

Big Spring's Testimony for ICC

Excerpts from testimony of G. T. Watson, manager of the Big Spring Chamber of Commerce, before the Interstate Commerce Commission in support of the Texas Pacific Northern construction legislation, covering Howard, Martin and Andrews counties, follows:

Disadvantages encountered by ranchmen and stock farmers due to inadequate railroad facilities: In portions of Howard county and adjacent territories there are used, grazed and marketed 30,000 head of cattle annually, which are driven 15 to 40 miles, an average of 25 to 30 miles. Heavy wear is inflicted because of this way-shrinkage is caused, and is reflected in loss of market value.

In the Big Spring trade area is being retarded because of lack of adequate rail facilities: Lying north and northwest of Big Spring, through the communities of Fairview, Knott and Ackery, there is an vast amount of agricultural land, approximately 125,000 suitable for farming but undeveloped. This land, approximately one-third of the acreage extending seven and one-half miles on either side of the proposed route of the Texas & Pacific Northern is in cultivation and farmers encounter considerable expense in transporting their products to market and their supplies and building materials from market, having no means of transportation except dirt highways. It is costing farmers an average of 25 cents per hundred trucking charge on all merchandise brought into the community. It also costs from 75 cents to \$1.50 per bale for all cotton transported from these communities to Big Spring to market. Farmers are now paying \$4.00 per ton to have their cotton seed hauled from these communities to market at Big Spring.

Home seekers who encounter such expense are inclined not to settle in communities that are such distances from market. With the coming of the Texas & Pacific Northern through this fertile agricultural section will come much development.

The nature of the soil in the Big Spring vicinity being Amarillo sandy loam intensive cultivation is highly productive. The average yield of cotton the past five years has been 64 pounds of seed cotton per acre. Grain sorghums produced over the same period totaled 1,260 pounds per acre. These figures were obtained from the government experiment farm at Big Spring.

Inadequate transportation as it affects Big Spring: All merchandise purchased from wholesale houses in Big Spring by merchants to the north or northwest is transported by customers making the purchase. The uncertainty of road conditions makes the service irregular, expensive and unsatisfactory.

Farmers in the northern and northwestern portions of Howard and the northern and eastern portions of Martin county and in the eastern section of Andrews county now are compelled to haul their agricultural products distances of 20 to 36 miles to market; having only dirt roads over which to transport these products they find it expensive and a great loss of time.

From the vicinity above described approximately 15,000 bales of cotton annually are trucked into Big Spring at a cost of 75 cents to \$1.25 per bale. From this same section there is trucked into Big Spring annually approximately 6,000 tons of cotton seed at an average cost of \$4 per ton.

The grain sorghums that grow so abundantly in this area are also trucked to market at a cost, in many cases, totaling one-third of their market value.

Building materials and farm and ranch supplies of all kinds are also trucked 20 to 35 miles at an average cost of 25 cents per 100 pounds.

A specific case of trucking costs is that of A. B. Brown, of Ackery, who recently received a shipment of cotton seed cake over the Texas & Pacific railroad from Sweetwater while trucking charges from Big Spring totaled \$60.

As to Martin county, now served only by the Texas & Pacific across the southeast corner, and which would be touched in the northeast corner by the Texas & Pacific Northern:

Martin county has total acreage of 576,000 of which more than 500,000 acres is suitable for cultivation. Of this 96,000 acres is in cultivation.

Development, without adequate railroad facilities, is going forward rapidly. There were but 139 farms in 1920, the number growing to 773 in 1929, most of which are near the existing railroad.

On ranches and farms in Martin county are 25,000 head of cattle, 1,600 head of sheep and 96,000 chickens with total value of \$1,500,000.

After special investigation I estimate there will be produced on the 773 farms in Martin county during 1930 \$500,000 in dairy and poultry products.

Population of Martin county in 1920 was 1,346; in 1929, 6,798, an increase of 405.5 per cent.

As to Andrews county, near which the proposed railroad would pass:

Farmers in the eastern and northeastern sections would be nearer the proposed railroad than they are to any existing road.

Andrews county contains 1,001,600 acres of which 800,000 is suitable for cultivation but there is under cultivation only 5,500 acres.

On the ranches and farms in Andrews county there are 25,000 head of cattle, 1,000 head of sheep, 1,200 head of hogs and 12,000 chickens with total value of \$1,000,000.

