

CARRIED INJURED PLAYMATE — Six-year-old Randy Tays, shown with his dog, carried his five-year-old playmate, John Joseph Flisinger, Jr., more than a quarter of a mile to his home at Kansas City after the younger boy's foot had been crushed by a freight train. Physicians said Randy's prompt action may have prevented more severe shock. (AP Wirephoto).

Soldiers Search Jewish Village For Weapons

Residents Herded In Enclosure By Surprise Move

HAIFA, Aug. 26 (AP)—More than 5,000 British soldiers today swooped on the little Jewish village of Sedot Yam, near the old Roman seaport site of Caesarea, and began an inch by inch search for munitions, saboteurs and illegal immigrants. Machine gun emplacements dotted the rocky hillside overlooking the village as troops made a pre-dawn move in an effort, the military announcement said, to apprehend the persons who blasted the British ship Empire Rival in Haifa harbor a week ago. Brigadier R. H. Anderson, commanding the second brigade of the first infantry division, told newsmen that "there was no doubt" the village was a pivotal point in the successful landing of 180 illegal immigrants last week. He indicated that further perpetrators of the Haifa sabotage may have operated from the same area. The village's 200 residents were taken from their homes and herded into a temporary enclosure nearby for questioning while troops made a house to house search. Approximately 40 persons were detained for questioning.

Search Made For Missing Airmen As Tito Makes New Charges

Reparations Fight Shaping Up At Parley

PARIS, Aug. 26 (AP)—An Australian delegate to the peace conference today proposed that Russia be called upon to "justify her reparations demands," and asked that a special "on the spot" investigation be made of the ability of former European enemy nations to pay the Soviet's \$900,000,000 demands. E. Donald Walker made the proposal to the economic commission for the Balkans after the Italian commission had approved two more paragraphs of the preamble of the Italian draft treaty. Soviet Foreign Minister V. M. Molotov responded: "Australia has not had her fields, cities and industries devastated." He described Russia as "lenient" in asking for \$300,000,000 from Romania when "billions of dollars of damage has been done." Molotov pointed out that Russia had increased the time allotted for payment from six to eight years. Russia has asked reparations from Romania, Finland, Hungary and Italy. The United States, Great Britain and France did not include reparations demands of any set figure in the draft treaties that the foreign secretaries conference prepared for the peace parley. The Italian commission to date has passed on approximately 1.3 per cent of the entire document. No progress whatever has been made on any of the other four treaties. Nearly three and a half hours were consumed in debate before 18 words of a Netherlands amendment and seven words of an Australian amendment were adopted by the Italian commission and the treaty finally approved. There are more than 55,000 words in the five treaties. The Netherlands amendment, drafted after revision, had the effect of giving to Italy greater recognition for her part in the war against Germany.

BEFORE FLYING HOME—T-4 William Lehman, Chicago, looks on as Nurse 2nd Lt. Vera Hankowitch, Brookfield, Wis., holds his nine-week-old motherless baby, Susan Jane, at Orly Field, Paris, France as they wait for a plane to fly them to the U.S. Lehman was given permission to fly on an Air Transport Command plane because regulations prohibit small children of American soldiers to travel by ship. (AP Wirephoto by Radio from Paris).

Slavs Ordered To Pay Highest Military Honor To Three Bodies Found

BELGRADE, Aug. 26 (AP)—Rescue parties combed the Julian Alps today in a renewed search for two missing US airmen while plans were completed to accord highest military honors to three of their comrades killed Aug. 19 when their transport plane was shot down by Yugoslav fighters. The Yugoslav Fourth army, in whose command area the plane crashed in flames, stood by on orders from the government to accompany the bodies of the trio from the village of Koprivnik to Belgrade. Top ranking officers of the Fourth army will accompany the flag-draped funeral vehicle today from Koprivnik, where the airmen were buried in a common grave, to the airport at Ljubljana. The procession will pass through Bled, where Premier Marshal Tito has been vacationing. A guard of honor will remain with the bodies at a mortuary in Ljubljana until they are placed aboard the private plane of US Ambassador Richard C. Patterson for the flight, possibly tomorrow, to Belgrade.

JAMES CLARK McREYNOLDS

A Yugoslav fighter squadron will circle Ljubljana and escort the ambassador's plane to the Yugoslav capital. Lt. Col. Chester M. Stratton, assistant US military attaché, announced Marshal Tito's compliance with the American request for highest military honors. The Yugoslav ministry of information made new accusations against aircraft of Britain and the United States yesterday. The ministry asserted that 110 "Anglo-American military planes" violated Yugoslav territory between Aug. 10—the day after the first US transport was shot down—and Aug. 20. It said that of this number 34 were fighters, 57 bombers and the remainder transports. Tito declared previously that the purpose of the flight was "reconnoitering" regions occupied by military units. Official and semi-official newspapers in Belgrade called the incidents part of a planned campaign which the western powers intended to use to discredit Yugoslavia at the Paris peace conference.

M'Reynolds Dies; Retired Justice Of High Court

WASHINGTON, Aug. 26 (AP)—James Clark McReynolds, who topped all his supreme court colleagues in dissenting to new deal laws, is dead. The 84-year-old retired associate justice died at Walter Reed army hospital Saturday night. He had been ill a year. The body will be taken to Elkton, Ky., for funeral services Thursday. McReynolds stepped down from the court on Feb. 1, 1941, after 26 years on the bench—the last eight of them marked by fiery denunciations of legislation pushed through congress by the Roosevelt administration. A democrat himself—he served as attorney general under Woodrow Wilson—McReynolds nevertheless voted against every major new deal measure and nearly all minor ones that reached the high court. His death leaves only two members of the court which President Roosevelt said was made up of "nine old men" living in "horse and buggy days." They are Chief Justice Charles Evans Hughes and Associate Justice Owen J. Roberts, both retired. McReynolds' death came unexpectedly. He entered the hospital August 2 but apparent improvement in his condition led his brother, Dr. Robert P. McReynolds to leave for his Los Angeles home Friday. That day, however, the retired justice developed signs of pneumonia and failing heart. His brother, the only close relative, was reached at Chicago and hurried back to Washington.

Surplus Gifts To Schools Approved

WASHINGTON, Aug. 26 (AP)—The justice department in an opinion today approved the gift of surplus property by the War Assets Administration to non-profit educational institutions. The ruling was prepared by acting Attorney General J. Howard McGrath following a request by Robert M. Littlejohn, war assets administrator. McGrath also said that newly-formed non-profit institutions were eligible to receive gifts of surplus property under the surplus property act. The announcement said, the opinion was "in answer to two questions submitted in general terms to the department of justice in connection with the disposition of surplus property to states and non-profit educational institutions." The announcement emphasized that no opinion was requested or given on the merits of any particular transaction.

County OK's Budget; To Spend \$402,582

A budget for Howard county in 1947, setting up total expenditures of \$402,582, against available resources of \$444,587, was approved Monday morning by the commissioners court, following a public hearing. It was a hearing, actually, for the court and press, since no taxpayers were present. Generally speaking, county operations will be on about the same basis as the current year, with the exception that provision for the county's share of the proposed Big Spring-Snyder highway makes total expenditures run an estimated \$133,078.48 higher. If materials are available and right-of-way developments occur, the budget provides for expenditure of the money voted in a 1945 bond election. The county anticipates total receipts of \$235,725, against \$218,525 for the current year, and is counting on a beginning-of-the-year balance of \$208,862. Provision is made for \$102,700 from current ad valorem taxes and \$4,785 from delinquent taxes, with other receipts (fees, etc.) of \$128,240. Property liable to taxation during the current year is budgeted at \$16,700,000, and the fiscal schedule calls for a tax rate of 63 cents, up one cent from the current year. This is due to be fixed in September. The county's outstanding bonded indebtedness is \$194,000, of which \$135,000 is accounted for the 1945 road bond issue. The tax rate is due to be broken down as follows: Jury fund, three cents; road and bridge, 15 cents; road and bridge special, five cents; general, 25 cents; permanent improvement, three cents; road bond fund, series 1945, 12 cents. Funds made available to the county library have been increased by \$1,000 over the current year.

Democratic Convention Next Important Event In Political Activity

By the Associated Press After seeking out voters for several months, Texas' political candidates—winners and losers—today were seeking seclusion and rest. The winners have definite problems ahead, including proposed legislation and changes and appointments. The losers' problems vary. Some will return to their old businesses or jobs. Others will begin new ventures. For winners and losers alike, however, the Sept. 10 state democratic convention at San Antonio is high on the agenda. In Corsicana, friends of Beauford H. Jester, the gubernatorial nominee who on Saturday polled the largest run-off majority in Texas history, indicated that he may go fishing this week. The governor-elect already is giving thought to the San Antonio convention and has reaffirmed his campaign pledges of seeking party harmony. Homer F. Rainey said in Austin he wanted to rest at a location he did not reveal. His business and political plans for the future are uncertain, he said. Jester, who spent the week-end with his family and friends in Corsicana, meanwhile continued to pile up votes in his landslide victory that on latest returns had given him 65.76 percent of the 1,039,493 votes tabulated. Of the 252 counties, Jester was leading in all but Roberts, Bastrop, Travis, Loving, Zapata and Kleberg. Other nominees include State Senator Allan Shivers of Fort Arthur for lieutenant governor, J. E. McDonald for reelection as state commissioner of agriculture, and Judge Tom Beuchamp for reelection as judge of the Court of Criminal Appeals. Six congressmen, including two veteran representatives seeking re-nomination and four freshmen, hold apparent victories based on latest returns.

LATEST TABULATIONS

GOVERNOR: Jester 683,605, Rainey 355,888. LIEUTENANT GOVERNOR: House 438,038, Shivers 561,582. AGRICULTURE COMMISSIONER: J. E. McDonald 498,020, R. E. McDonald 470,823. CRIMINAL APPEALS: Beuchamp 501,977, Owens 444,138. CONGRESSIONAL: DISTRICT 5: Hughes 22,819, Wilson 36,890, (complete.) DISTRICT 9: Mansfield 29,070, Sulak 25,958, (7 of 15 counties complete, all reporting.) DISTRICT 12: Jackson 28,978, Lucas 30,295, (3 of 5 counties complete, all reporting.) DISTRICT 15: Ellis 21,192, West 21,982, (complete.) DISTRICT 17: Blanton 21,943, Burleson 28,684, (8 of 12 counties complete, all reporting.) CIVIL APPEALS: DISTRICT 5: Bond 49,649, McCarroll 47,960.

