

## Big Four Draft Invitations To Peace Meeting July 29

### Agreement Reached On Reparations

PARIS, July 5 (AP)—The foreign ministers of the Big Four drafted invitations today for a general European peace conference to be held in Paris July 29 for debate on treaties intended to end World War II for Italy and the axis satellites.

In a seven hour and forty minute session which lasted into the early hours this morning, the diplomatic representatives of Great Britain, France, Soviet Russia and the United States reached agreement on Italian reparations—the final major point blocking preparation of treaty drafts—and fixed the date for the peace conference.

An American source said that, after approving the wording and before tackling the German treaty, the ministers probably would clean up odds and ends in the five treaty drafts—for Italy, Finland, Romania, Hungary and Bulgaria—they will submit to the conference.

The 21-nation general conference will not have the final say on the treaties.

Russia has insisted on strict adherence to the terms of the Moscow agreement of last December, under which the Big Four are to draw up the final treaties after studying the advice of the peace conference.

Secretary of State James F. Byrnes, British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault have indicated that they intend to press for serious consideration of the advice of the conferees when the council meets to complete the final treaties.

The ministers settled their last major conflict—Italian reparations—by an agreement providing that Italy pay Russia \$100,000,000 from munitions factories, from her assets abroad and from current production over a seven-year period.

Italy was given a two-year period of grace before beginning the payments from current production.

## Park Jammed By Crowd To See Fireworks, Show

An estimated 10,000 persons jammed City Park Thursday night to attend the amateur program and to witness the first post-war fireworks display sponsored by the chamber of commerce, as Big Spring eliminated an accident-free Independence Day.

The amphitheatre, which has a seating capacity of 6,800 adults, was filled, except a few seats near the top, and crowds standing outside near the lower level numbered several hundred. Many others witnessed the fireworks exhibition from other sections of the park, as traffic congestion eliminated parking space near the amphitheatre early. Some late comers were forced to park almost half a mile away, and more than an hour and a half was required to clear the park area of vehicles after the show.

Traffic moved smoothly, however, under direction of Big Spring police, and the entire program unfolded without mishap.

Joe Fowler Brooks took first place in the amateur contest, which started at 8 p. m., with his presentation of vocal solos. The Melody Maids, a girls quartet composed of Mabel Smith, Janis Yates, Leslie Cathey and Leta Frances Walker, won second prize, and Betty Jean Beauchamp, who was featured in ballet and hula dances, won third. W. R. Dawes was master of ceremonies for the evening.

The fireworks display, one of the most colorful ever presented here, began at 9 p. m. and continued for approximately 25 minutes. A special committee selected by the chamber of commerce handled detailed work for the exhibition.

Thanks to those who had a part in presenting the program, preparing and firing the fireworks, controlling fires and traffic were expressed Friday by Joe Pickle, chamber president. "It was a remarkable example of teamwork all the way through," he said.

### Driving Fine Imposed

Raymond Foy Dunlap, stopped Sunday afternoon by members of the city police and turned over to the county, entered a plea of guilty to the charge of driving while under the influence of intoxicants in county court this morning. His fine was set at \$50 and costs. In addition, his driving privileges were revoked for six months.

## BOARD SELECTS OPENING DATE, NEW TEACHERS FOR SCHOOL

School bells will ring again in Big Spring on September 3. That date—the first Tuesday in September—was fixed as the opening time of the 1946-47 term by the local board of trustees in session Wednesday night. The Tuesday opening was selected because the first Monday is a holiday, Labor Day.

Dates of holidays, etc., will be fixed later by Supt. W. C. Blankenship.

On recommendation of the superintendent, the board elected two new teachers, both to be assigned. They are Miss Nancy Lynn Boswell of Kansas City, Mo. (BA from William Jewell College) and Miss Pauline Morris of Lorraine (BA from McMurry College).

Blankenship reported to the board that summer repair work is under way, principally at the high school building, where floors are being refinished and the whole interior is being repainted.

The superintendent was authorized to solicit bids on the painting of the athletic stadium, and report back at the next board meeting. Plans are to paint the entire stands with a commercial aluminum coating.

Blankenship also was authorized to arrange for adding new soil on the football field. This work probably will be done in August, so that the turf will be in top shape for the first September grid games.

The superintendent reported that a BT-15 Army training plane, being made available to the schools for aeronautics instruction, will be brought here from Vernon. The plane is being made available at no charge through a War Department training disposal program, but the schools will pay a \$100 charge to cover disposal costs.

## Bloody Pogrom Fatal To 34 Poles In Kielce

WARSAW, July 6 (AP)—At least 34 persons were reported today to have been killed and 42 wounded at the city of Kielce in Poland's bloodiest postwar pogrom, which was finally suppressed by government forces in armored cars.

Reinforced military units and security police patrolled Kielce's streets.

Anti-Jewish rumors apparently touched off the outbreak yesterday. One rumor was that a Polish baby had been killed by Jews. Another was that a Polish boy had been kidnapped and held in a cellar two days by a Jew.

The government blamed "Fascist reactionary elements" for the attacks, in which Jewish homes were raided and Jewish shops were smashed.

The pogrom started about 11 a. m. yesterday and continued well into the afternoon as a call went out for militia reinforcements. Then the armored cars were brought into play against the mobs.

Authorities reported 62 suspected of participating in the pogrom were rounded up last night and said further arrests were under way. It was officially announced that all responsible for the outbreak would face military tribunals.

A checkup of dead and wounded, the vast majority of whom were Jews, may show higher casualties.

The disorder came as the government announced that early returns from the Polish referendum last Sunday gave the government a substantial lead on all three questions it presented.

## Paving On Runnels To Begin Shortly

Work on the Runnels street paving project still was awaiting completion of negotiations with out-of-town property owners today, but city officials still hope to begin operations there between 11th Place and 18th Street within the next few days.

The city has received no communication from two property owners who reside out of town. However, if no word is received from them within the next few days, residents who have joined the voluntary program will be contacted again, with request that the project be started and skips left in front of the property unsigned, City Manager B. J. McDaniel said.

The original agreement signed by the property owners provides that work be started after the designated blocks are signed 100 percent.

## Holiday Death Toll Lighter Than Forecast

4 Dead In Wrecks; 3 Drown And One Trampled By Bull

By The Associated Press

Fourth of July holiday death toll in Texas stood at eight today as millions continued to celebrate the first post-war Independence Day.

Four persons were killed in traffic accidents, three were drowned and one was fatally trampled by a bull at the Amarillo rodeo.

Traffic accidents have been surprisingly light, following the Texas Safety Association's estimate that 28 persons would die in holiday highway traffic collisions.

Highways throughout the state are expected to be jammed today, tomorrow and Sunday as celebrations continue and as Texans rush to holiday outings.

The dead: Clarence E. Babb, 36, lumber company employee, was drowned yesterday afternoon while fishing on Kimbell Lake near Palestine.

Kike R. Pineda, 21, of Dallas, died last night when his motorcycle crashed into the rear of a parked truck on a Dallas street.

J. Benjamin Shirley, 24, Uorth Texas State college student, died in an auto-truck collision on the Fort Worth-Denton highway last night.

Jerry McWilliams of Stone City, Kas., was fatally injured last night when a bull threw and trampled him during Amarillo's tri-state rodeo.

Andrew J. Baker of Ennis was killed when struck by a car as he was crossing a road near his home. A Biggs Field soldier died in a traffic accident at El Paso.

Paul Gordon Woods, eight-year-old son of Mr. and Mrs. Everett W. Woods of Dallas, fell from a boat and drowned in Lake Dallas.

William Picklin, 19, Dallas, drowned while fishing in the Trinity river.

## Nation Celebrates Safe, Sane Fourth

By The Associated Press

The toll of violent deaths rose to 182 today as the nation celebrated a holiday that for many Americans will extend over four days.

Tabulation since 6 p. m. (local time) July 3 covered 73 deaths from traffic accidents, 46 from drownings and 43 from miscellaneous causes. Fireworks caused some deaths as the nation celebrated a comparatively safe and sane Fourth of July yesterday.

The toll of violent deaths, a survey disclosed, was far below the estimate which had been forecast by the National Safety Council for Independence Day and the extended four-day holiday.

Weather in most parts of the country was pleasant and millions joined in the first peacetime Independence Day celebration in five years.

The survey showed at least 142 persons suffered violent deaths, with traffic accidents leading the list of fatalities with 65. At least 42 persons drowned in holiday outings, while violent deaths from miscellaneous causes totaled at least 35. On the Fourth of July last year, a Wednesday, 159 persons suffered violent deaths.

The National Safety Council estimated 800 immediate deaths for the four-day holiday, with 275 traffic fatalities. They had forecast 75 traffic deaths yesterday.

Ohio had the most deaths over the holiday with 17, including nine traffic fatalities.

## Safe, Quiet Holiday Observed Locally

Members of the sheriff's office, the constabulary and the state highway patrolmen, who had anticipated an eventful July 4, kept vigil on the community's demeanor throughout the day but it came and went hardly without incident.

The highway patrol, which cruised the highways and helped direct traffic at the city park last night, stopped three motorists for minor infractions of traffic ordinances and filed as many complaints.

They reported no vehicle accidents of any consequence.

Hospitals and funeral homes reported no emergency cases or ambulance calls during the day. One small boy was treated for a finger burn when a firecracker exploded in his hand.

## Creighton Places Second In Stamford

Charlie Creighton gave a good account of himself in the Texas Cowboy Reunion rodeo at Stamford.

