

Americas Plan Mutual Protection

PETROPOLIS, Brazil, Aug. 15. (AP)—Foreign ministers of 20 American nations assembled here today to write a historic treaty of mutual defense against aggression.

A preparatory commission representing all 20 nations planned a preliminary meeting to agree on a conference president and create five committees.

The president was expected to be tall, scholarly Raul Fernandes, 69-year-old Brazilian foreign minister. He was a delegate to the 1919 Paris Peace Conference and to the League of Nations.

The commission was to pick a steering committee and committees on credentials, aggression, miscellaneous matters and an inter-American security force—to be approved at a conference of American states in Bogota, Colombia, next January.

Dutch Agree To Arbitrate Java Dispute

LAKE SUCCESS, Aug. 15. (AP)—The Netherlands was reported today to propose creation of a three-man arbitration board to settle the Indonesian dispute independently of the United Nations.

A reliable informant, who said he had talked with Netherlands representative Dr. Eelco N. Van Kieffens, reported the new Dutch plan to be as follows:

1. A three-man arbitration board would be set up along lines similar to terms of article 17 in the Lingajati agreement signed at Batavia last March 25 between the Netherlands and the Indonesian Republic.

2. The international court of justice would be asked at the same time to decide whether the U.N. security council had jurisdiction over the Indonesian question.

Van Kieffens was expected to announce his plan at the opening of today's council session at 3 p. m. Sutan Sjahrir, former premier of the Indonesian Republic, could not be reached immediately for comment, but he seemed certain to oppose at least the second point, which would automatically remove the Indonesian case from the council's agenda.

The plan provides that one member of a three-man board would be designated by the Netherlands, one by the Indonesians and the third by the other two.

Last Tributes Will Be Paid To Wendell Lawrence

Last tributes will be paid at 4 p. m. Saturday at the First Baptist church for Wendell Lawrence, 28, son of Mr. and Mrs. Charles B. Lawrence and grandson of the late Mr. and Mrs. Luther F. Lawrence, for whom the Lutheran community of northeast Howard county is named.

Wendell died Wednesday at 11:05 a. m. in a Wichita Falls hospital following a long illness. He was graduated in 1945 from Big Spring high school, spent a year in Texas Tech and the past year as a student in Howard County Junior College. He had been engaged in 4-H club work, had high standing in fields related to mechanical engineering.

The Rev. J. W. Patterson, Cleburne, will officiate at the rites, assisted by the Rev. Roy O'Brien, pastor of the Bethel Baptist church, of which Wendell was a member, and Scott Hickey, Abilene. Burial will be in the family lot in the city cemetery.

Surviving are his parents, his grandmother, Mrs. E. F. Gammon of Denton; seven aunts, Mrs. W. M. Travis, Whittemoor, Mich., Mrs. L. F. Caughey, Hico, Mrs. C. C. Wilkes, Denton, Mrs. Doris Cate, Lake Dallas, Mrs. Monroe Shelby, Frisco, Texas, Mrs. Lyle E. Gill, Wichita Falls, and Mrs. Scott Hickey, Abilene; and two uncles, Ray Gammon and Gene Gammon, Denton.

Here for the funeral will be June Turner, Fort Worth, formerly of Big Spring, and to whom Wendell was engaged.

Palbearers will be his young friends: Wayne Underwood, Larry Hall, Delbert Stanley, Durwood Finley, Hugh Willis Caughey, Robert Hobbs, R. L. Heath and G. B. Smith. All friends are considered honorary palbearers. Arrangements are in charge of the Eberly Funeral home.

Equalization Board Expects To Complete Review Of Tax Rolls

Board of equalization for the city and the Big Spring Independent school district expects to complete its review of the tax rolls this week, and dates for the public hearing probably will be set within the next few days.

Although the board has not announced definite plans, the hearing is expected to be held in about two weeks.

Members of the joint board A. P. Clayton, C. L. Roden and Tom Losson.

The conference itself, long delayed by North American-Argentine differences, was scheduled to start this afternoon. On the program were an opening speech by President Eurico Gaspar Dutra of Brazil, a response for the delegates

by foreign Minister Jaime Torres Bodet of Mexico and an address by Secretary-General Trygve Lie of the United Nations.

Nicaragua was not represented at the conference. Her government, established by a coup d'etat last May has not yet been recognized generally.

The seat of the meeting was the block-long former grill room of Brazil's \$15,000,000 Quitandinha hotel, mountain resort outside this town 45 miles north of Rio De Janeiro.

The proposed treaty would provide for the first time for joint armed action to keep the peace in the Western Hemisphere. Gaspar Dutra has called it "America's example of the world."

The treaty is being considered in line with a recommendation in the 20-nation Act of Chapultepec concluded at Mexico City March 3, 1945, as a wartime defense measure.

Several churches plan to make use of a special recording of Mother Zinn being interviewed by R. E. Blount, Jr. The transcription of her voice was made possible by Jack Wallace of KBST Services at the First Methodist church, of which she is the only surviving charter member, will be devoted to a tribute to Mrs. Zinn Sunday morning. The recording will be played and the pastor, Dr. C. A. Long, will dedicate his sermon to Mother Zinn, who habitually occupies a cane-bottom chair just outside the chancel rail below the altar.

Sunday evening the First Baptist church will pay tribute to her, and close friends confide that "Mother Zinn is just about as much Baptist as Methodist." She is the daughter of a pioneer Presbyterian minister and granddaughter of a Baptist preacher, and became affiliated with the Methodist church here when it became the first congregation to organize in a village of shacks and saloons.

On Tuesday, her birthday, at 10 a. m. the carillon bells at the First Baptist church will be sounded by Mrs. C. W. Norman 101 times in honor of Mother Zinn. The following Sunday the Park Methodist church plans a service in her honor and that evening the East Fourth Baptist will make special recognition. Other churches may join in the observance, also.

Kantaro Suzuki, premier at the time of the surrender, declared it was gratifying to see the rebuilding of a "new, peaceful Japan under the magnanimous occupation policies of General MacArthur."

Prince Naruhiko Higashi-Kuni lauded the "fair occupation policy of the allied powers as well as the strenuous effort exerted by Japanese authorities."

O'Daniel Lambasts Capital Colleagues

WASHINGTON, Aug. 15. (AP)—What this country needs, says Senator O'Daniel (D-Texas), is more ex-congressmen.

That is just one of several observations made today by the Senator as he wound up legislative and personal matters and completed plans for a state-wide speaking tour in Texas.

"I'm still plugging for my bill which would limit the tenure of all elective federal officials to one six-year term," he told a reporter. "It would be good for the country if we had a lot more ex-senators and representatives. As common citizens, they'd be able to take an intelligent interest in affairs here based on their experience."

The Senator took a pot shot at colleagues who are traveling over the globe on various inspection tours.

"I never went on one of those junkets," he said. "It strikes me that it would behoove a lot of these individuals to stay home and learn how to run affairs here properly, rather than traipsing all over the world telling others how to run their business."

As for the British economic situation, he remarked: "I voted against the British loan before, and I'll vote against it again if the question comes up. Of course, I feel sorry for those people, but we can't just keep throwing our money out all over the world."

"We would go bankrupt. But then maybe that's what these communistic New Dealers would like. That's why we need a thorough house cleaning here. The Republicans so far haven't done any better than the Democrats."

Jap Leaders Are Optimistic

TOKYO, Aug. 15. (AP)—Four Japanese who held office as premier in the two years since the surrender issued optimistic statements today on the anniversary of the end of the war and on the reopening of Japan to limited foreign trade.

Prince Naruhiko Higashi-Kuni lauded the "fair occupation policy of the allied powers as well as the strenuous effort exerted by Japanese authorities."

Eleven Arabs Are Killed Near Tel Aviv

Hagana Claims Victims Headed Brigandism

TEL AVIV, Palestine, Aug. 15. (AP) — Eleven Arabs were killed today in a bomb and gun attack on their shanty six miles from Tel Aviv. Hagana, the Jewish underground defense organization, announced it had "executed" seven of these in reprisal for brigandism.

A Hagana communique said the dynamited house was headquarters "for the brigandism which has been responsible for recent attacks on Jewish settlements."