Council Scout Meet In Midland

First of a series of meetings for analyzing the Buffalo Trail Council boy scout organization is scheduled for 5 p. m. today at Midland. Meetings are to be held throughout the week, with all but one scheduled for Midland. In the opening session, to be attended by all district chairmen, administration will be discussed. At 7:30 p. m., the finance committee will meet, with Elmo Wasson to represent the Big Spring district. The remainder of the schedule at Midland, with the Big Spring representatives, follow: Tuesday at 5 p. m., health and safety. Dr. P. W. Malone; Wednesday at 5 p. m., Leadership training. Dr. P. D. O'Brien; Wednesday at 7:30 p. m., organization and extension. Nat Shick; Thursday at 5 p. m., camping and activities. C. S. Blomshield; Thursday at 7:30 p. m., advancement. W. C. Blankenship. The closing session of the series, which will be attended by council commissioners, will be held in Big Spring Friday at 5 p. m. A dinner meeting for 8 p. m. also is being planned. George Holland, of Dallas, will represent regional headquarters at the meetings.

Legislative Race Poils Heaviest Vote In County

Political activity on the local front had faded away Monday, in the wake of Saturday's democratic runoff which brought about the completion of the list of public officers to serve Howard county for 1947-48. Although Saturday's voting was some lighter than in the first primary in July, the total was considered about average. Top vote shows Saturday was 4,092 in the Blount-Barnes legislative race, against a total of 4,827 a month before. All boxes reported before 9 p. m. Close margins marked most of the state races in Howard county voting. In the governor's contest, it was 2,207-1,881; for lieutenant governor 2,077-1,903; for agriculture commissioner 1,952-1,919. The county went for Beauford Jester, and only two boxes, No. 1 and No. 8, gave Homer P. Rainey a majority. Of major note was the fact that, next January, there will be four new faces out of five, on the county court. Three incumbents were defeated Saturday—Thad Hale, R. L. Nail and Ed Brown—and will

Georgia Court Upholds State Election System

ATLANTA, Aug. 26 (AP)—A three-judge federal court upheld today Georgia's county unit vote system of deciding democratic elections and refused to invalidate nomination of Eugene Talmadge to a fourth term as governor. The tribunal dismissed a suit of an Emory University professor and an Atlanta woman civic leader which sought to have the unit system declared void and the nomination of Talmadge cancelled. The judges said it was their unanimous opinion that "an interlocutory injunction should be denied." The opinion said "these unit votes also appear in the electoral college in choosing a president, so that there have been presidents who did not receive a majority of the popular vote." In the July 17 democratic primary, Talmadge won the nomination under the unit vote system although he trailed James V. Carmichael, backed by Governor Ellis Arnall by about 14,000 votes in the statewide popular vote total. Under the unit vote system, each county is allocated a designated number of unit votes—from two to six. The candidate receiving the most popular votes in a county received its unit votes. There are 410 unit votes in the state and 206 are required to nominate.

Barton Out On Bail On Forgery Charge

Bailey Barton, returned here Sunday from Dallas by Deputy Sheriff A. D. Bryan, has been released from the county jail on \$500 bond after being formally charged with passing forged instruments. Barton, picked up by the Dallas police last week on a tip from local officers, is accused of having given a \$20 check here last August 1. Bailbearers are to be Jack Smith, H. A. Rogers, Buddy French, R. W. Hallbrook, Rube McNew, Freeman Denton, C. M. Wilkerson, P. R. Stroud, Mr. Brock of Westbrook, Lester Murphy, Hubert Clawson and George Ealy.

Hines Girl Drowns In Colorado River

LLANO, Aug. 26 (AP)—Imogene Hines, 10, of Big Spring, drowned yesterday at the fork of the Llano and Colorado rivers 18 miles east of here. She was the daughter of Mr. and Mrs. Gene Hines, Big Spring, who were visiting relatives. Several children were in swimming when the child stepped into a deep hole. She was added to the list of those entitled to "most serious consideration" for occupational deferments. They are college and university teachers, home construction workers, critical production and transportation workers. Fathers, certain categories of veterans and essential agricultural workers, are deferred by law. Eighteen year olds must register but are not subject to induction until they reach 19. For the present at least, the army says it wants no one over 30.

Early Hearing Set For Greece

NEW YORK, Aug. 26 (AP)—An early hearing by the United Nations security council of the charge by the Soviet Ukraine that the Greek government is a threat to the peace of the Balkans appeared assured today. Acting swiftly in answer to the Ukraine's request for speed, the United Nations Secretariat and Dr. Oscar Lange of Poland, president of the security council, put the new case in the council's agenda for Wednesday, immediately after consideration of applications by nine nations for admission to the United Nations. It was believed that the Greek case would be heard late in the week. The case materialized Saturday when Dmitri Manuilsky, foreign minister of the Ukrainian Soviet Socialist republic, sent from Paris to Trygve Lie, secretary-general of the U. N., a complaint charging the Greek government with: 1. Numerous border incidents on the Greek-Albanian frontier "which are being provoked by the Greek armed units with the connivance and encouragement of the Greek authorities;" 2. Persecution of national minorities in Macedonia, Thrace and Epirus. "The complaint said such a policy 'threatens to convert the Balkan peninsula into a center of bitter conflicts and to entail international complications.'"

Sherrill Services Slated Tuesday

Funeral services for Hershel T. Sherrill, who died Thursday night at a local hospital, will be conducted at 2 p. m. Tuesday at the Assembly of God church. Sherrill was receiving treatment for burns received in a flash fire at the Cosden refinery Thursday. Survivors include his wife, three stepsons, Hubert Sheets, Rev. Homer Sheets and Howard Sheets, five grandchildren, four brothers, Cecil, Homer and Curtis Sherrill, all of Decatur, Ala.; two sisters, Wyna Sherrill and Mrs. Lois Mayes, both of Birmingham, Ala. The Rev. Winter, pastor of the Assembly of God church, will conduct the services. Arrangements are in charge of Eberley funeral home.

Named As Expert

WASHINGTON, Aug. 26 (AP)—Silver Whitsett, agricultural agent for Guadalupe county, Texas, has been named among eight American agricultural experts who will leave for Great Britain about Sept. 3 as guests on the United Kingdom on a month's tour of agricultural stations and farming areas. There were no teen agers among them. Congress finally compromised on that issue by exempting 18 year olds but specifying those 19 were to be drafted. During the July-August holiday local boards have been registering and classifying men between 18 and 44 under instructions from Maj. Gen. Lewis B. Hershey, national director, to limit deferments to individuals in activities "indispensable" to the "national existence." Four new categories have just

Range Professor Visits Local SCS

E. L. Mader, professor in Range Management at Texas Tech, spent Friday and Saturday here with E. J. Hughes of the SCS making a study of problems relating to that type of work. Mader said he was interested in becoming familiar with conservation problems in SC districts and in learning what ranchers are doing to improve the productivity of their ranges. The educator is making plans to teach a practical course in range management this fall and wants his students to have advantage of information gained by SC districts through their co-operation with ranchers throughout West Texas. His schedule will carry him to Sonora, Marfa, Fort Stockton and Pecos before he returns to Lubbock.

Company Announces Metal-Buying Plan

The Big Spring chamber of commerce announced today that a metal products company has submitted a new plan for prospective purchasers which will be turned over to anyone needing metal equipment. Under one phase of the plan, users may buy finished products on a pound for pound basis when they turn in scrap or raw material to the company. Another phase provides for special order of products not manufactured in the company's general line. Further information may be obtained at the chamber of commerce.

Four Youths Enlist For Army Service

Adrian Cate, James D. Thomas, A. J. Cain and W. F. Prater, all of Big Spring, have been sent to Goodfellow Field after enlisting in the US Army at the local recruiting station. Cate, Thomas and Cain volunteered for 18 months while Prater signed for three years and will go into the AAF. R. E. Boaz left Sunday for Goodfellow Field after being processed for service here. During the war he saw service in the US Navy. A total of 46 men have been processed for military service at the Army recruiting station since Aug. 1. Quota is 65.

Colorado Boosters Due Here Friday

A goodwill delegation from Colorado City is due to visit Big Spring Friday on a trip planned for promoting interest in the annual Frontier Roundup and Rodeo to be held there Sept. 4-5-6-7. The group, which will travel in several automobiles, will make a complete tour of this section of West Texas Thursday and Friday. They are scheduled to arrive in Big Spring at 9:15 a. m. Friday.

Jester To Name RR Successor

DALLAS, Aug. 26 (AP)—Beauford Jester, newly-elected democratic candidate for governor, said in a telephone conversation from Corsicana that he would name his own successor to the railroad commission.

Range Professor Visits Local SCS

E. L. Mader, professor in Range Management at Texas Tech, spent Friday and Saturday here with E. J. Hughes of the SCS making a study of problems relating to that type of work. Mader said he was interested in becoming familiar with conservation problems in SC districts and in learning what ranchers are doing to improve the productivity of their ranges. The educator is making plans to teach a practical course in range management this fall and wants his students to have advantage of information gained by SC districts through their co-operation with ranchers throughout West Texas. His schedule will carry him to Sonora, Marfa, Fort Stockton and Pecos before he returns to Lubbock.

County OK's Budget; To Spend \$402,582

A budget for Howard county in 1947, setting up total expenditures of \$402,582, against available resources of \$444,587, was approved Monday morning by the commissioners court, following a public hearing. It was a hearing, actually, for the court and press, since no taxpayers were present. Generally speaking, county operations will be on about the same basis as the current year, with the exception that provision for the county's share of the proposed Big Spring-Snyder highway makes total expenditures run an estimated \$133,078.48 higher. If materials are available and right-of-way developments occur, the budget provides for expenditure of the money voted in a 1945 bond election. The county anticipates total receipts of \$235,725, against \$218,525 for the current year, and is counting on a beginning-of-the-year balance of \$208,862. Provision is made for \$102,700 from current ad valorem taxes and \$4,785 from delinquent taxes, with other receipts (fees, etc.) of \$128,240. Property liable to taxation during the current year is budgeted at \$16,700,000, and the fiscal schedule calls for a tax rate of 63 cents, up one cent from the current year. This is due to be fixed in September. The county's outstanding bonded indebtedness is \$194,000, of which \$135,000 is accounted for the 1945 road bond issue. Dave Ferriss Scalps Indians In Bid For All-Time Record

By The Associated Press
Dave (Boo) Ferriss, the Boston Red Sox' sophomore pitching wizard, not only is the major league's biggest winner today, but appears on his way to establishing a modern record for most games won by a pitcher in his first two seasons in the big leagues.

Ferriss, whose 23rd mound triumph yesterday helped the American league leaders sweep a

double header against the Cleveland Indians and increase their margin over the second place New York Yankees to 14 games, already has registered 44 victories in his first two years, only three shy of the record of 47 set by Grover Cleveland Alexander with the Philadelphia Phillies in 1911-12.

Wes Ferrell of Cleveland holds the American league mark of 46 set in 1929-30. Ferriss outdueled Red Embree of the Indians 2-1, aided by Bobby Doerr who smashed two home runs.

