## Deplorable Ignorance

Much discussion is given to the need for an increasing supply of talented scientists and engineers to meet the demands of this technological age. That is vitally important. But, even so, it must not be allowed to obscure the need for greater understanding of our economic system, and of education which will provide that understanding.

That point was recently made by an officer of a leading oil company. He pointed out that only 5 percent of our high school graduates have ever had a course in economics, while seven out of nine of the instructors teaching the subject have had less than a one-year course. Even worse, only one college graduate in four is even exposed to a course in economics. And, in his words, surveys show "... that about 9 out of 10 people are convinced that every corporation makes a profit in the average year, when in reality more than a third actually show a loss. Four out of ten citizens think our businesses make too much profit, yet they have no idea what those profit levels are. The median public estimate is a profit level of 20 percent on sales or about five times the 4 percent on sales which are actually earned."

All the scientific knowledge that man can devise will do little good unless there is understanding of what makes our economic system tick and of what it means in terms of freedom, not just material abundance, to all our people.

## Church Group Makes Plans For July Meet

The Littlefield Congregation of Jehovah's Witnesses, which includes the Earth group, was represented by 9 attenders at a kick-off meeting in Lubbock Saturday night in official getting their massive search for rooms off to a good start.

The campaign, noted Loyd Lowery, local presiding minister, is designed to secure rooming accommodations in Lubbock for the "Word of Truth" District

Assembly scheduled the week of July 22-25. Because of the limited time in which to obtain the rooms and the large number of private home accommodations needed, the Littlefield Congregation is assigned to share in the room hunt up until convention time.

The tremendous task of a house-to-house campaign was outlined to the Littlefield and scores of other authorized work-

## County Commissioners Meet, Discuss Civil Defense Program

Lamb County Commissioners met recently to discuss the formation of a county civil defense organization, but delayed action until a later date, according to Henry Lewis.

Lewis stated, "It is still in the talking stage. I hope that the cities in the county and the county can work out a city-county plan for Civil Defense, because I believe it will be a much better plan than a rural plan."

County Judge J. B. Davis expressed his hopes "that a unit can be formed in the very near future, but nothing will be done until the commissioners have an opportunity to meet with people from the State Civil Defense headquarters."

The Littlefield City Council

met Thursday night to discuss a city civil defense program. Bob Cox, from Austin, who is a civil defense representative, met with the group and explained the procedures and equipment needed for setting up a working civil defense program for Littlefield. Present were representatives from the fire and police departments, and other city and civic groups, as well as the commissioner court.

The county board of equalization mentioned they plan to hold an annual public hearing at 10 a. m., June 30, in the County Court Room, and stated that following the hearing, they would meet with the court to discuss any problems which might arise.

## Local People Attend Dance Recital In Dimmitt Tuesday

Several local people attended a Dance Recital in the Dimmitt High School Auditorium Tuesday night presented by the Keith Taylor Dance Workshop. The Recital, "The World of Musical Comedy," was composed by dance students from Tulla, Dimmitt, Hereford, and Hart.

Among those attending from here were Mrs. Pat McCord and Jill, Mrs. Marie McCool, Mrs. Edd Hatley, Mrs. A. C. Barton, and Mr. and Mrs. Guy Kelley.

## PARTY LINE

Mr. and Mrs. M. W. Messer, Marianne, and Doug left Friday for vacation in Midland, Houston, and Ft. Worth.

Convention at Lubbock will be the first of three held in Texas this year and is expected to draw 6,000 delegates from Texas and other nearby states.

## Earth Leads Panhandle Towns In Population Gains

"Earth is leading the population gains in Panhandle towns, with an estimated 7% over the 1960 census," according to the Sunday Amarillo Globe News.

"Earth's population increase has been from 875 in 1960 to 1,500. Building permits in 1963 were \$434,350, \$336,510 in 1964, and \$77,500 so far in 1965. Permits last year were approximately evenly divided between commercial and residential, with \$174,500 going into homes, and \$162,000 for commercial buildings. Bank deposits in April were \$2,870,000 compared to \$2,700,000 at the same time last year. A school enrollment of 1,000 represents an all time high. Building projects either recently completed or under construction include the \$150,000 Earth Methodist Church, an \$18,000 water storage tank, and several blocks of paving. Western Ammonia Co. installed a 12,000 gallon tank and built a new office building, and KMP Pump Co., which was organized here last year, manufactured 200 pumps in 1964.

