs. Blount and children, Mrs. Read, Miss Bell, Joe Fond and J. H. Greene.

Works Relief Program Is Enacted

Solons Disagree With President On Other Legislation

WASHINGTON, June 17 (AP)—Five hundred - odd members of the 75th congress, who had begged for weeks to quit work, finally went home today—to ask the voters to return them next January.

No Lobby Funds Until the gavel whacked out adjournment last night, they wrangled over Roosevelt proposals just as they had done ever since the court reorganization bill was submitted 16 months ago.

The senate and house in their last meeting approved the president's \$3,750,000,000 relief and public works program, but enacted over his veto a bill continuing low interest rates on government loans to farmers.

Then, in a final show of independence, filibustering senators shelved a proposal to furnish \$22-500 to the senate lobby committee. Senator Burke (D-Nebr) contended the money would be used to abridge freedom of the press, a statement which Chairman Minton (D-Ind) of the committee hotly denied.

The lobby argument kept the senate in session until 8:22 p. m. while members grew noisier and noisier. Occasionally applause rang out in the crowded galleries in violation of the rules.

Period Of Oratory The house, always hilarious just before adjournment, listened to round-robins of praise for majority and minority leaders alike. It was 9:08 p. m. before Speaker Bankhead could stop the oratory.

Toward the end, both chambers paused to hear weary clerks read some kind words from President Roosevelt. On green notepaper, the chief executive wrote Vice President Garner and Speaker Bankhead that the session had brought "much constructive legislation for the benefit of the people."

"Definitely, we are making progress in meeting the many new problems which confront us," the president added.

Although he didn't get all the legislation he wanted, Mr. Roosevelt had reason to send his letter of appreciation to the first congress of his second term.

FD Wins And Loses Only this week he won one of his key requests—establishment of wage-hour standards. Earlier, congress approved his recommendation for housing, farm and naval legislation, and an anti-trust inquiry.

It had dealt him rebuffs, however, in killing the court bill, shelving the government reorganization program and writing a tax law of its own.

Waiting for adjournment, the president had held up his special train to Nahant, Miss., where his youngest son, John, will be married Saturday. Two minutes after the session ended, he was on his way.

The senate's approval of the lobby committee funds began when Senator Burke announced frankly that he and other senators would hold out against the proposal as long as they were physically able. He denounced activities of the lobby group, which recently quizzed officers of organizations fighting the government reorganization bill.

Discussing Minton's recent statement that the lobby group might make an "objective study" of newspapers, Senator Clark (D-Mo) asserted: "It's just what they are doing in Germany."

FOR SAFE FOURTH AUSTIN, June 17 (AP)—Governor James V. Allred appealed today for a "safe fourth of July celebration" by the people of Texas.

FAMILY REPORTED MISSING, LOCATED FORT DAVIS, June 17 (AP)—Sheriff J. C. Walker said today he had received word from McCamey, Tex., that Mr. and Mrs. Alton Word and their children had arrived there and were safe.

Walker said he was informed yesterday that the family, reported missing since May 25, had been working on a farm in Uvalde county since May 30.

FALLS TO DEATH HOUSTON, June 17 (AP)—A man identified as L. L. Johnson, about 40, of Austin, fell to his death from the seventh floor of a hotel today.

The man had been a guest of the hotel two days.

The body is being held pending funeral arrangements.

READY TO PAY ST. LOUIS, June 17 (AP)—The Cotton Belt railroad, which obtained a 90-day extension when \$400,000 in interest fell due May 3, told Federal Judge Charles E. Davis today business had improved to such an extent it now was able to make the payments.

THE SPORTS PARADE

By HANK HART

Fair Crowd

The crowd that preceded itself at Baron park yesterday to watch the Barnabemen shellack the Hobbs Boosters was indeed gratifying to President Jack Hutchison.

Jack, however, has never kicked about the crowds. He's always thought that this was the best baseball town in the West Texas league and the attendance was not the thing that was worrying him.

In order to pull back on even terms after his costly ventures here, he figures he must have lights, however, and he is setting about to raise the funds to erect those arcs.

He intends to circulate a petition within a few days to every baseball fan in this vicinity, asking those who can to contribute. Many have already expressed the readiness to "chip in" toward the fund and others are asked to do so. It's the only way, it appears, to get lights here.

IF YOU DON'T FEEL LIKE YOU ARE ABLE TO CONTRIBUTE ANYTHING BE SURE TO GO OUT AND SEE THE BARONS IN ACTION AS MANY DAYS AS POSSIBLE DURING THE CURRENT HOME STAY.

IT IS IMPERATIVE THAT WE DO MAKE A GOOD SHOWING AT THE GATE. JACK IS CONFIDENTLY EXPECTING A RECORD CROWD AT THE GATE SUNDAY WHEN THE CLOVIS PIONEERS APPEAR HERE FOR A DOUBLEHEADER. A GOOD INTAKE THEN WOULD HELP HIM BEYOND ALL WORDS.

This observer erroneously reported that Fred's circuit smash in Lubbock Wednesday was his first of the season. Al had clouted one against Hobbs in the Hooster park earlier in the season.

Speaking of long smashes, Dick Hobson, who had three triples the same day that Billy Capps hit his home run, received credit for one of the longest blows ever hit in the WT-NM league in Clovis Sunday when he drove the rock 450 feet into center field. He was limited to two bases, however, when the ball rolled under the fence. Had the apple bounded against the barrier and back into the playing field Hobby could probably have circled around the bases twice.