In sweeping the twin bill at Boston, the Sox wiped out any mathematical chances of the Chicago White Sox and St. Louis.

The Brooklyn Dodgers and St. Louis Cardinals, after a seven hour battle in St. Louis, ended up all even in their doubleheader. As a result they remained tied for first place in the torrid National League pennant race. The Brooks came from behind to eke out a 3-2 victory in the opener, but the Cards climbed all over six Brooklyn pitchers to win the wild and woolly nightcap 14-8.

The New York Yankees became the first club ever to reach the two million mark in attendance yesterday, but their joy was chilled by Hal Newhouser and Hank Greenberg, who collaborated to give the Detroit Tigers a 7-3 victory at the Yankee stadium.

Lou Posedel, former Illinois university and semi-pro righthander from Chicago, made a successful major league pitching debut against Cincinnati. After Joe Beegs had blanked the Phils 7-0 in the opener, the 20-year-old Posedel won a 4-1 hurling duel with Harry Gumbert in the nightcap, trailing 1-0. Posedel was taken out for a pinch hitter in the

eighth, when the Phils came up with four runs to win. Hank Borowy pitched and batted the Chicago Cubs to a 3-2 victory over the New York Giants in Chicago. The former Fordham hurler allowed seven hits and scored the winning run in the ninth after his leadoff triple.

The Boston Braves made it 12 out of 15 from the Pirates by taking two games in Pittsburgh 7-5 and 10-5.

Washington rallied for two runs to tie the score in the ninth in-

ning, then pushed across the winning run in the 12th on Sherry Robertson's triple and pinch hitter Early Wynn's single to defeat the St. Louis Browns in Washington 5-4. After Ed Lopat pitched the Chicago White Sox to a 4-2 victory over the Philadelphia Athletics, his 10th triumph of the season, the Mackmen, behind Phil Marchildon, came back to win the second game 6-5.

LOOKING 'EM OVER

With TOMMY HART
Two popular athletes of bygone days dropped by the deak over the weekend, looking little older despite the onrushing years.

One is Samuel Coy Flowers, former high school grid great (1934-35), who had a promise of gold and glory in the professional ranks turn sour on him when he was lopped off the Brooklyn Dodgers' squad because of a frail arm.

The other is Frank (Lefty) Jacot, a whale of a pitcher for the Big Spring Barons of the 1938 and '39 WT-NM baseball league wars.

Flowers departed Sunday with the misus for Houston after a stay of several days at the home of his mother, Mrs. Hattie Flowers. He was discharged from the military last February and had remained in New York City for the fall football wars.

During his stay up East, Sam managed to see most of the big sports events at Gotham's famed athletic palaces. Perhaps his most vivid memory was that of last fall's Army football team and its magnificent victory over Notre Dame.

While in uniform, Sam was stationed at Stuart Field (West Point) for a while, where he drilled a Physical Education class. Among his pupils were Max Minor, the brilliant halfback, and Al Nimitz, the crackerjack tackle.

Sam figures his football days are definitely behind him. The bad arm, which was broken in a football scrimmage with the New York Giants last fall, didn't heal properly and another mishap could ruin it for him.

He's the father of two strapping boys now, will settle down to a job in Houston.

Like Flowers, Jacot was in uniform during the war years. He served in Italy. After his discharge last October, he returned to his job with an oil company in Texas. The colorful wronglander, whose hands are so big he can bury a baseball in either of them,

Hawaiian Hank Chalks Up 23rd Win For Dallas

By The Associated Press

Hawaiian Hank Oana, whose hurling and batting have meant much in the first post-war campaign of the Dallas Rebels, had another busy night last night as he won his twenty-third game of the season in turning back the seventh place Houston Buffs, 3-2, in twelve innings.

Houston had taken the first game of a twin bill, 7-4, by rushing across four runs in the seventh inning.

Oana went the route in the overtime nightcap, gave up 11 hits, hit a home run, collected two singles and struck out eight men.

In the only other Texas league game of the day, the league leading Fort Worth Cats lost their first doubleheader of the year as they were defeated by the third place San Antonio Missions, 6-4 and 5-2.

Two other doubleheaders, Beaumont at Tulsa and Oklahoma City at Shreveport, were postponed because of rain.

In the second game of the Dallas (twilight) bill, Houston went ahead with a single tally in the fifth, which the Rebels matched in their half of the inning. Oana's homer put the Dallas club out in front again in the eighth but the Buffs tied things up, 2-2, in the ninth to send the game into extra innings.

In the twelfth inning, successive singles by Al Carr, Clint Conaster and Bob Moyer after two were out gave the Rebels the victory tally.

San Antonio's Clarence Iott, although hit hard and requiring relief in the final inning, outlasted Willard Ramsdell to receive credit for the opener with Fort Worth. Charles (Chili) Wagener outpitched Al Zachary in the seven-inning second game.

Rube Naranjo provided the heavy mission power in the opener, with a double and three singles, while Stan Galle collected a double and two singles in the second game.

Fort Worth committed nine errors in the two games.

Fordmen Challenge Oilers In Feature Muny Debate

Two Teams Take Field At 9 P. M., Veterans Play

Dike Tolbert's Motorists will make their bed in Muny softball league play at the city park this evening, when they take the field at 9 o'clock against the Cosden Oilers.

If they win, they remain in the scrap for the second half crown. If the Cosdens finish in the lead, it's all over for the Fordmen until 1947.

Tolbert's gang is a game and a half off the Redcap pace. Leon Glenn Bredemeyer and Company must get all the breaks to break the tape in front.

A Cosden loss tonight coupled with the Redcap victory over the Veterans of Foreign Wars would leave the Refiners two games away from the top and virtually eliminate them from second half title consideration.

The Redcaps, now boasting a record of 15 victories in 18 starts, take on the Vets in the 7:30 debate. The Ex-GI's are weakened by the recent loss of power-hitter Hal Battle but can be hard to corral at times.

Bredemeyer is due to toe the slab for the Fordmen in their supreme bid against the Cosden brigade, which will probably counter with Red Harrison.

The Refiners will be playing without the services of Frank Barton and Jim Tidwell, who have gone to college. Conn Isaacs will probably be at first base in Tidwell's place.

Jake Morgan is ticketed to shift over to Barton's old short-stop slot making room for Pat Stasey in the hot corner.

Probable lineups:
Cosden: Womack, c; Isaacs, 1; J. Morgan, ss; L. Morgan, rf; Stasey, 3b; Solden, cf; Berry, 2b; Cunningham, lf; Harrison, p.
BS Motor: Chapman, rf; Weaver, 2b; Bredemeyer, p; Newton, 1b; Teague, ss; Strauss, 3b; Felts, cf; Cook, lf; Davis, c.

Victoria River Downs, cattle station in Australia's Northern Territory, covers 6,686,912 acres, more land than Vermont.

Total Of 41 Registers

Anderson Leads Early Qualifiers For BSI

The Martins and the Joneses have nothing to fear from the 13 players who turned in qualifying scores for the Big Spring invitational golf tournament Sunday at the country club.

Best score of the day was reported by diminutive Jake Anderson, who had an 81 for the par-72 layout.

A field of 41 players have registered for the big Labor Day event already, influencing tournament officials to expect a record turnout. Pro Shirley Robbins said this morning he thought 140 to 150 golfers would tee off in the

first round of play next Sunday.

Regular qualifying day is Saturday, the day following the Hall and Bennett trophy matches, but local linksmen can post scores for the meeting any time this week. Only those touring the course on Saturday will be eligible for the medalist prize, however.

Others who played Sunday and their scores include:

Carl Strom 85, George Tillinghast 91, Doug Hill 86, Martin Staggis 92, LeRoy Wood 92, Dub Prescott 83, Novis Womack 85, Tommy Jordan 89, Bob Hodges 84, Ray Snyder 89, Joe Blum 99, Aveyau Faulkner 93, G. F. Gideon 91, Travis Read 93, and Poe Woodard of Stanton 85.

T. B. Reeves, B. W. Winland and Doug Gilliland, all of McCamey, practiced Sunday and were to qualify some time today.

The Barney Barnards, senior and junior, led a Lamesa party down for a practice round but will not qualify until Saturday.

Iverson Martin, captain of the visiting team in the Hall and Bennett cup matches, is expected to make public his lineup in a few days. He has not indicated whether or not Earl Stewart, Jr., will make the odyssey here.

Persons may practice all week upon payment of the \$5 entry fee.

Loboes For Sale, But Lamesa Plans To Hold Franchise

LAMESA, Aug. 26—F. M. McClendon, president of the board of directors of the Lamesa Loboes of the West Texas-New Mexico league, said the baseball club, including players' contracts, equipment, a bus, box seat chairs, etc., was for sale in an announcement Saturday.

McClendon said the club was currently priced at \$6,000 but stressed the fact that the franchise was not for sale and that Lamesa would have baseball next year in one way or another.

The Loboes have occupied the cellar berth in league play the greater part of the season but despite this fact, McClendon said, the club will finish the season clear of debt.

The Loboes return to their home diamond Friday night, when they will open a three-game series with Pampa.

Busiest Oil State

CASPER, Wyo.—Oil activity in Wyoming equals the total in all other Rocky Mountain states, H. O. (Tex) English, executive secretary of the Rocky Mountain oil and gas association, revealed here recently.

During the period 1919-1932, the Coast Guard, then a part of the Treasury Department, enforced prohibition.

Peppy To Have His Hands Full

BIG SPRING, Aug. 26 (AP)—When R. E. (Peppy) Blount takes time out from playing football at the University of Texas this fall and glances up in the stands he will probably remark:

"My, my, look at all the constituents who turned out today."

Blount won the democratic nomination as representative to the state legislature in the 91st district last Saturday, complete returns from the six counties showed today.

The former air forces pilot, who won the distinguished flying cross for action in the Pacific in the recent war, rolled up 6,336 votes to 5,526 for the incumbent, Cecil H. Barnes, in the run-off primary.

Blount says he may be a little late reporting for football training at the University of Texas early next month but he not only plans to continue on the gridiron but to play basketball next winter.

Since the legislature, located only a few blocks from the university in Austin, doesn't open its session until January Peppy doesn't anticipate his law-making duties will conflict with playing end on the Longhorn team. During basketball season, however, he might miss a game or two because of committee meetings or late sessions.

Blount last fall became known as the "clutch man" of Texas' drive to the southwest conference championship. He caught the pass that beat Southern Methodist when Texas' fortunes were low after a defeat at the hands of Rice and he caught a touchdown pass to clinch victory over Texas A. and M. on Thanksgiving day when the conference title was in the balance.

The district Blount will represent in the legislature is made up of Glasscock, Howard, Irion, Reagan, Sterling and Tom Green counties with a combined population of 66,849.

