

Wolverines To Scrimmage Silverton Friday

The Wolverine football squad will play their first scrimmage game of the season, Friday night at the Wolverine Stadium beginning at 7:30 p.m. The game will be with the Silverton Owls.

Although big Brian Britton, 205 pound senior tackle, whom local athletes had expected to lead the charge on both offense and defense this fall, will not be able to play as a result of a serious accident earlier this year. However, Britton has been going out with the boys to assist in the capacity of manager.

Coach Locke is quite excited about the fall season, and believes the Wolverines will be improved over last year. He indicates, the major strength should be better size and quickness. There are eight returnees from last year's team, five of these are lettermen. Lonnie Wilson, 170 pound senior tackle is expected to lead the charge in both offense and defense. Two sophomores, Randy Latham, 170 pound and Dell Daves, 175 pound are expected to be able to play at tackle or guard positions.

Sam Parish, 155 pound senior and Charles Winders, 150 pound senior is expected to be starting guard. Center Brad Haley is expected to be leading in the front line charge. Randy Bills 165 pound sophomore should be a capable replacement at center position.

Heading the end corps is Eric Freeman 140 pound junior, Junior Saucedo 150 pound junior and Brad Freeman 145 pound senior.

Hall Wood 150 pound senior quarterback will be back this fall to run the Veer attack. He was one of the best at his position in District 3-A last fall. Also back in halfback, Pete Rodriguez 155 pound senior. Pete is noted for speed. The other backfield position should be in capable hands, also, Jacob Miller 150 pound junior and Steve Morgan 165 junior should split playing time here.

Starting fullback is up for grabs and is expected to be between Doug Jones 170 pound junior and Richard Cause 175 senior.

Coach Locke says he has a good group of players from the "B" team and hopes to fit his boys into a great team of enthusiastic school spirited players.

The Top-O-Texas football magazine has picked the Wolverines as the team to beat in district 3-A.

Pre-season selections by the magazine are Wolverines, 1;

Vega, 2; Hart, 3; Sudan, 4; Farwell, 5; Bovina, 6 and Kress, 7.

For Top-O-Texas class A,

the magazine selections were Lorenzo Hornets, no. 1; O'Donnell Eagles, no. 2; Sonora Broncos, no. 3; Memphis Cyclones, no. 4; Clarendon Broncos, no. 5; Canadian Wildcats, no. 6; Hale Center Owls, no. 7; Springlake - Earth Wolverines, no. 8; Vega Longhorns, no. 9; and Holliday Eagles, no. 10.

Astronaut To Be In Hereford August 28

Astronaut Edgar D. Mitchell will be returning to his native soil on August 29 when he visits the Hereford, Texas Diamond Jubilee Celebration.

Mitchell was born in Hereford and will be on hand to sign autographs before the premier performance of "Hustling Heritage '73", a musical play depicting Hereford's history.

Mitchell and Alan B. Shepard, Jr. spent 3 1/2 hours on the lunar surface while Stuart A. Roosa orbited overhead in Apollo 14.

Since this mission, Mitchell has been conducting research in psychic phenomenon. Results from his experiments are to be televised sometime this fall.

PRINCIPAL WARD COOKSEY is shown counseling with a student and his parent in registering for school. Officially all faculty are presently back in the swing of things and ready for the new school year.

FOOD MAY NOT BE SAFE to eat if held for more than three or four hours at temperatures between 60 and 120 degrees F., the zone where bacteria grow rapidly.

Weed Control Important To Cotton Production

Summer rains that have boosted cotton prospects over the South Plains have also encouraged emergence and growth of annual weeds, according to Dr. Robert B. Metzger, area agronomist.

Annual weeds presented little problem in the early part of the season because of an unusually dry spring, he says. Lack of surface moisture prevented weed germination in May and June, but a plentiful underground moisture supply allowed cotton to grow, establishing deep roots.

The Lubbock-based specialist for the Texas Agricultural Extension Service adds that

ideal conditions allowed cotton to get ahead of annual weeds and shade out many of the younger emerging weeds.

With summer rains encouraging weed growth, however, producers will need to hook up that herbicide rig and get back to the fields.

There were some exceptions of weed problems during the spring, Metzger recalls. Some annual weeds did become established in many fields, despite dry conditions. Perennial weeds such as white weeds and Johnsongrass took advantage of deep moisture and became a serious problem in some cotton fields. MSMA usually con-

trolled these weeds provided the foliage was thoroughly wetted down.

The agronomist warns that controlling late emerging weeds is highly important in reducing the production of weed seeds. Weeds will try to produce seed regardless of size or how late in the season

they emerge.

"Most producers recognize that clean fields are important in obtaining high stripper efficiency this fall," Metzger concludes. "Continued weed control will go far toward achieving this efficiency."

"Battle Of The Bands" Scheduled At Hereford

Four popular groups will create six solid hours of rock music on the night of August 31 at a "Battle of the Bands" in Hereford.

Featured bands in the contest will be "Black Water Draw", "Fresco", "Salty Dog" and "Badge". These rock groups were nominated by area disc jockeys as the best groups from their region.

Each of the four bands will stage an hour's concert be-

ginning at 7:00 p.m. at the Deaf Smith County Bull Barn. The winning band will then be announced during intermission and the selected group will entertain the crowd until 1:00 a.m. Saturday.

Tickets for the marathon concert will be \$2 each and may be purchased at the door the night of the performance.

The "battle" is being sponsored by the Hereford, Texas Diamond Jubilee Celebration.

PIZZAZZ!

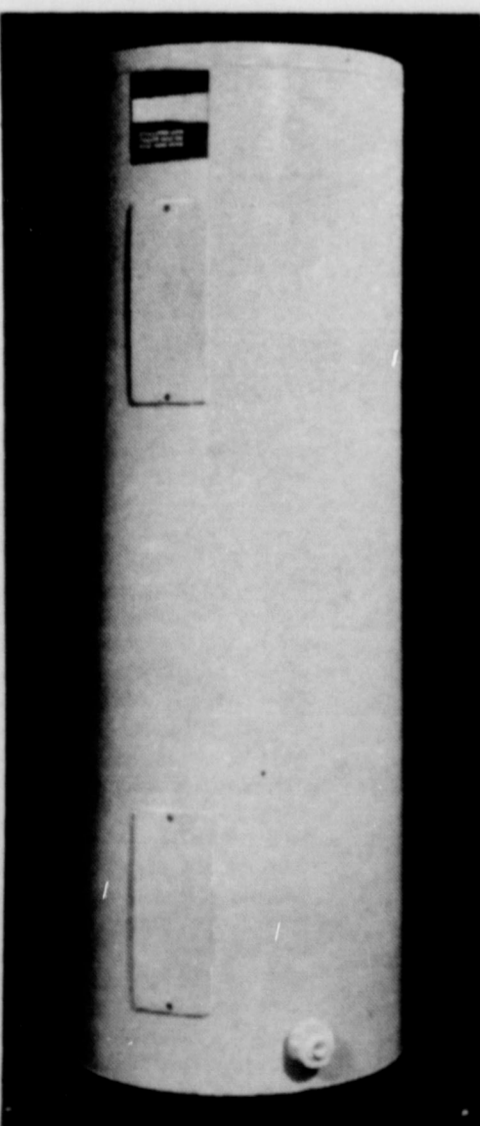

We've got the only
WATER HEATER
in town
that's got it!!!