Far From Best

Lefty Blanchard is oftentimes referred to as the best pitcher in the entire loop but it is this observer's opinion that the eccentric lefthand-

Keller Snaps Baron Losing Streak With 7-3 Win

Decker Clouts Home Run In 5th Frame

er of Lubbock would not get to first base in the Texas league. He's too erratic and absolutely goes to pieces in the clutch. He lost his sixth game of the season Thursday night while pitching against Wink.

Lubbock's business manager, Harry Faulkner, Thursday announced the outright release of Pope Mize, the heavy hitting outfielder. C. A. Bridwell and Hala Angaran. The dropping of Mize brings out a prediction of this department more than three weeks ago.

Some say that Bob Hillis, another gardener, will soon be given his walking papers. He is of no use since Manager Hack Miller has gone into the outfield.

Another 1937 WT-NM loop regular, Stu LeBaron has passed from the scene. He went down for a line drive while playing with Wink the other day and something snapped. He tossed his glove to the winds and walked off to ask for his release. Stu has been troubled by a sore arm throughout the season.

Switch Hitter

George Donaldson, Hobbs' magnificent mauler, the lad that didn't look at all good against Marv Keller yesterday, was a switch hitter while at Rowell last season but did not begin to hit until he concentrated on the third base side of the plate.

New faces in the Hobbs lineup include Carmen Henderson, who flunked out in the Three-I league, and J. Haynes, centerfielder. Henderson appears to be too lazy to succeed at his profession.

Leaders Add To Advantage In ET

By the Associated Press

A one-hit pitching performance by Texarkana's Valle Eaves and another victory by the fast-traveling Henderson Oilers featured last night's play in the East Texas league.

The leading Marshall Tigers defeated Tyler, 13-7, to retain a two and one-half game margin over second-place Texarkana while Henderson moved within a half-game of third place with a 16-4 win from Jacksonville.

Eaves fanned thirteen batters as Texarkana turned back Longview, 2-0. The Oilers scored their runs in the fifth on a walk, triple and double. Tom Fleming held Texarkana to four blows.

Henderson slammed out sixteen hits in their rout of the Jax while Gib Williams turned in a six-hit pitching exhibition.

Marshall clubbed seventeen hits, shelling Jack Lavis for thirteen hits and nine runs in four innings. Palestine defeated Kilgore, 2-2. Jack Bradsher socking a homer with one on in the second to pace the Pal's attack.

SIX MEN FAVORITES IN NCAA

Charles (Chuck) Fenske of Wisconsin, defending mile champion, and 1936 Big Ten winner, is favored in the mile. He may beat Bill Bonthron's N.C.A.A. record of 4:08.9. His competition will be from such men as James Smith, Indiana, and John Murski, Missouri. Fenske is one of eight defending champions expected to return to the N. C. A. A. meet.

Locals Outbit But Work In Pinches Tells Tale

Throwing to the league's leading slugger, George Donaldson, as 'cool' as the proverbial cucumber and working himself out of many a tight spot, Marvin Keller snapped the Big Spring losing streak at four games and earned his second victory of the season Thursday as the Barons hurled the Hobbs Boosters, 7-3, and advanced into undoubted fourth place in the WT-NM loop standings.

The Rose Bush, Mich., boy was in "hot water" most every inning but his work under fire was indeed admirable to the goodly gathering of fans who were on hand. He gave up three runs on as many hits and two walks in the second and seemed on his way out but somehow he slipped into the fourth and from there on had it in his pocket. He faced Donaldson five times during the afternoon and on three of those occasions men were on the paths but the big right fielder failed to produce at any time. He stroled twice when Keller lost control but Marv forced him to hit into two double plays, the second coming in the ninth frame with runners on second and first.

Consistent Hitting

The Boosters outbit the locals, 9-8, but consistent long distance clouting plus a brilliant squeeze play executed by Allen Berndt told the tale.

Hobby Decker, the Barons' chief threat aboard the baselines, swung into his first home run of the year off Marshall Scott, Hobbs lefthander, in the fifth to account for two runs, Billy Capps' triple an inning earlier with Jo-Jo Saporito ahead of him started the big guns to booming.

Two Runs On Bunt

Berndt pulled his play in the eighth frame. Harry Siebert had gotten to first on Carmen Henderson's miscue and Saporito, had doubled, sending the Baron first sacker to third when the young catcher walked to the plate. He tapped one of Scott's tosses perfectly down the first base line and Catcher Rabe, realizing that he could not get Siebert at home, picked up the nugget and tossed it to first. Saporito was right behind Siebert and pounded in before the Hobbs custodian could right himself for the toss-in.

Scott, one of the leading pitchers of the league last year, has yet to chalk up a victory against the locals.

Freddie Wolcott Expected To Win Both Hurdle Races At Minneapolis Saturday

Competition To Come From Ace Of USC

HOUSTON, June 17 (AP) — Not since the days of Claude Bracey, the old Rice Institute sprinter, has a Southwest Conference athlete carted away two first places in the National Collegiate Athletic association meet, but track fans believe it will be done again tomorrow.

In Freddie Wolcott, top-headed sensation of Rice Institute, the southwest has the outstanding timber skimmer in current collegiate competition.

Today, and tomorrow, at Minneapolis, the lithe West Texan who has smashed six records this season, will be running in the 120-yard high and 220-yard low hurdles.

None believe he will be pressed in the high sticks event, but he has Earl Vickery, defending champion of Southern California, to beat off in the longer low hurdles.

However, Wolcott's best record of 23 seconds flat has been equalled only by Vickery and it appeared to be a two-man race for first place in the lows.