Approximately 25,000 head of cattle were shipped from Andrews county in 1929.

Farming here is in its infancy. The long distances to market have retarded agricultural development, some farmers having abandoned their land due to long hauls necessary in marketing their products.

In 1920 there were 15 farms in Andrews county, in 1929 there were 66, in 1930 75.

The population in 1920 was 250 in 1929, 701, an increase of 100.3 per cent.

MARKETS

FORT WORTH LIVESTOCK
 PORT WORTH, Dec. 15 (UP)—Hogs: 600; no rail hogs offered; truck hogs 20-30 higher; top 815; packing 800 to 700.

Cattle: 6,200, including 2,200 calves; slaughter steers scarce, no good fed grades shown and no morning sales; general trade in butcher cows, low cutters and slaughter yearlings dull and dragging, tending weak to lower; good fat cows up to 5.00 and above; butcher grades around 3.25-3.50; low cutters 2.2-2.50; light slaughter yearlings in 8 range; bulls 3.75-4.50; light stock steers and yearlings 6.05-7.25; feeder steers 6.00; stock steer calves 7.75; good stock cows 4.75-5.25; slaughter calves under 4.00.

Sheep: 300; fat lambs weak; other classes steady; wool weak; fat lambs 7.00; good shorn fat lambs 6.50; medium to good fat yearlings 5.25; medium grade shorn aged fat wethers 4.00; woolled fat wethers 4.50; feeder lambs 3.00.

BOSTON WOOL
 BOSTON, Dec. 15 (UP)—Inquiries are being received on 58, 60s and finer domestic wools but lower grades are very quiet. Cables from abroad indicate prices in Australian markets about steady with last week's close. Receipts during week ending December 13, amounted to 139,300 pounds as compared with 139,400 pounds during previous week.

Backache Leg Pains

If Getting Up Nights, Backache, frequent day calls, Leg Pains, Nervousness, or Burning, due to functional Bladder Irritation, in acid conditions, makes you feel tired, discouraged and discouraged, try the Cystex Test. Works fast, starts circulating thru the system in 15 minutes. Trained by thousands for rapid and positive action. Don't give up. Try Cystex (proprietary) immediately. Under the Iron-Clad Guarantee. Must quickly relieve these conditions, improve restful sleep, and money back. Only 50c at.

(CONTINUED FROM PAGE 1)
 Foreign trade continued to decline; 31 per cent less new capital was floated than last year; short term credit continued abundant but about 2 per cent cheaper.

The public's rejuvenated saving propensities were reflected in Christmas saving funds exceeding \$70,000,000 of which 35 per cent was calculated to go into holiday spending, and new life insurance written at a rate leading to a year's total of \$18,500,000—\$1,100,000,000 higher than the average of the past five years. Savings deposits of all kinds were higher and life insurance companies held almost six billions of mortgage loans.

While collections were holding up well, installment buying was being curtailed and higher rate of delinquencies appeared in agricultural sections. This was termed "not disturbing."

Construction Off
 Construction industries were way off, a more than half billion drop in private construction swamping the \$200,000,000 increase of public works and utility expansion. Sympathetically, cement production dropped 20 per cent, lumber output was down, brick shipment was 50 per cent below last year and plumbing and heating supplies registered a production decline of 30 to 60 per cent.

Reduced car loading, were coupled with substantially increased railroad capital expenditures. Electric consumption was pulled down by the industrial decline, through domestic and commercial use increased. Gasoline refineries ran at two-thirds capacity; coal was off; pig iron was 30 per cent lower; steel mills operated two-thirds capacity and automobile production went down 23 per cent with foreign sales off 43 per cent.

Miscellaneous industries showed similar drops but improvement was developing in the textile industry, particularly cotton, during October.