What's PIZZAZZ in a water heater? PIZZAZZ is everything a good water heater should be... fully insulated all around and on the top and on the bottom... one that needs no flue or vent, for easy installation... one that silently gives you all the hot water you need, when you want it... and one that's practically maintenance free. What's a PIZZAZZY water heater? Clean styling... an ELECTRIC WATER HEATER... we sell, service, install, finance and guarantee em!

WE SELL 'EM - Call Us!

Of Course-IT'S ELECTRIC

THESE CHOW HOUNDS - Weren't doing much visiting at this time Friday evening as members of the Chamber of Commerce and other helpers began distilling out the delicious catfish and trimmings.

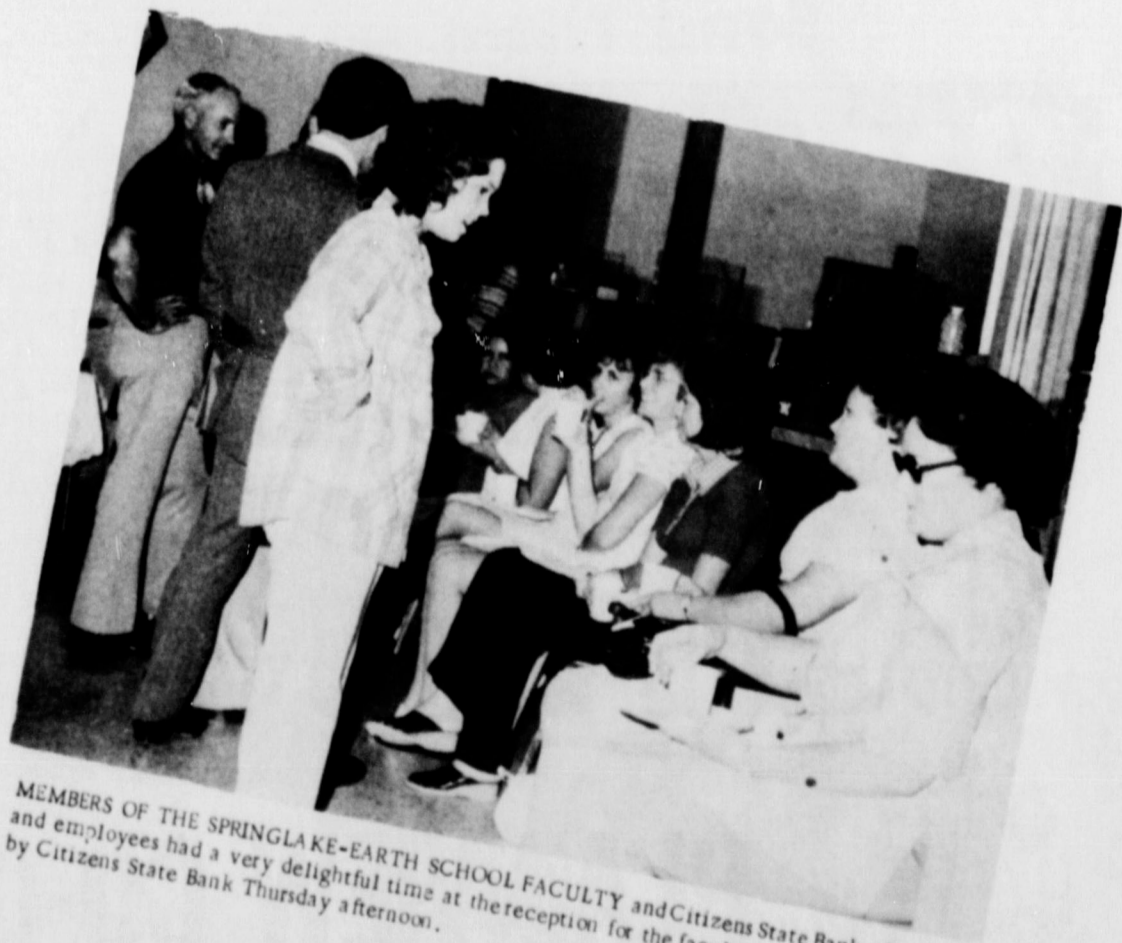

ALL THE CHIEF COOKS AND BOTTLE WASHERS - were busy Friday afternoon preparing for the big Fish Fry and Historical Marker dedication. Approximately 800 persons gathered for the big event.

MACKY McCARTY - President of the Citizens State Bank is making the welcoming speech to members of the Springlake-Earth faculty and introducing members of the staff at the bank. The local bank officials hosted a reception for members of the Springlake-Earth school faculty Thursday afternoon.

THE CROWD WAS GIVING-All their attention to the speech given by Congressman George Mahon Friday night prior to the dedication of the Historical Marker.

MEMBERS OF THE SPRINGLAKE-EARTH SCHOOL FACULTY and Citizens State Bank officials and employees had a very delightful time at the reception for the faculty members sponsored by Citizens State Bank Thursday afternoon.

THESE FIVE TEACHERS - Mary Arrendondo, Mrs. Maxrae Cummings, Mrs. Frances Beard, Miss Brenda Bullard and Miss Jacqueline Crawford were enjoying the get-together and the fellowship at the reception for teachers at the Citizens State Bank Thursday afternoon.

Tisa Haberer - Gene Whitfill Exchange Wedding Vows Couple Honored

On 50th Anniversary

First Baptist Church Chapel of Plainview, was the scene Tuesday evening, August 21st, of the marriage of Miss Tisa Haberer and Gene Whitfill. Performing the ceremony was Grady Davis of Alameda, California, uncle of the bride, assisted by Carlos McLeod, pastor of First Baptist Church.

Mr. and Mrs. Russell Haberer, 1303 Garland St., and Mr. and Mrs. Ben Whitfill, Silverton, are parents of the wedded couple.

After a brief wedding trip to Colorado, the newly-weds will reside in the Wayland Apartments in Plainview.

Miss Leslie Haberer, sister of the bride, Lubbock, was maid of honor and bridesmaids were Miss Renee Jones, Earth, Miss Carol Tapp, and Mrs. Sheryl Cummings, Lubbock.

Best man was Stan Hickerson, Clovis, New Mexico. Groomsmen were Gary Whitfill, cousin of the groom, Tom Burson, and Nicky Long, all of Silverton. Head usher was Don Haberer, Earth, cousin of the bride.

Mrs. Gale Scheafer, sister of the groom, and Mrs. Sue Whitfill, presided at the registry table.

Presenting organ selections was Mrs. Betty Morton, and the soloists were Miss Terri Davis and Miss Carol Helms. A duet was presented by Mr. and Mrs. Wittner, Minister of music at First Baptist Church.

