to know is why not? It would appear to us that this particular station would push their record as much if not more than some of the others they are now playing. In our estimation it certainly is better!
Let us further examine the "Why Not"? The only reason we can see is the mere fact that Virgil Johnson works at our leading radio station, KSEL. But what about the other members of the

Velvets? Is this fair to them? Should they be unjustly persecuted? How can anyone in such a responsible position as serving the public think so narrow minded-ly?

We think it is time for us as teenagers of Lubbock and as fans of Virgil Johnson and the Velvets to let them know we think they are the most! Why not?