The signal corps of the United States army has begun production of sound pictures for instructing officers and enlisted men.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchitis irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on in the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

WINNERS IN FOURTH NATIONAL RADIO AUDITION

These ten young men and women competed Sunday evening in the fourth National Atwater-Kent Radio Audition, broadcast on a coast to coast NBC network. Carol Deis, Ohio, and Raoul Nadeau, of New York, shown in the top row, won first prizes for men and women. Each was awarded \$5,000, a gold decoration and two years' tuition in a conservatory. Miss Deis sang "India Bell Song" and Nadeau "Vision Fugitive." Second prizes went to Mary G. Piper, \$2,000 and one year's tuition, New Orleans, shown in the bottom row, and Stephen P. Merrill, Campbell, Calif., also shown above. They received \$3,000 and one year's tuition. Fourth: Paula J. Phoenix, Oakhurst, N. J., right above, and W. Eugene Loper, Jackson, Miss., top left, \$1,500 and one year's tuition. Fifth: Ester E. Coombs, Long Beach, Calif., bottom left, and Clarence R. Graham, Hot Springs, Arkansas, \$1,000 and one year's tuition. Sixth: Richard W. Dennis, Sioux Falls, S. D., shown at the right below.

The boys tell us that... Bill Flowers is contemplating being away from here when the next season rolls around. Flowers is the lone first string backfield man to return. His cohorts in the same rounded out four years during the last season. We refer to Nigie Mims, Captain Delbert Rogers, Cecil Neal and Robert Kistner. Flowers, who leaped suddenly into the spotlight the past season when he scooped up the leather and ranced straight down the aisle, up for 82 yards, we believe it was to score a touchdown against Breckenridge, would be a nice asset to any team's line. Flowers, although not so consistent, did turn in a stellar game for the season, considering things. The spectators tell us Flowers probably will be in Amarillo. We would not like to see the flash move onward. However in this day and time, one never knows where the grid stars will turn up the following season. And it looks as if Amarillo is the best bet at the present time. However, this department rather suspects that when the 1937 whistle is sounded, Wild Willie Flowers will be among those present. Things may be different here next year anyway.

It also is rumored that Breckenridge would like to have the Flowers boy in the Breckenridge backfield. As far as that is concerned, few teams would not like to have the Steer lightweight. Not having conferred with Flowers on the subject, we can't speak authoritatively as to whether he has been tampered with by the Ducks' outfit. However, whether he has or hasn't doesn't make a great amount of difference one way or other. At the moment it looks as if the Steer unit will be rather a shoddy one in 1937 unless reinforcements are rushed, and the boys agree in from the inside start saying it with a "yes" instead of a "no." We would not blame Flowers for wanting to be a member of a team that stands a chance of climbing into the state race. We reiterate, however, we would hate to see him take his bed and board and go elsewhere with it.

That's the advantage of putting out a championship aggregation. Once a school establishes a reputation, the applications for places roll in like the snow in the sugar plant. But it's the building that is hard. It can be done, however. Pampa built a team this year. Breckenridge built one in 1929. Ranger built a fair one in 1930. Cisco built one every year and ends up with a few of them being declared ineligible. We understand Big Spring sportsmen who are weary of seeing the Steers spank are ready to start the construction work for 1937. Like a mixing pancake batter, it's a simple matter. Just take the home grown products, add a sprinkling of stars from various outposts and farms, stir well and you've got a football club. The only rub is obtaining the boys from other fields.

Bill Stevens' cagers probably will see action this week-end. They will clash with either Ranger or Lamesa some time of another. Stevens informed Steer night: The Lamesa quintet topped the Steers in Dawson County, but took the point over here. Things will puff along in the basketball world until after the holidays, then the season should get into full swing with the local high school offering some nice contests for the consideration of the cash customers, if any.

Mr. Claude E. Henninger, known among his chess friends like us as Mr. Spike Henninger, informs that Corden Refinery basketball team got only a second place in the basketball tournament upon being the best basketball team in these parts. Of course one must necessarily discount the things. Mr. Henninger says about his athletic outfit. Mr. Henninger becomes quite enthusiastic and waxed warm, and it would require no great amount of adverse argument for Mr. Henninger to say the Corden Refinery basketball team could whip the ears off a Richardson Refinery quintet if there was a Richardson Refinery quintet under the steady guiding hand of Mr. J. C. Johnny Moore. Whenever Mr. Henninger comes out flatly and states in his inimitable way that the Corden refinery cagers can take on the choicest Midland unit and slash it to bits, then we'll be ready to talk business with him. The things they are saying about the Midland industrial team? It looks as if it will behoove the Corden team to burden the responsibility of taking on the in and week out, until each has been spanked thoroughly and put in place. Inasmuch as there is not another industrial aggregation in this city, it's Corden's job to pound out gallons of gasoline in the day time, and take on the contenders from outside villages at night. It will require little or no effort to get games with Midland, San Angelo, Sweetwater, Ahlone, and probably other looping crews.