The bride's father escorted her to the altar. The bride's gown was formal floor length of Angelmist peau de soie and re-embroidered Venice lace over bridal taffeta designed with high rounded neckline, Empire waist, long full sleeves, and semi A-line silhouette. Inserts of the lace, enhanced with tiny seed pearls, complemented the neckline, bodice, sleeves and skirt of the gown. A ruffle of matching lace enhanced the hemline of the gown. Her mantilla veil of imported illusion, with a border of lace, fell from a comb and ended in a sweeping chapel length train, and she carried a cascade of daisies and yellow roses.

For something borrowed, the bride carried a Jerusalem coin belonging to Mrs. R.E. Patter-

MRS. GENE WHITFILL (Nee Tisa Haberer)

son, maternal grandmother of the groom; for something old, she wore an engagement ring belonging to her great-aunt, Mrs. Stella Millo, Miami, Oklahoma; and carried a bible from Israel, brought to her from her grandmother, Mrs. Bonnie Haberer, Milesheo. For the "touch of blue", a lace trimmed garter was worn. For the traditional something new, she carried a lace-trimmed handkerchief presented to her for the occasion by Mrs. Dorothy St. Clair of Milesheo. The maid of honor wore pale yellow polyester voile, embroidered with white tendrils,

with criss-cross collar, edged in white lace. She carried a bouquet of yellow carnations and white roses. The bridesmaids wore identical dresses of pale yellow polyester dotted voile, and carried bouquets of white carnations and yellow roses.

Altar decorations of white candle-tree, with white spiral candle trees, with votive cups trimmed in garlands in gypsophile, were complemented with tropical greenery.

The reception was held in the church parlor. Yellow and white accented the decorations on the bride's table. The

centerpiece was a white spiral candle tree with crystal votive cups and white doves, yellow and white ribbons, and garlands of gypsophile. The table was covered with a white French tulle cloth trimmed in Venice lace over yellow. The tiered wedding cake was served with punch poured from a crystal bowl.

The groom's table was covered with a white damask cloth and highlighted with a centerpiece of yellow and gold flowers. Coffee was served from a silver service, belonging to Mrs. Bonnie Haberer, grandmother of the bride.

Misses Camille Haberer, cousin of the bride, Earth, and Miss Kathy Lusk served punch, while the cake was served by Miss Christi Marks and Diane Scott, alternating with Nancy Schanna and Mrs. Debbie Newsom. At the groom's table, coffee was served by Mrs. Vincent Sanford of Los Angeles, California, and Miss Darla Dear, Earth. Presiding over the cake was Mrs. Dodie Davis, Alameda, California, aunt of the bride, and Miss La Donna Haile. Misses Melody Malouf and Debbie Stevens distributed rice bags.

Assistants at the reception were Mrs. Greta Marks, Barbara Lusk, Merle Wittner, Louise Wright, and Gloria Tunnell. Music selections were presented by Richard Gonzales. The rehearsal dinner, hosted by the bridegroom's parents Monday night was held at K-Bob's.

The bride is 1973 honor graduate of Plainview High School, and the groom a 1971 graduate of Silverton. Both will be attending Wayland College this fall, where the groom is a senior student and a member of Phi Mu Alpha and Sinfonia.

Grandparents attending were Mrs. Bonnie Haberer, Milesheo, Mr. and Mrs. J. J. Davis, Earth, Mrs. Edith Patterson, and Mr. and Mrs. Ed. Whitfill, all of Lockney.

I'd like to offer my sincere "Thanks" for the many expressions of love and concern I received during my long hospital stay. Your prayers, visits, telephone calls, cards, gifts, and flowers were greatly appreciated.

Please accept my "Thank You" for your kindness. Mrs. L. Z. Anglin

Mr. and Mrs. Abe Griffin and Mr. and Mrs. Jim Griffin of Earth had as their guests for a couple of days last week, Wayne Griffin, of Portales.

IT'S BEEN A LONG, LONG TIME... Mrs. Lena Hite (center) Earth, is pictured with Congressman and Mrs. George Mahon at the Friday night dedication service and Annual Fish Fry in Earth. Congressman Mahon was responsible for Mrs. Hite's son, Kenneth, receiving an appointment to West Point back in 1947. Mrs. Hite met Congressman and Mrs. Mahon in Lubbock many years ago, but when she saw them again Friday night, they remembered that meeting. They asked about Kenneth, who graduated from West Point in '51 and is a Colonel in the Air Force, stationed at Randolph Air Force Base, Texas and is deputy commander for operations for the 12th Fighter Training Wing. Lena has a warm spot in her heart for Congressman Mahon and has been a staunch supporter of him in this area. She again thanked him for aiding her son in receiving the appointment at West Point.

Rodney and Gary of Lubbock visiting her parents, Mr. and Mrs. R. S. Cole.

difficult to distinguish one from the other. Traditionally woven fabrics, checks, corduroy, denims, tweeds, and gingham have rocketed back into fashion popularity," Mrs. Culp noted. "Several factors influence this trend. Man's basic need and conditioning for change with something new and different, may be the most important.

"Also, today's woven fabrics compete with knits for their prime advantage, comfort through stretch."

Stretch wovens can give from 10 to 15 percent either in one or both directions, the specialist explained. "Woven fabrics are popular for menswear, largely because they can be tailored more easily and quickly.

"In addition, many men find them traditionally more appealing, especially since they're less likely to sag or bag than knits.

"Although knits remain part of the fashion picture, consumers are welcoming irresistible additions to their wardrobes, woven fabrics and garments," she concluded.

Mrs. Frances Davis and sons

Woven Fabrics Make A Comeback

Today's woven fabrics are rising on the fashion seasaw. "One season a particular fabric or style is down in popularity while another is up," Mrs. Becky Culp said, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System. Today's fashion seasaw includes knit versus woven fabrics, she continued. "Knit fabrics rose steadily to an overwhelming popularity during the late 1960's. Today, however, they're at midbar level--with woven fabrics rising rapidly in popularity. "Also, knit fabrics are more closely resembling wovens, and wovens resembling knits. At first glance it may be dif-