The toll of dead and wounded mounted steadily in the bloody racial clashes between Jews and Arabs in the area of all-Jewish Tel Aviv and its neighbor city, all-Arab Jaffa.

Two more Arabs were found stabbed to death in the Sheik Murad quarter of Jaffa, and another Arab watchman was found dead near Ramat Gan in the Tel Aviv area.

The Palestine government, announcing new security measures in attempts to halt the conflict, said "There is no reason whatever to suppose that the riots are part of a concerted plan or that various outrages which occurred in the last few days are anything more than a series of disconnected incidents confined to the limited area where Arabs and Jews live side by side."

The Jewish agency asked the government to gain control of the situation before "irresponsible elements plunge the country into a blood bath."

The bullet-riddled bodies of four of the Arabs slain in the attack on the shanty were found sprawled in the yard. Two of them were Egyptian Arabs, one was from Hejaz, Saudi Arabia, and one was a Palestinian.

Seven other bodies were recovered from the debris by authorities. Hagana's communique said it had found the house "which was the headquarters for the brigandism which has been responsible for the recent attacks on Jewish settlements in the plains of Sharon and for the attack on the Fan Hawaii cafe (on the Yarkon River) Sunday night."

At the cafe 20 men, described by Jewish sources as Arabs, killed four Jews and injured 10 others.

Hundreds Storm Trial To Hear Lurid Letters

SANTA ANA, Calif., Aug. 15. (AP)—The lurid love letters of two colleagues charged with murder today were in the hands of a jury that scanned the passionate missives for a possible motive for the yacht blast slayings of Mr. and Mrs. Walter E. Overell.

The private correspondence of George (Bud) Gollum and his sweetheart, Louise Overell, was admitted as evidence as the state concluded its 12-weeks prosecution. But the hundreds who stormed the courthouse, intent upon hearing the secrets of the young lovers, were disappointed as they had to watch the jury read in silence the letters exchanged by Bud and Louise in jail.

Most of the 300 persons who crowded into Judge Kenneth Morrison's tiny courtroom rushed outside into a corridor when they heard a newsboy shout the news of the Overell trial. In their newspaper they avidly read the news that had been denied them.

Lust and greed, Prosecutor Eugene Williams has argued, motivated the young lovers to kill the girl's wealthy parents "so that they might continue and expand their sexual experiences."

Texarkana Bus Strike Faces Showdown

TEXARKANA, Aug. 15. (AP)—The Texarkana city bus strike faces a showdown today.

A company attorney, Ned Stewart, said the Texarkana Bus Company will not put any buses into operation by 8 a. m. today—the deadline set by the Texarkana, Ark. city council.

The council had demanded that the company renew operations by today's deadline or suffer loss of its franchise with the city negotiating to purchase the properties. The company has been strikebound since Aug. 2.

Dr. J. A. Hockaday, rodeo chairman, explained the waters became more choppy today as a tropical storm in the Gulf neared.

Tampico Hit By Hurricane

KOREANS SHOUT RUSSIAN DOWN

SEOUL, Aug. 15. (AP)—Shouts of "anti-trusteeship!" and "immediate independence!" from a crowd of 80,000 Koreans observing the second anniversary of their liberation from the Japanese repeatedly interrupted an address by Russian Gen. T. F. Shtikov today.

Shtikov's voice boomed louder over the public address system at Seoul stadium as the crowd roared its slogans.

The Koreans listened silently to American Maj. Gen. Albert E. Brown and then cheered loudly.

U. S. Rejects Russian Bid On Jap Peace

WASHINGTON, Aug. 15. (AP)—The United States has rejected firmly a Soviet demand that the job of drawing up a peace treaty for Japan be left to the Big Four Pacific powers—the United States, Britain, China and Russia.

The American position was disclosed in a note made public today by the state department. It was delivered to Semen K. Tsarapkin, Russian charge d'affaires, by Charles E. Bohlen, departmental counselor, two days ago.

In the note, the United States maintained its unyielding position that the treaty should be drafted by an eleven-nation conference. And it made plain that this country will proceed with that work even if Russia refuses to attend.

However, it expressed its hope that the Soviet Union would participate in the Japanese peace treaty conference to be held "in the near future."

There has been no definite date set as yet for the conference but the eleven nations which have been invited to attend are this country, Britain, China, Russia, Australia, New Zealand, the Netherlands, France, the Philippines, India and Canada.

Couple Escapes Plane Crash

SWEETWATER, Aug. 15. — A young couple escaped Thursday afternoon when the small aircraft, in which they were riding, cut through a power line and plunged into Lake Sweetwater.

Three Killed In Mine Blast

WEST FRANKFORT, Ill., Aug. 15. (AP)—Three men were killed and two others slightly burned in an explosion last night in a coal mine about a mile south of here.

Harold L. Walker, state superintendent of mines and minerals, said all other workers in the mine had been accounted for and that they were not injured.

The blast, he said, "probably was a 'local gas explosion'."

Only seven men were working the area, he added. The three dead were cutting machine men and a driller. The two slightly burned were electricians. They were treated at the mine and sent home.

The mine, Orient No. 2, is owned by the Chicago Wilmington and Franklin Coal Co. It is the largest one-shaft mine in the world and employs 1,100 men.

One Hundred Mile Winds Lash Coast

TAMPICO, Mex., Aug. 15. (AP)—A major tropical hurricane with winds well over 100 miles an hour struck the coast near this city at dawn today, ravaging Tampico itself with 90 to 95 mile winds.

For two days the storm had moved along the Mexican coast, playing with Tampico like a cat toying with a mouse. Streets were deserted at 8:30 a. m. today as winds unroofed homes, shattered windows and destroyed signs and foliage. Damage to oil wells was expected.

The weather bureau here said many of its instruments were broken and accurate measurements had become impossible for the present.

The full force of the hurricane is expected to become apparent later in the morning.

A U. S. weather bureau report at Brownsville earlier had said the storm "definitely" was moving inland.

Waves 15 feet high rolled into Tampico beaches. Small lakes and rivers were rising. Visibility was low.

Movable objects swirled down deserted streets. Several hours after the storm struck, the wind decreased slightly to 86 miles an hour.

The captain of the port said the actual center of the storm struck the coast near Soto La Marina. No reports on damage could be obtained immediately, for communications, normally poor, were virtually disrupted.

Soto La Marina is a sparsely settled fishing and ranching area, located on a large ranch once owned by American interests. The hurricane is expected to continue throughout the day in undiminished force if it follows usual patterns. Winds blow from one direction for as long as 12 hours, then a lull sometimes lasting an hour occurs as the center passes. The wind returns in full force from exactly the opposite direction, blowing another 10 or 12 hours. Earlier indications that it might veer northward strike the Texas coast proved groundless. Warnings had been issued to ships to remain in port. The Red Cross was standing by.

World Bank May Play Part In European Aid

WASHINGTON, Aug. 15. (AP)—The multi-billion dollar world fund and bank appears certain today to play a part in the Marshall Plan to revive Europe's war crippled economy.

Camille Gutt, head of the \$8,800,000,000 monetary fund, will leave for Paris today to discuss the joint recovery plans being drawn up there by representatives of 16 nations.

Although no official announcement has been made, the purpose of Gutt's trip undoubtedly will be to advise the 15-nation committee how his international agency can help.

President John J. McCloy already has pledged the full cooperation of the \$9,100,000,000 international bank, companion institution to the fund, in carrying out the Marshall formula for reconstruction.

Similar assurances of aid from Gutt would greatly facilitate the European planning since it would open up another source of funds.

American government officials are known to be hoping both the fund and bank will step in with loans and thus reduce the amount the United States will have to provide.

Top Hit On Pair At Stock Sale

A pair of Hereford cows and calves set the pace at the West Texas Livestock sale Tuesday, hitting a peak of \$182.

O. L. Raven, Big Spring, offered the pair which hit a new record for the sale. Luther Pritchett, Lamesa, pocketed \$338.12 for one animal—a 2,160 pound bull which went at 15.70 top. W. E. Hazelwood, Stanton, set the pattern for fat calves at 22.40 while H. S. Record, a New Mexico consignee, hit top with 19.10 for stocker yearlings and 19.95 for stocker calves.