From the University of Texas may come Wolcott's most rugged competition in Boyce Gatewood, sparking sophomore hurdler who has pushed the Rice racer in every meet this season.

In the field event, Bulky Hugh in the field event. Bulk Hugh Wolfe, discus chucker who smashed the general collegiate mark recently in a threat in that event, while bushy-haired Gilliam Graham, ineligible for Southwest Conference competition because of transfer regulations but a certified competitor in the National, could take away javelin honors. He has hurled the spear better than 220 feet.

Rice, too is counting on E. Y. Steakley, lean footballer, to pick up points in the dashes while Calvin Bell, rugged middle distance runner, is listed among favorites in the 880-yard run.

MIKE SOKJA, UT'S ACE BREAST STROKE STAR, MARK SMASHER

One of the more noted members of the University of Texas swimmers, who are including Big Spring's municipal natatorium on their exhibition tour of West Texas Monday evening, is Mike Sokja, ace breast stroker, who has been breaking records right and left since the squad left Austin some time ago.

Mike's specialty is the 100-meter race and he has done the distance in around 1:12 several times. The national record is 1:12, held by Wallace Spence of the New York Athletic club.

RAIL LOAN GRANTED

WASHINGTON, June 17 (AP) — The Wichita Falls and Southern Railway company won Interstate commerce commission permission today to borrow \$250,000 from the Reconstruction Finance Corporation.

The railroad will use \$200,000 of the loan to pay off present indebtedness to the RFC, which matures July 1. The rest will pay a note to the First National bank of Dallas, Texas.

The Wichita Falls and Southern also sought to borrow \$24,000 to pay a note to the City National bank, Wichita Falls, Texas, but the ICC disapproved this item.

PLACES PROVIDED FOR CO-EDS TO SMOKE

AUSTIN, June 17 (AP) — Curbstone smoking, an innovation of rebellious co-eds who weren't allowed to smoke in their dormitories, has seen its last days at the University of Texas.

Last of the woman's housing units to modify its smoking rules, Scottish Rite dormitory has announced its girls now may smoke on the lawn and that in September a smoking room will be provided in the basement.

Decker Clouts Home Run In 5th Frame

Charles (Chuck) Fenske of Wisconsin, defending mile champion, and 1936 Big Ten winner, is favored in the mile.

George Varoff of Oregon is 1937 pole-vaulter 14 feet 7 5/8 inches, once was world champion.

Gil Cruter, Colorado, who uses the "barrel roll" style, is defending high-jump co-champion with Dave Albritton of Ohio State.

Ray Malott of Stanford has been timed in the 440 in 46.3 (in practice). Ben Eastman's world record is 46.4.

John Woodruff of Pittsburgh is regarded by many as America's finest college runner. I.C.A.A. champion in both the 440 and 880, N.C.A.A. champion in the same events, he will either beat Stanford's Ray Malott or give him a real workout.

Fred Arrington Wolcott, a Rice Institute sophomore, has the best recorded 1938 times in both the high and low hurdles.

SIX MEN FAVORITES IN NCAA

Charles (Chuck) Fenske of Wisconsin, defending mile champion, and 1936 Big Ten winner, is favored in the mile.

George Varoff of Oregon is 1937 pole-vaulter 14 feet 7 5/8 inches, once was world champion.

Gil Cruter, Colorado, who uses the "barrel roll" style, is defending high-jump co-champion with Dave Albritton of Ohio State.

Ray Malott of Stanford has been timed in the 440 in 46.3 (in practice). Ben Eastman's world record is 46.4.

John Woodruff of Pittsburgh is regarded by many as America's finest college runner. I.C.A.A. champion in both the 440 and 880, N.C.A.A. champion in the same events, he will either beat Stanford's Ray Malott or give him a real workout.

Fred Arrington Wolcott, a Rice Institute sophomore, has the best recorded 1938 times in both the high and low hurdles.

Duncan Game June 21

Anderson Clinches Top EX-CHAMPS ON DEFEAT CHEVY AGGREGATION, TOUR OF WT

Marion Forbes, business manager of the Continental baseball club of Foran, announced today that the Halliburton Cementers of Duncan, Okla., would definitely appear here Tuesday, June 21, in an exhibition ball game.

Negotiations between the two teams has been underway for several days.

The Cementers, national semi-pro champions two years ago, are on their annual southwestern tour. They were scheduled to oppose a Big Spring team here last season but arrangements did not work out.

City-Wide Play Day Slated For Saturday

The recreation department's second city-wide play day will begin Saturday morning at the city park at 9 a. m. with registration, Director H. F. Malone has announced.

"Color" groups and the games have been arranged much on the order of the first affair held several weeks ago.

Maggie Jenkins, Elton Hartlin, Winnie Redwine and Minnie Reynolds will captain the various "color" groups.

Added events slated to take place this time are pushmobile races for the younger boys and a doll show for the younger girls. Prizes will be awarded in each event.

LOADED GUNS FOUND AT PRISON FARM

HUNTSVILLE, June 17 (AP) — J. S. Ellington, manager of the Texas prison system, pushed an investigation today into the finding of six loaded guns in a field on the Eastham farm.

A dog sergeant uncovered the guns—three shotguns and three rifles—under a bridge yesterday. Ellington said "we are going to find out about it if we can."

Officials of the prison system indicated a major prison break may have been averted by the find.

BUCS AND REDS NOW IN SPOT

By SID FEDER, Associated Press Sports Writer

The way Bill Terry's Giants and Cholly Grimm's Cubs have been showing signs of hitting the skids, off and on, for no reason at all, things may yet start to pop in that two-hoss National League race.