Roping in the first go-round, Creighton caught and tied his calf in 16.4, good enough for second money in that section of the calf roping. In all there were 332 contestants entered at the rodeo, and attendance broke all records.

## General Irked By May Pressuring For War Profiteers' Interests

Washington, July 5 (AP)—Maj. Gen. L. H. Campbell, Jr., testified today he "got hot under the collar" over "special pressure" put on him by Rep. May (D-Ky) in the interests of an Illinois munitions maker now under Congressional investigation.

The former chief of Army ordnance, bluntly labelled as unfair the activities of May, chairman of the influential House Military Committee, on behalf of Henry Garson, the manufacturer.

Campbell testified before the Senate War Investigating committee as it resumed hearings on wartime profits of a group of 19 Illinois companies which Chairman Mead (D-NY) has denounced for "war profiteering."

He said it was "all right" with him when Congressmen, cabinet officers, or other officials sent prospective contractors to him, or called his attention to prospective manufacturers of much-needed war material. That occurred on numerous occasions, Campbell said.

Campbell added that it was "perfectly all right" for Congressmen to ask for introductions "but when it becomes insistent, that's something else again."

Committee Chairman George Meader inquired whether it was fair to say "that you got hot under the collar" in his conversation with May "because you thought you were being subjected to political pressure."

"Well," said Campbell, "I was talking to a pretty high officer of congress. I don't think it was fair."

Campbell previously had related that May introduced him by telephone to Garson, described by Army officers as "the brains" behind the Illinois munitions Combine.

## Sneed Wins British Open Golf Crown

ST. ANDREWS, Scotland July 5 (AP)—Sam Sneed, long-driving American pro, won the British Open Golf championship today with a 75 in his final round. This still was better than other tiring finishers and gave him a 72-hole total of 290 and a four stroke lead.

When they returned to their camp at 11:30 a. m., Mr. Truman went into the main lodge to go over his mail.

He swam for a while this afternoon and took his second walk of the day.

## Porter Asks Congress To Revise New Bill, Still Unsatisfactory

WASHINGTON, July 5 (AP)—Senator Bridges (R-NH) tried today to keep the senate appropriations committee from even talking about new money for the stricken but still-fighting OPA.

Bridges took the stand that OPA is legally dead. He said therefore the committee can not even hear testimony by Price Administrator Paul Porter on a \$106,000,000 OPA appropriation bill.

Chairman McKellar (D-Tenn), Bridges told reporters, delayed an immediate decision.

Porter called on Congress to revise another bill, extending OPA for a year, to get it more closely in line with President Truman's recommendations.

His cry of dissatisfaction with the compromise measure worked out under the leadership of Senator Barkley (D-KY) apparently disturbed Bridges' statement. Bridges grimly told reporters: "I have no comment."

Barkley apparently had counted on the support of both Porter and President Truman for the new bill drafted as a substitute for the OPA extender Mr. Truman vetoed last week. The Kentuckian said he will attempt to bring the measure before the Senate as soon as possible. It may be delayed until next week by opponents, however.

Senator O'Daniel (D-Tex) who filibustered to delay passage of the original extension bill, said he intends to talk against the new bill at every opportunity and as long as he can.

He hopes, O'Daniel said, that the continued non-existence of OPA will prove to the public that the agency is not needed.

Senator Wherry (R-Neb), who opposes revival of OPA control over meat and grains, again called Senate attention to increased marketings of livestock since OPA died.

Wherry said hog receipts today were four times those of the same day last week while cattle receipts were seven to eight times larger.

The Nebraska said that as soon as distribution pipelines are filled consumers will be able to buy meat at competitive prices.

A contrary opinion on OPA came from Chairman Wagner (D-NY) of the banking committee. He said all polls of public opinion show an "overwhelming sentiment" in favor of renewal and continuance of price and rent controls.

Senator Gurney (R-SD) asked Barkley about "great losses" that elevators and other grain dealers might face if the proposed OPA bills pass with reinstatement of June 30 price ceilings.

The South Dakotan said he had many telegrams from businessmen who had made big purchases of corn and wheat at prices prevailing since OPA ceilings stopped last Saturday.

If former ceilings are imposed again, Gurney said it would "break every grain operator in the Midwest."

Barkley told Gurney the proposed new bill would not allow transactions during the period OPA lapsed but also could not require the government to pay losses resulting from above-ceiling purchases.

## Post Has Surplus Sale For Veterans

Veterans in the Big Spring area who have been certified for purchasing surplus property were to be given a chance to buy motor vehicles at 4:40 p. m. today at the Big Spring Bombarrier field.

Listed for sale exclusively to veterans were 40 vehicles, including a cargo truck and 37 weapons carriers.

### ASSOCIATED PRESS SPOT CHECK SHOWS—

## Prices Raised In Most Cities In Week Of Control-Free Economy

By The Associated Press

The American laborer, business man, farmer and housewife paid more for many necessities of life today as the first week's test of a peacetime free-price economy drew to a close.

Although some of the nation's major cities and rural areas came through the first few OPA-less days without a noticeable dent in the pocketbook, there was ample indication that most of the country was not so fortunate.

Meat prices all but staged a runaway in a majority of cities, although some industry spokesmen said they were still under black market levels and would begin to ease downward once the long-bar-

counters were filled again.

Butter and milk costs also spurred upward in a quick get-away but they were far behind the meat pace. Rent boosts caused turmoil in many places.

However, little or no change in these items was reported from such points as Chicago, Atlanta, Memphis, Columbus, Birmingham, Shreveport and the larger cities of Arkansas, which also had steady price levels in most other everyday commodities.

"Meat up" was the reply from almost everywhere—it was up as much as 50 percent in such points as Los Angeles, New York City and San Bernardino, Calif.

Also in an upward spiral, were the costs of restaurant meals, hotel accommodations and bread, an Associated Press survey showed.

In New York City the wholesale food price index of 31 commodities was \$4.54—highest since the \$4.57 of July 29, 1920.

Many of the price boosts were attributed to the loss of government subsidies, which ended June 30 when they were withdrawn pending congressional action on re-establishment of price control.

In Washington, food officials estimated that the subsidies, which were costing the government at the rate of about \$1,455,000,000 a year when price control ended, reduced the average consumer's grocery bill about \$12 a year.

## Revised Measure Changes Only 2 Amendments

WASHINGTON, July 5 (AP)—The compromise OPA bill sent to the senate floor today modifies two of the three amendments President Truman singled out for "fundamental objection" in his veto message.

But the third, outlawing so-called cost absorption by dealers of such things as automobiles, refrigerators and radios, remains intact.

Here they are in the order Mr. Truman mentioned them:

**TARIFF AMENDMENT**

Sponsored by Senator Taft (R-Ohio). It would have required OPA to include in all manufacturers' price ceilings the price each manufacturer received on every item in the Oct. 1-15, 1941, base period plus the weighted average unit cost increase in the industry since then.

The revised amendment changes the base period to the full year 1940 and provides that added costs be computed on an industry-wide, rather than a specific unit, average basis.

**WHERRY AMENDMENT**

Written by Senator Wherry (R-Neb), it specified that ceilings for distributors, wholesalers and retailers must allow them their Jan. 1, 1946, markups or discounts based on current costs.

Under the new version, OPA is required to make "due allowance" for current costs, plus the percentage discount or markup in effect June 29, the day before OPA died.

**CRAWFORD AMENDMENT**

Sponsored by Rep. Crawford (R-Mich), this provision specifies that OPA may not interfere with the normal profit margins of dealers handling "reconversion" items—those whose production was curtailed by the war. It is designed to end OPA's previous practice of requiring dealers to absorb a portion of the increased costs of those items on the ground that no particular sales effort is required.

These other principal provisions also remain unchanged:

**EXTENSION**

Restores all price and rent controls until June 30, 1947, picking up where OPA died last Sunday—at least until new ceilings are imposed.

**SUBSIDIES**

Holds amounts to \$1,000,000,000 and provides that no food subsidies can be paid after next April 1. Mr. Truman in his veto message asked for \$1,250,000,000 and urged their "orderly termination during the first half of 1947."

**DECONTROLS**

Established a three-member, bipartisan board to be appointed by the president subject to senate confirmation with power to override either OPA or the agriculture department on the issue of removing specific items from price controls.

**FARM PRODUCTS**

Gives the secretary of agriculture rather than the OPA administrator final say on what agricultural products can be kept under price ceilings.

**"MAP"**

Abolishes OPA's maximum average price regulation which required clothing manufacturers to turn out a specified proportion of low-priced garments.

**NEW CONTROLS**

Forbids price ceilings on any commodity not previously under control.

**Three Calls Answered By Fire Department**

Three calls were answered Thursday by the Big Spring fire department, but only one brought damage to property.

At 8:30 a. m. a refrigerator which caught fire at King apartments was extinguished without damage, and at 9:30 p. m. an automobile at 3rd and Main blazed when the hand brake stuck.

Upshotting in a car owned by W. J. King was burned at 9:30 p. m. after it ignited from fireworks.

# Annual State Inspection Report Favorable To Local School System

A report — generally favorable, and with but a few recommendations — on the Big Spring independent school district by the state department was accepted by the district board of trustees Wednesday evening. It was signed by E. H. Boatler, deputy superintendent who recently made the annual inspection.

Boatler's recommendations were (1) that a substantial increase in teachers' salaries be made; trustees in May voted a boost of \$300 per year in base pay, with other increases for experience, additional college work, etc. (2) that an evaluative survey be made of the school system in accordance with standards set by the Southern Association of Secondary Schools and College; Supt. W. C. Blanken-

ship already is arranging for this survey, will have a committee of outside school men here when classes open in the fall to make this survey; (3) that the superintendent should be given an assistant to help him coordinate the instruction in the entire school system; trustees favor this in principle, and will approve, probably at the next meeting, the appointment of additional supervisory personnel. Being studied are the alternate plans of naming one coordinator, or else elementary school principals to coordinate the work of all ward schools.

