

# Earth Methodist Church Open House 3 P. M. Sunday

The Earth Methodist Church will have its formal opening and first service of worship in its new Sanctuary on Sunday, January 24.

The 285 membership congregation has erected an addition to their present education building, which consists of classrooms, a fellowship hall, kitchen, parlor, chapel, choir room, pastor's study and a Sanctuary which will seat 385, with an additional choir seating of 36.

The first service will be conducted by the pastor, Albert F. Lindley, with Dr. J. E. Shewbert, Plainview District Superintendent, participating in the Service of Consecration.

The service will begin at 10:45 a. m. in the old Sanctuary and

the worship service will include the processional of the congregation into the new Sanctuary just west of the present building.

The \$153,000 addition is the culmination of plans and prayers for some years and will provide a plant that will be capable of meeting the needs of the church program for some time to come.

Open House of the new structure will be held at 3:00 p. m. with the Chancel Choir, in a short service in the new Sanctuary on Sunday afternoon January 24.

This will precede the refreshments and a tour of the building for those in attendance.

Everyone is most cordially invited to the activities of this day at the Earth Methodist Church.

The beautiful Sanctuary is approximately 45 X 81 feet, and features a Cathedral Ceiling, enhanced by huge oak stained beams. The indirect lighting, bordering the ceiling, reflects a soft light. This lighting effect coupled with the eight beautiful modern drop lights, each customed with six individual globe lights, and installed with degree lighting, can give off any desired amount of light.

Fourteen stained glass windows add beauty to the new Sanctuary. A large cross is located on the brown brick wall at the front of the room, immediately behind the choir. This wall, as well as the back wall, is of brown brick. The two side walls are done in arabian beige to blend beautifully with the brick

walls, as well as the stained oak trim and oak furniture. The aisles are carpeted with bright red wool carpet. The 32 lovely oak pews are upholstered in red nylon over poly-foam.

Walls in the 17x12 ft. Pastor's Study are done in oak stained paneling. One entire side of the room is equipped with built-in bookcases. The floor is covered in marbled beige asphalt tile.

The Chapel is an exact duplicate of the beautiful Sanctuary in miniature form. It is 24'x17' and will seat 48 people. It features three stained glass windows, 12 oak pews, and red wool carpeting. The lighting system, the furniture, walls, and entire room is an exact duplicate of the Sanctuary.

The huge Fellowship Room is 24x64 ft. and features 12 broodertype drop lights. The walls are done in bone white, with white acoustical ceiling. The floor is covered with marbled beige asphalt tile. The room will be equipped with 18 large banquet size tables, and other equipment for fellowship and recreation. The room is separated from the kitchen by a folding window panel, stained in oak.

The 18x24 kitchen is arranged with oak stained cabinets, covering each of the four walls, therefore, encircling the entire room. Another cabinet is built in the center of the room, installed with 2 double sinks, and 1 single sink unit. Four large G. E. electric ovens, and 2 full

size range tops are built into the cabinets, along with a large G. E. refrigerator. These appliances are in bronze, and blend beautifully with the cabinets, as well as the white vinyl cabinet tops, flaked in gold, and the marbled bronze tile flooring. The kitchen is well planned for complete ease and working space to accommodate numerous workers.

The lovely parlor is 17x24 ft. and is done in oak stained paneling with matching Cathedral beams. A beautiful fireplace of brown brick adds beauty to the room. The lovely nylon beige carpeting adds a touch of splendor and comfort to this room. Modern silver, aluminum, drop lights add beauty and lighting comfort.

The 30x12 ft. choir room and the six class rooms, as well as the 4 bath rooms, storage rooms, and halls are all painted bone white and enhanced by marbled beige asbestos tile flooring. Each room is equipped with a thermostat, leading from one of the four separate heating and cooling units, installed in the large Church Building.

The building is equipped with two separate loud speaker address systems. One system connects the Chapel and Sanctuary together. The second one is installed in the Fellowship Hall for use at banquets, etc.

Work began on this new building on May 11, 1964 and was completed last Saturday, January 16.

Moving day for the Church is scheduled for (today) Thursday.

This new addition, coupled with the footage in the Educational Building, which was built in 1957 and houses 11 class rooms, afford a church plant totaling 15,779 square feet, thus equipped to accommodate future growth.

The present Sanctuary built in 1946 will be torn down and the space used for parking.

The first building to house the Methodist Church was built in 1933. Since that date the church has grown steadily, showing a record of building to accommodate its tremendous growth.

Seems like someone in Washington finally caught on... because they now have what is apparently the perfect solution to the problem that created some disappointment throughout the country a couple of weeks ago, when several folks received honorary invitations to the Inaugural Ceremonies in Washington... These folks seemingly got all fired up and excited about the big doings at the Nation's Capitol and White House, so excited, indeed, that they failed to stop and think of the invitations as being honorary, and for use only as a moment of this historical occasion...

This tale probably got all the way back to Washington, about folks taking these invitations to be the Real McCoy... Because now they're making real sure folks don't start planning to attend... I know... Because I just received mine Tuesday, before the Inauguration Wednesday, which wouldn't give a gal long enough to start planning her new wardrobe for the big affair... And who'd dare go to Washington these days and times in their everyday garments with that anti-poverty idea raging... Why, I would probably be sighted to receive poverty aid, before I got away from that "new society" group.

Leaving just the two of us, we now have an ideal arrangement. You do the buying and I do the selling!!

I must doubtlessly have a nose like a news hound, for at the Chamber of Commerce Banquet in Muleshoe Thursday night... And just out of a clear blue sky, so to speak, I was told what one local farmer had for dinner that day while perched atop his tractor... His initials are G. F. K. and his appetizing chow consisted of a whole can of Metrical... How's that for getting news of local people... and from Amarillo people... and at neighboring town banquets???

Open House is scheduled for Sunday at the beautiful, new, Earth Methodist Church at 3:00 P. M. ... The Pastor, Rev. Albert Lindley and members of the church are hoping everyone in the area will attend at least one of the day's events, either the 10:45 worship service or the 3:00 P. M. Open House... which ever you plan to attend, if you haven't seen inside this beautiful new Church Building, I'm sure you'll be thrilled at the beauty and comfort within... Apparently nothing has been spared in the building of this lovely new Church... and I'm sure it will fill you with pride, as it did me, that a community the size of ours can have churches like we have in Earth...

OPEN HOUSE will be observed at the Earth Methodist Church Sunday at 3:00 P. M. Everyone is invited to attend and tour the beautiful new Church Building.

### Brownd-Jordan, No. 1 In Zone 2 E. T. B. Sales

Brownd-Jordan has been selected as No. 1 in tractor sales in zone 2 of the Amarillo District. This district is composed of ten or twelve dealers west of Plainview to Clovis, north to Hereford, and south to Littlefield.

As of last week, they were winner of the Early Trader's

Bonus Sales. Meadow, Texas has led the nation in tractor sales for years.

Earl Jordan stated that a Canadian vacation has been planned for the winner who sells the most tractors from now to April 1.

### Twelve Students To Compete For All-Region Band

Twelve Springlake Band students will be among the approximate 500 students from the region to compete for the All Region Band. The try-outs will be held Thursday at 6:00 p. m. in the music hall of Texas Tech.

Students will be judged individually, to see if they can qualify for the superior All Region Band.

Those who are selected to the All Region Band will rehearse both Friday and Saturday. The band will then play for the public, Saturday at 7:30 p. m. in the Monterey High School in Lubbock.

Local band director, Dean Foshee said, "I expect about six of the twelve to qualify." He went on to explain if six of the group made it, that would be a big honor for Springlake, as they would be competing against top band students in all Class 3-AAA Schools in the Region.

Mrs. Carolyn Coker, Mrs. Wynelle Angeley, and Mrs. Rowena Cleavinger were in Lubbock Tuesday.

### Lions Club Has Program On RWD

Paul Larson, Soil Conservationist, and Truman Jones, FHA representative, both of Littlefield, brought an interesting program to the Earth Lions, as they gathered for a noon day luncheon Tuesday in the community room.