Can Tyler stand the pounding? There's no doubt the outcome of the state championship battle of the schoolboys this week-end. Corsicana couldn't, and before they could catch their breath the Sandies were already out in front. Tyler has an impressive defense it is true, but it is not believed the East Texans can take the guff as it will be administered by Blair Cherry's Panhandle pets when the two teams start hitting each other with various things down at Fort Worth. It's getting cool, cooler, cold now, and the Sandies thrive on the low mercury element. As a matter of fact the Sandertoms didn't do so badly beneath the tropical sun that blazed down on Corsicana soil.

Indigestion Gone, Farmer's Wife Well

MRS. C. A. BLACKWELL, ONCE MORE ENJOYING GOOD HEALTH THANKS ARGOTANE. C. A. Blackwell, well known farmer living on route 4, recently dropped into Hensfo's Drug Store in Fort Worth, and while there gave the following outline of his wife's case and the relief she had secured through the use of Argotane. "The relief Argotane has brought my wife is nothing short of wonderful. She had been suffering for a year with a sluggish liver, a general run down condition and occasional spells of indigestion, she seemed to be tired all the time and did not feel much like doing her work. Since she did not have much energy, the liver trouble and the spells of indigestion that she had from time to time did nothing to help her. "I had been in a bad condition myself, but I started taking Argotane, and when she saw the good results I was getting from it my wife started taking it herself, too, and now she is sharing in the benefits. "She says she feels fine now, and she is not nearly so tired as she used to be because she can rest well at night. Her liver seems to be in good working order again, and she has not had a single spell of indigestion since she started taking Argotane. "After seeing what Argotane has done for my wife as well as for me, I am more than glad to endorse it, for it certainly has done both of us a world of good. "Genuine Argotane may be bought in Big Spring at the Collins Bros. Drug Company. -adv.

Oklahoma Quintet To Clash With Hornets

OKLAHOMA CITY, Dec. 15 (AP)—The high school basketball season is still in rumpus, but the competition isn't. El Reno and Capitol Hill of Oklahoma City couldn't imagine a better pre-Christmas workout than they're scheduled to get Wednesday and Thursday nights, respectively. Their opponents, the Athens, Texas, Hornets, have won the national title for the last two years—not to mention various district, state and southwest A. A. U. laurels.

Methodist Cagers Will Meet Trinity

DALLAS, Tex., Dec. 15 (AP)—Coach Jimmy H. Clair planned to take his Southern Methodist University cagers to Waxahachie today for a game tonight with the Trinity University five, the S. M. U. team's second game of the season. The Ponies opened their playing schedule Friday with a close victory over the Dallas Athletic club team.

Brooklyn Players Return Contracts

NEW YORK, Dec. 15 (AP)—First signs of spring have been noted in the camp of the Brooklyn Robins. Signed contracts of Del Bissonette, clotting first baseman, and Wally Gilbert, third baseman, were received today.

Earth Shocks Constantinople

CONSTANTINOPLE, Dec. 15 (AP)—Three earthquakes were felt in the Erzerum and Trebizond areas yesterday. The population was panic-stricken, but there were no casualties. Historic Raleigh tavern, at Williamsburg, Va., has been restored by Rockefeller interests. Turtle farming and canning is the major industry on Eleuthera Island of the Bahamas.

Amarillo, Tyler Will Clash at Fort Worth

FORT WORTH, Tex., Dec. 15 (AP)—The state high school football championship game between Tyler and Amarillo next Saturday will be played in Fort Worth, as a neutral field, school officials of Amarillo and Tyler decided at a meeting here yesterday. Amarillo and Tyler entered the finals by reason of victories over opponents Saturday. The Amarillo Sandies defeated Corsicans 35 to 25 at Corsicans, and Tyler hung up a 44 to 0 defeat on Austin high school at the latter city.