## George Pruitt Rites Sunday

George Henry Pruitt died in a local hospital Friday at 6:55 a. m. following an illness of less than a week.

A native Texan, he was born Jan. 27, 1906. He and his family had resided in Big Spring since 1943 where he has been manager of Frayley and company since that time.

Survivors include the widow, Mrs. George Pruitt; two daughters, Patsy Ruth and Wanda Sue; the mother, Mrs. Carrie Pruitt; a brother, J. D. Pruitt of Hoskell; two sisters, Mrs. Ruby Fountain and Mrs. Paul L. Johnston of Abilene.

Services were scheduled for Sunday at 10 a. m. in the Eberley-Curry chapel after which the body will go by Eberley-Curry car to Abilene. Graveside services will be held there and burial will be in the Abilene cemetery.

## Marines Will Show Three Combat Films

Three combat films taken by US Marine photographers in the heat of battle will be shown to the public in the municipal auditorium at 8 o'clock this evening. Admission is free.

The films are "To The Shores Of Iwo Jima," "Tarawa," "With The Marines In The Marianas." The three campaigns were among the most important waged by US forces in the Pacific and victory in the three probably helped more than any other factor in swinging the tide against the Japanese in the last war.

Arranged in conjunction with the Marine Corps recruiting campaign, the show will be presented by the itinerant team of recruiters which opened an office in the basement of the postoffice building last Monday.

## Erosion Curbs Topic Of Meet Of Supervisors

Measures for curbing possibility of recurring wind erosion in the Martin-Howard soil conservation district the past spring were discussed at the regular meeting of the board of supervisors in Stanton Tuesday.

Supervisors L. H. Thomas, Herd Midkiff, Gordon Stone and Edmund Tom were in attendance and stressed the value of the vegetative program embodied in the 19 farm and ranch conservation plans they approved, according to E. J. Hughes of the SCS.

Thomas, who ranches and farms near Stanton, said he was planning to plant considerable acreage to combine maize and small grain this summer and in the fall. He stated that oats, wheat, or rye can be successfully planted in the middle of combine maize, in rows, and furnish good winter and spring grazing as well as serving as a winter cover crop to control wind erosion.

Midkiff, a Midland county farmer, said that small grain is the best wind erosion control on blow sand provided it is planted in September, before cool weather sets in.

If fall moisture is favorable every acre of land should either be growing a cover crop or have sufficient litter and organic matter left near the surface to minimize wind erosion during the spring as a vast area of the plains country is reported to be susceptible to serious wind erosion in the future.

Organic matter not only helps prevent wind erosion, it was revealed, but also increases the water-holding capacity of the soil and improves fertility of the land.

## Gay Hill Opens Season On Candidates—With Pie Supper At Eight

Gay Hill will be the scene of the season's first candidate rally at 8 o'clock this evening.

A pie supper sponsored by the Gay Hill PTA will be conducted in conjunction with the speaking. Proceeds from the pastry will go toward PTA charities.

Most of the 20 men and women in races for county and precinct offices have indicated they will be on hand to take their turns on the speaking rostrum.

Among the "lost" articles held at the Ritz for the owner is a pair of false teeth. The management doesn't recall a show which would have caused teeth to jump out, but the choppers were found in a seat nevertheless — and appear to be expensive ones.

Among those receiving discharges recently from the US Navy is William E. Plunkett, Jr., son of Mr. and Mrs. W. E. Plunkett of Vealmore. He had 11 months overseas service at Kahului, Maui and at Saipan. William plans to return to his studies at Texas Tech.

Pfc. Sammie F. Haney is now serving with the famous 1st Cavalry Division in the present occupation of the Nippon capital. Overseas 13 months, Haney was transferred from the American division. He is a veteran of one campaign and wears the Asiatic-Pacific ribbon, the Philippine Liberation ribbon, the good conduct ribbon and the victory ribbon.

Mr. and Mrs. John R. Chaney have received word that their son, James Robert Chaney S 1-C, has received his discharge from the navy and will be home this week. He has been in the service for 14 months and served for some nine months in Japan. He has been serving in the personnel office in San Pedro, Calif., for several weeks.

## Political Candidates Resort To Name Calling In Holiday Campaign Tours

By the Associated Press

Texas political candidates are recuperating today from a fast and furious session on name-calling at yesterday's Independence Day celebrations.

The casualty list:

Sadler named Jester, Sellers, Smith, Dr. Homer P. Rainey, and J. Frank Dobie (a Rainey campaigner).

Smith named Sellers, the CIO, the PAC, PAC Chairman Sidney Hillman, and Harry L. Seay, chairman of the Democratic State Executive Committee.

Jester didn't name but criticized "one candidate for governor who has openly favored the FEPC."

Rainey derided opponents "who had the nerve to say that Homer Rainey is sponsoring a book in Texas University with some bad words in it."

Sellers named no names but attacked "special interests" and "undercover groups" in a radio broadcast.

Caso March, another candidate for governor, blew a foxhorn, twirled a lariat and told a holiday crowd what he thought of Sellers, Jester, Rainey, Smith, Coke Stevenson, and John Dos Passos' book "USA."

John Lee Smith lashed out at the CIO-PAC and demanded to know why Harry L. Seay, state Democratic chairman, was indifferent to the political affiliation of PAC Chairman Sidney Hillman.

Smith claimed Hillman is a native of Russia and a member of the American Labor party.

"Yet the PAC recently boasted that it would take over affairs in Texas," Smith said.

Beauford H. Jester urged the defeat of every political action committee candidate and warned that the now dead fair employment practices bill would be revived in Congress after the elections.

Homer P. Rainey charged that a small powerful group of financial interests controlled Texas, politically, economically and educationally. He asserted that paid rumor mongers were circulating about the state to "spread scandalous tales about him."

"They say I'm a Communist, a radical, and a negro lover," he said. "That's an old political trick. They said Andrew Jackson and Thomas Jefferson were Communists, too."

In a speech prepared for delivery in Lufkin today, Sellers advocated better laws for working people and a state program for improving the lot of farmers.

"As governor," he said, "I will ask the legislature to amend the workmen's compensation law to increase the current \$20-weekly ceiling to an amount sufficient to provide for workmen and their families during disability and to include disabled war veterans in its provisions."

The League of Women Voters in Dallas is querying candidates on issues of national importance—i.e. price and rent control, United Nations, atomic energy.

The women say they will publish the answers for public benefit.

## Recover From Accident

Big Spring Tigers Vote To Continue Season; Will Play Odessans Sunday

All reports to the contrary, the Big Spring baseball Tigers haven't hung up their spikes for the season. That bit of information comes from Manager Elias Gamboa himself.

Six of the regulars went on the shelf two weeks ago when they were involved in an automobile wreck on the west highway. The skipper, along with Pat Martinez and others, spent several days in local hospitals.

When Gamboa left sick bay, he took an oral vote among his players, letting them decide whether or not they wanted to continue the campaign. The vote was a unanimous one of approval.

So the Bengals go into action again Sunday afternoon, meeting the Odessa Eagles around 4 o'clock on the North Ward diamond.

Gamboa's lineup will be spotted with reserves but he'll be able to field a full nine. And he says most of the first stringers will be ready to go in a week or two.

## Quads' Father Not At Airport

NEW YORK, July 5 (AP) — Norah Carpenter and her three surviving quadruplet children arrived here from London by plane today for a reunion with the babies' father, former Staff Sgt. William Thompson of Pittsburgh, but Thompson wasn't at the airport to meet them.

Present instead, was his attorney, Sam R. Keller of McKeesport, Pa., and a cousin, Jack Warner, of Pittsburgh.

Keller said the mother and father would be married "as soon as possible" but that their reunion would not take place in public. He declined to say where the mother and babies would meet Thompson, or where the father was staying.

Thompson, who served in England during the war, had not seen the mother or the babies in 15 months. He was divorced by his first wife after the birth of the children in March, 1944.

Thompson, now a pressman, arrived here yesterday, Keller said. He was discharged from the army on July 1, 1945.

## Labor Board To Hold Regular Meet Tonight

Members of the Associated Labor Legislative board, which was organized in May and has since been convening weekly, gather again at 8 o'clock this evening to enter into new discussions on the current trends in politics.

One member of the unit's executive board, who said all labor was rallying to the cause of those candidates seeking public office who favor the working man, indicated the sessions would grow in importance as election time neared and stated he hoped all of the city's 22 unions would have spokesmen at the parley.

Several out-of-town speakers have been invited to sit in on tonight's session.

## Services Held For Mrs. Chriss

Rites were said today at 10 a. m. for Mrs. Sullie Caughey Criss, 59, who died in Tucson, Ariz. on July 1. The body arrived here Thursday.

Funeral was held at the Eberley-Curry chapel with the Rev. H. C. Smith, First Methodist pastor, and Herbert Newman, Church of Christ minister, officiating.

Mrs. Chriss, who resided here a number of years ago, leaves her mother, Mrs. W. F. Caughey, Luther, a son, John W. Gibson, Wichita, Kans.; three sisters, Mrs. Joe Smith, Tucson, Mrs. Carl Jensen, Monroe, Wash. and Mrs. W. F. Goff, Oklahoma; four brothers, Paul Caughey, Oklahoma; James E. Caughey and Lester F. Caughey, Big Spring, and Joseph S. Caughey, Fort Worth; one granddaughter, Florence Ann Gibson; and several nephews and nieces.