Larson was narrator as he showed a film on, "The Water Shed and Flood Prevention Project on Running Water Draw," presenting pictures of actual flood scenes in Brownwood and Plainview, taken a few years ago. He explained the idea of Soil Conservation and flood control go hand in hand. The Soil Conservationist went on to describe the flood dams were planned to catch the water and release it a little at a time, over a period of time to prevent any flooding.

He said, "field crews begin surveying the Draw Monday and were at present working near Friona."

These dams, he said would be erected at the expense of the

### Lamb County Civil Defense Program Adopted

The Civil Defense Program for Lamb County was adopted by members of the Commissioners Court of Lamb County when the group gathered for a called meeting Tuesday, January 19 in the County Courthouse.

Henry Lewis stated that the County Judge, who will serve as County Defence Coordinator, will appoint fourteen representatives. These representatives will be from each of the communities in the county, to work with the County Judge in the Civil Defence Program. Lewis remarked that each city can take part in the program individually, or can secure Civil Defence equipment through the County.

Judging will be by Ewell Limer, Hale County Agent. Sifting will be by Calvin Horn, Vocational Agriculture teacher, Olton.

An active sales committee, with L. K. Anderson as chairman, is diligently working to promote the Show. Committee members are Price Hamilton, Bob Waide, Billy Braden, J. W. Dear, Eddie Hayden, and Roger Haberer. They are contacting each and every business establishment in Earth, Springlake, and surrounding areas. The sales committee is anticipating the prices which the animals will bring to be the following.

Barrows and hogs-70 lb.  
Steers-500 lb. (or above)  
Lambs-\$1.00 lb.

The persons contacted may make donations or indicate which animal they would like to purchase, or delegate some member of the Junior Livestock Show to purchase the animal for them.

At the present time, several have bid on the livestock, and some donations have been made.

Plaques and trophies will be awarded to the buyers of the Grand Champions and Reserve Grand Champions.

The Board of Directors are: President, John Bridges, Vice-president, Ed Jones, Secretary-treasurer, Ed Dawson, Members, Norman Hinchliffe, James Sanderson, Orville Cleavinger, Jearl James, Bud Matlock, and Kenneth Hinson, General Superintendent, John Bridges, Beef Calf Superintendents, Kenneth Hinson, Jearl James, Roger Haberer, and Ed Jones, Lamb Division Superintendents, Orville Cleavinger, Robert Bridges, and Bud Matlock, Swine Division Superintendents, Norman Hinchliffe, J. D. Phipps, Dale Montgomery, and Carl Sanderson, Auctioneers, Mike Dent, Doug Lewis, and L. D. Henderson, Judge, Ollie Limer, Clerk, Perry Martin, Sale Committee Chairman, L. K. Anderson.

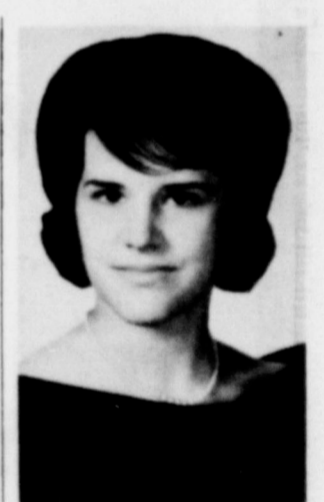

January 22 and January 23 are new red-letter days to remember! Let's go "all out" to support our young people, and attend the Junior Fat Stock Show at the Show Barn in Earth.

### Marilyn Coker Named Betty Crocker Homemaker of Tomorrow

Marilyn Coker has been named Springlake's 1965 Betty Crocker Homemaker of Tomorrow. She scored highest in a written home-making examination taken by senior girls December 1, and is now eligible for state and national honors.

Test papers of all school Homemakers of Tomorrow in the state are currently being judged. The state's highest-ranking girl will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search for the American Homemaker of Tomorrow, with the state runner-up to be awarded a \$500 educational grant. In addition, the school of the State Homemaker of Tomorrow will receive a complete set of the Encyclopedia Britannica from Encyclopaedia Britannica, Inc.

Later this spring, the State Homemaker of Tomorrow, together with a school advisor, will join first-place winners and advisors from each of the 50 other states and the District of Columbia in a tour of Colonial Williamsburg, Va., Washington, D. C., and New York City. Cl-

max of the week-long tour will be the naming of the Betty Crocker All-American Homemaker of Tomorrow. To be chosen on the basis of original test score and personal observation and interviews during the tour, she will receive an increase in her scholarship to \$5,000. Second-third and fourth-place winners in the nation will have their grants raised to \$4,000, \$3,000 and \$2,000, respectively.

The Betty Crocker Search for the American Homemaker of Tomorrow was initiated by General Mills in 1954 to emphasize the importance of homemaking as a career. Including this year's record enrollment of more than half a million senior girls in more than 14,000 high schools, the total number of participants during the program's 11-year history stands at four million. Scholarship grants exceed \$1 million.

Mr. and Mrs. Earl Walker visited Mrs. Maggie James, Mrs. Walker's mother, at the Knight's Rest Home in Littlefield Monday afternoon.

Mrs. Harley Hurt returned Tuesday night from a business trip and a visit with Mrs. R. D. Pruitt at Plano, Texas.

Mr. and Mrs. C. C. Goodwin and children, and Mrs. Gladys Goodwin visited in Brownfield Sunday with Mrs. W. G. Swain.

REV. ALBERT LINDLEY, moved into his new surroundings in the Pastor's Study of the new Earth Methodist Church Tuesday.

## Jordan-Starkey Exchange Vows In Childress Methodist Church

Miss Mary Charlotte Jordan, daughter of Mr. and Mrs. C. T. Jordan of Lubbock and formerly of Earth and Springlake, became the bride of Michael James Starkey, son of Mr. and Mrs. John A. Starkey of Childress, at 7 o'clock the evening of January 1 in the First Methodist Church.

C. T. Jordan, father of the bride and pastor of the Becton First Baptist Church, performed the double ring ceremony assisted by Dr. Burgin Watkins, pastor of the Childress Church. The vows were read before candle-light arrangements reflected around the central arch that was covered with emerald and accented with standard candelabra of spiral votive cups entwined with palm.

The candelabras were lit by Larry Underwood of Glinier and Randy Ray of Fort Worth, cousins of the bride.

While the couple knelt on a white satin prie dieu Miss Judy Wilson sang, "The Wedding Prayer."

Mrs. L. B. Johnson, organist, and Miss Wilson, soloist, presented a program of traditional wedding selections.

The bride, given in marriage by her father, was wearing a formal length gown of imported hand-clipped French chantilly lace featuring a scalloped sabrina neckline accented with pearls and sequins, long petal pointed sleeves, a fitted bodice, and a full bouffant scalloped edge skirt that extended into a full chapel train. Her only jewelry was a single strand of pearls, a gift of the bridegroom. Her veil of imported illusion fell from a Swedish crown of lace and pearls, flowing to misty tiers beyond her finger tips. She carried a white Bible topped by the bridal bouquet of a white orchid with lilly of the valley garland.

The old-new tradition was observed in a handkerchief that was an heirloom of the groom's great, great grandmother and a sixpence in her shoe. Her veil was borrowed.

Matron of honor was Mrs. Earl Nelson Forsythe Jr. of Dallas, cousin of the bride. Bridesmaids were Mrs. James L. Patillo of Lubbock, Mrs. Larry Harris of Canyon, Miss Celia Farha of Elk City, Oklahoma, Miss Joy Marie Schaefer of Childress and Miss Patricia K. Compton of Childress, cousin of the bride. The attendants wore identical dresses of imported satin peau de soie in royal blue. They carried flora of mums and French-camellias made into nosegays.

Flower girls were Lisa Butler

and Debbie Blackwell, of Childress. Their dresses were of white dacron organza with headbands in royal blue satin to match bridesmaids dresses. Lisa and Debbie were joined with Will Low of Wichita Falls, cousin of the groom, in distributing rice bags to the guests.

Phillip Lionel Pettus of Winters was best man. Ushers were Alan Ray Hamilton and John Benjamin Johnson, of Childress. Groomsmen were James Coin Self and James Orville Hamm, of Childress, Larry Alan Harris of Canyon, Howard L. Mosley of Amarillo and Robert C. Martin Jr. of Pampa.