"Today's dynamic High Plains economy has created a population 45% or more above the 1960 census, with bank deposits at an all-time high, and peaks in construction.

Varied economic enterprises, from farming to oil and gas, and dairying have resulted in millions of dollars annually, which circulate through all businesses.

Area towns and farms exhibit this new prosperity. Many factors are responsible, some of which are energetic and optimistic people, both town and rural, extensive development of underground water resources; improved farming practices; new agribusinesses; improved marketing methods; outside capital; a re-evaluation by townspeople of their own resources; large payrolls of sugar beet, fertilizer, and packing plants; cheaper rates on gas; great strides in gas and oil development in the Oklahoma Panhandle, and the Texas counties of Wheeler, Hemphill, Roberts, Hansford, and Ochiltree; long range planning for municipal and industrial water; normal increase in the number of family units, resulting in an all time high in construction; a continuation of the migration of farm families to town, also boosting construction, followed by the towns' benefits from the population overflow; public projects, the expansion of area colleges, and Cannon Air Force Base, Clovis, all adding up to

an all time high in construction activity and bank deposits in panhandle towns.

Hereford and Dimmitt were estimated as 45-50% population gains over 1960 census.

The North Plains, which had already had a boost from oil and gas activity, now has the added reserves of the underground water north of the Canadian River, and the new Canadian River Dam near Fritch. On the South Plains, estab-

lished irrigated areas have attracted manufacturing plants connected with the agriculture industry.

Typical are large feed lots in Dimmitt, Hereford, Bovina, Muleshoe, Littlefield, and Kress. Hereford also has the \$21.4 million Holly Sugar Beet Refinery. Clovis, N. M. has the new Swift Packing Plant.

And now the combines are rolling in the wheat harvest, which is an added symbol of the

prosperity of the High Plains of Texas.

Bobby Coker, son of Mr. and Mrs. J. J. Coker, is a patient in St. Mary's Hospital, in Lubbock, following knee surgery. His condition is reported as improving.

Sunday guests in the home of Mr. and Mrs. Irvin Anderson were Mr. and Mrs. Pat Hardy, of Dimmitt.

## New Caparol controls weeds in cotton at layby without residue problems in crops planted next spring.

You can spray new Caparol\* at layby for control of most annual broadleaf weeds and grasses, without fear of a soil residue carryover to harm crops planted in the spring of 1966. Just apply Caparol after your cotton is up six inches or more and before weeds are two inches high.

Spraying Caparol at layby will give you control until your cotton is up high enough to shade out any weeds that may germinate late in the summer. You can even apply Caparol where other herbicides have already been used and you find weeds breaking through.

Caparol is easy to handle and apply. Just direct the spray at the base of the cotton plants. You'll get quick knockdown of the young weeds and grasses. Then the action of Caparol continues to control

weeds and grasses through the roots as they germinate the next several weeks.

With Caparol on the job, you won't have weeds to compete for moisture and plant food. And you won't have rank weeds to foul up harvesting... to stain and downgrade lint.

So plan now to use Caparol at layby. It's available through your local supplier.

## KMP LAKE PUMP

ARE PRECISION ENGINEERED AND CONSTRUCTED IN THE MANUFACTURING PLANT LOCATED 1 MILE SOUTH OF EARTH, TEXAS

### SALES AND SERVICE FOR

- ★ LAKE PUMPS (ANY SPECIFICATION)
- ★ TALE WATER PUMP (ANY SPECIFICATION)
- ★ ALUMINUM PIPE ALL SIZES
- ★ COOLING JACKETS FOR YOUR IRRIGATION ENGINES
- ★ CUT-OFF SWITCHES AUTOMATIC