A score of hogs ranged to 27.40, Thursday around 200 head of sheep found a steady market with mixed stocker and fat lambs going from 16.00-18.85 and a few aged ewes to 5.60.

Mixed cows and calves brought \$80 to \$142. Hereford cows and calves \$100 to \$182. Medium fat cows 12.80-16.90. Fat yearlings 20.00-22.70. Fat calves 19.00-22.40. Stocker cows 11.00-15.00. Stocker yearlings 18.00-19.10. Stocker calves 18.00-19.95. Canner and cutter cows 8.00-12.60. Bulls to 15.70.

Your clothing dollar goes about as far one place as another,

but, buys a lot less than in either 1939 or 1946.

Your meat bill has gone up much more, percentagewise, than your bread or milk bills. Butter and eggs rate much higher on your budget than they did comparatively before the war.

In most items, half or more of the price increase has come in the last year.

But while your housing dollar buys only half as much most places as in 1939, in Columbus and San Francisco it buys more than it did in June, 1946.

Sonya Washington Receives Pledge Of Junior GA's

Sonya Washington received the initiatory pledge of the Junior Girls Auxiliary of the First Baptist church on behalf of all uninitiated members of the group Thursday evening when the Young Women's Auxiliary was host to the GA's.

The ceremony was held by the YWA read five special sonnets, and at the conclusion of each one Nidra Williams sang a hymn.

Following the initiation, refreshments were served from a table laid in white linen and featuring a centerpiece of grape myrtle arranged about a punch bowl. Table appointments carried out a green and white color scheme. Marilyn Martin and Mamie Jean Meador presided.

Guests attending from the GA group were Janice Brooks, Maxine Williams, Ella Ruth Paine, Nelda Boatman, Doris Ann Daniel, Mary Evelyn Hobbs, Peggy Todd, Shirley Collum, Sonya Washington, Sylvia Brigham, Virginia Carpenter, Glenna Coffey, Frances Reagan, Ethel Chapman, Margie Morrison, Lu Curry, Mary Lawson, Mary Frances Norman, Janice Anderson and Mrs. G. Mount Zion Missionary Baptist Church Begins Revival Meeting Sunday

A revival gets underway Sunday evening at the Mount Zion Missionary Baptist church, North East 10th street, and will continue through Sunday, August 24. Harry Robertson will speak at the Sunday and Monday morning services, and C. Q. Herndon of Stephenville is to arrive Monday night to conduct the revival for the remainder of the week.

The meeting is open to the public.

Dr. P. D. O'Brien will be present for the first time in several weeks Sunday for services at the First Baptist church. His morning topic is "The Divine Mission of Jesus," based on the text of John 2:1-11.

At the evening service Dr. O'Brien will speak on the theme "Two Fishermen," an evangelistic message.

The Rev. P. Marion Sims, guest pastor at the First Presbyterian church, will deliver a sermon on the theme "To Build A Better World" at the 11 a. m. service Sunday. Marion Beam will be guest soloist.

There will be no evening service. Young People meet at 6:30 p. m. at the church with Gertrude Wilkerson, leader.

Christelle Evans of Abilene, missionary, will speak at both morning and evening sermons at the Assembly of God church Sunday.

Miss Evans, a graduate of Northwestern Bible Institute, Minneapolis, Minn., will soon assume a position in Sharananagar, India.

At the Church of the Nazarene, the Rev. K. R. State of Springfield, Mo., conducting a revival meeting here, will deliver the morning and evening sermons. His subjects have not been announced.

Revival at the Church of the Nazarene will continue through August 24.

At the 11 a. m. service at the First Methodist church, Dr. C. A. Long, pastor will speak on "The Sufferings of Christ," using the theme from John 3:16, the second in a series on this text.

The Rev. Gilbert Becker of Midland will speak at the 11 a. m. Divine Worship at St. Paul's Lutheran church in the absence of the Rev. O. H. Horn.

Sunday school and Bible classes are at 10:15 a. m.

Masses at the St. Thomas Catholic church are said at 7 and 9 a. m. by the Rev. Theo Francis. OMI Catholic rites with sermon in Spanish are scheduled to 8:30 and 10:30 at the Sacred Heart church with the Rev. F. J. De Roche officiating.

Trinity Baptist church are taken from 11 Corinthians 8, for the adult departments, and I Samuel 27-29 in the younger ages.

At the morning worship service, the Rev. Marvin Clark will speak on "Essentials For A Healthy Church." For the evening service, the Rev. Clark will continue a series of sermons on the book of Romans. The message will be from Romans 5:1-11 on the theme "The Results of Justification by Faith."

The Rainbow Girls had a picnic and swimming party Thursday evening at the park.

The group gathered for a study of Rainbow work after the picnic, and it was announced that Veve Apple will be the next hostess.

Those attending were Mamie Meador, Marilyn Martin, Ann Meador, Lynn Porter, Mary Beth Morgan, Bonnie Dempsey, Doris Clay, Babs Douglas, Eva Smith, Mary Johnson, Donnie Roberts, Reba Roberts, Norma Ray, Miss Apple, Nancy Whitney, Joyce Worrell, Jean Robinson, Charlotte Williams and Mrs. Bernard Lamun, mother advisor.

Appropriation Seen For Trinity Project

FORT WORTH, Aug. 15.—An appropriation will be included in the next U. S. budget for starting work on a Trinity River navigation project, according to a statement made here by Col. Henry Hutchings, Jr., of Dallas, Southwestern division engineer for the Army engineers.

He said the project calls for dredging work from the Houston ship channel along Galveston Bay and up the Trinity River to Liberty.

The authorized navigation project, he said, calls for an expenditure of \$3,140,000. Next budget will become effective July 1, 1948, making it possible for the work to be underway late in 1948.

All July Fines In Corporation Court Have Been Paid

All fines assessed in corporation court during the month of July were either paid or laid out in the city jail and all delinquent assessments were squared, leaving none pending, according to the regular police department report.

A total of \$1,891.50 in fines was collected, while the amount laid out aggregated \$906, accounting for assessments of \$7.797.

Arrests by city police during the month totalled 159, while fines ranged from \$2 to \$150 each. In addition to regular arrests, 415 traffic tickets were issued by patrolmen, with 304 fines paid, 31 excused and 85 pending.

Markets

WALL STREET — NEW YORK, Aug. 15 — Stocks continued to make a little headway on a selective basis today although many market leaders eased into the minus column. Broader indices were not affected due to a persistent bear wave. The few customers who appeared still were notably cautious because of economic problems both at home and abroad. Hope for a fall rally, in addition to belief the list was in a good technical shape, inspired some short covering and investment holding.

Debt issues, fairly active at the opening, soon tapered and the direction was somewhat cloudy.

Ahead at intervals were Lima Lorraine, Santa Fe, Southern Pacific, Youngstown, Steel, Goodyear, Western Union, Electric Power, Light, Amoco, Air Reduction and Western. The occasional losers were U. S. Steel, General Motors, Goodrich, Montgomery Ward, International Harvester, Chrysler, American Can, Kennecott, Texas Co., Standard Oil (Ind.) and American Water Works.

Bonds were narrow and cotton futures mixed.

Sunday School Lesson

Problem Of Drinking

By NEWMAN CAMPBELL

The International Uniform Lesson on the above topic for Aug. 17 is Proverbs 15:13-17; 20:1; 22:1-6; 23:19-21; 29:35; 25:11, 13, 28; Ecclesiastes 10:17; the Memory Verse being Proverbs 25:28, "He whose spirit is without restraint, is like a city that is broken down and without walls."

TWENTY-FIVE hundred years ago, excessive drinking of intoxicating liquor was as much a problem as it is today. That is the subject of our lesson today, although for the younger children to whom such a matter is not important unless, alas, they have a drunkard in their immediate family or have been shocked by seeing someone under the influence of liquor, the self-restraint spoken of in the wise words of Proverbs may be used to illustrate control of tempers and the practice of other virtues common to children as well as adults.