Eastern Team Set For Game

EVANSTON, Ill., Dec. 15 (AP)—The eastern delegation of football players who will join midwestern stars against the far west in the annual Shrine benefit game at San Francisco December 27, convened on Evanston today. Coach Andy Kerr of Colgate, in charge of the Atlantic seaboard group, had 12 men with him, while Dick Hanley of Northwestern had ten lined up today. The eastern backs are: Hart and Macaluso, Colgate; Gardner, Villanova; Fogarty, Brown, and Baker, Pittsburgh. Linemen are Vincent and Lincoln, Yale; Doyle, Colgate; Hove, Western Maryland; Rosenzweig, Carnegie Tech, and Hano, Fordham.

Oil Company Employee Robbed of \$1200 in Dallas

DALLAS, Tex., Dec. 15 (AP)—Nearly \$1,200 in cash and checks was taken last night by two robbers who held up P. C. Montgomery, employee of the Magnolia Petroleum Company, after he had collected receipts from filling stations of the company, he reported to police. He said the men followed him in a small coupe and "curbed" his automobile. One man entered the car and forced him to drive to an unfrequented spot, then robbed him, took away his automobile and departed.

Rotten Eggs, Mice And Bombs Used By German Rioters

NUREMBERG, Germany, Dec. 15 (AP)—Poor little Miss Germany, attired in a Cinderella's rags, incited a riot in the Apollo Theater here last night, just by being on the stage in the midst of girls of other nations dressed up in fancy clothes. Demonstrators, believed to be fascists, protesting at the portrayal of Gretchen, the German character in the review "Liebe Mich" as poverty-stricken, turned rotten eggs and mice loose in the audience and bombarded the actors with stench bombs and aged eggs. One of the performers fainted and the police cleared the theater. The riot continued outside and the police broke it up only by making a number of arrests. The theater operators said they had anticipated trouble and had removed "Miss France" from the cast. But they felt it only fair, they said, considering Germany's economic position, to give Gretchen the Cinderella role amidst more sorrowfully attired neighbors.

Insurance Man Drowned

Jailer Killed With Own Gun

CARTHAGE, Mo., Dec. 15 (AP)—Sheriff Harry Stevens directed a search over four states today for a young man and a woman who yesterday entered the Jasper county jail, killed Othel E. Bray, 50-year-old peace officer with his own revolver, and fled after failing to open the women's cellblock. A hat and a woman's shoe heel, lost in their flight, were clues. No prisoners escaped. Search covered the converging sections of Missouri, Kansas, Oklahoma and Arkansas. A trustee and John Dyer, 17, son of George Dyer, jailer, were fired upon by the slayer, who, with his woman companion, about 24 years old, escaped in a small coupe bearing Kansas license tags. Young Dyer, sitting with Bray, said the attack was without warning. The killer and his girl companion, he related, asked to see Bill Duggett of Joplin, Mo., who had been released Friday after questioning in a petty larceny case.

Reason for Slaying Not Known, Search Spreads

As Bray, acting jailer, turned to the jail record, the man seized Bray's revolver. "Here," Bray cried, "you can't do that." The visitor shot three times when the turnkey attacked, two bullets piercing Bray's heart. Young Dyer fled to the jail arsenal. A bullet struck as he slammed the door. The slayer and the girl seized Bray's keys, unlocked the door and raced upstairs, where seven women were confined. However, after rattling the corridor door there a moment, the couple fled. A special deputy sheriff, Jesso Dome, arrived at the scene. "You keep out of this," the slayer ordered. Dome heeded the advice of the man with the gun. A trustee, attracted by the shots, opened the back wire jail yard fence as the killer fired once at him. A memorial to Doren Randolph Smith, "hero of the Confederate flag," unveiled at Calvary Episcopal church, Fletcher, N. C.

War Nurse To Wed

Mrs. Kathleen Burke McLean, known during the world war as "the angel of France," and Girard Van Barkles Hais, Santa Barbara, California, filed notices in Los Angeles of intention to marry.

Oil Company Employee Robbed of \$1200 in Dallas

DALLAS, Tex., Dec. 15 (AP)—Nearly \$1,200 in cash and checks was taken last night by two robbers who held up P. C. Montgomery, employee of the Magnolia Petroleum Company, after he had collected receipts from filling stations of the company, he reported to police. He said the men followed him in a small coupe and "curbed" his automobile. One man entered the car and forced him to drive to an unfrequented spot, then robbed him, took away his automobile and departed.