Waco Dons One Of 3 Unbeaten Teams In Semi-Pro Baseball Meet

WICHITA, Kas., Aug. 26 (AP)—Three undefeated teams went into the fourth round of the national semi-pro baseball tournament here today as the marathon entered its final week.

They are the St. Joseph Autos of Michigan; Waco, Tex., and Carmichael, Calif.

St. Joseph defeated the Oklahoma champions from Norman last night 8-2 with Roy Henshaw, former National American League Southpaw, getting credit for the victory.

The Waco Dons shut out the Fort Smith, Ark., Edwards Veterans, 8-0 in seven innings. The Camp Lee, Va., Soldiers eliminated

Perth Amboy, N. Y., by a 10-1 score, while Hurley, N. M., booted Silver City, N. M., out of the tournament with a 5-1 defeat, and the Portland, Ore., Gilberts did likewise with the Enidaires of Enid, 8-7. The Enidaires were the 1945 tournament title winners.

Today's schedule: (Central Standard time)
6 p. m.—Kansas City, Mo., Burnett Meat vs. Camp Lee, Va., Travelers.

8 p. m.—Wichita, Kas., Boeing Bombers vs. Phoenix, Ariz., International Life.

10 p. m.—Denver, Colo., Cigars vs. Milwaukee, Wis., Nerads.

WICHITA, Kas., Aug. 26 (AP)—The Waco, Tex., Dons defeated Fort Smith, Ark., 8-0, here yesterday to remain among the undefeated in the national semi-pro baseball tournament.

As the tournament enters the fourth round, other undefeated teams include St. Joseph Autos of Michigan and the Carmichael, Calif., team.

The Dons scored six runs in the fourth inning on four singles, a double, a walk and an error on a double play ball in defeating Fort Smith. Under the eight-run-lead rule, the game was called at the end of the seventh inning. Ft. Smith ... 000 000 0-0 5 2 Hillin and Deaton; Pryor, Edwards and Bates.

Hodges Kayoes Pipes, One Up

Bob Hodges sprang a mild upset in the finals of the first flight in the city golf tournament at the muny course Sunday by thumping John Pipes, one up by the 21st hole.

Pipes had won all his earlier matches handily after qualifying with an 80.

In other play, Martin Staggs took the measure of H. W. Smith, 3 and 2, to win second flight laurels; and Ray McMahen shaded Lloyd "Pat" Patterson, 2 and 1, in the last round of the third flight.

Jake Anderson subdued Doc Young, two up, in first flight consolation finals; Bill Johnson dethroned C. M. Shaw, 3 and 2, in third flight consolation; and J. W. Craig kayoed Clifton McDonald, one up, in the last round of fourth flight consolation. Championship match between Jake Morgan and Obie Bristow was delayed until Wednesday.

The EYE
that looked ahead

It was early in 1871. Across the boundless reaches of the Southwest, surveying parties for the Texas and Pacific Railway pushed their way through wild, rugged country. They were the advance men—engineers who marked the way for the shining twin rails that were to follow. They were men of courage and vision, too—men whose eyes looked ahead to the possibilities of a vast empire rising out of the Southwest. Because their eyes looked ahead and because they were determined to realize their dream of a transcontinental railroad across the Southwest, these early builders conquered almost unsurmountable difficulties.

Today their dream of empire is a reality. The Southwest is a mighty land—it is in the vanguard of the new industrial growth of the nation. During these past 75 years of progress, the Texas and Pacific has been a dominant factor in the Southwest's growth. It has furthered its industrial and agricultural development—it has furnished a life line for the flow of commerce. Today, the Texas and Pacific is providing even greater service for the people of the Southwest... with its famous Sunshine Special, the only complete through daily train linking Texas and the East. The coming of the Eagles will usher in a great new era in rail transportation. Yes, Texas and Pacific still looks ahead... seeking new horizons of achievement for the Great Southwest.

W. G. VOLLMEYER, President

WATCHDOGS FOR THE GOVERNMENT

Undercover Men Protect Both You And Truman Against Crime, Theft

[Editor's Note: This is the third of six stories revealing the work of the undercover men who expose the crimes and men who defy the laws of the US government.]

By FRANK L. WELLER
AP Newsfeatures Writer
WASHINGTON—The storekeeper was busy. He was careless, too. So he failed to note that the government check he cashed for a negro was payable to a Chinese war veteran.

Frank J. Wilson, Secret Service chief told me about it to emphasize how careful you have to be with government checks these days. His 20 agents have handled thousands of cases since checks have been pouring to pensioned veterans and the dependents and survivors of servicemen. Some 300,000,000 will be mailed during each of these early post-war years.

Thefts occur principally at apartment houses and homes when occupants are away. Agents caught one woman, with a baby in her arms and a screwdriver in her pocketbook . . . and 11 veteran checks she had pruned out of mail boxes. They tell of gangs of teenage kids forging and cashing old-age pension checks. (The Secret Service is primarily interested in forgeries of such checks, postal inspectors with mail thefts.)

Wilson is campaigning for merchants and other stolen check victims to "know your endorser." He says a favorite trick of these thieves is to present a stolen department store bill along with a stolen check to a hurried cashier and rush away with the change. While Wilson is assisting Elmer

Irey, coordinator of Treasury enforcement agencies in planning a program, James J. Maloney is acting chief of Secret Service. Maloney is effecting regional planning in each of the 15 district headquarters. He is counting heavily on the 41 percent of experienced personnel now back from the armed forces.

Aside from guarding money and negotiable Treasury paper, the Secret Service is charged with protecting the president.

Jim Rowley, chief of the White House detail, has 30 agents. Their identity is almost unknown to all except White House personnel and regular White House newsmen.

Rowley rides Mr. Truman's automobile running board. His boys mingle with the crowds enroute for advance protection. They surround him even at press conferences. Mr. Truman's first intimation of FDR's death was when Secret Service men suddenly appeared at the Vice-President's office to escort him to the White House.

It was right after the assassination of President McKinley that congress authorized Secret Service to guard the president as well as members of his family, the President-elect and visiting dignitaries.

Congress first authorized the service in 1860 to suppress the counterfeiting of money. It is the

oldest crime detection agency in federal government. It has had a tough fight.

Counterfeiting reached a peak in the '30's of more than \$1,000,000 a year. It is reduced now to a "nuisance level" of less than \$30,000.

Olivia De Havilland To Wed Scenarist

NEW YORK, Aug. 26 (AP) — Screen Actress Olivia de Havilland will be married today to Scenarist Writer Marcus Goodrich. The marriage will be the first for the actress, who is 30 years old, and the fifth for 48-year-old Goodrich.

ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water? Then you should know about that famous doctor's discovery—DR. KILMERT'S SWAMP ROOT—that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 18 herbs, roots, vegetables, balsams. Dr. Kilmert's is not harsh or habit-forming in any way. Many say its marvelous effect is amazing. All druggists sell Swamp Root.

The Army's Recruiting Campaign

The army is redoubling its efforts toward building a complete volunteer organization, and is making progress. It would like to release all men brought in by selective service, and to do that must have young men who want to make the military their profession.

The organized recruiting program started in October, 1945, and since last fall has added 900,000 men; but the command says it needs 1,550,000 men this fiscal year, so the campaign must continue.

By June 30, next year, the army expects to put its requirements at 1,070,000 men. But even from then on, it will require 35,000 to 40,000 men per month, including re-enlistments and new volunteers to maintain the army at the strength designated.

About all the attractions that a man could

devise in the way of military career are being held out to young men; and no army at any time in history has, or could, offer its personnel so much.

The matter of pay — plus various subsistence and retirement benefits—alone is enough to put many a young man to thinking about the military as a career. Much is offered in the way of valuable training, and particularly will the military be able to offer men of scientific bent a great deal in the way of training for the atomic age.

The enlistment program fits into the American scheme much better than does the system of selective service. The army's needs ought to be a subject of concern of all of us, so that the basic needs of defense can always be met.

UN Reports To The People

"We, the people of the United Nations," now have a weekly publication by which to measure our progress peacewards. It is the United Nations Weekly Bulletin, a report to us of the activities of our U.N. and its specialized agencies. Like the world body itself, its beginnings are meek but its aims are bold. It is published at present in New York in English and French, with simultaneous publication soon to follow in London and Paris. But later, if plans work out, it will go to

press in every member nation in each one's native language.

The Bulletin does more than merely supplement newspaper reports of U.N. developments. It gives both background and forecasts, and highlights actual accomplishments which many newspapers tend to obscure by headlining vetoes.

It is our interest, our moral backing that forms the bulwarks of the U. N. The Bulletin is designed to strengthen those bulwarks.

The Nation Today—James Marlow

Government Forced To Lay Off Help

WASHINGTON (AP)—Thousands of government workers are being laid off monthly. People ask: How come? I thought a government job was a lifetime job.

Here are questions and answers about working for the government.

Q. Why are thousands being laid off?

A. Almost all are temporary wartime workers. The government is shrinking back toward peacetime size.

Q. With many thousands still to be laid off, is there any chance of getting a permanent job with the government?

A. Yes. But to do so, you must pass a civil service examination.

Q. Do any individuals, or groups of individuals, get special preference when government jobs are filled?

A. Yes. Disabled veterans, able-bodied veterans, wives of disabled veterans, and widows of veterans, or former federal workers.

Q. What does permanent mean?

A. Generally, it means for life.

Q. What are the civil service tests?

A. They vary. There'll be one kind for a stenographer, another for a locomotive inspector. The tests are decided upon by the civil service commission—A three-member board appointed by the president.

Q. How can you find out when a test for a worker like you will be given?

A. The government gives the tests publicly through newspapers, trade journals, post offices.

Q. What kind of pay does the government give?

A. It depends upon your classification.

Like a messenger, being in the lowest classification, gets the lowest salary.

A stenographer, placed in the

4th classification, would start off at about \$2,100 a year.

Q. How do you get promoted?

A. Your advancement depends upon the recommendation of your boss. Top civil service salary is about \$10,000. Very few get it.

Q. What benefits do you get, working for the government?

A. Generally you have to retire at 70. You get a pension, the size depending upon your length of service and salary.

You get a vacation of 26 days a year and are allowed 15 days off every year for illness.

Hal Boyle's Notebook

Trieste Seems So Quite

By JOHN P. MCKNIGHT (For Hal Boyle)

TRIESTE (AP)—The incredible thing about Trieste is that it could ever be violent.

Lazy, sunbather in the moist heat of the August sun, the city seems as little likely to flare into riot and bloodshed as the flat, milky green Adriatic at its front door is likely to boil with tempestuous storm.

A picture book city mixing the ancient and the modern, the exotic and the commonplace in savory blend. Trieste rolls down from low, stony hills to the great bay with such languorous grace that the thought of turbulence becomes almost untenable.

Trieste is—or seems to be—the antithesis of turmoil.