The rude Reds from Cincinnati and Pie Traynor's rejuvenated Pittsburgh Pirates are virtually tied for third place today, just three games back of the Cubs, and only 4 1/2 out of the top. The Giants have won only seven of their last 17 games, and the Cubs have taken two-out of seven.

The Pirates have won 11 out of their last-16, the latest a 10-2 beating they pinned on the Giants yesterday.

Cooperation

For the Reds Johnny Vander Meer is pitching no-batters all over the place, Paul Derringer is coming back, and Buck McCormick and Schmoosola Lombardi are finding a "cousin" in just about every pitcher in the league.

The Pirates' rookie Bob Klinger skyrocketed into the league pitching lead by handcuffing the Giants with five hits yesterday for his third victory in a row, and his fifth against one setback for the year. It was the second straight loss for King Carl Hubbell, who's having a terrible time trying to land the 200th win of his big league career.

Half Game In Lead

While that defeat shaved the Giants' National League lead to a game and a half, the American League remained a neck-and-neck struggle between the Yankees and Cleveland Indians. The Tribe continued half a game in front by whipping Washington, 4-1, on Bobby Keller's eight-hit showing. Monte Pearson and Dump Kinley combined in a one-hit performance as the Yanks trampled the Chicago White Sox, 5-1, to stretch their winning streak to six straight.

Tommy Bridges pitched a six-hitter and fanned eight to pace the Detroit Tigers to a 12-3 edge. The Red Sox finished strong and walloped the St. Louis Browns, 15-4.

Claude Passeau's six-hit pitching gave the Phillies a 3-2 margin over the St. Louis Cardinals. The rest of the National League was not scheduled.

Mrs. Alton Underwood of Big Spring and her sister-in-law, Mrs. Paul McDaniel, of Lamesa, are spending the week in Abilene visiting Mrs. Underwood's mother.

Anderson Clinches Top EX-CHAMPS ON DEFEAT CHEVY AGGREGATION, TOUR OF WT

Anderson's Devils clinched first half honors in the Industrial softball league Thursday evening by trouncing the Lone Star Chevrolet team, 6-2, on the Mundy diamond.

The Devils counted five runs in the first innings to sew up the victory.

Wildness coupled with faulty fielding on the part of his mates cost Henderson a chance at victory.

Bobby Savage was on the bill for the Devils.

H. M. Rowe clouted out a pair of base blows to gather in but honors for the evening.

Outlook Improves For Texas Fishing

By The Associated Press The fishing outlook along the Texas gulf coast was fair to good Friday, depending ultimately on the weather. Anglers caught lots of fish during the week, particularly kingfish. Outlook by regions:

Port Isabel—Boca Chica—Kingfish striking and being landed in large numbers in gulf, with fishing at best of season. Kings running very large. Continued rising barometer indicate good week-end conditions.

Port Aransas—Corpus Christi—Fishing has been fair all week despite frequent squalls. Tarpon have been striking and numbers of kings taken at Port Aransas. Trout and a few reds have been brought in daily from bay and Laguna Madre.

Galveston—Water conditions good for fishing Friday, but gulf choppy. Observers hopeful for improving conditions if wind abates.

Port Arthur—Week-end prospects fair as moderate winds apparently due to continue, with only occasional showers. Redfishing already good, with mackerel, kings and tarpon expected to return as water settles.

RE-ELECT C. V. TERRELL RAILROAD COMMISSIONER

Democratic Primary July 23, 1938

The need for continuing the services of an experienced man on the Railroad Commission of Texas, should insure the re-election of C. V. TERRELL, its present Chairman.

His policy of oil and gas conservation has added millions of dollars to the permanent school funds, and should not be disturbed.

His successful efforts for lower freight rates on livestock, cotton, and other commodities have greatly benefited Texas.

Thousands have profited from his orders lowering gas rates to the consumer.

His honesty and efficiency in office are unquestioned.

His devotion to the cause of Texas education has characterized his entire public career.

100% in favor of organized labor.

ment will be played today unless the weather steps in and takes a hand as it did yesterday. Warren Christian of the University of Texas and Jos Lucia of Rice Institute were to have met in the singles play-off with Bobby Kamrath and Edgar Walter of Texas meeting Christian and Paschall Walthall, also of Texas, in the doubles but a heavy rain caused postponement of the matches. If the courts remain too wet today the events will be run off tomorrow.

HELEN MOODY TRIMMED LONDON, June 17 (AP)—Helen Willis Moody was beaten in straight sets today by Mrs. Hilda Krahwinkel Spetting of Germany in the semi-final round of the London lawn tennis championships. The scores were 6-4, 6-2. It was the second defeat Mrs. Moody had suffered in her current European invasion. She was beaten by Ruth Mary Hardwick, second-ranking English player, in a three-set match during the recent St. George's Hill tournament. Mrs. Spetting's opponent in the finals will be Jadwiga Jelezewska of Poland who eliminated Mrs. Sarah Palfrey Fryban of Brookline Mass., 6-3, 6-2.

Mrs. Daniel Of Abilene Talks To Auxiliary

Various Chairmen Make Encouraging Reports At Meet

Mrs. Larry Daniel of Abilene, fifth division vice-president of the American Legion auxiliary, spoke Thursday evening at the Settles on the organization of a unit at the second meeting of an auxiliary to be formed.

The speaker emphasized the fact that a person can not become a member of the auxiliary for the first time if a legionnaire is not in good standing this year.

Mrs. E. M. Conley, president, presided over the meeting and appointed two committees. B. T. Summers was present to invite the auxiliary to participate in the cowboy reunion parade here in July.