We begin our lesson with the words of Solomon, "A merry heart maketh a cheerful countenance, but by sorrow of the heart the spirit is broken."

"The heart of him that hath understanding seeketh knowledge, but the mouth of fools feedeth on foolishness."

"All the days of the afflicted are evil; but he that is of a merry heart hath a continual feast."

"Better is little with the fear of the Lord than great treasure and trouble therewith."

"Better is a dinner of herbs where love is, than a stalled ox and hatred therewith."

It is natural for human beings to be merry and happy most of the time, and this writer often wonders why so many go around the streets looking so glum.

Smiles are so infectious, and while sorrow will come, an effort to be cheerful may ease a sad heart and help others too.

Wise Heart Seeketh Knowledge
"The heart of him that hath understanding seeketh knowledge; but the mouth of fools feedeth on folly," said Solomon. This is a good lesson for young children. They attend school, so they have a chance to gain knowledge. They may not like to go to school and studies of reading, writing, etc., may seem very uninteresting, but if one learns to read, the literature of the ages is open to him. He can see with his own eyes the words of the Bible and learn them—have them "engraved upon his heart." Foolish, indeed, are those who will not profit by instruction.

Again Solomon says, "All the days of the afflicted are evil; but he that is of a cheerful heart hath a continual feast." When one

sins nothing seems worth while; all the days are evil; but when one's conscience registers innocence of any wrong, everything may be enjoyed, or, as Solomon says, "hath a continual feast." Joy and contentment banish sorrow.

"Better is little with the fear of Jehovah, than great treasure and trouble therewith." And further, "Better is a dinner of herbs, where love is, than a stalled ox and hatred therewith." There may be plenty of money, fine clothes, a beautiful house with gorgeous furnishings, automobiles, apparently everything to make a family happy, but if there is not love and enjoyment of one another's company, how miserable people can be.

On the other hand, a happy, loving family, thinking of each other and ready to help each other at all times, can be a heaven on earth. How much more fortunate are those who come from homes of the latter type, than those born with "a silver spoon in their mouths" as the saying goes, but without love! How wise was Solomon!

Hear and Be Wise
"Hear thou my son, and be wise. And guide thy heart in the way. Be not among winebibbers. Among gluttonous eaters of flesh." Eating to excess is bad, even for the young. Greediness is a sin for which many suffer. Self-restraint is the word for young and old.

"For the drunkard and the glutton shall come to poverty; and drowsiness will clothe a man with rags." The drunkard spends his money on drink when his family needs it for food, wholesome drink, clothing and housing; and the glutton may spend more on food than he does not need to maintain health and so impoverish himself. Both over eating and excessive drinking may ruin a man's work or business, so that poverty may come upon him.

The drunkard, too, may involve himself in all sorts of trouble, because one in that condition does not know what he is doing and may commit some crime—even murder.

"Look not upon the wine when it is red. When it sparkleth in the cup. When it goeth down smooth. At last it biteth like a serpent. And stingeth like an adder."

"The reward of humility and the fear of Jehovah is riches, and honor, and life. . . . He whose spirit is without restraint is like a city that is broken down and without walls." Pictures of the ruined cities of Europe show how desolate such places are, and truly a soul that runs itself with sin is an even sadder sight.

ABC Club Announces Grid Game Plans

The scheduling of an All-Star six-man football game, sponsored by the American Business Club, to be played between the 1947 graduates of District 3 and the 1947 graduates of this district August 9 at Steer Stadium was announced at the ABC session at noon today in Hotel Crawford.

The Rev. Aubrey White, pastor of the Wesley Methodist church, showed a film, "Ride 'Em Cowboy," a humorous reel of the rodeo show, at the meeting's program. Copies of the "Cactus Rambler," ABC Club weekly bulletin unpublished for several months, were handed out. Committee was appointed for a Ladies Night event to be held Friday, August 22.

Blondy Chrane and Carl Gross are next week's program chairmen. The Board of Governors is to convene with C. Y. Clinkscales at 7:30 p. m. Tuesday.

Guests at today's meeting were the Rev. White, Chuck Mayne of Abilene, and Rep. R. E. "Peppy" Amarrillo.

Car Thieves Give Cop Some Advice

OGDEN, Utah (AP)—When Police Lt. D. B. Ballantyne got back his automobile after it was stolen, the car was plastered with signs reading:

"Are you making your son a criminal? Remove the keys from your cars."

Ballantyne said the car was taken from a ball field parking lot and the thieves apparently stuck on the signs, distributed by a civic organization.

Ballantyne said he didn't leave his keys in the car. It has a defective ignition which can't be turned off.

Whooping Cough Cases Hit 400 Mark

AUSTIN, Aug. 15 (AP)—Four hundred ten cases of Whooping Cough were reported in Texas this week, bringing the total for this year to 16,801, the state health department reported today.

Jefferson county had the greatest incidence, 31 new cases being reported. Madison county was next with 26; Brazoria county, 18, and Nueces county, 17.

Polio cases continued to occur at the median rate of the past seven years, seven more polio patients bringing this year's total to 112.

The rate of scrapping motor vehicles in the United States from 1942 through 1946 was only 40 per cent of the rate at which they were scrapped in the 1937-1941 period.

Where Positive Approach Lies

As the time space between the organization of the United Nations and the present moment widens, appraisals of the organization come in increasing numbers. Not a few of these are dismal and foreboding, and some are outright skeptical and cynical.

Perhaps this is because so much of the news attending the affairs of the United Nations has centered around the operations of the security council. That department's function is purely negative—the prevention of armed conflict. It is in this field that nationalistic qualities are most apt to be raised, and it is noticeable that the power of veto flourishes.

But on the positive side is the general assembly. It has the responsibility of promoting conditions of human welfare which

will combat, at the very foundations, the inequalities which drive men to violence.

There is little of the sensational or spectacular in this tedious and prosaic labor. Neither is there much that can be trumped up and turned out as though it were grist from the mill. The work invariably goes slowly, but perhaps soundly.

Thus, it takes time for fruits to show. But other enduring governmental patterns have a similar background—that of slowly acquired strength through merit. If the United Nations succeeds—and we hope that it does even with modifications and purifications—it will be through the positive process. It is too early yet to mark off the UN as a failure because of disappointments in one side of it alone—the security council.

Setting An Example For Peace

In Brazil 21 republics have representatives in session to draft a peace-time cohesion of the Chapultepec agreement which came into being under the exigencies of war.

To work on they have eight drafts (one of them by the United States) to be submitted by as many nations. The United States takes to the conference a proposal which it believes will be acceptable in principle to nations in the Western Hemisphere and to the Senate, which must ratify the ultimate plan for inter-American cooperation.

Basically, the United States proposed that action be taken against a nation found to be an aggressor by a two-thirds vote among the 21, with agreement not binding on those opposing. For instance, 14 nations might vote against an aggressor, while two, three or even more, by reason of

an adverse vote, would refrain.

It will be noticed that this is a sharp modification of the veto power in the United Nations, and that there is conflict between the United States' proposal and the program of the UN.

President Truman expressed the hope with the departure of the United States delegation that the fruits of the conference will set an example for the world, a sentiment which found hearty agreement with Sen. Arthur Vandenberg.

In this spirit, it is to be hoped that the Americas will find it possible to reach a sound and equitable plan whereby they can bulwark hemispheric defense and cooperation. Whatever the plan, whether it be ours or another's or a compromise, it is important that it be reached in a spirit of trust and friendliness that befits good neighbors, indeed.

Dallas Men Strike Odd Bargain

A bargain is a bargain, Dallas police decided, and acted accordingly when this odd case developed:

A badly beaten man was in a hospital. His two buddies who took him to the hospital, and solicitedly waited for his recovery, admitted they had beaten him.

The victim himself said everything was alright, that his pals had just carried out a bargain.

The trio formed a sort of three musketeers, and had an ironclad agreement that if any of them got into trouble without reason, the other two should punish the offender.

The victim admitted that he had become intoxicated and then started a fight. His companions, in beating him later, were only carrying out the agreement.

The police shook their heads, and let the men go.

A Beaumont stenographer points out that there are two sides to everything. Recently businessmen explained the things they didn't like women employees to do, such as wearing dresses too low in the neck, using the telephone for personal calls, etc.