Mrs. Jordan, mother of the bride, wore a mauve colored French imported lace dress with designs in lace and outlined with a small cord. She wore a lighter pink hat complemented with matching accessories. Mrs. Starkey, mother of the groom, wore a champagne color lace two-piece semi-fitted suit dress with satin trim. She wore an almond green maline hat complemented with matching champagne accessories. Both mothers wore corsages of green cymbidiums.

A reception was held in fellowship hall of the church immediately following the ceremony.

The bride's table was covered with a white net cloth trimmed with a border of white satin. Crystal appointments completed the setting. The centerpiece was of white carnations holding touches of the selected color, royal blue. The three-tiered cake held a miniature wedding pair on the top tier. Mrs. Jimmy Evans of Denton poured the punch and Mrs. Dan Green of Childress served the cake.

Following a brief wedding trip to Oklahoma City the couple has established residence in Weatherford, Oklahoma. The bridegroom is a pharmacy student at Southwestern State College in Weatherford. The bride was employed by Southwestern Bell Telephone Co. in Lubbock. Both Mr. and Mrs. Starkey are 1962 graduates of Childress High School.

### NOTICE

A baby shower for Gregg William Cummings, infant son of Mr. and Mrs. Howard Cummings, Jr., and grandson of Mr. and Mrs. Howard Cummings, Sr., will be honored at a shower in the home of Mrs. Rex Jenkins (El Paso Plant) at 7:00 p. m. Friday January 22. You may leave gifts at Rutherford's and Earth Dry Goods.

MRS. MICHAEL STARKEY (formerly Charlotte Jordan)

### PTA Scholarship Program Expanded

Ten scholarships will be offered in 1965 by the Texas Congress of Parents and Teachers in its program of summer study for career teachers. Mrs. W. J. Danforth of Fort Worth, state president, has announced.

The recipient of each scholarship will receive a grant of \$400 for study next summer in a college or university of the teacher's own choice. Mrs. Danforth said. Recipients will agree to take a minimum of six semester hours in departments which can contribute to the improvement of proficiency in their teaching fields; they also will agree either to teach in Texas the following year or to return the amount of the scholarship.

Last year eight \$400 summer scholarships were offered by the Texas Congress of PTA to career teachers; there were 487 applicants. The growth of the Congress's endowment fund made it possible for the Board of Managers to increase to ten the number of scholarships offered in 1965. Mrs. Danforth said. She added that the Board's action was in response to the

overwhelming evidence of need" for the program.

"It is our hope that teachers, administrators, and school boards of Texas will recognize this program for what it is--the putting into action of our hope for real cooperation and support by the PTA for children in our Texas schools," the state president added.

All Texas career teachers are eligible for the summer scholarships except previous recipients of the scholarships and close relatives of the PTA Board of Managers, the office staff, and the Board of Trustees of the Endowment Fund. Teachers interested in applying for scholarships should obtain applications by writing prior to February 15 to the Scholarship Committee, Texas Congress of Parents and Teachers, P. O. Box 3665, Austin 78704. Completed applications must be submitted by March 1.

Each application may be accompanied by letters of endorsement from the teacher's immediate supervisors but the cover letter must be signed by the superintendent of schools.

### Mrs. Zou Wilson Honored With Luncheon Monday

The lovely home of Mrs. Phillip Haberer was the scene of a birthday luncheon honoring her mother, Mrs. Zou Wilson Monday.

The serving table was laid with a beautiful fern green linen cloth, edged in ecru lace, centered with a fruit arrangement of matching color.

Baked ham, salads, pie, cake, and coffee were served to the honored guest, Mrs. Wilson, and the following friends, Mrs. Bonnie Green, Elsie Hawkins, Madell Simmons, Ona Pearl Murrell, Marie Ross, Almer Barton, Bessie Cearley, Ona Higgins, Zada Anglin, Myrtle Clayton, Rene Littleton, Eula Kelley, Ollie Bell Jones, Bonnie Haberer, Lena Hite, Nellie Barton, and the hostess, Mrs. Phillip Haberer.

Mrs. Wilson received many lovely gifts. Those unable to attend and sent gifts were Mrs. Helen Kelley, and Mrs. Dora Terry.

### Shower Honors Miss Rush

Miss Marilyn Rush of Levelland, bride-elect of Don Johnson, was the honoree at a miscellaneous shower given Thursday evening in the home of Mrs. Houston Stephens.

Other hostesses were Mmes; L. M. Blanton, Perry Martin, Hershel Parterson, M. R. Phillips, Fred Clayton, C. L. Houchin, Bill Beasley, Gullen Hay, Harvey Evans, Chubby Dent, Bob Usery, Robert O'Hair, R. O. Dickson, V. J. Sigman, Truman Stine, Henry Lewis, Johnny K. Martin, Bill Mann, Elvis Clayton, Virgil Lewis, and W. C. Maxcy.

The serving table was decorated with the honoree's colors of pink, white, and silver. An arrangement of white roses and white candles centered a tall milk glass compote, draped with white wedding bells, filled with pink satin ribbon and pink miniature flowers. A miniature bride stood on pink and silver satin ribbons leading from the arrangement.

White individual cake squares and hot spiced tea was served to approximately thirty guests.

Miss Leanna Montgomery of Levelland registered the guests. Miss Rush and Johnson will marry at 7:00 p. m. Friday, January 22 at the Cactus Drive Church of Christ in Levelland. Everyone is invited to attend the wedding and reception at the Carle Inn.

GIRL SCOUT BROWNIES, Troop #308 are seen with their leaders, Mrs. Carol Smith and Mrs. Nina Messer, as City Marshal, Clarence Hazlett took the girls on a tour of the jail, and explained good citizenship to them.

### Methodist WSG-WSSC Meet Monday to Continue Study

The Wesleyan Service Guild and the Women's Society of the Earth Methodist Church met in a joint group Monday night in the church parlor.

Mrs. Peggy Lindley was in charge of the program. The new study, "The Church's Mission Among New Nations" was continued, and a film was shown to coincide with the study. An informative discussion followed.

A short business meeting followed, and refreshments were served to twenty-six who attended.

TO OUR DEAR FRIENDS

Our day has finally arrived for moving into our new facilities and for having our first worship service in the new Sanctuary.

I felt that you would certainly be interested in this service and might possibly like to attend.

There have been so many who have helped to lay the groundwork for the position that we have now reached and so many who are interested in our progress here that we feel that this is a goal that we have all attained.

The date is Sunday, January 24, and the service will begin at 10:45 A. M. in the old Sanctuary. Remember, that is the OLD Sanctuary. Moving to the new Sanctuary will be a part of the Morning Worship Service.

Open House will be held at 3:00 P. M. on Sunday, January 24, and will consist of a small service in the Sanctuary with the Chancel Choir bringing the special music at that time. This will be followed by refreshments in the Fellowship Hall and time for looking over the building.

We are proud of our new building and we realize that there have been many who have helped us in so many ways.

We are concerned that this not be just "stained glass and cushioned pew" but that it may ever serve as a meeting place from which God may be served.

Join us if you can, on this very special day. Our Church School begins at 9:45 and the Morning Worship Service at 10:45. The Open House will be at 3:00 P. M.

We hope to see you then.

Sincerely,

*Albert F. Lindley*

## Local Man Receives An "Unusual" Birthday Gift

It's not everyone who can boast of receiving those unusual gifts, on an otherwise ordinary birthday. However on his recent 61st birthday, Pete Parish, local land owner and progressive farmer, received the most unusual gift of them all.

No, it definitely was not mink lined underwear!!! Nor was it a solid gold toothbrush!!! Nothing so commercial as that, it was a teeny-tiny baby dress, worn by Pete himself, in those long ago days when he was only a wee, 2 1/2 pounder with a twin brother, Clyde, who was a mite larger, weighing a total sum of 2 3/4 pounds.

The tiny little white dress measured 6 inches in length, 5 inches in width, and had a neckline of 2 inches in diameter. No doll dress is actually considered to be much smaller, and though Pete cannot be rightly described as a doll now, and perhaps was no doll then, he can definitely be described as a real "small fry" in his early

days.

He said the folks tell him that in those early days, they could place a silver dollar on his nose and it would cover his entire face, leaving no part of his eyes or mouth in sight.