The Trieste—a heterogeneous, distinctive breed evolved through centuries of changing sovereignty, of playing host to the oppressed, of the flux of peoples common to all great seaports—appear to be cheerful, urbane, cosmopolitan and temperamentally apt to look down their noses at the hubbub of civic strife.

They look like people who would rather discuss the fine points of a good meal with a gourmet's knowledge than to argue the fine shadings of ideological differences.

You see them in gay throngs about open air cafe tables in animated conversation over coffee or vermouth or Trieste's good foamy beer, or bending to the good food that their public eating places serve with the devotion that good food demands.

You hear them, as they stroll singly and in groups along the broad Riva del Mandracchio before the piazza Dell'Unita in the city's heart, break into light hearted song—something rarely heard these days in Italian cities harder hit by war.

And one who, like this correspondent, has yet to see it, finds it incredible that pro-Italian and pro-Yugoslav factions are at each other's throats in sporadic outbreaks of violence because the two nations—and the world's major powers—are quarreling over its ultimate destiny.

It all lends some guise of verity to the frequent comment or allied military government officers here that spontaneous demonstrations and concomitant riots are by no means as spontaneous as interested parties would have it believed.

Editor Released

CAIRO, Aug. 26 (AP)—Doctor Mohamed Mandour, former editor of El Wafd Al Misri, opposition newspaper which the government suppressed in a campaign against alleged communist activity, was released from jail last night. He had been held since July 12.

CHAIN REACTION?

Broadway—Jack O'Brian

Tone Wants To Do Play

NEW YORK—Franchot Tone matter personally to determine the actual talents of said pup.

doing the town and looking at play scripts... Its now a public secret that Franchot turned down the lead in "The Voice of the Turtle" before it opened because he wanted a play with some sort of social or political suggestion, feeling that the time was ripe for seriousness rather than froth... The success of the Turtle, still voicing as one of Broadway's wrong from the public's viewpoint... But he still would like to get his teeth into an "important" play... He can be paid better in Hollywood if he chooses fluff.

DUKE ELLINGTON and Cab Calloway, investors in the new soft-drink firm know as the "Joe Louis Punch," are writing a song for the flavored fizzy as a promotional stunt... Armand Deutsch's brand-new story become a big independent instead of a comparatively small, though big-budgeted, indie... Deal is in the works whereby Deutsch would be joined by such famed producers as Edward Small, Howard Hawks and Sidney Buchman, the parent firm to be known then as "The Quality Group."

POLA NEGRİ's plans for a film comeback in England, have been abandoned... Fred Allen, at the English Grill in Radio City, said he had a new invention for two-dollar horse betters... a racing form which opens up into a pair of pants so the player can leave the track with dignity... Katherine Dunham's school of the dance and theater celebrates its first anniversary with a real melting pot of pupils... There are youngsters from Ireland, Switzerland, Palestine, Haiti and Brooklyn as well as New York. The student body of 250 includes 30 veterans.

US Blamed For War Between Chinese

NANKING, Aug. 26 (AP)—Gen. Chou En-Lai, Chinese communist chief negotiator, today blamed the United States for the breakdown of Chinese peace parleys.

The United States' policy of providing continuing support for Chiang Kai-shek's government basically is responsible for the failure of special envoy General Marshall and Ambassador Stuart to mediate the civil strife, he charged.

Nevertheless Chou offered in a two-hour press conference to renew the discussions with nationalist negotiators if the communist party received an iron-clad guarantee from Generalissimo Chiang Kai-shek that a nationwide ceasefire order would be issued at the conclusion of the negotiations.

Clark Gable's New York friends say he is soured on the film version of "The Mucksters" but is enthusiastic about "Christian of the Bounty," a sequel, of course, to his "Mutiny on the Bounty."

Leave it to Billy Rose... He read about an English dog that talks and immediately sent an offer of \$200 a week should the canine really possess the conversational ability described in the yarn... But Billy, typically colorful fashion, took a slightly indirect approach in his talent search... He called Lord Beaverbrook, the famed English publisher, who is an acquaintance of the Mighty Mite, asking him to look into the

HIGHWAY DEATH

BEAUMONT, Aug. 26 (AP)—W. L. Trotti, Jr., 19, was killed instantly yesterday when the motorcycle he was riding skidded and ran over him near Kountze, 30 miles north of here.

Washington Merry-Go-Round—Drew Pearson

Justice Department Aids Youth

(Ed Note—While Drew Pearson is on a brief vacation his column will be written by several distinguished guest columnists—today's by Tom Clark, attorney general of the United States. Attorney General Clark's column takes the form of a letter to Drew Pearson.)

By TOM CLARK My Dear Drew: The fact that I have been invited to pinch-hit on the Washington Merry-Go-Round proves, without a doubt, that there is a free press in the United States.

Your offer gives me an opportunity to write a story that is close to my heart—it's just about kids—and that's not kidding.

Most of us know that teen-age crime is nothing new in this country. It has been with us so long that some callous individuals have taken the attitude that juvenile crime is similar to a bit of dust. It must be hidden under the rug.

I'll have to admit that I, too, didn't see the scope of the problem until October of last year. At that time I visited a correctional institution near the District of Columbia. What I saw was appalling: Crowded housing conditions, first offenders mixed with repeat offenders and a lack of supervision in the educational, work and recreational program.

My first thought was that the department of justice could do its bit to erase this blot on a strictly federal basis. I took the narrow view that the department's concern was with the 16-hundred-odd teen-agers under federal jurisdiction. Closer investigation indicated that my attitude was like curing cancer with a mustard plaster.

I realized that juvenile crime—its prevention, control and correction—could not be segregated to either federal, state or community levels. It's a domestic issue that crosses state lines and community boundaries right down to the home life of these erring youngsters.

The scope of this problem has been ably illustrated by the federal bureau of investigation. The latest FBI statistics indicate that more 17-year-olds are arrested than in any other age group. Those under 21 represent fifteen percent of all murderers, fifty-one percent of all burglars, thirty percent of all rapists. Arrests of girls under eighteen have increased 198 percent since 1939.

Justice Department Tackles Problem

In February of this year, we of the department of justice decided to tackle the problem. We invited a comparatively small group of people—28 in all—to help us. They came from federal departments, state groups and private welfare agencies.

Their report was short and to the point. The crux of their recommendations was that teen-age crime must be attacked on the broadest possible basis—all the way from the child's home life to cooperation between federal, state, community and private organizations on a continuous basis.

And that's what's going on right now, Drew.

collaboration with hundreds of public and private agencies, has called a national conference for the prevention and control of juvenile delinquency. The actual conference will be a three-day affair on October 21, 22 and 23. But the preparatory work is already under way.

You see, this conference does not follow the usual pattern of the Washington "conferitis." It will be devoid of voluminous speeches, frills and window dressing. The participants will work instead of making speeches.

Progress Being Made

At this writing, we have already accomplished the following:

1. The entire field of juvenile crime has been divided into definite categories.
2. Pre-conference panels are meeting right now. For the first time in this field, representatives of federal, state, community and private organizations are working together in balanced groups. Restrictions are placed on the scope of an individual panel, not on its membership.
3. The goals of these panels have been set. They are to complete detailed reports. A number of these papers are now reaching completion.

Action the Key

All of this preparation will streamline and make easier the work of the full conference in October. At that time, the participants will also divide themselves into working panels. They will have the task of considering reports. They may alter them, make additions, delete sections or discard them in their entirety. Only one ground rule has been set. Prior to adjournment, each panel must bring out a final report that reflects its undictated opinion. The cumulative blueprint will be published and distributed on the widest possible basis.

It is our aim that the drive against juvenile crime will not end with the national conference for the prevention and control of juvenile delinquency. When the final session is over the pick-and-shovel work will really begin. Delegates will be charged with organizing similar conferences wherever they are active. Specific projects may be delegated to individual organizations which play a large part in community life. In industrial areas, labor unions may have to carry the ball. In rural areas, a great portion of the work would fall to farm groups. In all areas, the peculiarity of local conditions would be the guide.

You can understand, Drew, that we have undertaken quite a job

because we have recognized juvenile delinquency as a grass-roots problem. We are all aware that an issue of such magnitude cannot be solved by a single conference. But we hope that inroads can be made.

I can't solve the problem—the conference can't solve the problem—laws can't solve the problem. I can only point the way. The ultimate solution must rest with the people.

That's the story, Drew. I personally hope that you will have time to attend a few of our conference sessions here in Washington.

Sincerely,
Tom Clark,
Attorney General.

Nutritionists Urge Canning Schedule

CHAMPAIGN, Ill.—University of Illinois nutritionists are urging housewives to waste no food by letting it remain in the garden too long before canning it.

A careful check of canning equipment and a rigid schedule of canning should be drawn up and followed, they say, to avoid waste due to over-ripening.

Mirror Causes Fire

LARAMIE, Wyo. (U.P.)—California has nothing on Wyoming when it comes to sunshine, a group of tourists learned in Laramie recently. Rays from the sun reflecting in the rear-view mirror of the tourist car caused roofing above the back seat to catch fire while parked in a filling station. The blaze was quickly extinguished.

Turkeys are related to pheasants and, in three species, were found wild from Maine to South America.

Soviet Raises Workers' Pay

MOSCOW, Aug. 25 (AP) — The Soviet government announced today it had ordered a 20 percent pay increase for 824,000 engineers, technicians and other workers employed in 727 oil, mining and similar enterprises in the Urals, Siberia and the Soviet Far East. The increases, which the announcement said would cost the government 1,400,000,000 rubles annually, are effective Sept. 1. The government also announced it had set aside a housing fund of 1,000,000,000 rubles, most of which will be used to finance workers seeking to construct their own homes. Most of the housing fund will be spent to provide 50,850 three and four-room houses of wood and stone and 10,000 apartment houses containing 55,000 units. Workers will be able to finance home purchases by borrowing 8,000 to 10,000 rubles for 10 to 12 years at an interest rate of one percent.

In Hollywood—

Moore Has Acting Bug Even After 52 Years Work

By BOB THOMAS
HOLLYWOOD, Aug. 24 (AP)—Victor Moore, looking more like a New England clergyman than a veteran actor, folded his hands over his comfortable paunch and said softly that he isn't quitting this racket, even after 52 years of acting.

The little funny man, who is quiet and serious off stage, is now in his 70th year. He could easily pass for 50.

We were sitting in a corner of the "it happened on Fifth Avenue" set. He wasn't working in the scene, but was quietly watching the proceedings in his shirt-sleeves, minus a collar or tie. He sighed and calmly told me of these fruitful years and hoped that he could keep on for at least another 50.

"My business manager has been trying to get me to retire for some years now, but," he smiled slyly, "I won't let him force me to do it."

Looking back at his long list of films, (he started with Jesse Lasky; Cecil B. De Mille directed his second film back in 1916) he chose "Make Way For Tomorrow" as the film that stood out most prominently.