Firemen And Families Enjoy Outing At Park

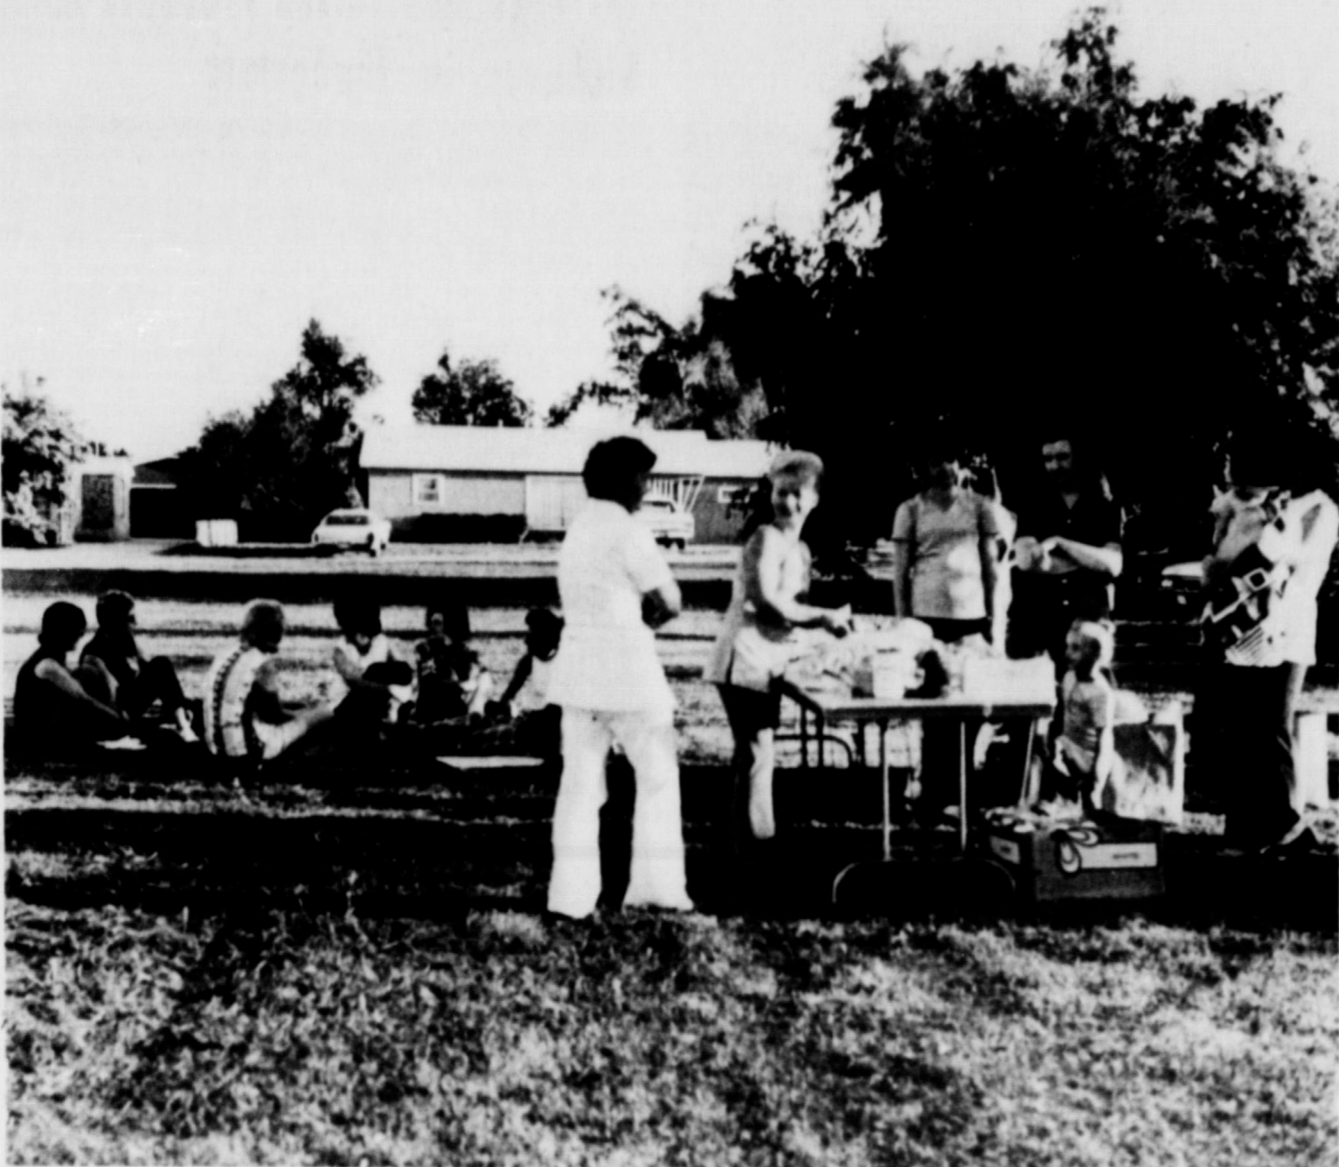

Members of the Volunteer Fire Department and their families gathered at the City Park, Monday night for a delightful picnic dinner and games session.

Approximately 50 attended the event.

Firemen prepared hamburgers, hot dogs, and served cold drinks while the wives brought cakes, homemade ice cream, cookies and potato chips.

The food was delicious, and the park was a relaxing and comfortable setting for the event.

Following the picnic lunch, the children played on the park playground equipment and many adults played games of Volley Ball, while others preferred to spend the time visiting.

WIVES OF THE EARTH VOLUNTEER FIRE DEPARTMENT were busy visiting and preparing the trimmings for the hamburgers and hot dogs at the family night get-together.

Proper Lighting Is Helpful In Homework

Eyestrain often strikes students soon after they return to school.

"Much of this can be prevented by using a good study lamp," according to Patricia A. Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service, Texas A&M University System.

"Proper illumination is essential for effortless reading and writing. It eliminates eyestrain and fatigue--which make studying unpleasant. "Poor lighting, on the other hand, can cause permanent eye damage."

When buying a study lamp, the specialist warned against purchasing one simply labeled "study lamp."

Many gooseneck and high-intensity lamps sold as reading lamps actually contribute to eyestrain--by creating glare, she continued. "They provide poor light diffusion and no upward light."

"Take time to examine and compare several lamps--and choose one that provides soft illumination of proper intensity," Miss Bradshaw advised.

"An open-top shade allows upward lighting--which reduces contrast between lighting on the desk and the rest of the room."

"A diffusing element under the lampshade softens light and reduces glare from shiny surfaces."

In addition, look for lamps which carry a black and yellow tag marked "BLBS."

"This tag indicates the lamp has been performance-tested by the Better Light-Better

Faculty members of the Springlake-Earth school received a warm welcome Thursday afternoon, when they were feted with a get acquainted reception by the personnel at Citizens State Bank.

Macky McCarty, president, gave a short welcome address, expressing appreciation for the local teachers who by their molding of good characters, help to build a better community.

Mrs. E. C. Hudson gave a monologue entitled "passing the buck". She used local faculty names and passed the buck, so to speak, from the school secretary, to the school superintendent, and down through the ranks to the school janitor.

The serving tables were laid with yellow cloths and decorated with yellow and white centerpieces. Refreshments of

hors'd'oeuvres, melon balls and yellow punch was served the bank staff and to all who attended.

Local bank officers, directors and staff members take pleasure in welcoming the faculty to Earth.

NOTICE

There will be a come and go bridal shower honoring Donita Kelley, bride-elect of Roger Clark, Saturday, September 1, from 4 to 6 p.m. at the Phil Haberer residence.

Everyone is invited to attend.

WHEN A FARMER is his own best hired hand, an automatic bale wagon can be his best friend.

Miss Tisa Haberer, bride-elect of Gene Whitfill, Silverton, was honored with a bridal shower recently in the home of Mrs. Irvin St. Clair of Muleshoe.

The serving table was laid with a yellow nylon dotted Swiss cloth edged in nylon lace. An arrangement of car-

nations, daisies and babies breath placed in a bowl of crystal and brass and featuring yellow candles centered the table. A miniature bride completed the table decor. Punch and finger sandwiches were served from crystal appointments. Presiding at the table were Mrs. Bill Jim St. Clair and Mrs. Carl Bamert.