Rockne Riders Defeated By Pro Team

Unemployment Fund Given Big Boost By Two Games

By HERBERT W. BAUER, Associated Press Sports Writer. NEW YORK, Dec. 15 (AP)—Football's dying gasp in the east added something like three-quarters of a billion dollars to the fund for unemployed over the week-end. To the approximately 200,000 raised by the Army-Navy game at the Yankee Stadium Saturday was added another \$100,000 yesterday when the New York Giants of the National Professional Football League, conquered Knute Rockne's Notre Dame all-stars, 22 to 0, before 50,000 excited spectators at the Polo Grounds.

Final financial figures on the two games were not available immediately but it was estimated they would reveal profits not in excess of \$750,000. The Giants' victory over Rockne's aggregation was a triumph for well-knit teamwork over a somewhat disorganized group of individual stars. In the all-stars lineup at various intervals were such famous figures as the "Four Horsemen," Stuhldreher, Crowley, Miller, and Layden, as well as Frank Carden and Dick O'Connor of the 1930 Notre Dame team, Jack Elmer, Ted Trowney, Adam Walsh, Ike Voelkel, John Law, Tim Moynihan, Jack Chevigny, Jack Cannon and many another Stuh Bend heroes of the past.

But this collection of notables at no time was able to cope with the brilliant offense and rugged defense of the Giants, one of the finest pro outfits in the game. Benny Friedman, Michigan's former two touchdowns for the Giants and was a constant threat every minute he was in the game. There seemed to be more enthusiasm in this crowd of 50,000 than there was in the 70,000 that saw the Army nose out the Navy, 6-0, Saturday. Army clearly deserved to win, making 12 first downs to three for the Navy, but it took a twisting dash of 37 yards by Ray Stecker to give the Cadets

the only touchdown of the game in the final period. Of more interest, perhaps, was the possible effect this game might have on future athletic relations between the two government academies which split over eligibility rules after the 1937 football game. The consensus was that this game would have no effect whatever on the differences between the two schools. In fact, when the game was arranged, spokesmen for both stressed that the controversy was held in abeyance only long enough to permit the game to be played for charity. Neither academy has shown a disposition at any time to recede from the stand taken when athletic relations were broken.

Exports to Latin America through the customs district of New Orleans reached \$100,000,000 in 1935, a new record. American folk songs are being collected and preserved at the Library of Congress.

DR. MILES' Aspir-Mint. Suffering? There's a new, pleasant, mint-flavored, tablet that relieves ordinary headache and neuralgia, muscular pains and functional pains. It's excellent for Goryza—cold in the head—and for the sore throat that often accompanies it. Physicians have been writing prescriptions for a similar combination for years. The Dr. Miles Medical Company has standardized this well balanced formula and is glad to offer it in the form of a stable, palatable, mint-flavored tablet for home use. Pocket Size 5c, Regular Package 25c. YOU'LL GET RELIEF OR YOUR MONEY BACK.

Announcing a Better Paint Service

Lincoln Climatic House Paint Made For This Climate. We have secured the agency for Lincoln Paint and Varnish Products. Chosen because we know the high quality of Lincoln Paint and Varnish Products will result in complete satisfaction to our trade and to ourselves. Through years of adherence to a high standard, Lincoln Paint and Varnish Products have earned a reputation for low final cost protection and beautification. LINCOLN Climatic House Paint Made For This Climate. We do not believe there is one paint made that will give the maximum amount of service in every part of the country, and the Lincoln chemists have recognized this and that is why they make Lincoln Climatic Paint on several formulas to meet the weather conditions found in various parts of the country. Years of patient research work, conducted in all parts of the country, has developed Lincoln Climatic Paint to a scientifically adjusted product that gives the results you expect from a high quality product. HERALD ADS HAVE A "PULL"!

UNITED DRY GOODS STORES, Inc. A CHAIN OF DEPARTMENT STORES

HOME OFFICE 503 CARLES BUILDING EL PASO, TEXAS

Big Spring, Texas December 9, 1930

The Big Spring Herald, Big Spring, Texas.

Gentlemen: On November 20th we installed an electric window display and ran an ad in the Herald on Buster Brown and Brown-bilt shoes.

The Saturday following our business on shoes was nearly double the usual Saturday volume in this department. We sold 72 pairs, or six cases, of children's shoes alone.