Active pallbearers were George Lee, Shine Phillips, Arthur Woodall, Louis Underwood, Bonnie Puckett and Tom Spencer.

## 11 Scouts Register For Summer Camp

Registrations for summer camp have been received from a total of 11 Big Spring boy scouts, H. D. Norris, reported today.

New registrations include Jimmie Hobbs, Marcellus Weaver, Jerry Houser, Wayne Bartlett, Jerry Woods and Norman Kautz. The scouts are scheduled to leave from the southeast corner of the courthouse lawn at 7 a. m. Tuesday. About 20 scouts from Midland will travel with the Big Spring boys to Camp Fawcett, near Barkdale, site of the camp, Norris said.

## Certifying Officers Here To Aid Vets

F. B. Brown, certifying officer, and John P. Kelly, interviewer, both assigned to the Fort Worth office of the War Assets Administration, arrived here Thursday to begin periodic service to veterans of the area interested in surplus property.

Brown and Kelly, calling at the Veterans Administration office here at regular intervals, will be able to interview and certify veterans for surplus property purchases as the property is made available.

Heretofore, veterans have had to make a trip to Fort Worth for certification.

All veterans need for certification is a discharge or certificate of service. They then will be notified as property is offered.

Brown said they would be here through Saturday and return to Big Spring on July 18-19. They will be in Abilene July 11-12, and San Angelo July 15-16.

## Markets

NEW YORK, July 5 (AP)—The stock market today jugged through a series of the slowest sessions for almost a year without developing any outstanding trend.

Variations were in small fractions near the fourth hour.

Mild support was accorded Republic Steel, Chrysler, American Telephone, Southern Pacific, Northern Pacific, Woolworth, Kenecott, American Water Works and Air Reduction. Stumblers included U.S. Steel, U.S. Rubber, Douglas Aircraft, North American, Santa Fe, Baltimore & Ohio, Anacosta, Eastman Kodak, Goodrich and American Smelting.

Bonds shifted over a slim trail.

## O'Brien Speaks At ABC Lunch

Speaking without a formal subject, which he confessed was always a desire of his, the Rev. P. D. O'Brien entertained members the American Business club at its Friday luncheon with tales of the preacher's experiences.

Joe Fowler Brooks, accompanied by Mrs. Ann Houser, sang two numbers, "Your Feet's Too Big," and "Oh Gee, Oh Gosh, Oh Golly, I'm In Love."

Loy House, new president, presided for the first time. Otis Spears was in charge of the program.

Peppy Blount, candidate for the state legislature, made a brief speech asking members for support in the coming election.

Archie Martin was introduced as a new member.

## Crosby Wins Torrid Steer Roping Match

Bob Crosby, embattled New Mexico cowhand, and Jeff Good, who learned his roping and riding near here, battled it out in one of the most torrid steer roping contests in recent rodeo history at Clovis, N. M., Thursday.

After each had roped 12 steers, Crosby emerged as winner by the minute margin of .9 of a second.

Good, son of Mr. and Mrs. Tom Good, who has been operating a New Mexico ranch for several years, had the best time of the day with 20.4 on one steer. Crosby had a total time of 470.3 for the 12 steers. Good 471.2. There were reports here Friday that the contestants were not satisfied that the difference settled anything and were back at it again.

## Valuable Painting Believed Discovered Hanging At Harvard

CAMBRIDGE, Mass., July 5 (AP) — A painting believed to be the "Decent From the Cross," for alleged loss of which Mrs. Jean Bullitt Darlington of Westchester, Pa., sued Harvard University for \$100,000, has been returned to Harvard, the Boston Globe said in a copyrighted story.

The Globe said the painting, which Mrs. Darlington, a relative of William C. Bullitt, former ambassador to Russia, purchased in Antwerp, Belgium, in 1921 in belief it was a Rubens, was turned over to Harvard lawyers by a representative of a man who bought it for \$40.

The purchaser, the newspaper added, was not aware of its real value or that it had been the object of a six year search.

It has been placed in care of Author Pope, acting director of Harvard's Fogg Museum, from which it disappeared originally, and is being held until Mrs. Darlington, wife of a naval officer, formally identifies it, the Globe said.

In Philadelphia, Mrs. Darlington said her Boston attorney, George A. McLaughlin, had inspected the painting and from a description tentatively identified it as hers. She said she plans to go to Boston within two weeks to inspect it.

## Cotton

NEW YORK, July 5 (AP) — Cotton futures moved over a fairly wide range in quiet dealings today, curtailed by holiday influences.

New maneuvers in Congress for restoration of price control brought in early commission house liquidation, which depressed prices as much as \$1.65 a bale. Thereafter, the course was generally higher on persistent mill buying against textile orders along with New Orleans demand. The July 1946 delivery firm and eight additional transferrable notices issued today had been taken up by the trade.

# FREEDOM IS PRICELESS

We have just celebrated Independence Day. Thousands of men gave their lives to secure freedom for the people of this land. Millions have sacrificed time, money, and life to preserve it. Freedom is priceless.

Freedom in Christ is even more certainly priceless. "For freedom did Christ set us free."—Free from superstition and fear which hamper the lives of so many; free from the power of sin that destroys the soul. This freedom is priceless. Treasure it dearly. Help to preserve it for your children. Be in the House of God Sunday.

**Governors Of Texas - -**

**Throckmorton In Office During Curious Period In State History**

By PAUL BOLTON  
AUSTIN. — The eleventh governor of Texas, James W. Throckmorton, sat in the high seat of Texas government at a time unique in the history of the state. He drew a picture of his inaugural address in some respects the position of the State of the Federal Union, and in others, the condition of a conquered province.  
In his inaugural address, Throckmorton told the joint session of the legislature a blood-curdling story about frontier conditions. He said that the frontier was protected by only a handful of devoted frontiersmen dying in bloody battles with the Indians, children murdered by savages and wives and daughters carried into captivity worse than death. And with Federal officers listening, Throckmorton condemned the military for keeping large numbers of troops comfortably quartered in the interior and refusing to send them to the troubled border.  
Nevertheless, despite the governor's gloomy pronouncements, there was hope in Texas that things were going to get better. On April 2, 1866, President Johnson had formally declared the rebellion in the South over with the single exception of Texas. When Throckmorton's government took over on August 20, the President declared that the insurrection in Texas was also over and that peace, order, tranquility and civil authority existed throughout the nation.  
However, that wasn't the temper of Congress. When the two US senators from Texas, O. M. Roberts and D. G. Burnett, went to Congress, they were not seated since they were "secessionist" and could not take the "iron clad" oath that they had never served the Confederacy and that they condemned its cause.  
Meantime, in Austin, Governor Throckmorton was interpreting President Johnson's peace message as having legally ended the war. He believed that it clearly established the supremacy of civil government in Texas over military law. He worked hard for sane reconstruction and the restoration of Texas as a full-time partner

JAMES W. THROCKMORTON

in the Union with equal civil liberties.  
But in Washington, Congress didn't like President Johnson's idea of Reconstruction, and substituted instead the hated "Congressional Reconstruction" which disfranchised every Southerner who had supported the Confederacy.  
Out went Throckmorton and his civil administration. Congress put the military on the job in Texas again and Federal officers appointed Texas' fourth governor, Elisha M. Pease, to head that government and to form another constitution to be adopted. General Phil Sheridan was made commander of the Fifth Military District which included Louisiana and Texas. General Charles Griffin was placed in charge of Texas by Sheridan.  
Sheridan's order removing Throckmorton from office called him an "impediment to Reconstruction."  
With "Congressional Reconstruction" out, went all hopes of rebuilding Texas without placing the state in political bondage and out went the suffrage of anyone who had aided the Confederacy. In came the breed of E. J. Davis and the Republicans who wanted to disfranchise all who had a part or sympathized with the Confederate government.  
Throckmorton's family came to Texas in the early days of the Re-

**Public Lands Open For Home Steading**

Public lands are being opened for homesteading by veterans and others in three areas, the Department of Interior bureau of reclamation has announced.  
During the current year, 1,254 acres of public land will be opened to veterans and others in Washington in the extension of the Yakima project. Total amount of unentered public land in the division at present is 3,300 acres.  
Some 26,000 acres are involved in openings in northwestern Wyoming. One project is near Cody, Wyoming, and the other near Laramie, Wyoming. Information may be had through the regional office of the bureau of reclamation at Amarillo.

**Prosecutor Becomes Complaining Witness**

CHICAGO, July 5 (AP) — Assistant State's Attorney Leo Poch, who is in charge of prosecuting criminals, stared intently at the group of suspects charged with robberies or hold-ups who appeared in criminal court.  
Poch explained he was held up and robbed of \$200 and he will gladly be a complaining witness instead of prosecutor when the holdup men are apprehended.

## Take Advantage Of Canned Citrus Juices To Combat Summer Heat

By CHARLOTTE ADAMS  
Associated Press Food Editor

There's nothing more cooling in the summer than the taste of citrus fruit. Yet most citrus fruits are unobtainable during the summer season or very high in price and poor in quality.

Canned citrus juices are available to us in quantity, however, this year, and may help to solve the problem. We were asked to send them overseas with the canned food collection, as their bulk is too great to compensate for the nutritive value they provide. For us, though, they are wonderful, their vitamin content being 97 percent as compared with fresh fruit.

You can use all these canned citrus fruit juices for breakfast and save yourself a lot of bother. Here, too, are some of the ways to use them for desserts:

DAYTONA DESSERT BARS... Orange-grapefruit flavor.