The invitation was accepted and a parade float committee appointed including Mrs. Harvey Williamson, chairman, Mrs. Goldman, Mrs. G. C. Dunham, Mrs. Jenkins and Mrs. J. Y. Robb.

Encouraging reports were made by Mrs. E. W. Anderson, poppy committee chairman; Mrs. E. F. Bluhm, junior activity chairman; Mrs. L. E. Jome, child welfare chairman; Mrs. R. R. McEwen, convention chairman, and Mrs. Carl Blomsheld, membership chairman.

The auxiliary talked about entertainment features for the divisional American Legion and Auxiliary to be held here July 9-10. Representatives of the various auxiliaries are to be honored with a tea by the local organization.

Mrs. J. F. Hair was appointed by the president to serve as chairman of the constitution and by-laws committee. She is to select her co-workers before the next meeting.

The social committee of which Mrs. J. Y. Robb is chairman did not report but will at the next gathering.

Auxiliary 188, which is relinquishing its charter, presented the new auxiliary with all of its officer's pins, flags, books and gavel.

4-H Club Clothing Contest Opens This Morning At Church

Although the rain was rather heavy in several of the communities Thursday night, Miss Lora Farnsworth, home demonstration agent, said this morning the annual county-wide 4-H club clothing contest and rally day would take place as scheduled at the First Methodist church here today.

The best-all-around club girl is to be selected and given a free trip to the A. and M. short course July 6-8. The meeting was to have opened just before noon today.

Judges are Mrs. Elsie Gilkerson, home demonstration agent of Martin county, and Mrs. Lura Hollingsworth, agent of Menard county. Each of the four 4-H clubs are to furnish an entertainment feature during the day. The girls are to spend the afternoon modeling clothes they have made.

PERSONALLY SPEAKING

Mrs. Tom Horton left Thursday for Marshall to visit her husband.

Clyde Daniel, Abilene, formerly with the Texas Cotton Co-op, was here on business Friday.

Mrs. W. L. McClure has gone to Fort Worth and Breckenridge to visit with friends and relatives.

T. R. Hall, who formerly resided here, was in from his farm 15 miles north of Stanton Friday and reported heavy damage from hail and hard rains last week.

Judge and Mrs. James T. Brooks left Thursday evening for Los Angeles, Calif., where he will attend the convention of Rotary International. Judge Brooks recently was elected president of the local Rotary club.

Mrs. Jack Hendrix has as guests here this weekend her mother, Mrs. H. W. Hewitt; her sisters, Miss Rosa Hewitt and Mrs. Vernon Wilshire, and Mr. Wilshire and children, Billy Ray and Miriam, all of Fort Worth.

Mrs. T. A. Underhill and son, Billy Joe, with their aunt, Mrs. I. J. Collins of Fort Smith, Arkansas, will leave Saturday morning for a month's visit to various points in California. Mrs. Underhill and Billy Joe will return by way of the Grand Canyon.

Last Bachelor In First Family Met Anne In '35 Or Was It '23?

By SIGRID ARNE AP Feature Service Writer

WASHINGTON—There's a dash of mystery in the romance that has preceded the Roosevelt wedding scheduled for Saturday at Nahaunt Point, where John Aspinwall Roosevelt and Anne Lindsay Clark childhood sweethearts?

John's mother—the nation's first lady—raised the question the other day when she let it out, off-hand like, that Anne and John knew each other when they were children.

Some 15 years ago they played together at the summer colony around Campobello, Me., the Roosevelt summer home. His parents knew hers when her mother, Mrs. F. Haven Clark of Boston,

was one of three sisters famous for their beauty. Then along came the youngsters. The oldesters kept returning to Campobello for the summers, and the youngsters quite naturally were friends.

They Won't Talk But, did John, the last bachelor in the first family, fall in love then with Anne? There's no proof either way. The couple parry questions about their affair.

They say the same kind of thing brother Franklin said when he married Ethel DuPont just a year ago—'Oh, we met about three years ago at some dance. No, we don't know just when.' Then they smile, knowing like.

Anyway, John's mother and the president and the young-marrieds of the family look pleased about the match.

The romance and the wedding are two more of those high-spots that make romantic girls across the continent dream of Prince Charming in white tulle. There's position, fame, money, beauty, carloads of glistening wedding presents, and Social Register names in the wedding party.

Boston Blue-Blood Miss Clark's family is blue-blood Boston. She went to the Winsor school in Boston and the Greenwood school in Baltimore. The day she announced her engagement last September she had orchids pinned to her wine-colored crepe dress, a diamond necklace which her mother had given her about her neck and a three-diamond engagement ring on the correct finger.

She looks fragile beside his six-foot-four. But she's five-foot-six. They're both 22 (she's the younger by four months). At first she looked nonplused and severe when crowds pressed about her and her fiancé. But John has developed a laughing give-and-take that's catching.

Engaged Once Before In '36 she was engaged to Mrs. Richard Whitney's son, Samuel S. Sands. The engagement was broken April a year ago, and two months later Miss Clark was a family guest when the Franklin Roosevelt, Jr., married.

John has traveled the family route through Groton and Harvard. He sails a boat in Roosevelt style. But his bride can take her family's

JOHN ROOSEVELT An Ad Man?

ANNE CLARK Boston Blue-Blood

75-foot schooner through a blow. She used to sail with her father, a banker, before he died in 1926.

Like his brothers, John had troubles with traffic cops. And last August he was accused of squirt-champagne at the mayor of Cannes, France. But he declared "it must have been someone else," and the mayor 'lowed as how that must be so.