Many young Hollywood actors shun the stage, fearing the eight shows a week in all types of weather will make them old before their time. But Moore is the perfect example of how continual hard work preserves a man.

And what about the future?
"I'd like to do only one picture a year and spend the rest of my time fishing," he smiled.

Three GI's Said Held In Yugoslavia At US Embassy

SAN FRANCISCO, Aug. 26 (AP) — US Senator William F. Knowland (R-Calif) today pressed for the repatriation of three American soldiers said by a San Francisco parent of one of them to have been held since last February under protection of the US embassy at Belgrade in a dispute with Yugoslav authorities.

The senator said Ernest Schussel of San Francisco, informed him his son, Sgt. Kenneth E. Schussel, and two other soldiers identified in correspondence only as M-Sgt. Nelson and S-Sgt. Scott were being detained temporarily within US embassy grounds.

The information given him, Knowland said, indicated that last January or February a Russian soldier was shot and that Yugoslav authorities subsequently refused the three American soldiers permission to leave the country until the United States surrendered persons wanted in the shooting.

Sgt. Schussel's commanding officer has written the soldier's father, Knowland said, that a US Army investigation "has conclusively shown that these men were not involved" in the shooting episode. The letter added that the army was doing its utmost to arrange the return of the three men to the United States.

Knowland said: "I have wired Secretary of War Patterson for full information regarding the present status of these men and what steps have been taken by the war and state departments to repatriate them."

Naval Midshipman Longs For Dust

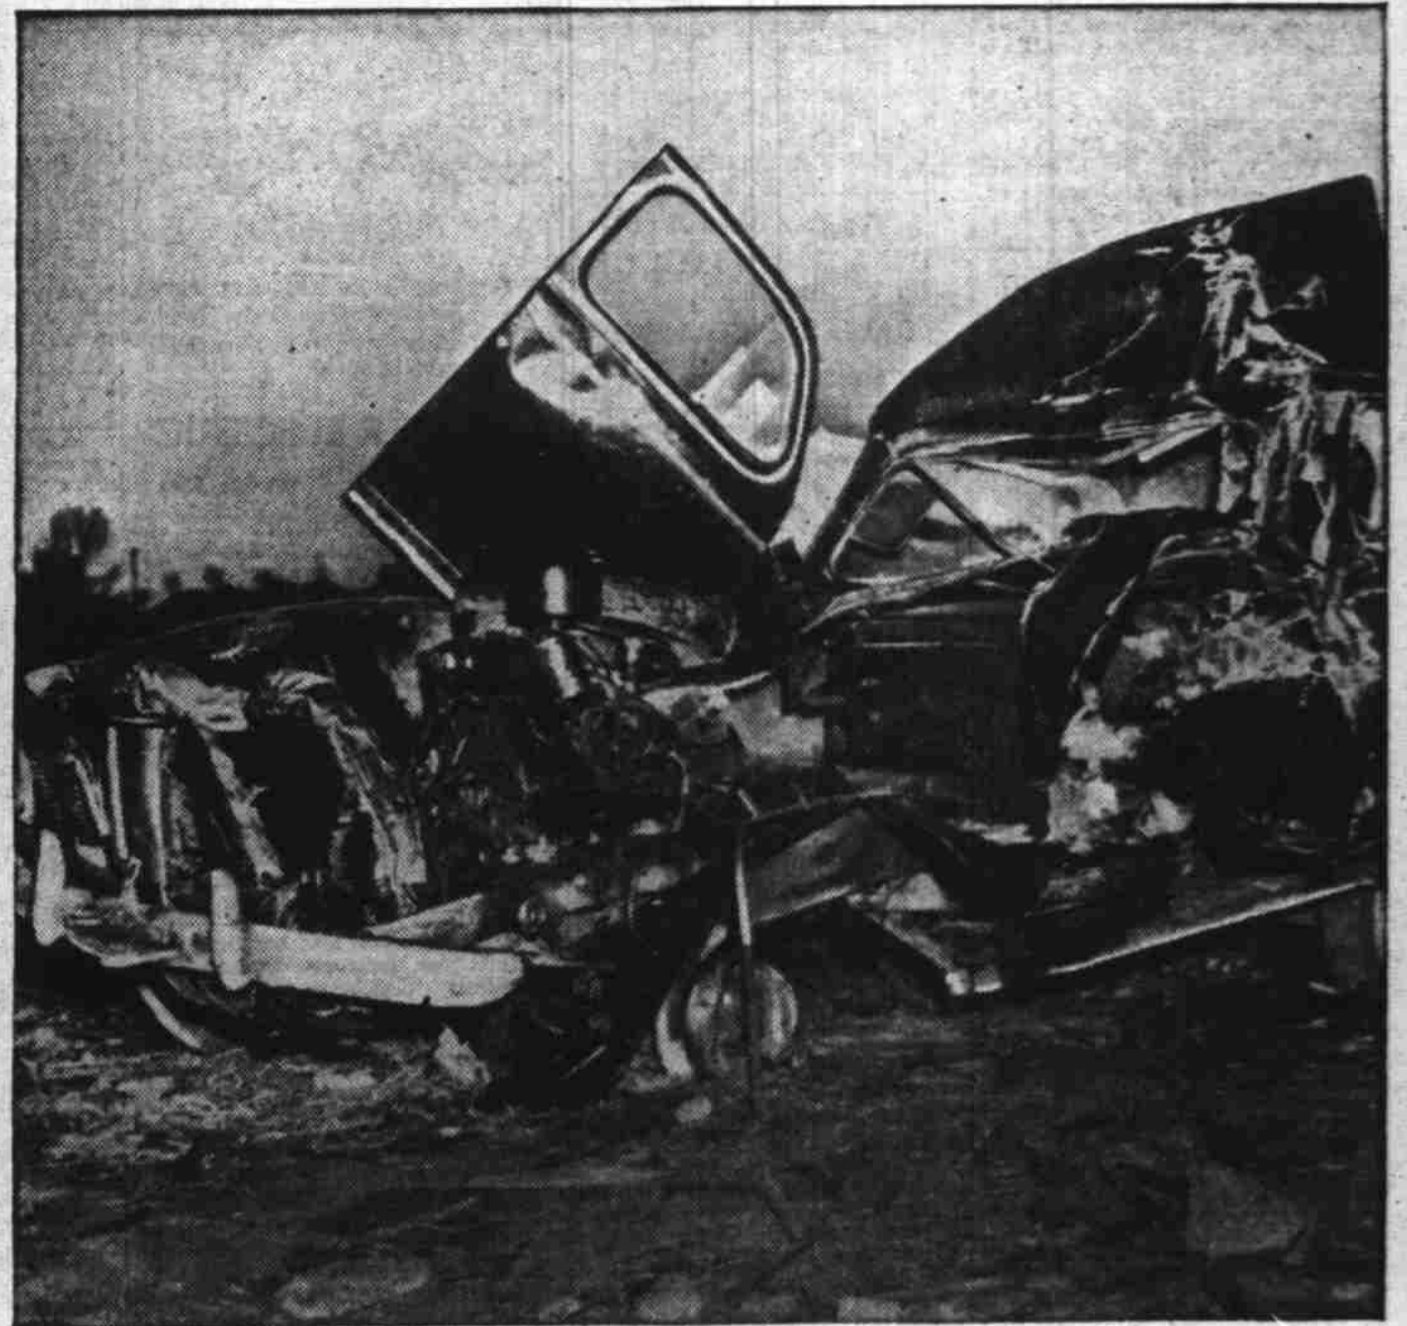

DENVER — Busman's holiday department: When Midshipman W. D. Collins, 19, came home to Denver on a 30-day leave from Annapolis, he offered and was allowed to join a Colorado state guard company in a three-day bivouac and maneuver. "I miss dust and sweat," he said.

Town Needs Clock

PETERSBORO, N. H. — When the first town clock was purchased here 90 years ago, the money was raised by public subscription. Now businessmen are leading a campaign to buy another town clock—by subscription.