Special guests for the occasion were Mrs. Ben Whitfill, mother

of the prospective groom; Mrs. Russell Haberer of Plainview, mother of the honoree; Mrs. Bonnie Haberer of Muleshoe, and Mrs. Opal Davis of Earth, grandmothers of the honoree, and Miss Leslie Haberer, sister of the honoree, of Lubbock.

The hostess gift was a Bates bedspread. Hostesses for the occasion were Mrs. Carl Bamert, Mrs. Irvin St. Clair and Mrs. Bill Jim St. Clair.

TISA HABERER

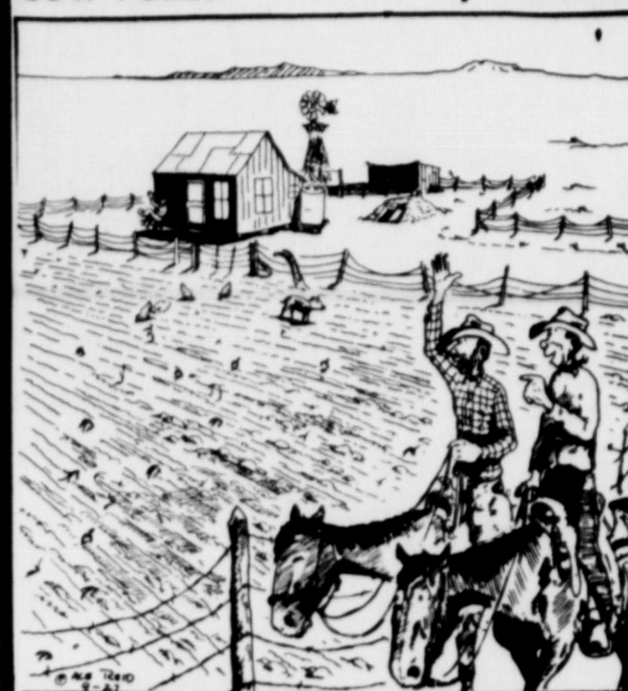

Party Line

Mr. and Mrs. Kenneth Martin and Letha Ann of Lubbock were dinner guests Sunday, in the home of his mother, Mrs. Alice Martin. They all visited in the afternoon with his sister and family, Mr. and Mrs. R. S. Cole.

Mrs. L. Z. Anglin is said to be improving. She is a patient in the Littlefield hospital, where she has been hospitalized for the past five weeks.

Mrs. Ross Middleton and Mrs. Alene Griffin dined in Clovis Saturday.

COW POKES By Ace Reid

"One thing, ol' Wilbur ain't ever worried no body about his farm surplus. He ain't ever had a crop."

by MARY LEE THOMPSON

Homemakers, who are concerned with nutrition, know that fresh vegetables and fruits are an important source of vitamins, minerals, iron and magnesium. However, many shoppers do not take into consideration the fact that the nutrient content varies with the variety as well as the conditions under which fruits and vegetables are grown.

For example, the amount of ascorbic acid in tomatoes vine ripened out-of-doors in summer sunlight is double that of those grown in greenhouses in winter. According to the U.S. Department of Agriculture, fresh fruits and vegetables also lose some nutritive value between the farm and the table. Nutritive loss is affected by the way food is handled in marketing and at home. The length of time it is stored and temperature and humidity during storage also are factors.

Typical is the need to chill or refrigerate as soon as possible after harvesting such vegetables as kale, spinach, turnip greens, chard, broccoli, and salad greens. They keep their nutrients best when held near freezing and at high humidity.

PERSONALITY, OR PERSONABILITY, can be strengthened through participation in many kinds of family life education.

Several different manufacturers make these lamps, so most stores with lamp departments have them.

Local Girl Gives High Points Of Her Stay In Brazil

By: Darlene Sulser

I left for Brazil with much indecision in my heart, knowing I owed much to the Lions Clubs of America for setting up such a wonderful trip.

When I arrived in Brazil, the climate was beautiful. It was between 70 and 80 degrees in the wintertime. The weather is mainly the same all year round.

I stayed with the Bortot family in the city of Belo Horizonte. It was a big city with a population of over a million people. In some ways, Belo is a very modern city, but it also has very poor people.

The thing that was stressed most about this trip was to help promote peace between countries. My family in the country of Brazil was a very wonderful family and I loved them all very much. Their language is Portuguese. The family consists of Tonico, my father, a man of about five foot six inches with dark curly hair. My mother, Clea, a woman of about five foot two inches with dark auburn hair. My sister, Rossana, age fifteen with beautiful blue eyes. She was about five foot four inches tall. My brother, Ricardo, eleven, very vivacious with much love for the game of Soccer.

I wish that every American could have an opportunity to stay at least one month with the Brazilian people. I think there is so much to learn from them. They have very much love and respect for the elder people. We younger people sometimes forget how bad it would be without the elder people.

If you own a car in Brazil, you are rich. The main transportation is bus. If you want to buy something at the store, you walk. We as Americans, have so much, yet sometimes, we are so ungrateful.

The foods I ate were cooked with garlic and olive oil. I ate many different types of cheese. They eat beans and rice every day. They love bread, coffee and tea.

I think this has opened my eyes to many things. That people all over the world are basically the same. We all have one thing, that's love. If we can strive to spread this love, one day there will be peace in the world.

Darlene is the daughter of Mr. and Mrs. Norman Sulser and a senior at Springlake-Earth High School.

DARLENE SULSER AND HER BRAZILIAN FAMILY, MR. AND MRS. TUNICO BORTOT AND FAMILY.

New Cotton Program For 74-77 Explained

Lubbock, August 17, 1973 -- The new cotton program which will govern the industry for the years 1974 through 1977, as it is being explained to High Plains farmers at county meetings around the area by officials of Lubbock-based Plains Cotton Growers, Inc., shapes up as "considerably less than is needed, but if properly administered a program with which we can continue as the nation's leading cotton producing area."

Major provisions of the program with PCG comment as to their application on the High Plains, are as follows.

--A minimum national allotment of 11 million acres, compared to this year's 10 million acre allotment. Allotment for the 25 PCG counties surrounding Lubbock therefore should be about 10 per cent more than this year's 1,488,145 acres. And, generally speaking individual farm allotments will be up 10 per cent also.

--Price support payments equal to the difference between 38¢ per pound and the national average price paid to all farmers for all cotton during the calendar year in which the crop is planted, meaning all farmers will get the same payment regardless of the price at which their personal crops are sold. If the national average price paid to farmers for all cotton, January through December of 1974, for example, comes to 30 cents a pound, then all farmers would get a payment of 8 cents per pound times their base allotment. Of course if the average market price comes to 39 cents or more, there will be no payment. Projected yield is to be calculated as under the present program--a three year average of actual yields adjusted for adverse weather factors.

Generally speaking, the average High Plains cotton runs approximately three cents a pound below "average of the crop." Therefore the total "guaranteed" return on the High Plains from allotted acreage should average in the neighborhood of 35 cents. PCG emphasizes, however, that this calculation is based on average market conditions and average crop quality and might be totally in error under a given set of conditions.