### THE ADVANTAGES OF OWNING A KMP LAKE PUMP ARE

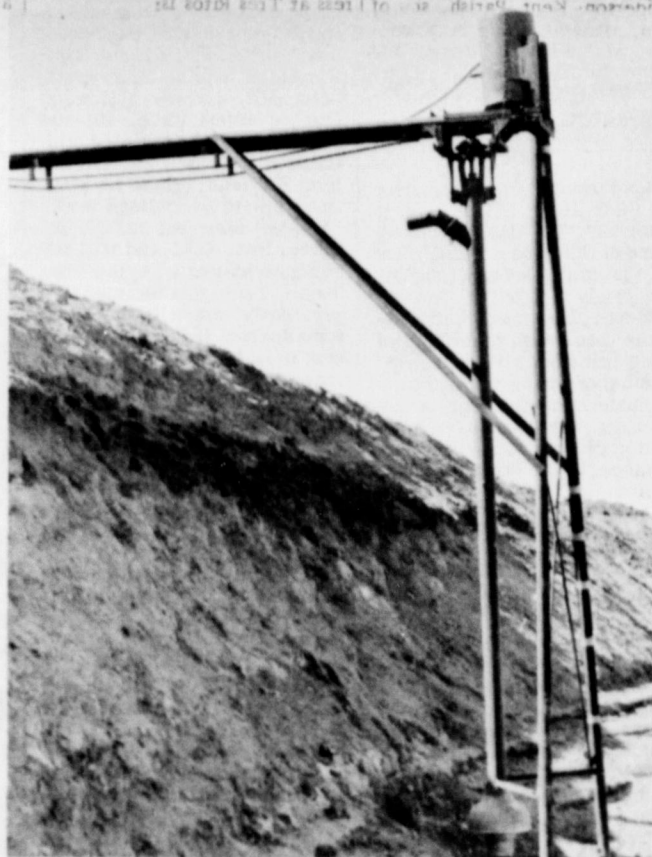

THIS 14 Ft. LAKE PUMP CAN PULL AN 8 INCH PIPE OF WATER FOR A MILE WITH NO TROUBLE AT ALL.

1 Within minutes the KMP LAKE PUMP can be transported anywhere, backed into the water, and be ready to pump. With a small irrigation engine running at about 1200 rpm, the 8 inch KMP Lake Pump delivers 1200 gallons per minute. Easy-to-change impellers, with variable motor speeds, make it possible for the KMP to pump as low as 600 gpm and as much as 1900 gpm. NO CLOGGING. The KMP LAKE PUMPS have been designed with a protected submersible impeller system that eliminates clogging by trash, water dogs, and turtles. The KMP LAKE PUMP will suck air and continue to pump water.

2 KMP LAKE PUMPS have eliminated time-consuming priming from lakewater irrigation. The impellers are located on the bottom and are rolled easily into shallow or deep water, at various angles. Start the pump motor and water is forced instantly up out of the lake into the delivery pipe. Four inch lake pumps are ideal for waste water return pits. They can be powered with a small conventional motor or if more power is needed, it can be powered like its big sister, the 8 inch KMP LAKE PUMP. Or, if desired, it can be powered with an electric motor with an automatic start and cut-off switch. The KMP 4 inch lake pump is available in two different lengths. Whichever you choose, you will be proud it's a KMP.

3 THE KMP LAKE PUMPS can run large or small sprinkler systems. They can be hooked directly to an underground faucet doing away with pits or pickup out of ditches. In three years of testing, KMP LAKE PUMPS have proved superior in every way. There's less maintenance, less time spent tending the pumping operation. An automatic cut-off, cuts off the pump and motor should the water be exhausted, or a severe obstruction stop pumpage.

4 An outstanding advancement in water conservation on the High Plains has become a reality by the development of high efficiency lake and tail water pumps. Lake and tail water has several definite advantages over underground water. Recirculated water is warmer, has water soluble fertilizer and top soil silt that will help produce top yields.

This Electric Pump sets 14 ft. above the bottom of the pit, and can carry a stream of water for at least a mile.