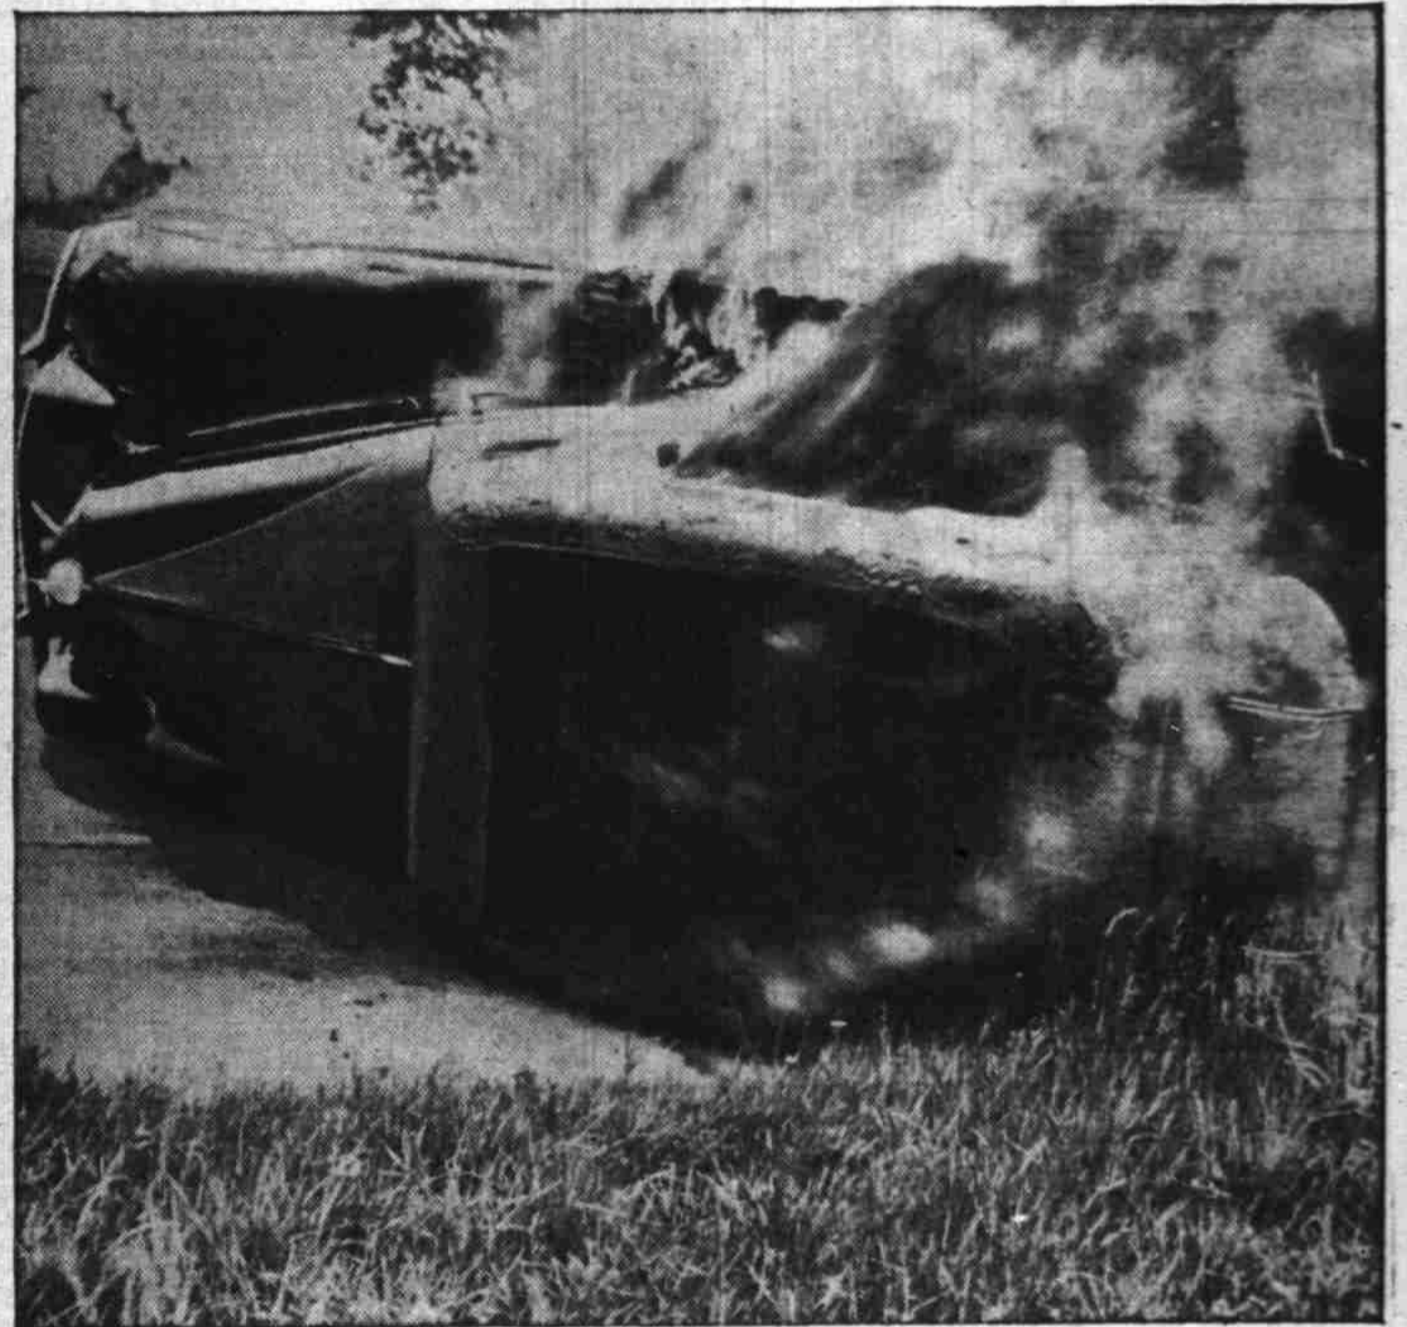

Checked your brakes lately?

And how about your steering mechanism?

Do your lights work properly?

Are your tires in good condition?

Monday 97, Tuesday 82, Wednesday 88...

THAT'S THE WAY daily deaths from automobile accidents have been running this year.

Yes, 87 people were killed every day, on an average, during the first six months of 1946 in smash-ups like those you see here. And, in addition, 3000 a day were injured.

Since the war, traffic casualties have increased by **ONE THIRD!**

A big reason for this is that the average car on the highways today is **over eight years old.**

You owe it to yourself, to your family, and to other motorists to have your car checked for the mechanical defects that so often lead to accidents. This is especially important if you have a prewar car.

Your tires should be inspected for cuts, bruises, tread wear. Unless they're in good shape, you should be careful never to drive fast—particularly in hot weather.

Your brakes aren't working right unless you can stop in 50 feet when going 20 miles an hour, in 153 feet when going 40.

Many States require that your headlights should give you proper vision up to at least 500 feet and also that your tail light should be visible from at least 500 feet. (Be sure your lights conform to your State's law.)

Your steering mechanism, windshield wiper, stop lights, and horn should also be checked.

Throughout the large territory in which Gulf operates, you'll find Gulf stations ready to check and service your car, ready to help you prevent accidents.

If it isn't convenient for you to go to a Gulf station, we earnestly recommend that you take your car to a station of any other reputable company. Other companies, like Gulf, are doing their best to promote safer motoring.

And Gulf urges you to remember this:

Even though your car has been checked, there are, unfortunately, many others on the road now that are not in proper condition. This means that today, as never before, it's important for you to drive carefully, to be alert, to obey traffic laws to the letter. Your life and the lives of others are at stake.

In the interest of safer motoring, this advertisement is published as a public service by the Gulf Oil Corporation

LEGAL NOTICE
H.J.R. No. 62
HOUSE JOINT RESOLUTION
proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veterans' Land Board; and establishing a veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance of said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

In the sale of any such bonds a preferential right of purchase shall be given to the lowest bidder of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veterans' Land Board under legislative authorization.

The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

All lands thus purchased shall be acquired at the lowest price obtainable, to be paid in cash, and shall be a part of the Veterans' Land Fund.

The lands of the Veterans' Land Fund shall be sold by the State to Texas by or war, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds of the sale of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Goods Found In Raid On Home Of Army Officer

HOUSTON, Aug. 26 (AP)—A raid was made on the Houston home of an army lieutenant colonel last night by seven army men and two deputy sheriffs working out of Sheriff Neal Polk's office and about \$6,000 worth of lumber and other articles seized, it was learned today.

The army men were from San Antonio.

The officer is now on foreign duty or is perhaps being sent back to the United States to face charges of three violations of the Articles of War. Deputy Sheriff V. J. Donnelly said the army men told him.

The army men, Deputy Donnelly said, showed him a cancelled check for \$1000 that a San Antonio man had allegedly paid to the Houston officer for \$12,000 worth of equipment that had been sold while the officer was stationed in Texas.

The army men brought trucks here from San Antonio and took seized materials and equipment back with them.

In addition to the lumber seized articles included a refrigerator, a drill press, an air compressor, several motors and a lathe.

R And R Employes Receive Bonuses

Local employes of the R&R Theatres Monday received semi-annual bonus checks aggregating \$1,682.45.

All those who have been with the theatres for six months or longer share in the money distribution. Individual bonuses are based on length of service.

The R&R theatres distribute bonuses at the end of their fiscal year, Aug. 31, and at Christmas time.

Sanders Appointed Utilities Officer At European Post

WIESBADEN, Germany — Captain Roy C. Sanders of Big Spring has recently been assigned as Post Utilities Officer with the Headquarters of the European Air Transport Service.

His organization is the American flag carrier on the continent. As such, EATS operates more than 11,000 miles of military routes linking London, Paris, Berlin, Rome, Vienna, Sofia, and Casablanca, and almost a score of other key installations.

Capt. Sanders is a graduate of Big Spring high school and was a student at Texas A&M. He entered the Army Air Forces in March, 1942. In July, 1943 he arrived in England and flew as pilot of eleven bombing missions. In October, 1943 he was taken prisoner by the Germans and remained a prisoner until April, 1945.

Capt. Sanders has been awarded the DFC, the Air Medal, and the Purple Heart.

His wife, Mrs. Pauline Sanders, lives in Big Spring for the present but is expecting to join her husband in Wiesbaden as soon as transportation and housing can be arranged.

Woody Top Shot Of Big Shots

SHREVEPORT, La., Aug. 26 (AP)—Successfully defending the championship he won in 1941, J. N. Woody, Stanton, Tex., sharpshooter yesterday won top honors in the Louisiana state revolver and pistol championship held for the first time since the war curtailed activities.

Woody won the title with a grand aggregate score of 1,718 with Jake Embrecht of Los Angeles, Calif., police department second with 1,704, and Col. C. F. Denstorf, San Antonio, taking third place with 1,696.

Mrs. Barker Dies; Noted Clubwoman

FORT WORTH, Aug. 26 (AP)—Funeral services were held here this afternoon for Mrs. Bob Barker, president of board of regents of Texas State College for Women and one of the state's most prominent club women.

Mrs. Barker died in a Fort Worth hospital early yesterday after an extended illness.

She was the widow of the late Bob Barker, chief clerk and secretary to the house of representatives and state senate for more than half a century, who died in January last year.

Burial will be at the State Cemetery in Austin tomorrow afternoon.

Mrs. Barker was named president of the regents of TSCW in June of last year and her election climaxed two decades of active club work as legislative chairman of the Texas State Federation of Women's Clubs. At the time of her death, she was serving her second six-year term as a member of the governing board of the Denton college.

Two Persons Killed In Light Plane Crash

WELLS, Aug. 26 (AP)—Two persons were killed near here late yesterday when their light plane crashed after losing a wing at an altitude of 9,000 feet.

Dead are John Francis Sessions, 24, pilot and owner of the plane, and Herbert Odum, 36, both of Wells, Cherokee county.

Funeral Rites Held

WEATHERFORD, Aug. 26 (AP)—Funeral services were held this morning for Dr. E. D. Fyke, Sr., 70, practicing physician here for 24 years who was found dead late Saturday at his farm north of Weatherford.

Dallas Woman Killed, Struck By Two Cars

DALLAS, Aug. 26 (AP)—Mrs. Ama Ray Ward, 38, of Dallas died in a local hospital late Saturday of injuries received when she was struck by two automobiles.

Investigator W. A. Davis said Mrs. Ward was struck by an automobile which tossed her into the path of another.

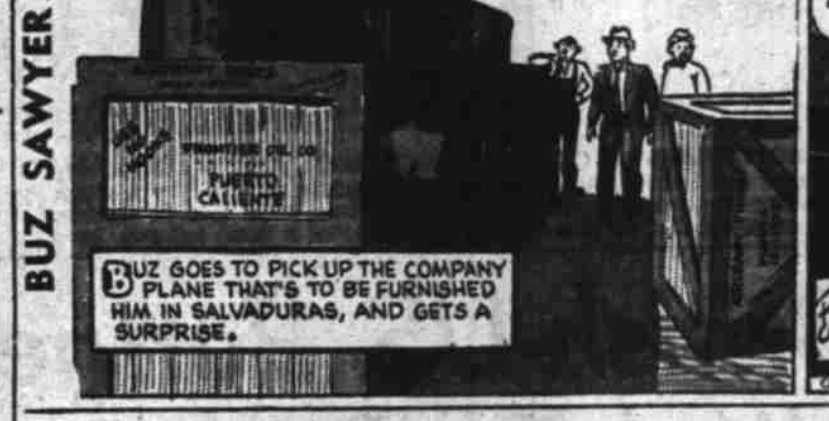

TEXAN ON SQUAD

SOUTH BEND, Ind., Aug. 26 (AP)—Among the approximately 75 football players expected to report here today as Notre Dame starts preparation for its 38th season is George Strohmeyer, center, of Allen, Tex.

be replaced by G. E. Gilliam, Grover Blissard and Walter Long. New county judge will be Walton Morrison, who was nominated in July. Only Earl Hull of precinct 1, who was a July victor, will be back on the court.