It pays to advertise in the Herald. The Herald was used exclusively in this sales campaign, and results were most gratifying.

Very truly yours, UNITED DRY GOODS STORES, INC.

J. W. Carriger J. W. Carriger, Manager.

Concrete Results --

That's what the United Dry Goods Stores and other Herald advertisers report from consistent advertising.

Herald advertising will help you sell more merchandise... both for Christmas and the coming year.

Budget your advertising as a necessary operating investment for the coming year... and plan to use the Big Spring Daily Herald for maximum coverage and consistent business "pulling."

Miss Earley Is Honored With Shower

Mmes. J. O. Tamsitt and Temp Currie Entertain On Saturday

MRS. T. S. CURRIE and Mrs. J. O. Tamsitt were hostesses at a surprise shower honoring Miss Carolyn Earley, bride elect of John L. Bryan, at the Currie home on Scurry street Saturday afternoon.

The affair came as a complete surprise to the honoree, who had been led to think that she was attending a committee meeting.

Mrs. R. L. Owen played "Lohengrin's Wedding March" as Miss Earley entered. Miss Agnes Currie met the guests at the door and Mrs. N. M. Meiner passed the gift book for their signatures.

A white and yellow color scheme was carried out in the house decorations and vases of white and yellow chrysanthemums were placed about the rooms.

Mrs. Robert M. Parks sang "I Love You Truly," following which little Margaret Owen and Temp Currie, Jr., announced the arrival of a large air mail package for Miss Earley.

These sending gifts were: Mesdames Guy Tamsitt, Will Carnrike, Willie Weaver, A. B. Wade, W. F. Cushing, H. S. Faw, Omar Pittman and Miss Ruby Burnett.

Flashes of Life

(By The Associated Press) LONDON—Merry Christmas to Uncle Sam from John Bull. Great Britain's latest payment, \$94,300,000 reduced what it owes the United States to \$4,293,000,000.

WASHINGTON—The kiddies are to have lots of toys for Christmas. A survey by the department of commerce notes busy times in an industry the annual production of which is valued at \$88,000,000.

NEW YORK—There's a new Einstein theory about which there is considerable doubt. Izzy Einstein, one-time prohibition agent of many disguises, who got headlines long before any professor of that name, went to the scientist's steamship with a theory of relativity, namely that he and the professor were related. The professor was not to be found. It was different with reporters.

ANGORA, Turkey—Mrs. Joseph C. Brier, wife of the American ambassador, supplies tops and clothes for the foundlings' home which the Turkish society for the protection of children has created out of an old villa. She visits the institution frequently.

MOSCOW—Official records are showing to read that there is a 30 per cent increase in literacy in 1929 as compared with a year ago.

NEW YORK—All Father Knickerbocker's children must learn the vocal pause. Under a new system each telephone central office will be designated by a digit as well as a name and one must wait a bit before pronouncing the exchange before going ahead with the number.

The Associated Press will be El Dorado 5-1299. The exchanges will be subdivided because of lack of suitable names under the dial system for new ones.

Christmas Seal Returns Mount

In Spite of Drouth and Unemployment the Sale by Mail is Higher than Last Year

In spite of the drought and unemployment situation—or perhaps because of these factors—returns from the sale of tuberculosis Christmas seals sent by mail to a large number of prospective purchasers in Texas have brought in, to date, more money per letter than was received for the same period of time in 1929, according to Lewis E. Bracy, Executive Secretary of the Texas Tuberculosis Association, which conducts the annual sale of seals in this state.

"We are receiving letters from many people who regularly purchase Christmas seals, enclosing money for more seals than we actually sent them," Mr. Bracy said in a statement made at Austin today. "This is encouraging because we were somewhat doubtful that the sale of seals this year would bring in the same returns as the seal sales of more prosperous years. This increase in the mail sale is apparently due to the fact that thinking citizens realize that the present economic situation has brought to large numbers of our people, hunger and lower standards of living that undermine vitality and develop conditions in which tuberculosis is known to thrive. They realize that there is a greater need for the work of the tuberculosis associations this year than ever before, and those who can afford to do so are responding more generously than ever to make up for any loss which might occur because of others who are unable, due to unemployment, to purchase seals this year."

which tuberculosis is known to thrive. They realize that there is a greater need for the work of the tuberculosis associations this year than ever before, and those who can afford to do so are responding more generously than ever to make up for any loss which might occur because of others who are unable, due to unemployment, to purchase seals this year.