5 KMP Lake Pumps are precision engineered and constructed in the manufacturing plant located 1 mile south of Earth, Texas, on the Amherst Drive. Manager of the plant is Douglas Parish. President of the company is his father, Gus Parish, pioneer West Texas farmer and water conservationist. The KMP Lake Pump was invented by the older Parish because plains lake water is warmer and more nutritious to all kinds of crops---and it is available in large quantities which would otherwise evaporate, losing this area precious water resources every year. His KMP Lake Pump is designed to put lake water and tail water to ECONOMICAL USE BY CUTTING UNDESIRABLE AND COSTLY PROCESSES OF PRIMING AND CLOGGING WHICH HAVE, UNTIL THE KMP LAKE PUMP, made lake water irrigation unattractive.

### Boy Scouts Go To Camp

If no more mumps or other serious casualties develop, 37 boys will board the Troop 614 Scout Bus Sunday morning at 8:00 a.m. Their bed rolls, cots, suitcases, all Scout supplies, etc. are to be loaded Saturday at the Scout Hut about 1:00 p.m. It is very necessary that everything be loaded Saturday so that the bus can leave on time Sunday morning.

Pete O'Hair is going to pull this loaded trailer of equipment behind his camper pickup. The Scouts are very thankful to the Pete O'Hairs for this courtesy because the bus would never make it on time (if at all) with so many boys, tents, and all their gear.

Families going for at least part of the week are: Travis Jaquess, Pete O'Hairs, Frank Jacksons, Edwin O'Hairs, Jim Glasscocks, Guy F. Kelleys, and Wilson Lewis, Jr.

Boys making the trip are: Mike West, son of Mrs. Keith Jones; Vaughn Hazlett, son of Mr. and Mrs. Clarence Hazlett; Jimmy Littleton, son of J. A. Littleton, Jr.; Kelley O'Hair, son of Pete O'Hair; Johnny Kelley, son of Guy F. Kelley; Gary Jay Anderson, son of Irvin Anderson; Kent Parish, son of Oran Parish; Eddie S. Rt. Box 39  
Vadito, N.M.  
There is no phone at the camp. The nearest telephone is located at Tres Ritos Lodge, about two miles from the camp. The number is 505 JU-72254. Al- ways call person-to-person, and only in emergency.

All campers should turn in lost articles to the Trading Post and these items can be claimed by their owners there.

Check out time at the camp will be Saturday, July 3, by 10:00 a.m.

At Tres Ritos the weather will be cool, sometimes cold at night, and it rains quite often. The boys are urged to attend camp prepared with proper clothing for these conditions, and also proper bedroll and sleeping facilities.

Visitors are welcome to visit the camp at any time during the camping season. There are various picnic and camping areas just adjacent to the camp proper. Friday is set aside for special visitors night and the special Friday Night Order of the Arrow Campfire program.

Sunday dinner guests, honoring the members of the Robnett family, in the home of Mr. and Mrs. Zeff Robnett, were Mr. and Mrs. O. I. Anderson, Mr. and Mrs. Billie Robnett, Kristi, Clinton Green, Debbie, and Donna, Mr. and Mrs. Irvin Anderson and sons, Johnnie, Jerry, and Jay.

### Party Line

Mr. and Mrs. Bill Mann and family left Tuesday for Tulsa, Oklahoma, where they plan to attend a family reunion Wednesday and Thursday.

Mr. and Mrs. Archie Mitchell, of Cromwell, Oklahoma, visited recently with Mrs. J. J. Barlow. They accompanied by Billy Wayne Barlow, visited Lester Mitchell in Phoenix, Arizona last weekend.

### L. B. J. Greets Electric Co-op Youth Group

A surprise visit from President Lyndon B. Johnson on the White House lawn high-lighted a tour to Washington, D.C., for Bob Coker and Alicia Galloway of Earth, June 9.

Winners of an oratorical con- testsponsored by Bailey County Electric Cooperative, Alicia and Bob gathered in the Rose Garden of the Executive Man- sion with more than 700 rural youth from all over the nation.

"We are part of the volunteer generation," the President told the youth group referring to 90, 000 men and women of the Peace Corps serving in 46 coun- tries. "We have no war except the war on war," he said.

The audience with the Presi- dent climaxed three days of sightseeing, meetings and edu- cational activities for Alicia and Bob who returned home Monday, June 14, laden with souvenirs and mementos of the ten day Government in Action Youth Tour To Washington.