--Target price will be adjusted in 1976 and 1977 to reflect any changes in cost of production and/or production efficiency as evidenced by yields.

--In cases of natural disaster which prevents planting, destroys crop or reduces yield below two-thirds of a normal crop, payment will be one-third of the target price (12.66 cents in 1974 and 1975) times projected yield times allotted acres.

--Loan is to be set at 90 percent of the three-year average price of American cotton in world markets, based of Middling-inch cotton. Loan can be adjusted to 90 percent of the current year's world price if 90 percent of the three-year average is above the current world price. USDA's method of calculating the average price of American cotton in world markets has not been determined.

--Sale and lease of allotments will be permitted, even to farms with no allotment.

--Payments will be limited to \$20,000 per person, total for all crops. Rules for determining whether corporations and their stockholders are to be considered as "persons" will be in accordance with regulations issued December 18, 1970.

--Present ship-row rules remain in effect.

--Authorization for annual transfer of \$10 million from CCC funds to Cotton Incorporated is continued, but use of funds is restricted to research efforts.

--In the event the Secretary

sees prospects of oversupply he is given authorization to limit planting of cotton beyond base allotments.

--Provision which prohibits grazing on cotton set-aside during five principal months of growing season under the present program is removed, and the Secretary is specifically authorized to permit hay, triticale, oats, rye, wheat, and feed grains to be planted on cotton set-aside.

Jane Shobe Receives M.A. Degree

Mrs. Jane (McCord) Shobe received her master of arts degree in philosophy August 18 from Baylor University. She was among the 215 who received Bachelor degrees, 155 Master degrees, 48 Juris doctor and 13 Doctoral degrees.

Mrs. Shobe graduated from Springlake-Earth High School in 1963 and received her B.A. degree from Baylor in 1967. She is the daughter of Mr. and Mrs. Pat McCord of Earth.

Early Immunization Prevents Much Sickness In Youngsters

If you could virtually insure your child against having five dangerous diseases, would you make the effort?

State Health Department officials strongly emphasize that immunizing children against early childhood diseases is worth both the time and expense for the child's health and the health of others.

Under ideal circumstances, only a few visits to a clinic or private physician are needed to complete the immunization schedule during the child's first year and a half of life.

You say it's an inconvenience. There's no real threat you say. Don't fool yourself into thinking the "conquered" diseases are really conquered. Sure, your child is safer from disease than his or her grandfather might have been, but consider this:

--Two of the four cases of paralytic polio reported in Texas last year struck children under two years old.

--Children under the age of five were the target of almost 30 percent of the 41 cases of diphtheria and about 35 percent of the 20 cases of tetanus.

--43 percent of the approximately 1600 cases of ordinary measles reported by age in Texas last year occurred in children under the age of five.

--Of the 185 reported cases of whooping cough or pertussis in Texas last year, 50 percent of those whose age was recorded were four years old and under.

You say your child is strong and healthy and can withstand a few days in bed with a communicable disease? Think about children still to be born. If your child has rubella and infects a susceptible neighbor, friend, or acquaintance during the first months of the pregnancy, the chances are that the newborn, if the newborn does arrive, might suffer blindness, deafness, retardation, and heart disease. Is it worth taking such a chance, when a single immunization for rubella could eliminate the possibility of your child causing such a tragedy?

A 1971 State law requires that all children entering school must be immunized against diphtheria, tetanus, polio, measles, and rubella.

In those areas where no local facilities exist to provide immunization services, the State Department of Health will provide or administer the required vaccines.

As a further result of the 1971 law, Texas schools now maintain a record of the immunizations of every student in the State.

In an attempt to increase immunization among the very young, the State Health Department has implemented an Infant Immunization Surveillance Program. The program essentially involves mailing cards to parents of newborn and one-year old children, informing them of recommended vaccination times, and asking them to check and return the cards. Reminder cards are issued to non-responding parents, and field referrals are issued to local health departments and Immunization Service Aides if parents do not respond to the reminder cards.

The recommended timetable for immunizations is as follows: At the ages of two, four, and six months, infants should receive DTP injections for diphtheria, tetanus, and pertussis, as well as oral polio vaccine. When the child is one year old, he or she should be immunized for measles and rubella. The DTP and polio immunizations should be repeated when the child is between 15 and 18 months, and again, when the child is between four and six years old.

Health Department officials emphasize that parents can help reduce disease in Texas by having their children immunized early, as suggested by the timetable, and responding promptly to health department inquiries.

Mrs. Dunnam Receives Degree In Education

The Texas Woman's University held its annual Summer Commencement program Saturday, August 18, awarding bachelor's, master's and doctoral degrees.

Recipients receiving degrees included Mrs. Betty Jo (McElroy) Dunnam of Earth, with a B. S. in Elementary Education.

Mrs. Dunnam is currently a member of the Springlake-Earth teaching staff, teaching a class of pre-first grade students. She taught in that same capacity last year.

Betty is the wife of Rev. Charles Dunnam, pastor of the United Methodist Church in Earth and the mother of five daughters and one son. Four of the children are students at Springlake-Earth schools. The two oldest daughters are married.

The family moved to Earth two years ago when Rev. Dunnam was appointed to serve as pastor here replacing Rev. Johnnie Williams, who moved to Hamlin as pastor of the Methodist Church there.

Pressure Canners Used In Processing Low-Acid Foods

Pressure canners are needed to process foods low in acid content, a foods and nutrition specialist advised the increasing number of home canning "buffs" this week.

Specialists warned that bacteria will not be killed unless low-acid foods are cooked for a long period of time at boiling temperatures.

Cooking with a pressure canner raises the temperature used to kill these bacteria and takes only a fraction of the time for the canning process.

It is safe to can jams, jellies, fruit butters and high-acid foods without a pressure canner.

Foods which don't require pressure canning are cucumbers when pickled, cabbage when made into kraut and fruits including tomatoes, pears and cherries.

Foods which do require pressure canning are asparagus, beans, beets, cabbage, carrots, cauliflower, corn, hominy, peas, pumpkin, spinach, turnips and all meats, the specialist said.

DURING HOT WEATHER or strenuous exercise, a person needs more than the recommended 6-8 glasses of water throughout the day.

NOTICE

The Springlake-Earth Independent School District today announced the free lunch policy for Springlake-Earth school children unable to pay the full price.

Local School Officials have adopted the following family size and income scale to assist them in determining eligibility.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the elementary principal's office and the school nurses' office. Applications may be submitted any time during the school year. The form itself is simple and easy to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardship which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy, the school nurse will review the applications and determine eligibility. If a parent is dissatisfied with the ruling of the local school nurse, he may make a request either orally or in writing to the superintendent of schools for a hearing to appeal the decision. William L. Mann, superintendent of schools, whose address is Box 436, Earth, Texas, has been designated as the Hearing Official. Hearing procedures are outlined in the policy.

There will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

A complete copy of the policy is on file in each school and in the office of the superintendent where it may be reviewed by any interested patron.