Pete is shown above showing the measurement of the little dress, given him on his birthday by his twin brother, Clyde, who had somehow through the years, managed to gather together and keep a few pieces of their small garments.

## Proper Timing of Irrigation, Fertilizer Level Gives Higher Yield

Many farmers over the irrigated belt of Texas have been watering their crops for years. James Valliant, Water Engineer for the High Plains Research Foundation, reports there is a large difference in the returns due to the way a farmer irrigates his crops.

Valliant's research has proved that time of irrigation on the crops grown in this area is more important than just putting on water. Due to the physiological growth of plants, there are times when the water is more beneficial than at other times. Proper timing of irrigation in balance with the correct fertilizer level appears to be one of the answers to maintaining high yields on less water and with added income.

James states that high yields alone might not make the most money. With his research at the High Plains Research Foundation James is working toward the most economical return per dollar invested. With this in mind, Valliant's research is geared toward developing the highest practical irrigation efficiency in the production of crops.

Irrigation methods developed by the Foundation are based on the stage of growth of the crop and its water requirement at that stage. This along with the proper fertilizer balance will give the farmer the highest net return per dollar invested.

In a recent study at the Foundation, Valliant found three irrigations, including pre-plant, along with the proper fertilizer, gave the highest return in net dollars with grain sorghum. Plots with addi-irrigations had higher yields, but lower net returns.

The Foundation's irrigation research program under Valliant has been extended to cover all of the principal crops grown in Texas. With each of the different crops timing of the irrigation water has made the difference of profit or loss.

"If we as farmers wish to maintain earnings in Lamb County in the year, after deduction for taxes, amounted to \$38,061,000, as against the previous year's \$36,615,000.

It was equivalent to an average of \$5,492 in disposable income per household.

Just how long business throughout the country will stay at the present level, how much better it will get, if any, and what promise 1965 holds forth, are matters of current speculation.

Most economists feel that the next six months, at least, will be good ones.

## Lamb Has Good Year Economically

The annual fiscal-year survey conducted by the Standard, Rate and Data Service gives comparable figures for every section of the county for the 12 months ending June 30, 1964.

They showed retail stores in Lamb County chalked up sales in the amount of \$34,674,000 which topped the previous year's \$33,811,000.

How large a volume this was is indicated by the fact that it represented .0137 percent of the nation's retail business, whereas, on the basis of local population, its quota was only .0122 percent of the national.

Solid gains were registered by most retail lines. Those selling automotive equipment set the pace, as they had done the year before.

Home appliances were also in the forefront. Electric clocks, automatic coffee makers and can openers, air conditioners, washing machines and other household conveniences were among the big sellers.

The increase in business activity is attributed chiefly to the steady rise in personal income, bolstered to an extent by the cut in taxes, and to the fact that the consumer was in a buying mood.

The report shows that net

## Lazbuddie News...

By Mrs. C. A. Watson

The Lazbuddie First Baptist Church had a special service Sunday they called "Men's Day." A special choir was organized of men singers. After the welcome and announcements, men giving special songs or readings were: The Boys Ranch and "What The Church Means To Me." The Men's choir sang, "Living for Christ In Public" was then given by Fred Wilbanks. What it means to be a Baptist, was given by Joe Moore and "What it Means to be a Christian" was given by Euel Mitchell.

Dale Blackstone, Lazbuddie, was elected vice-chairman for the Parmer County 4-H Council for 1965 at a recent meeting at the Hub community building. He was also elected as delegate for the district 4-H meeting for this year. Council membership consists of the president and council delegates from each of the 4-H Clubs in Parmer County. The date for the next Council 4-H meeting will be April 10th at 10:00 a. m.

at the Hub community building. Congratulations to Mr. and Mrs. Pete Jesko on the birth of a son, on Sunday, January 10. The baby was born in the Clovis Memorial hospital and has been named Frank Joseph. The little boy weighed 9lbs. and 10oz. Grandparents are Mr. and Mrs. Frank Musil, Stamford, and Mr. and Mrs. Joe Jesko, Lazbuddie. Lazbuddie will soon have another new building in its vicinity. The new building will be the Red Barn Chemicals, managed by Bill Dennis.

Mr. and Mrs. Tim Littlejohn and Joymie, Minneapolis; Mr. and Mrs. Buddie Letcher and two sons, Tucumcari; Mr. and Mrs. Edgar Bryd and children, Clovis; and Mr. and Mrs. Willie Strong of Muleshoe, visited Sunday with Mr. and Mrs. T. L. Byrd, Mrs. Littlejohn and Mrs. Letcher are daughters of the T. L. Byrd's and Edgar Bryd is their son. Mrs. Strong is Mr. Byrd's sister.

Mrs. Ira Wimberley is in the

Dimmitt hospital, recuperating after having major surgery last week at the hospital.

Dan Bridges suffered a broken toe Friday of last week while participating in Physical Education. He was treated at the Green Memorial Hospital in Muleshoe and released.

Mrs. E. C. Echols has returned to Lazbuddie after several days treatment in an Andrews Hospital for the flu. The Echols were visiting at Andrews when Mrs. Echols became ill. Mr. Echols is a teacher at Lazbuddie.

Word has been received that Mrs. W. S. (Lena) Menefee likes her new home real well. Mrs. Menefee has recently moved from her home place here to Kings Mana Home at Hereford.

Karla Mae Littlefield, from Hub spent Thursday and Friday nights of last week with her grand parents, Mr. and Mrs. Frank Hunt.

## Silt Study Conducted By Water District

The High Plains Water District initiated a study on silt losses in irrigation water during 1964. In areas where irrigation tail water has escaped in county bar ditches, large amounts of silt have been observed collecting in the ditches. Farmers were aware that valuable top soil was being lost but no one could estimate how much. Losses of silt not only cost the farmer many dollars in valuable land, but also pose a great problem for the county in maintaining roads and ditches.

Field representative of the District realized the need for accurate records that would reflect the losses of silt by allowing it to escape and immediately initiated a water sampling program at one of their tail water return systems. Samples of water were collected as they entered the pit and as the water was being discharged back into the field from the recirculating system. The illustrated table shows one group of samples obtained and the silt content.

Using the average pounds of silt per acre foot of water as a basis and by metering the amount of actual pumpage over the four hour period, it was discovered that one half an acre foot of water was recirculated. The amount of silt that entered the installation was 992 pounds and 1946 pounds was removed. The difference of 954 pounds of silt reflects that this amount was already present in the installation but was removed during the pumping cycle.

Based on this initial test, an average of 4.3 tons of silt was recirculated with each acre foot of water. Using this amount for the entire 192 acre feet of water salvaged by the system this year, approximately 567 tons of silt were recirculated with the water. This 567 tons of silt would be approximately 378 cubic yards of top soil recirculating the "tail water."

As they entered the pit and as the water was being discharged back into the field from the recirculating system. The illustrated table shows one group of samples obtained and the silt content.

If the farmer had cleaned out the bar ditch and hauled the soil back to his farm, it would have cost him at least fifty cents per yard to haul and spread it. Total cost for this would have been \$184.00.

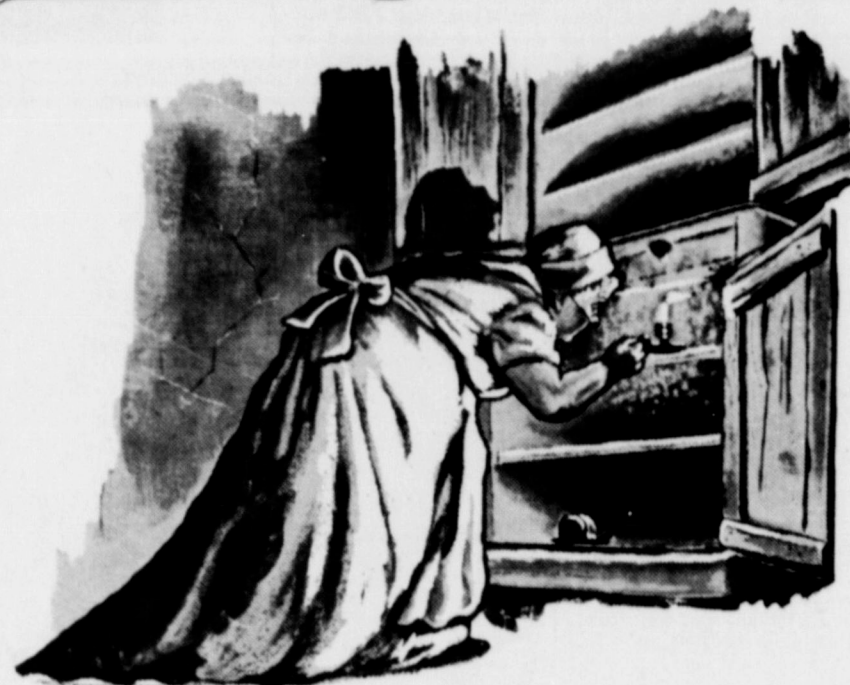

The soil was replaced on the farm through the use of tail waters so actually you could say that the top soil was replaced at no cost to the farmer. Personnel of the Water District realize that silt will always be a problem where water runs over soil. It can be visualized though that by using return systems to pump water and silt, farmers can apply two conservation practices for the price of one.