Among their souvenirs is a set of slides which they will be happy to present before any group upon request after July 9, 1965.

On the return bus trip the Texas youths toured Norris Dam in Tennessee where they learned of the development of the Tennessee Valley Authority. This stop included a cable car ride to the top of Lookout Mountain near Chattanooga.

A party honoring the 63 tour winners from Texas was held in Shreveport, Louisiana, on the eve of arrival back in Dallas, their departure point, on June 14.

Tears and promises to keep in touch marked the dispersal for home.

TWO LOCAL STUDENTS from Springlake are among the group pictured in the audience with the President, they are Bob Coker and Alicia Galloway.

## LETTERS TO THE EDITOR

Hale Center's debt of grate- tude can never be repaid. This was the conclusion of the Chamber of Commerce and Agriculture Board as they sur- veyed the list of those who came to our aid following the June 2 tornado disaster.

To the extent possible a reg- ister was maintained of the hundreds of cities, communi- ties, business concerns, orga- nizations and individuals that gave so much and worked so hard during those horrible days of havoc and ruin. By their many contributions of sharing

what they possessed, giving of their time and ability and ren- dering their many services, our burdens and sorrow and suffer- ing was made much lighter.

The Chamber of Commerce speaks for Hale Center in ex- pressing to all our friends and neighbors, wherever they may live, our most sincere and deep appreciation and thanks. In spite of the tragic and sorrowful results it is extremely reward- ing and gratifying to know that the concern of our fellowman is the spirit by which we live.

Although the list of those who helped us is numbered in the hundreds, it is by no means complete. We regret our in- ability to say a personal "thank you" to each community, or- ganization, business and indi- vidual. But may we, by this method, let you know how we the people of Hale Center ap- preciate all that has been done.

May we also express our re- grets that hundreds of you came in person, only to be turned back at points of entrance to the city. We sincerely hope you will understand the neces- sity for these pre cautions.

Through the efficient and un- tiring efforts of the Department of Public Safety, the State Highway Department, County and Local Commissions, County and Local Law Enforcement Agencies and Military organiza- tions from throughout the area, looting and other depredations within our town was held to a very minimum. For this we are deeply indebted to those orga- nizations.

## Kelley-Walden Vows Exchanged

Miss Beverly Kelley, daughter of Mrs. Leta Kelley and the late Lester Kelley, Earth, pledged double ring wedding vows with Delvin Walden, son of Mr. and Mrs. Lowell Walden, Springlake, at 8:00 p. m. Friday, June 18, in the First Baptist Church at Springlake.

Rev. Roland Swanner, uncle of the bridegroom, of Artesia, N. M., performed the ceremony before an archway of greenery, intermingled white mums, pink bows, and topped with wedding bells, flanked with white candelabras and baskets of pink and white gladioli.

Given in marriage by her mother, and escorted by Lonnie English, cousin of the bride, the bride wore a gown of cloud white taffeta and chantilly lace, fashioned with a scalloped Sabrina neckline, sprinkled with seed pearls and sequins. The long lace sleeves tapered to points on the hands. The fitted bodice was attached to a bouffant taffeta skirt enhanced by an inset panel of lace. A large butterfly bow at the

back complimented the full sweep of the chapel train. The bride's fingertip veil of illusion, cascaded from a crown of pearls. The bride carried a white Bible, topped with a bouquet of pink and white mums. For something old, the bride carried a white, linen and lace handkerchief, belonging to her great grandmother; something new was the strand of pearls from Frances Watson; something borrowed was the bridal gown, Helen Owens, cousin of the bride, gave her the blue garter for something blue and she wore a penny in her shoe, bearing the year of her birth, 1947, for good luck.

Billie Kaye Kelley, sister of the bride, was maid of honor. Pruda Kay Sanders, Vicki Clayton, and Beth Dent were bridesmaids.