The Beaumont girl said "We stenographers have a few pet peeves also," and listed five:

1. When you have an argument with your wife, don't come to the office with a long face and a sour disposition.
2. Too much cigar smoke: our clothes smell of it constantly.
3. Too many spicy jokes.
4. Loud ties; they blind us.
5. Too much dictation at a quarter of five!

In Midland, however, they're not worried about cigar smoke or odd bargains. They have a baffling mystery on their hands. Not long ago some workers were digging a drainage ditch in an alley when they struck something they thought was a safe. However, they figured it might be a gas main and left it there.

Later, a city employe operating a road grader struck the thing with the blade. It looked like a safe, but to be sure, he called the gas company. The gas company said no, it wasn't a gas main.

It was a safe, all right. It was buried on its side. With considerable difficulty the door was broken open, but contents were soaked and aged. There were some papers, enough to identify a company known as the Hooper boys. Old timers remembered them.

The thing had been buried a third of a century. And Midland's conversation for some time was wrapped around the question: "Why was the safe buried?"

Milestone In India's History

This, a great date in world history, for today and tomorrow mark the formalization of India's independence after two centuries of British rule.

The unique circumstance of a double birthday is in itself a matter of moment, for it means that the great sub-continent—home of approximately one fifth of the globe's population—has been partitioned. British India has been divided into the sovereign dominions of Pakistan (Moslem) and India (Hindu). The 562 princely states of native India are in process of affiliating themselves with one or the other of these new members of the British commonwealth of nations. Most of the princes have elected to cast their lots with India.

This is Pakistan's birthday, and a great celebration is being

held in the capital city of Karachi, the big sea and air port on the northwest coast.

Tomorrow will be the turn of the dominion of India, whose capital is that of the former British dominated government—New Delhi.

The partition of the peninsula into separate governments has been necessitated by the inability of the Hindus and the Moslems to compose their age-old and bloody religious differences. So great is the division that it hasn't even been possible to establish a federal government which could coordinate the efforts of the dominions and the princely states affiliated with them.

That is the reason why you read in your newspaper today that communal strife between the Hindus and the Moslems is causing bloodshed and destruction in various parts of the peninsula.

It would be too much to believe that we have seen the last of the fighting, or to expect the dominions to work in harmony at the outset. The very nature of the territorial division is an invitation to trouble, because Pakistan (the smaller dominion) is mainly agricultural while India contains not only agricultural resources but virtually all the manufacturing which has made India the eighth industrial nation of the world.

To this must be added the fact that Pakistan is divided into two widely separated parts so that the dominions struggle about and cut into each other like a jigsaw puzzle.

Unbelievable Woman

NEW YORK. (U.P.)—There must be laughter in heaven and hell over the news from Germany today—that Frau Ise Koch is to spend the rest of her life in prison.

There are thousands of spectral victims of Nazi persecution who would rather drop the scaffold beneath her, or haul her up gasping into the sky.

They are the dead people who once knew her as the "Queen of Buchenwald," the Nazi concentration camp outside Weimar where some 50,000 prisoners were put to death.

Frau Koch is an unbelievable woman to the few people who still dismiss the Nazi mass executions as "war propaganda." Such people do exist.

I first saw Buchenwald where the dead were piled like logs, shortly after Gen. George Patton's third army swept victoriously through the birthplace of Germany's short-lived Republic that followed the first World War. I didn't get to meet Frau Koch. She wasn't there. But I did get to meet scores of prisoners who remembered her with curses.

And I got to see her husband, former ruler of the camp. He was in a small jar. The Nazi authorities placed him there after cremating him for a bad habit he developed of stealing party funds.

One prisoner, a former major general who had commanded the royal palace guard in Vienna when the Nazis moved into the Austrian capital, picked up the jar of ashes and shook them in weak merriment.

"It's nice that we have Herr Koch always with us," he said. "But Frau Koch should be here in another jar also. A wife be-

longs with her husband."

Ise Koch denied during her trial that she ever had prisoners killed merely to build up her collection of lampshades made of tattooed human skin. But the men in the camp said that she often walked around bare-waisted groups of prisoners seeking those with interesting tattoos to add to her collection. And I saw the lampshades of human skin. They weren't antique. She was quite a connoisseur.

Ise Koch had other interesting diversions too.

She loved horseback riding. She liked to gallop through the woods adjoining Buchenwald and ride full tilt into groups of prisoner laborers too slow to escape. She never failed to determine the deaths of injuries she inflicted.

Else, a full-bodied woman, also enjoyed addressing obscene remarks to the prisoners and luring them into sexual overtures, whereupon she had them flogged for her pleasure.

Cruel, wicked and unrepentant, she managed to get herself with child while still imprisoned—a situation which her American Army captors may find hard to explain. Did that help save her from the death penalty?

SEATTLE, U.P.—A near record total of 1,275,212 cases of canned salmon valued at \$29,329,876, was delivered here recently from the famed fishing and canning grounds of Bristol Bay, Alaska. Average price paid per case for the 1947 seasonal output was \$23—above normal, canned salmon brokers said.

Washington Merry-Go-Round—Drew Pearson

Scandal During Lincoln's Day

By ROBERT ALLEN (For Drew Pearson)

WASHINGTON.—The volumes of Lincoln papers recently made public at the library of Congress greatly enriched the documentary history of the martyred emancipator. But there is one intriguing document in the capital that still remains to be unveiled.

It is in the archives of the stately British embassy on upper Massachusetts Avenue.

The document records an unusual incident during Lincoln's presidency. The unique paper was discovered by the late British ambassador, Sir Ronald Lindsay, who, on one mellow occasion, told the late President Roosevelt the story. This is it:

During Lincoln's incumbency, Lafayette Park, which faces the White House on Pennsylvania Avenue, was enclosed by a tall, iron fence flanked by a dense hedge of shrubbery. The park was a popular rendezvous for couples. But there was one drawback. The gates were locked at 10 o'clock every night.

One summer night, after working late with Lincoln in the White House, Secretary of State Seward passed by the park en route to his home near by. He was suddenly startled by a whispered cry from behind the thick hedge.

"Mr. Secretary, Mr. Secretary!"

Approaching, Seward was even more startled to discover the caller was the British ambassador.

"Lord, I'm glad you came along," the Englishman exclaimed. "I'm in a deuce of a fix."

"What's wrong?"

"Well, it's this way," said the Ambassador, and then amid much hemming and hawing explained that he was in the park with another ambassador's wife. The lady was the wife of the Spanish ambassador.

The predicament of the British ambassador was doubly embarrassing. In addition to the personal aspect of the situation, relations between Britain and Spain were quite strained at the time. Disclosures of the incident could lead to serious international repercussions.

Seward promised to help. He hastened back to the White House, where he found Lincoln still hard at work on the desperate problems arising out of the war. Seward explained what had happened.

"We've got to do something quick," Lincoln said. "But the keys to the park aren't here. The White House gardener has them and he's gone home. It would take hours to get them,

as he lives way out in Georgetown. (By automobile, Georgetown is now only ten minutes' Pump-jumping commanding General John "God-Almighty" Lee will shortly return to the U. S. preparatory to retiring from the Army.

In returning home, Lee will beat to the gun a congressional committee planning to check up on the Mediterranean theater while in Europe. As reported in this column yesterday, numerous complaints have been received by congressmen from GI's enumerating many grievances regarding living and disciplinary conditions in Lee's command.

War department officials warily refused to comment on Lee's return. They offered a prepared handout containing a long biographical sketch of him, but would say nothing on why he is giving up his lush post.

Supreme Court CLERK. The U. S. Supreme Court has always been a staunch foe of racial and religious discrimination. Its anti-discrimination decisions are among the brightest gems of world jurisprudence.

Today, one member of the August tribunal is not only preaching this doctrine, but practicing it.

Justice Frank Murphy has a young negro as his law clerk. He is Emerson Parker, a talented graduate of Washington's Howard University.

In addition to his law work, Parker also is an authority on jazz. Every Sunday, he conducts a program on the history of jazz on a Washington radio station.