District personnel will continue this study during 1965 and anticipate greater amounts of top soil being returned to farmers rather than losing it in the county bar ditch.

Mrs. J. C. Blackwell and Donna spent Friday in Whitharral.

Mr. and Mrs. Jack Brown, Hale Center, visited in the Gene Brown home Wednesday.

## Local Residents Attend Muleshoe C. of C. Banquet

The 15th annual Muleshoe Chamber of Commerce banquet was held Thursday night. Troy H. Clem, Bailey County farmer, was named Soil Conservation Farmer of the year.

More than 350 persons attended, among whom were the following from Earth: Mr. and Mrs. Ross Middleton, Dutch Beem, and L. K. Anderson.

It was also announced by Roy Davis, manager of Muleshoe Chamber of Commerce, that Muleshoe's "Monument to a Mule, Ole Pete" would be unveiled July 3 in Muleshoe.

The featured speaker was W. H. (Bill) Collins, Midland editor. He challenged Muleshoe residents to make their city "a can-do city in 1965," and to make opportunity an asset.

New officers and directors were installed, with Dr. Charles Lewis, as president. Delegations from area cities were introduced.

Musical entertainment was furnished by the Fine Arts Department of Muleshoe High School, directed by Leal Richardson. Selections from "The Music Man" which the Muleshoe High School group will present later this month, were given.

Dr. Lewis, incoming president, remarked that a bright future is predicted for the Muleshoe Chamber of Commerce, which has grown from 14 members, when it was organized fifteen years ago, to the present membership of 240 members.

## New Credit Service, Aid For Low Income Rural Folks

A new credit service to help low-income families in rural areas raise their incomes is now available in Texas, according to State Director, L. J. Cappleman, Farmers Home Administration.

Cappleman said today the new service opens up Farmers Home Administration credit aid for the first time to many low-income rural families who previously were unable to obtain either public or private loans to improve their earnings.

All County offices in Texas, Cappleman said, are accepting applications for loans up to \$2,500 to finance farming enterprises, small family businesses, trades and services. Rural cooperatives serving low-income families and providing services and facilities not otherwise available may also be eligible for credit under the program.

Borrowers will be provided continuing management aid to help them make a success of their farming enterprises or new businesses.

Farmers Home Administration, a U. S. Department of Agriculture agency, will administer the new loan service under recently delegated authority from

the Office of Economic Opportunity.

Liberalized loan terms and conditions for participating low income families allow for an interest rate of 4-1/8 percent. To be eligible for the new rural credit program, an applicant must live in a rural area, have an income that does not cover basic family necessities, be unable to obtain credit from other sources, including the regular loan program of the Farmers Home Administration, and show a reasonable promise of succeeding in the enterprise to be financed by the loan.

A cooperative, to be eligible, must be primarily composed of and serve low-income rural families and be unable to obtain credit from other sources.

About 3.5 million families in rural areas across the country, including 500,000 farm families are unable to obtain credit to develop income-increasing enterprises. The new credit program is budgeted at \$35,000,000 for the current fiscal year.

In addition to the new credit service, the Farmers Home Administration serves all rural counties in Texas with loans to finance farm operations, buy and enlarge farms, construct

# Varsity Teams Score Double Wins Over Sudan and Silverton

Traveling to Sudan Friday night, the Wolverines of Springlake High raised their district record to 3-0 at the expense of the hapless hornets by a lopsided 73 to 45 victory.

There was no question from the opening minutes of play as to the outcome as Rocky Cain and Ken Dawson found the range, ripping in two pointers with apparent ease. Ably assisted by Thomas Gregory and Pete Glascock, the score after the first eight minutes was 25 for Springlake and 5 for Sudan.

The tempo was slowed somewhat during the remaining three quarters as the Wolverines paced themselves, seemingly relaxed and content. Still out-scoring the hornets in each stanza, action proved somewhat dull, as Springlake proved to be the easy masters of the situation.

Cain, with 20 points, was the high for the evening, followed by Gregory with 14, Dawson and Jerry Don Sanders hit for 11 points each, while Glascock had 10.

**FEMME'S TAKE SUDAN IN HARD FOUGHT GAME**

The femme's contest was right the opposite, as the lasses from Springlake had to fight all the way to maintain their perfect district record. Facing a young, fired-up Sudan sextet, the victors were hard-pressed from start to finish, with the lead changing hands several times, and only a one point lead for the Sudan lasses at halftime.

The third and fourth quarters saw no change, as both teams found the range, and not until the final quarter, when two Sudan guards fouled out, did Springlake manage a 58 to 51 victory, the margin coming in the last two minutes of play.

The tally book was not available at this writing, but superb floor play was turned in by Britton, Dent, and O'Hair on the forward end, with Helen Phillips playing one of her best defensive games of the year.

**WOLVERINES WIN 65-40 IN EASY BATTLE OVER SILVERTON**

In Tuesday night's action on the home floor, both the lads and lasses kept their perfect district record at the expense of the visiting Silverton Owls.

The Wolverines found the sledging a might rough in the opening quarter as Silverton managed to stay within four points of the host team. When the whistle sounded, ending the first period, it was 11 for Springlake and 7 for Silverton.

The second stanza solved any questions, however, as the host

team hit for 15, allowing only 7 more for the Owls, creating a 26 to 14 halftime score.

Springlake found the sledging easier with each quarter, maintaining constant pressure on the Owls, pulling farther away with each minute of play. Out-scoring Silverton in each period, the final margin of victory was 65 for Springlake and 40 for Silverton, with Rocky Cain scoring the nets for 28 points.

**FEMMES WIN OVER OWLS, NOW IN FIRST PLACE**

With three favorite home lasses scorching the nets, the host femmes were never in trouble, easily defeating the visiting Owlettes, 63 to 54.

Paced by Susan Britton's 28 points, the host femmes led from beginning to end, with a 21 to 10 lead at the close of the first quarter. This was the complete story the remainder of the

evening, with the Wolverettes leading 38 to 22 at halftime, and 53 to 36 going into the final stanza.

Britton's 28 point out-put was capably aided by Beth Dent's 18 point spree, and Anita O'Hair's 17 point tally.

The home town round ballers now have a 4-0 district record. The femmes are in undisputed first place, but the boys are tied with arch-rival Farwell, both teams hosting identical records.

Friday night's action may well tell the tale, as Springlake hosts Farwell in a game that may well decide the district championship. Naturally, it is too early to tell, but regardless of the outcome, the game between the Steers and the Wolverines promises to be one of

the better games on the Plains that night.

Farwell, with a fast-moving, sharp shooting, quintet, will provide plenty of action for the local fans. Springlake, paced by Cain and Gregory, promises to give Farwell all they want in a game local fans won't want to miss.

Game time for Friday night's action will begin at 7:00 p. m. with the local femmes hosting the winless Farwell Steerettes, to be followed by the talked about game in district 3-A.

Come see the action!

SUSAN BRITTON is shown as she makes a snappy throw into the basket, racking up another two points for Springlake Tuesday night. Susan was top scorer in the femme's game, racking up 28 points.

## Bill Clayton Introduces Resolution

A House Concurrent Resolution petitioning Congress to retain the Right-to-Work section of the Taft-Hartley Act will be introduced in the Texas Legislature under the sponsorship of Rep. Bill Clayton of Springlake.