Hyperion In Jr. High P.T.A. Regular Meet Program Given

Mrs. Robert T. Piner Is Hostess To Study Group

The Hyperion Literary Society met Saturday afternoon at the home of Mrs. R. T. Piner in Edwards Heights.

Mrs. W. F. Cushing was leader and the subject under discussion was "Methods of Treating Mental Deficiency and Mental Diseases."

Those present were: Mesdames J. D. Biles, C. W. Cunningham, W. F. Cushing, William Fahrkamp, Albert Fisher, V. H. Flewelling, Bruce Frazier, W. H. Martin, Shine Phillips, Robert T. Piner, B. Reagan, V. Van Gieson, J. D. Young and O. L. Thomas.

Legion Post Given Recognition For Growth In 1929

The commander and adjutant of William Frank Martin post, American Legion, have received cards in recognition of loyal and efficient service from O. L. Roedenhamer, immediate past national commander, in recognition for the splendid membership record made by the local legion last year.

The post's 1929 quota was 50 members and 92 were enrolled. This year's quota is 150 and a membership campaign is now under way.

This evening at 7:30 o'clock in the Crawford Hotel a weekly meeting of the post will be held, reports on enrollment of new members being the chief item of business.

Plans also will be finished for a dance to be given Thursday evening at the Settles, for benefit of a fund to be used in aiding needy ex-service men. This affair is in charge of Dr. C. W. Deats, Roy Carter and J. Y. Robb.

High School Senior Girls Given Tea

Epsilon Sigma Alpha Sorority Entertains Sunday

THE high school senior girls were honored with a tea given at the home of Mrs. Ira Driver by the members of the Epsilon Sigma Alpha Sorority yesterday afternoon.

A Christmas motif was carried out in the decorations and a color-scheme of red and green was used. Mistletoe and a Christmas tree added to the Yuletide effect. The table was decorated with a center piece of red carnations and an Irish rose lace cover was used. Red tapers lighted the table.

Favors were miniature red candles in green candy candlesticks.

In the receiving line were: Mrs. Frank Eiter, Miss Clara Cox, Miss Verda Ruth Graham and Mrs. Ira Driver.

Miss Georgia Kirk Davis poured tea. Refreshments were served by the following: Misses Lois Cochran, Marie Faubion, Edith Gay, Mary McElroy, Frances Melton, Kitty Wingo and Mrs. L. C. Dahme.

The guests were: Misses Nancy Dawes, Elsie Duff, Inez Sellers, Gene Handley, Rosemary Duff, Dorothy Driver, Margaret Alderson, Ruth Earley, Helen Green, Ruby Smith, Mary Petty, Polly Webb, Zillah Mae Ford, Gene Durberry, Vera Debenport, Louise Hayes Evelyn Merrill, Janie Barley, Valera Sligh, Lucille Ris, Dorothy Vandagriff, Pauline Melton, Carmen Compton, Pauline Morrison, Jennie Dorene Rogers, Frances Sheeler, Dorothy Mann, Emma Jo Graves, Ellen Scott, Merle Robinson and Essie Robinson.

Militant Pacifism Einstein's Recipe Outlawing War

NEW YORK, Dec. 15 (AP)—Dr. Albert Einstein advocates a war of militant pacifism to end all war.

Speaking before the new Historical Society last night, he said: "In our political situation it is the duty of man to commit crime in the name of his state or his country. It seems to me that it is more his duty to free mankind from this sort of thing."

There are two ways in which this can be done. The first, which has already been practiced in many countries, is to refuse military duty in time of war. If only two per cent of the men liable for war service were to refuse, there would not be enough falls in the world to take care of them."

The second method, he said, lies in the form of a "war resistance fund" with pacifists from all nations contributing. The money would be used to defend imprisoned objectors and to strengthen the feeling against armed conflict the world over.

"A real initiative in one or both directions," he concluded, "would bring results. But you must show courage and you must show patience, otherwise you will remain just pacifists."

Professor Einstein and his party sail tonight on the liner Belgenland for Havana and the Pacific canal, by way of the Panama canal.