The attendants wore identical dresses of pink satin brocade, with scooped necklines, un-mounted sleeves, and gored skirts. They wore matching crepe hair headpieces with pink veils. Each carried a long stem,

dark pink, rose bud. Johnny Collins, Earth, served as best man. Groomsman were: Larry Tunnell, of Earth, Kenneth Hastings, of Plainview, and Bob Sanderson, of Lubbock. Ushers were Thomas Gregory, Glen Bulls, and Lonnie English.

Randy and Freddy Kelley served as candle lighters. Kelley Balko, Hale Center, was flower girl. David Poyner, of Muleshoe, serving as ring bearer, carried the rings on a white satin pillow, a gift to the bride's mother, before the bride's birth, and handmade by Mrs. A. M. Sanders.

Vocalist for the occasion was Mrs. Cecil Slover, accompanied by Kathy Clayton, at the Piano.

Miss Janis Layman and Mrs. Bill Chaney registered the guests. The bride's mother was attired in a blue lace dress with white accessories and a pink and white mum corsage.

Mrs. Walden's dress was of blue lace with beige accessories and a pink and white mum corsage.

Following the ceremony a reception was held in the Fellowship Hall of the church.

Miss Janis Layman and Mrs. Bill Chaney served the all white, tiered wedding cake, topped with a miniature bride and groom, and the pink lime punch.

For a trip to Ruidoso, New Mexico, the bride chose a white two piece linen and lace suit, with white accessories.

The bride is a 1965 graduate of Springlake High School. The groom is also a Springlake

## Young Homemakers To Attend College, Plainview, June 28-30

Area I Young Homemakers will convene on Wayland Baptist College campus June 28 at a three day program of activities and classes. Plans are nearing completion for the homemakers college being jointly planned by Area I Young Homemaker officers and Dr. Robert Collmer, Dean of Wayland College.

Mrs. Jimmy Cummings and Mrs. Robert Boyd, Area Vice-Presidents, have secured numerous local program personnel and Wayland faculty members who will serve as resource leaders. The services of public utility home service advisors and other departments have also been secured.

Face of the entire Homemakers College will be set by Dr. Roy C. McClung, Wayland president, in his main address "Young Homemakers—the Heart of the Home," which is the theme for graduate, in the class of 1960.

Following the wedding trip the couple will be at home in Earth, where the groom is engaged in farming with his father, north of Springlake.

the three day event. Activities begin Monday, June 28, with registration at 4 p. m. when representative members arrive from the area's 40 chapters in the thirty-eight county boundary. It is estimated that over 150 Young Homemakers will attend. This will provide, at low cost, a three day session filled with education, inspiration, and recreation.

The program will include assemblies, talks, classes, exhibits, tours, and a variety of extra curricular activities.

Outstanding speakers from many businesses and professions will appear on the program, along with faculty members of the various college departments. As a student the women will have the privilege of choosing classes that meet their needs and interests. They may choose from a wide variety of subjects: foods, nutrition, clothing textiles, home furnishings, art, landscaping, health, safety, pre-school children, and topics dealing with family life.

Beth Dent was home from ACC last weekend.

## Baptist W. M. U. Studies 'Exodus'

## Dr. Nossaman Joins Western Ammonia Staff

DR. NORMAN L. NOSSAMAN

E. J. McMillan, Vice President and General Manager of Western Ammonia Corporation, Dimmitt, recently announced that Dr. Norman L. Nossaman has joined the Western Ammonia staff as an Agronomist. Graduating from Oklahoma State University with a B. S. in Soils and an M. S. in Soil Fertility, he later received a Ph.D. from Kansas State University in Manhattan.

Before joining Western Ammonia, Dr. Nossaman held a position for five years with Kansas State University in the Branch Experimental Station in Garden City, Kansas. During his employ, he supervised soil management research which dealt with rotations, soil fertility, tillage, and other cultural practices.

Western Ammonia, in their attempt to provide sound fertilizer use programs for the area, has searched throughout the country for men capable of serving area farmers and their soil needs. Dr. Bill Bennett, Chief Agronomist for Western Ammonia, will work closely with Dr. Nossaman while he becomes familiar with specific problems in the area. He will assist farmers served by Western's branch locations at Hereford, Black, Hub, Bovina, Farwell, and Clovis.