**Daytona Dessert Bars**  
3 tablespoons shortening  
3-4 cup sugar  
1 egg yolk  
1 egg  
1 cup sifted flour  
2 tablespoons cornstarch  
1 teaspoon baking powder  
Dash of salt  
1-3 cup blended orange and grapefruit juice  
1 egg white  
1-3 cup chopped or half pecans  
Cream shortening thoroughly. Add one-half cup sugar gradually and cream well. Add egg yolk and whole egg, and beat thoroughly. From the cup of sifted flour remove 2 tablespoons and substitute for them the 2 tablespoons of cornstarch. Sift flour, cornstarch, baking powder and salt together

and add to creamed mixture alternately with blended orange and grapefruit juice, mixing well after each addition. Spread mixture in greased wax paper-lined pan (7 x 10 inches). Beat egg white stiff, add remaining sugar gradually and continue beating until mixture is like marshmallow. Spread over batter in pan, sprinkle with pecans, bake in 350 degree oven for 20 to 25 minutes. Cool, cut in strips about 1 x 3 1-2 inches and remove from pan. Makes about two dozen bars.

**Golden Citrus Ice**  
4 tablespoons sugar  
1 cup water  
1-4 cup honey  
1 cup blended orange and grapefruit juice  
Heat sugar and water until sugar dissolves; add honey; cool. Add orange and grapefruit juice, mix well, and pour into refrigerator trays. Set cold control of mechanical refrigerator at coldest point and freeze until firm, stirring several times during freezing. Serve with crushed berries in season, if desired.

**Citrus Souffle Supreme**  
1-4 cup quick-cooking tapioca  
1-4 cup sugar  
1-4 teaspoon salt  
1 cup water  
1 tablespoon butter or margarine  
1-2 cups blended orange and grapefruit juice  
2 eggs, separated  
Mix tapioca, sugar and salt; add water and bring to a boil over direct heat. Remove from heat. Add butter. Cool. Add blended orange

### Local Landlords Hold Rents Down

Although the trend is not yet widespread, indications were today that many Big Spring tenants will be confronted with increased rentals within the next month. The area rent office reported several landlords have announced intentions to raise rents in 30 days, and a few already have advanced their prices. Most of the advances were described as moderate, however, and generally property owners seemed likely to be reasonable in setting new figures. Private sources pointed out a few isolated cases where decided increases have been effected, but such instances appeared to be well in the minority. No eviction suits had been filed in the justice of the peace office up to noon today.

### Nazis Deported From Shanghai

SHANGHAI, July 5 (AP)—One of the busiest spots in Shanghai today was the German internment camp where Nazis slated for deportation aboard an American transport, the Marine Robbin, were being processed for departure on Sunday. Chinese camp authorities said altogether 753 Germans—330 men, 250 women and 173 children—were scheduled to leave. They attributed this substantial decrease from the previous estimate of 1,500 to "various exemptions for different reasons, such as sickness." Various Germans in the camp professed ignorance when asked about the authenticity of published allegations that Chinese officials had accepted bribes to remove persons from the deportation list. It was clear that if they had any knowledge of such practices, they weren't going to disclose what they knew. Very few of the Germans want to return to the fatherland. But they feel there is little future for them in China. All the deportees looked well fed. They have been living in a former Japanese school and doing their own cooking and house-keeping. They have eaten at their own expense.

### Iris Draws Praise

CHAMPAIGN, Ill.—(UP)—Floriculturist J. R. Kamp accords the modern iris the honor of being the "most valuable flower of Midwest gardens." Kamp, a professor at the University of Illinois, credits the flower with blooms that rival the time-honored orchid. He said the iris has a color range with which no other flower can compare. There is a "dry monsoon" as well as the "wet monsoon" in the Orient and the one is likely to be just as dry as the other is wet.

### Keep Desserts Light, Cooling For Ending Especially Prepared Hot Weather Meals

Ice cream, although a favorite summer dessert, can become monotonous if not relieved by "something different" ones in a while. To put the cooling final touch to a meal planned expressly for "100 plus" days testing kitchens have worked out recipes for desserts employing the use of seasonable fresh fruits.

**Orange Fluff**  
1 tablespoon unflavored gelatin  
1-4 cup cold water  
2-3 cup hot orange juice  
1-3 cup prune juice  
3 tablespoons light corn syrup  
1-4 teaspoon salt  
1 cup cooked prune pulp  
1 teaspoon grated orange rind  
2 egg whites  
1-4 cup chopped pecans or other nut meats

Soften gelatin in cold water. Add hot orange juice and stir until dissolved. Add prune juice, syrup and salt. Chill until mixture begins to thicken. Add prune pulp and orange rind. Beat egg whites stiff and fold into chilled mixture. Pour into mold and chill until firm. Serve cold with chopped nuts.

**Frozen Caramel Pudding**  
1 cup sugar  
1-4 cups milk  
2 tablespoons cornstarch  
1-4 cup milk  
1-8 teaspoon salt  
1 tablespoon butter or margarine  
2 egg yolks slightly beaten  
1 teaspoon vanilla  
2 egg whites beaten stiff  
1-8 teaspoon salt  
Cream.

Stir sugar over quick fire until it melts. Permit it to burn slightly. Heat milk to boiling point and stir slowly into sugar. Cook until sugar dissolves. Dissolve cornstarch in one-quarter cup milk. Add to sugar mixture. Reduce flame or cook in double boiler stirring until mixture thickens and cornstarch is cooked. Add salt and butter or margarine. Pour part of mixture over beaten egg yolks, then return all of mixture to heat and stir and cook until thickened. Cool and add vanilla. Fold in egg whites and freeze in refrigerator tray.

**Fresh Fruit Cup**  
1 pint strawberries  
8 peaches  
1-4 cup sugar  
8 ounces white wine

Stem and wash berries, peel peaches and cut in small pieces. Sprinkle sugar over fruit and add wine. Allow to stand for 12 hours. Make a syrup by boiling together for ten minutes one-half cup sugar and a little more than one quarter cup of water. Chill syrup. Place fruit in individual sherbet glass and pour as much of the syrup over as desired.

**Spley Baked Apple**  
4 large baking apples  
2 tablespoons raisins  
4 tablespoons chopped, blanched almonds  
1-8 teaspoon allspice  
1-8 teaspoon cinnamon  
4 tablespoons honey  
1 tablespoon butter or margarine  
1-2 cup water.

Wash and core apples carefully. Pare apples to about one inch from the top. Place into baking pan. Mix together raisins and three tablespoons almonds. Fill centers of apples with this mixture. Add allspice and cinnamon to honey and mix well. Pour honey mixture over apples. Sprinkle with remaining almonds and dot with butter or margarine. Add water to pan to prevent burning. Cover and bake at 375 degrees about 40 minutes.

### Hostess Hints

### Use Vitamin C Garnishes To Dress Up Plain Dishes

Vitamin C is an everyday need; there's little storing it up for the future. Promote your family's daily intake by serving canned fruit juices regularly as appetizers, or dessert with cookies.

Caught short for soup? Make cream of peanut butter. Blend 1 tablespoon sizzling fat with 2 tablespoons flour; work in 3 tablespoons peanut butter. Pour on 2 cups milk, cook stirring until thickened. Remove from fire and add 1-2 teaspoon salt, dash pepper, 1 teaspoon butter, 1 teaspoon finely minced onion. Serves 2.

Asparagus tastes grand dressed with vinaigrette sauce. Combine India relish with melted shortening, add salt, cayenne, paprika. Thin with asparagus juice. Pour over stalks on toast.

There are other ways to bake than using white flour. Look up rye meal, bran flakes, rolled oats, corn meal, and hominy. Remember raisins go well with old-time breads.

Hearty condensed soups take on a summer air garnished with chopped celery leaves, minced parsley, mint, finely diced unpeeled cucumber, or grated carrot. Add endum: Nutrients go up a notch!

Cook, then cool corn meal mush in cake pan; cut in 1-inch squares; place in greased casserole; pour on sauce: Combine and heat one 11-oz. can condensed cream of tomato soup, 1-4 cup milk, 1-2 lb. grated American cheese, 1-2 teaspoon celery salt, dash pepper. Bake in a moderate oven (375 degrees F) for 20 minutes.

End-of-school celebration for your children: Homemade chocolate sodas. In each glass place 1 scoop ice cream, 3 tablespoons thin chocolate syrup. Gradually add enough carbonated water to fill each glass stirring constantly. Syrup: Mix 1 cup Dutch process cocoa, 2 1-4 cups sugar, 1-4 teaspoon salt. Add 1 cup dark corn syrup, 1 1-2 cups water. Heat slowly; stir until sugar dissolves. Cook to 215 degrees F. Cool without stirring.

Salads set a sparkling pace for summer menus; make good use of garden produce also. Slice tomatoes, cucumbers, and young scallions. Drench in distilled white vinegar seasoned with sugar, salt and pepper. Oil-saving!

Salvage suggestions: An excellent hash may be made of leftover meat by padding with potatoes and using condensed vegetable soup for the sauce.

Friday's codfish cakes will rise to fame if tomato ketchup is in-  
cluded.

## LOOKING 'EM OVER

**With TOMMY HART**  
An individual who says pitchers were put at a disadvantage when the distance between bases on softball diamonds was cut from 60 to 55 feet is Leon Glenn Bredemeyer.  
Bredemeyer is well qualified to express himself on the subject. He is recognized as one of the best hurlers in local mushball circles, has had his hand in the game for several years.  
"Most of the innovations introduced this year were to the benefit of the game. Not so with the miniature diamonds," says the star Big Spring Motor hurler. "Now, a pitcher either has to strike a batter out, or else have his infield play in so close, it leaves a huge gap between the inner ring of the defensive players and the outfielders."  
Bredemeyer also points out that there has been more reckless base running than ever before due to the abbreviated diamonds, thus working a hardship on the battery.