The young couple are being married in a century-old Nahaunt church that seats 400. They'll be off on a honeymoon when Harvard passes out diplomas, so John's will be mailed. He has said he wants an advertising job in Boston. Rumor has it he'd work for Representative Bruce Barton, New York ad man and a republican. But neither gentleman has said it's so.

READING AND WRITING

"SOUTHWAYS," by Erskine Caldwell; (Hiking; \$2.50).

The customer won't get much print for his money in Erskine Caldwell's "Southways"; this department read it all at one sitting in 55 minutes flat—and didn't hurry.

He won't get even quality, either for Mr. Caldwell has snatched up whatever lay under the work table and stuffed the handful into his new book. But he will get a few really fine bits of work, and perhaps that's all one has a right to expect. The stories were written originally for periodicals as diverse as "College Humor," "The New Yorker," "The Atlantic Monthly" and "Sunday Worker," which explains their differences to some extent.

There are 16 stories in the book, all too short. Mr. Caldwell is, according to his publisher, learning the art of saying much with little; a debatable point to say the least. There are unkind people who would say that publication of such unformed and futile sketches as "The Night My Old Man Came Home" is an effort to get much for little.

And there is something disgusting about a piece such as "The Fly in the Coffin." It is the story of an old negro who had a pet hate—flies. When they buried him he sat right up in his grave and demanded a fly-swatter. He got the swatter, and peacefully subsided.

On the other hand, some of the sketches have a horrid sort of beauty, particularly "A Knife to Cut the Corn Bread With" and "Wild Flowers." The first has a serious oversight buried in it; the second is doubtless impossible. But the creeping horror of the situation overlays all and remains ineradicably in the reader's mind.

Caldwell is less successful with humor. The story about the "polar bear is silly, not funny; the one about the negro in the well is only a cracker barrel anecdote over-elaborated. But there is so much worthy work in the 16 sketches one wishes Mr. Caldwell would take the time to write a real short story—we know perfectly well that stories with beginnings, development sections and reasonable ends are frowned upon as "formula" by the editors. Just the same, Caldwell needs that sort of practice.

Seven Aces Members Go To Odessa For Luncheon-Bridge

Mrs. Arthur Sloan, former resident of Big Spring and member of the Seven Aces bridge, entertained the club at her home in Odessa Thursday with a luncheon and afternoon of bridge.

Attending from here were Mrs. M. S. Beale, Mrs. J. F. Jennings, Mrs. L. N. Millon, Mrs. C. C. Berry, Mrs. Steven Rowe, Mrs. J. E. Sullivan, Mrs. Bob Lee and Mrs. C. G. Warner. Mrs. W. B. Hesel, Mrs. W. F. Hurt and Mrs. R. A. Harris were guests from Odessa.

Mrs. Rowe made club high, Mrs. Harris guest high and Mrs. Sullivan binged.

Committee Appointed For Big 4 Picnic

Three were appointed to serve on a committee to make arrangements for the annual Big 4 picnic which is usually held in August at a meeting of the G.L.A. Thursday afternoon at the W.O.W. hall.

Present were Mrs. D. S. Orr, Mrs. Max Wiesen, Mrs. Geo. Mims, Mrs. S. M. Barbee, Mrs. Lamar Smith and Mrs. Charles Vines.

Mike Mullican and Pinto Pete Among Day's KBST Stars

Mike Mullican and his orchestra are scheduled for two broadcasts this evening. A dance program of favorite swing numbers, will be presented from KBST's studio at 6:50 p. m. At 9 o'clock, Mike Mullican and the orchestra will offer more sweet swing music from the Cloud Side club by remote control.

Pinto Pete and the Ranch Boys will be around your way again at 7:15 this evening. The Ranch Boys may be heard singing such favorites as "The Old Chisholm Trail"; "Yodellin' Cowboy" and "The Wreck of the Number Nine." Pinto Pete has chosen a song that everyone is sure to enjoy when he sings "The Old Rugged Cross."

The "Wabash Moon" girl returns to the air at 7:45 o'clock tonight. Thelma Willis will open her program with a delightful number titled, "That's All That Matters To Me." Her second selection will be of particular interest since she will sing for the first time one of her own compositions. With beautiful melody and lyrics alike, her song is titled, "It Couldn't Be the Same." Thelma will close her program with an old favorite, "When the Night Organ Played, Oh Promise Me."

Saturday morning at 10:45 o'clock KBST presents another "Sunday School Lesson" conducted by the Rev. R. R. Cumble.

Visit New York Mr. and Mrs. J. P. Johnson left Friday morning for various points in New York state, to be gone about three months. They expect to spend some time in New York City.

Leave For South Mr. and Mrs. E. D. McDowell and daughter, Jean, left this week for Hattiesburg, Miss., for a visit with Mrs. McDowell's mother, Mrs. L. K. Stewart.

NEGRO ATTACKERS DIE IN THE CHAIR

HUNTSVILLE, June 17 (AP)—Two convicted negro rapists whose last words were given to prayer, died in the electric chair at the state penitentiary early today.

Tommie Wells, 25, of Monroe, La., was executed for criminal assault on a Texarkana white woman. He entered the death chamber at 12:01 a. m., recited a short prayer which ended "May the Lord have mercy on my soul," was strapped in the chair and pronounced dead at 12:09.

Mark Henry Calhoun, 18, of Dallas, died for criminal assault on a 12-year-old Dallas county white girl. He recited a long prayer, ending with "May God bless you." The first charge struck him at 12:16 a. m. and he was pronounced dead at 12:23.