FORRESTAL'S OFFICE

A mighty problem of state has finally been settled. The office of James V. Forrestal, recently appointed first secretary of national defense, will be in the giant Pentagon building, up till now the exclusive purloins of the war department. While no formal press statement has yet been released on the momentous decision, it will be as soon as the overworked m i m e o g r a p h e r s catch up on a huge pile of waiting handouts.

If you think selection of the new cabinet member's office was a trivial matter, you are sorely mistaken. It was practically a life-and-death issue among the bureaucrats.

Some vehemently insisted it would be a sacrilege for the secretary of national defense to be housed in the war department's building. They insisted he be relegated to the antiquated and grotesque former state department building opposite the White House.

Calmer counsel finally prevailed—aided by Secretary of War Royall. He offered to relinquish his plush office and return to the Pentagon suite he previously occupied as undersecretary. While this was magnanimous on Royall's part, he won't suffer too much.

The only difference between the two offices is that the former

Peace Signs On The Labor Front

WASHINGTON. (U.P.)—Extra! Peace breaks out on labor-management front!

You haven't seen any such headline because peace doesn't break out all of a sudden. Strikes do.

Yet there's an awful lot of peace going on all the time between unions and employers. And now, for the first time in a major scale, this peace is being held up to the light, put under a microscope, and made to say "ah."

It was June 18 that the national planning association (NPA) announced its study into "the causes of industrial peace under collective bargaining."

The NPA is a private, non-political organization of leaders from industry, labor and agriculture.

The response has been remarkable.

It is easily the most important study of labor relations being made today. It is one of the most important ever made in America.

Big labor investigations of the past, congressional and otherwise, have mainly sought the causes of industrial strife. Not this one.

The NPA, with the cooperation of such universities as Yale, Harvard, Chicago, and California, is sending real labor authorities into about 15 large companies. They will stay for many weeks, even months.

These firms are being chosen for their excellent labor relations, good working conditions, high morale.

Some time in 1948, the 15 reports will be made. Then they will be summarized by a group of authorities. The summary will be a tried and tested textbook of how companies and unions can get along together for their mutual good.

In June, the NPA asked for nominations of firms with more than 1,000 employees, suitable for such a study. Today more than 900 different companies have been nominated, and the nominations still come.

This is the sort of study the labor department would like to make. It wanted to begin this year, but Congress declined to provide the funds.

BUMS STRETCH LEAD—

Brooklyn Invades Quaker City Prior To Series With Cards

Brooklyn appears to have regained its balance after a tipsy two-week interlude by cooling off the steaming Boston Braves while the St. Louis Cardinals' heading rush has been slowed down.

Ben Chapman Phillies

While they are playing Ben Chapman's under-manned Phils, the Cardinals will be at Forbes Field with the Pirates who have been getting the pitching to back up their home run power.

Of the 42 Dodger games remaining, exactly one half or 21 are scheduled for Ebbets Field, including 17 in a row through Sept. 1. During that period they must make their bid, for they play only four at home after Sept. 1.

The Cards' 45 are divided, 19 at home and 26 away. After Sept. 1 they will play only seven away from home the rest of the season.

Vic Lombardi's performance in shutting out Boston yesterday, 1-0, must have been encouraging to Manager Burt Shotton for the little lefthander has been a major disappointment this season.

Lombardi allowed only four hits, all singles, in spinning his seventh victory at the expense of Lefty Warren Spahn. Ed Stanky singled and was bunted to second by Jackie Robinson's perfect sacrifice. After Pete Reiser filed out, Carl Furillo rolled a ground single through Nanny Per-

nanetz' legs, driving home Stanky with the lone run. St. Louis ran into its old south-paw trouble, bowing to the left-handed Fritz Ostermueller at Pittsburgh, 5-3, although they banded out 10 hits. Ralph Kiner, the Bucs' slugging outfielder who may yet catch up with New York's Johnny Mize in the home run race, hit No. 30 with two on base off loser Murry Dickson in the first inning. However Jimmy Bloodworth actually won the game with a bases-loaded single in the sixth.

Ben Chapman's Philadelphia Phils dropped the Giants further out of the race with a 6-5 decision, their third straight over New York. The Giants now trail Brooklyn by eight games.

Allie Reynolds became the American League's first 15-game win-

ner when he hurled the New York Yankees to an 8-5 edge over Philadelphia's Phil Marchiondo although neither starter finished. Rookie Al Clark, who had two doubles, and George McQuinn each drove in three runs but little Phil Rizuto led the attack with three hits, four runs and a stolen base.

Frank Shea, undergoing the bullpen treatment until manager Bucky Harris thinks his arm is ready for starting duty, got Reynolds out of a ninth-inning jam.

Another small crowd, only 2,412 paid, turned out to see the St. Louis Browns succumb to Detroit, 7-0, under the spell of Subby Overmire's four-hit pitching.

A Cleveland at Chicago game was rained out after one scoreless inning and the other clubs were not scheduled.

McClain's Blow Is Difference

Pint-sized Gerry Rodriguez stuck his head into a lion's mouth at Steer park Thursday and emerged from the experience none the worse for wear. The truth of the matter was, it was an old, familiar lion and the trick had been accomplished three times previously this season by the Cuban right-hander.

Roddy threw his hex on the Midland Indians as the Big Spring Broncs won an 8-6 verdict before another large turnout, rationing out eight hits to the aroused Braves. The guests were playing without the services of big Jim Prince, riding out what proved to be one-day suspension but turned in a superlative performance.

The Big Spring hurler had to have plenty of help from Jake McClain. Jake threw his Sunday punch in the 6th inning when he doubled down the right-field line with the sacks duck. The blow put the Cayuses ahead to stay.

Eddie Keon, the Midland backstop, almost wrecked Rodriguez's playhouse in the top half of the stanza with a three-run homer over the left field wall. The game gave the visitors a temporary 4-2 lead.

Pat Stasey's troops didn't start trouble in the sixth until two men had been retired. Then Norman St. George bounced one into left field. The pace was beginning to tell on Weldon Stewart, who had pitched a cracker-jack game up to that point.

Rodriguez coaxed a walk out of Stewart and Orlando Moreno slapped a single into left, the fourth of his five blows for the evening.

McClain then appeared. Stewart worked the count to 3-2 and the second-sacker fouled off a couple before he tore into one to his liking. The runners were on the move and Moreno easily scored from first base.

Jake later waited home on a bobble by Johnny Alvis at third base.

The Midlands came back with a single tally in the seventh that shaved the difference to a solitary run but the Hosse rebounded with two in the eighth to put the decision out of reach.

A compound blunder by the Midland infield caved in the defense. Orelie Moreno blasted his fifth hit and stole second. He was off to third when McClain rolled to Eddie Moreno and continued to the dish when the Midland short fielder threw badly into left. McClain beat it to second when Ayres led the ball get away. Ayres still had plenty of time on the throw-down but his pitch was in the dirt.

Stasey smacked one into left field and collected his second RBI of the evening.

With two down, Henry Ramsdell kept the customers around with a sharp hit into left. He was to score a moment later when Rodriguez picked up Alvis' weak roller and threw into right fielder but Stasey stuffed out the uprising by catching Alvis at third on a brilliant throw-in.

Only 619 customers turned out at Beaumont to see the Exporters play one of their best games of the season to beat Oklahoma City. Kent Sterling pitched an eight-hit and Ernie Gruth of the losers gave up six.

Perez Scheduled To Hurl Tonight; Prince Is Back

Midland's Indians, their star first sacker—Jim Prince—back in the lineup, close out their series with the Big Spring Broncs at Steer Park in a game beginning at 8:15 o'clock this evening.

The suspension of the left-handed hitting Prince, originally for three days, was lifted by League President Howard L. Green Thursday. The Indian was placed on probation the remainder of the season, however, Green said.

Little Jimmy Perez, who has been more effective in relief roles than as a starter to date, will probably hurl for Big Spring while Harold Webb's Midland choice is due to be either Lefty John Grove or Claude Gray.

Saturday night will be Ladies Night at the park, General Manager Claude McAden has announced. The Odessa Oilers, punning for a place in the Shaughnessy playoff, will move into town for a four-game series tomorrow. Game time for that one is 8:30 p. m.