In addition to the shortened base strips, the game was revolutionized this year by cutting the lineup from ten to nine men, lengthening of the batter's box and passage to first base for a batsman hit by a pitched ball.

## Red Sox, Dodgers Maintain Leads Over Runnersup

**By The Associated Press**  
The major leagues waded into the second half of the first post-war baseball campaign today virtually assured of establishing a new season attendance record before the end of the month. They have hopes of reaching the 20,000,000 mark before the season comes to a close Sept. 29.  
A total of 239,456 fans paid to see yesterday's Independence day bargain bills to boost the total attendance for the National and American leagues to 8,909,352, only two million short of last year's record figure. Should the New York Yankees and St. Louis Cardinals, respective runners-up in the American and National leagues, spurt to narrow the gaps between themselves and the pace-setting Boston Red Sox and Brooklyn Dodgers, the 20,000,000 attendance aim may be realized.  
Neither the Yanks nor the Cards were able to take advantage of the mediocre performances of the league leaders yesterday.  
The lowly Philadelphia Athletics, shaded the Red Sox 3-2 in the opener of their twin bill. With Ted Williams slugging his second of the day and his 22nd of the season, the Sox had to stave off a desperate Mackmen rally to cop the nightcap 9-8.  
After Emil (Dutch) Leonard had blanked the Yankees in the first game for Washington 2-0, the Bronx Bombers came back in the night cap to return the shutout 5-0.  
A three-run ninth inning attack enabled the Dodgers to whip the New York Giants 8-5 before 48,200 paid admissions and earn an even split, as the Giants won the opener 7-5.  
A two-run homer by Johnny Mize, his 200th of his big league career, helped the Giants to the first game win.  
A ninth inning double play by the Cleveland Indians with the would-be tying run crossing the plate prevented the Detroit Tigers from sweeping a pair from the Tribe. Outfielder Roy Cullenbine clouted three home runs, one in the first game which Detroit won 8-4, and two in the second, won by the Indians 9-2.  
The St. Louis Browns moved to within half a game of sixth place by downing the Chicago White Sox 4-1 and 9-2.  
The Philadelphia Phillies advanced to within a half game of fifth place Boston by whipping the Braves twice, 7-0 and 3-2.  
After losing the first game to Pittsburgh 6-1, the Cincinnati Reds executed a squeeze bunt to bring home the run that gave them a 4-3 decision in 11 innings of the nightcap.

**PASQUEL TAKES OVER**—Jorge Pasquel, president of the Mexican baseball league, is shown (center) in uniform on the bench of his Vera Cruz team after he took over its management. Pasquel is holding 7-year-old Charley Owen, son of Brooklyn's former catcher, Mickey Owen, whose job Pasquel took over. Danny Cardella, former New York Giant player sits on the left. ## Mechanics, Vets Score Triumphs

### Redcaps Smother Coahoma Oilers, Manhattan Wins

United Body Works' brigade brooks the shackles which had kept them in the Munny softball league dungeon since the start of the campaign by thumping the Foran Crown Pipelines, 1-0, in a game at Forden Thursday night.  
The bout was the feature of four unrelaxed over the holiday. Behind Jimmy Daylong, Manhattan Club buried Big Spring Motor, 7-1, in Foran's other contest.  
Doe's Redcaps got away to a beated start in league play by blasting out a 13-6 triumph over Morley Morrison's Coahoma Standstill Oilers.  
Home runs by Jake Anderson and Doc Malone paced the Veterans of Foreign Wars to a 15-6 victory over American Business Club.  
Daylong pitched a right ball against the Fordmen and rolled to an easy win as Toby Cunningham and Sonny Busby reached Big Spring Motor hurling for extra base blows.  
The Manhattan tallied two of their runs in the initial round, then came back for five in the third.  
Taking the field without the services of their star hurler, Roy Weeks, the Coahomans were no match for the Redcaps. Led by Tommy Spain, who stepped out to collect a single and two doubles, the Wilkinson gang punished the enemy hurler, Rube Baker, all the way. Bill Greider was the winning hurler.  
Tommy Elliot received credit for the VFW win over ABC, coasting in as the service club's defense fell apart.  
Besides Anderson and Malone, Leroy Wood, Hal Battle and Elliot had big nights at the dish for the winners, who put the decision on ice in the initial canto with an eight-run outbreak.  
D. R. Gartman collected a four master for the loser while Pat Patterson had two safeties.

### Redcaps Tangle With Motorists At 7:30 Tonight

Tonight's Munny softball league double header at the city park diamond finds four of the better contingents in action.  
The opener pits Doc Wilkinson's Redcaps, a major threat for the crown, against Dyle Talbot's Big Spring Motor club. Game time is 7:30 p. m.  
Wilkinson will probably send his ace, Morris Crittendon, to the hill while Talbot is due to counter with Glenn Bredemeyer.  
At 9 o'clock, the two teams which fought it out for the first half crown—Corden's Oilers and the Coahoma Standstill Oilers—begin throwing hay makers at each other.  
Corden, away to a good start in the second half by virtue of victories over Foran and United Body Works, rules as slight favorite to cop the duke.

### Bulls Leads Field In British Open

**ST. ANDREWS, Scotland, July 5 (AP)**—American Johnny Bulla led Bobby Lock of South Africa by one stroke today in aggregate scores as they reached the halfway mark in the final round of the British Open golf championship.  
Bulla played the first nine in 38 and a 63-hole total of 253 while Locke, although he went out in 36, had an aggregate of 254.  
British Pro Henry Cotton, who started the final round with 216, one stroke behind Bulla, Sam Snead and Dai Rees, carried a 40 for the first nine raising his total to 256. Rees hung up a 42 to place him four strokes off the pace.  
Snead was a late starter.  
Bulla, the runnerup in 1939, got a one under par 72 in his morning round. Rees, who set the course afire yesterday with a record 67, took 73 strokes in his third round. Snead added a 74 today to his previous 71-70.  
Right behind them were Henry Cotton, veteran English pro with 216, and Bobby Locke, South African, with 218. The course played much harder today with a stiff, cold wind, but the leaders stayed close to par leaving Lawson Little no chance to catch up despite his nice 72 this morning.

### George Tillinghast In Abilene Meet

**ABILENE, July 5.**—George Tillinghast, only Big Spring entry in the Abilene Invitational golf tournament here, qualified with an 85 to rate the fourth flight.  
His first foe was to be C. K. West, Breckenridge, who came in with a 88.  
Herbert Stewart, a former resident of Big Spring but now of Fort Worth, finished with a 73 and was to oppose Jimmy Dixon of Abilene, who qualified with a 70.  
Doug Jones, ex-Big Spring, fired a 70 and became eligible to tangle with Ralph Blackwell, Abilene, who had a 73.  
Finals are slated for Sunday.

### Bernie Freeman Wins Flag Show

Bernie Freeman outshot Poe Woodard to win the top premium in the Big Spring country club's flag tournament Thursday. Both golfers were on the 21st green when they ran out of strokes but Freeman was several feet closer to the hole than his Stanton foe.  
Carl Smith wound up in third place to share in the awards.  
In women's play, Mrs. Jack Nelson lasted until the 19th hole to gain the top spot while Mrs. Bob Hodges was in second place and Mrs. Dave Dunean in third.  
The field consisted of 86 men and 22 women.  
Enjoy fresh fruit pies in season but be economical with pastry. Make one-crust pies and use every scrap of pastry. Cut small pieces in fancy shapes, bake on a cookie sheet and lay on top of the fruit filling.

### Barzen Beaten

**CHICAGO, Ill., July 5.**—Bernard Barzen of San Angelo, Texas, lost a hard fought match in the quarter-final of the national Clay courts tennis tournament here yesterday to Garner Mulloy of Miami, Fla., 6-4, 9-7, 8-6.

### HOUSTONIAN FIRST

**GALVESTON, July 5.**—J. J. Krieger, Houston, won first in the cabin cruiser race of 42-footers and over at the Greater Galveston Beach Association's boat regatta here yesterday.  
In the 36-footer cruiser races A. C. House of Galveston won first with Jack Black, Galveston, a close second.

## Felines, Rebels Split Twin Bill

**By The Associated Press**  
Heavy hitting featured play in the Texas league last night as San Antonio, Shreveport and Tulsa made clean sweeps of double-header schedules.  
Fort Worth and Dallas split a header.  
The Tulsa Oilers drove Oklahoma City deeper into the cellar with 5-3 and 4-3 wins. In the first game the Oilers pounded three Indian hurlers for 14 hits. In the second game homers by Elmer Sisto and Dale Mitchell accounted for three Indian tallies in the sixth but the tying run wasn't forthcoming.  
Pete Elko's bat sparked the Shreveport Sports to a double win, 2-0 and 8-3 over Beaumont. In the first game Elko's homer with a man on board took the prize. In the second game a second homer and a double figured prominently in the Shreveport win.  
Clint Conatser's 10th inning home run with one on base gave the Dallas Rebels their 2-0 victory in the second game with Fort Worth. A Dallas error that donated two runs and four hits which produced an earned one started the Cats off to a three-run lead in their first turn at bat in the opening game.  
Chill Wagener, San Antonio southpaw, was the hero in the Missions' doubleheader win over Houston. Wagener came to the mound in the opener with bases loaded and two out in the seventh and forced Joe Niesdon to line out and end the game. In the nightcap the left-hander travelled the distance to hold the Buffs to seven hits.