E. Clay Lafield of Austin, executive director of the Taxpayers Educational Association, Inc. said he expected the resolution would have strong support, and expressed the hope that Texas would lead the fight to impress upon Congressmen the importance of continuing the authority with states of having Right-to-Work laws on their books.

Texas is one of 20 states with Right-to-Work laws. Lafield said his organization planned to encourage the introduction of similar resolutions in legislatures of all other states.

Repeal of Section 14 (B) of the Taft-Hartley Act, the Right-to-Work section, has the endorsement and active support of the AFL-CIO, and is listed as its major legislative objective, Lafield said.

"This is contrary to the best interests of every Texan, and every American, who believes in the inherent right of every person to work and bargain freely with his employer, and who believes that no person should be denied employment because of membership or non-membership in a labor union," he said.

Lafield said his organization was not a labor-baiter, or anti-union, "but we do believe every person should be given a choice of belonging or not belonging to a labor union."

He predicted that if Congress repeals Section 14 (B) of the Taft-Hartley Act, the next step will be for the labor unions to ask the courts to nullify state Right-to-Work laws on the grounds that they infringe upon Federal jurisdiction. This, he said, will place state Right-to-Work laws in jeopardy.

"The Right-to-Work law in Texas, and in other states, has served as the single greatest stimulant to economic growth since World War II, resulting in a prosperity unprecedented in history," he said.

Passage of the resolution in Texas and other state legislatures, Lafield said, was one of his organization's main 1965 objectives. Other objectives, he said, were the passage of a resolution by state legislatures calling for a Constitutional amendment relative to a balanced Federal budget; defeat of medical care for the aged, financed by Social Security, and continuation of the oil depletion allowance.

ger, Mr. and Mrs. Bill Anderson, and Mrs. Cecil Slover, sponsors of the Pep Club.

Gifts were presented to the football captains, John Patterson, Danny Byers, and Thomas Gregory.

Danny Byers presented Beverly Kelley, Football Queen, with a gift.

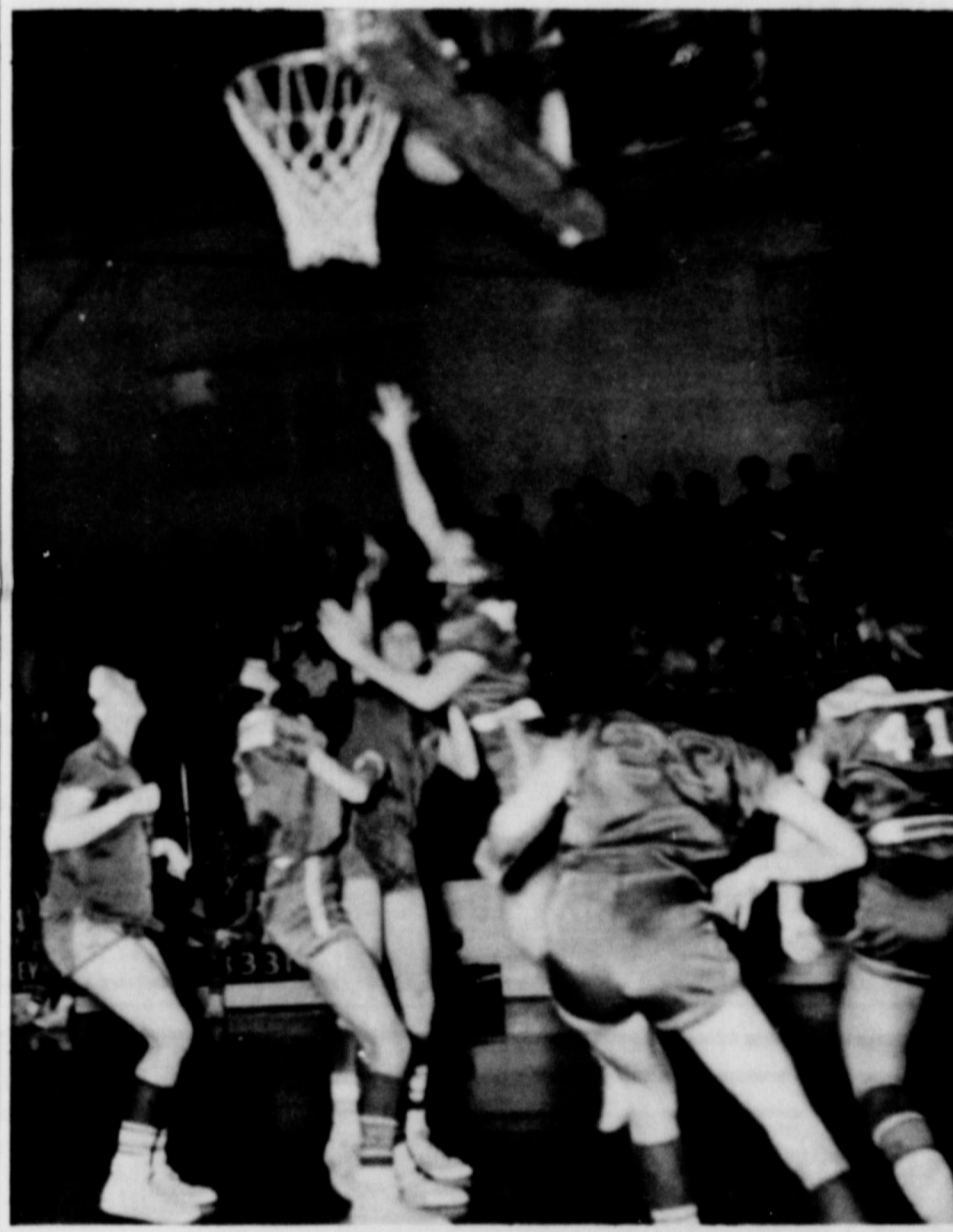

Reggie Upchurch, President of the Pep Club, presided throughout the program. A delicious steak dinner was served by the lunch-room personnel.

Alice Jacques led the school song, accompanied by Kathie Clayton.

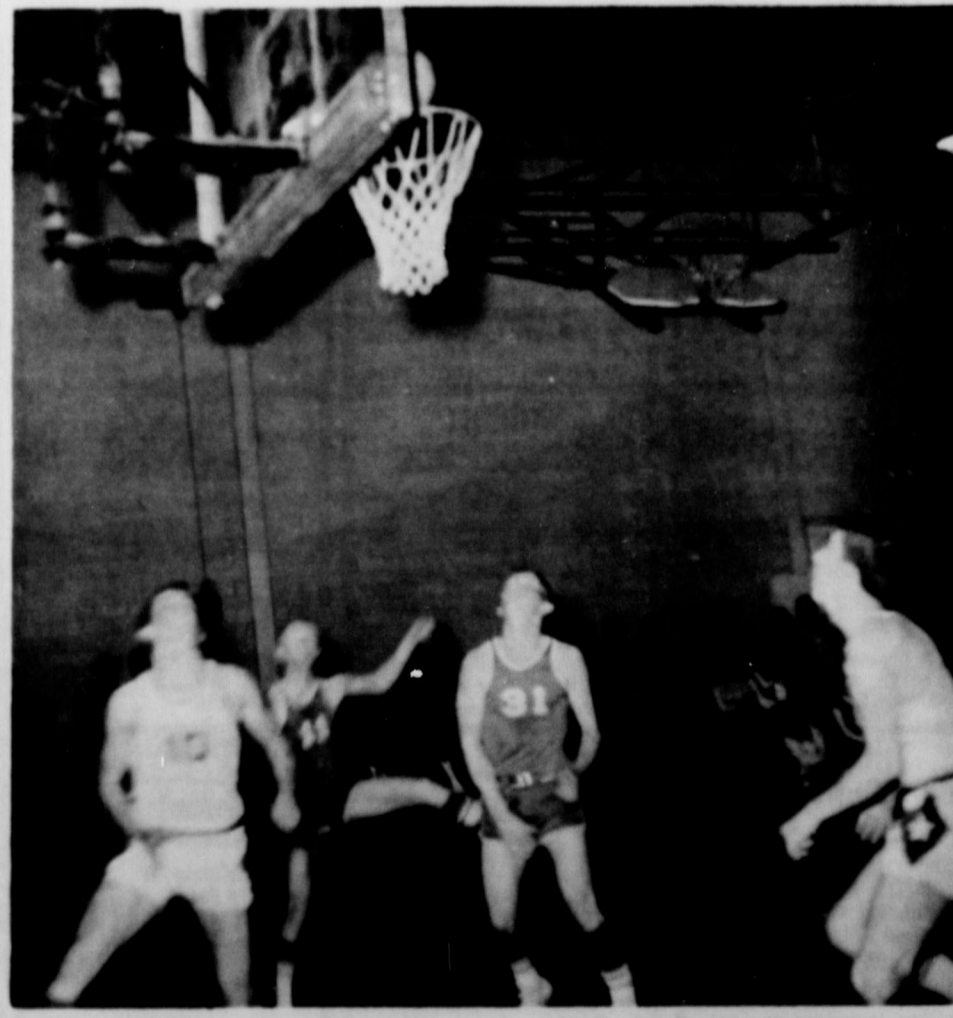

Approximately 150 attended.