Rebs Throttle Buffs, Padres Edge Felines

The Texas League race rumbles down the stretch with a tight battle for fourth place and a spot in the play-offs the main feature.

It isn't that either Shreveport or Tulsa—the clubs hooked up in a struggle for fourth—can't finish higher, but at the moment the three top teams are fairly comfortable. Dallas, in third place, is a game and a half ahead of Shreveport, which is a half-game to the good over Tulsa.

Leading Houston has little to worry about with a five and one-half game lead over Fort Worth, which is in a rather dangerous slump.

Last night Shreveport and Tulsa used five hours and twenty-five minutes scuffling over the fourth place and when the smoke of a doubleheader had cleared they were status quo—they divided the twin bill, Shreveport winning the first 6-5 in ten innings and the Oilers taking the nightcap 7-4.

Meanwhile Dallas licked Houston 8-5, cellar-dwelling San Antonio trimmed Fort Worth 3-2 and Beaumont beat Oklahoma City 2-1.

The first Tulsa-Shreveport game was a slugfest with 30 hits on both sides and a parade of pitchers—seven being used in all by both teams. The after-piece was a dim-dog battle until Tulsa got three runs in the seventh and led the rest of the way.

Dallas won a slugging bee from Houston with a fine relief stint by Rufe Gentry saving the game for the Rebels. George Mitchell had to be relieved in the seventh but got credit for the pitching victory. Dallas pounded 15 hits.

Five-hit hurling by John Miller allowed San Antonio to lick Fort Worth. Miller also contributed a homer and George Archie and Pete Lewis also hit circuiters for the Missions.

Only 619 customers turned out at Beaumont to see the Exporters play one of their best games of the season to beat Oklahoma City. Kent Sterling pitched an eight-hit and Ernie Gruth of the losers gave up six.

Cosden To Play ABC Next Week

Blacky Hines' manager of the Forsan Cosden Pipelins, has accepted the challenge of the American Business Club for a 3-game softball series to decide the Mundy championship.

As a result, the series will get underway Tuesday of next week at the City park. The two teams will clash again Thursday at Forsan and the third game, if necessary, will be played Saturday here.

Jimmy Fox, ex-Athletic and Red Sox slugger, is playing again. He's with the Staten Island Dodgers, a New York semi-pro nine.

LOCAL NINES CLASH TODAY

Freddy Acton leads his Nathan Jewlers into action this afternoon against the Big Spring Colored Sluggers in a baseball game at the Bombardier school. Starting time is 5:30 o'clock.

Acton said earlier in the week he would pitch either Wayne Johnston or Bill Brown against the Sluggers. LeRoy Modkins, pilot of the Negro team, is expected to counter with Harry Dooley.

LOOKING 'EM OVER

With TOMMY HART

Umpire baiting in the Longhorn baseball league has reached such a savage and ruthless stage that followers of the game would no doubt rally behind League President Howard L. Green no matter what action he took to curb it.

There is a limit to human endurance and patience, as evidenced by the reverberating storm of protests from both Big Spring and Midland fans that followed the sour exhibition unreeled at Steer Park Wednesday night, protests that degrade the high station of baseball.

Patrons pay their 74 cents at Longhorn league games in the hope of being entertained for something like two hours. The sport provides good, wholesome fun only so long as the performers afield hustle and play to win. It ceases to be entertaining and can become downright boring when the contest drags on and on and is interrupted by needless argument, such as has been seen here all too often this season.

The onlookers—those who stayed to the bitter end Wednesday—did not leave the park until 11 p.m. Ham acting such as was witnessed here on that occasion does not make their lot more bearable.

If Harold Webb, skipper of the Midland club, imagines he improved his relations with the people who pay the freight by creating the rhubarb, he is flattering himself.

Webb succeeded in halting actions for the better part of three-quarters of an hour by making an issue of a decision handed down by Umpire J. K. McClain. Not even a Barrymore could hold the center of the stage that long and get away with it.

Most of the people who attend the nocturnal contests are persons who work for a living. The later they go to bed, the harder it is for them to get up the next morning. The longer the games, they less apt they are to show up for future contests. If Mr. Webb, or any other manager in the circuit, is not aware of that, the point should be hammered home to them.

Webb is not alone in his breaches of baseball etiquette. There have been all too many other instances in which pilots have been guilty of inciting riot. Their temper of times fan the flame of ill feeling in the stands and the customers likely as not react by denouncing the arbiters.

Too, their department sets a bad example for the young ball player. The athlete who "rides" an official in such a league as this will find he has made a grave mistake if he tries the same tactics in a better classification of ball. The players may get away with so-called murder here but at what a price. They are jeopardizing their entire future in the game with such an attitude.

Ernie Nelson, who filled in as an umpire in Wednesday's debate,

Standout Ends May Make Texas Title Contender

Blount Biggest Wing In Camp

AUSTIN, Aug. 15. (U.P.)—Blair Cherry, new head football coach at the University of Texas, hopes that the Longhorn ends this year will carry on with a tradition that Cherry helped to start.

Since Cherry came to the University 10 years ago, the end positions have been a strong part of the Texas teams.

In the past six years as end coach, Cherry has turned out three All-Americans. They were Mal Kuttner, Joe Parker, and Hubert Bechtolt, twice.

One of the most able wingmen in the conference this year will be Max Baumgardner, as good a defensive end as offensive. Baumgardner became a favorite of the fans last year with his "impossible" catches. He is Cherry's first choice at left end.

While Texas is on the offense, Ralph E. (Peppy) Blount of Big Spring will man the right terminal. Blount is the biggest end on the squad, standing 6 feet 5 inches and weighing 225 pounds. Big and fast, Blount is another spectacular player although his offensive abilities overshadow his defensive capabilities.

When the Longhorns go on defense, Dale Schwartzkopf will replace Blount and Lew Holder will take over at left end. Both Schwartzkopf and Holder are very good on offense and defense. Either could easily step into a first string position at any time.

Harold King, Ben Procter, and Clyde Harville back up the left side. King is a rough and ready defensive player. Procter is a smooth operating sophomore who was shifted from center last year. Harville was kept out of action last year by knee injury.

The right terminal has Jim Watson, letterman '44 and George McCall letterman '43 and '46 in reserve.

Joel Williams, 218-pound sophomore, moves into the center slot to replace twice All-Conference Center Dick Harris who was shifted to tackle for extra strength.

Williams is backed up by Richard Rowan, freshman from Breckenridge, Keifer Marshall, letterman '43, Jake Posey, and Sam Callan, letterman '45 in that order.

Coach Cherry may have a worry or two about his line but he seems well satisfied with the wingmen and center posts as they showed up in spring training.

Rural free delivery service was started 50 years ago, on five experimental routes each about 17 miles long, in West Virginia.

Tournament Golf Has Seen Last Of Byron Nelson; He Insists

ARLINGTON, Aug. 15. (U.P.)—Byron Nelson, the lanky Texan who was the greatest winner in golf, isn't returning to the weary tournament trail now or ever, with emphasis on the ever.

The man who played 11 winning years and who in 1945 earned \$52,000 with his golfing exploits—the most any linksman ever gathered in for a year—wants to definitely spike reports that he is even considering tournament golf once more.

The other day Jimmie Demaret, professional star who had been playing exhibitions with Nelson, said Byron appeared to have the "itch" to return to competition and not to be surprised if he did.

But Nelson, appearing in an exhibition match here yesterday in a fund-raising drive to build a memorial stadium at North Texas Agricultural College, declared:

"I am through with tournament golf. I have too many other interests and besides my nervous condition wouldn't stand it. That's why I quit; the strain of tournament play was too great. I lost my desire and got to the point where I was playing only for the money. And it was doing too much to me physically."

He grinned when he added: "And I am too old. How many golfers are on top when they get in the 35-37 bracket? Sure, they used to win when they were 40 or past but they had only four or five tournaments a year; now there are 40." Nelson is 35.