Howard county had played a major role in the naming of its own man to the state legislature—R. E. "Peppy" Blount. Blount Monday issued a formal statement thanking the people for "splendid cooperation and vote of confidence you gave me in my campaign."

"It is, and forever will be, my conviction that the representative of our district should be a representative of the people and not the representative of a few special groups or interests. As your representative I will always seek the answer to our problems through you, the people. It shall be my purpose to represent the best interests of the state and district at all times. I sincerely trust that you will continue to give me the benefit of your counsel and advice as to how this may best be done. I will be available to all of the people at all times for the good of Texas.

"The vote given me in my home county, the county in which I am best known, humbles me and impresses upon me more deeply the inestimable value of true and genuine friendship. I am cognizant of the signal honor you have bestowed upon me and I will ever strive to serve you in a manner that will bring credit and reflect honor on you, the greatest people, in the greatest district, in the greatest state."

Here 'n There

S-Sgt. Howard Stewart of the local US Army recruiting station received word recently that his wife gave birth to a six-pound boy in Ministique, Mich., Saturday, Aug. 24. The youngster has not yet been named.

Lt. George Kesselring and family are spending his leave in Guthrie Springs, Iowa. The lieutenant took several Palamino horses back with him that he purchased recently in San Angelo.

A letter received today by his grandmother, Mrs. J. B. Nall, reported that Lt. Raymond Lee Williams, who recently was injured in an automobile mishap while on duty in Europe, is considerably improved, and that he hopes to be returning to the States soon.

Pvt. Billy E. Vaughn, who is stationed at Old Farms Convalescent Hospital, Avon, Conn., is spending his first furlough here with friends and relatives. At the Avon post, he serves as escort for blind service men to and from work. He reports back about the 10th of September.

Pvt. Doyle A. Dunbar, 1204 West Fourth street, is now stationed at Fort Sam Houston, Texas, where he is undergoing training for the Medical Corps. He will probably be assigned to duty shortly.

Pfc. E. D. Moore of Coshoma is currently on duty at Scott Field, Ill., where he was assigned after completing his basic training at Amarillo AAF. He writes relatives that he finds military life agreeable.

Mrs. Jim Black received word today that her son, S1/C Jimmy Black, has been assigned to a seven-months course at radio school in San Francisco following his completion of boot camp in San Diego. Seaman Black entered naval service June 17.

PHOTOGRAPHER CAUGHT IN GORIZIA RIOT — Associated Press staff photographer J. Walter Green is attacked by a rioter during the making of pictures on a two hour riot in Gorizia, Venezia-Giulia. While making a picture of a man injured by a grenade explosion being helped away, Green is jumped from behind and has his camera knocked to the ground. He then picks it up and fends off another attack by the rioter before continuing with his work. (AP Wirephoto from Movietone News).

British-US Partnership Vital To Both Nations

By JOSEPH ALSOP

LONDON—As the conclusion of this series of reports from Britain, it will be well to have a look at the uneasy, unwritten but working partnership between Britain and the United States. This partnership is the working basis of the foreign policies of both countries, as any sound observer knows who has watched Messrs. Bevin and Byrnes in Paris. It is also the central fact of the Western political system, just as expansion is the central fact of the Soviet political system. From the British standpoint, the partnership is made necessary by Britain's strategic situation, which is far from secure. The British Isles themselves have ceased to be an island fortress. On the contrary, the British chiefs of staff reported to the cabinet in formal terms some months ago that the new weapons had rendered Britain indispensable. With a limited land mass, Britain cannot attempt the dispersion of industry and population which is the only true defense in the new age. Therefore, the chiefs of staff went so far as to recommend that careful consideration be given to relocation of essential war industry in the dominions and colonies.

Changes in Britain's imperial position increased the effect of the changes in the strategic situation. Among obvious changes are such events as the declaration of India's absolute independence. But the fundamental change is that the British imperial system is now under direct pressure at several points from another power, the Soviet Union, which is too strong to be effectively resisted without aid. The imperial system is essential to Britain's economic life and political strength. British interests further demand that no single nation achieve unchallenged domination of the European continent, where the Soviet Union is also pressing forward. Thus, with rather heavy hearts, the British have been forced to turn to partnership with the United States, in order to counter-balance the Soviet Union's post-war weight in the world. They have even suggested more formal recognition of the partnership by some such action as placing the still functioning combined chiefs of staff on a permanent basis.

There are a few outstanding questions which can perhaps be negotiated, such as division of oil resources in the Middle East, negotiation of this question was earnestly but fruitlessly suggested by Ernest Bevin to Generalissimo Stalin several months ago, during the early stage of the Iranian crisis, but this is not true of the real major issues unless the United States is prepared to imitate Neville Chamberlain's system of "mediating" between Germany and Czechoslovakia.

Mediation between Britain and Russia would not work in the first place. From John Strachey on the extreme left to Winston Churchill on the extreme right, the British are determined not to yield what is vital to them without

Employe Burned In Laundry Accident

Mrs. Judea Merworth, 48-year-old employe of Cloud's laundry, received serious burns this morning when the press she was operating closed in on her hand.

The accident occurred, laundry officials said, through negligent use of safety devices when the woman attempted to let the press operated by air, onto the garment she was holding on the board.

Mrs. Merworth has been confined to a local hospital for treatment.

Ben Hogan Rallies To Win PGA Crown

PORTLAND, Ore., Aug. 26 (P)—Golf's greatest money winner of the year—135-pound Ben Hogan of Hershey, Pa.—was \$3,500 richer today after his blazing comeback in defeating Ed "Porky" Oliver of Wilmington, Del., yesterday to win the 1946 national professional golf championship, 6 and 4.

The purse boosted Hogan's winnings in ten tournaments this year to \$33,377, some \$12,000 more than collected by the dethroned P. G. A. champion Byron Nelson.

Minor Fires Reported During Weekend

Two minor fires, neither of them causing property damage, brought equipment of the Big Spring fire department into action again Sunday, after several days without an alarm.

At 9:55 a. m. firemen were called to 600 Johnson street, where brakes locked on an automobile and ignited brake lining.

At 5:40 p. m., equipment was carried to Ellis Homes, outside the city limits, when a trash fire menaced an outbuilding owned by Mrs. J. H. Lloyd.

Livestock

FORT WORTH, Aug. 26 (P)—(USDA)—Cattle 8,500; calves 5,000; common and medium slaughter steers and yearlings 12,000-16,000; low good grades to 17,000; medium and good beef cows 10,500-13,000; bulls 8,000-13,000; good and choice fat calves 14,500-17,000; common and medium 10,000-14,000; stocker calves and yearlings 11,000-16,000; replacement cows 8,000-9,000.

Hogs 1,000; choice butchers 19,000; later trade 4,000 lower with good and choice 180 lbs. up at 180 lbs. up at 16,000; 140-175 lbs. 15,000-16,000; sows steady to 1,500 lower at 14,500-16,000; feeder pigs steady at 14,75.

Sheep 8,000; medium and good slaughter spring lambs 13,500-15,500; few choice springers to 16,000; few fleshy feeder lambs up to 13,000; with most feeders 12,000 down.

Cotton

NEW YORK, Aug. 26 (P)—After mill and local buying advanced prices as much as 80 cents a bale above the previous close, the cotton market encountered increased hedge selling with prices moving off moderately from the best levels for the day.

Futures closed 60 cents a bale higher to 20 cents lower.

County Budget Approved

(Continued from page 1)

year, to provide more for purchase of books and supplies.

The county is reducing its expenditures in health and sanitation sharply, however, from \$4,500 to \$1,200. It also is dropping a \$1,200 item which it has paid out this year for police radio service.

The Road and Bridge Fund will realize \$28,000 from current taxes plus an estimated \$80,000 from automobile registration while \$42,700 in current taxes will provide a source of income for the General Fund.

The return on fees collected by the various agencies going into the maintenance of the various functions, is expected to be broken down as follows:

Assessor-collector \$13,000; district clerk \$1,500; county clerk \$12,000; sheriff \$1,400; county judge \$500; county attorney \$2,600; and state \$2,000.

A transfer of \$5,700 from other funds will be necessary to help make ends meet in those offices.

Expenditures coming out of the Road and Bridge Fund are due to aggregate \$118,780.

Wages of county employes are expected to total \$50,000, a decrease of \$4,000. Other items of expense include:

Material and Supplies \$20,000; Gas and Oil \$7,200 (an increase of \$1,200); parts and tires, \$4,000; and new machinery \$10,000.

Expenses coming out of the General Fund will attain an anticipated \$42,748, which represents a decrease of some \$5,000.

Following are budgeted expenditures for various operations: jury fund (district court, county court, justice court), \$5,900; road and bridge, \$118,780; road and bridge special, \$101,800; items under the general fund are as follows:

Commissioners court \$3,100, county auditor's office \$3,820, maintenance of buildings \$8,185, miscellaneous \$5,285, court expense \$4,600, lunacy \$100, pauper care and pensions \$4,555, health and sanitation \$1,200, agriculture and livestock \$6,600, capital outlay \$1,300, all other (library) \$4,000.

Total office expense out of the officers salary fund are set up as follows:

Tax assessor-collector \$11,085, district clerk \$4,200, county clerk \$11,955, sheriff \$12,940, county judge \$3,868, county attorney \$3,862, treasurer \$2,800.

Permanent expenditures will amount to \$4,875, which goes toward building repair.

Expenditures of the Interest and Sinking Fund, from which payment will be made, will come to a whopping \$116,141, an increase of \$143,000. Cost of materials for the project is due to total \$148,541.

Porter Pleads Guilty To Driving Charge

Oscar Britton Porter, arrested Sunday by members of the state highway patrol, entered a plea of guilty to the charge of driving while under the influence of intoxicants and was fined \$50 and costs in county court this morning.

Porter's driver's license was also lifted for six months.

Wellborne To Certify Vets To Buy Surplus

Walter L. Wellborne, certifying officer from the War Assets Administration office in Fort Worth, will be in Big Spring Thursday for the purpose of certifying World War II veterans who wish to purchase surplus property.

Wellborne will be here for only one day, and veterans can contact him at the VA office, room 206 Petroleum building.