ARGUE SPECIAL PLEA IN DIVORCE SUIT DALLAS, June 17 (AP)—Attorneys argued a motion for rehearing on the plea of privilege issue in the Winfield Scott divorce suit before the fifth court of civil appeals here today.

The suit against Scott, Fort Worth cutlerman and sportsman, was brought by his estranged wife, Jessica Patterson Scott.

Recently the appellate court upheld a lower court's denial of a plea of privilege filed by attorneys for Scott, who contended the divorce suit was one involving a property settlement primarily and that it should be tried in Tarrant county.

Ernest Thompson For Governor

Against Tax Increases He is against any new taxes, including a sales tax, until a sound savings program is put into effect, and until it is determined whether the Social Security program, as outlined ed above, can be financed out of savings.

Organized Labor He is in favor of Organized Labor and of collective bargaining. He is in sympathy with all the efforts of labor organizations to improve the wage, hour and living conditions of laborers and their families.

War On Unemployment The real problem of labor is that of unemployment, and the real problem of the State Government is that of unemployment. Thompson pledges an active and continuous program of encouraging new industries and the development of natural resources in Texas to the end that more jobs can be provided for Texas citizens.

Higher Prices for Farm Products He is for all sound programs designed to raise the prices of farm and ranch products. The farm must be given an even break with industry. Will lead the influence of the Governor's office in co-operation with all agencies seeking to better farm price and further the conservation movement.

Matinee Bridge Is Entertained In The Boatler Home

Mrs. E. O. Boatler entertained the Matinee bridge in her home Thursday afternoon with Mrs. Merle Stewart and Mrs. D. H. Petty as guests.

Guest high was scored by Mrs. Petty, club high by Mrs. Geo. Tillinghast, and bingo by Mrs. Leon Smith.

A salad course was served to Mrs. O. A. Badwick, Mrs. Smith, Mrs. Ole Cle, Mrs. Tillinghast, Mrs. Byrre Housewright, Mrs. Stewart, Mrs. Petty and Mrs. Tom Donnelly.

Mr. and Mrs. Charles Frost left Friday morning for San Antonio, where they will attend the Texas State Druggists' convention. They will also visit Mrs. Frost's father, M. L. Johnson, at Nixon, before returning here.

Watermelons Coming To Market; Fine Crop For Texas This Year

By HAROLD V. RATLIFF
Associated Press Staff Writer

Trucks bulging with watermelons rumbled into the market centers of Texas today, bringing reports that a bumper crop of the frosty-meated delicacy was on its way.

The watermelon season has its unofficial opening Sunday with "June Tenth," that gala occasion when the negroes celebrate the emancipation of Texas slaves, but the crop will not begin to really move before July 1.

Melons are already coming in considerable quantities from the principal producing areas in South Texas, selling at a price that is causing farmers and produce men to predict the market will hold up better than usual.

"There'll be plenty of nickel melons all right," said one dealer, "but we're hoping they'll not fall that low before we get our profit."

Present prices on the big-city markets are around \$2 per hundred pounds, meaning a fair-sized melon can be bought for about 50 cents—depending on the melon, the shop, market or wagon where it is bought and the bargaining ability of the buyer. Early Texas melons are selling from \$1.25 to \$1.50 per hundred wholesale.

Price The Only Work
The price is all the farmers have to worry about these days because practically every town and city provides them with a suitable place to market their produce and it's not a fight all season to grab the choice "stands" in the heart of the business district.

The movement of the melon crop this year, generally speaking, is earlier and the quality is better. Experts say condition of the early crop is favorable, adding that a great deal depends on the weather the next two weeks. The last estimate of Texas acreage was 49,000, compared to 46,000 in 1937. Virtually all this increase is in the early producing section.

Most of the melons shipped out of the state come from the areas south and southwest of San Antonio because they are so early they have minimum competition from other states. Among important areas for later melons are sections around Tyler and Parker and Wise counties.

San Antonio produce men predict the best melon season in years, declaring the melons already on the market are larger and sweeter than for several seasons.

The Parker county crop will be good this year but late because of

prime minister's answer should read: "I am not aware that the United States government have made any such suggestion," the agency said.

British Loan Quickly Taken

400 Million Provided For National Defense

LONDON, June 17 (AP) — Prime Minister Chamberlain and other government officials indulged in modest blackslapping today over the eagerness with which a \$400,000,000 national defense loan was snapped up yesterday at its first offering on the stock market.

Chamberlain's conviction that rearmament is necessary to prevent war was taken as explaining the premier's noncommittal reply in common yesterday to a questioner asking if the government was ready to "join with the United States government in making definite proposals with a view to securing a halt in the present arms race."

Avoiding a direct answer, Chamberlain said: "I am not aware that the United States government have made any such suggestion."

Reuters, British news agency, in a report furnished the Associated Press, first quoted the premier's answer as follows: "The United States government have suggested they are going to make an attempt."

But later the agency corrected the version. "Although Reuters has been unable to find any reporter in the press gallery who disagrees with the Reuters version of the prime minister's supplementary answer (except with regard to the last two words, which were indistinct), Reuters is officially informed that the

cold weather. Parker county once claimed to be the world's greatest melon center but no longer aspires to that distinction. Overproduction in the nation and poor prices caused a turn to peach growing and the federal census lists the county first in the state in producing this fruit. A number of growers still specialize in 100-pound melons which mature late and sell high. The Parker county melons will not begin moving before July 20.

30 Pros Seek PGA Places

Jim Demaret, Ransom, Levi Demaret, Lynch and Burke Favored

TYLER, June 17 (AP)—Thirty professional golfers teed off today in the Texas P.G.A. championship tournament and sectional qualifying rounds for the national event at Shawnee-On-Deleware, July 10-15.