SPRINGLAKE-EARTH INDEPENDENT SCHOOL DISTRICT
ELIGIBILITY STANDARDS FOR FREE LUNCHES

FAMILY SIZE	FAMILY ANNUAL INCOME
1	\$0-2190
2	0-2880

Faculty 50¢	Visitors \$1.00

SUNNYSIDE NEWS

By TENEY BOWDEN

An article on remedial reading written by Mrs. Robert Duke and Mrs. Alice Cowen of Dimmitt has been accepted for publication in The Instructor, an educational journal. The title of the article is "Emphasis on Library Reading for Problem Readers". The remedial reading program was begun in the Dimmitt elementary schools in November 1965. During the summer of 1966, Mrs. Duke went to WTSU and began work on a reading specialist endorsement certificate. She received her Masters Degree in Education at WTSU in 1969 and her endorsement certificate in 1968. This summer she started a course in specified reading, an education diagnostician certificate.

Several attended and participated in the various activities of Roundup 1973 this week. The Lion's Club prepared and served the barbeque at South Grade School Saturday night. Mr. and Mrs. Winston Waggoner, Quint, Holly and Gay rode in the parade Saturday in the antique car division in a 1929 Model AA Ford truck owned by Mr. Waggoner and Bob Ott. It won first place in the antique division. It was driven by Bob Ott and Mrs. Ott rode in the parade with him. A 1947 Packard owned by Mr. and Mrs. Weldon Bradley won 2nd place in another division. It was driven by Bill Behrends. In the art show in the adult oil paintings, Mrs. E. R. Sadler won second place and Mrs. Lillie King third place. Several from the community entered paintings.

Several from the community attended the funeral services for Johnny Armstrong in Hart Wednesday afternoon. He passed away in Highland Hospital in Lubbock Monday, Mr.

Armstrong brought his family to the Sunnyside community in 1925 and farmed with George Abbott for 23 years before moving to Hart.

Mrs. Eldon Lilley got the cast off her leg Monday, but cannot put any weight on it for another week.

Monday night a weiner roast in their back yard was enjoyed by the family of Mrs. Eules Waggoner, Eddie and Delores, Mrs. Francis Pharis, Randy, Russel and Kayla of Midland, Mrs. Alice Gamblin and Cammye of Sulphur Springs, Dr. and Mrs. Robert Lindsey of Houston and Mr. and Mrs. Winston Waggoner, Quint, Holly and Gay were all present.

The Lion's Club met Monday night to make detailed plans for the barbeque to be served in the County Roundup.

Mr. and Mrs. Cliff Brown attended an Ortho Chemical Meeting in Ruidosa Thursday and Friday. Mr. and Mrs. E. R. Brown of Lubbock came up Wednesday evening and stayed until Saturday with Lee and Lynn.

Mr. and Mrs. Jim Davis returned to their home in Warren Ohio Tuesday after a visit with Mr. and Mrs. Floyd Ivey. They visited in Amarillo with their sister, Mrs. Jewell Barnard, last week and their brother, Buck Wright of Abilene last Saturday through Monday with them.

Paula Sue Ivey of Olton was admitted to Nicholls Hospital in Plainview Wednesday for minor surgery. She was dismissed Thursday. Mrs. Floyd Ivey spent both days with her granddaughter.

Mrs. Lillie King returned home from her visit in Amarillo with relatives last Sunday.

Bob Duke spent last weekend in Lubbock with Larry Altman.

Thomas Parson and his mother, Mrs. T. E. Parson, Sr. visited in Plainview with Rev. and Mrs. Ellis Parson and family. Mrs. Parson stayed to visit a few days with her grandson and family.

Mr. and Mrs. M. H. Fowlkes of Lubbock visited Thursday, with Mr. and Mrs. E. R. Sadler and attended the Old Settlers Reunion in Dimmitt with Mrs. Sadler.

Mr. and Mrs. Scoot Lilley of Goldswath spent Wednesday night with Mr. and Mrs. Eldon Lilley after attending the funeral services of Johnny Armstrong and visiting with Mr. and Mrs. Roy Lilley in Dimmitt.

Mr. and Mrs. Glen Wilson and girls returned recently from a vacation at Red River.

Mrs. John Gilbreath, Mrs. E. R. Sadler, and Mrs. L. B. Bowden attended the Plains Memorial Hospital Auxiliary executive committee meeting in Dimmitt Wednesday afternoon.

Mr. and Mrs. Hershel Wilson attended the funeral services for a friend in Lubbock Thursday.

Sandra Duke vacationed at Santa Fe and Red River with friends from Hart and Dimmitt this week.

Don Merriott and Edwin Fulfer returned home last Sunday from a vacation at Lake Breckenridge.

Robert Calhoun and Larry Duke have been busy this week with football practice with the Dimmitt Bobcats.

Lee Brown, Lonnie Wilson, Junior Sausada, Edwin Fulfer, and Danny Merriott have been practicing with the Springlake Earth Wolverine Football Team this week. Debbie Wilson with twirling practice and Kelley Haydon with cheer leaders.

Stanley F. Uss of Yonkers, New York, visited Saturday with Winston Waggoner and family. He is a date nail collector and they had been corresponding, so while on vacation he looked him up to see his collection. He is also a car tag collector.

Cliff Brown spoke to the Hart Lion's Club Monday on date nails and showed his collection.

Mr. and Mrs. Noah Spencer were in Dallas Thursday for his medical check-up. He got a good report. On Friday night, they attended the graduation exercises of her son, Jerry Shive at the Gaston Avenue Baptist Church. Jerry was one of a class of 90 to graduate from the Dallas Institute of Mortuary Science. They also attended a banquet for the parents of the graduates Saturday night of the Oakcliff Chamber of Commerce. About 500 attended.

Mr. and Mrs. Michael Tinsley of Canyon brought Lyle Shive home Sunday and visited a while with Mr. and Mrs. Noah Spencer. Lyle had spent last week in Dallas and had gone to Six Flags with the Tinsleys this week.

Mr. and Mrs. Grady Herrington of Farwell visited Sunday evening with Mr. and Mrs. Winston Waggoner and family.

Mr. and Mrs. R. V. Bills vacationed in Colorado with the Raymond Spencer family of Plainview over the weekend.

Mr. and Mrs. Edward Calhoun visited Sunday afternoon with Mr. and Mrs. Phillip Jones.

Mr. and Mrs. R. E. Duke were in Plainview for a medical check-up one day this week.

Mrs. J. Paul Waggoner visited in Plainview with her sister, Mrs. Wauline Lilley, in the home of her daughter, the Leroy Powers, Sunday.

Susan Grisby of Lubbock was a weekend guest of Martin Lefevere. Mr. and Mrs. Dale Strout of Gila Beans, Arizona, also visited in the R. J. Lefevere home over the weekend. Mrs. Strout and Mrs. Lefevere are sisters.

Mr. and Mrs. Robert Duke spent Sunday at Lake Merideth and drove through the Panhandle.

Ernest Baker of Springlake filled the pulpit Sunday morning in behalf of the Gideon Organization.

Mrs. Mack Turner had charge of Bible Study for Baptist Women Wednesday night.