## Hot Welter Scrap On KBST Tonight

Rough, tough Billy Pelonne (above) of New York, and fast-rising young Charley "Chuck" Taylor, top the list of fare at Madison Square Garden tonight. Their welterweight ten-rounder will be aired coast to coast over the ABC network.  
Last fall Tony Pelonne gave Billy the only defeat he has suffered in 64 starts. Since then, influenced by Rocky Graziano, he has altered his style to get more wallop in his punches, and has kayped Pat Scanlon and Frankie Carlo. Taylor is a fighting Irishman from Coalport, Pa., who caused a stir by the way he licked Freddie Archer last March. He exhibited instinctive boxing ability, and a wide repertoire of punches plus speed, accuracy and power.  
Enjoy the excitement, blow-by-blow on Gillette's Cavalcade of Sports over American Broadcasting Co. and KBST (1490 on your dial) at 8 p. m.  
Remember, men... LOOK sharp! FEEL sharp! BE sharp! Use Gillette Blue Blades with the sharpest edges ever honed!

# Do Something About The Debt

We don't like to throw cold water on proceedings and particularly to disrupt the trend of popular worries, but there is a minor consideration which we feel should enter into a lot of our thinking these days.

That is the public debt. By the most charitable stretch of the imagination, it's staggering.

One school of thought says that we owe it to ourselves, so why fret about it. That's a bunch of foolishness. If we bought City of Big Spring bonds or those of any of our school districts or of Howard county, we certainly would do so in the belief that they would be redeemed on schedule. This certainly should hold good for the obligations of the United States of America.

There are two things to bear in mind about this debt. One is to keep in mind that we have it and that as long as we permit it to retain current levels, service charges will be enormous.

The second is to recognize the fact that the only way it can be reduced is by setting up budgetary provisions to take care of it as rapidly and systematically as possible. This

involves popular appreciation of the cold fact that amortizing the debt must be figured in as a proper expense, that in truth it represents the application of the surplus of revenues over operation and maintenance expense to the retirement of public obligations.

The logical step is economy in government. We don't hear much about this these days, yet silence on the subject does not lessen the need for it.

At the moment we are still operating the federal government with a war-time staff, which is roughly four times that of pre-war levels, when the total government employees was thought to be pretty high. Obviously, one of the first steps is to bring about a reduction of the total to at least pre-war levels.

This will be doubly important, for as the staff is reduced to some semblance of normal, contingent appropriations for the services which these employees represent will be cut.

The course won't be easy, and in fact it may be impossible unless personal considerations and patronage are left completely out of the picture.

## —BUT MUD ISN'T ON THE RIGHT COMMON GROUND—

Broadway—Jack O'Brian

## What Price 'Innocence'

NEW YORK—Laurence Olivier can just about write his own theatrical ticket from here on in. Greeted by exuberant hosannas for his acting in "Oedipus" with the Old Vic repertory company in its brief recent visit to Broadway; and by even more ebullient praise for his production, direction and acting in the Shakespearean film, "Henry V," Olivier has had waves in front of his talented eyes some contracts which can be described only by the Hollywood cliché, "terrific."

Young Armand Deutsch, an heir to a big chunk of the huge fortune of the late Julius Rosenberg, went into motion picture production with a large and cash-green splash. Having already bought the Number 1 fiction best seller, "This Side of Innocence," for \$100,000 down plus a percentage of the film's profits, the young millionaire quickly put aside any suspicions among interested onlookers in the trade that his plans were simply those of a rich but flighty dilettante. Deutsch has made Olivier and his wife, Vivien Leigh, an offer to pay more than \$1,000,000 for services of some of the members of the Old Vic troupe in the Hollywood version of the Taylor Caldwell novel.

The offer, believed to be the largest ever made to an acting company by a film firm, calls for a minimum guarantee of \$500,000 which would, if the picture becomes the hit its producers expect, return the company well over a million; the largest return going, of course, to Olivier, Miss Leigh and Ralph Richardson.

# You Can Help Promote Safety

Our city and county are in the midst of a wave of traffic accidents. The wonder of it is that they have not produced far more deaths than have occurred. The alarming part is that they seem to follow a pattern of steady increase.

Something must be done about it. Those in a position to do something are those who drive automobiles.

A few, simple rules might include: Main-

tain a mechanically safe automobile. Drive it at safe speeds, observing such safety rules as staying on the proper side of the road, not passing on a hill, pulling off highways when parking, paying close attention to driving; pedestrians face traffic when walking on streets or highways; following the wise slogan of not "driving while drinking"; and remember that you must look out for the other fellow, too.

# FEPC Expired Unnoticed With OPA

WASHINGTON, (AP) — In the weekend roar of Bikini's atomic bomb and the feverish finish of OPA you may have overlooked the end of an experiment in human relations.

This was the FEPC, the Fair Employment Practice Committee. It died Sunday at midnight.

But the death of this temporary agency does not mean that the idea is dead.

It is a fight likely to go on for years.

President Roosevelt created FEPC five years ago in an effort to prevent wartime discrimination against workers — in government jobs or war plants — because of color, race or religious belief.

It had some good success, it had some failures. But since war's end the thing it set out to do has become largely undone and discrimination is back again.

Negroes made 80 percent of the claims of discrimination to FEPC.

Congress a year ago had planned FEPC's death — since it was only a temporary, wartime agency — by giving it only enough money to wind up its business.

FEPC Chairman Malcolm Ross, in his final letter to President Truman, explaining FEPC was folding on the scheduled date, re-

viewed his agency's work, drew some conclusions and gave some advice. He said:

In its five years FEPC satisfactorily settled 5,000 cases of discrimination, including 40 strikes, by peaceful negotiation and persuasion.

But peaceful persuasion alone wasn't the whole answer, for a lot of employers ended their discrimination because they needed war workers, or were patriotic, or disliked exposure.

Employers and workers (workers discriminated against fellow workers) abandoned discrimination in most cases where the government stepped in.

Once the barriers were down, workers of varying races and religions worked together efficiently and learned to accept each other.

But the gains which such people as negroes, Jews and Mexican-Americans made during the war

## Big Spring Man Had Part In Bomb Test

A Big Spring man had a part in calling a 20-1 shot which opened the way to the successful atomic bomb test at Bikini.

He is Wesley Irvin, member of the US weather bureau staff at the airport station. Irvin was one of some eight weather bureau specialists selected from the states in advance of the bomb demonstration.

These men did observations of special character at Kwajalein from May 1 until time for the bombing. Since observers predicted that it was a 20-1 chance for a sufficiently good day in July for the test, pressure was on the observers and Army forecasters. They hit it on the nose the first day of the month.

Irvin may return to Big Spring, or to El Paso, where he is due to be transferred.

# Goodwill Dividends Payable To US

WASHINGTON. — The writer, having visited many parts of the Far East, including the Philippines, has sometimes wondered whether the American people fully appreciate the historic event taking place in Manila yesterday.

In a world which has seen the Dutch East Indies torn by civil war over the issue of independence, where Roumania and Bulgaria have lost part of their sovereignty to a domineering neighbor, where even Greece and Czechoslovakia are still occupied by foreign troops, it is worth thinking twice about the fact that the Philippines yesterday became a free nation.

In other words, the United States has kept faith.

It would have been easy to justify a contrary course. There is still plenty of unrest in the Philippines, and we might easily have talked ourselves into remaining there.

The French are holding a tight grip on Indo-China. Winston Churchill, when asked by FDR to give Hongkong back to China, replied: "I was not made prime minister to liquidate the British Empire."

But the fact that we carried out our pledge to the Filipino people will reap dividends of goodwill not only in the Orient, but throughout the world. It is a double reason for celebrating the Fourth.

but he didn't go into details. The details are that some very big — and respectable — manufacturing concerns may be hauled into the FBI net, particularly in the meat, shirt, textile, butter, processed foods and suit industries.

**Kilgore Saw Ahead**

During a brief lull in a recent Senate night debate, several senators were taking a brief rest in the office of Senate Secretary Les Biffle.

Sen. Jim Murray of Montana walked over and threw his right arm around Sen. Harley Kilgore and started praising the West Virginia Democrat. Turning to Biffle, Murray said:

"Harley here is the only man who really knew that this trouble was coming."

"What do you mean?" asked Biffle.

Well, if the Senate had listened to Harley two years ago when he brought out his reconversion bill we wouldn't be in this mess now," replied the Senator from Montana.

Murray was referring to Kilgore's legislation to provide for careful post-war planning to make sure that materials and men were released in an orderly fashion after the war.

Kilgore had the foresight to re-lease this reconversion bill as early as March 1944, and it gained the support of Senators Thomas of Utah, Johnson of Colorado, Hill of Alabama, Wagner of New York, La Follette of Wisconsin, Pepper of Florida, Wallgren of Washington (now governor), and Harry Truman, then senator.

Overriding the opposition of Kilgore's bitter Republican enemy, Revercomb of West Virginia, the bill got through the military affairs committee, after which big-business supporters in the Senate, led by George of Georgia and Vandenberg of Michigan, chopped out its heart.

The original bill called for a program bureau to sit down with a national production-management board, consisting of leaders of management, labor, agriculture and the general public, to work out the details of an orderly, harmonious transition period after the war. Had the Kilgore bill passed, we might be in a different position than in the turmoil of today.

Finally Congressman Clare Booth Luce of Connecticut phoned that she was on her way to the committee room from her office five floors above. But while she was in the elevator, Elston grabbed his hat and left so there would still be no quorum.