The Nossaman family, which includes his wife, Darlene, and daughters, Leslie, Cheryl, and Kayla, lives at 1204 West 6th in Friona where they attend the Friona Methodist Church. Dr. Nossaman also belongs to the American Society of Agronomy and Gamma Sigma Delta, Honorary Agricultural Fraternity.

## Area Wheat Harvest Begins

According to the Wheat Harvest Control Office, Amarillo, the Texas Wheat Harvest is practically complete in all areas except in the Panhandle and South Plains. Harvest in the South Plains area was getting well underway when stopped last week temporarily due to rain, however, very little damage has been reported.

Latest reports in the Littlefield and Muleshoe area are: Harvest is in full swing, and normal yields are being reported from irrigated acreage. Practically all dry-land acreage has been plowed under.

In the Hereford, Farwell, and Dimmitt area: Average to above average yields are expected when harvest got underway this week.

Carroll Blackwell, of the Earth Elevator expects very little, if any, wheat this year.

The Springlake Elevator has received three to four railroad cars of wheat in Springlake, and 13 to 14 cars at Sunnyside. Wheat began arriving at the two elevators June 17, and is just beginning good. The date of last year's first load was June 9th.

Wheat harvest in the area usually lasts from two to three weeks. Some fields are not dry enough.

is his aunt.

### LAZBUDDIE NEWS...

By Mrs. C.A. Watson

A fire broke out in the Jimmie Seaton wheat field late Sunday evening, caused from efforts to start a stalled pickup stuck in mud at the field. The pickup owned by Jimmie Dale Seaton was burned up in the fire as well as damages done to the combine close by. Only wheat stubble burned, wheat not cut was not harmed. Friends and neighbors as well as the Muleshoe fire department helped save the wheat. The Mimms brothers brought their tractors to the farm, cutting deep around the wheat was a great factor in saving the crop. The farm was about 4 miles west of Lazbuddie on the place Seaton had rented and was not on their home place.

Nola Ivy, hurt in the car accident at the Hub crossing Monday of last week is able to be up now. Nola was dismissed from the Friona Community Hospital Thursday of last week where she was admitted for

treatment of severe cuts and bruises. She was carried to the hospital by Claborn Ambulance of Friona. The driver of the other car, Leo Ruzika was also hospitalized at the Friona Community Hospital. Ruzika received a concussion and cuts and bruises. Ruzika was traveling north on state highway 214 and Mrs. Ivy was traveling east on state highway 86. Ruzika's car, a 1961 model Buick hit the 1961 Ford, knocking it 100 feet by the impact. The blow spun the car around where it landed in a bar ditch near the Hub intersection. Both cars were demolished. Highway Patrolman, Carl Davis of Farwell investigated. Mrs. Ivy and her husband Olen, (Short) farm in the Lazbuddie community. Leo Ruzika is manager of the West Hub Gin.

Mrs. Harold Hutcheson was here during last week visiting her brother, Theron Vaughn and family, her sisters, Mrs.

R. G. Treider and Myrtle Steinbock and her mother, Annie Vaughn. She also visited her brother-in-law, R. G. Treider, a patient in the Green Memorial Hospital in Muleshoe.

Lillace Kasier, Santa Barbara, California arrived here Sunday to be at the bedside of her father, Mr. Treider. Treider's condition is said to be about the same.

Father's Day visitors in the L. R. Hall home Sunday were Mr. and Mrs. Troy Sharrock and children from Hub, Mr. and Mrs. Gary Dale and children, Muleshoe, and Mr. and Mrs. Kenneth Hall and children, Lazbuddie.

Eddie Joe Hall and Anita Epperton, was in Ft. Worth Sunday visiting his brother, James Hall and family.

Visiting the Duane Darlings Father's Day were Mr. and Mrs. Darrell Thomason and children from Friona. Mrs. Thomason is the Darlings' daughter.

Those attending the recent Church Camp at Blue Haven, Las Vegas were Debbie Burch, Delayne Steinbock, Clay Mimms, Evenly Darling, and Christie Ivy. Carrying the group to the camp were Mrs. Fred Burch

and Mrs. Mimms. Going after the children were Mr. and Mrs. D. B. Ivy and Mr. and Mrs. Max Steinbock.