THOMAS GREGORY LEAPS HIGH in the air as he baskets the ball for another two points, as Springlake takes the Owls 65-40 Tuesday night. Jerry Don Sanders is shown standing by, just in case.

THE WOLVERETTES FORWARDS, Beth Dent, Anita O'Hair, and Susan Britton are working for another couple of points, winning over the Silverton Owlettes Tuesday night on their home court, 63-54.

WHAT GOES UP, MUST COME DOWN, and waiting for the rebound is Springlake's Pete Glascock and Doug Messer, in the game Tuesday night with the Silverton Owls.

## Pep Club Banquet Held Saturday

The Pep Club Banquet was held Saturday night, January 16, in the Springlake Cafeteria.

The theme of the annual affair was "Wolverine Stars." Football colors of green and gold were used in decorations; football balloons were hung from the ceiling; and football helmets were featured as centerpieces.

Pep Club girls honored the football boys, the coaches, and the Springlake High School Faculty.

B. B. Lees, head football coach of EXMU, Portales, was the speaker of the evening. Jack Frost, Minister of Music, of the Trinity Baptist Church, Lubbock was accompanied by Mrs. Mary McCutcheon, Lubbock, as they entertained the guests with his talents as a harmonist and ventriloquist.

Coach Jodie Mahan introduced the football boys, and commended them for their awards and achievements.

Danny Byers presented gifts to the coaches, Danny Smith, Jodie Mahan, and Earl McKinley. Vicki Clayton presented gifts to Mr. and Mrs. D. H. Koenig-

## Lubbock Fourth Annual Indoor Meet January 31

The fourth annual Indoor Track Meet will be held in Lubbock on January 30, at 8:00 p. m. in the Municipal Coliseum.

Edd Haley has tickets for sale, most of which will be on the east side of the track, also some for general admission. For tickets call Haley after 4:00 p. m. at 257-3548.

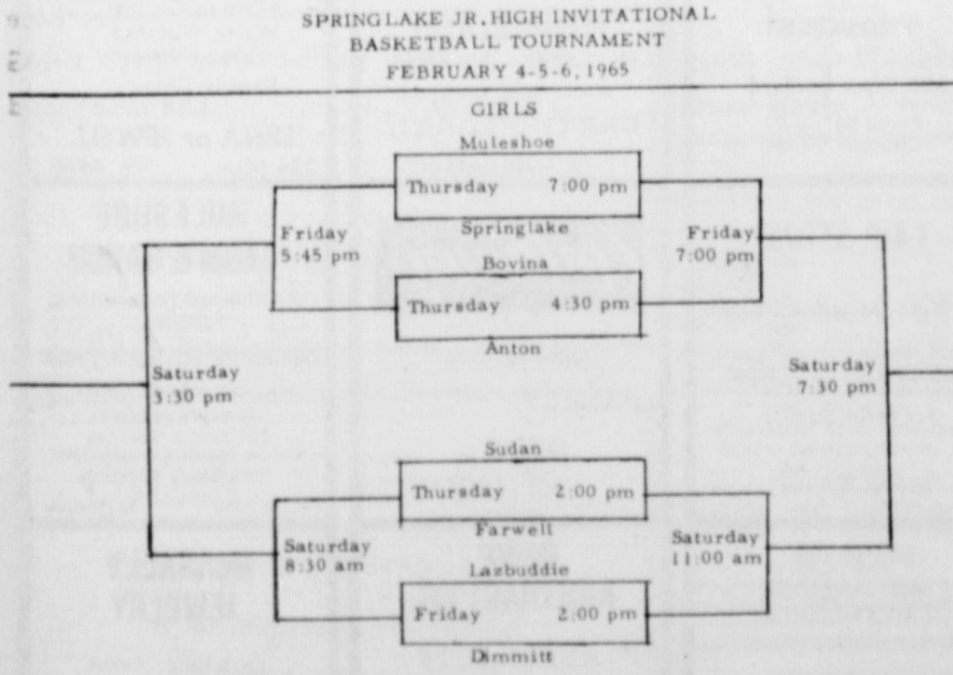

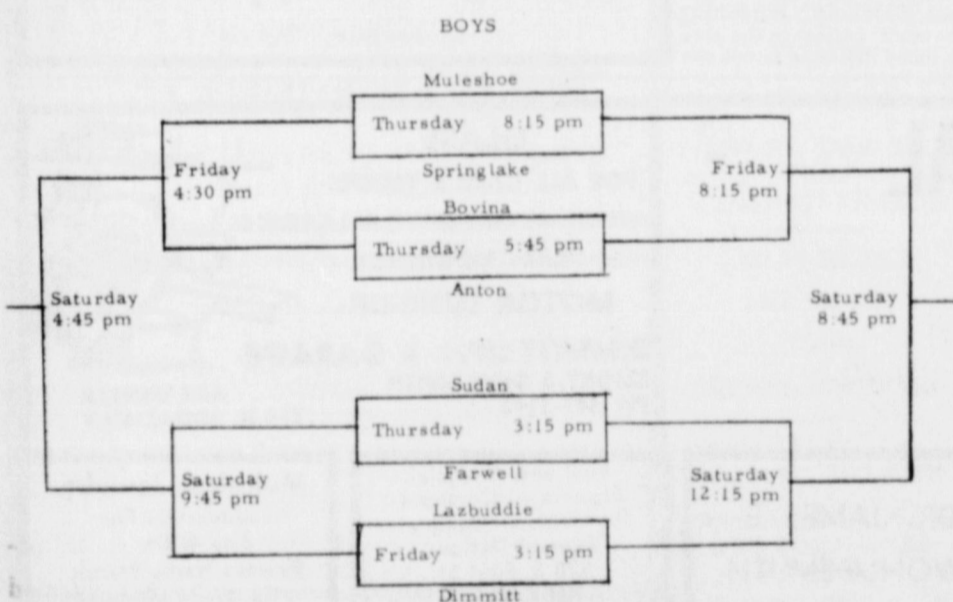

Thirteen Universities will enter, nine of which are members of the SWC and Big Eight. Schools represented in Lubbock will be ACC, Baylor, Oklahoma State, Rice, SMU, Texas A&M, TCU, Houston, New Mexico, Oklahoma, Texas, and Texas Tech in the University division. In the college bracket will be Arlington State, Howard Payne, McMurry, Sul Ross, and Way-

land.

In the Junior College mile relay, Howard County, Lubbock Christian, and South Plains will compete, and two local girl's relay teams will run against each other in a two-lap exhibition.

"This has been one of the most successful indoor meets in the country," Oliver Jackson, former track coach whose ACC teams have competed in all past indoor meets here, said.

"You have the three best two-mile relay teams the Southwest has ever had running here, and there are a lot of good people here, so there's no reason why it shouldn't be a top attraction," he also told the LA&A at their meeting, Monday night.

The annual Springlake Junior High Basketball tournament begins February 4 and ends February 6. A tournament bracket is in this edition of the Earth News-Sun, and fans are invited to study the bracket for a listing

of the time and dates of each game.

A ticket sale will get underway very shortly, and each ticket will be 25¢ per session. There is to be a total of five sessions during the tournament.

In the event, a ticket is not purchased, admission charge at the door will be 50¢.