Thus a dozen conscientious congressmen were forced to waste more than an hour, and Bernard Baruch was left high and dry before the United Nations with no law on the statute books to back him up.

# Luncheon Announces Day Of July Wedding

For a luncheon held Wednesday at the Settles hotel places were marked with small white folders which contained announcement of the approaching marriage of Mrs. Mabel Barwell Carter on July 7 to Robert Perkins Kountz of Big Spring.

The T-shaped luncheon table was decorated with crystal sprigs holding yellow candles and filled with spring flowers. The centerpiece featured a miniature archway covered with flowers, under which a miniature bride couple was set.

For the affair Mrs. Carter was attired in a two-piece frock of white silk with which she wore brown and white accessories with a large crown hat of brown straw braid accented with gold crescents. She wore a pair of gold and coral earrings, a gift of her mother, and a corsage of coral gladioli.

Salad and dessert plates were served.

Attending were Mrs. R. T. Pinner, Mrs. Marvin House, Mrs. Carl Blomsheld, Mrs. B. F. LeFever, Mrs. J. Y. Robb, Mrs. Sam Goldman, Mrs. W. W. Inkman, Mrs. George Oldham, Mrs. Ted Groebel, Mrs. John Hodges, Mrs. R. R. McEwen, Mrs. Nora Pearl Spencer, Mrs. Curtis Driver, Mrs. M. H. Bennett, Mrs. Lee Rogers, Mrs. Harry Blomsheld.

## Colors, Silhouettes Both To Be Soft In Fall Women's Fashions, Buyers Told

Color is the important note in fall fashions which are slipping on us despite the heat of summer, Mrs. Mary L. Hammond of the fashions department of Montgomery Ward stated.

"Everyone asks if the skirts are really to be long," Mrs. Hammond said, and continued, "The answer is 'yes' they will be slightly long, for most women about an inch."

Mrs. Hammond, who has just returned from Fort Worth where she attended a fashions clinic at the Blackstone hotel, declared that color will be of special importance in woolen dresses, which are becoming increasingly popular. Such soft shades as Ming green, neon blue, tile red and winter white will be outstanding.

The clinic was conducted by Olive Smith, fashion coordinator from New York and was attended by Montgomery Ward representatives from Texas, Louisiana, Arkansas and Mississippi.

### Dance Class, Coed Party Set At YMCA

### IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine.

### More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store. (adv.)

Why suffer needlessly from bedsores, run-downs, feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and relieve troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 18 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

Mrs. Baker will be the next hostess.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barco concentrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.

## MAYBE THEY CAN USE NAIL KEGS

# More Lumber Needed To Furnish These New Homes For Veterans

WASHINGTON, July 5. (AP)—Unless the government wants its veterans and their families sleeping on floors and sitting on nail kegs, production officials say it must find ways to provide sufficient lumber to make much more household furniture.

A high percentage of the 2,700,000 dwellings the government plans to build by 1948 will be without furniture if housing construction goals are met. W. A. Bryant, chief of the Civilian Production Administration's durable goods branch, said today.

His view was concurred in by a spokesman for the National Re-

## Royce Acuff Surprised With Birthday Party On 12th Anniversary Saturday

COAHOMA, July 5. (SpI)—Mrs. Grady Acuff surprised her son, Royce, on his twelfth birthday Saturday evening with a party. Refreshments were served to Rodney Cramer, Billy Joe Cramer, Murphy Woodson, Tommy Vick, Alvin Conway, Elvon DeVaney, Billy Ray Brooks, James Williams, Harold Williams, Kay Sharron Acuff, Rose Mary Acuff, Cary Wyrick, Tommy Wyrick and the honoree.

Mr. and Mrs. Phil S. Pemberton, who were recently married in Utah, were weekend guests of Mr. and Mrs. Truett DeVaney. The couple was enroute to Barstow. There they will visit her parents, Mr. and Mrs. Edgar Echols. She is the former Mildred Echols. Both were recently discharged from the Army, where she served with the Nurse Corps for three years, and he served in a tank division in Europe. They will make their home in California.

## US Highway Guide Given By Firestone

A new compact guide to highways throughout the US for vacationers, containing 15 detailed regional maps of the country and 39 maps of major cities, is being offered without charge to motorists by the local Firestone store.

Titled "Firestone Road Maps of America," the 48-page booklet was prepared especially by Rand McNally in cooperation with the Firestone Tire and Rubber company. With the regional maps, the driver can plot his route for a day or more without turning one page to another.

For the first time in history, except during wars, a government oil and gas agency has been set up—in the Department of Interior.

## Texans Buying More Goods On Credit

Austin, July 5. (AP)—Texans are buying a larger percentage of retail goods on credit than they were a year ago, the University of Texas Bureau of business research reported today.

Stores reporting annual net sales of between \$500,000 and \$1,000,000 registered the highest ratio of credit sales to net sales.

## In Hollywood

# "The Egg And I" Author Seeing Sights In Town

By BOB THOMAS

HOLLYWOOD, July 5. (AP)—Betty MacDonald, who parlayed her adventures among the hens and roosters into the best-seller, "The Egg and I," was in Hollywood today eyeing the sights like any tourist.

When I saw her, Betty was resting between a trip to International pictures, which is going to film her book, and an evening at Romanoff's and the Trocadero.

"Isn't it wonderful?" she said. "But after touring the country most of this year, I'd be excited if someone would tell me 'You're going to go to bed at eight o'clock tonight.'"

The writer, whose red bangs hang over her round, Puckish face will be busy posing with eggs and even autographing the darned things, which, she'll tell you, is no easy task. All this will help whip up interest in the film as well as the book, which already has brought her \$125,000 in royalties. That and the \$100,000 for movie rights are still a little unbelievable to the former housewife.

As to her portrayal on the screen, Betty said she would very much like Claudette Colbert, who is being mentioned most for the role. The bangs provide a little resemblance.

After the Hollywood spree, Betty and her family will return to their Puget Sound home where she will get to work on three new books: a children's story; a northwest cookbook about the "Good and Repulsive" foods she has eaten; and a story of her adventures with tuberculosis.

## PASSENGER SNAPS, CAUSES WRECK

MILWAUKEE, July 5. (AP)—Mr. and Mrs. Gustav Riebow found a turtle in their back yard and decided the proper thing to do with it was take it out into the country.

While enroute in the Riebow auto the turtle, a snapper, got loose and bit Riebow. He lost control of the car and ran into a tree.

Mrs. Riebow suffered cuts on the forehead.

The turtle plodded away from the scene.

## Oil Production Up

Austin, July 5. (AP)—An increase of 5 per cent in the daily average production of crude petroleum for May over the month of April is reported by the University of Texas Bureau of Business Research.

World crude oil production in 1946 is expected to be about 23 percent greater than in 1941.

## JUNE, THOUGH STINGY WITH RAIN, GENEROUS WITH COOL TEMPERATURE

June produced .93 of an inch of moisture in three showers, netting considerably under the normal of two inches for the month.

Monthly summary reported by Vernon W. Schaad, meteorologist in charge of the weather, shows.

Visually, drought is quite apparent. Statistically it is substantiated, for the total since Jan. 1, 1946 is 3.93 inches, or 4.53 under normal. Even counting in the heavy rains of last July, the past 12 months have stirred up only 16.85 inches or 1.62 under normal measurements.

About the only redeeming feature was the temperature, which though hot at the close of June, was even enough for a mean of 79.8, nearly a degree below normal and well under the 81.2 degrees for last year's scorcher. Highest for the month was 107 on June 29. There were four days which hit 100 or more. Minimum was 61 degrees.

The wind blew and blew, ranging from 15 to 40 miles per hour and from practically every direction with predominance for south and south-easterly breezes. There were 16 clear days, six partly cloudy and eight that classed as cloudy—without doing much about it.

This makes the fifth consecutive year that June contributed less than an inch of moisture—something that has happened only once before in history of weather reporting here when there was a similar dearth from 1907 through 1911. Outside these two stretches, it is rare that consecutive dry Junes follow one another.

# Texans Take It Easy At Picnics, Rodeos To Celebrate Fourth

By The Associated Press

If all of yesterday's picnic dinners were laid end to end—well, it would show just how many Texans took the day off and celebrated the first peacetime July Fourth in five years.

The do-nothing-and-have-fun movement was statewide. From the Rio Grande to the Sabine and from the Panhandle to the coast, Texans took it easy.

The Stamford Cowboy Reunion closed its 16th annual meet with a record crowd of 15,000. Governor Coke Stevenson looked on from the judges stand.

A total of 5,600 paid admissions were reported at the second annual Lake Sweetwater Regatta at Sweetwater.

At Galveston squally weather and heavy rain storms failed to dim the spirits of a large crowd of spectators who came to see the Greater Galveston Beach Association's boat regatta.

Up the coast 1,500 spectators stood through rain showers to watch the Independence Day boat regatta at Texas City.

At Abilene a record field of 307 entered the 20th annual Abilene country club invitation golf tournament.

Hundreds of persons attended an open house and a military aircraft exhibit at the Municipal Airport in Midland.

An estimated crowd of 4,500 attended the 12th annual Hill country championship rodeo at Kerrville.

The Tri-State Championship Rodeo at Amarillo drew a large crowd.

Former students of North Texas Agriculture College at Arlington gathered to honor their 300 war dead.

In Fort Worth activity centered around the public parks where the park department had planned programs.

Political rallies, mostly for local candidates, were held in San Antonio and Houston.

In Dallas there were band concerts and a big fireworks display at the Cotton Bowl.