Byron is playing plenty of golf but it's not the "pressure" kind. He has appeared in 35 exhibitions in the last two months—and he averaged 67 on his rounds which he admits would be winning golf along the tournament trail. Just how much he received for the exhibitions was not revealed but a conservative estimate would be \$10,000 to \$15,000, which is about

as much as any player participating in the tournament swings.

He still sells golf clubs for a manufacturer, is vice-president of an umbrella company at Toledo and owns a 630-acre ranch near Roanoke, Tex., on which he raises Whiteface Herefords.

He will appear in two tournaments a year—the Texas PGA and the Masters at Augusta, Ga.

MacArthur Advisor Flies To Washington

TOKYO, Aug. 15. (AP)—George Atcheson, Jr., American chairman of the allied council for Japan and General MacArthur's diplomatic adviser, left by plane today for Washington conferences with the state department.

Astronomer Finds Meteor Filled Cloud

AUSTIN, Aug. 15. (AP)—After a seven-year search for a sky perfect enough for his study, a University of Chicago astronomer has discovered a gigantic meteor-filled cloud near the double star Antares. Otto Struve, chairman of the department of astronomy at the University of Chicago, made the discovery at McDonald observatory of the University of Texas. His search was conducted through an 82-inch reflecting telescope.

Ashes From Volcano Kill Three Japanese

TOKYO, Aug. 15. (AP)—Hot ashes thrown up in Thursday's eruption of Mt. Asama, 90 miles northwest of Tokyo, killed three Japanese and left two missing. Army headquarters announced today. Meanwhile, Capt. Charles Hodson of Hutchinson, Kan., a P-51 pilot, reported seeing a 7,000-foot volcano erupting near Nagano, 110 miles north of Tokyo. He said a 10,000-foot column of smoke was spiraling from the crater.

Sinclair Lays New Pipeline

HOUSTON, Aug. 15.—Officials of the Sinclair Refining company announced today that the firm is laying an eight-inch products pipe line from Corpus Christi to Austin. It was also revealed that a six-inch line from San Antonio to Luling will connect with the Austin-Corpus Christi project. The distance from Corpus Christi to Austin is 185 miles and from San Antonio to Luling 50 miles. Sinclair officials declined to estimate costs of the projects but said the Austin-Corpus Christi line is about half completed and that the pipe for the six-inch line is on the ground. It is believed the eight-inch project will cost approximately \$4,000,000 and the six-inch \$1,000,000.

Diplomat May Face Trial

Japs Deny Kursu Peace Mission Was Part Of Pearl Harbor Plan

TOKYO, Aug. 15. (P)—A witness told the international tribunal today that Saburo Kursu's trip to Washington shortly before war broke out "was carried out solely as one more effort offering an additional chance to succeed in the earnestly desired conclusion of negotiations."
 Kuomachi Yamamoto, chief of the East Asiatic and American Bureaus of the foreign office under Shigenori Togo, testified for the defense in the trial of 25 Japanese accused of war crimes. He said Kursu left for Washington two days after the Japanese high command and cabinet at a Liaison conference had decided to make a final offer to the U. S. while continuing preparations to attack if the offer were not accepted.
 "The suggestion has since been made that it was intended as a measure to gain time by deceiving the United States," Yamamoto testified. "But as I have already indicated, the difficulty in the liaison conference from long before had been to persuade the high command to agree to enough delay to give negotiation full opportunity—their position being that there was neither necessity nor desirability of delaying the opening of hostilities, but that it would be advantageous to commence them at once."
 Yamamoto was still on direct testimony when the tribunal recessed for the weekend. Cross-examination next week was expected to dwell at length on the question of Kursu's possible foreknowledge of Japanese plans.
 There has been considerable speculation that Kursu, who has been at liberty since the occupation began, might be tried on war crimes charges. Yesterday his daughter, Pia, was married to Frank K. White, former Army Lieutenant employed in GHQ reparations section.

NEW STYLE HITCHING POST

POTSDAM, N. Y., Aug. 15. (P)—The streets of Potsdam no longer have hitching posts, but the new parking meters serve the purpose.
 Police reported that a girl put a nickel in a meter, and parked her pony by tying it to the meter shaft.
 "Legal," police called it.

Lamesa, Dukes Split A Pair

By The Associated Press
 Speaking of tight fights—take the battle for third place in the West Texas-New Mexico league.
 It won't be long now until the top four clubs go into the play-off. Lubbock has a cinch and Amarillo almost as much.
 But third place is something else. Today Lamesa holds the coveted spot but Pampa and Albuquerque are only a game behind.
 Last night Pampa divided a double-header with Borger, taking the nightcap 7-4 after losing the opener 8-4. Albuquerque split with Lamesa, capturing the first game 7-6 and losing the afterpiece 4-1. Leading Lubbock licked Clovis 16-2 and Abilene beat Amarillo twice 6-3 and 3-0.
 Bill Serena of Lubbock, the league's home-run leader, got his forty-sixth circuit clout and lacks only two of tying the league record for a season.
 Verdun Gilchrist of Borger beat his own record when he was walked twice, running his bases on balls to 150—one more than the record.

A LEADING THREAT for batting honors in the American League is George Kell of the Detroit Tigers. Kell is currently contesting Lou Boudreau of the Cleveland Indians for first place in that department.

MOONSHINERS STILL AT STILLS

AUSTIN, Aug. 15. (P)—Moonshiners continue to build stills, and liquor control board inspectors continue to destroy stills each month in Texas.
 Five illicit stills were seized by the inspectors in July, along with 700 gallons of mash, and two arrests were made. Two stills were taken in Bowie county, one each in Red River, Harrison and Smith counties.
 Revenues from liquor, beer and wine stamps, permits and licenses, and the seven international bridges into Mexico totaled \$860,945 last month.

Hearings Set On Tidelands Leases

AUSTIN, Aug. 14. (P)—A two day public hearing on policy and formulas for extension of 25-year leases now held on Texas tidelands will be held by the State School Land Board Sept. 15-16.
 Land Commissioner Bascom Giles, chairman of the board, said invitations would be issued to all persons interested in oil development under the new law enacted by the 50th Legislature.
 The law permits extension of mineral leases for as long as production in paying quantities is maintained.

Four Jews Arrested In Prague, Paper Says

PRAGUE, Aug. 15. (P)—Rude Pravo, communist organ, reported today that Czechoslovakia police at Karlovy Vary (Karlsbad) in Bohemia had arrested four Jewish extremists on charges of bringing explosives to the SPA, where a World Zionist Congress is in session.
 The paper identified the quartet as members of Irgun Zvai Leumi, Jewish underground organization blamed for terrorist activities in Palestine.

Attempt To Poison Burma Officials Fails

RANGOON, Burma, Aug. 15. (P)—An attempt to poison high ranking officers of the People's Volunteer Organization, military "private army" of the anti-fascist People's Freedom League, was made last night during a dinner party, officials said today.
 Shortly after the dinner 11 of the officers collapsed and were rushed to the hospital, where seven were detained for further treatment.

Drive-In Movie Opens Tonight

Beginning tonight, residents of Big Spring and vicinity will be able to watch motion pictures from the convenient privacy of their automobiles at the Terrace Drive In theatre, located on the City park road just north of the park entrance.
 Although several improvements at the theatre site are yet to be completed, J. C. West and W. W. Arnold, co-owners of the Terrace, have announced that adequate facilities will be available for the opening night. The huge enclosure has been prepared to accommodate 375 automobiles, and space for an additional 75 vehicles can be pressed into service if the need arises, vice if the need arises.
 West and Arnold are just completing construction of a modern concrete and tile building which supports the huge motion picture screen in addition to providing office space, lounge facilities and other essentials.
 Projection equipment of the latest type is already on hand and a concessions center is rapidly nearing completion.
 The pictures will be projected upon a screen measuring approximately 27 feet, five inches by 27 feet, five inches. Sound equipment designed for the best efficiency will be used.
 "The Daltons Ride Again" has been scheduled for the opening night feature, and the management has booked top notch films for future performances.

Train Ticketed

WESTVILLE, N. J., (UP)—D. R. Mead, 38, freight train conductor, got a traffic ticket here for "illegal freight train parking." Police charged Mead with blocking a crossing for 14 minutes.