All fans are urged and invited to attend this annual tournament.

duties November 1. Bedenbender replaces James Barr who resigned to become Farm Bureau service agent for Dallam and Hartley counties. The new field man was born March 31, 1928, in Panama and attended public schools there. He studied animal and dairy husbandry and agricultural education at Texas Tech and finished with a degree in agricultural education. Bedenbender served four years in the Air Force, part of that time in Korea. Prior to being called into service, he had worked as a ranch foreman. He was employed as a sales representative for the Gulf Oil Company out of San Antonio for three years and was a distributor of Gulf Products at Uvalde for more than five years prior to joining the TFB staff. As a field representative, Bedenbender will serve as a liaison between the state and county organizations. He will be working with Farm Bureaus in 20 counties, including Lamb.

### Bedenbender Area TFB Field Rep

Jerry Bedenbender formerly of Uvalde has been employed as Texas Farm Bureau field representative for 20 counties, including Lamb County, on the South Plains, according to Wayne Little of Waco, TFB organization director. He began his

LEWIS (LARRYMORE) WALKER, famed dance instructor and dance painter, will be in Earth Monday to discuss plans for dancing lessons with interested people. Larrymore is shown holding a picture he painted with his toes.

### Noted Dancing Artist Coming To Earth

"I'm just flabbergasted at the sight of Earth," was the opening sentence of the famed dancer, Lewis Larrymore Walker, who found his way to Earth for the first time Monday afternoon. After being in the Lubbock vicinity for many, many years, he added, "Gee, I've heard tales on the progress of Earth, but never ever did I think it looked so prosperous until today. Larrymore, a well-known dance instructor, artist, and founder of the Larrymore Dance Studio in Lubbock, was in Earth to make arrangements to begin classes for dance lessons and social grace instruction especially for teen-agers. Enrollment for these classes will be held from 2 to 5 p.m. Monday at the Community room, at which time Larrymore, as he is professionally known, will be happy to talk to persons of all ages who are interested in taking any type of dance lessons or social grace. Born in Childress, Larrymore finished high school in Lubbock and attended Tech. He opened a dance studio there about 35 years ago and at one time had a chain of dance studios in West Texas and New Mexico. Not only is Larrymore well-known in this area, he has also made a name for himself throughout the country by his many unusual and sometimes unbelievable, things he accomplishes. In the spring of 1962, this slender man, about five feet, eight inches tall, dipped his foot in the Pacific Ocean at Topaga Canyon, just north of Los Angeles, Calif., and began a dance across the United States that as yet he has not completed. He has danced over 1600 miles of this 3,000 mile adventure and plans to some day complete it, taking up where he left off in Kansas. While dancing down the highway he adapts his dance steps to the music he received over a transistor radio. He prefers long, gliding waltz steps or some running fox trots to give him speed. He averages about three miles per hour. On various occasions sound trucks have accompanied him. On his fifty-fourth birthday, rather than taking a 50-mile hike, as was prevalent, he danced 54 miles down Highway 54, beginning at Texhoma, going through the Panhandle of Oklahoma and into Kansas. Not only does Larrymore dance along the highway, but he has recently developed a unique way of painting pictures with his feet while dancing. He dances on canvas and, in colors and black and white, interprets the music to which he is dancing at the time. By combining three art forms—art, dancing, and music—Larrymore produces unusual abstracts. Because of this extraordinary talent, he appeared on the night show of "To Tell The Truth." He was also on the "Steve Allen Show" and "Monitor."

### Taylor's Return From Furniture Buying Spree

Mr. and Mrs. C. O. Taylor, of Taylor Furniture returned last week from Dallas, where they attended the Winter Home Furnishings Market and Show. They spent three days purchasing new merchandise, which will begin arriving this week. Mrs. Taylor said, "We simply couldn't afford to miss this great show, as approximately two million sq. feet of furniture and accessories in the latest styles and in fine quality name brand merchandise were on display, allowing dealers a tremendously large selection to choose from. The Dallas market is attended by Furniture dealers from all parts of the United States and offers an opportunity for them to purchase the latest styles and review the present decorating trends. Although the recent introductions of Danish Modern, Italian Provincial, Mediterranean, and the Contemporaries are shown in quantity, the Taylors found that the Early American, French Provincial styles still represent the largest percentage of sales in the Southwest. By visiting with other dealers in the area they found the same trends ex-

### Livestock Futures Marketing Meeting Held

A Livestock Futures Marketing Adult Farmer meeting was held Monday night in the Springlake School Cafeteria, with twenty-two adults attending. Dr. Willard Williams of the Ag. Economics Department, Texas Tech, a specialist in livestock marketing, explained how the Cattle Futures Livestock Market operates, as well as its effect on livestock producers and feeders. He also discussed the future cattle outlook for the next three years. The program was interesting and beneficial to those who attended in helping them understand the stabilizing effect which Futures prices have on the cattle industry.

Mr. and Mrs. Don Atkinson, of Bayfield, Colo., and family spent the weekend in the home of Mr. and Mrs. J. A. Littleton.

Mr. and Mrs. M. B. Baldwin are in Dallas this week, where they are attending the annual Baptist Evangelism Conference.

Early American, leading the field, is being offered in all price ranges to suit the needs of every budget. Subtle changes are taking place in the design as they become more reproductive of elegant antiques. More care is given to details in wood finishes, upholstery, scale of size and quality, which is, by the way, a specialty of Taylor Furniture.

Federal Government. Other dams to be erected for recreational purposes or as a municipal water system would have to be financed by cities or individuals wishing to participate in the program.

Larson stated, "Clovis, Friona, Dimmitt, Earth, and perhaps one in Hale County, were already planning Recreational Dams in this area. He said the Government would build the food dams, and that there were no definite places, as yet, or number of dams, but his guess was that they would build 2 in Farmer County, 2 in Castro, 1 in Lamb County, and perhaps 2 in Hale County.

Truman Jones followed Larson with a description of how the FIA could issue loans in the event corporations were seeking to secure such loans. He said they were permitted to make loans payable up to 50 years in amounts up to \$5,000,000 five million dollars. Following the program, the group voted to challenge Springlake Lions at a basketball game, with proceeds going to the "Crippled Children's Home." The date will be disclosed later. Eight Lions volunteered to play ball.

Mr. and Mrs. Richard Stockstill and children spent Sunday in Hereford. Shirley Walker visited Mr. and Mrs. J. B. Griffith in Plainview Friday. On Sunday they all spent the day with Mr. and Mrs. Earl Walker.

### Sunnyside News...

by Tenny Bowden

Mrs. J. D. Cox passed away in the University Hospital in Lubbock Saturday morning. She has lived in the south part of the community since 1933. All her children except one son who is ill was with her sometime during the week. Mr. and Mrs. L. B. Bowden and Mr. and Mrs. Weldon Bradley sit with the body in Littlefield Saturday night. Mr. and Mrs. Ezell Sadler and Mr. and Mrs. Roy Phelan, and Mrs. Earl Phelan were there Sunday night. Funeral services were at Sunnyside Monday.

A Training Union Study Course was conducted at the church this week with an average attendance of 56. Fifty four attended Monday night, 57 Tuesday night, 57 Wednesday night, 58 Thursday night, and 57 Friday night. Rev. A. R. Stewart of Springlake taught the adult book, Mrs. L. B. Bowden, the Young People, Mrs. M. D. Durham, the Intermediates, Troy Blackburn, the Juniors, Mrs. Tex Conard, Primary and Beginner, and Mrs. Ezell Sadler, Nursery. ## FRIGIDAIRE GOLDEN ANNIVERSARY SALE NOW IN PROGRESS

Salesman Darrell Turner, and owner, Harvey Bass, are looking forward to showing you the advantages of owning Frigidaire Appliances.

Top freezers, top values, top performance!

Enough Ice Cubes for 40 Tall Glasses! Storage bin of Flip-Quick Ice Ejector holds 80 cubes—keeps them as separate as a handful of diamonds! Quick-freezing ice trays hold 40 more, ready to pop out instantly! You'll never find spinach in your ice cubes either, because the ice trays in the 102-lb. top freezer rest in their own covered compartment. Advanced Frost-Proof system means no defrosting—ever.
