WASHINGTON, D. C. JAN. 18 — Representative George Mahon reports from Washington that the Department of Agriculture has rejected his request and the request of West Texas farmers for a government loan on wasty cotton. The loan was requested to ease the heavy losses sustained by cotton farmers over a wide area.

Mahon said, "Immediately upon my arrival in Washington in late December I joined West Texas farmers in appealing to the Department of Agriculture to grant a loan on wasty cotton. Several congressmen here joined me, but we were flatly turned down. On January 15, while Frank Moore of Plainview and R. G. Peeler of Hereford, were in Washington, I arranged for a hearing before the House Agriculture Committee with Agriculture officials in which Moore, Peeler, Congressman Poage and I again urged a loan on wasty cotton. We realize that the date is late, but feel that even now such a loan would be somewhat helpful. Agriculture officials again rejected our request."

Mahon also advised that he had recently received complaints from farmers over the zone classing system followed by the Lubbock office in classing the 1957 crop. He has requested a report from the Lubbock cotton classing and has asked officials of the Department of Agriculture in Washington to confer with West Texas farm groups and work out a solution to the problem. Mahon said that he was not yet fully advised of all the facts but has requested an immediate investigation of the situation by the Department of Agriculture in Washington.

January 31 is the deadline for voters to pay their poll tax in preparation for a year of numerous state, county and local elections.

The poll tax is the key to the use of the ballot box.

Officially, the poll tax sales begin in October. But nobody pays too much attention.

However, after the first of the year, organized drives get under way. In a deadline-month appeal to induce citizens to protect their right to vote by payment of the poll tax.

But a good percentage of potential voters ignore it all. Many, jolted at the last minute, flood into courthouses after knocking off work Jan. 31. Penalty for the putter-offers is usually a long wait in line.

Many more never get there at all. Texas Almanac reports that in past non-presidential election years less than half the potential voters paid poll taxes or secured exemptions.

Poll tax costs \$1.75 and usually may be secured at several different places in every community. No charge for 21-year-olds getting their first vote and those 60 years and over, but an exemption certificate must be obtained. (Persons living outside cities of 10,000 or more may vote on affidavit without an exemption certificate.)

Mr. and Mrs. Golden Green returned Sunday from a trip to Chihuahua, Mexico and the Big Bend Country in Southwest Texas.

They entered two steers in the show. The winning animal, Shorty, weighed 1150 lbs.

YOU ARE IMPORTANT

(A distinguished Texas judge offers pointers on combating our fast-increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

Many more individuals are needed for work with young people. You can volunteer to serve in one of the numerous organizations crying for help on every hand—the Scouts, the YW and YM, club activities for boys and girls.

Does your town have a community center where teenagers can hold meetings and play games? It takes work to establish such a center, but it doesn't need to be elaborate. Sometimes a very simple one is the best, but somebody has to sponsor it.

**You Are Needed**  
We should also remember that after a community center is established, your help will be needed. It doesn't just run itself, of course. Ideas and volunteer help are a MUST.

There is need likewise for constructive activities for boys and girls in the churches. Get together a group of young people. They will have ideas about what they want to do, but they need your suggestions as well as your assistance.

**Gathering at Home**  
Make your home a center for young people. Have a barbecue party in the back yard; start a song fest around the piano in the living room—or sing without a piano. Teen-agers enjoy home more than we imagine—if there is something to do.