Jimmy Demaret of Houston, Levi Lynch of Dallas, Henry Ransom of Bryan and Jack Burke of Houston were established as favorites to gain the qualifying places for the national tournament.

A change in plans called for only the sectional qualifying and Texas P.G.A. championship, which are played concurrently, to be held today. Originally it had been planned to hold the Texas Open, for which outstanding amateurs of the state had gathered, over the 72-hole route with today's 36 holes counting as half. Under the new plan the open will be held tomorrow over 36 holes.

Sunday picked teams from the state's professional and amateur ranks will meet in the Texas cup matches.

Ten threesomes which teed off today included: Sam Schneider, Corpus Christi; Tom Sockwell, Dallas; Clarence Fincher, Fort Worth.

Jimmy Gaunt, Longview; Willie Maguire, Houston; Claude Whalen, Fort Worth.

Charles Akey, Lubbock; Tony Butler, San Angelo; Harvey Penick, Austin.

Burke; Barney Clark, Beaumont; Don Murphy, Texarkana.

No Schmeling Money Sighted

By EDDIE BREITZ
NEW YORK, June 17 (AP)—Mike Jacobs doesn't have to sell another ticket to be in the clear on Schmeling and Louis... That doesn't mean he has a sell-out yet, but the fight isn't going to lay an egg... Out-town customers had better make sure of that hotel reservation... You'd be surprised at the lack of Schmeling money with so many of the top flight experts out on the limb for the German... Odds are 7, 5 and 3 to five, depending on when you bet... That 11 to 5 flurry of Wednesday didn't last... One Yorkville German who won \$1,400 on Schmeling in 1936 is betting on Louis this time.

How about Mr. Scotty Reston, who handles sports in London for the AP?... All he did was lick two American Walker cup players on the same day... He took Johnny Fischer, by one hole, drank a beer and polished off Marvin Ward, 3 and 2... That cove is a bit of ori right, aren't he?... Hank Hurley, sports editor of the Fargo (N.D.) Forum, blew in for the fight today and leaped aboard the Schmeling bandwagon before he checked into a hotel.

At Speculator the other night Max Schmeling sat down after dinner and autographed 165 photos which will be included in a souvenir book Moe Annenberg, publisher of the Philadelphia Inquirer, will give away at a party after the fight... Reliable reports from up that way say a sizeable percentage of the citizens in Yorkville (New York's German section) are pulling for Louis... They are piqued with Schmeling.

though, he'll have to go in and fight harder than he did today," concluded Jack.

SPECULATOR, N. Y., June 17 (AP)—Max Schmeling finds resting as hard as working at his training camp.

The German challenger for Joe Louis' heavyweight crown didn't do any real work yesterday, except a ten-mile jaunt over the roads, but three broadcasts, one national, one to England and one to Germany, kept him busy all day.

He takes it easy again today and will box Saturday, Sunday and Monday, his final ring preparation for the fight Wednesday night.

PENAL PARLEY
HUNTSVILLE, June 17 (AP)—Gov. James V. Allred was the first speaker listed as state officials and 200 members of the counterforce parole boards of Texas gathered here today to discuss the penal conditions and survey the prison system.

Kenneth Jennings is spending the weekend in Dallas with his grandmother, Mrs. O. M. Tollinger.

Mr. and Mrs. LaMoine Langston and daughter, Margreta, of Clovis are guests of Langston's sister, Mrs. C. W. Norman.

FIGHT NOTES

POMPTON LAKES, N. J., June 17 (AP)—Jack Dempsey, No. 1 man of the road company of ex-champions now touring the training camps, has put the seal of approval on Joe Louis' physical shape.

Jack watched the negro champion work four fast rounds yesterday and then announced to all and sundry that Joe was in "mighty good shape."

"If he expects to beat Schmeling,

GULDAHL SACKS UP WESTERN OPEN AS SAM SNEAD FADES

ST. LOUIS, June 17 (AP)—Ralph Gulda did it again.

And he bears the title of the greatest man in golf today after another of his blistering stretches finished in the Western Open championship yesterday.

The burly Texan drew to two par — successive U. S. Open and Western victories — and came up with his third straight Western conquest for a full house. Birdie and eagle feathers fairly flew along Ralph's final 18-hole trail as he boomed in with a six-under par 66 for a 4-round total of 274.

The champion never was behind but at every turn he found the field of sharpshooters placing their shots dangerously close.

Slammin' Sammy Snead was the last to wilt under the pressure. He rounded the three-quarter flag in a 214 tie with Gulda but lost his putting touch and came in with 286, two over par, for second money.

Ray Mangrum of Dayton, O., who eased unnoticed to a 144 level with the "round-shouldered king" at the 36-hole mark, faded with a pair of 76s into a three-way tie for tenth with Horton Smith and Harry Cooper.

Gulda was out in 24, one under regulation figures on his last round.

Tulsa Victor With Thomas

By the Associated Press

Rain and the left-handed slants of crafty Max Thomas gave the Tulsa Oilers a half-game lead over the Texas league field today.

A downpour kept Beaumont's second place Exporters idle while Thomas was winning his 12th game of the season in turning back San Antonio, 5-1, last night. It gave Thomas a two-game margin in pitching victories over any other Texas league twirler.

He held the Missions to seven hits while his mates pounded the gate for an even dozen.

All other games were rained out. Houston was to have played at Dallas, Shreveport at Fort Worth and Beaumont at Oklahoma City.