Max Steinbock was admitted to the Methodist Hospital last week for medical treatment. After undergoing several tests it was found his condition to not be as serious as first thought.

Captain and Mrs. Thomas Hodges from Altus, Oklahoma are visiting this week with their cousins, the Raymond McGehee family.

Funeral services were held Wednesday, June 16, in the Rix Chapel for B. F. McGehee, 86, of Lubbock, the father of John and Raymond McGehee of Lazbuddie. McGehee had suffered a broken hip in a fall earlier this month. Minister Cline Drake of the Church of Christ of Groden, Texas, an old family friend, officiated at the funeral. Burial was in the Rest Haven Cemetery at Lubbock. He passed away Monday, June 14. Many friends from the Lazbuddie area attended the services.

Mr. and Mrs. Leon Smith, Sr. and neice, Jan Sigman, daughter of Mr. and Mrs. Carol Sigman will spend most of the summer with the Smith family.

Lana Wagon, daughter of Mr. and Mrs. June Wagon, Muleshoe, is spending this week with her grandparents, Mr. and Mrs. J. B. Wright.

Children of Mr. and Mrs. Jack Templar and Loy Dale Clark, son of Mr. and Mrs. Wayne Clark are to be congratulated on their fine winnings in the Horse Show held at Bovina Thursday of last week. Letha Templar won first place in the senior division in "Western Pleasure." She also won second place in the senior division in Halter Class. Earnestine Templar won second place in the junior division in Halter Class. Loy Dale Clark won first in the junior division in "Western Pleasure" and second in the division in Halter class. He also won 4th place in showman class. Letha won 2nd ribbon in registered aged mare. Earnestine won 2nd in reg. gelding.

Birthdays celebrated this week go to Howard Watson, Larry Vaughn, Tracey Mimms, Jiff Mimms, Mary Ellen Bustimanite, Charlie Garza, Ruby Harris, and David Barton.

### Progress Made To Combat Insects

Ever hear of a housefly eating itself to death? Or a boll weevil starving itself to death in a cotton field? Or an ant colony killed off by enslavement? Well, researchers are making it happen! And in the process, some of Texas' most pesky insect pests at last may be brought under control.

The breakthrough against the housefly may have been achieved by the recent discovery of a feeding stimulant. A chemical element was found that attracts the female fly and causes it to remain in one spot and eat voraciously on a treated substance, regardless of its food value. Scientists are now experimenting to see if they can cause the fly to feed exclusively on non-nutritive substances and literally die of starvation by overeating the wrong foods.

Another substance has been found which repulses that scourge of the cotton farmer--the boll weevil. An extract of a plant relative of cotton, the Rose of Sharon--or Althea, appears to drastically inhibit the boll weevil's feeding habits. Research is now being concentrated on a practical method of treating cotton fields with the substance and perhaps starve the weevil out of its usual feeding quarters.

The South American Fire Ant invaded Texas in force some 10 years ago. It builds hard mounds in fields that are capable of breaking plows and the sting of the insect can kill young cattle and wild life. Now a natural enemy has been discovered which may drastically reduce the colonies.

Down in Uruguay, entomologists noticed that some fire ant mounds were beginning to disappear. By digging in, they found the fire ants had been invaded by a parasite ant which lives entirely at the expense of the host colony. Parasite ants had captured and held the queen fire ant immobilized while the fire ant workers were forced to feed and keep the invaders. Life in the colony was so disrupted by the parasite that the ant population dropped sharply, although it never entirely disappears.

Mr. and Mrs. M. E. Kelley attended the funeral of Mrs. Murline Lewis in Littlefield Monday afternoon. Others attending were: Mrs. Julia McSpadden, Mrs. Inez Ingram and daughter, Margaret.

Mr. and Mrs. John Hall and family, of Las Vegas, Nevada; Mr. and Mrs. Carl Riley and family, of Hobbs, N.M.; and Mr. and Mrs. Butch McGeath, of Amarillo have been recent guests in the McGeath home.

Mr. and Mrs. Tuffy Dent and family, Austin, are visiting in Earth.