Mr. and Mrs. Eldon Lilley went to Clovis Friday to meet their daughter, Mrs. Frankie Fitzhugh and Kim of Lordsburg, New Mexico. Mrs. Tommie Buschhoff and children of Canyon and Mrs. Lynn West and children of Dimmitt spent Saturday with them.

Ensilage harvest got underway in the community this week.

Mrs. Alice Gamblin of Sulphur Springs and Delores Waggoner shopped in Lubbock Saturday.

IT WAS A TIME TO VISIT AND RENEW OLD FRIENDSHIPS - Friday evening in Earth, as approximately 800 persons came together to eat fish, French fries and visit with old and new friends.

OUR MEN IN SERVICE

Beaufort, South Carolina, (FHTNC) August 13, Marine Cpl. Keith W. Turner, son of

Pam Nelson of Dimmitt spent Sunday night and Monday with Cammye Gamblin who is visiting her grandmother, Mrs. Eules Waggoner.

Mr. and Mrs. Darrell E. Turner of Muleshoe, is participating in the desert field exercise Alkali Canyon 73. He is a 1971 graduate of Muleshoe High School. Approximately 9,000 regular and reserve Marines are combining forces to demonstrate the Marine Corps capability as a total force during the two-week exercise at the Marine Corps base.

Cpl. Turner is serving with Marine Attack Squadron 513.

Ft. Riley, Kansas, August,

Cadet Pat L. Phillips, 20, son of Mr. and Mrs. Glenn H. Phillips, Hart, received practical work in military leadership at the Army Reserve Officers' Training Corps Advanced Summer Camp at Ft. Riley, Kansas from July 9 - July 20.

Cadet Phillips, a student at Texas A&M University in College Station, was one of some 7,200 students who attended Army ROTC training at five installations in the U.S.

The ROTC Advanced Camp provides an opportunity for cadets to develop and demonstrate leadership capabilities in a field training environment. The instruction supplements theories and concepts which cadets learned in the classroom on campus.

Local Shaklee Coordinators To Attend Convention In Hawaii

Mr. and Mrs. Norman Sulser, local sales Coordinators for Shaklee Corporation have qualified for a trip to the National Convention in Honolulu, Hawaii, August 26 to September 2.

This is the first Shaklee Convention held for Coordinators only. Coordinator is the top sales rank for a Shaklee distributor. There are also two honorary ranks of Key Coordinator and Master Coordinator. To attain the rank of Coor-

dinator, a Shaklee distributor must have beneath him at least four direct line Supervisors. The Shaklee "Partners in Progress" Convention will be held at the Hilton Hawaiian Village in Honolulu. Convention participants will depart via chartered airlines from four gateway cities on the mainland--San Francisco, Los Angeles, Chicago, and Minneapolis, arriving in Honolulu Sunday, August 26. The Convention includes sales semi-

nars, workshops, introduction of new products, and Shaklee Corporation reports on company programs and progress and future plans. Meetings of the Shaklee Corporation Board of Directors and the Master Coordinator Advisory Board will also be held. The Convention concludes on Sunday, September 2.

IN 1971, farm prices were up 1.8%, while food prices at the store increased 3.0%.

Two County 4-H'ers Eligible For State Record Book Competition

Some 146 4-H'ers put their years of experience and hard work on the line in district senior record book competition Tuesday, August 14, and when it was over, 34 winners had been selected to represent District 2 in state competition next month.

The winning books representing 30 4-H awards programs were announced by County Extension agents, Bobby Brunson and Lynn Bowerman.

The senior 4-H'ers whose record books will compete in state competition from Lamb County are Glenn Branscum of the Earth-Springlake 4-H Club. Glenn won the Public Speaking records competition. Rodney Logsdon's record book won the Texas Sheep & Wool, Angora Goats and Mohair competition. Rodney and Glenn's books will go to state for judging.

Other senior records judged from Lamb County were: Jim Fields, Sudan; Sheila Lewis, Earth; Jennifer Templeton, Earth; Brad Walden, Littlefield and Aubrey Pitts, Pleasant Valley who placed 2nd in the Santa Fe Award judging.

Junior records from Lamb County were as follows: Breads, Dawn Branscum, Earth, Blue Award; Horse, Wendy Branscum, Earth, Blue award; Beef, Rodney Smith, Olton, Blue award; Swine, Tracy Spencer, Littlefield, Blue award; Public Speaking, Tommy Graham, Earth, Blue award; Electric, Michael Graham, Earth, Blue award; Food Preservation, A Layne Slover, Earth, Blue award; Dog, Dina Hampton, Earth, Blue award; Sheep, Kelli Smith, Olton, Blue award; Foods, Cindy McDaniel, Amherst, Red award; Crops, Jamie McDaniel, Amherst, Red award; Wendy Wiseman, Sudan, Red award for Clothing and Tommy Hampton, Earth, Red award for Poultry.

The record books will compete at the state level against the best from 12 other districts of the Texas Agricultural Extension Service. 209 junior level record books also were judged. Blue, red and white ribbons were awarded.

Compiling their years of work into a binder complete with clippings, photos, and records

of achievements, the senior 4-H'ers are competing for scholarships, plaques, government bonds, a trip to the National 4-H Congress in November, and other awards.

For the young leaders of tomorrow, record book competition is the critical measurement of their achievements over the years, said the agents. Records reveal their consistency in achieving goals, their experience in 4-H projects and their growth and development in personal, community and civic responsibilities.

County 4-H Council President, Jim Fields of Sudan, Brian May of Sudan and Rodney Logsdon of Littlefield served as Jr. Teen Leaders and assisted with the judging of junior records at the District Contest.

Criswells Move To Sioux City

Mr. and Mrs. Dennis Criswell and daughters left Saturday for Sioux City, Iowa, where Mr.

Criswell will teach drama, debate and English in the Heelan Catholic High School in Sioux City.

The couple moved to Earth in 1970. Criswell taught history, government and speech in Springlake-Earth high school for the past three years.

The last comment that the Criswells made was that they felt real sad to leave here because of the many lovely friends they had made here, but asked everyone to PLEASE write them at the address below, for they would be so delighted to receive letters from "home."

Dear Sir,

I have failed to get the paper the past two weeks and it would have been nice to read of my grandson's wedding.

My subscription is not out unless, when I sent a gift subscription for the Melvin Books, which I often do in August, I sent mine and thought it would

Fred Allison On Doan's List

Fred H. Allison, son of Harold L. Allison of Star Route, Earth, has been named to the 3.5 honor list at North Texas State University in Denton for the spring semester.

Dr. Gustave Ferre, vice president for academic affairs at NTSU released the spring semester honor roll which lists 1,221 NTSU students.

Of the 14,582 students enrolled NTSU during the spring semester, approximately 231 were listed on the 4.0 (or all "A") honor roll and 990 were named to the 3.5 listing, which includes those students whose grade average was midway between an "A" and a "B"

just be extended. I see it is out in September.

I enjoy the news, as I write no one there, but I own land there. I moved there in 1929.

I especially think Polly is due compliments on her column.

I am enclosing a check for you to extend my subscription, as it will soon be out.

Yours truly,
Mrs. Hoyt Lewis
